I'll call you
again once
I'm inside.

SHUT

You're
late.

!

Carter,
what are
you doing?

.....

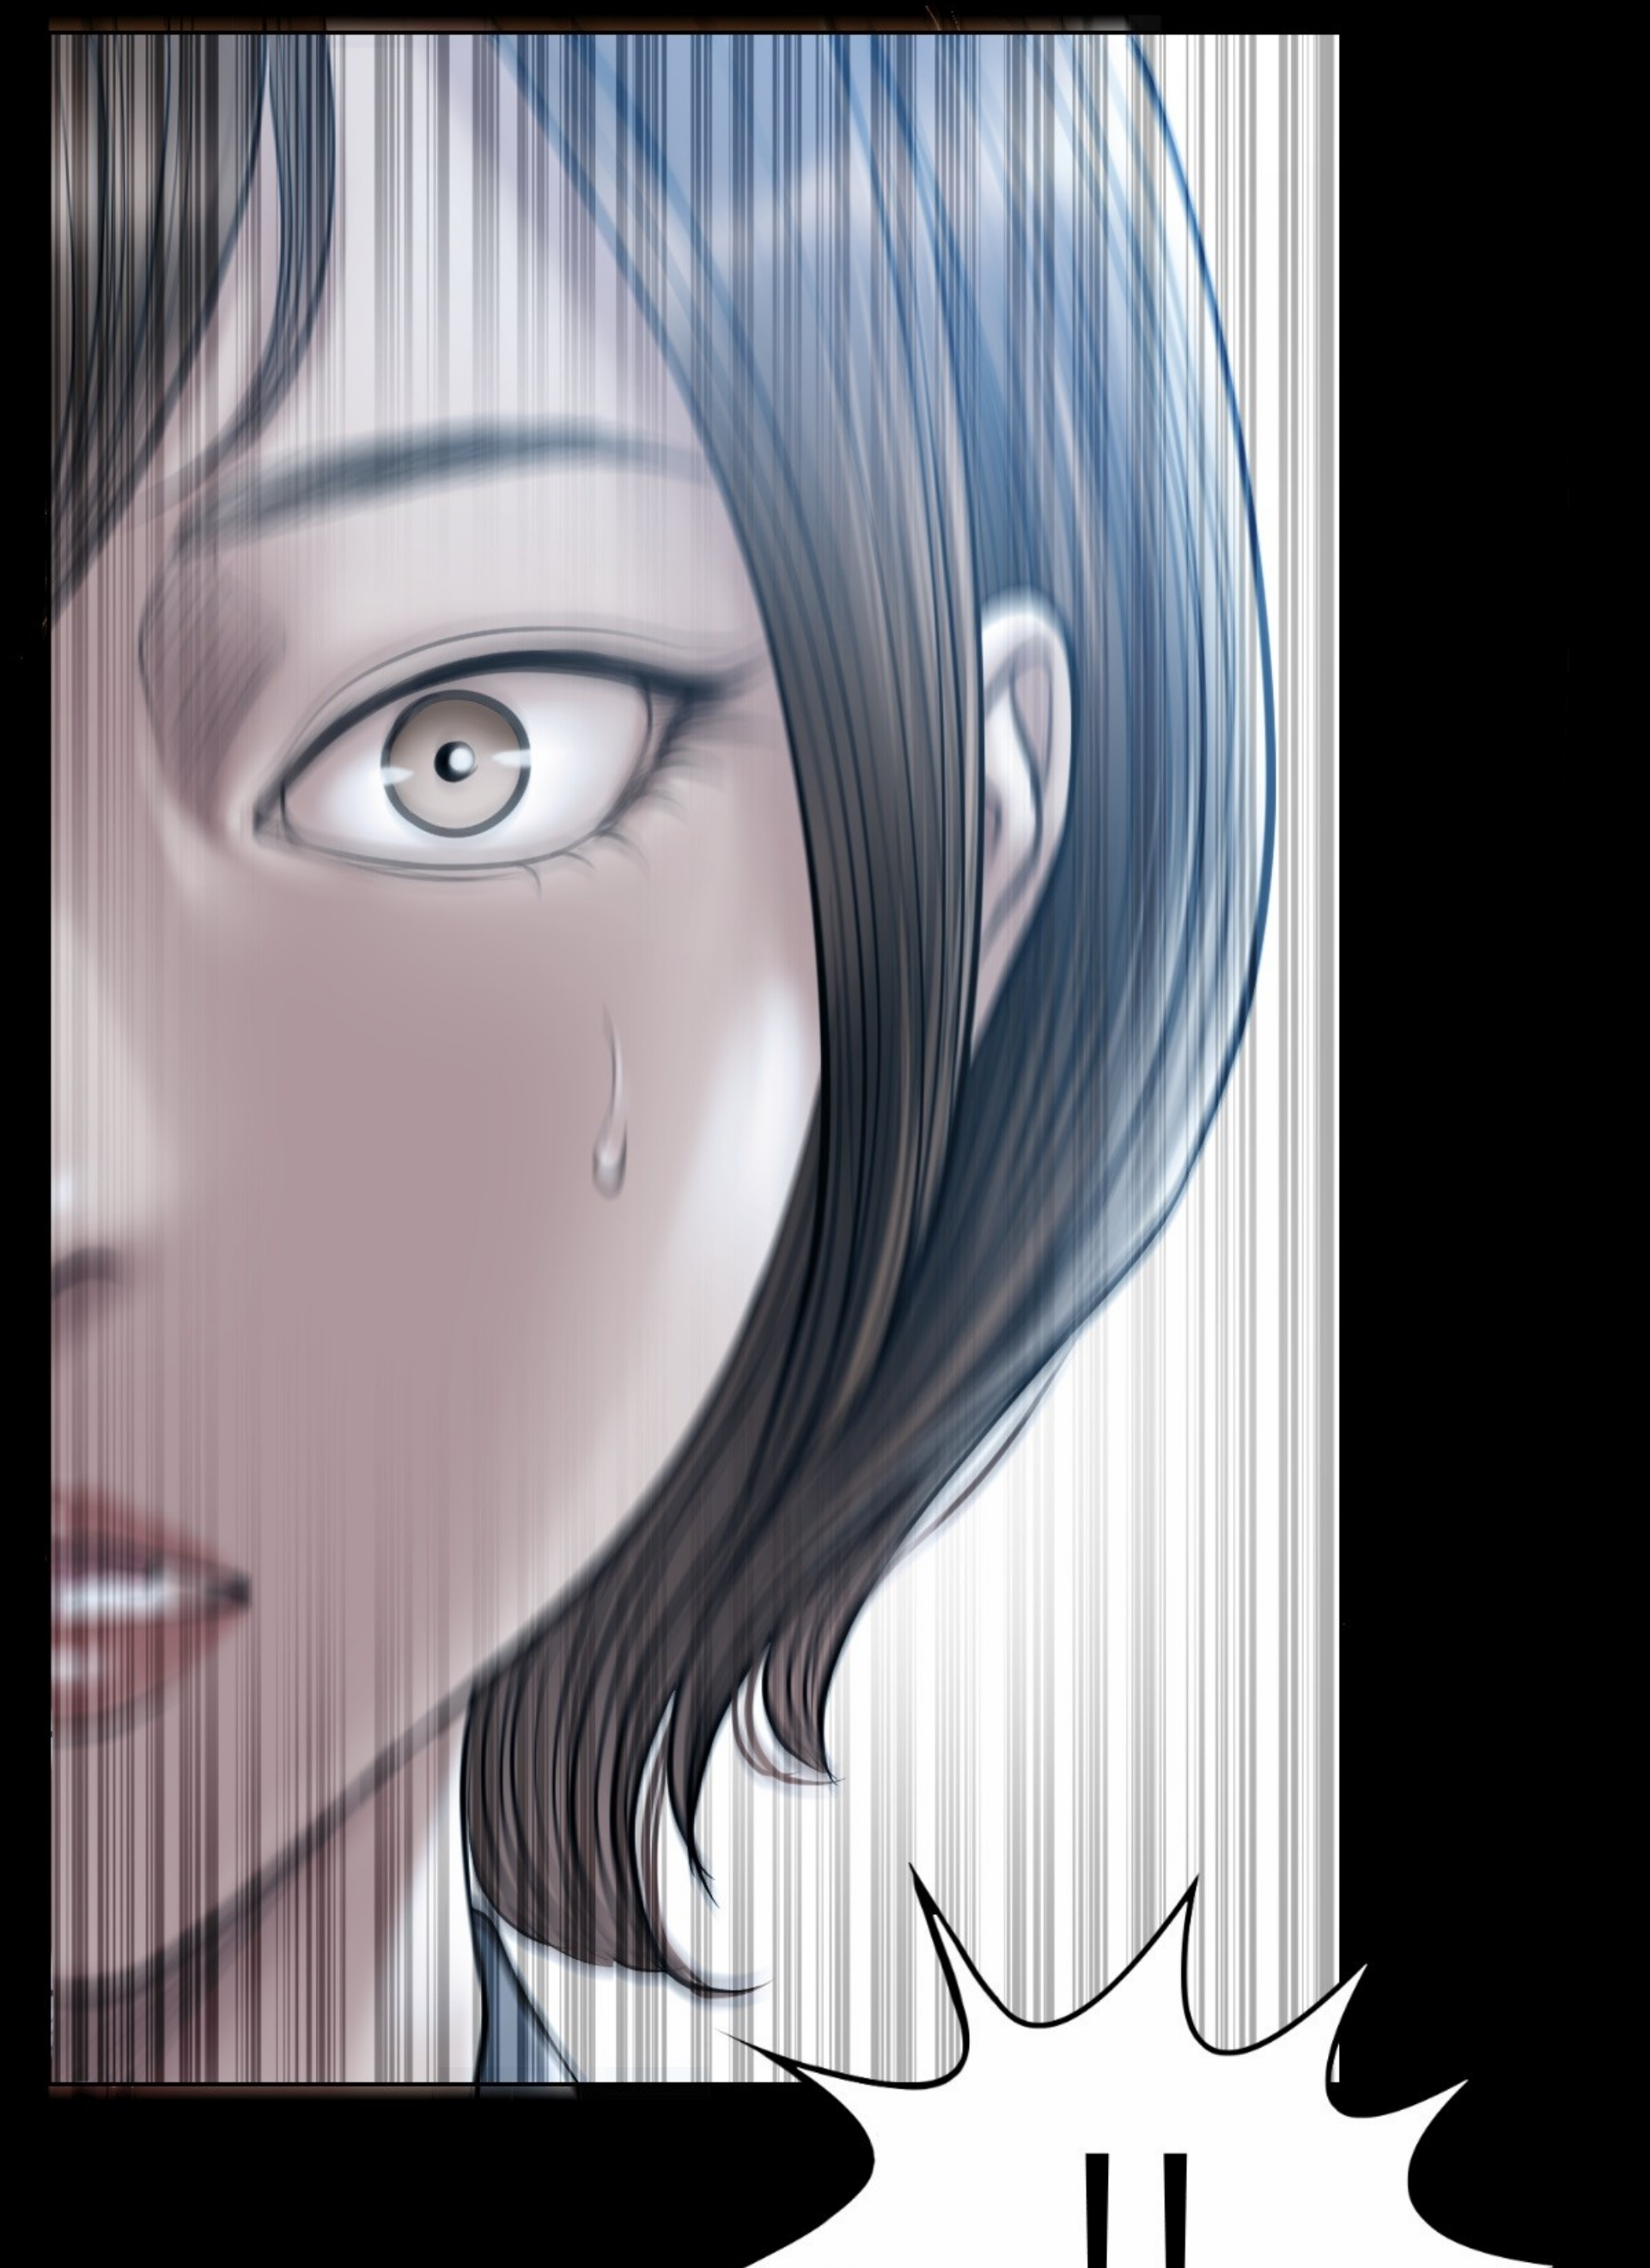

... I guess you lost track of time hanging out with your boyfriend.

You've looked awfully happy lately.

...Sorry.

Have you had dinner? Let me make you something real quick...

!!

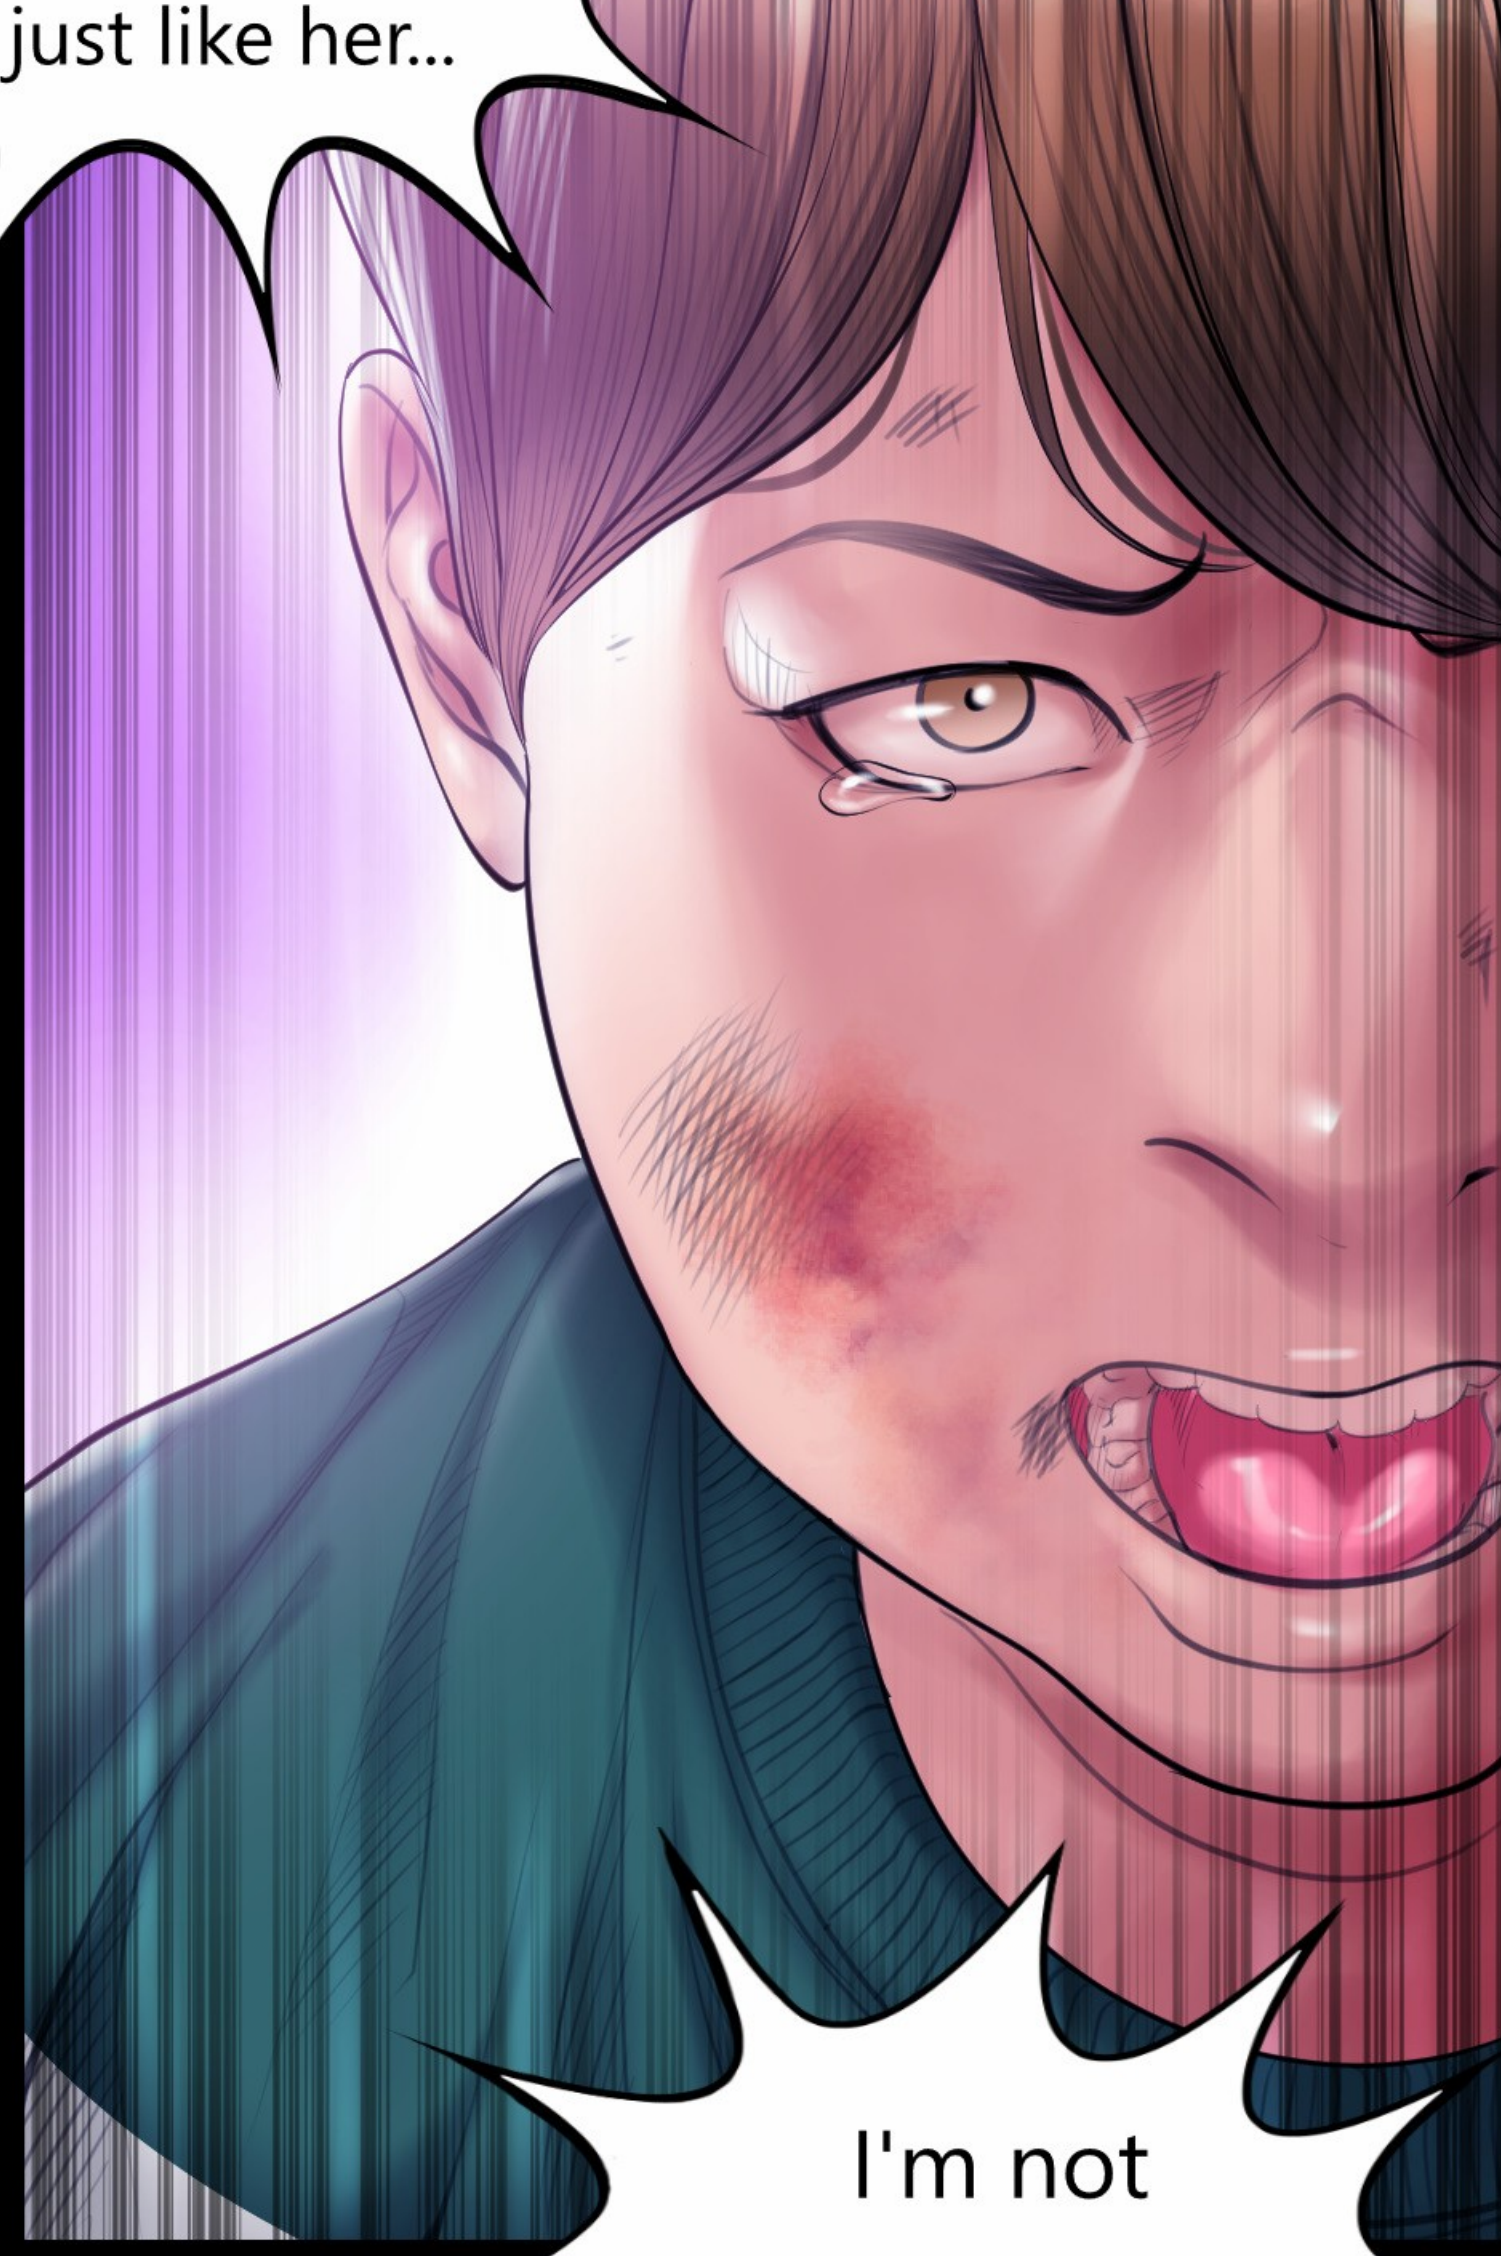

...You're just like mom.

You don't care... about what I'm going through.

!

You're gonna
run off with
another man
just like her...

I'm not
even on your
radar, am I!

.....

C-Carter...

Don't say
that...

No matter
what happens...
You're my top
priority.

I'm sorry
I haven't been
there for you...

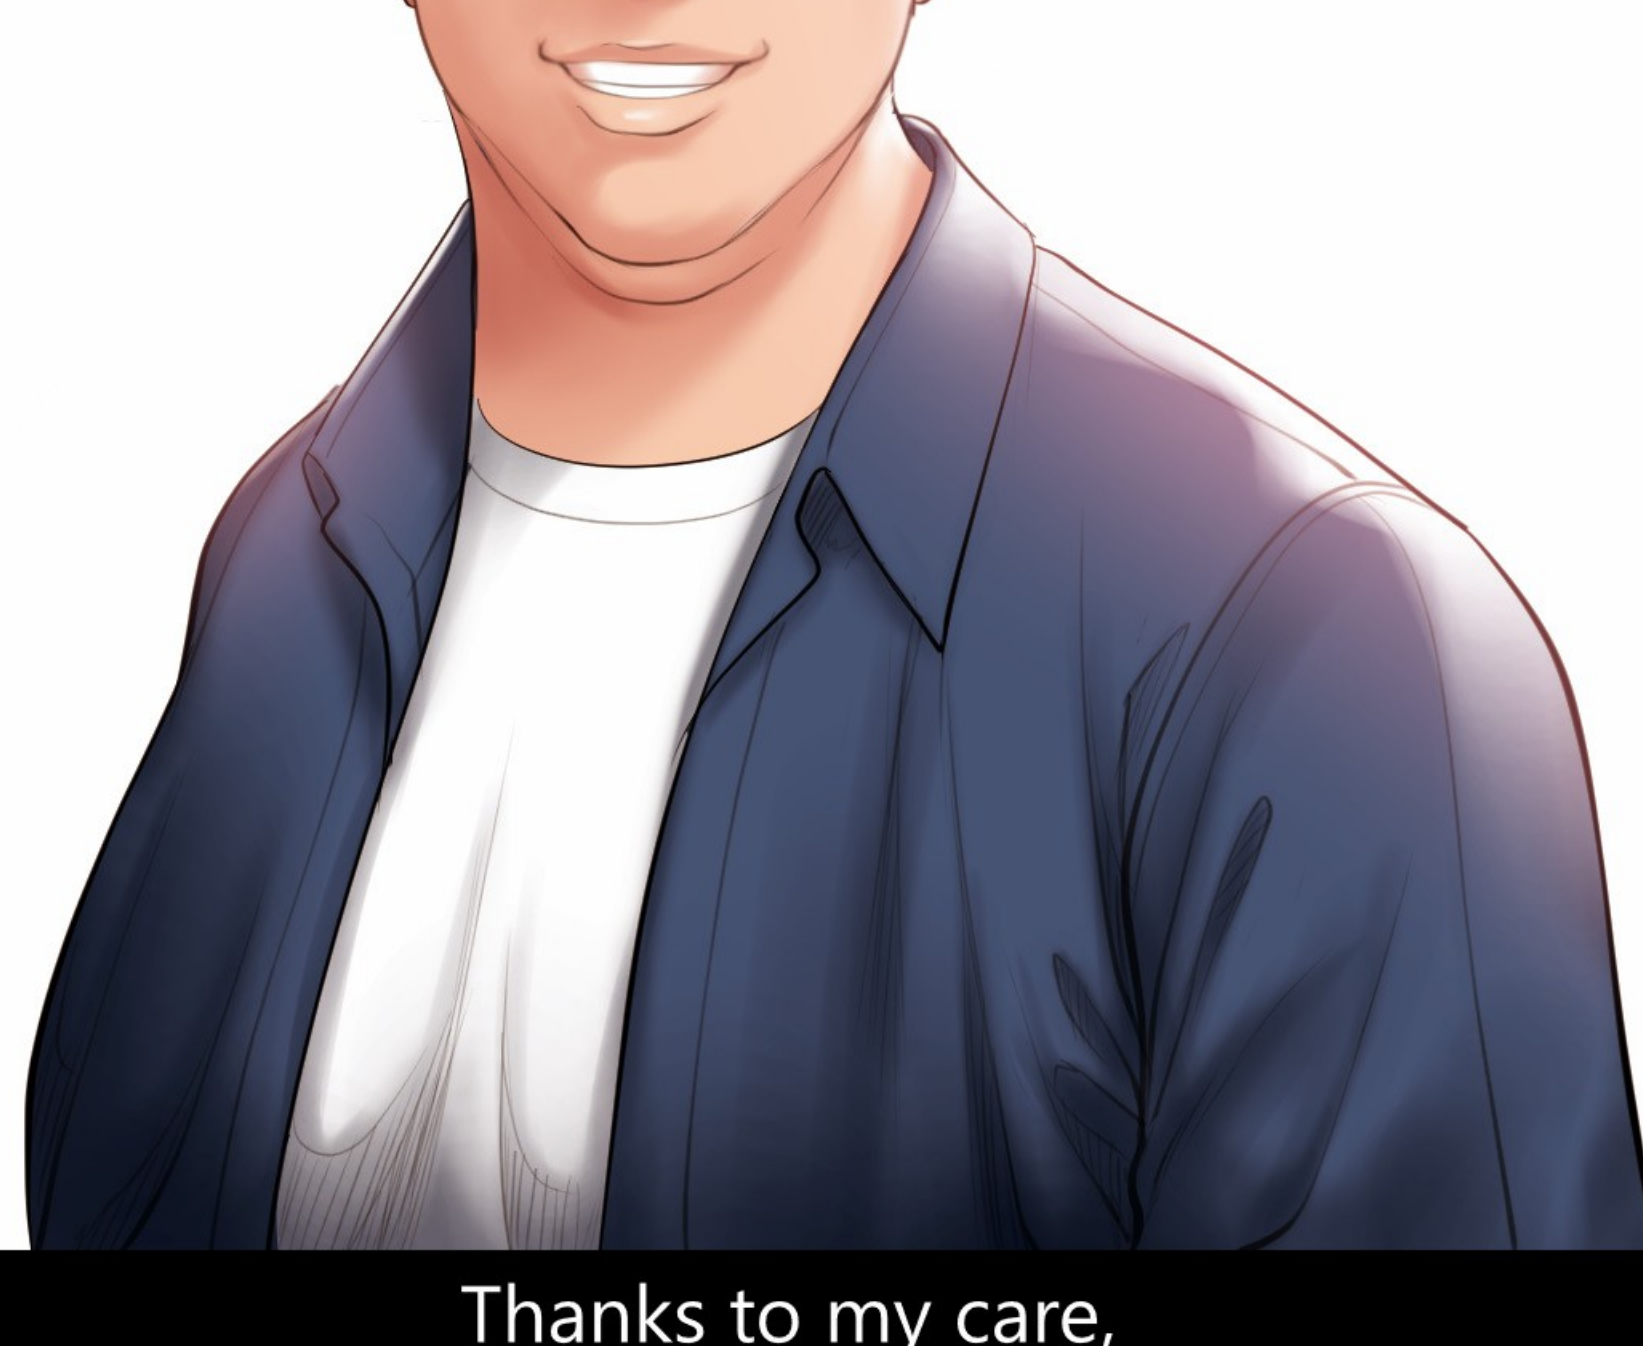

When Carer was a child he had severe emotional deprivation, I had to give up so many things to take care of him.

I had to become strong to protect him,

and as I filled the role of both parents, interests like dating and hobbies naturally drifted away.

Still, I never regretted living that way,

Thanks to my care,

Carter's obsession only grew more intense as he got older.

Carter!
What the hell
are you doing?!

You piece of trash...
how dare you lay
your eyes on my
sister?

Fuck off,
right now!

What the hell are you doing to attract so much attention? You're like a total slut.

Why am I looking through your phone? What's wrong with me doing that?

Phew...

I don't want to even think about another man with my beautiful sister...

Mmm...

?!

You...

will never escape me...

What are... these memories?

What are... th

I heard
the gist of it
from Mia.

!

Your parents pretty
much abandoned you,
so you practically raised
your brother alone.

He relied on you so
much that it turned
into an obsession.
