

Chapter One

David and Janet had been married for sixteen years. They had married young, David was seventeen and Janet was sixteen when they first met. David had impregnated Janet on one of their first dates, and so they had gotten married to avoid any embarrassment. They lied about their ages so that they could get married. They had two children, twins born to them nine months following their conception. Their twins, a boy, and a girl, were named Greg and Lisa. They were not identical twins however, and grew up looking quite different from each other. David and Janet were an open couple who led an active life style. David kept in shape working out at the gym, and Janet took good care of her voluptuous body. David was six feet tall, one hundred ninety five pounds and still had his hair. Janet stood a slender five foot nine inches, had long light brown hair, sported a pair of 38d inch breasts, and had a great figure. Now that the kids were teenagers David and Janet agreed that it was time to educate their children about sex.

"We were young and didn't realize the risks. I don't want Greg and Lisa to make the same mistakes." said David.

Janet said "I agree. They are going to hear about sex, and experiment. I would rather show them ourselves and answer any questions than leave it to chance."

So, one weekend they took a family trip to their mountain retreat where David and Janet had often been on private trips for orgies

involving other couples. Greg and Lisa had no idea of their parents openness or what awaited them once they arrived at the cabin. Greg followed after his father, was tall for his age of fifteen, and he was on the school's track team. Lisa followed after her mother figure. She had long flowing red hair with soft curls, and she sported a pair of breasts that at fifteen years of age filled her 37d size bra amply. She had a nice round ass which was firm and stuck out straight and would bounce along with her boobs when she jumped up and down in her cheerleaders outfit. Both were still growing children and would no doubt equal their parents in size sexually.

After the family arrived at the cabin they had dinner and were enjoying the nice cozy fire that Dad had made. Dad fixed some brandy for everyone and passed around the snifters. Greg and Lisa were surprised since they had never been served alcoholic beverages before, leastwise by their parents! Dad began to talk to his two children. "Greg and Lisa, I know you are surprised at my giving you brandy to drink, so let me explain. You are getting older now, and I'm sure that you are hearing of drugs, sex, alcohol and naturally you may be curious. Your mother and I want to explain these things to you rather than have you sneak behind our backs and get into trouble."

Lisa spoke up and said "Oh, but we would never do that."

Mom said, "You may not feel that you would, but as you get older, curiosity takes over. It's only natural. Believe me, your father and I know, that's how the two of you got here!"

Dad nodded in agreement with his wife's words adding, "We wanted to allow you to begin to experience some of these things in a controlled environment. This way you won't feel pressured, or sneaky. So go ahead and enjoy the brandy."

And enjoy they did. Greg and Lisa slowly sipped the brandy watching how their parents did so, and they began to relax. David and Janet were an affectionate couple, and sat next to one another kissing each other from time to time. As the brandy began to have it's effect Dad spoke up again, "One of the greatest pleasures adults enjoy is that of sex. We know that you will hear of it in school, and sex education provides some information, but as your parents we have a responsibility to show you the ropes"

"What do you mean Dad?", asked Greg, "We're both fifteen, I mean we pretty much know everything we need to know."

"Have you or your sister had sex yet?" asked Janet.

"Oh no" said Lisa. "I haven't even let guys kiss me yet. And Greg has never mentioned to me that he has done anything either. We're very close to one another and we would know if one of us had." Greg was nodding his head in agreement.

Janet said, "We're not accusing you of anything, nor do we suspect you of sneaking around. We both know you lack experience and have been good kids. Your father and I brought you up here to train you in the ways of love."

Greg and Lisa looked at each other and then back to their parents and asked, "What do you mean-train us?"

Dad spoke up and said, "We want you to know what sex is about. Forget about what you learned in sex education. Sex is not dirty, not nasty. It's fun, but you have to exercise some caution otherwise you can get hurt and end up sorry the rest of your life. We want to show you what happens when two people have sex and the joy that goes with it. Your mother and I have discussed it and we'd like to educate you ourselves."

With that David stood up and took his wife's hand. He helped her up from the couch and took her in his arms and kissed her long and tenderly in front of his children. Janet responded to David's kiss and she wrapped her arms around his back and pulled him to her. Greg and Lisa watched their parents do what they had seen them do many times before, embrace and kiss each other. But now they noticed that Janet began to unbutton Dad's shirt and open it up. David moved his hands down to his wife's ass and cupping her cheeks he pulled her pelvis into his. After Janet unbuttoned David's shirt she next started unbuckling his belt. At this point David stopped her with his hand and whispered something in his wife's ear.

Dad now said "As strange as this may sound to you now Greg and Lisa, I want you to remove your clothes." With that Mom and Dad began shedding their clothes as naturally as you please. Greg and Lisa's mouths fell open and they looked at one another eyes open wide. "Mom and Dad, you must be joking! What are you doing!!!"

they said. However, David had already removed his shirt which had been unbuttoned by his wife, and he was pulling his pants off. Janet was removing her pullover sweater and unclasping her bra. She pulled her bra away from her large tits, freeing them from their prison and she swung them back and forth. She also reached up and pulled her long hair back behind head to straighten it out. She looked at her children to note their reaction. They stared incredulously at their parents undressing before their eyes. "Come on kids, what's the hold up?", asked Mom. Dad was now removing his briefs revealing his nine inch penis which was only mildly aroused from the recent embrace of his beautiful wife. He was the first to be naked but his wife Janet was down to her lace panties which she now was hooking her thumbs into to remove. When Lisa saw her fathers penis she put her hands to her face to cover her eyes and she looked away. Greg slowly got up and began to remove his clothes in answer to his parents request, still disbelieving what was happening.

Janet sat next to her daughter and put her arm around Lisa's shoulders and said "Honey, what's wrong? This is nothing to be ashamed of. The human body is beautiful. Male or female. Don't be shy."

Lisa removed the hands from her face and turned to her mother. "Its just so sudden. I guess I wasn't expecting anything like this. I'm sorry. I'll be okay." The brandy was helping to relax her and her brothers' inhibitions. She looked around to her brother who was removing his briefs to reveal a seven inch peter which was semi-erect from seeing his mother's firm boobs. Greg was feeling a little awkward being naked in front of girls especially they being his mother and sister. He was a little bit nervous too because he was

experiencing an erection at seeing his mother's big tits. Lisa and her mother stood up and Janet began assisting her daughter to remove her clothes. Lisa was wearing a flannel shirt and designer jeans tight enough to accent her round shapely ass. While Lisa unbuttoned the shirt, Mom was undoing her jeans and unzipping them. She pulled them down and had Lisa step out of them. Next Janet pulled Lisa's panties down as Lisa removed her bra freeing her own nicely shaped breasts. Lisa was stripped in no time and Janet finished removing her panties so that everyone stood naked in the living room in front of the fire.

Dad now said, "This weekend your mother and I are going to give you lessons about sex. Don't feel embarrassed or shy. Let's be completely open and explore. Feel free to ask any questions. I know you probably hear jokes told about the human anatomy, and you also may know some of the slang terms used to describe the different areas of the body. We will discuss and show you the erogenous zones and the different ways in which each of you can gain pleasure."

To start the lesson, Janet reached over and wrapped her hand around her husband's cock and said, "I'm sure you know that this is your father's penis. But it is also referred to as cock, or prick, and peter just to mention some names."

Lisa giggled and said, "Is that his dick?"

"Very good Lisa. Yes, that's right. This is his dick, or manhood. It is also his pecker. Right now it's kind of soft however, but it will get hard soon."

"Yeah, that's called a hardon." said Greg who had pulled his hand away from his semi-erect peter.

Lisa looked over at her brother and noted his slight erection. "Ooooh look at Greg's penis, it's sticking out like a pole."

Janet replied, "Son, are you aroused?"

Greg looked sheepishly at his mother and said, "I can help it. I guess I must be sorta nervous or something."

His mother took her large breasts in her hands and pushed them together. She held them out to her son, almost pushing them into his face. Answering him she said, "Or something? I bet I know what's turning you on. You are more likely aroused at seeing my tits. Yes, my breasts or tits, boobs, hooters, headlights as they are also known as generally cause a reaction like your are experiencing. Don't be shy, I enjoy seeing your dick getting stiff at seeing my boobs. You do like my boobs don't you?" And she held them out for his inspection. She gently rolled them around in her hands mashing them together and twisting the nipples making them stand out. Janet had large beautiful breasts that stood out firmly and had a soft upward curve, with big round nipples two inches in diameter. Her nipples stood out a good half an inch as she twisted them. His mother's tits still stood straight out on their own, causing many a head to turn as she walked down the street.

Hearing this Greg's peter began swelling in size. He could not believe his mother was speaking to him in this way. He had to admit that her boobs were gorgeous. Greg naturally as a boy entering puberty a few years previously had seen some porno magazines from time to time. He loved looking at women with big boobs, and his mother could easily be on the pages of one of those magazines. She was very attractive and would continue to be so for many years to come. She had kept her figure in great shape. He had never really paid much attention to her until now. He just stood transfixed at her beautiful full tits, examining the large size of them and imaging how they must feel to squeeze.

He answered his mom, "Yes mother, your tits are just wonderful. They're so nice and big. Seeing your big boobs is making my dick get hard! I can't help it. You are what the guys refer to as 'stacked!'" You are an absolute knockout!"

Lisa could not help but notice her brother's peter swelling in size as Greg eyed his mothers' boob. Lisa swooned, and said, "Look at how Greg's penis is getting stiffer. But it's not as big as Daddy's."

Dad spoke up and replied, "Pricks come in various sizes Lisa. Size does not necessarily mean anything, but what's important is how you use it. Besides, Greg is still a growing boy. No doubt his cock will grow larger in proportion to his physical growth."

Mom nodded in agreement to her husband's words as she eyed her son's stiffening member. She was proud of her son's stiffening

member and was turned on by it. She was happy that she had turned him on with her own beautiful body.

Lisa's nipples were sticking out and Greg noticed his sisters tits. He said, "Lisa must be aroused as well. Look how her nipples are standing out like they're erect or something."

Mom said, "Yes you're right Greg. That's good Lisa darling. Do you like seeing your brothers cock? Is it turning you on?"

Lisa responded. "I guess so. I never really noticed him before. It's so fascinating watching it grow! I do like looking at though. How big will it get?"

Mom laughed and said "It's quite natural to become aroused as looking at the body naked causes these reactions. But let's not use the formal names for our features such as penis, or breasts, vagina, and butt. Use the words you heard us use, or ones that you are familiar with. You will find that using those slang words are even more arousing, and fun to use than the formal ones."

"Lisa looked at her mom and blushed. She asked, "Mom I can't help but notice that you have shaved all but a little patch of hair around your...you know...uh"

"Pussy, dear. Yes, do you like seeing it shaved? What do you think? Both of you children come closer to see for yourself." At that she sat

back down upon the leather couch, leaned back and invited her children to gather around for closer inspection. Janet had a beautiful looking pussy with large lips. Often when she would wear a swimsuit the fabric would often gather between her lips and emphasize her sex. She would constantly have to reach down and pull the material from the crease between her crotch so that it was not so noticeable. Greg had noticed it at times when they had been at the beach or pool. He was starting to get in the swing of things and so said, "Mom I could not help but notice the big lips of your cunt. You are always pulling the fabric of your swimsuit from getting caught in the crack between the two lips there." Dad responded, "You've noticed that too son! She has got large lips for a pussy. And oh what a beautiful pussy it is!" Janet now spread her legs to expose the large labia that her husband and son were referring to. She had large lips to begin with, and they were becoming swollen as she was aroused. She began to stroke over her open pussy pulling the lips apart to expose the pink flesh beneath. Dad continued, "She shaves the pubic hair from around her cunt and just leaves a little triangular patch at the top. A big beautiful pussy like that should be visible instead of hidden by all that hair."

"Why do you shave around your pussy Mom? Is it just so that Daddy can see it better? Does he like to look at it?", asked Lisa.

"We will get to the answer to that question a little later." said Dad. "I think you will see for yourself why she does. But to answer your question, I do like looking at your Mother's pussy. It is beautiful is it not?"

"Lisa why don't you sit down beside me on the couch and open your legs up so that your brother and father can see your pussy more clearly. After all, you have gotten to see his dick sticking out. I'm sure that your father and brother want to get a closeup of your pretty pussy." With that Lisa plopped down beside her mom and opened up her legs. Lisa's pussy had a small amount of red hair growing around it, not thick as a woman's. The lips of her cunt were not as thick as her mom's either. Following her mother's lead she used her fingers and pulled apart the lips exposing her cunt. She was unabashed at showing her intimacies to her family members even as they had done to one another. Greg's dick was now fully aroused as here his beautiful mother and sister were exposing their treasures in a seductive manner to his eyes. As his sister ran her finger along the slit of her cunt pulling the lips apart he noticed some wetness. He pointed to it and said, "Lisa's beaver looks wet. How come?"

"You will notice my cunt is wet too!" said Janet as she pushed her index finger into her pussy and pulled it out. She held it up to the firelight and let her audience view the glistening wetness. "This wetness is actually a lubricant which makes intercourse, or as it is more commonly known, 'fucking' possible. A woman's pussy secretes this lubricant depending on the amount of arousal and stimulation she receives. Your sister and I are aroused and therefore our pussies are getting wet. Even as you guys got hardons at seeing our features, then when we girls see your erections it causes our pussies to get wet."

"Are we going to have intercourse, I mean, are we going to fuck?" asked Lisa with a wide eyed expression.

"First things first", said Dad. "There is a lot of things to learn before you get to that point. You gotta learn to crawl before you can walk." He grinned at his own joke.

"Yes, yes" replied Mom. "OK, any questions so far? Greg what do you think of your sister's pussy? Do you like to look at it?"

Greg's eyes seemed glued to his sister's cunt. He had been watching her since she sat down, laid back and opened up her cunt exposing the folds of her young beaver for he and his father to view. She was stroking her own pussy and from time to time would rub a spot at the top of her cunt. Greg wondered what she was doing so he spoke up in answer to his mother's question, "Yes, she has a fine looking pussy. You both have gorgeous looking cunts. But, I've been watching Lisa and she will rub a particular area of her cunt for a longer time than the rest. What's with that?"

"That's her clitoris, or clit. And she's masturbating herself." replied his mother. "Here get down on your knees and you can examine mine more closely." At that Greg got down on his knees so that he could get at eye level and look more closely at his mother's pussy. Janet pulled the hood of skin away from her clitoris and let her son see her bud in all its glory. "You'll have to get closer than that Son, it's very small but you can see it. Come closer, it won't bite you!" Greg got very close to his mother's pussy and looked at the bright red clitoris. It stood out like small appendage. Greg was very excited to view his mother's pussy so up close and personal. He took advantage of the opportunity to inspect her cunt and to examine in detail the intricate folds of flesh and textures that she exhibited for his viewing

pleasure. He had never seen a pussy so up close before, and now that his face was inches away from her shaven cunt he could smell his mothers' sex. It was pungent and musky, but it was not at all bad. He breathed deeply, becoming intoxicated by her scent. Greg was feeling very uninhibited now and really wanted to lean forward and kiss his mother's pussy, but he held back for now, unsure what reaction this might provoke. Janet took hold of her clit between two fingers and pulled on it letting her son see her glory. She said, "If you want to touch it and see what it feels like go ahead."

Greg was certainly not shy about that. Since his parents had opened up freely this way encouraging them to explore and ask questions he reached out and put his finger on his mother's clit. Janet pulled her fingers away and gave her son access to her pussy. Greg tried rubbing his mothers' clit in a circular fashion as he had seen his sister do to her own clit. His mom closed her eyes and moaned softly. Greg jerked his hand back thinking that he had hurt his mother somehow. But Janet opened her eyes and reached out, took his hand and moved it back to her cunt. Reassuring him she said, "Its' okay Son. You were giving me pleasure. Please continue with the exercise." Greg nodded in agreement and continued his feeling of Mom's pussy. He could feel the hardness of her clit, and becoming more aggressive he used his other fingers feeling the softness of her slit. He ran his fingers along her labia and again his mother moaned softly. Feeling pretty proud of himself that his actions were meeting his mother's approval he gently thrust a finger into her opening to feel her wetness. He pulled his finger out and put it to his nose and could smell the muskiness of her sex. He returned his hand back to her cunt and began to finger her hole again. His mother kept her legs spread open to allow him full access to her genitals.

"Hey Greg, check out my pussy too! Look at my clit." Lisa was motioning her brother over to have a closer look at her beaver. Greg was already occupied with exploring his mother's cunt and did not want to stop fingering her pussy. But he also wanted the opportunity to examine his sister's fine looking pussy so he stopped his exploration of Janet's twat. Greg moved over to his sister who was laid back on the couch. Lisa drew her legs up and put her feet on the couch. She was eager to let her brother see her sex close up so following her mother's example she pulled the lips apart of her cunt. She next said, "Here's my pussy for you to see. You try and find my clit using your fingers." Greg had a good view of his sisters' pussy as it was spread open before him. Even though her cunt was not as large looking as his mother's pussy, Lisa's twat was nevertheless equally beautiful in its own way. As a virgin beaver her young slit was smaller and the lips of her labia were thinner. Greg now placed his face so close he could have tasted her if he had stuck out his tongue. He loved seeing his sister's cunt so close up. He wanted to kiss her pussy, but held back not knowing how this would meet his parents approval. He smelled his sister's wet pussy. It was similar to his mom, but it smelled somewhat fresher. Since his sister had her feet on the couch and she was pulling back on her knees, Greg could also see her puckered anus just below her cunt. He reached out with his fingers and began exploring her pussy. Since he now knew where to search he quickly located her clitoris and found that it was smaller than his mom's but it too was hard and red. As he gently rubbed it he looked up at his sisters' eyes and saw that she was enjoying his action. Lisa said, "I never had anyone touch my pussy before, and it's feel's soooo good!" Greg continued masturbating his sister with one finger while slipping his pinky into the opening of her fuck hole, he felt the tightness of her twat. He was in heaven playing with the

pussies of both his sister and mom. Lisa layed back and closed her eyes letting her brother stroke her cunt. She began moaning softly as he rythmnically stroked her clitoris. Greg could see her wetness increase as juice trickled out of her slit onto his fingers. He continued breathing in the smell of her sweet sex as he fondled her.

Janet spoke up, "Hold off on that exercise Greg or you will make your sister cum, and it's not time for that just yet." Greg regrettably removed his hand from Lisa's cunt, and taking his pinky he held it up to his nose to smell the juice of her cunt on his finger.

"Yes, we are just becoming acquainted, so don't jump the gun so to speak," said Dad. "Now that you've had a chance to explore the pussies of both your mother and sister do you have any additional questions?"

Greg replied, "Mom and Lisa's pussies are just beautiful. I love looking, and touching them too! Well, I know this might sound weird, but the way Lisa is exposing herself I could not help but notice her buttohole. I was wondering if Mom could show me hers. I mean if that's OK. That's not a weird request is it?"

His mother looked at him and with an sly expression in her eyes she said to him, "No, that's not a weird request at all. So, you would like to look at my asshole, huh? Does your sisters bung turn you on? That's okay. Lisa, one of the pleasures we can give to men is to let them view all our intimacy. Let's stand up and let your father and brother view our assholes. You boys have a seat on the couch and we'll give you a birds eye view." David and Greg now sat down on

the couch and let the girls put on the show. "Lisa you show your father your asshole, and I'll show Greg mine." Janet and her daughter stood and turned their backs on the boys. Janet spread her legs and bending over she spread the cheeks of her ass apart to let her son view her most intimate area. Lisa following her Mom's lead did likewise. Both girls backed up to the boys so that their asses were inches from the boys faces. Both father and son could see the puckered anus of their exhibitionists. Greg could see that his mother not only shaved her pussy but she also shaved around her anus. He commented, "Mom your asshole is beautiful and looks so clean with the hair all removed. I really like seeing your asshole and your pussy from behind." His mom reached down and using her fingers she spread the lips of her pussy apart giving her son a nice view.

David likewise complemented his daughter, "Lisa you have a fine looking ass. Your ass is more rounder than your mother's and sticks out. I'm sure many young boys and men have enjoyed watching you walk. Your brother Greg takes after me in that he likes seeing a girls' asshole. Take your hands and move them closer to your asshole and try spreading it open so I can see inside." Lisa liked hearing her father talk this way and she complied with his request. She put her fingers close to the edge of her bunghole and pulled her asscheeks open as far as she could to let her father see it open.

Janet on the other hand was doing the same for Greg, and as she looked down to his crotch she could see his raging hard on. She said, "Lisa, see what I'm talking about? Look down at your father's cock and see the effect of your pretty asshole is having on him." Lisa looked down and gasped as she saw her father's nine inch dick very erect. Staring unbelievably at it she said, "My God, it looks like a

monster!! It's so beautiful though. I never saw anything like that before!" She looked over at Greg and saw that he was still sporting a rigid pole of seven inches. But her father's cock was much thicker than Greg's and she gazed in amazement at its girth. She had not seen it this big before now and was proud that she could arouse her father this way.

Greg's mother asked her son, "Would you like me to spread my ass open for you son? Would you like to see inside my asshole?" Greg could only nod his head "yes" in answer to his mother's sexy voice, as he was in shock of so much seeing so much visual stimulation. "Lisa, why don't you step over here and let your brother view your asshole from the backside." Lisa wiggled her ass over to her brother's face and gave him the same view that she had just let her father have. She asked, "Want me to spread open my asshole so you can see inside, huh Greg?" Greg in a soft undertone that sounded more like a moan responded, "Yes, let me see that nice asshole Sis." She turned around and looked at her brother and asked, "Is it true that if you've seen one asshole you've seen them all?" He looked at his sister and answered, "No! That is definitely not true!" He continued enjoying the private show he was getting from his mother and sister's up close spread asses. His father leaned over so that he too could continue eyeing the show that the girls were giving. Both mother and daughter were unashamed at letting the boys see their most intimate areas spread and exposed for their viewing pleasure.

"That's the idea," replied Janet as she approved of her children's progress. "Now that you had a chance to explore our cunt's and asses, it's our turn. You boys can get up from the couch and let us see your cocks up close and personal."

Father and son got up from the couch and let the girls sit back down. David spoke, "Okay son, one thing a man cannot hide is his arousal. Since you have had a chance to explore your mother and sister's pussy and ass, let's let them get a good idea of how our cocks work. You first of all let your sister examine your dick. Greg proudly stepped over to his sister seated on the couch and let her view his stiff seven inch dick close up. He stuck his member right in her face. He had no problem maintaining an erection and his cock stuck nearly straight up. The head was all engorged, and his balls were swollen. His mushroom head looked like a ripe plum ready to burst, and Lisa noticed that the tiny slit in the head of his dick was open slightly and there was a small amount of fluid oozing from it. "What's that?", she asked. "That's referred to as pre-cum" replied Janet. "You'll learn more about that in a little while. Go ahead and touch his prick. Feel his hardness, and hold his ball's in your hands."

Lisa slowly reached her hand out and touched her brother's dick. It was hot to the touch, and she was surprised. She gently ran her fingers along the length of the shaft feeling the textures. Greg told her, "Go ahead and grab hold of it." With that encouragement Lisa took hold of her brother's cock with one hand. She could barely get her fingers around the thickness of his dick. It was very hard and she could not believe the way that it felt, so she asked, "Is there some bone or something in here? His dick is hard as a rock, there must be a bone in here." Mom and Dad and even Greg laughed at her question. "It does seem like a bone doesn't it," answered Janet. "That's why they call it a boner," said Dad "No, dear, it fills with blood and becomes rigid like that for a purpose," replied her mother. "It must reach deeply into a woman's cunt so that it can plant a seed that will

cause a girl to become pregnant." Your father's big dick filled my womb with his seed and you children are the result."

"Gosh, how could Daddy's big dick fit inside your pussy?", asked Lisa.

"Well, we will answer that question a little later, you'll see" said David.

Lisa had her one hand wrapped around her brother's member and taking her other hand she cupped Greg's sack of balls. They were large and full and she said, "His balls roll around just like a sack of marbles or something in my hand. They feel so strange, but I like them."

"Try playing with my dick like this Lisa." With that Greg reached down and took his sister's hand and began moving it back and forth so that she began to jack him off. Lisa knew that her actions were having an effect on her brother because he closed his eyes as she jerked back and forth along his stiff member. After a few moments her mother said, "Lisa you are doing what they call, "jacking off his dick". You keep that up and your brother will cum. We are not ready to let that happen just yet, so please stop." Greg sighed as he was very near to exploding in his sister's face. Greg needed relief very badly.

"Lisa let your Father step over so that you can see his big dick now." Janet told her. Lisa reluctantly let go of her brother and moved over

to examine her father who had been slowly jacking his member to keep it hard for the demonstration. Lisa got to see her father's cock in it's glory close up. His cock was magnificent as it stood out. Nine inches in length and three inches in girth. His dickhead was slender and big veins ran up and down the length of his shaft. David's cock had a strong upward curve to it. Lisa reached out with both of her hands as this was the only way she could grip his member. Her father had a huge sack of ball hanging down like two oranges. Lisa was amazed that her mother had had this thing inside her cunt. She couldn't help but admire it and she told her father, "I can honestly say, I have never seen anything like it before. It's soooo big and thick. I love playing with it watching it move. It twitches sometimes, and it feels so hot, like a hand heater or something. I'll bet Mom likes holding this on cold nights." David looked down at his daughter noting her fascination with his cock. He told his wife, "Lisa looks like a real cocklover, just like you honey." Janet nodded her head, "Lisa, I never grow tired of your father's cock, playing with it just as you are doing. You sorta feel like you are in control when you have that big dick in your hands." Lisa, nodded her head up and down, "Yes, that's it, I feel powerful, like I'm in control."

Dad stopped Lisa from jacking his big tool as he was nearly ready to spurt and he did not want to cum just yet. He said, "Let's take a break from the lessons and have a refill on the brandy. You two are doing just fine. Greg how 'bout throwing a couple of more logs on the fire. Honey, why don't you follow me into the kitchen and help me with the brandy."

Janet followed her husband and when they got to the kitchen David asked, "Well, what do you think?" She said, "I think everything is

going just fine. Both Lisa and Greg are unabashed, and seem eager to learn. I think they are ready for the next lesson, what about you?" David answered, "Yes, you're right. They are responding quite well to the lessons. Lisa is ready and willing, and Greg is really into it likewise. I was wondering what we should take up next?" Janet said, "Let's expose them to the pleasures of oral sex. But first I want to bring some of the toys out for Lisa to see and play with. We'll get her off first with the dildo, and then I'll show her how to give a blowjob. We'll let her suck Greg's dick, I know he's needing some relief. Did you notice how swollen his balls are?" David answered back, "Yeah, he will be getting blue balls soon. That's a good idea. You girls can cum much more often than we guys can. It will be interesting to watch Lisa fuck herself with your toys and show her brother how she can cum." They now had finished filling the brandy snifters and headed back to the living room. Janet headed for the bedroom to get some toys.

Dad handed out the brandy and they all settled down to enjoy the warm feeling of the alcohol. When Janet returned she had a handful of gadgets which she placed on the floor in front of the fire. "Lisa, take a look at the toys you and I can enjoy." She had laid an assortment of dildos and vibrators. Lisa picked up one of the vibrators and saw it was cylindrical, smooth and long. She asked, "What's this? It doesn't look as interesting as these rubber looking cocks." Her mother told her, "That's a vibrator dear." She then located the switch and flipped it on. The vibrator came to life and made a audible humming sound. She then held it out to her daughter who took it and said, "Ooooh, so that's a vibrator. I've heard some of the girls at school mention them. How do you use it?"

Her mother told her to lay down on the rug where she could face the couch and to spread her legs. That was so that her father and mother could watch the proceedings once they were under way. She told her son, "Greg, you get down here too. You will find this interesting." Lisa now laid down and opened up her legs to allow her mother access to her pussy.

Her mother next asked Lisa, "Are you still wet from earlier dear?" And putting her own hand on her daughter's cunt she checked to see. She gently stroked Lisa's pussy feeling her slit and sliding her finger into the opening of her hole.

Lisa did not mind her mother feeling her cunt but she did answer her by saying, "I'm not sure. But that can soon be remedied. Can Greg play with my pussy again?" Her mom said, "Sure, that's what he's here for. Greg you lie down beside your sister and stroke her cunt. You will need to make sure she's good and wet. The way you can tell is to run your finger along the slit of her twat like this." Showing him, she continued stroking Lisa's pussy a few moments letting him see how she slid her fingers along Lisa's pussy. She gently probed Lisa's fuckhole and finding some wetness she would spread it around her vaginal area. "See how I am spreading Lisa's juices all around her cunt?" Janet asked her son.

Greg had laid down beside his sister and laying on his side he propped his head up with one arm as he reached over with his other hand to play with her twat. He had been watching his mother gently stroke his sister's cunt, so he had a pretty good idea what to do. He already had a raging hardon in anticipation of playing with her cunt

again, but seeing his mother play with Lisa's twat was a turn on as well. He answered his mother, "Yeah Mom, I can see how you are spreading Lisa's juices all around her pussy. Let me try now." Greg eagerly anticipated playing with his sister's young pussy. Janet gave way to her son by removing her own hand and fingers from Lisa's pussy. Janet now joined David her husband on the couch where they could watch their children.

Lisa opened her legs up to give him access and he quickly rubbed her clitoris with his fingers. Lisa watched her brother and encouraged him saying, "That's it Greg. Rub my pussy, make it wet so I can put that vibrator in my cunt. I liked you playing with my pussy. You seemed to like it, and you sure know how to make my pussy get wet." Greg looked at his sisters face and could see the lust in her eyes. He moved his fingers down from her clit and stroked her open slit. He loved playing with his sister's pussy and he wanted to enjoy this as long as he could. He probed her hole with his forefinger and she arched her hips up in response to his action. "Ooooh she's hot!", said Janet. "She loves what you are doing Greg, so don't stop now." Greg continued fingering his sister's hot twat pushing it deeper with each thrust. Each time he stuck in his finger it went deeper and he twisted it around spreading the wetness. He had been using his middle index finger inside her pussy and now he could stick it in up to the second knuckle. Eventually, he could place his entire finger inside her cunt and he fucked her with his finger. David encouraged his son saying, "That's it boy. Finger fuck her now with your finger. Once she good and used to that try using two fingers."

"Ooooo yes Greg. Try fucking me pussy with two fingers now!" Lisa was really enjoying the show she was putting on, not to mention the

fine finger fucking her brother was giving her. Her pussy was good and wet now. Greg now took his fore finger and placed it next to his index finger and pushed them into his sister's cunt. Moving them in and out he continued finger fucking her a few more moments. His mother now handed him the vibrator and motioned for him to use it now instead of his fingers. Lisa had her brother's hand in her own hands moving his fingers in and out of her wet cunt. She was assisting him by ramming his fingers into her well soaked pussy. She was very near climaxing when Greg removed his hand from hers and replaced it with the vibrator. He located the switch and turned it on. He next placed the tool to the entrance to her hole and eased it into her cunt. It slid in easily due to Lisa's pussy being very wet and the vibrator was narrow and smooth. The vibrator was thicker than Greg's fingers and as he slid it into her cunt she again thrust her pelvis up to absorb the tool. She again grabbed her brother's hand and began shoving the vibrator into her cunt. Looking into his eyes she said, "Oh Greg. My pussy feels soooo good!" Looking down at his stiff dick she said, "Ooooo I wish this vibrator was your fat cock. Do you like playing with my pussy? You must because your dick is hard and I like seeing your hard dick."

After just a few strokes of the tool in her cunt Lisa began to climax. She arched her head back and cried out loudly,
"OOOOOOOOOOHHHHHHHHHH
IIIIIIIIIIIII'MMMMMMMMMMMM
CCCCCUUUUUUUUUUMMMMMMMIIIINNNNNNGGGGG!
" She grabbed her brothers hand and shoved the vibrator deep into her cunt letting the vibration bring her to climax. Wave upon wave of pleasure overtook Lisa and she continued pumping the instrument in and out until she could no longer take the stimulation.

Her young pussy continued secreting juice and it ran out of her crevice and onto Greg's hand.

"Wow," said Greg as he witnessed his sister's orgasm. Lisa opened her eyes and smiled at her brother. "Thank-you Greg, that was unbelievable." She felt very close to her brother now that they had shared this moment and naturally she pulled his face to hers and gave him a long sweet kiss. Greg responded eagerly, feeling much closer than ever to his beautiful sister. Their parents applauded the success of their children.

"Now it's your turn to reciprocate the favor Lisa, and give your brother some relief," said her mother. Lisa eagerly took her brother's very stiff dick in her hand and began to jack him off. She said, "I just love playing with your cock my brother. I'll have you cumming in no time." But her mother stopped her and said, "No not like that dear. I want to show you another way."

"Yes it's time for your next lesson my children," replied Dad. "Janet be a dear and demonstrate the next lesson for Lisa."

Janet said, "Lisa, let's you and I get back on the couch. Dad, you get up and stand before me and Greg you get up from the floor and stand over here by Lisa." They got up from the floor and returned to the couch. "What I am going to show you next is how to give pleasure to a man by putting his cock into your mouth and sucking on it." Lisa looked at her mother with a shocked look on her face and said, "What!, I'm not sure about that. Isn't that dirty?" Her mother answered, "Remember what your father and I told you earlier. Sex is

not dirty and nasty. It's a pleasure that can be enjoyed by consenting adults. C'mon, I bet you will enjoy it. I know I do." With that she invited the boys over, and had Greg stand in front of his sister. David stood in front of his wife. His cock was now much more limber than previously. Janet looked at Lisa and instructed her, "One of the pleasures a man truly enjoys is having his cock sucked. Men not only enjoy the pleasure of feeling your warm moist mouth engulfing their cock, but its the thought of a woman servicing her man in this manner that they like as well. They love to look down on a woman and watch her suck his cock into her mouth." With that she took her husband's tool in her hand and she brought it to her lips. Her husband pulled her hair away from her face so that his children could watch their mom put his cock into her mouth to suck it. Before taking it into her mouth she looked at her children and said, "I want you first to watch me, and when you get the idea, you may proceed to try it on your brother." She then turned to the task at hand and promptly took her husbands dick into her mouth. Lisa and Greg could not believe it and so they stared at their mother begin to give head to their father. At first Janet could get all of her husband's limber tool into her mouth. She reached up with her hands and cupped his large sack of balls and gently kneaded his balls, massaging them. David stood there with one hand at his side and the other holding his wife's hair atop her head to keep it from falling into her face hiding the children's view.

Janet's mouth did indeed look full. Her mouth was wide open and her cheeks pushed out from the mammoth cock filling her mouth. Her lips completely encircled his swelling prick. As his wife's mouth was stuffed full of his cock, David said, "What you cannot see at this moment is what your mother is doing inside her mouth. She skillfully uses her tongue encircling my dick with it and she sucks on

my cock. I can not stay limp long, and you'll notice that my dick begins to swell." Indeed, as the teenagers looked on they saw that their mother was having to let some of Dad's big dick out of her mouth as she could not keep all of it inside. Grow it did, and as David's dick swelled to its full length, Janet kept the huge head in her mouth. Her mouth was stretched open wide just enough to get the head inside. Janet stopped for a moment and pulled her husband's dick from her mouth. It was now long and hard and Lisa just stared in amazement that her mother had been able to stuff the monster in her mouth. The big veins stood out as his cock glistened with the saliva deposited by Janet's mouth. She looked at her children and slowly licked the length of his shaft up and down, sometimes taking the bulbous head into her mouth. She would also show her teeth and would gently bite the head of his dick and lick the slit with her tongue. After a few moments of this she turned her attention to the more serious cocksucking lesson she was giving her daughter.

David now said, "Now she going to take my cock into her throat. This is more difficult to do because my cock is so large. The problem is that anything that comes in contact with the back of your throat causes the gag reflex to kick in. But with practice you can get over that and take a cock down your throat. This increases a man's pleasure as it feels like he is fucking. See how your mother is doing this." As the twins watched their mother they saw her begin to go down on their father. She would take his cock into her mouth and it would completely disappear as her face came all the way to his pubic hair. Then she would pull her face back letting the cock ease from her mouth. She moved forward again taking the length of his dick disappear into her mouth and throat. After a few more moments going down on him she looked up at her husband eyes.

Dad now said, "When she looks up at me this way I know she's ready for me to fuck her face. Now mind you, she's not just letting me go in and out her mouth. She's working her tongue around my dick, and she' also sucking my cock as it enters her mouth. This squeezes my dick and makes me want to cum in her mouth."

"Ooooo. That sounds nasty. Mother, do you let him cum in your mouth?" asked Lisa.

Her mother's mouth was stuffed and she could only nod her head in a "yes" fashion. But she looked at her daughter and taking one of her hands from her husbands balls and rubbed her tummy in a circular motion indicating that she loved it.

David said, "Lisa, dear, don't knock it until you try it. Your mother loves to suck my cock. She's always pulling it out and putting it in her mouth. She likes it when I fuck her face. She takes great pride in her cocksucking abilities. She says her mouth is like another cunt for me to fuck. Does it look like she finds it distasteful? Look how she is swallowing my cock. And she loves to eat my cum. Sometimes she wants me to cum on her face, but even then, she will pull the globs of cum to her mouth and suck it down." Janet now took both her hands and placed them on her husband ass and pulled his dick deep into her mouth and throat. David moaned and put his hands on her face. He began to slowly pump his wife's face stuffing her mouth with his big dick. As they demonstrated this aspect of oral sex to their children Lisa looked over to her brother and said, "I get the idea now Greg. It certainly looks erotic doesn't it? I'm ready to give it a try. It

actually looks fun, and if Mom and Dad are enjoying it, then there must be something to it." Greg said, "Sis, I would like nothing better than for you to suck my dick. Let's get it on!"

Having watched her mother carefully, noting her technique Lisa who was seated on the couch, turned to her brother semi-erect penis and using the fingers of one hand slowly brought it to her mouth. She gingerly stuck out her tongue to sample it first. It was a little salty, but other than that there was not much else. She fed a little more of his peter into her mouth and got used to the meat inside her oral cavity. This was a new experience for her and she was a little timid at first. She rolled her tongue over the head of his dick and tried sucking. She could feel his dickhead begin to swell in her mouth and she once again felt in control. "Imagine", she thought, "That I have the power to arouse this reaction in a man." She fed herself a little more of his cock feeling it expand in her mouth. She felt proud that the training her mother was giving her would not go to waste. She took her brothers' balls and kneaded them in the same manner that her mother had done to Dad. Greg moaned with pleasure as his sister began to pick up quickly on the art of cocksucking. e At this point David and Janet suspended their activity to watch the exercise of the offspring.

"That's it Lisa. You are doing just fine.", said her mother as she removed David's cock from her mouth. "Your brother is obviously enjoying your cocksucking." And indeed he was. Lisa looked up at her brother and saw that his head was tilted back and he was rolling it back and forth. She looked back down and began to concentrate on the task before her. Her brother's cock had now reached it's full length of seven inches, and she began to pull the head back to the

edge of her throat. She also most choked however, and ran into the gag reflex. Her mother saw her predicament and encouraged her daughter, "Honey, just relax. Take your time, just enjoy feeling his cock in your mouth. Remember, you're in control. Each time you go down just imagine that you can swallow his prick whole. Eventually, you will try and you will be able to let him glide down your throat. Your muscles will relax and take over, then you'll be a real cocksucker."

Lisa felt encouraged by her mother's kind words, so she relaxed and closed her eyes. She actually began enjoying the feeling of this meat inside her mouth, and she sucked her brother's cock in and out of her mouth. Each time she went down she imagined she wanted to swallow his member whole, and as she concentrated she could see that her face was coming closer to her brother's pubic hair. "I'm almost there.", she thought, and with the next plunge she told herself to gobble up his prick and swallow it. As her brother's dickhead slid past her lips Lisa placed her hands on her Greg's ass and she pulled him into her face. His dickhead reached the back of her throat and she eagerly tried to swallow him whole. It was at this point that his dick glided into her throat. She went all the way until her nose touch her brother's loins. She loved the tickle of his pubic hair in her nostrils. Her mouth felt so full and stuffed, but Lisa was very proud of herself.

"Well looka there," said her Dad. "You taught her well my love. She has her brother's dick down her throat." After a few pumps, getting used to his massive member in her throat she looked up at her brother's eyes. "Son, that's the go-ahead signal. You can now fuck

your sister's face. She wants you to. She really loves sucking cock. She's a natural, just like her mom."

Greg grunted and placed his hands on his sister's head. He pulled back his dick and moved it forward feeding his cock into his sweet sister's mouth. "Yeah, she loves this dick don't you Lisa?" She continued looking into his eyes with a look like 'Yes my brother, please fuck my mouth with your cock. I need to feast on your sperm. Shoot your wad into my throat.' Greg was really getting into the experience. He was very excited, but he was trying to get as much from the exercise as possible. His sister was sucking hard on his cock squeezing it as she wanted him to cum in her mouth. Even though this was her first experience at sucking a dick she knew that this is something she would have to do regularly because she loved cocks. Having seen both her father's massive prick and her brother's dick she wanted to go down on them often. Even as her mother loved sucking her father's dick she felt the same way toward her brother. Lisa continued working her mouth, sucking his cock into her throat and forcing him deep by pulling his hips to her mouth with her hands. Lisa could see now why her mother enjoyed sucking her father as she did. She hoped she would get the chance to suck her father's huge member. He would be so proud of her. Lisa also hoped she would get the chance to suck her brother often. Greg began to pump her face more aggressively now and Lisa was not easing up in her sucking of his member. She greedily gobbled his cock trying to feel his thick hot prick as far down her throat as possible. Her mother saw this and said, "Look at how she is eating Greg up!" She dropped to her knees beside her daughter and whispered something in Lisa's ear." Lisa took one of her hands which were grasping Greg's ass to pull him to her face and she reached around and fumbled with trying to stick one her fingers into his asshole. Greg had no idea what was

happening but when he felt Lisa shove her finger into his asshole, he exploded in a furious orgasm. He grasped his sister's face and shoved it down onto his cock pushing the head of his dick deep into her throat where she was using the muscles of her throat to try and swallow his meat. This had the effect of squeezing his cock and Greg shot his load into her throat. Lisa on the other hand not prepared for this onslaught, tried to maintain control. The surge of jism down her throat felt good so she swallowed as much as she could. However, the load was too much and she allowed some of the hot sperm to spew from her mouth around her lips. Surge after surge of cum gushed from Greg's dick and a big glob ran down the length of his shaft and looked like it was going to fall to the floor. Greg's mom came to the rescue and sticking out her tongue she caught it and said, "Ummmm. Waste not want not." and she and Lisa finished licking up the leftover cum from Greg's dick, then Lisa licked her lips and said, "Not bad at all. His sperm tasted soooo good." She ran her tongue over her teeth feeling the sticky coating of his cum in her mouth.

Greg looked at his sister and smiled at her accomplishment. "Lisa you are a very good cocksucker, and I want to thank-you for the pleasure you have given me. Where did you get the idea to stick your finger in my ass?" Lisa pointed to Mom and said, "It was her idea. She told me it would put you over the edge. I had no idea the anus is such an erogenous zone." Greg replied, "My knees got weak and I thought I would collapse. That was an unforgettable experience."

"So Lisa, did you enjoy swallowing your brother's jism?" asked David her dad.

"Oh yes! It was very good. I love the taste of his cum in my mouth. It felt so good shooting down my throat. It reminded me of the hot butter they pump on top of popcorn at the movies."

Her father grinned at his daughter and said, "Well there's plenty more where that came from. But now its my turn to train you Greg on the joys of eating pussy. You will find that as much as Lisa enjoys sucking your cock, she will equally like feeling your tongue bring her to orgasm."

"Ooooh, I can hardly wait," said Lisa as she took her place before her brother awaiting her father's instructions.

"I'm going to demonstrate and teach you how first, so gather around. Mother, you sit down on the couch and lean back." Janet settled down onto the couch sitting near the front edge, and she spread her legs. She laid one of her legs on the arm of the couch to not only give her husband free access, but to also give her children a good view of her cunt. Her large labia were swollen of anticipation of the coming cunt lapping her husband was so adept at giving. David looked at his son and said, "Now you children can appreciate why your Mother shaves her pussy. Her cunt is beautiful to look at, and with the hair removed you can see the nice detail of her lips and everything. But especially nice, is that when you want to eat her pussy, you don't get any hair in your mouth. Nobody likes having hair in their mouth. It's not quite the same for girls as for boys. You see, our cocks stick out away from the hair so that you can suck our dicks with little or no interference from the hair. But your pussies on

the other hand, have hair growing right around where we want to lick, and it's much nicer to lick a clean area than one with lots of hair."

"I see," said Lisa. "Mom can you show me how to shave my beaver so that my cunt will be clean as yours?" Janet replied, "Yes my love. I'll show you how to keep your pretty pussy clean as a whistle. That will make it more inviting."

Dad now spoke to his son, "Greg when you were up close to your Mother and sister's cunt earlier did you notice the fragrance of their pussies? It's very intoxicating as I'm sure you'll agree. And believe me son, pussy is delicious. Your mother cunt tastes so good. She especially enjoys feeling my tongue fuck her twat." Greg transfixed by what he saw and heard nodded his head in agreement to his father. He somehow knew that he would enjoy eating pussy. His mouth watered in anticipation of putting his mouth to work on his sisters' young beaver. He recalled when his face was inches away from his mother's luscious cunt and he smelled her muskiness how he wanted to taste her pussy. Greg had nearly licked his sister's slit when he had first gotten to see her cunt close up during their genital introductions. It was so natural to want to put his mouth on her sex that he had impatiently been awaiting the opportunity to do so. Standing next to his sister Greg took Lisa's hand and held it while they both watched their father dine on their mother's pussy.

Dad now went to work burying his face in his wife's twat. Her large labia were spread and David flicked his tongue at the hood covering her clit. He swirled his tongue all around her pussy, and at times he would lick up and down her slit, letting his son see how to do it. Then

he would try stiffing his tongue and using it as an oral prick he would push into her love hole. There he would push it in and out, gently fucking his wife's cunt with his tongue. As her juices flowed he would suck them into his mouth. As his tongue worked its magic inside her hole his nose was rubbing her clit. Janet pointed this out to her son's attention, "Greg, can you see how your father is sticking his tongue into my fuck hole. And as he uses his tongue like a finger, his nose is rubbing my clit. Ooooo that feels soooo good!!!! It just drives me wild!!!"

Greg had to get down to try and view what his father was doing, but his father's head was buried in his mother's lap. He got the general idea however and said, "I'll bet his nose smells the sweet fragrance of your pussy Mom, and his tongue can taste that pussy juice. I hope you will let me taste your pussy now that you've let me see it. I would hate to see such a beautiful cunt like yours and not be able to eat it."

Those words seem to have an effect on his mother as she arched her back thrusting her pelvis into her husband's face. "Yes, yes my love. Did you hear your son tell me how much he wants to eat my pussy?" Dad stopped for a moment and looked up and said, "He'll get his chance soon enough, but let's continue with the lesson. Janet let's move down to the floor and you sit on my face. Greg, I've shown you one way to eat pussy, now I'll show you another way in which you both can enjoy oral sex."

David laid down on the floor and Janet squatted over his face. She turned so that she was facing his feet. At first, she sat up straight, sitting right on his face. David returned to eating her cunt out. This

gave Lisa and Greg another view of his cunt lapping and they could see their mother's large labia smother their father's mouth and nose. Janet said, "Now that I'm sitting on his face I'm in control. I can move my hips back and forth adjusting the position of his face so that I can get more stimulation. Your father especially loves when I sit on his face and grind my cunt down hard smothering him with my juicy pussy." And indeed you could see the juice of her cunt mixing with his saliva, running down his face and chin. Dad was greedily lapping up the juice best he could however, and you could hear him smacking and sucking at his wife's cunt. "In this position, I can now return the pleasure and go down on my love's cock," said Janet. With that she leaned her body forward and took her husbands erect tool into her mouth and she began to suck it.

"69", said Greg. "That's what they call 69 Lisa". They studied their parents now enjoying giving each other pleasure orally. David motioned for his kids to come around to his end and see what he was doing. Janet's ass was spread open over her husband's face, and they saw their father now move his tongue from their mother's cunt to her asshole. He began to lick around her anal opening and as he licked he would stick his tongue into her butthole.

This had an immediate reaction on the part of Greg who said, "Oh WOW!!! Would you look at that. I can see now why Mom shaves the hair from around her asshole now. Oh that's just beautiful." He took his cock in his hand and began to jack his very hard dick. "That's gotta be heaven to Mom to have that luscious cunt and beautiful asshole sucked that way. And while Dad eats her, she giving him a well deserved cocksucking. Dad can lap up the juices from her cunt and ass while she sucks the jism from his dick down her throat."

Lisa who was rubbing her pussy replied, "Ooooh Greg, will you eat my pussy now? And would you tongue my asshole? I gotta have you eating my pussy. Please, please, please, please, please, oh please say you will."

Greg quickly laid down on the floor beside his parents and told Lisa, "Sis, you can seat your ass upon my face. Let me lick your young cunt and taste your pussy juice. Please spread open your cunt and smother my nose and face with it. Let me suck your asshole too, as I love seeing your asshole. I want to put my nose in it and also my tongue."

"You talk so nasty Greg", said Lisa, "I want you to suck my asshole with your mouth and tongue, and you can eat my pussy too! While you lick my pussy and ass, I will suck your beautiful cock and again. I want to feel your dick in my mouth. I want to taste your sperm again, and swallow it down my throat!"

She sat on her brothers' face and Greg wasted no time in opening his mouth and sticking his tongue into her slit. At last he could enjoy what he had eagerly awaited. Now with his parent's blessing he could taste the sweet smelling and no doubt sweet tasting pussy of his sister. He kissed her pussy and enjoyed the sweet fragrance of his sister's sex. Lisa was already quite wet, and Greg wanted to suck her juice into his mouth. Following his fathers example, he used his tongue as a fuck toy, stiffening it and pushing it into her crevice. As her juices flowed, he lapped and smacked, sucking as much into his mouth as he could. Greg really enjoyed the taste of pussy and he

could see why his father enjoyed it too. He stuck his tongue into her hole and tried scooping the sweet nectar his sister was secreting for him to enjoy. Meanwhile Lisa went down on her brother taking his cock back into her mouth. In this position of "69" she found that her brother's cock with its hardness and natural curve was more easily taken down her throat. She liked this and so she set about the task of moving her head up and down sucking his cock like it was an popsicle. Her head bobbed up and down on his tool, and in this position her nose came down to his sack of balls. She looked forward to his cumming in her mouth and she planned to be ready this time for his load of sperm. She would not be taken by surprise and waste any of his jism. She wanted to take her time and suck his wad down her throat. She would savor the taste of his sperm in her mouth feeling the stickiness on her teeth and gums, coating the inside of her mouth and throat. Now she felt Greg's hands on her ass pulling her cheeks apart. Then she felt her brother move his tongue to her asshole, and she wanted to squeal with delight but her mouth was stuffed with his stiff meat, and she did not want to stop her cocksucking. Greg's tongue was giving her new pleasure as it licked around her anal opening. She had no idea that the ass was such an erogenous zone but she loved the feeling of her brother's tongue licking around her puckered opening. Eventually, Greg tickled her asshole with the very tip of his tongue and Lisa tried relaxing her butthole just a bit so that he could stick his tongue inside. Greg lifted his head and push his tongue as far as he could reach into her rectum licking and sucking out the natural lubrication he found there. This caused his sister to squirm with pleasure and she nearly collapsed on his face. She was bucking her ass in his face and making it difficult for Greg to keep his tongue in her ass, so her brother reached one of his hands underneath between her legs and feeling her cunt he pushed his thumb into her hole and with his other fingers he reached up and fingered her clit. He had his thumb hooked in her fuckhole

and now he could pull her ass back to his face where he lustfully sucked her asshole. His sister loved the attention her nether region was receiving along with Greg's fingers skillfully stroking her clit. She could no longer hold back the orgasm that was rapidly building inside her. Greg felt his balls swell and he knew he would soon be spurting his seed in his sisters' mouth. Sucking his sister's asshole and feeling up her cunt was adding to his pleasure and her juice was flowing freely over his thumb and wrist as she could go nowhere with it hooked inside her hole.

David and Janet were busy enjoying their own oral treasures and they could only catch a glimpse of their children scoring very well on this exercise they had been given. Janet not as rambucious as her daughter did not jump around on her husbands face. When David began rimming her asshole she would backup and lean her ass up against his face so that he could easily suck her bunghole. She knew how her husband loved her asshole and she had a feeling that her son Greg had the same craving to lick it. She knew her daughter likewise would happily let her brother suck her asshole. Seeing her two children loving each other and having the time of their lives made her feel satisfied. Knowing their pleasure she began to climax. Her husband David likewise could not hold back his load as his wife sucked his big member deep into her throat. Janet squeezed her husbands' balls and felt the familiar shudder that accompanied his orgasm. She never grew tired of his meat pumping his hot wad of sperm into her belly, and she greedily slurped and sucked him dry. She felt her own pussy exploding with an orgasm and she ground her ass against her husbands face, pushing her asshole onto his tongue. At the same time Greg and Lisa climaxed together. Lisa was moaning as her brother had control of her cunt not letting her escape his rabid tongue darting in and out of her asshole. Greg's cock buried

in his sister's mouth erupted, shooting load upon load of hot steaming jism into her belly. Lisa much more prepared this time captured all his sperm and she hungrily swallowed his seed. Finally, as the orgasm's of all the family subsided everyone disengaged.

Greg and Lisa were wiped out. Lisa rolled over and lay flat on her back licking her lips. She still had some residual cum of her brother leftover in her mouth and she lazily daydreamed about the future and when she would again enjoy the tasty treat of sperm in her mouth. Greg laid next to his sister and reminisced about her fine tasting pussy and asshole. He would have to enjoy that treat often. His sister was so beautiful, and he had enjoy sampling her wares as no one else had yet. David and Janet got up and looked at their children laying wiped out on the floor and they mused over what they must be thinking.

"Come on you two", said Dad. "That's enough lessons for one night. Let's get ready for bed and we'll pick up with the lessons tomorrow."

"You two looked plum tuckered out", interjected Janet their mother. "But I know the look of satisfaction and both of you have it. Tell me, what did you think of oral sex?"

"Oh mother. It was divine, absolutely divine. Greg brought me so much pleasure. I had no idea how good it could be. Did you see how he rimmed my asshole? I never felt anything like that before. And I especially enjoyed sucking his cock again. I just can't get enough cum to satisfy my craving", said Lisa. "Not only that, but Greg tried some trick on me that made me cum ooooh soooo hard!"

"Yeah? What was that?", asked her Dad. "Developing some techniques of your own, eh son?"

"Nah, not really Dad. I was just improvising, doing what I had to do. Lisa kept squirming around on my face I could not suck her asshole. But I fixed that. Lisa's deliciously tasting pussy and ass are now a sweet memory", replied Greg.

"Can we start early in the morning on our next lessons? Can we Mom and Dad?", ask Lisa.

"We'll start early enough I'm sure.", replied Dad.

"I have an idea.", said Mom. "This cabin has only two bedrooms and in times past when we've come here as a family Greg has always had to sleep here on the convertible sofa. Son would you like to sleep with your sister in the second bedroom?"

Lisa and her brother looked at one another with renewed affection. The prospect of sleeping together greatly appealed to each of them. Their eyes twinkled with this idea, and they both nodded emphatically in approval.

"You won't get any negative response to that suggestion honey.", said David. "They are dying to sleep with one another. I don't think you'll ever be able to pry them apart from each other again. However,

there is one stipulation. It is very important that you do not go beyond the scope of the lessons we've given you tonight. Are we in agreement on this point?"

Greg and his sister verbally replied, "Yes. We'll be good, we promise." Greg took his sister's hand and off to the other bedroom they went. They look so natural together. David and Janet watched their children walk away when Janet remembered something. "You kids take a quick shower together and freshen up before you get between the sheets. And don't use up all the hot water!"

Greg waved his hand in acknowledgment of his mother's request. He looked at his sister and said, "This should be fun." He felt his prick beginning to swell thinking about taking a shower with his voluptuous sister, soaping her big tits and the rest of her body. He told her, "I'll wash your back if you wash mine."

Lisa looked at her brother with the same feeling of lust and answered, "I'll let you wash my back, but you better promise to let me wash every inch of your handsome body."

And so they reached the shower and adjusted the temperature of the water and stepped in the large walk-in shower stall. This was a new experience for them both and they enjoyed feeling the hot pulsing spray of water on their skin. Greg took the lead and told his sister, "Here, I'll lather you up first." With that he stood behind her and took the bar of soap and began to wash her backside. He concentrated on slowly running the bar of soap over every inch of her lovely curvaceous body. He took the opportunity to completely explore his

gorgeous sister personally in this private shower. His sister had beautiful clear skin which he had never noticed before. She had a very trim figure which she kept in shape by an active lifestyle. 'She's a gorgeous girl,' he thought to himself. 'A ton of guys would kill to be standing here doing what I'm doing!', he continued to think. He ran the bar of soap down to her ass and his sister spread her legs and bent over slightly to give him access. He pushed the bar of soap into the crack of her ass and down under her pussy. He rubbed the bar of soap all around several times to make sure it would lather up good. He then went down each of her legs rubbing the bar of soap around her front and back and he worked his way back up to her butt. His prick was hard, and he stood right up against his sister and reached around with the bar of soap to lather her front side. He rolled the bar of soap into both his hands and rubbed his hands and the soap around his sisters' tits. Lisa felt her brothers' very hard and erect cock in the crack of her ass. It felt so good, and she backed her ass up against his front slipping her body next to his. He was cupping her breasts massaging them together. She had nice large mounds, and he loved feeling them. He lifted her tits up soaping the underside and covering her nipples with the soap. He rolled her nipples between his fingers. Lisa was in heaven getting this attention. Greg slid his hard cock up and down in the crack between the cheeks of her ass which glided easily because of the soap. He leaned forward and tenderly kissed the back of her neck. Lisa responded and turned her head up and their lips met. Greg kissed his sister full on the mouth and Lisa lovingly let her brother tenderly feed her his tongue. She turned around in the shower to embrace him more fully. She felt his hard hot prick against her belly and she reached down to grasp his shaft. He moaned when he felt her hand wrapped around his dick. Greg in turn reached around and took the cheeks of his sisters' ass and pulled her to his body. He tugged her cheeks enjoying the feel of her flesh, massaging the big mounds of her ass. He wanted to fuck

his sister badly. His balls ached, and he longed to fill her virgin cunt with his hot dick. Lisa likewise wanted her brother. As their tongues intertwined in each other's mouths she pulled him forward pushing her pelvis up to his cock inviting him to enter her. Lisa was ready for her brother to fuck her hot cunt. They continued french kissing one another a few more moments letting their passion rise higher and higher.

Lisa finally broke away however, and said to her brother, "Greg we must stop. I want to feel you cock in me so badly. But remember that Daddy left us specific instructions for us to not go beyond the lessons we learned this evening. Let's hurry up and finish our shower. When we get in the bed we can do something though. Will that be okay?"

Greg hung his head down and nodded in acceptance. "Lisa you are so beautiful. I love you so much. I do want to fuck you. You are so sweet and I love everything about you. Many things I haven't paid attention to before I am seeing for the first time and yet they've always been there all along. I feel so close to you and I must have you. I hope Mom and Dad let us fuck one another tomorrow. If I can't have you I'll just die. I hope you understand."

Lisa tenderly kissed her brother again on the lips and looked in his eyes and said, "I feel the same about you love. You are my brother, my twin brother, and yet I never really noticed how handsome you are. We share many of the same interests. I have been drawn much closer to you since we have shared these intimacies today. I love you too, very much. I want to consummate our love just as much as you do. I too hope our parents will allow us to fuck each other my love.

They just have to. I know your cock will feel soooo good in my virgin pussy. Today, when you were fucking my pussy with that vibrator I was imagining it was your cock. I know you will know how to fuck me, and I can hardly wait for the moment when you will. But for now, let's enjoy what we can do. Now, let me wash you down."

After kissing one another again they broke their embrace and Lisa took the bar of soap and returned the favor of washing her brother's backside. She rubbed down her brothers athletic physique feeling the hardness of his arms and shoulder muscles. 'He's a hunk', she thought. 'I know the other girls at school would enjoy washing his Adonis body just as I'm doing.', she mused. She felt a sudden twinge of jealousy at the thought of her brother with other women. Then she laughed at herself and thought, 'I must be crazy. Where do I get off thinking I can keep my brother to myself. We'll always be close I'm sure. And ours is a very special relationship. No one can take that from us.'

They at last finished showering and they felt clean and refreshed. They didn't bother putting on any underwear or pajamas. They felt no shame in their nakedness. They climbed into the large king-size bed and pulled the covers over their bodies and drew close to each other to warm themselves. They used their hands and explored each other bodies as they again began kissing each other. Mom and Dad quietly cracked open the door to look in on them, and saw that all was well. They closed the door to give them privacy. Janet looked at her husband and the father of their children and said, "They look so natural together. Lisa loves her brother, and Greg loves his sister. I think its so sweet how they are treating each other." David asked her, "Do you think Greg fucked her in the shower?" Janet shook her head

no and said, "No, I'm sure they wanted to however. But I think we would both know if they had done that. I'm quite proud of those two. They respected our wishes and have learned their lessons so well. Tomorrow they will expect to fuck each other so that will be lesson one. Did you see how they were kissing each other? They are so much in love."

"Yes, I suppose you're right. We'll let them fuck the hell out of each other tomorrow. I'm sure their experience with each other had drawn them much closer together."

"Speaking of fucking the hell out of each other, what I would really like you to do is just that! I have sucked your cock and you've eaten my cunt but what you haven't done today is to pump your meat into my pussy like you know how to do!"

And taking his cock in her hand she lead him into their bedroom where they ended up showering together as their children had. As they showered Janet with her back against the wall of the stall took her husband's tool in her hand and after soaping his dick, stroking it to make him hard, she then put it to the lips of her cunt. Her husband got the idea. He grabbed the cheeks of her ass and hoisted her off the ground. Janet wrapped her legs around her husband and he fucked his wife right there. He pumped his long thick cock in and out of her cunt just like she wanted it. She nibbled on her husband's ear lobe and then licked the inside of his ear. Then whispering in his ear she said, "I saw you eyeing Lisa's beautiful young body. Her big boobs and ass. I know how you liked looking at her sweet asshole too! You licked your lips as you looked at her virgin pussy and asshole. You

couldn't hide your big erection as she showed you her sweet virgin cunt and asshole. Are you eager to fuck your darling little girl Lisa? Do you want to eat your beautiful little baby's cunt and lick her asshole?"

David grunted and thrust into her vigorously. He answered her by saying, "You know I do love. Seeing her pretty little twat, and watching our son deflower her cunt and asshole with his tongue made me hot! She's beautiful even as you are. She takes after you. She does have a beautiful body and her cunt and asshole made me want to fuck her. But didn't I notice you eyeing your son's big dick too! You liked his wanting to see your cunt and asshole didn't you? You enjoyed showing him your beautiful pussy, and when he wanted to see your asshole, you jumped at the chance to encourage his kinky request. I know you want to suck his cock and swallow his cum. And I also know that you want to feel your son's dick pumping your hot cunt too, don't you my love? You loved watching his cock disappear into his sister's mouth. You want to suck his cock too don't you cocksucker?"

Janet swooned with lust and whispered again in David's ear, "His cock is not like yours my love, but I do need him in my cunt. I want to feel him in my ass too! I know that while he fucks my ass, you will enjoy tasting your little girl's twat as she sits on your face. Her asshole will be no stranger to your tongue as well. You love sucking our assholes don't you love?"

David loved hearing his wife talk this way and he pounded her pud fast and hard. His thrusts shoved her higher along the wall where he

had her pinned. He answered her back, "Yes I will suck her lovely butthole while your son fucks your ass. And you will love having your son lick your hot cunt and asshole while you suck his dick into your mouth you cocksucking slut. You and your daughter are both cocksucking, cumloving sluts who need big dicks filling all your holes. I'll bet you want me to fuck your ass, while your son stuffs his dick in your mouth. Is that what you want you fucking whore? We'll both shoot our sperm into your mouth and ass and your cumloving daughter will lick the cum from your ass."

"Yes! Yes! OOOOH YES! Janet screamed. "You're right. Me and my daughter are sluts. She want's to suck your cock and drink your cum. I saw her looking at her father's big fat cock and I know what she was thinking. She wants you to fuck her throat as you do mine. She can't wait for you to feed her your big dick so she can swallow your cum! And I want to let my motherfucking Son of a BITCH boy fuck my ass and shoot his wad deep into my bung!!!" And they both began climaxing. David shot his load of sperm into his wife as he rammed his meat into her hot twat again and again. Janet was squeezing the life out of her husband as she had both arms and legs wrapped around his torso. As their thunderous orgasm subsided she looked at her husband and kissed him and said, "I love it when you talk dirty to me love." David looked at her and said, "I know you do too love and I meant it." Janet said, "Ooooo you're soooo right. Tomorrow we have so much to do don't we?" David answered her, "Yes we do love, we are going to needs lots of rest. Let's hit the sack. So off to bed they went.

Greg and Lisa lay close to each other kissing and exploring their bodies using their hands. They especially enjoyed attacking one

another's tongues playing a game of hide and seek with their tongues. Greg was feeling his sisters boobies and she had her hands on his cock. She especially loved feeling his hardon. It simply amazed her. He reached down and took one of her tits to his mouth and began to suck it. He then took his free hand and reached down to her pussy. She spread her legs giving him access and he felt her wetness.

"Lisa, you are so hot my love", Greg told her. He gently pushed a finger and into her hole and pumped it in and out fucking her with his digit. She whispered in his ear, "My pussy is hot love, and I love what you are doing to it. Don't stop. I hope tomorrow that instead of your small finger I will feel your big dick in my pussy." She took her free hand and wrapped it around his and guided his hand as he pumped his finger deeper into her cunt. He continued suck her tits, gently biting her nipple. He stopped momentarily and removed his finger from her cunt. His finger was soaking wet and was glistening with her wetness in the moonlight coming through the bedroom window. She look at her brother and said, "What's wrong? Why did you stop? My pussy needs you to finish what you start. Please. Please. Please make me cum." Greg brought the finger he had been fucking her with to his mouth and he licked some of the juice off. He held his finger up to her lips. Lisa took her brother's finger and put it in her mouth. She rolled her tongue around it thinking how it reminded her of his cock previously only much smaller. She tasted her own cunt juice and marveled at the sweetness of it. She could see why her brother enjoy licking her pussy as he did. He pulled his finger from her mouth and whispered in her ear, "I want to eat your pussy. That's why I stopped fingering you cunt. I only wanted to get your delicious juices flowing." He changed positions, got between her legs and began to enjoy his feast. Lisa made no complaints and

she knew her brother would make her cum with his tongue. Her father had taught his son well on how to eat pussy.

Lisa opened her legs wide to give her brother access to her cunt. Greg put both his hands under the cheeks of her ass so that he could pull her pussy tight to his mouth. He inhaled the aroma of her moist cunt, letting her fragrance intoxicate his passion. "Lisa your pussy is so lovely, I just love sucking your juices into my mouth and tasting your beautiful cunt.", Greg told his sister. Lisa moaned softly as her brother spoke these words. Greg put his mouth down to his sister's pussy and began to lick along the slit between her labia. His sister reached down to spread open her slit. Greg licked and kissed her pussy and as her juices flowed he sucked these into his mouth. Using his tongue he flicked it around her clit and sucked her clit into his mouth. Lisa grabbed his head with her hands and pulled it down hard into her cunt. Greg continued furiously flicking her clit with his tongue and then moving it down and pushing his tongue into her hole. He sucked at her pussy, drawing her juices to his mouth using his tongue as a spoon. Lisa was moaning continually now and she was very near climaxing. She lifted her legs and placed them on her brothers' shoulders, and he massaged the big mounds of her ass flesh, pulling her pussy to his mouth as he tried to push his tongue deeper into her cunt. At last Lisa began to climax, thrusting her hips into her brothers' face, and he nearly suffocated from her hands and feet pushing his upper body and face into her sex. He continued without letup eating her pussy and sucking her clit until she pushed him away. "Ooooooh, Greg honey, stop, please stop! I have to catch my breath lover. Whew! Oh you are so splendid. I just love how you make me cum with that tongue of yours. Kiss me my sweet, and let me taste my pussy on your lips." Her brother got up from his position and brought his face to hers. In the moonlight she could see the area

all around his mouth and chin was very wet. He was licking his lips savoring the taste of his sisters' orgasm. He leaned forward and kissed her deeply letting his tongue enter her mouth where she sucked it in and rolled it around in her mouth pulling the juice of her cunt from his mouth. She very passionately kept her mouth on his, sucking his face and tongue letting him know how she appreciated the pleasure he had given her. She broke the kiss only to lick his lips and face to taste the remaining juice of her cunt he could not himself lick off.

"What shall we do now lover?", she asked, "How can I reciprocate the favor? Would you like me to suck your beautiful cock? Can I please? I would love to taste your sperm again before I go to sleep."

Greg had his stiff member in his hands slowing jacking it off. He answered, "I would like to try something different Lisa. Something that we didn't cover in our lessons today, but I don't think Mom or Dad would object to."

"Ooooh, I'm game. What would you like to try love?", asked Lisa.

"Well, I think we can both get what we want. If you want to taste my sperm, I can satisfy that request. What I have in mind is to fuck your lovely tits. I've seen pictures of guys sitting on a girls chest with their cock stuffed between the crack of a big pair of boobs. It's so sexy and provocative. You have a beautiful nice pair of tits that I have been dreaming of fucking. What do you say?", asked Greg.

"I love the idea. It does sound so incredibly sexy. You would like to fuck my titties? She reached down to cup her breasts holding them out to her brother. Then she pulled on them by her nipples, twisting her nipples in her fingers. "Yes, I would love the feel of your hard hot cock between my titties. And I could watch you fuck them too! I could squeeze my boobs around your big dick and when you cum I could have my mouth open ready to taste your jism. That's an exciting idea, and I don't think Mom or Dad would mind. You're so inspirational lover!" Lisa was definitely into this erotic act.

So Greg got up and squatted over his sister's chest. He first of all held his dick to her lips and told her, "I'll need a little lubrication first Sis. Can you oblige me?"

"Ummmm, certainly my love.", said Lisa. She opened her mouth and let her brother feed his dick to her. She took hold of his tool and rolled her tongue all around his dickhead, depositing saliva on it. She moved her head back and forth licking the length of his member making it good and wet. She also cradled his balls in her hand, gently squeezing them.

"That should be enough.", replied Greg and he moved back a little and lowered his dick down to her tits. Lisa opened up her cleavage, and Greg placed his cock down next to her chest. His big sack of balls lay on the upper part of her abdomen. She mashed her tits together forming a tight enclosure for her brother's cock to screw. Greg also placed his hands on her boobs to help manipulate this makeshift fuck pocket. He began to fuck her boobs looking down at his cock move in and out of her cleavage. "Ooooh Greg, Your cock feels sooooo good

fucking my titties. Fuck my tits. Fuck them lover. My tits are for your pleasure, so fuck them. Fuck them. Shoot you wad in my face and let me taste your sperm when you cum.", Lisa said. Greg grunted and told his sister, "Lisa you slut. You like me fucking your big titties don't you? You want my big dick fucking your boobs. You like seeing the head of my cock push through close to your face where you know that my jism will shoot when I cum."

"Yes, Yes!", cried Lisa. She had reached one of her hands back down to her sopping cunt to frig herself. She was really getting off on her brother fucking her tits. Greg fucked his sister's big tits again and again. Greg was in heaven being able to look down at his sisters huge round globes, and at the same time to feel the warmth of her mashed breasts wrapped around his cock. Greg was nearly ready to climax himself so he said to his sister, "I about to cum my love. Your fucking tits are making me cum!!!!!! And with that he began to pump stream upon stream of hot sperm into his sister's face. Lisa had her mouth open wide to catch as much of the jism as she could, and quite a lot of the gushes hit the back of her mouth. Much of it landed on her face, chin and chest. Greg was squeezing her tits around his cock pulling the last bit of cum out and it puddled on her chest. Lisa who had been frigging herself came at the same time as her brother. She used her fingers to pull the jism from her face, chin, and chest back to her mouth where it belonged. Lisa was the first to speak. "Ummm. What a nice bedtime snack. Thank-you my love." Greg replied, "Thank-you. That was fucking great! You were beautiful Lisa. I love you so much." Lisa looked at her brother, smiled at him and said, "I love being your slut. Please fuck my tits anytime. It was such an erotic experience we'll have to share with Mom and Dad in the morning." "Yeah!", said Greg. "I'll bet they will get a bang out it."

With that, both brother and sister were fully satisfied for the evening. They lay in the bed together snuggled up against each other. Lisa lay next to her brother with her back against his front. Greg had his arms wrapped around his sister. They kissed one another tenderly in this position and then fell asleep for the night.

Chapter Two

Saturday morning arrived finding Greg and Lisa still snuggled together in each others arms. As the bright morning sun flashed in their bedroom window Greg awoke smelling the aroma of fresh coffee brewing in the kitchen, and bacon frying. He nudged his sister who awoke looking into his eyes smiling. "Good moring my darling brother. How are you today? Did you sleep well?", asked his sister. He leaned down and kissed her tenderly on the lips. Lisa responded to his kiss and opened her mouth. Their tongues met in a light exchange. Greg broke away and answered, "I slept like a baby. We didn't move all night from the position we were in. I feel great and am looking forward to what today may bring. How about you my sweet sister? Did you sleep well? His sister said, "Oh yes. I feel wonderful today. Let's get up and see how Mom and Dad are!

They jumped out of bed and headed for the kitchen. They found Janet their mom wearing a see through negligee with matching bra and panties fixing breakfast. Their father David was seated at the table wearing some bikini briefs. Their parents noted their arrival. "Well good morning you two. Did you two sleep together in the buff? Honey, take a look at these two.", said their father. Janet turned from

her cooking and said, "Hey kids, the lessons were over when we went to bed. What have you two been up to, some extra credit homework?" Greg and Lisa looked at one another and felt a little embarrassed standing naked in front of their scantily clad parents. "I'm just teasing. Don't get embarrassed. But I don't want you sitting at the table with nothing but your birthday suit. That goes for you too honey!" as she looked over at her husband. He nodded his head and got up to retrieve a shirt and pair of shorts from their bedroom.

Greg and Lisa turned around giggling and went back to their room to dress. Greg watched his sister put on a pair of panties and bra and then said, "I like your underwear Lisa. You look so sexy." Indeed Lisa was fine looking with a pair of matching panty and bra. They were a peach color with lace and the panties were a bikini type. The bra was a wonder type that accentuated her already luscious tits. "You like my bra and panties? Greg, why is it that men like seeing women partially dressed in clothes, covering their private parts, rather than nude sometimes?", she asked. Her brother answered, "I think it's because what we can't see, drives us crazy. So a woman who is totally naked is not near as sexy as one who is trying to cover up with a little piece of fabric her beautiful ass and boobs. Do you understand?" "Yeah I think I do my love.", answered Lisa. "How would you like me to dress?", she asked. Greg replied, "Lisa you look sexy no matter what you put on. You have a terrific body that is built like a brick shithouse!" She smiled at him and put one of her workout leotards. She then pulled a long T-shirt over the top. After Greg put on a pair of shorts and T-shirt they headed for the kitchen to re-join their folks.

Janet their mom was just putting everything on the table for breakfast. They sat down together to eat when their dad said, "How

did you two get along with one another last night? Since you've never spent the night in the same bed together did you fight and pick at each other?"

"Oh no Dad. We were good children weren't we Greg?", answered Lisa.

"Oh yes. We slept very well. Lisa did not bother me and I did not bother her.", said Greg.

Both parents almost spit out their food as they laughed at the response of their two twin children. Janet said, "We looked in on you a couple of times last night just to check on you. Things looked pretty hot in the shower before you went to bed last night. Greg your cock was rock hard and stuffed in the crack between the soaped up ass of your sister as you washed her big tits."

"Yeah I saw your hands lifting Lisa's big tits from behind as you washed her down. I just have one question from you my son." David their father looked at Greg and next asked, "Did you fuck Lisa your sister? Tell me whether you fucked her after I told you to not go beyond the lessons we had yesterday."

Greg looked at his sister and winked at her from the corner of his eye. He reached over and took her hand in his and looked at his parents and said, "Mom, Dad, Lisa and I have a confession to make. You are right. Last night in the shower feeling Lisa so close to me with soap all over our bodies drove us wild. Lisa told me she wanted

me to fuck her. She said she needed my hard cock real bad inside her cunt. I wanted to fuck her something awful." Lisa his sister broke in and nodded, "Greg's right. I did want his cock fucking my cunt last night and so we ended up in bed. One thing led to another and Greg fucked me."

"I knew it, I knew it." David looked at his wife shaking his head.

"Wait a minute Dad. I'm not finished.", spoke Greg. And he continued, "When Lisa said I fucked her she did not tell you how. It's true that we both wanted to screw each other last night. But we also respect you and Mom. So we improvised a little... We fucked, but we didn't think you would mind the way we fucked."

"Fucked, but didn't fuck! What the fuck are you talking about?", asked David their father. He was not really mad but was putting on a pretense.

Lisa answered, "Greg fucked my titties last night. I just loved it too! His hot cock fucked my tits and then he shot his load of cum in my mouth and on my face!"

"Ooooh you two!", cried Janet their mother. "So you titty fucked last night. Not a bad exercise. You certainly can't hold that against your children David. Titty fucking is sorta like mutual masturbation. You know how I like your big dick fucking my boobs."

David looked at his children with a big grin on his face and said, "What a idea you came up with Greg! You certainly deserve extra credit for that idea. I'll bet you two did have fun!"

Greg finished by saying, "Lisa let me dine at her wonderful pussy, and then she let me fuck her beautiful boobs."

Lisa then asked, "Father what's on the agenda for today's lesson? What are we going to start with? I have a very important request to make."

David looked at Lisa and asked her, "Well let's hear your request first. Since you two earned extra credit with that titty fuck last night we will let you decide what will be the first lesson."

Lisa and Greg both jumped up from their chairs and told their parents, "We want to fuck! We are just dying to fuck each other!" Lisa said, "We have eaten each other, and brought each other to climax, can we at least now enjoy fucking each other? Please, we just have to fuck!"

Their parent looked at one another and smiled and then looked at their children and said, "Yes." Janet now said, "We had planned to let this be the first lesson for today. We see how close you've become. It's obvious you are in love, and you should be able to express that love and fuck each other. We want to share in witnessing your consummation."

Greg and Lisa jumped for joy and embraced each other. Greg kissed his sister full upon the mouth and Lisa wrapped her arms around her brother and squeezed him tight.

"Let's clear these dishes and then we'll start the lessons.", said Janet. "But we will need to make some preparations first before starting the lesson. Lisa you come with me, and Greg you go with you father."

Janet and her daughter cleared the table and straightened up the kitchen while David and his son went to talk on the couch by the fireplace. When the girls left the kitchen to head for the bedroom David asked his son, "Son, your mother and I are very proud of you and Lisa. You respected our wishes under a very tempting situation and that's commendable. Your sister is a virgin, as you are yourself. We are going to help you get started and, please, go easy on her. Your cock is above average and you're still a growing boy. Lisa's pussy is small and no doubt very tight. Let her adjust to your size. She will respect you for going easy on her, then she will ask you to fuck her brains out."

Greg thanked his father for the support and advice. They removed their clothes in preparation for the day's exercises. Lisa and her mother Janet had been gone for a while now and were returning from the bedroom. They both were dressed wearing fishnet stockings attached to garter belts. They were also wearing red high heels. Each was dressed wearing matching bright red push-up bra and g-string. Both girls were made up and had put on some fragrant perfume. David looked at his son and said, "Looks like we're in for a strip show boy."

"We have a surprise for you Greg.", said his mother. "But first we'd like to put on a little show for you boys, so just sit back and relax. We want to dance a little dance for you to help put you in the mood."

Lisa put a CD in the CD player. It was some type of dance music with a good beat. Lisa and Janet now began to dance seductively before their menfolk. Janet danced for David her husband, while Lisa danced for Greg her brother. Both girls choreographed their movements together. They bumped and ground their bodies against each other, wiggling their asses in front of the boys. They got right up in the face of the boys undulating their hips and turning to let their asses tease them also. They were wearing an exotic perfume that permeated their skin and underwear. As they danced they both slipped fingers into their panties rubbing their pussies before the boy's eyes and then raising the wet fingers to their red lips opened in the shape of an "O" they would stick out their tongue and lick it off. David and Greg leaned back upon the couch to enjoy the show. It was obvious that they were liking it, because, their dicks were stiffening up and they made no effort to hide it from the ladies. As the girls saw their hardons they made eye contact with the men looking down at their dicks and licking their lips. Both Greg and his father could hardly stand it so they took their members in their hands and squeezed them and slowly jacked their dicks as they watched the girls. Janet and Lisa now began seductively removing their bras, and as they did they leaned forward and placed the bras on the boys faces, dragging them over their face and eyes as they moved back and forth before them swinging their tits. Both Lisa and her mom had big beautiful mounds that they jutted out, and as they danced they shook them causing the boys to lick their lips. They dropped the

bras on the boys faces and then took their tits in hand pulled them to their own mouth and licked the nipples in front of the guys eyes. Then the girls turned to face each other. Janet and her daughter danced up to each other and cupping their tits they rubbed their nipples tit to tit. Janet rubbed her tits on Lisa's boobs, and Lisa did likewise to her mom. They moved ever closer and ground their pelvis together. As they moved up and down rubbing their cunts' against each other Janet slipped her hand and finger into Lisa's panties and Lisa reached into her mother's. They then felt each other momentarily fingering the wet pussy and when they withdrew their hands they returned them to their mouth to taste each other's cunt. Greg and David were furiously jacking their raging hardons as they were so turned on by this erotic behavior. The girls once again turned to face the boys and moved up close to their faces rolling their boobs at them and holding them a fraction away from their lips. They put their pussies right up in their faces close enough for the boys to smell their hot cunts. They each reached into their panties with their fingers and slowly fingered their cunts before the boys eyes. The boys could not see their pussies however, only what the girls were doing. Then the girls turned around and once again put their asses in the guys faces. They bent over and looked at the reaction of their audience and licked their lips. They each reached up and began pulling their panties down slowly over their nice ass until the panties were on the floor around their ankles. Stepping out each girl reached down and picked up the panties and again laid them on the face of their audience. The crotch of each pair of panties were soaked. As Greg's removed the sweet smelling pair of panties on his face his sister turned around to face him with all her clothes removed. He now saw that her beaver was completely shaved of all the short red hair she once had. Lisa again stepped up close to her brother and in time with the music she swayed her hips. Reaching down to her cunt she spread the lips open with two fingers letting her brother see more

clearly her wet pussy. Greg poked his Dad to get his attention. David looked over and saw the nice clean pussy of his daughter. When Lisa saw her father she turned to face him so that he could see her freshly shaven pussy more clearly. She put one leg up on the arm of the couch and put her cunt fractions from his face. Looking at him in the eye she slowly spread the small lips of her cunt open and then ran her finger up and down her slit. As she got her finger wet she held it up to her father's nose for him to smell. He at once took her hand and licked her finger off while he jacked his massively stiff prick. Lisa pulled her hand away from her father teasingly, and then turned around to let him examine her ass. She bent over at the waist and spread her legs to give her father a view of her shaved pussy and asshole. She again looked around to see her audiences' reaction, and taking her fingers reached between her legs from underneath spreading the lips of her cunt for their visual pleasure.

The music now stopped and just in time as the boys were about to waste a wad on themselves. David and Greg both applauded out loud and made cat calls for the fine performance of the girls. Greg spoke first, "So that's the surprise you had in mind," pointing at his sisters shaved pussy, "not the dance you just performed." "That's right. How do you like my pussy?", asked Lisa.

"It looks good enough to eat." answered her father. "This is what we will do to start your next lesson. I know that you have a pretty good idea how to fuck. Lisa, honey, I gave your brother Greg some instructions while you and your mother were out of the room. And I'm sure that your mother told you some things too. We will get more into the various positions you can fuck in later on with the advanced

lessons. To help you get started however, we are going to share in your experience."

"What do you have in mind Dad?", asked Greg

"Son I know that your mother whom you'll recall loves to suck dicks, has been dying to suck your cock. And I on the other hand want to taste the pretty little pussy of your sister. So while your mother sucks your cock to make it nice and hard for you sister, I'll prep Lisa by eating her delicious looking cunt. When she's nice and wet, you can fuck her. How does that sound?"

Lisa squealed with delight saying, "Ooooo Daddy, please eat your little girls' pussy. Mom even shaved my asshole so you can lick me there. I know how you boys love to suck our assholes. Will you eat my pussy and lick my ass?"

"You know I will. You haven't even been fucked yet and already you are a slut my dear. You are a slut because you want your Daddy to lick your pussy and lick your asshole. You will beg for your brother to fuck you tight cunt too! Your hot twat will milk his big dick and he will shoot his sperm inside you." Her father was saying these things to his little girl.

"Mom I know how you like to suck dicks and I want you to make my dick hard. After you suck my dick I will then fuck my lovely sister who wants my cock in her hot cunt." Greg and his mother laid down on the floor, followed by Lisa and her father.

Janet laid on her back and had Greg sit at her face. David laid on his back and had Lisa sit on his face. Greg and Lisa were facing each other and could see the oral attention each other was receiving. Greg held his cock in his hand before his mother. His mother had a pillow behind her head so she accept his cock into her mouth. He talked to her, "Here is my dick which you want to suck. Let me feed you this cock because I know how you love to suck dicks you cocksucker. He teased her with the head of his dick, swatting her in the face on both sides of her jaw, while she had her mouth open trying to catch the head in her mouth. He eventually stopped these antics to let her suck him because he was anxious to fuck his sister. His mother was in a perfect position to have him fuck her mouth, and while she sucked her son's cock she was also fingering her clit.

Lisa and her father were likewise going at it. Lisa got into the swing of things and completely rested the weight of her ass and body on her father's face. "Go ahead and lick my pussy Daddy. My brother Greg knows how to eat pussy. Let's see if you do!" Her father loved hearing his daughter talk this way to him and he dived into sucking her cunt furiously. Lisa bucked and bucked her cunt on her father's mouth making it hard for him to enjoy eating her virgin pussy. Her juices flowed freely onto his face and chin and he stuck his tongue into her slit trying to capture as much of the sweet cream as he could. He placed his hands under her ass and lifting her he did manage to hold her still so he could eat her properly. Lisa loved this and said, "Ooooh Daddy, you're so strong. I feel like I'm in a saddle riding your tongue. My little pussy is impaled on your ticklish tongue. Eat me Daddy. Make my twat cum. Do you like how my pussy tastes Daddy?"

Her father could only grunt in response as he continued sucking her hole. He found her clit and sucked it into his mouth. When he did this Lisa began climaxing, screaming, "OOOOOOOOOOOhhhhh Daddy. You're making me cuuummmmm!!!! Her father licked and sucked his daughter's pussy, drinking the juices that gushed from her cunt. While her orgasm continued, he lifted her a little higher where he could get to her asshole and he stuck his tongue in to suck her bung. Lisa squealed and felt another wave of orgasm. "Ooooh Daddy. You're sucking my asshole and it feeeeeeels soooooooo goooooood!!!!"

As this orgasm subsided David stopped eating the cunt and asshole of his daughter. He set her down flipped over and looked at his son and said, "Greg, I think she's ready for you. Go ahead and take her. Your mother will just have to finish sucking your cock another time."

Janet reluctantly let her son withdraw his cock from her mouth. But she knew that his wad which had been building up in his balls would soon be spurted into her daughter's virgin cunt. She also knew that the next lesson following their children's first fuck would be an introduction to bisexuality, as she would want to eat her daughter's pussy and suck her son's jism from her freshly fucked cunt. She could hardly wait.

Greg and Lisa could at last fuck one another. Lisa laid down and her brother came over to over next to her. David and Janet also came near to their children to share in their joy. Greg remembering the instructions his father gave him earlier spoke very tenderly to his

sister, "Lisa darling, our moment has arrived and I want to ask you first. I want you to be sure and not feel pressured. Do you still want me to fuck you? Do you want to feel my cock in your pussy?"

Lisa looked into her brother's eyes and said, "Yes my love. Please put your beautiful cock into my pussy. And to encourage him she raised her head up and kissed his lips. He cupped her head in his hand and as he returned the kiss he lowered her head down to the floor. They kissed each other for a few moments and he also felt of her breasts. She took hold of his cock and gently pulled on it letting him know that she wanted him. "Please", she whispered in his ear, "I need you now."

Greg now maneuvered into position between her legs. Lisa spread her legs before her brother and raised her legs up keeping her feet on the floor. As he got ready she looked up at him and said, "I love you brother dear. You are so sweet and gentle. You never rush me. You are being so nice to me and I love you. You're also so handsome and strong. I feel so secure in your arms. Please take me love. I'll always be yours Greg."

Greg was holding himself up with one arm while he leaned forward and using his other hand he moved his stiff cock up to the entrance to his sister's twat. Lisa helped her brother by taking his member and held it to the lips to her pussy. Greg then proceeded to gently nudge the head of his dick into her moistness, trying to lubricate his cock with her wetness. Mom and Dad continued to watch their children, not wanting to say anything that would spoil the moment. With the head of his dick now planted in the right spot, Greg placed both

hands squarely on the floor on either side of his sister's arms and gently move his hips forward to enter her. He slowly at first pushed forward and at meeting resistance he pulled back. Lisa still had her hand on her brother's cock guiding it back to her love hole. Again Greg pressed forward with his dick and each time that he did he managed to go a little deeper. Lisa's cunt was very wet with her juices from her father's feast, and as her brother dick got wet from those juices he could slip into her more deeper. At last the head of his cock had penetrated her tight opening. Lisa could feel the head of his member now inside the opening of her twat and she said, "I can feel you Greg. Your dick is beginning to enter my pussy. I love you Greg. Please continue to fill me with your cock. I want to feel you all the way inside me love!" Greg answered his sister, "I love you Lisa. Your twat is so tight! But it feels soooo good. You are so beautiful. You're the most beautiful girl in the world."

"You two are doing just great. Lisa, your brother really loves you so. He's so gentle. You are going to enjoy his fucking you I can tell." Janet looked at her daughter and stroked her hair. Lisa looked at her mother and said. "Isn't he wonderful Mother? I just love him so."

Greg continued slowly but steadily moving ever forward trying to gain new ground in his sister's virgin pussy. He felt like a pioneer, going where no one had gone before. But he simply did not just want to rape and pillage his sister's virtue. He loved her, and he wanted to make their moment last forever. His dick felt so good inside her warm cunt. He just wanted to lay there and enjoy how it felt. However, he still had about six more inches to bury, so onward he slowly pumped. As his sister relaxed he found that his cock would slip a little further inside her cunt, so in relation to her comfort he

gently fucked her. Little by little he was finding that he would have to pull back further on each stroke because his cock was now nearly all the way into her cunt. Lisa felt it too, and her breathing was becoming more stronger. "Ooooh lover, your cock is filling my cunt. It's so big. It feels soooo good. It's so warm and hard. How much more do you have to feed me?" asked Lisa.

"I'm almost all the way there my love," answered her brother. And on his next stroke he found that he was all the way inside. They were bumping one another pelvis'. He lay there for a moment feeling her warm tight cunt wrapped around his manhood. Lisa enjoyed feeling the fullness of his dick fully inside her as well and she looked at her brother and said. "Why did you stop for my love? Please begin to fuck me with that hard dick. It feels so good, I don't want you to stop now. I want to feel you fuck my pussy."

Her brother began to slowly pump his sister's cunt making short thrusts now that he was fully inside her tight box. He was feeling no restriction now whatsoever, his sister certainly looked comfortable. She closed her eyes and began to softly moan. She put her lips together to form an "O" and said, "Ooooh lover, fuck me harder with that big dick of yours. Fuck me! Fuck me! Fuck the shit out of my hot twat. I want to feel your cock ram my cunt. Your big fucking cock feels good in my pussy. Go go ahead and screw me good." Lisa now took her legs and wrapped them around her brother's ass, placing her heels on his buns to help drive him into her. Greg began to fuck her in more earnest now, and he pulled his dick nearly out all the way out and shoved it back into her cunt as deeply as he could. "Yeah babe. You like this big dick don't you. You have a fucking hot twat. I love fucking it. It's so tight, You a fucking tight bitch. I'll fuck your

hot cunt and screw your brains out! You like feeling my big dick pump your juicy pussy. You don't just like it you love my dick don't you! You want me to fuck you good and cum in your hot box!"

"Yes! Yes!" his sister cried out. "I am a fucking bitch. I need your fucking cock to fuck my hot fucking cunt. Your dick feels soooo good in my hole. Please fuck me harder! Fuck me harder love with your meat. Don't stop fucking it PLEAAASSSSSSSSSE! Show my mother and daddy how good you can fuck their little girl!"

Greg looked over at his parents and said, "My sister is a fucking whore, because she loves her brother's fucking dick in her pussy! She wants my big dick to pump her hot twat, and she wants my hot sperm inside her cunt. Well I am going to fuck her good and hard. I will fuck her until her eyes bulge out. Then I will shoot my sperm deep inside her fucking hot box. You like seeing me fuck her don't you!" He spat the words at them and furiously pumped away at his sister's cunt. Lisa had her legs up in the air and her hands were playing with her boobs, feeling her nipples and twisting them with her fingers.

Greg's father came over close to his kids, and looking first at his daughter he said, "Baby darling, do you like your brother fucking you? Does his dick feel good in your cunt? I know you like fucking, 'cause you're a slut. You're a fucking slut like your mother is. She likes dicks in her cunt and mouth, and you're the same way. You like feeling a fat cock pump your hot twat don't you, you fucking bitch? Your brothers' dick is ramming your tight pussy and you love it!"

Lisa looked at her father and with lust in her eyes she said, "Ooooh Daddy! You know I do!!! I love my brother's big dick in my pussy, just like my mother does. I want to feel big dicks in my mouth and cunt filling them with hot cum. Will you fuck your little girl? 'Cause I need your big dick too! It's so big, and know it will feel so good in my tight hole. I love my brother's dick, but I want your big dick too! Please say you will. Say you will fuck my pussy too! I just love having my cunt filled with a fat cock. Please say you will fuck your daughter."

Her mother who was on the other side of her daughter across from David, got down to Lisa's face and said to her, "You know your father will fuck you baby. He will fill your cunt with his monster dick and fuck you hard. While your father fuck's his baby girl, your lover Greg will fuck his mother. I can't wait to have my boy fucking my cunt, while we watch your father fucking your cunt. You do want your brother to fuck his mother don't you? I need his cock like you need your father's cock. I want him to fuck me with his nice young stiff dick.

"Oh yes Mother! Greg will fuck you, want you Greg? Want you fuck our fucking Mother, while Daddy fucks me? Say you will. I know you want to fuck Mother cause she has a beautiful pussy, and she loves big dicks just like I do. We are both sluts and we need to have cocks filling our holes all the time. Mother needs your big dick. I know she does. I'm just like her, and I need to be fucked real hard. So please fuck me and then let Daddy fuck me. I want to see you fuck my Mother just like you're fucking my hot pussy. Mother, Greg's big cock is filling my pussy. He knows how to use his tool and I know he will love filling your beautiful pussy with it. Daddy's big dick is

going to fill my cunt up with his cum. Greg, lover, please fuck me harder! I need to feel your cock deeeper in my hot hole!!!"

Greg feeling the same lustful passion rise in him looked at his father and said, "Daddy, your little girl has a fucking good cunt. I love fucking my virgin sister's twat. She is a good fuck. My first. But I know that Mother will be a good fuck too! She has a good looking cunt and I want to fuck it. I'm going to fuck her when I get finished fucking Lisa. Then you can fuck Lisa. Both Lisa and Mom are two fucking sluts are they Dad? They have good looking pussies to fuck. How tight is Mama's cunt. I'll bet her hole is not as tight as Lisa's tight cunt. Her cunt is tight! But just the same I'll fuck my mother 'cause I know she loves big dicks and she's a fucking cunt. I love being her son of a bitch, cause that's what she is a fucking slut cocksucking bitch!"

"Yes they are son," said David, "Your mother is a fucking whore, and your sister is a fucking whore. What can you do but fuck them hard? We'll take turns fucking the shit out of their holes, and when we're done they can suck our cocks. They love to suck dicks don't forget. And they'll both be sucking our cocks to make them nice and big so we can stuff their cunts again. I'll gladly let you fuck your mother while I fuck Lisa. You have a nice dick son, but Lisa want's her daddy's big dick too! She'll squeal with pleasure when I fuck her with my big meat! Your mother will love fucking you too! I already know how she's been eyeing your cock, frigging her hot twat waiting for you to shove your meat into her."

Greg was really banging away on his sister's pussy now. His young teenage body had stamina and he was sweating as he pumped Lisa's pud. Lisa was now nearing a super climax feeling her brothers hot rod ram her steamy twat. "Ooooh Greg, I starting to cum with your dick inside me! Fuck me harder! Faster! Faster! OOOOOooooaaaaahhhhhh!!!! With that Lisa arched her back thrusting her hips up, and she came. Greg likewise feeling the buildup in his balls held back his orgasm as strongly as he could until his cock literally exploded inside his sister's twat. He pumped furiously until his sperm began coming out of his sisters' pussy. Her cunt was very sloppy now with the mixture of her cream and his jism. At last he pulled out of her and wiped his dick on her thigh. "Oh Lisa my love. You were beautiful. I love you so." He leaned down and kissed her passionately on the mouth. She pulled him down on top of her mashing his mouth with her own responding to his passionate kiss. As the broke their liplock she said, "I love you too Greg. You are a wonderful lover. Thank-you for being so gentle with me at the start and making our first time so memorable.

Their parents applauded them and David their father said, "What an experience. I don't think I've ever seen anyone fuck one another the way you two did. I wish I had loaded the camera with film and got pictures of you two. Better yet, we should have filmed your first time with the camcorder. Now that would have been a keepsake!" David was truly disappointed.

"We may not have their first time but we could film other occasions.", said Janet. Besides, we will all remember this the rest of our lives. But don't you think that you and I fuck each other the way they screwed one another?"

"Of course, dear. Beside us, I never saw anyone fuck the way Greg and Lisa did. That's what I meant. You know how I feel about you love."

Janet smiled at her kids and said, "He's right. Your father still fucks me like he did the very first time. It never gets old to either of us. How do you too feel now? Do you need a break?"

Lisa answered first and said, "No, I feel so elated. I never knew how good sex could be. Greg is such a good lover for someone who's never had sex himself." Her brother smiled at her and said, "Lisa, you made it so good. I just love you so much and you're so beautiful. I'm not tired. What's next on the lesson books?"

Janet smiled at her children and said, "I'm glad you too enjoyed your first intimate experience. It's good that you could enjoy it together, and that we could share it with you as well. Here's something else for you to think about. You think it was good now. Wait until you get more experience under your belt. Well, you're not wearing any belts are you?" Everyone laughed and she continued, "As you two learn more how to give pleasure, your own pleasure will increase. So let's drink to more pleasure!"

"That's a good idea honey!" said Dad. "Son, give me a hand in the kitchen fixing us some highballs." David and Greg left for the kitchen and Janet turned to her daughter and put her arm around her

shoulder giving her a hug. "Honey, Greg was so sweet to you. I know you enjoyed him fucking you didn't you?" asked Janet.

"Oh yes Mother. I just love him to death. He's so kind and gentle. He knew just what to do and how to do it. He is really a wonderful lover. I look forward to sharing him with you."

"Sharing him? You talk like he's yours Lisa. What do you mean honey?", Janet asked her daughter.

"I know it sounds silly. I mean who am I to think that I can keep Greg for myself? I know you love him too Mother, only Greg and I have a very special relationship being twins. We were born from your womb only moments apart, and that makes us close. But having shared this intimacy together has drawn us even closer. I can't help but feel a little jealous of him fucking other women, although I also want him to. It's confusing. Do you know what I mean."

Her mother turned her around and embraced her. She then pulled Lisa's face to her own and tenderly kissed her daughter's lips. Lisa did not object to her mother's action, instead she wrapped her own arms around her mother pulling her close, and returned the kiss. They opened their mouths and exchanged their tongues, gently exploring each other's lips and gums. When they broke their kiss Janet answered her daughter by saying, "Honey, I know exactly what you mean. It is possible to love someone, want to keep them for yourself, and at the same time, allow them, actually want them to fuck someone else. Even though your brother may enjoy fucking other girls, his heart is here with you. You know Greg feels the same

way about you. As much as he loves you, he wants you to have pleasure by being with other men. How could he let your father fuck you if he didn't?"

"I hadn't thought about it that way Mom. Thanks for clearing that up for me. Thank you for being so understanding." As they were still hugging each other, Lisa reached up and this time she kissed her mom upon the lips giving her tongue which Janet gently sucked into her mouth. "By the way Mom," she asked, "What are we going to do next? How about letting me know before Greg gets back so I'll have the inside scoop."

Her mother looked at her and said, "Well the boys went into the kitchen so that I could ask you how you might feel about this before we do it. I did not want you to feel embarrassed with them here so I had your father take your brother out of the room."

"Why Mom? What do you have in mind? Everything you have shown us so far has been fabulous. This is one weekend I'll not soon forget." Lisa had a look of curiosity on her face.

"Lisa honey. By now you must realize that your father and I are a somewhat 'open' couple. That is, we live and let live. Our sexual preferences are quite broad. You've already seen how we've explored many areas of human sexuality. Sex between a man and woman can include many pleasures. You and your brother both enjoy oral sex. You even enjoy eating boy's cum. Not many girls like that, and therefore they miss out on so much. Your brother likewise is not abashed to eat your pussy. He loves not only the taste you your sweet

sex, but he was completely unabashed about licking and sucking your asshole. That too, is a delicacy many men miss, because they are finicky about sampling such treats. You saw how your father and brother are alike in their fetish of looking at shaved pussies and assholes."

"That's what they call a 'fetish'"? What exactly does that mean?" asked Lisa.

"Well a fetish is just something that turns you on." answered her mother. "For example, when you starting talking nastily to your brother, to me, and to your father, saying things like, 'I love my brother's big dick inside my cunt, and I want my Daddy to fuck me with his big monster cock!', that turned you on. That's a fetish. The good thing is that all four of us enjoy that particular fetish. Your father talks dirty to me. I talk dirty to him. We were all talking dirty to one another and that in itself is a form of pleasure, intensifying your experience. We will certainly explore many more as we go along. Remember how you danced a little while ago in front of your father and brother. You were getting turned on by that. That fetish was exhibitionism. Many women love to show off their bodies in such a way as to attract others.

"You mean to attract men don't you Mom?" Lisa asked.

"No Lisa, not just men. Women get turned on seeing other women, and visa versa." her mother said.

"What kind of fetishes do you have Mom?", asked Lisa.

"Well for example, consider what we were just talking about. You were turning me on this morning while you danced for your brother and father. When we rubbed our titties, and cunts against each other during the dance your body was sending electric shocks into mine. You made me hot dear." Janet was slowly caressing her daughters' face and hair.

"I turned YOU on? I had no idea I could turn you on. But now that you mention it, I must confess that I was turned on by you as well. You have such a beautiful body Mother. I'm glad that you told me that you were turned on. I felt it too, but I was afraid to admit it. Seeing your body makes me horny." Lisa now looked at her mother appraisingly.

Janet next said, "Honey, your father and I told you both at the start to explore your feelings. Don't hold back investigating your sexuality. How will you know whether you like this or that unless you are open about it and explore? What I wanted to ask you is this; I'm turned by you honey, and if you feel the same way then let's share our own intimacy. Would you like to, for lack of a better word, like to fuck me?"

Lisa eagerly answered, "Oh mother! That's sounds like fun! I was hoping we might do that. Ooooo my pussy is getting hot just thinking about it." Lisa then leaned forward to kiss her mother again, and they embraced one another in a tight union. Janet and Lisa kissed each other passionately feeling one another's breasts and asses.

Just then the boys returned from the kitchen with the drinks and David looked at Greg and said, "Looks like they got started without us son. Your mother and sister have the hots for one another."

"Wow Dad! They look great! What a turn-on to see two women going at it hot and heavy!" Greg said as he sat down upon the couch and began sipping his whiskey and soda.

David looked at the girls and said, "You two come over here to the center of the room where we can watch you." Janet and Lisa broke their embrace and holding hands they walked over to where the boys were. They picked up their drinks and began sipping them. David looked at his son and said, "Greg, the next lesson you are going to see is how two women get it on. This is more of a spectator sport for us men, so sit back and enjoy. When the time is right we'll join 'em" They sat there upon the couch with nice limber cocks. But very soon those cocks would be stiffening as the two hot women began to have sex with one another.

Janet told Lisa to lay on the floor in front of her father and brother. Before she joined her, she went to the drawer in which they had placed all the toys from last night and pulled out a double dildo. It was about eighteen inches in total length, and about three inches in circumference. It looked like two identical dicks placed back to back with a plastic set of balls in the center. Janet now lay beside her daughter. She softly began caressing her baby girl's body, starting with her face and neck. And as she moved her hand down to her boobs she said to her, "Lisa honey, I'm in love with you like your

brother is. Your body is so beautiful honey. I love your precious titties, and your lovely young pussy. It looks so divine now that we shaved that hair away. I want to taste your sweet little cunt, especially since your brother left his sperm in you. Can I please kiss your pussy? I promise, I'll make you cum with my mouth and tongue. You let your father eat you. Please be kind to your mother and let me eat your sweet little twat."

Lisa looked lustfully into her mother's eyes feeling the same lust for her own sex and said, "Ooooo yes Mother! Please eat my pussy. But promise me you'll let me taste your sweet cunt too! I love seeing your cunt too! And I wish my pussy was as big as yours. Will you let me lick your asshole. I think it's so beautiful. Say I can. Please say I can lick your asshole."

Janet now leaned forward and kissed her daughter again. They spent the next few minutes in a very passionate kiss, tonguing each others' mouths. Lisa sucked her mother's tongue, and Janet did likewise to her daughter. As they tried swallowing one another's tongues they moved their hands across to each other's pussies feeling them. The each raised a leg spreading them to allow their hands access to the other's cunt. Both girls with shaved pussies spread open were causing the boy's pricks to harden. After a few minutes of foreplay Janet disengaged from Lisa and said to her. "Dear you climb up and sit on my face and if you would like to lick my pussy then feel free to do so."

Lisa swung her legs over her mother's face and answered her, "Ooooh Mother. How I have waited to eat your pussy. I know it will

taste so good." Lisa sat down on her mother's mouth and reached down with her fingers to pull her lips apart. Her mother looked into her daughter's eyes as she opened her mouth and licked at Lisa's open cunt. She ran her tongue in and around her cunt tasting the delectable fresh juices freshly flowing. As she probed further into her hole she began to find some of the recent jism deposited by her son Greg. This is what she especially wanted and so using her tongue as a scoop she began to fuck her daughter's fuck hole with her tongue sucking all the cum she could find. Lisa just enjoyed letting her mom suck her cunt, and she soon realized that as good as her brother and father were good at cuntlapping, her mother was far superior. She thought to herself, 'No wonder she's good. She knows what a woman likes. Boys just lap like dogs do, imagining they are hitting the right areas. But Mother is making my pussy feel soooo good!' So she looked at her mom dining on her sex and complemented her saying, "Mother, I thought Greg and Daddy were expert at eating my pussy, but you're a real pro! You know exactly where I want your tongue. You're making my pussy feel soooo good! I'll bet you are licking the cum leftover when Greg fucked me too! I know how you like eating cum. Why, you didn't let Greg waste a drop when I first sucked his big dick. Remember how his sperm leaked out of my mouth and nearly hit the floor. You love my brother's cum don't you and you wanted to eat my pussy so that you could taste it again. Well you just enjoy it cause later when Daddy fucks my pussy he will fill it with his sperm and you can suck it out as well." Her mother just moaned into Lisa's twat as her mouth and tongue were too busy to stop and respond.

"You hear that son?" asked David, "I have tried to become an accomplished cuntlapper, but alas, a woman will always beat you hands down in a contest."

Greg was just enthralled at the sight of two women having sex together. The idea that his mother could do a better job of eating his beautiful sisters' twat better than he could did not bother him. Just as long as his sister would let him dine at her cunt was all that mattered.

Lisa leaned forward to go down on her mother. Having watched how her mother ate her pussy, she was intent on giving her mother equal pleasure. Being a woman, Lisa knew herself where her mom would like to feel a tongue. Lisa was now closer than she had ever been to another cunt and she took a moment to enjoy what her brother and father had seen when they had been in this position. Her mother's pussy was indeed a wonder to behold. Unlike her own small thin lipped twat, her mom had a long dark looking pussy, with big swollen labia that looked like two long slender fingers against her crotch. Her mother had her legs spread so that Lisa could easily look into her pubic area. Lisa placed her mouth upon her mother's sex and began to kiss it softly. Her mother, moved her pelvis upward in response to her daughters touch. Lisa could smell her mother's scent, and it intoxicated her just as it had her father and brother. Her brother Greg had not yet enjoyed this oral treat of his mother as yet. He had only received a preview when his face had been up close and he could smell this sweet fragrance. Lisa continued her culinary exploration. She placed her hands under her mother's ass to pull her face down into the steamy depths of her mom's sex. She slowly and deliberately licked her cunt starting down deep where her fuck hole began and moving along her slit she worked her way back up to the hood covering her clit. She paused here and using her tongue to uncover the clit she gently licked at it and then sucked it into her

mouth. Her mother swooned and she realized that her mother was enjoying this attention. Lisa wanted to taste some more of her mother's juices so she left off momentarily to stick her tongue back into her mother's twat to suck out some of her juices.

Janet continued giving her daughter oral pleasure sucking her clit and she then pulled her face up to her little girls' ass to tongue her bottom. Janet enjoyed sucking the asshole of her baby daughter just as her son and his father had done. She only rimmed her briefly however, as she had other things in mind. Returning her tongue again to Lisa's cunt, Janet reached over and picked up the double dildo. Now that Lisa's anus was wet, Janet slowly put one end of the plastic dick to her daughter's ass and eased the head forward. Lisa's now began experiencing a new pleasure as instead of a small tongue darting into her bung, she felt something much larger poke its way in. She was quite relaxed however, and was confident that her mother knew what she was doing so she did not object. Janet continued licking her girls' pussy and as she sucked on her clit she again eased the plastic dick a little further into Lisa's ass. Eventually when she had put about four inches of the dong into her bung she withdrew it back near the edge and gently eased it forward. Lisa tried laying her cunt down upon her mother's face by arching her back down and at the same time she was sticking her ass up as she liked feeling this thing in her ass. Her mother now knew that her daughter was enjoying this new pleasure and she slowly began to pump the dildo into her ass, while she eat her pussy.

The boys looked at one another and Greg said to his father, "Man that's hot. Look at Lisa with that plastic dick in her ass. She sure looks like she's liking that action. Man O Man! Boy! I wish that were my

dick and not that toy right now!" as he began pulling on his stiff meat watching his sister get her cunt eaten by him mother and her ass fucked by this toy.

His dad answered him saying, "Yeah. Looks like Lisa, like her mother will want us to fuck her ass now. That will probably be the next lesson boy, so we'll have more to look forward to."

"Does Mom like getting fucked in the ass too Dad?" asked Greg.

"Your mom likes having every hole plugged Son. She's not happy unless every hole is being fucked and she's airtight."

Greg could not believe what he was hearing, but he said, "I'll bet Lisa will be the same way. You heard her earlier. She want's me and you to fuck her at the same time. That should be a good fucking time."

Lisa was having the time of her life with her ass being fucked by this plastic toy. Her mother was expertly eating her pussy about to make her cum. Her mother kept bringing her to the edge of having an orgasm only to change her technique so that she would not cum. But feeling this thing in her ass, Lisa knew that her mother was turning her on to another pleasure that she would not hold back from exploring. She knew her brother and father were watching her, and she knew they would most certainly assist her in filling this fetish. Just as she enjoyed sucking cock and being fucked in her cunt, she would now have another hole to have filled. Only problem was, that right now, there were only two cocks that could satisfy filling her

holes at the same time. She sighed to herself and said, 'So little time, so many holes.'

Meanwhile Janet was enjoying the fine cunt lapping her daughter was giving to her. She thought to herself, "Ooooo my little girl loves eating pussy like me. We should enjoy hours together having sex with one another. She certainly knows what to do. She's about to make me cum with her tongue in my snatch. And I can tell by how she's behaving, she likes this plastic dick in her ass. I'll bet my husband and son's cocks are rock hard seeing this virgin ass waiting to be fucked by a real piece of meat. I can't wait for my ass to be fucked again either. My daughter and I sure have a lot of things in common, and we're about to share those big dicks in those 'common' areas too!" As she thought about those things she found herself cumming and she arched her hips up to her daughter's face and came.

Lisa could no longer contain her orgasm because this plastic dick in her ass felt so good reaming her. Her mother was thrusting it in as far as she could reach filling her bung with nearly nine inches of the toy. Her juices nearly drowned her mother's mouth as she bucked and came onto of her mom. As their climaxes subsided they rolled over letting the boys see their soaking wet face and chin.

"That was quite a lesson dear", said David as he looked down upon his wife and daughter. Now that you have your fun, Greg and I are ready for so more hot action."

"What would you like to do?" Janet looked at her husband and shrugged her shoulders. She was game for anything but now the lessons were becoming a little vague. David whispered something in his son's ear and then said, "Let's let Greg decide. Lisa's been getting all the special attention, let's let Greg make the call." All eyes turned to Greg who holding a very stiff cock told them, "I want to fuck my sister's cunt again, only this time I want to lay on my back and have her sit on my lap. Since she's such a fucking cunt, and loves have her holes stuffed with big dicks let her do all the work. Mom you sit on my face while Lisa sits on my dick. And Lisa I know you'll love having Daddy fuck your ass with his huge dick!"

Lisa squealed loudly at the prospect of her virgin ass being taken by her father. "Ooooo I like that idea immensely! My asshole is ready for you to fuck Daddy since Mother primed it with her toys. Are you ready to let your son eat your cunt Mother?"

"You know I am baby darling! You're brother has been dying to eat his mother's pussy!" replied Janet.

Greg laid down on the floor on his back. His cock was still rock hard from watching his mother and sister go down on each other. His sister squatting over his hips and taking his dick into her hand she put it to the lips of her tight pussy and sat down upon his member. Her pussy was good and wet from her mother's recent tongue lashing so she sat down easily taking his seven inch cock all the way inside her box. She immediately began humping her brother saying, "Ooooo Greg, I have your beautiful cock inside my pussy again. I love feeling it. And I love sitting on your dick where I can control the

fucking. You just lay back and relax. Let me do all the work. Daddy dear, you can put your big dick that you fuck Mama with in my ass now. I want to feel your cock ream my virgin asshole." While she rode upon her brother's cock she took her hands and spread her ass cheeks for her father.

Her father first told his daughter, "Lisa, your asshole will be tight. I know you want my big dick in your rectum but we've got to make my cock wet so it will more easily slide into your little asshole. So first of all you make Daddy's dick wet. Maybe your mother can help you. Janet will you now sit on your son's face and help Lisa get my big dick ready to ream out her ass?" He now walked around to face his daughter and held out his huge member for her to suck. Janet squatted over her son's face and told him, "Greg, please eat my pussy and suck my asshole like you did your sister. And try that trick on me like you did your sister. Let me know how you love my cunt and asshole." She sat down to his waiting mouth and tongue.

Greg's mouth was watering as he looked at the beautiful pussy of his mother come down upon his face. With her legs spread open to straddle his face he could clearly see her large labia and fuck hole. It was a very nice shade of pink exposing her glorious sex. He took his hands and spread the cheeks of her ass so that he literally smothered himself with her crotch. Janet sat upon her son's face, facing her daughter who was riding her brother's dick. Her daughter had both hands now wrapped around her father's big nine inch dick and she was hungrily licking the huge head of his member. Janet leaned forward to assist her daughter by adding her mouth and tongue to licking her husband's cock. Greg wished he could see the hot action of his mother and sister licking his father's big dick, but his view was

obstructed by his mother's cunt and ass on his face. He licked his mother's tasty pussy and marveled at the delightful difference between Lisa's young cunt and his mother's snatch. He stuck his tongue into her fuck hole and sucked the juices of her cunt into his mouth. He was in heaven dining at this beautiful cunt that he had fallen in love with at first sight only last evening. He recalled to mind how his mother's shaven pussy enthralled him with the large lips of her labia in contrast to his sister's much smaller thin lipped pussy. He loved both of their cunts and was grateful for the variety of pussies he could enjoy partaking of. He strained his face upward to push his tongue as deeply into his mother's cunt as he could bury it. Janet his mother noted her son's eagerness at eating her pussy, and she paused from licking the balls of her husband's dick to make the comment, "Ooooo Lisa, your brother loves eating my pussy. He certainly has a dedicated tongue for sucking my cunt. Like father, like son. They both enjoy giving oral pleasure to their womenfolk. Don't we appreciate having such outstanding cuntlappers in the family dear?"

Lisa who had the slender glandular head of her father's prick in her mouth, pulled it out to answer her mother, "I knew you would like how Greg sucks your pussy. Isn't he adorable. He thinks your pussy is so beautiful. He loves eating your cunt like he loves mine. Wait until he licks your asshole. That's the best!" There was now a fair amount of saliva coating her father's dick so he said to his daughter, "OK baby girl. Get ready to receive your reward. I know you want to feel a big dick in your ass, so I'm going to fill your rectum with this big ol' cock. Take a good look at it you slut, and tell me how much you want me to fuck you with it. You and your mother like these big dicks filling your holes don't you? You're a fucking bitch like your

mother, and the only way to satisfy whores like you is to fuck you till you pass out. Isn't that true little girl?"

Lisa took a second look at the monster cock of her father. It now glistened with her spit. The slender head was swollen and the big veins of his member stood out. The strong upward curve of his cock extended from the base of his balls to the tip of his penis. Nine inches in length and nearly three inches in girth. Lisa gazed at this beautiful cock realizing her father fully intended to bury it in her virgin ass. He would ream his beautiful daughter's ass with it. She looked at her father with lust in her eyes and said, "I can't wait for you to fuck my ass! I've been eagerly waiting for you to ram your big huge cock in my asshole and ream me good! I need your big dick in my ass. I need it badly. Don't wait another moment! Fuck my ass now! Fuck it and fill it with your jism. I know that Mom will want to suck my ass when you're done 'cause she likes eating your cum. I hope she will share some of it with me, 'cause I love swallowing cum too!" She was looking into her father's eyes pleadingly, begging for him to satisfy her lust.

David stepped back around to his eager little girl's ass which was still in control riding her brother's fat dick. Lisa's ass was poked out anxiously awaiting for her father to shove his meat into for her pleasure. Lisa had once again spread the cheeks of her ass, letting her father know of her carnal desire. Janet took Lisa's hands and pulled her forward. Lisa and her mother began to french kiss one another, tongues exploring each other's mouths. Their hands began groping each other's large tits further stimulating their sensual pleasures. With his mother leaning forward Greg shifted his tongue to her asshole where he could enjoy this fine shaven anal delight. With his

mother's ass spread open before his eyes, he could stick his tongue into her puckered asshole. He licked all around her asshole enjoying the pleasure of tasting this most intimate area of his mother. He pushed his tongue into her opening rimming her asshole, and sucking the moisture inside. Now that he was enjoying this anal delicacy he decided to use the technique he had had to improvise upon his sister when she was sitting on his face bouncing around keeping him from eating her asshole. Although his mother did not jump up and down as his sister had, he thought she might enjoy this additional pleasure. As he sucked her bung, he took one hand and reaching for her cunt he pushed his thumb into her fuck hole, and using his fingers he frigged her cunt. This had an immediate reaction on his mother for she broke her kiss with Lisa to squeal, and say to her, "Ooooh Lisa. Your brother is bringing me such pleasure. Uuuuummm. He is rimming my asshole with his tongue buried inside my bung sucking it. And now he has his thumb stuck in my cunt acting as a hook keeping my crotch close to his face. He's using his fingers to frig my clit. This must be the trick he tried on you that you spoke of. My son is a wonderful lover. He keeps that up, and I'm going to cum on his face!"

"That's what he wants you to do Mother! Isn't he wonderful. He really loves eating your cunt and asshole. And Daddy's cock is going to feel soooo good in my ass. He will ream me good Mother. I'll bet you love feeling this big cock fucking your ass don't you? Thank you for letting Daddy fuck my ass. He wants to fuck it so hard. I can't wait for his big fucking dick to start fucking my fucking hot asshole!!!" The two girls were indeed feeling both a vaginal and anal onslaught of a different nature. Lisa's cunt and ass were soon to be filled with the two big dicks of her most closest relatives, her father and brother, while her mother Janet had her ass and cunt being orally

satisfied by her one son's tongue and fingers. It was a family orgy, and it was good to see everyone participating together in a united bond of sensual erotica.

David got behind his daughter and looked down upon her sumptuous ass waiting for his thick piece of meat. He saw how she loved humping up and down on her brother's pole. He reached down and put his middle finger inside rectum to feel her out. Lisa eagerly accepted his digit indicating she was quite hot for his large cock to enter her bung instead. After pumping his finger in and out a few times he knew his daughter was quite ready to be banged in her ass. She gripped her father's finger sliding in and out of her asshole imagining how soon he would fill her hot hole with his massive cock. She could hardly wait! Her father now removed his finger and placed the head of his rigid member to her puckered opening. It seemed so small in comparison to the large cock about to enter it. Yet as he pushed forward with his tool, his daughter knowing he was entering her pushed her ass back against her father impaling herself on his member. Gripping his daughter's hips he slid his big cock into her tight orifice. He did not feed her a little bit of dick and then ease back. He slowly pushed his cock as deeply into her ass as he could. Lisa who was tonguing her mother's mouth stopped momentarily and turned around to look at her father.

"Ohhhh YES DADDY!!! YES!!! YOUR FUCKING BIG ASS DICK IS IN MY ASS!!! OOOOO MOTHER! LOOK AT DADDY FUCK MY ASS! His big cock is splitting me in two! Keep fucking it Daddy! Fuck my ass and ream me! I need to feel you fuck my ass harder Daddy!" She returned to sucking her mother's mouth and massaging her titties, as her mother did likewise.

Lisa's father after pushing his cock up to the hilt of his daughter's tight ass pulled back and then rammed his big dick forward. He grunted feeling the hot flesh of his little girl's rectum squeeze around his hard meat. He and his daughter coordinated their strokes. Lisa let her father now direct the fucking by allowing his massive cock to lift her off her brother's cock when he would ram his dick into her ass. As her father pulled his dick back she slid down on her brother's tool. David could feel his son's cock through the thin membrane that separated Lisa's cunt from her rectum and he knew his son felt him. 'Lisa is one hot fuck.' he told himself. Then he said to her, "So you like my big ass cock fucking your fucking hole baby darling? You have a hot asshole Lisa! You gotta let your brother fuck this tight ass. He will love reaming you like I do! You and your mother love feeling big cocks in your assholes. My fucking daughter is a fucking slut like her mother! Your brother and I will fill both you holes with our cum, then your mother can suck it from both your holes 'cause she's a cuntlapping, cocksucking, asslicking, cumloving, fucking slut bitch and so are you little girl." Her father balls began swelling as he was nearing filling her bung with his sperm. His son Greg felt himself began to reach an orgasm as he tongued his mother's asshole. Janet could no longer contain her pleasure since her son was making her cum with his tongue sucking her ass and his fingers feeling her twat. Lisa too was erupting in a orgasm due to her erogenous zones being overloaded with stimulation. Everyone climaxed in unison letting their bodies assume control of the sensual pleasure. Greg and David both pumped load upon load into Lisa's soaking cunt and hot ass. Lisa feeling the hot jism fill her cavities erupted into an orgasm upon orgasm. Sperm oozed from her holes and as her father removed his stiff cock from her ass it made an audible 'pop' sound. Lisa could no longer hold herself up so she fell over on the floor in a near faint. Her

brother removed his dick from her pussy and his mother now moved over to her daughter to begin licking the yummy cum she could see around Lisa's cunt and asshole.

Lisa opened her eyes to behold her mother's lips at hers. She kissed her mother and then her mother said to her, "Honey, I'm going to suck this fresh cum from your cunt and asshole. You just lie back and enjoy my tongue and mouth."

"Ooooo Mother, please save some for me. Bring some to my mouth and let me taste it. I love eating cum as much as you do." Lisa told her mother.

As Lisa laid back, her mother went down on her cunt. Janet put her hands under Lisa's ass picking her up, and pulling her crotch to her mouth. Lisa lifted her legs and placed them on her mother's back. Janet now had good access to licking and sucking the globs of cum from her daughter's cunt and ass area. Janet slowly and methodically sucked up all the cum around the external genitalia of her daughter before starting on sucking it from inside her cunt.

The boys were watching the scene, resting and waiting for their own bodies to rejuvenate where they could fuck these two whores again. Greg was eyeing his mother's shaven cunt and ass from her backside and idly daydreaming about how he hadn't fucked his mother yet. Her good looking cunt and ass were still foreign to his dick and he slowly began getting a hard-on anticipating filling her fine holes. They were no stranger to his tongue however, and he relished her delicious taste. He hoped he could continue to dine at both her ass

and pussy for a long time to come. He stopped playing with himself and decided to let his sister suck his cock so that she could do the work of making him hard and then he would fuck his mother as she ate his sister. When he shot his load into his mother, then he would invite his sister to eat her mother and suck his cum from her cunt. He looked at his dad and said, "Dad, do you see what I see?"

"What's that son?", asked David

Greg replied, "Look at Mama's fine looking swollen cunt and ass inviting me to fuck it! She hasn't been fucked all morning yet has she? But not just her, look at Lisa. She's licking her lips looking at our cocks. Let's go over and let her make my dick hard so I can fuck my mother, then you can stuff your cock in Lisa's mouth and let her suck you off."

"That's a capital idea son! Your mother does need fucking. She's never satisfied. I know she's been dying for you to fuck her anyway you want. She's all yours son. Enjoy yourself. When your sister gets done making your dick hard to fuck your mother then Lisa will love sucking my cock, and I'll shoot a load of cum in her mouth to enjoy.

They went over to Lisa who had been eyeing the two boys and their cocks. She looked at them and said, "Well boys, I want to thank you for the fine job of fucking my cunt and ass. I really got off on my brother and fathers dicks buried in my cunt and ass. Mother is really enjoying the cum you left inside me. What can I do for you?"

Lisa had propped herself up on her elbows. She lay there enjoying her mother's tongue licking and slurping her just fucked holes. Her father and brother dropped down to their knees where their cocks were at eye-level with Lisa's face. Both guys held their semi-hard cocks out to Lisa's mouth, placing the head of each cock on her lips. Her brother Greg answered her, "You know what to do cocksucker. Since you like sucking big dicks in your mouth then make this one hard so that I can fuck our mother and shoot some cum into her slutty cunt for you to enjoy." Lisa had taken both cocks, one in each hand, and she began slowly jacking them, placing one in her mouth for a moment to swirl the head of it around in her mouth, licking it and then taking the other cock and repeating the same action to it. She looked up at the boys and said to them, "Ooooh I just love these two wonderful cocks. Promise me you will service me with them anytime I need it. And I need them now! I am a cocksucker, and I want to make your dicks real hard so that you can fuck me and fuck my mother. Ooooo Daddy, will you feed your big dick to my mouth when Greg goes to fuck Mother?"

Her father answered her question saying, "Yes little girl. I'll feed this big dick to your mouth and then I'll fuck your face. You haven't suck this big dick down your throat. But you will. Your fucking ass was tight, and I loved fucking it. Just as I rammed this piece of meat into you asshole and shot my sperm into it, I'll do the same thing to you mouth. Your beautiful face is going to be stuffed with my cock, and I will ram it and shove it deep into your throat. Then I will fill your belly with cum. You'll think you swallowed Niagara Falls when you feel my fat cock pump my semen into your belly. But you'll like it 'cause you're cocksucking, dick loving, cuntlapping slut. Your mother has taught you well how to be a good cocksucker. But she didn't teach you to be a fucking slut. She didn't teach you to be a

whore. You're that way because you want to be. You're a slut, 'cause you love dicks and want them to fuck you all day and night." Her father was really into the nasty talk stuff.

Lisa removed her brother's now wet and very stiff member from her mouth so that he could fuck Janet his mother. She told her father, "Daddy I love it when you talk to me that way. But you are soooo right! I am a slut 'cause I love to be one. I want to be your fucking bitch like Mama. I want to be your slut. I love cocks. And I hope that I can get lots of them, day and night. Do you have any friends whom you could invite over to fuck me with their dicks. I hope so, 'cause I need to be fucked very hard, and often. I want to have have them in my ass, and pussy, and mouth filling me up with cum. Can you make that happen please Daddy?" And she opened her mouth to let her father feed his little girl his rapidly swelling prick. Her father put his hand upon the top of her head spreading his fingers so he could grasp her head like it was a basketball. He started moving her head back and forth over his massive cock. He knew his daughter was hot to suck his dick, so he controlled her mouth, pumping his big stiff meat into her throat. His daughter reached up to cup the huge sack of balls that hung down from her father's member which he fed her eager mouth. Lisa made cooing sounds as she deep throat her father. She was so proud of herself for being able to take his entire nine inches into her mouth and throat and she looked forward to her father pumping his hot semen into her belly. She would save some of his cum in her mouth so that when her mother finished eating her cunt and ass full of cum they could share a kiss and exchange the tasty jism. As soon as her father had put the head of his dick to her lips, she looked into his eyes letting him know that he could fuck her face immediately. She wanted to make her father proud of her cocksucking abilities that her mother had trained her so well on. Her

mouth salivated profusely like her cunt did, and she knew that her mouth was much like a pussy to a man, and that they derived much pleasure fucking this oral cavity. She derived much pleasure from it as well, and enjoyed the fringe benefit of the tasty treat at the end of the sucking.

"My God!" David thought to himself watching his daughter greedily gobble his engorged cock. God damn, she's hot! Ooooo but she sure knows how to suck dick!" To add to his daughter's lust he took his hand from the top of her head and move it to behind her head. He then pulled his daughter's face forward pushing his nine inches into her throat where he could fuck her mouth. Keeping his hand behind the back of her head she would not be able to go anywhere when the time came for him to shoot his wad of jism into her mouth. He continued fucking her face hardly letting her keep pace with his member pumping in and out of her mouth. He knew his baby girl was enjoying this face fucking.

His son Greg have moved around behind his mother's ass which was stuck in the air as she was bent down on her knees licking Lisa's cunt and ass. Greg eyed her shaven pussy and asshole all spread open wide for his inspection. Seeing his mother's beautiful cunt and asshole made his dick throb in anticipation of fucking it. He felt his mother's slick pussy from behind slipping a finger into her crevice. It felt hot to the touch and he knew she wanted to be fucked but good. He slid his finger around her hole spreading the cunt juice around her lips wetting them. After feeling her cunt a few moments, he spread some of the juice around her puckered anus. He loved playing with her asshole, and like his dad did with Lisa his sister, he pushed a finger into his mother's asshole. She wiggled her ass at him

letting him know she enjoyed this anal attention. He gently pumped his finger in and out of her ass feeling the tightness of her opening. He grew anxious now to fuck her ass, so moving closer behind her he first put the head of his wet cock to her cunt. He pushed the head of his dick into his mother's hot opening. He was amazed at the tightness of her cunt. 'She must surely keep this pussy in shape, exercising her muscles for it to stay this tight. Dad's big cock would surely have stretched this thing out a long time ago', he thought to himself as he filled her cunt up with his dick. It felt so good, just like his sister's cunt had to him earlier. He wanted to fuck his mother's pussy real bad, but not just now. What he really wanted to do was to fuck her tight looking asshole. He was only getting his dick wet with her juices so he could fuck her in the ass. After slowly feeling her cunt with his cock, pumping her pussy a couple of minutes he pulled out and placed the head of his dick against the opening to her rectum. It looked so small in comparison to his big mushroom shaped dickhead. Yet, as he pushed it forward, her asshole opened to accept his member. He worked the head of his dick into her ass, and then fed the rest of his rigid seven inch cock into her bung. His pelvis was next to her ass now that his dick was buried in her rectum, and he pulled his cock back to begin fucking her. She moaned as she continued eating Lisa's cunt and ass using her fingers to rub her daughter's clit. Her son pumped his mother's ass a few times getting used to the tightness of her hole and enjoying her hot bung. As his dick entered her more easily he began fucking her in more earnest. The beautiful asshole his mother had let him view earlier he was now at last screwing. He began to fuck her harder saying to his father, "Ooooh Daddy, Mama has a good fucking ass! Her asshole is so tight! I love fucking her hole! I know she likes feeling my dick in her bung too! I'm going to fuck her good! She likes being fucked in the ass. I started fucking her hot cunt, but I really wanted to fuck her ass first.

Her ass has excited me since I first laid eyes on it. Her pussy looks so good, I will fuck it when I get done fucking her fine ass."

"Go ahead and fuck her boy!", his dad told him. "She has a fucking tight ass hole doesn't she. She likes feeling my big cock up her rump and another fat cock in her cunt. Your sister likes it that way too! Up the ass and in her cunt. Both girls are fucking sluts, who can't get enough dicks fucking their holes. I'm pumping your sister's face though. See how she's sucking my thick cock into her throat. I'm going to fill her belly with a big load of cum. You fill your mother's bung with your sperm and Lisa will love sucking it out, the little cocksucker! Be sure to shove your dick as deep as you can into Janet's ass, 'cause that's how she likes to be fucked. Fuck her good and hard, or not at all she says."

Just then both boys began feeling the wad of cum building in their balls. No longer able to hold back because of the pleasurable stimulation each was receiving from their fucking they started shooting their loads into their receptive host's cavities. Greg pumped his semen deep into his mother's rectum, and likewise his father pulled his sister's head all the way down onto his tool as he shot his load into her throat. Lisa could not move her head anywhere as her father kept it right where he wanted it, sucking his sperm down. She kept massaging his balls to encourage as much production of his sperm to fill her hungry belly. Lisa climaxed enjoying the hot delicious cum filling her mouth and throat and feeling the talented tongue of her mother slurp her holes, sucking the jism of Greg, and her father's recent fucking. Janet climaxed enjoying the long awaited well deserved fucking of her son's dick in her ass. Whereas she had previously enjoyed the orgasm of her daughter eating her pussy, she

hadn't been fucked yet this morning, and she needed to be fucked more than anything.

Everyone was feeling quite satisfied with the morning's activities. So far, Greg and Lisa had fucked each other, as David and Janet their parents had looked on. Following this, Janet introduced her daughter to same sex fun as she ate her daughter's cunt. Lisa had been fucked again in her cunt by her brother, and her father had sampled fucking her ass filling it to the brim with his jism. While Janet again sucked her daughter's holes of the cum deposited there from the boys fucking, Lisa enjoyed sucking her father's huge cock down her throat, and Greg fucked his mother in the ass. The boys were spent at this point and so would need some time to recoup. Janet and Lisa though were sluts who could continue on fulfilling their craving for sensual pleasure. Lisa wanted to share with her mother the fruitage of her father's dick still found in her mouth. Likewise she wanted to taste her brother and father's cum Janet was eating from her cunt and asshole. So she pulled her mother to her and they kissed, entering each other's mouth with their tongues, searching over teeth and gums for the precious cum they had been coveting.

After frenching for a few minutes, Lisa looked at her mother and said. "Mother, please sit on my face so that I can suck your asshole of Greg's cum."

Her mother responded, "OK honey, I'll put my ass on your mouth, and while you lick my ass, I'll once again eat your precious pussy."

So the girls got in position to enjoy their hot lesbian action. The boys looked at one another. David said, "Son, don't you wish you could keep going like they do? Doesn't seem fair that they can have orgasm after orgasm, after orgasm and just keeping on fucking one another, and us for that matter, does it?"

Greg shook his head in agreement with his father, "Yeah. I guess if I had a cunt, and could go on like that, that's what I would do."

"Let's go and fire up the Jacuzzi, and fix some lunch. We'll make some for the girls also. I need a refill on my drink, how 'bout you?", his father asked him.

So the boys got up to see to lunch, while the girls continued their feeding on each other's cunt and ass, feasting on the cum they pulled from each other.

Chapter Three

The boys had finished making some lunch and more drinks, and had retired to the Jacuzzi. They relaxed in the hot swirling waters eating some sandwiches and drinking the cocktails they had fixed. The girls who had just finished bringing each other off by their lesbian activity now joined the boys in the Jacuzzi. Janet sat next to David. Lisa sat next to her mom and Greg sat next to his sister. The family was feeling much closer to each other now that they had shared such intimacies together. As they finished eating Greg and Lisa began asking their parents questions.

Greg asked his parents, "Mom and Dad, Lisa and I get the idea that you two have done this before. I mean, some of the things you say lead us to think that you two have been with other people. Is that true?"

David answered his son, "Well, you might as well know that your Mother and I are an open couple. That means we have enjoyed having sex with other like minded adults."

Lisa asked her mother, "How many men have fucked you Mom? How many other women has Daddy fucked?"

"Honey, we really don't keep count. Your father and I have lots and lots of friends. Since we both share the same interests, we usually always enjoy our activities together, that is, your father sees who fucks me, and I see who fucks him. Sometimes however, I have girl friends whom visit me during the day that are gone by the time your father gets home, but he knows who they are. We don't sneak around on one another, we don't have to! If your father likes fucking some friend of mine, then he doesn't mind if I want to suck one of his friends cocks. Your father and I love each other very much, and our relationship is completely open. We hope that you children will learn what that means."

David added to that, "Your mother is right. We have lots of friends whom share the same feelings that we do. We usually invite them here to this cabin where we show movies, and have orgies."

"You have some porn movies?", asked Lisa. "Could we see some of them?"

Her father answered, "Yes, some of the movies are ones we've bought, others are ones we've made. Your mother and I are 'stars', and our friends are the 'extra's', if you know what I mean. I have no objection to your seeing these films, if your mother doesn't."

His wife answered, "Oh no, I have no objection. I love watching those old reruns. They certainly are 'hot'. But I do have a question for you two. Since we have accomplished so much with the lessons, there's not much else we can show you. I mean we've explored oral, anal, and just about everything in between, what would you kids like to do that we haven't tried yet? Do you have any fantasies that you would like to act out?"

Greg and Lisa looked at one another smilingly like two children had been just been given the keys to Willie Wonka's chocolate factory. There was so much that they had to explore. Greg leaned over to his sister and they began whispering to one another.

"Honey, I think you just opened Pandora's box", said David watching his kids discussing among themselves their plans. "Look at them making their plans."

At last Greg and Lisa nodded their heads in agreement on what they wanted to do. Greg took the lead as spokesman for he and his sister

and said, "Lisa and I have been giving the matter some thought. Since you and mother have 'swapped' mates, letting each other fuck someone other than your own spouses, we would like to act out a fantasy by swapping each other for us. That is, Mom, you and I will sleep together tonight, and Lisa and Daddy can sleep with one another tonight. You be my girl, and Lisa can be Daddy's girl. How does that grab you?"

Janet looked wickedly at her son, and said, "Ooooo, that would be an excellent fantasy. Don't you think so dear?" looking at her husband who had a gleam in his eye.

David answered his son, "I like the idea. Lisa would you like to be my girl for the evening? Remember, anything goes."

She looked at her father and said, "I hope you aren't too tired Daddy. I might just wear you out!"

He laughed at her and said, "HA! That's what you think! Mother, do you think your little girl will wear me out? And Greg, your mother will have big plans for you two. I hope you haven't bitten off more than you can chew!"

"Then it's agreed. Lisa, Daddy is your man, while I'll be Mama's man for the evening. Who knows, we may end up doing this more often." Greg said as he smiled at his mother.

The all laughed and changed positions in the Jacuzzi. Lisa went and sat on her father's lap, while Janet came and sat in on her son's lap. Greg reached his hands around to feel his mom's tits. He loved feeling her up. Rubbing his hands over her big boobs he massaged them. He just loved feeling her big globes of flesh, spreading his fingers trying to fit into his hands her more than a handful size knockers. She responded to her son's attentions and turn around to look at his face, she put her arms around his shoulders. She kissed him and whispered in his ear, "I just wanted to tell you how delicious your idea is. I have been wanting to fuck your cock since you first got hard looking at my boobs. Go ahead and enjoy feeling my titties. I have wanted to spend some time with you alone. We will have such fun tonight lover. Thank you for suggesting the idea."

Lisa who was sitting in her father's lap reached down to feel his cock. David's member was rapidly growing in prospect of fucking his daughter in the intimacy of their own bed. He knew that his wife Janet would likewise enjoy fucking her son in the other room. He and his wife would enjoy this 'wife swapping' that their kids had suggested. He reached up and began feeling Lisa's fine sized boobs who was very nearly like his wife. No doubt, in time she would fill out to match her mother and would drive men crazy with her big boobs standing out causing men's eyes to bulge. With the waters swirling about in the Jacuzzi, you could not see what was taking place below the water, but above the water, hands were visible feeling the large breasts of each of the girls. David felt the hand of his daughter grasp his cock, so quickly was his little girl ready to start the evening's activities. He picked her up from his lap 'cause he knew that she wanted to put his dick into her cunt. He was going to first fuck his daughter's cunt here in the Jacuzzi in front of his wife and her mother. His wife had the same idea, and she was taking her son's

prick and putting it to her own cunt, she eased down upon his member to fuck him.

Greg felt his mother responding to his affections, by taking his cock. She lifted herself up to place the head of his dick to her fat lipped pussy. She eased down, and he felt himself slip inside his mother. Her pussy felt so good and warm like the Jacuzzi. Sitting on his lap he hoisted her by the waist and move her up and down on his pole. She was quite buoyant in the water and he easily moved her up and down on his member.

"Ooooo my lover wasted no time in fucking his mother," said Janet looking at the other two sitting across from them.

"That's OK. Your little girl stuffed my big dick inside her cunt when she sat on my lap. She is quite ready for her father to fuck her pussy." David now put his hands on Lisa's waist lifting her ass off his lap and bringing her cunt back down as he fucked her in the Jacuzzi. "She's been dying to feel my fat dick inside her cunt ever since she felt it deep inside her ass earlier today. Isn't that true little girl?"

"Oh yes Daddy! Your big dick felt so wonderful in my asshole, but I really need to feel it fill my pussy now. Is my pussy tight? Do you like fucking me as much as you like fucking Mama?"

"You have a fucking good tight pussy baby. Your mother's cunt is tight too! I like fucking both of you. How's your mother's cunt Greg?"

He looked at his father fucking his sister and he said to him, "Oh man! Mama's pussy feels so good. She a good fuck! And I'm going to fuck her all night long if she can stay awake."

"Me stay awake! Boy, you'll be passed out long before I'm done with your dick. I expect you to fuck me in my cunt, mouth and ass again before you're done. Your father doesn't go to bed before he has serviced all my holes at least once!"

David was moving Lisa up and down on his big tool. He now told her, "Lisa darling, how about turning around and facing me now. I want to kiss you." Lisa did not remove her father's fat cock from her cunt. She simply lifted her legs and spun around on his dick so that she could face him per his request. He looked at his voluptuous daughter's big boobs and pressed his face into her bosom. He looked down upon her face and kissed her on the mouth. Lisa eagerly took her father's tongue into her mouth exploring his own with her tongue. David continued lifted her hips up and down upon his pole fucking her. With her legs now straddling her father's legs, her ass was spread open. David now reached around and pushed one of his fingers into her asshole, and began to pump his finger in and out.

"Oooooo yeah! That feels good Daddy! I wish that were another cock instead of your finger, but just the same, I love feeling your finger in my ass. Finger fuck my asshole while you fuck me with your big cock. Do you like playing with my ass and fucking my cunt at the same time?"

He answered her, "You know I do little girl, your cunt and asshole are fucking tight. I'll let you sit on my dick again and feel it up your rectum. Later on tonight we'll do all kinds of fun things. I've got big plans for you dear. You are a fucking little whore. But I know how to keep you satisfied." And he kept poking his finger into her ass as they humped.

Greg was keeping his mother satisfied with his dick buried in her cunt. He lifted her ass up and down on his pole. However, he reached down to finger her clit so that his mother began reaching an orgasm. She cried out, "Ooooh lover! Make me cuuummmm!!!! Finger my clit while you fuck my cunt!" And her son banged his mother hard on his prick. As he shot his load into his mother's twat he kept his fingers upon her cunt fingering her clit. His mother felt the gush of cum enter her womb, and she loved it.

Just then Lisa's tight little pussy was squeezing her father's dick so that he could no longer hold back from cumming in her cunt. As he pumped his finger in and out of her asshole he shot his load into her pussy. Lisa began climaxing from all the stimulation her father was giving to her cunt and ass and she cried out, "Ooooo Daddy! I'm cumming with your fat cock in my pussy, and your finger shoved inside my asshole. It feeeels soooooooo goooooood!!!!"

At last as their orgasms left them feeling satisfied, Janet spoke up, "Let's get out of the hottub before we shrivel away to nothing."

Greg assisted his mother as she was his date for the evening, and David did likewise to his daughter. They all looked forward to the

events which lay at hand for each of them. David suggested, "Why don't we all retire to the living room and I'll dig up some of the films of your mother and mine's weekend parties. Would you kids like to see those?"

"Would we, boy I'll bet those must be HOT!" answered Greg as he put his arm around his mother. He felt very close to her and he wanted her to know he wanted to spend time with her. His mother responded to his affection and put her arm around him. She felt the same way toward her son and could not wait to get into the intimacy of their own bedroom where she could fuck him privately.

So off to the living room they went to view the films of their parents parties.

Following the movie show Greg and Lisa were now quite familiar with the antics of their parents. They knew their lust with one another and with whomever they were with. It was now late and the two couples decided to retire for the evening. Lisa and her father went off to her bedroom where she and her brother had slept together last night, while Greg and his mother went off to his mom's bedroom to spend the night. Everyone was anxiously awaiting the night of fun filled activity.

Each couple walked to their respective bedroom holding hands. Greg and his mother entered into their bedroom and Janet closed the door. Greg turned to his mother and they embraced one another. Greg and Janet leaned forward to kiss each other. Both having in the mind the same thing they were anxious to fuck each other. Greg

kissed his mother full upon the mouth and finding her mouth open he stuck his tongue inside to french her. His mother responded and she likewise stuck her tongue into his mouth as she wanted him very badly. Greg grabbed the cheeks of her bare ass and he pulled her hard against his body. Janet wrapped her arms around her son and she likewise pulled him tightly against her own body. They continued kissing for some time until his mother broke their embrace.

"Oooooo lover, let's take a quick shower and then I want you to fuck me." Janet said to her son.

"OK mom." replied Greg. "Let me wash you like I did Lisa in the shower last night."

"Oh yes! We saw you two in the shower. Did you enjoy feeling your sister's nice tits? If you liked feeling her big tits, then you'll enjoy mine even better."

Greg looked at her and said, "I loved feeling Lisa's tits even as you say Mom, but yours are even better, and I've been waiting a long time to enjoy them."

"C'mon then lover." replied Janet and taking Greg's hand she led them into the master bedroom bath where they stepped into the large walk-in shower. The same scenario as last night took place with Greg taking the soap stood behind his mother and he began to soap her backside. His mother was in terrific shape and was still young

relatively speaking. She was beautiful and he felt like he was in the presence of an "older" woman, and she turned him on greatly. As he ran the bar of soap over her back side he massaged her back kneading the muscles of her neck and shoulder to relax and stimulate her. She enjoyed the attention her son was giving her and she put herself in his control. She would let him first have his fun, then it would be her turn to play out her fantasies. Greg moved down to soap her ass and he rubbed the soap all around her shapely ass, in her crack, and down around her pubic area. He then moved down her legs, and back up to her front he reached around and soaped her tummy and then her large round boobs. As he soaped her breasts he lifted them and rolled them around in his hands. She took her hands and placed them with her sons' and helped him massage her own tits. She could feel his young hot dick between the crack of her ass, and she moved her ass back against him. As he groped his mother's boobs, he moved one hand down to her crotch to feel her pussy. His mother swooned and taking one hand from her boobs she reached down to take her son's hand and help him feel her up. Greg began sliding his cock up and down in the crack of his mother's ass. He whispered into her ear, "I love how you feel Mother. You are so beautiful. Your boobs look so lovely and I want to fuck you very much."

Janet turned to face her son and she looked into his eyes and answered, "I too love you son. I need to feel your cock inside me. Please fuck your mother. I want you to fuck me. Let me wash you down now." With that she took the soap and soaped her son's hard body down, paying particular attention to his cock and balls. She explored his pubic area and after letting the shower rinse off his cock she got to her knees and took his rigid member into her mouth and began sucking him. Seeing his mother give him head he wanted to

fuck her badly. Janet did not suck him long however, just a tease to keep him primed for her pussy which needed his cock. They got out of the shower and dried off. Next they climbed into bed and began to kiss each other. Greg really loved being in bed privately with his mother. He had been anxiously awaiting the opportunity to enjoy his mother's treasures all to himself. He knew that his mother equally shared his enthusiasm toward his body. He first wanted to enjoy his fill of her delights, so after exploring their mouths using their tongues, he moved his mouth down over her body exploring every inch of her with his tongue. He basically was licking her body all over. Janet let her son tickle her with his tongue as this added to the erotic feeling she was receiving. He kissed her boobs and licked her nipples as he used his hands to cup and squeeze them together. He moved his tongue down her belly and then as he maneuvered his face into position, he began to lick his mother's pussy. This is at last what he had been dying to do since he first laid eyes on her beautiful shaven cunt. He could once again smell the fragrance of her sex and he feasted on her delightful juices. His mother spread her legs to allow her son to access the treasure he so badly wanted to taste. Greg relished the taste of his mother's cunt in his mouth and he slurped her juices eagerly. Janet grabbed her son's head by the hair and pulled him into her cunt mashing his face against her clit. Greg did not mind and he was nearly smothered by his mother's crotch. After eating her pussy for a few minutes he stopped and looked at his mother and said, "Your pussy is delicious Mom. You and Lisa both taste so good. But you know me. I must enjoy licking your beautiful asshole too! Let's change position and you sit on my face."

Greg moved over and had his mother straddle his face. She looked back at him and said, "You like seeing my rosy asshole don't you Son? Please lick it clean and stick your tongue into it. Make me hot

and then I want you to ram your dick into my cunt and fuck me. Your tongue has made my twat hot! After you fuck my pussy, then you better fuck my ass!" He nodded in agreement and told her, "You better believe I'll fuck your cunt. I'm your mother fucking son of a bitch, and I know my fucking slut mother needs to be fucked and fucked good! Spread open your ass and let me look at it so I can lick it." Janet pulled the cheeks of her ass apart and sat back upon Greg's face. He first licked the backside of her pussy finding some residual juices that had trickled down from when he had first eaten her pussy that he could not reach. They had trickled down from her cunt down to her asshole where he now concentrated on licking up. He had good access to his mother's bung as she held her asscheeks apart for him. Her puckered anus was open for his tongue to explore and he licked all around her asshole and then he stuck his tongue inside.

"Ooooo yes lover. Your tongue is making me hot. My ass loves your tongue. I can't wait for your dick to be inside my cunt honey. Please hurry up." Greg continued rimming his mother's ass enjoying the tasted of her rectum. His mother began to climax from his expert tonguing and she pushed her ass hard against his face. Greg pushed his tongue as deeply into her ass as he could causing his mother to moan more loudly, "OOOOooo that's it! I'm cummmming Greg. I'm cuuummmminnnngggg!"

Janet was now ready for her son to fuck her so moving off of his face she laid back down on the bed. Opening her legs she begged her son, "Please now! Fuck me lover! Fuck your mother with your cock. Give me your hard dick now!"

Greg wasted no time in complying with her request. His dick was rock hard. From the moment he began eating his mother's cunt and ass, he dick was in a perpetual state of rigid erection. Being a very young man and years from his sexual peak he would stay hard for extended periods of time and his mother was aware of this. She knew her son would have a very hard dick for years to come and she looked forward to his fucking her often. Greg got between his mother's legs and she took his member and put it to the lips of her pussy. Looking into his eyes she said, "Now Greg. Fuck me. Fuck your Mother! You like my pussy don't you? Then what are you waiting for? Put that dick inside my cunt and screw the hell out of me! Ooooo fuck me lover! I saw how you fucked your sister and now you can fuck your mother!"

Greg grunted at hearing his mother's words and he pushed forward with his cock. He slid more easily into his mother's pussy than he did into his sister's cunt. She being much younger and all was more tighter. His mother's cunt was not loose by any means, but he found that her cunt accepted his member more readily. He filled up her pussy with his dick and he began to pump his meat in and out. "Oh yeah! You've got a good cunt Mother! I like fucking your hot twat! I like fucking you and my sister both."

Even though he easily slipped into her fuckhole, Janet began squeezing her vaginal muscles and tightening her cunt to make it more pleasurable for her son's fucking. This caused an immediate reaction in Greg who said, "Ooooh Mother. You feel like Lisa now. Your pussy is so tight! What are you doing? Whatever it is don't stop. Your cunt is gripping my dick like a hand or something and it feels so good."

"That's right my son," replied Janet. "I'm squeezing your hard dick cause I like feeling you fuck me. Keep fucking me with that hard dick. I hope you can keep it hard all night lover cause to satisfy your mother you will have to fuck me all night. Think you can do that lover?"

"You better know I can. Fucking you is so sweet, and I love to fuck you Mother. You can call me a motherfucker now I suppose. I don't care. Just let me fuck your cunt, your ass, and your mouth. Hey! I want to fuck your boobs like I did Lisa last night too! Would you like me to fuck your tits Mom?"

She had her legs wrapped around her son as he fucked her and she answered him, "You can fuck me wherever you want to boy! I just love your hard meat. You like to fuck like your father does, and since I'm a slut you can fuck me however you like."

Greg stopped his fucking and told his mother, "You are a fucking cunt. I like fucking whores like you and Lisa. You are both cocksucking lesbian bitches who also love sucking cum from each other's holes. Let's change position. I want to fuck you from behind, you know, doggie style."

Janet got up and got on all fours for her son. Greg got behind his mother and putting the head of his dick against her cunt he rammed his meat into her. He put his hands on her ass and as he rammed his dick into her he pulled her ass back upon him. "Ooooo yes lover. I

love it when you fuck me this way. Please ram your big dick into my cunt. You can fuck me more deeply when you fuck me this way. Fuck me harder Son! Fuck me harder! Yes! Yes! Keep fucking me!" Greg literally was slamming his meat inside his mother who was enjoying the feel of her son's hard dick inside her. Greg kept fucking his mother but he was holding back on shooting his jism into her. As much as he enjoyed fucking her he was saving himself for other things. For now he kept pistoning his dick into her hot twat. His mother on the other hand was squeezing her muscles making it difficult for her son to concentrate. Greg looked down at his mother's ass and decided that it was time to cum, but not in her cunt. So he again stopped fucking her and removing his dick from her pussy he moved it up to her asshole where he promptly rammed it into her bung. "You fucking cunt! I know you like my fucking your cunt, but I know you want me to fuck you in the ass too! So there! I going to fuck your ass and cum inside you."

"Oh yes! You can shove your fat young dick into my ass and fuck me hard! Please fuck my ass like you were fucking my cunt love. Shove your meat deep inside my ass and shoot your wad of cum inside me. I love feeling your cock inside my ass! Fuck me harder lover! Your big dick feels so good inside my ass." With that his mother banged against her son's oncoming pelvis. Greg knew his mother liked to be fucked in the ass because she met his thrusts with her own. So he banged away at his mother's bung shoving his meat deep inside her bowels. "Fuck my ass boy! Fuck my ass. You love my ass don't you! Yes! Keep fucking me harder and deeper! Fill my ass up with your hard dick and fuck me. Yes fuck me!"

Greg at last felt the rise of climax building in his balls and he could no longer contain himself. His mother's hot words and willing ass were taking their toll on his tool. He was rapidly ramming his youthful cock into her bung, fucking his mother like there was no tomorrow. Janet was frigging her own cunt since Greg had removed his beautiful cock from her leaving her frustrated orgasm delaying until he began to fuck her in the ass. She really loved her son's sodomizing, and his pleasure of fucking her ass was causing her to cum as well. They at last began to climax with Greg shooting his wad into her bowels.

"Oh yes lover. I can feel you're hot sperm inside my ass. Keep fucking my ass and fill me up with your jism. I wish I could suck your cock and taste your sperm. Uuummm! I bet it would be so good!"

Greg continued his assault of his mother's ass until he was at last spent. He wished he could continue fucking her but he would have to wait until his member could again grow hard but that wouldn't take long he hoped.

Janet knew how her son wanted to keep fucking and she had plans for his cock so as he removed his prick from her ass she knelt between his legs and began to give him a blowjob. Licking his dick of the lubrication from her ass she sucked the remaining drops of sperm from his dwindling peter. She licked his balls and sucked them into her mouth. Looking up at her son she stopped and said, "Let's go lover! I need for you to get hard again so you can fuck me some more. You are not through yet my love. I want to get you hard

for round two. You promised me that you would fuck me all night and I plan to keep you to your promise." Greg smiled at his mother and said, "Don't you worry, I'll keep that promise. You just keep sucking my cock like you're doing and I'll be ready to fuck you again." He just laid back letting his mother suck his responding semi-erect prick. Janet knew her son needed more time to rest so she stopped momentarily and shifted position so that she could lay alongside him face to face. They talked for awhile about different things, and while she gently played with his dick, he was stroking her cunt. Greg asked his mother, "Mom, I know that this was mine and Lisa's fantasy, to divide up and spend the night like this. I want you to know that I have enjoyed this whole weekend. I can't think of what has been the highlight, since I've had so much to enjoy for the first time. Surely, being alone with you like this has been fantastic. It is surely memorable. Has it been as good for you as it has been for me?"

Janet looked at her son and said, "Oh my yes! I have just been tickled ever since you first laid eyes on my body and wanted to see my shaven asshole. I knew you were kinky, and I like that. Nothing has given me greater pleasure than to fulfill your fantasies. You are a wonderful lover, even as Lisa told me. You have given me great pleasure fucking me my Son. And the night is still young."

"That's great Mom. You are so beautiful, and you have held back nothing in fulfilling my or Lisa's fantasies. But what kind of fantasies do you like? Is there something we haven't done or could do that you would like to act out?"

"Well, nothing comes to mind Greg. Of course fucking you has been one of my fantasies. I'm sure fucking your sister is a fantasy of your father which he's acting out now I'm sure. We've done just about everything we would like to do this weekend. I've sucked your beautiful dick. I've eaten your sister's fine pussy and rimmed her asshole. Your sister enjoys lesbian love, and I'm sure we will explore all the intimacies of one another in the days and weeks ahead. My vaginal and anal cavities have been plundered by your earnest fucking, so what's left? You and your sister seem as open as your father and I."

"Well, that's true. We have just about unturned every stone so to speak. But imagine, for moment if you could do something new. Something perhaps daring or taboo. What would be kinky for you? What is something you haven't done that maybe you've given thought to doing?"

His mother pondered that for a few moments and an idea began to formulate in her mind. She whispered to her son, "Well, since you have fucked me, I have gotten an idea. You are only fifteen years old. And your cock is still maturing and has some years to go before you reach your sexual peak. You see, men peak out at about eighteen to twenty years old believe it or not. Women on the other hand peak out much later. Funny how that is. Your father still fucks very well, and he loves to fuck so don't get the wrong idea. Women on the other hand love to fuck just as much. That's why I have a lot of women lovers, since we can cum more often than you boys can. But having your young, very, very hard dick has made me want more of the same inside me. Yes. That's what I would like. I have had many men fuck me, but after fucking you I would like having boys to fuck me.

Young boys like yourself. I can see you inviting some of your friends over. You know, some of the guys on the track team. I would love having them gang bang me. Your cock stays very hard and rigid, not like your father whose cock gets hard but it tends to only stick out like this." She took her hand and held it out at about a thirty five degree angle. "Now he can fuck me with his cock like this, but your cock on the other hand sticks straight up like this." She took her hand and moved it up like the hands of a clock that read twelve o'clock. "That's what a women likes. A good and very stiff dick. That's why I've liked fucking you so much my boy. If I could have some more stiff young pricks like this that would fulfill my fantasy."

Greg pondered over that for a moment and said, "I bet I know that some of the guys would enjoy fucking you Mom. You are a real hot looking woman. But what about Dad? Do you think he would mind? I know I could set you up with some of the guys."

"Your father wouldn't mind it at all. In fact, he would like to watch I'm sure. But, I would like to say 'entertain' the boys without his knowledge. That's my fantasy. I would love to be your whore whom you would invite your friends over to let fuck. Would you like your slutty mother to service all your friends?"

Greg once again growing hard said to his mother, "I like your fantasy Mother. You are kinky. Yes, I think my mother would love to suck and fuck my friends. I can bring over all my friends so that your mouth, cunt, and ass will be filled to the brim and kept filled. Is that what you want me to do?"

"Oh yes! That's a splendid idea son. Let me service your friends. Treat me as a fucking whore who needs to have her holes filled by your young friends hard cocks."

"OK Mom. You got it. Now that I'm hard again what do you want to do?"

His mother quickly moved and straddled his dick and said, "I want to ride this nice stiff piece of meat!" She took his stiff member and sat upon it and began to ride up and down his shaft while he laid there watching his mother's boobs bounce up and down. He loved seeing his mother's large boobs bounce in unison as they did while his cock disappeared in and out of his mother's cunt. "Yes my young lover, your hard dick feels so goood in my cunt. I'll fucking ride your dick all night. So you just lay back and relax and leaving the driving to me!" And she happily rode his dick.

Meanwhile, Lisa and her father David had taken the same course and were taking a quick shower together. As David lathered up his daughters' body from behind he slowly ran his hands over her soft smooth skin. Lisa enjoyed the attention she was receiving from her father and she thought to herself how much her brother and father were alike in their method of showering with her. Despite the similarities, however, she loved arousing them, and she enjoyed their attention to her body. She snuggled up against her father letting his hands roam freely over her body as he ran the bar of soap over her skin. She could feel the stiffness of his prick in the crack of her ass and reaching around with one hand she tried grasping his soapy member to run her hand up and down his shaft. Her father was

reaching around to lather his daughter's boobs. She had very nice boobs which would probably equal the size of her mother in a couple of years. He lifted her boobs and gently massaged them as he thrust his stiff cock into the crack of her ass. Lisa becoming very aroused, leaned her head back upon her father's chest and looking up at him she whispered. "Please take me here in the shower Daddy. Your cock feels so hard in the crack of my ass. Will you fuck me in my ass here in the shower? I want to feel your dick inside me as the hot water rains down upon us."

Her father reached down to play with her pussy, and he whispered into her ear, "If you want me to fuck your nice ass here in the shower I will. You feel so wonderful and smooth here in the shower. I would love to fuck you in the ass and fill your bung with my jism."

"Oooooo hurry Daddy! I can't wait for you to fill my ass with your big ass dick!" Lisa was at the mercy of her father whose strong arms had completely lifted her medium size frame up off the floor of the shower. Holding her out he aimed the head of his massive cock toward the vicinity of her asshole. Lisa spread her legs and held her ass out to her father. David had no trouble finding her puckered opening with the head of his dick, and easing the head inside her tight opening he began feeding her bung his cock.

"Mmmmm. Yes! That's it Daddy! Mmmmm. I can feel you thick meat spreading my asshole open. Don't stop now. Please fill my ass up with your big dick!"

David's pelvis was tilted upward as he lowered his daughter down upon his member. He enjoyed fucking Lisa's hot ass as much as she enjoyed having him there. She moaned softly feeling his hot dick deep inside her bung as the hot water from the shower sprayed down upon them both. David began to pump his meat in and out of his daughter's ass while he held her up like a ragdoll. He began to talk to his daughter, "You like my big dick inside your tight little ass my dear?"

"Ooooo yes! My ass aches for your big dick Daddy! Please keep fucking my ass and feeling my titties. You fuck my ass so well. I loved Greg fucking my ass, but your bigger dick is more satisfying. I know Mother is enjoying Greg's hard dick in her ass, or cunt, or wherever the fuck he is fucking her! You just keep fucking my ass since you like my ass so much!"

He answered her, "I like fucking your ass because you like being fucked in the ass. The way you wiggled your ass this morning told me that you wanted to have my big cock reaming your asshole. No woman who exposes her ass the way you and your mother do wants any less than a big hard dick fucking them in the ass. So you just keep that pretty fanny of yours ready for my dick anytime you want to be fucked in the ass. Anytime baby, anytime."

David could just not get over his daughter's love for ass fucking, though he certainly was not complaining. She definitely had an ass for fucking, it was nice and round. It stuck out, just advertising itself so to speak, saying, 'If you just want to, then fuck me.' Not only was he impressed that she loved to be sodomized, but she was able to

accommodate his large size. And she was so tight. She felt like a vise, squeezing his member so that he could not fuck her too long because he would shoot his wad into her waiting bung. He banged away at her hot ass pumping his cock deep into her rectum. He could feel his balls bang into his little girls' asscheeks, and he knew that she was easily accommodating his huge member. Feeling the swell of cum building in his balls he told her, "Your tight little ass is squeezing me dick so that I'm going to cum in your ass little girl. Get ready to feel my cock cumming in your hot asshole baby!"

"Yes Daddy, I'm cumming too! Your big dick in my ass is causing me to cum also. Please fill my ass up with your cum. I need it so bad!" With that they both shuddered with climaxes. David lifting his daughter higher shoved his meat inside her ass shooting his load of sperm into her hot rectum. Lisa was in heaven feeling her father's hard cock plunge deeply into her bung pumping his hot semen inside her ass filling up her rectum. She moaned loudly, as her orgasm took control of her body causing her to squeeze her asshole tightly gripping the large rigid member of her father adding to his pleasure. As their orgasms subsided they disengaged and finished up their shower together. Lisa turned to face her father and after kissing him on the mouth she looked up at him and said, "Thank you Daddy. That was a good fuck. I look forward to many more of those. Let's go to bed now and you can fuck my pussy."

They got into bed and spent a few moments kissing each other. As they tongued each other David reached down to finger Lisa's twat. "She is always hot!", he thought to himself, as he pushed a finger into her wet hole. He wanted to fuck her per her wish, but he wanted her

to suck his cock first. So moving from their embrace he told her, "You lay back and let me straddle your face. I want you to suck my dick."

"Mmmmm what a delicious idea." Lisa lay there on her back, legs spread open wide with one hand stroking her swollen pussy lips. Her father straddled her face holding his semi-erect member to her mouth. Lisa opened her mouth and sticking out her tongue she began to lick the head of his dick. She stuck her tongue into the slit of his dickhead swirling it around to taste the precum oozing from the opening. Using her other hand she cupped his massive sack of balls and pulling them to her mouth she licked his balls as well.

"Ummmm. I just love sucking your big dick Daddy. I'll make it nice and hard so you can fuck my cunt. You do like to fuck my pussy don't you?"

"Yeah your fucking little hot twat is a good tight fuck little girl! I love to let you suck my dick cause you are a such a good cocksucker like your mother. Your pussy is fun to fuck just like your ass is! You make my dick hard and I'll fuck your tight fucking cunt you slut!"

"I like being your slut Daddy. When are you going to bring some more men over to fuck me? You know I need to be fucked often and by big men who can satisfy me."

"I'll find you plenty of men who will want to fuck your hot little asshole and cunt. I'll line them up and let them fuck you all night. Would you like that you fucking little whore?"

"Oh yes Daddy! Say you will! Please say you will invite your friends over and let them all fuck me! I need to have them fill my holes with their big dicks and let me suck them down my throat. I love to taste cum in my mouth cause I'm a fucking cocksucking whore." Then she greedily gobbled her father's growing penis sucking his cock down her throat.

"Little girl, I have lot's of friends who will let you swallow them just as you are sucking my dick. They will satisfy your hot little slutty cunt and asshole" He watched his dick disappear into Lisa's mouth as her lips went down on his cock and came as far as his pubic hair. Having reached full erection he let her deep throat him a few more times then he withdrew his cock from her mouth and he got between her legs so that he could fuck her. Lifting her legs up he placed her feet on the tops of his shoulders and putting the head of his dick to her small opening he pushed his cock into her waiting pussy. Her cunt was quite wet and hot, ready to receive her father's hard dick. As he slid his tool inside her tight twat he saw the lust in her eyes.

"Oooooo yes Daddy. Ummmm your cock feels good in my pussy. Please fuck me now! I like this position. We haven't fucked this way before. This is so comfortable having my legs up on your shoulders while you fuck my cunt."

He pumped her easily for a few moments feeling the tightness of her young pussy around his huge member. With her feet on his shoulder he could easily fill her cunt up with his cock, and he began to thrust into her more earnestly. Her pelvis was tilted up to allow him full

access to her hot box and as he banged his daughter she encouraged him saying, "That's it Daddy. You are fucking my hot pussy, and I like it. Don't stop. Keep that big dick of yours buried deep inside my cunt. Ummmm. It feels so fucking good. I love to fuck Daddy. And I love your fucking big dick. I know Mama loves it too! She has told me how you fuck her and you are fucking me the same way. Keep fucking me! That's it! Fuck me. Yes! Your big fucking dick is filling my cunt up! While you are fucking me think about Mother fucking Greg. I'll bet Greg is fucking Mama while we speak!"

David was banging away at his daughter's pussy. He had placed her feet on his shoulders to give himself good access to her shaven cunt. With her pelvis tilted up he could fuck her deeply and she would enjoy that. He rammed his meat in and out of her hot hole while he looked down at her boobs bouncing in rhythm to his thrusts. He could see the lust in her eyes and hear it in her voice as she ordered him to screw her. He could not satisfy her insatiable lust for cock. Both he and his wife were realizing that they had unleashed two sex crazed adolescents and were remembering how they themselves had acted at one time like this when they were this age. Nevertheless, he furiously fucked her cunt knowing that she loved feeling his huge member inside her hot hole, and he would do his best at satisfying her teen age lust. He leaned into her shoving his hard dick as far as he could. Lisa lay there mashing her tits together and rolling the nipples between her fingers as she watching her father thrust his cock inside her.

"Ooooh Daddy, I think I'm going to cum. You are fucking me so hard. I just love how you fuck my pussy. Ooooo yes, keep fucking me harder now, harder. Yessss! I'm cuuummmminnngg!"

David grunted and feeling his own orgasm begin to erupt he shot his load of hot cum inside his daughter. "You fucking little tramp, do you feel my cum inside your pussy? Ooooh your fucking hot hole is squeezing my dick and I'm shooting my load inside you now!" He kept ramming his meat into her pussy while spurting load upon load of sperm inside her womb.

David collapsed upon his daughter's body and they lay there kissing for a few moments feeling somewhat satisfied. "You are such a wonderful lover Daddy. Greg was very good too! I love having him fuck me for my very first time, but there's no accounting for experience and you certainly know how to satisfy a woman."

He looked down at his daughter with a surprised look and said, "I was beginning to think you would never be satisfied. But, thanks for the complement. You certainly have a lot to be proud of with your accomplishments this weekend. For a young person you have been very open minded about many sexual ideas."

Lisa looked at her father and said, "With such wonderful parents like you and Mom how could we go wrong. I have enjoyed myself immensely, and I know Greg has too! I was wondering though, what kind of fantasies do you enjoy? I mean is there anything you would like to do that we haven't done already? I know that you and Mom have let me and Greg more or less indulge ourselves, but what would you like to do?"

David rolled over beside his daughter and starring up at the ceiling thought about her question for awhile. After a few moments he said, "Well, actually, we have explored many new things together as a family, and even now dividing up with one another as we have done, that has fulfilled a fantasy of mine and your mother. Your mother and I have done just about everything we wanted to do when it comes to sex. I can't think of anything. I mean I have tasted of your beautiful ass and luscious pussy, that is both orally and carnally. You have sucked my cock, and offered your ass and pussy for my enjoyment. Seeing you put on that nice sexy dance this morning was a real turn on. Watching you and your mother fuck each other was also very hot to watch. No, I can't think of anything."

Lisa rolled over on her stomach and taking one hand she began playing with the hair on her father's chest. She rolled her fingers twisting some of his chest hairs together and again speaking to him she said, "I know how you have lusted after my young body. You love to talk dirty to me and I like talking dirty too! I also know you have wanted to fuck me ever since you first laid eyes on my twat when me and Mom were showing off our pussies to you and Greg. But I also know that there might be something you haven't done for whatever reason but you would still like to try it. Have you held back on account of maybe Mom's not liking what you might want to do? You can tell me, I would never tell."

David listened to his daughter and was surprised at her persistence. Not only that, but he was taken aback by her insight. He could not hide his lust for her following the first time they had all been undressed together the night before. As he thought about her words he looked down at her playing with his chest hair and said, "Well, I

suppose that there may be some things I have held back from exploring myself because I feared what others, including your mother would think. I have had my share of ladies and girls in your case, and I love fucking you all. I consider my self a heterosexual because I am turned on by the female anatomy. Seeing your beautiful body, your firm ass, and big tits, I enjoy them and never tire of them. But at times I am also turned on by seeing other men's cocks." He could not believe he was sharing this information with his own daughter, yet here he was telling someone whom he had never mentioned to before that he liked looking at other men's bodies.

"That's OK Daddy. I don't know why you would have a problem telling anyone that. When Mother first asked me whether I would like to have an affair with her, I briefly considered that is was a lesbian thing, but it really did not bother me. I was turned on by her body even as Greg was. Since she had the hots for me and I had the hots for her it only seemed natural for us to have sex. Men seem to have more of a hangup about same sex relations that girls do. I enjoy having sex with you or my brother, and I especially look forward to having other men fuck me. But I also know that I want to have sex with other women, and hopefully, some of my friends at school will share my sentiments. I can almost taste their pussy upon my lips now. But I'm surprised that you haven't mentioned this to Mom. Has she ever asked you about it before?"

Her father shook his head and said, "No. I guess it was a long time in coming before I felt this way. But there have been times when I wanted to explore some homosexual fantasies. I just assumed your mother would flip out or something."

Lisa looked at her father and said, "I appreciate your sharing this with me. I know it wasn't easy, especially since you have never even told Mom these things. And I promise I won't say a word of this to anyone. I do believe however, that you are wrong about Mom. I bet she wouldn't mind your swinging either way as long as you still fuck her. I think its kind of kinky. How can we both share in satisfying your homosexual craving?"

Her father still feeling kinda of stunned at revealing this information to his daughter just shrugged and said, "I dunno. Time will tell I suspect."

Lisa suddenly got a gleam in her eyes and said, "Hey I have an idea! Wait just a minute." She jumped up out of bed and tipped toed over to the bedroom door. Cracking it open she peered out into the living room to make sure the coast was clear. She snuck out into the living room and returned a couple of minutes later. She was carrying one of strap on dildos that her mother had brought out the night before. She also had one of the big rubber dildos and a vibrator. She closed the door and locked it and climbed back onto the bed. Her father looked at her and said, "What do you have in mind my dear?"

Lisa began putting the strap on dildo and said to her father, "Well this may not be the real thing, but like Mom said it's the next best thing! Let's pretend, and have some fun. If you would like to play with my rubber cocks then I'll be your 'man'".

David's dick began to grow hard in response to his daughters' suggestion. He was surprised at how rapidly his cock grew very hard

at the prospect of acting out his gay fantasies. But he was certainly into acting these out with his daughter since she had gone to this trouble and really wanted to assist him in fulfilling his pleasure. Lisa took control of the situation and told her father to lay back on the bed. Adjusting the strap on dildo she fitted it on herself. It was a nice eight inch black rubber instrument along with a black set of molded balls. She pushed her father down on the bed and told him to close his eyes. Next she straddled his face holding the rubber penis to his face. Letting it touch his nose she teased him with the toy just as he had done with his cock on her face earlier. Her father smiled as she drug the rubber cock along his chin and lips.

She now said, "Open your mouth boy, let me feed you a dick now." He opened his mouth and stuck out his tongue to lick the plastic phallus. Lisa placed the head of the rubber cock to her father's lips and told him, "Go ahead and suck my cock you bitch." Her father now began to open his mouth wider to accept the black dildo that his daughter was feeding him. He imagined that it was the real thing and he reached up with both hands to grasp the ass cheeks of the person feeding him the cock he longed to suck and he pulled her closer. Lisa let him suck the rubber dick for a few moments enjoying the power that she had over her father. She imagined her father sucking a real cock and it turned her on. She wondered whether her father secretly longed to suck Greg's dick. She also wondered whether Greg would let his father suck his cock. Anyhow her father was pulling her hips to his face as he went down on the rubber dildo. Lisa now told him, "OK that's enough sucking boy. Now I want you to turn around and bend over." Her father obeyed and turning around he offered his ass to his daughter. Lisa now took the head of the rubber phallus and put it up to the opening to her father's asshole. "I'm going to fuck your ass like you fucked my big boy!"

David's cock was rock hard and he began to jack his own dick while his daughter who was wearing the strap on dick began to push the black cock into his ass. He looked around at his daughter and told her, "Go ahead Lisa. Shove your cock into my ass. I've had some of those toys of your mother's up my ass before. I have fucked my own ass with those toys while jacking myself off."

Lisa began to fuck her father's ass with her strap on dick. She did not know that he would derive more pleasure from being fucked in the ass than she did. As the rubber cock massaged his prostrate David continued jacking his dick. After a few more moments David asked Lisa to stop. "This feels so good Lisa. Let's change position again. Let me lay back and you fuck my ass from the front."

"From the front?" she asked. "Ooooo that should be interesting." So she allowed her father to change positions. He laid down and placed a pillow under his hips. Lisa faced her father and put the rubber cock down below his balls until she found his asshole. She easily slid the dildo back into his ass and as she fucked her father she watched him jack his big dick. It was kinda odd doing this she thought but she wanted to give her father a new kinky kind of pleasure. She imagined her father being fucked by young strapping gay or bi-sexual men, while he also sucked their cocks. While she fucked his ass she reached down to finger her own clit as these thoughts were exciting her. Her large breasts dangled in her father's face and as she fucked him in the ass he jacked his dick with one hand and leaned forward to suck her tits.

David meanwhile looked upon his daughter's beautiful face and boobs as she pumped away at his ass using the strap on dildo. He furiously jacked his meat nearing an orgasm from the anal attention he was receiving. He was very grateful to his daughter for bringing his gay feelings to the fore and allowing him to fulfill some fantasies.

"Oh Daddy I'm cumming again. Fucking your ass is causing me to cum!" Lisa cried out.

"I'm right behind you dear" and just then David began spurting cum on his chest and belly.

Lisa did not collapse upon her father's chest. She did not want to smear his cum on herself. She had other plans. She slowly fucked his ass and after her father had squeezed the last few drops of jism from his softening prick she withdrew the strap on rubber dick and moving her hips up to straddle his stomach she placed the rubber dick on his belly to swab his cum onto the toy and scooping the jism onto it she then brought it to her father's mouth and said, "If you wish to suck dicks and be fucked in the ass then you will no doubt enjoy licking fresh sperm from the dick that just fucked your ass. And even better you can taste your own cum as I feed it to you." Placing one hand behind her father's head she drew his face forward toward the rubber dick coated with his own cum. Her father closed his eyes to imagine the real thing and opening his mouth he let his daughter feed him the cum coated rubber cock that had just been fucking his ass. He held his tongue out to catch the strand of cum that was nearly about to drip off the dildo and sucking the rubber dick into his mouth he began to swallow his own cum. As he tasted his own jism he

imagined that he had just sucked another man's hard dick and was enjoying the fruit of his labor. "Ummmm" he said as he sucked the rubber cock and licked all the cum from it. Lisa pumped his face a few times letting the toy slide in and out of his mouth watching her father suck all the remnants of cum from it. "That's it. Lick it clean. I know you will want to eat all that fresh cum you just spurted on your belly. I had so much fun fucking your ass Daddy! Watching you jack your big dick as I screwed you made me cum. I would love to see you sucking other guys cocks and being fucked in the ass. Promise me that you let me be a part of your gay activities when the time comes."

Her father opened his eyes and removing the rubber dick from his mouth he looked at her and said, "Honey you can share this with me anytime!"

At last both couples fell asleep together feeling sexually satisfied for the time being.

Chapter Four

The next morning found everyone rested and in a happy mood. It was Sunday the last day of their trip and they would be heading back home. Janet had gotten up early to shower and dress. She stepped out of the shower and found her son laying in the bed with the covers pulled down. He had a nice stiff hardon and was idly jacking his dick. She removed the towel from her hair and began to blow dry it. As she stood in front of the mirror she saw her son get up from the

bed and walk over to her. Wrapping his arms around his mother he felt of her breasts and slid his rock hard cock into the crack of his mother's ass. She giggled as she felt his manhood and she turned around and said loud enough to be heard over the sound of the blowdryer, "What are you up to young man? Didn't you get enough last night? As I recall, you wimped out on me, not the other way around."

Greg her son answered her saying, "That was last night. I'm raring to go again Mom. Seeing your excellent body is making me rock hard. Would you like a little treat before breakfast? Eh? How 'bout it?" He continued his massaging of his mother's ample boobs, twisting her hardening nipples in his fingers, and rolling the mounds of flesh together. He felt his mother push her ass against his hard cock and he knew that she would let him fuck her soon.

"Ummmm. That sounds nice. I would like a little treat, but your dick is no little treat my son. Maybe the little treat you have in mind is letting me suck your cock and taste your cum before I have my breakfast. Is that what you're talking about?" And then bending over at the waist to let her hair hang over her head she continued drying her hair. When she bent over she spread her legs to give him an idea if he would pick up on it.

Greg replied, "Yes mother, that's what I meant by a little treat." Taking advantage of the spread ass before him he slid his dick from the crack of her ass down to her cunt. He rubbed the head of his dick along the shaven lips spreading them and finding her slick pussy ready to receive his hard member. Placing his hands on her hips he

entered his mother and began to pump his cock in and out of her pussy as she dried her hair. His mother was very horny, (as usual) and having a young stud of a son with a very erect prick popping her pud so early in the morning caused her to cum almost immediately. As she moaned Greg began to bang her cunt. Greg began to sing a little tune to her, "Nothing could be finer than to be in your vagina, in the morning...." His mother catching on turned and sang in response, "Nothing could be sweeter than my two lips 'round your peter in the morning..." and she climaxed. Greg continued fucking her until he felt the surge of cum rising in his balls. He told his mother, "I'm ready to cum Mother, would you like to swallow it?"

"Oh yes my lover! Let me now have my treat" His mother answered as she had finished blow drying her hair she turned around and got to her knees just in time to take his cock and stuff it into her mouth. Greg was squeezing his dick to hold back the jism that was ready to spurt from his loins. As his mother stuffed his dick into her mouth he released his grip and shot his load into her mouth. His mother being an experienced cocksucker swallowed his load whole. And she continued sucking his member drawing all of his seed into her mouth. "Ummmm" she said as she swallowed glob upon glob of his cum down her throat. As his member started to soften she knew that he was through, so she released her lock on his dick and letting it slip from her lips she continued licking the remaining mixture of saliva and sperm from his tool. "Now that's what I call a treat" she said getting up to put some clothes on. "You get ready now while I prepare some real breakfast my love." Leaving him she went to the kitchen to get things ready. Greg showered and put on some clothes and then joined her.

Meanwhile Lisa and her father David were sleeping in the other room. Lisa awakened sexually aroused and found her father eating her pussy. He had nestled his head between her legs, spread them and was enjoying his own early morning treat. "Ooooo Daddy, what a nice surprise to wake up and find that I wasn't just dreaming but that you are eating my pussy! Don't stop 'cause it feeeels soooo good Ooooh Daddy Iiiiiiii'mmmmm ccccccuuuummmminnngg!" Arching her back she back to climax. Her father kept lapping at her cunt slurping up the juices that gushed from her little twat. As her orgasm subsided she wrapped her legs around his head, locking him so he could not go anywhere. Her father had no intention of leaving her cunt as he loved eating her sweet young pussy. She asked him, "Ummmm that was so nice! Would you like to fuck me now Daddy before we get up?"

He looked up from his cunt lapping and said, "No, I do want to fuck you, not now but a little later, maybe after breakfast. For now I would like to continue eating your nice delicious pussy if you can stand it. I wanted to thank-you for last night and the great time we shared."

"Oh that was MY pleasure Daddy. But if you want to lick my pussy for now that's fine by me. Only promise me that you will fuck me with that big cock of yours first thing after breakfast. And as far as eating my pussy goes, don't forget my asshole." Opening her legs back up to give her father access to her nether region she laid back to enjoy the oral attention he was eager to enjoy and give.

David loved to suck the juices of his daughter's cunt into his mouth, and hearing her words reminded him that he was neglecting her

bung. Putting his hands under her ass he lifted her hips so that he could rim her asshole per her request. Some of the juice of her cunt had trickled down around her ass and he stuck his tongue out to capture what had collected around her asshole. Licking her asshole clean he next tried stuffing his tongue into her rectum as he knew she would enjoy this. He heard her moaning and looking up she was rolling her own boobs around twisting the nipples in her fingers. He continued sucking her asshole and licking her pussy as she secreted her tasty delicacies. He would push his tongue into her asshole and then he would move back up to her pussy to catch the juices flowing freely from her open slit. Moving on up he would flick his tongue over her clit to stimulate her orgasm. When he did this Lisa would arch her hips up to mash her pubic area against his mouth. David loved to give his daughter pleasure in this way, and he also loved the early morning taste of her fresh pussy. He had her cumming again in no time, and since he now had brought her off twice using his tongue he quit eating her cunt and giving her a wet kiss to allow her to taste her own juices on his lips they broke their embrace and got up to face the day. They both jumped in the shower together, yet they did not let their lust for one another get the best of them and prevent them from just showering. Refreshed they dressed and headed to the kitchen to greet the other two family members.

Janet had put on a pair of short, tight hot pants, short enough to more than expose her well rounded firm ass. She had also put on a loose fitting light material shirt and tied the shirt tails together around her waist. Braless, her tits stuck out against the material. Her nipples made nice sharp points accentuating her breasts under the shirt. She had dried her hair earlier when Greg had fucked her and her hair had a wild tossed sexy look that made her overall appearance look hot! David her husband strolled into the kitchen

and saw the sexily dressed woman who was the mother of his two children. She was busy at the stove and he saw the tight fitting hot pants and her ass cheeks hanging out. His eyes nearly bulged out from his head as he had not expected to see her look so fine this early in the morning.

"Ummmm! My do you look hot this morning love! What's the occasion? How did it go last night with Greg?" asked David.

Turning around from the stove where she was cooking she faced her husband letting him view the nice front side of her attire where her boobs could be seen through the thin material of the shirt she wore. Grinning from ear to ear she turned back to cooking and answered him, "Good morning to you too! Ah, thank-you for the complement honey. It's no special occasion. I just wanted to dress sexily for the two men in my life. As far as last night, your son Greg and I had a delightful time together. That boy is never satisfied! He must have fucked me a half a dozen times last night! Of course I'm not complaining mind you. I got up early and showered and on coming out of the shower there he was laying in bed with a stiff dick waiting for some relief. I ignored him and began to blow dry my hair. He wasn't about to take 'no' for an answer, so he walked up behind me and started feeling me up. I could feel his hot prick in the crack of my ass and he made me horny as hell. I didn't stop drying my hair though. I just bent over and he shoved his cock into my pussy and fucked me till I came. Just when he was about to shoot his load into me, he stopped to let me suck his cum down my throat. Ummmm, just delicious. So enjoying an early morning treat I just wanted to get prepared for our day's activities."

Hearing her recounting the details of their activities began arousing David. He felt his cock stiffen as his wife related her amorous affair with their son. He moved in behind her and cupping the cheeks of her ass he whispered into her ear, "You love telling me how your son fucked you don't you slut? I can hear it in your voice how you want me to know how much you liked him ramming his hard meat into your cunt and ass. I'll bet it was you who wasn't satisfied. That poor boy probably wanted to go to sleep after fucking you a time or two, but you wouldn't let him. Knowing how much you crave cocks you probably kept him awake by sucking his cock back to life so you keep him busy satisfying your insatiable lust." Moving his hands from her ass he wrapped them around to her pubic area to feel her swollen pussy which was quite noticeable protruding thru the thin material of the hot pants. Her swollen lips pinched the fabric together letting anyone noticing her that she wasn't wearing any underwear. David continued his rubbing of her clit through the fabric as he dug his cock into her ass.

Janet was having a difficult time concentrating on cooking so she squirmed against his efforts and said, "Oh you know me well darling. I did keep our son up all night by sucking his hard cock back to life and then letting him fuck me. But he wanted me to keep him hard. He loved fucking my every hole, and I loved letting him fuck me." Then she bucked against him and said, "Honey, you are going to make me burn the breakfast. Please stop playing with my pussy. You know I can't do two things at one time!" She bucked at him playfully, however, she was serious. He was arousing her too much and she had work to do. He discontinued his teasing of her and then she asked, "But now tell me, were you able to keep Lisa satisfied, or did you poop out, totally fucked out?"

Pouring himself a cup of coffee he came back over to her and said, "Shit. If anyone pooped out it was her fucking cunt. She rode my dick like a trampoline. She bounced her little ass all over the place last night. I got her into the shower and the first thing she wanted me to do was to fuck her tight little asshole. Fucking her ass is the greatest!"

"Ha! I know Lisa probably had you worn out before midnight!" replied Janet. "However, let me guess. I'll bet you woke her up with your face buried in her snatch didn't you? I know how you love to eat pussy, and when you woke up and saw that nice shaven little twat you had to sample it this morning. Tell me, did you eat her cunt this morning?"

David grinned at his wife's discernment and answered her, "Oh yeah. You know what I like. Who could resist dining on such a delectable treat like her fine young pussy and asshole. She was pleasantly surprised when she woke up and found me licking her slit. She said she had been dreaming and was glad to wake up and find it was not a dream but reality to find me sucking her cunt. Then she reminded me to rim her asshole which I did."

Just about that time Lisa and Greg walked into the kitchen to join their parents. Greg, like his father was wearing a pair of shorts and one of his muscle shirts. Lisa was wearing a short mini skirt and halter top. She was also wearing a pair of lace panties. Janet and David ended their conversation to greet their children.

"Well, well. How did you sleep last night Greg?" asked his father.

"Oh I slept just fine. I know Mother slept very well too!" Looking at his mother he walked over to her and said, "Oh wow Mom! You look hot. Man oh man!" He walked over to her to greet her. "I hadn't noticed what you put on after I got into the shower, but you look great! Can you turn around to let me see you better." She stopped what she was doing long enough to answer him and say, "Why thank-you Son." Turning around to let him see her front side he opened his eyes wide when he saw her large boobs straining against the material of the shirt she wore. Her hardened nipples stood out drawing attention to themselves. Glancing down he saw her crotch and he couldn't help but notice her swollen pussy lips pinching the material of her hot pants. With the fabric pinched between her lips her cunt looked like two fingers side by side between her legs. Taking advantage of the opportunity he drew close to her and putting his arm around her he kissed her on the mouth while reaching down he rubbed her pussy and then said, "Oh your pussy looks so fucking good Mother."

"Don't it though?" David watched his son greet his mother and rub her cunt. "She's got one fine looking beaver doesn't she? Your mother tells me that you two had a pretty good time last night. What's your story?" He sat down at the table to sip his coffee.

Janet playfully slapped her son's hand away from her cunt so that she could return to preparing their breakfast. She enjoyed his affections and she responded to his kiss by slipping her tongue into

his mouth when he kissed her. "Go ahead and tell him Son. He thinks you pooped out after fucking me last night."

Greg laughed at his father and said, "Oh no way Dad. I must have fucked Mother a half a dozen times last night. I thought I could wear her out, but she kept me going all night long. Every time I thought we were through and were going to go to sleep she would suck my dick back to life and 'here we go again'. But it was great. So tell me how did you and Lisa make out?"

Lisa had entered the kitchen with her brother. She was dressed quite sexily like her mother. After Greg greeted Mom she walked over and eyed her mother's outfit. "Ooooh Mother. I love your outfit. You do look so sexy! You must tell me all about last night. I'm dying to know."

Janet stopped and turned to her daughter. Leaning forward she kissed her and whispered, "Oh yes! Thank-you dear. I can't wait to tell you. And I'm dying to hear how you and your father made out." Returning back to the stove she was nearly done cooking breakfast. Lisa meanwhile headed over to the table where she sat upon her father's lap. She said, "Tell them Daddy. Tell Mother and Greg how we 'made out' last night."

Knowing his daughter was horny and wanted him to fuck her he reached down to check and see what she had on under her short skirt. Greg had seated himself at the table and was facing Lisa and his father so that he could see what they were doing. His sister had sat on his father's lap and as David began to answer the question he

saw him lift her skirt to expose her pink lace panties. He next reached his hand into her panties to stroke her twat. Greg looked at his sister and grinned. She grinned back at him while their father played with her pussy. All this was taking place behind Janet's back. David said, "Lisa and I had a 'ball' last night. I lost count as to how many times we fucked, but we didn't get to sleep until very late. Greg your sister is quite a girl. She takes after her beautiful mother doesn't she?" He had slipped a finger into Lisa's cunt and was masturbating her. Lisa had sprawled out on her father's lap letting him finger her. She pulled her halter top up over her boobs to give her brother a show as she maintained eye contact with him. She spread her legs so that her brother could view their father finger her cunt. Though her cunt was hidden from his view due to the panties she was wearing, she knew Greg could see through the material by imagining what was taken place. With her boobs free of the halter top she twisted her nipples with her fingers letting them stiffen and swell.

Greg began to answer his father, "Yeah Dad. Lisa takes after Mother all right. They are both insatiable. They are never satisfied. You fuck them and fuck them, and still that want to be fucked again!"

"Oh I wouldn't say that." answered Janet. And as she turned around she spotted Lisa on her husband's lap being finger fucked while Greg looked on. David had two fingers working Lisa's pussy, while Lisa had pulled her halter top up to massage her tits. "What the hell?" she mocked in exclamation, seeing the erotic scene taking place here in the kitchen. "Oh God Damn! I can't stand it no more." She took the breakfast she had just prepared and stuffed it into the oven to keep it warm. She now said, "Fuck it. I can't do anything with all this

fucking going on. It's your fault David!" She looked at him as he fingered Lisa's twat.

"My fault!", he said. "How can it be my fault? Here I am minding my own business, when Lisa sits in my lap and want's me to play with her pussy. Besides, YOU are the one wearing the 'Please fuck me, I want you inside me' outfit. If it's anyone's fault it's yours for getting everyone so fucking horny!"

Janet just grinned sheepishly at everyone and said, "I guess you're right, I am to blame. So what are we going to do about it. I'm so fucking horny after your rubbing my cunt from earlier and now watching you finger Lisa has made me so hot that I gotta fuck someone NOW!" She began removing her clothes. Greg sprang up from the table and removed his clothes in a flash. His young stiff prick sprang to attention and he said, "I'm game! If you want to fuck I'm your man."

David stopped fingering Lisa's twat and said, "Let's clear the table, I have an idea. Here Lisa. You get up and remove your clothes."

"With pleasure Daddy. I thought you'd never ask." Lisa pulled her clothes off and soon everyone stood naked in the kitchen. Janet and Greg cleared the table.

"OK here's what I had in mind." David said. "Let's have a gang bang right here on the kitchen table. If you two girls would like to straddle

one another and eat pussy, then Greg and I will move around to fuck your backdoor. How does that sound?"

"Ooooo, count me in! answered Janet. She got up on the table. It was a big oak table that would easily support her and Lisa both. She laid on her back and invited Lisa to climb aboard. Lisa said, "Ummmm what a great idea you have Daddy. Now I can enjoy eating Mother's delicious pussy while she likewise licks mine, and we can both have our asses fucked by you two gorgeous hunks!" With that she climbed atop of her mother easing her pussy down to her face. She was now face to face with her mother's glistening cunt. Seeing her mother dressed so provocatively in those hot pants had turned her on. And when she saw how the lips of her cunt were so noticeable with the fabric of her shorts caught between the lips it made her mouth water. Now she could enjoy tasting her female counterpart's sex once again. Her mother spread her legs to give Lisa access to her shaven pussy. Lisa felt her mother spread her ass cheeks apart as she began to tongue her pussy. They both licked each other's cunts for a few moments, while the boys stood watching them. Each had their dicks in hand jacking them slowly.

"Well my boy. Who do you want to fuck? Have you had enough of your mother, or would you like to fuck Lisa in the ass?" David asked his son.

"Decisions, decisions. Tell you what. Since I haven't fucked Lisa in a few hours let's change partners. Lisa's ass looks so inviting, I'll fuck her." Greg walked around to his sisters ass where his mother was busy eating her cunt just below. Janet stopped the licking of Lisa's

cunt to say, "Here son, let me wet her hole for you." Reaching up she began rimming Lisa's asshole, tonguing her way inside to lubricate her to receive Greg's rigid tool. Lisa did likewise to Janet's bung as her father had taken his place near Lisa's head. David watched his daughter tongue her mother's asshole and when she had wetted it sufficiently, he told her, "Ok Lisa dear. You can go back to eating your mother's pussy and let me fuck her in the ass." Lisa returned her attentions to sucking the juices that flowed from her mother's open twat. The juices pooled themselves on her mother's level cunt so Lisa was able to slurp them up as she flicked her tongue over the wide open pussy. She could see her father take his big monster cock and place the head of it at the opening to her mother's asshole. Janet raised her legs up to make it easier for him to slide his cock into her rectum. This was a new experience for Lisa as she could enjoy eating pussy and watch a close up of a good ass fucking that her mother was sure to receive. In addition, she now felt her brother as he began his quest of entering her rectum and she looked forward to the ass fucking he would give her. She missed her young stud brother since they had only fucked a couple of times, and her father had now fucked her nearly a dozen times over the past day or so. She was envious of her mother because she had been fucked by Greg more than she had been. But she also knew that they would catch up once they were alone once more. She thought about when they would go back home how her and Greg would probably move in together and share a bedroom hopefully. She would fuck him daily, and if she could talk any of her girlfriends into it she would invite them home and they could take turns fucking her brother. Lisa had many ideas, but for now, she settled back to enjoy the tasty pussy of her Mom, and the oral stimulation her mom was giving to her as well as the hard dick now slowly entering into her bung. "Ummmm." was all she could moan as the gang bang proceeded.

Janet on the bottom was eating Lisa's cunt now that her son Greg was filling up Lisa's ass with his young dick. As he eased his way into her tight orifice his balls came to rest on Janet's face and eyes. She didn't mind however, as she had been in this position many times before. She just concentrated on swallowing Lisa's sweet juices as her husband David rammed his big cock up her ass.

Greg commented to his father, "Boy this table is just the right height Dad! Lisa's ass is at the right level for me to fuck it."

"That's no coincidence Son. I had it custom made just for occasions like this. Isn't that right hon?," asked David to his wife.

Janet could not answer her husband directly, because Lisa's cunt was mashed against her mouth, and Greg's testicles lay across her face as he fucked Lisa's ass. She pulled her hand out to give the "OK" sign with her thumb and forefinger touching each other in an "O" signal. She had been on this table top many a time before being fucked by her husband and others when no other place would do. Despite its being a hard table top it accommodated everyone quite well and made their pussies and assholes easily accessible to the cocks that wanted to fuck them. The big stout oak table hardly moved as Greg and his father banged at their respective holes opposite each other.

Despite his shooting his wad into his mother's mouth previously this morning Greg was once again ready to cum from fucking his

sister's tight bunghole. The way her ass jutted out spread open for his pleasure was more than he could stand so he said, "Ooooo Lisa, fucking your tight ass is making me want to cum. Would you rather I shoot my wad into your ass or let Mother suck my dick and swallow my cum?"

Lisa lifted her face from Janet's cunt to answer her brother, "Ooooo go ahead and let me feel your hot jism fill my ass, I'm sure Mother won't mind. In fact, she will want to suck your cum from my asshole once you are done, so please keep fucking my ass and cum on!"

Janet was pleased with that idea. She would have her son's sperm in her mouth one way or the other and as long as she could taste it that's all that mattered. She kept licking her little girl's cunt feeling her own orgasm near to eruption with the talented tongue of her daughter licking her own pussy and her dear husband's big dick ramming her ass. Janet loved spending the night with her son letting him fuck her with his young stiff prick, but she also missed the monstrous cock that her husband wielded. Lisa feeling the tongue of her mother sucking her clit and also having her brother bang away in her ass was also ready to cum. Last of all, David the father was watching his pretty young daughter eat the cunt of her mother, her face close to his big hard cock as he fucked his wife's asshole. He too was near to cumming and he decided that when he shot his load he would pull his dick from Janet's rectum to spurt his jism into Lisa's face so that she could enjoy his cream while she finished licking her mom's pussy. Just then Greg began to cum in his sister's ass pumping his seed into her rectum. Lisa feeling it also began cumming. Janet began climaxing bucking her hips upward into Lisa's face, and as David felt his own climax erupting he pulled his monster cock from her ass to

shoot his wad into Lisa's face. Lisa closed her eyes to keep the jism out, but as the long globs of cum ran down her face onto her mother's pussy, she licked and sucked all that she could into her mouth. Greg finally pumped the last of his seed into Lisa's tight bung and pulling his dick out he looked down at his mother and told her, "OK Mom. She's all yours. Enjoy!" And his mother grinning her approval, lifted her head to begin licking the jism that oozed from Lisa's freshly fucked asshole.

David and his son stood by with their dicks in hand to watch the girls finish cleaning each other's cunt and asses up from the leftover sperm. They both relished the tasty seed of their closest relatives. As the family completed their first gang bang they all knew that this scene would be repeated all the more so in the days ahead when they returned home.

End of Book One

Please stay tuned for the continuing adventures of "All in the family" when David, Janet, Greg, and Lisa return home from their trip. More exciting fantasies await the family.
