

OVERWHELMED BY JADE

(a Will Travis Story)

My girlfriend Jade is a big lady. She is about 5' 10" and somewhere over 200 pounds. She has incredibly voluptuous figure. She is one of those heavy girls who looks very sexy due to all the curves being in the right places. Her bra size is a 42H! Her tits are the size of my head. Her figure curves down to a narrower waist and then back out to a firm voluptuous ass and a pair of very thick toned legs. Her arms are also thick but don't wobble the way many bigger girls do.

I am 5' 8" and about 165. Jade and I had been dating for about a month. So far sex had been pretty conventional with me on top fucking her, and spending a lot of time playing with her big tits. We decided to go on vacation together for the first time. We rented a hotel on the beach and checked in. After checking in, we decided to go out to dinner. Jade was wearing a pair of tight shorts that showed off her big firm legs. Although she carried a fair amount of extra cushion, you could still see her quads and calves flex when she walked. She was wearing a plain white T-shirt that stretched to cover her massive tits. We decided to walk to the restaurant since there were several near the hotel we were visiting. As we arrived at the shopping center, Jade suddenly took me by the arm and pulled me toward a porno shop. "Let's look around in here," she giggled.

We wandered over to the display of movies currently showing in the private viewing rooms. There were several big-busted woman videos and some dominant stuff playing. "Let's rent a room and work up an appetite." Jade whispered in my ear.

We rented a viewing room. The room had a couple of beat up lounge chairs. I sat down and Jade began feeding money into the machine and then sat down sideways in my lap with her legs hanging over the arm of the chair. She placed her arm over my shoulder. Her tits were right in my face. The first video she selected showed a heavy busty lady tit smothering a smaller guy. The actress slapped the smaller guy with her tits and forced him to suck on her nipples while she moaned with pleasure. I was getting a hard on that was almost painful given the size of my girlfriend who was sitting on it with her ample ass.

As the movie progressed I had my hand between Jade's legs rubbing her through her shorts. She pulled her arm tighter around my neck so my face was pulled tighter against her massive breast. I could just barely watch the video over the top of Jade's tits. The actress in the video became more aggressive, smothered the actor unconscious, and then sat up straddling his body and fingered herself to an orgasm while staring into the camera. While watching this, Jade slid her shirt off and removed her bra so I could suck on her nipples.

The next segment on the video showed another very large girl and a smaller guy. The big girl shoved the guy down on the bed and teased him by rubbing her huge tits against his chest and face. She then became aggressive and started tit slapping him and smothering him. Then she turned around and rode his face while tit fucking his cock.

During this part of the film, Jade got out of my lap, down on her knees, and sucked my cock. It was very erotic watching the dominant actress have her way with the guy on the screen while my equally busty girlfriend gave me a blowjob. Jade worked my cock faster and faster. I came and she swallowed every drop.

She climbed back into my lap as the third film started. The third film was more violent. A very large woman wrestled, smothered, and beat the shit out of a smaller man. To my surprise, my girlfriend who had never shown much sign of being aggressive, slid her hand into her shorts and played with herself as we watched the video. She then stood up, leaned toward me and began slapping my face with her tits while she got herself off. She sat back down in my lap and we watched the end of the film were the big woman proceeded to rape the man she had just overpowered.

As the film ended Jade looked at her watch and suggested we go eat. We put our clothes back on and walked to the restaurant holding hands. This was interesting that my passive girlfriend had selected these three films to watch. I wondered if there was another side to Jade I had not seen. During dinner she was especially flirty and occasionally lifted her foot up into my lap and teased my cock through my pants.

We finished our meal and walked back to the hotel. As we arrived in our room, Jade asked, "What did you think of the videos?"

"Pretty exciting stuff."

"I am glad to hear you say that." She walked over to me and draped her arms on my shoulders. "There is a side to me you haven't seen. I thought tonight might be a good time to meet the real me."

I reached my hands around her waist and pulled her tight so that her massive tits were pressed up against my chest. "What did you have in mind?"

Jade gave me a long kiss. "Just a little contest. We start standing between the two beds. My goal is to pin you to the bed closest to the window and have my way with you. Your goal is to pin me to the bed closest to the door and take me. What do you think?"

Although Jade is considerably bigger than me, I had never seriously considered the fact that I might not be stronger than her. Also with her weight advantage, I was not sure I could lift her or move her around. However since she was pulled tight against me, crotch to crotch. I was too turned on to decline. "Sounds fun." I said.

"Great!" Jade stepped back and pulled off her shirt and bra and stepped out of her sandals, shorts, and panties. I pulled off my clothes and looked at the closet doors which were mirrored. Standing next to Jade naked with the lights on made me realize how much smaller I am than Jade. She took me by the hand and led me over to the space between the two beds. She smiled and put up her hands. We linked fingers. "Any time you are ready," she purred. I began to push with my arms. Jade crouched down a little but did not move backward. I lowered my center of gravity, put my legs and back into it and pushed against Jade with everything I had. Again Jade did not move. I was struggling and straining against her and making no progress. She suddenly said "My turn!" and with an explosive force sent me flying backward. I did a half backward somersault and went over the bed and hit the floor.

Jade was laughing so hard she could barely stand. While somewhat embarrassed, I couldn't help but get turned on as I watched those massive tits shake as she laughed. "Let's try that again" she said.

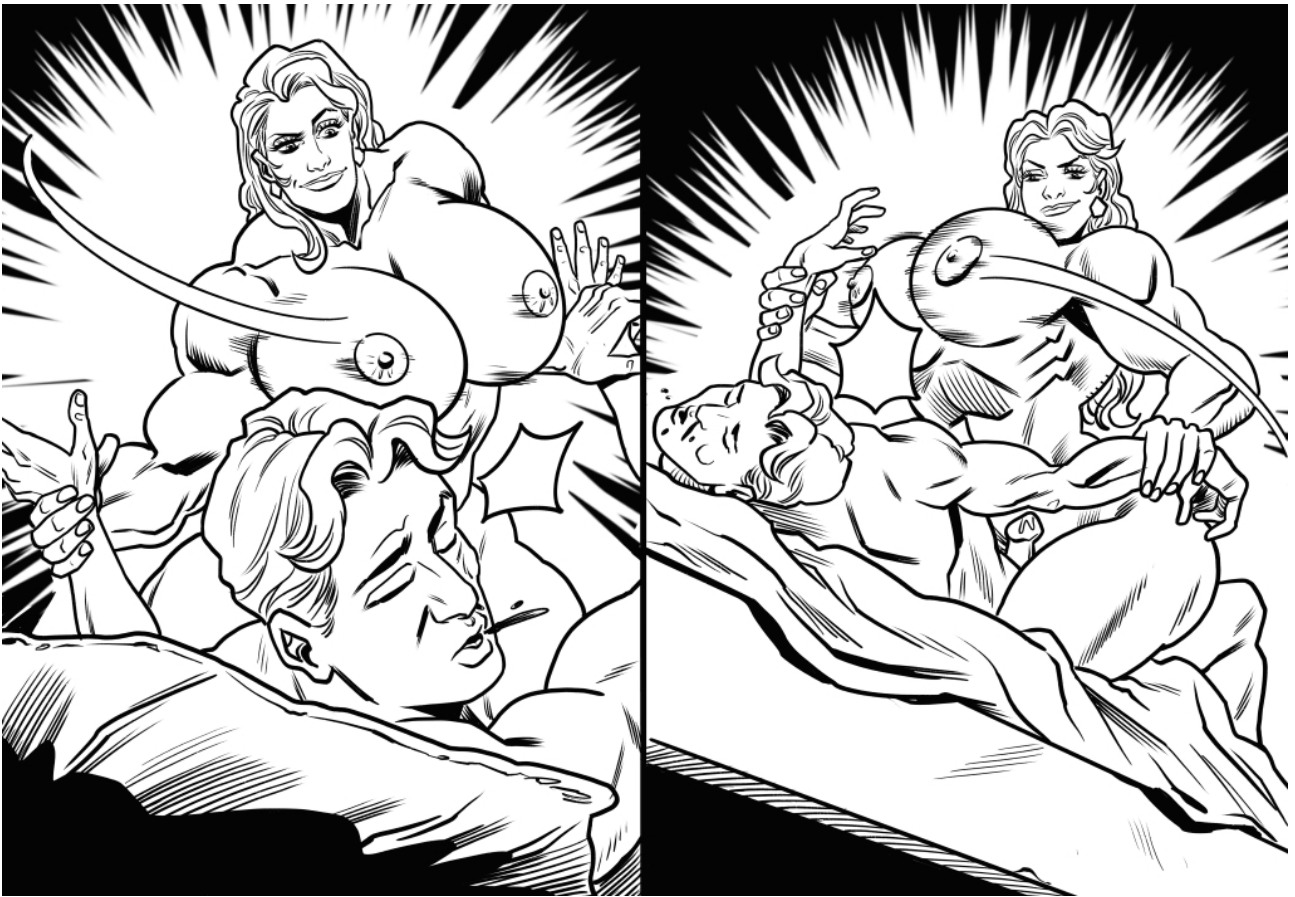

I walked over to her. She wrapped her arms around my waist, lifted me off the ground and gave me a long kiss while squeezing the hell out of me. She set me back on the floor and said, "Let's see what other surprises I have in store for you. Any time you are ready".

I braced myself and grabbed her by her forearms. I began to push and she pushed back just enough to hold her position. I released her arms, grabbed her around the waist, and with great difficulty lifted her off the floor. I had a massive tit resting on either of my shoulders so I could not see. I staggered toward the bed closest to the door and lunged forward. We fell to the bed, with Jade landing on her back. She wrapped her big legs around my torso and suddenly rolled to the side. Next thing I knew I was on the floor between the two beds with Jade standing and giggling. I jumped to my feet, more than a little annoyed and ready to pour on the effort. Jade suddenly bent down, reached between my legs with one arm while wrapping another around my neck. To my amazement she lifted me straight up into the air and held me at shoulder height. I knew I was in trouble because I struggled to lift her a few inches off the ground and here I was nearly six feet in the air. Jade then did a half squat and then jumped into the air diving onto the bed with me in her arms. I landed on the bed near the window on my back with Jade's weight coming right down on my abdomen knocking all the air out of me.

Jade grabbed my wrists and pinned them to the bed near my shoulders while sitting on my stomach. I thrust upward with my arms in an effort to free myself. She did not move. It was apparent that I had seriously underestimated Jade's weight. I can bench press 200 pounds. Jade was not moving and had me pinned effortlessly. Jade giggled as I struggled to lift her. She bent forward and began to brush her massive tits over my face. First she was brushing my face rather gently but her legs were squeezed against my side painfully tight. I had no idea her legs were so strong. I stopped struggling because I was enjoying her breasts rubbing my face. I was becoming very aroused.

Jade lifted her chest off my face and bounced up and down on my stomach a couple of times. She then began to squeeze my wrists so tight that they hurt. "You are not trying to get away." she admonished me. "I guess I need to motivate you." Jade lowered her right breast straight over my mouth. I thought she wanted me to suck on the nipple but she lowered down more until most of the weight of her upper body was on my face. Given the size of her tit, I could not get any air. I began to struggle, thrashing my head from side to side and bridging my body up with my legs in an effort to get her off of me. Jade slammed her ass down on my stomach knocking me back to the bed. Jade rose up and started to slap my face with her breasts. She got those breasts swinging back and forth so hard and fast it felt like I was getting punched.

I turned my face into one of those swinging breasts and got a bloody nose. I immediately expected Jade to stop. Hurting my nose seemed to excite her and she started swinging those tits even harder knocking my jaw from side to side. It felt like she was giving me black eyes. I was becoming angry and struggled and thrashed about.

Jade just laughed and wrapped her arms around my neck and pulled my face into her cleavage. I was able to roll over to the side and onto my stomach. Jade was now laying on my back and I was face down on the bed. I gradually got my knees up under me and then pushed up with my arms until I was on all fours. This was no easy feat with Jade on my back with her arm around my neck. I tried to roll her off of me but she had her thick long legs spread out to the side so I could not do much. She wrapped her other arm around me and began stroking my cock. I began to crawl to the edge of the bed. I was intent on getting Jade onto the other bed. I backed off the bed and got my legs on the floor. I was still bent over with Jade on my back. I began to stagger toward the other bed. I fell to the side and landed on the bed near the door. Jade was on her back laughing. I climbed on top of her straddling her abdomen. I grabbed her arms and pinned her wrists. I squeezed my legs tight against the sides of her chest.

"Think you got me?" Jade asked. I nodded. To my shock, Jade began to lift her arms upward. I was pushing down with all of my weight plus I was holding onto her sides with my legs. She was bench pressing more than I weigh! In no time she had my arms up in the air. Then she pulled me down and to the side. She spun me around and stood up. My arms were crossed in front of me and she was pulling them tight. She leaned back so my feet were off the ground and flung me through the air so that I landed on the other bed. She then leapt into the air and landed on top of me with all of her weight. I felt like I had been crushed. I was gasping in pain trying to get some air which was not easy since a mammoth breast was draped on either side of my face. She slapped my face a few times with her tits and then sat up and moved forward so that her shins were pinning my arms to the bed. She then lowered her pussy to my head. She lowered her full weight onto my face and began to grind away bringing pleasure to her clit. She held my head in place by my hair. I got occasional gasps of air but it was difficult with her thighs and pussy surrounding my head. Jade was moaning with pleasure.

After a while she pulled back from my face, spread herself and lowered her clit onto my mouth. She slapped me on top of the head and ordered me to please her. I went to work with my tongue as never before. She began moaning with pleasure and then her body began to buck with pleasure.

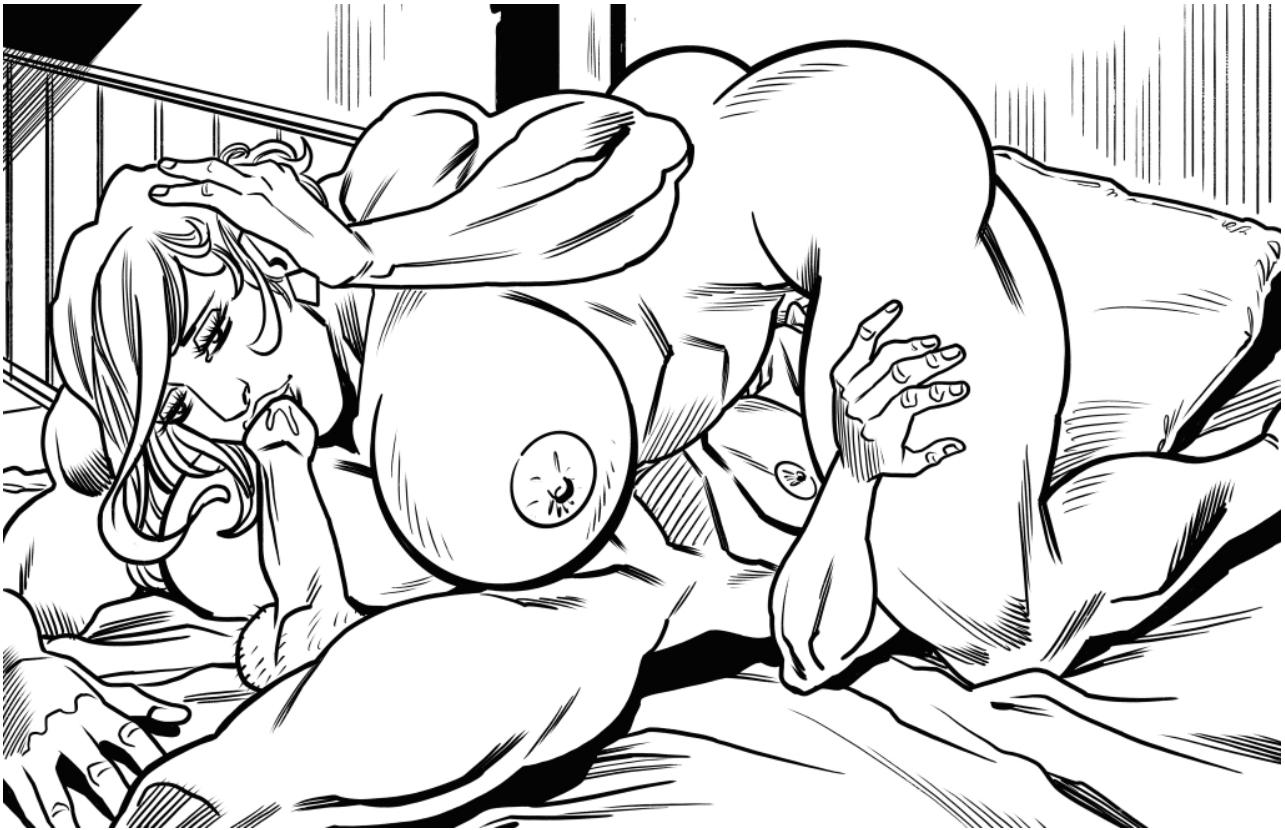

She let out a scream and fell forward. We lie there for a moment with Jade on top of me. She rolled to the side, snaked her legs around my abdomen and pulled my mouth to her tit. "Suck it", she ordered. I sucked as if my life depended on it. Those big thighs were wrapped around my abdomen. She squeezed with varying intensities to remind me she was in charge.

I ran my hands over her thighs. They were massive and very firm. I tried to pull them apart in order to give my abdomen some relief. I could not budge them. I continued to suck on her nipples as she requested, fearful of what she might do to me next.

Jade lay there for a while recovering from her orgasm as I sucked on her nipples. After a few minutes, Jade rolled me over onto my back, moved down my body and began to suck my cock.

Due to the pain and fear I had been experiencing, it was not hard, in spite the fact that my face had been pressed against her amazing tits for the past several minutes. It did not take long for me to get hard though. Jade was sucking my cock slowly, teasing the head with her tongue. I was in heaven. She then got up on her hands and knees and began to rotate her body around so that her legs and ass were getting close to my head. She continued to suck my cock. She then wrapped her thighs around my neck with her laying on top of me. She squeezed my face and neck with those massive thighs. I tried to pull her legs apart but she had me pinned effortlessly. My cock was throbbing and just as I thought I was going to cum, Jade stopped the blow job, got up and walked over to her suitcase. I lay there wondering what she was up to. First she got out a bottle of lube. Then, to my alarm she pulled out a strap-on. I quickly stood up.

"Absolutely not." I said. "You are not using that thing on me."

Jade threw the strap-on and bottle of lube onto the bed and walked over to the door of the bathroom. "I am going to give you the chance to stop me. Come here." Jade stood and turned in the doorway. She grabbed each side of the doorway as if to brace herself. "Hit me in the stomach. See if you can wear me down boxing. We know wrestling is not your sport."

I stepped forward and hit her half-heartedly in the stomach. My fist sank a little into her soft stomach and then hit something very solid. Jade smiled and said, "Harder!"

I began to hit her in the stomach as if I were working a punching bag. I gradually intensified until I was subjecting her abdomen to a not stop flurry of hits. Jade held firmly to the door frame and did not move. Then she began to moan and I thought I might be wearing her down. Then I realized she was moaning with pleasure! I was hitting her with everything I had and she was getting off on it! Eventually I punched myself out. I could not lift my arms. I just stood there leaning against her.

Jade then said "My turn!" and before I knew what was coming, her fist hit me in the stomach. Her punch literally lifted me off the ground and dropped me down onto my knees. I could not breathe. Jade grabbed me by the hair, pulled me to a standing position and wrapped an arm around my neck and dragged me over to her bed.

She threw me face down on the bed and climbed on top of me and sat on my back just below my shoulders. She grabbed my limp arms, bent them around behind me and jammed a knee up under each arm so that I was immobilized. Jade then proceeded to put on her strap-on.

"Don't worry sweetie, I will use lots of lube." She grabbed me by the legs and pulled me to the edge of the bed so that my knees were on the floor and my upper body was still on the bed. I could feel the strap-on bumping my back and ass as Jade maneuvered us into position. I began to resist. Jade grabbed my wrists, bent them around behind me, and pinned them to the small of my back using only one of her hands. Her knees were on top of my calves so I was not going anywhere.

She guided the dildo to my ass and pressed it against my anus. I clenched my ass cheeks tight in an effort to resist. Jade pressed my arms up higher onto my back causing me pain. Her knees digging into my calves was very painful. I moaned in pain. "Give in and I won't have to hurt you." she instructed.

I was afraid my arms were going to break. I stopped resisting and she slid the dildo up my ass. I was expecting the sensation to be unpleasant. Although somewhat painful, it was not as bad as I was expecting. Jade then moved her knees off my calves and loosened the grip on my arms a little and began to thrust away on my ass. She reached around with her right hand and began to stroke my cock while she used her other hand to pin me to the bed.

Jade began to moan and to my surprise my cock became hard and I was getting turned on. I was close to cumming when Jade screamed out with her second orgasm, released my cock, and began thrashing her clit with her hand through her orgasm.

She then collapsed on top of me. We lay there for just a few seconds. To my relief she pulled the dildo out of my ass, unstrapped it, and dropped it to the floor. She climbed up onto the bed, lay down on her stomach and stuck her ass into the air. "Your turn to fuck me."

I climbed up behind her and slid my rigid cock into her pussy and began to bang away. My pelvis was making a slapping sound as I fucked her. I was determined to give it to her as hard as I could. She would tighten her butt muscles against my pelvis as I fucked her. I reached up under her and grabbed her nipples and pinched them as I fucked her. Jade moaned in pleasure and we both erupted with orgasm at about the same time. We collapsed on the bed with me still on her back and my semi-erect cock still in her pussy. I lay there trying to catch my breath. She began to squeeze my cock with her pussy muscles. Her hard ass pushing up against me and her pussy muscles soon had me hard again.

I started to fuck her when she suddenly rolled over so that I was on my back and she was on top of me. My face was pressed up against the back of her shoulder. She reached down between her legs, grabbed my right leg and pulled it up so that my cock was buried deeply in her pussy. She then began to fuck me that way. I was pinned beneath her back and she was using my cock like her own personal sex toy. I squeezed my head out from underneath her shoulder. She wrapped her arm behind my neck and pulled my face over to her massive tit. My left arm was still trapped beneath her. I grabbed a hold of her tit with my right hand, pulled it down to my face and began to suck on her nipple.

"Harder, bite it harder!" Jade ordered and she pulled against my leg and worked her pussy against my cock. I had her enormous weight pinning me to the bed, a tit the size of my own head in front of me, and her fucking me like a machine. I came again in an explosion so intense I nearly passed out. Jade was working her clit with her free left and screamed in orgasm just as I was finishing mine. She rolled over onto her side and pulled my face into her cleavage. We slept that way the rest of the night.

THE END
