

Smoking Hypnosis 2

At dusk, in front of the main gate of Y University.

As Steve steps out of the gate,
his mind is entirely consumed by Libido.

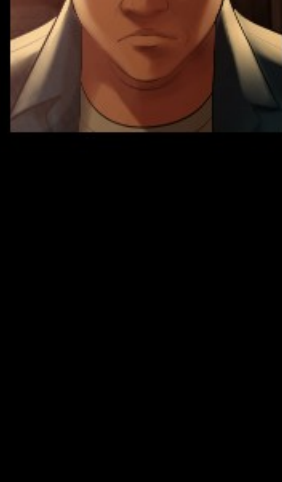

He's squandering all the money he received from
his parents for civil service exam tuition on Kate.

Kate was an empress surpassing Mia.
With her resilient body and physical strength,
she completely dominated Steve.

She controlled Steve's orgasm so skillfully that it was
hard to believe her experience at the femdom club was
shorter than Mia's.
In particular, her exquisite footjobs, which drove Steve out
of his mind, provided supreme pleasure that surpassed
a blowjob from most prostitutes.

Just as he stepped out of the gate with a light stride,
a giant man blocked his path.

You... you're Steve, right?

Same class as Mia.

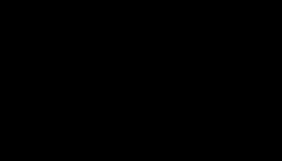

....Y-yes... who... are you?

Before he could even finish, the man roughly
grabbed Steve by the collar.

Aah!

Wh-what are you doing...?

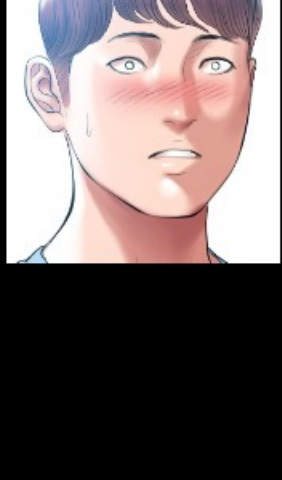

You look exactly like you did in the video.

You... know a club called Libido, right?

What?! N-no...!

I, I didn't do anything...

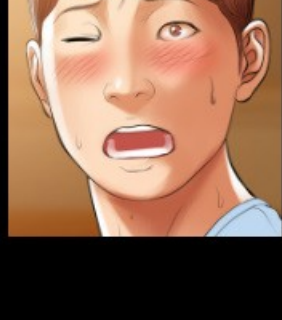

Without listening further, the man
forcefully grabbed Steve's ear and pulled hard.

The grip was so strong that a sharp pain shot through Steve,
as if his ear were about to be torn off.

Aaaaaah!!
St-stop...! Grrrgh!

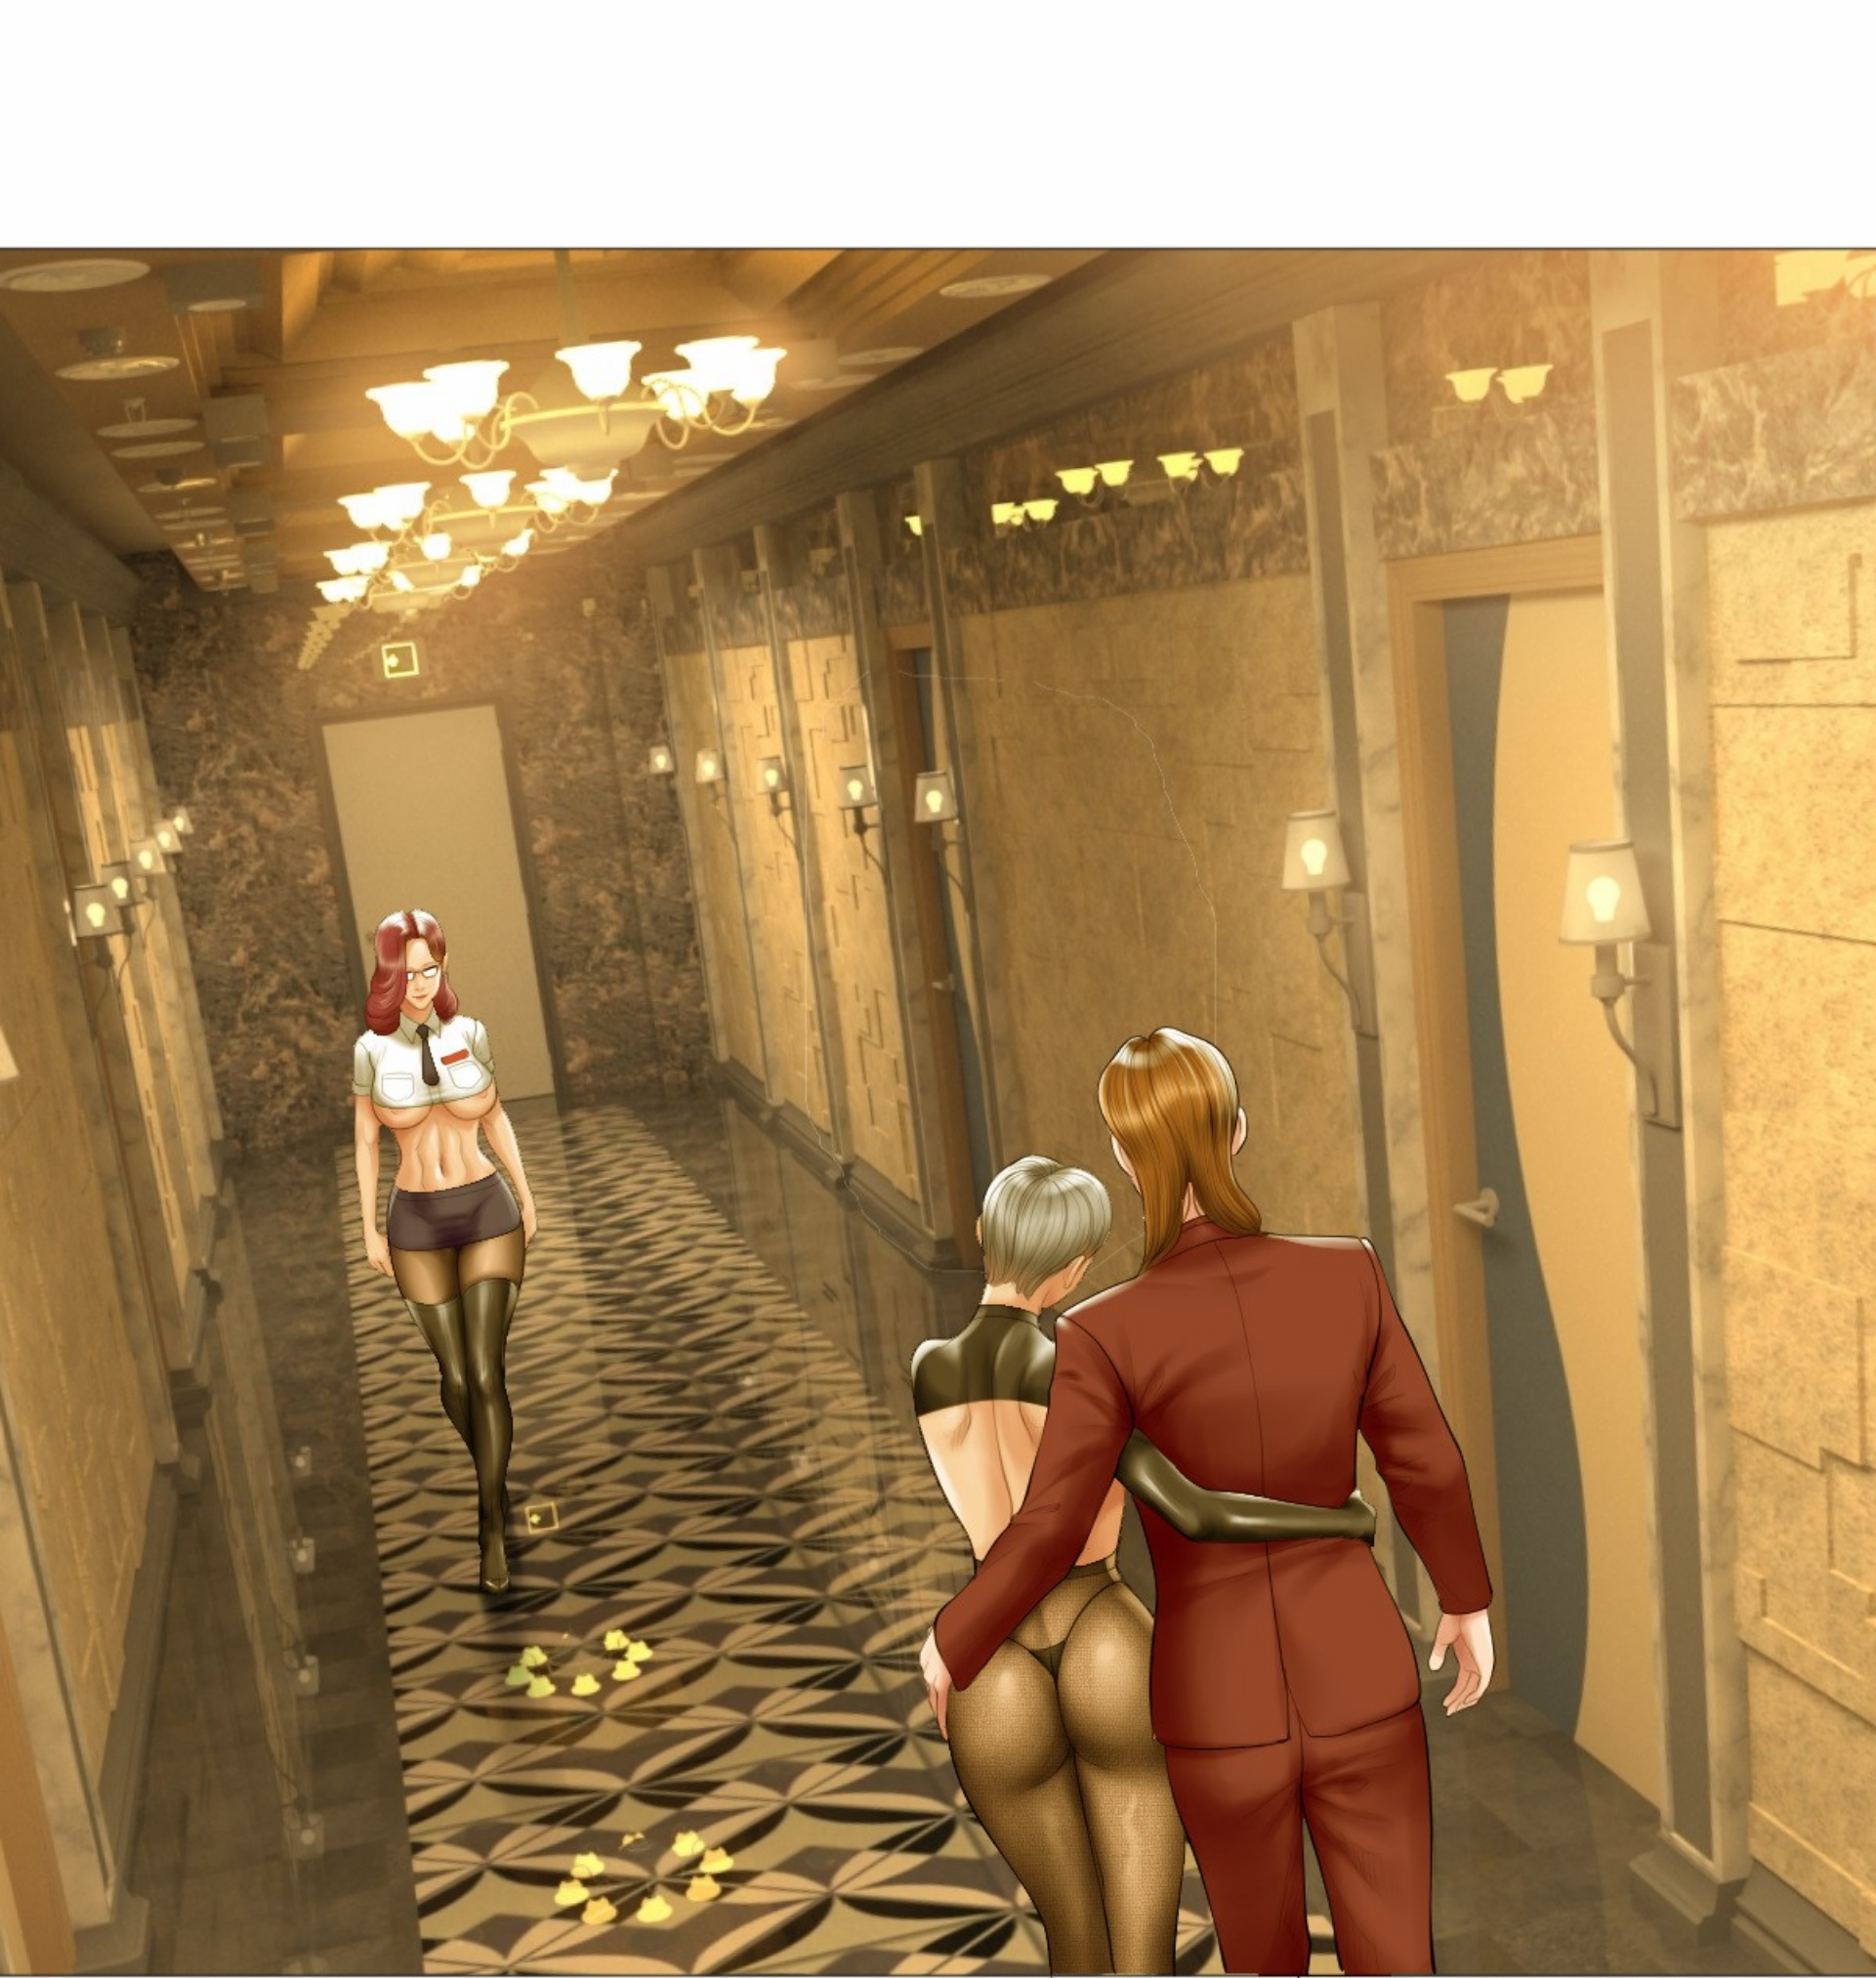

If you talk bullshit one more time,
I'll rip your ear off. I'll ask you again.
Libido, where is it?

you've transformed into
a complete whore.

This place suits you
better than the police
station now.

Aha~
I wondered
who requested me,
and it was you?

Haha!
You're overflowin'
with such lewd
energy.

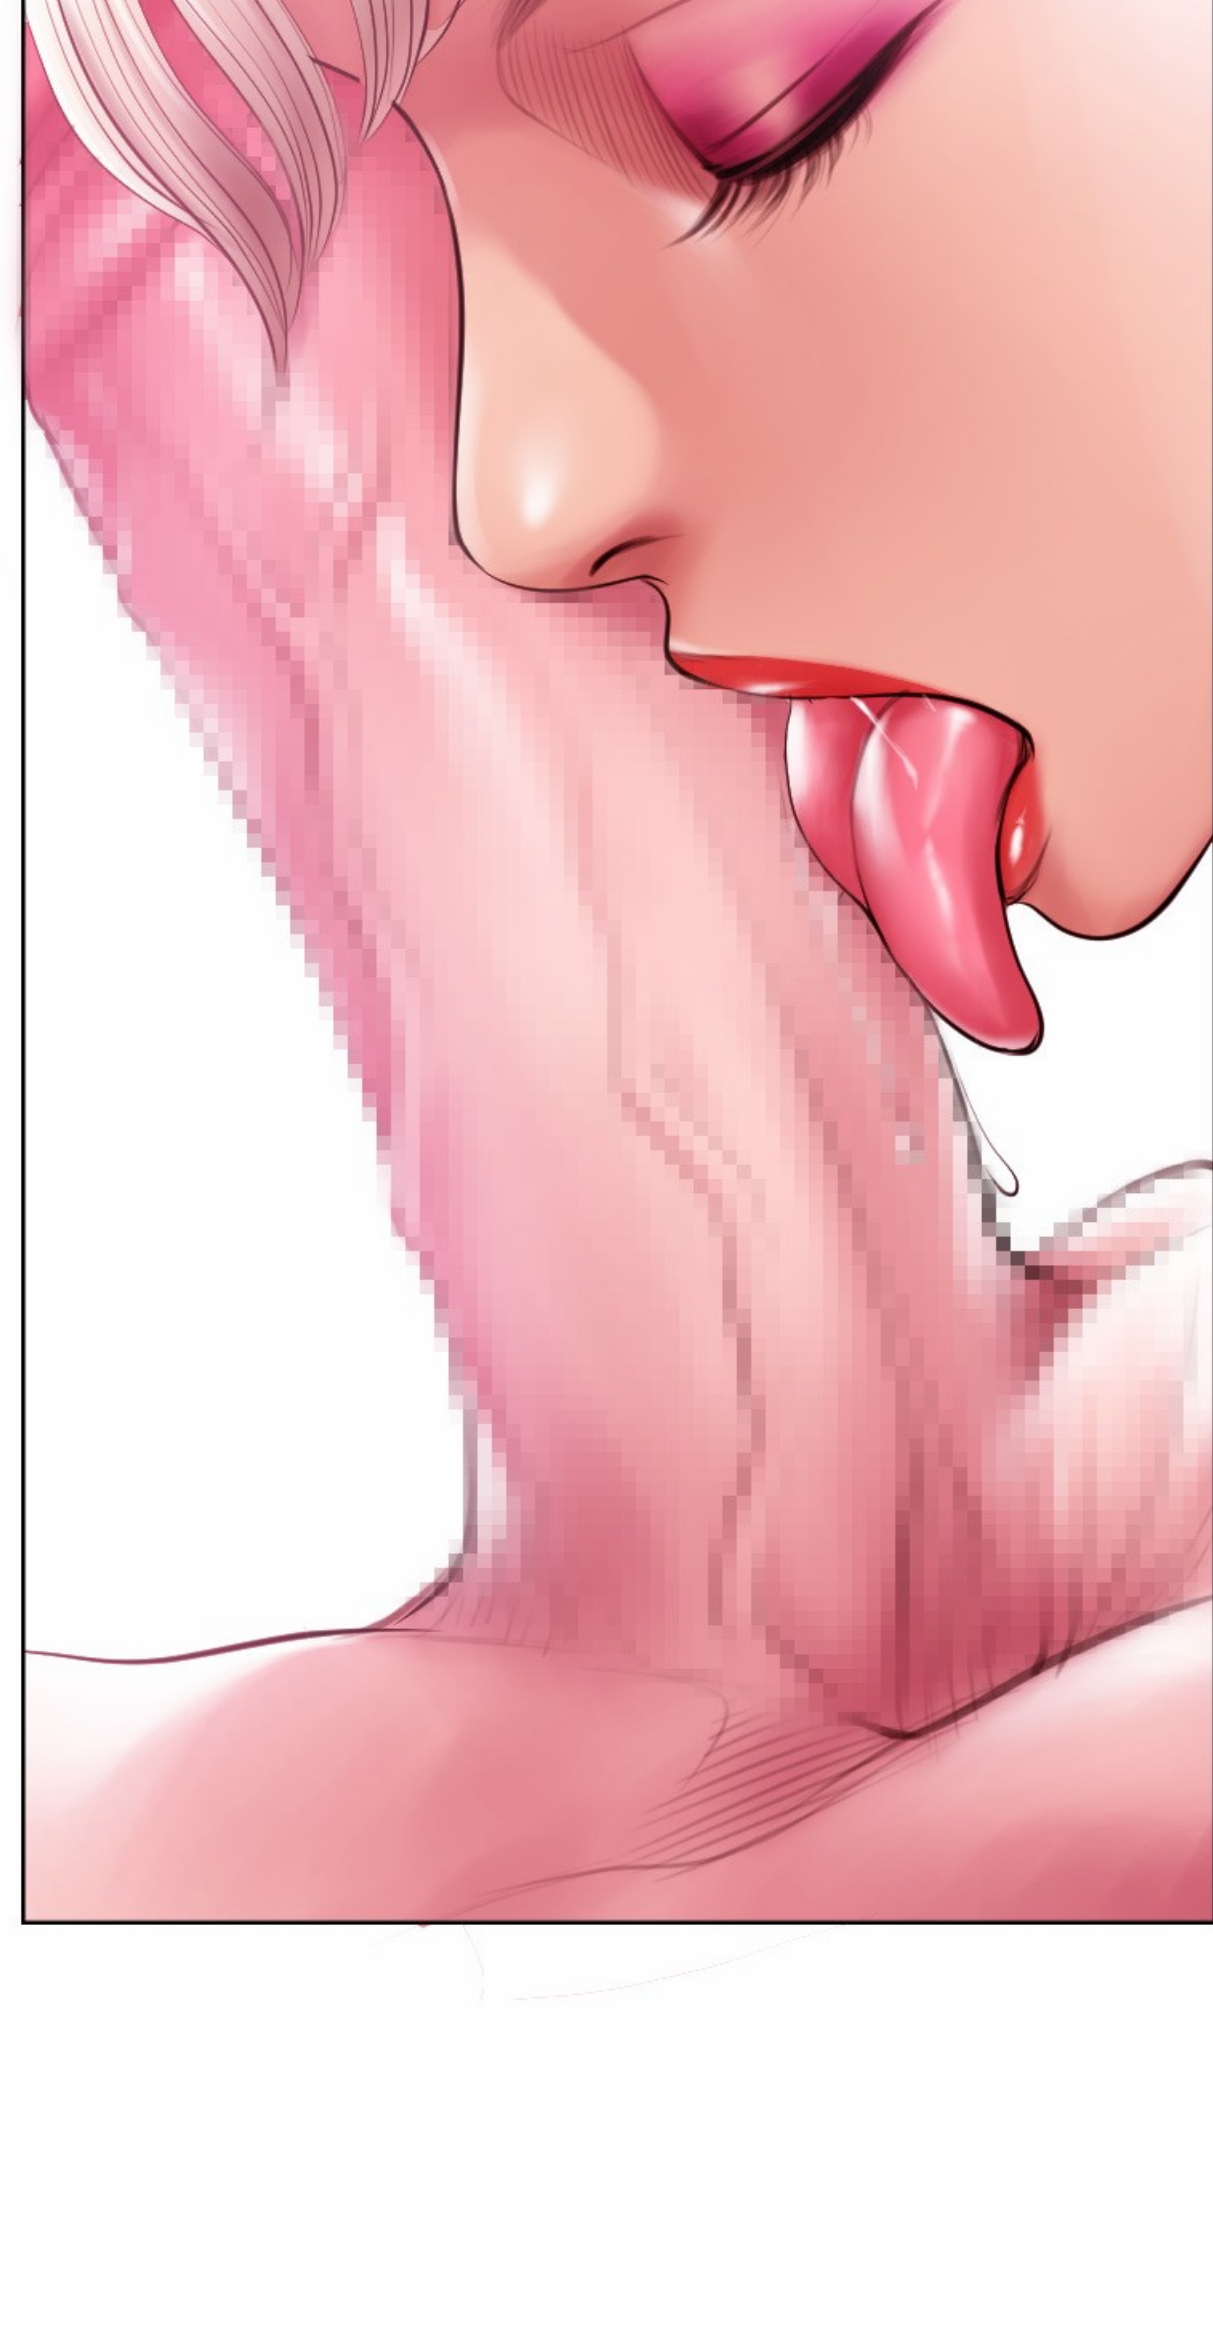

This was
worth
the wait.

So, let's see...
Can I get some
