

REVENGE OF THE NERD - CHAPTER 2

BY AAABBBZZZ

After being captured, Kelsey passed out from shock. She could not believe what was happening was real. When she woke up she found herself in a dark cabinet. Her guess was that it was some sort of dresser drawer and that being shrunk was not all a dream. How was all of this possible? One minute she was arguing with Katelyn and the next she was tiny. She knew all the horrible things she did to bully Katelyn were wrong. What she feared the most was that she felt like she deserved a punishment for it all.

Katelyn was just coming back to her room, excited to check in on her new shrunken pet. It was very disappointing when Kelsey fainted in her hands, but she figured eventually the tiny woman would have to face reality. Just like Carla, Kelsey had been meaner than the other girls towards Katelyn. She was happy that her first two victims were the ones who she wanted to get back at the most. As she walked towards her dresser Kelsey could hear some booms from the outside. She opened it up to greet the small girl with her new life.

A woman in a black dress is looking into a white dresser drawer. Inside the drawer, a tiny person is visible. A speech bubble contains the following text:

Why hello down there. It's good to see that you're finally awake. I was starting to get impatient with you being so uncooperative. Have you had any time to think about all the things you've done? It's not like I'm going to give you a chance to forgive you or anything, but you should understand why I'm doing this. You've been such a cruel bitch to me over the years and I've had enough of it. Shrinking you and all of your friends will be the ultimate revenge. But playing with your tiny bodies will be even more entertaining. I hope you're ready to help me feel good. I've been thinking about using you for hours now.

As Katelyn reached her hand into the drawer, Kelsey fell to her knees and started to cry. She was regretting everything she had done, but it seemed like the giantess wasn't going to forget about any of it. When the warm giant fingers started to wrap around her tiny body she could sense evil. It was like being captured by a monster and she was the prey. There was nothing Kelsey could do at her current size except allow whatever was happening to happen.

Please Katelyn,
I'm so sorry for everything. You
didn't deserve any of the bullying over the
years. We were just young and stupid, but that
doesn't excuse it! I'll do anything you want if you
just let me give you a real apology. Shrinking us
down isn't right! This is far worse than the
things we've done to you. If anyone found
out what you're doing you would
go to prison!

Well it
didn't seem like you
felt that way before you
became powerless. I think
you're just trying to spew out words
to save yourself. Trust me, I'm not
stupid you little bitch. People like you
are harmful to society and need to be
punished for it. The amount of mental
trauma you girls inflicted on me is
beyond your understanding. Maybe
you will never know what it felt
like, but at least I'll be able
to make you pay for it.

The tiny girl tried to defend her case, but Katelyn didn't allow it. Ignoring her cries, she walked over to the bed and through her down. Kelsey flew through the air towards the soft sheets as the giantess watched with a smile on her face. It was obvious that she didn't care to be gentle with her new shrunken form. Katelyn didn't think the bully deserved any of her respect so she just handled her like she was disposable.

Now that we're alone in here there's nobody that can save you. I bet you're wondering what I have done with your friend Carla. Well I'll show you in just a second. Let's just say she's in a tight place and would like to be let out as soon as possible. Let's just get a bit more comfortable first. Oh I can see it in your eyes just how scared you are tiny girl. Don't you worry though, do everything I say and there is no reason to fear me. But if you decide to be defiant, I can use my imagination to think of a fitting punishment.

Katelyn removed her long shirt to reveal herself to the tiny woman. For a moment she paused to concentrate on the feeling of her little toy stuck inside her. The movements caused her pleasure and sent her into a dream state. Now that she had another shrunken doll to play with things could be a lot more interesting. And the thought about finding the rest of their friends and capturing them too was something Katelyn could not get off her mind.

Okay, come help your friend if you want to relieve her suffering. I've had her in here for hours and her struggling has been amusing. I can tell that she's starting to get very exhausted though. Let's hope she saved some energy because I'm expecting you tiny girls to be useful in just a moment. Well what are you doing? Hurry up and pull her out. She's having trouble pushing herself out of that tight place.

Kelsey walked up quickly to Katelyn's butt hole and grabbed onto Carla's feet. She tried her best to yank her out, but it was obvious she was slightly stuck. Katelyn was tightening herself, making it more difficult for the shrunken women. Eventually Kelsey was able to feel her friend slide back towards her. She held on tight and continued to use every ounce of energy to help her best friend out.

Oh, I really like how that feels. I don't know what it is about having your tiny body slide out of my ass, but it is amazing. Haha are you even strong enough at that size to get her out? I can't imagine how good she's about to feel when she finally gets some fresh air. Breathing nothing but the air of the inside of my butt must be terrible. Don't get too excited though, it wont be your last time in there.

Carla are you okay?
Thank god you're still alive.
What the hell is going on here?
This girl is fucking crazy!

After pulling her best friend out Kelsey was in a panic. Getting close to Carla she realized she was not hurt. She reeked like an ass, but slowly she was coming to her senses. Being in a black hole and coming out to light gave her a chance to breathe. Even in this darkest time it felt good to see each other.

You don't know how good it feels to see you, but did she shrink you even smaller? Holy shit this is weird you were always the taller one. I'm sorry about what we did to get us here. It is all my fault..

This is scary Carla, what did she do to you? There's nothing we can do to stop her, and she's going to find the rest of us! I heard her talking and she plans to shrink all of our friends. This isn't right!

Hey girls, let's not forget why we're all here. As cute as your little reunion is, now is not the time. It's time to please me my pets. Carla has been through it already, but now it is your turn Kelsey. Maybe you wont be as tight as her at your smaller size. I'm sure you'll do just fine though.

Suddenly, Katelyn started to finger herself right in front of the shrunken women. She moaned softly as she felt the temperature of her body rise. Kelsey was becoming increasingly worried with how horny the giantess was. She couldn't imagine it being true, even though it was clear. Not wanting to take part in Katelyn's cruel game, the tiny girl tried to dash away.

Where the fuck do you think you're going Kelsey? Don't make me tell you twice, get back here! Do you think you could really escape from me? Realize what you're doing and maybe I won't need to punish you. This is your one and only warning. You're really starting to ruin the mood. I'll give you three seconds to decide.

3... 2... 1... Okay you're fucking done. If you're not going to listen I'll have to demonstrate my power then. Your tiny head hasn't adjusted yet has it? I'm so much bigger and powerful than you. You'll learn not to disobey me!

It didn't seem like Kelsey was thinking clearly. After giving a chance to make things easier for herself she still continued to run. Using her feet, Katelyn started to close in on her. It didn't take much effort at all to catch the tiny woman.

Easily, Katelyn was able to capture tiny Kelsey between the soles of her feet. Slowly she pressed them together as the shrunken girl yelled and cursed back at her. The giantess didn't like the language her little pet was using with her.

No! Let me go
you fucking bitch! I am not going to be your
fucking sex toy! Please just grow us back and we'll leave
each other alone. You have no right to keep us here like this.
You're a psychotic bitch! Don't take your issues out on
us, go get help because you are insane!

Angry with the tiny girl, Katelyn dropped Kelsey onto her bed and smothered her with her right foot. She positioned her toes next to her face as her sole pressed down on her body. This made it hard to breathe, but also forced her to inhale the toxic scent of her toes. Carla could smell the giant feet from where she was, so she couldn't comprehend how bad Kelsey's position was. Unable to fight back, she suffered for as long as the giantess wanted. Katelyn gave it a moment and applied more pressure before finally feeling like she knew what she wanted to do with this sassy little woman.

Well I just decided what I wanted to do with you. Since you were probably the meanest of the bunch I feel like I should just get rid of you. There's plenty of other friends of yours I can shrink and I don't need to keep any of you alive. Say goodbye to your friend Carla, this will be the last time you see her.

Kelsey you need to calm down! If you don't start listening to you now I think she's serious! Don't fuck with her right now. Just play along with her game and we can talk later.

When Katelyn started to wrap her fingers around Kelsey, she screamed the loudest she had ever in her life. The tiny girl was afraid for her life, but unfortunately her voice did not go far. Nobody would ever hear her that could help. Carla believed Katelyn was just bluffing and teasing, but Kelsey could feel the certainty in her voice. After being shrunk she continued to do the things that got her in this situation, and for that she was about to pay.

So I don't think you're going to like what's coming next, but you don't have a choice now do you? You've made many of the years of my life miserable Kelsey and I don't think there's anything you can do to fix that. What might make me feel better though would be to make an example of you in front of Carla. When I bring more of your friends home she can tell them the horror of what she is about to witness. I am going to eat you alive Kelsey. Your punishment I've decided for you is to disgust into nothing, maybe you should have been

Kelsey didn't believe what she just heard. She knew Katelyn might be crazy, but this was more than she ever thought. As the giantess dangled the girl above her mouth she stuck out her tongue, giving Kelsey a glimpse of where she was heading. No matter how much she cried and screamed, it didn't phase Katelyn. She loved hearing her beg though. Hearing how pathetic she was now just made her giggle. This is what she deserved for bullying her after all the years.

Please can we just talk about this Katelyn? I think we could work something out. Hey that tickles! Get your slimy tongue away from me eww!

Slowly, Kelsey was lowered closer towards Katelyn's mouth. For a moment she teased her by licking the bottom of her foot playfully. This kind of made the tiny girl feel like she wasn't being serious.

But that little glimmer of hope quickly faded away when Kelsey found herself inside Katelyn's mouth. It was good that she had shrunk her smaller than her friend because if she were any bigger some chewing would be required. It seemed like Katelyn was trying to swallow her whole. Using every bit of energy her body had, Kelsey flailed around trying to push herself out of the giant mouth. Unfortunately though, she was no match for the force of her tongue.

Wait, stop this!
Okay I fucking get it I'm sorry. Please don't eat me
Katelyn I beg you! I promise I'll do anything, I'll please you if
you let me live! Don't do this to me! I don't want to die
to your stomach acids!

As all this was going on, Carla watched in horror. She was just so excited to see her best friend, but watching her be eaten alive made her feel complete despair. Being shrunk by Katelyn suddenly became a lot more scary. She knew this giantess girl would not be playing around. She was a cruel owner who would dispose of you without a second thought if she wanted to. Now left with only one pet, Katelyn turned her attention towards the small woman who seemed to be breaking down.

Oh cheer up, it's not like I'm going to eat you too. Maybe along the line if I need to demonstrate something, but you're back to being my only toy. Fuck that girl, she even ruined my mood. I guess you both lucked out on that. Now, what game should we play now? I'm all riled up after that. Hello? Are you evening listening to me?

It didn't seem like Katelyn was being heard though. Carla was completely losing it in her own world. This nightmare seemed to get worse and worse and now she just witnessed her best friend of many years be eaten alive. This all felt like some sort of movie or comic book. How could the giantess be so cruel?

Well you're not going to be any fun now are you? Fine, if it's going to be that way then I'm just going to have to find another pet. How does that sound? Yes, I have an idea you'll hate. I could just kill you like Kelsey, but I would rather watch you suffer. The next girl I bring back, you will become her slave. And if she doesn't want that then I'll have to force her to.

Before Carla could have a chance to react to Katelyn's idea, she was thrown down onto the ground. The giantess happily jumped up from her bed as she was excited to shrink another bully. after all, she wanted two pets to play with. It's too bad Kelsey didn't want to play along. Now she would leave and find another victim to play her evil games.

I just remembered, you guys bullied me into doing that girl Haley's homework. There's an assignment I was supposed to finish for her tonight. Maybe instead I'll just give her a visit. Perhaps telling her I know where her missing friends are might get here to see me right away. She will be super excited to see you, but at the same time she will be tiny when you see her next.

Katelyn took a few minutes to get ready, putting some clothes on and giving Haley a call. Just like she expected, the girl seemed eager to see her, after telling she had to meet in private to talk. It was the perfect plan to get to her without worrying about anything. Finally all ready, she grabbed her shrinking device and went back towards Carla.

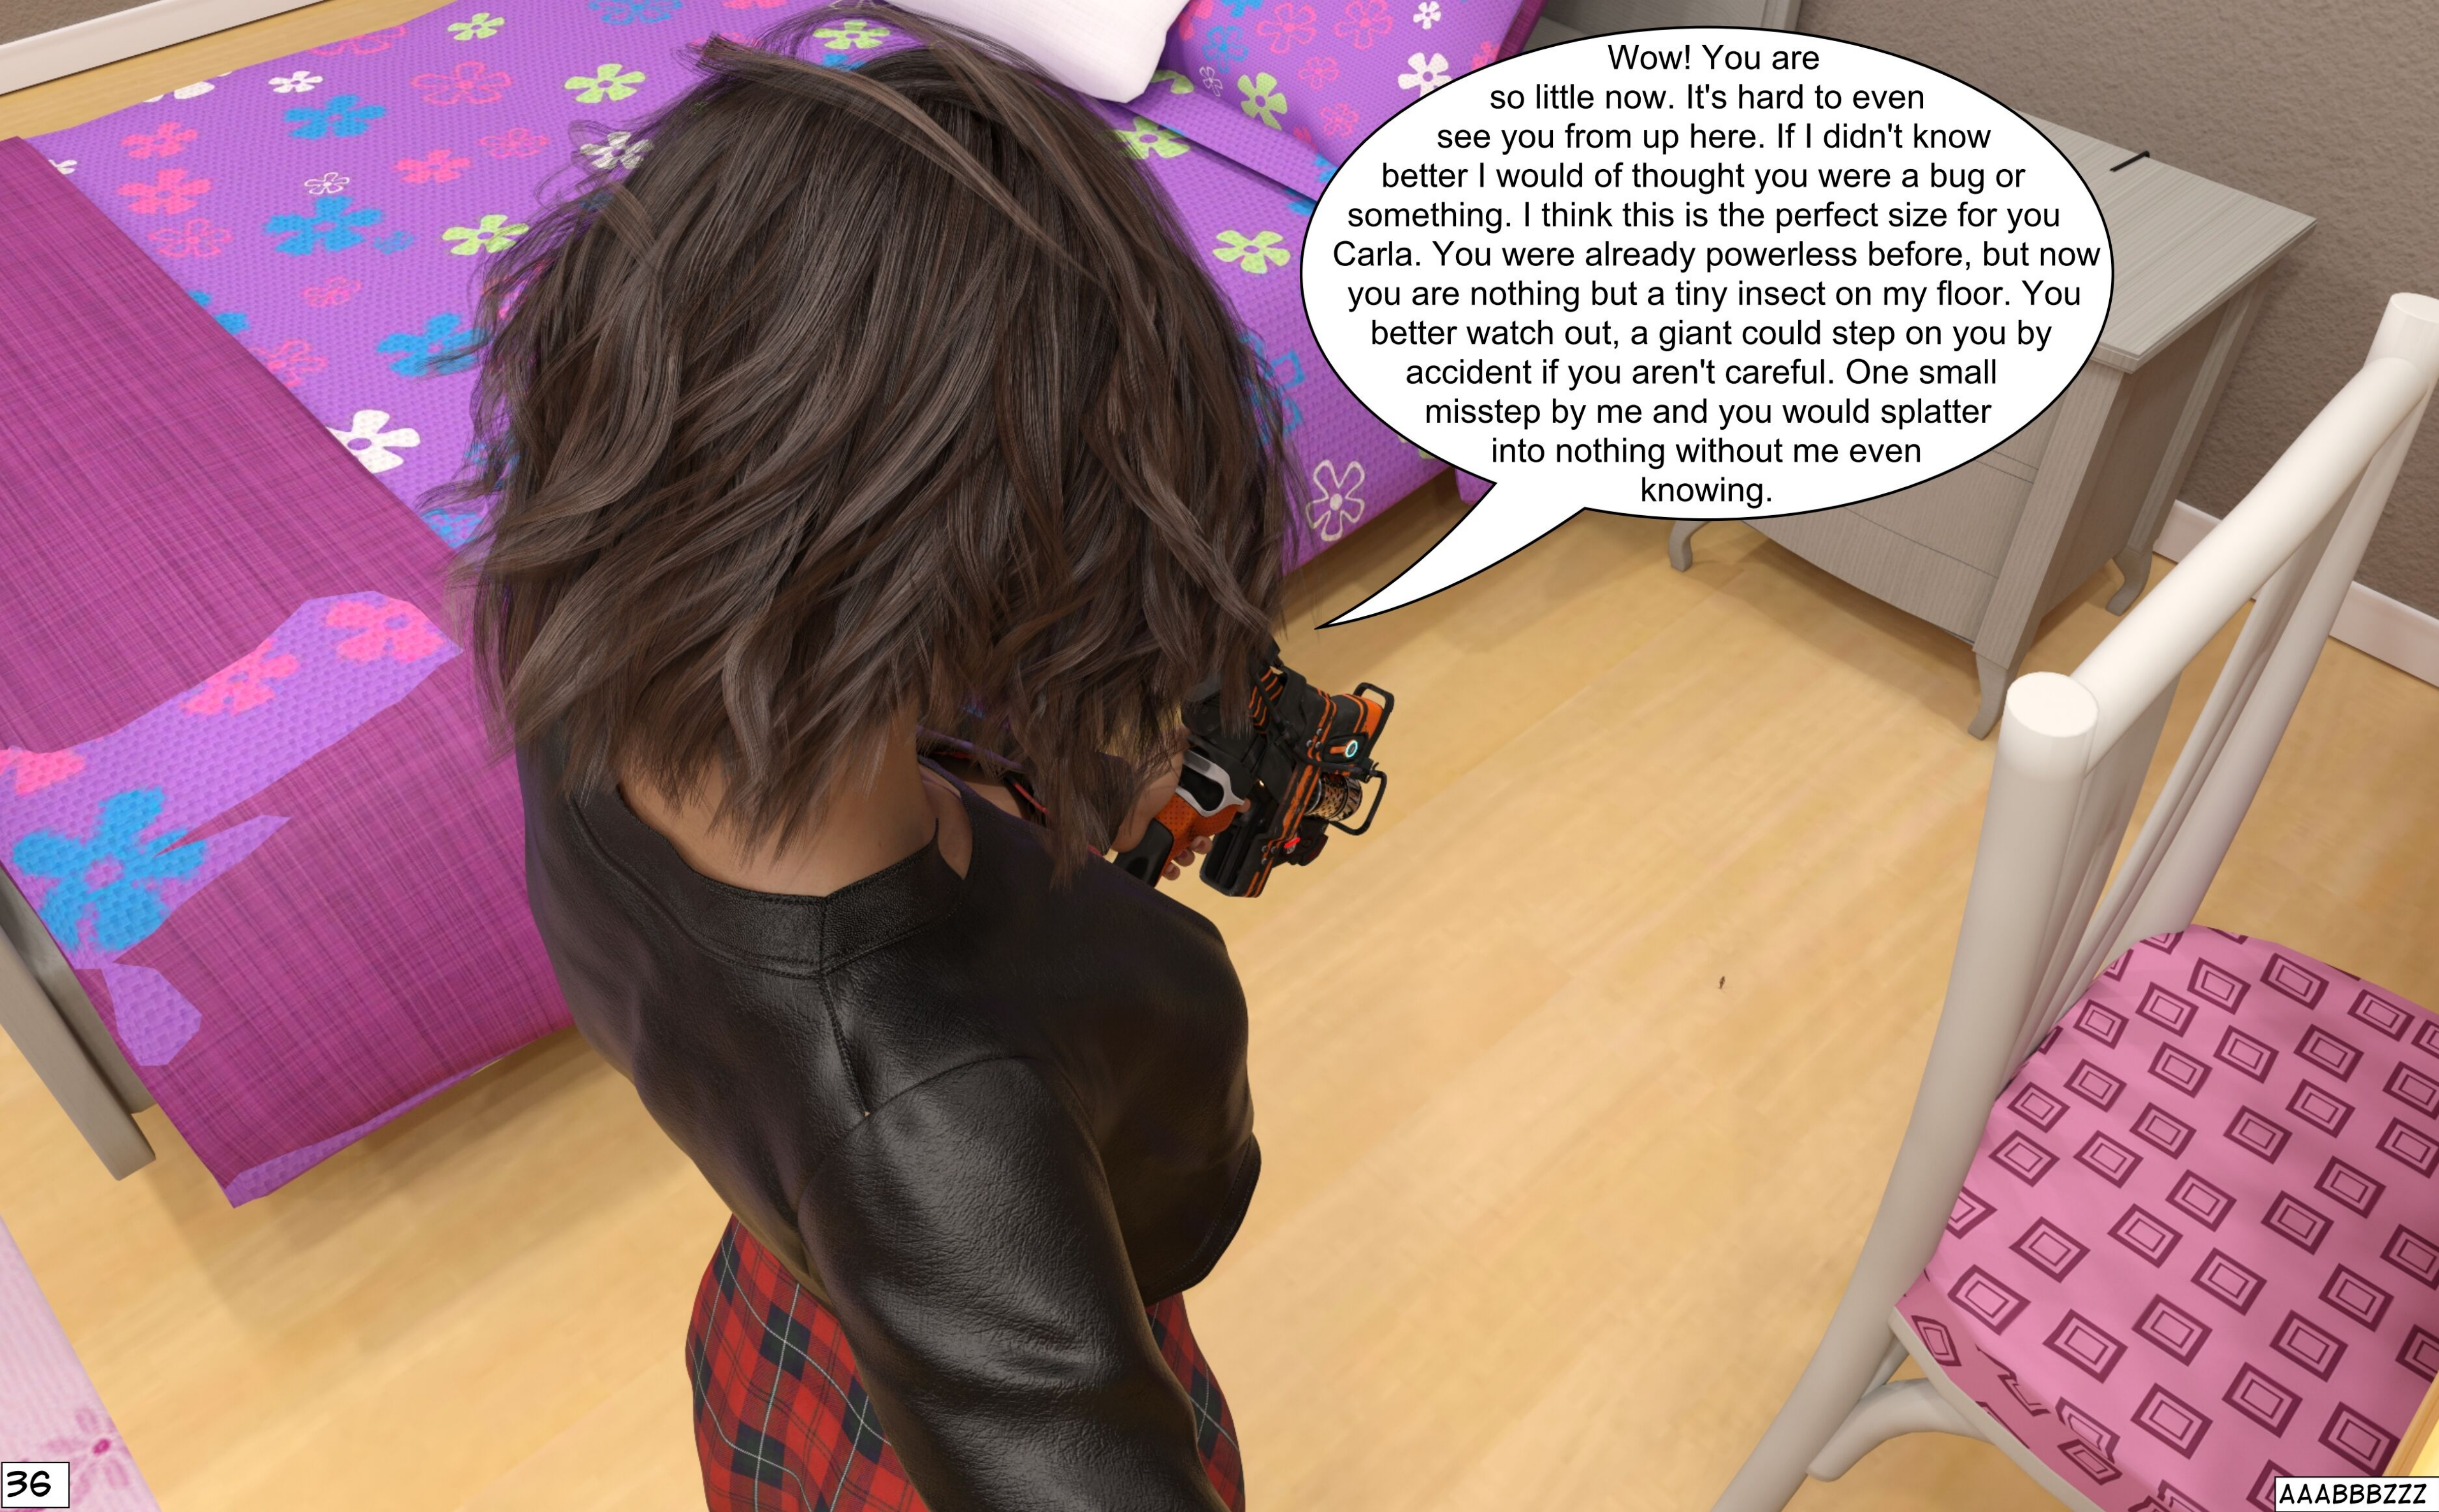

Well it sounds like Haley is going to meet me alone, from there I'll just shrink her down just like you and nobody will ever find out. Now, in order for you to become her slave we'll need to make you the appropriate size. Since she's going to be small just like you I think that we need to make you a bit tinier. Sorry Carla, but this is the only way my game would work out.

Worried about becoming even smaller, Carla waved her arms and yelled up at Katelyn. Unfortunately for her none of this did anything as she casually pointed the device at her and pulled the trigger. Just like before she felt her body push in on itself as it started to shrink once again. Carla didn't like the sound of Katelyn's games. It stressed her out because there seemed to be no limit to her cruelty. Having shrunken pets beg for mercy only seemed to entertain her. There was no way to change the girl's mind. All that bullying had set her off in an unstoppable direction.

Wow! You are so little now. It's hard to even see you from up here. If I didn't know better I would of thought you were a bug or something. I think this is the perfect size for you Carla. You were already powerless before, but now you are nothing but a tiny insect on my floor. You better watch out, a giant could step on you by accident if you aren't careful. One small misstep by me and you would splatter into nothing without me even knowing.

Wanting to tease her new size even further, Katelyn started to take a few steps towards Carla. The tiny woman's heart suddenly began beating at an abnormal pace. Each step the giantess took was like an earthquake for the tiny woman. Being shrunken was already bad enough, but now being this size things were just exponentially scarier. Katelyn giggled from above as she loved to see her toy run across the floor frantically. She wanted to get a better look at her, so she got down on her stomach to see her close up.

Please
Katelyn, make me bigger again!
You can't leave me this small, I'm no
good to anyone at this size. I'll do whatever
you want, just make me a few inches tall
again! I beg you, I'm going to have
a panic attack.

Even though Carla was screaming at the top of her lungs, Katelyn didn't flinch. Instead she just gave off a smile, feeling satisfaction in seeing her tiny pet so small and scared. It was the perfect way to make the shrunken girl feel even worse about this nightmare.

Save your breath little one. I can't hear anything but quiet high pitch squeaks from here. I guess that gives more the reason to bring a friend back for you. How about I just leave you out on my floor like this? Hopefully no bugs come out and bother you while I'm gone. And go ahead and try escaping if you so please. At that size you wouldn't be able to get anyone's help. You would probably be mistaken for something else anyways. My mom has a fear for insects, so hopefully she doesn't come in here. If she does I would hide like your life depends on it.

Carla was livid. She was not happy with any of Katelyn's cruel games. What seemed funny to the giantess was pushing the tiny girl over the edge. She would rather be safe with the giantess than left alone at her microscopic size. But it didn't seem to matter how she felt, Katelyn was going to do what she wanted.

No! You
can't do this to me!
How am I going to survive
this small? I'm defenseless and
too fucking tiny! Don't leave me
here without anywhere to go,
Please Katelyn I will do
anything I swear!

It didn't matter how Carla felt though, or if Katelyn could even hear her. The giantess had her mind set. As she grabbed her things she casually walked away from the bug sized girl and ignored her cries. Carla was left alone in the gigantic room with nothing but her underwear. What was even worse to think about was where Katelyn was heading. She was going over to her friend Haley's house and she knew what she intended to do. The shrunken girl prayed that somehow Haley would be able to defend herself. Even if she did though, would anyone ever find her so tiny on Katelyn's bedroom floor?

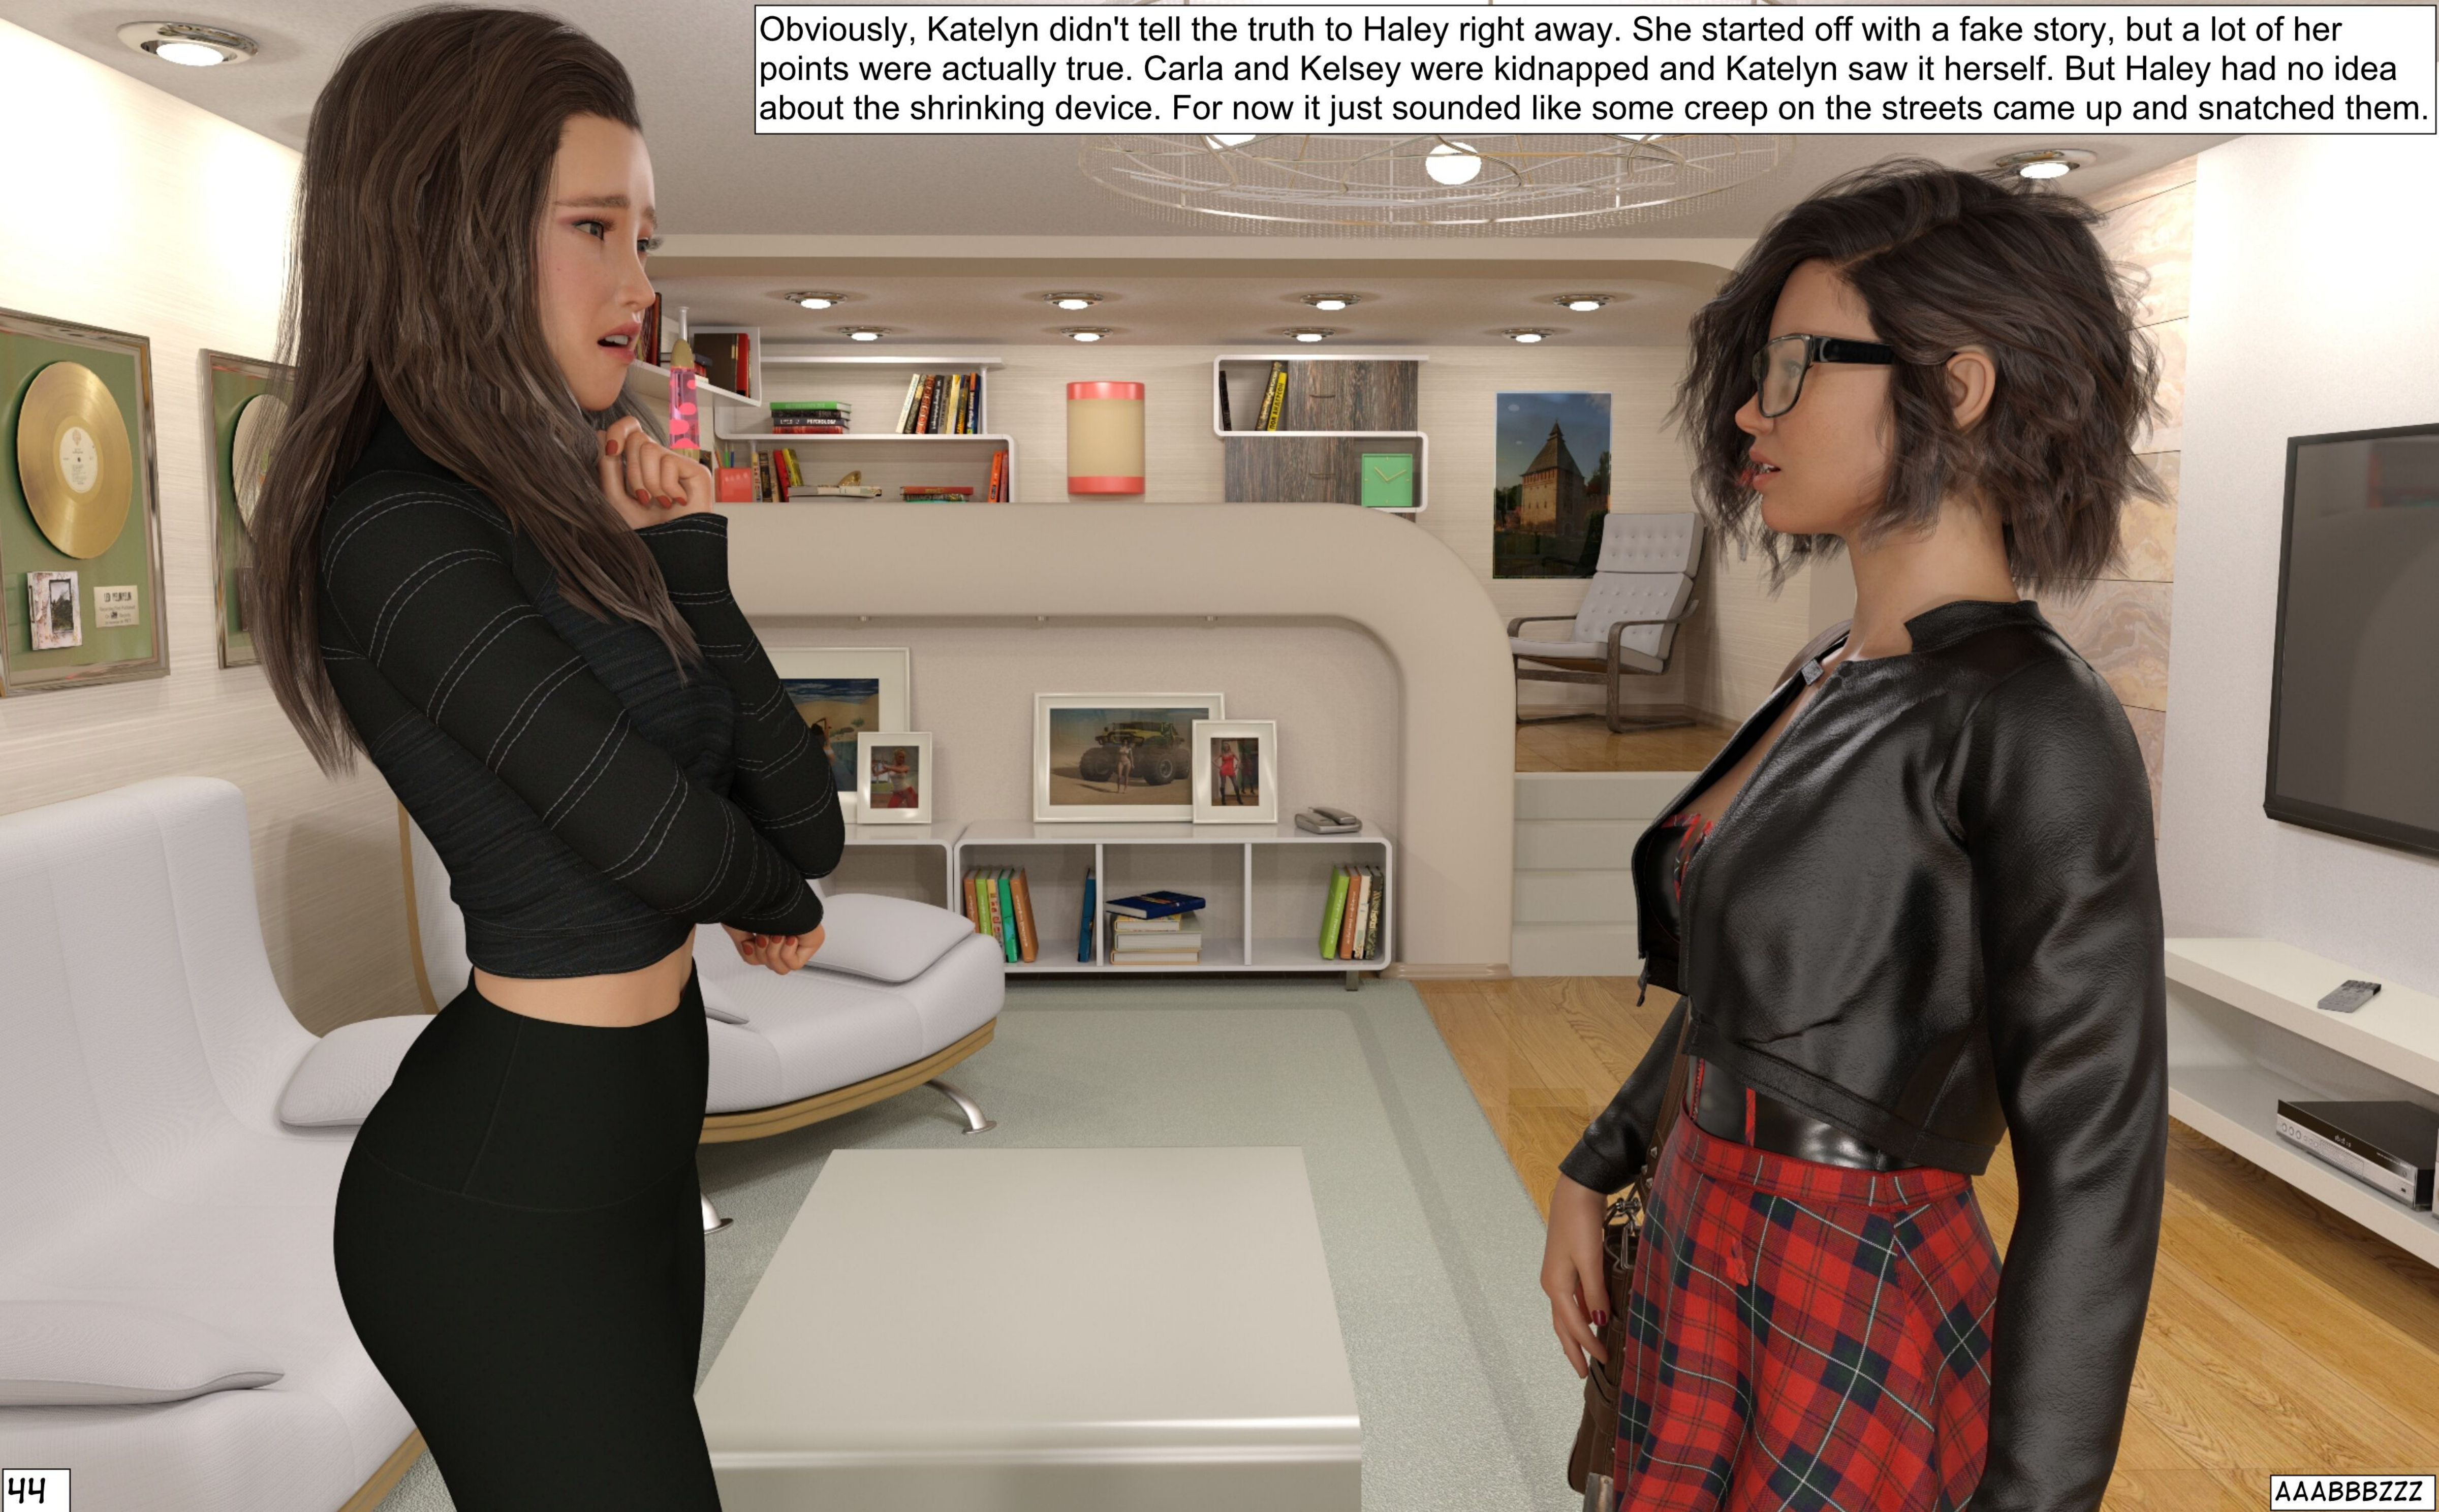

Haley sat on her couch waiting for Katelyn to arrive. She was also a 19 year old girl who had been friends with Carla and Kelsey since grade school. Like the other girls she would join in when bullying Katelyn. Although she was not as mean and crude as some of the others, she still was a participant. Just like the rest of her friends, she was just another bully who needed to be punished. When she heard a knock on her door she quickly got up to go answer it. The girl knew that it must of been Katelyn. Now was the time she was expecting her.

Hey you're late, come on in. I thought that you weren't going to show up now that Carla and Kelsey are missing. Those two would always force you do get my assignments done, so thanks for making this happen yourself. Is there anything I can get you like a water or something? You said you knew something about where my missing friends might be?

Yes sorry, I was wrapping up something at home first. I'm good at the moment but thank you. Oh ya about that, well, where do I even start. Do you have a minute to talk?

Obviously, Katelyn didn't tell the truth to Haley right away. She started off with a fake story, but a lot of her points were actually true. Carla and Kelsey were kidnapped and Katelyn saw it herself. But Haley had no idea about the shrinking device. For now it just sounded like some creep on the streets came up and snatched them.

And to make the story more interesting I'll tell you how it was all possible. I used this device on them, and it was me who made them both disappear. But the best part of it all, is that you're next Haley. Like those two, you were also horrible to me. You're going to get what you deserve just like your friends. Prepare to begin your new life as my shrunken pet.

Wait wait wait
Katelyn, put that thing down!
We can talk about this can we?
Forget about all those assignments, just tell me more about Carla and Kelsey. You said you made them disappear? What on earth is wrong with you, are you crazy?
Just put the gun down, you don't have to do this. Hold on, don't shoot me!

It was too late to try and fight back as Katelyn began firing the shrinking device at Haley. Immediately the tall girl started to get smaller and smaller. She tried to scream, but the way her body was being reduced made it hard for her to be heard. Katelyn laughed as she watched her bully's face of fear. Shrinking people down with the device was one of the most satisfying things to do. When she was finally small enough she stopped and loomed down at her new tiny body.

I swear this never gets old. Just look at you! Before you were like an amazon compared to me, but now you're not even the size of one of my dolls. Carla is going to lose it again when I show her you. Feeling any regret yet Haley? I bet you're starting to realize all those mean things you did were wrong. It's too late for that now though, I have no plans to forgive you. Instead, you will be punished just like your friends. Say hello to your new master. From now on you will be my slave, and there is nothing you can do about it.

All of this was a lot to process in this short amount of time. Before Haley could comprehend everything that was going on, fear took over and caused her to run away. Easily, Katelyn was able to just reach her foot out and hover over her though. No matter how fast Haley could run it wouldn't matter. The giantess had total control and could play around with her victim without any worries.

Where do you think you're going? I don't understand why you girls always have to try running off. It should be obvious you can't escape from a giant like me. Perhaps you are still in shock. It's okay tiny girl, just let go. There is nothing you can do to help yourself now.

Without almost any effort at all, Katelyn was able to pin the shrunken woman under her boot. Haley was pushed onto her side as she tried to struggle away. Never in her life had she been in a situation she couldn't handle herself. As a tall girl, she never had problems with people harassing her as she trained herself to be tough. But now none of that mattered. No matter how strong she might be, she stood no chance against the giantess now. Katelyn was able to overpower her like she would never normally be able to.

Nice try Haley, but you're going to have to be a lot quicker than that to outrun me. Now come here, I want to get a better look at you, it's hard to see the fear in your eyes. Just like your other two friends, you stood no chance at escaping. Say goodbye to your old life, because the only thing you will know from now on is how to be my pet. The rest of your life will only be dedicated towards that. I'm sorry if you had any future dreams, none of them are going to ever come true.

Aww, you're so scared aren't you? Well good, you fucking should be. We're going to have a little bit of fun while we're here. And when we're done you'll have the chance to reunite with Carla. As for Kelsey, well I can tell you more about her later.

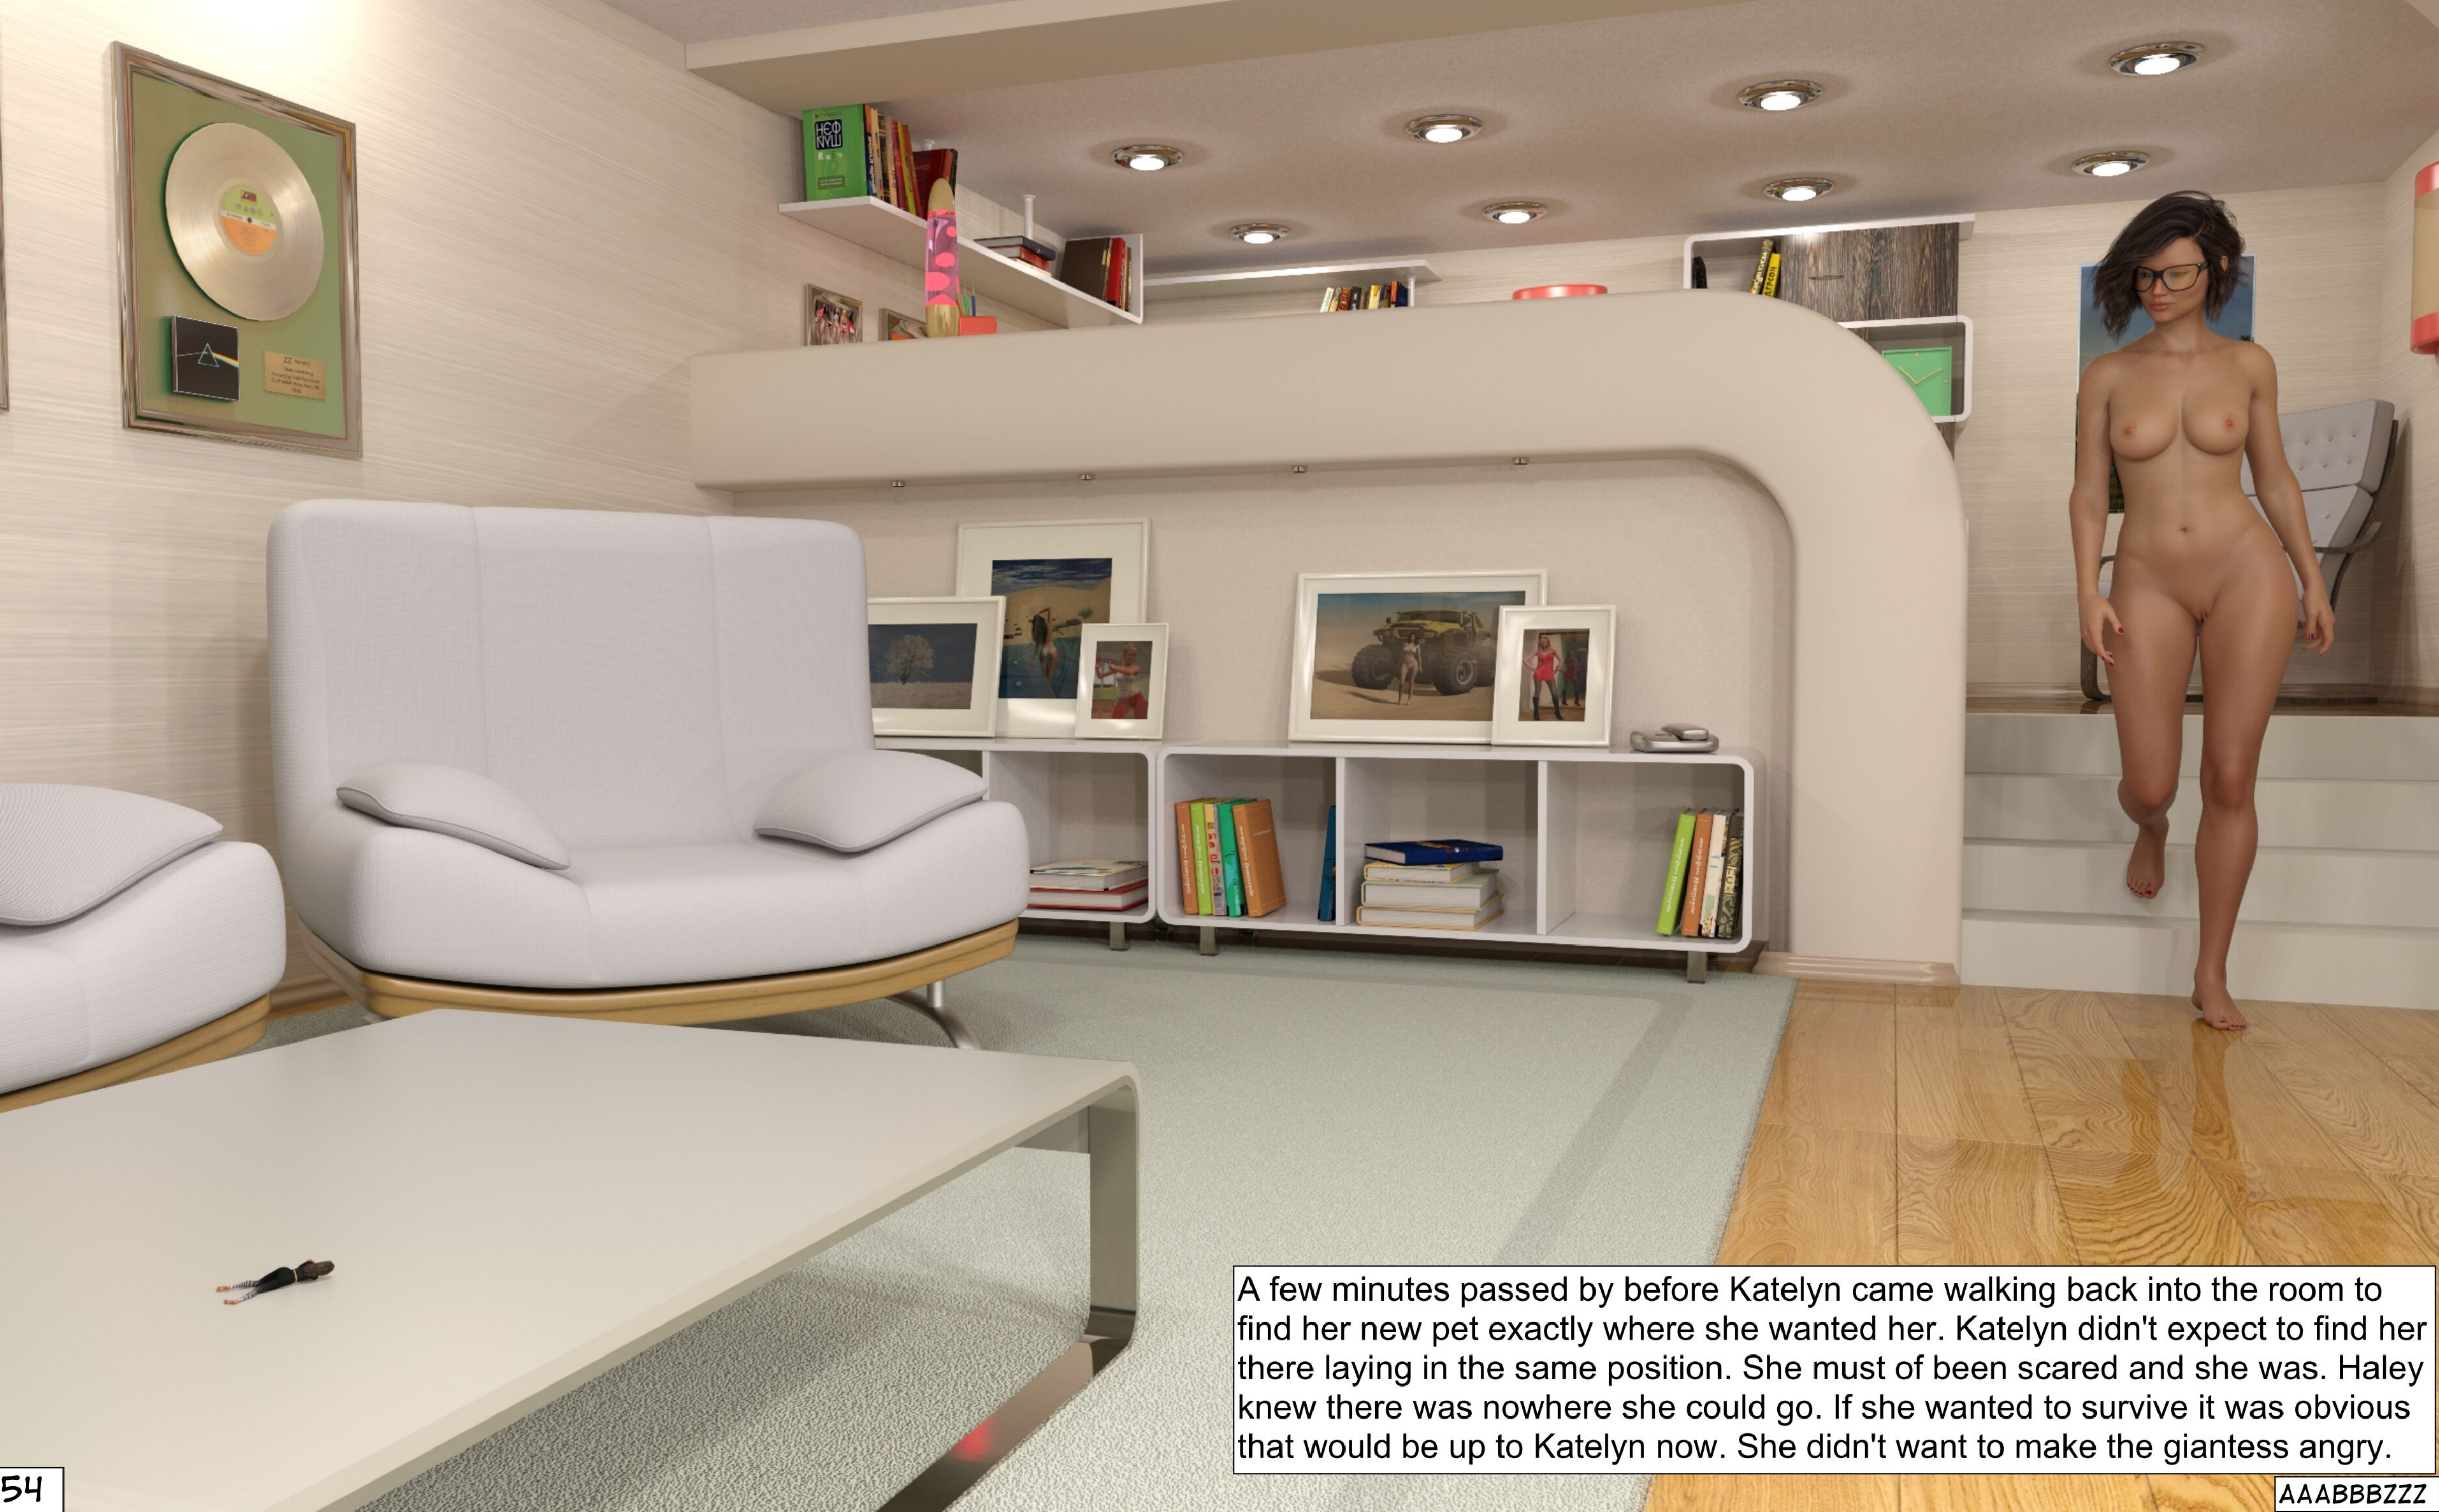

Hey put me down! I'm so high up, I can't take heights! Please Katelyn, I don't know what's going on but please stop! What did you do to my friends?

Just to hear her screams, Katelyn dangled Haley from her finger above the table. She threatened to drop the tiny girl, but wanted her to be in good shape to have some fun with. Slowly, Katelyn started to lower her down. At her new size this seemed too fast for Haley. Before she was close to the coffee table she slipped from the giant finger and landed on her side. It was a far fall but she would be fine.

Sorry, you slipped and I couldn't catch you. I hope that didn't hurt too bad, I didn't even get to do anything with you yet. I'm going to assume your bathroom is downstairs. Why don't you lay there like a good girl and try to feel better. What good is trying to hide from me, I will find you. I'll be right back, and I hope to see you soon.

A few minutes passed by before Katelyn came walking back into the room to find her new pet exactly where she wanted her. Katelyn didn't expect to find her there laying in the same position. She must of been scared and she was. Haley knew there was nowhere she could go. If she wanted to survive it was obvious that would be up to Katelyn now. She didn't want to make the giantess angry.

Ah yes this is perfect. Look up at me tiny girl. This is the body of your new goddess. Your duty will be to serve every and whatever inch of it I tell you to. In time more of your friends will join you. Some of them wont make it though. The ones that misbehave will be punished. Only the good slaves will be the ones to survive. Now, Haley, are you ready to please me for your first time?

Hearing Katelyn's words freaked Haley out. She never imagined something like this. Once her survival instincts took over they told her to run away. Even though she knew it was impossible, her body did so anyways. It was like a last hope. One more chance to get away from the giantess.

What the fuck get back here! I still don't understand why you little things think you can run. Maybe I wont be as easy on you as I was thinking. No, I just thought of a new idea. Come here! I can't wait to try it with you.

Katelyn made a fist with her hand, holding Haley in a tight manner. She could feel how weak her tiny body was, and how easy it would be to squeeze her to death if she so wanted. Holding her felt very powerful to the giantess. As for the shrunken woman, she was terrified. This was like a horror movie, but it was just beginning.

Do you know what happened before I came over Haley? I ate that bitch Kelsey. I was in the heat of the moment, but she pissed me off. So I thought, fuck why not just eat her. And now she's gone. That doesn't have to be anyone else, but it always could be. Carla is still fine, but when you see her I'm sure you'll be surprised be her tiny size. I'm going to use her to please you. But first, you will have to pleasure me.

It was hard to focus on what the giantess was talking about. Before Haley could even make sense of it she was being shoved against Katelyn's outer lips. They were already warm and starting to get wet. The fact that she was turned on so much by this sent chills down Haley's spine. Whatever was about to happen was going to be the worst thing she had ever experienced, and she knew it.

Before I get carried away, strip for me pet. We wouldn't want to ruin your only pair of good clothes now wouldn't we? I want you naked, so no bra or panties either! I don't care how you feel about that right now. Just hurry up before I start to get impatient.

Like she was asked to, Haley dressed down to nothing and stood before her giant queen. The tiny woman was nervous. Being exposed like this also didn't make things any better. Wishing this would all just stop, Haley waited for Katelyn to speak to her. It wasn't until the giantess adjusted herself on the couch before she would acknowledge her. When she did she was ready to give out her next task.

Let's start off with something easy for behaving so well so far. I'm going to roll onto my stomach and your job will be to worship my ass. As soon as I lay down I better feel your tiny hands climbing up the side of my body. You're in a rush, I want to feel those lips right on my cheeks. Don't waste any time Haley, you could end up being a very good pet.

Without wasting a second, Haley got right to her job and made her way up the side of Katelyn's back. It was a strange sensation climbing a giantess. You could feel her power. The need to obey her was above everything else. Life cannot go on without following every demand. When she finally made it up she turned her head towards the giant ass. This wasn't Haley's first choice, but it was her only way. Like a good pet she continued on over towards Katelyn's butt.

What's the hold up back there, didn't I tell you to hurry up? You must be in an awe about it. I bet it's the biggest booty you've ever seen. I've had to stick Carla in my butt hole before to teach her a lesson. It also felt really really good. I've been craving it with another toy. Maybe you could be next. We'll have to decide based on how well you can kiss my ass.

Letting go of her pride, Haley obeyed her goddess without any arguments. She puckered her lips and gave her as big of a kiss as she could, hoping the giantess would feel her and be happy about it. So far this was an easy task though. It did feel degrading, but Haley didn't think it was so bad compared to other things Katelyn had talked about. What she feared the most was where she was going with all of this.

Great job Haley, I actually can notice those tiny lips. You might end up being more useful than the others. So far you seem to be the most obedient. The problem is, it's still not good enough for me. I know I made you small, but little touches like these don't really do anything for me. What I'm trying to say is that you'll need to get closer to some of my more sensitive areas. Here, let me help you with that.

Katelyn wiggled her body until it was too hard for Haley to stand. She lost her balance and fell right between the giant butt cheeks. Feeling her pet right where she wanted her, the giantess continued to shake her ass, forcing the shrunken woman to ride along. This shuffled all the air around the area, making the stench of Katelyn's booty more prominent. Haley started to have trouble catching fresh breathes as the odor took over and coated her body. All of this just made Katelyn giggle. Playing with her new slave was amusing to her.

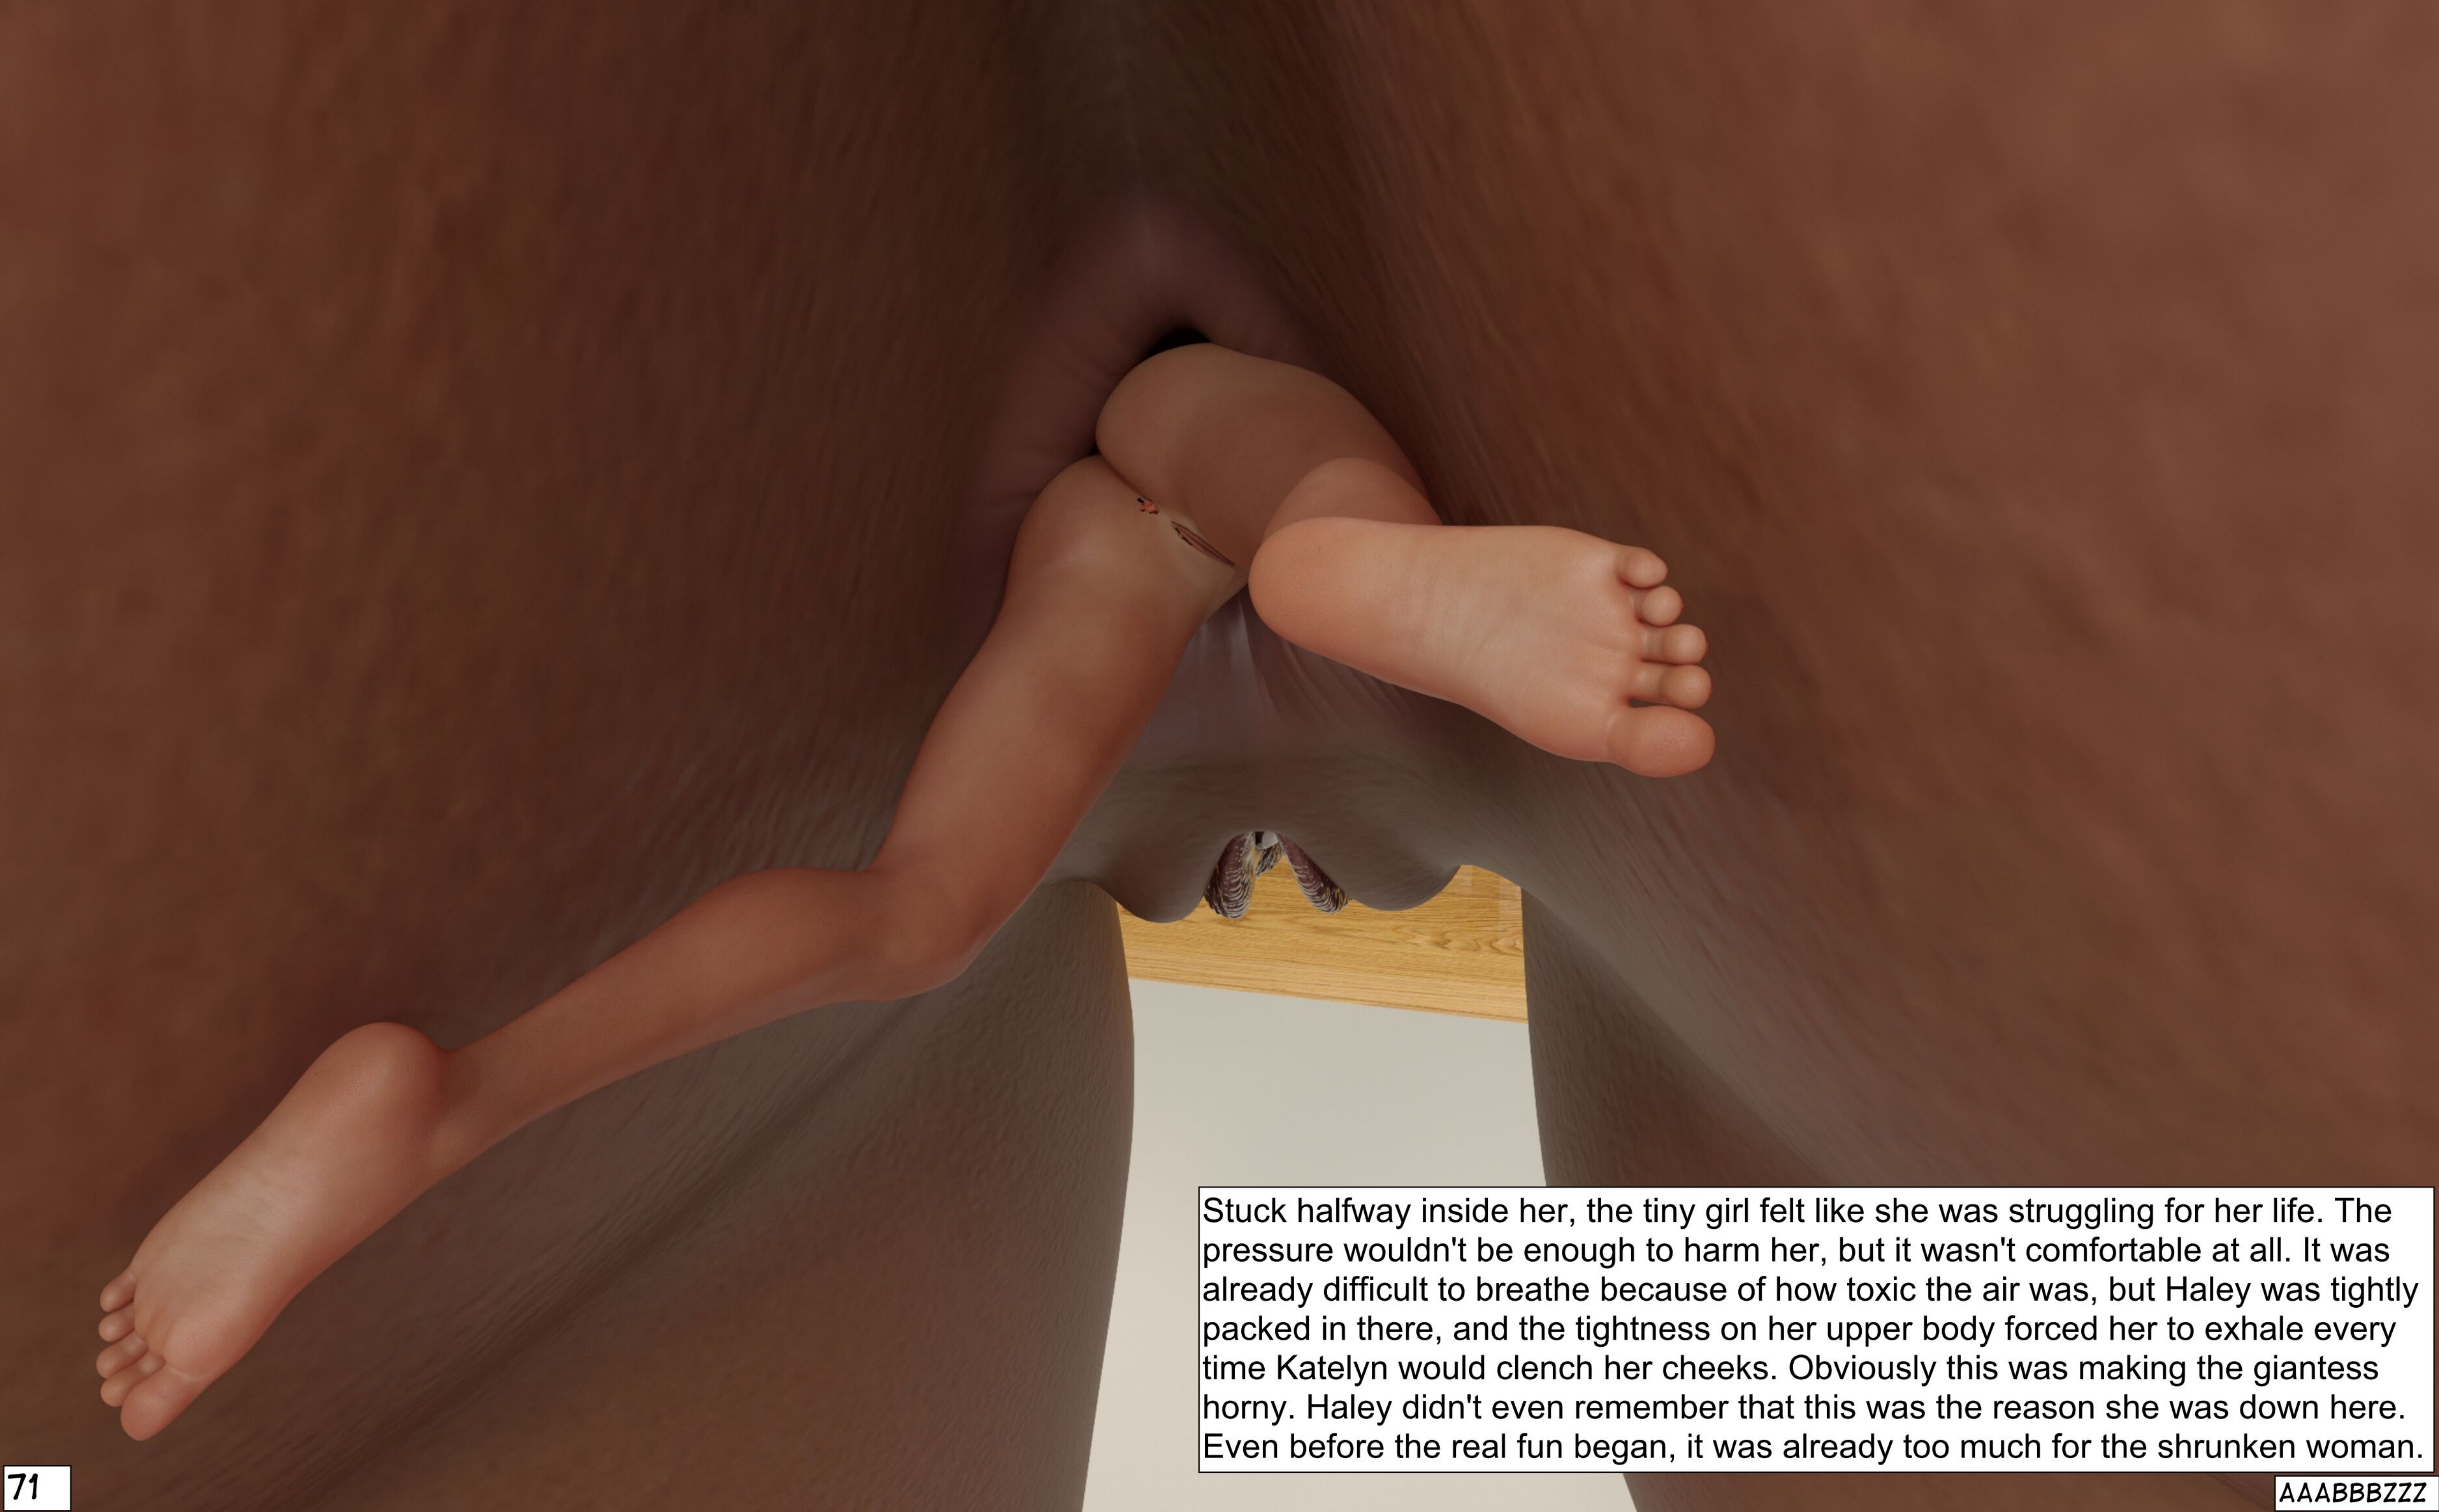

You know, I haven't changed my mind about punishing you with my ass. I had such a good time putting Carla in there, and now can't stop thinking about shoving your tiny body in next. It's too bad you just can't worship me the way I'd like at your size. That's okay though, at least I know you'll feel amazing as a sex toy. Do you see my crack back there Haley? If you thought this was bad, just wait until you're being squeezed inside there.

Amidst the struggle to not fall off the giant ass, Haley was able to take a second to think about what Katelyn just said. As she held on tight she looked down at the area the giantess was talking about with nothing but fear. Was this really about to happen? She had to be joking she thought. But Haley was about to find out that Katelyn was not just teasing. Lost in her thought, she didn't notice a giant hand coming back her way.

Oh yes.. just like I imagined it. I think shrinking her a bit smaller like this was a good idea. It's almost like she's the perfect fit. Carla was almost too much for me, but I could get used to this. Are you listening to me tiny girl? This might be your new permanent spot. Every single day I want it, you will be my butt plug. Nobody will ever know you're being tortured inside my ass as I go about normal day activities. After a long day sweat and stink will build up, and all you will be able to do is suffer. What a fitting punishment for such a cruel bully. Sorry, but you've earned it!

Stuck halfway inside her, the tiny girl felt like she was struggling for her life. The pressure wouldn't be enough to harm her, but it wasn't comfortable at all. It was already difficult to breathe because of how toxic the air was, but Haley was tightly packed in there, and the tightness on her upper body forced her to exhale every time Katelyn would clench her cheeks. Obviously this was making the giantess horny. Haley didn't even remember that this was the reason she was down here. Even before the real fun began, it was already too much for the shrunken woman.

Haley wasn't the only one lost in her own world though. Katelyn was being pushed over the edge. Having her tiny pet flailing around inside her ass was turning her on. Every time she would start to slip out she would gently press her in with one of her fingers, before bringing it back to slowly massage her pussy. The giantess was becoming increasingly wet, making the temperature for Haley even worse. She begun to masturbate to the feeling of this power, loving every second of it.

Holy fuck, you have no idea how good this feels. This feeling is so addicting. All I want is more. You did nothing but make me feel like shit when you were normal sized. But from now on you will only make me feel the opposite. My little sex toy to use whenever I please. I'm going to need more of you girls. I just don't think I can resist playing with as many of you as possible. It will be perfect to have all my slaves worship me and make me feel like a true goddess. I'm dreaming of this moment, but since we're not there yet it's going to be just you for now Haley.

Unable to do anything, Haley started to calm down with her squirming. It was clear she was not escaping until the giantess would allow her too. From inside Katelyn's words were muffled, but what she could hear clearly was the sloshing above her. Katelyn was fingering herself vigorously without pacing herself. Quickly, her body was building towards an orgasm. This entire situation did nothing but bring her closer.

Fuck... I can't... take it anymore..
You're going to make me cum tiny girl. This feeling
is just too amazing.. Oh fuck! Please don't stop struggling
down there now Haley. Your goddess is near her climax.
Yes.. just like that! Oh god, I can't stop. Ahhhhhh..
Fuck! Here it comes..

Eventually Katelyn couldn't hold on any longer. Screaming out loud enough that the neighbors could notice, the giantess was brought to her orgasm. Sounds of pleasure escaped from her lips as her body was put into an euphoric state. Katelyn wanted nothing except for more, but she knew she couldn't hang out here all night.

Alright
Haley, lucky for you it's time to come out. Go ahead, push yourself, I won't stop you. That was fucking amazing. If we were in my bedroom this would go on for hours. But since we need to probably leave soon I'll give you a tiny break. Don't get too excited though. The night is still just beginning. I don't think I'll be able to sleep through all this temptation. I'll need another round before I'm ready to pass out.

After being released from her prison, Haley rolled around in agony. She whimpered to herself, traumatized by the most unique experience of her life. Even though you could still smell her ass, being outside it felt like the freshest air ever. The tiny woman was exhausted, but unfortunately Katelyn wasn't done.

Yes, good slave.
You know exactly where your place is don't you. I like that about you. Trust me, I won't always be mean. Once you repay me I can also reward you. There's no chance at returning to your previous life, but maybe I can at least allow you to enjoy being my pet. Yes, I love the sound of that idea. Whether or not you like it too doesn't matter, it's what's in store for you.

Feeling her tiny pet down there gave Katelyn an option she couldn't resist. She knew she had to get going, but having Haley so close to her pussy, she wanted her in there next. Using her fingers, she pressed her little body against the lips and then right through them. Just after spending time inside the giant ass, Haley was not being forced to swim in the juices of Katelyn's gigantic vagina.

Fuck me! I can't even take it, this feels like nothing I've had before. You're going to become such a valuable pet for me Haley. I just can't wait to bring you home to have forever. Speaking of that we probably should get going. Maybe I'll just have you ride in here for now. I hope I can make it home without any problems. For some reason I have the feeling you're going to make that very hard for me...
