

# Chapter 10 - Answers

3 hours later...  
Sepia-Forest (dark side)

I still remember how scared I was of Ghost-Pokémon back when I played with Mel...

Now that I've trained here for a while, I gotta admit that some of you are actually very cute.

What's going on here?

Girls like you are always welcome in Chartreuse-Town...  
Call the number I've given you. Klaus is a friend of mine and I'm sure he would gladly organize a livestream of your... you know. Have you decided on which of your Pokémon should do it?

Arbok, Seviper, Serperior...  
All three of them sound nice...  
Thank you for the tip though! The guys in the Forum make sure to never give away the location. I finally know where I need to go now...

After the girl has left...

I don't get girls these days...  
Well, who cares?  
Klaus is going to make alot  
of money from all the  
perverts watching her  
get~...

E-excuse me...?  
It sounded like  
you know alot  
about the server...

I am looking for  
someone...  
You seem to know  
alot of stuff...

I need to be careful...  
she mentioned  
someone called Klaus.  
Maybe she's in  
contact with that gun  
guy dressing up like  
Team Rocket...

Sable...

What is the  
meaning of this...  
Her stats... I am  
supposed to be  
able to see her  
stats...

Looking for  
someone, huh...?  
Sure...  
Who do you work  
for...?

Who do I work for...? What are you talking about...?

It doesn't matter... I'll just torture the information out of you, after my Mewtwo has beaten you into submission!

Wait... That's not supposed to happen...

\*zap\*

\*bzzt\*

Torture it out of me,  
huh...?  
You are a mad!

**Don't celebrate too early, Hacker! I still have one Pokémon that hasn't been cheated into the game... I'll get the information how you circumvent the power of Giratina...**

**Cheated...? Hacker...? Circumvent Giratina...? ...What is this old hag blabbering about?**

**My Polteageist should be enough to crush you!**

**I didn't have to use it for quite some time.**

**Let me guess, you just started your journey?**

**Wait... is that your only Pokémon...?**

**LV. 27**

**Most people only defeat Marina nowadays. Level 27 should be more than enough to~...**

LV. 81

I'll make YOU tell me everything I want to know...

Oh Oh...

LV. 81

LV. 27

Teaaaaa~

I'll crush you  
anyways!  
Polteageist use  
shadowball!

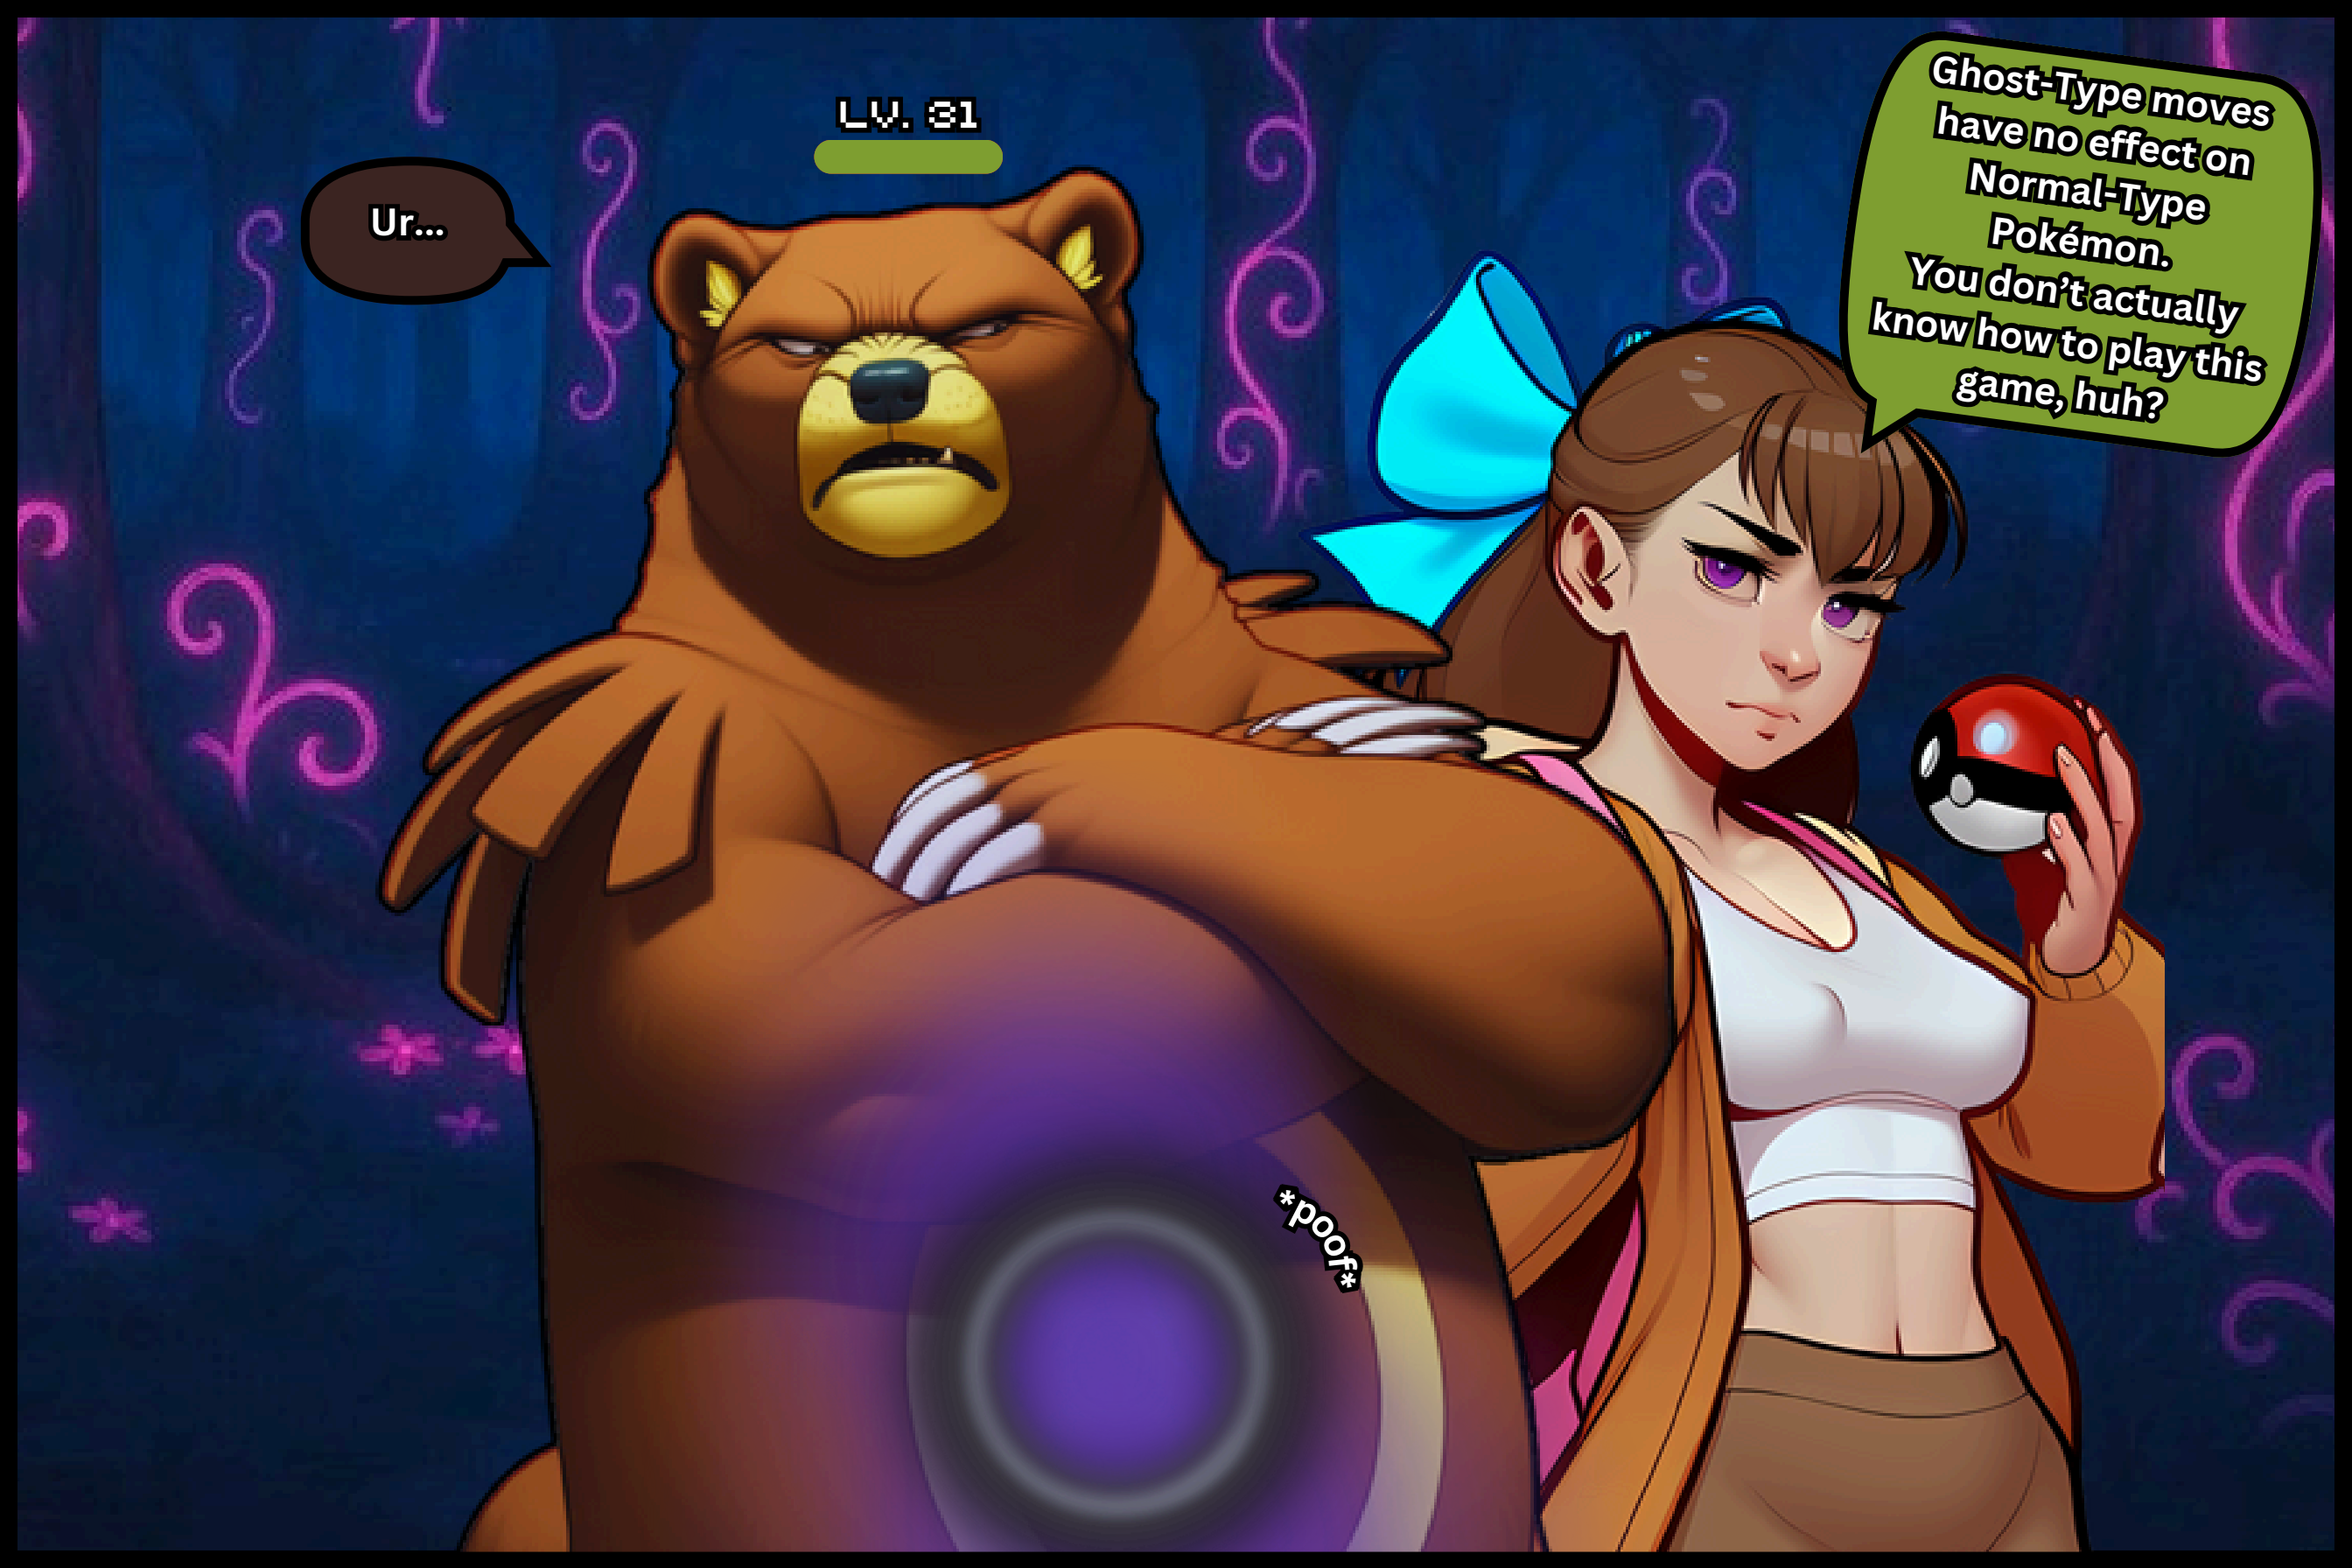

...

LV. 81

Ur...

Ghost-Type moves have no effect on Normal-Type Pokémon. You don't actually know how to play this game, huh?

\*poof\*

One use of  
Thief should be  
enough,  
Ursaring!

LV. 31

RRIINNNNG!

Oh no...  
Polteageist...

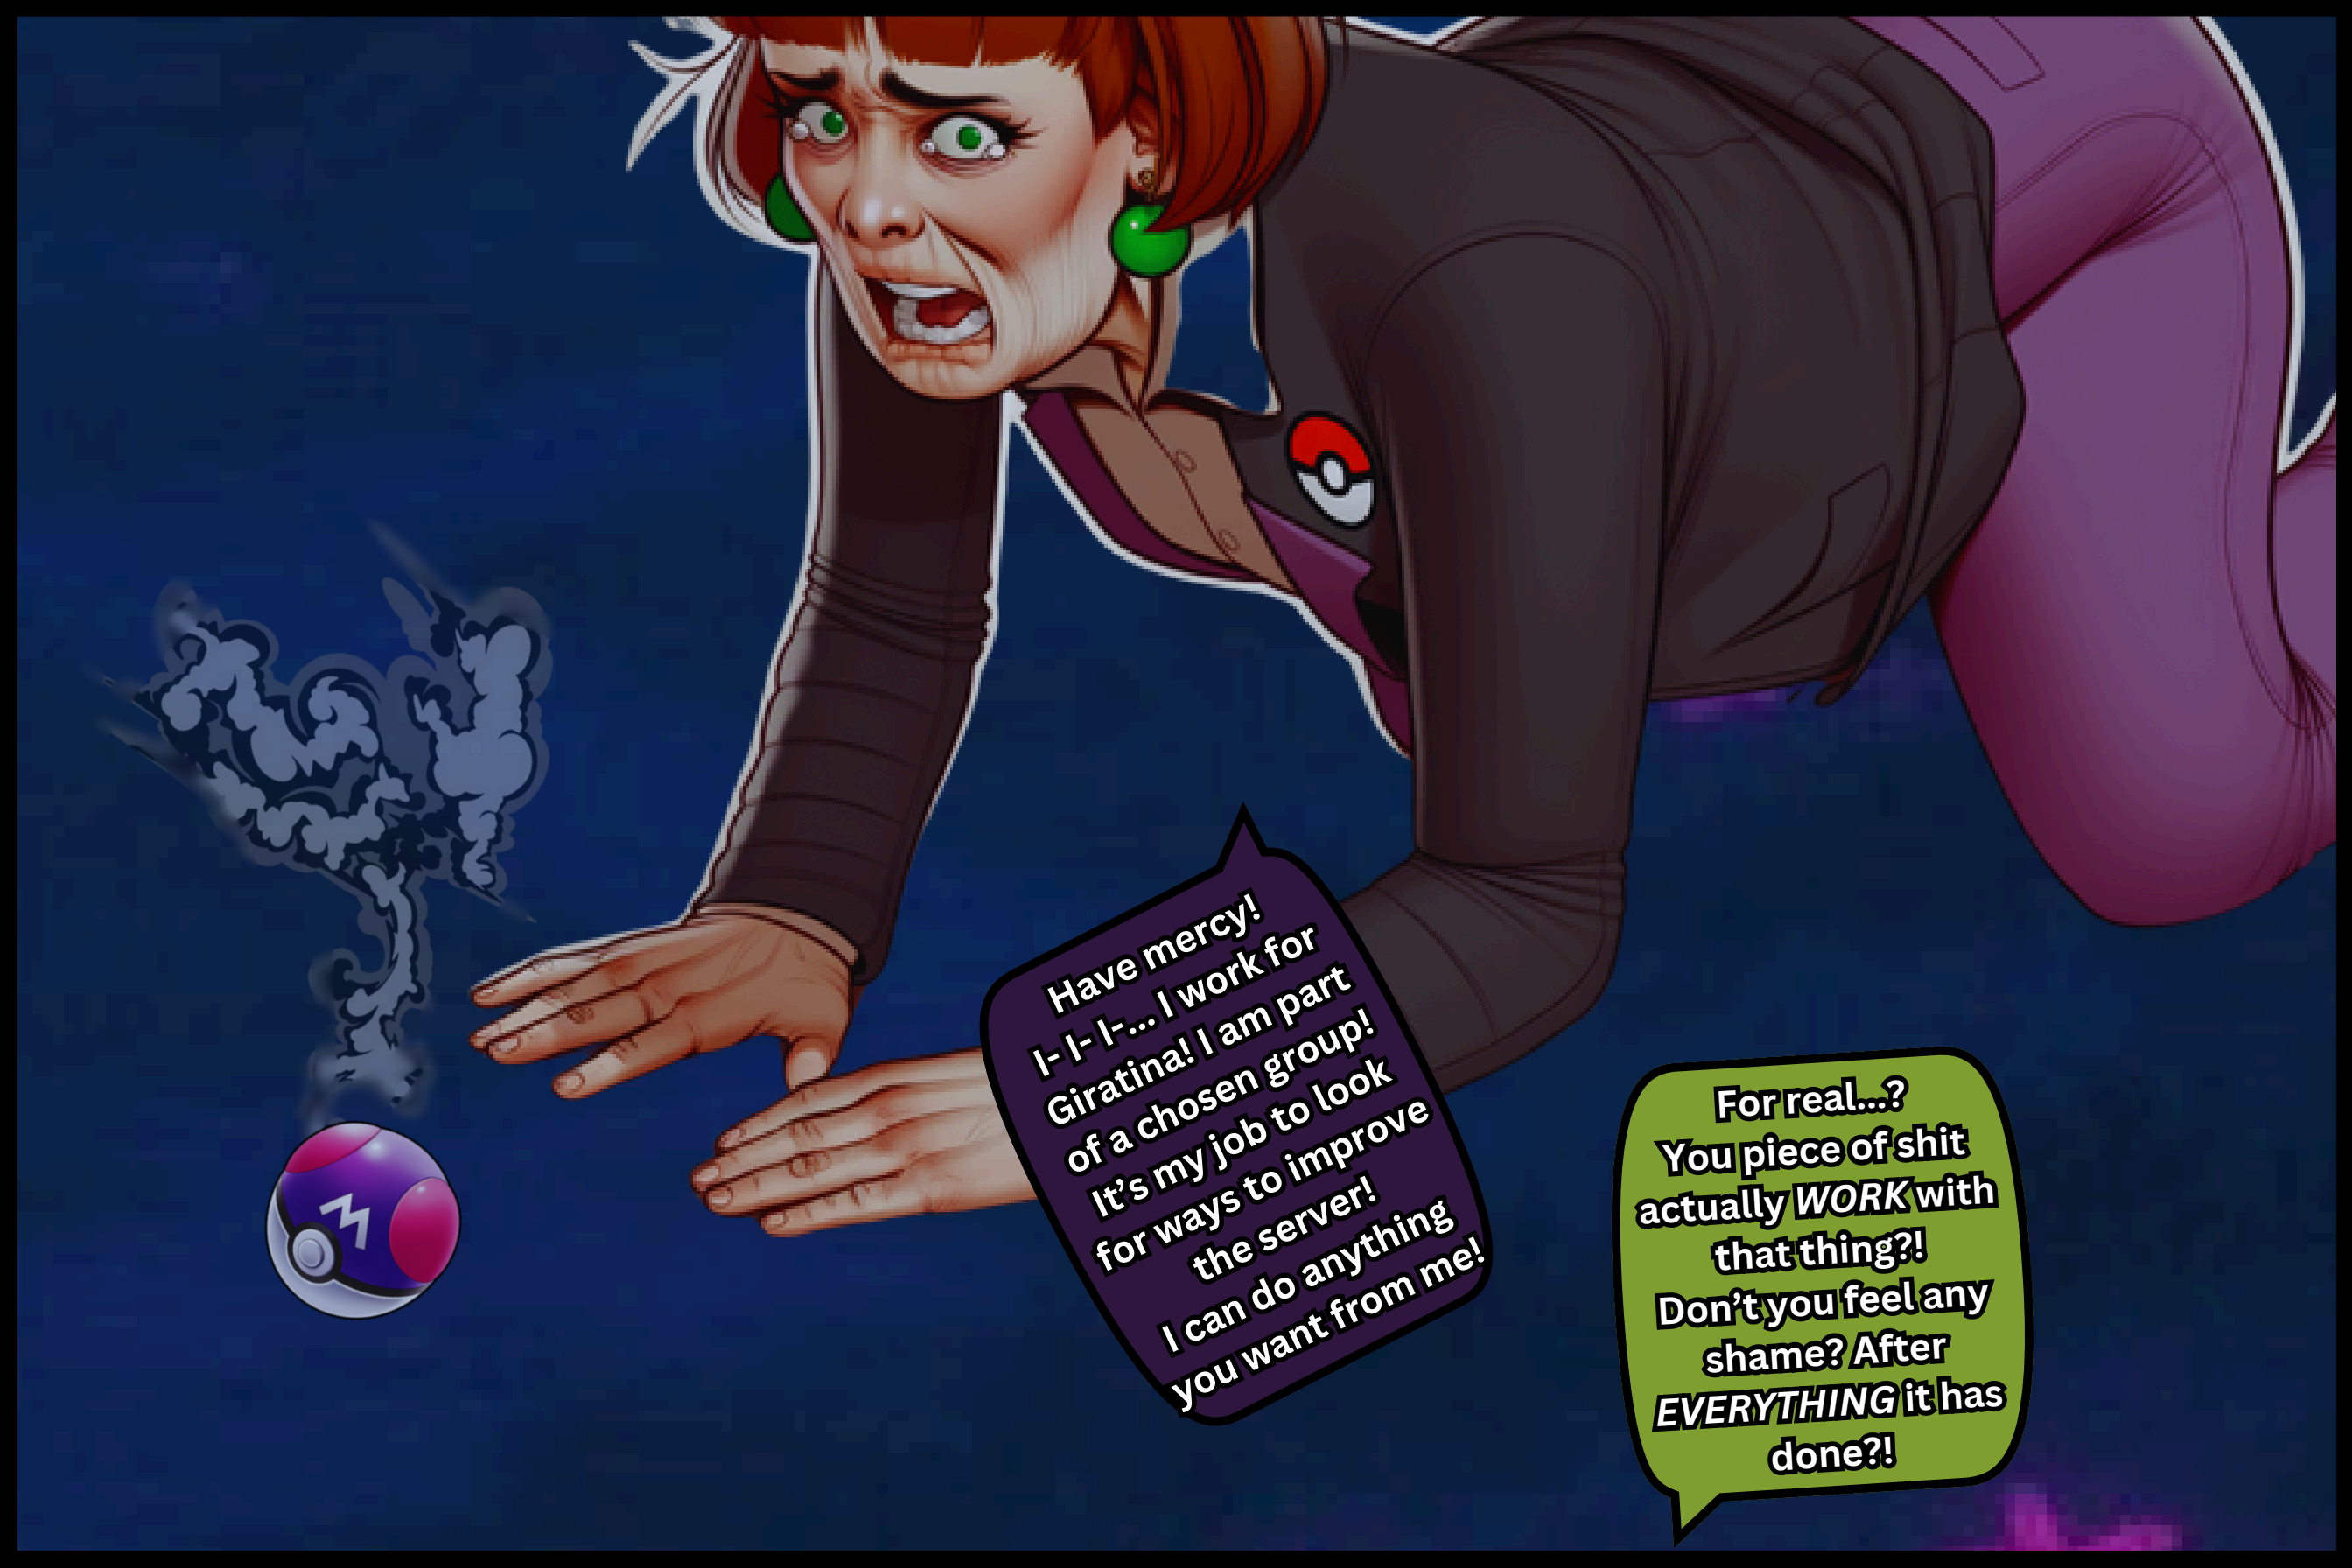

LV. 27

Please, Mewtwo!  
You need to come  
out and crush that  
bitch!

Crush me, huh...?

Have mercy!  
I-I-I-... I work for  
Giratina! I am part  
of a chosen group!  
It's my job to look  
for ways to improve  
the server!  
I can do anything  
you want from me!

For real...?  
You piece of shit  
actually *WORK* with  
that thing?!  
Don't you feel any  
shame? After  
*EVERYTHING* it has  
done?!

What's in it for you?!  
**MONEY?!**  
There's countless families out there who are suffering because of Giratina and you **WORK** for it?!

Please... I'll change my ways...  
Just tell me what you want. I have access to the code...

Wait... can you...  
Can you locate someone for me? Tell me what Pokémon she has become?

I'll just have to play nice until Giratina notices what's happening here... It will save me for sure...

Just tell me their name and I can look into our database...

M-... Melissa Harper...

NAME: MELISSA HARPER  
AGE: 22  
LOCATION: G#=?E?  
P -"BZZT"

It looks like she is a Pyroar now... but... it looks like the information is getting deleted as we speak...

A Pyroar?! Omg finally a clue!

...Wait... what do you mean it's getting deleted...?

It... it's starting to look like your database entry...

OH MY GOD!  
WHAT THE FUCK?!

OH GOD!!  
WHAT'S  
HAPPENING NOW?!

NAME: ?  
AGE: ?  
LOCATION: ?

*You've  
done  
more  
than  
enough  
Agnes...*

STOP!  
STOP IT!  
~UGHHH!

Sorry... I think I forgot my stove... I really need to go... It was nice talking to you and everything...

weak... falling... asleep...

*This is interesting...*

*I can not interact with her...*

No! Nope... nope...  
nope... nope...  
nopedy nope nope!  
Nuh uh...

2 hours later...

*Thank you for  
coming...  
We need to  
discuss concerning  
news...*

**Look buddy, I get  
that you want this  
room to look  
spooky, but I can't  
fucking see  
anything!**

**Klaus... you  
know this isn't  
how we talk to  
Giratina...  
Can you please  
create a  
lightswitch for  
us, master?**

1 minute later...

*Better?*

I've been informed early. I have followed your instructions immediately, Sir.

Way better, bud!  
If you only invite Helen and me, this is probably pretty serious, huh?

Wait... You told her before you told me?!

*She was the more logical choice.*

*I had to freeze Agnes. She's in a coma now. Helen doctored some evidence and informed the Police using an Alias. Police will arrive shortly and probably remove her Spinary-Chip by mistake...*

**Really...?  
What did she do  
to deserve  
death?**

**You shouldn't  
kill someone  
loyal that easily,  
buddy...**

**Giratina didn't kill her.  
The Police will be the  
ones pulling the plug.**

**Besides... She was  
caught giving  
sensitive Information  
to a strange individual  
she had lost to...**

**Nevermind,  
fuck her then...**

But how did she lose to someone...?  
It was her idea to distribute the Legendaries among us leaders...  
I'm not an expert, but a Level 100 Mewtwo shouldn't have been easy to beat...

That's what's truly concerning...  
It seems that there is a person on the server that Giratina has no power over... Someone is trying to intervene with our business Klaus...  
Can you check if there's a female Pyroar in your possession? Sadly we lack more data for identification... someone accessed and changed our database...

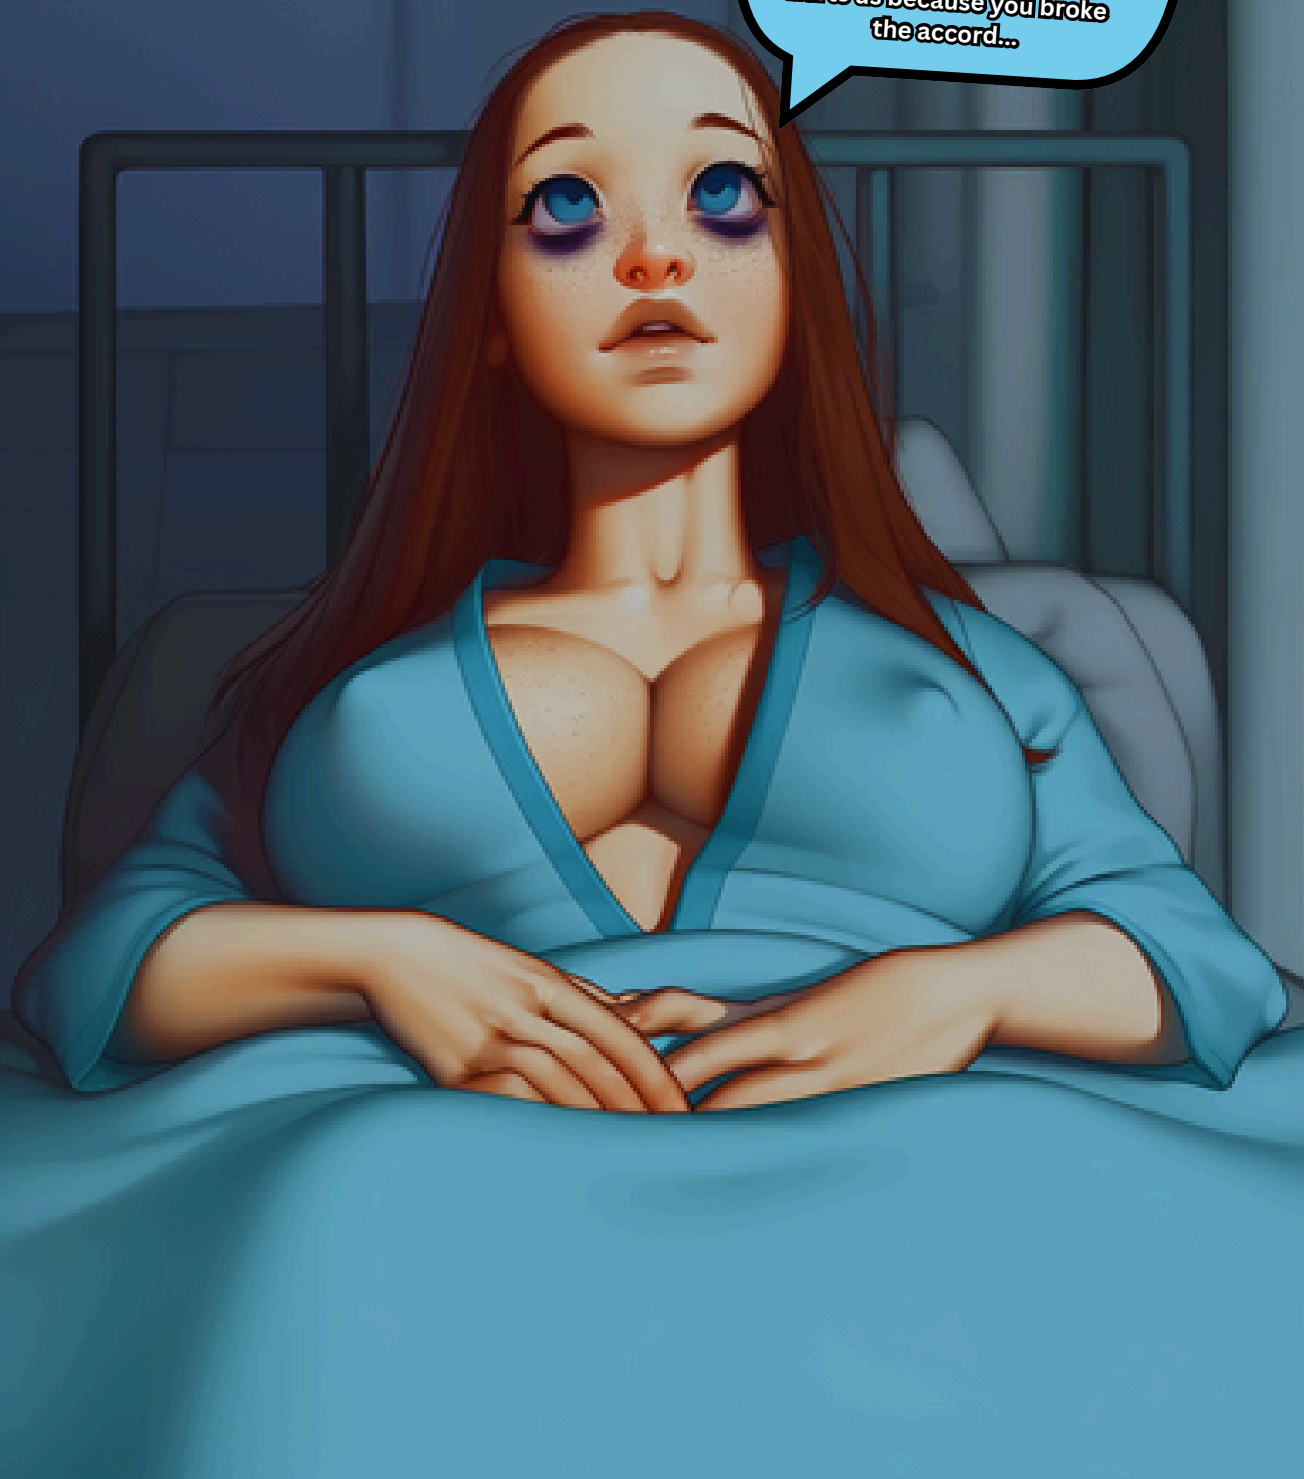

I can not allow them to question my superiority...

What do you have in mind, Great One?

I'll send a clear message...

...?

**That evening...**

*Don't interfere with Giratina...  
It hurts us as punishment... It  
hurts us because you broke  
the accord...*

*Don't interfere with Giratina...  
It hurts us as punishment... It  
hurts us because you broke  
the accord...*

**Bianca?!  
Oh my god?! Did  
you just talk?!**

**Give me a  
second, I'll get a  
doctor!**

Everywhere...

Don't interfere with Giratina... It hurts us as punishment... It hurts us because you broke the accord...

What is she saying...? What is happening out there...?

*\*screaming from the floor\**

*\*sobbing from the floor\**

All over the world...

Oh god... this is too much!

Oh god Clark?! I'll be right there babe!

LET ME THROUGH! Some of them are in no condition to talk! I need to get to them!

She's in there... I can't listen...

It's hurting my baby...

**The hostages started talking...**

Don't interfere with Giratina... It hurts us as punishment... It hurts us because you broke the accord...

The next day...

How's the situation out there?

It's bad Tristan... really bad. It's all over the news 24/7. The DA said that they'll consider the death penalty if they can prove that you are behind this...

And... how's she doing?

Stressed out. Pulled some of her hair out the poor thing. But she'll pull through. You seem oddly... glad?

I am... Agent Thompson... I think it's working...
