

Oh shit,  
I'm really  
going to  
have to go  
out like  
this  
through

(Little by little I'm  
noticing that the  
effect of the drug is  
wearing off)

*Where is  
this woman  
taking me  
(I'm  
afraid of  
what she'll  
be capable  
of doing to  
me)*

I can't  
believe  
it's a  
beauty  
salon  
(why  
can't I  
move at  
will yet?  
Shit)

*(It seems  
the drug is  
wearing  
off)*

*Take this,  
little boy!!!*

*UMM I'm  
very sleepy,  
what have  
you made  
me?*

*I just  
gave you  
a little  
thing so  
you  
don't  
cause  
trouble.*

*jsskkjskk is out*

*zzz*

*zzz*

*zzz*

*tsk*

*tsk*

*tsk*

*\*pop\**

*\*pop\**

*Wake up little girl*

*two hours later...*

*Now I'm  
going to  
do your  
nails*

*they look beautiful*

What  
have you  
done to  
me!!!  
Why do  
I look  
like a  
girl?!

(umm it  
seems  
like I've  
regained  
control  
of my  
body)
