Pill of Perception

By AdonioGTS

A screenshot from a video game showing two female characters in a car. The character on the left has short blonde hair and is wearing a dark, patterned tank top. The character on the right has short reddish-brown hair and is wearing a black and gold patterned tank top, sitting in the driver's seat with her hands on the steering wheel. A speech bubble is positioned above the blonde character. The background shows a city street with a building that has a 'TEPCO' sign and an American flag.

I still can't believe
we're actually doing this!

This is so exciting!

A screenshot from a video game showing two female characters in a car. The driver, on the right, has short reddish-brown hair and is wearing a black and gold patterned top. She is looking towards the passenger with a slight smile. The passenger, on the left, has shoulder-length light brown hair and is wearing a dark, patterned tank top. She is looking forward. A speech bubble above the driver contains the text: "Oh, trust me, Margaret, this is just the beginning!". The car's interior is visible, including the seats and dashboard. The background shows a city street with buildings and trees under a clear sky.

Oh, trust me, Margaret,
this is just the beginning!

I've got a surprise for us—a big one!

A screenshot from a video game showing two women in a car. The woman on the left, with short blonde hair and wearing a dark, patterned tank top, is speaking. A speech bubble above her contains the text "What are you talking about? What surprise?". The woman on the right, with short reddish-brown hair and wearing a black and gold patterned top, is sitting in the driver's seat with her hands on the steering wheel. The car's interior is light-colored. Through the windshield, a street scene is visible with a "TEPCO" sign and a "NO PARKING" sign.

What are you talking about?
What surprise?

You'll see, Mags.
In time, I'll tell you.
Just wait!

Suzy pushed the dorm door open with a grin, stepping inside like she owned the place, while Margaret followed, clutching her bag and taking in the unfamiliar surroundings.

Wow, this place is actually so cool!

And here it is, Mags—my sister's legendary dorm! A sanctuary of freedom, late-night chaos, and best of all, no parents to tell us what to do!

This place is right in the middle
of everything—cafés, shopping,
and just a short walk from
Ember Lounge.

So this is the surprise you were talking about in the car?

Oh, you mean that surprise?

It's actually in your duffel bag, Mags.

Suzy... what is that?

I bought this from this Chinese app called ZhaoMart. This stuff? It's insane. It makes your boobs bigger! Like, for real. And get this—it usually sells for like \$1,500, but I got it for \$300. An absolute steal!

So, what do you say, Mags? We both take one, get ourselves some bigger knockers. Come on, it'll be fun—partners in crime!

Suzy, I don't know... This isn't FDA-approved. There could be serious side effects! I mean, who even regulates this stuff? What if it messes with our hormones or something?

Oh my God, Margaret,
live a little! One pill isn't gonna kill you.
People take way sketchier stuff all the time,
and guess what? They're fine! Just think
about it—what if it actually works?

Imagine you with bigger boobs.
Bet Mark wouldn't be able
to keep his eyes off you.

I guess, technically,
if it really works, the reward
outweighs the risk...
right?

That's the spirit!
Big boobs, here we come!

Alright then,
one each!

Let's do this, Mags—no
turning back now!

I don't know...
This looks like something
out of a science experiment.
Are we sure this isn't just,
like, vitamin C or
something sketchier?

Oh,
don't you chicken out
on me now, Mags!

Alright, Mags, tops off!
Come on, we gotta see the growth in
action—this is gonna be epic!

Honestly, Suzy,
you're already big enough.
Like, seriously, do you really
need more?

Uh, yeah, of course I do! I'm rocking a C-cup now, but imagine me with Ds... or even bigger! Total bombshell status, Mags. You can't tell me that doesn't sound amazing!

Alright, Mags,
pass me that pill.
Here's to bigger, better
boobs—may they grow
nice and plump!

I don't know... I've had these A-cups forever. I've always felt like... like something was missing.

Like I'm not as noticed or seen as other girls. Maybe if they were bigger, I wouldn't feel so... invisible.

Hey, don't stress about it. Breast size isn't everything, you know? You know, you've got so much more to offer than just your body. You're amazing the way you are.

But, hey, if you want bigger boobs, I'm all for it. You deserve it!

Alright, Mags,
now it's just a matter of time.
We've taken the pills, we're ready—just
gotta sit back and wait for the
magic to happen.

Get ready to watch
these bad boys grow!

Okay, okay, just...
a little more time, Mags.
They're bound to get bigger, right?
I mean, they've got to...

The girls sat there, side by side, staring at their chests as if the very act of willing them to grow might magically make it happen. Time stretched on, each second dragging like the tick of a clock mocking their impatience. They waited, their hopes hanging in the air like a balloon on the verge of bursting—waiting for the moment when their bodies would transform, their small dreams swelling into something much bigger. But, for now, all they could do was sit, stare, and wonder if they had just traded a little bit of their patience for a whole lot of doubt.

This is bullshit! I spent 300 bucks
on this crap, and nothing's happening!
What a waste—I could've spent that
money on, like, literally anything else!
Ugh, this is so dumb!

I guess the pill didn't work. But it's fine, really. Size isn't everything.

You're right, Suzy... I've got more to offer than just that. It's whatever. I don't need it.

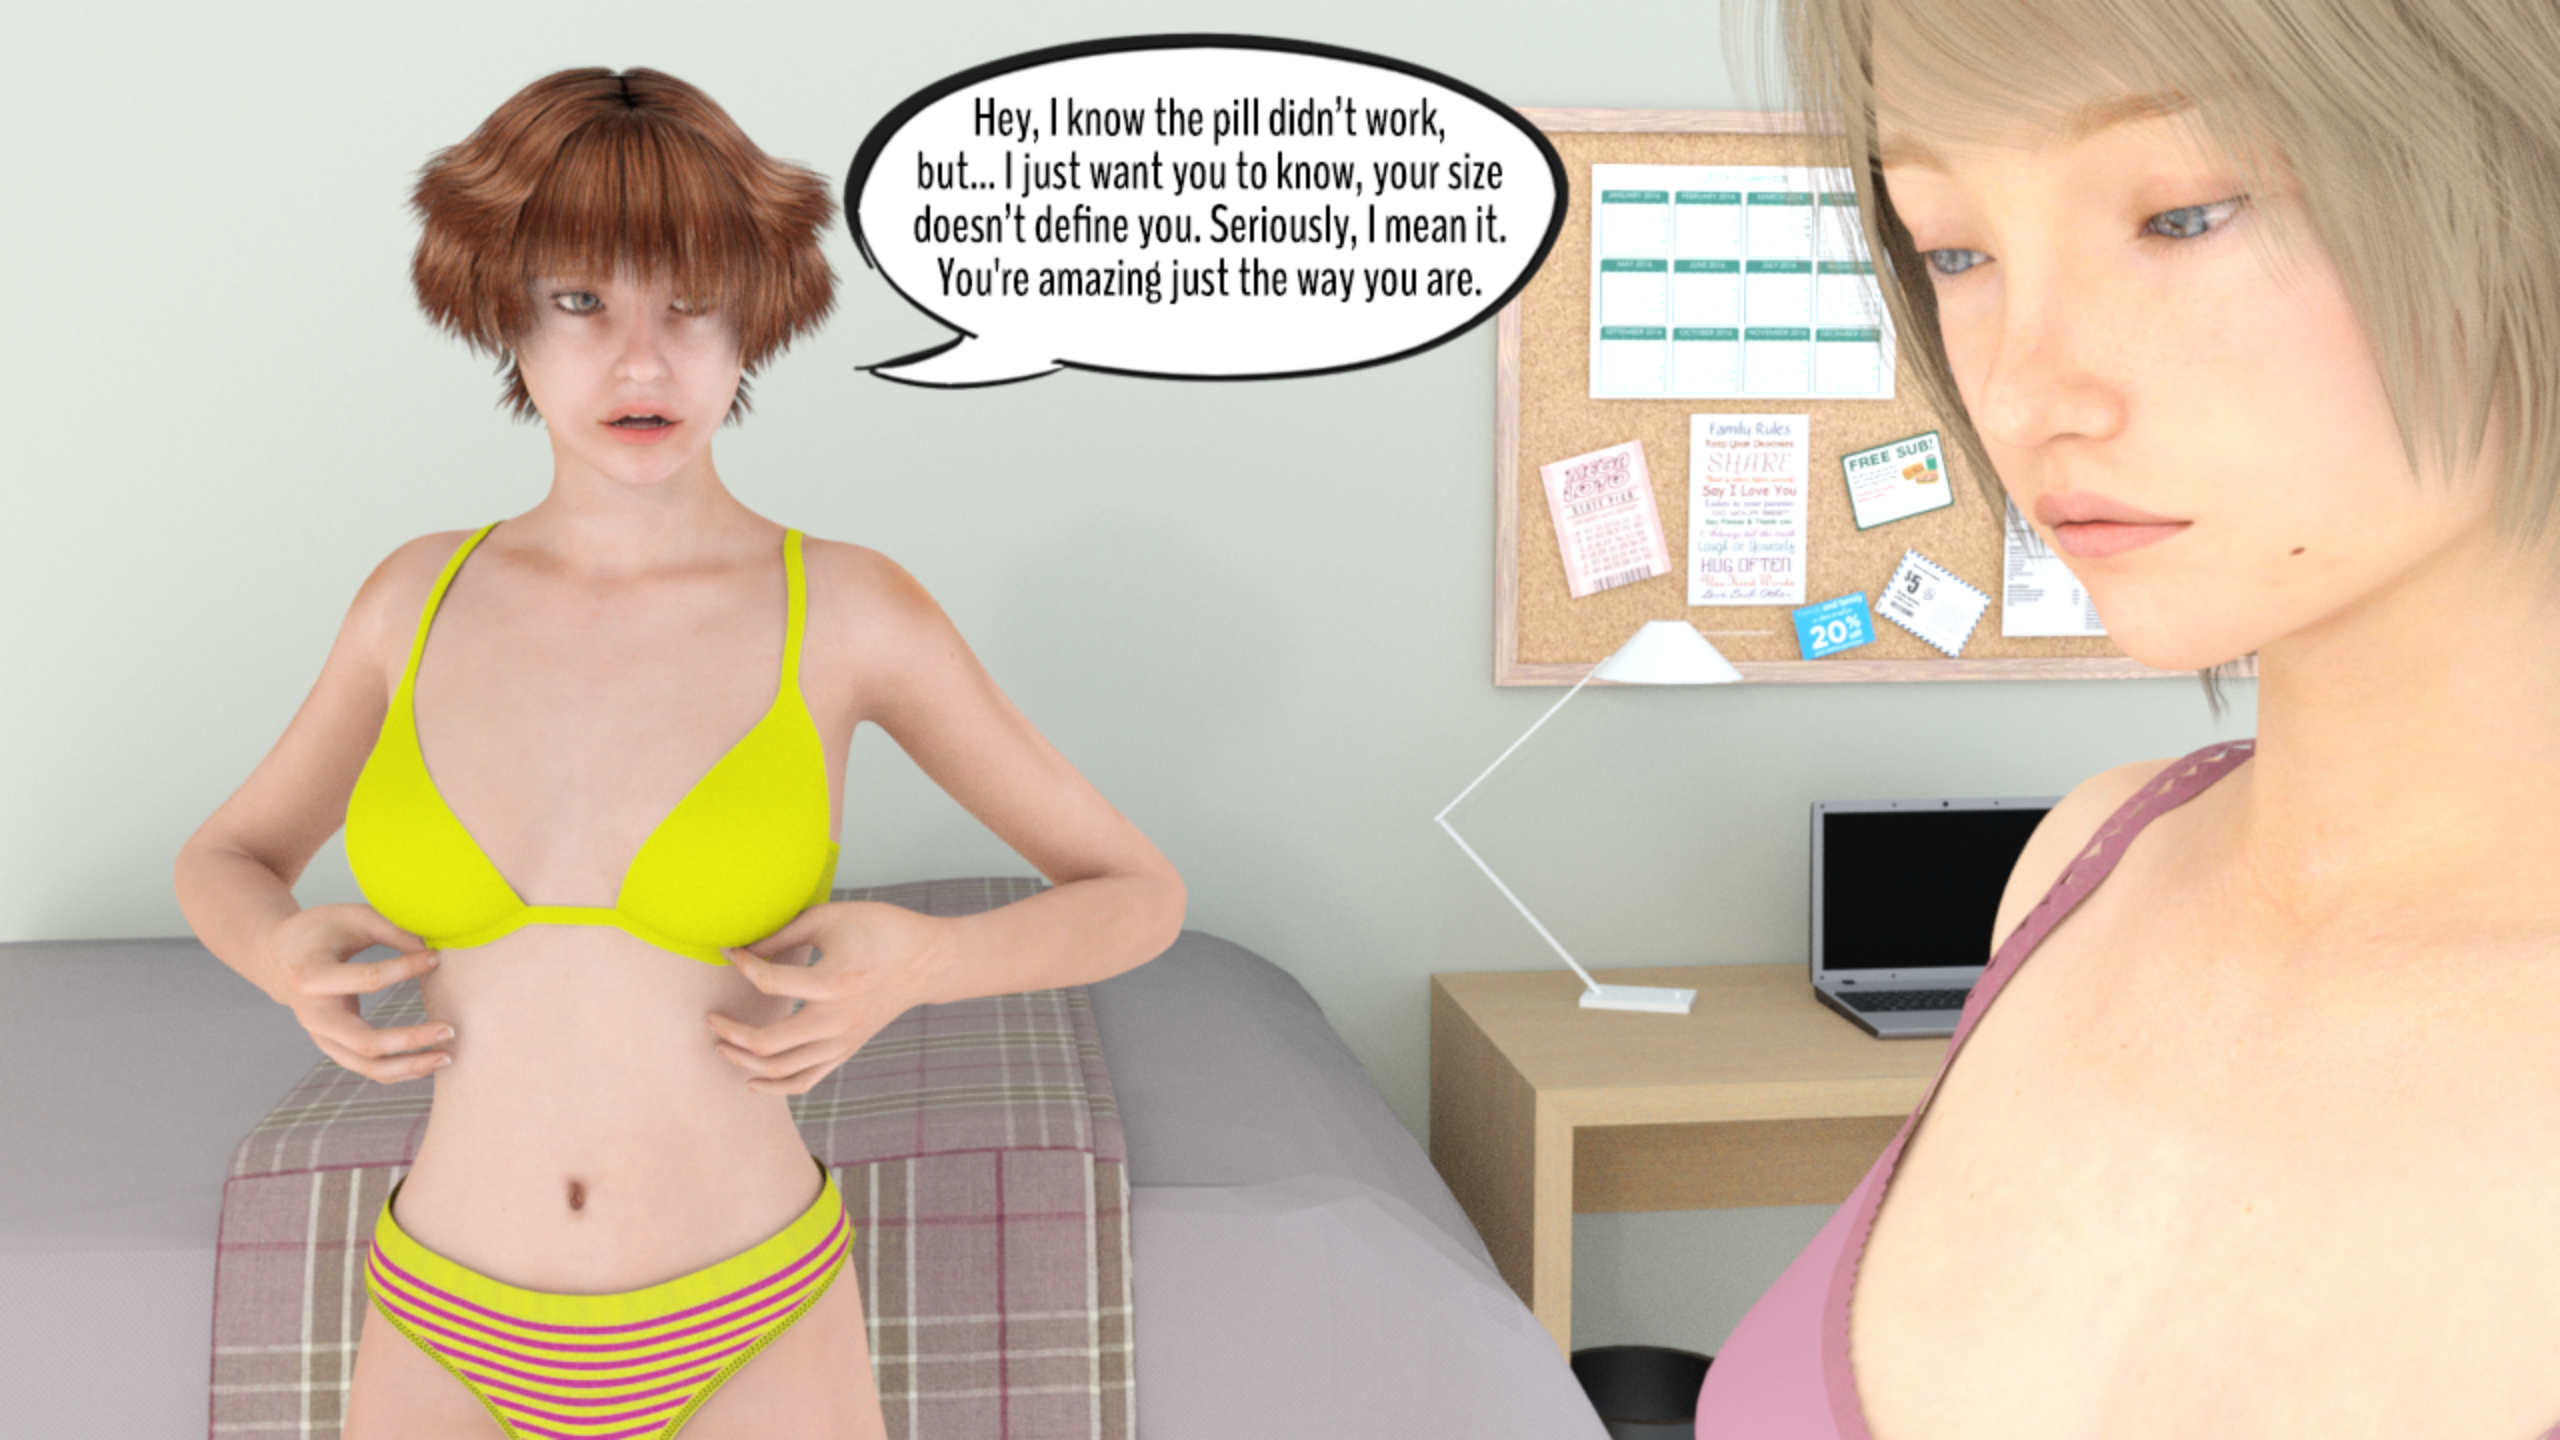

This is ridiculous! I'm definitely asking for my money back. I paid 300 bucks for this crap, and it didn't do a thing.

That stupid app, ZhaoMart, is totally getting an earful from me. What a rip-off!

As the girls slipped into their bras and panties, pulling on their clothes to settle in for the night, the weight of disappointment lingered between them. They didn't say much, just the sound of fabric rustling in the quiet room. Neither of them dared to speak of the unspoken letdown, the one that sat heavy in their chests.

Hey, I know the pill didn't work, but... I just want you to know, your size doesn't define you. Seriously, I mean it. You're amazing just the way you are.

Yeah, well,
easier said than done
when you're already rocking
a C-cup, huh? Must be nice to
not have to care about
stuff like that.

Sorry...
that was rude. Didn't
mean it like that
Anyway... goodnight,
Suzy.
