EMMAGEAR

"This place cleaned up really nice."
"You've been here before?" Jessica asked, looking at the surrounding area. "I'm guessing Briana was way smaller if this place is still intact at all."
"Yeah... It was a while ago." I said, thinking back to that time.

"I'm guessing she made a mess?"
"She did."
"Anything especially interesting?"
"I think she... sat on a building, or something?"
"Oh so she must have been, like, the size I am now?"

Now that's a crazy thought. Pieces were beginning to come back to me. Was this the night that Briana suggested...? A flood of memories rushed past me. I almost hadn't recognized it since it was night when we were last here... but this is where we had that date! That date after...

Briana had... Well, I guess there's no reason to mince words. She'd killed another giantess. One of Lamoureux's servants who were awfully keen on threatening the two of us. For a while I was deathly afraid of that woman showing up whenever I so much as closed my eyes to go to sleep, but Briana?
She didn't even care.

Back then, Briana was a fraction of the size she stands now. When she was so small that her feet couldn't even fill a city street. Now that we're here again a specific thing she said last time we were here has come back to my mind. Something that stuck with me for weeks afterward. I'd tried brushing it off as a joke or unserious remark, but the more time I've spent with her the more I've wondered how much truth there actually is to it.

It's not like she was a reasonable size then, either. Tiny compared to now, sure, but most people would consider 300 feet to be a bit excessive. Especially when she cared so little for her surroundings. Those feet may have been able to fit on the street, but that just meant anyone using them would fall prey to those boots she used to wear all the time.
Not that she seemed to care. There were always people willing to clean her off after a tromp through the city. If all the mess would just go down the drain, then what is there to even complain about?

"You doing okay down there, Ryan?"
"Y-Yeah!" I called up to her.
"Really?" She asked, stopping in place. "So if I just started bouncing my titties up and down and you would have no problem hanging on?"

"I don't think that's a fair question!" I called up to her, clinging tighter to the nipple ring just in case. "But hanging on isn't what I'm concerned about!"
"What could possibly be worrying you?" She laughed, before resuming her walk.

THOOM

Her heavy tread crashed through another segment of the crowds below. A couple cars were turned to sheets of metal and broken glass, and a number of people fleeing for their lives were thrown from their feet from the impact.

"Sometimes you think too much." Briana said matter-of-factly, swinging her other leg forward without a care in the world.

"I-I don't think you spend enough time thinking, actually!" I told her. "You shouldn't just go picking fights with people, Briana! Especially not when they're... You know. Bigger-"
"Not for much longer." She said, lips curling up into a smile. "Is that what's got you so worked up? Relax, Ryan! I'll be twice her size before you know it! The problem will sort itself out."

I wanted to ask how she planned on doing that. I know that her growth doesn't seem to be stopping... but putting enough faith in that continuing to get yourself embroiled in some dangerous conflicts seemed like- No. It WAS a stupid idea! She just didn't care!
...But the more I waited, the less she seemed interested in continuing the conversation. That was as much thought as she'd given it, I suppose.

Instead her focus had returned to the handful of women she'd procured earlier. I knew what was coming, and even if I'd grown used to it, it still felt like a bit of a waste. Though maybe that was because Briana went out of her way to intentionally choose the prettiest girls she could find, just to tease me.

"See anyone you recognize?" She teased, waving the fistful of bodies around in front of me. It was a rhetorical question that she obviously didn't expect an answer to, but sometimes I wondered if anyone I'd known had met their untimely fate inside of her.
Probably better not to think about that.

Even if they didn't wind up inside her they could have ended up underneath her feet, or some other part of her. She paid even less mind to where she walked than anyone. Besides, at her size the only reliable way of making sure she got to eat at all was to go for people. It was definitely a bit immoral, but it's not like it was possible to sustainably farm enough for her otherwise.

"Is that a no?" She asked, eyeing up her prize more closely. The shrill screams of the women only intensified as they were moved closer to her face, and I knew what she was waiting for.
"I think so!" I called up to her. "One of them looked familiar... I wanna say, Norma?"
"I knew it." Briana grinned. "Well, Norma... I hope you enjoyed your last time seeing Ryan!"

I didn't know any of them, of course. But if the extra satisfaction from thinking I did satisfied Briana, what did it hurt to lean into it? They were going to end up inside of her regardless of what I said.
The screams rose even higher, as the handful of women were now directly above Briana's open mouth. I'm sure they could feel her hot breath all over them for a moment before...

She let them go.
Just like that, another half-dozen women had been sent to their deaths. They shrieked in unison when the fingers parted, tumbling over one another as they tried to find something to hold onto. But unless one of them learned to fly, there wasn't anywhere to go but down.

The bodies slapped onto Briana's tongue one after another, accompanied by a low moaning that shook the ring I was hanging onto. She seemed to be enjoying herself, and I could only watch as she stuck her tongue out from her mouth to lick up a woman who'd narrowly missed the opening and was sitting clinging to Briana's chin.

Briana moaned. Even from this distance the sound was immense, but there wasn't anything I could do but watch as she tilted her head back. Her lips turned up into a smile... and she swallowed.
From my vantage point the sound was ominous, and accompanied by a small bulge as they traveled down the length of her neck. She held that position for several seconds after, before lazily turning her head back down.

"So much for Marie, right?" She smiled.

"Who-? OH! Right. Yeah... I'm going to miss her." I said, happy that she seemed satisfied with what she'd done. She looked around the nearby buildings for a moment before her eyes settled onto a nearby rooftop.

"Oh my gosh! Ryan! Isn't that the fancy restaurant you said you'd take me to some day?"

I had to twist in place to get a better look at it... but she was right. "Yeah," I called up to her, "But I think you might be a bit too big for it now."

"There's no such thing!" Briana laughed, walking closer. "The customer is always right, you know?"
"That's not-" I said, but stopped. What would I even accomplish by arguing? I just clung more tightly to that ring as she stepped forward, shredding the street beneath her even more as she moved closer.

The people on that rooftop who I'm sure were hoping to have a peaceful night could only look up at Briana as she drew nearer, until only her thighs dominated their view. A couple made a run for it, but the majority of them only looked up in place, seemingly hoping that they would be able to appease her.
"Briana!" I shouted up. "Maybe don't interrupt these people and their nice meal?"

"I'm just making their night more memorable!" She proclaimed, moving herself so her ass hung directly over the rooftop.
At this point it was obvious what was going to happen, and the people on that rooftop who were still hoping for some kind of peaceful way out of this situation made a run for it.

"You guys will have a seat for me and my cute little boyfriend, right?" Briana proclaimed, and dropped her gigantic ass onto the rooftop.
The screams beneath her rose even higher. Cursing and fighting was mixed in as they all made a mad dash for the doors...

Before Briana sat, and they were all silenced in an instant.
Glass broke, wood splintered, and the only remaining screams were from the people far below on street-level. The air up here was eerily quiet, save for the obvious sounds of enjoyment that came from Briana exercising the privilege her immense size granted her.
"See?" She called out. "I can still fit just fine!"
鉄道模型

"You proved me wrong." I said, before my world was jerked violently when her hand cupped her massive tit.
"How long has it been since we had a real, proper date night?" She asked, jiggling the tit around so I bounced wildly. "It's nice, isn't it? It's just missing one thing..."
"What's that?" I asked, more to humor her than anything else.
"I wish I was bigger, you know?"

"Bigger?" I asked. "I guess being big enough that Lamoureux wouldn't be a threat anymore is good."
"Not just that big!" She laughed. "Like, a hundred times bigger than that, you know?"
"A-A hundred times? You really want to be... THAT big?"
"Is there something wrong with that?" She wondered. "Oh... I get it. Relax, Ryan. I wouldn't be that small for long, you know. I want to be way, way bigger than that eventually."

"H-How big?"
"I don't know." She mused. "How big is the US?"
"O-Oh." I said, trying to imagine how unbelievably huge that would be. "That's pretty-"
"And then eventually outgrowing the entire planet!" She added, as if that were a completely normal thing to say. "I want to keep growing and growing until... well, maybe until my nipple is as big as the planet. I think that'd be a good size."

Was she joking? There's not a lot to indicate she's going to stop growing anytime soon, but... that was still-
My train of thought was cut off when the building beneath Briana groaned. The top floor collapsed in on itself in the blink of an eye, and sprayed debris in every direction as she suddenly bounced in place.

Briana didn't seem to think this was a problem. She took the opportunity to reposition herself atop the crushed roof, and make herself comfortable. But the tortured building didn't appreciate all that movement from something so heavy, and a half-dozen floors collapsed in the blink of an eye, nearly throwing her onto her back.

For Briana, a fall like that was only a minor inconvenience though. A dozen buildings pancaked flat under her, and her biggest concern was wiping away some of the dust that had accumulated all over her skirt and skin.
"Aw... that didn't last as long as I'd hoped." She sighed, shaking her head in disappointment.

"Briana!" I called out to her, the last thing she said still burning in my mind. "If you get that big you might... you might hurt me!"
She only turned her head to the side, looking straight at me. "Obviously you would grow too, Ryan." She laughed. "That's such a silly thing to worry about! I would make sure nothing happened to you!"

At the time it seemed like a silly pipe dream she had. And one that was probably impossible, given the reality up to that point. But now... It seemed all too possible.

Since then, I've grown a bit myself. And Briana showed no signs of slowing down. Still, bigger than the planet? That was such an absurd idea it had to be a joke, right? Right? Sometimes I-
"RYAN!"
The suddenness of Jessica's voice jolted me out of my memory, and it took a moment to gather my bearings. "You alright?" She asked. "You were spacing out for a second there."

"I'm fine!" I called up. "But, uh... isn't Briana getting a little close?"
"Relax." Jessica said with a heady roll of her eyes. "She wouldn't step on us on purpose."

"That's the point!" I shouted. "I don't think she can even see us past her tits and the clouds!"
"Don't be silly." Jessica said, turning her head up. "BRIANA! YOU CAN SEE US, RIGHT?" In lieu of a response the monolithic Briana takes a slow, plodding step forward. I knew that she would never hurt me on purpose... but she can certainly do that accidentally!

"Briana!"
There was no response. Instead her right foot swung forward. Easily big enough to crush all 3 of us, she seemed to be paying no mind whatsoever to anything unfortunate enough to find its way beneath her. The innumerable amount of property damage and casualties that followed every one of her steps were just a normal thing to expect now.

"BRIANA!" Jessica tried once again, to no avail.
"Shit. I think you're right."
A gust of wind whipped past all of us as her foot swung over a portion of the city packed with people running for their lives. The screams and honking horns far below were eerily quiet when Briana's sole rose directly over dozens of blocks all at once.

BOOM
Briana's foot struck the city like a bomb going off, sending a torrent of dust and debris all over us. Her toes flexed on the ground for a moment sending cracks outward in every direction, before it was clear she was taking her next step.

"WATCH YOUR FUCKING STEP, BRIANA!"
"DON'T STEP ON US, BRIANA!"
She really couldn't hear us. The massive foot swung overhead, casting all three of us in her shadow. Jessica tried shuffling through the city ahead, but the enormous foot was falling fast and-

BOOM
Briana's step narrowly missed us. Her foot came down over dozens of blocks in an instant, and a wave of dirt was launched around her in every direction. That was way too close for comfort.

"BRIANA!" Jessica screamed so loudly that I got a headache near-instantly.
But it seemed to do the trick, and the foot that was moving directly overhead suddenly retreated, settling behind Jessica with a dull thud.

"Jessica?" Briana asked, shaking her head disapprovingly. "You don't have to scream that loud. I'm not deaf, you know!"
"You almost stepped on us!"
"I did not, you big baby." Briana said, rolling her eyes. "But if you're that worried about it..."

A moment later a gigantic hand pierced through the cloud cover directly above us, and reached down for Jessica. I should have been used to this by now, but it was still so surreal to see something that big pay attention to me specifically.
"Careful!" Jessica complained, as the fingers wrapped around her tightly and pulled all three of us up into the sky.

"If I wanted to hurt you I'd have done it a long time ago." Briana said, fingers tightening slightly to draw a yelp from Jessica. "But I love having you around now. Unless you've changed your mind, Ryan...?"
"I HAVEN'T!" I shouted frantically.
Briana frowned. "Well, are you ready to help me grow again?"

"Bigger?" Jessica asked. "You're pretty big already, Briana. Why not enjoy this size a bit more?"
"How am I supposed to have fun when I'm THIS small?" Briana pouted.
"Girl, you're bigger than a fucking mountain!" Jessica snapped. "You don't always have to-"

"Ryan agrees with me, right?"
All eyes turned onto me, and I felt my breath catch in my throat. I tried looking down from the height we were being held at, and Jessica was right. I could see for miles in every direction, and the city around her feet was completely covered in smoke.
"See?" Briana said. "Now that Ryan's growing, I don't have to pace myself anymore! I can keep growing until that gets boring too... and that hasn't happened yet!"

As Briana spoke, she took another step forward. It was a casual movement, but one she clearly took a great deal of pleasure in.

Her feet were the part of her that interacted with the world below the most now, so it was obvious she took great joy in the simple act of walking through cities, and crushing absolutely anything caught beneath her.

She took a look at the city around her, and smiled mischievously. I had only a moment to wonder what she had in mind, before she did the same thing she'd done the last time we were here.
Only she was a lot fucking bigger now.
When she'd used that rooftop restaurant as a seat it was obvious it wouldn't survive. But that was still just one building amidst a city packed with them in every direction, and when it fell apart the places nearby were still largely intact.

Back then, her ass was big enough to smash one or two little buildings. Now, it was huge enough to smash entire city blocks.

I could see Briana's body slam into the ground, and saw her tits bounce wildly, but the sound was muted. Dozens of buildings buried under thousands of tons of Briana's ass were smothered out of existence in the blink of an eye.
The aftershocks from those nearby suffering the consequences of her playful act were plainly visible. A huge spray of bodies, cars, and even uprooted entire buildings were launched into the sky to crash catastrophically nearby while Briana made herself comfortable in the middle of the city.

"I'm not waiting anymore." Briana said, spreading her legs. "You need to hurry up and grow more, Ryan. That way I know I won't accidentally squish you the next time I grow."
"What about me?!" Jessica shouted.
Briana looked down at Jessica for only a moment, then turned her attention back to me. "So, are you ready to get going?"

"That oversized-whatever. You ready to do this, Ryan?"
"I-It's not just something I can do on command! It's like-Uh, I mean... I'll need some... You know. Help."
"You can't get it up on your own?"

"That's not what I mean!"
"I'm just fucking with you." Jessica smiled. "I'm sure you can help Ryan here with his little... motivation problem, Audrey?"
"Hell, I've got nothing better to do." She said, eyeing me up and down. "Are we going to put us down?"

"Somewhere safe, preferably?"
"Fuck the little people." Audrey said. "Hell, do it literally, I don't care. Let's just get going."

"I think I wouldn't mind seeing that..." Briana mused. "What do you think, Ryan?"
"I'm good!" I called up.
"Aw, are you sure?" Briana asked, then shrugged her shoulders. "Well, whatever. So long as you save your load for me..."

"Not like there's anywhere I could put you down anyway." Jessica said casually. "So I hope you don't mind me helping?"
"I'm used to it."
"Enough chit-chatting!" Audrey protested. "Let's get this show on the road!"

"You heard the lady." Jessica smiled, moving me closer to Audrey. "Just gotta line you two up and..."
"I could do without the color commentary!" I told her.
"Fine, fine..." She said, smiling as she pushed our bodies closer together. From the smile on her face it must have felt like she was playing with dolls... only we had parts that regular toys certainly did not.

Once we were within range Audrey wasted no time grabbing hold of my arms and pushing me closer. Even Jessica gasped at the fury with which she locked her lips onto mine, and my cock throbbed at the sudden physical contact.

Jessica pressed the two of us closer together while our tongues danced in each other's mouths. It was still somewhat surreal that there was a woman my own size that I could enjoy again, and my cock was so painfully hard I leaned harder into her while Jessica kept mashing our bodies together.

"Enough foreplay." Jessica said, pressing a thumb onto my ass. "Get in her already."
The shove from behind was enough for my cock to slide between Audrey's thighs, and a shiver ran through my body at the sudden sensation of warmth wrapping around me.

I couldn't hold back any longer. It just came naturally. After a few seconds of grinding between her legs I was wrapped up in that warm sensation... and started to grow.

The feeling is still surreal. Not entirely unpleasant, though I don't think I got nearly as much pleasure out of it as Briana, or even Jessica did. Regardless I leaned further into her while I grew against her body, and in no time at all I was a head taller, while she was forced to lean back from my body pressing into her.

After a few more seconds of this she pulled away, and smiled up at me. I could only look back down at her, amazed at how quickly that would work.
"Remember when this was our actual height difference?" She whispered. I tried to say something, but could only find it in me to nod in response.

"That was a lot quicker than I expected!" Jessica laughed. "Someone was eager to get their dick wet!"
My face flushed red with embarrassment, but Audrey grabbed hold of my chin and made sure I couldn't look away from her. It wasn't like there was anywhere I could go, after all.

"It's working, Briana!" Jessica called up. "That horny little bastard is growing already!"
Briana's eyes lit up at the news, and her full lips curled up into a wide smile.

"I knew it!" she said. "See, what did I tell you, Ryan? You should trust me more often, I know what I'm talking about!"
I stayed my tongue as thousands of other things she's been wrong about flooded my memories.
"I didn't even notice, though... I think you need to grow faster. Like, a lot faster, Ryan. A hundred times quicker! Pick up the pace!"

"We shouldn't rush it!" I told her. "There's nothing wrong with taking it slow."
"Yeah, Briana!" Audrey added. "Let me have some fun with him while I still can."

Briana's eyes narrowed for a moment, before she sighed. "Come ON Ryan! You know I'm not good at being patient! Enough foreplay, start fucking her already!"
"It's hard to do that kind of thing on command!"

"Fine, fine." Briana said in a voice that made it incredibly obvious it was not fine. "Just get yourselves comfortable and take your time."
"Are you going to watch us so intently the whole time?"
"Yes."

"You know how she is, Ryan. Here, I'll let you do it on my tits." Jessica said, squeezing both myself and Audrey into her cleavage. "They're basically like waterbeds, right? It's the perfect place to do the deed."

I couldn't disagree. It was a little hot out in the direct sunlight... but that just made the air thick with the smell of arousal coming off of Audrey mixed with sweat from Briana.

"You heard the overgrown bitches." Audrey said, casually grinding her hips over my cock. "Stop stalling and fuck me already!"
"If you insist..."

Audrey's hands lowered between her own legs to grab hold of my cock and guide it inside of her. She moaned as I sank the full length of my cock inside of her, before grunting when I bottomed out slightly bigger than she was used to.
"Is that... all you've got?" She asked.

"You heard her." Jessica grinned. "If you don't start fucking her I will."
I didn't need any further motivation. I just pressed her body down between Jessica's tits, and slowly pumped my hips back and forth while buried in a pair of tits nearly as big as we were.

Any discomfort on Audrey's end vanished in the blink of an eye when she moaned, and I pressed my body harder into hers. Our lips locked once again, and the sound of her moaning mid-kiss was driving me wild.
I thought we would stay like that the whole time, but her eyes suddenly opened, and her hands rose to grab onto my shoulders.

Before I could question what she was doing she spun the both of us in place so she was on top and in control. I was surprised at how forceful she was being... but certainly wasn't bothered by it. Especially since she'd somehow managed to do that while keeping my cock inside of her the whole time.

"Admit it." She told me. "You prefer me being on top, don't you?"
I wasn't sure how to respond, but it was hard to focus on much of anything when she'd wasted no time bouncing on my hips. She only smiled down at me while biting her bottom lip... and I could feel her grow heavier on top of me.

"Say it, Ryan." She said as her tits threatened to smother my face.

"I... Like it when you're on top?"

"And you like it when I'm bigger than you, right?" She said in a tone barely above a whisper.

I nodded... even though I could feel myself growing underneath her at the same time.

"They're both growing!" Jessica announced, squeezing us tightly between her tits to make sure we didn't fall. "Though it looks like little Audrey is growing faster..."

"Ryan! Don't let her grow faster than you!" Briana protested. "Here, I'll help both of you out."
I wasn't sure what that meant for a moment, before the entire world around us began to tilt downwards.

"BE CAREFUL!" Jessica complained as she was practically thrown from Briana's hand and in-between her even bigger tits. The landing was soft, but I could hear how quickly Jessica's heart was beating from the sudden drop.
"It had to be done!" Briana said. "If your teensy little boobs turned them on, imagine how much hotter it is between MINE."

Saying this, she grabbed hold of her gigantic breasts with both hands, and squeezed them together. As ridiculous as the scenario seemed, I would be lying if I said she wasn't right. Being between a giant pair of tits between an even bigger pair was sending me, and I thrust even harder into Audrey who moaned loudly at the sudden movement.

"Are they doing it?" Briana asked. "Is Ryan growing yet?"
"It feels like it." Jessica answered. "Come on, Ryan! Give her a show already!"

"Yeah, Ryan. Give that overgrown bitch a show she'll never forget." Audrey growled in a tone that only made me even harder. I didn't have to say anything in return. I just grabbed onto her ass for support and thrusted my hips with everything I had in the hopes it would make us both grow faster.

"Is that all you've got?" She said, leaning forward so her tits pressed onto my chest. "Is this what she's been making a big deal about for so long?"
Her teasing was cruel, but it only made me more eager to prove her wrong. I pulled her even tighter against me, gasping when I felt her expand under my hands.

"He's really going for it..." Briana whispered. "I can't wait until he..."
She stopped herself. I had a feeling I knew where she was headed with that... but the thought was so absurd it didn't even register for a moment.

It was patently absurd on its face, of course. Briana was so much bigger than me there was no hope of ever catching up, right?
My mind went blank in the moment trying to fathom what that would even look like, but a moan from Audrey snapped me back a second later.

"Don't take everything she says so seriously." Audrey said, pressing me deeper into Jessica's cleavage. "She's kind of an idiot. She'll forget about that stupid idea in an hour, and you can keep being a toy. Isn't that what you'd rather have?"

I had to admit that even that thought held its own appeal. And probably far more, at this point. If I were just growing to make sure I was still a useful size to Briana... then maybe that was good enough.
Audrey, on the other hand, clamped her thighs around mine, and arced her back while on top of me.

"F-Fuck!" Audrey moaned, her body quivering as I kept pushing into her.
One thing was obvious. Even Audrey was growing faster than me at this point, and try as I might... I couldn't do much against her growing form pressing me down into Jessica's body.

Audrey's head turned back down, grinning down at me while I buried my cock into her to the hilt. I could feel an orgasm of my own fast-approaching, and she only made sure that her legs kept mine locked into place as we both grew.

"You two are getting... a little heavy." Jessica said.
"Pretty soon we'll be bigger than you!" I told her. She smirked in response, not even taking the suggestion seriously. I guess it was hard when even Audrey was effortlessly outpacing me.

"You grew a lot just then, Ryan!" Briana teased. "I bet you're big enough to fuck Jessica now!"
The thought hadn't even occurred to me, but now that it had been suggested... I certainly wouldn't mind that.

"I think you're right!" Jessica said. "If he keeps going like this he won't even need Audrey anymore!"
She sounded excited... But the way she'd worded that was giving me pause. Was that intentional? Would Briana...?

"That's a great point!" Briana laughed, reaching a hand straight between her tits. Jessica only smiled up, but I could feel my blood turn to ice at the suggestion.
"Wait- BRIANA!"

"What's got you so worked up?" Audrey asked.
"She's just picking us up."
"BRIANA! WHATEVER YOU'RE THINKING, DON'T DO IT!"

My panic had managed to get through to Audrey, who suddenly felt very scared over the approaching fingers. She tried to wrestle herself off of me, but it was no use. Two massive fingers pinched her up from where she lay, and she reached a hand back for me.
"RYAN?! WHAT'S GOING ON? HELP!"

"BRIANA! BRING HER BACK!" I shouted. "SHE'S STILL BIGGER THAN ME! SHE'LL BE USEFUL FOR ALL KINDS OF-"
"RYAN! WHAT'S SHE GOING TO DO?!"

"You heard what she said." Briana stated as casually as could be. "Ryan's bigger than you now, and he can get it on with that other slut, so... I don't see much reason to keep you around!"
"W-What?! BRIANA! PLEASE, LISTEN TO ME!" Audrey pleaded.
Briana paused for a moment, looking the screaming blonde over in her fingers as if she was giving the question some serious thought. Then with a sense of crushing finality she shrugged her shoulders.
"Hmm... No."

"Briana, come on! She's my friend! She can serve both of us! She's perfect!"
"Perfectly tasty." Briana said, biting her bottom lip as she looked the tiny woman over.
"We can find other people for you to eat, Briana! I'll find them myself!"

"Now why would I make you go through all that effort when I have something perfectly fine right here?" Briana laughed, parting her lips and bringing Audrey up to them.
"RYAN! TALK SOME SENSE INTO HER!" Audrey pleaded, pushing against the giant lips with everything she had.

"Dammit, Briana, put her down! Or else I'll...!"
I tried to think of something to say, but couldn't come up with a damn thing. Briana had complete control over this scenario and she knew it. Still, she kept an eye on me for a moment waiting for a response, but when I couldn't offer one, she only turned the edges of her mouth up into a mischievous grin.

"I'LL DO ANYTHING YOU WANT, BRIANA! I SWEAR!" Audrey begged. "YOU DON'T EVEN HAVE TO KEEP ME AROUND! I CAN GO FIND PEOPLE TO WORSHIP YOU, OR START BUILDING YOU A HOUSE, OR-"
Briana just exhaled all over Audrey, blowing her blonde hair back as she held her over the open mouth that would soon consume her.

"BRIANA! I-"
A small tilt from Briana's hand sent Audrey plunging face-first into the giant tongue that she'd been directly in front of. Her entire face was mired in her saliva in an instant, and it took actual effort for her to peel her face away to resume begging.

"BRIANA! I LOVE YOU! I-"
The lips closed, cutting off anything else Audrey could possibly say. Left with only a pair of rapidly kicking legs sticking out from her lips, Briana took her time to savor what she'd been gifted. She sucked on the blonde's upper body, and began humming to herself, completely drowning out any sounds Audrey made from her precarious position.

Then she stopped abruptly, and I could see her eye looking down directly at me. My chest went tight as I waited for what I knew was going to come, and when she was certain I was watching... she sucked Audrey's body inside of her mouth.
For a moment, there was nothing but a pair of feet sticking out from Briana's lips. Her eyes were closed as she enjoyed the struggles from the giant woman... before those feet vanished too.

"You... Ate her."
Briana took the opportunity to lick her lips after, before turning to look back down at me.
"YOU ATE HER, BRIANA!" I shouted, still not quite believing what just happened.

"Aww, is that making you sad?" She cooed.
"YES IT FUCKING IS!" I screamed so loud my vocal chords started to ache. "YOU... YOU CAN'T JUST FUCKING EAT AUDREY!"
"Was that her name?" Briana asked. "Well, whatever! I'll make you feel better, Ryan."

"You can't just act like she didn't matter!" I screamed. "Give her back!"
"You knew her for like, a week." Briana said. "Now get over here."
"I KNEW HER FOR YEARS!" I shouted, while those fingers came straight for me.

"You always overreact to these things," she said. "I love you Ryan, but you're very emotional."
"I'M NOT!" I shouted. "She was-"
"Get over it, Ryan!" Briana said as casually as she did anything else. "She's nothing but calories now!"

"Don't give me that! This isn't just... She mattered to me, Briana!"
"And she'll keep mattering now that she's part of me." Briana said sweetly. "Isn't there something so romantic about that?"
"This is serious!" I protested. "I really liked her, Briana! She was one of my only friends!"

"Really?" Briana pouted. "You were close with her?"
"YES!"
"Where was she born?"
The question caught me off-guard. A lump caught in my throat as I knew what she was doing... but I didn't know the answer. "CHICAGO!" I answered.

"Sure she was." Briana grinned. "What about her favorite food?"
"...Pizza!"
"With her figure?" Briana asked, raising an eyebrow. "Sure, Ryan."
"S-She worked out a lot!"
"What about her favorite movie?"
"Scarface!"

"This is all besides the point, Briana! You can't just-"
"Are you so mad you don't want to get your dick sucked?"
"W-Well..." I gasped, finding that a difficult offer to refuse.
"You should know by now you can't lie to me." Briana said, bringing me closer to her lips. "Now do you want to keep arguing... or do you want to have some fun?"

Audrey had certainly enjoyed her final moments with me... but I hadn't gotten to cum just yet and was still hard as diamonds.
In all honesty I wanted to keep arguing... but I knew deep down that it wouldn't make it a difference. It never did. It never would. The deed was done, and I hadn't made a very convincing case for my own argument.
"Fine..." I said. "I'll take the blowjob."

Briana smiled, but didn't say anything before moving me closer. Her lips parted and I was instantly blasted with her hot breath. I thought of how this was the last thing Audrey had seen and for a moment was fearful myself... before reminding myself that she wouldn't do anything like that. Not to me, anyway.
At least, I'm pretty sure she wouldn't.

Her full lips pressed around my cock firmly, and in no time at all I was experiencing an even greater bliss than I had with Audrey. Something about the size difference between Briana and me just made it hotter. Even better than it had been with a partner my own size.

Being with Briana felt incredible in a way I couldn't describe. No matter where I looked, she was there. No matter where I placed my hands, I was touching her. She was all-encompassing, and in a matter of seconds my anger was fading. Replaced completely with a warm sensation that coursed through every inch of my being.

I was growing again.
I tried to hold back for as long as I could to draw the experience out, but it was clear that Briana didn't care about how good it felt for me. She wanted results, and didn't let up one iota as I grew in her fingers.

In no time at all I came. More than I had for a while... but it didn't amount to much for Briana. A few stray drops that coated her tongue, and were swallowed down with plenty of room to spare.
Still, she held me in position for a minute after that. Lavishing my cock with praise for what I'd just done... and I was hard again in no time at all.

Feeling my cock stiffen up once more Briana smiled, and pulled me away from her lips. "See?" She smiled. "It's all better now! And look how much BIGGER you are! I bet you can even please me all on your own!"
I felt my face flush red with humiliation. A few sweet words and a blowjob was all it took for me to move past what she'd just done. I wanted to be angry... but I wanted to see what Briana had in mind more.

"Now as for you..." Briana said, reaching for Jessica.
"DON'T!" I shouted.
"Ugh, relax." Briana said, rolling her eyes. "I'm not going to eat her too! She's just going to help you grow some more... unless she decides she'd rather not help?"
"You... aren't going to eat me if I cooperate, right?" Jessica asked, the concern in her voice obvious.

"Probably not." Briana says, pulling the comparatively small woman out from her cleavage. "Unless you decide you aren't going to help Ryan grow more. Because then you'd be pretty useless to me and..."
"I'LL HELP!" Jessica said, before sighing in defeat. At the end of the day both of us were still her toys and totally left to her whims.

"See, I knew you'd be up for it!" Briana said, bringing out bodies closer together. "Now get in there and grow some more, Ryan!"

She really wasted no time getting exactly what she wanted out of both of us. I hardly had time to move my cock towards Jessica's entrance before we were pressed together firmly enough for me to slide right inside of her.

We both moaned at the same time. The feeling was unexpected, and Briana seemed keen on doing all the work as she pinched my hips between two fingers and gently pulled me back and forth. Jessica's tits flattened out against my chest as she tried to maintain her composure, and utterly failed to do so.

"Not gonna lie, Ryan... This is kind of hot." Briana mused, watching the two of us fuck in her hands. "You two are like my little toys!"

I could feel Briana's gaze directly above the both of us, watching our every move. I felt like I should be more concerned about that fact... but having her watch only seemed to heighten the experience.

"That's enough." Briana said, pulling Jessica away suddenly. My heart skipped a beat before she spun the woman around, and dangled her fat ass directly above my face. "Are you hungry, Ryan? I think it's time you eat up!"

Before I could ask what she meant by that she lowered Jessica's ass directly onto my face. The sheer size and weight of her backside completely caught me off-guard, and in only a few seconds I could feel the air growing thin around me while two ass cheeks bigger than my head squeezed onto me from every angle.

I tried pulling Jessica away, but my hands only sank into her soft thighs, and Briana's strength made sure I would never make any headway regardless. All I could do was try to maintain my composure as I gradually felt my chest burn from the lack of air, and my vision blur from the sensation of having my face used as a seat.

Suddenly, I could breathe again.
I coughed and sputtered as the light stung my eyes as I watched Jessica be carried away helplessly. I was too busy catching my breath to pay attention to what Briana was up to.

But I definitely felt it a second later.

While I was gasping for air and rubbing my eyes, Briana lowered Jessica down once again, and made sure that my dick slid right between her cheeks. The sudden warmth enveloping my cock caught me off-guard, and I nearly gasped when I felt myself press right up against her asshole.

Jessica moaned. She was still big enough that the sudden entry wasn't painful, and she couldn't hide the pleasure it brought about.
I did the same. The sensation was unexpected, but not unwelcome. I looked up and could only see Briana grinning at all the fun she was having toying with the both of us.

Briana wasted no time bouncing the both of us against one another. All the while her smile never faltered. She was having the time of her life, and wasn't afraid to show that one bit.
"You two seem like you're having a good time." She smiled. "Keep it up, and I might have to skip a few steps to get involved myself."

We kept at it. Whatever Briana had in mind was fading into the recesses of my mind. All I could think about was how warm and soft Jessica felt bouncing off of my cock. That, and the tight feeling of Briana's fingers squeezing against my body.
It was so strange to remember that the two of us were far bigger than any of the buildings far below. It didn't feel real when we weren't walking through the city ourselves, and were stuck in Briana's grasp.

"You two are growing pretty fast..." Briana said, biting her bottom lip. "I think I'm ready to put you two to better use elsewhere!"
"W-wait! Can't I finish first?" I moaned, trying to pick up the pace before whatever it was Briana had in mind.
"You'll finish faster when you get there!" She answered, and in the blink of an eye I felt my stomach rise up into my throat.

Our feet left her tits, and we were left suspended in midair for just a second, feeling completely weightless. She made sure to drag our bodies down the length of her tits and over her nipple, while a soft moan shook the city surrounding us.
"You were too small for this before." She said casually. "But now? You're perfect!"

Having some idea of what she had in mind and actually experiencing it are two different things entirely. I could have guessed that she was going to push both Jessica and myself into her pussy, but actually feeling those hot lips press onto the top of our heads was a different story. Briana's fingers kept us pinched together, forcing us between her folds with little regard for how uncomfortable that tight sensation all around us was.

That thought actually gave me pause.
Being inside of Briana... was tight now. Yes it was both Jessica and my entire upper bodies, but we weren't being forced into a gaping maw threatening to swallow us whole. We were actually filling it out a healthy amount. We could feel her walls pressing around us, and when Briana's finger slipped onto my ass and pushed me in deeper I couldn't stop myself from pushing into Jessica even harder.

Briana seemed to appreciate the gesture, and moaned.
The vibrations shook my entire body, edging me closer to another orgasm. I buried myself inside of Jessica to the hilt, and hugged her tightly, while the walls surrounding the both of us clenched impossibly tight.

"RYAN YOU'RE...!"
The world around Jessica and myself shook, but I knew what was happening outside. I'd been around Briana long enough to know when she was cumming her brains out, and the pressure threatening to crush the both of us from every side turned overwhelming in the blink of an eye.

Outside I'm sure Briana was growing again. I'm almost sad I can't see it from inside of her.

I won't have any idea of how much she grew until it's all over. Will she be big enough now that her tits are clearing the clouds even while sitting down?

Or is that way too conservative a guess? I thought back to what she'd said earlier about being as big as the country... Surely she was approaching the size of a city by now, right?

How much longer would it be until she...?
My thoughts were cut off in an instant when the pressure around Jessica and myself spiked. The heat inside of Briana's pussy turned overwhelming in the blink of an eye, while her fingers kept rubbing past the both of us.

Even from inside of her pussy, I could hear her scream. Hot liquid flooded the area surrounding Jessica and myself threatening to drown us, but there wasn't a thing we could do.

Briana's pussy squeezed us several times over, each one gradually growing weaker until...

The pressure relaxed, and the fingers holding us in place pulled us free.
The sun outside seemed brighter, and Briana's juices stung my eyes. Jessica was coughing from having undoubtedly swallowed a lot of them, but we were both fine, if a little worse for wear.
"Ha... Look at that!" Briana laughed. "You're actually bigger than Jessica now, Ryan!"

"Fuck." Jessica whispered, looking back at me.
"Y-You don't think she's going to-"
"I hope not." I'd have liked to offer more encouraging words, but it really was all I could do.

"Which means..."
"BRIANA!" I shouted to cut her off in an instant. "Come on, be reasonable! Jessica's been with both of us since forever! It's different with her!"
"That's exactly why I should get rid of her!" Briana whined. "She's going to be past her expiration date soon, I'm sure! Nobody wants to eat old mushy fruit. They want it when it's ripe, and filling!"
"I'm serious, Briana."

She locked eyes with me for a moment, then frowned. After a few awkward seconds of silence she sighed, and brought both of us closer to her face and opened her mouth wide. Before I could say anything her tongue pressed flat against Jessica's stomach, and ran all the way up to her tits slowly.

"LISTEN TO RYAN!" Jessica shouted, as the tongue kept sliding up the length of her body and all the way up the side of her face. A massive clear river of saliva ran up the side of Jessica's body to her hair, and I could feel her shaking underneath me.

"I'll think about it."
"That's not good enough, Briana!" I said to stand my ground. "You can't eat Jessica! Not now, not ever!"
"I really don't see the point in keeping her around." She said, rolling her eyes. "But why don't you convince me? Let me see if she can get your dick as hard as I can, and fuck her brains out last time?"

I didn't like the phrasing of that, but I had a feeling she wasn't too keen on eating Jessica herself. If she was asking for a show, then she'd liked watching us do our thing earlier, and wanted a repeat.
I would do it. I would give her a show she'll never forget.

THOOM
Briana's hand opened, and both Jessica and I fell directly onto a neighborhood. I was suddenly greeted with our new sizes relative to the tiny world below, but tried to maintain my focus on Jessica. She was the one who mattered here. Everything else, I'm afraid, was secondary.

The world around us rumbled as Briana laid down to watch us both. I could feel her gaze boring holes into our backsides, and caught a glimpse of her staring intently.
"Tick tock, Ryan... I'm still hungry, and both of you are looking mighty tasty...!"

"You think she'll actually go through with it this time? The twentieth time's the charm?" Jessica asked.
"I don't know... this time definitely feels different."
"Well, what the fuck ever. Are you going to give me the pounding of a lifetime and earn my safety?"
"I'm ready if you are."

"Then stop talking and stick it in already!" Jessica moaned, raising her ass so it pressed directly against my cock. I looked down at her body, almost in awe of what I was seeing. It had been so long where she was anything from twice my size to a hundred times my size... and now I was the bigger one.
"Sorry ahead of time." I whispered.
"For wha-T?!" She squeaked when I pushed my cock inside of her.

I wasn't the smaller one anymore, and I was going in from behind. I tried to pace myself, but I had to go hog wild if I wanted to impress Briana.
Thankfully, Jessica acclimated quickly. Her hands balled into fists at first, crushing a few houses beneath her, before her grunts were replaced with moans. Her ass started moving back to meet my hips, just to make sure they clapped against one another even more audibly.

Briana gasped.
I realized why at the exact same moment. Jessica was pulling herself up from where she'd been laying, and I had to rise to my knees to follow suit. Her moans shook the area below, but they were like music to my ears.

"Keep fucking her, Ryan!"
I didn't answer. I was too laser-focused on doing exactly that. My breath caught in my throat as I slammed hips against Jessica's backside as furiously as I could manage, and she alternated between moaning and gasping in-between every movement.

I fucked her so hard I was starting to run out of my breath myself. The world around us was fading into the background while I kept pounding until I felt like my heart was about to give out.

I felt the ground shift beneath me, and thought for a moment I was growing again.
A second later I realized I was wrong.

Jessica was growing. And she didn't let that little fact change our dynamic one bit. Her hips kept slamming against mine for all she was worth, and it was actually starting to hurt as she continued to grow!

"You're not used to being the bigger one." Jessica said between breaths, flashing a smile at me. "Why don't you let me take the lead?"
I only nodded in response, thankful for the reprieve.

With casual ease she pulled herself away, and stood onto her two feet again. Droplets of pre dripped from her pussy onto the city below, but it was clear she hadn't paid them a moment's notice as she approached me from the front.
"Lie down." She ordered.

I looked back to try and find a clear space to do so, but she wasn't exactly patient at the moment. With a sneer she slapped me on the shoulder forcing me back, and hopped right onto me before I could make another move.
"I'm in charge now." She said while grinding her pussy onto me. "And I don't plan on letting Briana eat me, so try to keep up."

I only nodded, but she placed a finger up to my lips to keep me silent.
Then she dropped straight onto my cock, sending a shockwave through the city below.

The feeling was indescribable. She bounced in place up and down, ravaging the city below us while assaulting my cock with her full weight. She bounced like her life depended on it... and it may very well have.

We were both growing together! I gasped when it felt like I was about to cum, when the sun suddenly vanished. Briana's hand was coming down for us, and I wrapped my arms around Jessica's waist to hold her tight.

But it didn't matter. Briana's strength was monstrous in comparison. Impossible to defy. She ripped Jessica out of my arms effortlessly, and raised her up into the sky.
"What are you going to do with me?" Jessica asked, trying her best to remain calm.

"I can't tell you, it's a secret!" Briana teased.
"Ryan, make sure to enjoy the show!"

"JESSICA! If this is it..." I said, feeling a lump catch in my throat. I couldn't say that I loved her. Not in front of Briana, that is. I tried to think of the next best thing, but nothing felt like it communicated my feelings well enough!
"It'll be fine." Jessica said to try and reassure me. "We had a lot of fun... Right?"
"We did." I answered, suppressing every urge I had to try and rip her out of Briana's grasp.

"What's got you two so worked up?" Briana mocked.
"Are you going to eat me?" Jessica asked plainly.
"Please don't, Briana." I said. "She's important to both of us."

"You're STILL worked up about that?" She said, rolling her eyes. "I THOUGHT you'd appreciate a little surprise, but if you want me to spoil the surprise..."
I held my breath as Jessica was raised higher. Closer towards Briana's face... and then her arm moved back.

Briana moved Jessica over to her backside, and pressed her entire body between her legs. Jessica may have actually been too big for Briana at this point, but that just meant she was the perfect size to work as a dildo.
At least she was still alive!

SLLLRP
Briana's pussy was still soaking wet from her previous adventures, and it seemed like Jessica was getting a face full of that when she was forced head-first inside. At first I thought it was an unenviable position... but after a few seconds thought I wondered if that might actually be fun.

Fuck.
Was I actually envying her?
"See? I KNEW you'd love it, Ryan!" Briana laughed. "You're right, she does still have her uses... like using her to have you fuck me."

"Using her to... what?"
"Ugh." Briana said, rolling her eyes. "You fuck her while she's inside of me, and it's the next best thing to fucking me directly! Get it?"
I... guess that works. In her weird logic.
"Fine!" I said, doing my best to sound assertive. "But only if you promise not to eat her!"

"You're so cute when you try to take charge." Briana whispered. "But, fine. You fuck me with everything you've got, and I won't swallow her like I did the blonde one."
"Audrey! Her name was Audrey!"
"whatever."

Briana's hand grabbed hold of me before I could so much as take a single step, and I couldn't do anything but watch as she lifted me up from the city below to get a closer look.

Her eyes looked me over from top to bottom, paying special attention to my cock. Her smile widened the longer she stared holes into me, to the point where I began to feel a bit uncomfortable.

"Um... Briana?"
"Just admiring the goods." She said. "Are you ready to fuck my brains out the way you did Jessica's?"
I nodded.

Wind rushed past my face while I watched her tits flatten out against the ground so she could get as much leverage as possible to move me behind her. I was in awe at Briana's scale once again when I caught sight of Jessica, who had so easily dominated me just a moment ago, trapped inside of her.

The world shook when she dropped me into position. Briana was laying out as flat as she could manage with those curves of hers, and I could see Jessica forced into a position where she was on her knees with her ass raised up.
It should be strange... but with how long I've been stuck with Briana, nothing really surprised me anymore.

I gave Jessica's ass a firm slap, and watched as she flinched in response. "Are you ready?"
She answered with a muffled yes, and wiggled her ass right back at me. I guess I was the only one who thought this was at all strange, so I would just have to get over that.

I dropped to my knees, feeling the ground shake as I did so. I lined my cock up with Jessica's backside, and I pushed my way through. I stopped for a moment there, holding myself in position... before pulling my hips back.
Jessica met me halfway, following suit from her end.

And just like that, the sounds of our bodies clapping against one another shook the surrounding areas. Jessica's own gyrations transferred to the gigantic Briana surrounding me, and in no time at all I could feel the vibrations of her voice as she moaned, "Harder! Harder!" in response.

That was all I needed to pick up the pace. Just a sign that I was having an effect. Sweat beaded onto my forehead while I pulled back and drove my cock in to the hilt, while Jessica was obviously having the time of her life.

But all the focus was on Briana. Her back gradually began to arch, and her breaths turned quick. The only sound she was making for the moment was quiet whimpers until...

She started to grow again.

Her entire massive form rocked back and forth, enjoying everything that the both of us were doing for her. In a matter of seconds her whimpers turned into earth-shaking moans.

Her body grew bigger and bigger in every direction. From my perspective I couldn't see much of it, but I could hear the effects below. Thousands of tiny people fleeing as she grew over them without a care in the world.

Her pussy clenched tightly around Jessica, and her growth slowed to a stop.

But she hadn't cum yet. That I was sure of. I'd just experienced that a moment prior. I knew what Briana was like when she came. She wanted to draw this out as long as possible... but I couldn't let that happen.

She asked me to fuck her with everything I had, and I intended to do exactly that. There are no brakes on this train!
I slammed right back into Jessica, and forced her inside of Briana another inch. The moan that followed was louder than everything that had come before, and just like that-

She started to grow yet again.

It seemed to come faster for her now. Easier. Maybe it was the knowledge that I was growing alongside her, or maybe she'd just been finding some way to hold back this entire time.

I can't be sure, but what I am sure of is that it's fast enough now to even catch me off-guard. I had to hold onto Jessica with all my strength to avoid slipping out entirely when she rose too high for me to even reach.

It was far more difficult to maintain what I was doing in this new position. My strokes were slower, and more awkward. I felt like I could fall down at any moment. I worried about what I was going to do, when I felt the entire world shake around me once again.

Briana slammed both of her hands onto the ground. She pushed herself up with all her strength and broke the ground beneath her before letting out a roar of pleasure that blew away cloud cover and threatened to burst my eardrums.
The pressure on Jessica mounted to an unbelievable degree... before relaxing suddenly.

For a split-second, Jessica actually began to slip out of Briana. I scrambled to stay in position, but the muscles tightened once again, and prevented the both of us from leaving.
She stayed there for who knows how long after. Her chest rising and falling while she struggled to catch her breath.

Until finally, thankfully, she relaxed.
The winds shifted around us when she pulled her arm back once more, and grabbed hold of both Jessica and myself. Another wet slurp echoed through the area as Jessica was freed once again, and fell into her cupped palm.

Until finally, thankfully, she relaxed.
The winds shifted around us when she pulled her arm back once more, and grabbed hold of both Jessica and myself. Another wet slurp echoed through the area as Jessica was freed once again, and fell into her cupped palm.

But... I only saw an opportunity. Call me a monster, but I took it.
"I guess that means you can't get rid of Jessica, right?"
"Y-Yeah!" Jessica added. "You'll have to keep me around a bit longer, Briana."

"You did promise you wouldn't eat her!" I said, just to drive the point home.
Briana looked the both of us over... and sighed. "I did promise..."

"You did!" Jessica said. "You can admit you're happier with me around, aren't you?"
"Don't push it." Briana frowned.
"Fine." Jessica said. "I'll keep proving my worth regardless!"

Briana narrowed her eyes, then opened her mouth wide. Both of us were moved straight towards her parted lips, and the sight of her open maw made my blood run cold.
Dammit, Jessica! Why'd you have to push her! Why couldn't you just-

Then, the ends of her lips curled up into a smile. Briana's teeth clacked shut directly in front of the both of us, spraying droplets of saliva over our bodies. Then she pursed her lips together for a kiss.

Briana kissed both Jessica and I for an uncomfortably long period of time before slowly pulling us away. A string of saliva connected us to her tongue for a second before breaking off and slamming into the ground far below.
"I am kind of hungry though... I'm going to need SOMEONE inside of me."
"BRIANA NO!"

She only grinned in response, and placed both Jessica and myself onto the ground. "I'm just kidding, Ryan!" She laughed. "I'll find something else..."
"I appreciate it!" Jessica called up to her.

With that said, Briana took a look at her surroundings again. I knew what her trying to find something to eat meant, but I wasn't even sure how she would find enough to satisfy her at this new size. What would eating like this even look like?

Turns out it's largely similar to how she's been eating all this time.
Only a lot, lot fucking bigger. Her hand hovered over various parts of the city as she tried to decide which looked to be the most populated, before she settled onto a particular cluster of buildings. Then her hand descended, and closed into a fist over them all.

Her fist squeezed the buildings just a bit. Just enough to crack their outer shells and make sure any of the people hiding out inside were forced out into Briana's palm.
Then she raised the entire thing above her open mouth, and released them.

Hundreds of tiny bodies rained from Briana's open palm onto her tongue. It was even hard to recognize them as people at this point given how unfathomably huge she was. It was like she'd scooped up a handful of salt or sugar, and let the granules rain into her mouth.

But each of those grains was a person. A living, breathing being that was being sacrificed on the altar of something greater. The biggest fucking person the entire planet had ever seen.
For her part, Briana didn't seem to put all that much thought into it. As far as she was concerned she was hungry, so she needed to find sustenance. If that source of sustenance was the tiny world around her-

Then she would feast upon them.
Hundreds of tiny bodies splashed onto her tongue and were instantly mired in her spit. The suffocating humidity of the inside of her mouth was hellish when she pulled all of them inside at the same time, and the moan that followed made her satisfaction obvious.
And then there were those who didn't even make it inside. Hundreds more microscopic bodies simply slipping beneath Briana's attention, and falling thousands of feet to the ground below. A part of me wanted to try and catch them... but I knew that moving one inch would cause far more devastation than saving them would undo.

"That'll keep me going for a while." Briana moaned, reaching behind herself and sliding a finger inside of her pussy. "You two up for another round?"
"A-Already?!" I asked.
"What? Something wrong?" Briana asked. "Are you not like, horny all the time like I am?"

"Quit whining and get to fucking!" Jessica chastised before rubbing her ass right onto my crotch.
These two really are something special. I could have spent the entire rest of the day relaxing after what we'd already done... but if they were up for it I sure as hell wasn't going to say no.

I took a deep breath, and admired the view of Briana's colossal tits directly in front of us. Reminding me that even if we are as big as mountains... We're still little more than ants in front of Briana.
And I think I liked it that way.

Briana moaned, and that was as good a signal as any to get started. I held onto Jessica's hips and pushed into her once again.

Before Briana took me by surprise by growing.

I kept giving her what she wanted to see, and she kept on growing. I pulled myself completely out of Jessica before driving my cock back in fully, while she moaned like every stroke was the first.

The sound of flesh slapping on flesh was completely drowned out by the all-encompassing boom of Briana's moans. In the distance the sounds of her fingers slipping in and out of her pussy smothered any other sounds from the city beneath us.

And when she opened her mouth to scream, I braced myself for impact.

Briana's orgasm felt like an apocalyptic event. Her scream shook the heavens themselves as every inch of her monolithic form shook in place. In the distance her toes curled as the pleasure overwhelmed her entire body. Her tits jiggled in place, sending shockwaves throughout the city. Her hair flew wildly as she rocked back and forth in place, riding out the orgasm as long as possible.
At the same time Jessica and I came. It seemed small in comparison. Pitiful, even. Completely undetectable when the signs of Briana's pleasure were so unfathomably destructive.

Briana took a minute to catch her breath after. She looked down at us from her new height, and I could only imagine how she must look to the microscopic people beneath all of us. Jessica and I must have looked like living gods to them, but that would mean Briana was something far greater. A force of nature that could not be explained, and all of her attention was focused on me.
I thought back to what she'd said so long ago. To that looming threat of outgrowing the planet, and from the look on her face, I knew now what I didn't then.
She was serious.
