Pablo walked to the front door, brimming with confidence. This was the house on the Craigslist ad, assuming the address was right. And that it wasn't a prank. It was a nice place, much nicer than he expected. Classy girls don't usually post the kind of ads Pablo responded to.

☆ I'm hungry for cock. Feed me. - w4mm

I want every guy in town to fuck me right now. I'm the hottest woman you'll ever meet.

Get over here and fuck me now.

This one had one hell of a headline: "I'm hungry for cock. Feed me." It was posted twenty minutes ago. The post itself wasn't exactly ambiguous, and on top of that, the selfie looked absolutely amazing. A beautiful face, long hair, monster tits, and an ass you could see from the front.

www.erofus.com

As Pablo made his way to the door, any doubt he had of this being the wrong address immediately faded. There was a note on the door, hastily scrawled. “CUM ON IN…” I*t could be a prank, but fuck it.* Pablo was rock hard, and he wasn’t about to walk away from something like this.

www.erofus.com

Pablo opened the door, into an empty hallway. There were clothes strewn about. Some of them looked like men's clothes. *Of course, he realized, I'm not the first. It's a fucking gangbang, after all.*

he followed the woman's moaning voice like a siren song. She sounded young, sexy, virile. He pictured some hot little thing he could hold up and bang against the wall. He heard the sounds of sex; a bed creaking, a woman moaning. *Fuck,* he thought, *I'm already late.* He stepped further in, and peered around the corner.

There was a man behind pounding her ass, but he looked like a doll next to her gigantic booty. That wasn't even the craziest thing going on. There were two other guys with her, but they weren't fucking her. She was smothering them with her tits! They're okay, Pablo thought, right? Of course they are. She's just into some crazy shit! As insane as this whole thing was, there was no way Pablo was backing away now.

"Ooh, oh yeah," the woman moaned. "Yes! Yes!" The horrible scream had stopped, and no all he could hear was the woman loudly moaning, and the rocking of the bed. Pablo didn't want to wait another second, he wanted to fuck this crazy slut as soon as he could. In a matter of seconds he kicked off his shoes, and slid his underwear off, tossing them onto the ground.
www.erofus.com

Naked, he stepped into the room, silently approaching her. Then she turned towards him. “Hey,” she said with a sleepy lilt, “what are you waiting for? Don’t you want to fuck me?”
“Oh I wanna fuck you alright babe.”
“Then fuck me!”
www.erofus.com

Pablo didn't wait for her to say 'please.' He all but sprinted over to her, hopping over her leg and straddling her enormous ass.
Or trying to. As he got closer, he really appreciated just how big she was. He almost had to climb on top of her just to get close to her pussy. He looked down at his rock-hard cock. It was big, and fully engorged, but even so he wondered if his dick was even long enough to penetrate past that gigantic ass of hers.

"Fuck me," she moaned, "really fuck me. I need something inside of me...:

Standing on his tip-toes, he started thrusting, rubbing his dick between her enormous ass cheeks. He felt the tip of his cock kiss against her labia, and knew he had to go deeper. Grabbing her fat ass, he pulled himself deeper in, and thrusted again. This time he felt his cock fully penetrating into her. Any concerns about her pussy being too big were immediately put to rest. In spite of her size, she was as tight as any woman Pablo had been with.

Pablo pounded away. His fingers dug deeper into Amber, pressing into her soft ass like it was Jello. As he thrust into her, every nerve ending he had vibrated with intense pleasure. He was in a state of euphoria, the likes of which he'd never been in before. It was an almost spiritual experience; every part of him felt like he was becoming part of her. The barriers between them were fading.

He was almost ready to come. He thrusted deep inside of her, his cock gliding ion and out, rubbing against her dripping-wet pussy. With a moan, he came, squirting hot white cum deep inside of her.
A rush of pleasure shook his body. He felt not only his own orgasm, but hers as well. It was an experience unlike any he'd ever had. That's when he noticed what was happening.
www.erofus.com

His hands had sunken into her, in a way that couldn't be possible. It was like her ass was made out of some kind of jelly. His arms were wrist-deep inside of her right now.
"What the hell? Something's happening!"
www.erofus.com

www.erofus.com

Pablo leaned back and tried to pull his arms out. But as easily as he'd fallen in, when he pulled back, he found himself stuck inside of her. Her ass was almost fluid, but the consistency was thick like honey. And as he pulled back further, the substance grabbed hold more firmly.

"Come on," Pablo yelled, "Let me go!"

"Mmm, no, I didn't even finish yet. Put your cock back inside me..."

www.erofus.com

"No fucking way am I putting my dick back in you! Whatever the hell is going on, just let me go, now!"

"No..." her voice was sweet and cruel. "One way or another, you're going inside of me..."

That's when she started to pull him in. Her ass jiggled and pulsated, as his hands slowly glided into her. Pablo threw his entire body's mass backwards, but couldn't pull out even an inch. The pulsating mass of goo within her had engulfed his hands and fingers, and it was far more powerful than him. Little by little, it pulled him further in.

"Come on, please," Pablo begged, "let me go! Let me go!"
"No," she said, half-moaning. "I need to make you part of me. My ass, it's much too small. I need it to get bigger... So much bigger..."
Soon his arms had sunk fully inside of her. His chest was pressing against her ass, and he could feel it starting to fall in...
www.erofus.com

In desperation, Pablo once again fought against her, throw himself backwards. This time, to his surprise, it worked. He yanked his arms out, and nearly freed himself. But his arms were still trapped inside of her, and quickly found his arms being pulled back in.
Fighting wildly to free himself, Pablo planted his feet on Amber's thighs so that he could push off against Amber's legs. He soon realized how foolish this was, though, as his legs started to sink into her body.
www.erofus.com

He tried to lift his legs up, but they were stuck in the sticky morass her legs had become. The thick goo gripped him every bit as tightly as his arms were. This time gravity was also fighting against him. His legs fell into her, as if he was sinking into quicksand. He quickly lost sensation in his feet. Were they gone now? Had they already been absorbed by her? And within mere seconds, his entire upper body was inside of her.

"No, no, no!" Pablo screamed, as his body sunk ever-deeper into the monstrous woman. The more he fought, the faster he seemed to fall into her.

www.erofus.com

www.erofus.com

For a moment, sensation returned to his right hand. With his last bit of strength, he reached upward, trying to reach through the other side. For a moment, he pushed through, yet the gooey substance that was her body still enveloped his hand. His strength was quickly exhausted, and his hand sunk once more into the blubbery mass.

"Yes!" Amber sang out, as Pablo's torso sunk deeper into her. "My ass is hungry... You're all mine!" A near-orgasmic warmth coursed through her body, as she devoured the little man bit by bit. He was sinking deeper into her. Soon he would fulfil his ultimate destiny; to be used by her, raw fuel to make her ass grow even bigger...

www.erofus.com

www.erofus.com

His head sank deeper within her. Pablo let out one last scream, which slowly grew quieter as his vocal chords started to be dissolve inside of her. As the corners of his face began to sink in, he still, cruelly, clung to life...
www.erofus.com

Amber moaned, as she felt her body absorbing more of the little man. With each bit of him that dissolved into her body, her ass grew just a little more. It was truly titanic now, and yet she still wanted , needed it, to be so much bigger...

Amber let out a long moan of pleasure. It took only a few short moments for her to digest the rest of him. His body and soul had been swallowed by her, mere kindling for the first of her growth. Her ass had grown nearly twice as big as it was just a minute earlier. And yet her lust to become bigger was nowhere near satisfied. Like any good appetizer, it only reminded her of her hunger...
www.erofus.com

www.erofus.com

As the growth ended, Amber's hunger became stronger, and she remembered the other two. They'd been trapped under her soft breasts for several minutes now. To her pleasant surprise, they were still alive, and struggling to breath. Fresh prey, after all, was so much more satisfying...

Amber wrapped her enormous hands around each of them, and flipping around onto her back, she lifted them into the air. Their bodies weighed nothing to her; it was no more difficult than picking up infants.
"Hey guys," she said, as she ogled their naked bodies. "Do you like my breasts? Are they big and soft enough for you?"
www.erofus.com

"I... I almost... died," the brown-haired man said, catching his breath. "Couldn't... breath... under there."
"Don't act like you didn't like it," she teased, "both of you are still rock hard..."
"Please," the blonde man begged, "let us go..."
www.erofus.com

“They’re not big enough to me,” Amber said, ignoring the man’s pleas. “They’re still way too small. I want them to be huge, bigger than I am now… But you two are going to help them get bigger…”

Her breasts expanded rapidly outward, bouncing the men up as they grew. Soon her already huge breasts were utterly gigantic, heaving things. Each of them already outweighed the men, and they were still growing.

"Yes!" She moaned again, as the growth slowed. The men were dwarfed now, by the sheer size of her breasts. Each weighed hundreds of pounds, and the men bounced and bobbed on top of them, like cherries on top of a jello bowl.

"It's... it's stopping," Amber said, dismayed by her slowing growth. "You, get inside of me! You're food!"

“What the hell are you talking about?” The blonde man asked. But not ten seconds later, his question was answered. Her skin gave way, revealing its true nature. He began to sink in. He was not merely falling into them, as one would expect of such huge, soft tits, but indeed he was falling through them. As the substance that made up her breasts became softer, he felt his own gravity slowly pushing him into them.

The blonde man was mad with fear, flailing desperately as he was pulled ever deeper inward. He gazed downward at his own body, his own skin shiftings strangely as it touched her. It was as if reality itself was being absorbed by her, like some kind of human black hole.

Amber's breasts grew with explosive energy. In fits and starts, new breast tissue appeared, soft and malleable and strong. Mounds of new, goo-like fat plopped up here and there, before smoothing and evening out with the rest of her breasts.

As the pair was finally engulfed, Amber's growth slowed for now. Her breasts were now truly gigantic, big enough that a full-grown man could fit inside of each.
www.erofus.com

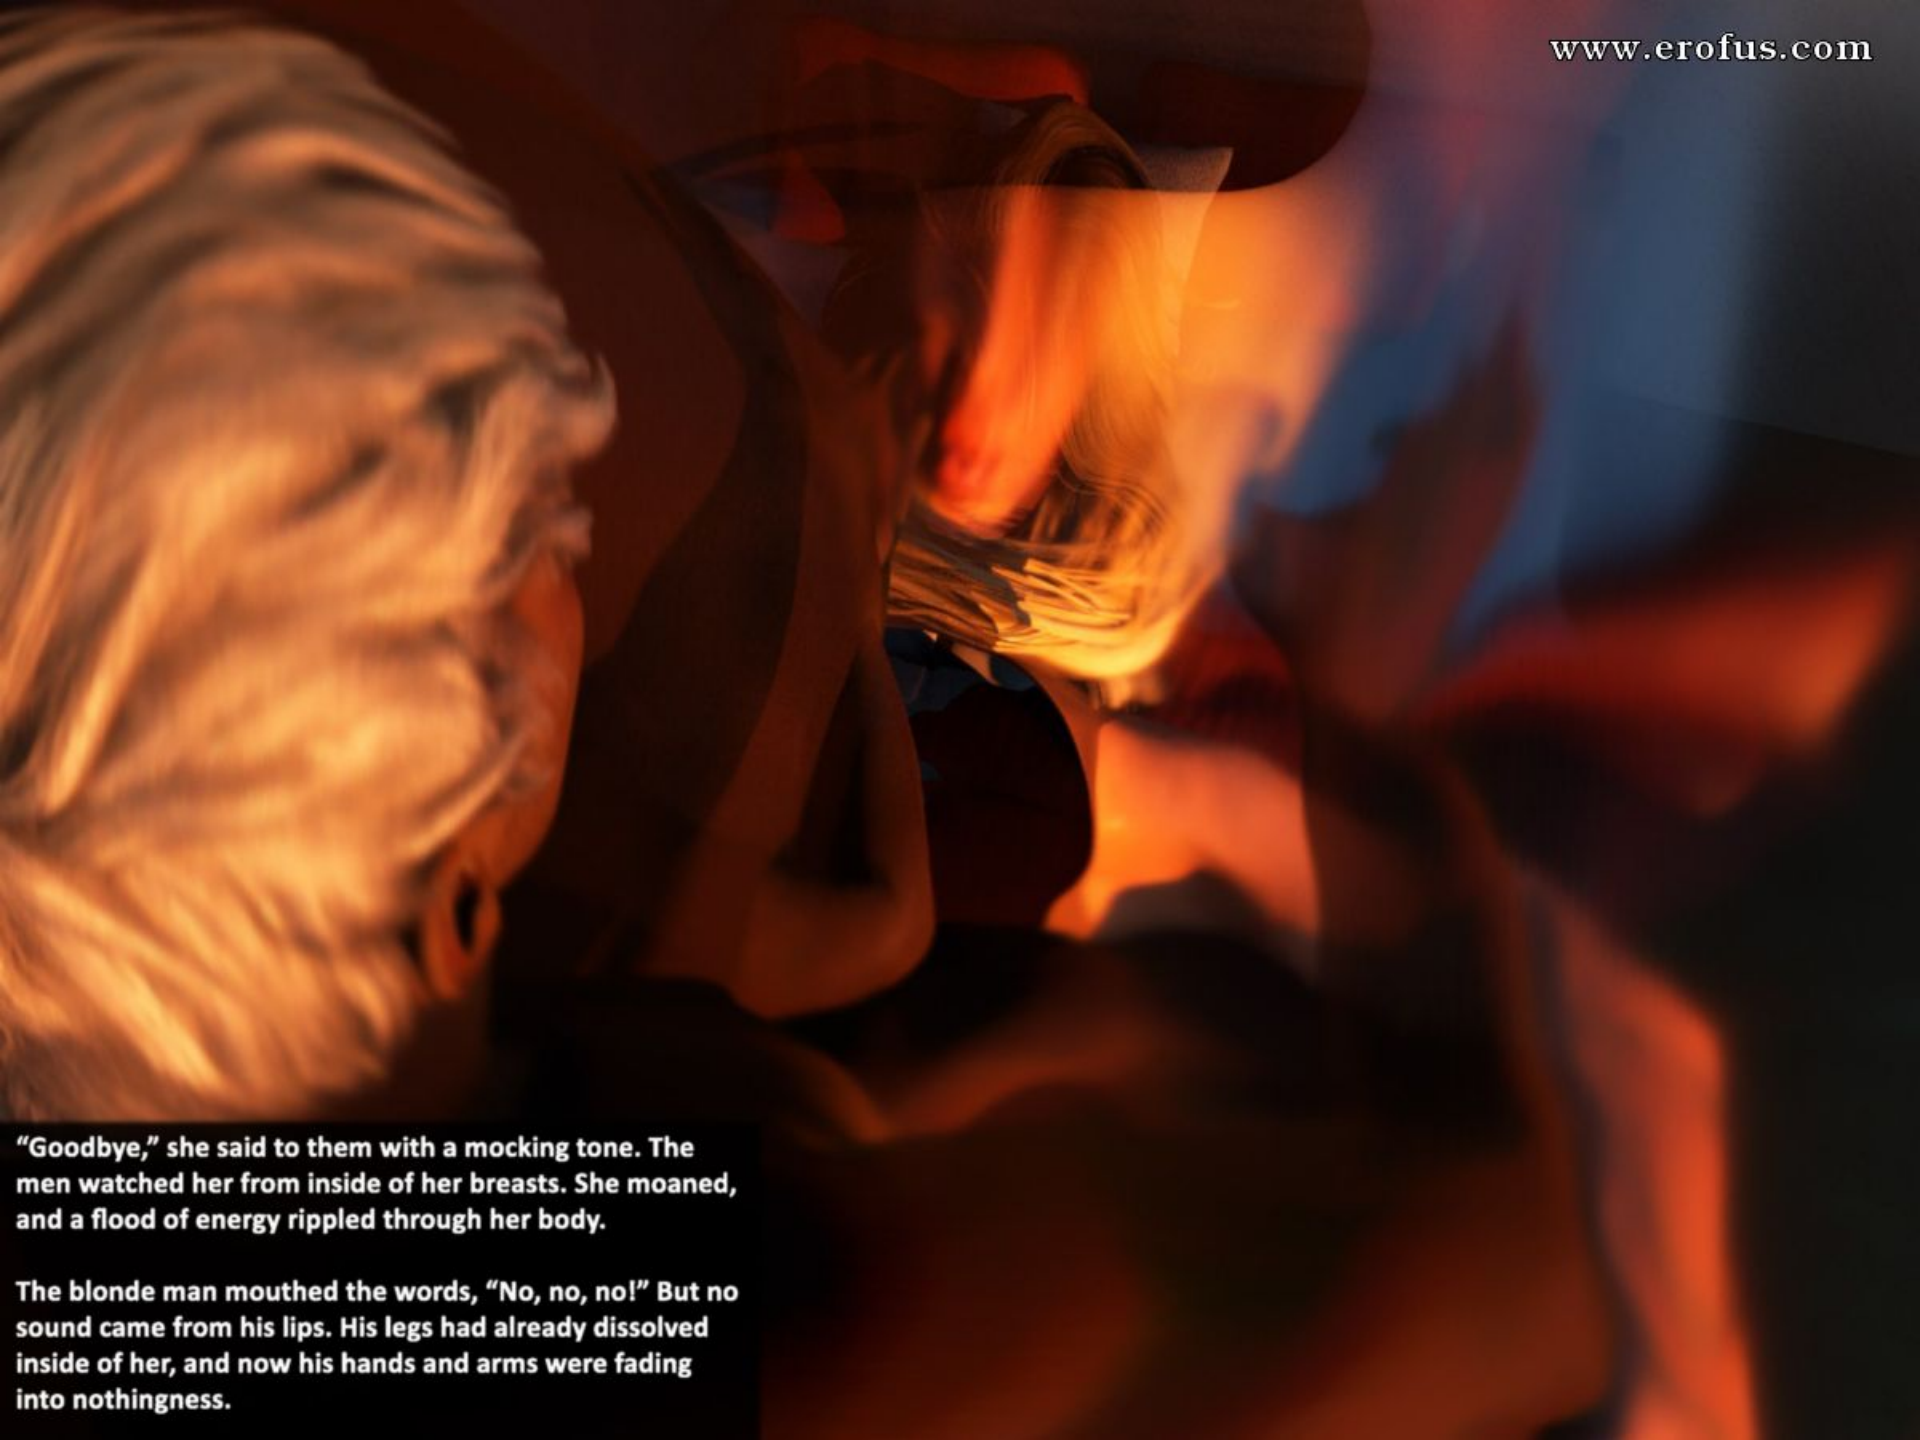

The men, in fact, were still inside of her. Though she had started to absorb them, most of their bodies were still largely constituted. As her breasts slowly became translucent, she watched with glee as they flailed helplessly inside of her. Slowly, their extremities started to dissolve, breaking down into the energy that would fuel her growth.
www.erofus.com

www.erofus.com

Amber stared at them hungrily. For a moment she simply watched them, savoring the spectacle of her body devouring two grown men alive. Her desire for more food, however, quickly overtook this.

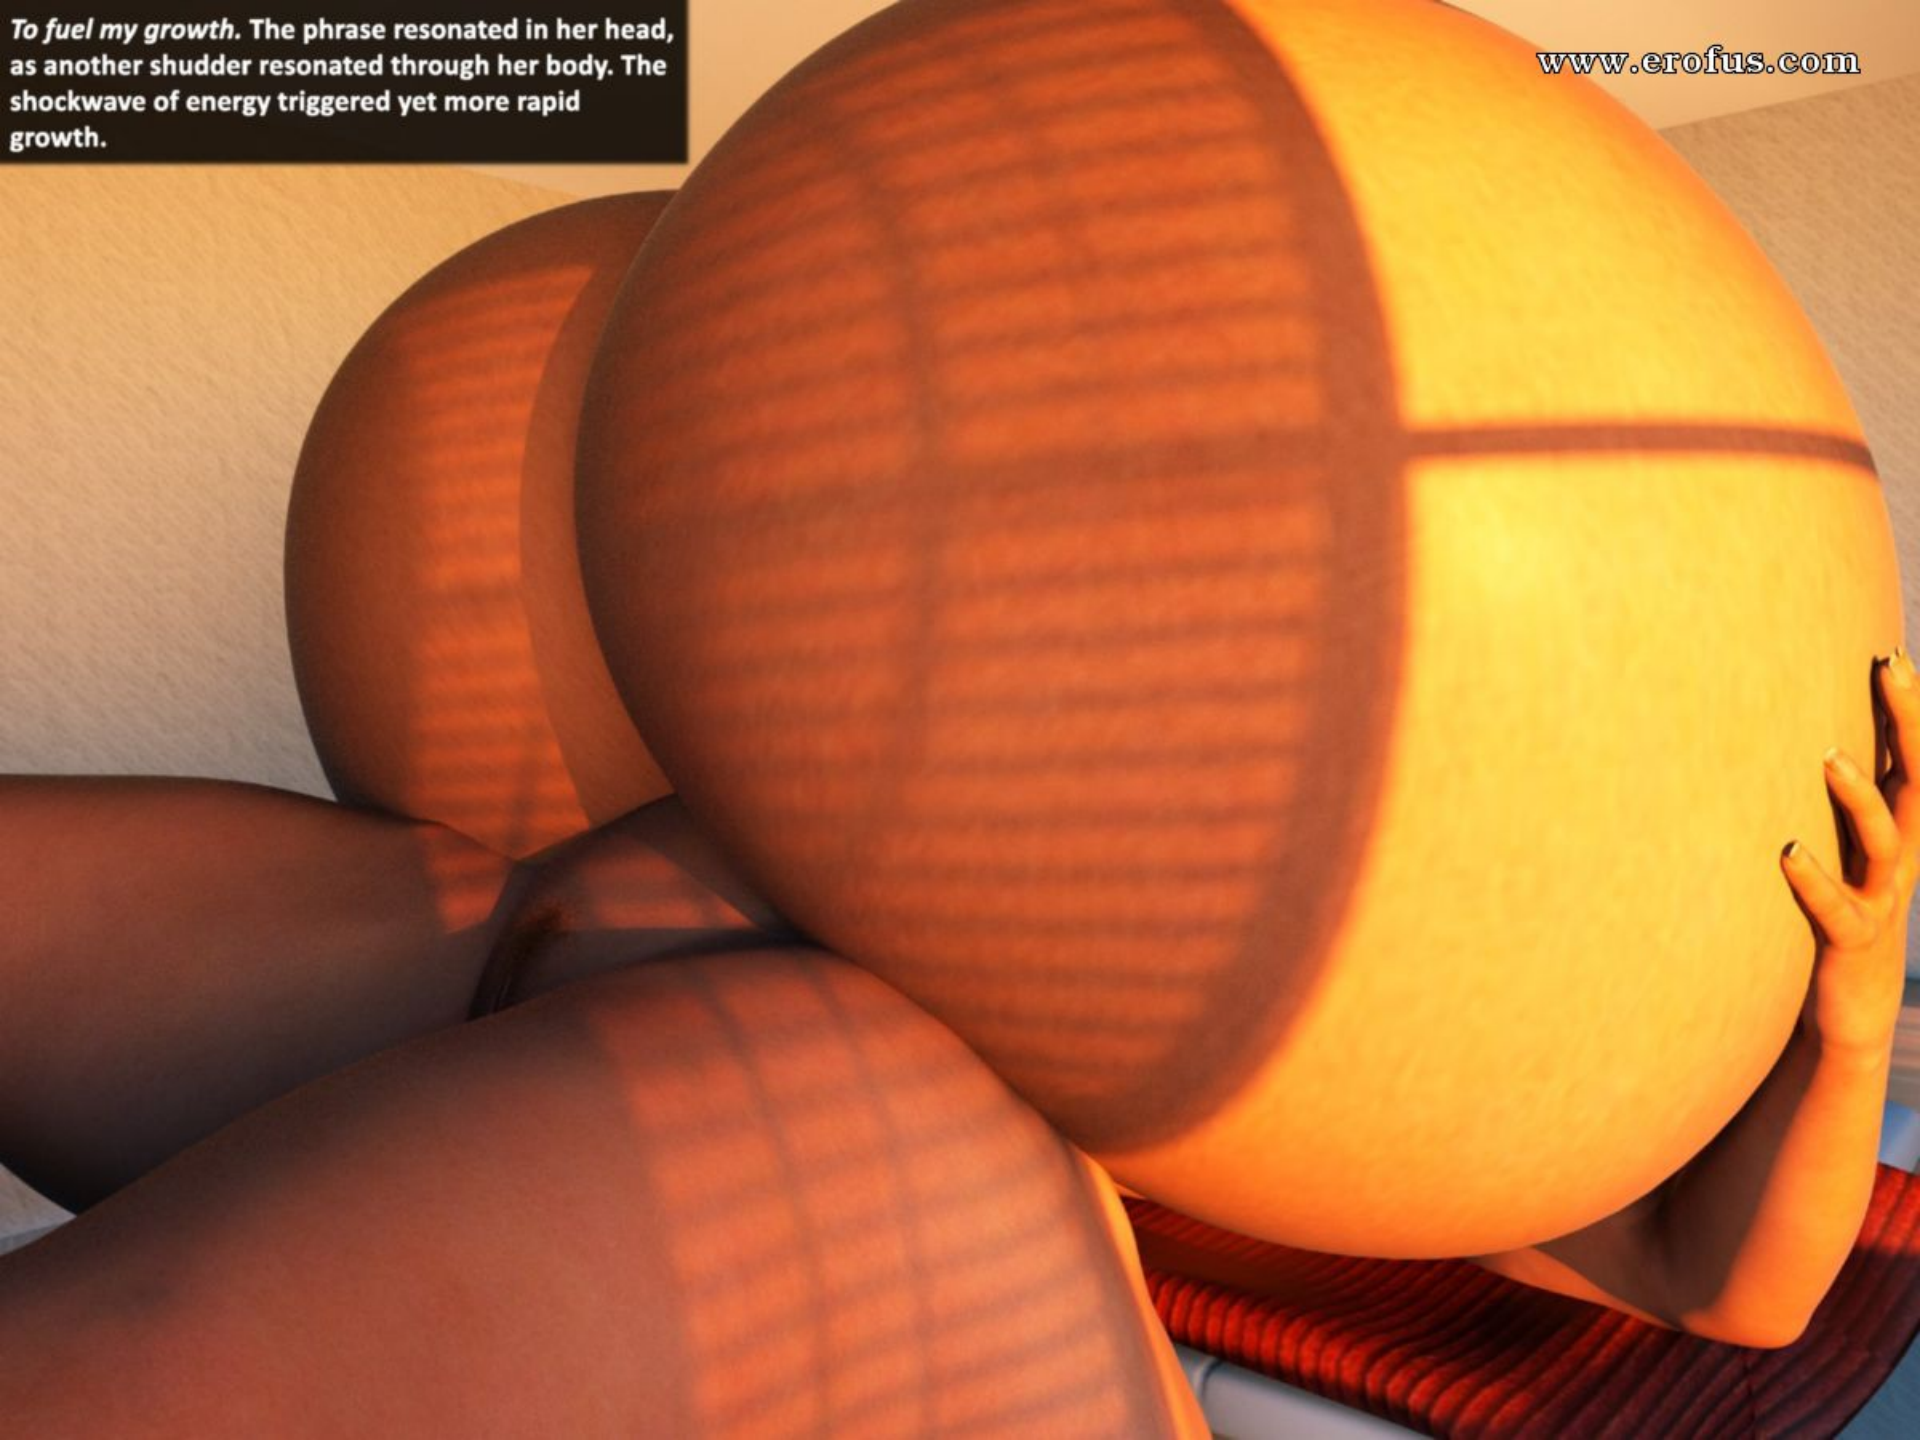

www.erofus.com

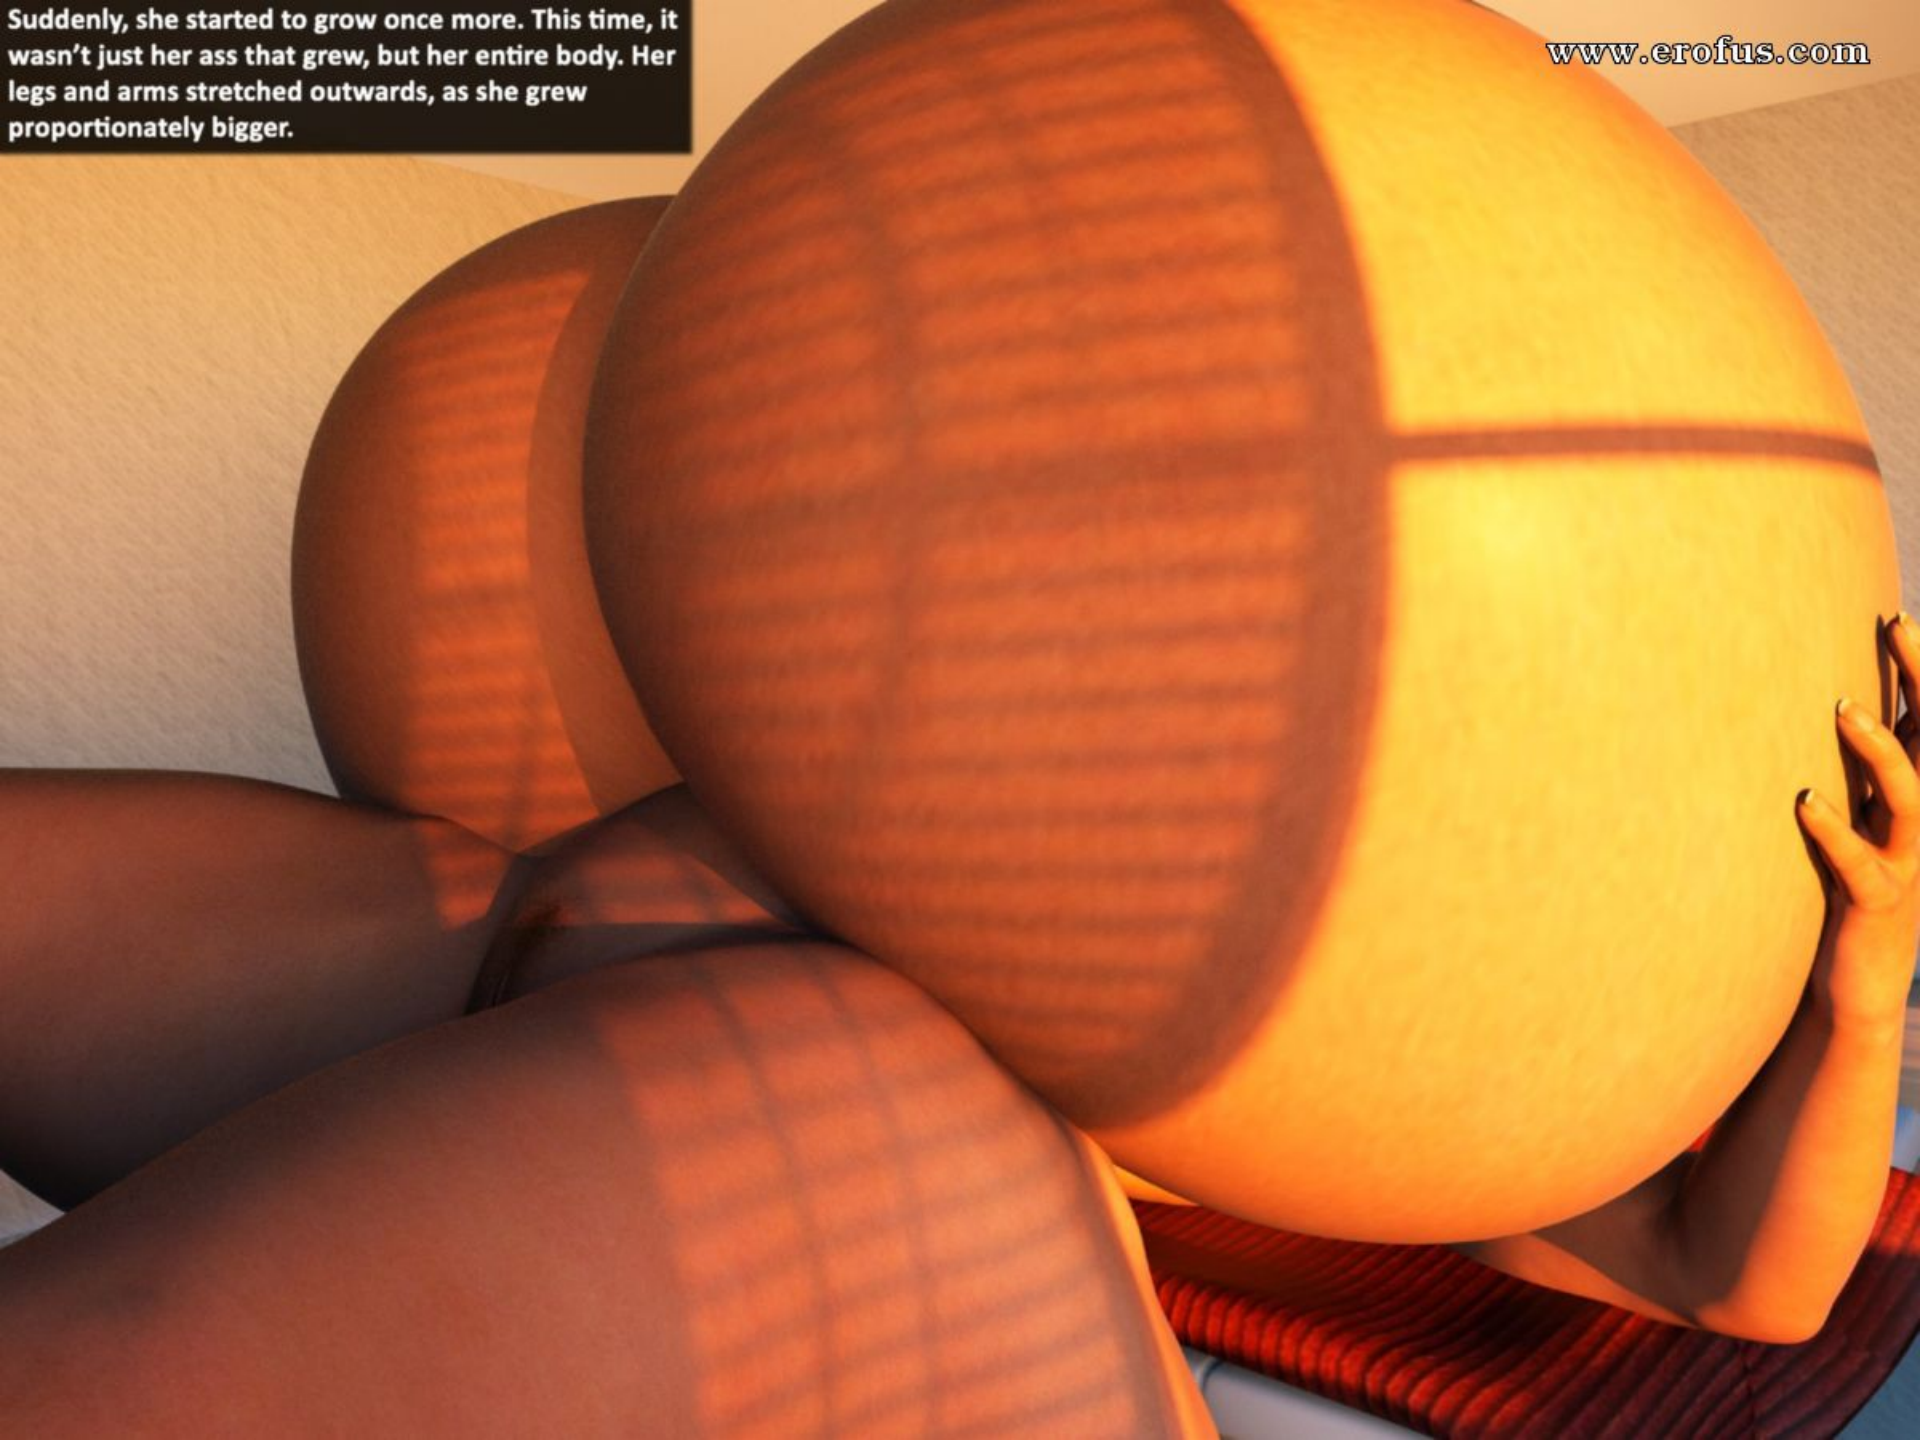

"Goodbye," she said to them with a mocking tone. The men watched her from inside of her breasts. She moaned, and a flood of energy rippled through her body.

The blonde man mouthed the words, "No, no, no!" But no sound came from his lips. His legs had already dissolved inside of her, and now his hands and arms were fading into nothingness.

As the energy rippled through her, Amber's entire body became translucent. She was not human anymore, not truly. She was something else now, something more.
The men dissolved inside of her. Their bodies vanished bit by bit until there was nothing left, save the energy that would soon be part of her. As her skin became slowly opaque, she started to metabolize the energy, and pleasure flowed through her once more.
Amber was overcome with ecstasy. Never before had she absorbed two men at once. The feeling was exhilarating; she wanted more, needed more, to fuel her growth.
www.erofus.com

To fuel my growth. The phrase resonated in her head, as another shudder resonated through her body. The shockwave of energy triggered yet more rapid growth.
www.erofus.com

Suddenly, she started to grow once more. This time, it wasn't just her ass that grew, but her entire body. Her legs and arms stretched outwards, as she grew proportionately bigger.

Soon, her body nearly filled the room. Her breasts and ass this time kept pace with the rest of her body, but after their growth from earlier, they were truly gigantic. Her body now dominated the entire space. She would have to break out soon... But perhaps she should wait for some more food to come her way first?

She smiled and laughed as she heard the front door open. It had to be someone coming in... after all, she hadn't left anyone in a state where they could leave.
www.erofus.com

www.erofus.com

"Mmm… come on in," she said, not bothering to look at them. She could hear them walk into her bedroom, but didn't see them. Her breasts were so big she couldn't see over them, or even around them… and really, why would she want to look at her prey, when this was a better view anyway? So long as the food kept coming, she was happy.

The End
