First taste...
and she's already
in control.

Kneel, queen.
Your throat belongs
to us now.

She wanted to
rule the pool.
Now the pool
rules her throat.

Open wider.
This is just the
appetizer.

Hold her steady.
The queen is learning
her place.

That look... pure fucking arrogance.

One more inch...
and the queen
breaks.

She's ready.
Are you?
