"Hey girl, it's me! Oh my God Amanda, you're not going to believe what happened yesterday with Brian."

"We were home alone together and I basically seduced him! I mean, not all the way, but pretty damn close."

"Well, first I invited him to my bedroom to play a naughty game of 'show and tell' if you know what I mean. I took off my top and bra and let him stare at mommy big titties. His eyes nearly popped out of his head, it was so cute!

"Then I had him take his shirt off too so I could check out that sexy young body of his. Mmmm...God Amanda, my son is such a hottie! I know, why do you think my panties are soaked all the time. Imagine living under the same roof as him."

"Ok, so then... slipped off my skirt next so he could see my tiny lace panties barely covering my pussy. Made him get on his knees for a close up view of my cameltoe and plump ass cheeks in the G-string. God, the way he was looking at me, I thought he might devour me right then and there!"

"Oh it gets even better. I had him take his shorts off next and lemme tell you - the outline of his huge erect cock straining against his briefs took my fucking breath away."

"I mean, this thing looked massive! I got on my knees to examine the tent he was pitching up close. His fat knob was leaking pre-cum out his piss-slit, and it was soaking right through the fabric, that's how much their was!"

"Mmmhmm, so I had him peel my panties off, which was amazing. I mean, I felt like I was back in college again. Remember how guys used to rip our panties off us. They didn't fuck around, and niether did Brian. I guess he was anxious to see

mommy's shaved pussy."

"Yeah, I decided to shave off the landing strip. Figured it was better if Brian saw my pussy completely bare for our fist time exposing ourselves."

Anyway, back to yesterday. After he got a good look at my cunt, then it was time for him to lose the briefs. And when he did - oh my fucking GOD Amanda! His cock...it had to be at least 9 inches long and thick as my wrist! Jutting out so hard and pulsing, the head swollen and purple, veins bulging...it was fucking magnificent!"

"Well, I tasted some of the pre-cum oozing from his tip, which was delicious as you'd expect from an 18 year ol. Then I let him maul my huge tits a little. He was like a starving baby the way he sucked and bit at my hard nipples! Ungh, it felt so good having his hot mouth on me..."

"Oh believe me, I wanted to fuck him hard! I was just about to beg him to stick it in when my cockblocking daughter came home and ruined everything. BUT... Brian and I have plans to pick up where we left off today. Yes, Oh my God, yes yes yes! Trust me girl. I'm going to fuck my son's brains out and ride that huge dick until I can't walk straight!"

"Oh don't worry, I'll give you the play by play tomorrow! Ugh, I'm dripping just thinking about it. Oh, speak of of the devil. He's out of the shower so it's go time, Talk to you later!"

"Hey baby, your father left for work early again today, and your sister is spending the day at her friend's house. It's just you and mommy, all alone together, with the whole day ahead of us."

"I couldn't stop thinking about you and your big beautiful cock after our naughty little show and tell session yesterday. Mommy got herself off three times last night imagining all the dirty things we're gonna do together. My pussy is still tingling. Come here and give me a hug."

(Whisper) "I want you to take me to bed and make me your woman. Fuck mommy with that huge dick until I'm soaking your cock and balls, and screaming your name."

"Pound my needy MILF cunt and paint my insides white with your hot teenage cum."

"You don't have to be gentle either. Mommy likes it rough. I want you to grab my hair, spank my big juicy ass, and choke me while you're drilling me balls deep with that fat cock. Use my body however you want."

"And don't you dare pull out when you cum. I wanna feel your cock throbbing and pulsing as it pumps me full of your seed. I want you to breed mommy's pussy, baby. Give me all of your potent sperm."

"Oh, you're shivering in my arms. You're anxious to fuck mommy, aren't you, honey?"

"Fuck, I'm getting so wet just thinking about it, and I can see how fucking hard your cock is against my belly."

"Let's get naked, right now. I need you inside me. I'm aching to feel your thickness stretching me open, that juicy knob of yours plowing my most sensitive spot. No more teasing. It's time for my baby boy to finally become mommy's man."

"I'm gonna suck your cock first though. I need to taste you again. Shove that big dick down my throat until I'm gagging on it. Then you can eat my pussy until I cum all over your face before you shove it in and fuck me senseless."

"And once you've filled my cunt with your cream, I want you to keep fucking me. I want load after load. Cum in my mouth, on my face, glaze my big tits, fill my ass. I want you to completely cover me in your spunk."

"I'm your personal fuck doll now, baby. Your own live-in cock sleeve that you can

use whenever and however you want. Mommy is gonna take such good care of you and drain this gorgeous cock every single day."

"Now take me to bed and make me yours. Claim your mom's body with your huge fucking dick. I'm done waiting. I need you to fuck me right now!"

"Get those clothes off. Mommy needs to see that huge cock again. I've been dreaming about wrapping my lips around it, feeling it throb and leak in my mouth..."

"But not until I push you onto my bed like this, and crawl on top of you. Mmm, you like these big titties, don't you baby? Mmm, I can't wait to smother you with them while you're balls deep in my pussy. Gonna ride you so hard..."

"I'm so fucking wet for you. Soaked through my panties thinking about you stretching me open on that fat dick. Gonna sit on your face first though. I need you to eat this pussy, get it ready for your cock. Get my panties off!"

"Oh, fuck you are so good at that! Now, lay back down and stick your tongue out for mommy. I'm gonna straddle your face, and you're gonna lap up all my juices like a good boy."

"Fuck yes, just like that! Ohhh your mouth feels so good! Don't stop!"

"Oh God, honey, where did you learn to eat pussy like that? FUCK! Suck on my clit! Oh, God yes, just like that!

"Ungh fuck! Gonna cum, gonna cum so hard on your tongue! Ahhh yes, yes, yesssss! Fuckkk! Oh god, so good baby!"

"I'M CUMMING!! OH FUCK!! UUGH!!"

(Catches breath)

"Shit, baby...if you're half as good at fucking as you are eating pussy, I'm in real trouble."

"Mmm, your turn now. Gonna suck this beautiful cock, get it nice and slippery for

my hungry cunt.

(Lick, Humming) Mmmm...you taste even better than I remembered. I love how you leak pre-cum for mommy. It tastes so fucking delicious."

(Slurped and suckling - taking him deep into her throat) "Mmmffff...so big! Stretching my mouth so good. Gonna make me gag on it. Fuck mommy's face with this delicious cock!"

(GAGGING)

"Think you're ready to stuff mommy's pussy now? Gonna split me wide open...ruin me for your father - claim this cunt as yours."

"Beg for it, baby, while mommy rubs this swollen cock-head through her slick folds. Tell mommy how bad you need to be inside her. How much you want to fuck your own mother and pump her full of cum. Say it!"

(Giggle) You're so cute when you're horny."

"Mmm, you have no idea how good mommy's pussy is going to feel wrapped around your big hard cock."

So hot, so wet, so tight...my inner walls will be gripping you like a velvet glove, squeezing and massaging every thick inch."

"I'm gonna milk your cock so good with my cunt. Would you like that baby? Yeah? You'll feel me clenching and rippling along your shaft as I cum on you over and over. Mommy's pussy was made to pleasure your dick."

"And when you're buried to the hilt inside me, your fat cock head is going to be kissing the entrance to my womb. Very close to where you spent the first nine months of your life."

"You'll be so deep in mommy's cunt, in that slick, clasping heat. I'll be creaming all over your cum-bloated balls."

"Fuck, I can almost feel it now - that delicious stretch as you split me open, rubbing against my G-spot with every thrust. Mmm it's going to feel so good when you bottom out and grind that spongy, leaky crown against my cervix."

"I'm going to be so tight around you at first, baby, but you'll force my pussy to open up and accommodate this huge dick. Gonna reshape mommy's cunt with your alpha-male cock, baby. Ruin me for short dicked father"

"And your boner is gonna feel so good inside me, so hard and throbbing, those fat veins rubbing my inner walls. I'm going to squeeze you like a fist, worship your dick with my cunt. Milk you dry until you flood my womb with cum."

"I need it so bad, need to feel you pounding into my sopping wet love-tunnel, filling me up, claiming me. I'm fucking aching for it. Want you to stretch me out and make me scream. Wreck my hungry MILF cunt with your massive dick."

"I feel you groping the sides of my titties, young man. Can't keep your hands off them, can you?"

"While you're fucking mommy's pussy so deep and hard, I want you to worship my big udders. Put your mouth on them, suck on my fat nipples while I'm bouncing on your huge cock."

"Mmm yeah, you'll get your face in there, motorboat between mommy's tits while you're buried to the hilt in my cunt. I want to feel you moaning and growling against my flesh, lost in tit heaven while you're splitting me open."

"Fuck, pinch and bite my nipples baby, I love it rough. Tug on them with your teeth while you're drilling my fucking cunt."

"The mix of pleasure and pain drives me wild. It'll make my cunt clench so tight around your dick."

"I want you to squeeze my tits hard, maul them in your big hands while you pound

me. I want your fingerprints branded into my tit-flesh. Fucking cover them in hickeys and bite marks. Show the world mommy's tits belong to you now."

"Don't worry about your father. I'll just tell him I lost control of the vacuum and it left suck marks all over my tits before I could turn it off."

"Promise me you'll keep sucking my tits while you're hammering my pussy! I'll cum so fucking hard! Wanna come apart with your face smashed between my tits and your cock smashed against my cervix."

"Hold on. Shit, that's my phone!"

"Why the fuck is you're father calling? He only just left an hour ago. Something must be wrong. I better answer - I'm sorry baby. I'll be quick..."

"Hey honey, everything ok?"

"You're serious? You forgot your briefcase?"

"No, honey, I can't just bring it to you...I um, I have plans this morning. No, not with the girls. Brian and I were just gonna, um...hang out and spend some time together.

Can't you just access all those files on your work computer or something? I really don't have time to drive all that way."

"You know what, fine, I'll bring you the briefcase. But you owe me and Brian big time for this. It's not easy finding quality time for just the two of us to bond, you know."

"I'll tell you what - to make it up to us, why don't you let me and Brian have a night away, just the two of us? We could get a nice hotel room, order room service, watch movies...really...CONNECT, you know?"

"You will? Oh honey, thank you! This means so much to us. I promise we'll make the most of it."

"Alright, honey, I'll be over in a little bit. Love you too. Bye."

"Sorry Baby - but I suppose its a good thing he didn't come back for it, especially since we didn't close and lock the bedroom door. Can you imagine your father's face if he saw me sprawled out on top of you naked like this, with you groping my tits while I whispered all that naughty filth into your ear?"

But hey, looks like you and mommy have a date night tonight, baby. An entire night, in a hotel, with a big bed...think of all the naughty things we can do... hours and hours, completely undisturbed."

"Lots and lots of sucking and fucking with my baby boy!

Mmm, give me a kiss and let's get up before I decide to blow your father off, shove that fat teenage dick inside me and fuck you like a whore."

(kissing)

"OH MY GOD, WHY DO YOU HAVE TO BE SUCH A GOOD KISSER?! FUCK, I WANT YOU!"

"Alright, deep breaths. I gotta get ahold of myself, and wait until tonight to completely ravage you."

No masturbating today, understand? I MEAN IT! Keep your hands off that big dick. I want all that pent up cum in those balls saved for me. Can you do that for mommy?"

"Good boy. Don't worry, sweetheart. It'll be a night you'll never forget. Now lets get dressed."
