We came from a planet called Pump!
And we believe that
God create a universe
Pumping it...

The ancient book tells about the holy
pump of creation, that was used to
create everything! The sun, the moon, our
planet, and us...Everything on the universe!

Inspired by God, Our society was created using the principle of Pump! Our spaceships travel by the power of pump! Our electric energy is generated by pump! We pumped everything!

We even pump ourselves.
We developed a technique
to build our muscles and
strenght, by the process of
pump! We're all Pumped!
