

Chapter 11 - Persimmon Town

2 hours after Giratina's meeting...

BooBar - Persimmon-Town

So, that's basically the deal.

You get to use our
unsupervised server for
communication, without
any threat of police
surveillance.

The only one who'll be able
to listen in on what you and
your partners are talking
about is Giratina and it
really couldn't care less.

What do you say?

excessive giggling

Oh my gawd, guys... they actually have a pool table!

You kidding?
This is the best deal I've been offered in a long time.
They're too fucking scared to bug this shit game.
By the way, Aren't we going to meet Mr. Klaus? I've heard alot of rumors and would like to meet the man.

Hey, what's up with that pregnant bitch behind you? Is she a cosplayer or is she actually a pregnant NPC?

Don't worry, you'll get to.
He has a very important
meeting today and wasn't
able to join us.

I am Mr. Klaus's second
hand man. All deals I make
are legit.

And no, this bitch isn't a
cosplayer. She's a
legitimate Jacky. I was
given the power to change
NPC's and make them more
sentient by touching them.

She's my PA.

tssk

Sick. Can we get some Jacky's and Roy's too as soon as we have our own place? The guys want a bar atmosphere and we could use some NPC-servants.

And a Jacky Stripper!

Sure, why not?

There's a limited amount of Jacky's and Roy's, but you guys are kind of VIP's here, so for the right price, we'll consider it.

Hey... what is that cop doing back there...?

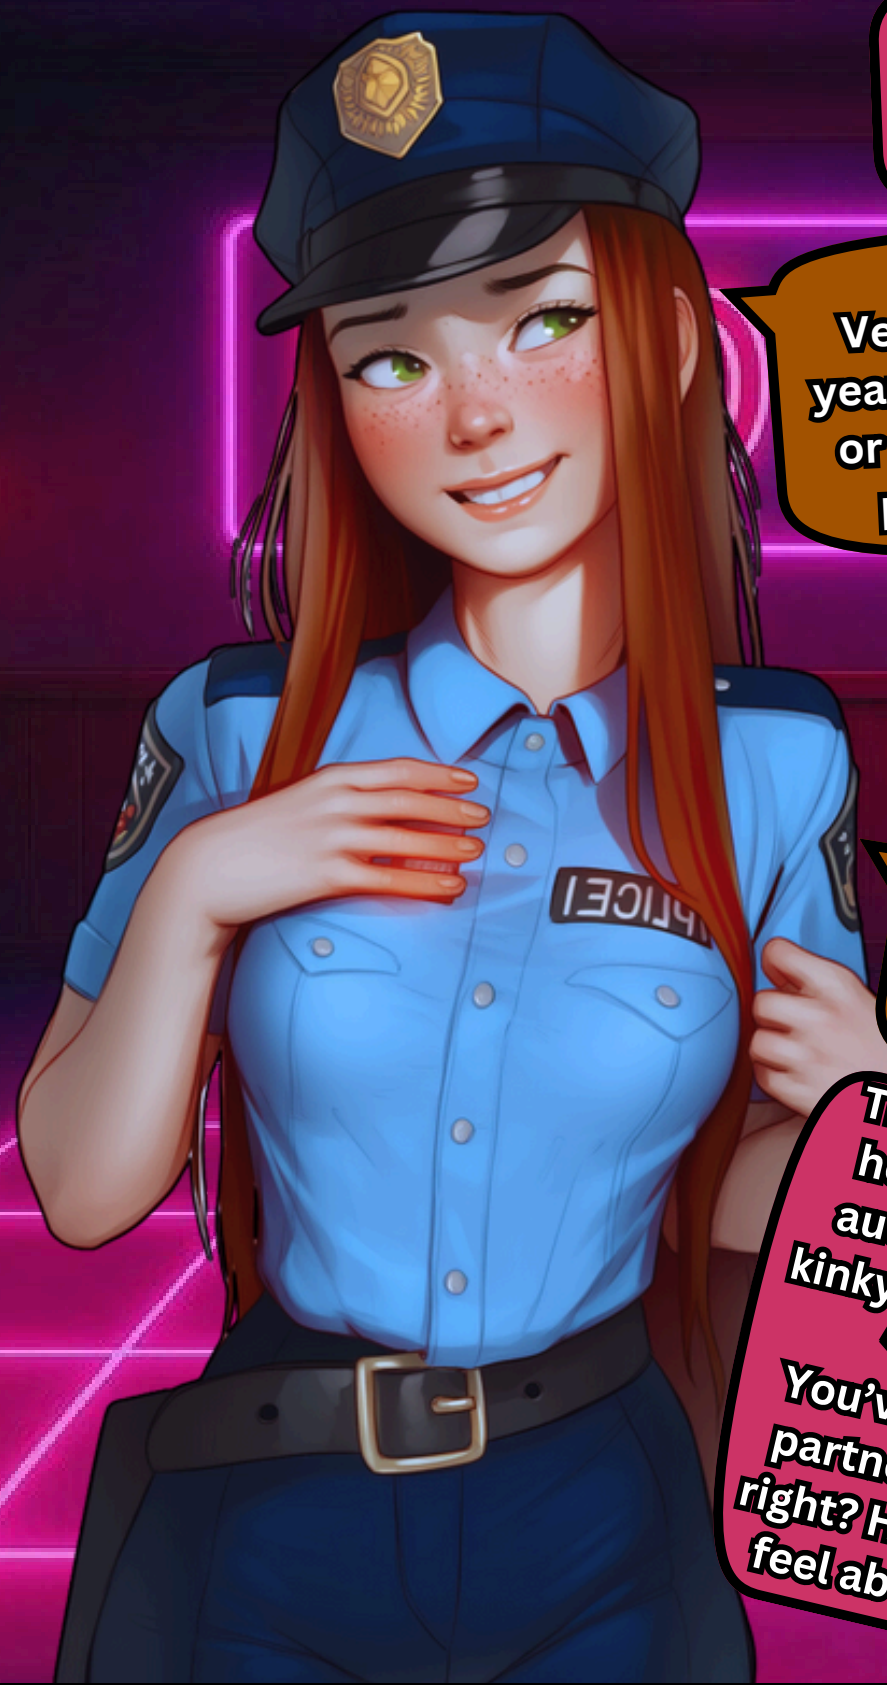

She agreed to become a Pokémon for our Livestream. There's a few volunteers each month and people pay good money to watch...

Oh my god...

HELL YEAH! I always wanted to see this!

ahem

Excuse me gentlemen, I'll need to step outside for a bit. Enjoy the show!

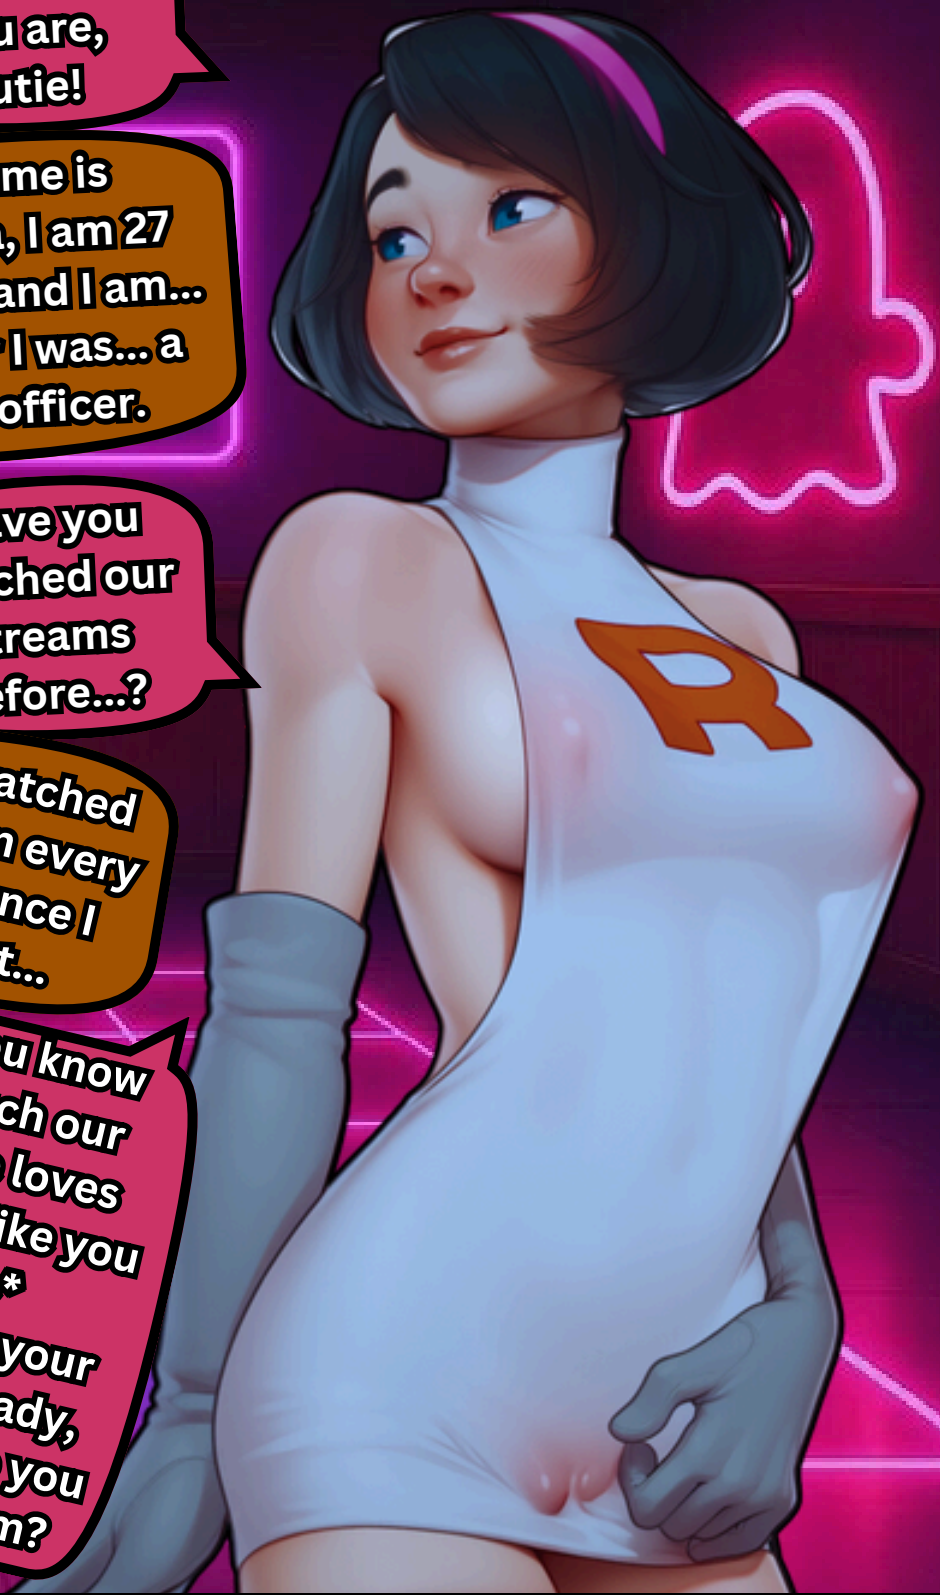

Tell our viewer's who you are, cutie!

My name is Veronica, I am 27 years old and I am... or rather I was... a police officer.

Have you watched our streams before...?

I watched them every chance I got...

Then you know how much our audience loves kinky girls like you *giggle* You've met your partner already, right? How do you feel about him?

He's so much bigger than I thought...

BAR

KANE

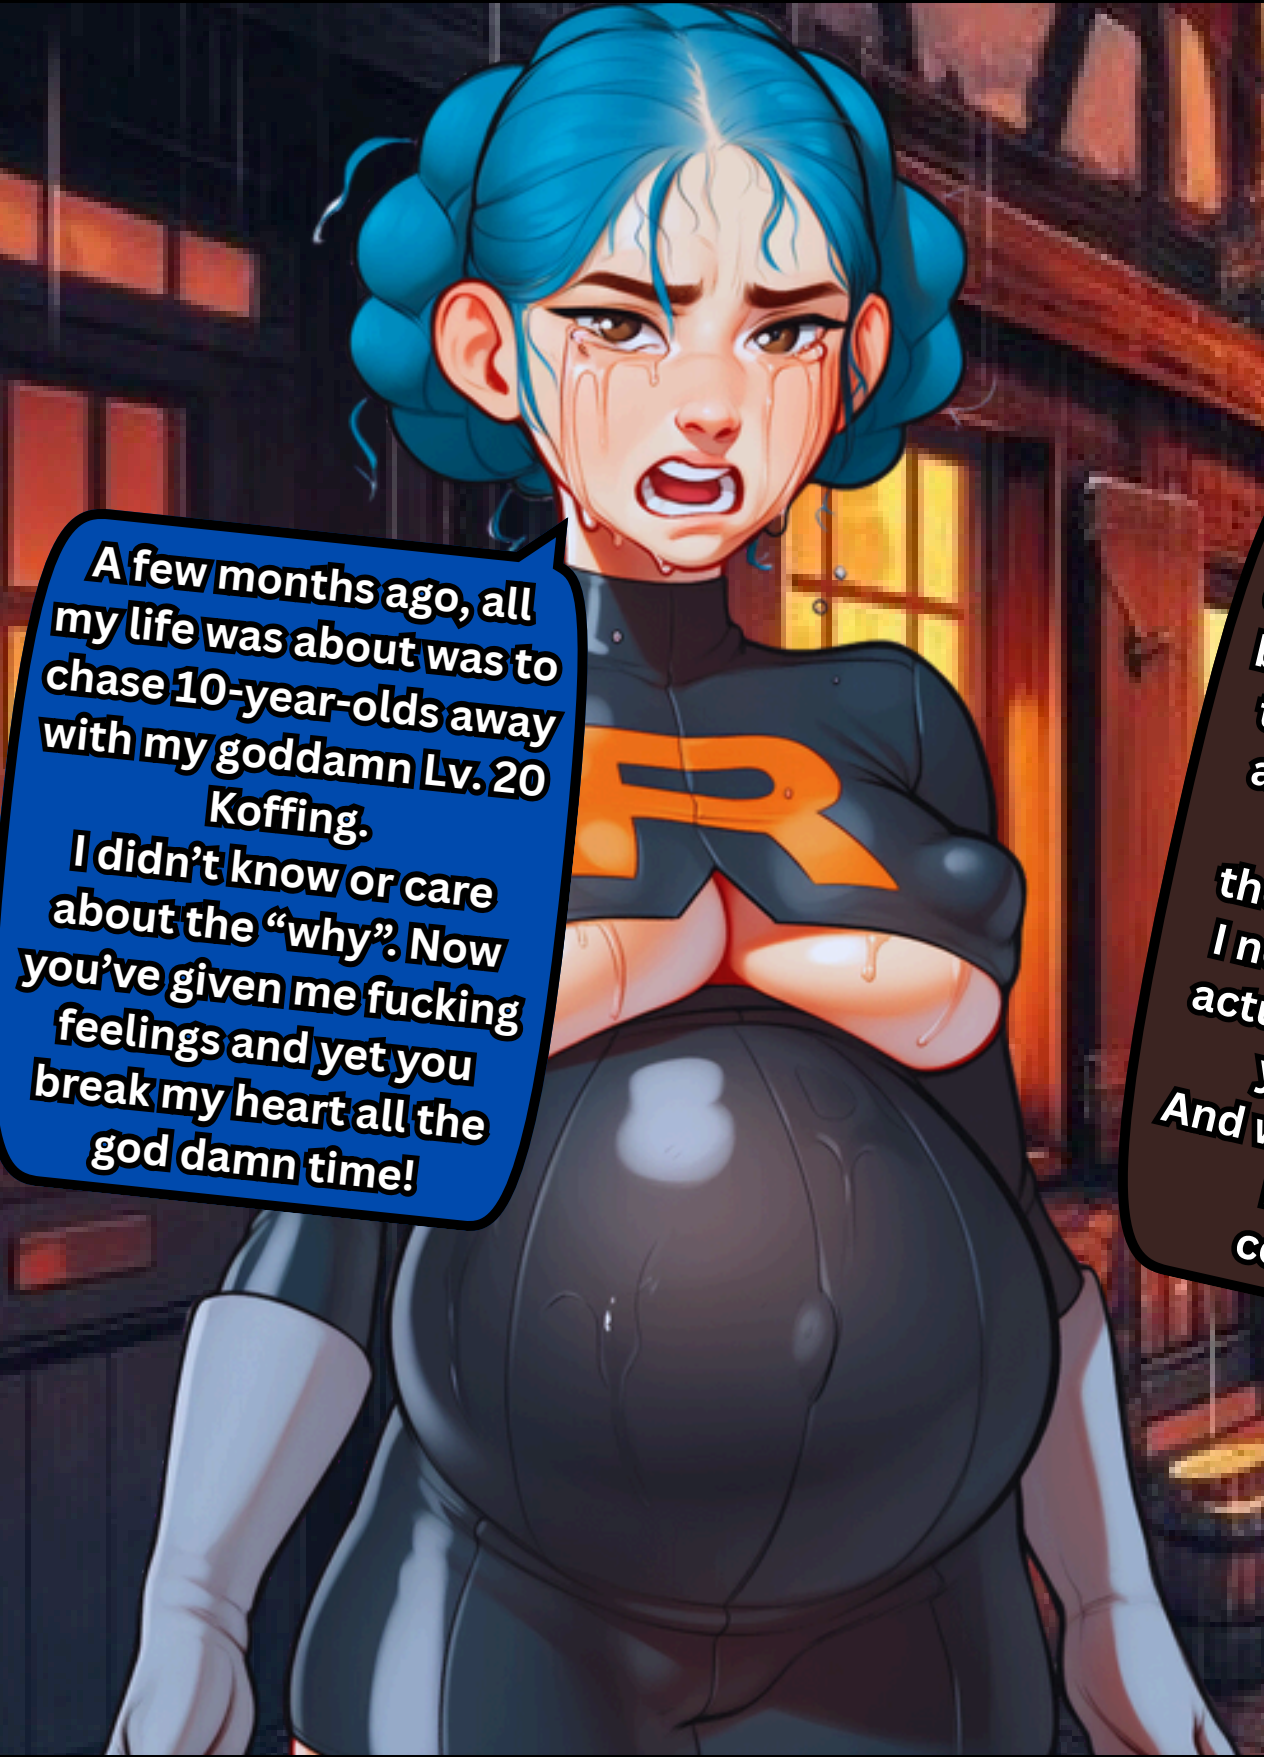

Meanwhile outside...

You promised me that you wouldn't say stuff like that anymore...

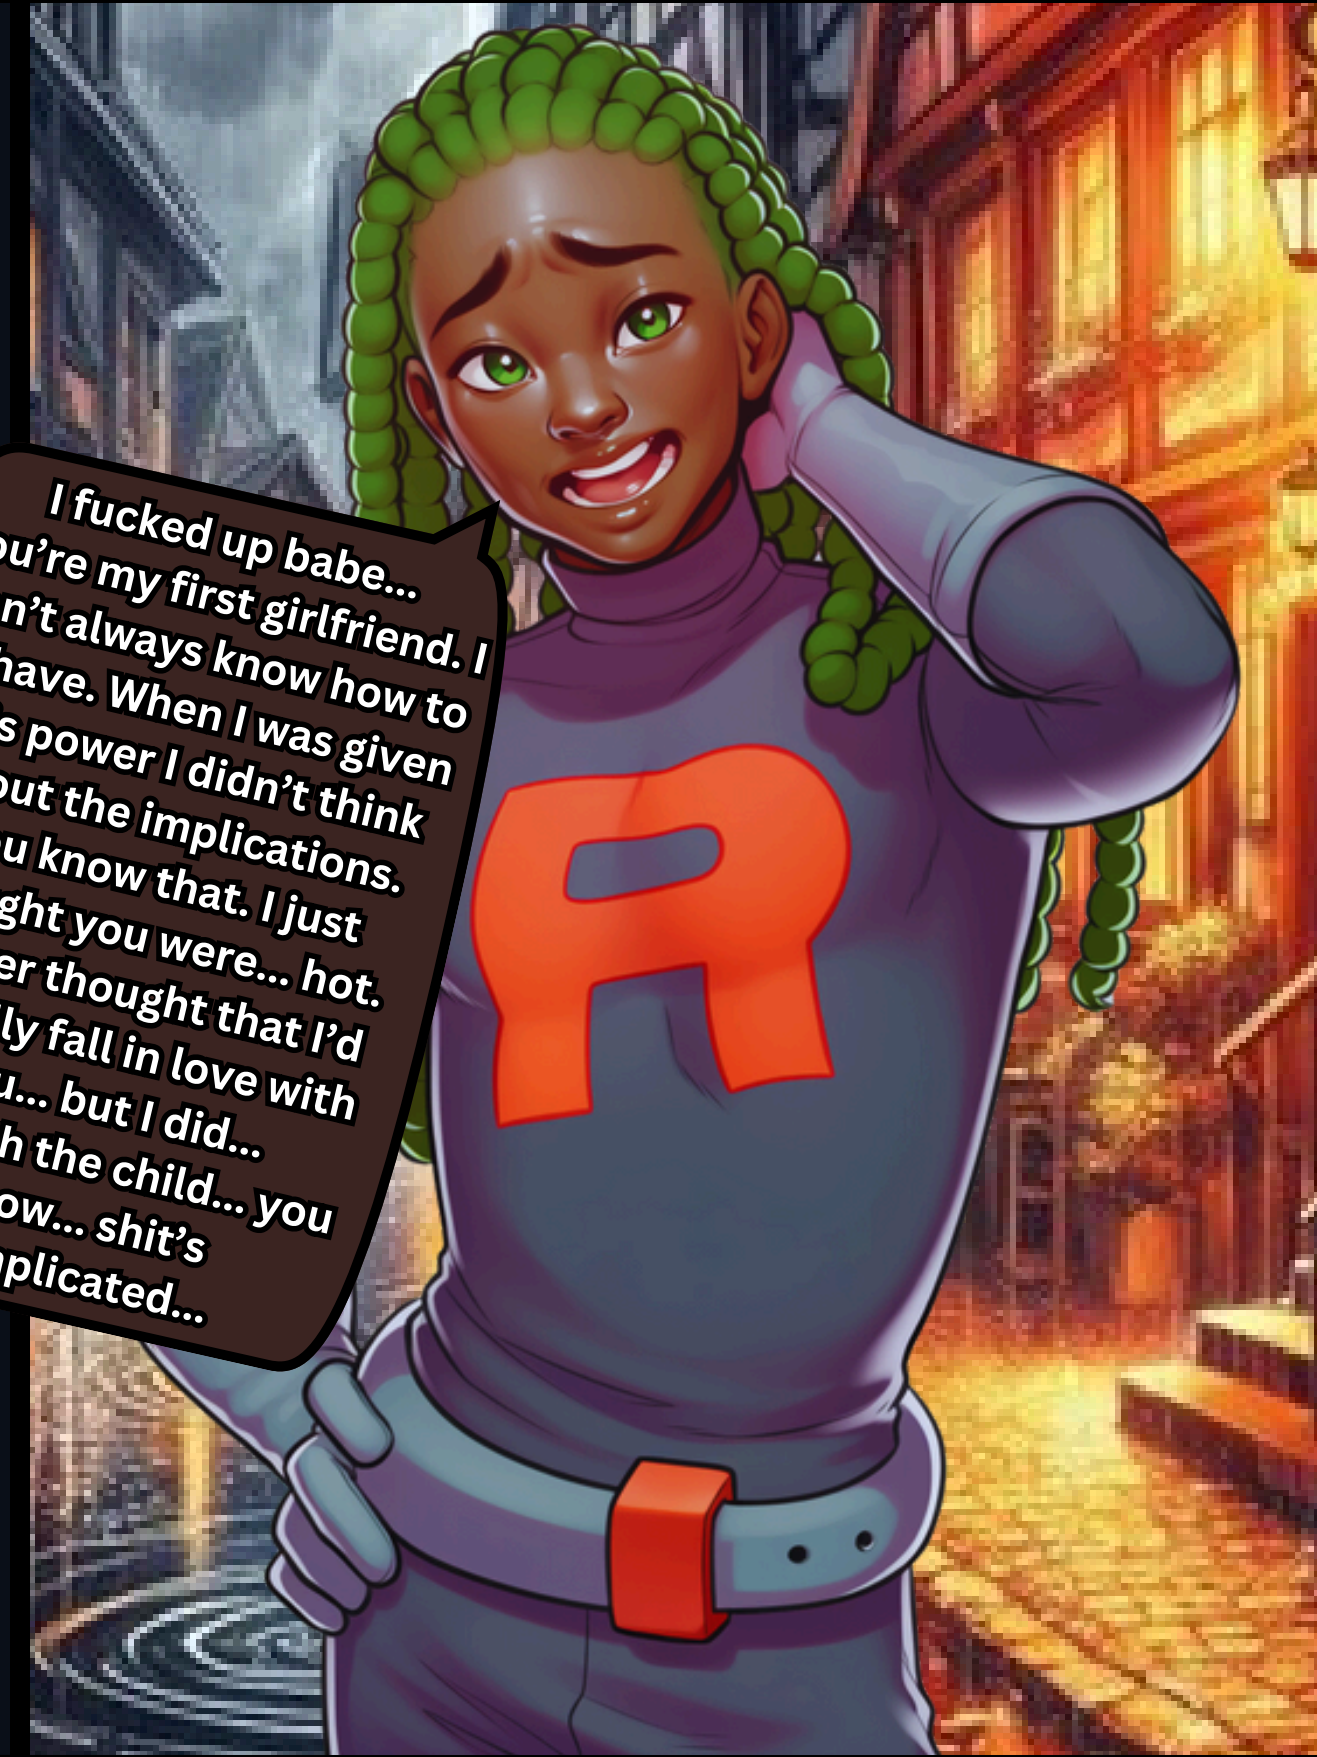

I'm sorry Jaqueline! You know that I sometimes need to talk this way so that I am taken seriously by those individuals...

You say that all the time... How can I take you seriously about seeing me as more than an NPC, if you always talk about me like that...

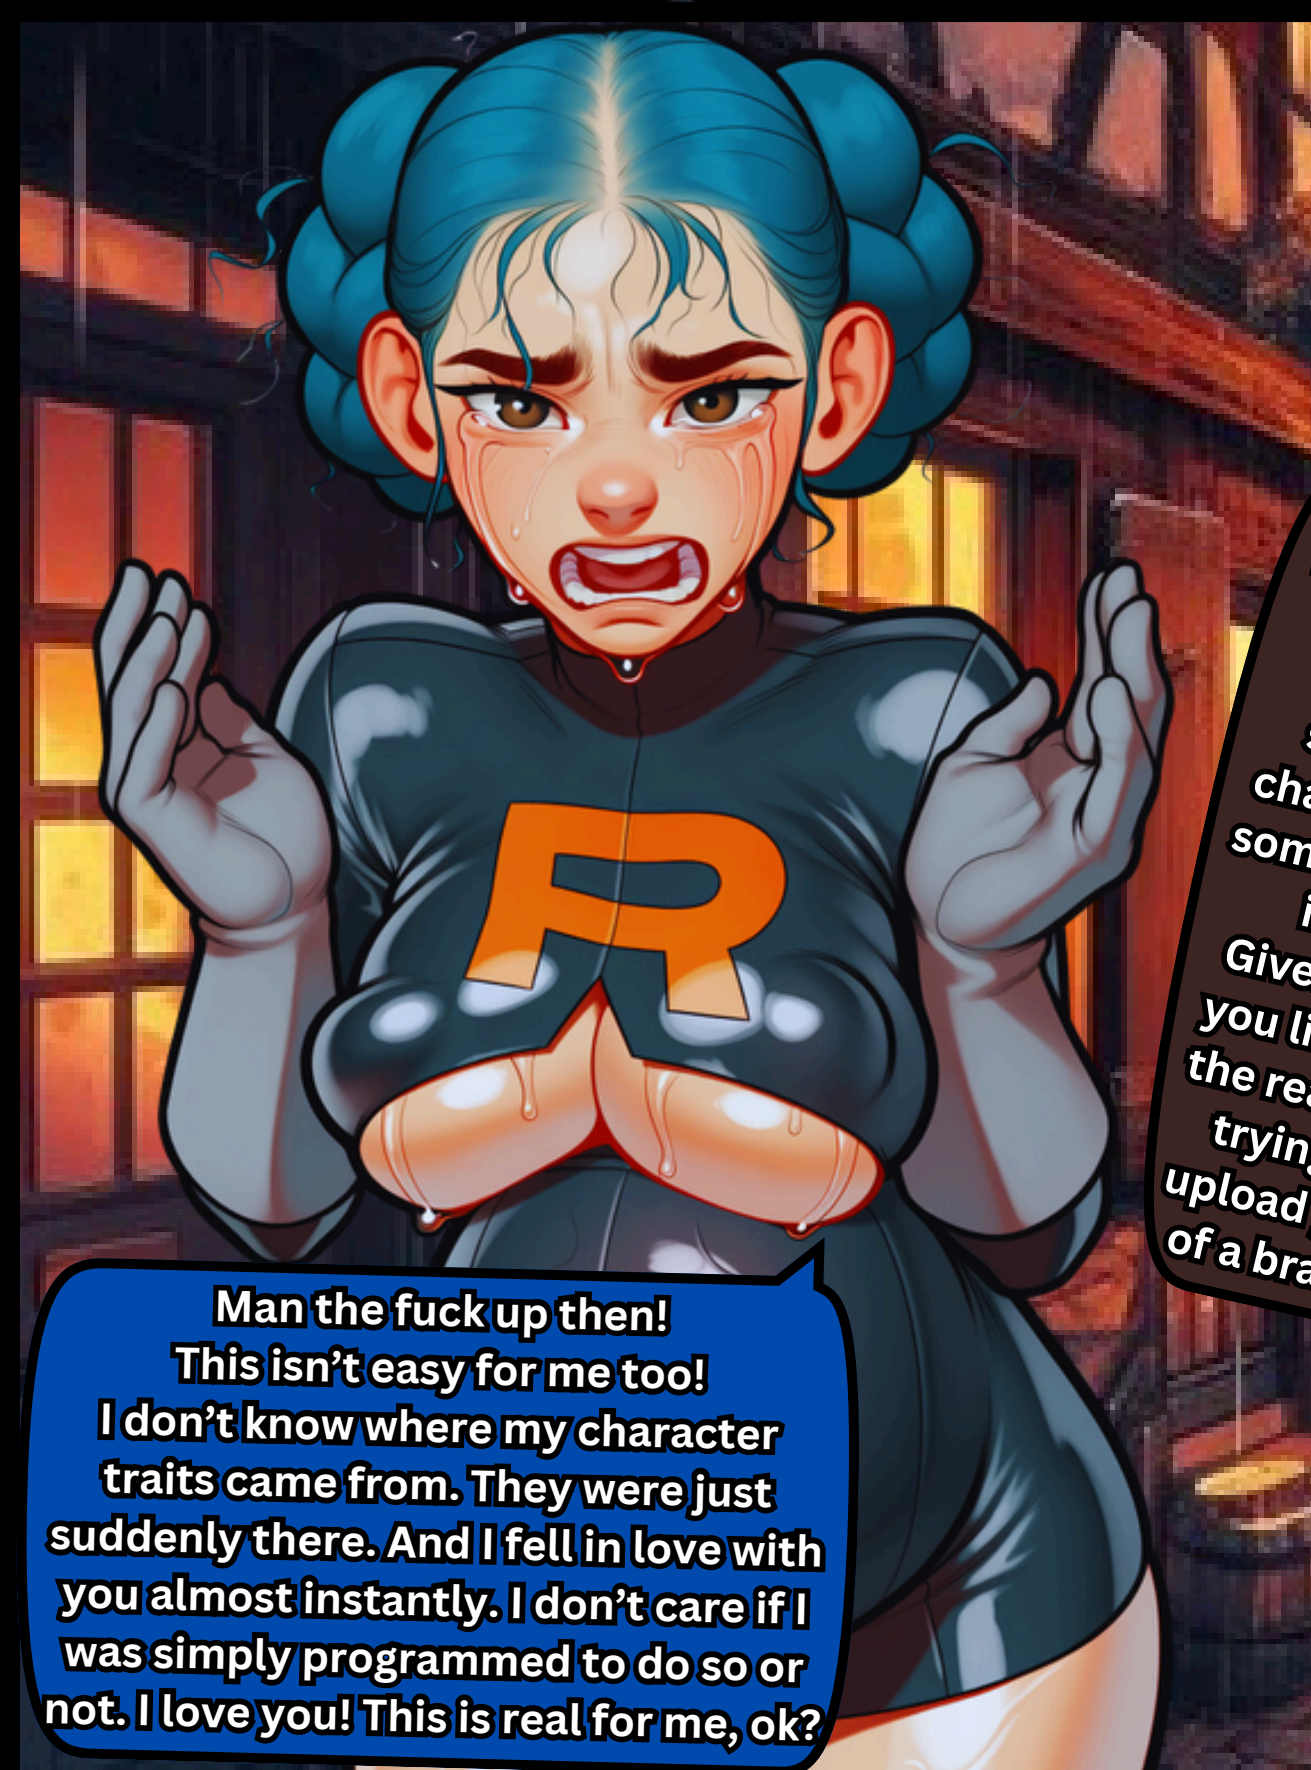

A few months ago, all my life was about was to chase 10-year-olds away with my goddamn Lv. 20 Koffing. I didn't know or care about the "why". Now you've given me fucking feelings and yet you break my heart all the god damn time!

I fucked up babe... You're my first girlfriend. I don't always know how to behave. When I was given this power I didn't think about the implications. You know that. I just thought you were... hot. I never thought that I'd actually fall in love with you... but I did... And with the child... you know... shit's complicated...

**Man the fuck up then!
This isn't easy for me too!
I don't know where my character
traits came from. They were just
suddenly there. And I fell in love with
you almost instantly. I don't care if I
was simply programmed to do so or
not. I love you! This is real for me, ok?**

**I know.
It's real for me too. I love
you.
I need to ask you
something... I had the
chance to ask Giratina for
something and apparently
it's working on it...
Given the chance, would
you like to live with me in
the real world? Giratina is
trying to find a way to
upload you into the body
of a braindead person...**

Meanwhile back inside...

So... what do I do now? Do I just say it?

Just say the words... Giratina will turn you into the Pokémon of your choice since you're a volunteer!

I want to be a Houndour...

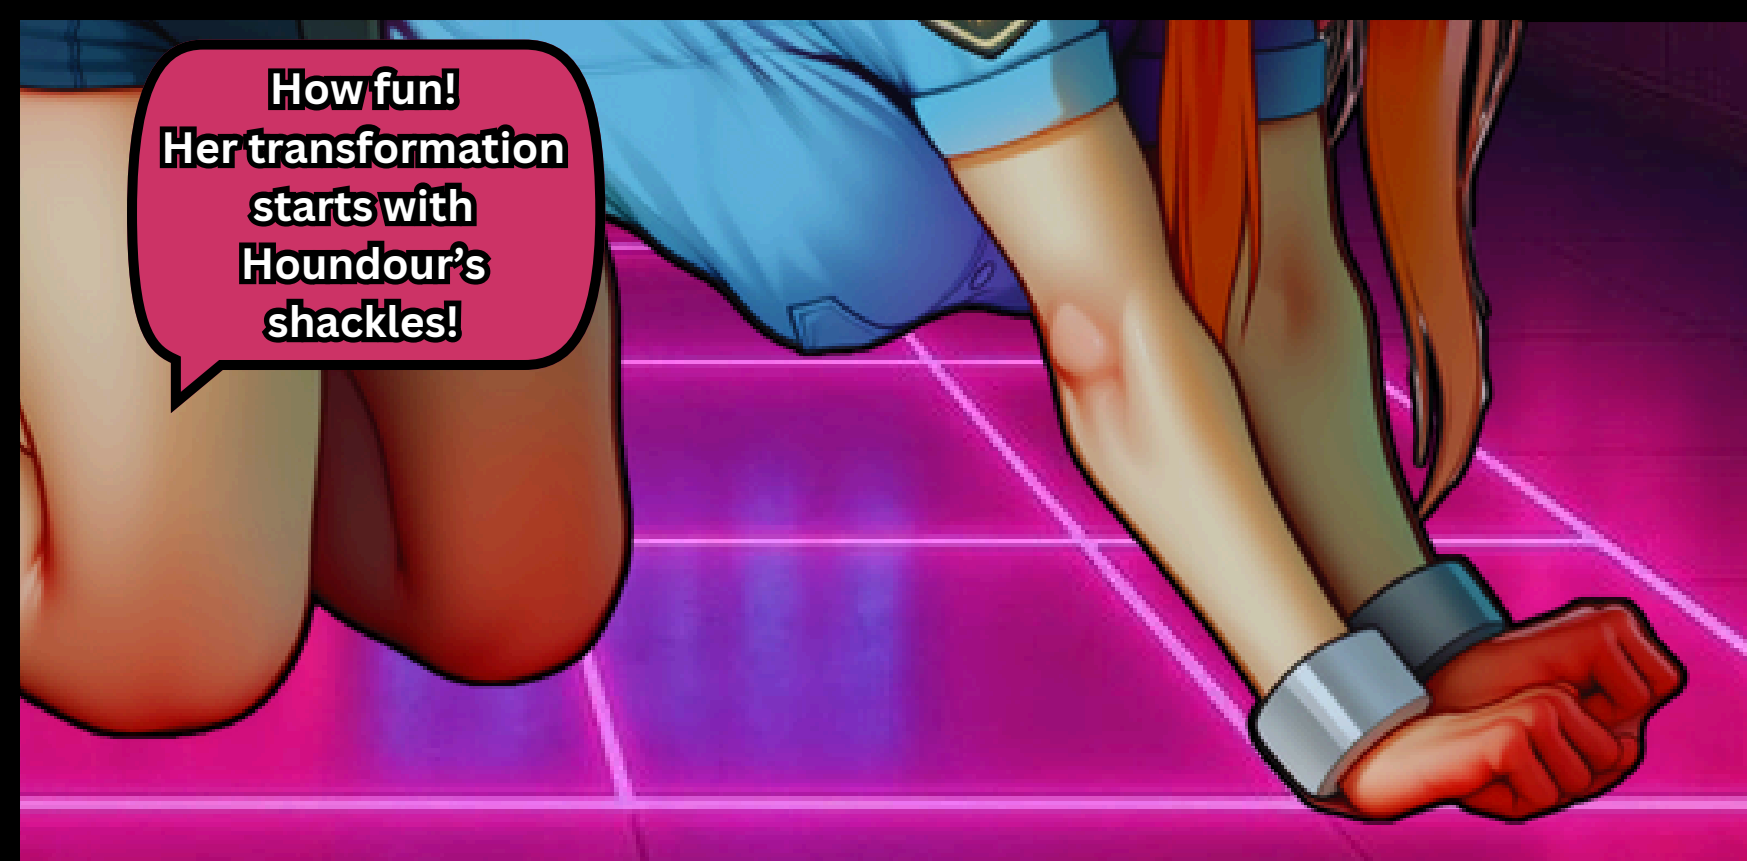

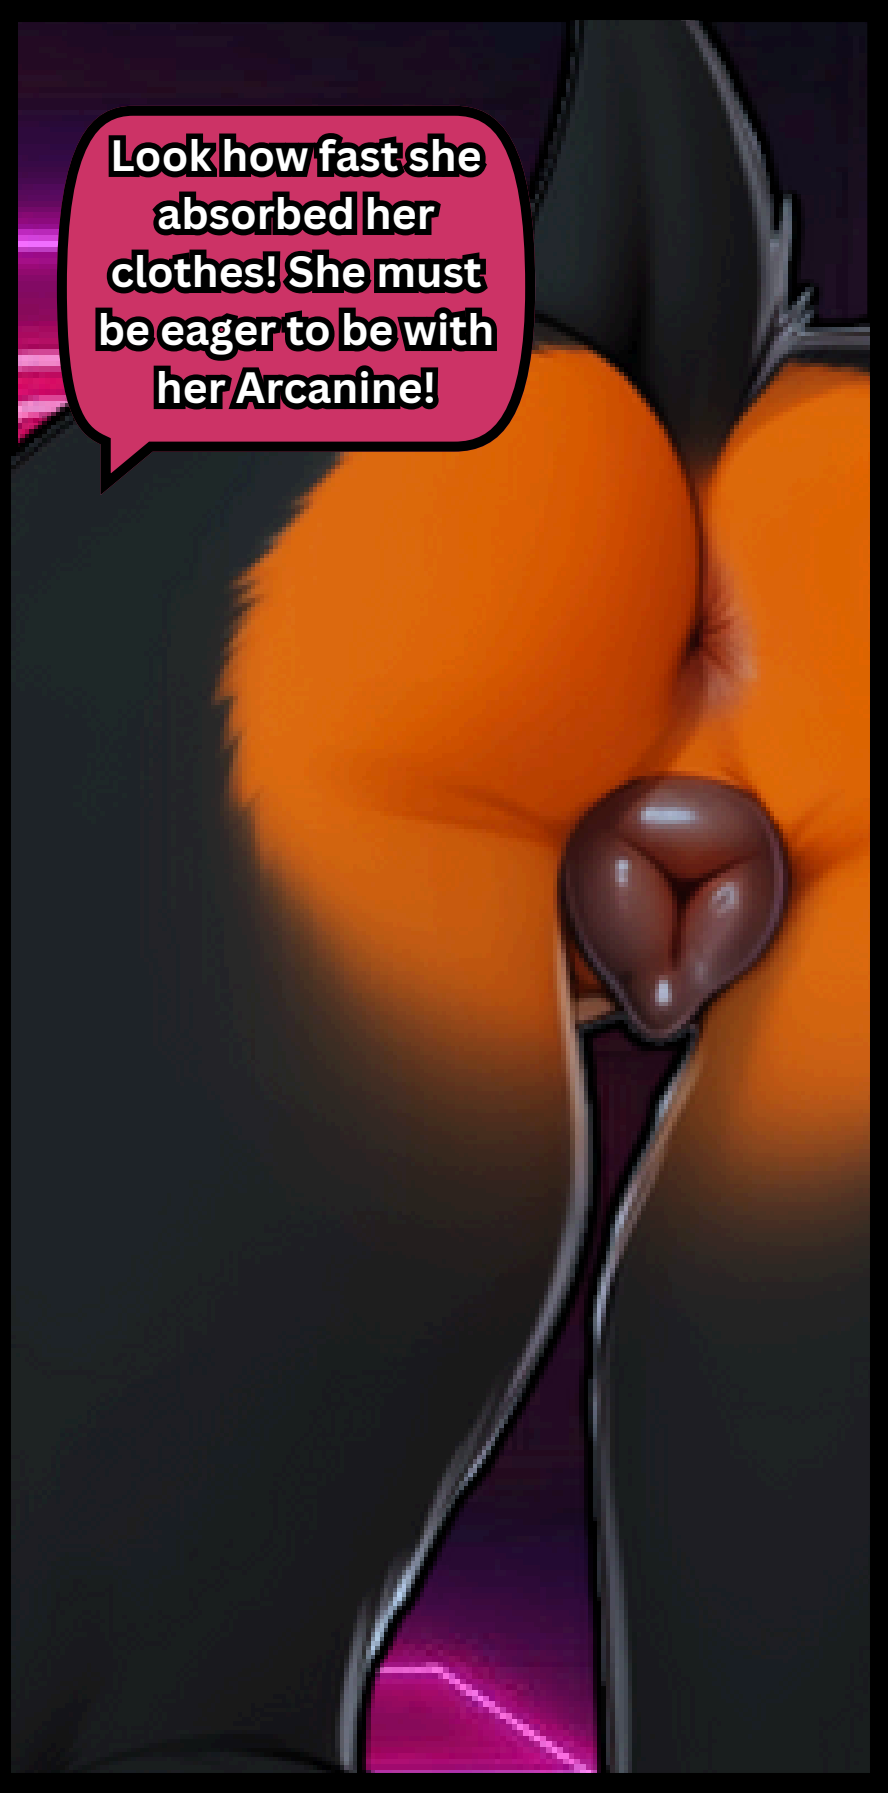

How do I know
if it w~...
uuuughh....

Hahaha!
For a moment she
thought she'd stay
human!
Looks like she is
rebooting already.

Oh
wow...

**How fun!
Her transformation
starts with
Houndour's
shackles!**

**Look how fast she
absorbed her
clothes! She must
be eager to be with
her Arcanine!**

**Here comes the
snout!
Say goodbye to
that beautiful face!**

Let's see how much of her remains. Some of you have placed bets on her keeping her hair. Let's see if you were right.

H~
Houn...

Looks like you lost
guys!

Her transformation
seems to be over. She
wanted to be turned
into a puppy breeding
machine. Let's honor
her wish and begin
with the real show
then!

Hou!

HA!
Seems like Arcanine
was eager too!
He just got right in
there, haha!

Houndour!

Looks like Arcanine will soon blow his first of many loads into her! You'll be able to follow them in our breeding livestreams if you follow the link below.

Arr~

Houndour!

For those who have placed bets on where a victim is going to be freed after our lovely Veronica has taken their place, the results should be in any minute now...

Somewhere in Germany...

Wo... Wo bin ich?
Wo sind die
Beeren die ich
gerade gepflückt
hab...?

Buzz...~

Bernhard Kohls wakes up after 2 years of living as an Electabuzz.

Congratulations to those who bet on Germany!

Back to Persimmon-Town...

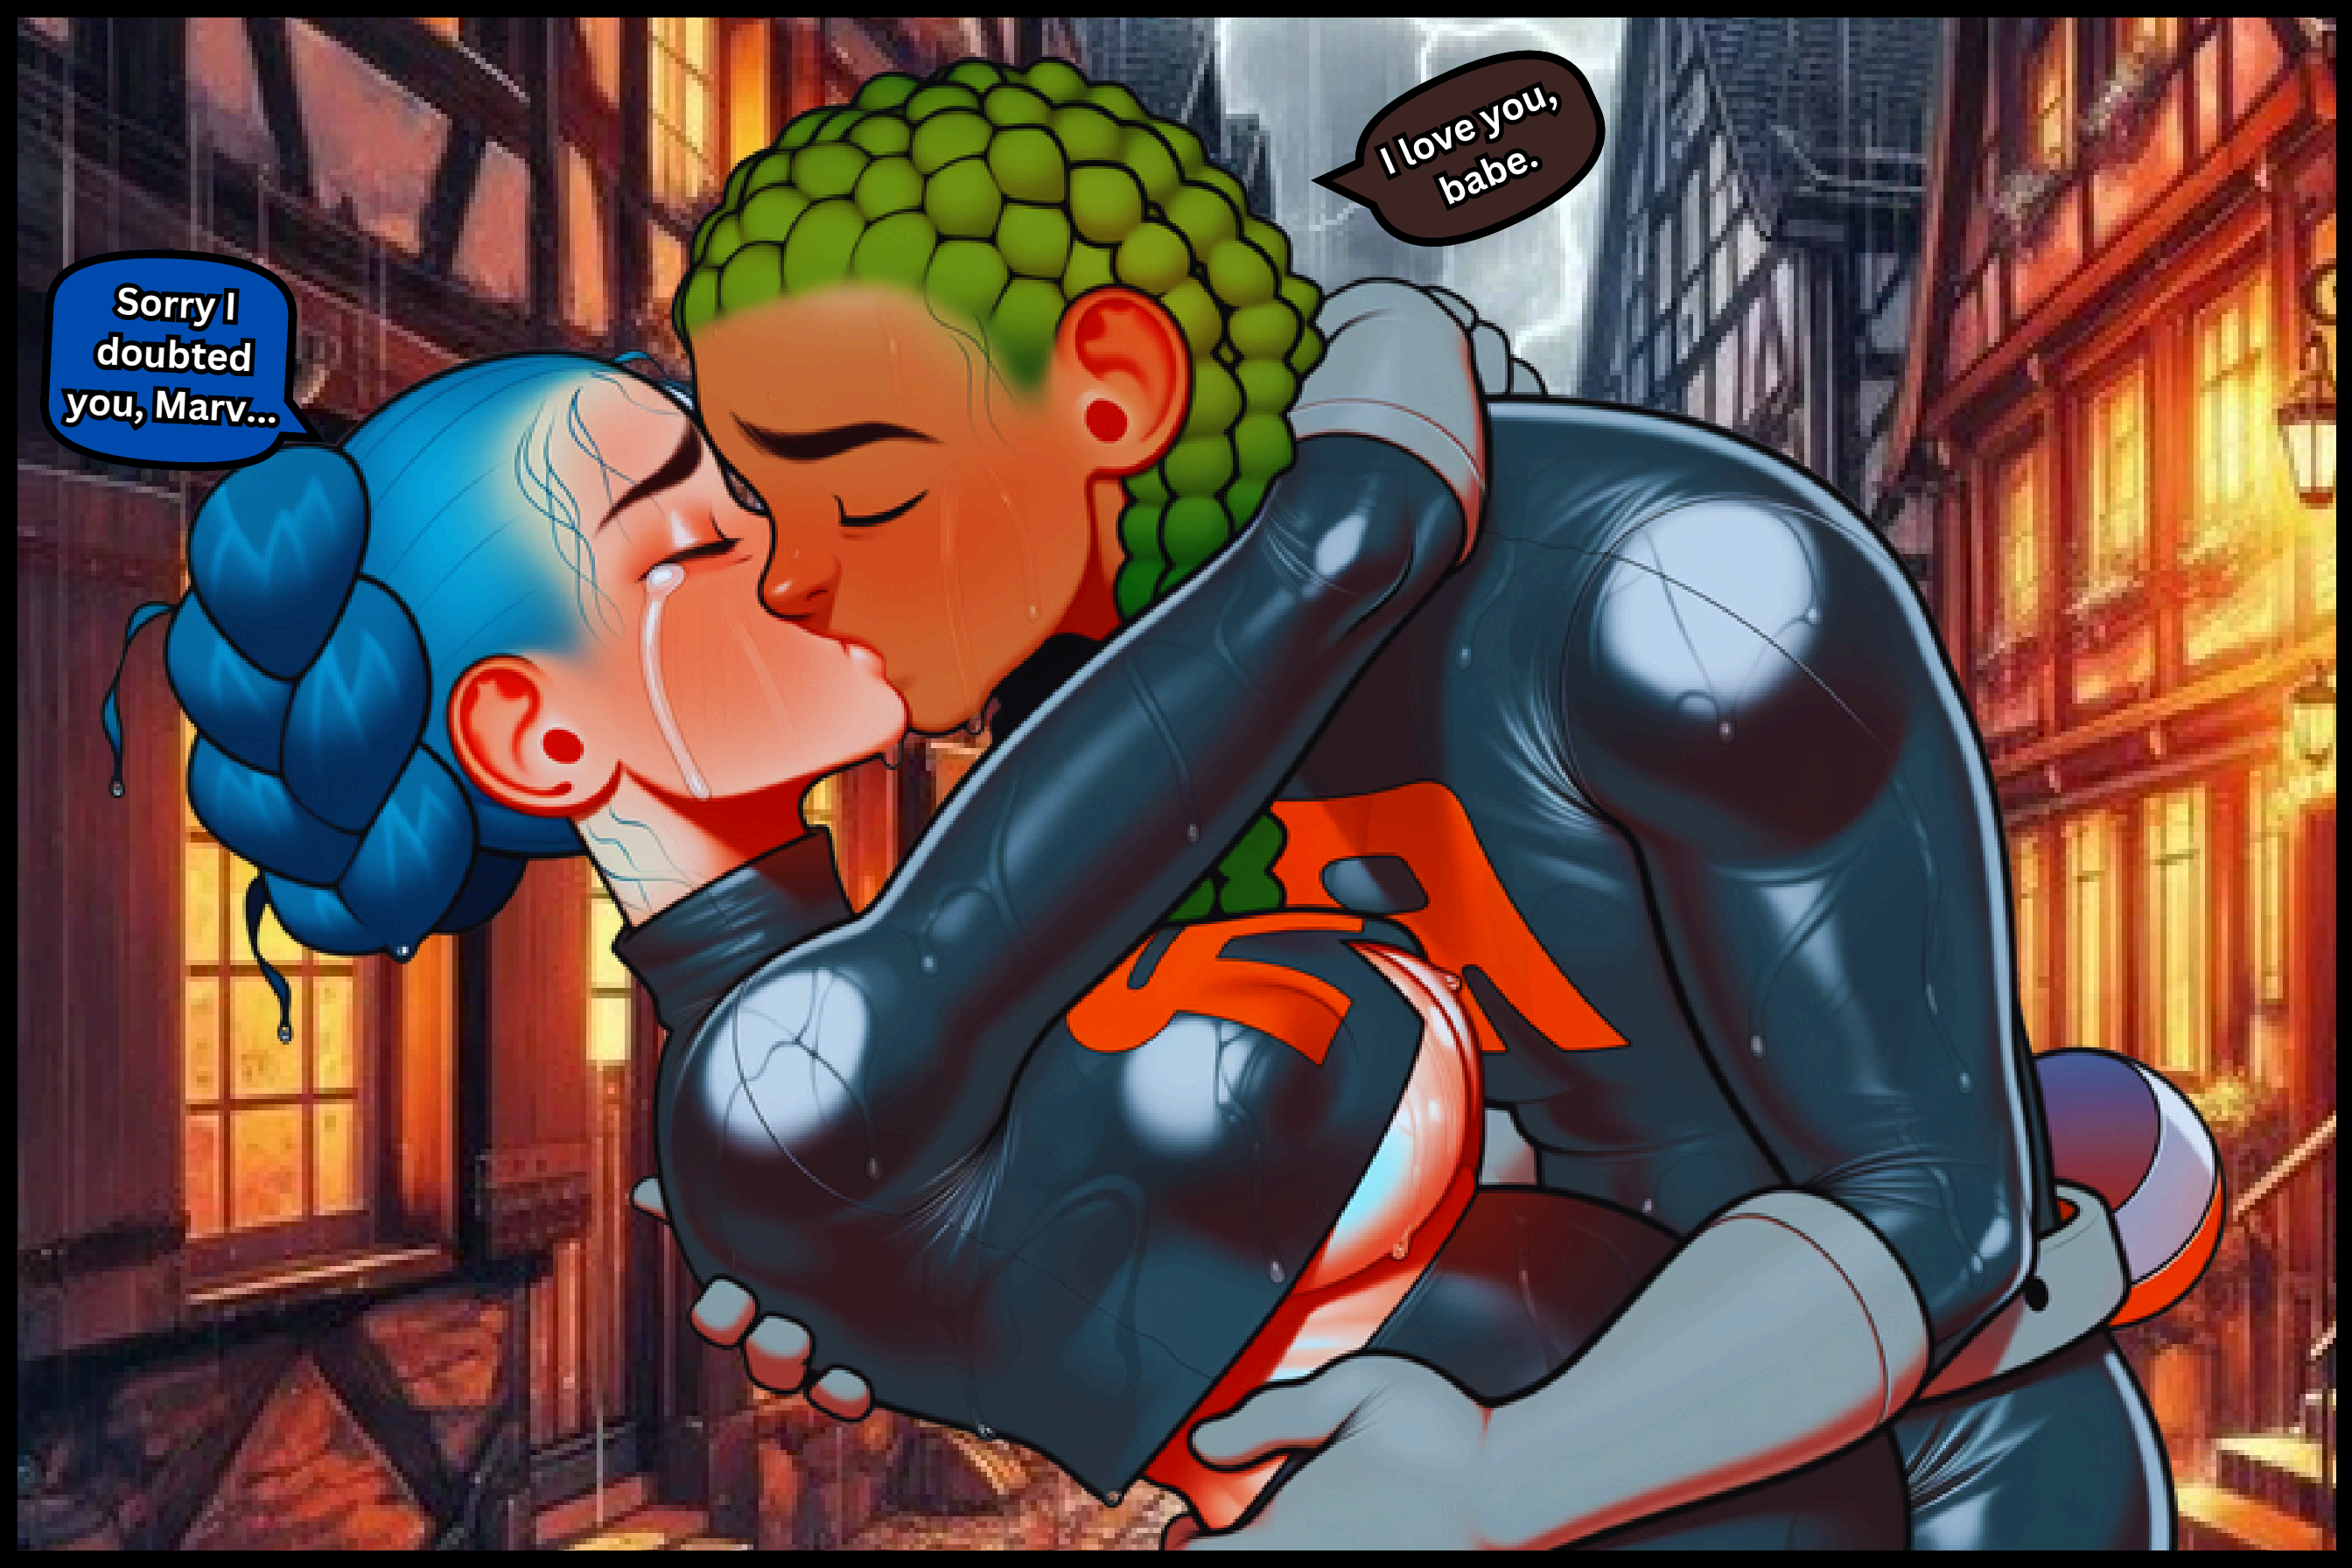

I~... is that really possible...? I can be a human?
Isn't that... unethical?
What about our child, Marvin?

It's fucked up, but I'll find her a body too.
I don't care about ethics. I just want to be with you two.

Sorry I doubted you, Marv...

I love you, babe.

These people are
monsters...
What have I
gotten myself
into?

I can't leave
before I found
Jean...
Doing this alone
is suicide...

Wait...

I can't believe
this brave
bitch just
waltzes in like
this...

First I see a weird
demon monster and
now I run into rain...
I can't wait to defeat
the gym-leader and
get out of here...

5 months ago...

So you're saying... it can't hurt people...?

Well of course it has hurt people and still does hurt people, but it's playing a logic game with the 1st rule.

It put people to sleep - not hurting them in a physical sense. It allowed other people to kill people - it didn't hurt them itself...

Nice theory, but it'd dumb to put it to test. There's no evidence for that.

And that's precisely how it's winning the game. It's bluffing very convincingly.

Still. No evidence.

Because noone is looking for any. Noone but me... I spend the last one and a half years collecting and analysing data from the server.

End of Chapter 11...
