...but I soon discovered that the powers that be in this world don't like it when people cast magic in plain sight.

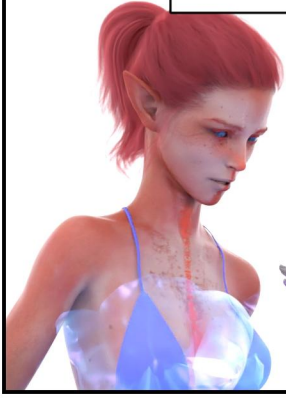

And that's when I met Mira, a Lady of the Faerie who is responsible for monitoring the use of magic in our world.

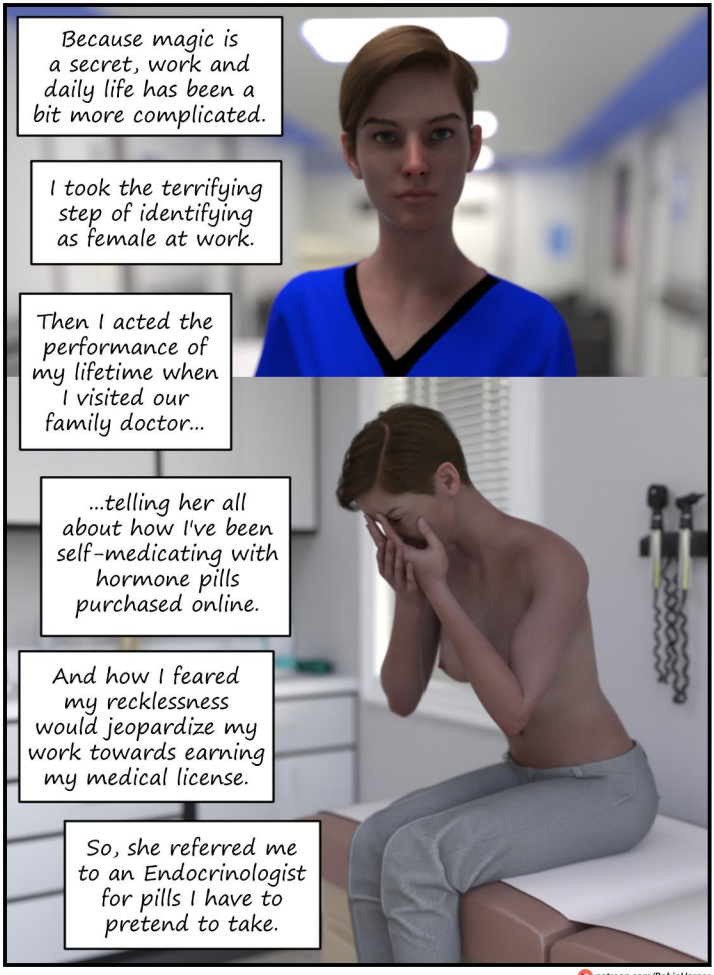

And after a bit of a scolding

She offered to be my teacher.

...yes?

patreon.com/RobinHarper

patreon.com/RobinHarper

Then I welcome you, Heart Guardian Robin, to our little order of Stewards!

patreon.com/RobinHarper

I mean, if I get to be a magical girl...

patreon.com/RobinHarper

So...
...how do I look?

patreon.com/RobinHarper

patreon.com/RobinHarper

What do you mean?

patreon.com/RobinHarper

Ignore them.
Like, I'm still really pissed about you becoming a Guardian...
But...
You look absolutely perfect!

patreon.com/RobinHarper

You look so cute as a magical girl, it's making me jealous!

patreon.com/RobinHarper

No, I think Robin's Faerie magic simply exaggerated the effects of my spell.
We will get a more typical result when I cast the ritual on Evan.

patreon.com/RobinHarper

Whoa!
See? Nothing to worry about!

patreon.com/RobinHarper

First of all, once you get the hang of it, you'll be able to switch back and forth between male and female whenever you want!
So, no more having to wait until the next day to revert back to your male self!

patreon.com/RobinHarper

patreon.com/RobinHarper

patreon.com/RobinHarper

I'm just annoyed we only found out about this now...
Like, if Mark and Stacy were Guardians, how long have you been doing this for, Cass?

patreon.com/RobinHarper

It was the summer just before fresh-man year...
...when my predecessor, found me...
...she was looking the right girl to train and take her place, so that she and her squad could retire.
And well, you know me, at the time I never would've turned down the chance to be a magical girl!

patreon.com/RobinHarper

But that was the year Toby dragged you along to spend the entire summer at his Mom's chateau in France.

patreon.com/RobinHarper

Simon wouldn't let me wait, so by the time you got home, the position was filled!
And thank god there wasn't a spot for you!
Because if there had been a spot for you, you would have died along with everyone else!

patreon.com/RobinHarper

So, it was too dangerous for your little brother to get involved...
...but perfectly fine for your husband!?

patreon.com/RobinHarper

So if you didn't know Scott before he became a Guardian...
...how did you two actually first meet...?
Because the story you two always tell about how Scott rescued you after you fell off the side of a building always sounded insane!

Well, that story is mostly true...
...we just left out a few key details...
