

**"ONE DAY ONLY,"
THEIR MOMS AGREED**

BY KLRXO

“ONE DAY ONLY,” THEIR MOMS AGREED.

By Klrxo

Lana shifted uncomfortably on the couch, crossing her sexy legs. "I know Jayden has been looking at me differently lately. The way his eyes linger on my cleavage and ass. I think he wants to fuck me."

"Tyler too," Lana's friend Jocelyn admitted, her face flushed. "My son's always finding excuses to brush up against me. And the bulge in his pants is hard to ignore."

Nina nodded, agreeing with her two friends. "It's wrong, but I'd be lying if I said I wasn't tempted by Josh sometimes. He's becoming such a handsome young man. When he hugs me, I feel his hard muscles and..." She trailed off, too ashamed to continue.

The women sat in heavy silence for a long moment, the weight of their taboo desires hanging in the air. They knew it was so very wrong to lust after their own sons. They were married mothers, respectable women. Incest was one of the ultimate sins.

And yet, the overwhelming allure was still there, a pulsing need they couldn't shake. Their boys had grown into such handsome, virile young men who craved their lush, womanly bodies. Men who could satisfy them in ways their husbands couldn't.

"What if...what if we gave in? Just once?" Lana's voice was barely a whisper, trembling with both fear and longing.

Jocelyn and Nina exchanged shocked glances at Lana's scandalous suggestion. But neither could deny the dark thrill that raced through them at the prospect.

"One day only," Lana continued, working it out in her head. "We give the boys what they want... what we want. We'll let them fuck us hard so we

can all get it out of our systems. Then we put an end to it, go back to normal."

Jocelyn nodded in agreement. "It shouldn't be too hard to keep from our husbands, if it's only one day."

Nina hesitated, but the pulsing ache between her legs was too insistent to ignore. "Okay," she agreed, heart pounding. "One day of wild, nasty, no-limits sex with our sons. Then never again."

The three MILF looked at each other, a mix of nervous energy and raw lust crackling between them. They couldn't quite believe they were actually going to go through with this - crossing the ultimate line and committing incest with their own offspring.

But God help them, they needed it. Craved to feel those strong young cocks pounding their needy cunts, to be taken hard as women again. To let the burning depravity consume them, just this one time.

Cory, Grant, and Finn were an enticing trio of eighteen-year-old stallions. Cory, the leader of their pack, had a lean yet muscular frame, with defined abs that rippled down to his narrow hips. His deep blue eyes were framed by a mess of dirty blond hair, which accentuated his square jawline.

Grant, on the other hand, was a walking sculpture of masculinity. His arms bulged with taut muscles, and his V-shaped torso dipped seductively below his waistline. Jet-black hair crowned his head, and his emerald eyes always seemed to hold a mischievous glint.

Lastly, there was Finn, their resident Casanova. His olive skin glistened in the dim light, offsetting his piercing hazel eyes and perfectly chiseled features. A light dusting of dark brown hair adorned his chest and trailed down to his hips, which led to the evidence of their shared arousal: three enormous cocks, hard and ready for the taking.

Their heartbeats quickened in anticipation as they stood naked in Finn's bedroom, a space usually reserved for Xbox marathons and pizza feasts. Now, however, it had become the staging ground for their most daring conquest yet: fucking their beautiful mothers.

The three athletic teens stood together in front of Finn's full-length mirror, admiring their ripped bodies and rock-hard erections jutting out proudly. Cory flexed his biceps and abs, smirking confidently at his reflection. "I'm gonna pound my mom so deep and hard, she won't be able to walk straight for a week," he bragged, slowly stroking his thick 8-inch shaft.

Grant nodded in agreement, giving his own impressive cock a few pumps. "Same here bro. I'll have mommy screaming my name as I rail her tight MILF pussy with my power thrusts." He demonstrated by aggressively pumping his hips, his hefty balls swinging with each movement.

"Fuck yeah guys," Finn chimed in, cupping his heavy sack. "The key is to start slow, then jackhammer hard and fast until she cums all over your cock. I bet I can make my mom orgasm at least three times before I flood her cunt with my huge load."

They all laughed and high-fived, beyond excited to fulfill their ultimate taboo fantasy. Pre-cum already glistened on the swollen heads of their girthy boners. In mere moments, those throbbing poles would be buried to the hilt inside the slick folds of their own mothers, bringing them to heights of forbidden ecstasy.

"I still can't believe they agreed to fuck us," said Grant, slowly fisting his sinewy boner. "Even if it is just for today, it's gonna be epic!"

The trio had honed their sexual prowess through countless encounters with the hottest girls at their high school. Finn, the most experienced of the group, had a reputation for making even the most prudish girls scream in pleasure as he pounded them relentlessly with his thick rod. He

loved edging them for hours, bringing them right to the brink before backing off, only to drive into them harder until they convulsed in mind-blowing orgasms.

Grant preferred to use his sculpted body to his advantage, letting girls worship his chiseled abs and bulging muscles as he flexed and posed for them. Then he would throw them down and dominate them completely, fucking them in every position until they were limp and exhausted, thoroughly used by his powerful thrusts.

Cory had a way of seducing girls with his boyish charm and sexy dirty talk. He could fingerbang a chick to an explosive orgasm in mere minutes, reading her body and pushing all the right buttons. His favorite move was to eat a girl out until she was quivering and dripping, then plunge his huge cock in and pound her until she came again even harder on his shaft.

The boys had fucked dozens of girls, sometimes sharing them together in epic threesome fuckfests. But nothing compared to the thrill of finally taking their own sexy mothers, the women they had lusted after for so long. With their combined sexual talents, they were determined to give their moms the hardest, most intense fucking of their lives, ruining them for their fathers. Tonight, these young studs would prove their mastery by conquering the ultimate female trophies and becoming the alpha males they were always destined to be.

In Finn's mother's lavish bedroom, the three stunningly voluptuous MILFs primped and preened their naked bodies, eager to be ravaged by their virile young sons.

Finn's brunette-haired mother Jocelyn had an hourglass figure that would make any man weak in the knees. Her colossal breasts were a perfect 34M cup, capped with saucer-sized light brown areolas and thick nipples that pointed slightly upward. Her flat tummy flowed into a juicy bubble butt that strained the seams of even her loosest yoga pants. She

examined her plump freshly-waxed pussy in the vanity mirror, already puffy and slick with anticipation.

Cory's bombshell mother Lana boasted bountiful 36G tits that stood proud and firm on her chest, defying gravity. Her dark nipples were permanently erect at the centers of wide areola, always ready for suckling. She had an ass that could stop traffic, with each cheek a perfect tanned sphere that jiggled hypnotically as she walked. Her full, smooth pussy lips glistened beneath her neatly trimmed landing strip, dirty blonde to match her shoulder-length hair.

Grant's mom Nina was a brick-house redhead with the most insane body of the three. Her titanic breasts were an astonishing , each fleshy globe easily the size of her head, capped with giant areola and plump, rubbery teats. Her narrow waist flared out to childbearing hips and a prodigious ghetto booty that could swallow a man's entire face. Her fat, bald pussy was a thing of beauty, with a prominent mound and plump lips that were perpetually swollen with arousal.

The three stacked mothers glanced at each other lustfully as they touched up their hair and makeup, dolling themselves up to be the ultimate hot mama cock-sleeves for their ardent teenage sons. Jocelyn slathered her huge tits in glittery body oil until they shone, while Lana did some nude yoga stretches to limber up for the impending depravity. Nina gingerly tugged on her sensitive nipples, coaxing out a bead of pearly fluid. She couldn't wait to have Grant suckle her like a newborn while his huge cock split her open like never before.

"We've got our work cut out for us today, girls," Jocelyn purred as she applied some shimmery lip gloss. "But I know our strapping young bucks are up to the challenge. My hungry cunt is aching to be stuffed full of Finn's fat cock while I guzzle down every drop of his youthful seed."

"Fuck, me too," moaned Lana, sliding a finger between her slippery folds. "Cory is gonna pound me into oblivion with that massive fuckstick of his."

I'm gonna drain those swollen balls until he's given me every last spurt of jizz."

"Mmmm, I need Grant's thick dick splitting me in half, stat," groaned Nina, groping her enormous melons. "He's gonna fuck his mommy so hard, I'll be bowlegged for days. Then I'll suck him clean and make him explode all over my huge titties."

Since making the decision to fuck them, just for one day, the three buxom MILFs had carefully orchestrated this debauched afternoon of incestuous indulgence, weaving elaborate tales to guarantee hours of uninterrupted depravity with their strapping sons.

Jocelyn had packed her husband off on a golf trip with his buddies, telling him she was planning a "girls' day" with Lana and Nina. She dropped her two younger children off with her sister for a sleepover, ensuring the house would be empty for the raunchy festivities.

Lana told her husband that she was taking their toddler to visit her mother for the day. In reality, the little one was snoozing at a sitter's house while mommy plotted to take her eldest son's cock. If only her clueless hubby knew what his sweet wife was really up to.

Nina had sent her husband and twin toddlers to the zoo for the day. He was under the impression that she would be having a spa day. Instead, she would be engaging in the ultimate taboo - a marathon fuckfest with her muscle-bound offspring. No massage could compare to the exquisite sensation of her son's enormous cock pummeling her aching mommy cunt.

With their deceptions complete, nothing stood in the way of these insatiable MILF goddesses taking their sons' pulsing members deep inside their hungry holes. They were finally free to be the cock-crazed, depraved sluts they were meant to be, if only for one afternoon. The anticipation of getting stuffed full of raging virile dick had their pussies gushing and their nipples rock hard.

The depraved mommies giggled naughtily as they finished their preparations, fizzing with anticipation. Their giant breasts heaved and their juicy asses jiggled as they sauntered to the bedroom door on bare feet, ready to fulfill their roles as the ultimate mommy cock-sleeves for their horny teens.

The three busty MILFs strutted out of the room, their majestic nude bodies jiggling and swaying seductively with each step. Jocelyn led the way, her colossal M-cup tits bouncing heavily against her ribs, the glittery oil highlighting their perfect roundness. Lana followed close behind, her bountiful G-cup boobs swinging side to side, the fat dark nipples leaving a dewy trail on her tanned skin. Nina brought up the rear, her gargantuan P-cup breasts wobbling obscenely, each fleshy globe an overripe fruit ready to be plucked and devoured.

Their child-bearing hips rolled and undulated as they padded down the hallway on their bare feet, the plush carpet tickling their pedicured toes. Three sets of ample asscheeks waved and jiggled in a hypnotic rhythm, the supple flesh rippling like ocean waves. They giggled and cooed with anticipation, their slick cunts tingling and quivering, leaving a trail of arousal glistening on their inner thighs.

The trio of delectable mothers entered Finn's bedroom to find their strapping sons waiting eagerly, fisting their pulsing cocks, the musky scent of virile young male permeating the air. Jocelyn beckoned to the boys with a sultry smile and a crook of her finger, her pendulous jugs swaying.

"Let's go boys," Jocelyn said huskily, sauntering over and reaching out to grasp Finn's throbbing erection.

Lana and Nina followed suit, each grabbing their own son's pulsing shaft and giving it a few slow pumps. They led the enraptured teens out of the room by their engorged dicks like leashes, the boys shuffling behind slack-jawed and eager to obey.

The MILFs led their offspring into Jocelyn's opulent master suite, the very bedroom where she had conceived Finn eighteen years ago. Now she would defile that same marital bed by taking her son's cock in her ravenous cunt, his potent seed soon to be splattered across the expensive silk sheets.

Lana locked the door securely behind them, the click of the deadbolt sealing their salacious fate. No one would disturb this wanton fuckfest for hours to come. They had all night to indulge in the ultimate familial depravity.

The three MILFs had always loved their husbands dearly and were devoted wives and mothers. Jocelyn had been happily married to Finn's father Jeff for twenty years, while Lana had tied the knot with Cory's dad Michael right out of high school. Nina and Grant's father Steven had a picture-perfect relationship that was the envy of the neighborhood.

But despite their strong marriages and large, loving families, these women were absolutely insatiable when it came to sex. No matter how attentive their husbands were or how many screaming orgasms they gave them, it was never quite enough. The wives' libidos were off the charts, their pussies constantly aching for a hard fucking. Only a virile young buck in his sexual prime could even hope to keep up with their carnal appetites.

Jocelyn, Lana, and Nina knew this was so wrong, that society would condemn them for this ultimate taboo. But their uncontrollable lust overrode any sense of propriety. They needed their sons' huge cocks splitting them open, ruining them for their husbands. Nothing could compare to the thrill of surrendering their bodies completely to their own flesh and blood.

The mothers and sons separated into two groups, eyeing each other hungrily. The MILFs huddled together, giggling and whispering excitedly like schoolgirls as they admired the young studs before them.

"Fuck, look at those abs," Lana purred, eyeing Grant's chiseled six-pack. "I want to lick every inch of that body."

"Mmmm, and that ass," Jocelyn murmured, staring at Cory's taut bubble butt. "I could bounce a quarter off those tight cheeks."

Nina licked her lips as she ogled Finn's enormous cock, the thick shaft pulsing with need. "I can't wait to worship that big fat dick. Suck it, stroke it, fuck it..."

The boys stood in a cluster, their jaws slack as they drank in the mind-blowing sight of their voluptuous mothers stark naked and ready to be bred. Finn's eyes were riveted on Jocelyn's monumental jugs, watching the weighty globes jiggle and sway with her every movement. He pictured himself straddling her chest, fucking her slick titty tunnel until he painted her face and tits with his hot spunk.

Grant zeroed in on Nina's fantastically corpulent ass, imagining himself behind her, gripping those fleshy cheeks as he long-dicked her hard from behind. He would use that phat booty as his personal fuck pillow, pounding her plump rump until he exploded deep in her guts.

Cory was hypnotized by Lana's delectably meaty pussy, the fat lips slick and swollen, just begging to be stretched around a hard cock. The thick dome of her clit-hood protruded from her cuntal fissure, shrouded the fat bulb of her love-nubbin. He envisioned burying his face between her thick thighs, eating her out until she screamed, then driving every inch of his huge dick into her hungry snatch.

The guys stroked themselves to full mast as they gawked shamelessly at their mothers' ripe bodies, their swollen cocks throbbing and leaking copious pre-cum. The MILFs reveled in the ravenous stares of their offspring, delighting in their power to inspire such uncontrollable lust.

After a few moments of this lewd ogling, the two groups slowly advanced on each other, pulled together like strong magnets.

Pulling their boys towards the bed, the MILFs laid back on the plush king-sized mattress, their lovely legs slowly spreading apart to reveal their glistening pink honeypots. The musky scent of aroused cougar filled the air as they crooked their fingers at their sons, beckoning them forward.

"Come to mommy, baby," Jocelyn cooed, running her hands over the smooth expanse of her inner thighs. "Let me wrap my legs around you and pull you in deep."

Finn eagerly crawled between his mother's warm silky thighs, positioning his throbbing erection at her slick entrance. Nina and Lana followed suit, welcoming Grant and Cory into the saddle of their splayed legs.

The boys rubbed the swollen purple heads of their cocks up and down their mothers' slippery slits, coating their crowns with clear feminine nectar. They used the tips to part the plump pussy lips, revealing the glistening pink flesh within.

Finn circled Jocelyn's needy entrance with his glans before sliding up to her throbbing clit. He pushed back the thick hood, exposing the grape-sized nub. Jocelyn gasped and twitched as Finn flicked the sensitive bundle of nerves with his leaking slit. Her copious juices flowed out to lubricate his entire cockhead, preparing him to penetrate her depths.

Grant and Cory teased Nina and Lana in a similar fashion, rubbing their fat mushroom tips against their mother's swollen clits and drenching them in slick secretions. The older women moaned wantonly, their hips undulating to grind against their sons' cocks.

The boys marveled at how their bulbous dickheads were essentially magnified versions of their mothers' clits. Finn stared in fascination at Jocelyn's throbbing bud, noting the striking similarities in shape and color to his own glans. Both were shiny and purplish-red, engorged with blood. The main difference was size - his knob was significantly larger, the circumference of a plum compared to her grape-sized nubbin.

Grant and Cory were equally enthralled by the sight of Nina and Lana's pulsing joy buttons. They couldn't help but notice how their own cockheads seemed molded from the same anatomical blueprint as their moms' pleasure centers, from the smooth rounded helmets to the thin groove bisecting the tips.

The teens gently pinched and rolled the sensitive bundles between their fingers, watching in awe as they twitched and swelled even further. Jocelyn, Nina and Lana bucked and whimpered at the intense stimulation, fresh rivulets of nectar flooding from their slick channels.

"Mmmm, baby, your big fat dickhead feels so good on Mommy's clit," Jocelyn panted, undulating her broad hips against Finn's prodding cock. "Momma needs that huge knob stretching her open. Shove it in me, honey!"

Nina and Lana voiced similar pleas, desperate to be penetrated by their virile sons. The aching emptiness in their pussies had become unbearable - they needed to be stuffed full of thick young cock immediately.

The boys were more than happy to oblige. They notched their swollen crowns against their mothers' dilated fuckholes, the plump labia parting to grant them entrance. With their clits thoroughly primed, the MILFs were slick and open, utterly prepared to be bred.

"Ready or not, here I cum," Finn growled as he gripped Jocelyn's meaty hips.

With a powerful flex of his own hips, Finn drove forward, preparing to sheath his throbbing shaft deep into his mother's succulent pussy. Jocelyn cried out sharply as her son's bulbous cockhead pushed past her slick entrance, instantly spreading her much wider than she was used to. The thick flared rim caught briefly on her muscular opening before it yielded with an audible squelch, the broad head popping inside.

Finn sank into Jocelyn's lush wet heat inch by meaty inch, his veiny shaft steadily disappearing between her puffy lips. He could feel every ripple and fold of his mother's most intimate place hugging his sensitive organ like a silky glove. Her syrupy inner walls fluttered and squeezed around his thickness, welcoming him in even as they struggled to accommodate his impressive girth.

About a third of the way in, the swollen head met resistance in the form of a pronounced fleshy bump - Jocelyn's G-spot. The spongy tissue quivered as Finn's cock rubbed insistently over it, sending jolts of electric pleasure shooting through the MILF's body. Her abundant cream gushed out around his plundering shaft, allowing him to slide in even deeper.

Soon Finn felt the tip of his cock nudge against a small divot in the top of his mother's channel - the entrance to her cervix. The tiny portal was pulled taut around his invading glans, fighting to keep him out of her innermost sanctum. But as he pushed steadily forward, it began to blossom open like a fleshy flower, the rim flaring to grant him passage.

With a triumphant thrust, Finn hilted himself in his mom's fertile depths, his swollen balls nestling against her upturned ass. Her cervix stretched obscenely around his tip, hugging it like a second mouth. He was buried as deep inside his mother as physically possible, utterly violating the once-sacred barrier meant to protect her womb.

Jocelyn wailed in euphoria as Finn's mammoth cock invaded her most intimate recesses, places that had never been touched by anything so large. It felt like he was splitting her in half, his veiny shaft pulsing against her clasp walls. She wrapped her long legs around his waist, locking her ankles to pull him in even deeper.

"Oh fuck baby, you're so deep in Mommy's pussy!" Jocelyn babbled deliriously, her eyes rolling back in her head. "I can feel you in my womb! Stuff me full of that huge cock!"

Finn grunted in satisfaction, relishing the exquisite tightness of his mother's cunt gripping him like a fist. He pulled back slowly, his glistening pole slipping out inch by inch, only to slam back in balls-deep. He set a steady pace, sawing in and out.

"Damn, my mom's pussy feels as tight as that virgin Becky I fucked the other night at Jason's party," Grant grunted as he hilted his thick cock in Nina's juicy cunt. He spoke to his friends as if his mother wasn't even there, like she was just a set of holes for him to use. "Maybe even tighter. Fuck, I can feel every ripple squeezing my dick."

Grant focused on the incredible sensation of Nina's corrugated vaginal walls stretching around his girth, the muscular flesh clinging to every ridge and vein. He pulled out until just the tip remained inside, admiring how her puffy lips gripped his shiny glans. Then he slammed back in, burying every inch in her clasp heat.

Nina moaned like a bitch in heat, her colossal tits bouncing as Grant pounded into her. "Mmmm yes baby, give Mommy that big cock! Harder! Deeper! Ruin my fucking pussy!"

Cory pistoned in and out of Lana's gushing snatch, his chiseled ass flexing powerfully. He loved how her thick cunt squeezed him like a vise, as if trying to milk the cum from his balls.

"Take it Mom, take my big fat cock," Cory growled, drilling her cervix with the head of his dick. "Gonna pound this pussy so hard. You'll never walk right again."

"Yes, destroy Mommy's cunt!" Lana wailed, gripping the sheets as Cory hammered her into the mattress. "I'm your fuck-toy now! Use me like a cock-sleeve!"

The room filled with the lewd sounds of raw fucking - wet squelches, meaty thwacks, grunts and moans. The king bed creaked dangerously as

three virile young bucks aggressively mated with their sex-starved mothers, giving them the hardest, deepest pounding of their lives.

The sons selfishly chased their pleasure, slamming in and out of the clasp wet cunts engulfing them. The mothers were just holes to them now, receptacles to dump their loads into. Their sole purpose was to milk their sons' cocks with their talented fuck-tunnels.

Jocelyn, Nina and Lana sobbed in ecstasy as they were used like rag-dolls, their bountiful tit-flesh and ass-cheeks rippling from the force of the thrusts. They had never been so thoroughly and masterfully fucked before, not even by their husbands on their wedding nights. Their teenage sons were ruining them for all other men, wrecking their pussies with their huge cocks and relentless virility.

Each coupling of mother and son was a unique anatomical puzzle piece, their genitals fitting together perfectly. Finn's girthy cock stretched Jocelyn's tight pussy to the limit, the flared ridge of his cockhead catching deliciously on her G-spot with every thrust. Her engorged clit ground against his pubic bone, zings of electric pleasure shooting through her.

Jocelyn's cunt was slick and tightly muscled from decades of Kegel exercises, her vaginal walls hugging Finn's veiny shaft like a custom-fitted glove. Her abundant juices flowed freely, allowing him to plunge in and out with obscene wet squelches.

Nina's cavernous pussy was a wet, velvety heaven squeezing around Grant's meaty cock. Her syrupy inner folds clung to every bump and ridge of his thickness, rippling along the sensitive flesh. Grant's bulbous cockhead plunged into her buttery depths over and over, parting her muscles and kissing the entrance to her womb. Her powerful vaginal muscles contracted rhythmically, as if to milk his shaft of every drop of cum. Nina's sweet nectar drenched his balls, the intoxicating scent of her arousal filling the air.

Lana's cunt was hot and hungry as it engulfed Cory's impressive length. Her puffy pussy lips stretched obscenely around his girth, clinging to his veiny shaft. The rim of his broad head dragged deliciously along her ribbed walls with every stroke, stimulating the sensitive nerve endings. The mother tilted her pelvis to take him even deeper, changing the angle so his cockhead pummeled her G-spot. Her drenched hole made sloppy noises as he sawed in and out, his heavy balls smacking against her ass.

The mothers gyrated their hips to meet every thrust, grinding their throbbing clits against their sons' pistoning cocks. The frenulum on the underside of each cockhead rubbed against the spongy tissue with delicious friction. The slick genital nectar allowed the boys to penetrate deeper and harder with each stroke, until they were pounding against the very entrance of their mothers' wombs.

The sons flexed their powerful pelvic muscles, drawing back before slamming balls deep into the hot, claspng cunts engulfing them. Their rock hard shafts plundered their mothers' innermost depths with savage intensity, the broad dickheads pummeling cervixes. Their heavy balls churned with potent seed, preparing to flood fertile wombs with virile spunk.

Jocelyn, Nina, and Lana writhed and thrashed beneath their sons' relentless drilling, their voluptuous bodies shuddering with ecstasy. Their heavy breasts bounced wildly and asses jiggled as they were fucked into oblivion. Fingernails raked down sweat-slicked backs as the boys rutted on top of them.

The sons reveled in the feel of their mothers' toned, silky-smooth legs wrapped around them like fleshy fuck harnesses. Those shapely gams gripped them tight, ankles crossed and locking them in place, as if the MILFs never wanted to let them go. Jocelyn, Nina and Lana used the powerful muscles of their thighs and calves to pull their boys in deeper with each thrust, hungry for every inch of throbbing cock-meat.

Finn groaned as his mom's strong legs squeezed his waist, her dainty feet bobbing against his lower back. He could feel her flexing her leg muscles, clamping down on him like a vise. It was as if her very flesh was begging him to keep plowing her, to never stop fucking her needy cunt.

Grant grunted as Nina wrapped her thick thighs around him, her heels digging into his pumping ass cheeks. The feel of her smooth calves rubbing against his sides drove him wild. He loved how her legs imprisoned him, refusing to release him until he dumped his load deep inside her.

Cory panted as his mom locked her ankles together behind his back, using her sexy stems to urge him on. He could feel her shapely feet pressed against his spine as he rutted into her, the arches rubbing his skin. Her legs were like a velvet trap, and he was ensnared in her clutches.

The lewd wet sounds of vigorous fucking filled the room as the boys savagely pounded their mothers' dripping pussies. Meaty smacks echoed obscenely as the sons' swollen balls slapped against the mothers' jiggling asses with every thrust. The pungent musk of sex hung heavy in the air.

"Fuck yes, baby! Harder!" Jocelyn wailed, tightening her leg lock around Finn's waist. "Destroy Mommy's pussy with that huge fucking cock!"

Finn responded by slamming into her even more forcefully, the head of his dick pummeling her cervix. He could feel her cunt clenching and fluttering around him, sucking him in. Her cream flooded out to coat his pistoning shaft, allowing him to plunge into her sodden fuckhole with ease.

"Take it, Mom!" Grant snarled as he speared Nina's molten twat with his veiny pole. "Gonna ruin this cunt for Dad. Stretch it the fuck out!"

Nina's colossal jugs jiggled like jello as Grant pounded her into the mattress. She locked her ankles tighter, pulling him in balls deep. Her

honeyed walls rippled along his plunging length, slick muscles squeezing him like a fist.

"Yes, ruin me!" Lana sobbed as Cory ravaged her slippery snatch.

The thrusting cocks stimulated the mothers' most intimate pleasure centers with ruthless efficiency, rapidly propelling them towards mind-blowing climaxes. Jocelyn, Nina and Lana could feel their clitoral roots pulsing with need, the dense nerve bundles radiating electric bliss through their bodies with every stroke.

The sons' bulbous cockheads dragged deliciously over the ribbed roof of their mothers' cunts, mashing against the spongy patch of G-spot tissue. The fleshy bump swelled with each pass, engorging with blood until it jutted prominently into the clasp channels.

Finn angled his hips to saw his girthy shaft directly over Jocelyn's G-spot, applying relentless pressure to the sensitive bundle of nerves. He could feel it quivering against the top side of his dick, growing more pronounced with every thrust. Clear feminine nectar gushed around his driving cock as he pummeled the magic button, soaking his groin.

"Ohhhh fuck! Right there baby!" Jocelyn keened, seeing stars as Finn zeroed in on her sweet spot. "You're gonna make Mommy cum so fucking hard!"

Grant used the ridge of his cockhead like a blunt instrument, rubbing insistently over his mom's G-spot on every in-stroke. He ground the spot with the underside of his shaft as he hilted inside her, applying delicious friction to the pleasure pad. Nina's eyes rolled back as jolts of rapture shot through her voluptuous frame.

"Mmmm yes, just like that!" she babbled incoherently. "Milk my fucking G-spot! Gonna...gonna cum!"

Cory pistoned directly into Lana's sweet-spot, the broad tip of his dick bumping over the responsive patch with brutal efficiency. He could feel it

swelling against his cockhead, growing more engorged with each pass. Lana's copious juices squirted out around his plunging pole as he maniacally stimulated the nerves.

"Deeper! Harder! Fuck my G-spot raw!" Lana wailed, her cunt clenching uncontrollably around Cory's shaft.

The boys panted with exertion as they aggressively fucked their mothers, sweat dripping down their flexing bodies. They could feel the older women's pussies starting to flutter and contract erratically around their cocks, signaling impending orgasms. Determined to push them over the edge, the teens doubled their efforts, slamming in balls deep and grinding against G-spots with ruthless precision.

The bed shook violently and creaked in protest as the boys hammered into their mothers' dripping cunts with jackhammer intensity. The sturdy frame lifted off the floor from the sheer force of their thrusts, the box spring squealing. Finn, Grant and Cory gritted their teeth as they pistoned their hips, their taut ass cheeks clenching with every powerful drive forward.

"Fuck, this cunt is gripping me so tight," Finn grunted as he long-stroked Jocelyn's quivering pussy. "Feels like her pussy is trying to rip my cock off!"

"I know bro, my mom's snatch is sucking me in like a black hole," Grant panted, sawing in and out of Nina's sloppy hole. "The suctioning ripples are unreal."

"Dude, those greedy kegels are milking my dick so hard," Cory groaned as he pile-driven into Lana's spasming twat. "It's like her cunt has a mind of its own, desperately trying to drain my balls dry."

The trio of horny teens talked about the incredible sensations engulfing their plundering cocks as if they were players on the same team, committed to bringing each other maximum pleasure. They took pride in

their staying power and sexual prowess, determined to give their moms the most mind-blowing orgasms of their lives.

Finn focused on the slick, strangling grip of Jocelyn's vaginal muscles rippling along his veiny shaft, squeezing him rhythmically as he pumped in and out. "It's like her pussy is pulsating, massaging every fucking inch of my meat. Shit, I'm not gonna last much longer at this rate!"

Grant reveled in the buttery soft glide of his mother's cream-slicked cunt, allowing him to penetrate her deepest recesses. "It's so hot and wet, like fucking into warm silk. I can feel every fold and flutter caressing my swollen head. I'm gonna bust the biggest nut of my life in this sweet hole!"

Cory lost himself in the velvety suction of Lana's clapping twat, her inner muscles clinging to him like a needy mouth. "Fuck, it's like her snatch is sucking and slurping on my cock, desperately hungry for my jizz. I'm gonna paint her fucking cervix with so much spunk!"

The sons savored the exquisite friction of their raging hard-ons sawing through the tight, clinging heat of their mothers' heavenly cunts. The sensation of the ribbed walls grasping them, trying to milk their cocks dry, was driving them wild with lust.

Jocelyn could feel the intense pressure building deep within her loins as Finn relentlessly pounded her G-spot. His girthy cock head was grinding against the spongy bump of nerves with each thrust, sending electric jolts of pleasure rippling through her voluptuous frame. The coil of tension in her pelvis wound tighter and tighter, her swollen clit pulsing in time to his strokes.

"Oh God...oh fuck...I'm gonna cum!" Jocelyn wailed, her fingernails digging into Finn's flexing back muscles. "Don't stop baby, I'm almost there!"

Finn grunted with effort as he jack-hammered into his mother's spasming cunt, the wet squelches of his pistoning cock obscenely loud. He could feel her internal muscles starting to clench around him erratically, quivering and fluttering along his veiny shaft. Her creamy nectar flooded out around his plunging pole, soaking his groin.

Jocelyn threw her head back and screamed to the heavens as the most intense orgasm of her life ripped through her. It started deep in her core, a white-hot ball of ecstasy detonating behind her pubic bone. The pleasure radiated outwards in waves, her clitoral complex pulsing wildly as 8000 hyper-sensitized nerve endings fired at once.

Her slick vaginal muscles clamped down HARD on Finn's thrusting cock, the powerful contractions rippling from the opening of her cunt all the way to the depths of her cervix. Her G-spot seemed to swell to the size of a walnut, throbbing against the underside of his shaft. Clear feminine ejaculate gushed from her urethra with the force of a geyser, splattering against Finn's pistoning groin.

"OHHHHH FUUUUUUCCKKKK!!!" Jocelyn shrieked at the top of her lungs, her eyes rolling back in her skull. Her voluptuous body convulsed violently, back arching sharply off the bed. Her massive tits bounced wildly as tremors wracked her curvy frame.

Finn groaned as his mother's fluttering sheath squeezed and milked his pulsing cock, the muscular ripples massaging him from base to tip. Her ejaculate sprayed his balls and pubic hair as it squirted out around his plunging girth.

Nina's climax hit her like a freight train, every nerve ending in her body igniting with rapture. Grant's meaty cock pummeled her G-spot mercilessly, pushing her over the edge into ecstasy. Her clitoris pulsed and throbbed as if it had its own heartbeat, engorged to the size of a cherry.

Nina's slick vaginal muscles clenched vice-tight around Grant's plunging shaft, rippling from entrance to cervix. Her cream gushed out in a torrential flood, sluicing down his churning balls. Her uterus spasmed wildly, the muscular contractions radiating deep in her core.

"HNNNNGGGGHHHH!! FUCK YESSSS!!" Nina screamed, her entire body quaking with the force of her orgasm. Her gargantuan breasts jiggled like fleshy earthquakes, the hard nipples pointing to the ceiling. Her toes curled so hard they cramped as she drowned in a sea of bliss.

Grant grunted as Nina's syrupy twat squeezed and fluttered around his hammering cock, the undulating walls caressing every throbbing inch. Her ejaculate drenched his groin as it squirted out, splattering his abs and chest. He could feel her cervix gaping wide, fluttering open like an extra mouth around his plundering tip.

Lana sobbed in euphoria as the most powerful climax of her existence overwhelmed her, Cory's tireless jackhammering against her G-spot sending her into a state of nirvana. Her clit pulsed against his pistoning shaft, the plump bud twitching uncontrollably. Her inflamed vaginal muscles seized around his sawing pole, the clenching walls rippling from opening to womb.

Lana's core exploded in a supernova of ecstasy, electric currents of rapture surging through every cell. Her copious nectar squirted out around Cory's plunging cock with impressive force, splashing his sweat-slicked skin. Her cervix spasmed wildly, gaping and pulsing with need.

"OHHHH GAWWWWD!!! FUUUUCCCKKK MEEEE!!!" Lana wailed deliriously, her voluptuous body thrashing beneath her rutting son. Her massive jugs bounced like fleshy wrecking balls, the engorged nipples leaking milk. Her thick thighs clamped around Cory's waist as her orgasm crested, locking him in place.

Cory groaned as Lana's convulsing twat gripped him like a silken fist, the undulating muscles squeezing him rhythmically from root to tip.

"Fuck, I'm gonna cum!" Cory roared, his heavy balls drawing up tight against his body. "Gonna flood this cunt with so much fucking jizz!"

Cory could feel the intense pressure building in his groin as Lana's spasming pussy milked his cock. His swollen testicles churned with virile seed, preparing to shoot a massive load. The base of his shaft started to pulse as the semen traveled up his urethra.

With an animalistic grunt, Cory buried his cock to the hilt inside his mom's fluttering twat, his cockhead lodged deep in her cervix. The bulbous head flared and pulsed as it unleashed a torrent of cum directly into her womb. Thick ropes of pearly jism erupted from his tip, splattering against her convulsing walls.

Cory's shaft throbbed and jerked as he ejaculated, each contraction sending another heavy spurt of semen flooding Lana's cunt. He could feel his potent seed pumping into her, the hot fluid sloshing around his plundering cock. Her cervix clenched and unclenched around his unloading tip, suckling the cum from his slit like a thirsty mouth.

Lana wailed in ecstasy as her son's steaming load basted her insides, setting off another intense orgasm. Her vaginal muscles rippled along his pulsing length, squeezing out every drop of his seed. Her greedy cunt seemed to suck the jizz from his balls as it spasmed wildly around him, desperate to milk him dry. Her own ejaculate mingled with his cum, the mixture frothing at the base of his shaft.

"Yes baby, give Mommy all your cum!" Lana babbled incoherently, her eyes rolling back as her womb was flooded with potent spunk. "Fill me up! Breed me with your seed!"

Cory growled as the last few spurts of cum pumped into Lana's fluttering twat, his balls completely drained. He collapsed on top of her, his softening cock still buried in her cum-slicked folds. He could feel their combined fluids leaking out around his shaft, soaking the sheets beneath them.

Finn and Grant watched in awe as their friend unloaded inside his mother, marveling at the sheer volume of semen pumping into her. The erotic sight pushed them over the edge, their cocks swelling and pulsing as their own orgasms approached.

"Shit, I'm gonna bust too!" Finn groaned, his cock throbbing wildly inside Jocelyn's clenching cunt. He could feel the cum boiling in his balls, preparing to erupt.

"Fuck, same here!" Grant grunted, his shaft jerking as he plowed into his mom's pussy.

With a primal roar, Finn slammed his cock balls-deep into Jocelyn's spasming pussy, the broad head popping past her cervix. His swollen shaft pulsed and throbbed as it unleashed a deluge of hot cum directly into her womb. Thick ropes of pearly jism erupted from his slit, painting her convulsing walls white.

"FUUUUUCCKKK!! Take my load, Mom!" Finn bellowed as spurt after spurt of potent seed gushed from his cock, flooding Jocelyn's fertile depths. He could feel his cum sloshing around his plunging shaft, mixing obscenely with her feminine nectar.

Jocelyn shrieked in rapture as her teen's searing semen splattered her insides, triggering another body-quaking orgasm. Her greedy cunt rippled and squeezed around his erupting cock, milking him for every drop. Her cervix fluttered wildly, suckling the jizz from his slit like a hungry mouth.

"Yes baby, give me your cum!" Jocelyn wailed deliriously, her eyes rolling back as her son's seed pumped into her womb. "Fill Mommy's pussy! Knock me up!"

Grant grunted like a rutting animal as he bottomed out in Nina's quivering twat, his cockhead splitting her cervix wide open. His meaty

pole flexed and kicked as it disgorged a massive load, semen spurting from his tip like a geyser.

"Unnngghhh!! Breed that cunt!" Grant snarled as his balls unloaded in Nina's fluttering fuckhole, the virile spunk splattering her thirsty walls. He could feel his seed jetting into her in powerful bursts, each contraction of his shaft sending another heavy rope splashing against her womb.

Nina howled in ecstasy as her boy's molten cum flooded her pussy, the feel of his pulsing cock pumping her full of jizz making her climax again even harder. Her vaginal muscles rippled along his spurting shaft, squeezing out every drop. Her juices gushed around his erupting cock, sloshing lewdly with his seed.

"OH GOD YESSS!!! Cum in Mommy's cunt!" Nina babbled incoherently, her whole body shaking as her womb was inundated with potent spunk. "Fill me with your baby batter!"

The three sons groaned in unison as the last few spurts of cum drained from their balls, their mothers' fluttering cunts milking them dry. They collapsed on top of the women, chests heaving, softening cocks still buried in cum-slicked folds. Jism oozed out around their shafts, soaking the sheets beneath.

The mothers and sons finally untangled their sweat-slicked limbs, rising on shaky legs. Jocelyn, Lana and Nina's voluptuous bodies glistened with perspiration, their massive tits heaving as they tried to catch their breath. Pearly rivulets of cum trickled down their thick thighs, the potent seed leaking from their well-fucked cunts.

Finn, Grant and Cory's ripped physiques were also drenched in sweat, muscles bulging. Their semi-hard cocks bobbed heavily between their legs, coated in a sheen of pussy juice and spunk. Globes of jism dripped from the softening tips, splattering the carpet.

"Whew, I need some water after that workout," Jocelyn panted, fanning herself. Her gigantic breasts swayed with the motion, drawing the boys' eyes. "Let's head to the kitchen and rehydrate before the next round."

The naked group padded down the hallway towards the kitchen, a parade of jiggling tits and asses. The women's monumental jugs bounced hypnotically with each step, the hard nipples pointing straight ahead. Their bubbly backsides undulated seductively, the meaty cheeks rippling and quaking. Globes of cum oozed out of their puffy fuckholes with each movement, leaving a lewd trail behind them.

The boys' hefty balls swung low as they walked, churning with a fresh batch of seed. Their cocks began to stiffen again, engorged shafts jutting out proudly. They ogled the MILFs' incredible bodies blatantly, eyes roving over acres of smooth tanned skin and mouthwatering curves.

"Damn Mom, your tits are unreal," Finn groaned, palming Jocelyn's left globe and giving it a firm squeeze. The heavy tit-flesh overflowed his hand obscenely. "I could play with these big titties all day."

"Mmmm yes, well you better play away then, baby boy, because today is your only day, remember?" Jocelyn purred, arching into his touch.

"I guess I better then," he agreed, sinking his face into the flesh of her giant boob and latching to her fat, rubbery teat. Unlike the two other moms, Jocelyn's tits weren't lactating as much, since her two-year-old daughter had recently weaned. However, with a particularly hard suckle, Finn was able to pull a yummy mouthful of nectar from her palpable melon.

Cory moved behind his mom Lana, cupping her bodacious ass cheeks possessively. He kneaded the plump flesh, fingers sinking into her. A glob of his cum dribbled out of her gaping pussy, trickling down her taint.

"Fuck Mom, this phat ass is a work of art," Cory growled, giving her rump a sharp smack. The obese cheek jiggled from the impact. "Can't wait to bury my cock in it later."

"Oooh yes, baby boy!" Lana yelped, grinding her ass back against him. "Stuff Mommy's asshole with that big dick. Ruin my shitter!"

Grant pulled Nina close and captured her lips in a searing kiss, their tongues dueling sloppily inside his mouth, her own licker moving with porn star skill. His hands roamed her hourglass figure greedily, squeezing her enormous rack and plump ass, his fingers sinking into their fatty flesh. Nina moaned into his mouth, reaching down to stroke his thickening cock.

"Such a sexy fucking MILF," Grant grunted as he broke the kiss. He tweaked her swollen nipples roughly, drawing out beads of milk. "Gonna wreck all your holes, Ma. Turn you into my personal cum-dump."

"Yes, fucking wreck me baby!" Nina whimpered, jacking his hot, sinewy cock faster. "Use Mommy however you want. I'm your fuck-toy today."

The trio stumbled into the kitchen, a tangle of writhing limbs and grinding bodies. They chugged from water bottles, cold liquid escaping their mouths, sluicing over jiggling tits and flexing muscles. Rivulets flowed through the valleys of impressive cleavage and cascaded down washboard abs.

Jocelyn bent over to retrieve a bottle from the fridge, her giant ass-cheeks spreading to reveal her winking rosebud.

"Shit!" Finn gasped, licking his lips as he moved behind her, notching his stiffened cock between her meaty buns. He humped against her slippery crack, cockhead catching on her puckered sphincter, pressing its way inside.

"Oooh honey, you want to fuck Mommy's asshole, don't you?" Jocelyn purred, wiggling her prodigious rump. "Shove that fat cock in my shitter, baby. Stretch me out!"

Finn grabbed his mother's hips, thumbs sinking into her plush cheeks. He lined up his bulbous tip with her quivering anus and pushed, watching in fascination as the tight ring of muscle stretched obscenely around his girth. Jocelyn's breath hitched as her back door was penetrated, the delicate tissues parting to grant him entrance, the elastic ring of her asshole fitting around the neck of his glans.

"Fuck, your ass is so tight!" Finn grunted as he sank into her, inch after inch of his veiny cock disappearing between her cheeks. He could feel her anal walls gripping him like a hot silken vise. "Gonna loosen this shithole up real good."

Jocelyn panted and whined as her rectum was stuffed full of hard teenage cock, the sensitive nerve endings lighting up with pleasure along the smooth tract of her ass-tube. She braced herself against the counter as her boy started to thrust, slowly at first, then picking up speed. The wet slap of flesh on flesh echoed obscenely as he sodomized her, his heavy balls smacking her pussy.

"Oh God yes, fuck my ass!" Jocelyn wailed, tossing her head back. "Pound Mommy's shitter with that big dick! Make me your anal whore!"

"Shit yeah, Ma!" the teen gasped, watched her bubble butt ripple as he hit her with a series of thumper-humps.

Nina hopped up on the kitchen island, massive mammaries wobbling, milk dripping from swollen teats. She spread her thick thighs wide, one hand reaching down to spread her puffy pussy lips apart, putting her glistening pink insides on lewd display.

"Come eat Mommy's cunt, baby," Nina cooed to Grant, crooking a finger. "Shove that talented tongue deep in my fuck-hole."

Grant dove between his mother's legs like a man possessed, burying his face in her sweet snatch. He lapped at her swollen folds greedily, licking up the tangy mixture of their combined juices. Masked in pussy-flesh, he thrust his tongue inside her channel, swirling it around to gather their mingled essences.

"Oooh fuck yesss! Tongue-fuck Mommy's twat!" Nina gasped, grinding against his face. Her ass slid on the granite countertop, leaving a smear of girl-goo. "Suck on my clit, honey! Make me cum!"

Grant zeroed in on Nina's engorged bud, drawing it into his mouth and flicking the sensitive bundle of nerves with the tip of his tongue. He alternated between laving her clit and plunging back inside her weeping hole, fucking her with his skilled muscle. He brought a hand up to diddle her anus, the tip of his finger toying with the puckered rosette.

Lana knelt before Cory, taking his stiff rod in hand. She pumped him root to tip, admiring how insanely erect he was, the thick veins pulsing beneath her fingers. A bead of pre-goo bubbled from his meatus and she leaned in to lap it up, swirling her tongue around his swollen head.

"Mmmm, I love the taste of your cock, baby boy," Lana purred, licking her lips. "Mommy's gonna suck this big dick so good. Gonna drain these fat balls dry."

Lana opened wide and descended on Cory's throbbing cock, taking him deep into the warm wet cavern of her mouth. She relaxed her throat muscles, allowing the broad tip to push past her tonsils as she swallowed him to the root. Her nose nestled in his wiry pubes, inhaling the musky scent of her son's arousal.

"Oh fuck yeah, take it all, Mom!" Cory groaned, grasping Lana's head. He rocked his hips, fucking her face with shallow thrusts. "Gonna feed you so much cum. Pump it right down your fucking throat!"

The kitchen was filled with the lewd sounds of slurping and smacking as the boys used their mothers like the fuck-holes they were. Wet squelches and muffled gags intermingled with the steady slap of flesh on flesh. Moans and grunts of pleasure grew louder as the rutting reached a fever pitch.

Finn pistoned his hips frantically, pile-driving into Jocelyn's stretched asshole. His mother sobbed and drooled as he wrecked her back door, ass cheeks rippling from the force of his thrusts. Her intestines clutched at his sawing pole, the muscular walls milking him greedily.

Grant attacked Nina's pussy like a starving man, slurping and sucking noisily. He jabbed two fingers into her clenching cunt, pumping them furiously as he gnawed on her clit. Her abundant honey gushed out to coat his chin, the musky essence intoxicating.

Lana bobbed her head in Cory's lap, masterfully worshipping his cock with lips and tongue. She slurped lewdly as she depthroated him to the balls, throat muscles rippling along his shaft. Her hand crept between her legs to diddle her aching clit, frigging herself furiously.

"Fuck, here it comes!" Finn roared as his orgasm crashed over him like a tidal wave. His knob ballooned deep inside her ass and his cock jerked and throbbed as it disgorged a massive load, semen flooding Jocelyn's guts.

Finn's swollen glans flared impossibly wide as he erupted, stretching Jocelyn's spasming sphincter to the limit. The meaty purple head pulsed and kicked, firing off volleys of hot cum deep into her clenching rectum.

"Oh! Ohhh shit!" the teen whimpered as her rippling bowel walls hugged the broad crown as it throbbed, the quivering tissues milking him with obscene efficiency.

Jocelyn could feel every thick rope of jism splattering her tender anal lining as her son drained his balls in her ass. The searing spunk coated her contracting chute, painting it white with his seed. Her clenching rosebud fluttered around the base of his cock as he pumped her full, the sticky fluid squishing out to matt his pubes.

"OHHHH FUCK! Seeding Mommy's shitter!" Finn bellowed in ecstasy, gripping her hips bruisingly as he emptied his heavy sack. His body shuddered violently with each spurt, the slit of his cock slit gaping to disgorge the massive load.

Finn's meatus was completely smothered by Jocelyn's grasping backdoor as it spewed, the snug passage forming a vacuum seal around his tip. Her internal muscles constricted and released rapidly, squeezing out every drop of spunk like a needy mouth. Her swollen prostate throbbed against the underside of his cockhead as she climaxed anally, heightening his pleasure.

"Yes baby, give me that hot cum!" Jocelyn keened, fingers clawing at the countertop as her asshole was flooded with semen. "Fill Mommy's guts with your seed! Make me your anal cum-slut!"

Meanwhile, Cory grabbed his mother's head with both hands, holding her in place as he fucked her face with abandon. His hips became a blur as he chased his pleasure, balls slapping against her chin with cum-slut."

"Oh damn, just like a pussy!" the boy exclaimed, amazed by how hard and deep he could fuck his mom's mouth. Drool ran down Lana's jiggling tits as she gagged and sputtered, eyes rolling back in bliss.

"Take my load, mom!" Cory snarled as he crammed his cock down Lana's gullet, his swollen cockhead lodging in her esophagus. His shaft pulsed and throbbed as he ejaculated directly into her stomach, pumping wad after wad of hot boy-cum down her throat.

Jocelyn suddenly pulled away from her son Finn with a mischievous grin, his softening cock slipping out of her well-fucked ass with a wet plop, her asshole clenching closed. "Last one back to the bed is a rotten egg!" she called out playfully as she took off running down the hall, her monumental jugs bouncing wildly.

"Hey, no fair!" Nina laughed as she hopped off the counter and chased after her friend, acres of thick tanned ass-flesh jiggling hypnotically. Globes of cum and tit-milk sprayed everywhere as the two stacked MILFs raced each other stark naked.

"Wait for me!" Lana giggled, taking a moment to plant a sloppy kiss on Cory's lips before bounding after them, her huge mommy-rack swinging side to side. Pearly rivulets painted abstract patterns on the walls as the fluids were flung from her heaving tits.

The three young studs exchanged amused glances before loping after their sexy mothers, their hefty balls swinging low and semi-hard cocks bobbing. The pungent scent of sex and female arousal grew thicker as they reached the master bedroom.

Jocelyn, Nina and Lana were sprawled out on the king-sized bed, posed seductively as they waited for their virile sons. Their voluptuous bodies glistened with sweat and sexual fluids, full breasts heaving with each breath. Cum oozed out of their thoroughly fucked holes to pool on the expensive silk sheets.

"Get over here and let Mommy worship that sexy young body," Jocelyn purred, crooking a finger at Finn. He smirked and laid down beside her, folding his hands behind his head and presenting his ripped physique for her adoration.

Nina and Lana followed suit, beckoning their boys to lay back and relax. Grant and Cory eagerly complied, getting into position so their stacked mothers could have their wicked way with them.

The MILFs took a moment to drink in the glorious sight of their muscular sons laid out like buffets of prime beefcake. Jocelyn admired Finn's bulging biceps and washboard abs, while Nina zeroed in on Grant's chiseled pecs and V-cut hips. Lana licked her lips as she ogled Cory's sculpted shoulders and powerful thighs.

“Fuck!” the mother gasped in adoration.

Exchanging knowing glances, the three mothers descended on their offspring like lionesses on fresh kill. They started at the top, showering the teens' handsome faces with kisses. Plump lips trailed over high cheekbones and sharp jaws, tasting the faint saltiness of perspiration.

"Mmmm, my baby boy is so fucking sexy," Jocelyn murmured between smooches, her giant tits grazing Finn's chest.

The moms worked their way down, licking broad swaths across pecs and abs with the flat of their tongues. They traced the cut lines between muscles, dipping into belly buttons playfully. Lips closed around tiny brown nipples, suckling the sensitive nubs until they pebbled.

"Fuck yeah Ma, worship my body," Grant groaned, flexing his eight-pack as Nina laved his washboard stomach. She moaned appreciatively, dragging her tongue along each defined ridge.

Wet mouths blazed trails of pleasure across acres of bronzed skin as the MILFs mapped their sons' physiques with lips and tongues. They nibbled and suckled every dip and swell, leaving goosebumps in their wake. Jocelyn paused to sink her teeth into Finn's meaty pec, growling ferally as she marked him.

The boys grinned at each other, eyes glazed with lust as their stacked mothers explored their ripped bodies. Finn shot Grant a thumbs up as Jocelyn slurped at his abs, the wet smacks obscenely loud. Grant winked back, shivering as his own mom's tongue swirled around his bellybutton.

Lana made her way down to Cory's V-cut hips, tracing the deep grooves with her lips. She dipped lower, bypassing his stiffening cock to mouth at his heavy ballsac, feeling the cum-laden orbs shift beneath his skin. Her talented tongue lapped at the delicate flesh, savoring the musky flavor of her son's most intimate area.

The mothers suckled the boys' fleshy sacs, the warm weights rolling on their tongues. They lifted the hefty testes reverently, nuzzling the wrinkled skin. Soft lips pursed around each nut, drawing it into the wet heat of a suckling mouth.

"Holy shit that feels amazing," Cory panted, hips twitching as Lana worship worshipped his balls. Similar groans issued from Finn and Grant as their moms lavished attention on their cum-swollen jewels.

The mothers crammed their sons' hefty ballsacks into their mouths, enveloping the fleshy orbs in wet heat. Their cheeks hollowed as they suckled, creating an exquisite suction that had the teens groaning in bliss. Long, strong tongues laved at the delicate skin, tracing blue veins and throbbing tubes.

Jocelyn, Nina and Lana could feel Finn, Grant and Cory's swollen testes rolling heavily on their palates, the wrinkled sacs contracting rhythmically. They ran the tips of their tongues along pulsing vas deferens, the sperm-carrying tubes quivering with need. Pursed lips ringed the base of each scrotum, tugging gently on the loose flesh.

The inside of the boys' nutsacks were a marvel of evolutionary engineering, a complex system of cords and tubes designed for optimal semen production and transport. Finn's balls churned with virile seed, his robust epididymis and seminiferous tubules working overtime to generate massive loads.

Grant's gonads were equally impressive, his bulbous testicles throbbing with the need for release. His cremaster muscles flexed, drawing the cum-laden orbs up closer to his body. Drawing it back down with hot wet

suction, Nina hummed around the warm weights, savoring their heft on her tongue.

Cory shuddered and gasped as his mom suckled his jewels, his spongy vas deferens fluttering against her questing muscle. She could feel his scrotum tightening, his balls preparing to unleash a deluge of spunk. Her lips formed a tight seal around the base, applying delicious pressure to the tender flesh.

The teenagers made incoherent noises of pleasure as their mothers worshipped their most sensitive anatomy, licking and sucking their balls with wanton abandon. Drool leaked from the corners of the women's stretched mouths, coating the boys' fuzzy sacs in shiny ropes. Muffled slurps and hums vibrated through swollen scrota, adding to the toe-curling stimulation.

After thoroughly bathing their sons' nutsacks with spit, the MILFs released the fleshy globes from their oral embrace. Strands of saliva connected pursed lips to glistening skin, finally breaking to splatter on twitching thighs. The boys' balls were now soaked and throbbing, churning with seed desperate to escape.

"Mmmm, such a tasty sack," Jocelyn purred, nuzzling Finn's drenched ballbag. "Mommy can't wait to drain these fat nuts dry. Pump all that thick baby batter into my pussy."

Nina licked a stripe up Grant's taint, flicking the sensitive patch of skin behind his balls. "Gonna suck every drop of jizz outta these cum tanks, honey."

In unison, the moms bent their heads and extended their tongues, swiping them up the throbbing undersides of the boys stalks from root to tip. The boys shuddered and cursed at the electric contact, the crowns of their cocks weeping pre-cum. The moms lapped up the salty essence greedily, savoring the flavor of their sons' arousal.

The boys watched with bated breath as their sexy mothers crawled up their muscular bodies, heavy, dangling udders gently wobbling back and forth as they positioning themselves above their straining erections. Jocelyn straddled Finn's hips, her gigantic tits swaying hypnotically in his face.

Nina mounted Grant in a reverse cowgirl, presenting him with a perfect view of her bountiful ass.

Lana knelt over Cory's pelvis, reaching behind to grasp his throbbing shaft at its root.

In tandem, the MILFs rubbed the swollen heads of their sons' cocks against their dripping slits, coating the broad tips in slick feminine arousal. They swirled the leaking crowns around their engorged clits, gasping as pleasure sparked through their nerves.

"Fuck Mom, stop teasing and put it in," Finn groaned desperately, watching his cockhead slip and slide between Jocelyn's puffy pink folds. Her molten core radiated incredible heat against his sensitive glans.

With a wink, Jocelyn notched the flared head of her son's cock at her entrance and began to sink down. Her greedy cunt devoured his thickness inch by inch, plush walls parting to sheath him in liquid silk. She didn't stop until she was fully impaled on his iron-hard pole, the tip crushed against her cervix.

"Oooh baby, you're so deep inside Mommy," Jocelyn purred as she started to rock her hips, riding Finn's dick with slow, sensual undulations. Her massive jugs jiggled and swayed above him, the hard nipples grazing his face. "Gonna milk this fat cock so good..."

Nina rubbed the spongy head of Grant's cock against her puckered asshole, making them both shiver with anticipation. She had never let a man sodomize her before, saving her anal cherry for someone special. And who could be more special than her own hung son?

"Mom, are you sure?" Grant asked hoarsely, even as his cockhead pushed insistently at the resistant ring of muscle guarding Nina's back door.

"Yes baby, I want you to have it," Nina replied breathlessly, bearing down to open herself to him. "Take my ass. Ruin all my holes on your big dick."

Grant gripped his mother's plump ass cheeks and pulled them apart as he thrust his hips upward, forcing the broad head of his cock past her sphincter. Nina cried out at the intense stretch, her impossibly tight hole clenching around his invading thickness. Grant grunted at the silky vice engulfing him, pushing forward until every inch was buried in his mom's spasming rectum.

"Fuck, so tight," Grant gritted out as he started to piston his hips, sawing his cock in and out of Nina's gripping heat. The wet squelches of his pole plundering her ass.

The boy marveled at the exquisite sensation of Nina's tight anal cavity squeezing his plunging cock. The silky smooth tissues of her rectum hugged his veiny shaft like a glove, the muscular walls clinging to every ridge and contour. He could feel every ripple and flutter of her internal muscles as they stretched obscenely around his girth.

Nina's back passage was hot and slick, allowing Grant's broad cockhead to glide through her most intimate depths with ease. The bulbous tip stretched her open, carving a path deep into her bowels. His leaking slit smeared viscous pre-cum along her anal walls, adding lubricant to the delicious friction.

"Oh God, baby! You're splitting me open!" Nina wailed as Grant's thick pole sawed in and out of her gripping asshole. She could feel his oversized glans dragging along her sensitive nerve endings with each stroke, igniting bolts of intense pleasure. "Fuck my ass harder! Wreck Mommy's shitter!"

Her son pistoned his hips faster, the force of his thrusts making his mom's bountiful ass cheeks jiggle and quake. Wet, meaty smacks filled the room as his groin collided with her ample rump. His heavy balls slapped against her dripping pussy with each pump, the lewd rhythm spurring him on.

He reached around to maul Nina's gigantic tits as they swung beneath her, sinking his fingers into the pliant flesh. Her colossal udders overflowed his big hands obscenely, the hard nipples poking into his palms. He roughly tweaked and tugged on the rubbery nubs, making tit-nectar flow through his fingers and his mother gasp and arch.

Cory lay back and groaned in bliss as his mom's tight, wet cunt swallowed his cock to the root. Her slick folds stretched around his thickness like a second skin, clasping him in liquid heat. She rose up until just the tip remained inside, then slammed back down, engulfing him fully once more.

"Ride that dick, Mom," Cory panted, gripping Lana's undulating hips as she bounced on his stiff teenage pole. Her spectacular ass rippled each time she impaled herself, the fat cheeks jiggling. "Milk my cock with that hot MILF pussy!"

Lana rolled her hips in sensual figure eights, stirring Cory's massive cock inside her clutching sheath. Her velvety walls massaged every throbbing inch, squeezing and rippling along his length. Her engorged clit ground against his pubic bone, sending sparks of ecstasy shooting up her spine.

"Yes, baby! So big and hard!" Lana mewled, picking up the pace. She rose and fell on his towering shaft faster, the wet suction sounds of their coupling filling the air.

Jocelyn shifted on top of Finn, turning around to face him cowgirl style. She leaned forward, letting her massive milk-laden tits engulf his face in their warm, fragrant embrace. The tit-loving teenager groaned into her

cleavage as she smothered him in sweaty tit-flesh, her hard nipples dragging across his cheeks.

"Suck Mommy's big titties, baby," Jocelyn purred, guiding a leaking nub to Finn's lips. "Drink down that sweet milk."

Finn latched onto the engorged nipple, sealing his mouth around the rubbery tip as her orb engulfed his face, He suckled greedily, his cheeks hollowing as creamy breastmilk squirted onto his tongue. He gulped down the warm, rich fluid, the intoxicating flavor making his cock throb inside Jocelyn's rippling cunt.

Lana mirrored the position on top of Cory, burying his head between her gigantic jugs. She cradled his face in her deep, sweaty cleavage, smothering him in the heavenly warmth and softness. Cory motorboated her titanic rack, nuzzling into the plush undersides.

"That's it, baby boy, get lost in Mommy's titties," Lana cooed, cradling his head to her chest. She gasped as her son kiss and licked his way around her massive boob, then captured a fat nipple between his lips, suckling hungrily. Jets of breastmilk sprayed into his eager mouth as he nursed, guzzling down her liquid love.

Nina swiveled around on Grant's pistoning cock, her giant P-cups swinging like wrecking balls. She grabbed the back of his head and pulled his face into her abundant cleavage, enveloping him in acres of pillowy tit-flesh. Grant inhaled deeply, savoring his mother's natural musk.

"Mmmm, yes! Bury your face in Mommy's big milky tits!" Nina moaned, undulating her hips to grind her fat wet clit against his pelvis. She cried out sharply as Grant latched onto a turgid nipple, sucking fiercely. Creamy tit-nectar flooded his mouth and he swallowed it down, groaning at the sweet taste.

The mothers rode their sons hard and fast, their bountiful flesh jiggling and quaking with every bounce. Their boys thrust up to meet them,

pounding their cocks deep into silken heat. Lewd wet smacks and squelches intermingled with muffled groans and slurps as the teens nursed frantically, lost in sweaty tit-heaven.

The dual stimulation of thick cocks splitting them open and hungry mouths suckling their teats quickly pushed the MILFs to the brink. They could feel the intense pressure building low in their bellies, hot ecstasy coiling tighter and tighter. Their clits pulsed wildly, engorged pleasure buds throbbing against pistoning shafts.

"Fuck, I'm gonna cum!" Jocelyn wailed, her cunt clenching like a vise around Finn's hammering cock. "Don't stop, baby! Suck Mommy's tits harder! Make me explode!"

"Me too! Unh! Gonna squirt all over your big dick!" Lana babbled, her pussy spasming around Cory's plunging pole. "Drain my fucking udders dry! Gonna cum so hard!"

"Oh God, oh fuck! Cumming cumming cumming!" Nina chanted deliriously, her asshole rippling along Grant's sawing length. "Fuck yes! Drink Mommy's milk! Ahhhh FUCK!"

With strangled shrieks, the three stacked mothers came explosively, thrashing and shuddering atop their rutting sons. Their dripping cunts gushed and squirted, painting the boys' groins with girl cum. Clear breastmilk sprayed from their suckled teats, splattering chins and chests. Rapture crested and crashed through their voluptuous bodies in devastating waves.

Finn, Grant and Cory groaned into sweaty quivering cleavage as scorching MILF honey flooded their mouths, the tangy cream intoxicating. They gulped it down greedily, worshipping the spurting nipples with lips and tongues. Their dicks pulsed inside the rippling snatches gripping them, the clenching heat pushing them near the edge.

The moms each sat up, nipples popping from mouths, their sons' throbbing cocks still buried to the hilt inside their spasming cunts. Jocelyn, Lana and Nina began to swivel their hips in tight circles like skillful hula dancers, grinding their puffy clits against the teens' pelvises. They didn't bounce or thrust, but simply rotated their pussies on the rigid poles impaling them, stirring the hard flesh deep in their cores.

"Ohhh fuck yes, stir Mommy's cunt baby!" Jocelyn gasped, undulating her pelvis in a sensual figure-eight. Her colossal jugs swung in hypnotic arcs, slapping against her ribs with meaty thwacks. "Mmmm, I can feel every inch of that fat cock moving inside me!"

Lana and Nina mirrored the movement, their bountiful hips rolling and rotating, greedy cunts massaging the iron-hard shafts splitting them open. Their bountiful asses jiggled and quaked, the plump cheeks dimpling and rippling like fleshy waves. Milk-laden tits bounced and swayed, rock-hard nipples drawing circles in the air.

"Holy shit Ma, the way you're swiveling on my dick..." Grant groaned, watching Nina's giant rack wobble above him. "Milking me so fucking good!"

"That's it baby, really grind on Mommy's clit!" Lana panted, tilting her pelvis to rub the sensitive bud against Cory's pubic bone. "Gonna make me squirt again!"

The boys grunted and panted, fighting the urge to thrust up into the hot, rippling pussies engulfing them. They let their sexy mothers control the pace, content to simply lay back and enjoy the ride. Their hands roamed the women's undulating curves, squeezing and kneading pliant tit-flesh and plump ass-cheeks.

"Look at their fucking tits!" Cory exclaimed, staring up at his mothers wobbling juggernauts.

“Hot damn our moms fuck good!” Cory added, watching her shaved pubis grind against his pubic bone. His eyes drifted up her tapered torso to her giant heaving rack. Even after the good suckling he'd given her tits, creamy milk still dripped from her fat pinkish-purple nipples, splattering against his abs.

Jocelyn, Lana and Nina worked their wide mommy-hips faster, their movements becoming almost frantic as they chased their pleasure. Sweat poured off their voluptuous bodies, making them glisten in the low light. Their cries of ecstasy grew louder and more desperate, echoing off the bedroom walls.

"Mmmm fuck! I'm gonna cum on this big cock again!" Jocelyn whimpered, her clit pulsing against Finn's groin. "Fuck fuck fuck, here it comes!"

"Oh shit, me too!" Lana yelled, her pussy fluttering wildly around Cory's pulsing shaft. "Gonna cream all over my baby boy's fat dick!"

"Yes yes yessss, cumming so fucking hard!!" Nina wailed deliriously, her ass-muscles rippling along Grant's thickness.

Jocelyn's vaginal muscles clamped down HARD on Finn's plunging cock, the wet satin walls gripping him like a fist. Her G-spot swelled against his pistoning shaft, pulsing with pleasure. The ribbed roof of her cunt fluttered wildly, massaging the thick vein on the underside of his dick. Her cervix kissed his broad tip with each deep thrust, the muscular ring quivering.

Finn groaned as he felt his mother's urethra spasm, a hot gush of fem-cum squirting out to drench his churning balls.

Lana's slick folds rippled along Cory's veiny length, squeezing and milking him from root to tip. Her puffy inner labia clung to him as he sawed in and out, stroking every sensitive nerve ending. Clear honey squirted from her urethra with each plunge, bathing his driving cock in warm juices.

Cory panted harshly as Lana's slippery sheath undulated around him, the muscular contractions threatening to suck the cum right out of his balls.

Nina's silky ass walls pulsed rhythmically, squeezing Grant's aching dick like a needy mouth. Her engorged clit throbbed against his pelvis, zaps of electric rapture radiating through her. Syrupy girl nectar gushed from her twitching slit, sluicing down his flexing ass and thighs. Grant grunted as his cock was drenched in his mother's essence, the hot cream feeling incredible on his sensitive flesh.

The boys fought valiantly to hold back their orgasms as their moms came apart on their cocks, wanting to prolong the ecstasy for as long as possible. But the volcanic heat and pressure squeezing their throbbing shafts was too intense to resist for long.

As their mothers quaked through the aftershocks of their powerful orgasms, Cory suddenly pulled out of Lana's fluttering twat with a wet plop. "Let's switch it up, guys. I want to rail Mom from behind like the bitch in heat she is."

Finn and Grant grinned wickedly at their friend's suggestion, withdrawing from their own mother's clasping fuckholes and moving to stand at the foot of the bed. The three young studs stroked their throbbing, pussy juice-slicked cocks as they eyed the MILF's voluptuous bodies splayed out before them.

The boys' huge cocks jutted out from their muscular bodies, engorged shafts pulsing with need. The swollen heads were a deep, angry purple, the flared rims slick with clear pre-cum. Viscous strands of the sticky fluid dripped from their slits, stretching towards the floor like glistening ropes of snake venom before breaking off to splatter on the hardwood.

Finn fisted his throbbing 10-incher, giving the broad crown a rough squeeze. A fat dollop of pre-spend oozed out to coat his thumb, webbing between the digit as he smeared it around. His heavy balls churned with backed-up cum, the globes pulled tight to his body.

Grant's massive pole stood straight up against his washboard abs, the thick shaft laced with bulging veins. The bloated head wept a steady stream of clear fluid, dribbling down the fat stalk. His balls were swollen and tight, heavy with seed that ached for release.

Cory's imposing cock bobbed before him with each throb, leaking copious amounts of pre-jizz. The slit at the tip gaped open, allowing the slick essence to flow freely. Milky ropes painted his groin and inner thighs as his nuts pulsed, primed to shoot a massive load.

The teenagers gave their engorged dicks a few more pumps, groaning at the delicious friction. Their cock heads flared even wider, turning a deeper shade of purple. More pre-cum bubbled up to coat the shiny crowns, making them glisten obscenely in the light.

"On your hands and knees, moms," Finn commanded, his voice low and rough with lust. "Gonna breed you bitches from behind like the cock-hungry animals you are."

Jocelyn, Nina and Lana scrambled to obey, rising up on all fours and presenting their ample asses to their sons. They arched their backs and spread their knees wide, opening themselves fully. Puffy, pink cunts winked from between plump cheeks, glistening and swollen with arousal. Toned thighs quivered with anticipation.

The boys practically salivated at the glorious sight of their mothers' bountiful backsides on display, just begging to be mounted. Finn smacked Jocelyn's wobbling rump, making the succulent flesh jiggle. Grant sank his fingers into Nina's doughy cheeks, kneading the malleable skin. Cory teasingly circled Lana's twitching rosebud with a fingertip, making her mewl and push back against him.

"Let's make these juicy asses beat against us," Grant suggested, anxious to see his mom's tanned bubble butt colliding against his midsection.

Gripping their straining cocks, the teens positioned themselves at the entrances to the MILF's dripping fuck-holes. They rubbed the spongy heads through the slick folds, gathering the abundant cream and smearing it around. Throbbing cock-heads notched against fluttering openings, applying a teasing pressure.

"Please baby, shove that big dick in Mommy's hungry cunt," Jocelyn whined, wiggling her ass impatiently. "I need to be stuffed full of hard cock NOW!"

"Fuck yes, split me open on that fat pole," Nina panted, her hole clenching greedily at the promise of being filled. "Ruin my pussy, baby boy!"

"Breed me, honey!" Lana begged shamelessly, humping back against Cory's prodding tip.

Urged on by their mothers' wanton pleas, the trio of virile teens notched their bulbous cockheads against the puffy, dilated fuck-holes and slammed forward in unison. Three wet, stretching squelches rang out as they hilted balls-deep into the scalding, liquid silk of the MILF's cunts.

"Holy fuck, it's even tighter from this angle," Finn grunted as he started to saw his hips back and forth, plowing into Jocelyn's rippling pussy. He gripped the globes of her giant ass, sinking his fingers into the pliant flesh as he set a hard, driving rhythm.

"Dude, you gotta try long-dicking her," Grant suggested breathlessly as he did just that to Nina, withdrawing until just the tip remained inside her before ramming back in to the root. His mother shrieked in ecstasy as he bottomed out, the head of his cock smashing her womb. "Shit, it's like hitting her cervix on every stroke."

Cory gritted his teeth as he pistoned into Lana's cream-slicked twat, his heavy balls slapping against her engorged clit. "Spank her ass while you fuck her, bro. The ripples feel amazing on your dick."

Taking his friend's advice, Finn raised his hand and brought it down sharply on his mom's bountiful backside. THWACK! THWACK! Her doughy cheeks quaked like jello, the shockwaves traveling straight to his plunging cock. Jocelyn wailed in masochistic bliss, her pussy clenching around him.

Grant and Cory followed suit, their hands cracking against Nina and Lana's ample asses as they railed them from behind. Meaty smacks intermingled with the lewd wet sounds of flesh slapping flesh and the MILF's impassioned cries. The room reeked of musk and sex.

Gripping their hip, the boys found their rhythm, their own hips pumping like well-oiled machines as they savagely fucked their moms. The bed creaked in protest beneath them, the frame slamming against the wall from the force of their thrusts. Their hands left vivid red imprints on jiggling asscheeks as they spanked the moms in time with their strokes.

"Fuck yes, just like that!" Nina sobbed as Grant hammered into her, his swollen cockhead pummeling her G-spot. Her huge hanging tits swung back and forth, leaking milk onto the sheets. "Harder baby! Deeper! Ruin my cunt!"

Lana's eyes rolled back in her head, drool leaking from the corner of her mouth as Cory destroyed her pussy with his brutal pace. Her ass bounced and rippled each time his pelvis collided with it, the flesh turning bright red from the abuse. "Wreck me, honey! Fuck Mommy's brains out! Make me your fuck-toy!"

Jocelyn babbled incoherently, her massive jugs jiggling wildly as Finn pounded into her from behind. Her pussy squelched obscenely, gushing around his pistoning shaft. "Oooh God! Oooh fuck! Yes yes yes! Fuck me through the mattress!"

The boys grinned savagely, sweat rolling down their pumping bodies as they wrecked the MILF's holes with long, deep strokes. They could feel

the older women's cunts starting to spasm and quiver around them, signaling their impending climaxes.

"Dude, when she starts cumming, reach around and diddle her clit," Finn panted to his friends, demonstrating on Jocelyn. He pressed two fingers to her pulsing bud, rubbing tight circles. "Shit, it makes her squeeze your dick like crazy!"

Grant and Cory hastened to obey, their thick digits finding Nina and Lana's engorged nubs and massaging them furiously. The moms screamed as the extra stimulation catapulted them into mind-melting ecstasy, their pussies rippling wildly along the thick cocks splitting them open.

"Gonna...gonna squirt!" Nina squealed breathlessly, her cunt clamping down HARD on Grant's plunging pole. Her body seized up, juices gushing out around his hammering shaft. Grant groaned at the pulsating pressure, pistoning faster.

"Me too! Fuck, I'm cumming so hard!" Lana bawled, her twat spasming uncontrollably around Cory's sawing cock. Her back arched almost painfully, clear ejaculate splattering his groin as she squirted.

"OHHHH GODDDD!!! YESSSSSS!!!" Jocelyn shrieked as the most intense orgasm of her life crashed over her, stealing her breath. Her pussy convulsed violently, milking Finn's cock like a machine. Her vision went white as she thrashed beneath him.

The boys gritted their teeth as their mothers' greedy cunts squeezed them like fists, the rippling walls pushing them to the brink. Their heavy balls drew up tight, preparing to unload.

"Fuck, here it comes!" Finn roared. "Gonna paint your cervix white, Mom! Take my fucking load!"

"Drain those big balls in Mommy's hungry twat!" Jocelyn begged shamelessly. "Fill me to the brim with your seed!"

With a series of animalistic grunts, the teens buried themselves to the hilt and exploded, their swollen cocks pulsing and throbbing as they geysered thick spunk into the MILF's fluttering snatches. Heavy spurts splattered against thirsty wombs, flooding them with potent jizz.

"YES!! Breeding your slutty mommy!" Nina babbled in euphoria as Grant's scalding cum pumped into her, triggering another toe-curling climax. "Pump me full! Knock me up!"

"Take it all, mom!" Cory snarled as he unloaded in Lana's spasming twat, the force of his ejaculation pushing globs of pearly cream out around his pistoning shaft. "Fuck, I can feel you milking my cock dry!"

The boys collapsed on top of their mothers, gasping for breath as the last spurts of cum dribbled from their dicks. The MILF's quivering pussies clenched around them sporadically, massaging out every drop. Jizz oozed out to soak the sheets beneath.

After a few moments of basking in the afterglow, the teens pulled out with wet plops, sated for now. The moms whimpered at the sudden emptiness, their gaping cunts leaking copious amounts of seed.

"Mmm, that was so hot," Jocelyn purred, rolling over and stretching languidly. Her giant tits wobbled, shiny with sweat. "But Mommy needs MORE. You up for another round, stud?"

Finn glanced at his friends, who nodded eagerly. With matching wolfish grins, the virile young bucks descended upon their busty mothers once again, ready to fuck them into sexual oblivion.

This wild, incestuous orgy was far from over. The night was still young, and the boys were determined to wring every ounce of pleasure from their sexy MILF's voluptuous bodes. There were so many positions still to try, so many holes left to wreck.

Over and over, the teens ruthlessly pounded their moms into the mattress, reducing them to babbling, cock-drunk messes. The older

women took everything their virile offspring could dish out, their body-quaking climaxes blending together until they were insensate with rapture.

Jocelyn, Nina and Lana knew they would be sore in the morning, their holes raw and sloppy, their wombs sloshing with obscene amounts of cum. They would smell like a brothel, like they had been fucked by a dozen men instead of their three sons. It was definitely a day they'd never forget.

Over the next few days, a microscopic miracle occurred deep within Jocelyn, Nina and Lana's fertile bodies. The massive loads of sperm their sons had pumped into their unprotected wombs swarmed and attacked like an invading army, zeroing in on the plump eggs patiently waiting to be fertilized.

Finn's virile seed led the charge in Jocelyn's warm, wet depths. Millions of wriggling spermatozoa, each with a bulbous head and thrashing tail, surged through her cervix and into her uterus. They used the leftover seminal fluid as a transport highway, cutting through the viscous, egg white-like mucus with single-minded determination.

The most motile of Finn's sperm used their reserves of energy to shoot ahead of the pack, racing towards the waiting ovum. They lashed their long flagella wildly, propelling themselves forward at astonishing speed. The cone-shaped heads rotated like corkscrews, allowing them to burrow through the dense cervical mucus.

In Nina's womb, Grant's aggressive spermatozoa swam frantically towards their target. The fastest and fittest pushed ahead, the hydrodynamic shape of their heads minimizing drag as they torpedoed onwards. They followed the chemical signals released by the egg, a microscopic siren song guiding them to their destiny.

Grant's elite sperm attacked Nina's egg with a vengeance, using the tip of their heads like battering rams. They threw themselves against the protective outer layer, the zona pellucida, seeking a way inside. One valiant swimmer found purchase in the thick, rubbery membrane and released digestive enzymes to burn a tiny hole. It wriggled through the breach, losing its tail in the process.

Cory's determined seed sped through Lana's fallopian tubes, their long tails undulating in perfect synchronicity as they honed in on her ripe egg. The genes contained within their heads were the key to unlocking the next generation, a perfect melding of mother and son.

The victor of this fierce race burrowed headfirst into Lana's waiting egg, piercing through the outer corona radiata with a final herculean push. The moment the head penetrated the inner membrane, an explosive chemical reaction occurred. An impenetrable shield immediately formed around the ovum, locking out all other suitors.

With each couple, the winning sperm's nucleus fused with that of the egg, combining the maternal and paternal DNA into a unique set of chromosomes. Finn's genes melded with Jocelyn's. Grant's with Nina's. Cory's with Lana's. The resultant zygotes held the blueprint for a new life, a perfect combination of forbidden lovers.

These passionate unions sparked a cascade of explosive growth within the three wombs. The fertilized eggs rapidly divided again and again, from one cell to two, two to four, four to eight, multiplying exponentially. Within days, they had become multicellular blastocysts, hollow balls of hundreds of cells.

The blastocysts traversed the fallopian tubes and entered the uterine cavity, where they would implant in the blood-rich lining and continue their journey from embryo to fetus to baby. In nine months, Jocelyn, Nina and Lana would give birth to the ultimate fruits of their taboo passions - children created from the forbidden union of mother and son.

Little did they know it yet, but their illicit single-day encounter had sown the seeds of new life inside them. That wild night of hedonistic debauchery had forever altered the course of their lives and their families. Their sons' incestuous sperm had taken root deep in their wombs.

Soon, the signs would be undeniable - missed periods, morning sickness, strange cravings. Their bellies would swell with forbidden progeny, visual proof of their depravity. Their tits would grow even larger – ridiculously-oversized as they swelled with creamy nectar.

Their clueless husbands had been overjoyed to learn of the pregnancies, assuming the unborn children were a result of their own virility. The wives played along, gushing about how potent their husbands' seed must be and how they couldn't wait to have another baby.

In reality, the three women knew the true origin of the tiny buns in their ovens. They would never forget that wild night of unbridled incestuous lust with their teenage sons. The mind-blowing ecstasy of being mounted and bred like bitches in heat by their own virile offspring. Those massive loads of illicit cum flooding their unprotected wombs as they begged to be knocked up.

The mothers and sons all knew that the taboo sexual debauchery they shared was meant to be experienced longer than “one day only.” Perhaps a revision to their agreement was in order.

THE END
