INTERLUDE 1 - THE CHECK IN - EXTRA ANGLES

YOU CHANGED MY LIFE, YOU ARE AMAZING!

Dear Dr. Lacroix,

You don't know anything about me, but you changed my life, and I can't thank you enough for that. Your column in the Magazine opened my eyes to a world I didn't know existed. From the moment I began reading, your administrative, meticulous presentation and the depth of your analysis.

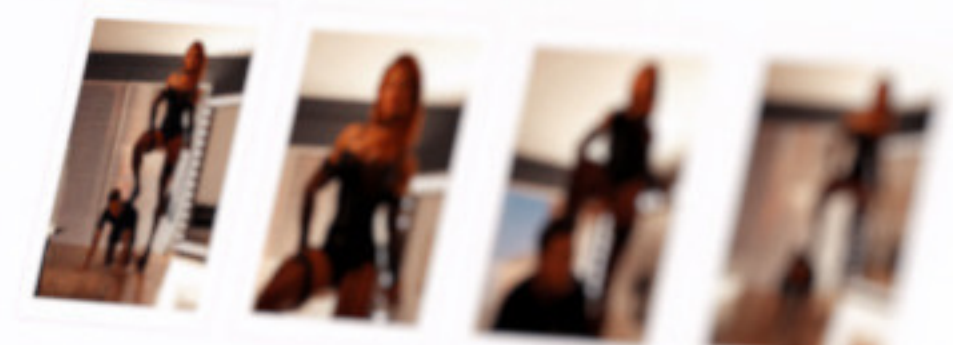

Your words spoke directly to me in a way I didn't think was possible. The information you presented were exceptional. You helped me realize my place and position, and now I realize that my situation, roleplaying could be the answer to many of my problems.

My relationship was stuck in a rut, and not only did you help me see it from a new perspective, but you also helped me imagine a better future. Please take a look at these pictures. They show how happy and content we are. It's all thanks to you. We've never been so in love before. I can't thank you enough for that.

He encourages me to push further, and I'm happy to give him what he needs because that's what I need to be happy. I hope you get the recognition you deserve for your life-changing advice.

With utmost respect and admiration, forever in your debt,

Cassie Jones

Thank you for your kind words!

Dear Dr. Lacroix,

You don't know anything about me, but you changed my life, and I can't thank you enough for that. Your article in Luxe Magazine opened my eyes to a world I didn't know I craved. From the moment I began reading, I was captivated by your meticulous presentation and the depth of your analysis.

Your words spoke directly to me in a way I didn't think was possible. The innovative approach you took and the solutions you presented were exceptional. You helped me realize my place and purpose, and I never thought that something as simple as roleplaying could be the answer to many of my problems.

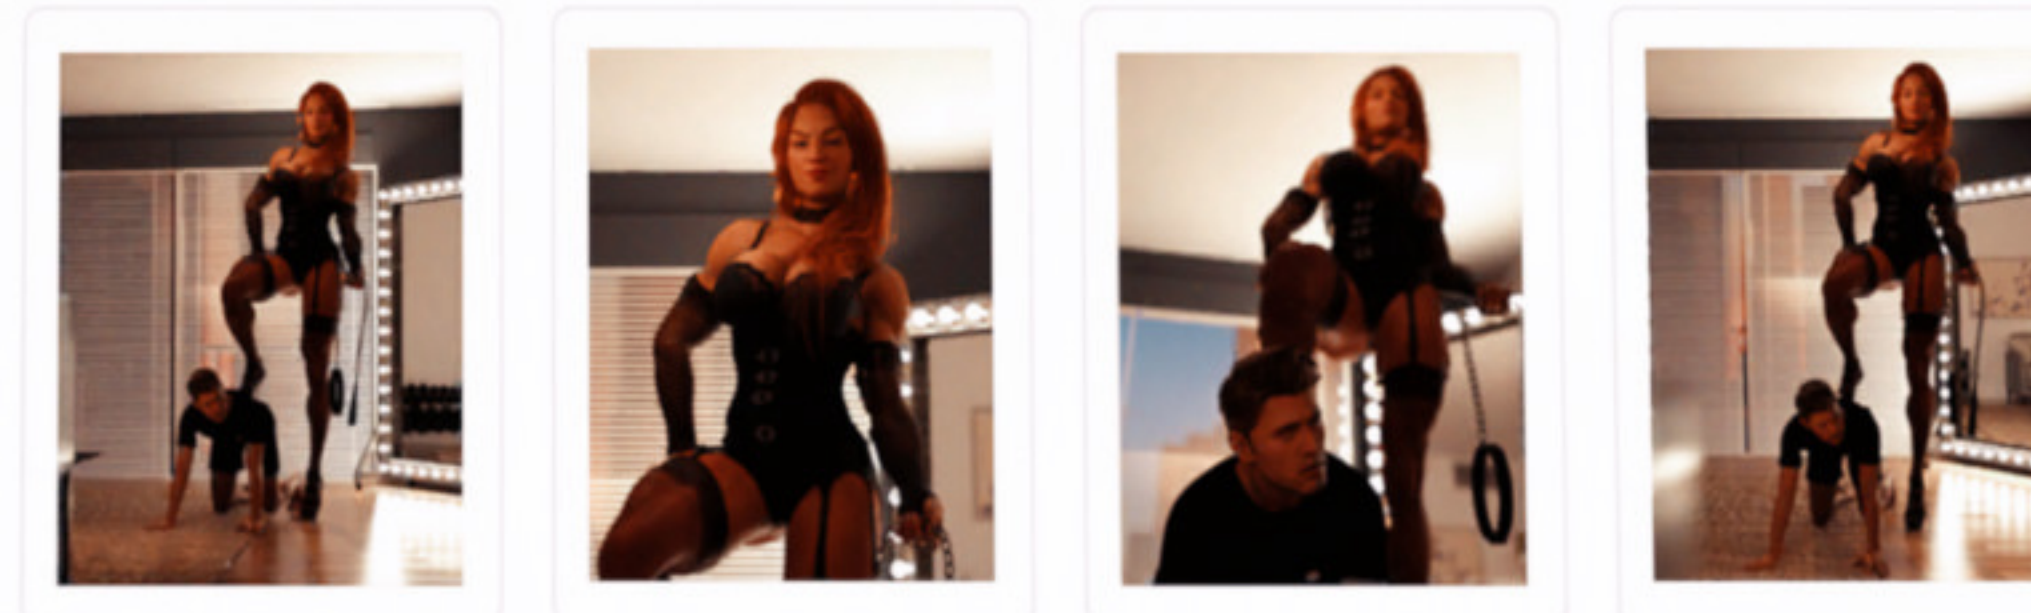

My relationship was stuck in a rut, and not only did you help move it forward, but you also catapulted it to heights I never imagined. Please take a look at these pictures. They show how happy and grateful we are—me and Jake (my little boy)—and it's all thanks to you. We've never been so in sync before. I can literally put him in his place, and he loves it.

He encourages me to push further, and I'm happy to give him what he wants because that's what I want as well. And it all became a reality thanks to your wise words.

I hope you get the recognition you deserve for your life-changing advice.

With utmost respect and admiration, forever in your debt,

Cassie Jones
