Satisfying the Boss's Hunger: Room Service

Story by Groblek

Jen shook herself, then reached up to take Sheryl's thumb in a tender grip. "I'm sorry, Sheryl. It's just that I've never been anywhere this fancy before. This is like something for The Titanic!"
"They do put on a good show here. The room isn't nearly as fancy as the lobby. Which is good, because I want your eyes on me, not the scenery." Sheryl said, waggling a finger at Jen. "Now go get us checked in. I don't want to duck under the ceiling by the desk."

Sheryl watched as Jen walked over to where two of the staff members stood. She frowned as they ignored Jen until they had finished their conversation. Finally one of the women turned to face Jen.

"Can I help you?" She asked scornfully.

"Ms. Connors was promised that her room would be ready when we arrived. Since you two are the only staff present, I presume that one of you has our key?" Jen demanded, matching the woman's tone.

Sheryl saw the woman glance her way, and glared back. She smiled to see the woman's eyes widen for a moment, then reach into her pocket for a key.
"Here. Yours is the penthouse suite." The woman said as she dropped the key into Jen's hand, then turned back to her conversation.

Sheryl turned towards the stairs, waiting for Jen to catch up. Her eyes narrowed as she heard a half-whispered comment from the blonde that made her blood boil.

"What a freak! Do we even have a bed that will fit the big one?" The woman hissed to her companion.

Back in their hotel room, Jen and Sheryl sprawled out naked on the bed. “Sheryl, did you hear what that woman said about you?” Jen asked.
Sheryl nodded. “I did. I’m going to call the owner and insist that Harriet comes to apologize in person.”
She watched Jen smile wickedly. “Are you planning what I think you’re planning?”
Sheryl nodded as she led the way to their suite. “I don’t think this place needs staff like her anyway. She won’t be missed.”

Sheryl turned away from Harriet, then slowly backed into the corner. “Take a good look.”
“Be careful! You’re almost sitting on me!” She heard Harriet scream, and turned to grin at the woman.

"What! No, get away!" Harriet cried, and Sheryl could hear her bump into the wall as she backed up.
Sheryl just smiled and backed up farther, pinning Harriet against the wall

“Didn’t you learn in school not to piss off people bigger than you?” Sheryl asked, grinding her butt against Harriet.

The woman's screams were muffled, and Sheryl enjoyed the way she thrashed around, trying to escape.

"Let's get you a bit lower down, hmm?" Sheryl said to the wall, grinding against Harriet until she felt the woman's face press against her pussy lips. Harriet's screams sent very pleasant vibrations though Sheryl, and she barely stopped herself from shoving the woman all the way in right then.

Sheryl dismounted and squatted before a sobbing Harriet.

“Please, let me go!” She cried.

Sheryl grinned. “Let’s play a game. If you can escape me long enough to get out the door, you can go.”

Sheryl got down on her hands and knees. “I’ll make this a bit more fair, and count to three before I go. Now run, little girl!” Sheryl said, winking at Jen.
Harriet started to run, wobbling a bit on her high heels. “You’re horrible people!” She gasped.

"What are you doing?" Harriet asked as Sheryl sat up and spread her legs.
"I'm going to show you what this freak body of mine can do." Sheryl said, holding Harret's ankles and pulling her closer.

"Please! Let me go! I'm sorry, I shouldn't have insulted you, Ms. Connors!" Harriet begged.

"You've made me mad, and when I get mad, I get hungry down here." Sheryl said, shoving more of Harriet's legs inside.
"This is sick! Let me go, I'll sue!" Harriet screamed.

She arched her back and let out a moan of pleasure. Her pussy clenched, and Harriet screamed as her legs were pulled deeper inside.

"No! Please, let me go! It was just a silly remark!" Harriet screamed, trying to escape. Her struggles only made her slide deeper into Sheryl's cavernous pussy.

As her pussy gripped the woman's thighs, Sheryl had an inspiration. "Let's see what I remember of my gymnastics days." She pushed off the ground, lifting her hips in the air.

"Oh no, I'm not nearly done with you yet." Sheryl answered, getting up on her hands and knees. "Get ready, because you're going deeper." She concentrated, flexing her vaginal muscles and pulling inward.

Harriet grabbed at Sheryl's thighs, trying to anchor herself against the sucking sensation that tugged her deeper into the giantess' wet, cavernous pussy. Just as she found a grip, the world turned upside-down, and her arms fell away as Sheryl rose to a squat, bumping against the ceiling as she did so.

"Ahh!" Harriet screamed as she flailed helplessly. Sheryl flexed her muscles again, and the woman lurched deeper. "What the hell? How are you doing that!"

"What the hell is going on in here?" Nancy exclaimed as she opened the door to see Harriet's head and arms sticking out of Sheryl. She hurried into the room to help. "Let her go!" She demanded, glaring at Sheryl. "I'm calling security!"

Jen grabbed their intruder. “You’re not calling anyone.” She said firmly, and Sheryl grinned at her lover’s excited expression.

Sheryl concentrated, puling Harriet still deeper into herself.

“You *are* a freak, aren’t you?!” Nancy gasped as her co-worker screamed. “What are you doing to her?”

"Sheryl, help!" Jen gasped as Nancy threw her to the ground.

Sheryl stomped over to tower above the wrestling women. “Get off her!” she said, reaching for Nancy.

Nancy screamed as she was lifted into the air. "Put me down!"
Sheryl laughed and threw the woman to the floor, hard enough to daze her. "Now stay there until I'm done with your friend!"

"Say goodbye to Harriet, she's going away." Sheryl taunted as she felt the woman's wriggling fingers brush her pussy lips and pulled hard, slurping them up into herself.

"Mmm, that feels wonderful." Sheryl turned to face Nancy, thrusting her belly towards her next victim. She could feel her greedy pussy start to absorb Harriet, and by the look of horror on Nancy's face, she could tell something was happening to her co-worker. Sheryl grinned and rubbed it in. "No more Harriet. She's just more of me now." Sheryl leaned closer. "Now it's your turn."
