CHAPTER 07

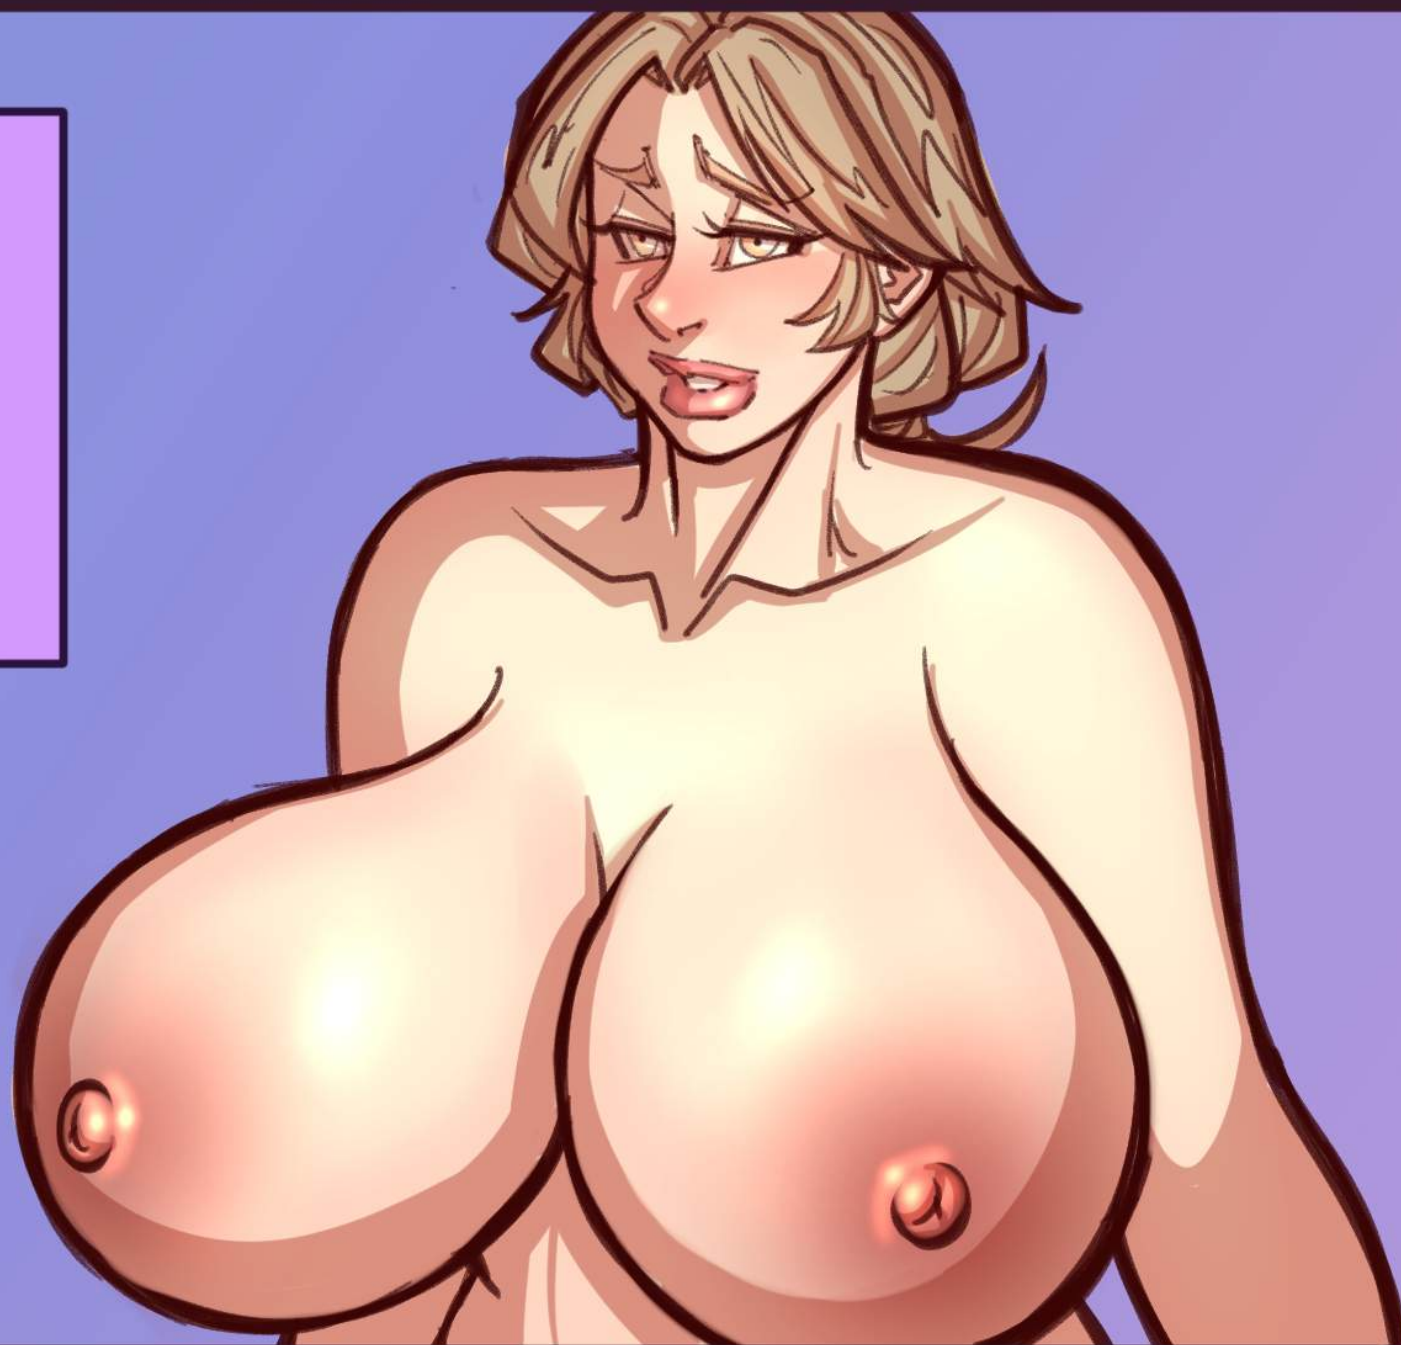

She ran her hands underneath and lifted up each of her heavy breasts, and I finally could see her gorgeous nipples that I've often seen poking out of her shirts.

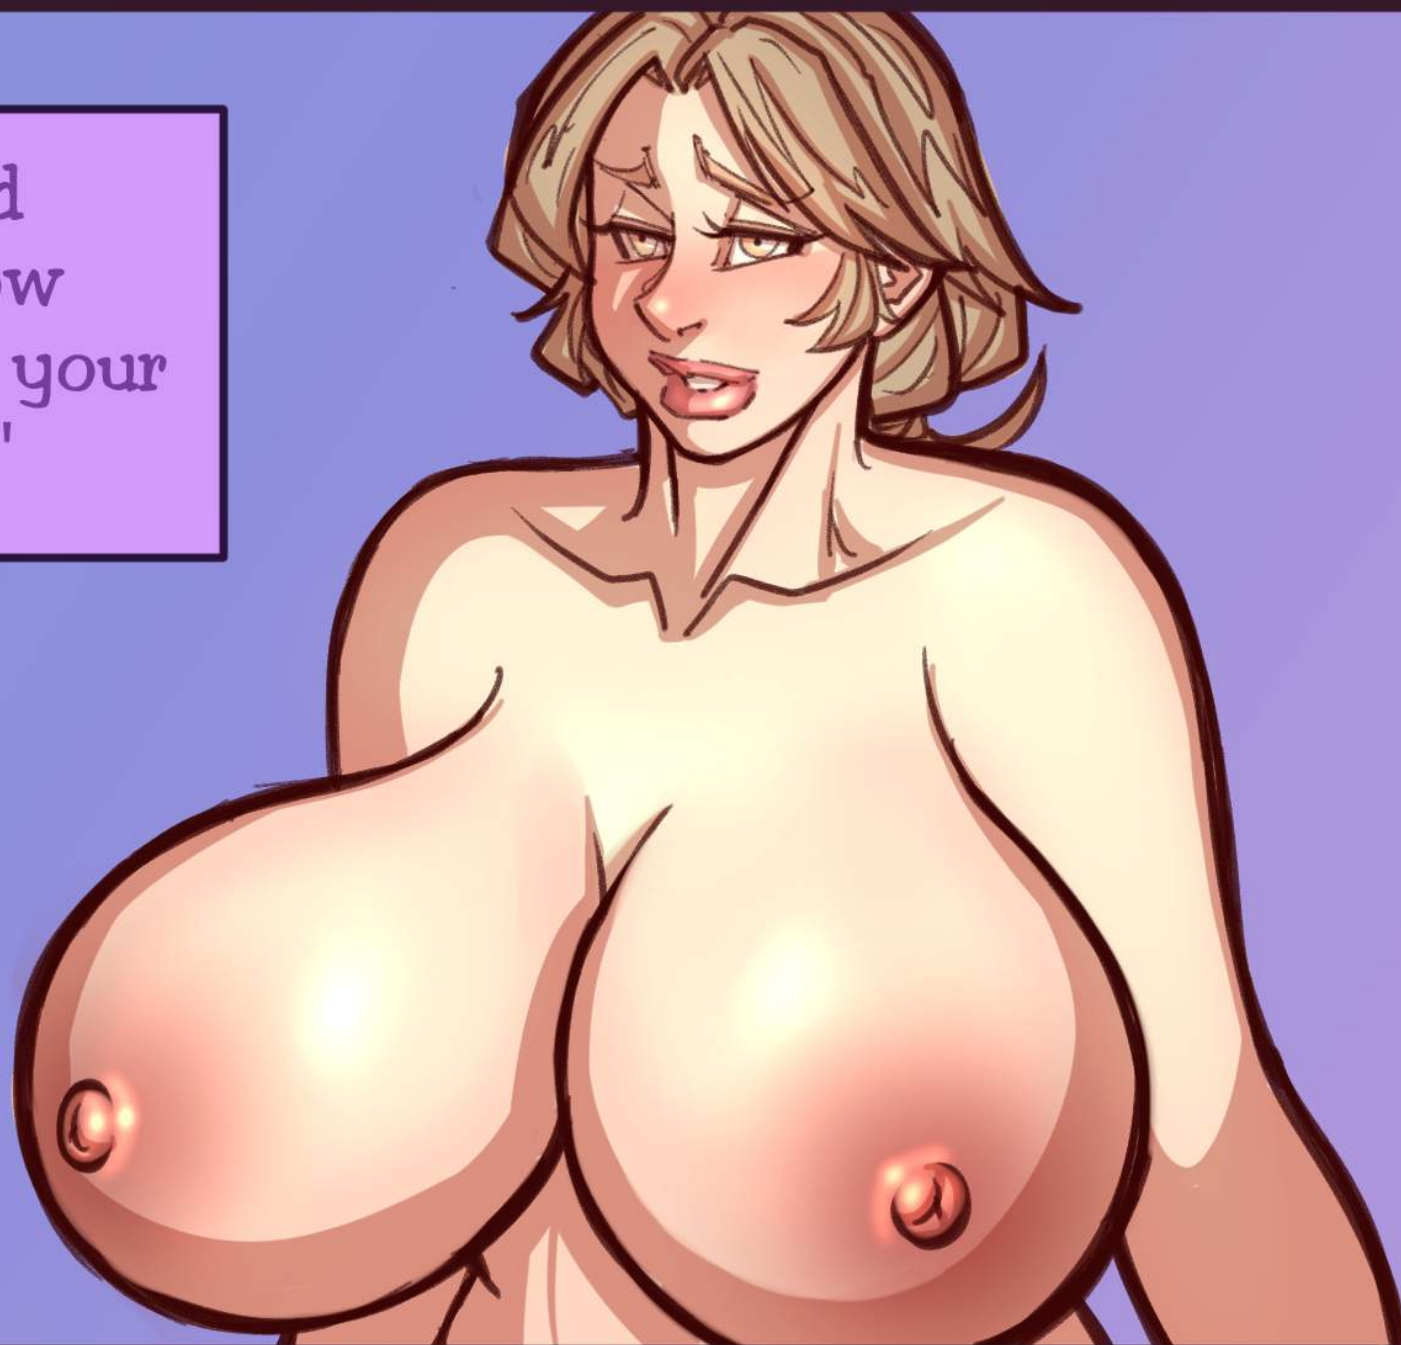

Surrounding those perfect nipples, were equally beautiful two-inch light pink areolas.

She lifted up
her tits and
spread them
apart
invitingly.

"Come here and
prove to me how
much you love your
mother-in-law."

I stepped slowly
towards this
amazing open
invitation.

Oh my god... I can't believe this is about to happen... I don't think I'm going to last very long.

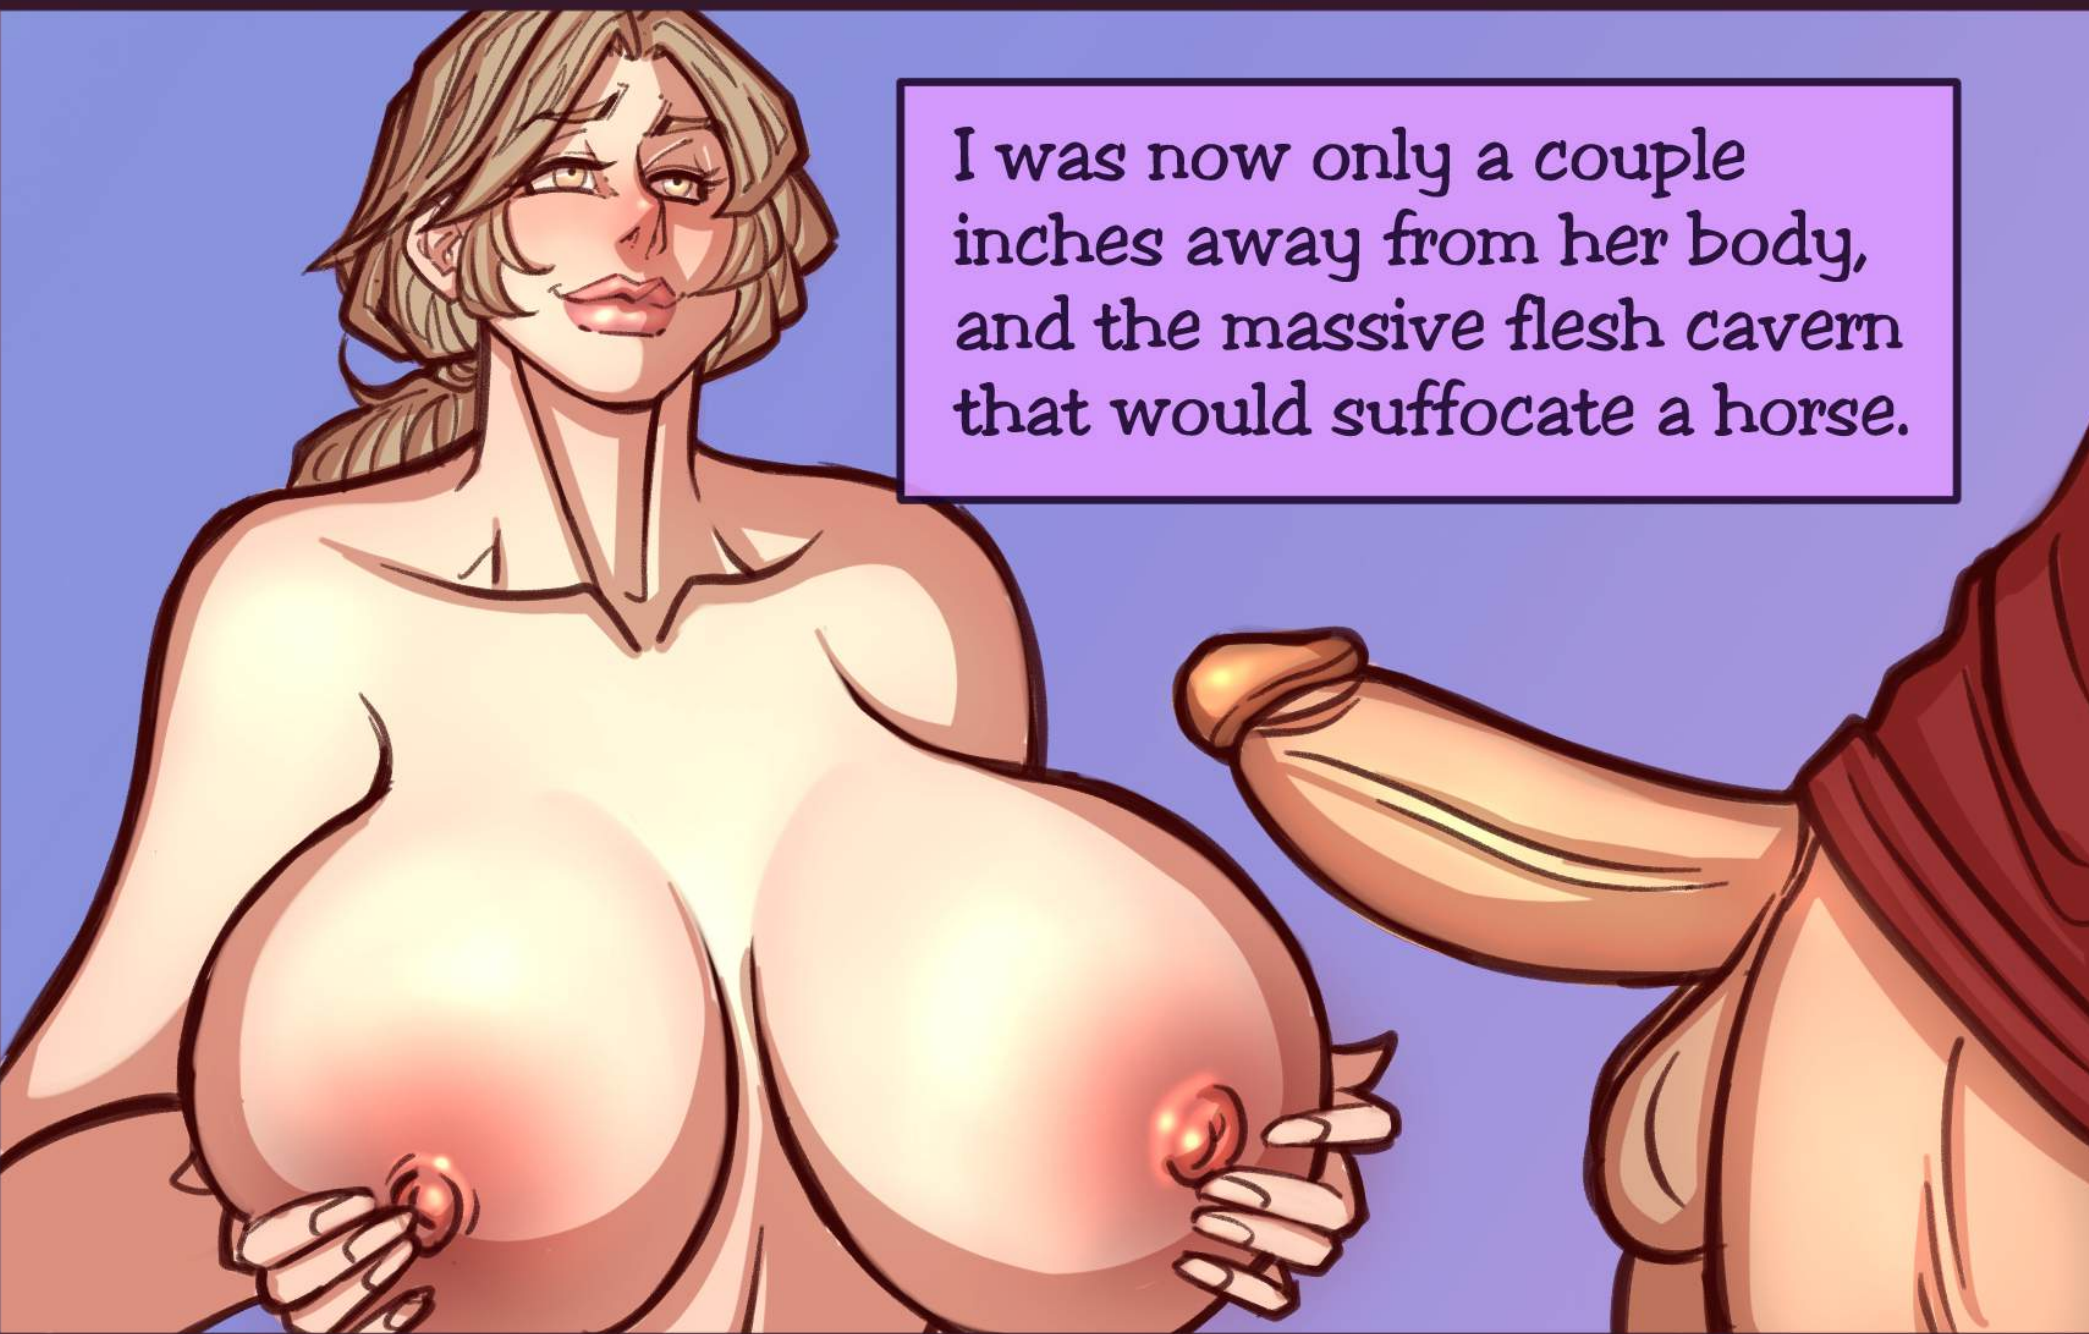

My cock was as hard
as it had ever been,
and seemed to get
even harder with each
step I took.

Christina's mouth
gaped as she gawked
at what was about to
be placed between her
tits.

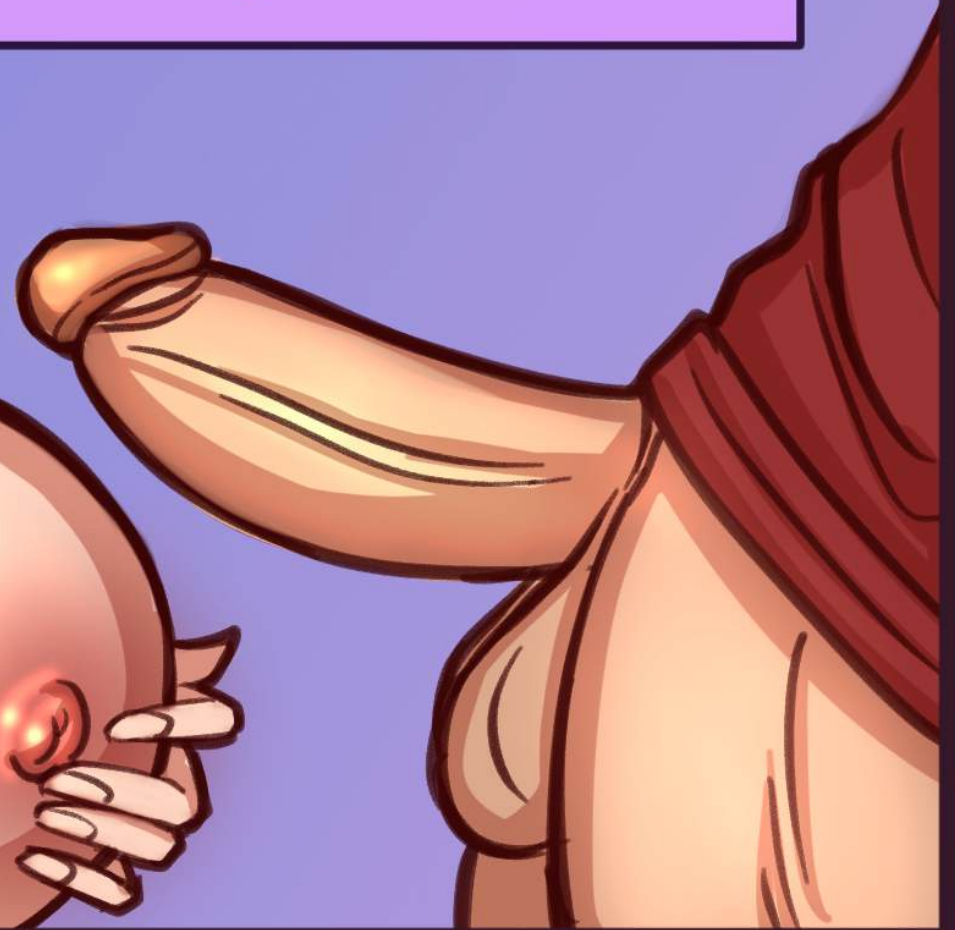

A comic panel featuring a woman with blonde hair and large breasts. She is looking slightly to the right with a neutral expression. A hand from another person is visible on the right, touching her right breast. The background is a solid light blue. A purple speech bubble is located in the upper right quadrant of the panel.

I was now only a couple inches away from her body, and the massive flesh cavern that would suffocate a horse.

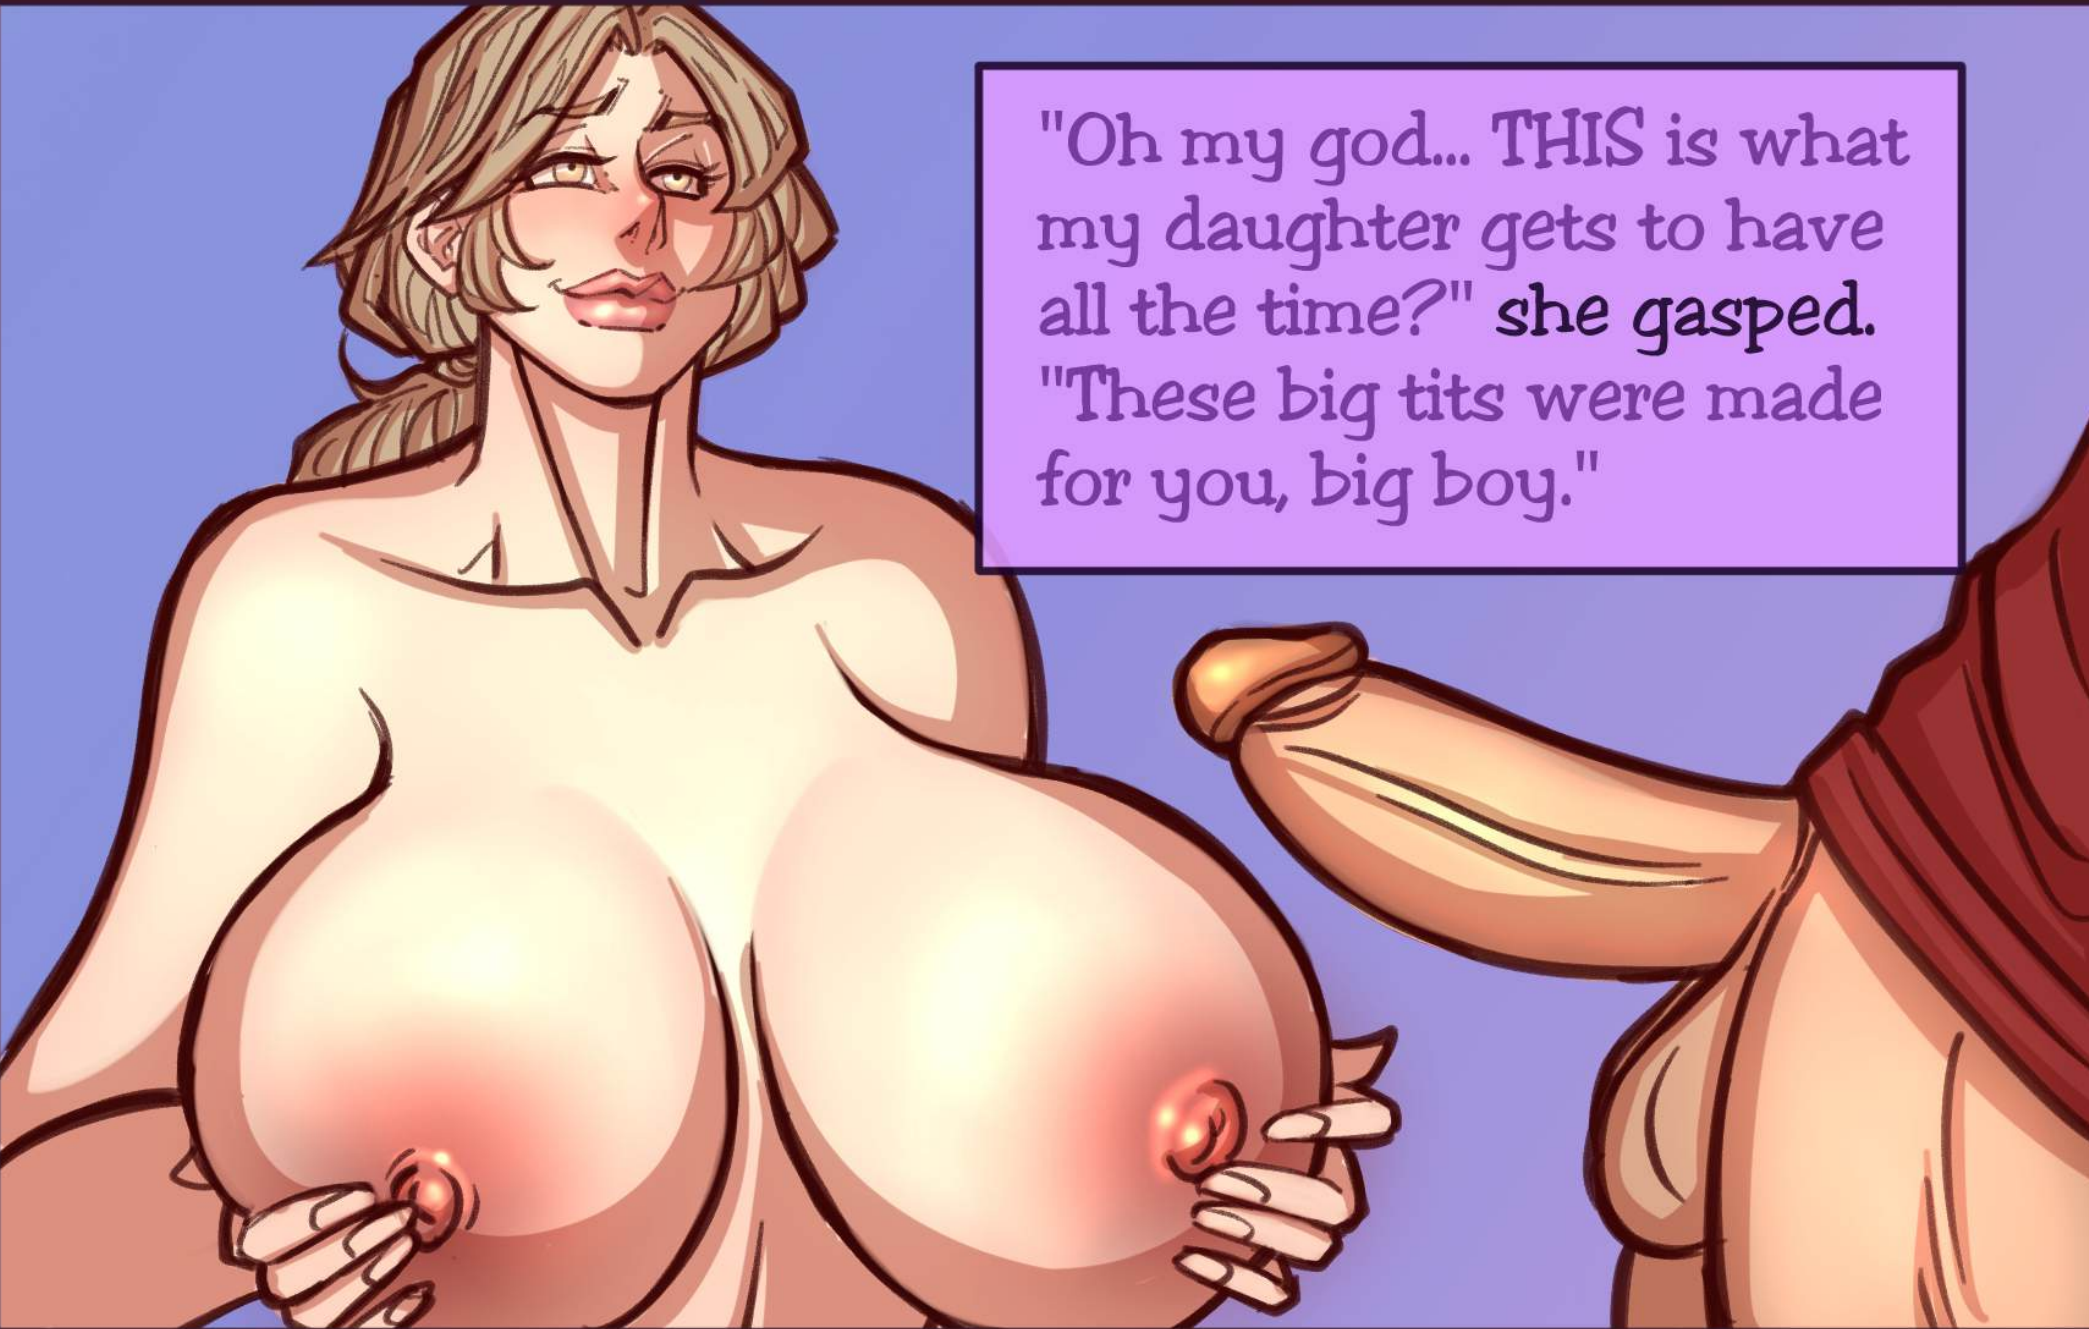

I ran my cock along the inside
of both of her tits, lightly
caressing each one along at
least eight inches of soft white
breast flesh.

The long wrinkled stretch marks along her tits was such a huge turn on.

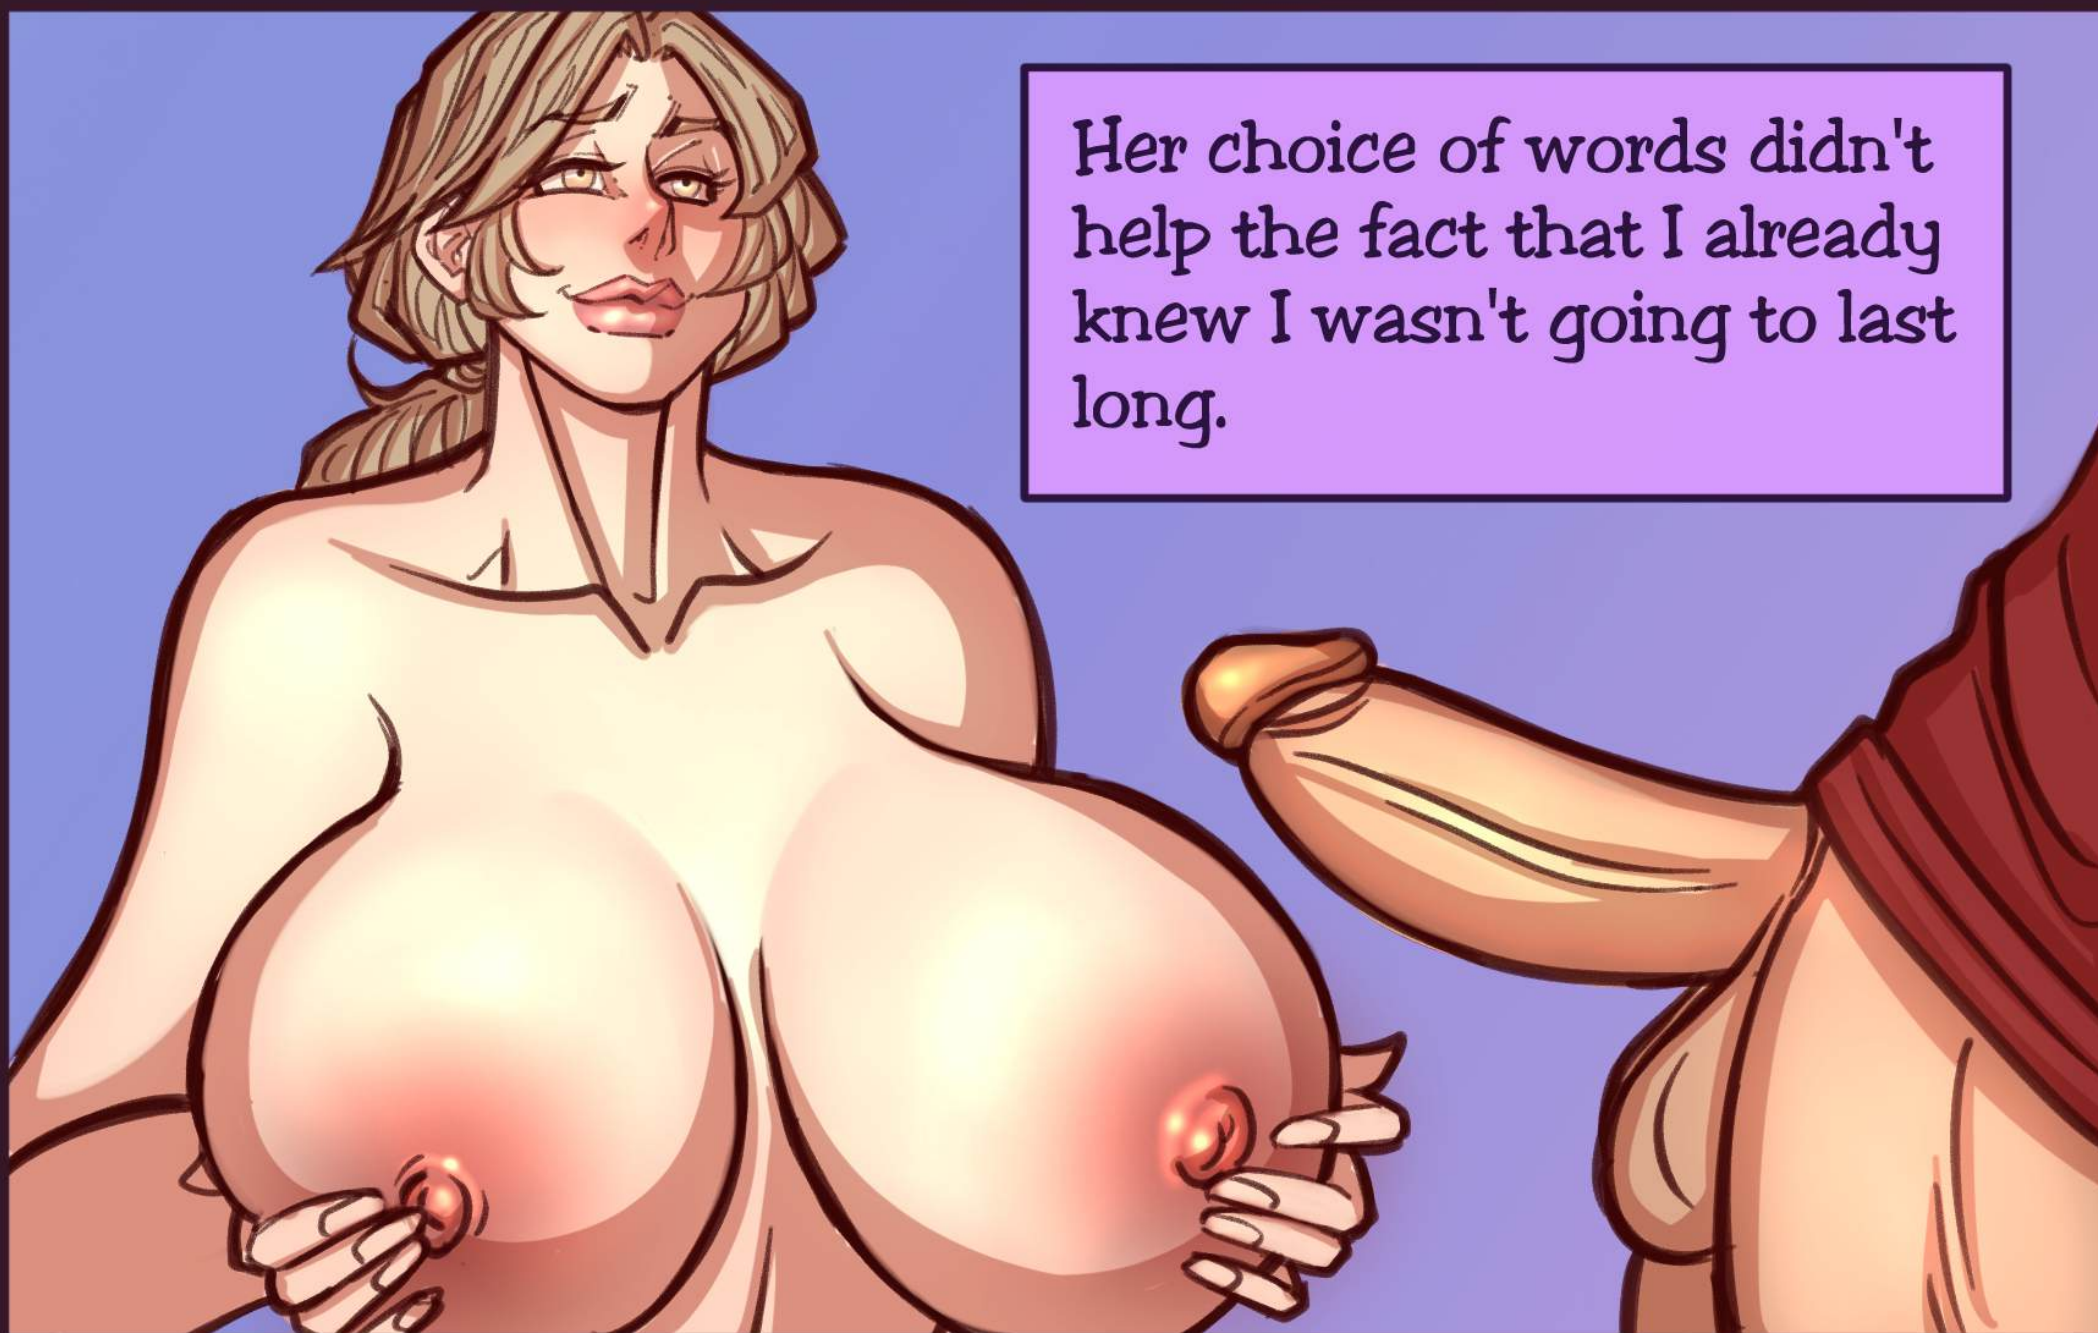

My cock was so hard
that I felt like it was
literally going to
explode.

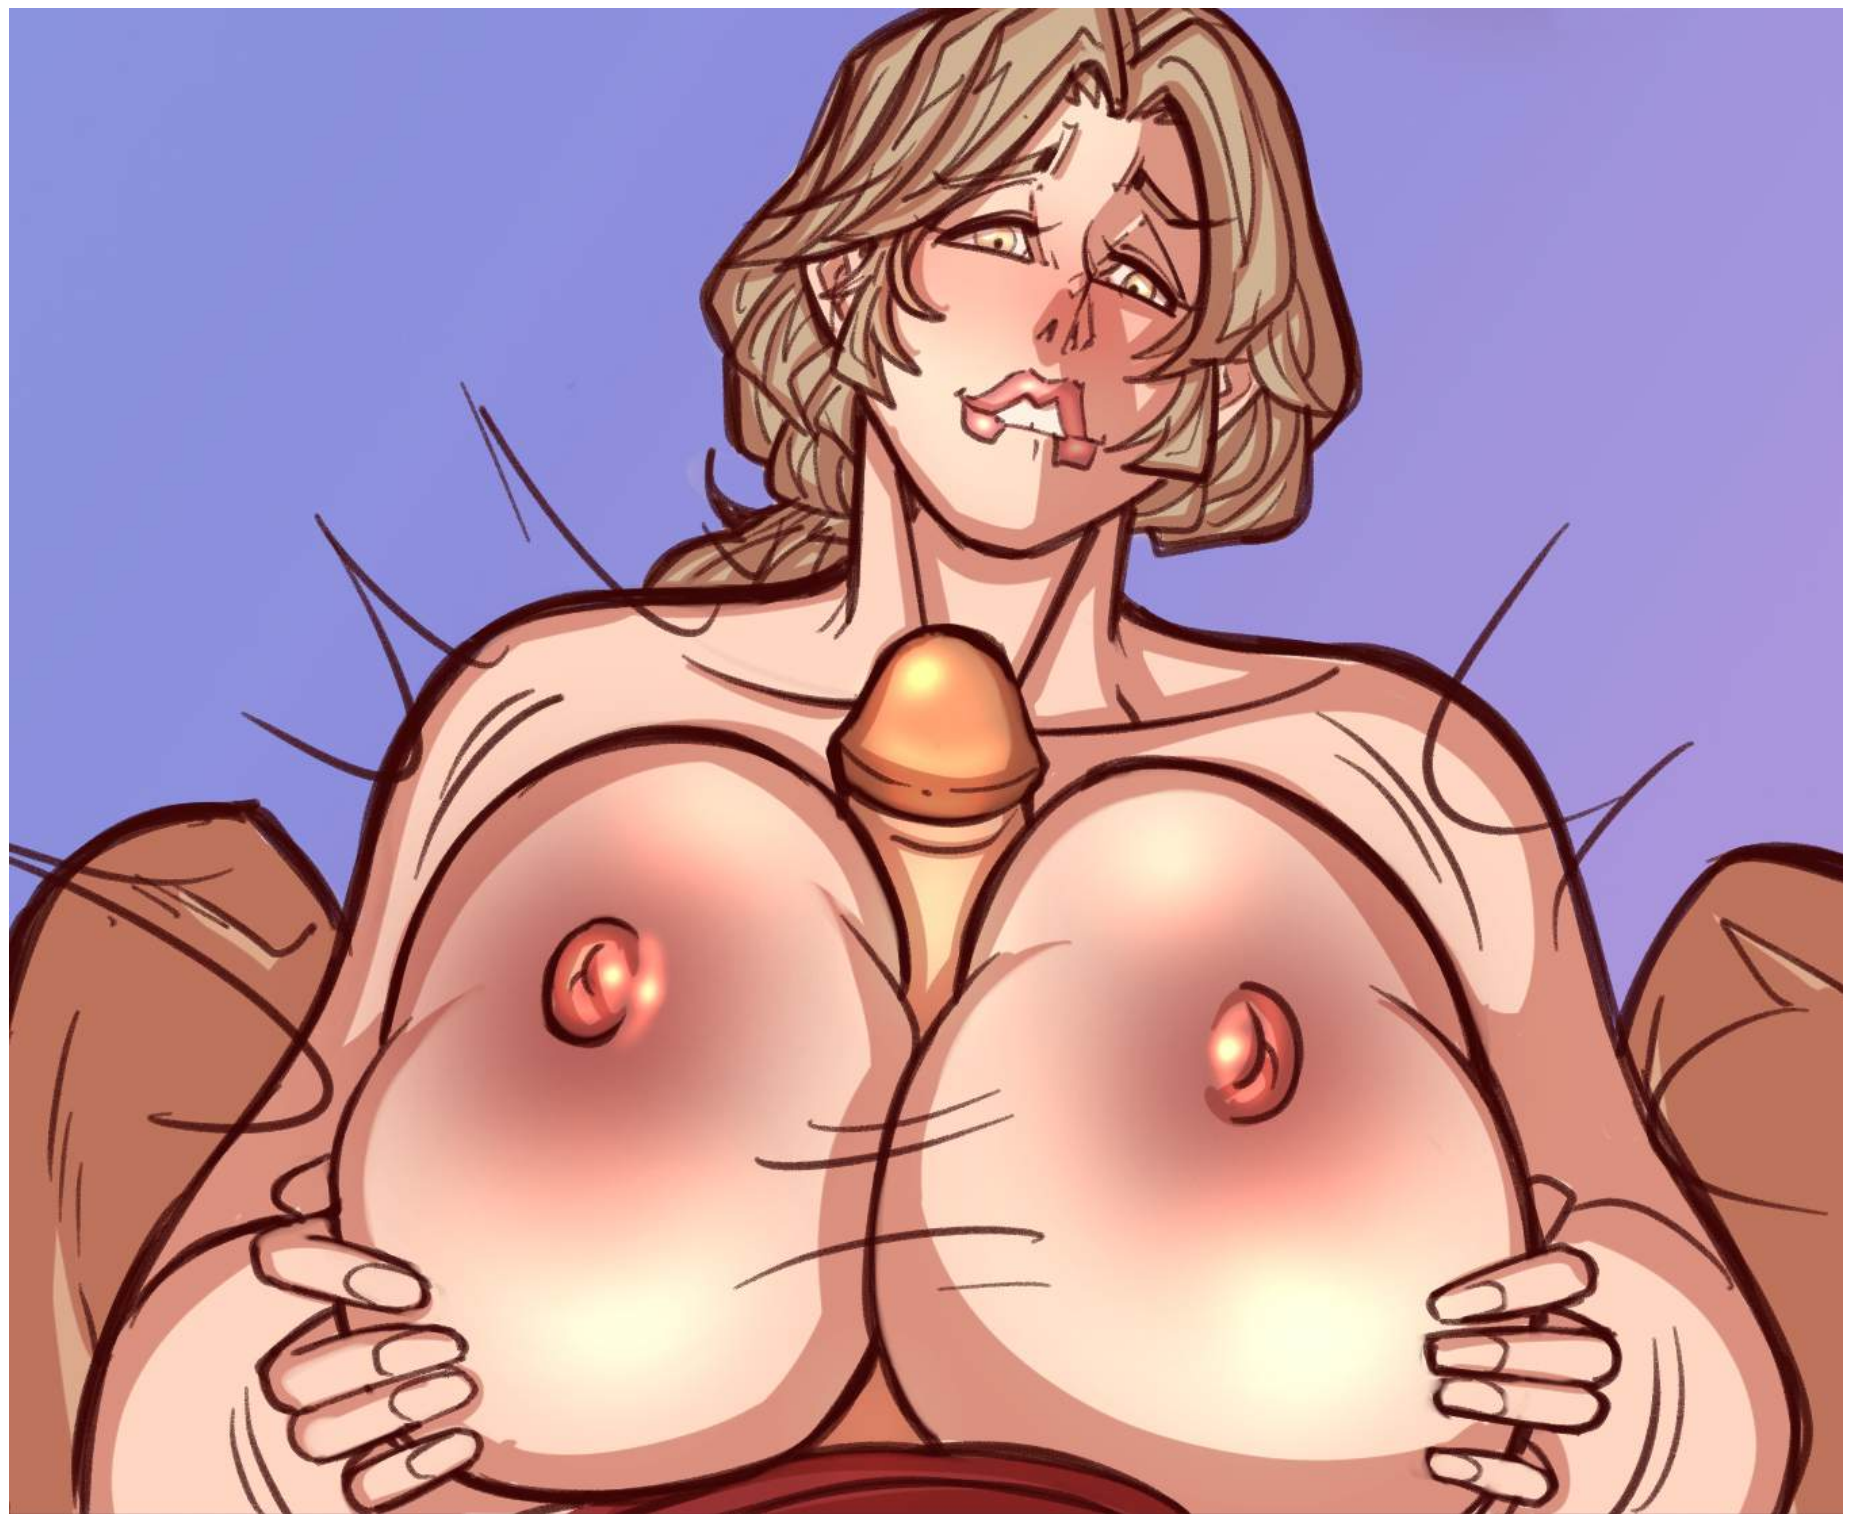

A comic panel featuring a woman with blonde hair and large breasts. She is looking down with a slight smile. A hand from another person is touching her right breast. The background is a solid blue color.

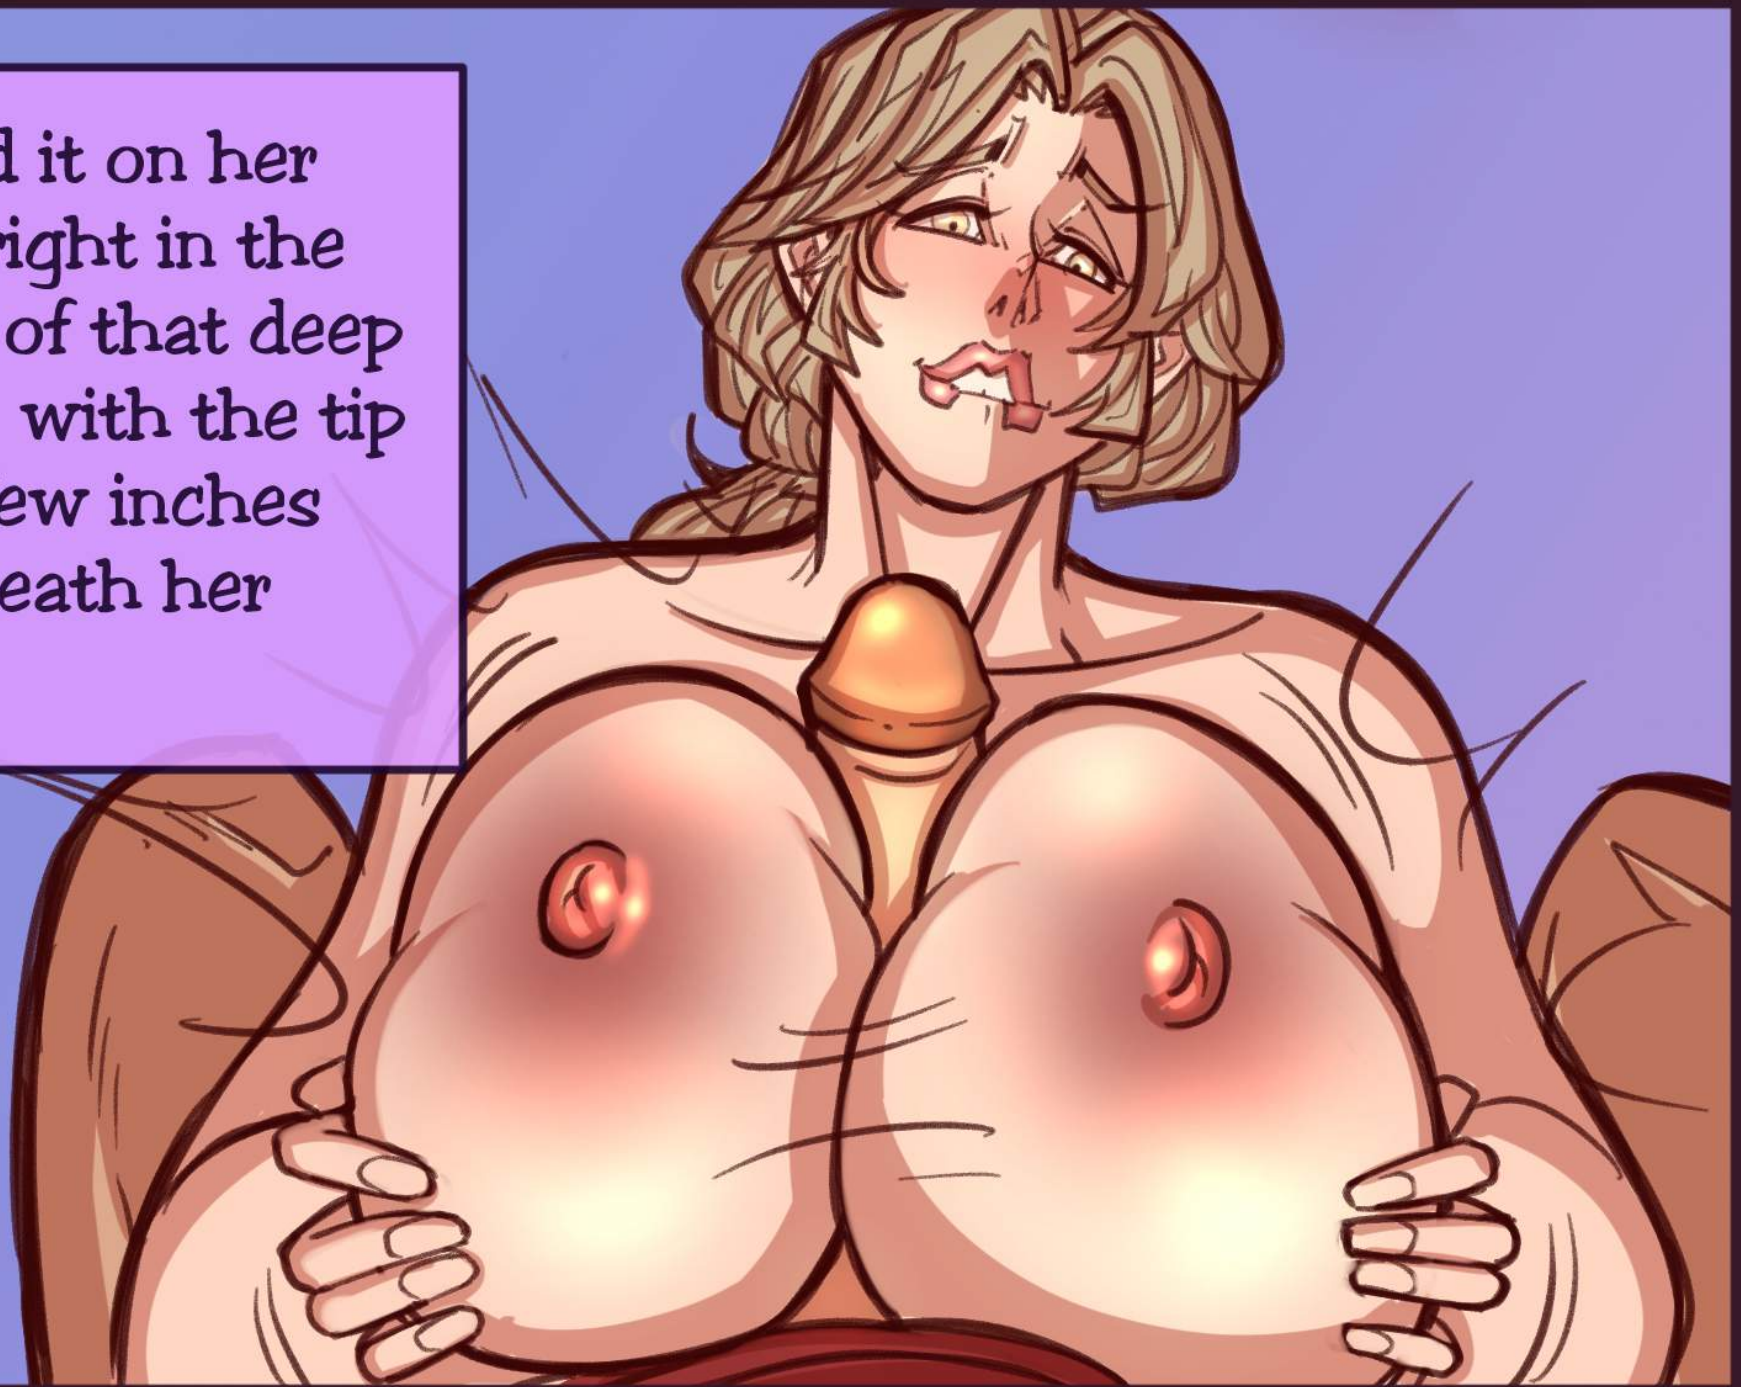

"Oh my god... THIS is what my daughter gets to have all the time?" she gasped. "These big tits were made for you, big boy."

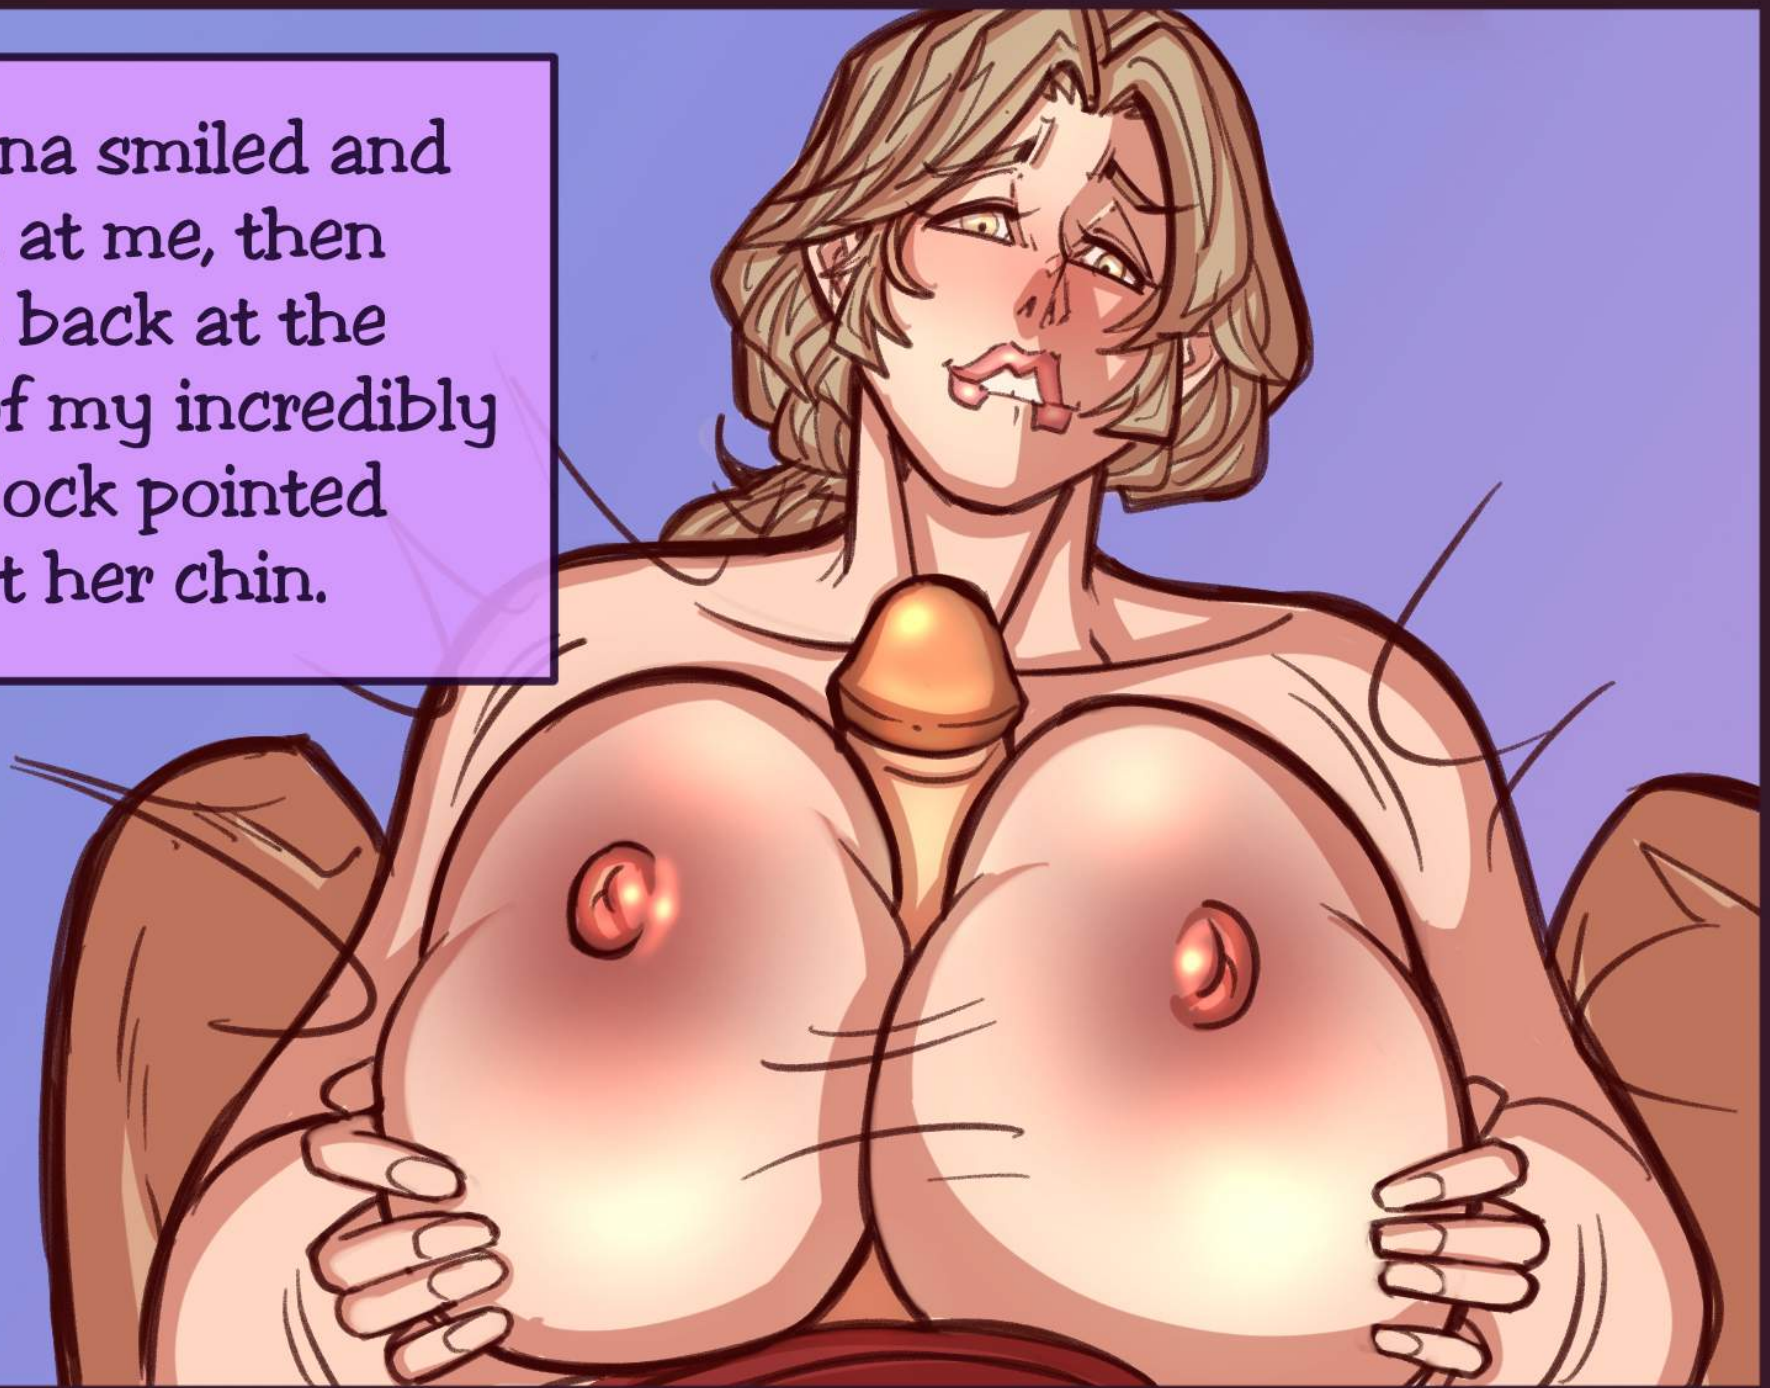

Her choice of words didn't help the fact that I already knew I wasn't going to last long.

I placed it on her chest, right in the middle of that deep cavern, with the tip just a few inches underneath her neck.

Christina smiled and looked at me, then looked back at the head of my incredibly erect cock pointed right at her chin.

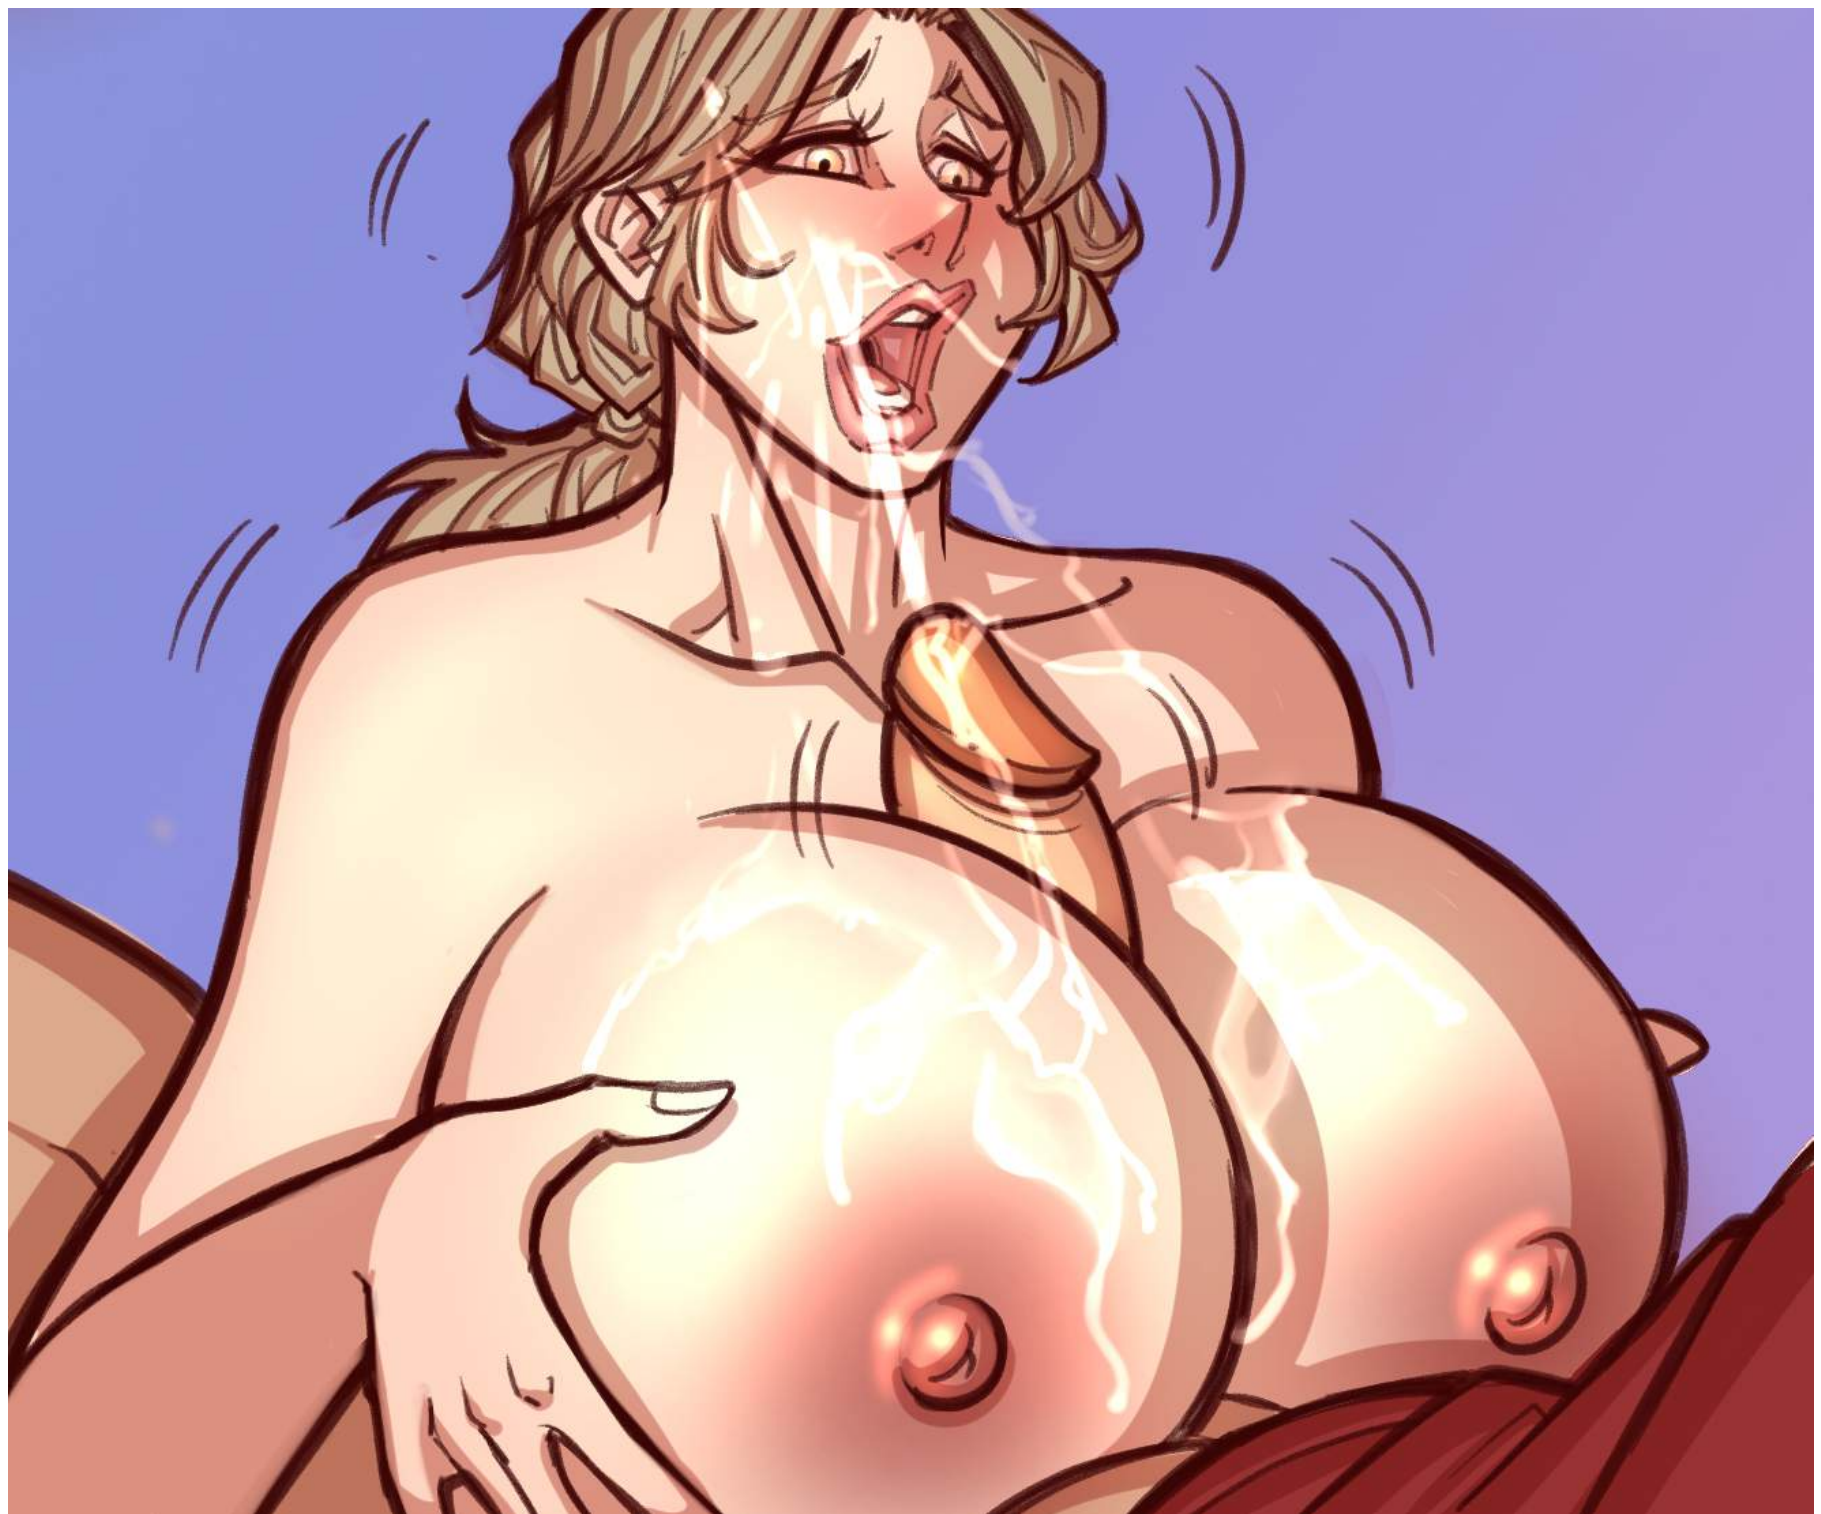

She slowly and gently closed her tits around it, and I moaned as I felt the warmth and softness of her skin as it made contact with mine.

Soon it was completely smothered, with nothing but the helmet still barely poking out. Oh shit.

"OH MY GOD!
Unnnngggghhh!"

I groaned as a small wad of cum immediately shot up from my cock, followed by a much larger second one violently impacting Christina's chin, and knocking her head back.

Another rope
rocketed up and
splattered on the
ceiling, followed
by even more
and more flying
nearly just as
high.

I was experiencing
the most incredible
orgasm of my life,
with almost no
stimulation
whatsoever.

Neither of us
moved a muscle,
and I stood there
in shocked
pleasure as I
watched my
pulsating phallus
do all the talking.

"Uuunnnnghhh
ohhhh gooodddddd..."
My cock continued
to spurt ropes of
white hot cum, over
and over and over
again, splattering all
over Christina's neck
and especially her
massive tits.

"Holy Shit!! You
really have wanted
this your whole life,
haven't you?"
