

Wearing another person's skin suit is really weird.

Can I wear such a tiny skin suit?

It's just like wearing a skin-tight suit.

It's so tight and difficult to wear.

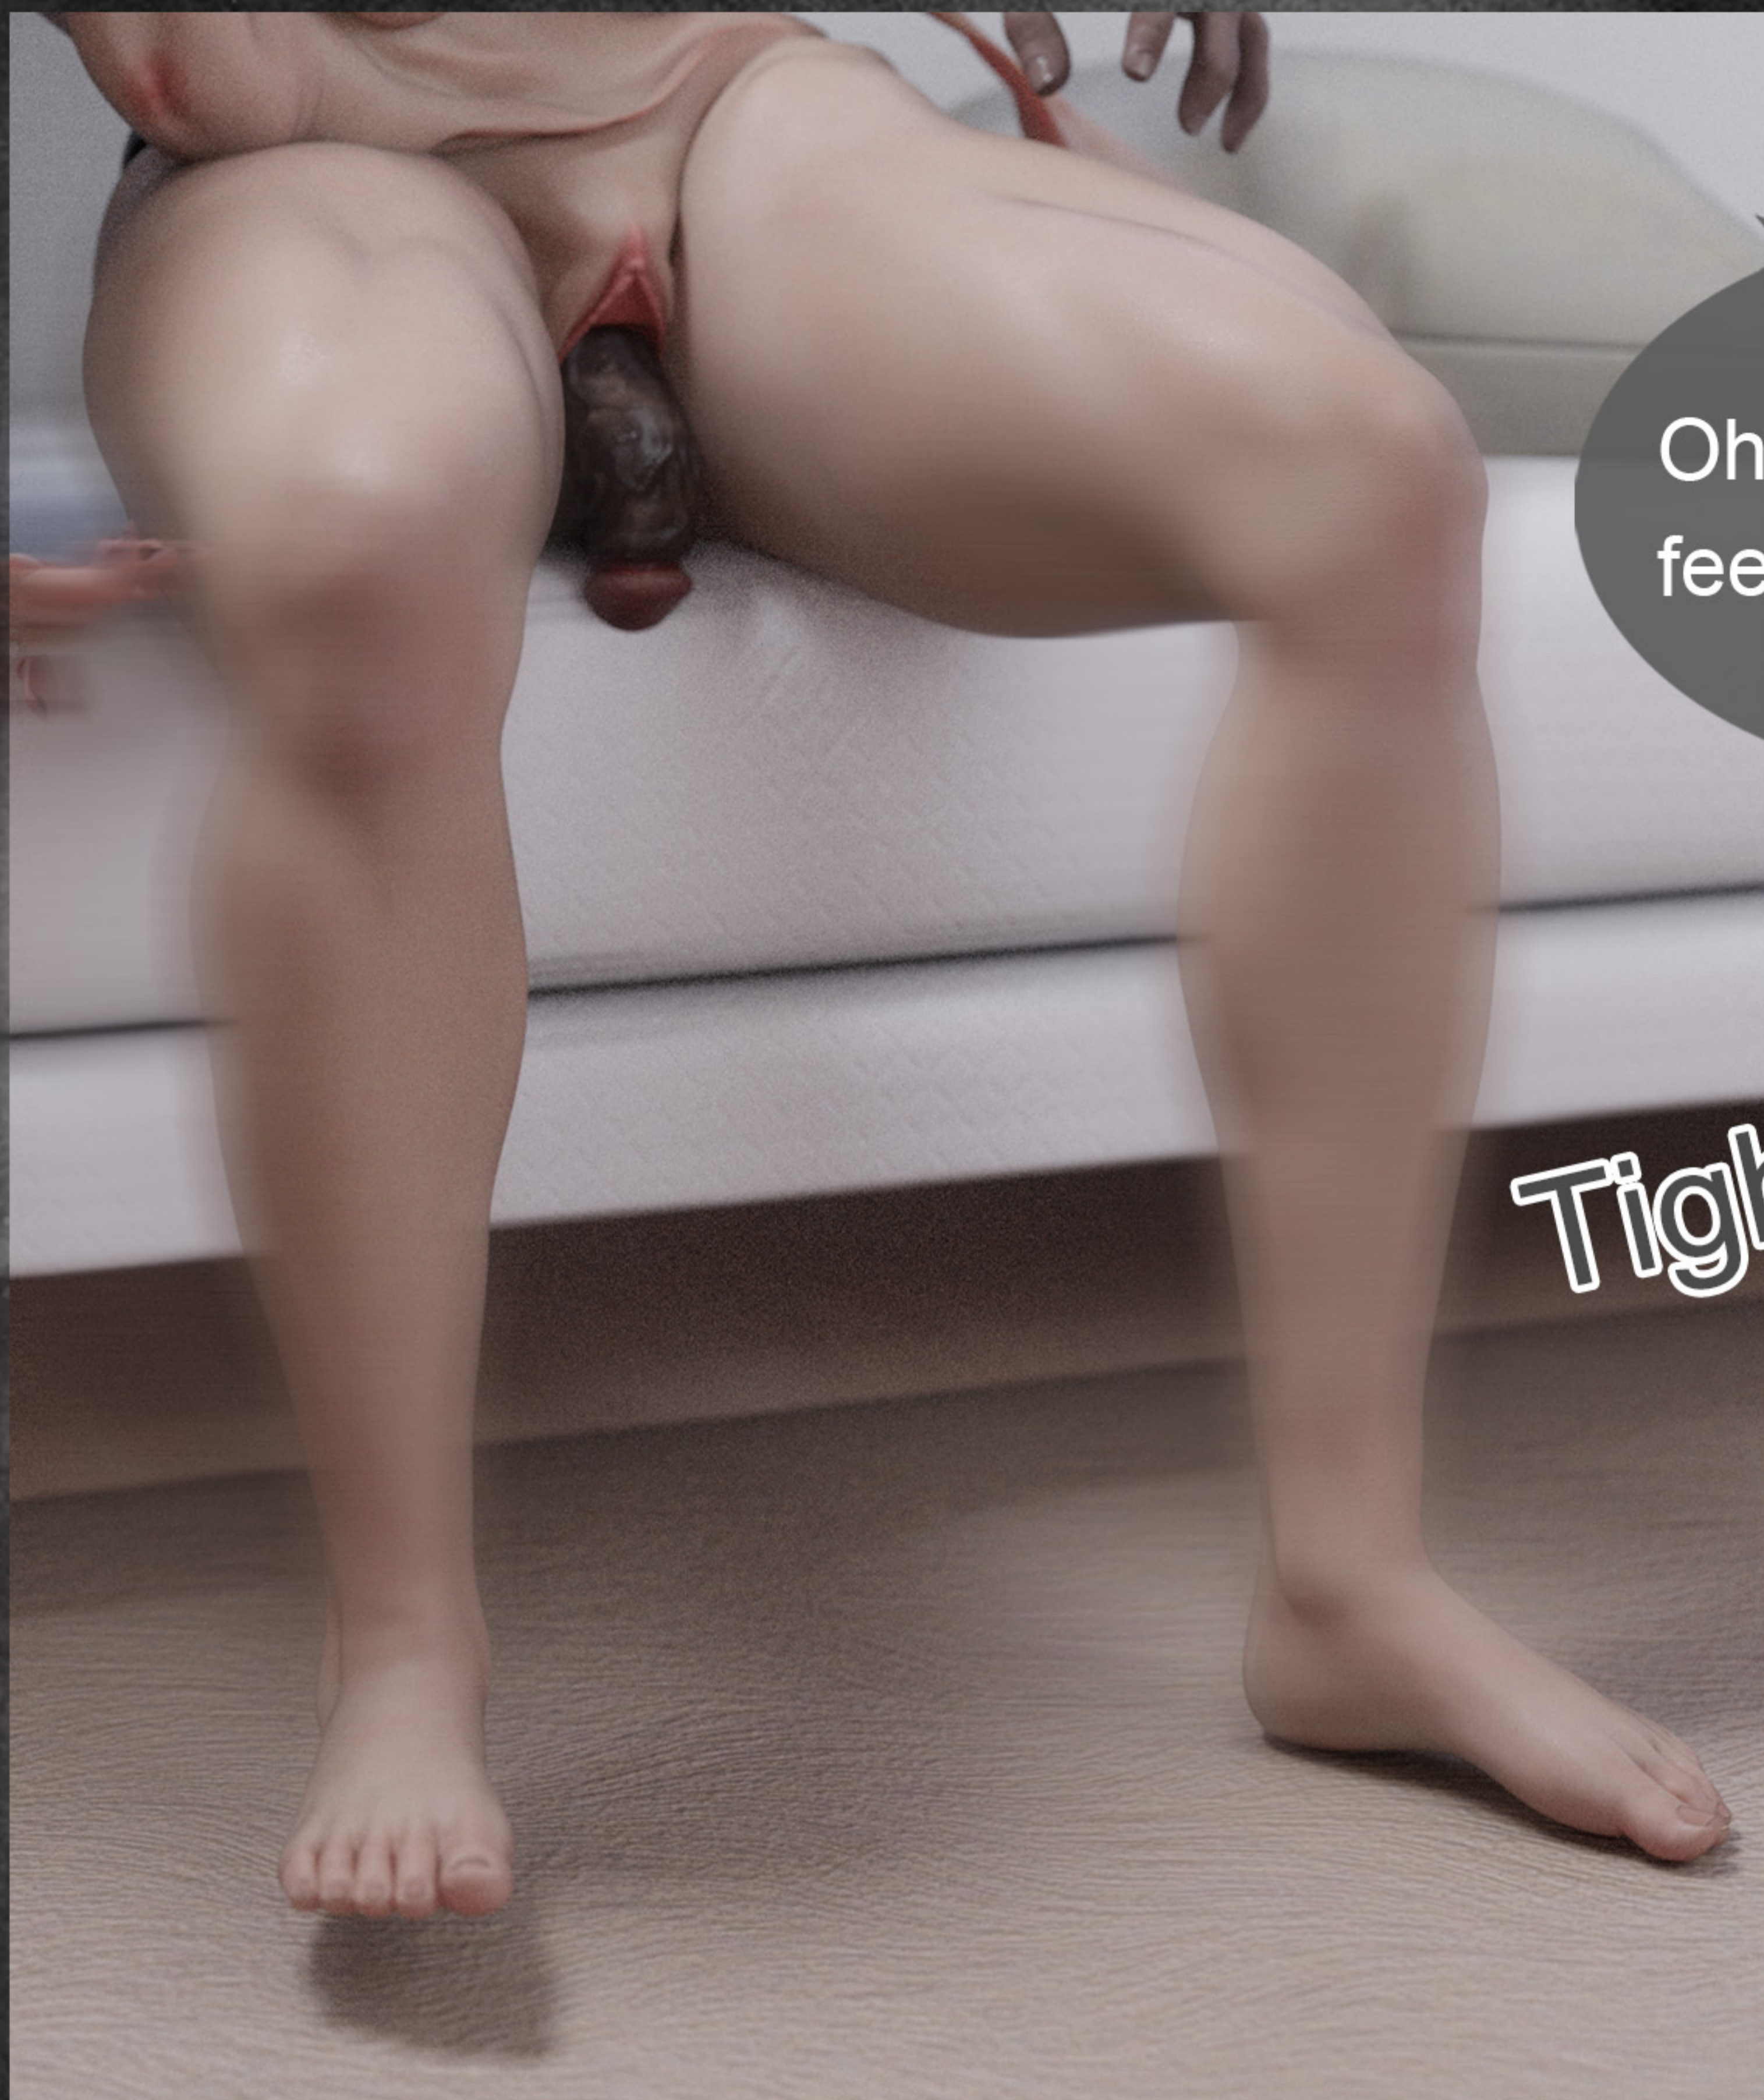

Finally put on the  
pant part. So god  
damn hard.

It's so tight that I  
have nowhere to  
put my big penis.

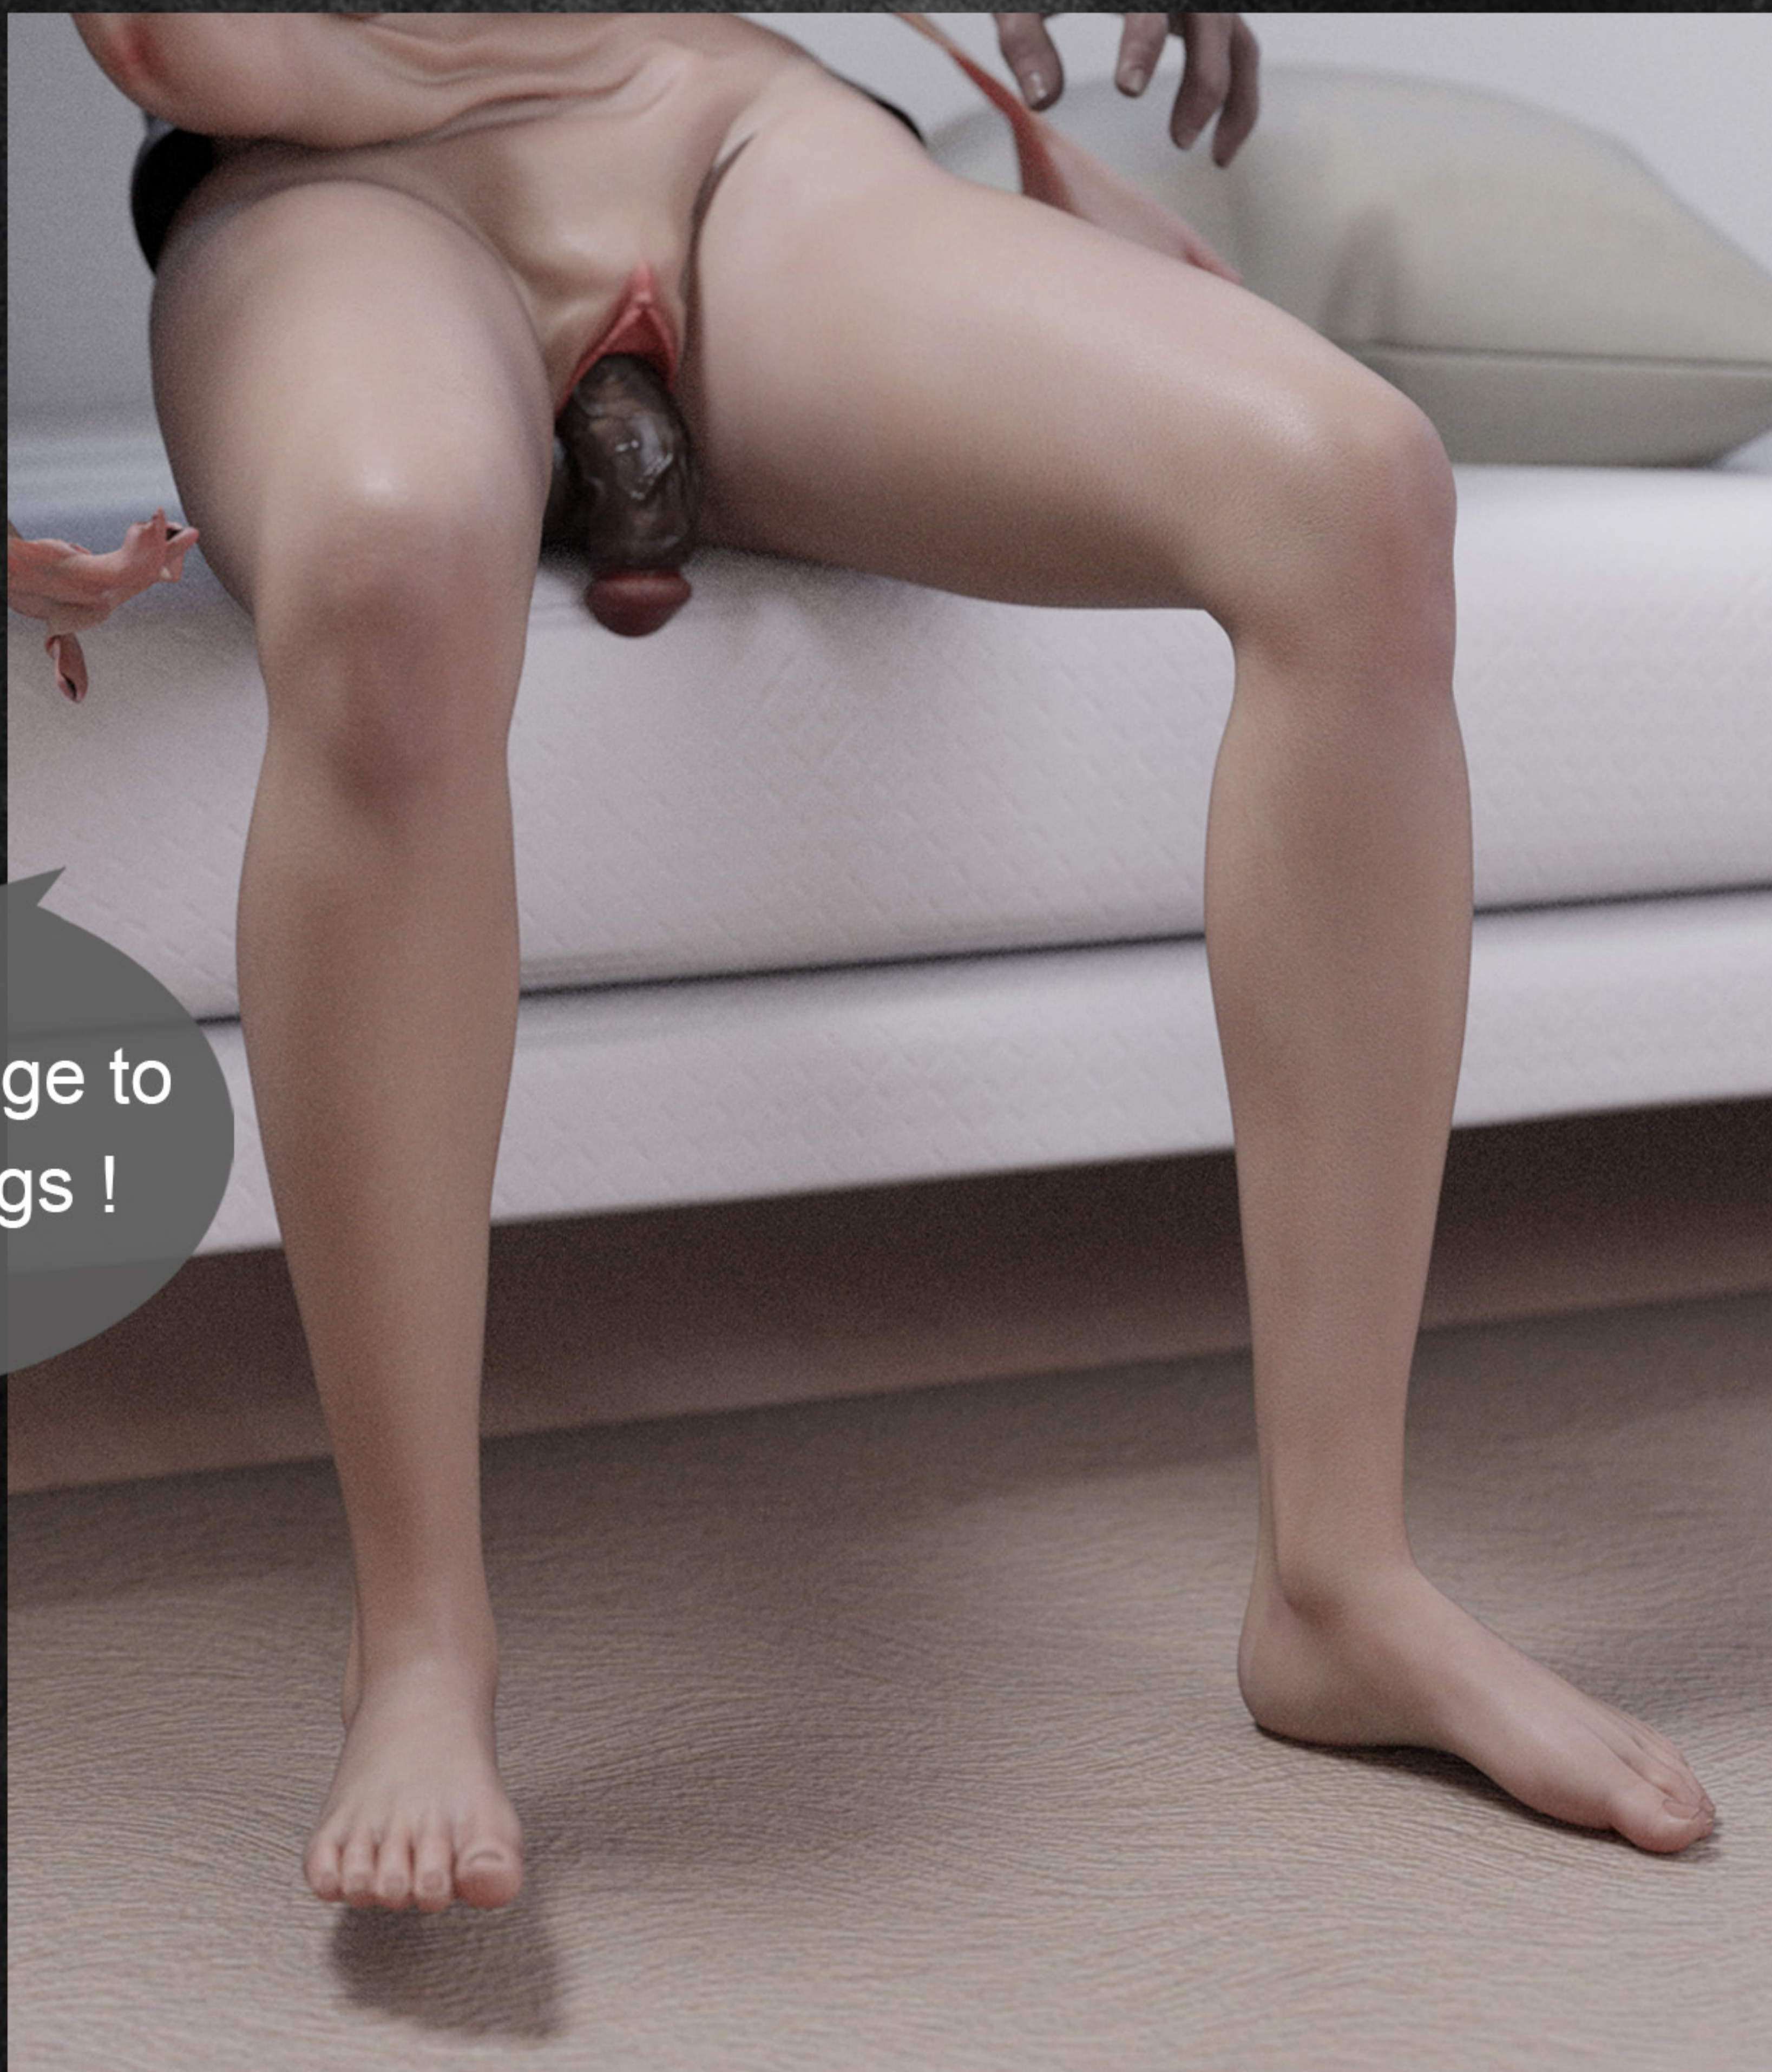

I put on the bottom part  
of the skin suit.  
Is this normal that I feel  
nothing changes?

Oh oh oh! I start to feel something.

Tighten up

My legs change to a woman's legs !

Man like me having a woman's legs is very strange

A photograph showing a man with extensive tattoos adjusting a very tight, light-colored garment on a woman. The garment appears to be a full-body suit or a very restrictive piece of clothing. The man is leaning over the woman, who is lying down. The background is a plain, light-colored wall.

It's very tight and smothering to wear.

A close-up photograph of a realistic penis prosthetic attached to a woman's body. The prosthetic is dark brown with a red, textured tip. It is positioned in the center of the frame, between the woman's legs.

At least my dick hanging outside is quite comfortable.

Ok. Let's wear the top half. Hurry up!

The fit in feeling.....

Oh oh oh!

Tighten up

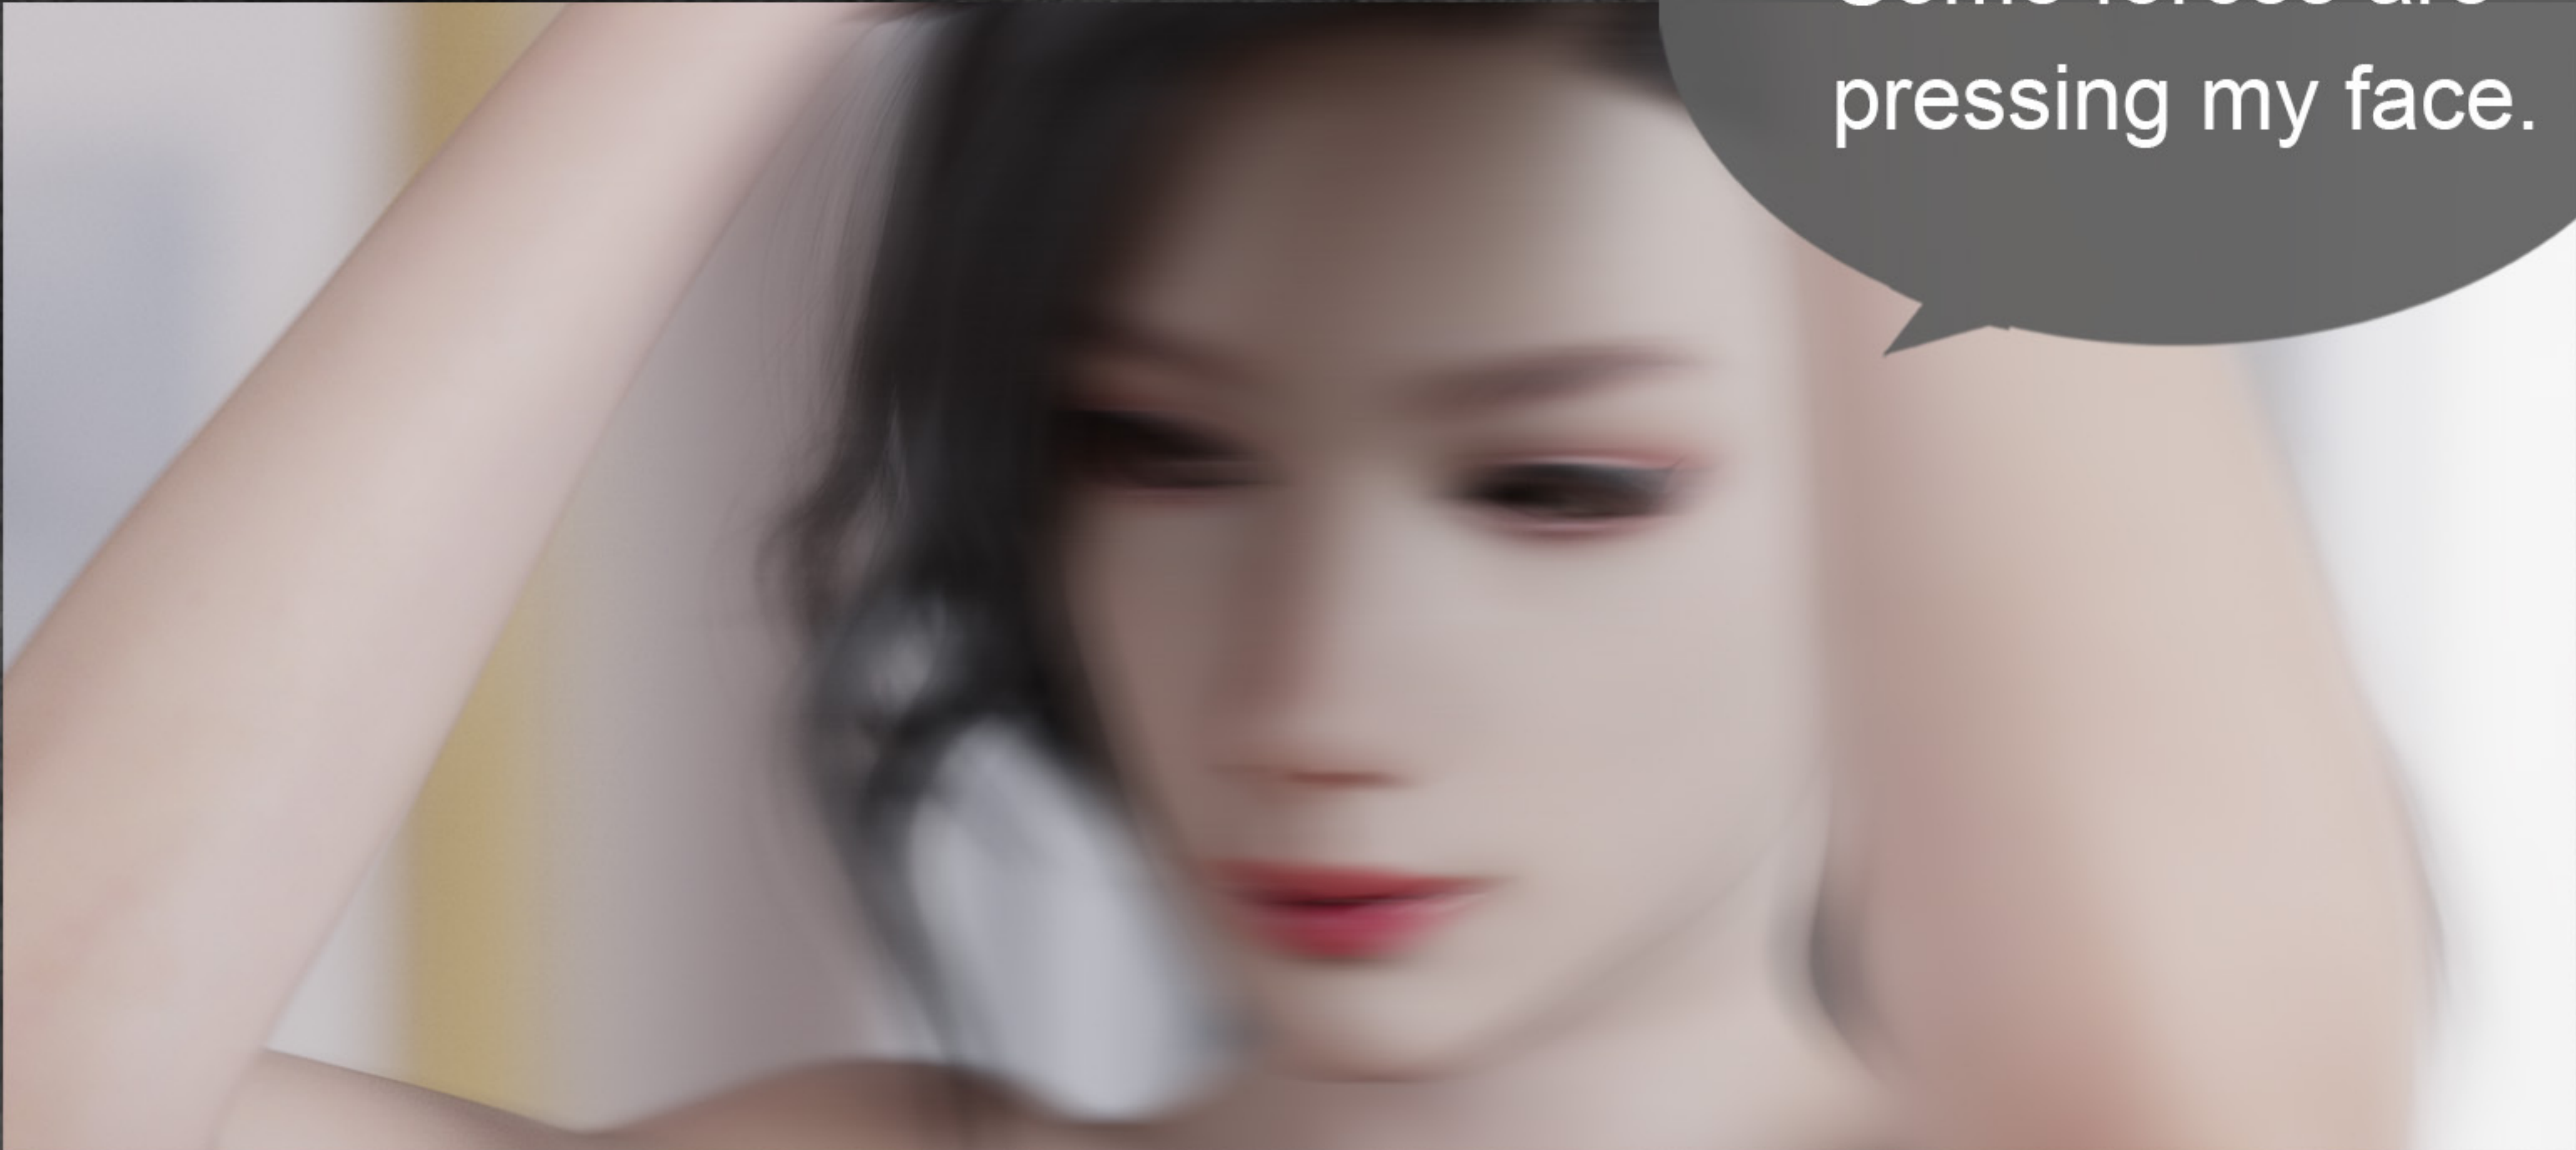

Almost done.  
One last step.

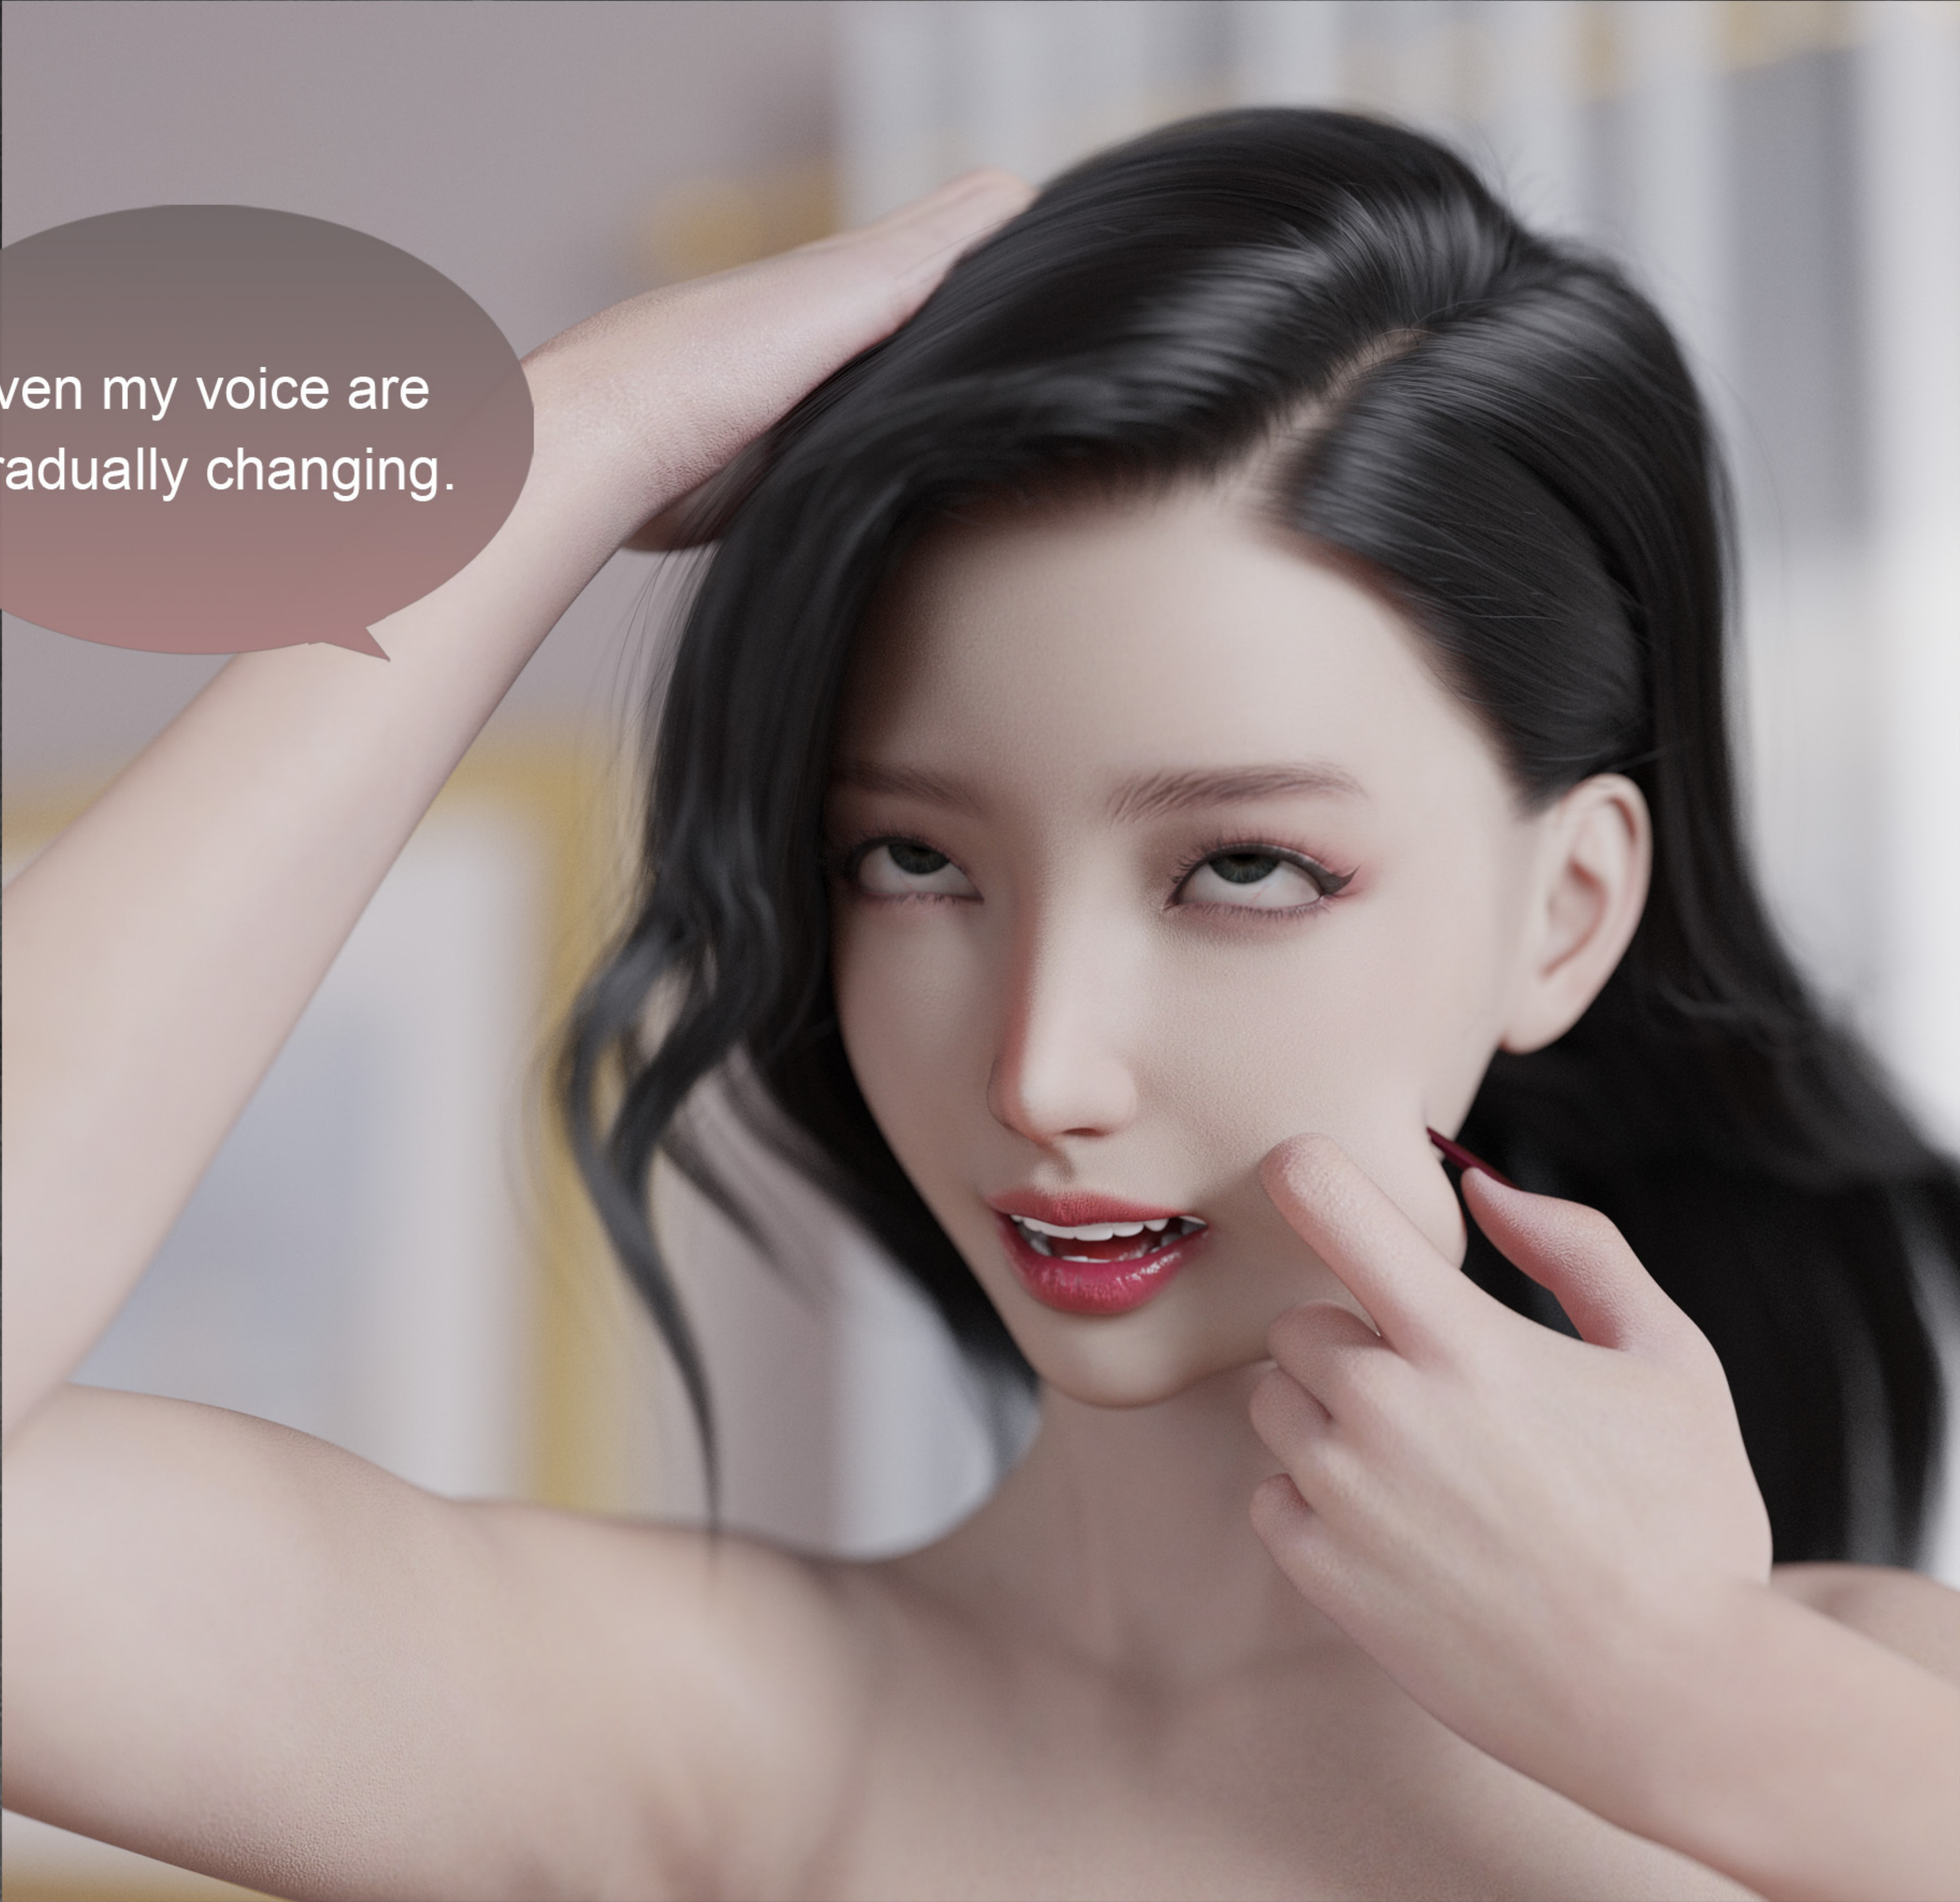

Hope everything  
turns out well.

Pull up

A close-up photograph of a woman with dark, wavy hair. She is looking downwards with a slightly pained or uncomfortable expression. Her hands are raised to her head, with fingers running through her hair. A dark grey speech bubble is positioned in the upper right corner of the image.

Uhohoh~~  
Some forces are  
pressing my face.

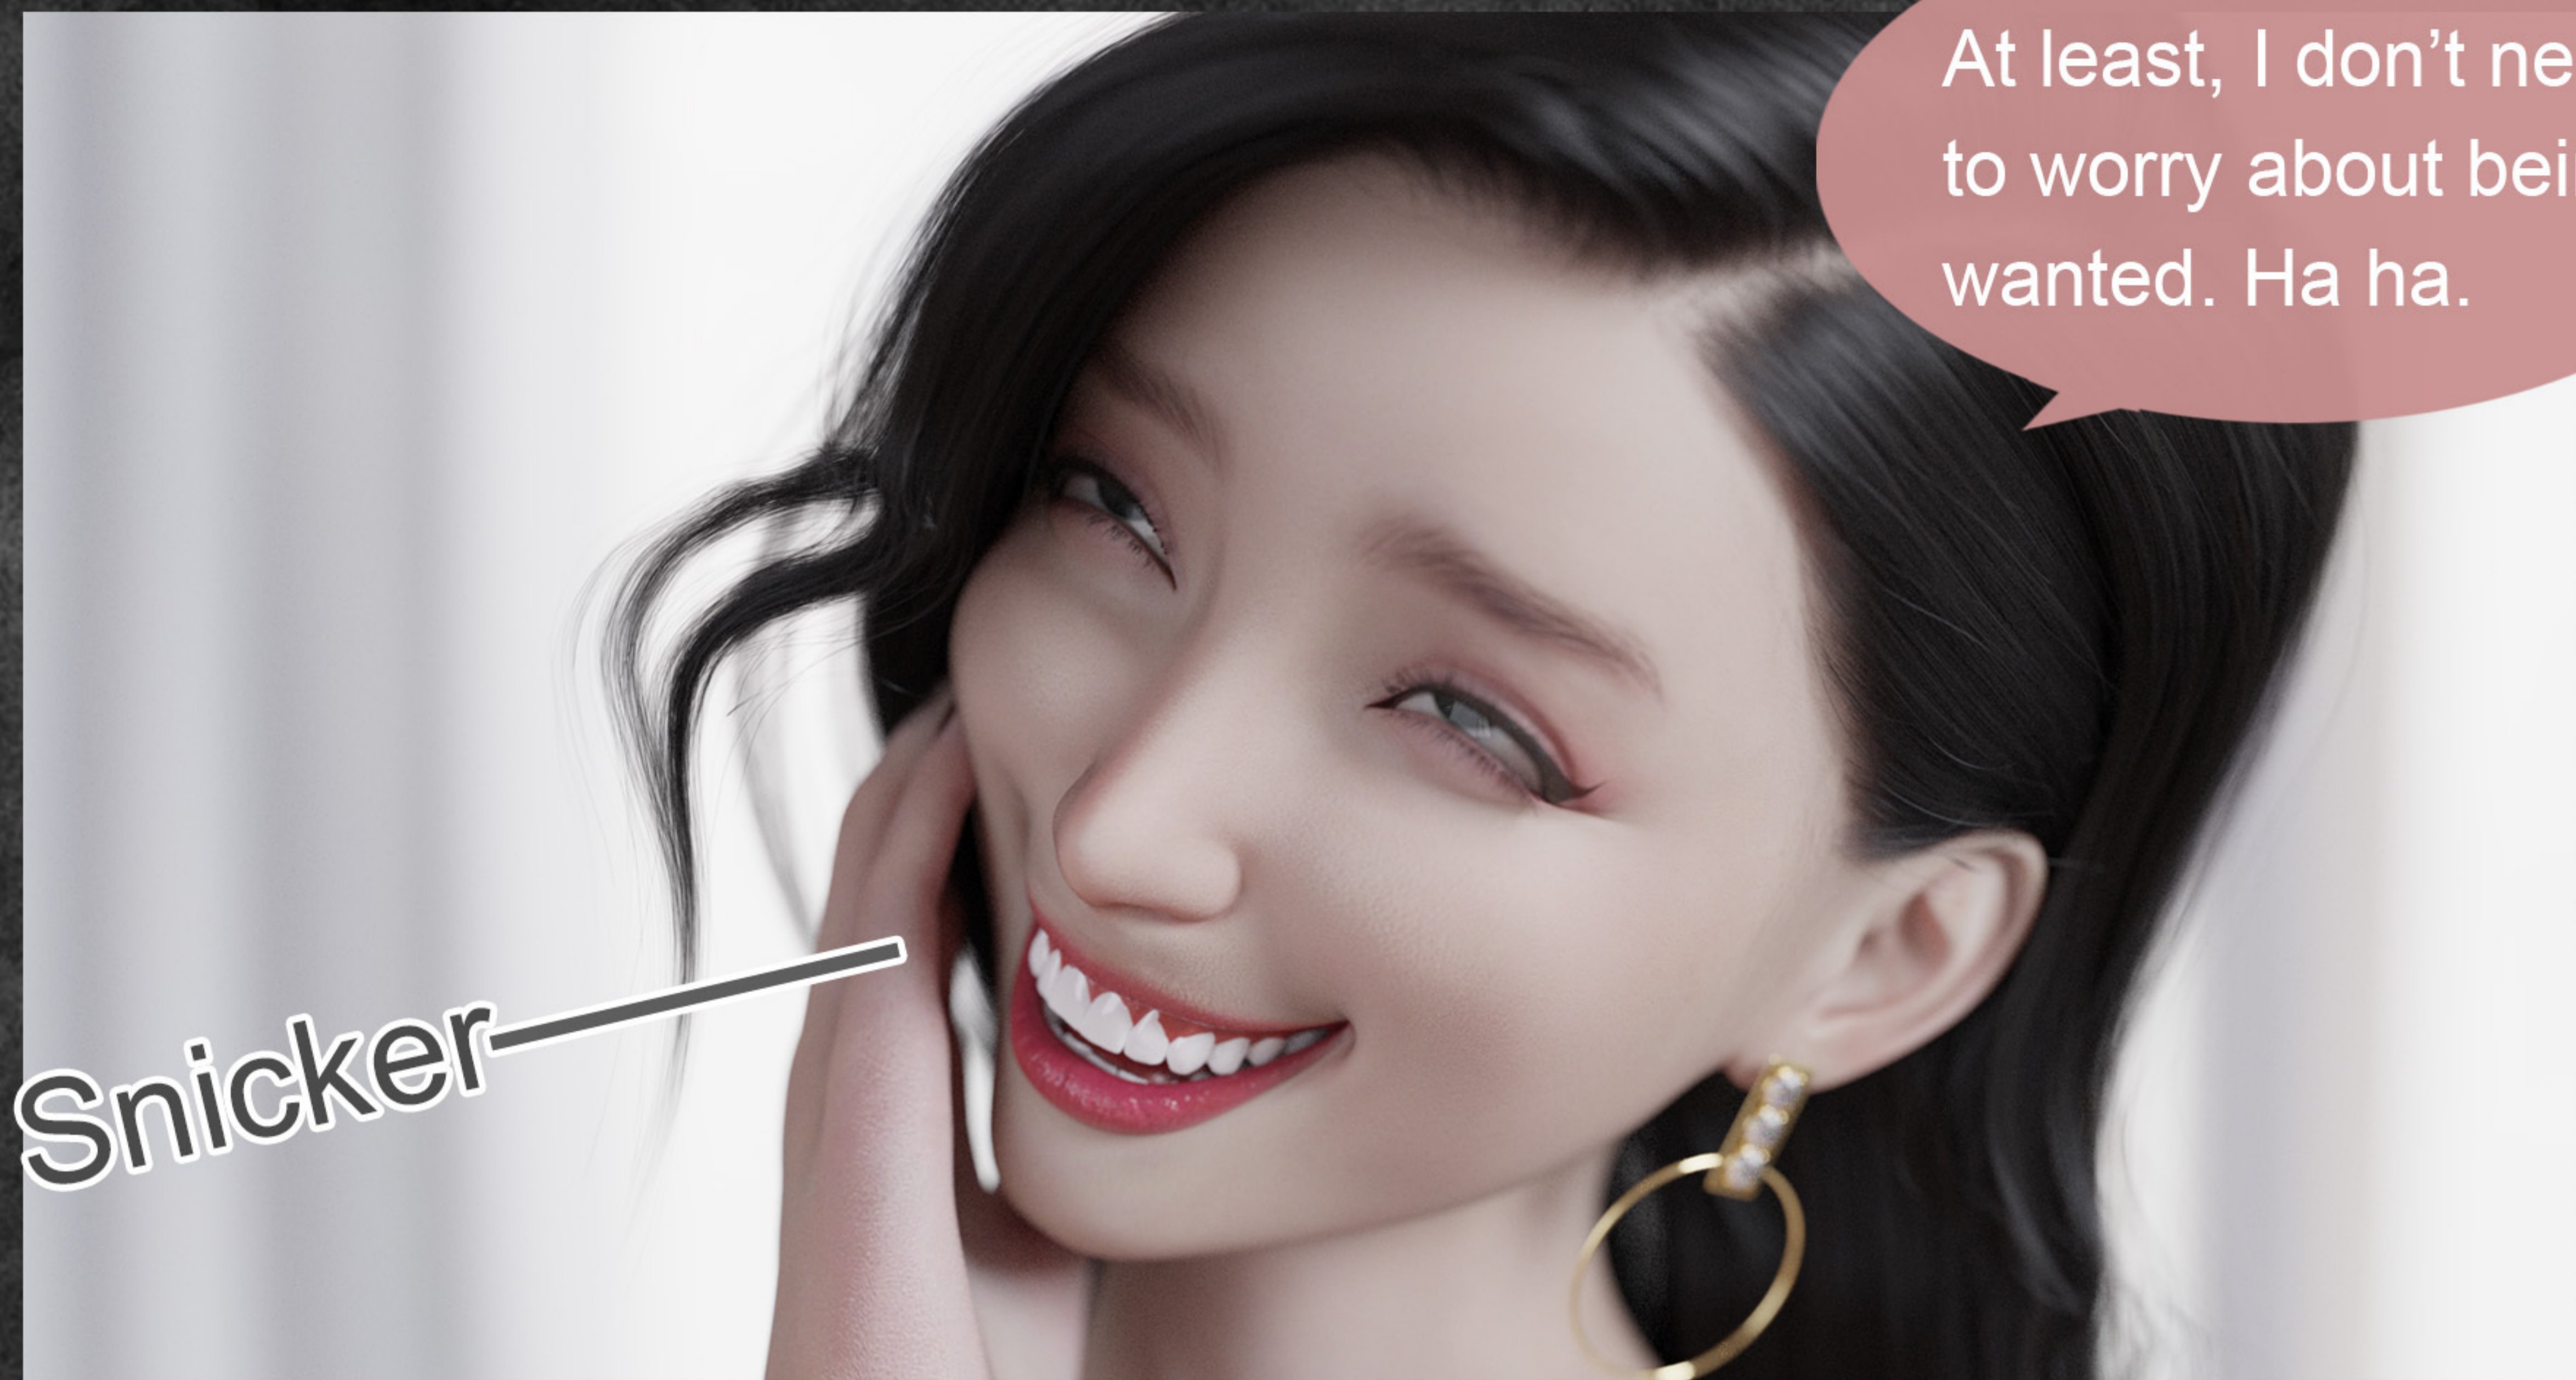

A close-up photograph of the same woman, now looking upwards. Her expression is one of surprise or realization. Her hands are still near her head, with one hand touching her cheek. A dark red speech bubble is positioned on the left side of the image.

Even my voice are  
gradually changing.

A woman with long black hair and large gold hoop earrings stands in a modern living room. She is nude, and a large, dark, bulbous growth is visible on her pubic area. She has a thoughtful expression, with her hand near her face. The room features a large window with light curtains, a white sofa with a grey cushion, and a glass coffee table with a candle and books.

Am I all changed?

My voice....my body...  
Everything seems so  
strange to me.

Snickers

At least, I don't need to worry about being wanted. Ha ha.

Let's check this bitch's body!

After under the careful eye of mine, this woman's face and body are the finest.

The scene that a pretty woman's crotch hangs over a guy's cock is quite strange.

The woman's body looks so weak. As a real man, I prefer my old muscular body.

Erection

But seeing my own reflection in the mirror is really turn me on !

Now I'm international wanted rapist who has a beautiful female flight attendant's appearance. Lots of possibilities are waiting for me.

Rubbing

I'm so hot and elegant. I want to rape myself. I can't stand it anymore.

Her hands are very soft  
that make me jerk off  
peculiarly comfortable.

A gorgeous female flight  
attendant jacks off like a  
disgusting man.  
What a contrast scene.

Ah ah~ I cum!  

I feels so good after  
masturbation.Live as this  
chick seem very nice.

Although it feels good,  
I still feel something is  
missing.

In the end, I don't  
feel fully satisfied.

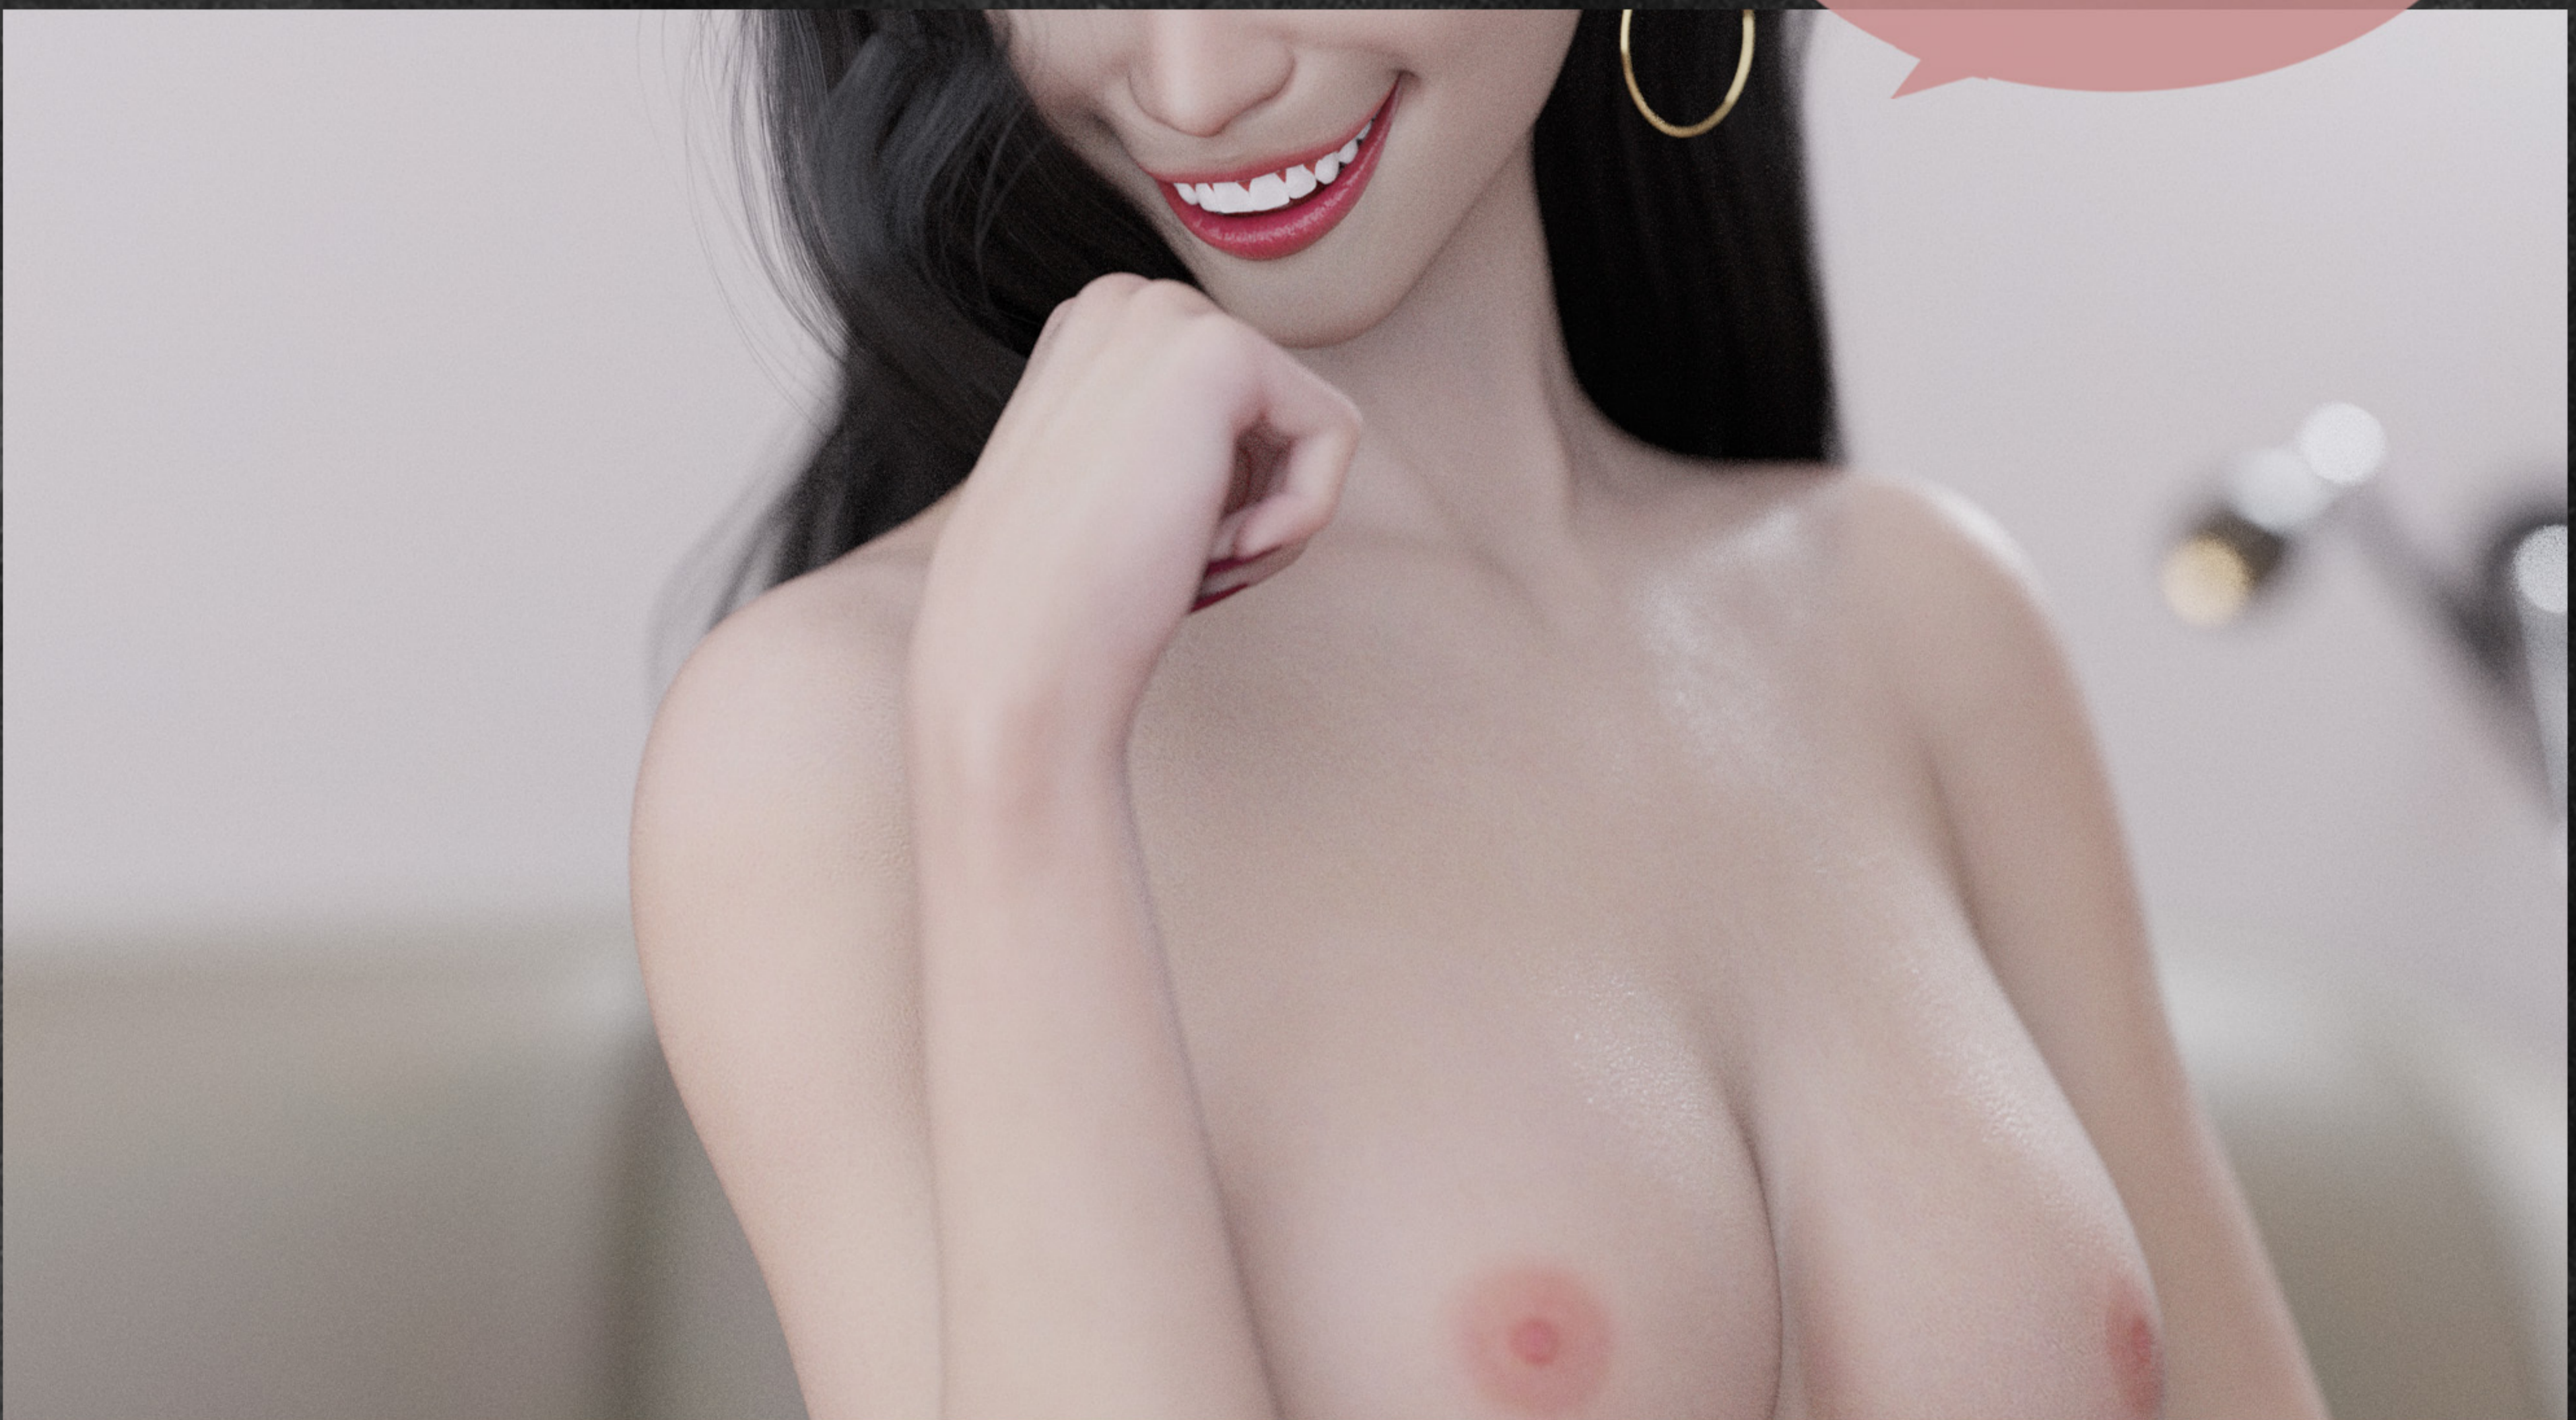

For a rapist like me,  
it needs to be more  
exciting.

There should be  
some fear looks and  
scream to make me  
more satisfied.

I remember the old man  
told me some techniques  
for using the skin knife.

Let's try it ~  
Seems like something  
fun is coming.

Uh...

What happened?  
I feel.....dizzy.

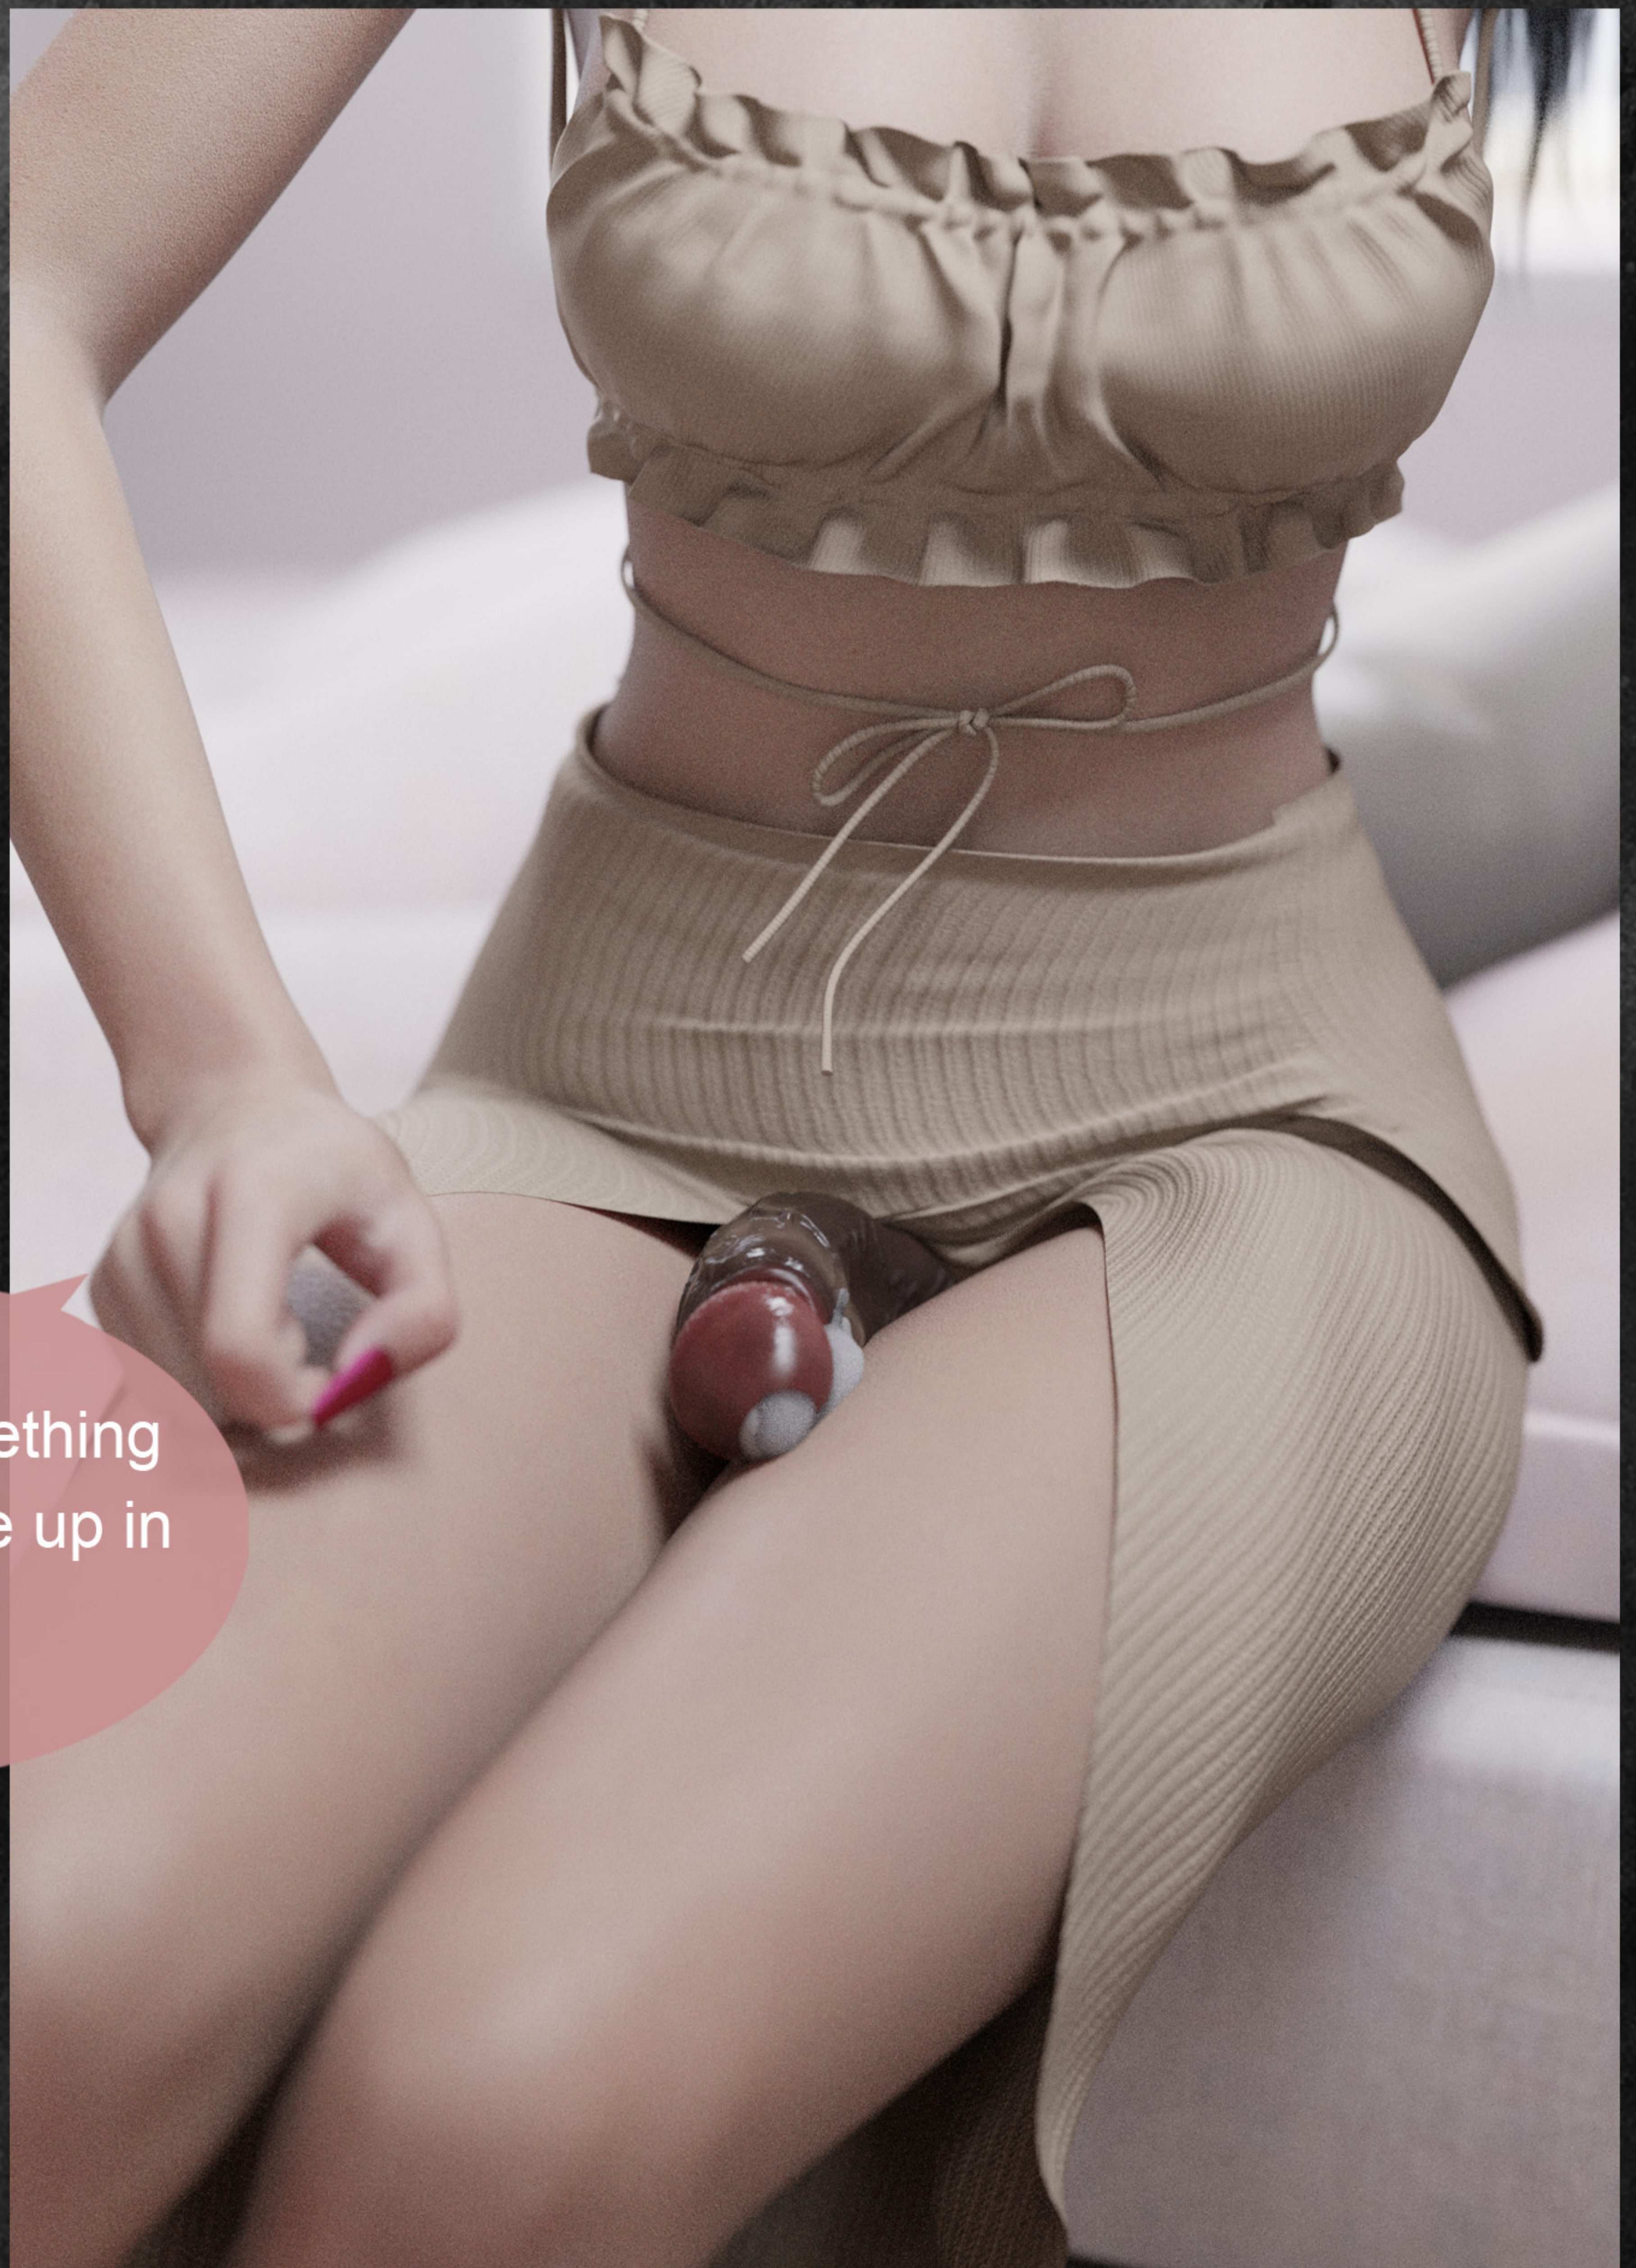

I remember that I  
was attacked in  
the bathroom.

Are those things just  
in my dream?

Why am I feeling there is a strange thing in my private parts?

It seems something new just come up in my crotch.

*What is this ?!*

*Why.....  
why my body.....*

Is this a male genital?

It's so dark, smelly and disgusting. Why does it look like has not been washed for a long time?

A woman with long black hair, wearing a beige two-piece outfit consisting of a ruffled halter top and a high-waisted, ribbed skirt with a large slit. A large red fruit, resembling a cherry or apple, is protruding from the slit. She is standing in a modern living room with a white sofa and a window in the background. She has a thoughtful expression, with her hand near her chin. Two speech bubbles are overlaid on the image.

What cause this?  
Is this some kind of  
weird disease?

No. I should find a way to  
solve the problem.  
Maybe when I come back  
to the country, I find a  
surgeon to remove it.

I need to find a way to hide it.  
At least, it makes it invisible  
under my clothes.  
I will find doctors in the future.

Press down

Maybe tight panties or  
stockings can hide the  
bulge.

Ugh... The panties and stockings both can't cover it. How can I go to work when I have a such huge bulge?

But it seems to soften up. I try another way. Maybe I try to wear a loose skirt.

Next.....Wait?!

Rubbing

Why are my hands moving on their own?

A woman with long black hair, wearing a beige, ruffled, strapless top and matching skirt, is shown from the waist up. She has a black vibrator on her hip, which is pointed towards her. She has a look of distress or confusion, with her mouth open and eyes wide. She is wearing gold hoop earrings, a gold bracelet, and a gold ring. The background is a plain, light-colored wall.

Why is my body  
moving on its own?

Fast stroking

I can't control  
my body!!!

Stop!!!

No! I don't want this!

Quick rubbing

I feel so disgusted.  
No.....

Somebody help me!  
Something keep coming  
from my crotch. It's  
everywhere in my stocking.

No! I don't want this!  
Woo...Woo...Woo...

No...I....gonna come!

Yes! Your resisting  
scream and frightened  
face are so irresistible.

Who are you? Why  
there is a voice coming  
from inside my body?

Because.....  
I'm youself.
