Alpha team, please
report your status.

Alpha team here.
We have visual contact
with the objective.

A large, glowing, pinkish-white figure, possibly a giant or a powerful entity, is walking through a city of tall apartment buildings. The scene is set at sunset, with a warm orange and yellow sky. The figure is the central focus, moving from the background towards the foreground. The buildings are rendered in a stylized, slightly blurred manner, emphasizing the scale of the figure.

The subject is a class 8 - B.O.W. and it's currently walking towards the city. She seems to be looking for something.

Can you describe her size?
How big is she?

A 3D rendered helicopter is flying through a large, stylized female buttocks. The buttocks are rendered in a light yellowish-tan color with soft shading, set against a solid reddish-orange background. The helicopter is dark grey and is positioned in the lower-left quadrant of the frame, flying towards the right. A speech bubble is attached to the helicopter's tail.

She's massive. Her ass covers our entire field of view!

According to the reports she has been infected with an unstable combination of the Futa Virus, the Horny Virus and the GTS Virus.

As a result she's now constantly horny,
growing each time she cums and it doesn't
seem to be stopping anytime soon.

At this rate, she'll outgrow the city and the entire continent in a few hours.

Holy shit... her dick is huge!

If she climaxes right now...
the entire city will be
covered in her cum!

HQ, we have to evacuate
the city before it's too...

Ahhh... ahhh...

...late!

SPLASH!

The image depicts two anime-style female characters in an urban environment. The character on the left has long, straight red hair and purple eyes. She is wearing a dark grey tank top and a light blue skirt, and is crawling on a brown metal grate. Her face and clothing are wet with sweat or rain. A speech bubble next to her says, "Cute guy... we need... to cum... right now...". The character on the right has short, wavy brown hair and blue eyes. She is wearing a white tank top and a light blue skirt, and is kneeling on the same grate. She is holding a black and white sneaker. A speech bubble next to her says, "Ahhh... please... I need to... fuck...". The background shows a city street with buildings and trees under a bright sky. A small signature is visible in the bottom right corner.

Cute guy... we need... to cum... right now...

Ahhh... please... I need to... fuck...

Ahhhh!!!

We're getting close to the main lab.

There are no signs
of our objective so far.

EXIT

We lost contact with Alpha team a moment ago. HQ, what's the situation out there?

The situation has reached a critical point.
The entire city is getting flooded by an
endless amount of cum

The B.O.W. previously known
as Saori, keeps cumming
as we speak

The virus is spreading without control in every single woman in this city.

As soon as it enters in their bodies, they transform into horny futas.

They're producing insane amounts of cum, and no matter how much pleasure they get, they're never satisfied.

They're walking everywhere in the city, looking for any remaining human to fuck them and spread the virus.

It's already too late to save them...
and if this continues, the whole city will
be covered in white.

Agent Diana, you must hurry and capture the objective, otherwise the virus will spread to other cities.

We're trying, but this place is huge! Can't you send some reinforcements to our position?

I'm sorry, but there's no one else left. The whole team has been infected by Saori's cum by now. You're on your own, agents. Good luck.

Fine...

Looks like it's only the two of us now, Naomi. HQ won't send any more agents to our position.

I... I heard that... we better hurry up before it's too late...

Don't worry. As soon as we find that girl and bring her back to HQ, I'm sure the lab guys will be able to develop a cure.

I hope so... even if it sounds fun, I'm not sure if I want to live in a world full of horny futa girls...

There should be some stairs that lead to the main lab at the end of this hallway but... the entrance is blocked. Damn!

女子便所

It's a dead end. We have to turn around and find another way in.

We don't have time for that. There's a small gap in that barricade. I think we can cross through there.

I don't think that's a good idea Diana. The gap is too small for... uh... your...

Diana...?

Ngggh!!!

bantus bantusum, et omnia bantus

Naomi, please help me.
I'm stuck!

Ha...haha...

Of... of course I'm going to "help" you...

W-wait, Naomi,
that's not what I
meant with...

Finally I have the chance to place my hands in this thicc and juicy ass...

I'm going to enjoy this so much...

I just need to push harder...

W-what are you doing there, Naomi? We don't have time to play, just...

Yes! YES!!!

Ahhhhh!!!

Mhhrrrhrgrh

E-eh...?!

Hey, stop staring at my butt. We have more important things to do

Eh...?

You!

You girls really took your time to get here.

Not that I'm complaining.
You gave me enough time to finish
preparing the last details.

A close-up illustration of a character's face, showing a slight smile with red lips. The character is wearing a dark blue polo shirt with white buttons. The background is a warm, orange-toned wall with vertical lines. A yellow speech bubble is positioned near the character's mouth.

The F-virus is perfect now.
I don't need any more experiments.
Saori has become the perfect B.O.W.

And I have to thank you for introducing me to your girlfriend, Diana. All of the previous test subjects failed because they weren't lewd enough to stand 3 different virus at the same time.

But Saori?
She's so lewd by nature that the
virus has naturally adapted to her.
She's simply perfect!

Enough! Saori is not like that!
You transformed her into a
perma-horny futa and you'll
pay for that!

Oh, trust me, she has been
always that horny, I just gave
her the chance to letting it out.
You should thank me!

Just wait to see until
my plan is completed.

As we talk, Saori keeps cumming over the city, spreading the F-Virus to every unaware citizen.

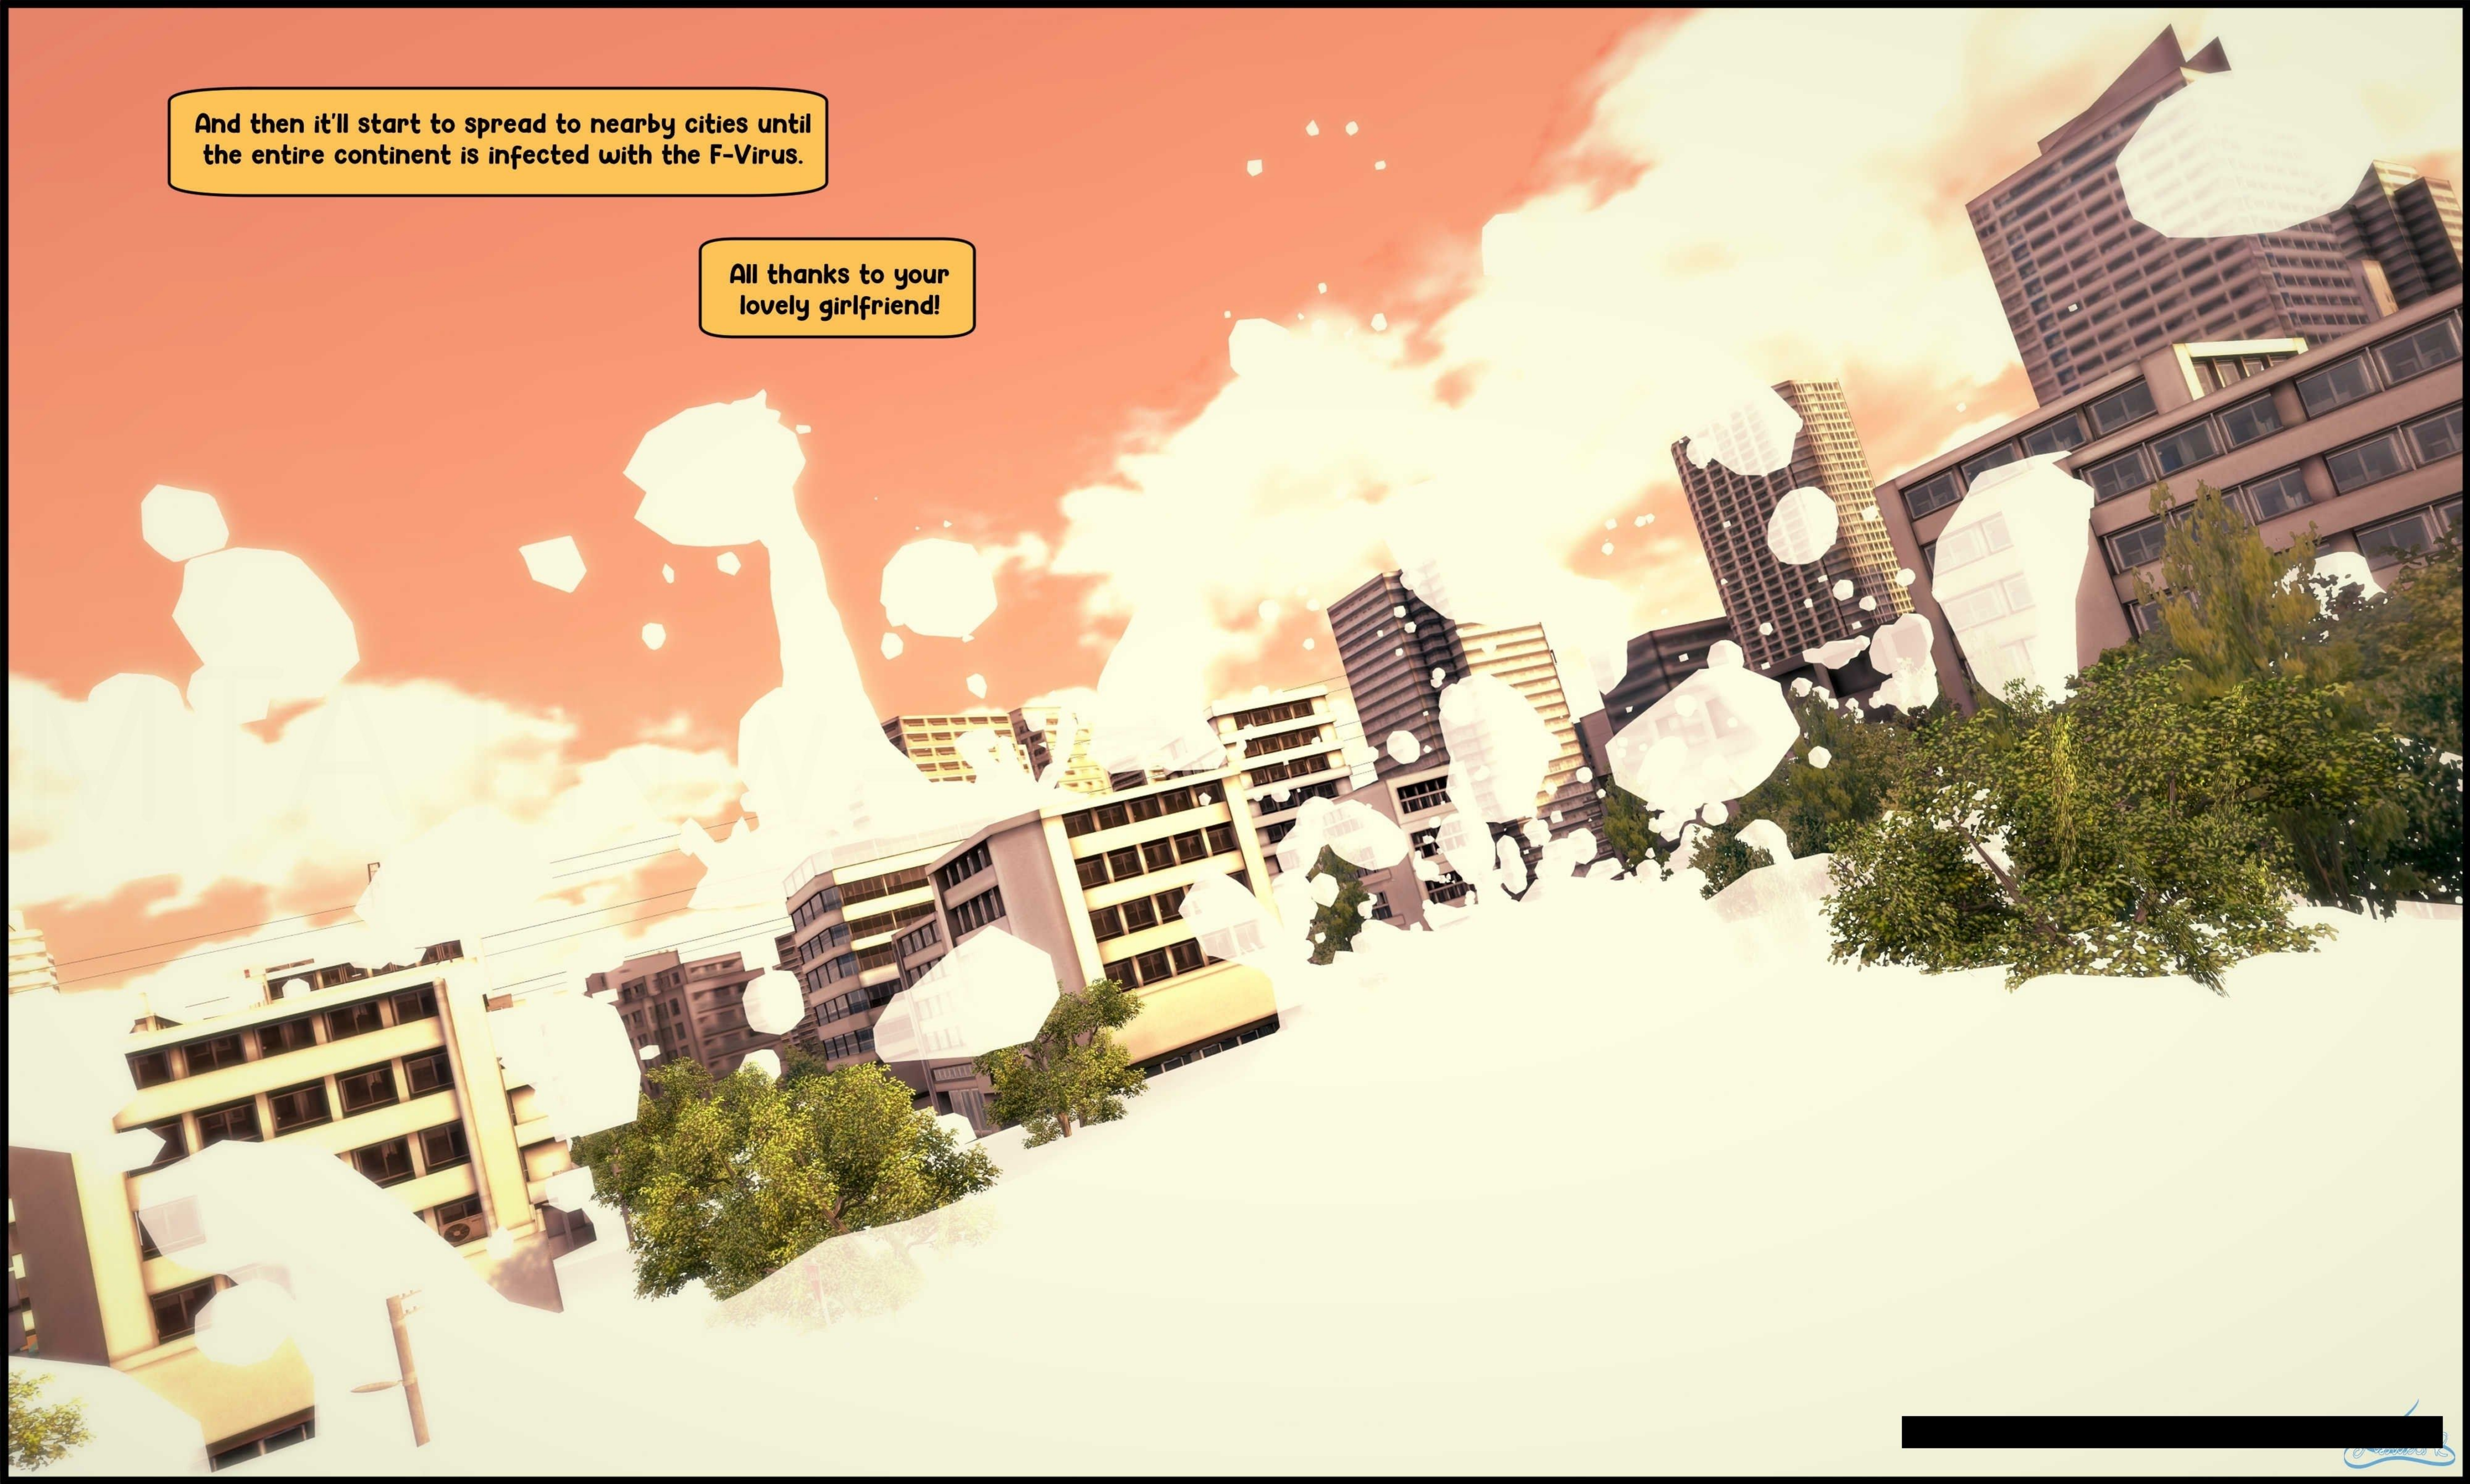

Soon the entire city will be painted in white.

And then it'll start to spread to nearby cities until
the entire continent is infected with the F-Virus.

All thanks to your
lovely girlfriend!

Even if she wanted, she could not stop it.
The virus is making her feel a constant pleasure

And each time she cums, the
GTS Virus makes her grow
bigger and bigger

In less than 5 hours she'll reach
the optimal altitude.

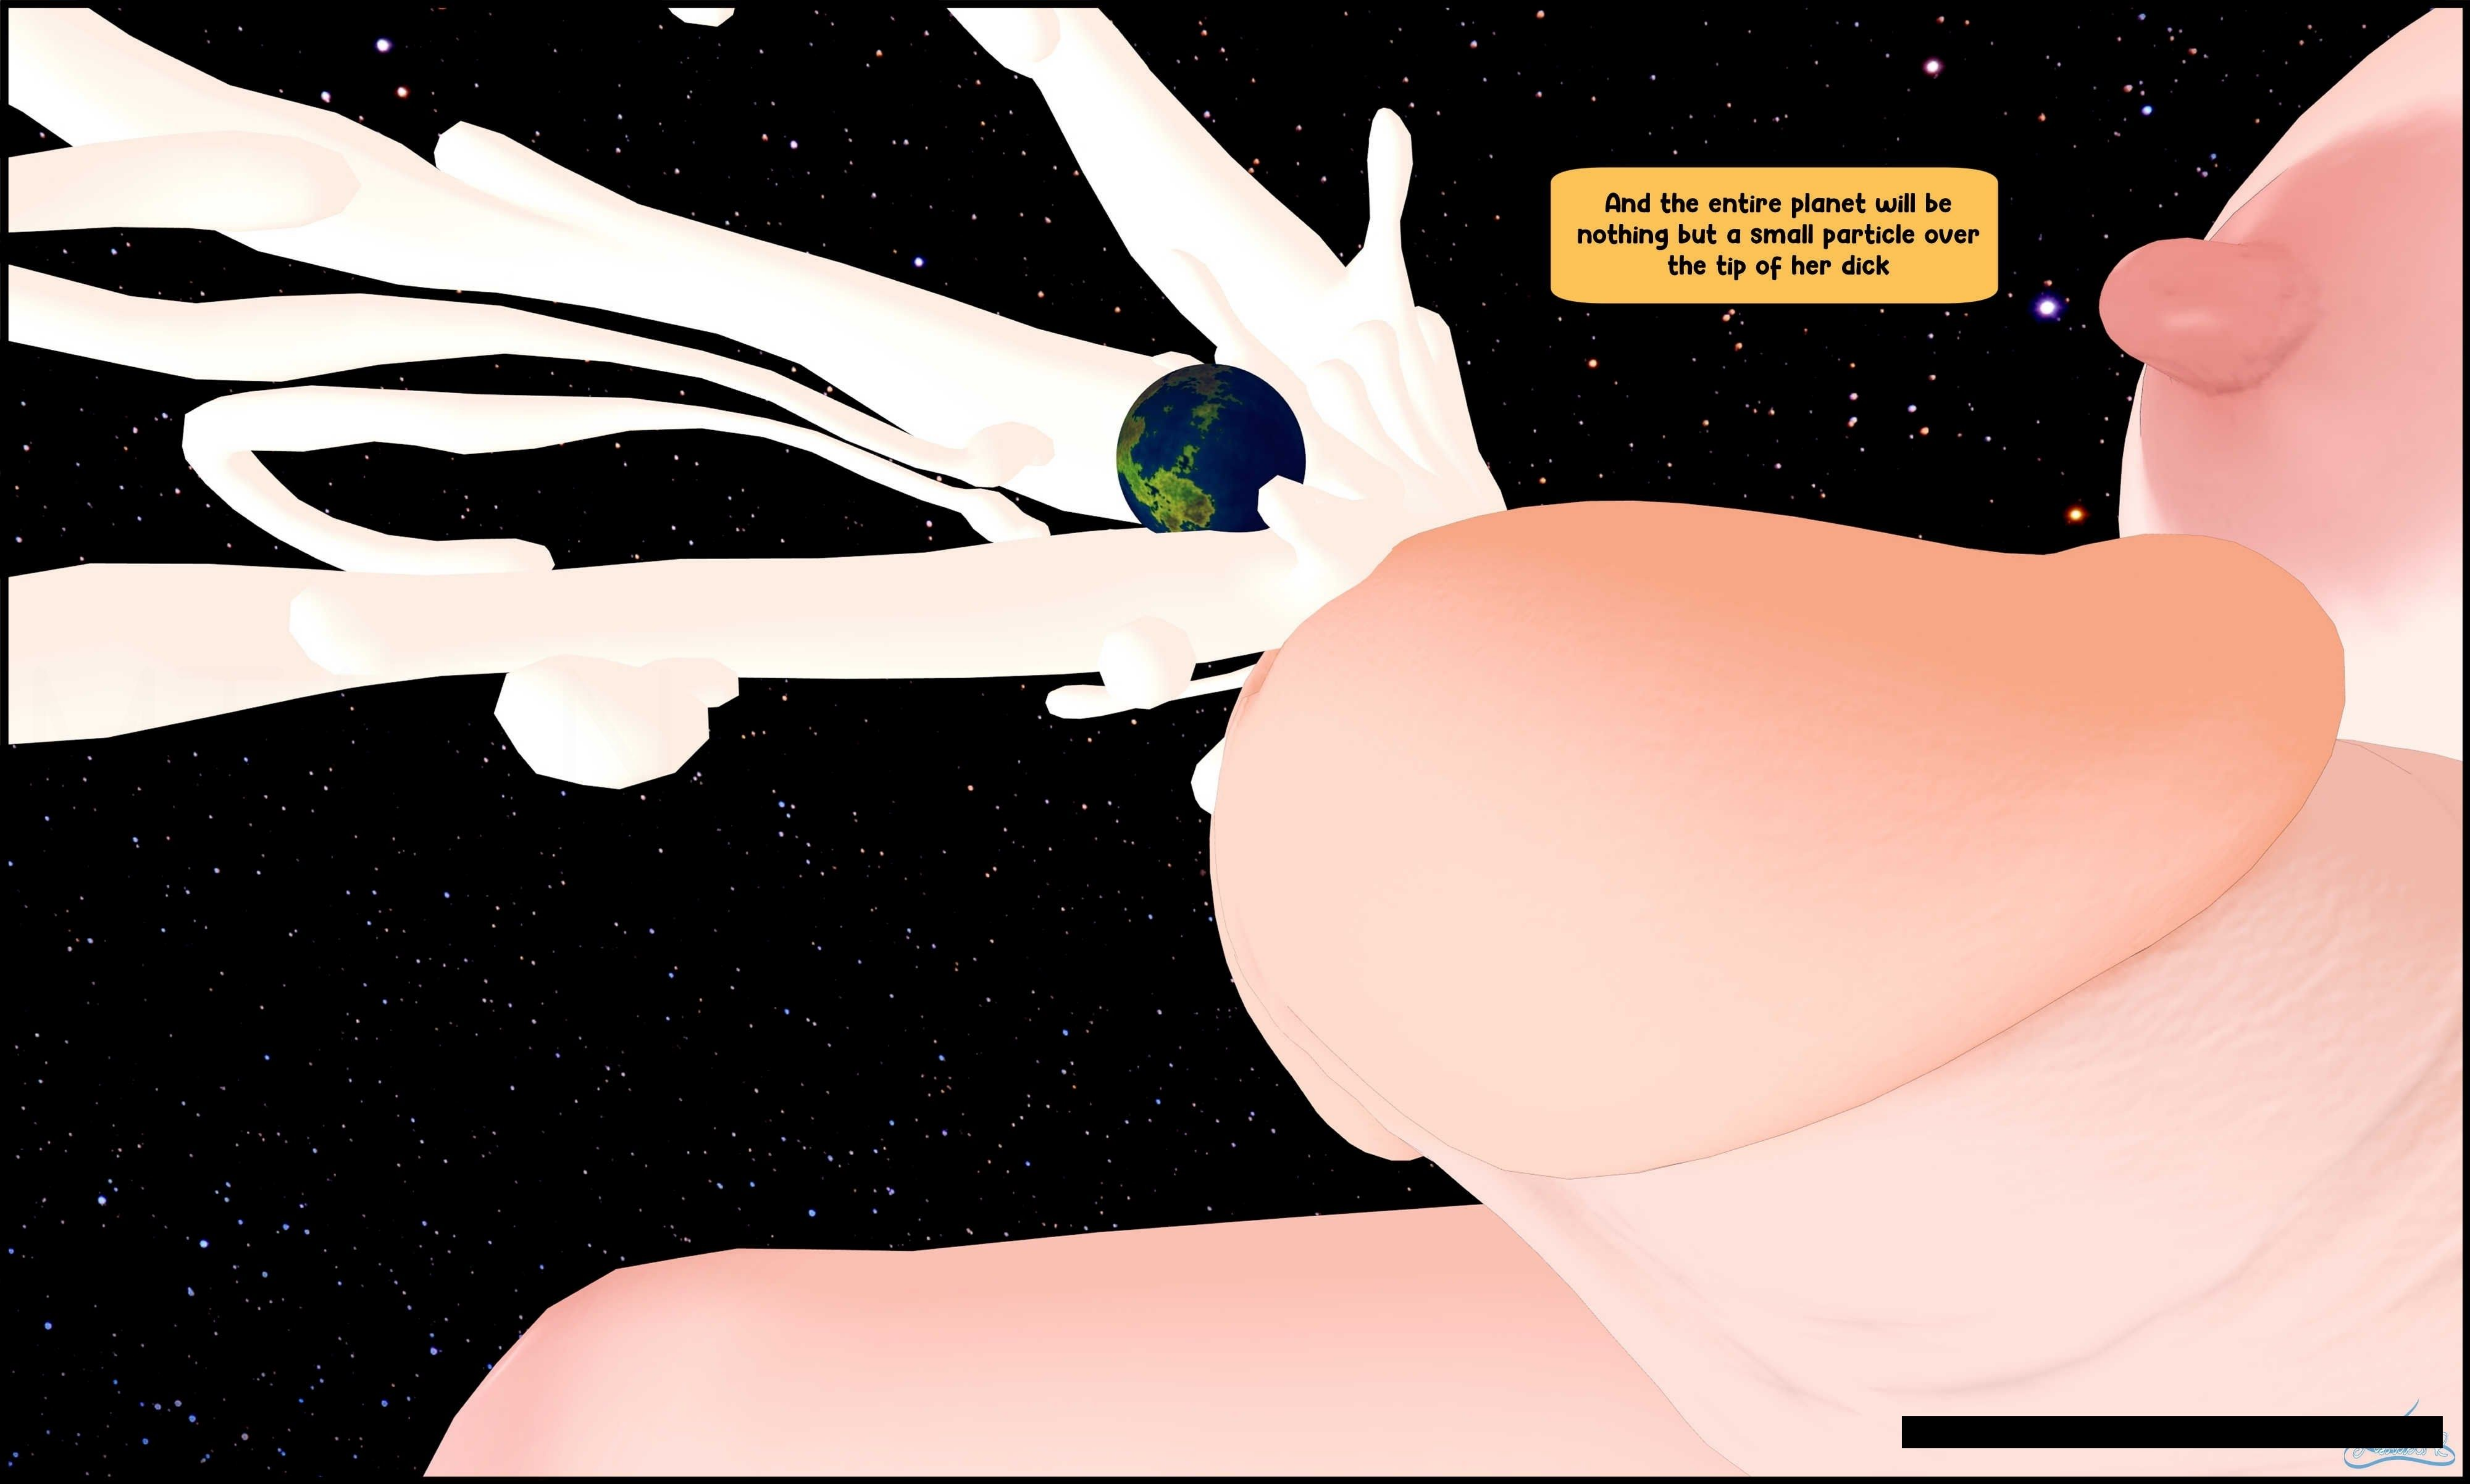

And the F-virus will be released
into the atmosphere.

And all the time, she'll just keep growing and feeling even more pleasure.

And the entire planet will be nothing but a small particle over the tip of her dick

Ensuring complete global masturbation.

You won't get away with it, Cynthia!
We're going to stop you now.

Got it!

Naomi!
Shoot at her!
Now!

Hahahaha!

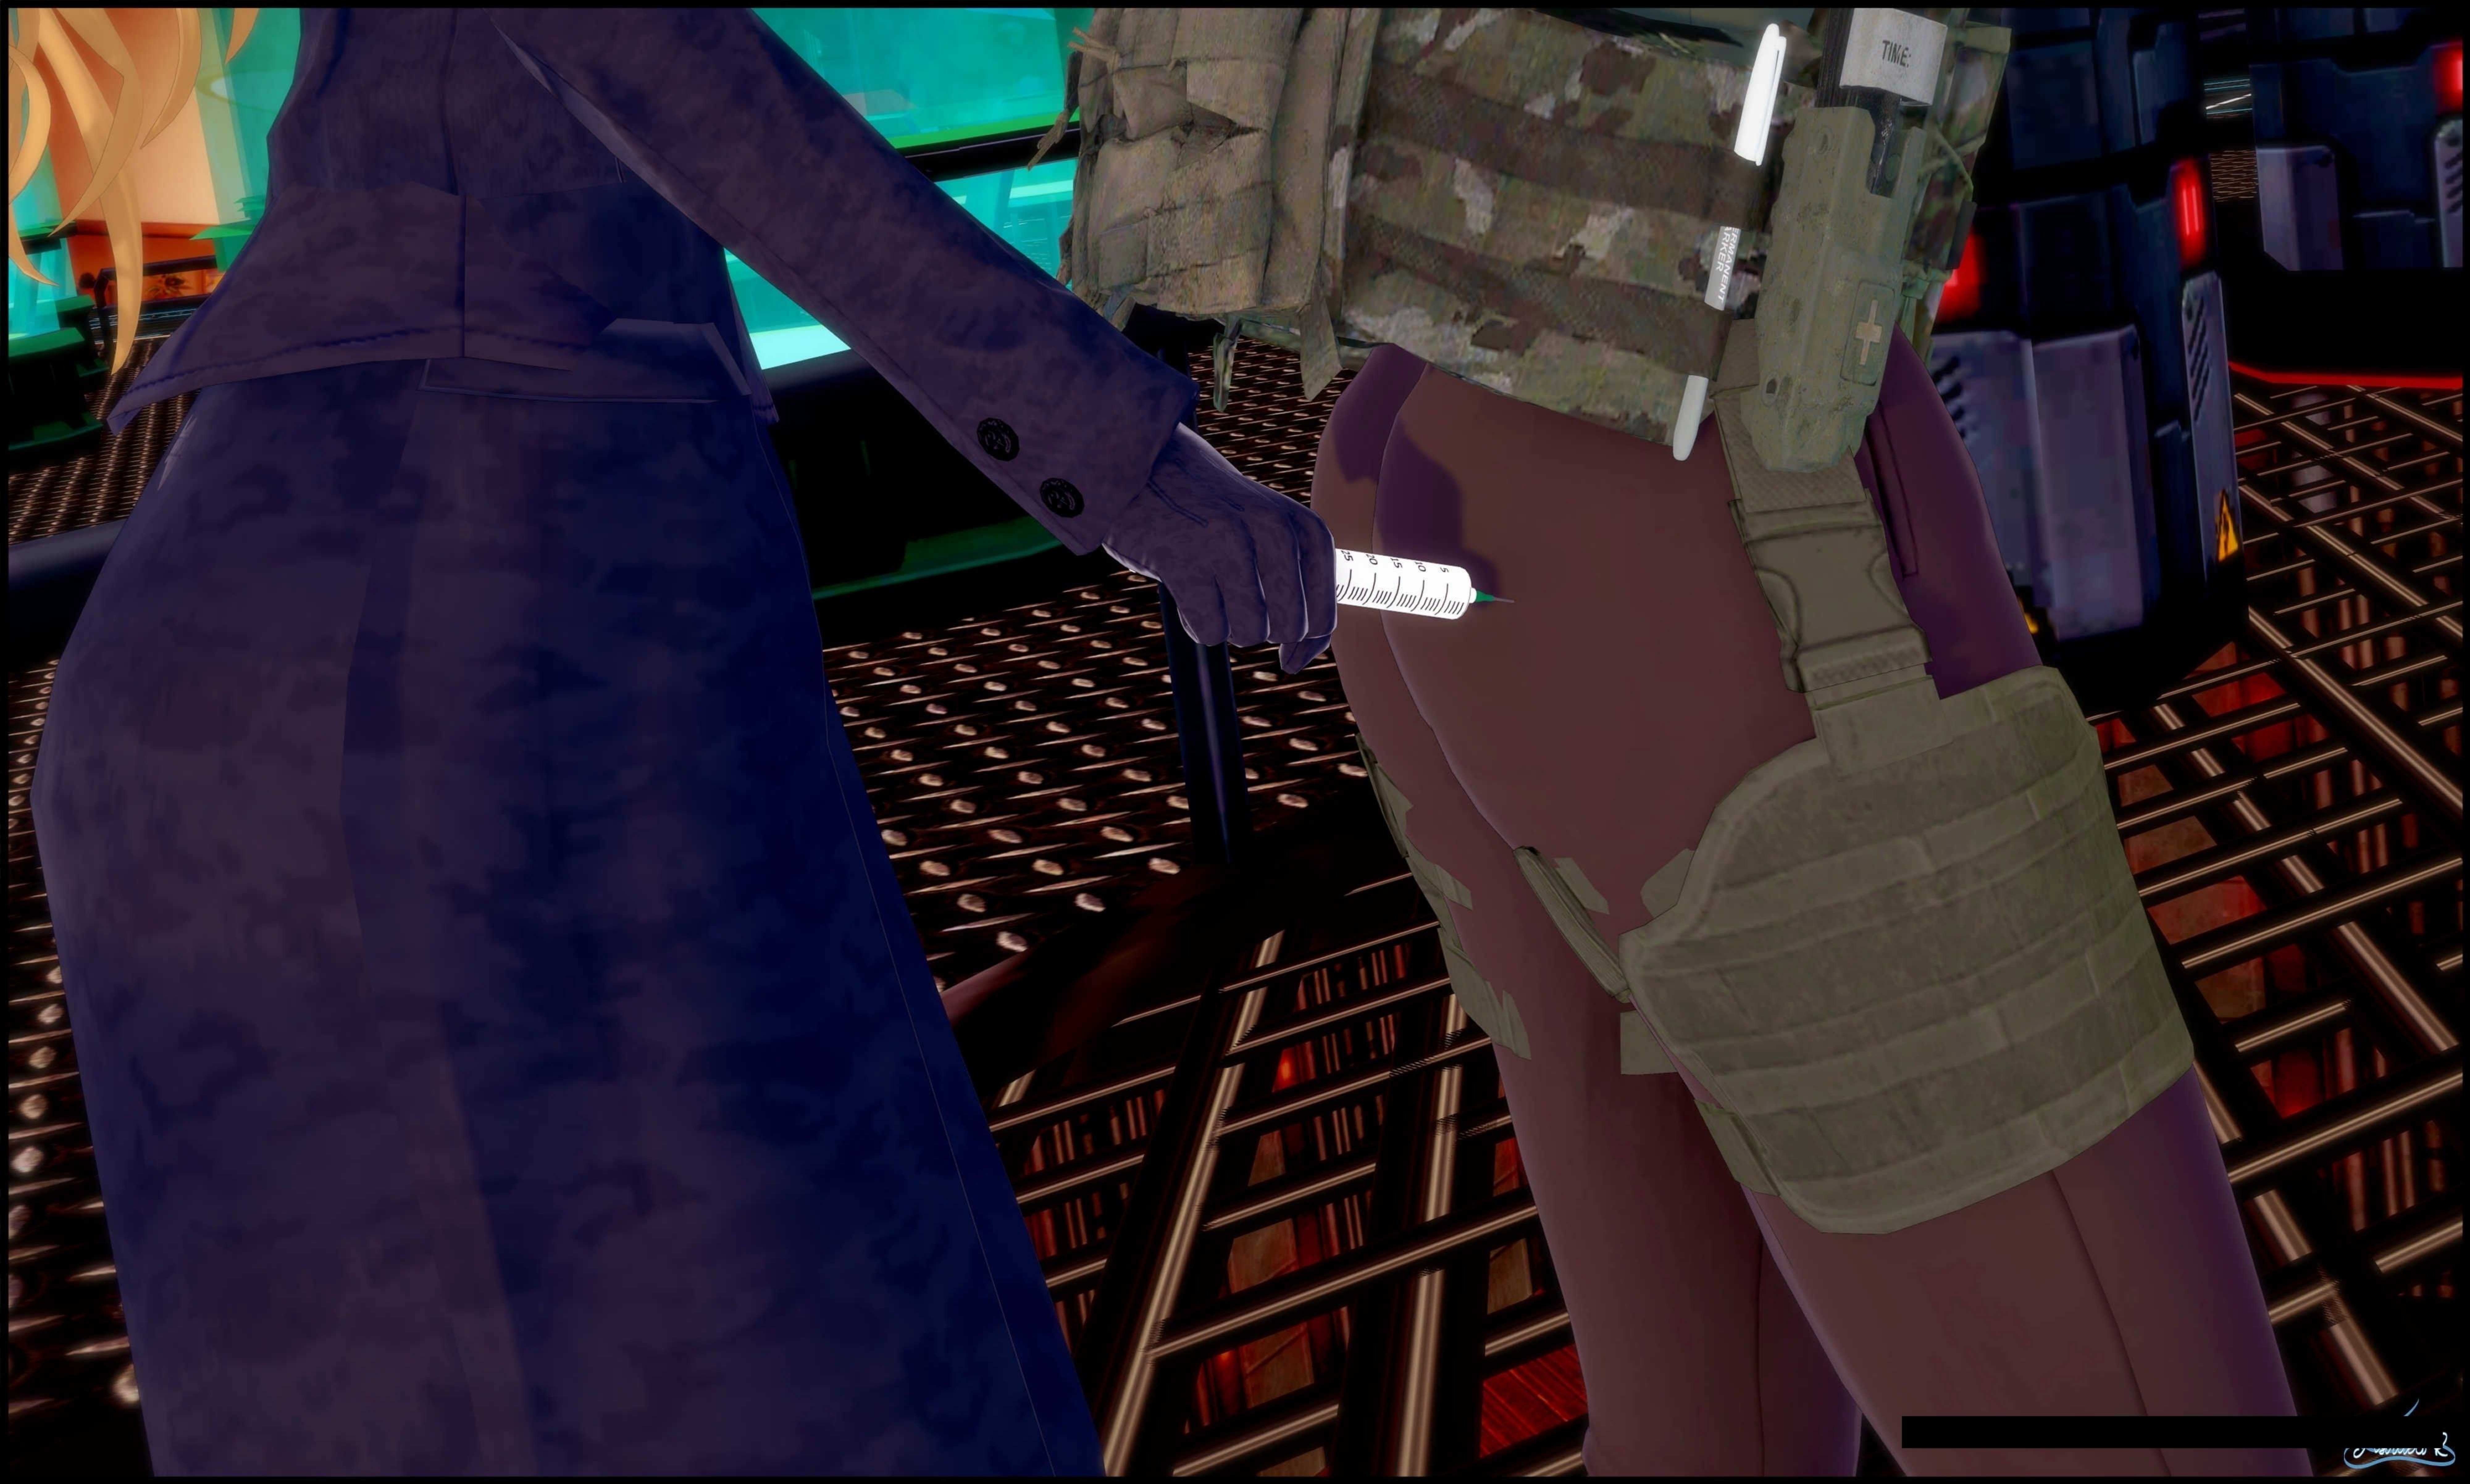

W-wait! No!

Ahhhh!!!

Naomi! No!

You're only delaying the inevitable, Diana.

The F-virus will be spread, and there's nothing you can do about it.

Now, enjoy some final moments with your friend, before she transforms into a perma horny futa.

Once you get infected as well, you'll thank me for the endless stream of pleasure you'll get

Naomi, please resist.
I'll get you back to the HQ.
I'm sure they'll find a way to
heal you before you transform!

Hmmm... ohh...

Diana, there's no time.
Just leave me, you must
stop Cynthia.

I'm not leaving you!

Please just go!
I can feel the pleasure taking
over my mind. I'm... getting..
horny...

Naomi?!

OOOHHHH!!!

Oohhh... ahh...

Ahh... more...

Ahhhh...

N-no! Naomi!

So horny...

It's... It's getting bigger?!

I'm so sorry, Naomi...
I promise I'll stop this.

Diana?
Is that you?

Mhhhh!!!

A pregnant anime-style woman with short white hair and black-rimmed glasses stands on a rooftop. She is looking at a massive, giant red breast that dominates the left side of the frame. The background shows a city skyline under a bright, orange-hued sky with clouds. A speech bubble points to her.

Diana, you're huge now!

Oh, Saori... I've waited so long
to finally see you again.

You've become way bigger
than I remember... especially
in the right places

Like what you see?
I think you already know
what to do

So what are you
waiting for?

Yes...

Diana... ah...

Fill me with your cum!!!

...CUUUUUUM!!!

Ahhhhh!!!

Huff... huff...
I get it now, Diana

The reason why, no matter how much
I cummed I was still hard... why nothing
was able to satisfy me...

It wasn't because
of the virus.

It's because I didn't
have you.

I love you, Diana

It took you a while
to realize it, right?

You silly big girl

Of course I love you too, Saori

But, you know... you didn't have to cum over the entire city just to discover it, right?

Although now that you're a futa... we can have a lot more of fun~

Oh, thats... right...
haha...

Well, if you give me a few minutes, I'll be ready for a second round

That's the big and horny
Saori I know and love~

Well... that was unexpected.
Guess I'll have to come up with a
stronger virus next time...

THE END...
