Satisfying the Boss's Hunger Part 7: Insatiable

Story by Groblek
Art by Redfired0g

Sheryl dragged Nancy over, pressing the woman's head against her churning belly.
"Feel that? That's your friend becoming part of me." Sheryl gloated. Her belly shook as Harriet kicked out once more, then stopped moving entirely.

"What the hell?!" Nancy gasped as the giantess' belly suddenly shrank. Sheryl tightened her grip, forcing Nancy to remain in contact.
"I can feel my body digesting her. I don't need more belly fat, so she's going other places." Sheryl answered.

"My tits are getting even bigger," Sheryl said, "aren't they? I swear, blondes always go straight to my tits!"

"This can't be happening! Harriet? You can hear me, right?" Sheryl heard Nancy ask, and she laughed in response.

"She won't be hearing anything ever again, my foolish morsel. There's no Harriet anymore, only me." Sheryl answered, punctuating her words with one last moan as her body finished off its meal.

Jen rose from the floor and walked over to stand next to them. “Now it’s time to deal with you. You hurt me, and you’re going to pay for that!” She said, reaching down and forcing Nancy to look at her.

"Ow! I'm sorry, just let me go, please!" Nancy pleaded as Jen pulled her to her feet, wrenching one arm behind her back.

"Well... If you cooperate and show my lover a good time, maybe I can forgive you." Jen said, winking at Sheryl when Nancy was looking away.

Sheryl tried to look thoughtful for a moment as she played along with Jen. "If Jen forgives you, I suppose you could go. You weren't the one who insulted me, after all."

Nancy winced, then slumped in defeat. "Fine. What do you want me to do?"

"I think you need to lose a few clothes while Sheryl gets comfortable. Then we'll see if you can satisfy her enough for me." Jen said, loosening her grip on the woman.

Sheryl got down on her hands and knees, spreading her legs wide enough to let Nancy get at her pussy. "Here's your chance." She growled at Nancy.
"What do I do?" She heard the woman ask as Jen lowered her between Sheryl's legs."
"Think about the way you like to be touched down there, and give her a lick. She's all warmed up, so this should be easy for you." Jen said, anticipation in her voice.

"OK, here I go, I guess." Nancy said, leaning in.
Sheryl felt the woman's warm breath on her pussy as Nancy hesitated, and moaned. "Don't tease me, just do it!"

"Here, like this." Jen said, taking hold of Nancy's head. "I'll guide you to where you need to go."
Sheryl gasped as Nancy's lips finally made contact. "Yes, right there! Mmm!" She said as Jen pushed the woman against her labia. "Now deeper!"

"I lied. I don't forgive you at all." Jen said, thrusting Nancy's head into Sheryl's drooling folds. "Maybe I will after you become part of Sheryl. Not that you'll care anymore."
Nancy only managed a yelp of betrayal before she was silenced, her head swallowed up in seconds by Sheryl's ravenous snatch.

Sheryl felt the woman begin to thrash and squirm inside her, trying to escape. Her struggles sent waves of pleasure through the giantess' body.

"You really know how to get them going for me, Jen." She moaned, sucking Nancy inward.

Sheryl reached her fingers down to her clit, stroking herself to another orgasm as she pulled Nancy's hips inside with a pop. "Oh yes!"
As the orgasm subsided, Sheryl felt a gentle hand on her leg. "Mind if I help you with her some more, love?" Jen asked, sounding excited.

"Mmm, Please do." Sheryl answered, lying back and lifting her legs skyward.
Jen reached with one hand and shoved, thrusting Nancy's legs in up to the ankles. "There, now there's room for me to play."

Sheryl moaned as Jen leaned close to gently blow on her clit.
"Oh! You tease! You know what I need, Jen! Give it to me!"

"As you wish, Sheryl." Jen said, leaning in the rest of the way and kissing Sheryl's lower lips.
The last of Nancy slipped into Sheryl's pussy as Jen set to work pleasuring her lover.

Much later, the two lovers lay together in the bed.

"Well, this wasn't quite the getaway I had in mind, but I think it has turned out well, don't you?" Sheryl asked with a smile.
Jen nodded. "I think so. Though I could have done without the fight earlier."
Sheryl nodded. "When she hurt you, I was so angry!" She kicked the bed, making the whole thing shake. "I almost threw her through the wall."

www.erofus.com

"That would have been a waste." Jen said grinning. "We found a much better use for her, I think."

Sheryl smiled. "We did. You and I make a great team, Jen." She lifted up the hand she had been keeping concealed and held a small box out to Jen. "What do you say to making this partnership permanent?"

Jen stared at the box for a moment, then back at Sheryl. "Is that what I think it is?"

Sheryl nodded. "Yes, Jen. I want you to marry me. Will you?"

Jen sat up, eyes shining with tears of happiness. "Absolutely, Sheryl!" She said, holding her hand out. Sheryl slid the ring on it, and they both admired the way it sparkled on Jen's finger.

"Oh, Sheryl!" Jen said, leaping forward into Sheryl's arms for a kiss.

Sheryl held Jen close, savoring the kiss and their future together.

"Jen. Wake up, Jen."
Jen opened her eyes to see Sheryl sitting up in bed, looking down at her expectantly. She groaned, still groggy with sleep.
"What is it, love?"

Sheryl folded her arms across her chest. "I'm hungry again, Jen. You're going to need to find me another snack."
Jen stared at her lover in disbelief. "Already?! How long did we sleep?!" She looked at the clock, but her eyes refused to focus, and she looked away as her head began to ache. "It can't have been more than a few hours. Love, we can't just feed you the entire staff here, someone will notice!"

Sheryl glared at Jen. "I don't care. I'm *hungry*."
"Go back to sleep, Sheryl, I'll find you someone in the morning." Jen said, resting her head back on the pillow."
"I've got a better idea, Jen." Sheryl purred, her tone sending shivers up Jen's spine.
Jen turned back at Sheryl, seeing a familiar grin on her lover's face, one that still haunted her nightmares. "Oh no, Sheryl, don't you dare think about that!" She said, recoiling from her giant lover.

Sheryl reached out and grabbed Jen's legs, tipping her back onto the bed. Jen stared in shock at her lover as the woman spread her own legs and positioned Jen's feet at the entrance of her pussy.
"You felt so good last time, I think it's time to finish the job." She said, reaching down to push Jen inside.

Jen gasped in horror as her foot sank into the warm dampness of Sheryl's pussy. "No, Sheryl! You can't do this!" She screamed.

Jen kicked out, but Sheryl easily caught her other foot and slid it inside with the first one. “Sure I can, Jen. It’s been fun, but now it’s time for you to go. I’m done letting you hold me back.”

"Not this time, Jen." Sheryl moaned, her pussy greedily pulling on Jen's calves, sucking them inside. "This time, you're going all the way inside."

"Sheryl!" Jen screamed, straining uselessly to pull herself free. She knew better, having fed countless others to her lover's voracious snatch, but desperation made her try anyway.

Jen's world went dark as Sheryl's labia closed behind her. The tingling was stronger now, and she couldn't feel her toes anymore. The walls around her shook and squeezed in time with Sheryl's orgasm.

Jen felt Sheryl's hands pressing against her from the side, the pressure making Jen's skin stick fast to the walls of Sheryl's pussy. The tingling overwhelmed her, and she felt Sheryl knead her body, causing her legs and arms to lose their shapes and melt into the fluid surrounding her. Then, Sheryl pressed on her head, and Jen lost consciousness.

Jen screamed as she sat bolt upright in bed. Sunlight streamed in through the open windows, and the pain of the light in her eyes brought her fully awake. She stared down at her body, hardly able to believe that it was still there.
"A dream? Oh thank God!" Jen gasped, gulping huge breaths of air as her panic began to recede.
www.erofus.com

"Jen? What's wrong, love?" Sheryl's voice was full of concern, and Jen looked over to see her lover lying next to her, a worried look on her face.
"Sheryl? Oh God, Sheryl, I just had the worst possible nightmare!" She sagged back onto the bed. "You woke up hungry, and then... Then you ate me! You stuffed me into that pussy of yours and absorbed me!"
www.erofus.com

Sheryl crouched down closer to Jen, shaking her head in denial. "Oh Jen, you don't need to worry. I won't let you get out of marrying me that easily."

Jen sighed, starting to relax. "I know, love. At least, I thought I did." She sighed again.

Sheryl smiled. "Trust me, love. I'm not foolish enough to throw away such a wonderful partner. You're much better outside of me than inside. And whenever I get really hungry... There are about six billion other people out there, just waiting to be my next snack."
