1. Today, Emily collected Yuki after school. They were on the way to meet Kevin at his company before eating dinner.

2. To their surprise, a mysterious red mist suddenly appeared out of nowhere, and the car windows were opened so both Emily and Yuki were swallowed by the mist.

3. When they reached Kevin's company, Kevin was already waiting there. "Are you alright?" Kevin looked down at his petite wife and daughter concernedly, after they told him about the pink mist. He was finally relieved when they said everything was fine.

4. Several days later, Emily was surprised to find that her shoes no longer fit her. Yuki told her earlier that she had overgrown her clothes. Emily thought it was Yuki's late growth spurt, but she never expected to encounter the same problem herself.

5. Several days later, when Kevin returned home, Emily rushed to kiss him at lips. "Welcome home, honey. I got a surprise for you?" Emily smiled. "What surprise? Is it why you have hidden from me for several days?" Kevin asked. Kevin could not help feeling Emily's breasts squeezing into his chest. 'Is her chest always this big?' Kevin thought to himself.

6. "Could you see any different of me?" Emily asked when she stepped back. "Your chest?" Kevin gulped at seeing how large Emily's chest was now. "Did you put something in your chest?.....And you seem to be taller!" He exclaimed in surprise when he realized Emily was barefoot but she was still as tall as him! "Ya...I grew a bit..." Emily smiled.

7. "I don't think that's a bit...." Kevin said. When he wanted to ask the details, the door was suddenly opened. "I am back!" Yuki said. "Welcome back, Yuki. Your mom seemed to have grown a bit..." Kevin said. "OOPS!" Yuki yelled in pain when her forehead bumped into the door frame. Kevin was surprised to see Yuki was even taller than the door now!

8. "So do you have any ideas for your growth?" Kevin asked as he set the height chart on the wall. Both Emily and Yuki had no idea about it as they stood against the chart. Kevin was surprised to see Emily was now his height at 6'3" and Yuki was at 7'1".

9. At night, Emily couldn't wait to try her bigger chest on Kevin. It was surprising for them to see how easy Kevin's member lost in her cleavage, which was impossible for Emily to do that tit-job with her original AA chest! The feeling was so wonderful that Kevin reached the climax in less than a minute! He could not deny that he really loved Emily's new body!

10. Several weeks later, Kevin was leaving the company with Naomi and Ruby. Naomi and Ruby were commenting that Naomi's tall height might make it difficult to find a boyfriend. They sought Kevin for his comment.

11. Kevin said, "I don't think Naomi was too tall." They were surprised to hear Kevin's words when Naomi was even taller than Kevin by half a head in her heels. When they walked outside to meet Emily and Yuki, both Naomi and Ruby finally got what Kevin meant. Both Emily and Yuki were so MASSIVE now!

12. "What the...." Ruby exclaimed in surprise when she saw that Emily, who had been as petite as her before, had now grown to 8’6”, nearly double Ruby's height now! "You look so tiny now, Ruby!" Emily exclaimed in amazement.

13. "And my breasts alone could dwarf you now." Emily giggled when she suddenly bent down at the waist, swallowing Ruby's head within her cleavage. Kevin was amazed at the sight, he could see that each of Emily's breasts was more than double Ruby's head size!

14. Kevin suddenly had a bad feeling and walked over to see that Yuki, who was now towering at 9'6", was hugging Naomi tightly. He couldn't believe Naomi, who was even taller than him, was only as tall as Yuki's chest now.

Naomi was even too weak to escape from Yuki's hands, Naomi could only wave her hand to Kevin. "Yuki, please release Naomi!" Kevin commended. "But she is cute!" Yuki said, but thankfully, she still obeyed Kevin's words. Kevin was not sure how long his daughter would still listen to his words.

15. After seeing how massive Emily's breasts were compared to Ruby, Kevin couldn't wait to play with them himself at night. Emily was now so tall that Kevin was facing her nipple when they were both standing.

16. Kevin couldn't wait to suck on her nipple, which was big enough to fill his whole mouth. "You look so cute like a baby sucking, honey!" Emily exclaimed in amazement as she looked down at Kevin.

17. Their making out did not go smoothly with their old method when their size became reversed. Before Kevin could react, Emily suddenly lifted him with her hands and thrust his member inside her. This suspended congress was Kevin's favourite posture. It made him feel tiny when Emily could lift him this easily. He could only hug her body tightly when she did nearly all the work in fucking herself. He felt no more than a toy being used by Emily to satisfy herself.

18. Several weeks later, Kevin collected Yuki after school for Emily. It was easy to spot Yuki because she had grown to 11'3" now.

19. "How's your day today, Yuki?" Kevin asked as he needed to crane his neck to look up at Yuki. He was only as tall as her hips now. "It's fine, but I am too big for the chair now. The school had to provide me with a carpet to sit on the floor now." Yuki complained.

20. When Yuki knew Kevin parked the car two streets away, she saw that Kevin had to run to match her walking stride now. "I got an idea for you, Dad." Yuki suggested. Before Kevin could react, Yuki suddenly put her hands under his armpits before lifting him to her face and sitting him on her shoulder! "This could save your stamina, Dad." Yuki giggled as she walked casually. Kevin had done this with Yuki and he never expected their roles would be reversed today.

21. When they reached the car, Yuki encountered difficulty getting into the car with her current size. Yuki had to get in the back seat, while her legs completely occupied the passenger seat. "Dad, don't you think we should buy a bigger car?" Yuki complained. Kevin didn't think he was rich enough to buy a Limousine, and he was also not sure how long they could use it before Emily and Yuki outgrew it.

22. When they returned home, they were greeted by Emily, who was even bigger at 10'6" now. She was now even too tall to stand in the apartment. Kevin thought it was time to find another house for Emily and Yuki now.

23. At night, Kevin enjoyed the time sucking on Emily's nipple while he was sitting on her lap. Emily teased his member with her finger before grasping his member in her fist.

24. After feeling Kevin was hard enough, Emily put him back on the floor. Kevin did not need to be told to thrust his member inside her. Emily actually could barely feel his member now. To her horror, at the moment Kevin reached the climax, she still barely had any feeling.

25. It was embarrassing for Kevin to realize he was now too small to satisfy his GIANT wife. "I have expected this, so I have bought you a gift." Emily smiled as she instructed Kevin to open a box by the wardrobe. He was horrified to find that it was a strapon with a dildo thicker than his forearm!

26. Emily effortlessly lifted Kevin and laid him on the bed. She decided to be on top this time. Kevin gulped to feel her MASSIVE weight sinking him into the mattress. Emily moaned as she again felt being filled inside with the big dildo. It finally took half an hour for Emily to reach the climax!

27. Several weeks later, Alan pressed the elevator button, going to go out. When the elevator opened, Alan gulped to see it was already full with only 3 people, 1 man with 2 giantesses! Kevin apologized before he closed the door, "Sorry, it is full already." Both Emily and Yuki had grown again so Kevin decided to show them today the new home he had bought.

28. Emily was 13'8" and Yuki was 14'7" now. They couldn't get in the car now so they decided to walk there. "Hey, be careful, Yuki!" Kevin said when he saw Yuki walked causally on the road. Kevin actually felt unreal to see the car was now even shorter than the knees of his GIANT daughter. His GIANT wife was also as tall as the light pole now.

29. They reached the new house with a 30-minute walk. "Wow, it looks big." Yuki said gladly. Both Emily and Yuki were satisfied with the house size, at least for now.

30. "Thank you, Dad!" Yuki smiled as she effortlessly lifted Kevin to give him a tight hug. Yuki put Kevin back down before she went exploring the house.

31. "Thank you, honey." It was Emily's turn to thank Kevin. Emily got down on both her knees. Even then, she was still much taller than Kevin. She kissed him. Kevin's tongue was much smaller than hers, but she liked how much he tried to resist her own tongue with his. Emily forced her tongue into his mouth.

“Mmmph, mmmph.” Kevin couldn’t speak. He was scared at first, but he felt relaxed as he realized he was still perfectly able to breathe. Emily began sweeping around every bit of his mouth, before finally releasing Kevin.

32. At night, Kevin and Emily enjoyed making out in the new bedroom. Emily was now so big that she could easily lift Kevin with a single hand. She could swallow both his member and balls together in her mouth. She playfully teased them with her big tongue.

“Your tongue is tickling my balls, Emily. No, don’t stop, it’s really nice.” Kevin moaned as Emily's tongue moved onto his shaft, her massive tongue practically wrestling with Kevin's cock in her own mouth. It only took a few minutes of this to get him off.

33. Emily got down on her knees on the bed and she told Kevin to enter her from behind in doggy style. Kevin had to stand to match her crotch height. He began thrusting with all his might, using all the strength in him that he had.

"Ha, I wonder if he knows he's not even close to my genitals." Emily thought to herself. Her mighty cheeks were keeping her little husband from getting in. At least Kevin successfully reached the climax in several minutes.

34. "Okay, time for my turn now." Emily said as she sat on the bed. She stopped Kevin's action of finding the strapon, "It is way too small for me now." Emily said. Emily's plan was simple: because Kevin was having trouble penetrating her, she suggested that he try fisting her. He took his arm and put it inside her. Emily hadn't felt this filled recently. "Hoooooo my, that is nice." Emily moaned as he went in and out with his arm.

With Kevin's fist closed and at his deepest, he was getting up to his upper arm in his wife. Kevin couldn't believe his arm would get tired first before she came. He quickly switched arms, picking up the rhythm. Emily had noticed though. "Ha ha, little man, you can't even fist me without getting tired now? Don't, AH, worry, you're... you're getting... clooooooooose!" She came as she finished encouraging him.

35. “Oh, that was very nice, little husband. I think I’ll reward you for that.” Emily said as she lay him on the bed. All of a sudden, Kevin felt intense pain.

“Oh God, Emily, no! Stop!” Kevin cried. Emily withdrew her finger from his ass. “I’m sorry, I didn’t mean to hurt you. I just thought... I mean, a lot of guys like that supposedly but never say anything.” Emily explained.

“Most men don’t have a wife with fingers that are ten inches long and an inch thick! You might as well have shoved a dildo up my ass.” Kevin complained. “Look, I’m sorry, ok? Are you feeling alright, now?” Emily asked.

“It still hurts a little, but I think I’ll be okay." Kevin said but he knew Emily did not take it seriously by her expression. Emily was the one in control and she would do anything she wanted to.

36. Emily lay on the bed before putting Kevin on her body. Kevin actually had no position to correct her when he also loved to enjoy how big his wife was now. He smiled to hug her right breast, which should have weighed more than his whole body.

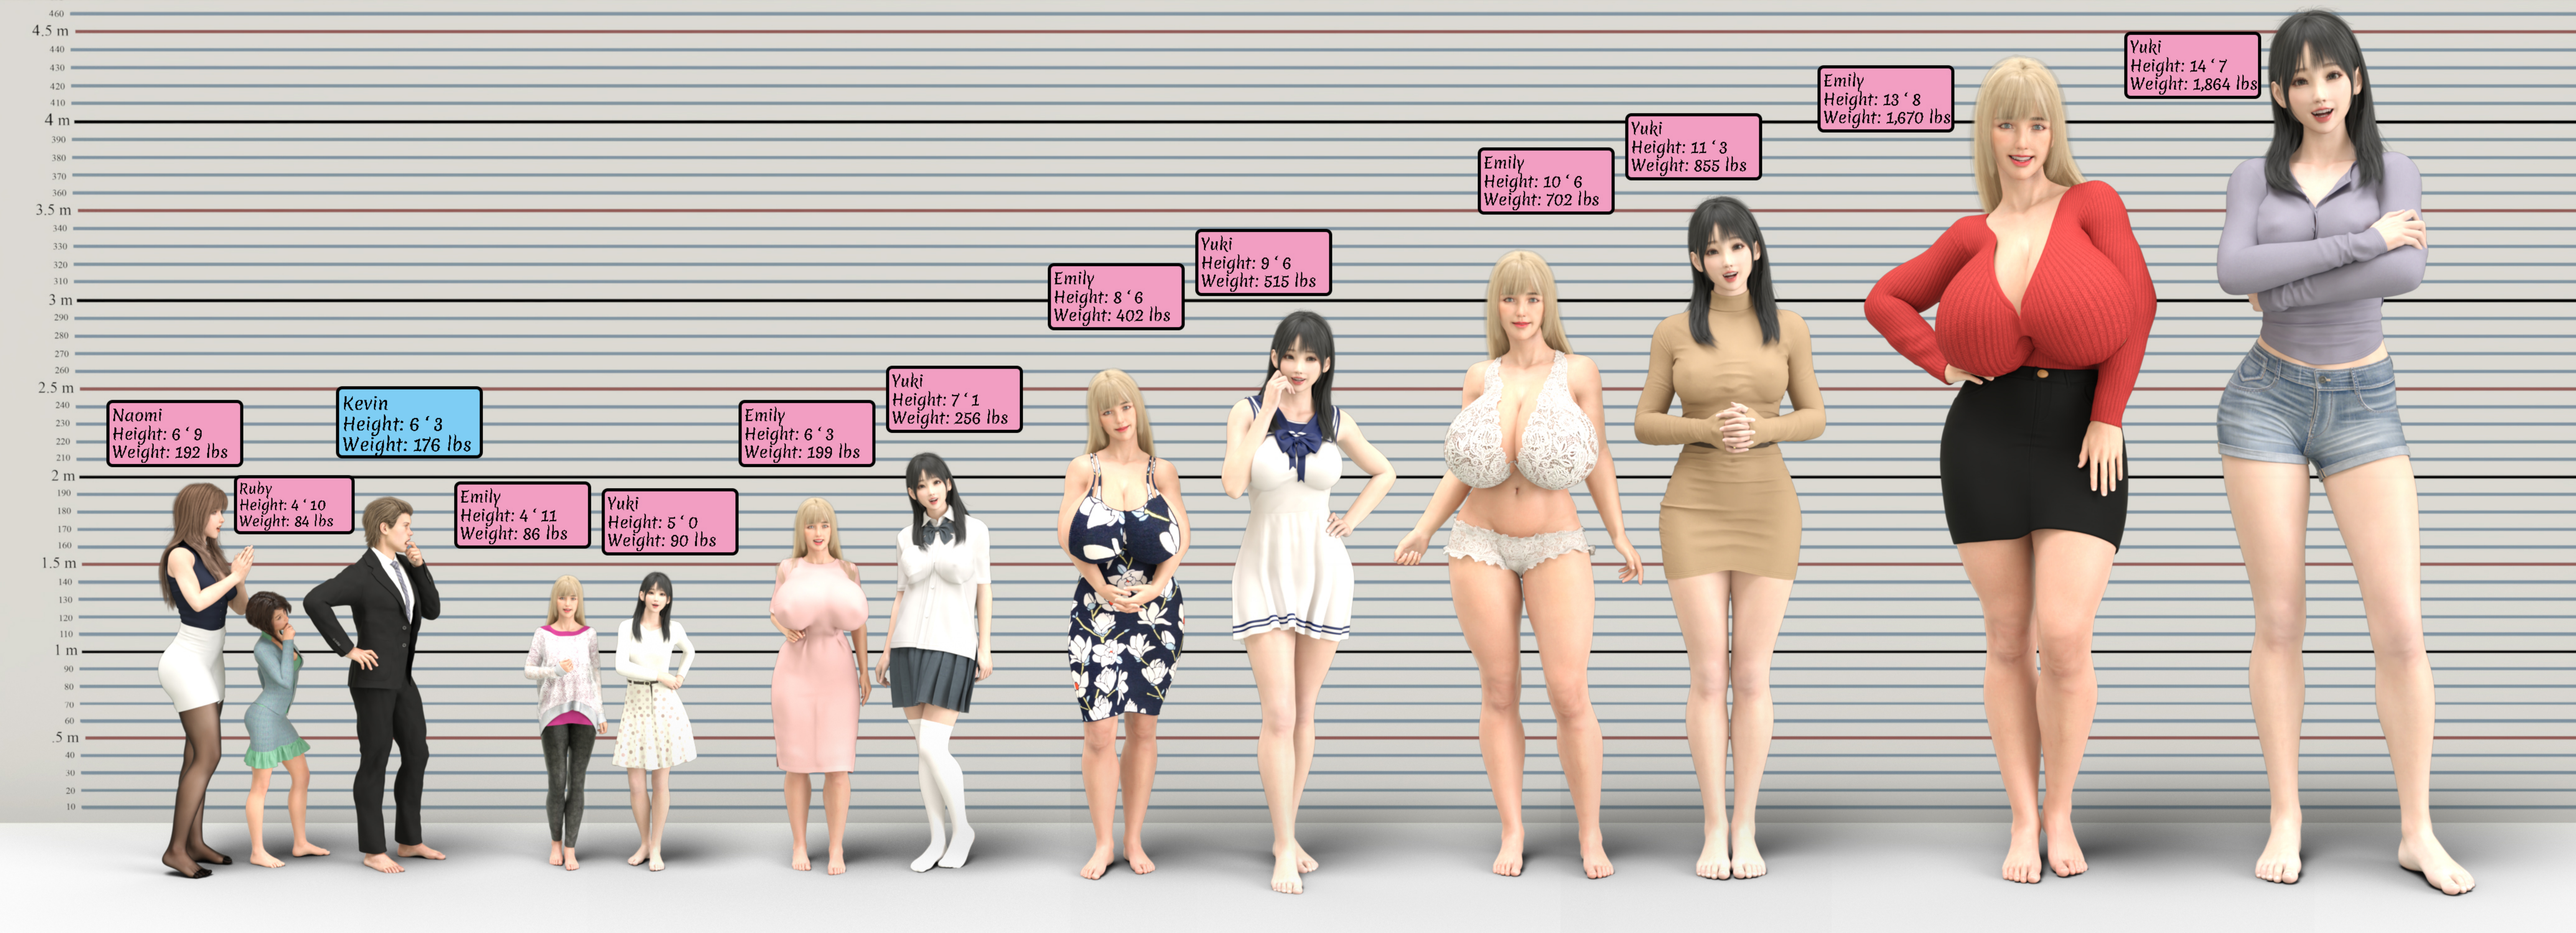

37. When Kevin returned to his office in the morning, Naomi smiled weirdly at him, just like the smile he had received from the strangers he'd encountered that morning. "What's so funny?" Kevin asked. "I could see Emily had grown quite a lot since I last met her." Naomi said.

38. Kevin blinked as he tried to understand Naomi's words. Naomi lifted the mirror so that Kevin could see his reflection. He realized he had forgotten to wipe Emily's lipstick off his face today!
