

A woman with blonde hair in a high ponytail, wearing a red dress and red high heels, is the central figure. She is in a modern, high-rise apartment with large windows overlooking a city at night. The room features a red tufted sofa, a black coffee table with drinks, and a red ottoman. The text 'Red Carpet Afterparty' is overlaid in a large, white, bold font.

Red Carpet Afterparty

Made by Rubberduckfucker

The city lights glitter like diamonds beneath the night sky as Lucy leaves the red carpet behind. Her red cape dress clings to every curve, heels clicking softly on marble. The afterparty has only just begun... but the hungry eyes are already following her like shadows. She knows exactly what she's doing. In a few minutes the elegant event turns into a private hunt... and Lucy is the willing prey.

Welcome to our private world, Lucy. The red carpet was just foreplay... now the real fun begins.

Champagne on ice? Forget it. I want you on the table - naked, except for those heels. Ready for the real afterparty?

Your smile is deadly, but that ass in this dress... that's a crime. Turn around - we want to see what you're really hiding.

**I've had enough champagne
and compliments for one
evening. Who wants to help
me out of this little red
number? Or should I do it
myself... slowly?**

**Fuck, Lucy...
this ass is
begging for it.**

**Look at her...
already wet for
all of us.**

**Your doggy bitch is
thirsty... feed me
those cocks before
you fuck my ass.**

Use my mouth like a
pussy... I'm your
cumdump tonight.

Lucy is a world-class cocksucker. She takes her time with every single thick dick - slow licks along the veins, deep throat, saliva and precum running down her chin. No rush, no shortcuts. For her it's not duty... it's pure passion.

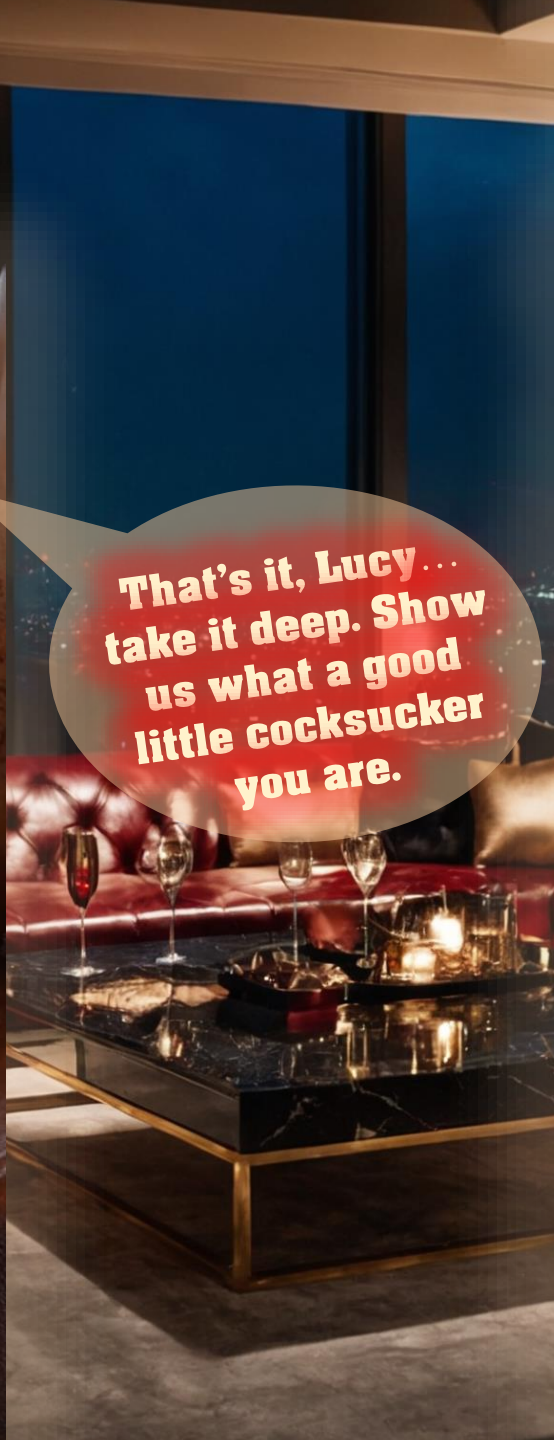

Lucy kneels there, surrounded by hard cocks, and each one gets her full, passionate attention. She's a true pro - taking her time, licking slowly along the shaft, sucking deep into her throat, letting spit and precum drip over her lips and chin. No quickie, no hurry. She savors every inch, every pulse, every twitch - and she won't stop until the next one is ready.

Lucy is a goddamn world-class cocksucker. She takes her sweet time with every thick dick - licking, gagging, drooling until the spit flows. No rushing, no shortcuts. She enjoys this... and we enjoy watching her swallow them all.

**That's it, Lucy...
take it deep. Show
us what a good
little cocksucker
you are.**

The tension breaks. A few of the guys lose control - they groan and unload right into Lucy's eager mouth. Hot, thick ropes of cum shoot across her tongue, filling her cheeks until it overflows and drips down her chin. She takes it all, sucking harder, milking every last drop while the others watch, waiting for their turn.

A couple of guys just can't hold it. They blow their thick loads right into Lucy's mouth - cum flooding her tongue, overflowing her lips, running down her chin in messy streams. She takes it all, sucking and swallowing like the filthy little cocksucker she is.

Double the dicks, double the fun. Lucy dives in, mouth stretched wide around one fat cock while stroking the other. She alternates - deep throat, sloppy licks, gagging just enough to make it messy. Gum and spit mix, dripping down her neck. She loves being their shared cocksucker... and she's fucking good at it.

I want to be
fucked now!

**Here we go,
Lucy... your holes
are ours tonight.
No mercy.**

**Goddamn...
you're dripping
already. Hold
still - time to fill
this perfect hole.**

**Use me, all of
you - make it
hurt so good.**

Look at this tight hole... it's begging for your cocks. Fill me up, make me your little slut.

Oh god... pound my
wet pussy deep.
I'm your little slut -
fill me up!

So good!

Messy, hard, no mercy. Lucy's about to get railed - and she's loving every second of it.

**Please... please...
shove it deeper... I
can't take it anymore,
flood me until I'm
leaking your cum...**

**Yesss... deeper...
fill my pussy up
again, I want to feel
it dripping
everywhere...**

**I want something
else now!**

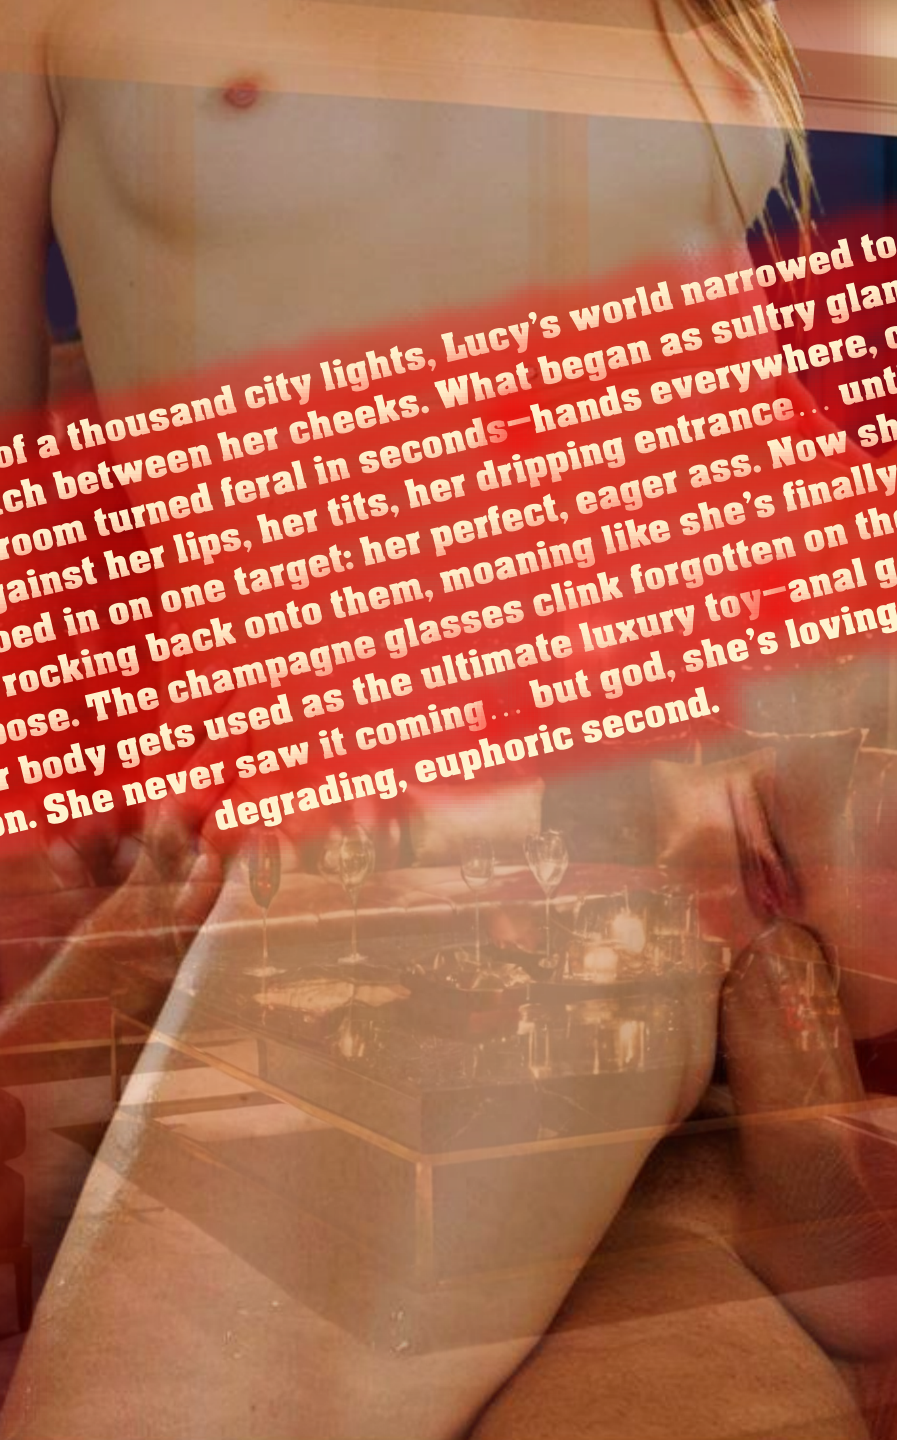

**I'm your anal
whore for tonight!**

**Uhhh,
you 're so
big!**

In the glow of a thousand city lights, Lucy's world narrowed to the brutal stretch between her cheeks. What began as sultry glances across the room turned feral in seconds—hands everywhere, cocks pressing against her lips, her tits, her dripping entrance... until they all zeroed in on one target: her perfect, eager ass. Now she's impaled, rocking back onto them, moaning like she's finally found her purpose. The champagne glasses clink forgotten on the table while her body gets used as the ultimate luxury toy—anal gangbang edition. She never saw it coming... but god, she's loving every degrading, euphoric second.

Suddenly Lucy was thrown into the frenzy: bent over, spun around, passed from cock to cock in a savage anal gangbang. One guy wrecked her ass balls-deep, pulled out, and the next shoved in—her body tossed between them, cum dripping everywhere, ponytail swinging as she begged to be handed off again.

Uhhh... so big... so deep... my ass is in heaven... give me every inch of that BBC!

This BBC is owning my asshole... so thick, so perfect... I'm your anal BBC slut forever...

**Oh yes! Cum
on my ass!**

WOW!

The rest of us will cover your face!

Can't wait to see that!

Holy shit... you guys just painted me white! Such strong, endless loads... I'm your happy cum-dump now!

**The
End**
