Commissioned Story

Robotic Study Session

Previously inside the local university Dylan – a student there - crashed into Professor Harrison as he was rushing out of class. After apologizing to Mr. Harrison and helping him pick up the papers he was carrying Dylan was about to leave, when he realized one of the professor‘s papers was left on the floor stuck under his backpack. Dylan wanted to call the Professor and give it back but then his eyes fell on a name on top of said Paper. **Layla**… this paper was about Layla? Layla is Dylan‘s study partner for several years now… They are friends… even though Dylan has had a huge crush on her ever since he first met her.

Dylan starts reading… and it turns out that this was a report on several **hypnosis sessions** Layla has taken with Prof. Harrison! After staring at the paper for a long time and researching hypnosis for a week, Dylan has finally gathered his courage and invited Layla over for a study session at his house. He‘s about 69% sure that, according to this paper, Layla‘s trance trigger „**General Pauze**“ has not been removed at the end of her last session… And today Dylan is about to verify his suspicion…

Featuring

Layla … a study partner Dylan has a crush on

Dylan … the male protagonist of this story

According to those records, her relaxation trigger has not been removed.
Stop being so nervous, Dylan!
And I've been practicing hypnosis for the past week 24/7!
It will work, believe in yourself!
And if not, just play it down as a joke...
Dong

She's so hot!
Front door was open so...
Yes, by all means. Please come in.
Thank you so much for helping me with the math exam. It's my only weakness!
You are welcome. That's what friends are for.

By the way, what do you think about the music I've put on?
Errr... You know I do not share your enthusiasm for classical music.
That's fine. If you start hating it more than math, it has fulfilled its purpose.
LOL!
By the way, fun fact. Do you know what a pause that interrupts the normal tempo of a composition is called?

It's called General Pauze!
How is this a FUN fact?...
Woah... Uhhh..
I feel kinda dizzy all of a sudden.

Are you okay?
Her eyes! Definitely the sign of a light trance! I need to move fast and reinforce it!
Yeah... I'm... fine...
EL DORADO

Focus on this watch.
You don't look too well. Let me help you with this.
Hypnosis?
Yes, it will help you relax and drive away the dizziness.

You do trust me after all.
I... I do... trust you.
We are... friends.

Then watch the watch.
Back and forth.

And as you follow the watch with your eyes...

One.

Two.

Three!

And I count to three, you find yourself falling into a deep hypnotic trance.

And Sleep!
Can you hear me, Layla?
Are you in a deep hypnotic trance?
I can hear you.
Yes, I am in a deep hypnotic trance.

Alright. Please sit up straight.
It is fine that I give you instructions?
Great. You can open your eyes now, but you will remain asleep.
It is fine that you give me instructions.
I do trust you.

Gulp
This is really working! She's listening to everything I say!
I will now touch your body. This is important.
You don't mind me touching you.
OK. You can touch my body.
I trust you. It's important.

Layla, what am I doing right now?
You are fondling one of my breasts.
Should I stop?
I don't mind you fondling my breast.
grope

Your skin is so smooth.
You have beautiful legs, Layla.
And they are perfectly toned!
carass
carass

Now, Layla, I need you to touch yourself.
I need you to masturbate.
Can you do that for me?
Yes. I will masturbate for you.
I want you to enjoy it. Bring yourself to orgasm.
fondle
rub
Orgasm. Yes. Masturbate to orgasm. For you.

In her sensual heightened hypnotic state, Layla does not take long to reach a strong orgasm under Dylan's watchful eyes.

moan
Wow!
It's like the professor wrote. She is a super suggestible subject!

Now listen very carefully, Layla.
You will always fall back into this deeply relaxed trance when you hear your trigger "General Pauze".
But from now on, when you do, your eyes will roll back like in a cheesy movie.
General Pauze... deeply relaxed trance... Eyes will roll back.

You will follow any command given and answer in a monotone voice with "Executing command".
Additionally, when you hear the words "Machina Ascending" your mind will shut down immediately and you will believe that you are a robot.
When a task is done you will say "Procedure complete. Awaiting input".
Executing Command... Procedure complete...

Also, after about 30 minutes in robot mode, you will start to feel weak and meek, because you are running out of energy.
Start running low on energy. Feeling meek.
grope
grope

Your robot self will need to recharge her energies, which is only possible by inserting a dick into your ass or pussy.
Insert dick... to recharge...
grope

When you wake up you won't remember any of this. But you'll feel refreshed and relaxed.
SNAP

Sorry, I spaced out for a second. What were we talking about?
Oh, we were trying to start with the first Math assignment, but I guess you just did a General Pauze!

General...
Pauze....
Uhhh...
So cool!
Her eyes really rolled back!
Layla, listen to my voice.
Listen and obey.
I want you to stand up and strip naked.
Yes...
Strip naked

Brilliant!
Now turn around bend over the couch and spread your legs.
Yes, Spread legs ...

Beautiful!
Now Repeat that your mind is blank and that you will obey, like a mantra while I inspect your body.

My mind is blank, I will obey. My mind is blank, I will obey. My mind is blank, I will obey.

My mind is blank, I will obey. ...

You can stop repeating your mantra now. Now listen to me closely.
When I've inserted this pen into your arse, you will wake up.

You will have no memory of how you got into this situation, but you will still respond to your triggers.
