

# REVENGE OF THE NERD - CHAPTER 3

## BY AAABBBZZZ

01 On her way home, Katelyn stopped by the campus to use the restroom. She thought that since Haley lived close to their school that it would be the perfect time to see if there were any girls still around that she could shrink. It was a late evening so that made it an attractive time to go, reducing the chances of ever being caught. As she walked in, she could hear someone flushing a toilet in the distance.

Coming out of the stall was another one of the girls who picked on Katelyn. Amber was an 18 year old freshman who was hanging out at the university late to finish up on a project. When she went to use the bathroom, she had no idea she would run into Katelyn. She was unaware as to what happened to her friends as she had been spending a lot of time recently catching up on her schoolwork.

Well look who it is,  
I'm glad I ran into you Amber. You're  
just the type of girl I was hoping to run into.  
What's a bitch like you doing here so late? I  
figured you might be hanging out with your friends  
wasting time and talking shit or something.  
But unfortunately for you, you had to  
come across me.

What are you  
talking about Katelyn? I've had  
some assignments and projects to catch  
up on lately. Do you think that's all me and  
my friends do? You better watch your mouth, I  
don't know where you're getting this sudden  
nerve to stand up for yourself. Why don't  
you run off and cry like you  
usually do?

But those words would fully sealed the deal for Amber. Katelyn's intentions were to shrink her down, but a part of her wanted to give the girl a chance to be nice to her for once. Since that didn't seem to be the case, she quickly pulled out her shrink ray and aimed it at the girl. Quickly, Amber's mood changed from anger to fear, not knowing what was about to happen.

I'll tell you why I'm not running off this time. It's because I don't have to. Instead you will pay for all the mean things you have done!

Wait! Don't do anything stupid Katelyn. What are you doing to me? This feeling is so strange, make it stop! I swear I'm going to make you pay if you don't quit it right now!

Make me pay? Sure, I'd like to see you try. Don't you worry Amber, I'm sure you and your friends will get me back somehow. Please do, it would be amusing to watch you eat those words when you realize what's going on.

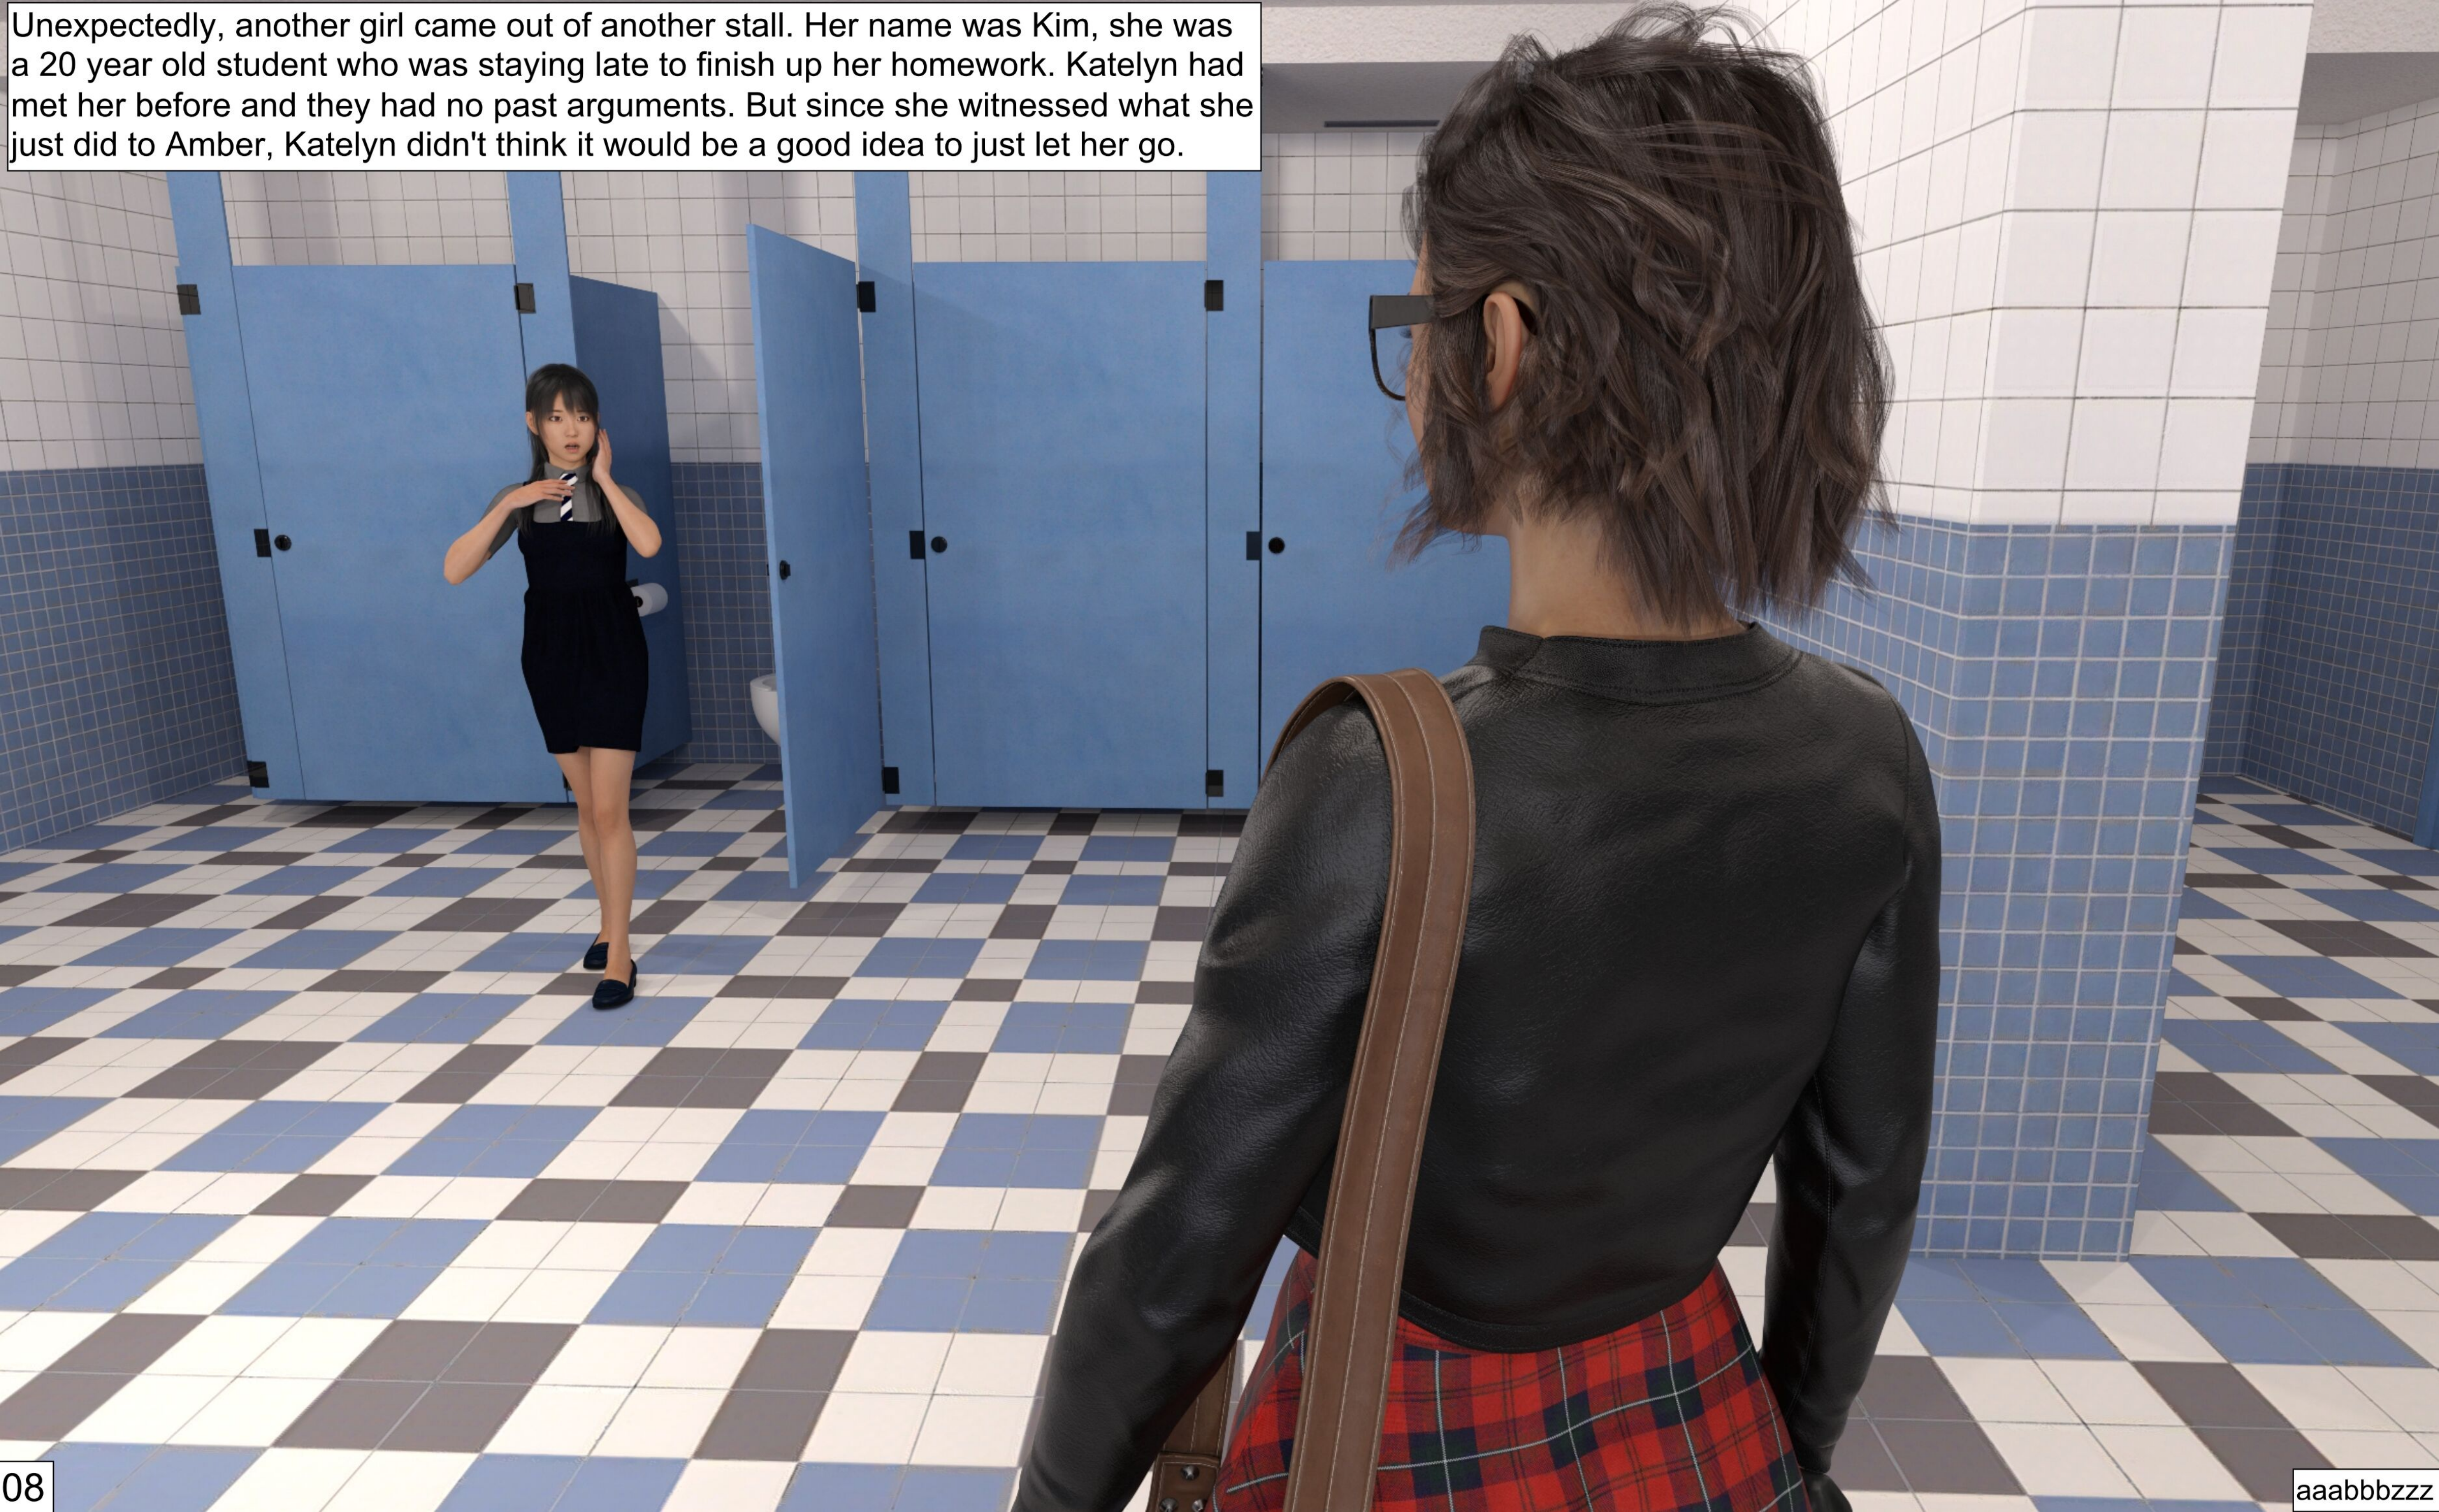

Amber had no clue what the device was doing to her yet. As she was reduced to only a few inches it took her a few moments to get a sense of things. She finally opened her eyes, only to be more confused. As things became more clear, she immediately saw a giant figure right in front of her, and that was when she realized the true nightmare of her situation.

So, what were you saying again Amber? You're going to make me pay right? Well, what's stopping you from doing just that. I'd like to see what a tiny girl your size thinks she can do. But don't take too long now, I also want to show you who's exactly in charge now.

What the fuck is this?  
Did you shrink me with that device? This isn't funny  
Katelyn, change me back this instant! We can talk about what I just said, but don't leave me like this, it isn't right!

Unexpectedly, another girl came out of another stall. Her name was Kim, she was a 20 year old student who was staying late to finish up her homework. Katelyn had met her before and they had no past arguments. But since she witnessed what she just did to Amber, Katelyn didn't think it would be a good idea to just let her go.

Hold it right there, don't move! It's your unlucky day unfortunately. You should of stayed hidden if you were smart. Now I'm going to have to shrink you just like I did to the other girl.

No, please don't! I swear I wont tell anyone what I saw here. I know you, you're Katelyn! You're the one those girls always pick on. I would never do that to you. I'm a good student! I don't care what you do to them, please just let me return to my studies and no one will have to know about this!

While Katelyn had her attention focused on this new girl, Amber took this as a chance to make a run for it. She thought that if she could get help from someone then she could warn them about what the giantess was up to. It didn't seem like she would suddenly have a change of heart and grow her back. It was hard to ignore the bad feeling she was getting about this whole experience so far.

As much as I believe you, I can't leave any loose ties. Don't you worry though, I don't need to get my revenge on you. I'm just doing this because I know you would crack if you were ever questioned about events that happened here tonight. Sorry Kim, but this is what has to be done.

I told you I promise not to say a word. You don't have to do this Katelyn, please don't! No, no, no, stop! Just wait a second, don't do this!

Unfortunately for Kim, Katelyn was not showing any mercy tonight. Just like Amber, she was shrunk down to a helpless size. Her life was now changed only because she was in the wrong place at the wrong time, not because of previous things she had done to Katelyn. Now with her unable to make anymore commotion, the giantess was able to turn her attention back towards Amber, who she originally was excited to see as a tiny being.

Where do you think you're going Amber? I thought you had some big words to say to me, but your voice is too tiny to hear now. Get back here and teach me that lesson you were so eager to. You know how easy it will be for me to catch up to you? I see you scrambling and tripping over yourself as you try to flee, but it will be all for nothing. It's only a few steps to me.

It happened so fast. in what seemed like an instant, Katelyn was already right behind her. Amber fell over and looked up in fear as she saw a giant boot above her head, moving slowly. She saw the immense power the giantess had over her, and just how simple it would be to crush her into nothing. Never before had she ever been so afraid for her life. It felt like it would soon end as Katelyn lowered her foot down to apply some pressure on the tiny woman.

Oh shit  
someone else is coming. I  
should probably stop messing around  
and grab this tiny bitch before I have to shrink  
anyone else down. Kim already got caught up  
in this and it could get weird if too many  
more people outside their friend  
group did.

Coming into the restroom was a professor who also was staying late to catch up on her work. Mrs. Collins was a 38 year old woman who was just minding her own business. She didn't hear any of the yelling that was going on just a minute ago in the bathroom as she made her way towards a toilet.

As Katelyn grabbed the shrunken woman, she began to scream at the top of her lungs, hoping to be heard by whoever was coming into the bathroom. Unfortunately for her though, Amber was just too small to make much noise. Even though she was being as loud as possible, it was barely audible to the giantess who quickly hid her away in her purse.

Damn,  
that was a close one. It's a  
good thing she has no idea because I  
didn't want to shrink down a professor. The  
cops would be doing a thorough investigation if  
that happened. At least these other girls are always  
up to so much trouble that anyone else would think  
that they were pulling a prank or simply out on a  
getaway without telling anyone. I worry about  
Kim though, someone might actually say  
something about her going  
missing.

Speaking of Kim, Katelyn almost completely forgot that she was still down on the floor. As Mrs. Collins went into her stall, the tiny girl ran after her screaming. She was trying to get help at any cost possible, but unfortunately Katelyn wasn't going to allow that to happen. Kim didn't know, but this would be her best and perhaps last chance to ever have hope of escaping.

Mrs. Collins, Mrs. Collins!  
You have to hear me, I need  
you help! Katelyn is shrinking  
people down with some sort of  
device. Please listen to me, there's  
another girl in her purse and we  
need you! Help us!

With a silent smile on her face, Katelyn plucked Kim from the ground with ease. She was delighted to watch the shrunken girl scream, even though she didn't feel as if she deserved it. The rush of power was just undeniably hard not to enjoy. Just like Amber, she put Kim in her purse and stood up, hiding her off from the outside world.

Hey, is something wrong? What do you got over there? I thought I might of just heard something a moment ago, but it must of come from your phone or something. I might just be driving myself crazy staying so late grading all these papers, but it's just impossible to get work done at home sometimes.

No everything is okay. I thought I might of just lost something. I put too many things in this stupid purse! I know the feeling, I want to get home already so I can relax too.

Without seeming suspicious at all, Katelyn walked out of the bathroom without alerting Mrs. Collins of anything weird going on. She let out a sign of relief, glad to not have to deal with shrinking down another innocent person. But at the same time she did not feel bad for Kim either. After using her device, the girls almost seemed not human to her anymore. They were just disposable toys that she had no concerns for.

It didn't take long for Katelyn to finally make her way home. When she came home she went straight up to her room, excited to play with her new tiny slaves. She also wondered how Haley was doing. After leaving her apartment she was never taken out of her vagina. At first she seemed to squirm, but it felt like that had stopped. Katelyn wondered if the tiny woman was still alive or just unconscious for now.

Welcome to your new home Amber! I bet you have tons of questions, but since you're so small, let's just give you a quick explanation. I've shrunk you down, along with three of your other friends so far. Before I ran into you I was coming from Haley's apartment, she's somewhere naughty at the moment so you'll see her soon. Your friend Kelsey was a pain in my ass, so she is no longer with us. Carla was there to witness it, she can tell you all about it when she turns up. I shrunk her even smaller than you and left her somewhere here in my room, so hopefully she's still around as well.

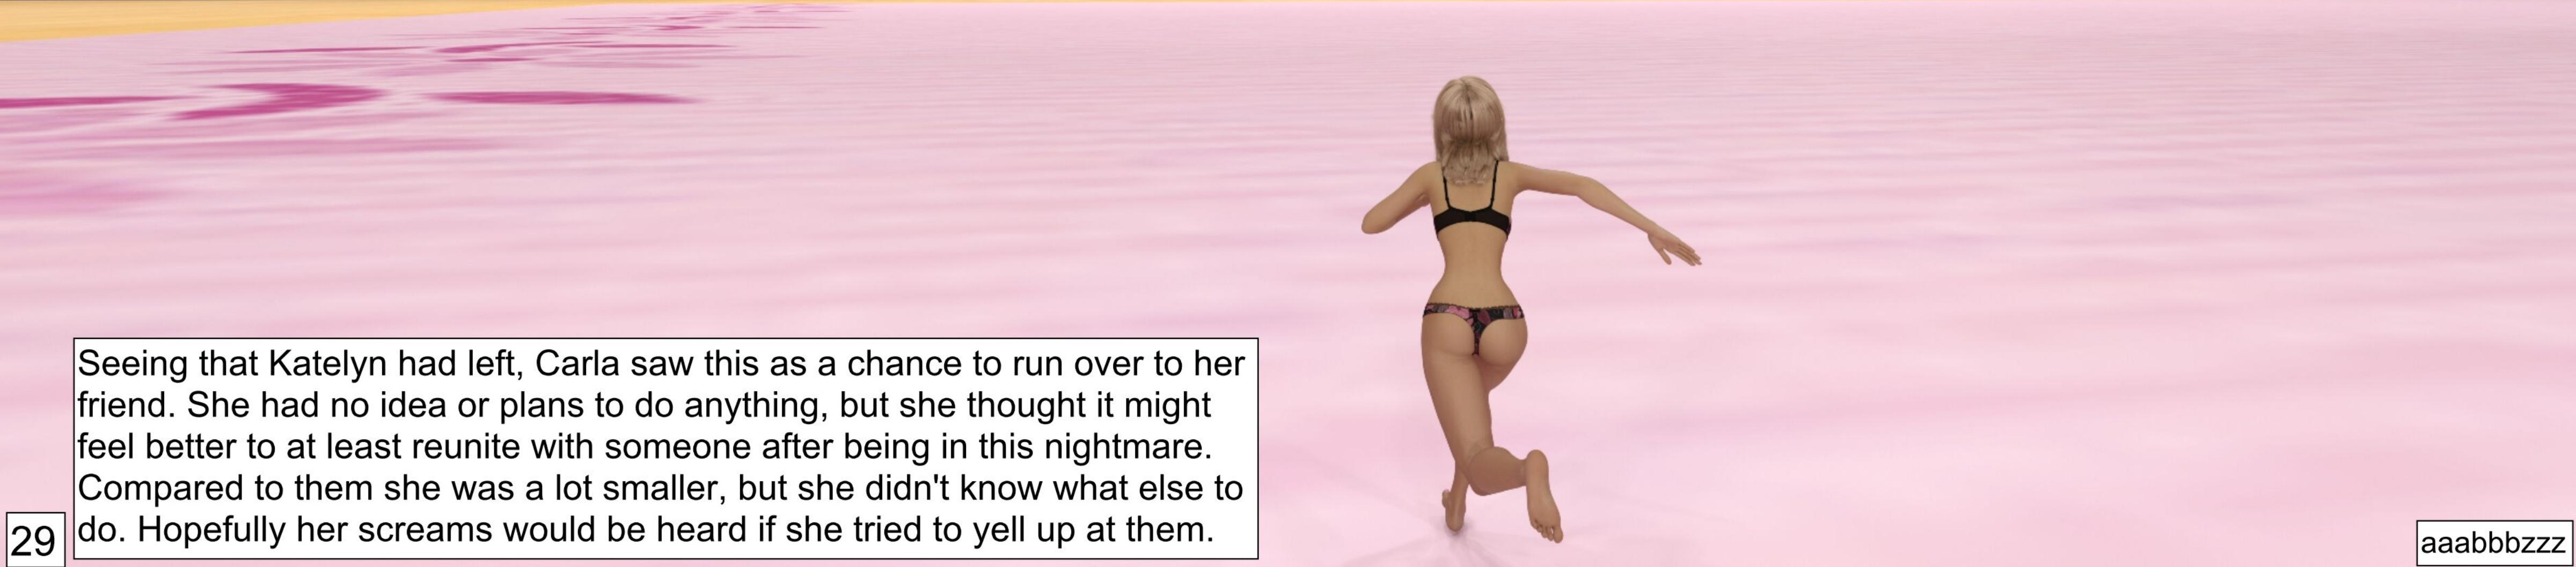

Carla was in fact still alive. She remained hidden in a safe corner of Katelyn's room and only came out when she saw that the giantess was home. Luckily for her, Katelyn kept her room mostly clean, so there were no insects that would become predators to her. She wanted to get her attention, but seeing that she was wearing boots, it didn't seem possible to be noticed at this size. Instead she patiently waited and watched as another shrunken woman was pulled from the purse.

I'm sorry that it had to happen this way Kim, but you will also be living here with these girls. Fortunately for you though, I don't think I'll need to put you through the same punishments that they earned. That doesn't mean you will get what you want though. As my tiny pet, you still will have to behave. Don't give me a reason to be upset and perhaps you can still have a decent life.

Katelyn went over to her window nook with the two girls firmly in her grip. Neither Kim or Amber liked anything they just heard from the giantess. Their old lives were over, but it still didn't sink all the way in yet. It wouldn't be long though until Katelyn would demonstrate what things would be like from now on. Soon they would know what horrors were yet to come as they were placed down, looking up at an evil smile.

I'll be right back my little pets. If you know what's good for you it would be wise to stay put. There's nowhere you can get to in a few short minutes that would be too hard for me to find. I'm going to get changed and retrieve a little friend for us. I hope she's okay, it's been some time since I let her have some fresh air.

Seeing that Katelyn had left, Carla saw this as a chance to run over to her friend. She had no idea or plans to do anything, but she thought it might feel better to at least reunite with someone after being in this nightmare. Compared to them she was a lot smaller, but she didn't know what else to do. Hopefully her screams would be heard if she tried to yell up at them.

I know you, you're Amber from my math class, you and your friends are always so mean to me too. It's all your fault we're in this situation isn't it? This isn't right at all, but I don't blame her for what she's doing. I can't believe I got caught up in this mess. If she ever gives me the chance to get my own revenge I'm taking it! Why did you have to be the way you were, look what it has done.

Don't blame me Kim, she's the one that shrunk us! We can't be enemies though, we're going to have to stick together. I know I owe you both an apology, but this whole thing is messed up. How on earth did she make us so small? I knew she was a smart girl, but inventing a device like that doesn't seem real, am I dreaming or something?

As the two girls argued, Carla continued to sprint towards her destination. But by the time she got there Katelyn was already returning to the room. It looked as if she was dressed down in her pajamas and that she was holding something in her hand. She feared that it was Haley. Katelyn mentioned going to meet her, so it made sense. Knowing that another one of her friends was in the hand of this giantess made her heart sink further.

Here Amber, it's your friend Haley. I thought she might of been dead but she seems to still be breathing. Riding along inside my vagina must of been hard for her though. Go ahead, take her off my hand. Let her be an example of things to come. Just like her, you will pay for being such a bitch. The punishment is harsh, but I think it's well deserved.

Meanwhile on the floor, Carla was busy trying to dodge Katelyn's giant feet. She had walked right up to where the tiny woman was, barely missing her by a few inches. Her life could of easily been ended in an instant if she was in the wrong place. The giantess was unaware of the bug sized girl down below as she focused her attention on the other three.

Oh my god, her body reeks, but at least she's still alive. Poor Haley, what did she do to you? Shrinking us is one thing, but forcing you to be trapped in her vagina? That is cruel beyond anything I've ever heard about. Please wake up and be okay, we need you to come through.

What the hell, that is so fucked up. I know what you guys did was mean, but nobody deserves this. This is crossing the line, who is this girl? The Katelyn I thought I knew didn't seem capable of something so sick, we're truly living in a nightmare aren't we?

Katelyn enjoyed watching the girls realize the horror they were in as they examined Haley's body. But down on the floor Carla was finally able to reach what seemed to be a safe position next to the giant foot. She didn't want to, but trying to get Katelyn to notice her seemed like the move. Even her toes were gigantic, but this felt like a good opportunity. She didn't think there would be many other times where she would be completely still and standing in a spot that she could reach.

Katelyn you can't do this to us, it's not right! You could of killed her if you left her in there any longer. Please come to your senses and grow us back. I'm sure we can work something out. They've learned their lesson and wont ever tell anyone!

I see you yelling Kim but I can't understand a thing. Don't you realize that your voice is too tiny to be heard now? All I can hear are tiny squeaks like a mouse. You don't have to defend her though, she's earned this. I'm not going to treat you the same way I treat them, unless you misbehave of course. So just calm down and let me do what I'm going to do anyways.

Seeing this as the only chance she'd get, Carla tried to get Katelyn to look down by banging on her big toe. Using her fists, she punched against the giant surface, hoping to be noticed. She feared that there was a possibility of a bad reaction, but at this point she was willing to risk it. When Katelyn thought she noticed something she looked straight down. Seeing her face, Carla became unsure whether or not this was a good idea.

A woman with long brown hair, wearing a pink strapless tube top and matching pink shorts, stands in a room with wood-paneled walls. She is looking down at a tiny figure of a person standing on a ledge. A speech bubble is positioned above her, containing text. The room features a door on the left, a light switch, and a wicker basket on the right.

What the hell, oh my god, is that you Carla? I almost forgot about you! You're so tiny I could of stepped on you like a bug and never known. What are you doing trying to tap on my foot like that? Do you want to see your friends? Oh ya I do remember now something I promised you. I told you I would force you to become a toy to a girl I brought home. But I didn't expect to bring home three at once! It looks like your work will be cut out for you.

Carefully, Katelyn bent down and picked up the tiny girl, pinching her between her fingers. She tried to be as gentle as possible, knowing she could turn her into a smear just by accident. It was an amusing sight to see her again after accepting that something could have happened to her while she was gone. But now this gave her ideas, and Carla would never suspect what the giantess had planned for her.

Alright girls, it's time to get naked. I know I said you wouldn't be punished Kim, so let's think of this as a treat. I'm going to give you your own personal tiny pet as you remain my slave. Doesn't that sound exciting? If you don't think so you could always argue with me, but we both know who's in charge here. Now, just hurry up and get those clothes off, I'm not going to be very patient.

Scared of her wrath, the two girls undressed themselves quickly. Kim worried, but she had a feeling whatever was going to happen couldn't of been worse than what Haley was put through. On the other hand, Amber's heart was pounding. She worried for their lives as Katelyn treated them like they weren't even human. Being naked now made her feel even more vulnerable. They waited in fear as the giantess began to reach down to start her games.

You're coming with me Kim. I figured it would be best to do this first, because when I get to Amber I might be too tired to do anything with you. This will give Haley some time to wake up too. I don't know if you've met Carla yet, but she's the worst. Out of all the girls I've shrunk I think she deserves this the most. So it's fitting that we leave her as tiny as she is.

Amber never even got her chance to reunite with Carla. Seeing how small she had become caused her to become anxious. Her mind ran wild with what kind of sick possibilities Katelyn might think of. Not only did she feel concerned for herself, but more for Carla at the moment. The tiny girls had no way to do anything but watch as the giantess played with them like disposable toys.

Here we are! I hope you two are in the mood to have some fun. It would be so much better if we could see some enthusiasm from either one of you. Don't be afraid to enjoy it either, especially you Kim. Like I said, this shouldn't be so bad for you. It's mainly supposed to make Carla suffer. I think we can both get behind that.

Knowing how small she already was put Kim into shock when she was face to face with Carla. Even for Carla, Kim seemed like a giantess to her. She was a similar size as to what Katelyn was before being shrunk to where she was now. This was horrifying, because everything that was done to her before could now be done with this giant girl. Kim had no idea, but soon she would learn what it would be like to have Carla as her own slave.

Let's see here, instead of explaining things I guess I can show you a few examples Kim. Here is a page on the internet where somebody created a story for their sexual fantasy based on a situation like this. It's all supposed to be imaginative, but since I created this shrinking device we can make it real! This is what I mean by fun. Now, let me find something interesting we can try. I have plenty of ideas but I think this would be a lot of fun to choose this way.

Eventually Katelyn came across a page labeled "SaxanasGTS" on twitter. As Carla watched she suddenly became sick to her stomach with some of the situations these tiny people were put through. One page that stood out to the giantess was one of a tiny girl poking her head out of an asshole. She clicked on the image and zoomed into it, as if she made her pick. It didn't feel like Katelyn was being creative at all as this was something she had already been through, but unfortunately for her, it was hell. Being reminded of that place made her heart sink as she quickly realized she was going back, only this time with this girl Kim.

A large woman with dark hair, wearing a pink, textured, strapless top, is shown from the chest up. She is pointing her right index finger towards a tiny woman in the distance. The tiny woman is running on a light-colored wooden floor. The background is a plain, light-colored wall. A speech bubble is positioned above the tiny woman, containing text.

You see the image Kim, this is exactly what I want for you to do with Carla. I'll give you the choice with which end you would rather put her in with first though. Sometimes it's harder to get the legs in first, so the head is a lot easier. Don't worry though, I'll be happy either way. We'll have plenty of opportunities for you to practice anyways. Oh look, she's trying to run! Normally I'd be angry but it's pretty hilarious from here. Where do you think you can go Carla? I have to barely reach to catch you, but Kim is a giantess to you too! Save your energy for the difficult night there is to come.

Playing the role of a giantess was the last thing Kim thought she would be doing today, especially after being shrunk down to the size she was now. But instead of trying to argue she took this opportunity to try and get on Katelyn's good side. If she could obey like she was supposed to, then perhaps she could build trust with the giantess. After all, she didn't feel the same anger towards her that Katelyn had for the other girls. Maybe it wouldn't be so bad to help punish these girls who definitely deserved it.

I guess this is your fate Carla. I don't know you that well, but I know the group of girls you associate yourself with. I'd love to not be in this situation, but I think all I can do right now is accept it. Fighting Katelyn just isn't an option at our sizes. Maybe this is more of a punishment than you've earned, but that decision isn't mine. I'd say sorry, but I think none of this would of ever happened if it weren't for you. I would still be normal and just having a regular night. Instead I'm here with you, so it looks like it's time to meet my ass.

That's it, getting right to it aren't we? You don't know how excited I am for you to cooperate with me Kim. Don't you see, it doesn't have to be all bad for you. And by the look on your face it seems you enjoy it, at least partly. Now, get her all the way up in there. Go ahead and play around with her a bit if you'd like. Just one rule, there's no taking her out. I'd like for you to keep her inside you until I say so, can you do that for me? You're on my good side still and I think it would be best we kept it that way.

Katelyn was right about Kim enjoying this. As a girl who spent too much time on her schoolwork, she would never take the time to please herself. Having the tiny girl shoved into her butt though made her confused. She didn't know why this felt so good. Maybe it was something that she had been needing for a long time. Either way, it didn't look good for Carla. Katelyn wanted her to stay where she was. It was a tight fit without any escape.

There we go! But I want her all the way in there. If you can keep her like this for the night then there's nothing else I'll need to do to you. I better not notice you take her out unless you're just trying to have some fun yourself. Isn't this nice Kim? I'm sorry if it's violating, but you just seem to like it or something. I'm going to go play with the other mean girls now. Do as I say and watch over Carla for me. If you can do this you'll make an excellent slave.

Amber? Is that you? What's going on here! I thought I was just having a bad dream, but this is all real isn't it? Katelyn got you too! There's nothing we can do to stop there is there? She's going to shrink every single one of us to get her revenge. She wont be happy with anything less.

Oh my god, I'm so glad you're okay Haley. You could of been hurt with the way she was treating you. She's over there with Carla right now, and apparently Kelsey was here too but isn't anymore. I don't know, I'm so scared! Why is she doing this? She can't keep us as her shrunken pets!

As the girls had their little reunion, they were abruptly interrupted as Katelyn approached them from behind. She appeared to have taken off her pajamas, revealing her naked body to the two girls. Using her fingers she slowly played with herself, getting her heated up for what was about to come. Haley knew this from earlier, but Amber was in shock to see it for her first time. The time of waiting was coming to an end and it would be their turn to entertain the giantess.

Alright girls, we're not going to waste much time. I'm already wet from what we have going on over there on the desk. Haley obviously knows her place, but do you Amber? When we get to the bed I'm going to get in a position, and from there I'm expecting both of you to find a place to go, or I'll pick for you. I don't think we need to explain it anymore than that. There will be no running or bed pets at all. Hopefully I've made myself clear. Your friend Kelsey wasn't very good at following orders and now only me and Carla know where she is.

They went over to the bed where Katelyn dropped the two girls without trying to be careful at all. She laid out her giant body next to them, starting to position herself so they could get to work. The giantess was demanding a lot from the start, but being in the horny state she was it wasn't a surprise. Haley understood how urgent she wanted things, and hoped that her friend was going to take this as serious as she was.

I'm glad to see at least one of you wants to listen. Take some advice from your friend Amber if you want things to go easy for you. Just watch what she does and try and repeat. I'm not in a very patient mood. You know she might not be thinking with your best interests. It looks like she's going to get first dibs on where she'd like to go. Just because you're new to this doesn't give you any excuses. Follow her now or else.

Instead of following the lead of her friend, Amber stood frozen as Haley went straight for Katelyn's pussy. After being inside both holes she already knew where she would rather go. It was like hell inside the giant vagina, but compared to her asshole somehow this was the better choice. She understood the threat and didn't waste any time before climbing in like a good little pet.

Oh what a good girl, that's just how I like it. The more obedient the better chances you'll have with me. I don't see you moving yet Amber, but I do see that frozen look on your face. As difficult as it might seem to bring yourself to do this, you need to understand your life is at stake. Don't you see how frantic and eager Haley was to act? She knows that I can be so much more of a cruel goddess. I think she's scared to see that side of me, and I think you should be too.

For now, Katelyn tried to stop worrying about what Amber was doing and tried to enjoy the feeling she was getting in this moment. She was upset, but having Haley jump inside to play around with her pussy sent her to such a high level. It was hard for her to contain herself as she started to play with her body, ignoring the fact that one of her slaves was not doing her bidding.

Oh my god, fuck! This feels so fucking good! I'll get to you in a moment Amber, but I can't let this feeling go by. I need to enjoy it as much as I can. Keep doing that Haley, wiggle and squirm for me! You sure know how to do it, and so soon too. I'm going to lose my mind, it's making me crazy. Please don't stop until I fucking tell you to!

Katelyn was loving everything that Haley was doing, but as she caught a glimpse in the corner of her eye of Amber making a run for it she had to stop for a moment. This completely changed the mood for her, as she went from being in heaven to angry. This was not the best time to upset her as she was not in a forgiving state. Ruining this moment for her was far worse than disobeying at any other time. When she made eye contact with the giantess, Amber's heart sank. It was obvious she was in deep trouble, and now she would pay for it.

I wanted to have fun, but I guess I'll need to punish you instead. Now what should I do with someone who is going to act like this? Oh I know, I have the perfect idea. I guess you girls didn't see what happened to Kelsey did you? I'd have Carla tell you, but I'm not letting her come out of Kim's ass right now. Instead I'll just show you myself. I ate her like a little snack! If you're going to be a useless pet, then at least you can fill my belly. I gave you the chance and you blew it, so it's too late for me to change my mind now.

As Amber was dangled above Katelyn's mouth, she screamed louder than any other time in her life. Being so close to her ears, the giantess actually could hear her clearly, but unfortunately the shrunken girl was too small to bother her with her piercing cries. Being playful at the same time, Katelyn dipped Amber down, licking her body with her tongue.

No fucking way, is she being serious right now? There's no way she ate that other girl and she's going to do the same with Amber, is it? I don't know if I can believe it. She has to be teasing her or something. Maybe she's trying to teach her a lesson. I can't imagine Katelyn doing something so cruel! Please don't do this, I don't want it to be true.

It did seem like the giantess was playing around, but Katelyn had her mind set. As she toyed around with the tiny girl, she giggled to herself in an evil way. This only made Amber continue to shout at her. Her body was lowered up and down until Katelyn stopped for a moment, giving her pet a small sign of relief.

Oh don't worry Amber  
I'm not done with you yet, I just wanted to let  
your friend out so she could witness this herself. You've done  
a great job so far Haley, and I can't wait to continue having fun with  
you. But I think it would be important for you to watch exactly what  
happened to Kelsey. I'm not afraid to do this, and there are plenty  
more of you girls to shrink down. So I might as well save  
myself a headache and get rid of the more sour  
ones from the start.

When Katelyn went back to playing with Amber, she started to scream even louder, something she didn't think was possible. The same fear she had before became more intense and more real as she soon realized the giantess was not messing around. Her body was let go as it landed on the wet slimy tongue. Next Katelyn closed her mouth, sealing Amber from the outside world, leaving her in darkness.

Oh no Amber!  
Why did you have to disobey her? I would of never thought Katelyn would have it in her to do something like this, but now I don't have any doubts about anything. This girl is going to put us through hell all for her amusement and revenge. I can't imagine what it's going to be like inside her stomach, it has to be worse than anywhere else. There's no way she'll survive long at least, but it's going to be agonizing until she finally dies.

Ah that was a tasty treat! I'm glad I made her that small otherwise she could've choked me going down whole like that. Just like Kelsey I can feel her struggles in my belly already. I wonder how long she'll last? This couldn't of been a better option than just doing what I asked. Hopefully you can hear me down there Amber when I say that. It'll give you something to think about as you burn alive to my stomach acids.

It was hard to believe that she was gone just like that. Haley and Amber had been friends since their childhood. And in just a few moments she was suddenly nothing but a snack to this cruel giantess. The reality of their situation was already scary, but witnessing this was unlike anything else. Amber was a human who was treated like nothing but a candy from the store. Haley knew that she could be next and that Katelyn would just replace her with another girl, so she knew if she didn't want to suffer the same fate to never cross the giantess no matter

Holy fuck she actually did it! Do you hear me back there Carla, don't you fucking dare try crawling out of there. I'm not becoming a snack to this giant bitch! I don't care what happens to you or how badly you want out, I'm going to do everything in my power to keep you in my ass. It's either you or me, and I'm not going to take any chances. If I have to make you suffocate to make sure you stay put I'll do it! Don't you even think one bit about escaping.

Now that we took care of that, we can get back to having fun, can't we? I know you might be a bit shaken up right now Haley, but that's not my problem. What a fucking power rush. I don't know why I feel so good after doing that. You would think I would feel some remorse, but the little bitch deserved it. I don't think you'll suffer the same fate because you seem to have a bit more of a sense of urgency. Let's hope for your sake it stays that way.

Haley couldn't even look up at Katelyn in this moment as she positioned her ass right over her. For now, all she could do was sob to herself, not only for the loss of her dear friend, but also out of fear. Earlier she was living the good life, in her own apartment with everything she could ever want. But just like that, Katelyn took it all away and brought her here in this tiny size. Her old ways of living were gone and this would be all she would know for probably the rest of her life.

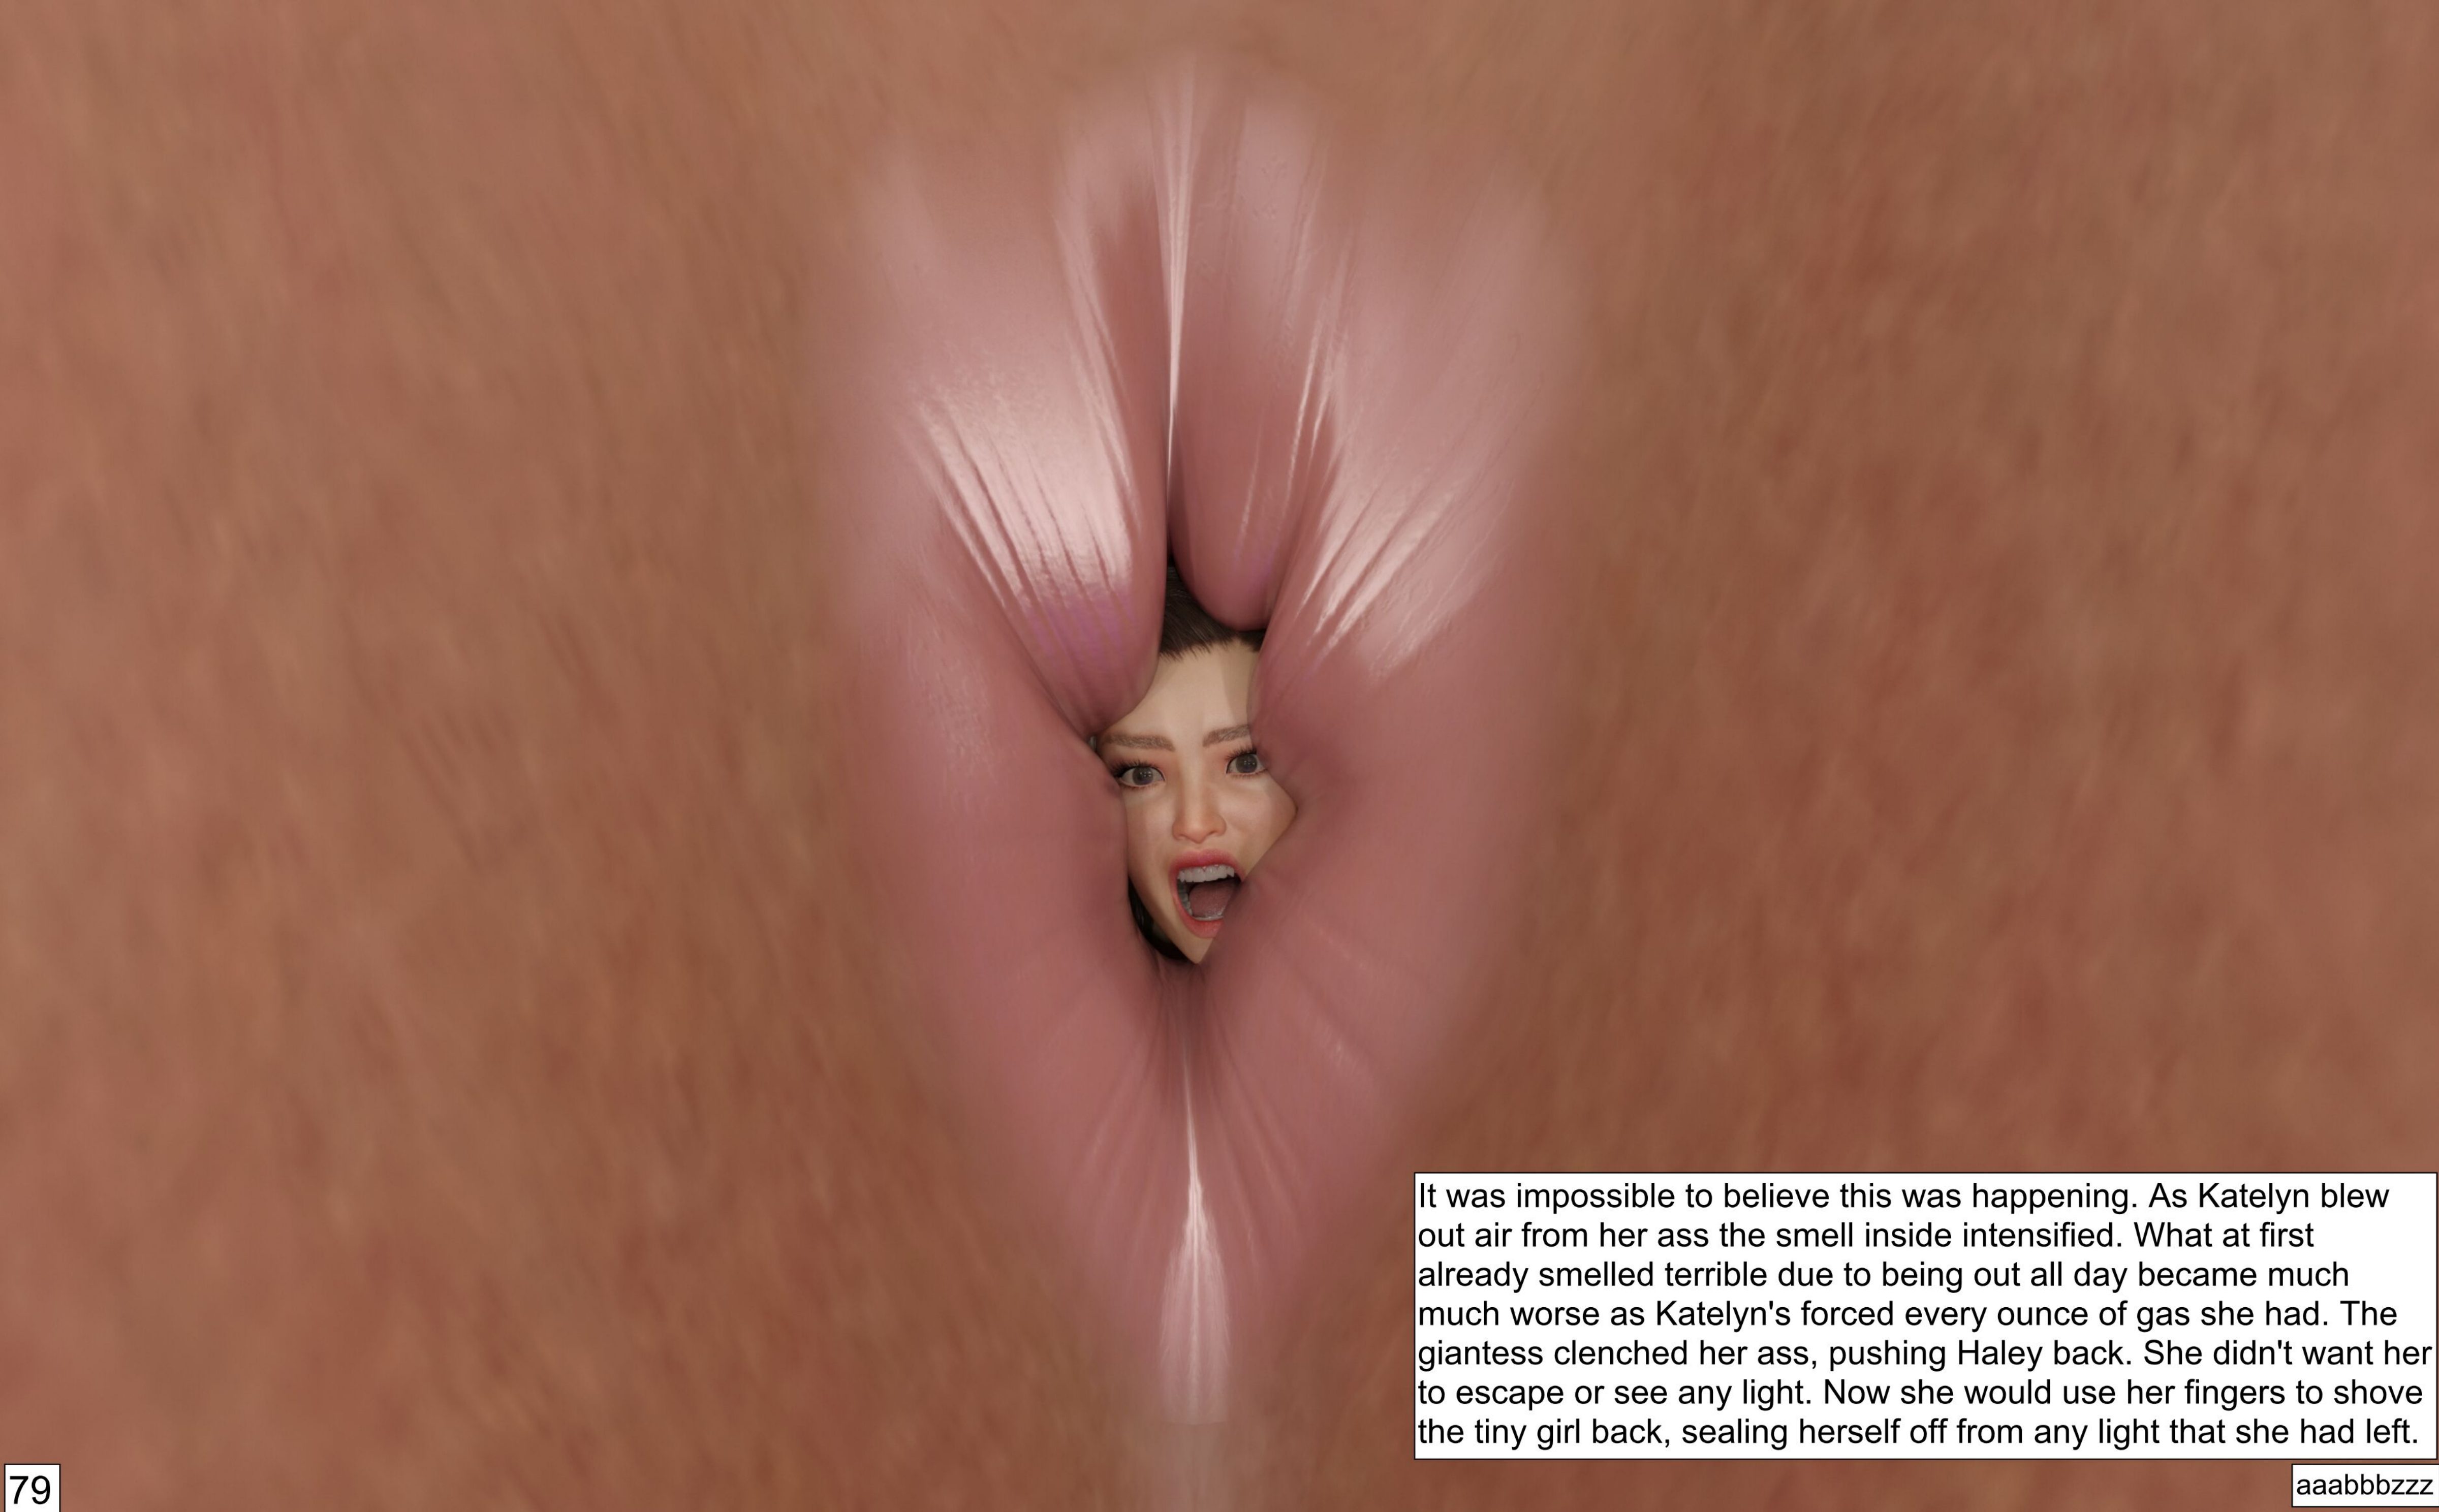

I'm sorry, did I interrupt you by sitting down? I told you that's not my problem. I get what I want, and what I want right now it to go back to having fun! Perhaps we should try the other hole this time? You were inside my pussy for a lot longer than my ass, she how about we give that another turn? I know I gave you the choice before, but I've changed my mind. Little people must have a lot of fiber in them, because I think I'm starting to get gassy. You'll be in the perfect place to feel and smell whatever is leftover of your friend's body.

None of this sounded good at all to Haley. She could already feel Katelyn's ass move in abnormal ways as she prepared herself to release what was building up. This night wasn't getting any easier, in fact it was only beginning. Using her fingers, Katelyn pushed the shrunken girl in, feeling pleasure from all of her tiny movements.

Oh my god, yes..  
That's what I'm talking about. I hope you're ready Haley, because I can feel the first one coming out now! I'm normally very lady-like, but Amber did something to me. There's no way I'll be able to help myself. I guess we'll just need to get used to it. That can be your place from now on, until I bring someone else back. You do such a great job in there that maybe I'll have you train them. If they last maybe you won't have to permanently become my ass slave.

It was impossible to believe this was happening. As Katelyn blew out air from her ass the smell inside intensified. What at first already smelled terrible due to being out all day became much much worse as Katelyn's forced every ounce of gas she had. The giantess clenched her ass, pushing Haley back. She didn't want her to escape or see any light. Now she would use her fingers to shove the tiny girl back, sealing herself off from any light that she had left.

What a perfect fit. Enjoy your stay for the night Haley, because I plan on leaving you there until morning. How's it going over there Kim? Are you keeping Cindy where I told you to? Good, now both these girls can suffer all night long inside our asses. I'm going to turn off the lights now, it's time to get some sleep. I hope you all have a great night. You better get used to it, because things will never go back to the way they were before.
