

SHOW N TELL - PART 1

Performed by Scarlett

This story is a work of fiction, and all characters are over the age of 18.

"Honey, your father just left for work, and your sister is still over at her friend's house. I know this is an odd question to ask, but...would you like to come down to my room, and I'll show you my titties?"

"I've seen how you stare at my big boobs here lately, young man. I know mommy's been...kind of a tease, wearing blouses and tank tops that show off all sorts of creamy tit-cleavage. It's gotten you excited, hasn't it, honey? It's made the crotch of your pants bulge with hard, throbbing meat."

"You know, there's not really anything wrong with getting a hard-on from your mom. It's only natural. I'll admit, sometimes when I'm around you my fat nipples get...really stiff. And my panties get...well, they get soaked with my juices."

"It's not like we can control what our sexual body parts do when we're around each other. We're both animals after all, and it's just nature doing its thing."

"Your dad wouldn't understand, of course, but what he doesn't know won't hurt him. That's why I was thinking that you could come to my bedroom, since we're the only ones home, and we could play show n tell."

"I could show you my huge soft boobs, and maybe even my shaved pussy. And you could show me what's making such a magnificent tent in your pants. Mmm, I know you'd like to show it off."

"So, come down to my bedroom, honey. Let's spend some time as mom and son, getting acquainted in a whole new and wonderful way."

"I'll lock the door...just in case. The last thing we need is for your dad or sister to come home unexpectedly and catch us staring at each other's nude bodies."

"You know, it's not that uncommon for a mom and her 18 year old son to be naked around each other. A lot of the local moms I'm friends with, even let their sons masturbate with them. In fact, a few of those mothers are even giving their boys hot, sloppy blowjobs or engaging them in a hard, nasty fuck."

"So, my point is...we don't have to be embarrassed or ashamed around each other. Nudity and sex, even between mother and son is just...natural."

"Anyway, honey, since this naughty game of show n tell was my idea, mommy will go first. Why don't I...start with my top and bra so you can watch me set my big titties free."

"Oh, your eyes got so big all of the sudden. Do you like my bra, sweetheart? Isn't all this black floral lace pretty, oh and look honey, you can see mommy's areola and nipples the cups, isn't that cool?"

"Ok, let's get this big thing unhooked and release the girls for you. (unhooking)
Tah-dah! Big boobies!

What do you think, sweetheart? Don't mommy's tits look soft and heavy?
FYI - this deep cleavage is perfect for motorboating - you could get lost in there.
And look at these fat nipple. Do these not look absolutely suckable?!"

"Alright, cutie-pie...your turn. Get that shirt off and let mommy check out that hot, young bod!"

"Mmm, oh wow. God, look at how lean and chiseled you are, sweetie. I wish your father looked that yummy. I um... know sounds bad, but your body, it's the kind that we moms think about when we rub our clits and make ourselves cum."

"You know, you've hardly looked at my face at all since I took my bra off. Do mommy's big titties have you distracted baby? Yeah? Are they making your big boy penis throb and leak in your pants? Mmm, I bet they are."

"I bet you'd love to spend the day beneath mommy's tits, wouldn't you? Your face

mashed against their soft, warm flesh. Stuffing at much of the peaks as you can into your greedy little mouth, nursing on mommy's fat, rubbery nipples like a naughty little newborn."

"Don't worry, sweetheart. We may not have time to let you ravage mommy's boobs today, but I do plan on letting you hold and squeeze them. But not until your briefs come off. Mom wants to see that stiff cock leak and twitch while you grope my heavy jugs."

"But before THAT can happen, we need to shed more clothes, starting with mommy's skirt."

"Mmm, what do you think honey? Do you like mommy's naughty little panties? Look how they're just tiny strings crossing my hips, and a scrap of lacy fabric hugging my crotch. Get down on your knees, baby, so you can see it better."

"That's better. See how the fabric molds to mommy's vulva, and the plump lips of my labia right down here form a juicy camel toe?"

"Oh you can smell that, huh? You like smell, honey? You like the smell of wet pussy? Yeah?"

"Let me turn around here so you can see the back.

I know, I know, it looks like I'm naked back here, but that's only because the G-string is completely swallowed up by these big meaty butt cheeks. See, there it is."

"I'll have you know that your mom's bubble butt is one of her best features. Can you imagine an ass like that beating against you? Those luscious cheeks bouncing and rippling. That's prime MILF meat right there, baby boy!"

"Alright, stand back up and get those shorts off, young man. It's your turn. Come on, don't be shy. Get 'em off!"

"Oh! Oh god...wow! Look at how it's... Oh fuck, honey look at how your briefs are

just molded to the outline of your erect cock! Good grief, you look like you're gonna burst right through the fabric."

"Now you got on your knees to study me, so it's only fair that I get to do the same. Damn, it looks so hard! Look at how your fat knob is pushing the fabric out right there, oh my God and look there's even some pre-cum soaking through the material, sweetheart."

I'm gonna say...just from looking at it through your underwear that you're at least 8 inches, am I right?

"NINE?!" Oh my God, are you serious!?"

"Holy shit, my son has a 9 inch dick, I'm so happy!"

"I know, I know, proud mom moment! It's just that...well, to put it bluntly, you're gonna be able to slay pussy with that thing, sweetie. You probably already are."

"Oh, stop acting all modest - you know it's true. Most all girls are size queens who love big dicks, and with good reason. Some of the most powerful orgasms a woman can have are one from stimulating the deepest parts of her pussy."

"The posterior of her fornix, the cervical head, the nerve clusters back there where few guys can reach are some of the most powerful, and can result in mild-blowing female orgasms."

"Unfortunately, your father's dick is only averaged sized, so let's just say it's been awhile since I've been touched in those spots. With the exception of a dildo, of course, but it's just not the same."

"I prefer to have those spots plowed by the hot flesh of a hard cock - a fat, leaky knob carving through my secret area, painting it white with huge splatters of cum."

"Alright, enough reminiscing. Time for mommy to take her panties off. Unless... you'd like to do it. Would you like to peel my panties off, baby? Yeah? I would

imagine with a dick like that you're probably getting to be a pro at it, am I right?
Well then come show me."

"Oh look at you, brave boy, peeling them right off my crotch and ass and down my silky legs so mommy can step right out of them. I love the way you did that."

"What do you think, honey? Doesn't mommy have a pretty pussy. Shaved bare and smooth like a baby's bottom. My big plump lips and my fleshy hood peeking out, protecting my fat juicy clit."

"You can get closer. Don't be afraid of it. Here, let me pull back the outer lips so you can see inside the slit. Mmm, see all that pretty pink?"

"Yeah, IT IS wet, isn't it? Mommy's secreting natural lubricant, just like you are sweetie, on the tip of your big teenage dick."

"Do you like the look of my pussy, sweetheart? Yeah? Does it look good enough to eat? Have you ever devoured a MILF pussy before? It's a lot different than the pussies of girls your age, you know. How so?"

"Well... it's hotter...

It's juicier...

And it's way more fragrant.

It's like biting into a plump, ripe peach. The flavors just explode all over you."

"And now we get to our final piece of clothing, and I'll admit... it's the one I've been looking forward to. So stand back up, handsome boy, and take off your briefs for mommy."

"(Gasp) OH MY GOD! WHAT A DICK! Well, I think it's obvious that you've taken after MY side of the family in the size department. Your Grandmother, my two sisters, we all have ridiculously-oversized tits, and your dick, well, it's probably one of the biggest I've ever seen."

"Ok, back onto my knees I go to examine this beast up close. Good grief, honey,

could you get any harder?! It looks like a steel bar covered in pink silk, and those veins, fuck, they're so...engorged. Look at how your shaft curves slightly upward. You could not have a more perfectly-formed dick!"

"Yes, I mean it. Look at that knob! It's so bulbous and ready, and look honey, you can see a bead of pre-honey seeping out your piss-slit."

"Could I, umm... oh never mind. No, it's nothing I was just... well, I mean, if you wouldn't mind... could I um, taste you? It... wouldn't be a blowjob or anything I would just be licking your pre-cum off the tip."

"You're sure you don't mind? You're an absolute angel (Licking and humming)"

"OH GOD! Oh, no, baby, I mean oh God in a good way... you taste divine. Sweet, like pineapple juice, and slightly salty. I'm just gonna take one more quick lick, ok?"

"Actually, there's a lot more leaking out now, so... I'm gonna put your entire knob in my mouth this time if that ok, just to make sure none of your boy-nectar gets away. (Humming, licking)"

"Oh, um...ok, I better stop before I literally start giving you head. Besides, I promised you could play with my titties, and I'm a mom of my word. So here, go ahead sweetheart, take big handfuls of tit-flesh, don't be shy. Mmm, yes, just like that, squeeze the titties feel how squishy and heavy they are. You don't have to be gentle, you won't hurt them."

"Mmm, Oh fuck... yes, pinch my nipples baby, feel how hard they are."

"You know, I did put my mouth on the tip of your cock so, it wouldn't really be fair if I didn't let you...put your mouth on me and suck on a nipple. Go ahead, you boob-loving boy...suckle on one of mommy's teats."

"Oh God, yes, just like that...that's perfect. Suck my fucking tits baby boy. Show mommy what a naughty little tit-hound you are."

"Oh, God, I'll admit...you're making me feel really, really horny. The way your sucking my titty so well, you're making mommy have...naughty thoughts...thoughts of sex, with you...your dreamy cock moving inside of me, inside my hot, wet, pussy, coated in my juices."

"Can you imagine it? My big breasted MILF body, and your lean teen physique and enormous cock wrestling in sexual penetration. Our bodies bucking, thrashing, fucking. Like a couple of ravenous animals."

"Baby, I don't suppose you'd... I mean, I understand if you say no, since I'm your mom and all, but I, well your cock is so raging hard, and my pussy is drenching wet, so...I was wondering if maybe you'd like to --"

"OH SHIT WHAT WAS THAT? Honey, stop sucking! Oh fuck, your sisters home, we need to get dressed quick, I'm sorry baby."

"Fuck, I didn't think she'd be home for at least another hour. Oh, that girl...what terrible timing. FUCK!"

"Honey, um...your dad has another long day at the office tomorrow, and if I could get rid of your sister for the day, do you think we could, um...pick up where we left off...naked, and horny? Yeah?"

"I'm not gonna lie to you. Tomorrow, when we're alone together..you're probably gonna get fucked. I'm assuming you're ok with that and wanna put your dick in me, just as bad as I want it buried deep? You don't have to worry about it being wrong ok, because like I said, a lot of moms and sons are doing it now. We're horny animals and fucking is what horny animals do. It's nature."

"I promise you this though - Mommy will give your teenage dick pleasure like you never experienced before. You'll cum so hard, baby. Over and over!"

"Ok, um...let's get out there before your sister comes upstairs looking for me. Just one quick kiss. (wet kissing) Oh God, Oh fuck I want you. No, I can't think about

that now. Tomorrow honey. Tomorrow."
