## **Mom's Motivation: Orgy**

**Summary:** Sister loses her virginity to her two brothers.

**Note 1:** This is dedicated to Larry, who requested the story.

**Note 2:** This is part 9 in the **MOM'S MOTIVATION** series.

In Part 1, **Mom's Motivation**, Stephanie uses her sexual prowess to motivate the younger of her two grown sons into finally getting a job.

In Part 2, **Mom's Motivation: A 2nd Son**, after a few fun and exciting encounters with her younger son, she invites him over for another all-nighter (while her high school senior daughter is away at a sleepover), and they're caught in the act by her elder son, which leads to a very hot threesome. (Which only happens once Andrew, the elder son, convinces his Mom that he too can and will get a job.)

In Part 3: **Mom's Motivation: Anal Mommy**, the next day the boys double penetrate their Mommy.

In Part 4: **Mom's Motivation: Daughter's BF**, Stephanie, upon discovering her daughter's fear of losing her boyfriend Joel, decides to take matters into her own hands (for 'matters' read Joel's cock), and into her mouth and pussy... willing to do anything to protect her daughter.

In Part 5, **Mom's Motivation, Daughter's Prom**, Stephanie drains Joel before Haley's prom, ends up making sure he has a good prom when Haley doesn't follow through, and gets caught sucking his cock in the car by his roommates.

In Part 6, **Mom's Motivation: Dorm Blackmail**, Joel's two roommates don't *quite* mention blackmail when they tell Joel they want to meet Stephanie, but not wishing to take any chances (and also happy to get laid), she goes over late the next morning and takes all three of them on for a few hours, including a hot interlude while she's plugged completely airtight.

In Part 7, **Mom's Motivation: Hot Masturbation**, Stephanie teaches her daughter the pleasures of masturbation and the joys of watching porn.

In Part 8, **Mom's Motivation: Lesbian Seduction**, Stephanie teaches her daughter the joys of lesbian love.

And now...

## **Mom's Motivation: Orgy**

"I get her ass first," Andrew said to his brother as he parked in front of their Mom's house... trying to regain the upper hand between him and his younger brother... which he'd watched slip away ever since they'd started fucking their mother... since Alex had fucked her first.

"It looks like a moot point," Alex sighed, pointing out their sister's car parked right in front of them.

"Fuck!" Andrew cursed, really needing to get laid... this working full-time nonsense had really cut down on the opportunities for getting his balls drained. Except if they *weren't* working full-time, they wouldn't be fucking their Mom at all.

"Unlikely," Alex laughed, although since he'd fucked their Mom last night, he'd be okay... but Andrew didn't know that.

"Well," Andrew said. "Let's go see what's going on. Maybe Haley will be going somewhere soon."

"Yeah, her lunch hour should be over by now," Alex said, checking the clock in the car.

"I really need to get laid," Andrew said, as he turned off the engine.

"You always need to get laid," Alex pointed out.

"The hottest MILF in the world is both our mother and our slut," Andrew pointed out. "I'm definitely going to tap that pussy every chance I get."

"Such a gentleman," Alex mocked, as they climbed out of the car.

"Don't play nice guy with me. You're the one who fucked our Mom first," Andrew said, still quite annoyed that was the case, and that his mother clearly seemed to prefer his younger brother and his smaller cock over him.

"Yep," Alex said, still glowing ever since he'd upped his brother for once... Andrew always equating size with sexual prowess... which his mother seemed to disagree with. "But don't blame me, *she* seduced *me*," he added, rubbing it in.

"Smug asshole," Andrew said, as they headed to the house.

"Yep," Alex agreed smugly.

The reached the front door, walked inside, slipped out of their shoes, walked into the living room and then the kitchen.

"Where are they?" Andrew asked.

"Upstairs, maybe," Alex suggested.

"Maybe Mom has started fucking her too," Andrew joked.

"Yeah, right," Alex scoffed.

"But if she has, wouldn't that be hot?" Andrew asked, envisioning his hot mother and hot (albeit snooty) sister sharing a 69.

"Hot, yes; possible, no," Alex said.

"Before she actually did, did you think Mom would ever fuck you?"

"No," Alex said, that still feeling like a dream.

"Or that she'd take it in the ass?"

"Okay, point taken," Alex said, as Andrew headed upstairs. "Where are you going?"

"To check out our Mom and sister in a 69," Andrew said.

"It would be more likely to find Mom eating her pussy," Alex said, playing along, as he followed behind.

"That would be hot too," Andrew agreed.

"Yeah, it would be," Alex nodded, his cock getting hard from the unlikely visual.

"Ssssssh," Andrew shushed, as they quietly ascended the stairs.

"Okay," Alex whispered, amused by his brother actually seeming to believe this was what they were doing. They hadn't bothered to check the garage, even though the most likely scenario was Haley and Mom were out together for some reason... with or without their Mom's car... maybe some girlie medical appointment.

Yet as they reached the top of the stairs, they both heard the same sounds... women's voices.

Andrew froze and whispered, "No way!"

"It can't be Mom and Haley," Alex said quietly, pretty confident he was right, yet the possibility had just increased from zero percent to somewhere much higher.

"Way," Andrew said, getting excited about the possibility.

"It's probably Mom and someone we don't know," Alex said.

"Wait here," Andrew said, having to go and see if he was right... even though he'd thought he was talking fictional fantasy bullshit just a couple minutes ago.

"Don't walk in," Alex said, even though Andrew was already approaching their mother's semi-opened door... where the sounds were clearly coming from. Alex paid no attention to his brother's admonition to wait as he silently followed him.

Andrew reached the doorway and listened. The two women's voices were soft, and they were distinctly uttering sounds of pleasure.

Alex was also close enough to hear, and his eyes went wide.

Andrew turned back to his brother and mouthed, "Wow!"

"Holy shit," Alex muttered, as Andrew cautiously leaned forward to peek into his mother's room... this being the second time he was about to catch his mother in the act... the previous time she'd been secretly having sex with Alex.

As his mother came into view grinding her pussy on another woman's, all Andrew could see was legs. One woman was obviously his mother, but who was the other one? So far, he couldn't tell.

Alex pulled Andrew back, wanting to see too.

Andrew glared at his brother, but Alex was oblivious as he too peeked into his mother's bedroom. Like his brother, his eyes went wide as he saw his mother tribbing with someone. He too couldn't tell who it was, except that like his mother, she was wearing nylons.

But then the brothers discovered the identity of the mystery woman... or rather girl... when Haley's voice moaned, "Oh yes, Mom."

Alex backed away and mouthed to Alex, "It's Haley!"

"I heard," Andrew mouthed back, pulling Alex away, and again taking the lead.

"Keep grinding, Babygirl," their mother said, both girls sounding like their orgasms would be erupting soon.

"Get naked," Andrew said, turning back from watching his mother and sister in the throes of lesbian lust.

"Really?" Alex asked, watching his brother stripping off his shirt.

"Yes, you wimp," Andrew said, having decided to make the most of this situation... his brother wouldn't have the balls to do it on his own.

"Fine," Alex said, definitely not wishing to be left out of whatever may occur... although he would also let Andrew take the lead if his mother, or more likely his sister freaked out.

"Oh Mommy," Haley moaned, her orgasm rising, and completely oblivious that her brothers were just a few feet away.

Both naked, Andrew said, "Now let's walk in, pretend we're shocked and say, 'What the fuck!'"

"Okay," Alex said, both of them already having very hard dicks.

Andrew walked in slowly, his Mom and sister in such throes of passion they didn't have a clue they suddenly had an audience.

Alex followed, as the moans echoed through the bedroom.

Andrew moved his hand in the air and gestured one, two, three.

Both Andrew and Alex said in unison, "What the fuck?"

Haley froze.

Stephanie smiled ever so slightly, as she too stopped moving.

Haley didn't know what to do. She assumed her mother would do something... yet not what she did.

"Boys, what are you doing here?" Stephanie asked, turning her head to see her two sons stark naked... and their cocks pointing right at her and her daughter. She didn't sound very shocked, which all by itself shocked Haley.

"Just came for a visit," Andrew said.

"Then why are you both naked?" the Mom asked conversationally, as she glanced at her daughter, who'd grabbed a pillow and covered her... not her breasts or her crotch, but interestingly... only her face.

Haley's eyes went big under the pillow at hearing this. *Why* were they naked? And why wasn't their Mom furious?

"We're naked because you are, and watching you tribbing was fucking hot," Andrew said.

"Was it?" Stephanie said as her two sons strolled over to the bed.

"Yeah, very. And who's your *companion* under the pillow?" Andrew asked, pretending not to know.

"Get out of here, you jerks!" Haley barked from underneath the pillow... since judging by his tone, he knew exactly who was under the pillow.

"Haley, is that you?" Alex asked, acting surprised.

"Please... please leave," Haley begged, mortified to be caught committing incest with her mother.

"So how long have you been fucking our baby sister?" Andrew asked.

"Andrew!" Stephanie rebuked, her tone sounding motherly... in the strict sense of the word... for the first time.

"Sorry for the bad language, Mom. So how long have you been indulging in incestuous relations with our sister?" Andrew corrected with a smug smile.

"Today was the first time," Stephanie answered, as if his language had been the only issue.

"Mom!" Haley gasped, shocked by this frank conversation between her Mom and her brothers.

"Sorry, Haley, good point. Guys, I didn't teach her how to masturbate until last night," Stephanie corrected, as she reached out and stroked Alex's cock.

"Mom!" Haley repeated, mortified by the secrets her mother was revealing.

"Sorry again, Haley. Guys, I taught her to masturbate while we watched some porn together," the Mom corrected, thoroughly enjoying this exchange... since now that everything was out in the open... or at least it would be once Haley figured out why her brothers would strip down before strolling in to greet their mother... there'd be one less secret she'd have to keep.

Stephanie continued her explanation. "So then this morning at school, she was so horny that she came home early. We then talked for a bit, I gave her a couple of orgasms, and shortly after we started tribbing, you guys came in, I assume to show us your hard-ons."

"Mom, *please*," Haley begged, her cheeks burning from being outed to her brothers by her own mother.

"Honey, relax," the Mom said, realizing she was being mean to her daughter. "I have a solution to all of this."

"You mean a time machine?" Haley asked, "Kind of a science fiction Mulligan?" finally realizing her tits were on full display to her brothers.

"No, a solution to your worries about being good for Joel whenever you're ready," Stephanie said.

"Oh my God!" Haley said, humiliation compounding humiliation.

"Don't be such a prude," Stephanie said, leaning down and sucking her son's cock head... her daughter oblivious to this.

"Mom, please," Haley said, as Andrew yanked the pillow away from her. "Andrew!" she yelled, covering her body. She also saw her Mom sucking her younger brother for just a second.

"Boys, give me a few minutes with your sister," Stephanie said.

"Mom," Andrew objected, his dick throbbing.

"Now!" the mother said in a tone that made it clear it wasn't up for negotiation.

"Fine," Andrew said.

Andrew and Alex left, Alex considerate enough to close the door, and Haley asked, "Mom, have you had sex with my brothers?"

"Please don't judge me," Stephanie said, placing a hand on her daughter's leg. "But I'll do anything to benefit my children."

"Mom," was all Haley could say, feeling so overwhelmed by what she'd just done and what she'd just learned.

"Look," Stephanie said, feeling rather defensive, "everything I did was in the best interests of each of you three."

"How so?" Haley asked, trying to process all this shocking information over the past twenty-four hours.

"In your case, I wanted to help you come to grips with how beautiful you are, to show you that sex isn't a sin, how it can be pleasurable, and to help you get past your insecurities about your boyfriend Joel."

Haley listened to her Mom's reasons for seducing her.... Each of them made sense. She *had* been brainwashed by the church into believing that sex outside of marriage was a sin... never once considering the pleasure she could receive from sex...

"And as for your brothers," Stephanie said, taking in her daughter processing what she was saying, "well, they needed some motivation to get off their asses, get jobs, and get their lives together."

Haley asked, realizing the boys *had* changed recently, both had started working, and were taking responsibility for their lives, "So in other words, you bribed them with sex so they'd start working?"

"Yeah," the mother agreed. "It was definitely an unorthodox motivation, and it wasn't what I'd originally planned, but one thing led to another."

"I can't believe it," Haley said.

"At first I wasn't proud of what I did," Stephanie said.

"Only at first?" Haley asked, wondering how she could be proud of it now.

"Well, once I got past the taboo aspect and society's judgemental view of it, I realized something," Stephanie said, believing what she was saying as she said it.

"What's that?" Haley asked, trying to understand how someone as amazing as her mother could have started sinning the way she was now doing.

"I realized that I'll do whatever it takes to help my children to become men," she paused, squeezing her daughter's leg, "or a woman."

"But..."

"No buts," the mother continued, going on the offensive. "I shall not allow anyone to judge my love for my children, or the lengths to which I'll go to make your lives better."

"Mom, I can see what you're saying, but honestly, don't you think..."

"No, I don't feel any guilt, and I'm very happy I've helped awaken your sexual side," Stephanie interrupted. "I loved seeing how alive you became last night and today, how you became more and more comfortable with your body and with what you were feeling."

"Okay, you're right. It was crazy," Haley admitted, still coming to grips with her sexual awakening and the pleasure she hadn't known existed... which was magnified intensely when she had sex with her Mom. But God, she'd had sex with her Mom!

"It was, wasn't it?" the mother nodded sympathetically. "You do know I'd never do anything to hurt you, right?"

"Of course," she agreed.

"And like with your brothers, I want what's best for you," the mother continued.

"Yes, but...." Haley started, but was interrupted by her Mom again.

"No buts," Stephanie said, placing a finger on her daughter's lips. "No regrets, and no looking back."

"Okay," Haley said, oddly not regretting all that had transpired during the past day... no, if anything, she regretted having waited so long to discover the pleasures her body could offer, and how her prudishness had prevented her from being intimate with Joel.

"Instead, let's look to the future," Stephanie suggested, thrilled that this conversation hadn't blown up in her face like it easily could have.

"And how do we do that?" Haley asked, as her mother leaned forward and kissed her. The tender kiss... her soft lips... melted her. Although she still couldn't believe she'd had sex with her mother, she wouldn't take it back, and now she wanted more... her pussy was still tingling with need. She wondered if the past twenty-four hours had been her own opening of Pandora's Box, which could never again be closed.

"Do you trust me?" Stephanie asked after a lengthy kiss, knowing the boys must be going nuts while they waited for whatever might happen next.

"Yes," Haley nodded.

"So, I have an idea."

"Okay."

"It's a wicked one," the mother smiled.

"I've been learning you have lots of wicked ideas," Haley smiled back.

"Let's help prepare you to be an amazing sex partner for Joel," the Mom said. "I know you're nervous about being good for him." (The Mom wasn't ready yet to reveal the other motherly thing she'd been doing for her daughter. For now she needed to focus on the moment.)

"I do want to be good for him," Haley said. "No, I want to be amazing!"

"And I can help you with that," Stephanie said. Then after a lengthy pause and another tender kiss she added, "and so can your brothers."

"You're not telling me to have sex with my brothers?" Haley asked, although she'd already guessed that might be where the conversation was headed.

"Not if you don't want to," the Mom said. "You can watch them with me, and learn that way too. Or you could use them for your own sexual guinea pigs. It's your choice."

"That would be too weird," Haley said.

"I understand," the Mom nodded. "But it was what... an hour or so ago? When you were telling me that sucking my fake dick was too weird."

"Yes, but then I did it and I liked it," Haley agreed.

"So now I'm going to bring them in and teach you how to please a man," the Mom said.

"You're sure this is a good idea?"

"Well, since they're here and they know about us, and now that you know about them and me, I think it's a great idea," the Mom said. "And family is supposed to help family."

"I guess."

Stephanie next surprised her daughter and herself by paraphrasing the Bible: "Children obey your parents (or in this case your Mommy). For they are always right, and should be honoured as such."

"Well, that's a little off and liberally manipulated," Haley laughed. "But I see your point."

Before her daughter could change her mind, the Mom called out, "Boys, come in here."

Within a millisecond, the door opened, and Andrew rushed in, followed in less of a hurry by Alex.

"Now, listen up boys," the mother opened in a stern tone. "I'm going to give your sister a sex lesson, and you two will serve as my Teacher's Aides. So you'll both do whatever I say, and only what I say. Is that clear?"

"Yes, Mom," the boys said in unison, praying they'd get the chance to fuck their sister, but understanding that unless they followed their Mom's instructions, nothing at all would happen.

"Come here," Stephanie ordered.

They both obeyed, while Haley wrapped herself in a sheet.

"I see you two are both still hard," the Mom said.

"Hard not to be," Andrew said, getting one last delicious glimpse of his sister before she covered up.

"So, I'm going to help Haley learn a few things," the Mom said. "For now, she's just going to watch the three of us interacting."

"Really?" Andrew asked, disappointed.

"Unless she changes her mind," Stephanie said, looking at her daughter and giving her a sweet smile.

"I'm just watching for now," Haley confirmed, as she looked down at her brothers' dicks... which looked very big... not that she had a lot of experience appraising the sizes of dicks. She found it interesting they were different from each other's; Alex's was thicker, Andrew's longer.

Alex noticed his sister watching as their mother got off the bed and dropped before both of them.

"Come and kneel beside me, Haley," the mother ordered.

"I'd rather not," Haley said, feeling very uncomfortable, but also slightly curious... she was surprised that a guy's penis could look very appealing... even if the first ones she saw up close were her brothers'.

"Just get over here," Stephanie said, tugging at her daughter's arm and gently pulling her off the bed... the sheet falling away. "You've been staring at their naked bodies, so it's only fair for you to let them stare at yours."

"This is weird," Haley protested, as she was suddenly right before her two brothers' very hard dicks, and now she was naked... with both of her brother's looking down at her.

"First, you need to become comfortable with your body," the Mom said

"But my brothers are staring at me," Haley pointed out.

"Happens to me all the time at work," Stephanie said. "As a beautiful woman, you can use your body and men's lust to your own advantage. How do you think I bring home such great tips?"

"But those customers aren't your naked brothers."

"True," Stephanie said. "But nudity is natural. It goes way back to Adam and Eve."

"I guess."

"Alex, how do you like your sister's body?" she asked, reaching out to stroke his very hard and eager cock.

"It's amazing," Alex said, as was the feeling of his Mom's hand around his cock.

"I agree. But amazing how?" the Mom asked, as Andrew stewed at this continual favoritism being given to Alex.

"She has firm tits and a tight body," Alex complimented, Haley in awe of this conversation and unable to take her eyes away from her brothers' dicks... her gaze going back and forth between the two cocks and their differences.

"And Haley, what do you think of your brothers' cocks?" Stephanie asked.

"I don't know," Haley said, which was partly true... she really didn't know what to think.

"Just so you know, both of your brothers' dicks are very much above average in size," Stephanie explained, as she reached out and took her other son's dick in her free hand, now stroking them both simultaneously.

"It's time for you to suck me, Mom," Andrew ordered, completely impatient with this plodding conversation.

"What requirements did I give you just now?" Stephanie snapped, instantly releasing his dick.

"But Mom, you're driving me crazy," Andrew whined. She'd scared him!

"This isn't fucking *about* you," the Mom said in a frightening tone. "We're educating your sister, is that clear?"

"Yes, I'm sorry, Mom," Andrew apologized profusely.

"Good," she said, turning away from him and towards Haley, who was smirking a little at the pleasing idea this was all about her... for years her mother had spent so much time on her lazy brothers that she'd often felt neglected.

"Now honey, I'm going to show you how to suck a cock," Stephanie said. "Are you ready to touch one yet?"

Although it sounded crazy, Haley was intrigued... and horny... so she heard herself saying, "Okay."

Stephanie said, happy to see her daughter agreeing, "First, wrap your hand around one. I'll take Andrew's, and you take Alex's."

"Okay," Haley said, so mesmerized by the cocks in front of her, her doubts about these proceedings were melting away... of which she had many. Such as this is wrong... this is incest... this is cheating. The first two were easily dismissed since she'd had already committed incest with her Mom... which had been wonderful... so that particular line between right and wrong was already very blurred. And as for cheating on Joel... she rationalized... she was learning how to suck a cock so she could suck his.

As Stephanie wrapped her hand around her eldest child's dick, Haley tentatively brought her hand to her younger brother's dick.

As Haley wrapped her hand around her brother's dick, the first thing that amazed her was how hard it was. "Wow," she said out loud.

"Stroke it slowly," the Mom instructed, "get used to it in your hand. Feel its hardness, but also its soft, pliable skin. Admire its beauty."

"It's so big and hard," Haley said, as she admired the dick in her hand... doing her best to ignore who was attached to this magnificent dick.

"Yes, but not all dicks are this impressive," Stephanie said. Andrew bit his tongue and managed not to point out his cock was bigger than the one his sister was enamored with.

"How can this even fit inside a girl?" Haley said, wondering how it would fit inside her mouth or her pussy.

"No worries, our bodies are made to thrive on such penetrations," Stephanie assured her.

"I can't imagine," Haley said, her brother's cock in her hand just so captivating.

"Oh, trust me," Stephanie said, as she stroked her other son's cock. "Once you've felt the pleasure of a big cock inside you, you'll be a changed woman."

Haley didn't respond with words, she just marveled at the length, girth and hardness of this cock. She was also fascinated by the natural beauty of a dick. She'd never put any thought into the visual appeal of a penis, yet with this one just a few inches from her face and being held in her hand, she couldn't help but be completely enamored by it.

Stephanie watched her daughter's rapturous face displaying such awe, and then she said, "Now although the cock is the key to your mutual pleasure, don't forget about his balls."

"Oh, yeah right," Haley said mindlessly.

"That's where the sweet cum is stored," the Mom explained, cupping Andrew's balls.

"Sweet cum?" Haley asked.

"Yep, cum is delicious," Stephanie said. "It's a completely different taste and sensation from pussy cum, but equally delicious and addicting."

"And Mom can't enough of it," Andrew said, having been quiet for a while, so now unable to resist adding his two cents' worth.

"I told you to not talk," Stephanie said, slapping his bag.

"Yeeeeouch!" Andrew groaned.

"You see, we ladies have all the control," the Mom explained. "We can administer either great pleasure or great pain."

"Sorry," Andrew said weakly, still recovering from the intentional bagging.

"I like to suck each ball in my mouth," the Mom said. "Get that creamy cum all warmed up and ready for my belly."

"You do?" Haley asked.

"Yeah, just for a little while," Stephanie said, and she leaned forward and sucked a ball into her mouth.

Haley watched her Mom suck on her brother's balls, and then with curiosity intriguing her and lust consuming her, she replicated what her mother was doing.

Alex's eyes went wide!

So did Andrew's... this was going amazingly well... except for his inability to shut the fuck up.

Haley's tongue probed around, found a round ball, and sucked it into her mouth... like a stickless lollipop. It was weird, and yet exciting... making her pussy leak a bit.

Stephanie glanced over and was surprised to see her daughter with one of Alex's balls in her mouth. "You go girl, get those balls all revved up!"

Haley found the other one, which was a little more challenging than the first, and gave it her undivided attention.

After thirty seconds or so, Haley backed away and looked at her Mom. "What do we do next, Mom?"

Still a little surprised by her daughter's sudden eagerness, but realizing that deep down she must be horny little slut like her mother, she just didn't know it yet, Stephanie answered, "Well, next I often extend my tongue and slide it all the way up and down the big, hard shaft. Like this."

The Mom did exactly what she'd just said, slowly slithering her tongue up and down the big fat snake.

The Mom then said, "Now you do it."

All three waited to see what the girl would do. It was only a few seconds of hesitation but felt like an eternity, before Haley, who was just too horny, enamored and intrigued to do anything but obey... did. "Okay," she said, extended her tongue, and licked up the thick shaft to the velvet-like cock head.

"Very good!" Stephanie approved, deciding to increase her daughter's momentum before she changed her mind. "Next, I swirl my tongue around the cock head... it's the most sensitive part."

"Okay," Haley said, surprising all three of them who had their eyes on her, by extending her tongue and swirling it around the cock head... bathing it in her saliva. As she did, she was very curious about the difference between the plastic cock on her Mom's hips she'd sucked earlier, and what this real cock would feel and taste like in her mouth.

"Excellent!" Stephanie approved, as she watched her daughter licking her younger son's cock head... a strong sense of pride washing over her.

"That feels good," Alex spoke for the first time. (He didn't get a scolding like Andrew had, because his was a gentle, soft and approving comment.)

After twenty or thirty seconds, Haley couldn't resist it anymore, she wanted to experience this amazing cock inside her mouth... so she didn't wait for further instruction from her mother, but she just opened wide and took her brother's cock into her mouth.

"No way!" Andrew gasped.

"Ooooooooooh," Alex moaned.

Stephanie just smiled and continued encouraging her daughter. "That's it, Haley; for now, just go nice and slow. Get used to the sensations of having that big, hard cock inside your mouth."

Haley moaned an unintelligible response, feeling strangely comfortable with this cock in her mouth... trying to ignore this was her brother's cock, and instead focusing on the dick itself. This didn't seem wrong at all... it didn't feel like a sin... if anything, it felt natural... something she was meant to do. She slowly bobbed back and forth, taking about three inches into her mouth, thinking it unfathomable to get all eight or so inches inside. As she'd expected, this real cock inside her mouth was even more amazing than the fake one had been.

"Yeah, Haley, that feels so good," Alex moaned, understanding his mother's approach of being gentle and supportive... not treating her like some cheap slut... since Haley wasn't like her slutty mother, or at least not yet.

Andrew wanted his dick sucked too... but having already been scolded twice, he sucked it up without saying anything, and just watched in envy as his brother got their sister's first blow job... his brother getting the first action just like he had from their mother. He didn't understand it. His cock was bigger... so why wasn't *he* getting the preferential treatment?

"Breathe through your nose, Haley," the Mom advised .

Just like with everything Haley did, she focused on the task she was undertaking, although in this case perhaps 'task' was the wrong word. Haley was a perfectionist... she wanted to be the best at everything she did... and right now that meant giving a fabulous blow job. She kept trying to swallow a little more every few seconds.

Alex was amazed by his sister's natural skill. Although his mother was easily the best blow job queen he'd ever experienced, his sister was very impressive... especially for someone who'd never done it before. He'd occasionally been given some pitiful blow jobs from inexperienced or lazy girls, and it was obvious his sister wanted to be among the best.

"That's it, Haley," Stephanie encouraged, watching her daughter eagerly suck cock. "Gradually take more and more of it in."

Alex moaned again, "Yeah Haley, you're doing great! Just don't stop."

Stephanie, sensitive to Alex's moans and his facial expressions, and realizing he was going to come soon, asked, "Are you ready to swallow your brother's cum?"

Haley hadn't thought about it, but with the question asked, her response was impulsive... she most certainly did want to make him come... and to taste his cum... to complete the task she'd begun. She was incapable of speaking at the moment, so she looked her Mom in the eye and nodded.

"She's ready for you Alex, just go ahead and come down your sister's throat," Stephanie instructed.

"I'm so close," Alex groaned, feeling his balls boiling.

Haley bobbed faster, taking over six inches of her brother's cock into her mouth with steady enthusiasm... her pussy burning from this oral task.

"Oh fuck, here it comes," Alex grunted, as he exploded into his sister's mouth.

Haley was surprised by how warm the cum was as it filled her mouth and glided down her throat. She kept bobbing, feeling her brother's cock pulsing in her mouth. What a rush!

"Shit," Andrew gasped, his cock rock hard from what he was witnessing.

Haley slowed down, sucked for another minute or so, and backed away. She then looked at her oldest brother's cock... really looking at it for the first time and seeing it was even bigger than Alex's, and suddenly wanting more cock, more cum, she asked, "May I suck yours too, big brother?"

"Go ahead, baby sis," Andrew said, and his cock twitched eagerly as he watched his sister approach him.

Haley took his cock in her left hand, leaned forward and willingly sucked her second cock in a row... willingly committing incest... willingly becoming a repeat offender eager cock sucker.

Stephanie smiled... this was going even better than she could have imagined! First, her daughter hadn't been disgusted when she put some moves on her. Second, Haley was willingly joining in on this family fuck session, although admittedly she hadn't done any actual fucking... yet? Third, her daughter seemed to be a natural cock sucker... and likely would become a great submissive slut just like her mother. Haley would soon come to understand that sex is power, and through sex she could always get what she wanted.

Haley was becoming insatiable. She wanted more cum. She couldn't explain why, but every aspect of sucking a dick had become exhilarating. Being on her knees worshipping a cock was a new and better version of religion. Bobbing in and out was soothing and natural. A cock in her mouth gave her a strange sense of feminist power... she was the one controlling the pleasure. The task gave her body surreal sensations of subtle euphoria. Her craving for cum drew her into a lustful rapture. Right... or wrong... the two concepts blurred together into simple amoral pleasure.

Andrew watched in awe as his uppity religious sister was on her knees happily sucking his cock. This was in many ways more surreal and perhaps even more fulfilling than having his own Mommy-slut.

Stephanie's pussy was on fire with a sexual adrenaline rush from watching her daughter sucking dick... her entire family now joined together in willing incest. Through wicked sex acts, her family had become close for the first time in years... all her twisted acts of incest were working out even better than she could have imagined.

Haley was bobbing faster... really getting into the act of cock sucking... wanting to become really good at it so she could surprise Joel. Hearing Andrew moaning enhanced her own excitement.

Stephanie got onto all fours and silently pointed first to Alex, and then at her pussy.

Alex nodded... of course... his cock still hard... and it likely would be for a while. He walked around the bed, and while still watching his sister sucking his brother, he approached his hot mother.

Andrew knew he wouldn't last long... getting a blow job from his sister tied with fucking his mother as the two hottest moments in his sex life. He also knew that although he shouldn't do it... he couldn't resist... as he allowed his balls to boil until the very last moment.

Haley wanted her second load... she bobbed hungrily for it... taking over half of her brother's big cock into her mouth.

"Ooooooh," Stephanie moaned as her younger son slid into her very wet and needy pussy. Haley heard her mother moan, and she was curious why. She didn't remain curious for long, as her mother supplied her with the information she needed. "Yes baby, fill Mommy's pussy with your big cock."

Andrew held back as long as he could, before he pulled out and erupted a massive load all over his sister's stunned face.

"What the fuck?" Haley gasped, as warm cum splattered all over her face, and some went into her open right eye.

"Andrew!" Stephanie rebuked with a moan.

"I couldn't resist," Andrew said, as he slid his cock back into his sister's mouth and shot his third and fourth ropes into her throat.

Haley was surprised by how warm the cum was on her face and how, although she was annoyed at getting this unexpected facial from her brother, it also turned her on... as did his sliding his dick back into her mouth and pumping his dick between her lips and spewing some more creamy cum.

"Well, I guess it would be difficult to resist coming all over your hot sister's face," Stephanie agreed, admiring the cum dripping down her daughter's face as her son continued slowly face fucking her.

Haley heard the surreal compliment as Andrew slowly pumped his cock in her mouth... no more cum emerging. A few seconds later, curious to see her Mom getting fucked by her brother, she backed away and turned to see her Mom on all fours.

"You look hot with your brother's cum all over your face," the Mom said.

"Uh, thanks," Haley said, shaking her head.

"In the future, always close your eyes when you're getting a facial," the Mom recommended.

"Good advice a little too late," Haley said, wiping cum from her eye.

"And you, young man," Stephanie said, looking at her elder son, "always warn a woman when you're about to come in her mouth or on her face. I raised you better than that."

"Sorry Mom," Andrew apologized.

"I can't believe you're letting Alex fuck you," Haley said, her pussy on fire from all these kinky acts... and secretly wondering what it would be like to fuck one of her brothers... their big cocks looking so inviting and tempting.

"At first I couldn't believe it either," Stephanie admitted. "But now I can't imagine *not* having my son's dicks regularly filling all my holes."

"It *does* look kind of hot," Haley admitted, watching the incestuous act.

"There's nothing better than family fucking," Stephanie said.

"So I'm learning," Haley said, her knees suddenly feeling sore. She stood up and stretched for a little.

"May I fuck you, sis?" Andrew asked, stroking his cock invitingly.

"I don't know," Haley said, hesitating as she looked at his big hard cock... and then looked at her Mom on all fours getting fucked.

"Or if you prefer, he could eat you," Stephanie said, giving her another option.

"Or I could fuck you," Andrew offered again, dying to be the one to take her virginity.

"I don't know," Haley hesitated again... her tone sounding more curious than reluctant.

"It's up to you," Stephanie said. She added, knowing her daughter was very close to sampling the forbidden fruit, "although some practice before you start having sex with Joel might be a good idea."

"I guess," Haley said, her pussy on fire, and her brother's cock looking so appealing.

"I'll go slow," Andrew offered, knowing he simply *had* to close this deal.

"I can't stay on my knees anymore," Haley said, not saying yes or no, but to her brother's ears, she'd just granted him permission.

"Why don't you two join Alex and me on the bed?" Stephanie suggested, taking control.

"Good idea," Andrew nodded.

"Lie on your back, honey," Stephanie said, standing up and feeling her younger son's cock slip out of her.

"Okay," Haley said, climbing onto the bed and with her Mom's help, lying on her back.

"You sure you're ready for this, Honey?" Stephanie asked, as she leaned down and kissed her daughter, and stuck a couple fingers into her very wet pussy.

"Yes," Haley moaned into her Mom's mouth.

Stephanie lay on her side, and Alex got behind her.

Andrew got onto the bed and between his sister's stocking-clad legs... caressing his hands along both of them.

Alex slid into his Mom and leaned up so he could watch his sister's first fuck.

Andrew positioned his cock at his sister's pussy, as his Mom kissed her and rubbed her clit.

Feeling her brother between her legs and now desperate to feel a real cock inside her needy pussy, she said, breaking her Mom's kiss, "Please big brother, slide your big cock inside me."

Andrew didn't wait to be asked twice... not wanting his sister to change her mind... and so he slid his cock inside her pussy.

"Oh my God!" Haley moaned loudly, feeling her tiny virgin pussy suddenly filled with cock... a big cock... her brother's big cock.

"Just relax and breathe," Stephanie said, seeing the complete awe, bewilderment and rapture in her daughter's eyes.

"Okay," Haley moaned. She felt so full, and she experienced a rush of adrenaline at having a dick inside her.

"You're so tight, Haley," Andrew said, in awe of how tight she was, and that he was the first person to fuck her.

"Now go slow, Andrew," Stephanie instructed. "Don't fuck her like a cheap slut... like you do me."

"He treats you like a slut?" Haley asked, as her brother slowly began fucking her.

"Yes, honey," Stephanie nodded. "Mommy *loves* to be fucked like a whore."

"Oh my," Haley said, both from her Mom's words and her brother's dick.

"You and I may be different," Stephanie said. "But I get turned on when a man fucks my face, pounds me hard, drills my asshole, calls me filthy names, and comes onto or inside me whenever and wherever he wants."

"Ooooooh," Haley moaned, the idea of being treated like a whore... like she'd been experiencing during the past half an hour was suddenly a major turn-on.

"Do you like that idea, Haley?" Andrew asked, dying for permission just to take control.

"I don't knooooooooow," Haley moaned, as her brother's cock slowly fucked her, and even after just a dozen strokes or so, she wanted it faster... harder.

"Do you want to be our sister slut?" Andrew asked, pulling out of her... knowing that technique often made women say and do things they usually wouldn't, once they were already in the increasing throes of rapture.

"Why did you stop?" Haley asked, suddenly feeling empty and annoyed.

"Just answer the question," Andrew ordered, tapping his cock on her clit.

Haley twitched as she said, desperate to have her brother's cock back inside her pussy, desperately wanting to get fucked deeper... faster... harder, "Yes."

"Yes, what?" Andrew asked as he tapped her clit again.

"Stop being a teasing asshole and give your sister the fucking she's obviously dying for," Stephanie said, as she enjoyed her own fucking

"Say it," Andrew said, ignoring his mother this time.

"Fine," Haley said, glaring at her brother. "If it means you'll mistreat me like Mom just described, then yes, I want to be your sister slut. That sounds really hot!"

"Here ya go," Andrew said, sliding his cock back into her pussy... this time really hard!

"Yesssssss," Haley moaned, feeling pulses of pleasure coursing through her just from having her brother's big dick back inside her.

"So you've just said that now this pussy is mine to fuck whenever and however I want it," Andrew continued reveling in the power his cock had over both his mother and his sister. "Is that what you meant?"

"Enough chit chat, just fuck me hard," Haley moaned, not concerned about the future, but wanting to live instead in this wicked present and her rising orgasm.

"Say it, slut," Andrew ordered, bucking into her hard.

"Fuuuuck," Haley screamed, as her brother's cock somehow managed to go deeper into her pussy. "Yes, dammit, you can fuck me whenever and however you want," she agreed mindlessly ... willing to say anything to keep getting fucked... this cock sliding in and out of her pussy easily the most intense, pleasurable and life altering experience in her life.

"You're *my* slut too," Alex said, having been quiet all this time, but paying close attention throughout every second.

"Yes, I'll be a sister slut for both of my big-dicked brothers," Haley declared, rapture controlling her.

"Now give our slut a good, hard fucking before I take another go at her," Stephanie ordered, her own orgasm rising as she watched her son and daughter fucking.

"You too Mom?" Haley moaned, although it came across as more sexual than pleading.

"Any objections? If you're going to be your brothers' slut, you'll also be mine," the Mom asserted.

"Sounds good to me! I'll happily be a cock-sucking, pussy-licking, cock-taking slut for everyone in this house," Haley agreed, the wicked words spewing out of her mouth enhancing her excitement. "Now Andrew, fucking fuck me like the cheap sister slut you want me to be. Just don't hold back!"

"That's what I wanted to hear," Andrew said, and he lifted her legs up, held them together, and really began to hammer his sister.

"Oh yes, fuck me, you nasty fucker, fuck me," Haley moaned, her next orgasm imminent, as she swore more during this five minutes than during her entire life previously.

"Come for me, sister slut, come all over your brother's big dick," Andrew ordered, really working up a sweat, as he pounded her as hard as he could.

"Don't stop, big brother," Haley moaned, this position allowing his cock to go even deeper.

"Harder, Alex, fuck Mommy harder," Stephanie ordered, both the mother and daughter close to orgasmic bliss.

"Come, slut," Andrew ordered, giving his sister the fucking she'd always feared, but which now was blowing her away!

"Oh fuck! Fuck, Andrew," Haley babbled, her head going light.

"Yes, you mother fucker, pound Mommy's cunt," Stephanie demanded, loving the term 'mother fucker', especially when it was literal.

Hearing her mother using that term was too much, and Haley screamed, her orgasm ripping through her like a tornado touching down a couple dozen times, "Yes, you sister fucker! You made

me come again!"

Andrew kept fucking her throughout her orgasm, his own load beginning to bubble.

Alex, wanting to fuck his sister too, said, "Let's swap, Andrew."

"I don't think so," Andrew said.

"You two will share our slut equally," Stephanie jumped in. "Now swap *right now*."

"Yes, Mommy," Andrew said, not about to argue with his mother anymore today.

He pulled out of his sister, and Alex pulled out of his mother.

Haley felt her pussy cum leaking out of her once she was no longer full of cock, and as her orgasm continued pulsating through her core, she was already craving more cock... more fucking. She said weakly, "Come and fuck me, Alex."

"Fuck yeah," Alex said, and he got between her legs.

Stephanie, feeling wicked, straddled her daughter's face and leaned her own face down to lick Haley's clit while both submissives were being fucked.

Andrew positioned himself doggystyle behind his mother, while his younger brother positioned his cock at his sister's inviting... glistening... no longer virginal pussy. "On three, baby brother," Andrew ordered, while Haley looked up at her mother's pussy.

Haley, not needing to be told what to do, leaned up and started licking her new favourite meal... although she wasn't sure whether she preferred pussy cum or cock cum... they were each completely different... yet equally addicting.

"That's it, Babygirl," Stephanie moaned. "Eat Mommy's pussy."

Alex rubbed his cock up and down his sister's pussy; Andrew positioned his cock at his Mom's cunt.

"One, two, three," Andrew counted off quickly, and both guys slid their big cocks inside their nearest pussies.

"Oh yes, fuck me son," Stephanie moaned as her son's big cock filled her. Depending on her mood, she sometimes preferred Alex's smaller dick, appreciating his eagerness and caring; but at other times, like now, she wanted to be hammered... pounded... drilled... to take her elder son's entire big cock as deep as she could manage.

"Ohhhhhhh," Haley moaned as her pussy was again filled with cock... while she licked her Mommy.

"Fuck her, Alex," Stephanie said. "Fuck your sister good."

"Yes, Mommy," Alex agreed, and he began pumping his cock in and out of his sister's pussy.

"Yes Alex, fuck your slut sister," Haley moaned, calling herself a slut for reasons she didn't understand, and reminding herself they were all committing incest, which enhanced the thrill of this wicked and wild afternoon.

"Drill that sweet pussy," Andrew added, his hands upon his Mom's hips as he fucked her.

"Oh yes, son, ream my cunt," Stephanie moaned as she leaned down and licked her daughter's pussy as her younger son's cock slid in and out of it. "And my slut daughter, keep licking Mommy."

"Ooooooooooooh," Haley moaned as her brother fucked her, her mother pleased her clit, and she tried to eat her Mom's pussy the best she could while her other brother fucked her Mom.

Then for a few minutes there were only the wonderful human-made sounds of sex.

Moans escaping from the two women to echo through the bedroom.

The bed making the percussive sounds of a bed being bounced on.

The slapping of Andrew slamming into his mother.

The groans of the two men.

The nasty words of a rutting mother.

The dominant talk of a randy son.

Then... the orgasms... four of them... almost simultaneous...

"Oh fuck, son, don't stop fucking Mommy," Stephanie moaned as she sucked aggressively on her daughter's clit.

"Oh Mommy," Haley moaned into her mother's pussy, as the cock inside her and the tongue on the outside drove her to the point of apocalyptic eruption.

"Oh fuck," Stephanie moaned loudly.

"Fuck, I'm so close," Haley whimpered, feeling a euphoria even more intense than her prior orgasms.

Andrew, exerting the control he'd mostly been denied all day, pulled out of his mother's twat and slid into her asshole... the only lube needed being his mother's excessive wetness.

"Oh, you nasty mother fucker!" Stephanie screamed, as her asshole was impaled, which instantly triggered her orgasm. "Come in my ass!"

As her mother squirted all over her face, Haley too couldn't hold back any longer, and she screamed while she drank down the sweet coital wine that God created, "I'm comiiiiiiiiing!!"

Andrew hammered his mother's asshole... his balls boiling.

Alex kept pumping into his sister... his balls also boiling.

"Let's double facial our new slut sister," Andrew suggested a dozen strokes later.

"Yeah," Alex agreed, loving the idea.

When Andrew pulled out of Stephanie's briefly fucked asshole, her orgasm still quaking through her, she rolled off her daughter and watched as both her sons aimed their cocks at Haley's beautiful face. "Close your eyes," she reminded her daughter.

Haley, her body quaking like she was the personification of the San Andreas fault line, was looking at the two cocks aimed right at her face, and closed her eyes just before she felt her second facial of the afternoon beginning to rain down on her face. The sweet warm cum coated her face, relaxing her as she enjoyed the afterglow of pleasure.

"Fuck," Alex grunted as he came on his sister's face.

"Oh yeah, fuck," Andrew grunted seconds later, as his load doubled the messy facial.

"Mmmmmmmmm," Haley moaned, enjoying this warmth that led to a tranquility transcending everything she believed in, such as God. This... this was heaven. Even as cum splattered across her entire face... even as she'd just been given multiple orgasms by her Mom and her brothers... even as she continued declaring herself a sister slut... she couldn't help resenting the church and its fearmongering that had kept her so long from exploring sex and the magical power it now had over her.

Then there was silence.

Each person enjoying the aftermath of pure euphoria.

Haley lay on the bed dripping in cum... pondering her faith... wondering what would happen next... especially between her and Joel. He could never be allowed to find out what she'd done in the past day. Yet she sincerely hoped her sexual awakening would light a fire in their relationship... because now she'd have no hesitation at all in spreading her legs for him at her earliest opportunity.

Andrew was already plotting how he could be the first one to take his sister's asshole.

Alex admired his hot sister and as always, remained in awe of his good fortune. Especially because of her beauty right now, while she lay face up on the bed fully exposed and covered in cum.

Stephanie was recovering from her orgasm... her ass burning for more dick. She looked at her cum-coated daughter and wondered how she should deal with her one remaining secret... sex with Joel. She didn't have an answer... she worried how her daughter would react if and when that scandal was revealed. Haley had dealt very well with being seduced by her mother and being coaxed into fucking her brothers, but neither of those had betrayed Haley. But fucking her boyfriend could very easily be perceived as that... even though she'd done it to protect her daughter... she wasn't at all certain she could convince Haley to see it that way.

But at least that was a problem for later... for now, she wanted to get ass fucked again... and... so... a minute later, she was being double penetrated by her two sons while Haley, having wiped the cum from her eyes, rolled onto her side and watched.

'I should give my anal virginity to Joel,' she thought to herself as she watched her Mom being double penetrated and clearly enjoying being sodomized... which she'd been raised to believe was a terrible sin... yet having sinned excessively in the past twenty-four hours, she now wanted to be the ultimate sinner... the ultimate slut...

#### EPILOGUE:

By this time it was about 3:30 in the afternoon, and Haley was totally exhausted, so her family left her in her Mom's bed to sleep... still naked except for her thigh highs. Meanwhile her Mom and brothers went downstairs... not bothering to dress... and snuggled together to watch some television.

Stephanie continued pondering her 'fucking Joel' problem, and finally decided just to take the bull by the horns.

Stephanie had been fucking Joel for a while now, but what he really wanted was to fuck Haley. On the other hand, if he had the opportunity, he'd almost certainly be happy to keep fucking Stephanie as well, and whether or not her sons were part of the action likely wouldn't be an issue for him.

And this afternoon Haley had the time of her life fucking her entire family, and had especially gotten off on being treated like the family slut and being told what to do. So even though Joel had been cheating on her (with her own mother), she had now begun cheating on him (with her own mother and brothers), and had professed her eagerness to keep right on doing it!

Tit for tat.

So where was there a problem?

She went and picked up her phone... deciding she was going to be the sexual Puppet Master and bring it all together in one climactic all involved end.

"Hi, Joel. Feeling horny?"

The End... finally.
