It's 10:30 in the morning... I know... that's not too early... but I've been up late last night... and I'm tired...

ring
ring
ring

My alarm rings without mercy... And gloomily I swing my legs out of bed and stand up.

NEXT

As I exit my room, I encounter my flatmate, Steven. We are both students at the local university, and we have been sharing this flat for a year and a half now. He's a chill guy and we get along well... aside from him bringing home chicks on a regular basis... and making way too much noise in his room with them...

Morning!!

Off to class?

NEXT

I nod towards Steven, still tired as fuck, and leave the apartment.

I take the subway to university...

NEXT

Thanks to skipping breakfast, I manage to get to class on time, where my classmate Sophia greets me.

Heya.

Sophia and I are good friends – having almost the same curriculum, we are study partners on a regular basis.

NEXT

I greet her back, but before we can slip into some small talk, Professor Martínez struts into the room. **She has an incredible butt!**

NEXT

Prof. Martínez is a very attractive woman... with an ample bosom, wide hips, and a sexy Latin American accent.

Buenos días, group.

NEXT

She starts her lecture... and Sophia participates quite a lot... but I find no enthusiasm to chime in...

NEXT

Prof. Martínez isn't a bad teacher...
but her subject is not my favourite...
and my mind soon starts to drift... not
listening to what's going on in class...

NEXT

Drifting to more... amenable things... like daydreams...

Hola, Mr. Harrison.

NEXT

Do you like ogling my bum?
NEXT

Or do you prefer my big bouncy tátas?

NEXT

Meester. Harrison?

I asked you a question...

NEXT

Meester Harrison! I ask you a question, caramba!

Ass!

NEXT

Meester. Harrison! If you gonna sleep in my class, why you come, pues?
NEXT

Well... fuck that was embarrassing. Thankfully, I seem to have slept through almost all the lecture, and the bell saves me from more of Mrs. Martínez angry glares as she leaves the classroom.

She indeed does have a very nice ass though...

NEXT

LOL! She totally got you!

NEXT

Did you play video games all night through again? *chuckle*

Guilty as charged...

NEXT

Well... *chuckle* you should probably show some remorse for the next few sessions. Mrs. Martínez can hold a grudge.

Anyway, we still up for tomorrow? Study session at the library?

NEXT

Of course!
10:00 AM sharp.
I'll be there.

Great! See you then. I gotta run now.

NEXT

With those words, Sophia gets up and leaves the class in a hurry. She probably has another course, but I've some more time until my next class.

So, I grab something to eat from the cafeteria...

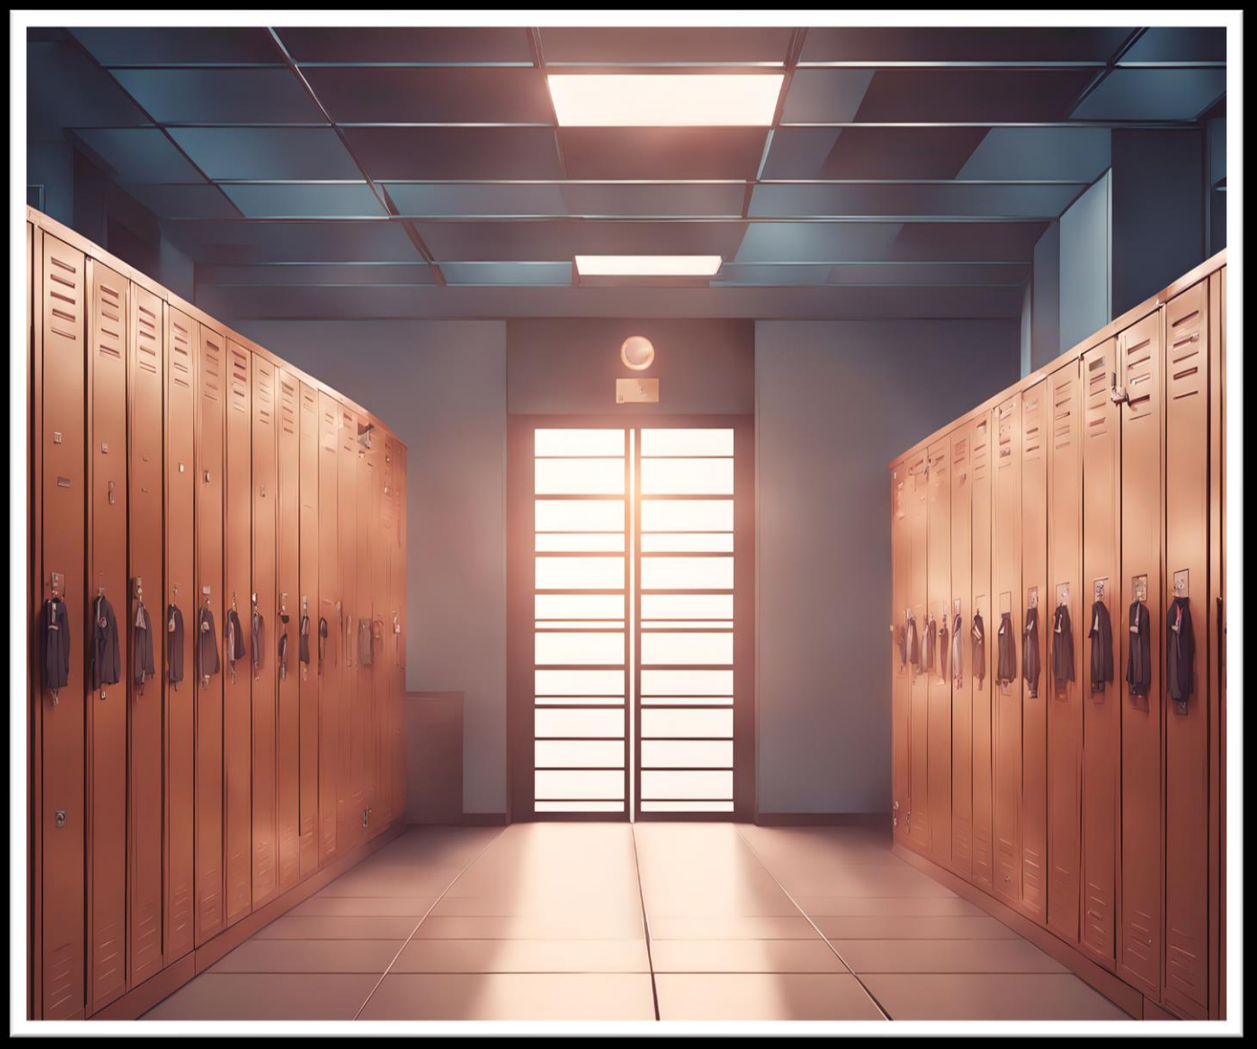

Before sitting through some more classes...

NEXT

Once my courses are over for the day, it's already getting late, but there is one more stop in my daily routine.

I enter the local gym and change into my gym clothes in the men's locker.

I've only started recently with hitting the gym... and I still feel kinda out of place here... but well... what you do to look good for the ladies...

NEXT

As I settle for my stepper, I watch this scene unfold before my eyes.

Yo, skinny little missy, watch where ya going!

... Sorry...

It was clearly the blonde chick's fault for them walking into each other... but the slender brunette apologizes... though clearly fuming on the inside...

NEXT

Even I know the blonde woman's name. She's Clarissa and she's kind of a monster.

NEXT

Just look at those muscles!

NEXT

She could break me in two!

NEXT

One time, she actually did beat up a guy I heard – and he was no whimp either.

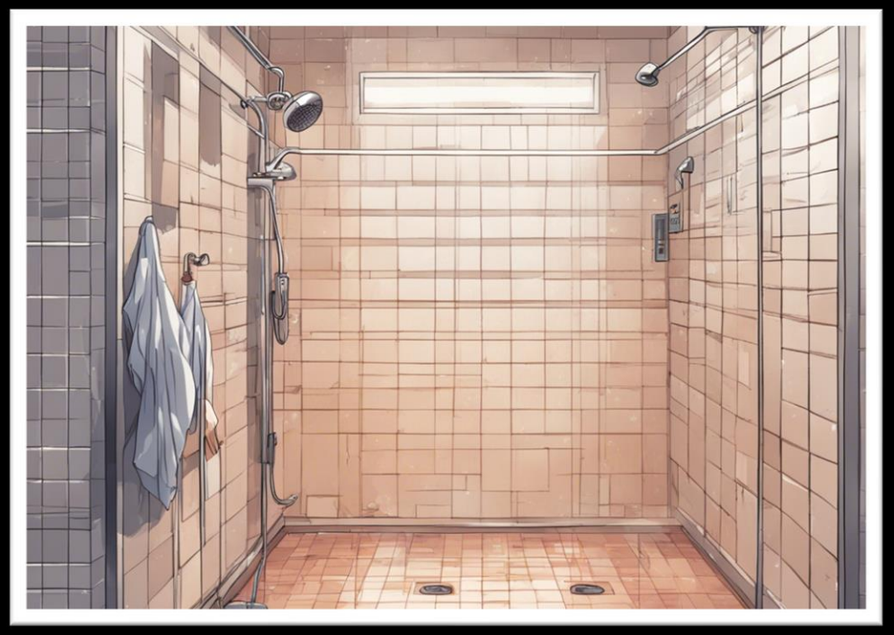

NEXT

I'd be happy to have half... make that a third of her muscles mass...

Anyway... she might be dangerous... but she's also great to look at while doing your routine, I think to myself as I finish up my daily grind.

NEXT

I wash off the sweat in the locker room shower and take the subway back home.

I walk the last few minutes from the subway station to my apartment...

NEXT

When suddenly a courier guy drives right by me on his bike with back breaking speed. **On the sidewalk!** I take a quick step to the side, but kinda trip over my own legs and fall to the ground. **Damn bastard!**

But what is that? As I stop cursing that cyclist in my mind, my eyes spot something lying on the pavement in front of me...

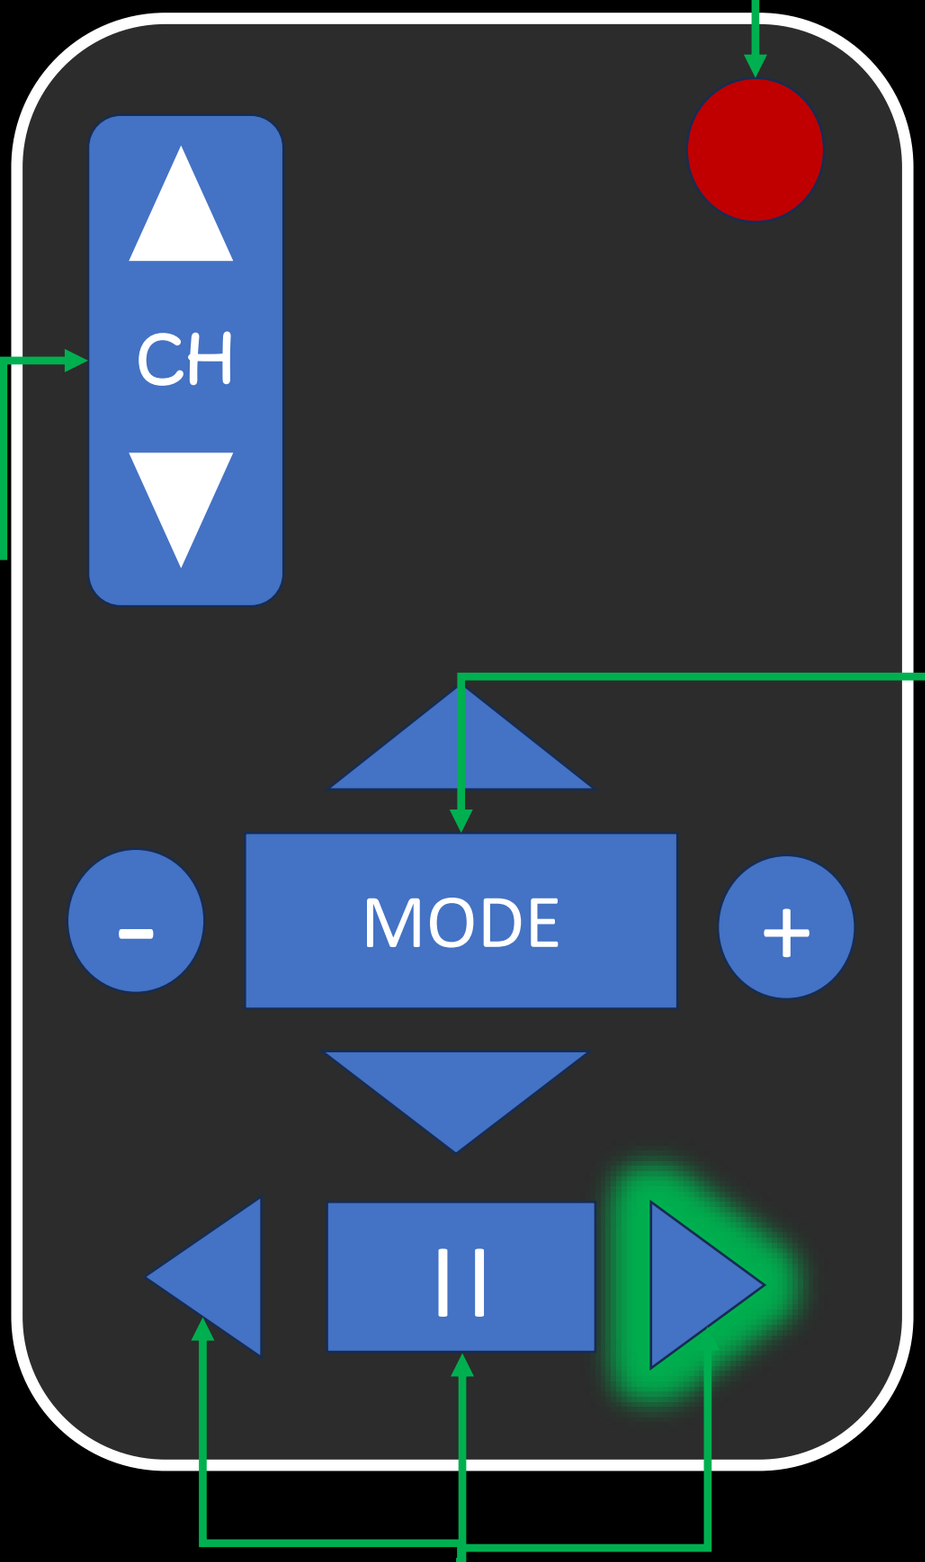

Is that... a remote control?

NEXT

You have found the remote control!
It will enable you to take control of your life in ways you'd never have dreamt about!

Connect to a target

The **Change Channel Buttons** switch your current situation to a new channel. Bored with your life? Why not turn it into a Spanish soap opera? Uncontent with how your date is going? Why not tune in to porn?

Use Arrows to **select an Attribute** of a selected target then use the +/- buttons to in/decrease said attribute.

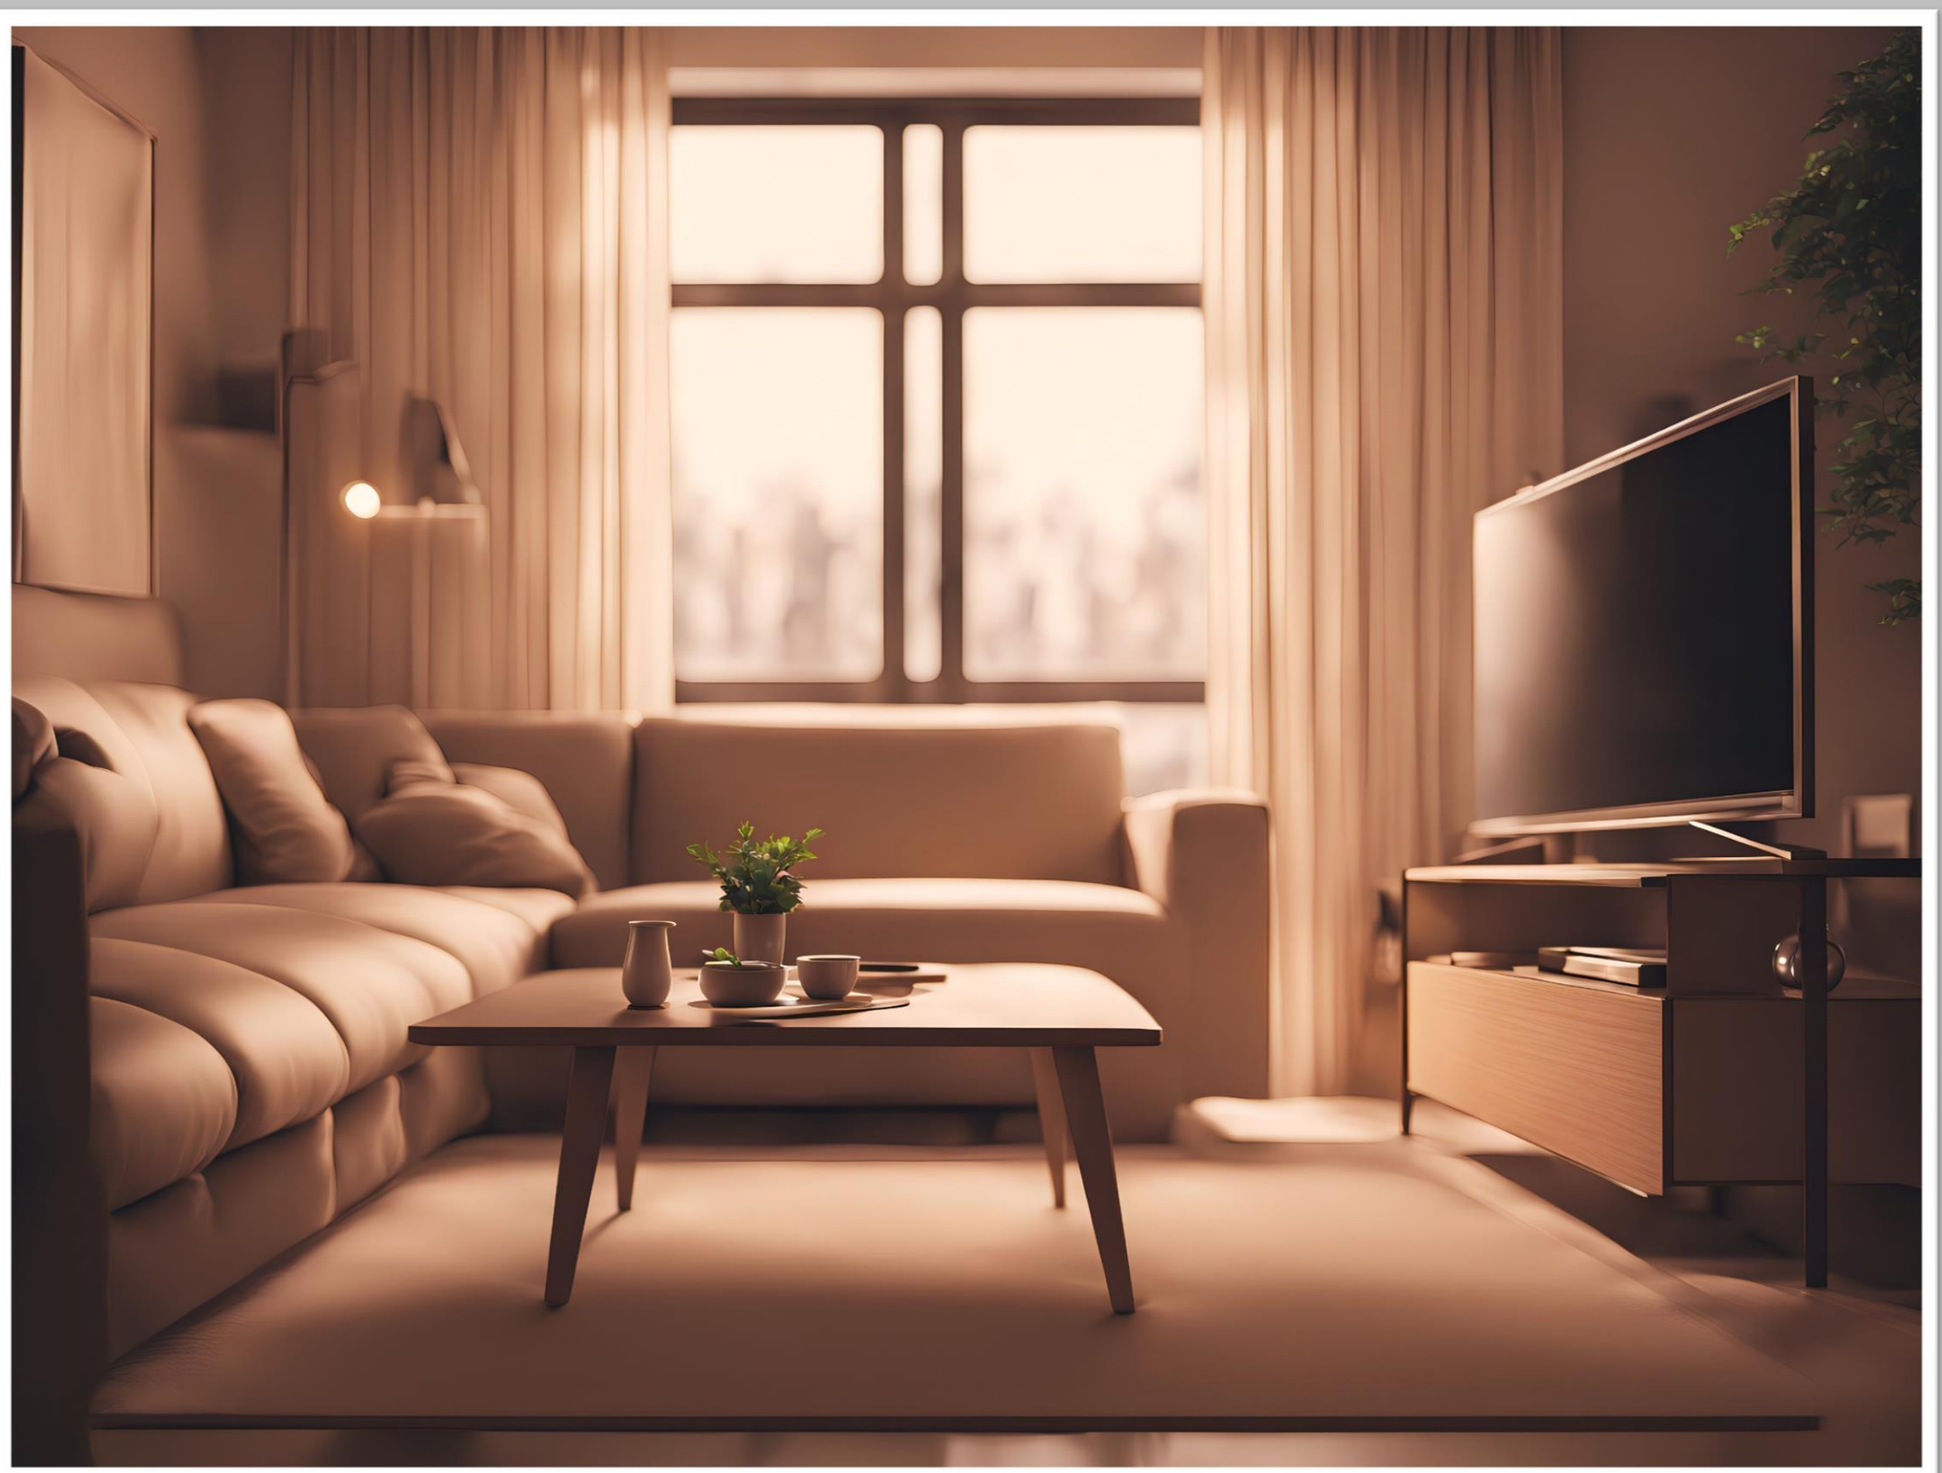

Keep your eyes out for **green glowing buttons.** This indicates you can press them in your current situation!

Pause time around you. Rewind and Play/Forward.

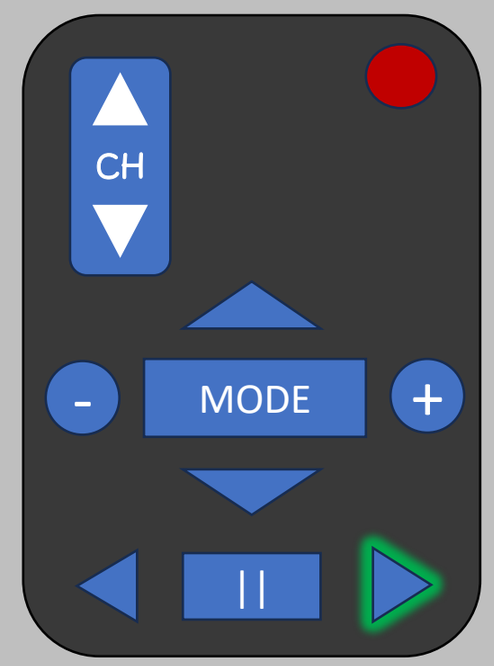

The remote takes over huge parts of your life. From now on, use the **Play/Forward Button** to continue this story. If you understand and want to continue, press that button now.

I pick it up and pocket it before I keep on with my walk home. My knee hurts slightly from the fall, and I'm still pissed about people being so inconsiderate in public spaces...

I turn the key and enter the apartment. **Phew!** What a day... I feel exhausted!

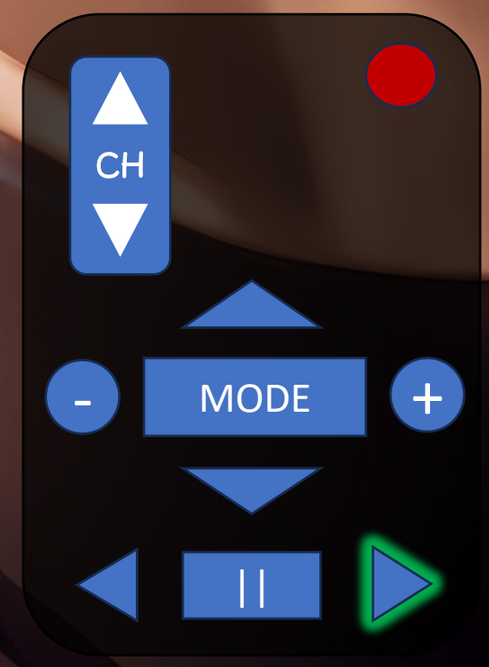

As I head into the bathroom to get myself bed-ready - not wanting to repeat my mistake from last night - I notice the weight in my pocket and I take out the remote.

psssshhhhh

Hm... what's that sound? Is Steven taking a shower?

"Why did I even pick that crap up?" I think to myself as I head for the sink to brush my teeth.

Nope... that's not Steven...

Must be his most recent conquest... taking a shower after a steamy session...

Hmm?

Oh, crap! She's turning around!

CH

Oh, Great! She's a screamer.

iiiiiikkkk

My hand unintentionally fidgets with the remote as I try to think of something witty to say...

CH

Hello. I'm Steven's flatmate.

I'm sorry. I did not know somebody was in here...

CH

Okay... this is getting awkward... I try to talk myself out of this, but the girl just stands there... not reacting to my excuses at all.

Heck! She doesn't even try to cover herself...

CH

II

In fact... she does not move at all...

Wave

Hello?

I wave my hand in front of her face – no reaction...

CH

MODE

What was going on?

My gaze wanders down to the remote control in my hand...

No way!

Unintentionally, I hold down that rewind button, and in awe, I watch as he purple-haired girl in front of me starts moving in reverse! Her mouth closes, she turns back around...

And there we are again...
What the hell just...
The remote!

psssshhhhh

CH

Oh, crap! She's turning around again!

Hmm?

CH

I press pause, and she freezes in place!

Wave

Hello?

I wave my hand in front of her face – no reaction...

CH

Holy shit!
The remote was actually controlling her!

I can't believe it!
The girl just stands there... still... frozen in time...

CH

Now... how unrealistic all of this may be... my finger presses down on that pause button once again and...

iiiiikkkk

The girl suddenly continues to scream as she starts moving again!

CH

MODE

-

II

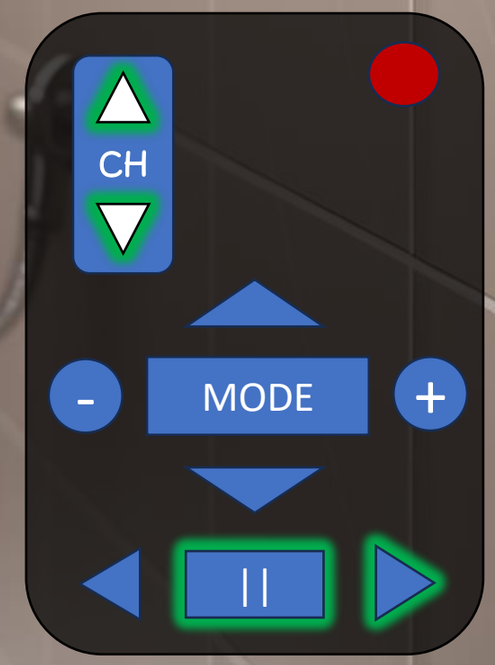

Holy shit! The remote! It really was the remote! **It had paused her!**

Who are you?!

Go away!

Don't look!

Now that it... un-paused her, she was reacting as one would expect with a stranger walking in on her in the shower...

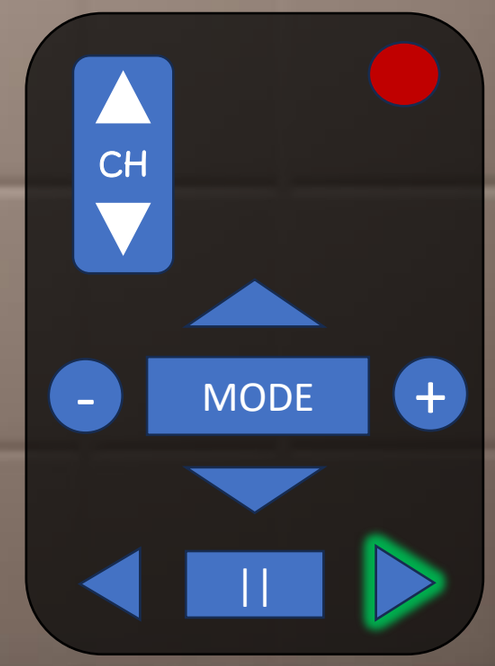

Now that she was back and ticking, I tried explaining once again...

Go Away!

I'm sorry. I did not know somebody was in here...

Hello. I'm Steven's flatmate.

But she was right! I've been staring at her for way too long!
I'm totally rude here!

Right...
Sorry!!

CH
MODE

My words are the opposite of my actions as I apologize to her but press the pause button – freezing her in time once again.

CH

MODE

She was beautiful... standing there... covering herself while blushing in shame.

Wondering if I can move her like this or if she is completely still in time, I get closer and try to lower her arms...

CH

It's no problem at all!
I drop her arms to the sides, and soon her goods are on full display. **Damn, she's beautiful!**

What was I doing here?! Yes, she was frozen in time... and she did not object to my touching... now. And the spot between her legs looked very inviting... but was I really going to go that far?

In for a penny, in for a pound. She won't remember any of this anyway! I think to myself as I let my hand wander between her legs.

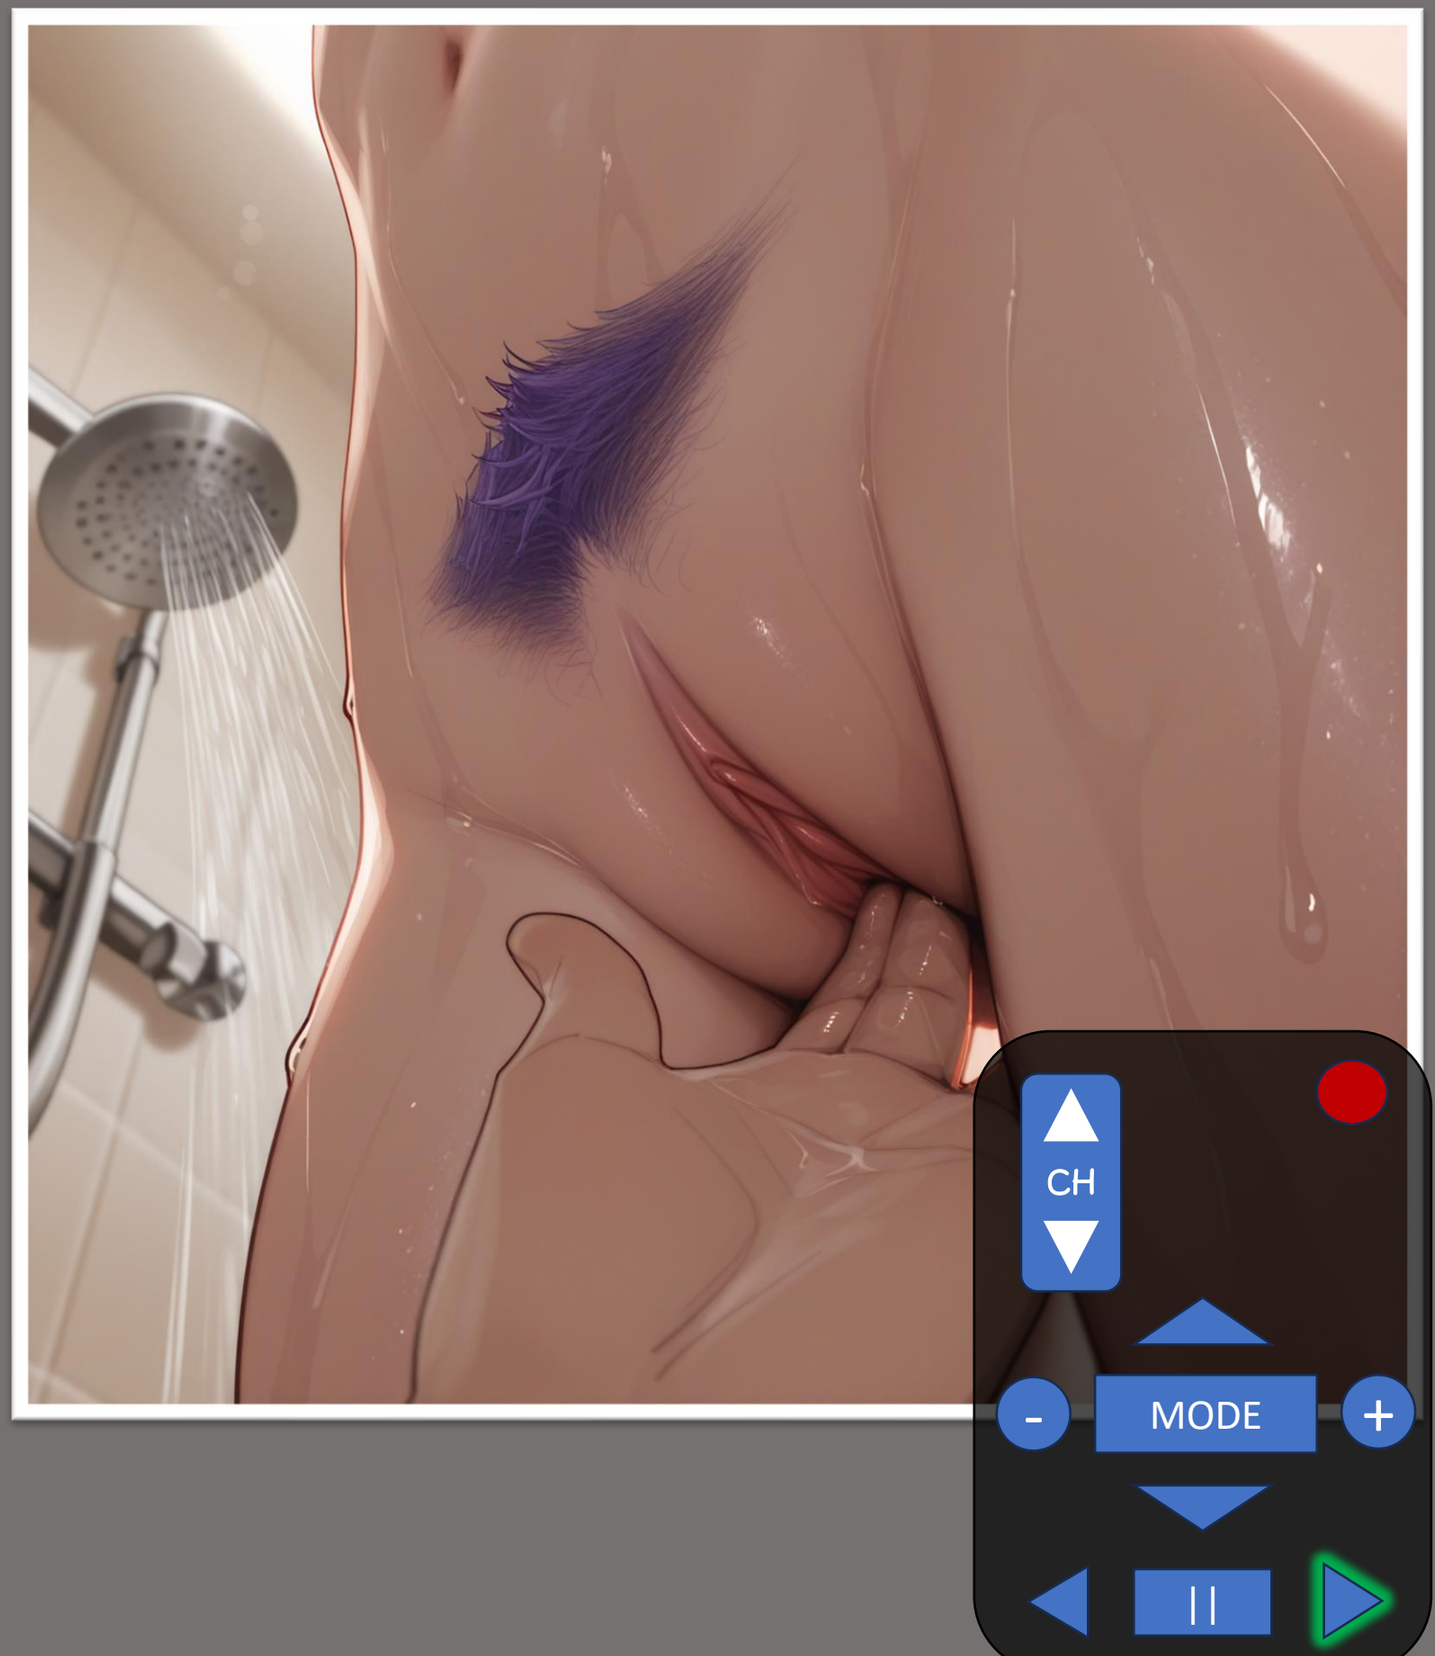

CH

I get on my knees in front of her and start inspecting her sweet spot.

Her pussy was a beautiful, tight slit between her legs with a crown of purple hair on top.

And despite her frozen state, I think her pussy reacted to my administration. She was getting wet down there!

But then I looked up! Her breasts looked amazing from down here!!

CH

I continued playing with her massive funbags for a while...

I was rock-hard by that time!

I stroke myself with one hand while I continue to fondle her...

And it does not take long for me to erupt over her stomach.

CH

Phew!
I needed that!

Slowly, I pick up my tooth brush from the sink and start brushing my teeth while watching my cum slowly trickling down her belly.

CH

When I'm done, I throw her one last glance, then I leave the bathroom in a relieved mood.

Once out, I unpause her and I hear her continue to shout for a second before I can hear her start mumbling confused through the bathroom door.

Get out al...

Huh?

CH

MODE

-

II

I could have sworn there was somebody...

She seems to calm down quickly – probably putting my walking in on her down as an illusion. And with her continuing her shower, the last evidence of me ever being there is rinsed down the drain. *chuckle*

CH

MODE

-

+

||

I hold down the rewind button and her arms drop to her side as our conversation is undone right in front of me and she returns to the point in time where she first sees me...

I keep pressing down on the rewind button, and the purple-haired girl does her actions in reverse. From the moment she realized I was there back to her turning around... back to her showering obliviously...

And here we are again...

CH

MODE

Hell yeah! I was going to go all the way. The only question was how I was going to take this chick!
From behind
Lift one leg
On the Floor

From behind

I was already standing behind her so the decision was kinda easy. Slowly, I insert my cock in her cunt, it goes in easily. **She's wet!** I don't know if it's her juices or if she soaped up down there... I don't care!

CH

MODE

-

+

II

I take both her arms with my hands and start rocking back and forth. **Her pussy is tight, and it feels amazing!**

CH

MODE

-

+

II

As I pick up the pace sounds of my hips flapping against her perky ass echo from the bathroom walls and I can feel my climax approach.

fap fap fap

CH

MODE

-

+

II

The only question was...
where did I want to cum?

Cum Inside!

All over her pretty face!

On her Breasts!

Lift one leg

I lift one of her legs and insert my cock in her wet pussy.

CH

MODE

-

+

II

I turn her to the side to get better access and pound away. Her pussy is tight and feels amazing as my cock stirs her insides.

It does not take long, and I feel my load rising. Leaving only one question... where should I release?

Cum Inside!

All over her pretty face!

On her Breasts!

Cum Inside!

The feeling is just too good! I embrace it with all my heart (and cock) and with one final deep thrust, I explode inside the purple-haired girl's pussy.

On the Floor

I lower the purple-haired girl to the floor and slip under her, then lowering her pussy onto my cock.

It's a bit tedious... she was paused after all... not doing one inch of movement herself.

So, I had to do all the pumping and keep her stable at the same time...

CH

MODE

-

+

II

But it was totally worth it. It felt amazing, and I soon felt my balls stir – leaving only one question: **Where would I release my load?**

Cum Inside!

All over her pretty face!

On her Breasts!

Cum Inside!

Well, duh, getting up from under her? **No way!** I just embraced that feeling of her tight pussy walls squeezing down on my cock as, with a few final thrusts, I shoot my load deep inside her womb!

CH

MODE

-

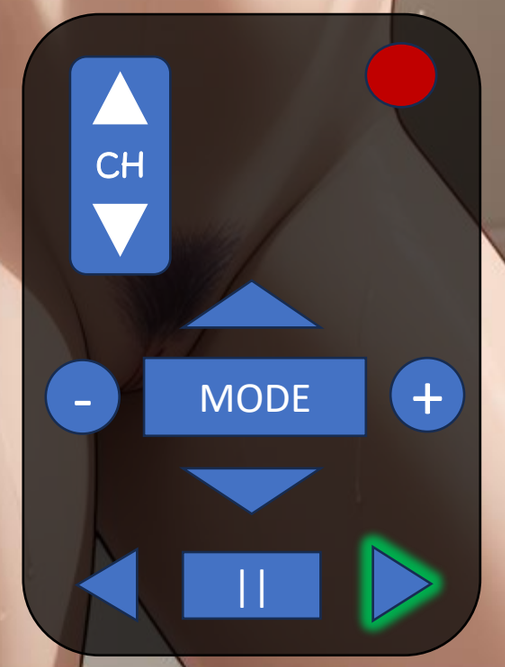

+

||

Phew! That was exactly what I needed! I think to myself as I get up from under her, pick up the toothpaste and start brushing my teeth while watching my cum ooze out the purple-haired girl's pussy.

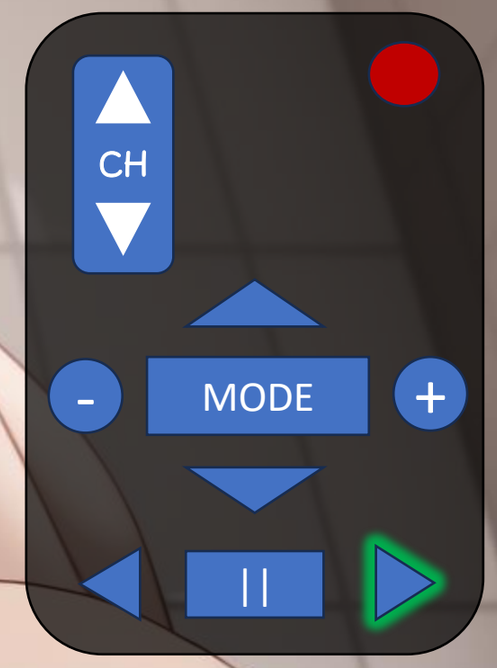

I don't want to leave any evidence... so I hold down that rewind button, and my cum shouts out of her pussy and vanishes, as she moves back through time in reverse. It looks funny seeing her fuck a ghost in rhythmic motion (as I was not there with her as she rewound). Anyway, once I have her back to showering, I leave the bathroom with a smile on my face.

All over her pretty face!

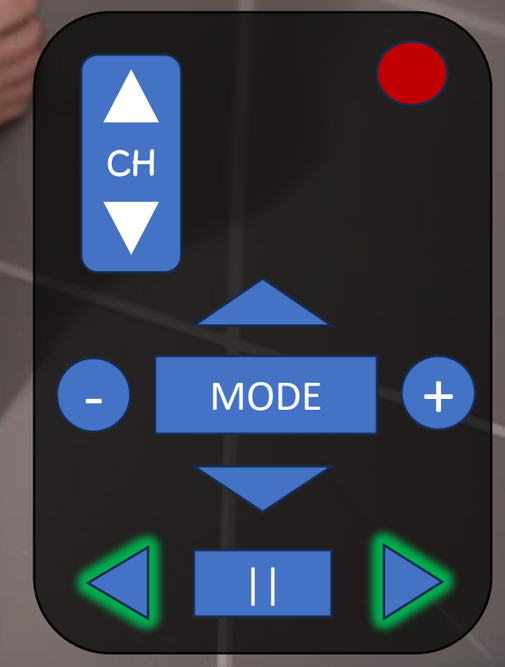

I want to cum on that pretty face of hers! So, I get in position in front of her, bend her knees and lead her into a kneeling position.

It needs some more strokes, as placing her took some time, but with that view, it's no problem and I cum fast and hard all over her beautiful face – her eyes not blinking at my approaching load.

Phew! I came a lot... and I guess my aim was not that perfect. Some dropped down on her boobs and... I shot quite a load onto her hair... but what the hell. **She was in the shower anyway!**

I brush my teeth and put my clothes back on... stealing glances at the cum covered beauty kneeling in the shower – still – frozen – paused. ***Chuckle***

I leave the bathroom and press unpause again. Moments later, I hear a surprised scream through the bathroom door.

What the fuck?

CH

MODE

-

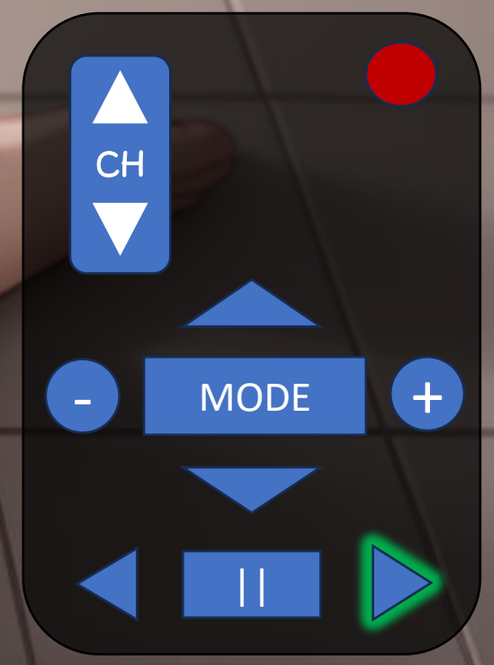

+

||

Didn't I just wash Steven's cum off?

And why am I on the floor? Did I trip?

"Well... whatever. I'm sure she'll make something up to make sense of that situation", I think to myself as I walk through the living room towards my room.

On her Boobs!

I want to cum on her big, round breasts!

I get in front of her and position her on her knees...

CH

MODE

-

+

II

Handling her positioning takes some time...

So, I need some more stimulation... fucking her breasts!

CH

MODE

-

+

II

But it does not take long at all, and I'm ready to shoot my load!

CH

MODE

-

+

||

Nice!
Totally covered them in my sticky juices!

CH

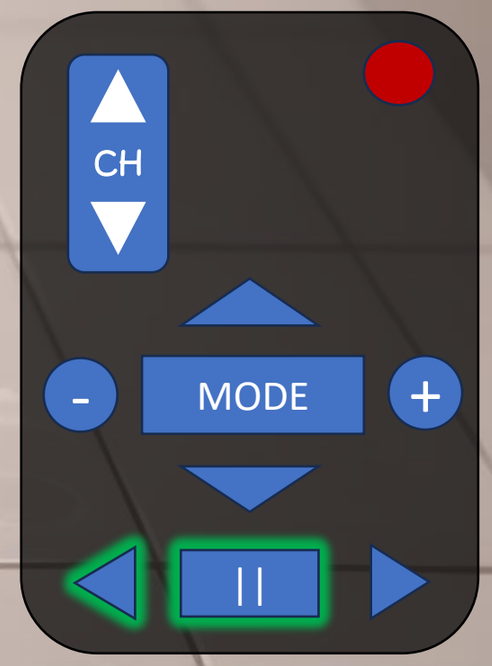

MODE

-

+

||

I really needed that.
But now it was time to go to bed. So, I pick up the toothpaste and start brushing my teeth, while watching my cum slowly roll down those round boobs kneeling in my shower – frozen – still – beautiful!

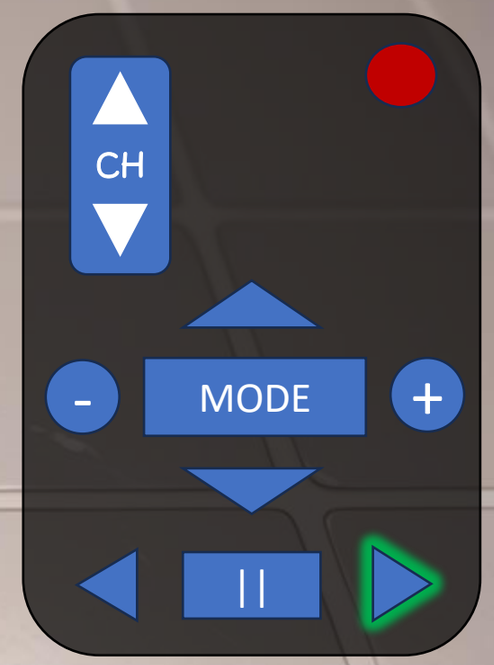

Huh?
Why... am I on the floor? Did I trip?

gasp

When I'm done, I put my clothes back on, leave the bathroom, and hit the unpause button...

I do hear her rustle a bit from behind the door, but she does not scream. So, everything should be fine. She probably won't even notice that cum as the shower will rinse it away in a jiffy...

Inside

At that moment, I did not care. All I was feeling was pleasure, and when it was too much, I exploded deep inside her love tunnel!

squirt

CH

MODE

Cumming inside her tight, warm hole felt amazing, and I stayed inside of her for a good minute longer, enjoying the feeling of after orgasmic bliss and my cock slowly shrinking out of her pussy.

CH

MODE

-

+

||

Then I grab the toothpaste from the sink close-by and start brushing my teeth while watching my cum trickle down the purple-haired girl's thighs.

CH

MODE

-

+

II

When I'm done with my evening routine, I throw her one last glance, walk out of the bathroom, and unpause her.

CH

MODE

-

+

||

From behind the bathroom door, I can hear a surprised, muffled shout.

Huh?

CH

MODE

-

+

||

She does not seem too upset, at least I hear no further complaints through the bathroom door, and I walk towards my room.

Did Steven cum in me as well?

I thought he only came on my boobs...

Holy... this guy is loaded like a stallion!

CH

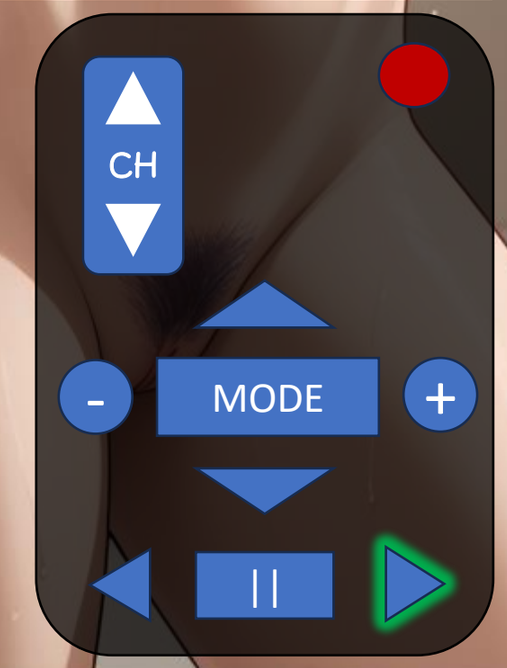

MODE

-

+

||

I did not want to take any further risks here... who knows. Maybe it was not a safe day... better make it so none of this ever happened. I hold down that rewind button, and my cum vanishes from her body as she moves back through time in reverse. It looks funny seeing her fuck a ghost in rhythmic motion (as I was not there with her as she rewound). Anyway, once I have her back to showering, I leave the bathroom with a smile on my face.

CH

As time rewinds further, she gets out of the shower and sits down on the toilet.

CH

Suddenly her expression changes completely and she... smiles at me?

Hi there!

Err... hi?

CH

MODE

-

What's going on?

Wanna join?

Huh?

CH

MODE

-

I could really use some attention... down there... you know.

The hell? This was like a bad script in a porn movie...

Ehh.. Err.. I... I mean...

CH

MODE

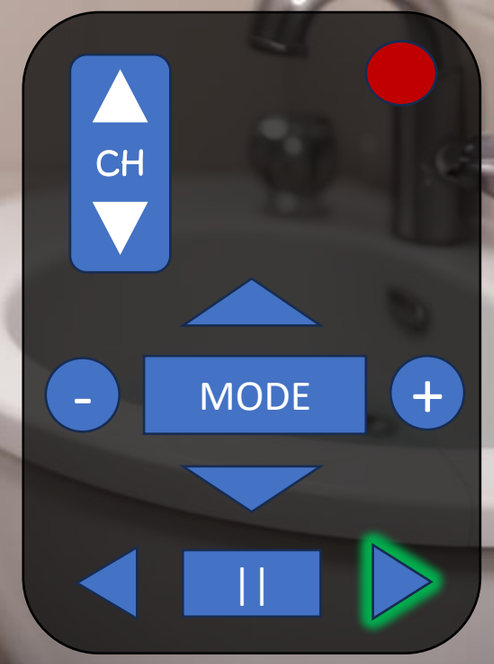

-

||

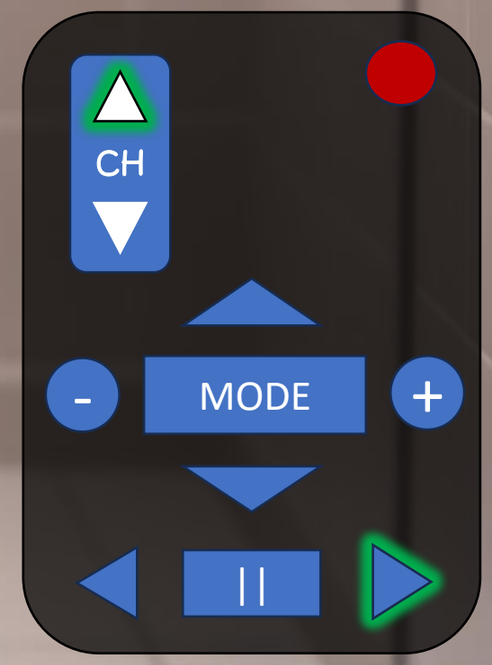

Oh, come on. What's a girl gotta do to get a good hard dicking around here?

Porn? No way... I pressed the change channel button... and.... Tuned in to the porn channel?

I'll make it worth your time. **Promise!**

As stupid as that explanation may sound... I can't come up with anything else as the purple-haired girl comes closer and shoves her tits in my face.

I give in the the absurdity of the situation and whisper "okay" – **the girl drops to her knees in front of me!**

Nice!

CH

She removes my pants, fishes out my cock, and grabs the shaft with her right hand while looking at me with her big green eyes full of lust.

You have an amazing cock!

CH

She starts by teasing my tip with her tongue while slowly stroking my shaft...

CH

But soon she wraps her lips around my dick...

SLURP

CH

And starts bobbing up and down. Her mouth feels amazing!

CH

She really knows what she's doing down there...

I didn't know squat about her... maybe she always was good at sucking cock... Or maybe the remote turned her into a pornstar?

CH

MODE

-

||

But when she takes me deep, I stop thinking about such irrelevant stuff – and just enjoy the feeling of her sloppy mouth!

CH

"Sucking like a vacuum cleaner" I never really got that saying... until now... *chuckle*

CH

I was really enjoying myself there... but suddenly she stops...

No cumming yet! I want you to fuck me first!

Let her fuck you

Give it to her good!

Again, I'm a bit taken by surprise by her directness, and I whisper "Okay" once again, though I don't think she really waited for that, as she was already pushing me down and slowly lowers herself onto my rock-hard cock.

Let her fuck you

Soon she's using her hands and mouth to finish me off as I sit up staring into her deep green eyes.

I want your sticky load all over my face.

After all this, I'm good to let loose in a jiffy...

CH

And she lets go of my tip at exactly the last moment, making me explode all over her face and boobs.

squirt

Yes! Let it all out!

CH

The orgasm felt amazing, and now I was looking at her as she circled her tongue around her fingers, licking up the cum that she scooped up.

Damn hot!

Oh, my!
What a load!

CH

Ready for round two?

CH

I was not. No matter how hot she looked. I felt spent and happy. No need to go any further, so I pressed the pause button and she froze – mid playing with my cum...

CH

I took the toothpaste from the shelf and started to brush my teeth while watching the paused girl, my cum slowly dripping down her skin.

CH

I rewind her and watch my cum vanish from her face and tits as she runs through the sex we just had, but in reverse... and alone... until she is back to showering.

CH

What the?

Why am I kneeling on the floor?

Why is there cum all over me? Didn't I wash that off already?

I leave the bathroom, turn the channel back and unpause her... I can hear her gasp for a moment, but from what I hear, she soon resumes her shower, and it seems fine. So, I head to my room.

CH

After a minute or two, when the haze slowly lifts, I pick up the toothpaste from the shelf and start brushing my teeth while watching my cum slowly trickle down the purple-haired girl's thighs. **This remote was the real deal!**

Curious I tap the change channel button again... and suddenly her smile vanishes as she glares at me with... is that anger?

¡Oh, qué tragedia!
Tus manos, que aún no me tocan, ya me encierran como prisionera en un abrazo invisible.

Oh, what a tragedy! Your hands, which have not yet touched me, already imprison me in an invisible embrace.

¡Basta! No finjas tu inocencia... sé que tus ojos gritan el deseo de arrebatar mi dulce cuerpo bajo esta lluvia de espuma.

Enough! Do not feign innocence... I know your eyes scream with the desire to ravish my sweet body beneath this rain of foam.

What? No... I... I did not even know you were in here!

CH

What the fuck was happening here? And... why are there subtitles flashing up in front of my eyes?

¡**Mentiroso**! Porque, aunque juro odiar la idea de que me arrebates la inocencia bajo esta ducha, mi corazón late como si ya lo hubieras hecho.

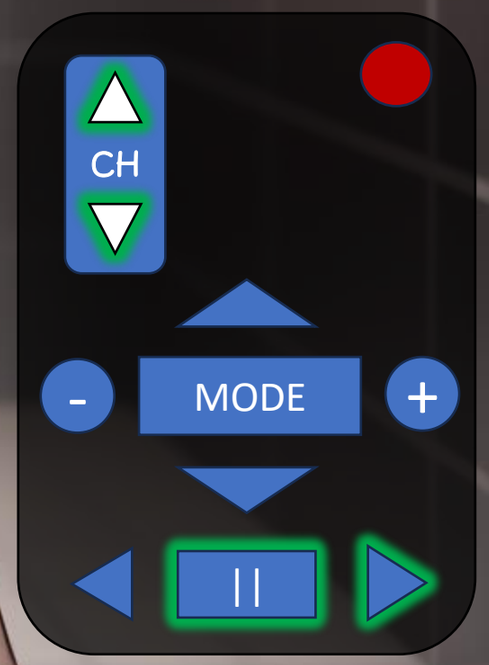

Liar!! Because even though I swear I hate the idea of you stealing my innocence under this shower, my heart beats as if you had already done it.

She was coming closer and closer. She's... kinda furious? **What should I do?**

¡Prefiero morir de vergüenza bajo esta ducha, que ceder a tu deseo prohibido!

I would rather die of shame beneath this shower, than yield to your forbidden desire!

¡Fuera! Porque aunque juro que me repugna imaginar tus besos, moriría si no los sueño cada noche.

I look at her still in confusion as she pushes my out the bathroom and locks the door behind me...

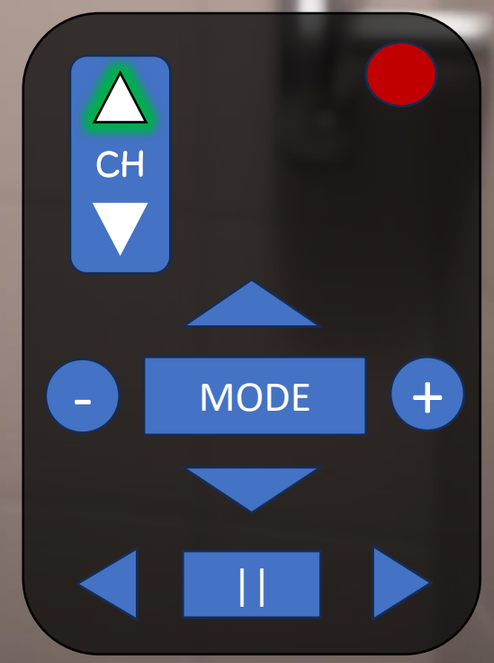

No more! For though I swear to hate the thought of you stealing my innocence beneath this shower, my heart beats as if you already had.

She keeps shouting and I can... still **read** her through the closed door...

¡Y no vuelvas jamás, ladrón de mis pensamientos inocentes!

And never return, thief of my innocent thoughts!

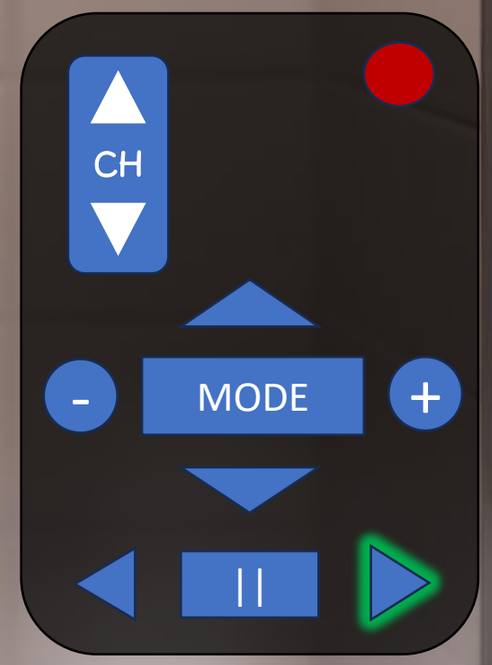

Hm...
What am I doing?
I'm not done showering...

Ooo.

Anyway, I press the change channel button twice, and soon I hear her resuming her shower.

I guess I was trapped in a Spanish Telenovela... That was weird... I think to myself as my steps lead me towards my room.

I hit the pause button and she freezes mid sentence. **Phew!**

Okay... that was weird. Spanish Telenovela in real life? Not really my thing I think... But the remote was definitely something else! I think to myself as I walk towards my room.

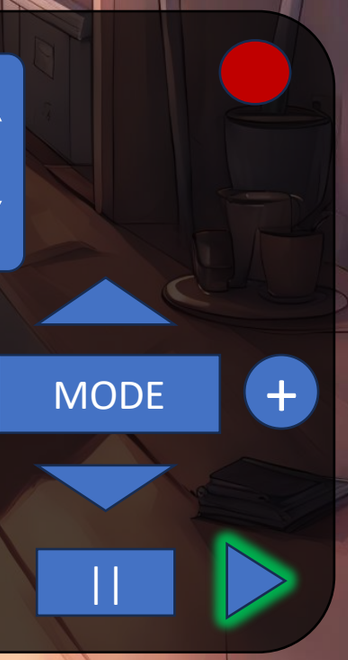

After leaving the bathroom, I find myself in the apartment's living room.

Holy smokes... Did that really just happen? This little thing in my hands... is capable of doing... THAT... and... probably more, deducting from those other buttons!

I press play, and soon hear her continue her shower.

I walk into my room and sink into my bed. My thoughts are still trying to process what just happened as I drift to sleep with a smile on my face.

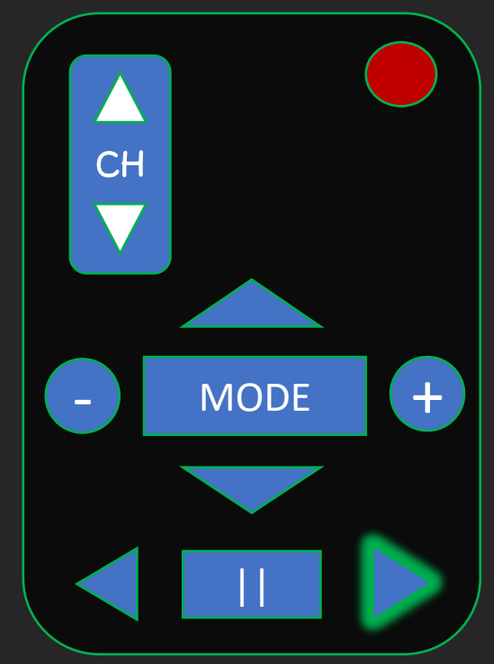

You are using the remote to rewind yourself – returning to a previous point in time to relive events… maybe do something different. Please note that you won't retain any memories of what you have done so far. **Proceed?**

Yes, Rewind me!

Nah, let's just go to bed

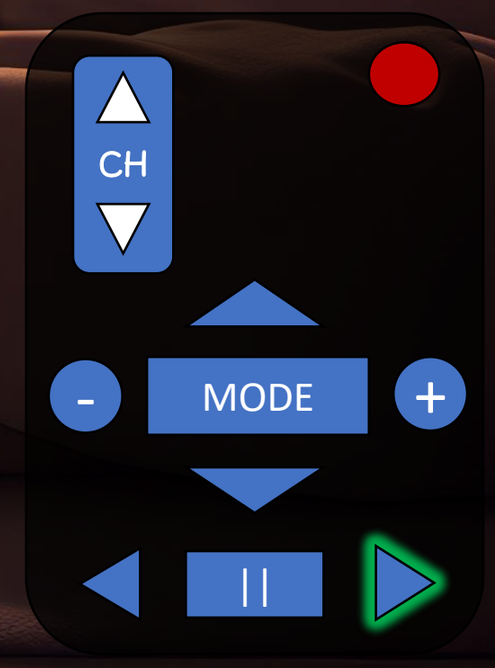

I sleep deeply that night, but restlessly. My dreams spin around girls frozen in time and showers... and more.

zzzzzzZZZZZ

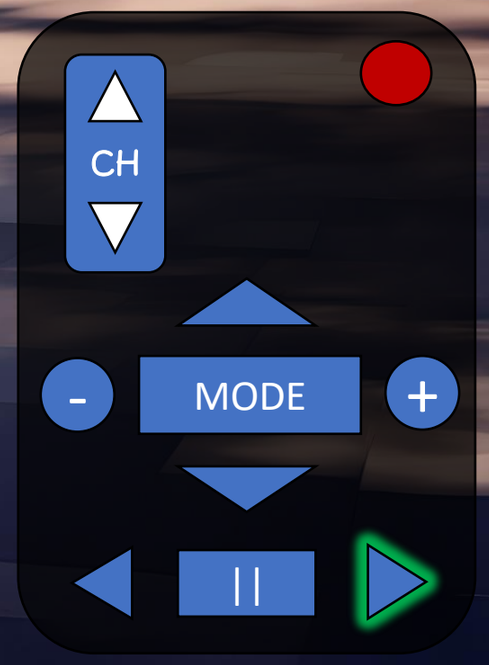

The next morning, I wake before my alarm. And when I do, my hand darts to the nightstand and against all odds, the remote I've dreamt all night about is really there. Of course, it could still have been a dream... But it did feel very real...

I clutch the remote in my hand and swear to find out more about it as I leave my room and the apartment.

Thoughts still on the remote in my pocket, my feet slowly but surely walk me over to the local library.

It's a good place to study in peace, and therefore I'm a regular here.

As I enter the familiar building - Mrs. Roberts, the librarian, greets me. She's a polite and friendly woman... unless you disrupt the order at the library. Then she can get strict and loud... But I'm on good terms with her.

Good morning.

Good morning, Mrs. Roberts.

My eyes scan the large study room, but it seems I'm first. Sophia is not here yet. Figures, I woke up quite early today...

I choose a spot in a corner that is hidden from most prying eyes. Obviously, a strategic choice... After all, if THAT was not a dream... more testing of the remote was in order!

I don't have to wait too long. Soon, I can see Sophia approach my desk of choice.

Heya!

Almost missed you all the way back here!

Yeah... sorry. I thought it was quieter back here.

Well, I guess it is. Good thinking!

CH

MODE

-

Sophia sits down, puts some books on the table, and opens one.

Alright! Let's get started.

CH

MODE

-

+

||

We start our study session... but my thoughts drift to the remote... again and again...

Sophia's beautiful... but she's also a good friend... Heck, she's geeky enough that I could probably share the secret of the remote with her...

Ask Sophia out

CH

MODE

-

+

||

I decide to sit still for now and not use the remote...

I try to focus on the book in front of me and study...

CH

MODE

-

+

II

But my concentration seems to be lacking... When I try to take some notes and reach for my pencil, I flip it off the table instead, and it lands on the floor under the desk...

Kinda clumsy today, ain't ya?

Clack

CH

MODE

-

+

||

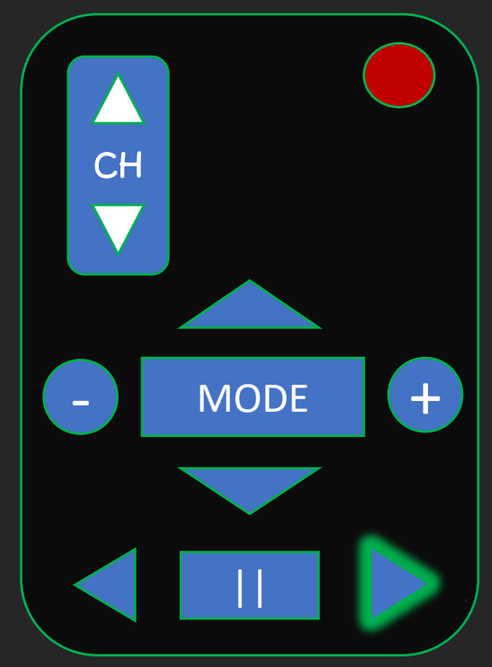

As Sophia continues scrolling through her current book ...

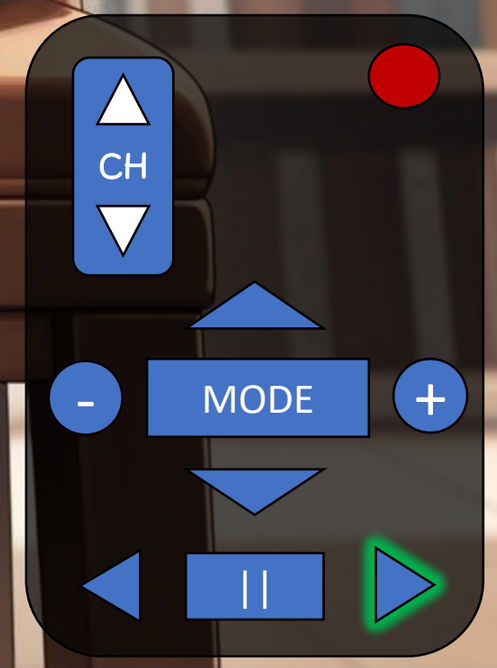

I get on the floor to retrieve my pencil...

Under the table, a welcome sight awaits me!

Sophia's gray skirt seems to have hiked up a lot as she sat down and from between her closed legs, I can get a good glimpse of her white panties!

I gulp... Sophia's smooth legs in front of me... and the treasure between them...

I know, I should pick up that stupid pencil already. If I stay any longer down here, Sophia will get suspicious... That's when I feel something hard inside my pants... NO not my cock! I meant another hard thing in my pants!

The Remote!

Pick up Pencil

I pick up the pencil and, blushing, I get back from under the desk and sit down again.

Thankfully, Sophia is not suspicious of my time being down there and we continue our study session without a hitch.

CH

MODE

-

+

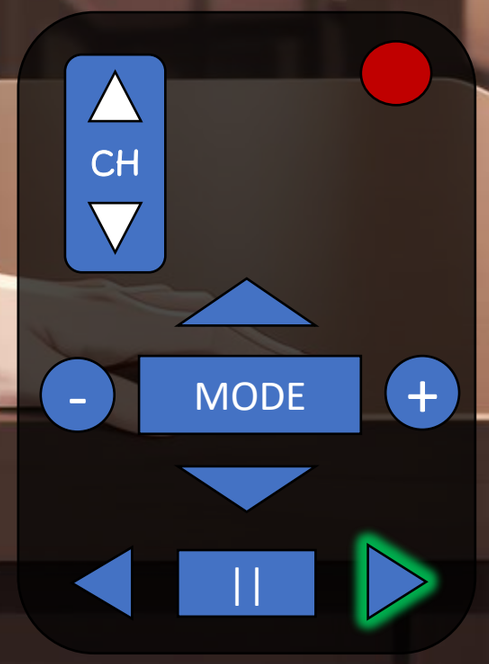

||

With my focus back in the books and by helping each other with the topics we are good at, we get quite some progress done in the two hours we spend at the library.

Oh, my. How the time flies by when studying.

We gotta leave now if we don't want to be late to Mrs. Martínez' class.

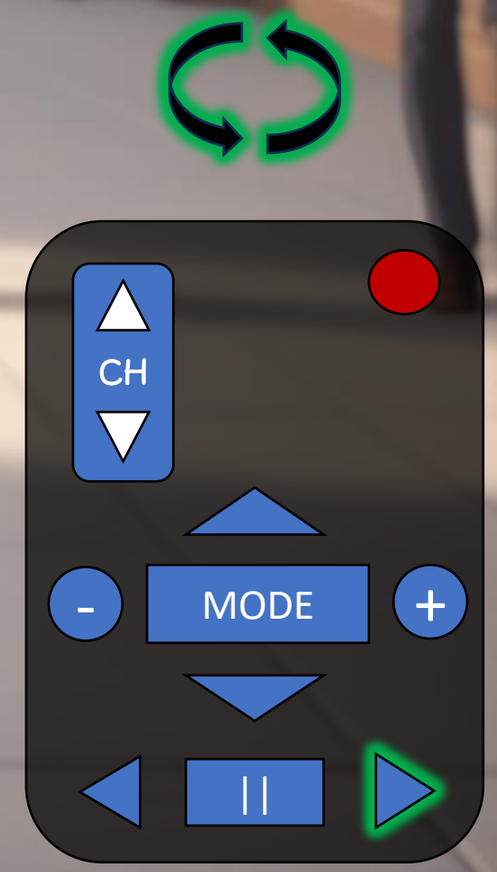

You coming?

I nod to Sophia, pack my stuff, and we leave for university.

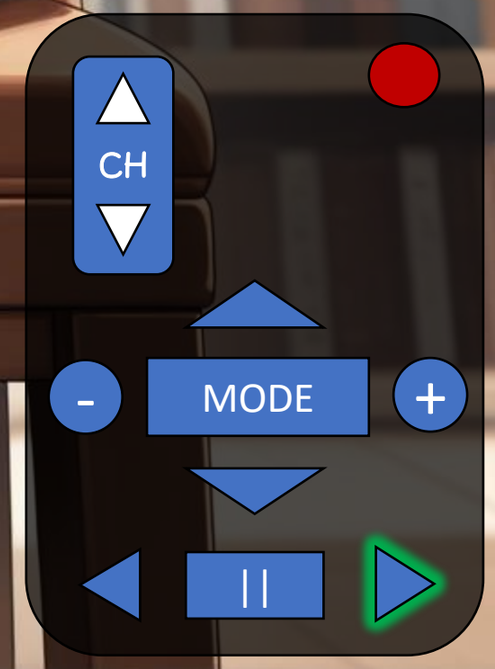

We managed to study quite well... And there probably will be an opportunity in class to play with the remote...

But of course... deep in my mind I question myself... **Couldn't I have spent this time in a better way?**

Friends or not, there was a perfectly fine pussy right in front of me!

I hit pause and see the slow rhythmic tapping Sophia has been doing halt immediately. **Time has stopped for her!**

I whisper up to her and poke her leg just to be sure...

But when she does not react, I slowly push apart her legs...

CH

MODE

-

+

||

The view that opens up in front of me is amazing, and for a moment, I'm stunned thinking about what to do next.

Pull her panties aside

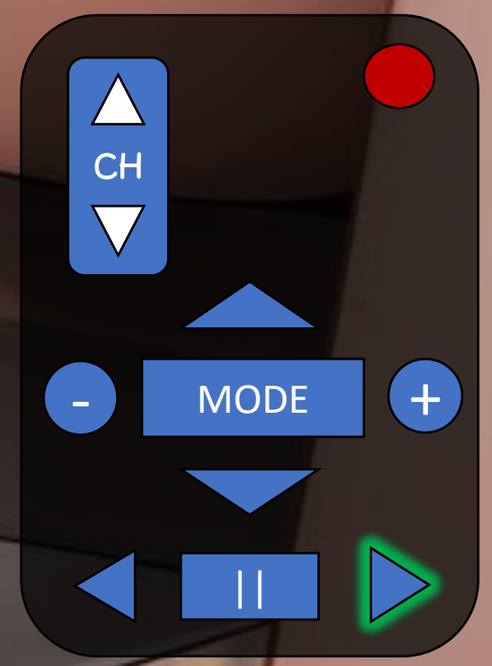

Remove her panties

Take a whiff and leave it at that

Leave it at that

Sniff

I don't dare touch her down there... That would be a breach of trust between friends.. Right? But... the allure is also too big to pass up on this opportunity, and I bring my face really close for a moment and inhale her scent.

I close her legs again before picking up my pencil and getting back into my chair.

CH

MODE

-

+

Pull her panties aside

With one finger, I pull the thin fabric aside, revealing a cleanly shaven slit.

Inspect her pussy closer

Insert a finger

I move closer and take in the entirety of her slit.

The petals of her inner lips are a soft, inviting pink, parted slightly as if in anticipation of my gaze.

As I move closer, I take in her scent – it's alluring.

Insert a finger

That's enough

Insert a finger

Carefully, I insert a finger into Sophia's tight nether folds.

CH

MODE

Her pussy feels soft to my touch, and to my surprise, it lubricates fast – granting entry to my probing finger.

CH

MODE

-

II

Soon, two fingers slip in easily as her pussy juice flows under my administration.

CH

MODE

-

+

||

I keep at it for a little longer, but of course, without her reacting to my fingering, the fun knows its limit.

I put her panties back in place, taste her juices off my fingers...

CH

MODE

-

+

II

I sit back down on my chair... just to get down once more and pick up that pencil! Almost forgot about that!

CH

Then I unpause her... Sophia suddenly looks confused? And flushed?

CH

CH

Thankfully, Mrs. Roberts believes my made-up story and leaves once again.

Oh, my.
No need to scream like that for a little spidy, girl.

As Mrs. Roberts leaves again, Sophia whispers a thanks towards me through her panting...

CH

Oh, god!
What have I just done?!

Slowly, Sophia seems back to having a functional brain as her eyes are big in realisation of what she just did...

Sure. But what just...

CH

We are not gonna talk about what just happened.

But ...

CH

MODE

-

FUCK!
This is so embarrassing!

Nothing happened!

CH

MODE

I nod to Sophia's proposal. It's for the best if she wants to play it down like this. I did not expect my interference down there having such consequences once she was unpaused... but I regret nothing! **That was a hell of a show!**

Let's just continue studying. Okay?

CH

MODE

-

+

||

Damn!
That was the best orgasm I ever had... in a public library in front of my friend out of nowhere?!

Studying does not go too well from here on out. We both seem kinda distracted and we get almost nothing done.

CH
MODE
-

||

We kept on trying to get any knowledge into our heads for about half an hour before Sophia excused herself.

I need to go home and freshen up... I don't want to go to class like this!

CH

MODE

-

+

||

I stroll around town for a little while to kill some time – thinking about the remote and its possibilities.

Before my steps lead me to the university grounds. Mrs. Martínez' class is about to begin soon... that is... unless I think I should have done something differently?

CH

MODE

-

+

||

That's enough

I glance one last time at Sophia's sweet spot before putting her panties back in place and getting back into my seat, picking up my pencil on the way up.

CH

MODE

I watch Sophia closely as I unpause her, but aside from her resuming to browse her book and slightly tapping her foot while sitting, nothing really changes.

CH

MODE

-

+

II

Stupid me! My staring seems to attract Sophia's suspicion!

Take a picture, holds longer.

Huh?

You were staring!

Oh... err... sorry. I was just lost in thought...

Thankfully, she accepts my excuse and we resume studying – Me finally able to fully focus after having gotten a glance at Sophia's female treasure.

CH

MODE

-

+

||

Remove her panties

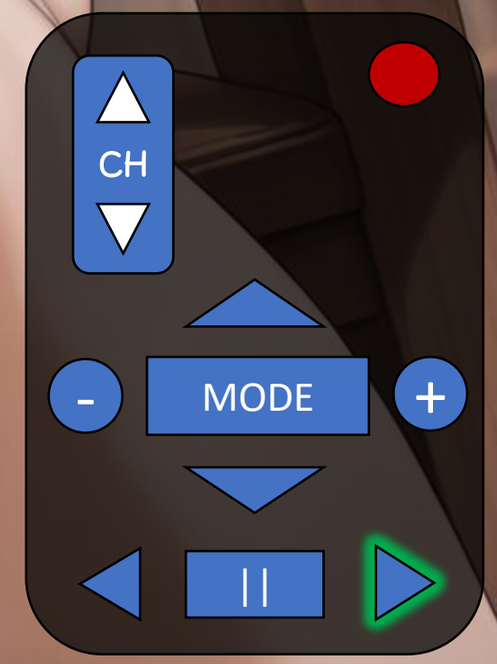

Slowly, my hands glide up Sophia's smooth thighs, go under her skirt, and follow the contours of her buttocks till my fingers reach the top of her white undergarments. Carefully, I pull them down from underneath her paused body.

CH

MODE

As I remove her panties, the female treasure between her legs is revealed to my gaze. She's smoothly shaven down there.

For a moment, I think it would be cute to see a ginger batch of hair down there to top it all off, but I'm complaining on a high level here, I think to myself as I pocket her panties.

As I remove her panties, her female treasure in between her legs is revealed to my gaze. She's smoothly shaven down there.

Eat her out

That's enough

That's enough

I decide that this is far enough, and throwing her slit one last glance, I pick up my pencil and get back into my chair.

CH

MODE

I watch Sophia closely as I unpause her, but aside from her resuming to browse her book and slightly tapping her foot while sitting, nothing really changes at first...

CH

But then... as she leans forward to get another book...

CH

Something feels off...

I can see sudden surprise in her eyes!

CH

No way...

I watch her closely, trying not to show a knowing smile.

CH

MODE

-

||

Oh, god!
I forgot to put panties on today?!

I hope he did not see!

She blushes red as the realisation hits her and I ask her innocently...

Are you okay, Sophia?

CH

Ahh, yes, yes!
I just realized I forgot something at home. But it's not important... ha-ha...

CH

We keep on studying for some time but at some point, Sophia excuses herself.

I need to put on panties before going to class!

CH

I stroll around town for a little while to kill some time – thinking about the remote and its possibilities – Sophia's treasure in my pocket.

My steps lead me to the university grounds. Mrs. Martínez' class is about to begin soon... that is... unless I think I should have done something differently?

Eat her out

I get my face in between her legs and start tasting her peach.

I can taste her juices on my tongue as they start flowing despite her being paused. I consider this a feature of the remote!

After a while, I swipe her juices off my mouth with my sleeve, glance one last time at her pussy – now wet from my saliva and her own juices, before I pick up my pencil and get back into my chair.

Ask her out

As I watch Sophia sit at the table, her eyes focused on the book in front of her, I realize once again how beautiful she is, and a question comes up in my head. "Why haven't I asked this gorgeous girl out?" We click together! We share many interests."

Emboldened by the remote in my pocket, I dare to ask what I have not so far out of fear of destroying our friendship.

Yeah? Shoot.

Sophia... I... err... I've got a question for you...

So... I... think we click really well together... and I was wondering if... there might be more... Can I ask you out?

CH

MODE

-

+

||

... I see...

I'm sorry, but I'm not interested in you that way.

CH

MODE

-

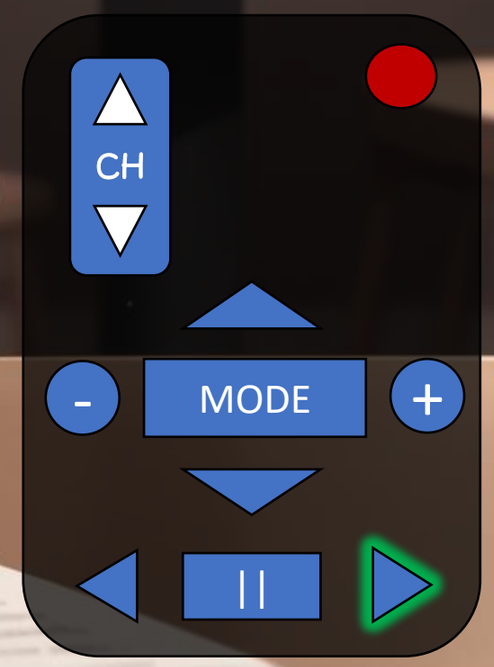

+

||

Ouch, that hurt!! Sophia's words sting more than I had thought they would. She keeps on talking, but I'm not really listening as a mix of shame, rejection and unrequited love steams inside my body.

I hope you did not group up with me all this time just because of that.

I do value our friendship, but date-wise, I'm not interested in men at all, if you get my drift.

Are you listening?

I was not... Under normal circumstances, I'd just like to run away right now and cry in a corner... **but I had the remote!**

CH

MODE

-

I aim the remote at Sophia and press rewind. If things are as they are... it's better if she does not know what feelings I harbour for her...

I watch her talk in reverse, and it stings once again as I see the disdain vanish from her face when I asked her out, and she returns to her normal reading self...

CH

Are you alright?

You look kinda sad.

What? Oh... Yeah, I just remembered something sad. But it's nothing.

CH

Okay, then let's keep on studying.

CH

And we did just that. Despite a small stinging pain in my heart, I manage to concentrate on the books before me. (Thanks to her not remembering a thing. Otherwise, this study session would have been over for me!)

Her attitude does a 180 in an instant.

Though maybe we can settle this another way?

How about you let me join in?

CH

I give Mrs. Roberts an approving nod, and she starts to strip.

The more the merrier!

CH

MODE

I fricking love this porn channel function!

I've been feeling quite lonely these past weeks.

My husband's on a business trip...

CH

MODE

It does not take her long to stand butt naked before us with a lusty grin on her face.

I've fantasized a lot about doing "it" with students in the library...

CH

How about it?
Wanna play with

CH

I intensify my finger banging her, and soon have the mature librarian scream in orgasm

As Mrs. Roberts sinks to her feet with spasming legs, Sophia comes up with a great proposition.

Let's fuck!

So?

Oh... nah sorry. It was stupid. **All good!**

CH

My thoughts switch back to our little adventure we just had. But Sophia was completely oblivious to that. That... was kinda hot in itself. **I had a bit of trouble focusing on the books...**

CH

But with Sophia's help, I'm able to get at least some knowledge crammed in my head in those two hours we spend at the library.

Oh, my. How the **time flies by** when studying.

We gotta leave now if we don't wanna be late to Mrs. Martínez' class.

I try to get over to the table with the remote, but Mrs. Roberts follows my gaze...

Hm... I.. Oh. There on the table...

NEXT

She cuts off my way to the remote...

What do you think you are doing?!

NEXT

And picks it up herself!

What is this?! Are you recording your little sex adventure?!

What? No, Ma'am! ... This is just a remote. If you give that to me, I can explain everything...

NEXT

Don't come closer! Stop it right there!

PRESS

NEXT

Shit! She pressed something!

And my world goes dark for a second.

NEXT

Suddenly, Mrs. Roberts stands somewhere else... Sophia is standing at attention with glassy eyes...

What's going on?

Whoopsie! It's not your time yet. Back to sleep.

NEXT

What's she doing to Sophia?!

Shit! Not again!

NEXT

Again, those two have moved instantly.

Do you understand?

I will obey.

Now it's your time, boy.

I try to make my body move, but I feel disoriented and there is Mrs. Roberts addressing me.

NEXT

Shit!

What's she doing to us?

What will... err... I...

NEXT

From one moment to the next my world changes completely... **I'm in a living room?**

I'm feeling disoriented.

What's going on? Wasn't I in a Library just now?

NEXT

In a corner of the room, I can see a familiar-looking girl with orange braids dressed in a French maid uniform.

I think I know her... but I can't put my finger on it...

But then a voice I know only too well brings me back to reality.

NEXT

Mrs. Roberts, the most beautiful woman – my Mistress, stands before me. The fear and disorientation I felt before are blown away, and replaced by a feeling of safety and trust.

How are you feeling boy?

I'm feeling good, Mistress Roberts.

NEXT

Mistress Roberts sits down on the couch with a content smile. I'm happy that she is feeling well.

Good boy.

NEXT

Maid!
I've got a little mess to clean out here.

Then she removes the trousers part of her spandex suit and spreads her legs before addressing the girl in the corner.

NEXT

Oui, Mademoiselle Roberts. I clean eet up right away!

The maid drops to her knees and slowly crawls to the sofa...

NEXT

Where she starts to carefully eat Mistress Roberts out.

I'm a bit envious of her duty...

lick lick lick

NEXT

But I don't have to wait long! My heart skips a beat in joy when I hear Mistress speak to me...

Now, **slaveboy**. Why don't you join in?

Happily, I get on my knees in front of Mistress Roberts and join the maid in her duty.

NEXT

Bad Ending Reached!

Now who would have guessed that Mrs. Roberts had such a secret fetish – and would live it out?!

Well, I guess if you give people enough power...

The End

I press the Mode Button, and the remote seems to connect to Sophia. I zap through the various attributes available and three catch my eye in particular...

I activate the Hair Color Attribute, and as I start pressing the minus button, the ginger drains from Sophia's hair and slowly makes space for a new blonde look!

But of course I'm far from done. Was that even a whole cup size? I hold down the "plus"-Button until I see some decent melons straining against Sophia's sweater. I can't fathom that she does not realize that change... that new weight... She must really be engrossed in that book...

CH

Next, I home in on Sophia's hair color and I press the "minus"-Button – draining the ginger from her hair...

Hello, Hexxet here,

Thanks for reading! This PAI Book was quite some work, as the remote is a damn strong artifact with opportunities opening up at every corner. I had lots more ideas I had to cut to finally finish this book, even though I already reduced it to just the first two encounters.

Anyway, I hope you like what it turned out like in the end, and if the style, setting, characters, and the remote are to your liking, I can continue this story in the future.

More PAIs and of course my 3D Comics can be found on my Patreon. Some free PAIs can be found on my homepage.

Woopsie! I should not have moved her before restarting from there on...

Woopsie! I should not have moved her before restarting from there on...

I balanced the frozen girl on the toilet, leaning her back and spread those legs... ***Phew*** The hard part's done. **Now, enjoy!**

She sucked my cock like a vacuum cleaner! Definitely need to remember that button!

CC

The remote had turned her into my personal pornstar and she was giving her best down there. *chuckle*

Obviously, the paused girl did not flinch in the slightest when I ejaculated right in her mouth. But neither did she try to catch my load... leading to a quite messy result.

The girl was sitting frozen on the toilet, and I had just plastered her cute face with my cream. Her mouth still open from me face fucking her... What a beautiful calming sight.

What the fuck?

Sophia might not have been a natural talent at giving blowjobs – seeing she was a lesbian and all – but on the porn channel she was sucking like a pro!

CC

Sophia knelt paused in front of me - her beautiful green eyes staring ahead where previously she had been reading a book before I stopped her.

I was glad nobody walked in on us... though if they would I'd just paused them as well, just like my little bookworm down there. *chuckle*

CC

The porn channel was the best!

CC

Sophia was a real pro... as long as the porn channel was active...

Mrs. Roberts, the secret dream of many students, was now on her knees – giving me a sloppy blowjob. It was a story like in a porno... **Oh wait! It was the porn channel!**

CC

Phew... That was nice... Now I need to dress her up again and clean that mess off her face...

!!

Age++

So... I guess you like older women?

Age++

I had aged up Sophia, now I've two MILFs to play with!

Age++

We'll take good care of you.

Relieved I stand back and watch my cum drizzle down from the frozen Librarian's chin. I had finally fulfilled a long time fantasy of mine. **All thanks to the remote!**

What do you mean, there is an orgasm button on the remote?

Pornstar Sophia was a lot of fun to have around.

It's a good thing I turned her fertility down!

Lesbian? What are you talking about? Only the though of your cock makes my pussy moisten up!

Wanna take a lick? It's okay. I'll just pretend you are a girl.

You are like sure your dick will make Sophy like smart again?

I love that button!
And so does she...

Let's study together again soon.

Nudism

Naked? What do you mean? What are clothes?

In the real-world Mrs. Roberts was a beautiful but reserved woman (at least I think she is), but in Porn world she's a really lewd MILF!

CC

I could be your mother!
Oh, you naughty boy! Filling up older women?

Sophia sat there studying her book when I aimed the remote at her from underneath the desk...

It's working!

You like this one?

Oui monsieur! *giggle*

Where does it hurt?

Schoolgirls, cause no matter how old you are they always stay the same age!

Let's go for a swim... though... I wouldn't need a swimsuit for that. *giggle*

Pink glasses? Oh, super cutsie! I look totes like a ste.. ster... stereo ... blondy now!

I like this one, babe. Let's go with that.
Yes, of course, I'll blow you at home for getting me such cute clothes!

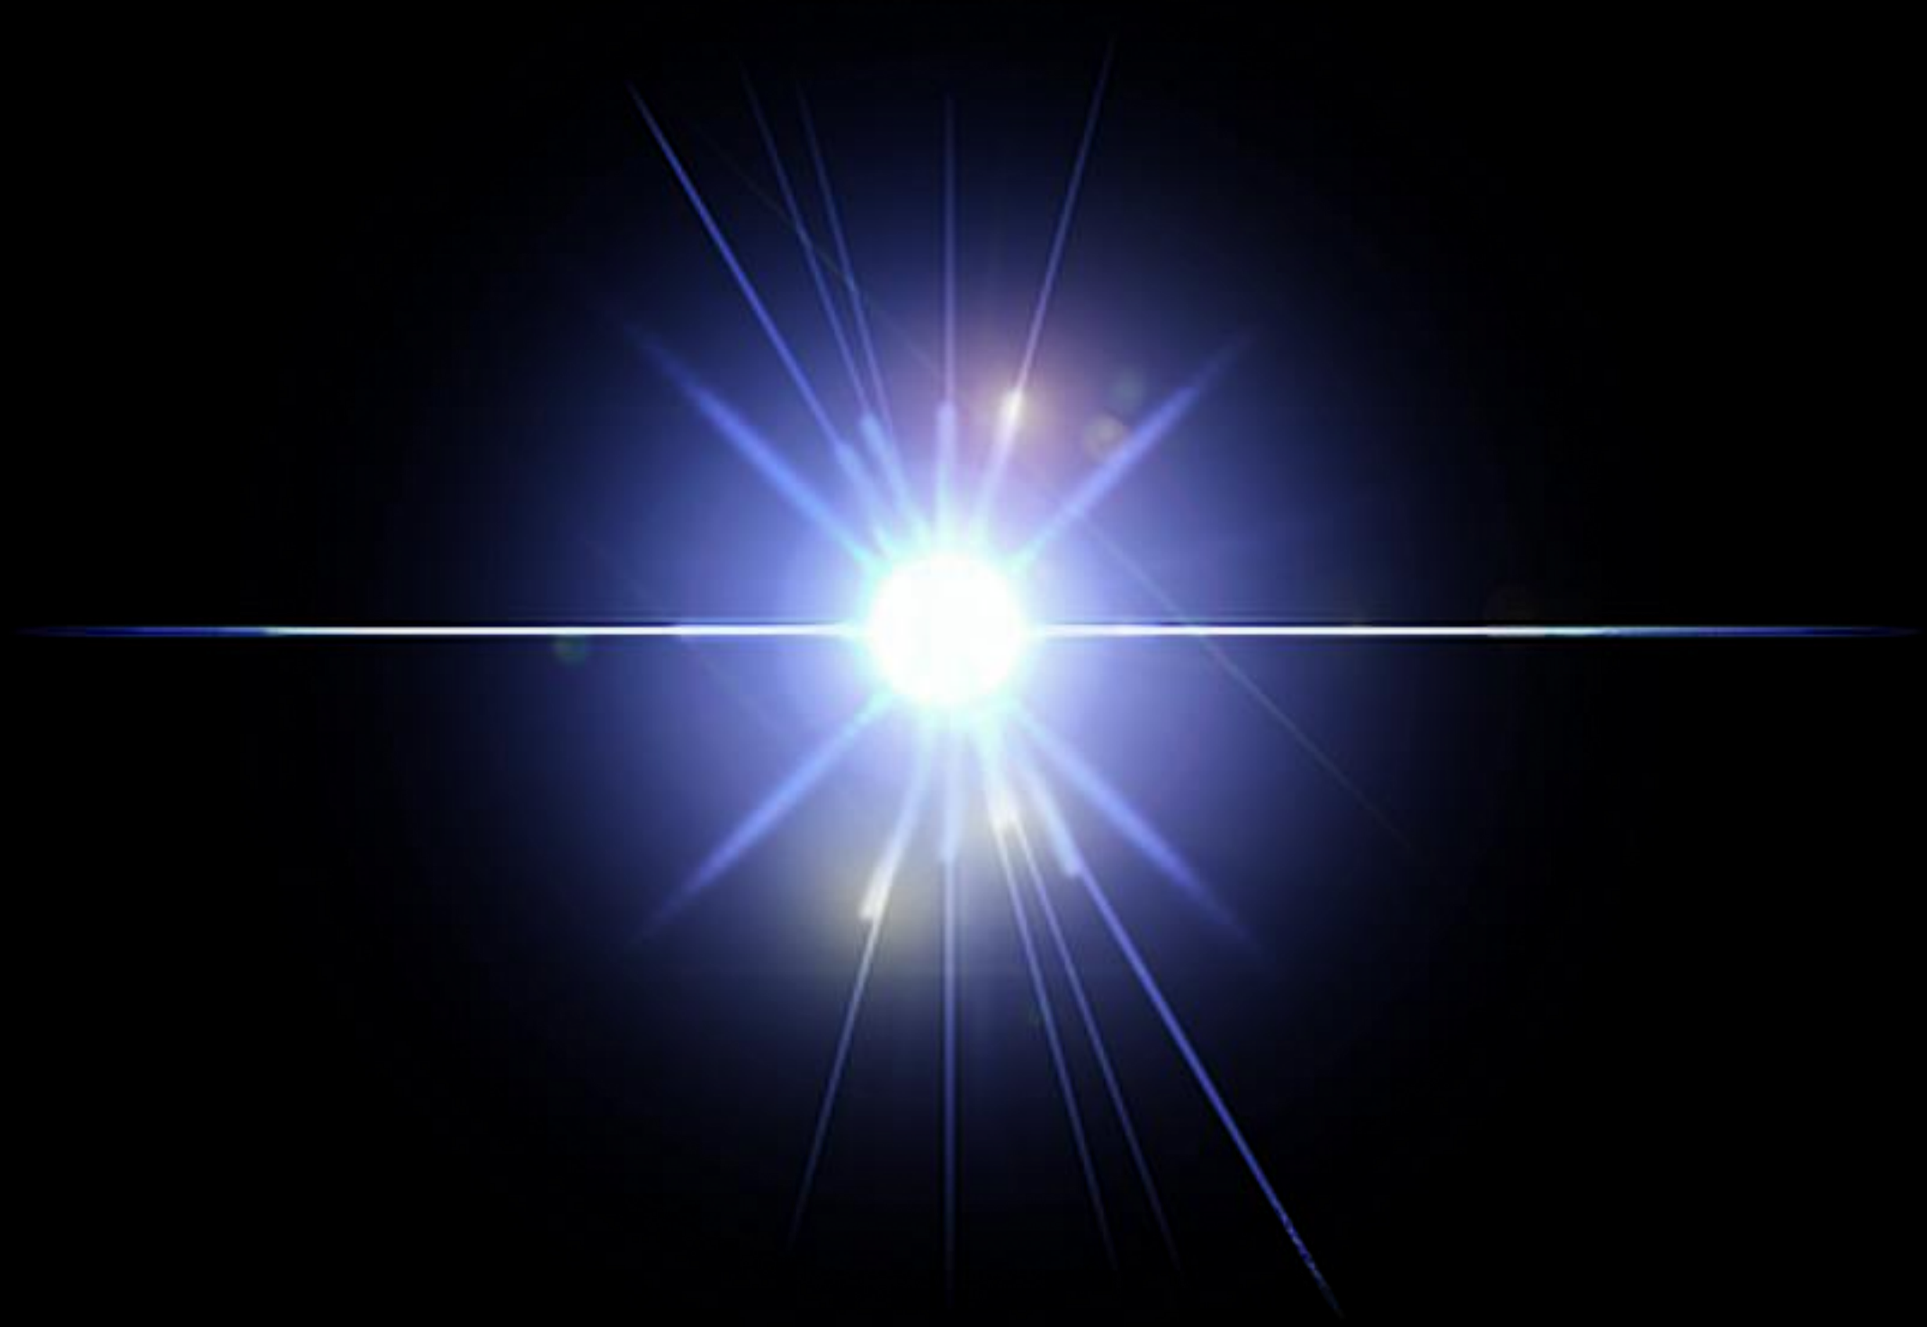

Hey! You!
Missing something?
No? Didn't you have some all-powerful remote?

Give it back to you? Oh, I don't think so.

Maybe if you shared before making me look like a stupid blonde.

This story is over, buddy!

Thanks for reading!

The End.
