

Pool Party Orgy Pt. 4

The next morning, sunlight streamed through Grandma's curtains, warming my skin where she lay curled against me. Her fingers traced idle patterns on my chest. "Your stamina," she murmured, a low chuckle in her voice. "Reminds me of some wilds nights i just to have in my prime. But you... you're something else entirely." Downstairs, the clatter of plates and Julia's sharp laugh echoed up and whispers form when they saw coming back from the second floor mom said you guys were loud my grandma laugh and im only going to say that my pussy is sore from the pounding your son my dear grandson gave last night aunt judy then said well he only came twice with us and i know he can go up to 7 times in a row i was blushing and said i was hungry mom then said we should eat breakfast because you need to refuel some energy after what you did to my mom your grandma my other aunts laugh my sister the twins and julia said the were jelous that they didnt get any last night but they were all smirking and looking at me with hunger in their eyes my grandma said youll get your turn girls dont worry we have all the time in the world now that we are all together and living under the same roof aunt judy said yeah and we have the whole day ahead of us so lets eat and then we can plan the day my mom said yes lets eat and then we can decide what to do with jimmy today my grandma said i have some ideas and winked at me i felt a mix of excitement and nervousness as i sat down to eat breakfast with my entire family knowing that the day would be filled with more intimate moments and new experiences with my aunts grandma and the rest of the women the twins said we cant wait for tonight to come so we can have our turn with our boydriend my mom said we need to set up a schedule so everyone gets a fair share of jimmy and my grandma said we should have a meeting after breakfast to discuss the rules and who gets to be with him when and for how long and what kind of activities we can do together as a family aunt judy said we should include group activities and maybe some one on one time for each of us to bond with him in our own special way my sister said i want to be with him first tonight because i havent had him all to myself in a while and my mom said we need to be fair and take turns so everyone gets a chance to be with him and feel special aunt maria said i agree with that but we should also have some group sessions where we can all be together and share him at the same time aunt carla said that sounds like fun and we can explore different combinations and positions my grandma said we need to make sure that jimmy is comfortable and not overwhelmed by all of us and that we want to make sure that jimmy is happy and enjoying himself as much as we are julia then said we should start with breakfast and then have our meeting to finalize everything i said okay lets eat first and then we can talk about the schedule aunt judy said im excited for tonight and i cant wait to see what we come up with during the meeting my sister said me too and i hope we get to try some new things together as a family aunt maria said i think this is going to be a lot of fun and a great way for all of us to bond and become closer my mom said i agree

and im glad we are all together now and we can share these intimate moments with each other and with jimmy julia said its going to be a wild ride but i know we can make it work if we communicate and respect each others needs and desires the twins said we are ready for anything and we trust jimmy to take care of us and make us feel good my grandma said lets eat and then get down to business i smiled and started eating my breakfast feeling grateful for my family and excited for the adventures ahead with all the women in my life the twins said they want to be together with him at the same time because they always do everything together and they want to share him like they share everything else my mom said we will figure it out but first lets eat because im starving and jimmy looks like he needs to eat to keep his strength up for what we have planned for him later everyone laughed and agreed and we all sat down to eat breakfast together as one big family my grandma sat next to me and kept touching my leg under the table and whispering in my ear about what she wants to do to me later when we are alone and how she cant wait to feel me inside her again and how shes going to make me cum so hard i wont be able to walk straight for the rest of the day i just nodded and tried to eat my food while everyone else was talking and laughing and making plans for the day and the nights to come my mom was smiling and looking at me with pride in her eyes like she was saying you definitely are a stallion 9 women want to take off your clothes and have her way with you and i was just sitting there thinking about how my life had changed so much in such a short time and how i was now the center of attention for 9 beautiful women who all wanted me and i was going to have to satisfy all of them and keep them happy and i was both excited and a little scared at the same time but mostly excited because i knew i was going to have the time of my life with my new family and i was ready for whatever they had in store for me my aunt maria then said she wants to be the first one to have me after breakfast and my grandma said no i want him first because im the oldest and i have seniority and my mom said we will decide after breakfast in the meeting and not to fight over him because there is enough of him to go around for everyone and we all have to share and be fair and respectful of each others time and feelings my aunt carla said she doesnt mind waiting her turn as long as she gets to have him at some point and shes willing to share with others if they want to join in and have some group fun and my aunt judy said she loves group fun and she cant wait to have some more of that with me and the others and the twins said they want to be included in everything and they dont want to be left out of any of the fun and my mom said no one will be left out we are all in this together and we will make sure everyone is happy and satisfied i laugh and said i was going to need to do more exercise my sister said you can do cardio with me my aunt maria said yeah cardio and laugh my grandma said he is going to be doing a lot of cardio with all of us and everyone laughed and agreed and we finished breakfast and cleaned up the kitchen together my grandma then said ok lets have our family meeting in the living room so we can discuss the schedule and rules for our new family dynamic and we all went to the living room and sat down my grandma sat next to me on the couch and held my hand my mom sat on the other side of me and
