## Japanese Frilly Boys

In Japan, boys dressing up as girls is commonplace, and they have perfected the art like nowhere else on earth. These men and boys wear the frilliest and most outrageously feminine fashions -- the girls love it! Many couples trade clothes for their night out on the town! They even have restaurants where all the waitresses are beautiful crossdressed frilly boys, and they have "cosplay" conventions where everyone dresses up as anime (cartoon) characters, and many of the boys love to dress up as female characters.

**Find the real girls:**

**There are 49 costumed characters in this booklet. All of them are men or boys except 6 who are females. To find out which ones are the females, turn to page 20 for the answers.**
