Now that I've finally got Eli down for a nap, I can start to figure out just what the hell is going on here.

I was hoping that I'd wake up in my own bed and all of this would be a dream, but I woke up to Chloe's husband and a crying baby.

The weirdest thing, though, is that both of them act like nothing is out of the ordinary! This is so messed up!

Am I really stuck as Chloe? How could this have happened to me?!

Calm down, Julian. Panicking about this isn't going to solve anything.

Even if none of this makes any sense, I need to keep a level head if I want to find a way out of this.

What I know so far is that Chloe has a really nice life for herself.

A good home, plenty of money, the family seems happy, and she's got one hell of a body.

Which only makes it stranger that she would want to leave this life.

She's left me no way of contacting her. She took my phone and ID when she left.

Every time I've tried to call my number, it says it's not in service. Even my texts won't go through.

WAAAAAAAA!!!

Crap! I thought he'd be out for at least another hour!

It's alright, Eli! Mommy will be right there!

WAAA!!
WA-WA-WAAA!!

It's okay, sweetie! I'm here. Please stop crying!

He's been so fussy all morning.

Shh! It's alright, Eli. I've got you, little guy.

He seems to calm down when I talk.

Maybe if I sing to him, I can get him to sleep long enough to find some answers around the house?

Twinkle, twinkle, little star.

How I wonder what you are!

Maybe I shouldn't think of her as abandoning her family?

But then... Why go to all of this trouble if it wasn't permanent?

She didn't come back last night, and has practically disappeared. What would make her do all of that?

One thing I can't understand is why Chloe would want to abandon Eli. He's so adorable!

I know that raising a child isn't always easy, but was it really so bad for her?

Mmmm! Alright, I guess you are a growing boy.

Up above the-OH!!

Ma ma!

Oh god! Again?!

Damn, kid! I fed you just a couple hours ago! I know your mommy's got some great tits, but this is a little ridiculous!

God, it feels so bizarre to have a baby drinking from my own breasts! Especially since it's some other woman's baby!

Why would Chloe leave me like this? Of all the people in the world, why did she pick *me* to become Eli's mother?!

I guess that's the reason why he was crying earlier. He was just hungry.

I mean, I don't mind feeding him. He's a lot calmer like this and it gives me a chance to think this through.

There's still a lot about this that I don't get. But I keep wondering about what caused Chloe to do all of this.

Becoming a parent should be a wonderful thing. Every parent that I know is so thrilled about having kids.

Maybe there's something I'm missing? Maybe something is wrong with the house or family?

Or maybe there was something wrong with Chloe?

I'm just not sure of anything anymore. What am I supposed to do?!

I suppose there is one possibility... I could walk away, just like Chloe did.

No! I can't think like that. If I stay around, I might find a way to turn back into Julian.

Besides, there's no way I can abandon Eli like this.

Jeez, I had no idea that female nipples were so much more sensitive than male nipples.

I guess I shouldn't be surprised. Chloe's nipples are twice as big as mine were, and she's been breastfeeding Eli for months.

I hope I don't have to get used to breastfeeding Eli, but it's not so bad.

Still, this feels so weird. It's kinda overwhelming, but it's not unpleasant. Everything feels so tingly.

Although that does make me wonder... what if I can't find a way to change back?

Am I really supposed to live her life? Breastfeeding Eli and changing his diapers?

Not only that, but then I'd have to be a wife to Chloe's husband and sleep with a man I only met yesterday!

I always said that I wanted a MILF in my life, but I didn't mean that I wanted to "be" that MILF!

Calm down, Julian. You're freaking out again and that isn't going to get you anywhere, especially with a baby in your arms.

I should focus on one problem at a time. There has to be a solution, and I'll find a way to make things right!

Although, if Chloe had to do this to me, couldn't she have put me in her husband's place, instead?

He's the one with a beautiful wife and family, which is what I've always wanted!

There we go! Nice and full! Are we feeling better?

Giggle!

I'll take that smile as a yes!

Mama!!

Aren't you just the cutest baby in the world? Can you say "Julian"? Or Juju?

Bleh bleh! Ma ma!

Awww, I love the way you say mama! So adorable!

KNOCK! KNOCK!

Huh? Sounds like somebody's knocking at the door.

That's odd. Chloe's husband didn't say anything about any guests coming over.

I wonder who that could be?

Be right there! I'm coming!

Maybe it's the real Chloe? She might have come back to turn me into Julian and see Eli.

Good morning, sweetie! It's so good to see you!

We brought you some doughnuts! Maple bars with bacon on them. Your favorite!

MOM?! DAD?! What are you doing here?

What the hell is going on?! Why are my parents at Chloe's house? And how did they know that I'm their son while I'm like this?!?

We always come on Tuesdays to help out you and little Eli. Is everything alright?

Has Eli gone down for a nap yet?

I'll bet she's been so busy with Eli that she hasn't had time to eat yet.

That's our daughter! Putting her son's needs ahead of her own!

W-wait, I don't understand. Things shouldn't be like this!

I-I mean uh... Don't you two think that something is a bit off about all this?

Of course not! Your father and I love helping you and our favorite grandson.

It's honestly the best part of our entire week. How is our little peanut, anyway?

Holy shit! I don't know how it happened, but my parents think that I'm their daughter and Eli is their grandson!

I guess I'm not the only person who changed. But I wonder what else has changed...

Maybe Mom and Dad can answer some of my questions.

There's my little man! I've missed you so much!

Beh beh gaaah!

Today I'm gonna get you to say "papa" if it kills me!

So Mom… You wouldn't happen to remember a man by the name of Julian, would you?

Hmm, can't say that I remember that name. Is that one of your ex-boyfriends?

No, it's uh… Wait, ex-boyfriends? As in plural?!

Of course. I can recall at least five of your boyfriends that you introduced to us before you met David.

Oh yeah, that must have slipped my mind. But uh… which one was David?

You're joking, right? David is your husband and Eli's father. You've been married to him for two years.

Y-yeah, of course I'm kidding! I'd never forget my husband!

I'll never forget the day that we met him.

You were so excited, and wouldn't stop telling us that he was "the one".

I almost forgot about that.

That's interesting.

I've brought home about five different girls to meet mom and dad, and I kept telling them each girl was "the one".

They seem to remember the same things about me, except that I've always been Chloe.

I don't blame you, sweetie.

Being a stay-at-home mom isn't the most glamorous job, especially compared to your former modeling career.

Modeling career? Maybe that's the real Chloe's job.

Could she have been a model before meeting David?

Wow, I uh… haven't thought about my modeling career in a while.

Being Eli's mommy comes first, right?

We'll always love that you dropped everything the moment you found out that you were pregnant, and vowed to be the best parent for Eli.

Although we knew our little girl was changing the moment we saw you in your wedding gown.

Really?

Of course. Not only were you beautiful, but you promised to put the needs of your family ahead of your own desires.

We're so proud of you, Chloe!

Wow, the last time I heard my parents say that they're proud was when I graduated from college.

Maybe this rewrite can help improve things with my folks.

Thanks, you guys.

It's so nice to have your approval, especially since you two inspire me.

I've always wanted a marriage like yours.

Actually, I think your marriage to David is even richer than ours.

You really think so?

You two have the sweetest little boy in the world. We always wanted to give you a brother.

Not to mention that David is always surprising you.

There's nothing better than little surprises that say "I love you".

Plus it certainly helps that you're both young, attractive, and full of energy.

I think any woman would be lucky to have David.

Hehe, yup. I'm pretty lucky to have David for a husband.

If you ask me, what really helps you two out is that David treats you like a queen, and Eli like a prince.

Case in point, when David gets back today, he'll be-

Now Bernard! We promised David that we would keep that a surprise.

Sorry, but you know I'm terrible at keeping secrets.

Oh... a surprise, huh? It must be a big one if he told you guys, but not me.

We don't want to spoil it for you, but we know that you two will love it.

Just great! It sounds like something David and I will be sharing.

I can barely talk to him right now, let alone do something with him.

GASP!

Oh my god! Chloe! Charlotte! Look at what Eli's doing!!

Huh?

Oh my goodness!

The little guy is actually crawling! He looks so big like this!

Giggle!

Papa!

Look at that! He called me papa too! That's my boy!

That's incredible. Most babies can't normally crawl until they're eight months old.

Look at you, big fella! You're already crawling!

Can you crawl to me?

That's it, come to mommy!

Mama!

Yay! Good job, Eli! You're growing up so fast! Mommy is so proud of you.

I didn't think it was possible for Eli to get any cuter, but I guess babies will always surprise you like that.

Heh, I'll bet little Eli just wanted to be near his mommy.

He did seem really excited when I called out to him.

Bernard, get your phone out. I want a picture of these two snuggle bugs!

Wait, I'm not sure about getting a picture right now.

Look at the camera, Eli! Look at Papa!

Nonsense! You look beautiful while holding Eli.

I didn't think that I'd be enjoying any of this, but some of this is pretty nice.

My parents are still in my life, and they're treating me even better than when I was Julian.

I wonder if all of my old friends still know me. Heh, maybe I'm best friends with one of my exes now?

Now there's a wonderful mother and son moment!

It takes me back to when I was holding you in my arms, Chloe.

Yeah, it feels great to hold a baby.

Especially the way he looks at me with those big, cute eyes.

Well I'd hate to interrupt this touching moment, but I'm glad I got to see it.

Oh David!

Good to see you, son!

Uhh… h-hey David. I didn't think you'd be home so soon.

I couldn't stay away from you and Eli. You look so beautiful this morning, Chloe.

T-thanks. You're looking… quite handsome yourself.

And how's the little man of the house doing today?

Dada!

How are you feeling today, honey?

I'm feeling… fine.

I was a little overwhelmed this morning, but I'm glad that my parents showed up.

I figured you were stressing out about something.

I guess that's why I came home early.

You really don't have to. You've got a job of your own to take care of.

You know that I've always put family before everything else.

Wow, that's actually really sweet of him.

Even still, there's no way I can look at this guy as my husband. I'm not even into guys!

Is there anything I can do to help you manage that stress?

Actually, can you change Eli's diaper? He's been kinda smelly since he crawled into my arms.

Eli crawled to you today?! That's wonderful!

Is this when we can share your big secret with Chloe?

Well, I was hoping to spring that on Chloe after she was feeling a bit better.

Y-yeah, Mom and Dad were saying something about how you had a surprise for me.

It's more of a surprise for us.

Remember that important meeting at the Halliday Resort that I was telling you about?

Not only did my boss give it to me, but he rented a suite, too.

So start packing your bags. You and I are going on a trip!

And I made sure he got it for the whole weekend.

The Halliday Resort? That's like the most luxurious and expensive place in town!

That's exactly why I want to share it with you.

B-but... are you sure that you, I mean we, can afford it?

We'd only be paying for things like the restaurant and the spa.

Wait, you actually want to use their spa?!

It'd be a waste to go to Halliday's and not get a deep tissue massage.

I figure this is exactly what you need.

Huh? What I need?

Absolutely. You've been so focused on taking care of Eli for months that you've barely left the house.

Let me help you now by treating you to a vacation.

I-I don't know what to say. It's all so sudden. What are we going to do about Eli?

We'll take care of the little guy!

David told us about his plan in advance, so we could babysit Eli while you two enjoy yourselves.

You guys would really do that?

We'd be honored to babysit Eli for you.

You two deserve a nice break from parenting.

I've thought of everything, honey. You don't have to worry about a thing.

Except for packing a nice dress to wear to dinner.

Wow, you've really put a lot of effort into this, haven't you?

I'd do anything to make you happy, Chloe.

Well... in that case, how could I say no?

Really? Thank god, for a second I was worried that you wouldn't want to leave Eli.

Well, uh… You did make it sound pretty good.

Crap! There's no way I can get out of this now.

I'm so glad to hear you say that.

Because I was hoping this could be like a little honeymoon that we never got.

I always wanted a romantic honeymoon.

Except I imagined going with my bride, not going as the bride.

And maybe this could be the start of something special for us.

Special?

It's difficult for me to say, but I was hoping to… reignite our spark.

Since we had Eli, things haven'tbeen quite the same.

I know that babies will do that, but that doesn't mean we can't have fun.

I want to remind you how great it is to be Mrs. Chloe Price, and why I married you.

Great, now he's gonna be romancing me all weekend!

That sounds like a great time, David.

I can't remember the last time I got to be Mrs. Price.

You two always deserved a wonderful honeymoon.

Especially after such a beautiful wedding.

I guess I'd better get ready, then.

Be sure to pack a swimsuit. I'll change Eli's diaper while you're up there.

She's been so stressed lately that it's making her act differently. I hope this vacation will help with that.

I didn't think this whole situation could get any weirder.

But I didn't expect Mr. Price to take me on a romantic getaway.

I guess I should be happy that I don't have to take care of Eli for a few days.

Although, after watching him walk for the first time, I think he's even more lovable than ever.

It's so cool watching him grow up!

Then again, my parents were always great with kids.

And they seem to love Eli to death. Heh, who wouldn't?

I'm actually really glad that they haven't changed.

In fact, I seem even closer to them than ever before.

Maybe these changes aren't so bad after all? Well, some of them anyway.

I don't know how I feel about this romantic vacation with Mr. Price.

Although, he is very sweet and affectionate. Way more than any of my other girlfriends.

I can tell that he really loves Chloe, and wants to spend the rest of his life with her.

It kinda makes me wonder what their wedding was like.

I'll bet I wore an exquisite and expensive wedding dress. I mean, Chloe wore it, not me.

In fact, I can almost picture it now...

The church. The smell of the bouquet of flowers in my hands. David waiting for me at the altar.

Wait... I think I...

I *can* picture the wedding!

Is this really happening? It must be, because I can remember the way David looked at her when he lifted her wedding veil.

I can remember mom crying while we, I mean they, recited their vows.

And I remember the butterflies in my stomach.

It all seems so clear to me.

I don't know how this is happening to me, but none of this feels like a dream or hallucination.

I do!

Then I pronounce you husband and wife. You may kiss the bride!

I'm not recalling Chloe's wedding. I'm remembering my *own* wedding!

Oh my god! What the hell is happening to me? Is my mind transforming into Chloe's, too?!

Well... I can remember my life as Julian still. My childhood is still intact, and I can remember nearly a dozen girlfriends.

That can't be it, I can remember my own parents and friends at my wedding. Or Chloe's wedding. Fuck, I don't know anymore!

What else is being changed about my life?!

Actually, that seems kinda silly now. All that time I spent looking for "the one", and I ended up marrying a man.

Come to think of it, David did look pretty handsome in that tuxedo.

And his vows were so sweet and heartfelt.

That's because David is the sweetest person I know.

No wonder he wants to treat me to a romantic weekend.

Wait, what am I saying? I should be jealous of David and the life he has, not imagining myself being a part of his life.

Maybe this transformation really is fucking with my mind?

Or maybe it's helping my mind to adjust to Chloe's life?

After all, every woman should fondly remember her own wedding.

But I don't want to adjust to Chloe's life!

Then again… I've enjoyed some things about this life. Watching Eli grow up. My parents treat me better. And David is so nice.

Who knows what else I might end up enjoying?

Like this, for example?

What the hell is this thing?

Where did it come from? And why can't I take my eyes off of it?

Though I shouldn't be surprised. Chloe was a model.

I can see why she took up that career. She's got a killer body that any woman would be proud of.

And it's my body, now.

Now I'm curious what I'd look like in this lingerie.

And I wonder what David would think if he saw me wearing it.

Mmm, all of these thoughts about my sexy body are getting me worked up.

Wow, these breasts are a lot more impressive than I originally thought.

It feels even better to play with them than when I was breastfeeding Eli.

MOAN!!!

Mmm, now this is a great MILF body.

I'd love for my wife to be this smoking hot after giving birth.

If anything, I think Chloe's baby weight makes her hips look even more full and attractive.

These curves could kill!

What am I doing? I shouldn't be checking myself out.

I've got bigger things to do than admire Chloe's body.

But then again, I've been given a golden opportunity. I'd be a fool not to take advantage of it.

Maybe just this once, it wouldn't hurt to let my curiosity get the better of me.

MOAN!

Fuck, I barely touched it and I can feel my toes curling.

I can't believe it's so sensitive! It feels like my whole body is quivering just from touching my clit.

What if I finger my pussy at the same time?

MOAN!!!

Goddamn, I'm only using a couple fingers, and it feels as good as a male orgasm!

I can't imagine what it would feel like with something bigger than my fingers!

This is getting really messed up. I shouldn't be enjoying this! Especially when this isn't my real body.

But it feels pretty real right now. Especially when I play with my breasts at the same time.

I should stop worrying about what is and isn't right.

I should be enjoying this moment. And myself.

I've been stressing out about a lot of things lately, and it hasn't gotten me anywhere.

God, I can't get enough of these breasts. I could play with them all day!

And if female masturbation is this good, then there are a few positives to becoming Chloe.

moan...

I had no idea that it could feel this good! My whole body feels electrified.

Is this really what sex feels like for women?

Actually, I'll bet that sex feels even better than this.

My fingers feel amazing down there, but imagine how much better it would feel if I could go all the way.

As good as my fingers are, a cock would do an even better job.

No! I should not be thinking about another man's penis right now. I'm not attracted to men!

But I'm married to a sweet, selfless man. I shouldn't deny that, since I can remember the wedding.

I can even remember our wedding night.

Yeah, I can picture the wedding night. The way he looked at me in my lingerie, spending all night...

...getting my brains fucked out by my husband. I'll bet he wants a repeat of that at the resort.

MOAN!

I can almost feel his cock thrusting in and out of my wet pussy.

God, it felt so good! I want to... to have... more!

AAH! David!!

MOAN!!!

Yes, David!!

Wow, that was the most intense orgasm of my life! It felt like my whole body erupted when I thought about my wedding night.

Who am I kidding? That amazing feeling came about when I thought about David.

I will admit, that was the best experience of being Chloe so far. Although getting to remember Chloe's wedding is a close second.

I still have no idea where those memories came from...

Is that a part of becoming Chloe?

Maybe they're a gift? Something to help me feel better about becoming Chloe?

But even with these memories, I shouldn't have to spend the rest of my life as Chloe.

Especially since this was forced on me!

After all, if I'm going to be a mother and a wife, I should have some fond memories to show me why I'm doing it.

Except that I wasn't forced to masturbate just now. And that was wonderful. Maybe things could be better from here?

I guess there's one way to find out.

I could go with David, and see where the weekend takes me.

If I don't enjoy myself, I'll try to find a way out. But if I have a great time with my husband...

Well, I guess one weekend as Chloe wouldn't hurt.

And this could give me an even bigger opportunity to explore my... curious side.

Later that afternoon...

So how was your deep tissue massage?

It was amazing. I haven't felt this relaxed in years.

Good, because my hot rocks treatment was exactly what I needed.

I was thinking about that, too. Maybe we should go back tomorrow and switch?

I'd like that. But you know what would be better? A couples massage.

I wouldn't mind, as long as you don't check out any cute lady masseuses.

I promise my eyes will not wander.

I didn't think I'd be having such a good time on this vacation, but today has been full of surprises.

Still, I can't help but feel a little nervous around David.

Then maybe I should stop worrying, and just do what comes naturally?

You know, after such a great massage, I'd love to go for a swim.

Are you sure? We have dinner reservations in an hour.

I don't mind swimming by myself, but I'd like it if you tagged along.

Besides, you did tell me to pack a swimsuit.

So we might as well put this puppy to good use.

Don't you agree, David?

On second thought, I'd love to go for a swim with you. After all, we should be making the most out of our "honeymoon."

By the way, you look stunning in that bikini.

Giggle!

Thank you. I was hoping to find an occasion to wear this for you.

Come on in, David! The water feels great! It's just what you need after a massage.

I'm right behind you.

Jeez! The water feels so cold after that hot rock treatment.

Here, maybe I can warm you up a little bit?

I can't remember the last night I felt this warm.

What am I doing? I've never put my hands on another man before. I'm taking this way too far!

Or maybe I'm not taking it far enough. After all, he is pretty dang handsome.

His muscles are way bigger than mine were as Julian, and he's got some nice abs.

He's got such a cute smile, too! How come I never noticed that before?

I can tell that he likes the way I'm touching him. I wonder what would happen if I push this a little bit further?

You know, it's been a while since I… I mean we've been this intimate. All that time has made me forget some things.

And what would those things be?

The way it feels to have someone else holding onto me like their life depended on it.

And I especially forgot about your big, strong hands on my soft body. How could I forget something so good?

I'd be happy to remind you of anything else that you might have forgotten.

I'm curious to see what you have in mind.

For starters, I can't remember the last time I felt your thighs rubbing up against me.

That doesn't bother you, does it?

Not in the slightest. Although I've always been more of a breast man.

Lucky you. I've got both in great quantities.

Fuck! I haven't been this turned on in months. If she keeps this up, I'm gonna burst.

I can feel him growing more and more stiff against my leg.

Damn, this boy is packing! Keep pushing him and see how big he can go!

Is that a water noodle in your trunks, or are you just happy to see me?

Heh, you know that I can never help myself around you. In fact, you've only gotten sexier since becoming a mom.

I didn't know that you had a thing for MILFs. But I'd be happy to indulge you.

I can't believe that I'm kissing another man!

But I also can't believe how good David is at it. And I can feel him growing even bigger.

I don't know if it's because she's pent up, but she's way more energetic than usual.

Wow, I can't remember the last time anyone kissed me like that.

Just one of the perks of being Mrs. Chloe Price. And there's more where that came from.

Wanna take this somewhere a little more private, honey?

Wait, what am I doing? I can't let these sexual desires control me.

Are you sure you want to do that right now?

I'm definitely sure of it. Don't you think we should be a little spontaneous while we're here?

He does have a good point. Or two. I'd love to get a better look at what he's packing without those swim trunks in the way.

Even if I'm curious, I shouldn't rush into this and do something I might regret later.

As great as that sounds, shouldn't we save the best for last?

And what exactly did you have in mind?

We could have our nice, romantic dinner, share a bottle of wine, and then see where the night takes us.

You did say that you wanted this trip to refresh our relationship. So let's enjoy each other's company before getting to the good stuff.

I've always felt that making love is much better after a little romance.

I never knew that you were such a tease.

There's a lot that you don't know about me, sweetie.

I'd love to know everything about you.

Are you asking me out on a date?

I guess I am. Heh, I feel like a nerdy teen asking out the hottest girl in school.

This hottie happens to have a thing for cute, handsome nerds.

I'm so glad I reminded you to pack a great evening dress. I've always thought that was your best dress.

Thanks, I always like to leave my date wanting more.

Although, after seeing this in Chloe's closet, I had to know how I looked in it.

After you, madame.

You're such a gentleman.

I'm used to pulling out a woman's chair, but it feels kinda nice to be on the receiving end for once.

Good evening, sir and madam. Can I start you off with something to drink?

Sure. Bring us a bottle of your best red wine.

Excellent choice, sir.

Isn't something like that super expensive?

It could be a thousand bucks for one bottle of wine, and it'd still be worth it.

You deserve the best that this resort has to offer, and you're gonna get it.

Giggle!

You sure do know how to spoil a girl, don't you?

The way I see it, you've had to sacrifice so much to be my wife. Your modeling career, your social life, and more.

You've given me so much and I'm not sure if I can ever repay you. But this is one way that I can show my appreciation.

Wow, Dad was right. David really does treat Chloe like she's a queen.

You know... I wouldn't mind being his queen. As long as he gets to be my king.

You seem a little nervous. Is the wine not very good?

No, the wine is excellent.

The truth is that... it's been a while since I've gone on a date.

True, we haven't had a date night since Eli was born.

I've found that the best icebreaker is to tell your date something they don't know about you.

Want me to go first?

Uh... sure.

It's kinda silly that I haven't told you this before, but...

The happiest moment of my life was seeing you holding Eli in your arms after giving birth.

Really?!

I've always believed that I'd eventually find my perfect life partner. And when I met you, I knew you were the one for me.

When you gave birth to Eli, I finally got what I always dreamed of: a family.

You and Eli have given my life a purpose. And I'll always love you for that.

Wow, I had no idea that David wanted to find the perfect partner and start a family.

I didn't think anyone else believed in that, except for me.

And those words of love hit way harder when he's saying them about ME.

Well, I'm glad you told me about your secret, now. I'm touched that you feel that way about me.

Good. I was a little afraid of how you would react.

Alright, it's time to share your big secret.

M-my big secret?!

Sure. Maybe a long lost twin, or an embarrassing childhood memory?

Y-yeah, I think I got something.

This could be it. I've got to let him know that I'm not really his wife.

But if I did, that would crush him. He'd know that he's on a date with an impostor, and that his real wife left him and his child.

I mean, look at him. He's so sweet, and just wants to be the best husband and father that he can be.

Even if this life as Chloe is being forced on me, I could never break David's heart like that.

I... I never told you that I've had some doubts about wanting to be a mother.

Really?! I... I didn't know that you felt that way about Eli.

It's not so much about Eli as it is being in the mommy role. I've never felt like I was cut out for it.

Caring for another life is more than a full time job, and I've never had the experience to feel like I'd be a good mother.

The responsibilities are a little daunting. And that scares me a bit.

I don't think you're a bad father. This is all on me, not you.

Of all the paths I've thought about taking in life, motherhood was never close to being considered.

You can understand that, right?

Of course I understand how you feel, Chloe.

I've had those same fears about being a father and a good husband.

When you become a parent, it feels like you have to become a different person.

But... isn't that the price every good parent has to pay?

To put the lives of their children before anything else?

That's the risk we're taking together.

Sometimes things don't work out how you wanted them to.

When that happens, I've always found the best thing is to show the world that you can handle anything it throws at you.

Wow... I never really thought of it that way.

I saw the way you were looking at Eli after he crawled to you today. He's a smart, loving, and sweet little boy, and it's all because of you.

You're a wonderful mother, Chloe.

Even if you never thought about being a mother, you're doing a better job than most.

One day, Eli will grow up to be a responsible, caring man, with his own family. And he'll have you to thank for that.

I hadn't thought about the rewards of motherhood, or its full enjoyment.

And he's right about me doing a better job than some mothers. Unlike the real Chloe, I can be here for David and Eli.

What am I so worried about, when I can be the better Chloe?

When you put it like that, it sounds like there's way more potential to my life as a mother and wife than I'd ever considered.

I could tell that you've been stressing out about the situation at home.

That's why I wanted you to have this vacation.

I've had a lot on my mind lately. But when I'm with you, my problems don't seem nearly as bad.

I feel like I can let loose with you. So, want to hear another big secret?

Another secret?

The truth is that I've always believed that I'd find my perfect partner someday, too.

For a long time, I tried to find the perfect love for me, and never got anywhere. I almost gave up hope.

But then I met you. You make me want to be a better person, for my one and only.

Now that's a secret I love.

But there is one thing you left out... Am I your perfect partner?

I've been giving that a lot more thought lately. You've certainly met a lot of my criteria.

But there are a couple more "tests" that I'd like you to take before I can be absolutely sure.

I've always been great with tests. But that might have been because I was a teacher's pet.

If you test well, then you'll be so much more than this teacher's pet.

Well now you've piqued my interest. What tests did you have in mind, Mrs. Price?

A few things that I've been considering since you got home this afternoon.

I've learned how sweet and caring you can be. But now I want to know how much of a man you really are.

You make that sound like a challenge.

You were just telling me that I should grab life by the horns, and that's exactly what I intend to do.

GASP!

Ahhh! I didn't know you were this frisky, baby.

I never thought I was frisky, either.

But you've had my heart racing all day long.

Heh, I see you're taking my advice about being more spontaneous.

That's what people do on their honeymoon, right?

I've been having a wonderful time so far with dinner, but I want to share my dessert with you.

I want you to take me back to our hotel room and show me how great it is to be a woman.

I want to be screaming your name until the sun comes up, and to be proud to call myself Mrs. Chloe Price.

I can't tell you how happy I am to hear you say that.

In that case, I shouldn't keep my wife waiting any longer.

If it's a man you want, then you'll get one.

Then lead the way, handsome.

I can't remember the last time you were this aroused. It's a good look for you.

Giggle!

Speaking of a good look for me, I have something just for you. Give just one minute, sweetie.

I'm glad to see that Chloe wants to break out of her mother shell.

But even I didn't expect her to be so forward. I guess not having sex for several months has had that effect on her.

I always thought Chloe was the hottest woman in the world, but with the way she was talking back there about me showing her a good time...

She just got a whole lot sexier in my book.

Okay, you can turn around, now.

Sorry about the wait, but I wanted to look my best for you, David.

Oh my god, Chloe! You're... Y-you're...

That's the kind of reaction I was hoping for. Stunned silence.

Glad to know that I have that power over you.

I'm just... in awe. I didn't think you could get any sexier, but I've never been happier to be proven wrong.

I like to think I know what men like. And I want you to enjoy this as much as I do.

I'm not sure where this new provocative side of yours is coming from, but it makes me want you even more.

Then let me show you just how seductive I can be.

Let me help you with that shirt, honey.

It's only getting in the way of those yummy muscles of yours, anyway.

I wanna get a good look at my husband.

And I wanna remember what it feels like to hold my wife in my arms.

GASP!

I've never been picked up like this before. But as long as he holds me like this, he can do it as often as he wants.

Have I mentioned how much I love your breasts?

Not recently, but I can see why. I think everyone in the family adores my girls.

I think your breasts have gotten even better since you became a mother. I've always been a sucker for big boobs. Literally.

Then they're all yours, baby.

MOAN!

Oh fuck, David! I love the way that feels...

Don't stop playing with them!

God, his tongue feels so amazing. I can't get over how sensitive Chloe's breasts are!

No, these aren't Chloe's breasts. She doesn't deserve to have this kind of pleasure with David.

Tonight, these are my breasts. And David is my man, not hers.

As much as I love you in this nightie, I want to see all of your natural beauty.

I was wondering how long it would take before this nightie hit the floor. I'm glad it wasn't too long.

Because now you get to see what this hot momma is working with.

I've been waiting for months to hold you like this, Chloe.

I don't know how, but you've only gotten sexier over time.

Damn right, I have. And tonight, this body is all yours, David.

You can do whatever you want with me.

Then tonight really is a dream come true.

But first, I want to give my woman a little taste of what's to come.

Giggle!

I could get used to looking up at you like this.

Mmmm, that feels so good!

I love the feeling of your hands roaming my body.

It helps that I know all of your most ticklish and sensual parts.

Especially down here.

moan...

Oh God! Ah! Keep going, baby!!

Fuck, this feels even better than getting my breasts sucked! And he's so wonderful at this.

He knows my body better than I do. He's had years of practice, and now I get all the benefits.

Holy fuck! He's hitting everything at once! I've never felt something so amazing before.

Plus I can feel his cock rubbing up against me. It's making me anxious just to get a good look at it.

I want to know what my husband is packing.

God, you're so wet, baby! I can tell that you really want this, don't you?

Keep going, David. Please don't stop playing with my pussy!

I've got something even better in mind. Get on the edge of the bed for me.

Oh hehe, I think I know what you're up to, now.

Good. Because if you loved getting fingered, then you'll love this even more.

Just sit back and relax, honey.

MOAN!!!

Oh God, yes!!

Mmmmm!!!

Fuck! You were right, Davy! This feels even better than getting fingered!

That's it! Slide your tongue in deeper!

I never knew getting eaten out felt this good for women. It feels even better than a blowjob!

Everything is so much more intense as a woman. Those little nibbles of his are driving me crazy!

Every lick from him is better than the last!

I don't know how much more I can take before I... I...

Oh fuck, David! You're gonna make me cum!

MOAN!!!

AHHH!!!

PANT!
Damn, baby. You sure know how to show a girl a good time.
PANT!
I'm glad you enjoyed that.
You always did say that you love it when I eat you out.
Giggle!
What's so funny?
Just that you're as much of a gentleman in the bedroom as you are in real life. You put my needs and desires ahead of your own.
Now it's your turn to be the lucky one.
After everything you've done for me today, it's only fair that I return the favor.
Are you sure, honey?
I know that you always hated giving blowjobs, so I don't want to impose anything on you.
That was the old me, Davy. The new me is spontaneous, and dying to get up close and personal with you.
And the old Chloe isn't coming back.
Heh, in that case, I'd hate to keep the new Chloe in suspense.
GASP!
Oh my god!
Look at the size of that thing! Another reason to be jealous of David.
Then again, there's nothing to be jealous of when I've got this sucker in my own hands. I can do anything I want with it.
And I want David to feel as good as he made me feel.
Mmmm, yeah!
Fuck! She keeps finding ways to surprise me tonight.

That's it, baby. Lick the head.

I can't believe that I'm licking another man's cock, and I'm not repulsed.

He's a lot more musky than I imagined. I can almost taste his masculine scent on my tongue. It's kinda savory and intoxicating.

That smell makes me want to go even further!

I wonder how far I can take this bad boy?

Oh, that feels so good.

Mmmppff.

I've never had a cock in my mouth before, so I'm not really sure what to do now.

Just take it easy, girl. You've been on the receiving end of enough blowjobs to know what guys like.

Slide the head into your throat and suck it like a lollipop.

Keep using that tongue underneath his shaft. Now you're getting the hang of it.

Oh yeah, Chloe! Keep going!

I bet he'll love it if I play with his balls, too.

Ah, fuck! Mmm, that's it!

Listen to him moan!

There's nothing quite as satisfying as making your husband feel so good.

But I know that I can go even further than this!

I can't resist him. His dick is driving me crazy!

I want to know what it feels like to deepthroat my husband's cock.

There you go! Just relax your throat.

Fuck, baby!

I didn't know blowjobs could feel this good!

But isn't this kinda fucked up? I'm sucking another man's cock while pretending to be his wife.

I AM his wife. I can remember our wedding clearly.

Heh, we're even on our well-deserved honeymoon right now.

And the sooner I get over that, the better this will all feel. Especially his yummy cock.

Oh! That's it, Chloe! I'm getting so fucking close now!

MOAN!

Listen to my man purr.

I'll give him something to send him over the edge. I wanna feel his cum going down my throat!

Fuck! That feels so fucking amazing!

I'm cumming, baby! I'm cumming!

That's it, David! Cum for me! Cum for mommy!

I wanna taste it all!

PANT!

Holy shit, Chloe! I can't remember the last time I came that hard.

Mmmmm!!

I love the way his cum feels going down my throat.

It's so sweet and savory. And there's so much of it!

I had no idea you were so good at giving blowjobs.

Once I got my hands around your cock, I couldn't help myself.

Just like I am with those breasts of yours?

Giggle!

I guess we both can't get enough of each other's gorgeous bodies.

I didn't think watching you lick my cum off of your lips would be such a turn on, but it's getting me all worked up again.

Good, because we're just getting started, baby.

I know you want a whole lot more than a blowjob tonight, and so do I.

I told you at dinner that I wanna be screaming your name all night long.

Now that we're both lubed up and hungry for each other, it's time for round two.

Get over here and fuck me, David.

Heh, I'm loving this new Chloe more and more. Your boldness is so sexy.

You said you wanted to reignite our marriage. Think of this as a new beginning.

One where you get to fuck my brains out any time you want.

In that case, I'd better give mommy what she wants.

AAAHHH!!!

MOAN!

Fuck!! Give it to me, daddy!

Oh God!! He's going so deep inside of me!!

MOAN!

moan...

This is so much more intense than anything I've felt before!

And it feels fucking amazing!

God damn, she feels even tighter than I remember!

Guess I'll just have to break her in all over again.

Oh yeah! You're so fucking big, Daddy!

Fuck, yeah! Does Mommy like it when daddy thrusts her like this?

MOAN!

YES!! Yes, Mommy loves it!

Keep thrusting, David! Fuck me harder!!

Mmmm, David's really going all out now.

It feels like his cock is going to rip me in half, but it feels so good!

I can't believe that it feels this good for women!

It keeps getting better each time I feel his cock fill my pussy!

I know a way to make it even better!

Hold up, honey. I wanna get on top of you.

I want you to see my body while I ride your cock.

Sounds like the best of both worlds. Ride 'em, cowgirl!

This feels even better! Ahhh, you're so deep!

moan...

Fuck yeah! Ride me, Chloe! Mmmm, you're so sexy like this!

I could watch her tits bounce like this all day!

YES!! YES!! Oh, I just can't get enough of Daddy's cock!

AHHH!!!

Ahhh!! And Daddy loves the way mommy is grinding it, now.

MOAN!!!

I just love the way dDddy's cock fills me up.

This is incredible! I've never felt this good during sex! And I just love talking dirty to Davey.

I don't ever want this to stop!

It never has to stop, girl. David is your man and you're his woman!

Oh my god! Oh, David!! David!

I can't believe it, but things really are better this way.

Once I stop fighting these new feelings, the answers become so clear.

I want to keep being Chloe!

Who cares if I'm stuck like this? I've got a much better partner now than I ever had as a man.

That other Chloe doesn't know what she's missing!

That's it, Chloe! Ahh, you're so fucking amazing!

Even if this was a fuck up, I'm not going to let that stop me from having the life I've always wanted.

And now I *want* to be that hot MILF for my husband.

And if I keep this up, I'll be giving David another kid!

Fuck, baby! I can feel your pussy tightening around my dick!

I'm gonna cum, Chloe!

Me too, David! Mmmm, I'm cumming too! Let's cum together!

That's it, baby! Cum inside of me!

AHHH!!!

AAAHHHH!!! YES!!

MOAN!!!

Oh fuck, David!! Cum for me, baby!

That's it! I can feel his warm load inside of me! He's filling me up! Make me a mommy, David!

I don't care if I'm supposed to be a man. I don't even care that I just let another man cum inside of me.

After tonight, this is who I am.

I am Mrs. Chloe Price, a loving wife and a caring mother.

Wow, I... I'm so amazed that I'm at a loss for words.

I think what you want to say is that was the best sex you've ever had.

Without a doubt.

I never thought that you'd turn into a nympho when you became a mother, but I love seeing this side of you.

I'm so glad you feel that way, because I loved the feeling of my husband's cum filling up my pussy.

You were so right, babe. This vacation is exactly what I needed to rediscover myself.

And now I don't want it to end.

It doesn't have to end so soon. I could take the whole week off from work, and we could spend some quality one-on-one time.

I'd love that. And maybe we could see a weekly return to date night?

But what I really meant is that I don't want this night to end.

Wait, you mean- AAHHH!!

I mean it's time for round three, Davey!

You've been treating me like a queen. So now it's my turn to treat you like a king.

I had no idea Chloe had this much energy. She's insatiable!

But that's only going to make this week even better.

Now this is the honeymoon I've always wanted.

One vacation later...

Mom! Dad! We're home!

Welcome home, sweetie! We didn't expect you to be home for another two days.

We were going to spend the last couple days at the resort, but we both missed Eli so much that we wanted to spend the rest of our vacation here.

That's so sweet of you. How was your trip?

I had a wonderful time with David. A vacation was just what I needed.

We're so glad that you and David enjoyed your week off.

Ma ma!

Hello Eli! Did you have a great time with grandma and grandpa?

He was so good this last week. I swear he's getting closer to standing up every day.

Thank you so much for taking care of Eli for us. You two are the best.

We always love to help out you and David. Any time we get to spend with Eli is a treat.

Bah bah! Ahh!!

Oh dear. Looks like someone's hungry.

We were just about to feed him before you showed up, but he was loving his bath so much.

That's alright. I don't mind feeding him now.

Besides, mommy wants to spend some time with Eli. Let's go get you fed, sweetie pie!

As amazing as this last week was, it did make me appreciate what I have here with Eli. Now I won't ever take it for granted.

There we go, Eli. Drink up. I'll bet you missed this. Mommy missed it, too.

This really is the life I've always wanted.

A great marriage with a very exciting sex life, caring parents, and a child to love and hold. My family is complete.

In a strange way, I should be thanking the other Chloe. If she didn't hate her old life, I wouldn't be here, breastfeeding Eli.

I hope that she's happy with her new life, because she's never getting her old one back.

If she doesn't wanna be a MILF, then I'm happy to be her, instead.

David and Eli deserve a devoted, loving wife and mother. And I'm gonna make sure they get one who loves what she does.

Even though I may not be Eli's biological mother, that isn't going to stop me from being the best mommy I can be.

Maybe David and I can give Eli a brother or sister and make our family even better?

Hey, how 's our little man doing?

He's hungry. I think he missed us even more than we missed him.

I still can't get over how stunning you look while holding Eli. You really are a great mother.

And you're a terrific father and husband.

Then I guess we really are perfect for each other.

I love you, Chloe.

And I love you, David. And Eli too.

The End
