Dear Diary,
Today marks five months since I stopped being Brock and became Rosita, candidate to be Mistress Reina's bitch. Five months of training, servitude and humiliation, but all that effort will be worth it if Reina accepts me as her personal slave. She told me that if I pass all four of her tests, she would let me be her property. And I've already passed three of them!

The first one was to shave off all my body hair. That was pretty painful and embarrassing, but she really liked it...

Smooth and clean.

Nice!

The second test was to grow my hair and then dye it blond.

Hey there, Goldilocks. How's it hanging?

He he... O.. ok

Since then, every time I enter the office I want the ground to swallow me up.

Her third test was to make me serve her and her friends as a maid during one of her private parties. That was kind of easy and quite enjoyable, but then she revealed there was a second part of the test.

I think it's finally time for Rosita to start her special training!

Let's start with this little toy. It's about the same size as your clit.

Can you believe they come this small?

Look how much she's enjoying it, Maria. Tell us how much you love getting fucked!

For hours I was forced to try all kinds of dildos, each one bigger than the last.

Y-yes, Mistress! I love it... I love being fucked!

Well, she's gotta get some pleasure. It's not like that little peanut is good for anything!

That wasn't my first time taking a dildo, but it was pretty painful, anyway.

To my great surprise, this morning she told me what she had in mind for my final test.

You and I will go shopping together. Pretty cool, right?

Of course, you must do EVERYTHING I say. Otherwise, I'm afraid I'll have to find another slut to work on, understood?

Going shopping with her? Doing whatever she said? In public?! I didn't like the idea at all, but I've come too far to lose everything now!

I've never loved anyone as much as I love her, and I'm determined to prove it.

Yes, Mistress Reina, as you wish.

To be honest, I was extremely nervous about what could happen that evening. I had no idea what she had in mind.

She took the bus to the mall. I've never been so humiliated in my life! It was packed and everybody stared at me. I wanted to die!

Hey, it's Barbie Boy!

Man, what a fairy!

Easy with the makeup, gurl!

There was something fishy about our first stop. Why would Reina want to shop in a store that just opened?

GRAND OPENING 30% OFF

She always buys clothes in the same store...

I was so nervous. I had no idea what she was planning.

But then I saw her and I understood everything...

Hello!

Hi there! I'm Susan...

One second...

Brock, is that you?!

Wait, do you know my Rosita?

Rosita?

Cute name, right?

I named her after a doll I used to play with for hours when I was a little girl.

It suits her, doesn't it?

So, you and my baby know each other?

Well, yes... We used to work together in the same office some time ago.

Oh, Really!

I totally didn't expect that...

I'd love to know more about Rosita's past! I bet you have some stories to share. In fact, why don't you help me pick out some clothes for her?

Of course. It'll be fun!

We were looking around the store for a good while. Reina is a very outgoing and sociable woman, so it didn't take her long to become friends with Susan.

Do you think she would look cute wearing this?

Oh yes! But I think pink suits her better.

Are you kidding me? My doll tried to hit on you TWICE! Who'd have thought?

He he... it was kinda cute.

OK, we must go try all these on in the fitting room.

Just one sec. I'll get the key so you can dress your little doll!.

Why don't you come in too and help me dress her?

WHAT!?

Come on! You won't see anything you haven't seen before.

Besides, what will you do out here? We're your only clients.

You know what? You're right.

Count me in!

GREAT!

Rosita, take off those awful clothes!

I couldn't believe it! I thought I was just going to go shopping, not being naked in front of my old crush! I had to swallow my pride and say the only thing I could...

Y-yes, Mistress!

Come on, Rosita! Everything!

OH MY...!

So, now I'm sure you regret turning him down, right?

I mean... look at his little clitty!

Do you think he... er she could please any woman with it? HA HA HA

I never felt more humiliated in my life. The worst part was that I loved it, and Mistress Reina knew it. I really tried my best to not get an erection in front of Susan...

... But I failed.

Looks like he likes this!

What the...!

You little horny bitch! How dare you get hard here!

Hands on the wall, NOW!

Eh, don't worry! It's OK, you don't have to...

There I was, naked and shaking, with my ass fully exposed. Susan probably was thinking I was a wimp or a loser. However, I was far more worried about what was coming next...

SWIIIISSH

SLAP!

SMACK!

WOW!

Ouch! That must have hurt... He he he!

That's enough. Now apologize to Susan.

I'm r-really sorry, Miss Susan.

Heh, don't worry!

Good thing I made him bring his cage.

Oh, here it is!

Poor thing! That must be quite uncomfortable.

It's only uncomfortable when she gets hard.

Otherwise, that little worm has plenty of space in there.

OK, now that that's taken care of. We need to find some new outfits for my little doll!

Oh, and I want you to model each outfit for me.

You know how much I like to take photos of you, baby!

Slutty and elegant.

And the best part is that anyone can see you're not wearing panties!

Come on!

I want a big smile!

Nice! You could earn some money for mommy with that outfit!

SEXY

That's right!

Pose for me, bitch!

Can I be in the picture too?

Sure thing!

Baby doll, kiss her ass like a good girl!

OH MY GOSH!

My chastity cage was killing me. I could barely resist the urge to touch myself!

Oh my goodness! You are a doll!

That dress looks fabulous on you!

Seriously, you look so cute, I could eat you up!

No more talk! We'll take it!

Here's her credit card...

Excellent choice!

That dress really suits her.

We'll be up in a few minutes, Susan.

I need to talk to my girl alone.

No problem! I'll be waiting at check-out

Well, I have to admit... I'm impressed! You've been a good little gurl!

You've done everything I asked, suffered all that humiliation for my amusement. What else could I ask for in a sissy slut?

So, because you've been so good and worked hard to please me...

I have a little present for you!

That's right! A butt plug!

Not as big as the one I usually make you wear, but I wanted you to be able to walk straight.

You'll be caged and plugged at all times from now on. This will ensure you are always reminded of who owns you!

I couldn't believe it! I was already used to wearing a butt plug for her at home, but in public?! What if someone notices? It was bad enough to be dressed like this in public, but to be mistaken for a pervert?

But what else could I do? I didn't want to disappoint her. I was determined to be her slave, no matter what!

A-as you wish, Mistress Reina.

I was shaking with embarrassment. I never got used to being exposed like that.

Of course, I brought some lube with me. See? I'm not that cruel.

Lube

Now open that pussy for me, Rosita.

Quiet! Or I'll tell Susan what a dirty little whore you really are!

Done! Now, thank me!

Hey Susie!

Sorry for keeping you waiting so long!

Thanks so much for shopping with us!

REMOVE CARD PLEASE

Thank you for all your help! I'm going to tell all my friends about this place.

Hope you don't mind if they bring their dolls in too?

Not at all! Especially if they're as fun as you.

Well, Susie, we have to go. Bye-bye!

Good bye, girls!

Wait a second...

What's that...?

OH MY GOSH!

I didn't realize the butt plug had a little tail until much later.

Just think how many people saw that damn fluffy thing coming from my ass! What did they think of me?

Luckily, Reina was tired so she decided to take a taxi instead of the bus.

2330 Libby Street, please. And you, massage my feet!

Y-yes, mistress.

Eh... Right away, miss.

Once we got inside Reina's apartment, she ordered me to change into my sexiest clothes.

"You passed my tests so you are now officially my slut ", she said. "And that is worth celebrating, don't you think?"

The first thing she did was give me my official collar. I couldn't believe it! She finally accepted me as her personal slave! I was SO happy!

She also removed my chastity cage. What a relief! I was afraid she would make me wear it for days, like the last time.

Finally, she ordered me to wait outside the bathroom until she was ready. I was so anxious that my hands began trembling!

When she came out of the bathroom, I felt I was the luckiest sissy in the world.

Let's drain those little balls of yours, Rosita.

She led me to a mirror that was on the wall.

Put that tiny toy between my legs, slave.

Now put your face between my cheeks!

That's right, slut! Eat my ass!

WOW!!

Easy, gurl!

I know you're a horny little bitch, but...

At least try to slow down or you will cum too soon!

Mmmhmmk!

See what I mean, whore! Even my legs are too much for you!

It's kind of sad, you know? Months of humiliation and training, and you barely enjoyed a couple of minutes of your reward.

HaHaHaHa

Look at the mess you made on my mirror!

What are you waiting for? Clean it up!

Oh, what a good little girl you are!

Always doing what your Mistress says...

Remember how you were some months ago? Because I do!

Damn, I did a really great job with you, bitch!

Aren't you proud of yourself?

Strange as it sounded, I've never been more proud of anything in my life.

After fighting for months, she finally accepted me as her slave.

I became what I always dreamed of becoming...

And I think she felt the same way as I did...

Well, you've had your fun. Take a bath and then get in that kitchen and make me dinner.

Yes, Mistress.

From now on I'll obey every word Mistress Reina says, no matter how humiliating her order may be. I want her to be proud of herself every time she sees her slave in action.

"That's my new mission...."

"Luckily, I doubt she can come up with something worse than what she made me do today."

HAH HA HA

ROSITA

Oh, my little Rosita...

Are you challenging me or are you really so naive?

Anyway, that doesn't matter as long as you keep being a good sissy.

Y-yes, Mistress Reina!
