OnlyFamily Ch. 02: 1st Blowjob

Summary: Sister sucks her brother's dick while their Mom offers pointers.

NOTE 1: In the first part, Charlie Young died in a motorcycle accident, leaving his formerly wealthy family critically in debt. In a desperate attempt to make \$41,000 to keep the bank from foreclosing on their upscale home and the auto dealership from repossessing their fancy cars... in less than a *week!* His virginal college-aged daughter Tyra opened an OnlyFans account, and she began doing a live webcam show, displaying her gorgeous dancer's body to her lecherous fans. Then when her also virginal (and also nerdy) brother Marty entered their home's basement photography studio and caught his half-naked sister in the middle of her second daily show, she told him about their family's financial crisis and recruited him to be her cameraman. And then when their mother Lisa walked in on their after show and caught her daughter with her brother's cum on her hand (she'd stripped him naked... fair was fair... and then had given him a hand job), and she'd learned her daughter had brought in over ten thousand dollars in only a couple of days... instead of calling a halt to this scandalous behaviour, she deemed it too little too late, and she took charge of the cash cow (the show, not her daughter). Spurred on by their family's desperate need for big money in a hurry or else, Tyra's webcam show took on a theme: their family would pretend to be three people who weren't *actually* related to each other but were only *pretending* to be each other's sister, brother and mother... while they all had sex with each other on camera! Not actual intercourse, but coming damn close. Their first 'family friendly' show was truly memorable, and it brought in a tad over ten thousand dollars *more!* In a *single* night! Which wasn't enough to save the farm... okay, just their 4000-square-foot house in a gated community and their three six-figure cars... but it was a giant leap forward.

OnlyFamily Ch. 02 1st Blowjob

The next morning... well, almost noon by the time they'd all managed to climb out of their beds... Tyra was on her iPad checking on the final figures for yesterday evening's revenue. She was shocked by the huge amount they'd brought in.

While they still couldn't pay off all their debts, they were now well on their way towards overcoming their precarious financial predicament. They'd already downgraded their financial status from disastrous to chancy... since if they paid off something like only *half* of what they owed in lump sums, which would award them some credibility when they promised to pay off the rest in short order, the bank and the auto dealership would likely be amenable to renegotiating... since they rarely came out ahead whenever they foreclosed on houses or repossessed people's leased cars.

But their family still had a lot further to go before they'd not only be out of debt, but prosperous again.

When Lisa came downstairs and found her daughter looking more like an accountant than a sex kitten, and her son making some adjustments to the camera, she said, "We need to do a little shopping for tonight's show."

"We did amazingly well last night," Tyra reported. "But nevertheless, I don't want to spend any money *at all* until we've saved our house and our cars."

"I don't want to spend *much* money, and it will be an investment towards meeting our goal in time. I want to buy some sexy outfits for tonight's show," Lisa reasoned, "since some matching lingerie will be wicked fun, but also lucrative. I have a new idea in mind we can spring on our fans tonight."

"Cool! What is it?" Marty wanted to know.

"We needn't go into that quite yet. But don't worry, this evening will definitely include you shooting your cum *somewhere* interesting."

"Mmmmmmm," Tyra purred. "I hope that interesting somewhere will be somewhere on me!" She'd been horny all night... yesterday evening had been wild! She was still a virgin... if only by the skin of her teeth... and she still wasn't certain whether she was willing to give her virginity to her brother quite yet... although she *had* decided he was the one she wanted to give it to eventually... God, his big cock between her F-cup tits last night had felt so good! And then her Mom had *totally* shocked her by eating her pussy, and she'd given her an orgasm *way* better than her fingers or toys had *ever* managed to do! Then *she'd* eaten her *Mommy's* pussy, along with the creampie her brother had unloaded inside it, which had been *absolutely delicious!* All this made her wonder what Marty's cum all by itself might taste like... or her Mom's pussy without Marty's cum, for that matter. Lastly, the simplicity of just doing what she was told had been such a turn-on. She'd never considered herself at all submissive, she'd always exercised a rather dominant personality, generally speaking. But last night she'd learned that sexually she enjoyed just doing whatever her brother and her mother told her to. But that inclination didn't apply to how she related to her fans; since along with her Mom and her brother, *she* told *them* what she was and wasn't willing to do, although she was open to considering their demands (but as no more than suggestions instead of requirements... even the wildest ones. She'd never realized before just how *complex* she was!

"I want you two to follow my lead for at least several more days, since I've decided that every night for the next few nights until we meet our financial goal of \$41,000, and maybe even for a few nights beyond *that* if we're up for it, we've always got to put on a better show than we did the previous night," Lisa said, pulling down her skirt in preparation for removing it, while she was already nurturing along some ideas for the next few shows... each one nastier and wickeder than the one before... but not escalating their kinkiness *too* quickly, so they could milk as much money as possible from these online perverts. (She wasn't judging them by calling them that, since she fully recognized they were only *watching* these perverted acts (and often demanding more), while she and her offspring were actually *performing* them!)

Tyra watched her Mom casually pull her skirt down and off to reveal she was wearing black thigh high stockings and nothing else as she asked, trying to pretend she wasn't distracted by her suddenly almost totally naked mother and that her mouth hadn't just instantly started watering with hunger. "And what *is* tonight's show?"

Lisa hopped onto the kitchen table, wiggled her way to in front of her daughter and spread her legs. "I'm not totally sure yet, but let's practice something. Are you hungry for a breakfast snack, honey?"

"Yes please, Mommy," Tyra replied submissively. Then she added, "Last night I was surprised to learn how natural I felt when I was being submissive to you and Marty. So from now on whenever we strip down, will you please always tell me what to do? And you too please, Marty."

"I'll be glad to, sis," Marty replied. "But I'll need to know your limits. How far is too far?"

"I don't think I'm ready for you to take my virginity yet, but I think I'd be up for just about anything else you can think of."

"Fair enough. How about anal?" Marty said jokingly.

"You mean fucking my ass?" Tyra asked, that not even close to where she thought she was.

"Yeah, that way you keep your virginity and still get fucked," Marty responded.

"I don't think I'm ready for that," Tyra said, yet she added for reasons she wasn't sure of, "but maybe our Mommy could coach us about doing one day."

"Sounds good," Marty said, that seed planted going better than expected.

"I agree with you, you've emerged as *such* a submissive," Lisa said with a loving smile. She brought a hand to her daughter's head and guided it down to her pussy. "Eat Mommy's pussy, and get your morning dose of cunt cum."

"Only a single dose?" Tyra asked playfully. She just *loved* how her Mom had just felt free to pull her down to her slightly wet and glistening pussy without even asking for her permission... which caused a rush of sexually charged energy to course through her.

"Well no, but always at least one," Lisa said, loving the sudden way her sex drought had ended. From her pussy being as dry as a desert, to it now being as wet and flowing as Niagara Falls. After going for months without any dick or pussy at all, she now had both a live-in pussy eater *and* a live-in stud with a big cock, both of whom eagerly wanted to have all the sex with her she'd *allow*! She had the very best of both worlds!

"Mmmmm, I sure *hope* it's more than once a day, Mommy," Tyra said, as she began licking between her folds. "And sometimes with my big brother's cum leaking out of it, please."

"I'm sure that can be arranged," Lisa moaned softly, as she enjoyed her daughter going down on her. (As was said in the previous story, she was calling Marty her big brother not because he was older than he was, since in fact *she* was a few years older than *he* was. She'd only started calling him 'big' once she'd seen how wonderfully big his *dick* was.)

Tyra explored her Mom's entire pussy, discovering various subtle tastes here and there, and also enjoying the continuous sounds of her Mom's soft moaning. Tyra was learning quickly how much pleasing her mother and her brother turned her on. She was in two perfectly symbiotic relationships. Getting her Mom wet got her wet. Allowing her brother to tit fuck her and getting him off made her pussy burn. She wasn't sure if this was a normal thing, but she didn't care. She was discovering who she was sexually, and it was exhilarating!

"That's it, baby girl, show Mommy how much you love eating her pussy," Lisa moaned after four or so minutes of her daughter's slow, sweet lapping.

"I love eating your pussy *so much*, Mommy," Tyra said, completely infatuated with this simple task of licking pussy, with the moans coming from her mother, and the twisted fact that she was willingly committing the so-called ultimate sin of incest.

"You're *such* a good girl," Lisa moaned as she pushed her daughter's face tightly against her pussy, deciding to give her a nice face washing.

Tyra suddenly felt the wetness fully against her face, and she took her Mommy's silent action as an instruction to lick faster. So she began hungrily lapping even more eagerly between her Mom's pussy lips, and probing her hole with her tongue.

"Oh yes, baby slut, that's it, tongue fuck Mommy!" Lisa moaned, the slow burn of her daughter's sweet, lustful licking revving her up to the point where she now needed to be eaten really well... or fucked.

"Yes Mommy," Tyra agreed wholeheartedly, and she began using her tongue more aggressively, wanting to be a wonderful pussy licking daughter, to get her Mommy off, and very soon to taste her cum directly from the source!

"Don't stop, baby girl, don't stop eating Mommy!" Lisa moaned wildly, her orgasm close as she began grinding her slit up and down on her daughter's inexperienced but eager tongue.

Tyra obeyed, her tongue attacking this pussy with ninja-like moves, rapid attacks, and aggressive movements.

"Oh yes, oh yes, *oh yes*, you nasty cunt-eating slut!" Lisa hollered, her voice steadily rising with each of her words. And then, "Mommy's COOOOOOOOMING!" she bellowed, collapsing back onto the table and knocking a vase of flowers over while her body quaked, and her legs tightened spasmodically around her daughter's head!

Tyra felt the gush of wetness flooding out of her mother and into her open mouth, with some of it flooding back out onto her lips. Hungrily, she drank the woman's sweet wine as it poured into and down her throat.

Lisa reveled in the intense orgasm... her legs parting a bit further following the eruption; Tyra continued licking the pussy to lap up *all* the delicious pussy cum; and Marty had filmed the entire scene with his camera using his right hand, while he'd been stroking his dick with his left one.

Marty finally quipped, "Was that breakfast, or lunch?"

Lisa, of course not at all fazed by being watched and even filmed by her son, not after yesterday's wicked and public family bonding, grinned and quipped right back, "Brunch."

"Then since you must have skipped breakfast, I assume you're hungry," Marty continued the repartee, his long, hard dick preceding him to the table.

"If you're offering what it looks like you're offering, I could definitely eat something," Lisa grinned, while she spun around so her chin was resting at the end of the table and opened wide, just in time for her son to slide his dick into her mouth.

Marty, having been up for only ten minutes, still had his morning wood, and he knew that after witnessing such a hot lesbian show between his sister and mother, he wouldn't last long. So he grabbed her head with both hands and began enthusiastically face fucking his Mom! Any lesser woman would have been horrified by getting despoiled so violently, but Lisa just relaxed her throat and allowed her big-dicked son to have at it!

Tyra sat up and watched avidly while her brother's big cock plunged in and out of their Mom's mouth. *She* wanted some of that too! *She too* wanted to suck that cock. *She too* wanted to get face fucked. She *couldn't wait* to become *another* slut for her brother!

She was about to say something along those lines, when Marty groaned and grunted after just over a minute, and he filled his Mom's mouth with cum.

Marty kept pumping until he was done, and pulled out.

Lisa swallowed, maneuvered herself so she was sitting up and facing him, wiped her lips and said, "Well done! But I hope you'll last a lot longer when you do me like that again tonight! We'll have an audience to impress."

"My morning load always comes quickly," Marty shrugged. "But so long as I bust a nut before the show, I'll be able to give you a marathon drilling."

"Good; *very* good," Lisa said, climbing off the table. "Now both of you go and get dressed. We're going shopping."

"Do I have to come?" Marty asked.

"You *always* have to come," Lisa said, playfully squeezing his balls. "Now go and get ready."

"Okay," Marty groaned.

Thirty minutes later, the three of them went into an adult store in another part of town. As Lisa examined her phone while she scrolled through the plethora of comments from last night, her pussy getting wet all over again while she reminisced about the crazy night, Tyra was trying on outfits.

Marty took a picture of her in each one, in preparation for posting the collection on the OnlyFans site with the caption, **Trying on attire for tonight's show.**

As Tyra was changing into a black leather bondage outfit, Marty recalled a prop from one of the plays at his old high school... a king's throne. He knew he'd be getting blown by his sister tonight, at least that was the plan as far as he knew, and thought if that happened while he was sitting on a throne, it would be pretty epic. He flipped through his gallery of photos and found it. "Mom, what do you think of this for a prop tonight?"

Her son handed her his phone, and she took in the authentic-looking king's throne. "That's really cool. Think you can get it?"

"I'll make a call," Marty said.

"Then do it," Lisa said, the fun idea of their giving him a double blowjob in a video teaching her daughter how to be a good cock sucking slut jumping into her head.

Marty spoke with his former high school's stage props caretaker and said to his Mom, "We can have it for a hundred bucks."

"Excellent! Buy it," Lisa said, picturing her son wearing some sort of royal attire, probably only an open-fronted but royal-looking robe and maybe a pair of boots, she as the queen wearing only a crown and stockings, and her daughter dressed as the king's servant popping into her mind.

"Okay," Marty said, agreeing to the deal, and promising another fifty to have it delivered.

Tyra came out, now wearing some wicked black leather gear, and Marty took a picture to add to today's sexy sampling's tease. She complained, "This one isn't very comfortable."

"No? I'm not sure it suits you either," Lisa said; she thought she could very well find something better. "Wait here."

"Okay," Tyra said.

Marty said, "I think you look hot in it."

"Thanks," Tyra said, loving all those lustful looks her brother had been giving her recently.

"Except it needs black stockings and boots," Marty said.

"You and your stockings fetish," Tyra smiled, having learned the power stockings had over him, and over lots of her fan boys.

"From now on, I expect you to wear them at all times in the house, even if that's *all* you're wearing," Marty instructed her firmly.

"Are you giving me orders now, big brother?" Tyra asked flirtatiously.

"I most certainly am, my sister stockings slut," Marty agreed,

Just then an older saleswoman approached and began to ask, "How are..."

"We're doing *very* well," Marty interrupted her, while his sister went beet red.

"Try this on," Lisa returned and handed her a long, light blue dress.

"That's pretty tame, Mom," Marty observed, as the saleswoman stood there processing what she'd just heard.

"I agree, but I have an idea," Lisa said,

"If there's anything you n-n-need, just let me know," the flustered saleswoman blurted out.

"Will do," Lisa said, looking at her a little confusedly, while Tyra went back to change again.

The woman fled, and Marty explained, "I think we just outed ourselves as a family, and that I give my sister orders, and that I often see her naked. She may have even heard me call Tyra 'my sister stockings slut'."

"Oops," Lisa shrugged unconcernedly.

"Yeah, oops," Marty chuckled, his confidence brimming after yesterday... so much so that *nothing* seemed to faze him anymore.

"Will we have the throne in time to use it tonight?" Lisa asked.

"It's being delivered at five."

"Perfect!" the Mom nodded wickedly, the plan percolating in her head.

"Just *what*, pray tell, is my naughty mother planning?" Marty asked, his dick fully erect from watching his sister parading around in all those hot outfits.

"Oh, just a very special evening at home with my loving family," she said airily, sauntering over and giving her son's dick a playful squeeze. "We may need to do something about this before we get home."

"There isn't any 'may', but I hope there's a 'real soon'," Marty negotiated, eager to take her into a change room right here and now so he could fuck her.

"'Soon' is such a *lovely* word," she agreed, giving him another firm squeeze.

Tyra returned, and Lisa said approvingly, "That looks *perfect* for tonight."

"It's pretty sexy, but a bit tame," Tyra said, knowing her members pretty well by now.

Trust me," Lisa said. "With the accessories I have in mind, it'll be perfect."

"Accessories?" her kids asked in unison.

"You'll see," the mother smiled. "Trust me. Now get changed back into your street clothes; we have another store to go to."

"Okay Mom," Tyra agreed. She did trust her Mom, but she was curious to know what else she was thinking.

As they went to pay for the few hot outfits Lisa had chosen for her daughter, she reassured the saleswoman, "I know what you overheard probably shocked you, but they aren't *actually* brother and sister. We do lots of roleplaying."

"Oh, it's none of my business," the saleswoman downplayed her response, even though hearing what she'd heard had indeed shocked her.

"That's nice of you to say," Lisa said. "I just want you to know we're not some incestuous wackos."

"Whatever you say," the woman said noncommittally, as she put the few outfits in a bag, including the one Lisa had selected for herself.

"Yes, they're only step-siblings, not related by blood," Lisa finished. "So my son dominating my step-daughter isn't illegal or anything."

"Oh!" the woman yelped, shooting back to *completely* flustered! "That'll be \$178.12."

Lisa paid and said, "Thank you. Have a pleasant rest of your day." She then left the store, excited by her rush from playing around with this woman's head.

Opening the rear door to the car for her, Marty ordered, "Back seat, Mommy."

"Oh? That's the name of a kinky series I read last week," Lisa purred, having been fascinated by a kinky series of stories about incest she'd read on Literotica, ironically called **Backseat Mommy**. She'd envied the incestuous woman at the time, but now she didn't need to.

Lisa obediently climbed into the backseat of Tyra's Tesla, and Marty followed her inside.

"Drive us to the Eddington strip mall," Lisa ordered, once Tyra had situated herself in the driver's seat, while Lisa fished out her son's dick. This blowjob wouldn't be as kinky and taboo as in the **Backseat Mommy** stories, but it would still be pretty hot. [In those stories, a Mom sucked and fucked her son in the backseat of their car over the course of a few days, while her oblivious husband drove them, and even carried on conversations with her during a long road trip. Check out my **Backseat Mommy** series, for a wild saga about a Mom and son's wicked cross-country sex adventure *cum* love story.]

"Got it," Tyra said, not knowing the strip mall, or even this area at all, so she typed it into her phone to get the route.

As she began driving, she glanced into the rear-view mirror and couldn't see her Mom at all, only her brother. She adjusted the mirror so it was useless for its normal purpose, but it now gave her a decent look at what was happening in the backseat... their Mom was giving her brother another blowjob.

"Get your eyes back on the road," Marty rebuked her. His sister had been staring into the mirror while she was driving down the street!

"Sorry!" Tyra startled, snapping her attention back to the road.

"Oh, yeah Mom, you hungry slut," Marty moaned, "how much do you love your son's big fucking cock?"

"I love it so much, my son," Lisa said, sitting upright while she continued stroking his cock, and she started kissing him.

Marty kissed her back, while Tyra stopped the car for a red light. She couldn't explain why, but she couldn't help feeling a little jealous. She wanted to take part in everything!

Marty broke the kiss, pushed his Mom's head back down and onto his cock, and she resumed sucking. "Don't worry Tyra, soon you'll have this dick in *your* mouth too."

"Who said I wanted any of *that*?" Tyra objected, trying to make it appear like she wasn't *dying* to pull over, get into the backseat and join in on sucking that cock.

"Don't pretend you'll ever object to being my completely submissive sister slut," Marty said, confidence oozing out of him.

There was a honk! Tyra looked up, was startled to see a green light, and she hurriedly resumed driving.

Lisa sat up, stroking her son's cock, with her saliva now coating it, "Don't worry Tyra, tonight you'll be sucking your first cock, and your total lack of experience will be a great selling point."

"I don't know if I can do that," Tyra worried. Last night had been amazing, but her family, including her, had gotten totally carried away! Had all those extremes been too much for the website? All that cash flooding in said it wasn't. But would she be up for going even further tonight? She caught her thoughts going around in circles, so she set them aside and refocussed on her driving

"Trust me," Lisa assured her while she rolled her fingers over her son's hard cock head, "they want a blowjob next, so we'll give them an *epic* blowjob show."

"Yeah! You're going to learn to be a nasty cock sucker we can be proud of, just like our Mom here," Marty added.

"Marty, don't be crude," Lisa scolded.

"Sorry, Mom," he apologized sheepishly, a bit surprised by the sudden scolding.

"I *am* a nasty cock sucker for your cock, and I'm proud of it, son," Lisa said, "and your sister may very well become one too, but you've got to let up on her and allow her to find her own way there. If you keep pushing her like this, she'll only push back."

"Okay, that makes sense," Marty said. He didn't want to do *anything* to ruin this amazing good fortune he was having. He was without a doubt the luckiest guy in the world!

"Tonight we'll give Marty a double blowjob while I teach you, probably along with teaching a bunch of nerds online, how to worship a nice big cock properly," Lisa said. "What do you think of that, Tyra?"

"Well, they definitely said they want to see me sucking some dick," Tyra admitted, and truth be told, she *did* want to suck Marty's dick.

"True, but do *you* want to suck your brother's dick?" Lisa asked.

"I *think* so," Tyra answered, playing up her small amount of doubt. She didn't want to appear *too* eager to Marty, even though she wished that dick was inside her mouth right now!

"We won't ever make you do anything you don't want to do, honey," Lisa said. "This is *your* show. But if we really want to rake in the money, we've got to keep giving the viewers what they want. Which means if you're up for it, you'll need to keep expanding your limits like you did last night. The good news is that you'll only need to expand them in small increments, because if you expand them too far and too fast, we'll soon run out of increasingly naughty activities to explore in front of them."

"I know," Tyra said.

"Think about it," Lisa said. "And take all the time you need. But right now, I know what I want."

Lisa bent down and took her son's cock back into her mouth and she resumed bobbing hungrily.

"Yeah Mom, suck my cock," Marty said. He glanced at the car's rear-view mirror and was surprised to see his sister looking right back at him. She'd stopped at another red light, and apparently she couldn't keep her eyes *off* of him!

This time Tyra saw the light turn green, and she resumed driving, now only three minutes away from the strip mall.

"Oh fuck, Mom, you really know how to suck a cock," Marty said, not that he had anything to compare it to... but her wet mouth, soft lips and suctioning had his balls boiling in short order.

"Mmmmmmmm," Lisa moaned on his cock, not slowing down, and looking forward to his second load of creamy cum.

Tyra's pussy burned as she listened, and somewhat watched the taboo scene occurring in the backseat. Who would have thought that the very first sex in her Tesla would consist of mother-son incest between members of her own family? Or that *any* of the past couple of days' occurrences would have happened? Not that she was complaining!

"Oh, yes Mommy slut, *deep throat* my cock," Marty urged her, "just like that!" pushing her head down and holding it there for a couple seconds.

Lisa was turned on completely by this rough treatment, doing her best not to gag on his hard cock with its entirety deep inside her mouth... and beyond.

Marty released her head, and now Lisa started deep throating his entire dick with each bob, really working it over.

"Swallow his load, Mommy," Tyra urged, wanting to take at least *some* part in this kinky action.

"Yeah, and I'm about to burst," Marty warned.

Lisa kept bobbing until the first rope erupted into her mouth, and then she backed off a tad, but she kept her lips wrapped around his cock head so she could catch, but not swallow, the rest of his cum... since yet another wicked idea had popped into her head!

"Fuck," Marty groaned, as his dick unloaded inside his sexy Mom's mouth.

Lisa retained the entire load inside her mouth, and she sat up when Tyra stopped for another red light. As soon as the Tesla came to a complete stop, Lisa grabbed her daughter's chin and used it to pull Tyra's face towards hers, and then she pressed her daughter's lips snugly against her own... and ejected her son's entire load of cum into her daughter's mouth!

Tyra certainly wasn't expecting anything like *that* to happen! But gamely, she accepted the snowball of cum into her mouth and swallowed down her brother's load, quick as a whistle. Their tongues danced in each other's mouths for about fifteen seconds before Lisa backed away. She glanced to her left, and spied a guy staring down at her from a tall pickup truck in stunned awe.

She gave him a wave and a saucy grin before... still holding the guy's gaze... she bent down and took her son's cock back into her mouth. By now the guy's mouth had dropped open.

The light changed, and Tyra drove the last few hundred yards to the strip mall with the aftertaste of her brother's cum still in her mouth. The previous evening she'd eaten it from her Mom's snatch as an ingredient in a creampie, and just now she'd tasted and swallowed it from her Mom's mouth... but what she *really* wanted was to taste it exploding directly out of her brother's *cock* and into her mouth.

She pulled into the strip mall and saw a sex toy shop, so she assumed that was their next stop. Tyra parked and said, looking back and seeing her Mom once again sucking her brother's cock... she was as insatiable as a teenage boy! "We're here."

Lisa sat up and said, "All right, so now it's part two of the plan. You guys can wait here."

"Really?" Tyra asked, involuntarily glancing down at her brother's inviting cock. It was still hard.

"Actually, why don't you go over there to DJ's Pizza and order us a pizza," Lisa said, pulling a twenty out of her purse and handing it to Tyra. "I should be back out by the time they've finished baking it."

"Um, okay," Tyra said, curious about what her mother had in mind... but she'd always liked surprises.

Lisa left her kids behind and went into the adult shop, where she purchased a couple of items for tonight, and a few more things she planned on using later in the upcoming week or weeks. For tonight, she bought a collar and a leash. For some future adventures, she also bought three strap-ons in different sizes, nipple clamps, some edible paint, some anal lube, a set of three butt plugs, a pair of handcuffs, and some blindfolds. She also purchased three new sex toys. One was a rabbit, very much like one she already she had, but new and improved. The second was a double-ended dildo for what would be a wild show someday soon, she hoped. Lastly, she bought a suction cup ten-inch black cock... just for her to enjoy in the shower, but perhaps also for a future show.

She returned with her bag of fun, just as her kids were returning to the car with the pizza.

Tyra drove home... they shared the pizza... then Tyra went for a nap, Marty went back out to pick up a new 4k camera, so he could film from various angles on the main feed from the stationary camera on a tripod, but also switch to closeups, and Lisa typed responses to some of the requests they'd received from their fans.

Lisa agreed that 'Mommy' (the only name she'd ever be using on their shows), would do topless dick ratings for a fifty-dollar tip minimum. Then for the next couple of hours (between also doing a few other things), she rated dicks with blunt honesty during fifteen to thirty second one-on-one sessions while she was topless and, of course, wearing a mask. She was somewhat astonished by how some men with tiny dicks wanted to pay for getting humiliated, but she was more than willing to comply. She also had some opportunities to see some very nice dicks during the process, many of them nice and hard.

When Tyra joined her in the living room following her nap, feeling refreshed, Lisa observed, "Your fans are a kinky lot."

"That they are," Tyra agreed.

"I've been doing topless dick ratings for the last hour," Lisa said, still topless, wearing only a miniskirt and stockings.

"Which explains why your tits are out right now," Tyra smiled, admiring her Mom's large knockers, and cheered by the welcome thought that she too would likely look that hot when she got older... her Mom had probably bequeathed her some great genetics.

"Yeah, it's easier than getting undressed over and over."

"How much are you charging?"

"Fifty bucks a shot for between fifteen and thirty seconds, depending."

"Wow!" Tyra said.

"We could charge double for the two of us at once," the Mom said. "Maybe triple."

"That could be fun," Tyra said.

"They also keep telling me they want to watch you suck your brother's dick, lose your virginity to him, take his facials, take it up the ass, get gangbanged, get fisted, lez out with your 'Mommy', and some of them even asked for some piss play, which they'd be willing to pay top dollar to see," Lisa said... all of them things she wouldn't mind facilitating for her daughter and herself once Tyra felt up to doing them.

"Jesus!" Tyra exclaimed, having encountered many of those same requests in her fans' comments in the past; but hearing her Mom reporting them out loud made them seem even *more* real and wild... especially after all that had transpired the previous evening.

"I know," Lisa agreed with the sentiment. "I had no idea the online world was so kinky, yet also so financially rewarding."

"I agree with you!"

"So we'll need to come up with a plan to capitalize on all of that kinkiness during the next few days and weeks," Lisa summarized.

"I'll think about that wild list in the next while; but for tonight, I'm obsessing about sucking my brother's big, fat cock and swallowing his load for the first time," Tyra said bluntly, unable to get his dick... and her hunger for it... out of her head.

"That's actually my plan for tonight," Lisa assured her. "I think we should do it in two or three parts."

"Parts? There are different *parts* to sucking dick?"

"Yes, parts. First I'll instruct you about how to suck a cock; we'll stage a live tutorial," Lisa said, "which we can then isolate and sell online afterwards".

"Okay," Tyra agreed tentatively.

"Why do you sound so doubtful?"

"It's just that I don't want to look incompetent in front of all those of those people," Tyra explained.

"No, no, no," Lisa reassured her. "You won't look incompetent, just inexperienced. Which they already know about you, so it's a selling point. Our goal is to have your fans accompany you along your sexual journey."

"I guess."

"You guess? I admit that I've appointed myself as the acting director of your online adventures. But if at any time you don't like what I'm doing, please tell me," Lisa said, giving her daughter a hug, "you *started* this enterprise. This is *your* show."

"Okay, that makes sense," Tyra agreed, enjoying the warm embrace. "So what's part two?"

"A double blowjob," Lisa said.

"A *double* blowjob?" Tyra echoed questioningly.

"Yeah, we'll both suck your brother's... what did you just call it?" she smiled, backing away and placing her hands in her daughter's. "...*big, fat cock* together."

"I love that phrase!" Tyra said, loving it for reasons she didn't know. The words just sounded so good together, and they were the perfect description of her brother's impressive dick.

"It does flow off our tongues nicely," Lisa agreed. "Anyway, I'll suck his balls while you suck his dick. Then we'll suck his dick simultaneously from both sides, with our lips touching while we go side to side together in smooth unison. We'll be kind of kissing each other and his dick simultaneously!"

"Kinky!" Tyra said. Her fans would *love* to see that.

"Then for stage three, you'll work his dick over and he'll give you his creamy load for the first time," Lisa added.

"How? A facial?"

"That's likely better for the camera," Lisa said. "But swallowing it is delicious... literally! And come to think of it, if you show the camera your open mouth full of his cum both *before and after* you swallow, that's just as photogenic."

"Mmmmmm," Tyra said. "I *do* want to taste it directly from his big, fat cock."

"Then it's your call; why don't you decide on the spur of the moment? Either way, you'll get lots of chances to taste it after the show," Lisa said. "But on that note, you should go and get dressed. Put on the dress we got and mocha thigh high stockings, and nothing else."

"What else did you buy today?" Tyra asked.

"You'll find out soon," Lisa said. "If you're surprised, that will look good for our audience."

"Fine," Tyra sighed, wanting to know right away.

"Just go. Hurry up," Lisa said.

After Tyra left, she went to check on the throne, now that it was all set up. It was magical! Marty had placed cameras in a couple of different places, and had set up his laptop to switch automatically from one camera angle to another. And he'd *also* set up a television screen that the cameras wouldn't see, but he'd always be able to monitor what was currently being shown online. He'd need that whenever he was part of the show. "Nice," she said.

"Yeah, now I think we can give them a very authentic, visually appealing show," Marty agreed.

"I kind of want you to fuck me right here and now," Lisa offered, still topless.

"Good idea! If I dump a load into your sweet pussy right away, I'll last substantially longer during the livestream," Marty said, pressing Record on the computer. Not for the audience, just to share with his immediate family sometime later

"Then we'll be doing it for the good of the show," Lisa justified.

Marty came over and kissed her. "And for you to be a good Mommy-slut to your dominant son," he added, when he broke the kiss.

"That goes without saying," she said, removing her miniskirt, spinning around and bending over the throne, offering her pussy up from behind... now only wearing her stockings.

"It's still *fun* to say," Marty said, hurriedly losing his pants. Just like his mother and sister, he never wore underwear anymore.

"What is?" Lisa asked coyly. She too loved hearing that wicked phrase. Words that always turned her on... they were *so* wrong and *so* taboo... which made them *so* right.

"Mommy-slut," Marty said again, sliding his dick into her very wet pussy.

"Which makes *you* a Mother fucker," Lisa moaned, while her son's big dick filled her right up. Following all those months of getting no dick at all, getting his big, fat cock pounding her pussy whenever she *wanted*, was heavenly!

"Oh yeah, I'm a *literal* Mother fucker," Marty groaned, loving to hear his mother talking so nastily.

"And eventually you'll be a *sister* fucker too," Lisa added, looking forward to facilitating his taking her daughter's virginity.

"Oh yeah! Because now I'm the *man* of the house," Marty said, relishing that phrase too, while he slammed into his hot Mommy.

"And the big *dick* of the house too," Lisa moaned, her orgasm rising quickly from the good hard fucking.

"And your *holes* are mine to use whenever I want," Marty declared, reaching for his Mom's hair and tugging on it.

"Yes, you mother fucker, you can use Mommy's holes whenever you want," she willingly agreed, loving the idea of her young stud with his big cock being available to fuck her all day and all night.

"Does that include your ass?" Marty questioned, trying to see just how far he could take things, and knowing with his Mom moaning wildly and in lustful passion, she would be more willing to agree to something like that.

"You want to fuck Mommy's asshole?" The mother asked wickedly, since 'asshole' sounded nastier and more erotic than 'ass'.

"*You bet* I want to fuck my Mommy's asshole," Marty agreed, his balls boiling at the prospect of doing something so wicked.

"You're telling me that you want to turn your Mommy into a three-hole fuck toy for your big fat cock?" Lisa demanded, trying to sound as nasty and sexy as possible.

"Fuck yes," Marty groaned. His Mom's wicked tongue was making this amazing sexually charged encounter feel even more intense.

"And that you want to use your Mommy as your own personal three-hole cum bucket?" she continued, the wicked words spewing out of her mouth enhancing the pleasure already consuming her. While incest had never even crossed her mind in the past, now that she'd taken a few tastes of this forbidden same blood love, there was no going back. She *loved* her son. She loved being *fucked* by her son. And she loved being her son's *slut*!

"Oh, fuck yes," Marty moaned, hearing his Mom's nasty words accelerating his already rapidly rising rapture.

"Come inside your Mommy, son! Breed me with your big load," Lisa cried out, needing to feel his seed erupting inside her.

"Do you two *ever* stop fucking?" Tyra asked, returning and looking on enviously at the clear ecstasy the two were sharing.

"Never," Lisa moaned, her orgasm close.

"You'll get this dick just as soon as you tell me you want it, sis," Marty promised as he slammed into his mother, wanting to put on a dynamite show for his sister, doing his utmost to tempt her into wanting to be his sister slut. "Soon you'll be a brother fucker."

"And his sister slut," Lisa added.

"And a daughter pet," Marty continued.

"The family's pet bitch," Lisa amended.

"Plus our fuck toy," Marty said, looking right into his sister's eyes while he pounded their mother.

"Yes! And our cock-sucking, cunt-munching submissive sister and daughter slut," Lisa listed off, nearing an apocalyptic eruption.

"Jesus!" Tyra exhaled, the litany of things her mother and brother had in mind for her all sounded twisted, yet equally erotic.

"Climb underneath Mommy so you can watch your brother fucking my pussy," Lisa ordered, seeing all that lust in her daughter's eyes.

"What? How?" Tyra asked.

"Get over here, lean your back against the throne and poke your head beneath Mommy's cunt *right fucking now*, Tyra," Lisa demanded amidst all her moans.

"Yes Mommy!" she responded eagerly, loving to be told what to do now that she understood what was required, and loving how the word 'Mommy' rolled off of her tongue. She scurried over to them, sat down between the coupling couple's two pairs of spread legs and looked upwards. It was a little awkward, but soon she had an up close and personal view of her brother's cock sliding in and out of her Mom's pussy from only a few inches away!

"Do you *like* that view, honey?" Lisa asked.

"Yes indeed, Mommy," Tyra answered, watching almost hypnotised, and with lust burning in her loins.

"This dick will be breaking that cherry of yours very soon, Babygirl," Lisa promised.

"But Mommy, that's so *wrong*," Tyra objected, but playfully.

"Does it *look* wrong from where you're sitting?" Lisa asked.

"No Mommy, it looks really *right*," Tyra said, wanting to feel that cock inside her.

"Get ready for my load," Marty said, having been holding back for as long as he could.

"Ready! Fill Mommy with your seed," Lisa said, knowing that the moment the load erupted inside her, and his cock twitched uncontrollably inside her pussy, she'd reach her own orgasm.

"Get ready for your cocktail mix, sis," Marty said as he furiously fucked his mother and after just a few more deep thrusts, he grunted and filled up his Mom.

"Oh *fuck*, you *mother fucker*!" Lisa screamed, as expected, her orgasm striking the moment she got bred.

As mother and son both climaxed together, Tyra stretched upwards, ready to guzzle down the creampie the moment her brother's dick vacated the playing field.

Which happened about twenty seconds later, and as soon as Marty pulled out, without instruction Tyra leaned up and sucked her Mom's pussy hungrily, extracting as much of masculine and feminine cum cocktail mix as she could.

"Oh, you hungry cum slut," Lisa moaned, loving the sensations of getting her pussy eaten while she was still coming... something she'd never experienced until yesterday.

"Mmmmmmm," Tyra moaned. She just *loved* the delicious taste of intermingled cum!

"*Good* slut," Lisa gasped weakly while she enjoyed the feel of her daughter's tongue.

"God, you're turning into one cum-hungry virgin!" Marty admired as he reached for a camera to take a better shot of the incestuous lesbian act.

"I love eating my brother's cum from my Mommy's cunt," Tyra said, trying to sound as wicked as her mother did.

"Soon you'll be eating your brother's cum directly from the source, and feel it exploding

Into your mouth and your pussy," Marty promised, the recently shy guy now oozing with confidence.

"Yes I will, big brother," Tyra agreed mindlessly, ready to do almost anything for her brother... suck his cock... lose her virginity... *God* did she need to get fucked! Her pussy was burning with need. She knew she'd have to do that during a live show, and this was blowjob night, but maybe her Mommy would allow her to do it tomorrow night. She couldn't wait!

While her daughter kept licking her, Lisa instructed, "Marty, I left an outfit for you on your bed. Go and put it on."

"Um, okay," Marty said, still filming the lesbian act.

"And take a quick shower first," she added.

"Yeah, okay," Marty said, leaving the cameras rolling as he replaced the one he'd been using onto its tripod.

Once he was gone, Lisa stepped away from the throne, pulled Tyra to her feet and kissed her.

And then for three or four minutes they just kissed. Sweet, tender, probing kisses.

When Lisa broke the kiss, she said, "I love you, Tyra."

"I love you too, Mom," Tyra said, looking into her mother's eyes. In this context, 'Mom' felt more appropriate than 'Mommy.'

"And I don't want to push you into doing anything you're not ready to do," Lisa added, worried that maybe she was pushing her too hard and too fast.

"Mom, I appreciate that," Tyra said, "but I *am* ready."

"Ready for what? If you're saying what I think you are, I don't want to be mistaken."

"I'm ready to give my virginity to my big brother," Tyra said. "I understand why I can't do it tonight, since I'll be sucking my first cock and taking my first facial, and our audience needs to watch me expanding my boundaries, but I hope it will be real soon!"

"Mmmmmmm," Lisa grinned, loving this chance to witness her daughter's sexual awakening before her very eyes. Tyra still being a virgin at twenty-one was its own miracle... and her desire to give it away to her brother was another one.

"But tomorrow... or the next day at the *latest*... I need Marty's big fat dick breaking my cherry and fucking the shit out of me," Tyra said bluntly, doing her best to impress her nasty mother with her *own* nasty mouth.

"Be careful how you phrase that sentiment. He may think you're offering him your ass," Lisa cautioned.

"Oh! No, that wasn't what I meant," Tyra said, suddenly feeling flustered.

"I was just teasing," Lisa said, "although a good ass fucking can be very pleasurable too."

"Really?"

"Oh yes," Lisa nodded, already looking forward to her son's dick buried inside her own asshole very soon. "But first things first, so that's for another time. I need to go and get ready for tonight. Why don't you check our messages and respond to any of them that strike your fancy?"

"Okay, sounds good," Tyra said, her pussy still burning.

"I'll be right back," Lisa said.

"And I'll be right here," Tyra said, picking up her phone and beginning to scroll through their comments from today.

.....

At five minutes before showtime, Marty appeared wearing a regal king's outfit, consisting of a dress-like floor length mantle, a heavier open front one, plus a crown and a mask. Very *unlike* most kings, he was barefoot.

Lisa was wearing a Queen of Darkness costume she'd purchased with the other surprise items, which was a black corset with a very deep and revealing V neckline that accentuated her voluptuous

tits wonderfully, and had a lace-up back. The outfit also included a skirt that covered no more than it absolutely *had* to, black thigh high stockings and boots.

Then at the last minute, Lisa changed her mind, and the corset came off to be replaced with simply a black leather bra and a *tiny* skirt, if you could even call it that, accessorised with a black thong and matching thigh high stockings. She'd changed the script in her head to an even better one that she thought was wickedly delicious.

Tyra was wearing the long, demure dress they'd purchased for her today, but Lisa had taken a pair of scissors to it, and now it was nothing even approaching demure. It consisted only of a few dozen floor-length strips of material hanging down from her shoulders, and it concealed absolutely *nothing!*

"Okay, let's do this," Lisa began. "Marty, you'll start with the camera aimed *here*, and another one opposite it."

"Okay."

"Tyra, you get down on all fours on the floor right *here*," Lisa pointed, about ten feet away from the throne.

"Why there?" Tyra asked, a little confused.

"Just pose where I order you to," Lisa said. "For our shows to go smoothly, you'll need just to trust me and always do whatever I tell you to. Stop analyzing things."

"Okay, that makes sense," Tyra agreed. "Bottom bitch at your service, ma'am," kneeling on all fours as instructed.

"Not exactly dear, you're our *lovable* bottom bitch, And we both *do* love you. Now Marty, when it's time, open the show with just a closeup of Tyra. Then be prepared to zoom out to include me in the shot as well."

"Okay," Marty nodded, his mother having given him a quick run-through.

"And Tyra, begin by flirting with them like you always do," Lisa said. "Do you know what to say? Your instincts in that regard are always excellent."

"Yes, I've got it. Something like 'Welcome to our blowjob show'."

"Then just follow my lead. I don't want tonight to appear too scripted," Lisa said.

"Okay. I don't have a clue what's going on, except that I'll finally get to suck my brother's big, fat cock." Tyra was already craving that so much. She didn't plan on wasting a bunch of time chatting with her followers, tonight was all about doing.

"Good, since that's the plan," Lisa smiled. "Most of them already know you've never given any blowjobs before now, so if you appear a bit anxious and clueless at the beginning, that'll be perfect."

"Okay, I can do that. Because I *am* feeling anxious and clueless right now," Tyra said.

"One minute until showtime," Marty warned. He got the main camera angled perfectly, and he picked up his phone so he could zoom in and out and switch cameras whenever he needed to.

"Get nice and close. At first, show nothing except your sister's lovely face," Lisa instructed, feeling just as excited as she knew her kids did.

"Got it," Marty said, sitting down and zooming in on his sister's face. "Fifteen seconds," he added.

"Ready, baby girl?" Lisa asked.

"Yes, Mommy," Tyra said, giddy with anticipation... so focused on the cock she was about suck she'd almost forgotten that the main object of this show was raking in lots of cash.

"Five, four, three, two, one... and we're live," Marty counted down, and he pressed the Transmit button.

"Hey there, all my faithful followers and any new subscribers," Tyra smiled warmly. "I hope all of you have had a great day so far." She paused to scan the many comments already rolling down the screen that was placed in front of her and to the left. "Thank you for saying so, last night was indeed lots of fun. In fact I'd like to thank every one of you guys and gals who logged on for last night's show. I had *so much fun* putting on that show for you. And you guys really showed your girl and my family some love with your generous donations."

Usually Tyra would then tease her audience for a little while longer, but this time her Mom took over right away. Lisa nodded to Marty, who gradually expanded the view, first to show Tyra on all fours in her slutty attire, then to include Lisa's fuck me boots, and then her entire sexy costume.

From the get-go, comments began scrolling down like crazy:

Holy shit!

Jesus!

Hole fuck, that's sexy!

What a perfect position!

Mommy!!!

Marry me!

Sexy!

Show me your tits!

Lisa, her smile wide, said, "Yes, last night *was* lots of fun, and your generous tips were very much appreciated. And tonight we're ratcheting things up *another* notch." She then paused to check the litany of comments she knew would follow her opening words.

Lesbian act!

Daughter eat Mommy!

Strap-ons!

Will she suck her brother's cock tonight?

Incest!

What's tonight's plan?

Lisa continued, revealing the plan for tonight, "Tonight I'm going to teach my virginal daughter how to worship her brother's big... fat... cock! So keep those tips coming, guys."

"Mom, you can't *possibly* expect the first cock I'll ever suck in my *entire life* to be my very own *brother's*, can you?" Tyra objected playfully.

"Except for the lezzie things you'll first be doing with *me* on future shows, your brother will always be your first *everything*," Lisa teased... more for their audience than her daughter... gazing right into the camera.

"But Mommy, that seems so *wrong*!" Tyra objected overdramatically.

Lisa kept gazing into the camera. "What do *you* think, all you Onlyfans fans, *is* that wrong? Should Mommy *not* teach her daughter how to suck cock using her *brother's* very big... very fat... cock? Is that *wrong* for me to do?"

Yes, use her brother's dick!

So hot!

Suck that dick!

Let's see that dick!

I want a Mommy just like you!

Hell, yeah!

Tyra said, "Well, I guess our fans have spoken, Mommy. I'll just have to bite the bullet and do it for them."

"Yes, they have," Lisa agreed. "They want to watch you sucking your very first cock."

"You mean I'm about to suck my *brother's* cock," Tyra emphasized.

"Yes, your *blood brother's* big, fat, cock for the first time," Lisa agreed,

"Mom, you look so *hot* wearing that outfit," Tyra said, stroking her hand up and down her mother's nylon-clad leg. "Guys, don't you think my Mom looks hot?"

Hottest Mom ever!

Be MY Mommy!

Show us your tits!

Dominatrix Mom is hot!

Black is so sexy!

Like mother, like daughter!

Lisa smiled, looking down at her daughter, "Thank you, sweetie. You look hot too in all those tatters. And so does your brother's big fat cock."

Marty, wearing only his two regal mantles, pulled up the inner one to reveal his large, fully erect dick to his Mom and sister, and switching to another camera, to the audience as well.

Holy fuck!

What a glorious cock!

I want that dick in my mouth!

Fuck your sister. Fuck your Mom. Fuck ME!

What a great dick!

Indeed big and fat!

Sister, you'll look so good with that ramrod in your mouth!

Incest is best!

Tyra resumed speaking, so Marty switched a camera back to her, zooming in for a closeup. "Knowing what I'd be doing tonight, I've been just *dying* to suck my younger brother's big, fat dick cock all day. And since his cock is *that* big, I'll be calling him my 'big' brother from here on out."

Nasty!

What a big brother!

I wish I had a big brother just like yours!

More of that dick please!

Marty asked, switching to an extreme closeup of his nine-inch hard cock, "Sister dear, are you *sure* you're ready to begin worshipping my big, fat cock for the first time?"

Then back to Tyra as she replied, playing up her very real nervousness, "No, I'm not at *all* ready. But I'll give it all I've got."

He then zoomed back out to show Mommy while she said, "Don't you worry, sweetie. Mommy will be *glad* to teach you how to worship such a wonderful cock. What do you guys think? Shall I teach my daughter how to suck my son's big, fat cock? Let's see how quickly you guys can tip us another \$1000, and then we'll *definitely* put on a hot show for you."

Fuck yeah!

Everyone pay \$50!

Yes, yes, yes!

Suck that cock!

What an amazing Mom!

Within a minute, they'd reached \$1300!

Lisa asked, pulling the collar and leash from the bag, "Should I put these on her? Show off my daughter as our family pet?"

"Mommy!" Tyra gasped, spying the collar in her mother's hands for the first time.

"Who wants to donate the seventy dollars it cost me?" Lisa asked.

'I will!' three people said, and the tip jar crossed \$2000.

"Thank you so much," Lisa said, blowing a kiss to the camera. She then bent down and fastened the collar around her daughter's neck. She then sexily clasped the leash to the collar and asked, "How does our family pet look with her collar and leash?"

So hot!

Wicked!

I need a family pet too!

God, I'm so hard!

I'd love to see her eat her Mom's pussy!

Fuck!

"*Crawl* to your brother," Lisa ordered, gently tugging on the leash. "Demonstrate to everyone that you're now *literally* our bottom bitch."

"Yes Mommy," Tyra said, "since that's what I am now." The camera focused on her as she crawled slowly, hanging her head to put on a show, the few feet to the cock she craved.

"Doesn't my son have a great cock?" Lisa asked.

Fucking huge!

I wish mine was that big!

I'd suck that dick!

Fuck ME, big brother!

So big!

Suck it!

"It's such a *big* cock," Tyra agreed, now staring at it. She reached up and took the cock in her hand, while Lisa knelt down to join her and cupped his big balls.

"Think we can make it to \$3000? Lisa asked. "\$700 more, and I'll teach my daughter and everyone watching the proper way to suck a nice... big... hard... cock like this one is."

Tyra rolled her finger over her brother's cock head, as the donations flooded in fast and furious. The total quickly rolled past \$3000, and they almost reached \$3700.

"I guess all you guys really do want to watch my hot Mommy teaching her daughter how to suck her brother's big... fat... cock.

YEAH!

Oh, God!

Suck that cock!

Teach me too, Mommy!

Let me come join you!

"Now baby girl, this *specific* cock, your brother's, seems to always be hard, locked and loaded," Lisa began explaining. But it's important for a novice cock sucker like you to know that when a dick is soft, it feels different inside your mouth. Feeling yourself stirring it to life while it hardens inside your mouth is an amazingly surreal experience."

"I understand, Mommy," Tyra nodded, slowly stroking the hard cock, resisting the temptation just to take it into her mouth.

"You're already utilizing the next skill: using your hands. Many girls, and any of you boy cock suckers out there... it is 2022 after all... a topnotch blowjob requires you to use more than just your mouth. A common mistake is just to put it in your mouth and blow. That can more or less work sometimes, but an *excellent* blowjob also requires your hands."

"Like this, Mommy?" Tyra asked, jacking the dick.

"Yes, like that. Wrap your hand around his shaft and slowly stroke it up and down. Feel the steel-like hardness of his dick. Feel the sensitive flesh. Get his dick as hard as possible. And all that eye candy you're showing him through your sorry excuse for a dress is also helping!"

"It's already so hard, Mommy; can't I just suck it now?" Tyra asked. "I really want to suck my brother's big, fat cock!"

"Not quite yet, you eager sister slut," Lisa rebuked her mildly. "Patience is important. Make him *beg* for it. Make him *desperate* to feel it inside your mouth."

"Okay, Mommy," Tyra nodded, stroking it up and down as she stared at the glorious cock.

"But you can use other techniques, just by using one or both of your hands," Lisa said. "Swirl your hand up and down your brother's dick like a corkscrew."

"Like this?" Tyra asked, moving her hand up while turning it, then back down in another rotating motion.

"Yes honey, that's perfect."

"Yes, *just* like that," Marty groaned. That felt really good, especially with the smooth twisting.

"You can also use your fingers by rolling them over his sensitive cock head," the mother continued. "While using your free hand to rub his chest, his legs, or to cup and massage his balls. On his chest you can use your nails a little. Reach up and graze his hard nipples. Stimulate and optimize his entire body, until he's *begging* you to suck him."

"Okay," Tyra obeyed, as she continued her slow, smooth, twisting strokes on his hard cock. For the next two or three minutes she practiced doing everything her Mom had suggested. She caressed her free hand over her brother's chest, then up to his hard nipple, having never thought before that men might ever have hard nipples, then she slithered it back down after having rubbed both nipples, before she placed it on his balls and gently cupped them.

Comments continued rolling in throughout, but none of the three were still paying them any attention... they were hardly aware anymore they even *had* an audience, since each of them was enthralled with the task at hand... whether they were doing, experiencing, or were just observing, ready to offer further instruction.

"Now I should note that the tip of a man's cock is by far its most sensitive part... especially the underside," Lisa explained. "In fact, you could consider it the male equivalent of a female's clitoris with reasonable accuracy. So it doesn't matter if your man has a ten-inch cock, a nine-incher like your brother's here, or even a small four-inch cock, the most important aspect of it is the tip. I've occasionally made men come without taking more than two or three inches into my mouth, since it's the head that usually pushes them over the edge."

The mother and expert cock sucking teacher looked into the camera and said, "So for the aspiring cock suckers out there, girls or even guys, understand that while deep throating a cock is hot, devouring it aggressively is sexy, getting face fucked is wicked fun, and just taking as much as you can into our mouth is important... it's the mushroom top that will really get your man, your top, your boyfriend, your Master, your husband, your son, your brother, or just some random guy on the other side of a glory hole, to come like gangbusters."

"Mommy, can I *please* suck him now?" Tyra whined. Her Mom's hot descriptions, along with the hard, throbbing cock in her hand, I had gotten her absolutely *desperate* to begin sucking it!

"Wait just another moment, dear. So everyone, there are lots of effective ways to pleasure the tip," Lisa continued. "For example, you can start with just kissing it. So go ahead, Babygirl, you may start kissing the head of your brother's dick."

"Yes, Mommy!" Tyra replied eagerly before she complied by bringing her lips close and kissing it.

Lisa looked into the camera, which was panned widely enough to show Tyra kissing the cock head, and also Lisa's pretty face. "Kissing the head of his dick can drive your man wild! He'll squirm with need, and will suffer through some teasingly beautiful agony. At first, just give him lots of little kisses... pecks, per se."

"Got it," Tyra said, now kissing the penis's head over and over... taking care to cover her brother's entire cock head with kisses... on top, below, and both sides.

"Good girl," Lisa approved. "Make sure you kiss every aspect of that dick's head. Drive him *wild* with your gentle teasing... feeling your soft lips and warm breath will turn him into a muddled mess of desire."

"You can say *that* again!" Marty agreed. "It feels so *good* right now," he added, enjoying all the tender teasing, but just like his sister, what he *really* wanted was her actual *lips* wrapped around it.

"Now really tease your brother, baby girl," the mother continued. "Open your lips a bit and begin giving him nice, moist squeezes on the tip of his cock."

"Yes, Mommy," Tyra obeyed, doing exactly what she was being told, really putting her heart in it.

"Jesus!" Marty moaned, the sweet wetness driving him wild. Everything his Mom was saying was true. He was discovering that this wicked teasing and Tyra focussing only on his cock head... was somehow giving him more pleasure than even his Mom's wickedly hungry *deep* cock sucking had done.

"You see how easy it is to drive a man wild this way?" Lisa asked.

"Yes Mommy," Tyra said. "Check out the look on his *face* right now, especially his eyes!"

"Yes, you're doing a wonderful job! Now add some more saliva to get his whole head nice and wet, and start licking it a little," Lisa instructed... wishing *she* was the one doing the cock sucking right now, instead of just lecturing about the technique... her son's cock was just so fucking perfect!

"Okay, Mommy. Like this?" Tyra asked eagerly, licking the top of her brother's cock head like she would an ice cream cone.

"Yes, you eager little slut," Lisa approved. "But be sure to include his *entire* head; swirl your tongue around his cock, as if you're a tongue tornado."

"Oh, yes Mommy," Tyra agreed enthusiastically, doing just that... swirling her tongue all around the cock head, which was now wet and shiny with her saliva... which made it look even *more* appealing.

"Oh God, Mom!" Marty moaned. "She's driving me crazy!"

"Good! That's the main *point*," the mother explained. "Remember, you're only the stud model today, so enjoy yourself, but keep your load inside your balls."

"I'll try, Mom," Marty said, thankful he'd dumped that load in his Mom right before the show.

"Now wrap your lips around his cock head, and suck it like a lollipop," Lisa instructed.

"Okay," Tyra said, *finally* being allowed to put the cock in her mouth. And as soon as she did, she began bobbing a bit.

"No, no, no! Not like that, at least not yet," Lisa said, pulling her daughter away. "Do it like this."

"Mom!" Marty whined.

"Just sit back and watch for a moment," Lisa said. She wrapped her lips around the cock head, then backed away, making a small *popping* sound when her lips left the cock.

"Oh God," Marty moaned.

"See?" Lisa asked, and she did it again.

"Oh, I can do *that*, Mommy," Tyra said, gently pushing her mother away, to get her brother's cock back in her mouth.

When her daughter did exactly what Lisa had demonstrated, she approved, "That's it, Babygirl, perfect!"

"Mmmmmmmmm," Tyra moaned continuously, as she did it over and over.

"Now, do your tornado swirl again," Lisa instructed after a few cock pulls.

"Okay," Tyra said, loving the satisfaction coming from just doing as she was told... and hearing her brother moaning in response to it.

After another thirty seconds or so, Lisa said, "Now let's expand your repertoire with a few different cock sucking techniques."

"Okay," Tyra said.

"For some men, the small sit at the top of the penis where their delicious creamy cum comes out... it's called the *urethral meatus*... is super sensitive. So applying your tongue to it while you're sucking the cock head can really drive a man wild. Now be warned that some men really enjoy this, but some don't," Lisa explained. "Let's see how your brother feels about it. Suck on just his cock head, while you flick your tongue up and down against his slit."

"Yes Mommy," Tyra agreed, taking just the head of her brother's cock back in her mouth and using her tongue as instructed.

"Oh, *yeah!*" Marty said with a deep groan, starting to tremble while her tongue teased his slit.

"I think *this* man likes it," Lisa understated to the audience.

"So Intense," Marty said, this procedure almost *literally* driving him wild.

"Now by the way, all you cock suckers," Lisa said, "often by now your man, your Master, top or whatever, will have begun face fucking you, or forcing his dick down your throat to tickle your tonsils... and if he does, then just do as you're told. Your purpose here is to make him happy and make him come. *His* pleasure needs to be *your* pleasure. But this time my son here will resist those temptations, so I can teach my daughter and you guys a few more techniques for pleasuring a man by using only your hands, tongue and mouth."

"I really *would* be skull fucking her by now, if you'd allow it," Marty agreed.

"Mmmmmmm," Lisa purred. "That sounds really hot, but not just yet, my son. Now if the slit flicking doesn't work, there's another simple technique that's often effective in intensifying the man's pleasure, and stimulating his balls. It's to take him a bit deeper into your mouth and rub the tip of his cock against your tongue and inside one of your cheeks."

"Really?" Tyra asked.

"Yes. I'll demonstrate," Lisa said, wanting her son's cock back in her mouth anyway. She took it into her mouth only a few inches, angled his dick as she'd explained, and used her tongue and cheek to stimulate the head.

"Man oh man, Mom. That feels *amazing!*" Marty moaned, each different technique delivering different sensations, all of them directly to his cock.

"Mmmmmmm," Lisa moaned, knowing the humming sound would provide yet *another* new pleasure to her son's cock.

"Oh my," Marty trembled.

Lisa pulled back, and her daughter eagerly took the cock back into her mouth. "Making moans or humming sounds can also enhance the man's blowjob experience."

Tyra tried to replicate what her Mom had just done, and after a couple of shifts of the dick, which was now four-plus inches inside her mouth, she had the cock head resting against her cheek.

"That's it, sis," Marty said, letting her know she was doing great!

"Mmmmmmm," the sister *hummmmed*, replicating what her mother had done.

"Oh fuck," Marty groaned, the humming sensation indeed adding to the intensity of his pleasure.

"By the way, for variety, you can also use the *roof* of your mouth to stimulate his cock head," Lisa added.

"Like this?" Tyra asked, backing away and then taking it back in, the changed angle getting his cock to rub itself against the top of her mouth, tickling him a bit.

"Yes, that's *perfect*, my sexy cock sucking daughter," Lisa said fondly, gently combing her fingers through her hair.

"Not as good as the cheek, but still good," Marty reported.

"Fair enough," Lisa allowed. "Every man is different. But the lips, the tongue, the inside of the cheek, and the top of the mouth all provide different textures, which make for different experiences."

"I see," Tyra said, taking the cock out of her mouth.

"If you wonder why some men cheat, and I'm *miles* away from defending them at all," Lisa began, "it's often because the sex they get at home has become boring. Every blowjob the same, every sex session using the same few positions. It's important to give your man variety, and that also goes for all you boys when you're pleasing your women. Mix things up. Experiment with various positions. Read the Kama Sutra and try out some of *those* positions, and do whatever else you can come up with."

"That makes sense," Tyra nodded.

"Now let's focus on the tongue," Lisa continued. "A blowjob is *lots* more than just sucking and bobbing. The hands are important, and we'll go into more about that a bit later, but the best cock suckers utilize a variety of skills, and they *always* have wicked tongues."

"Like the tornado thing?" Tyra asked, doing that once again on her brother's dick.

"Yes honey, the tornado thing is a great example. Your tongue should roll, it should twirl, it should swirl, and it should lick. The tongue should always take an active part in a blowjob, which many women are unaware of, or they just get lazy," the mother explained. "Now go ahead and use your tongue."

"Okay Mommy," Tyra obeyed, this time licking her tongue from the bottom of the shaft up to the cock head before putting it into her mouth, while she continued using her tongue.

"Viewers, anyone can give 'just okay' blowjobs, since most men are pretty easy to please," Lisa said, "but using your tongue effectively will take any blowjob from okay to good, to great, to *absolutely cum erupting!*"

"Yeah, this is so good," Marty moaned.

"You can think of a blowjob as a three-piece jazz combo. Your lips, your tongue, and your hands all playing in sync with other to create beautiful music," Lisa explained. "Your lips wrapped around the cock for suction and control, your tongue bathing the dick with wetness and excessive saliva, plus your hands working his balls or his shaft."

Tyra, listening intently as she used her tongue on her brother's cock, followed her mother's instructions without receiving any actual orders. She wrapped her hand around her brother's shaft and slowly stroked it.

"A skilled cock sucker is great at multi-tasking, since her tight lips, the constant motion and lubrication of her tongue, accompanied by the smooth strokes of her hands and fingers, stimulate a barrage of sensations in her man... driving him wild with desperation and desire."

Kyra licked all the way up and down her brother's shaft several times to bathe it in her saliva until it was wet and slick, before taking just a couple inches of the head into her mouth and gripping the remainder of his slick dick with both hands. She then stroked them up and down his shaft while she rotated them, and her lips and active tongue made love to the head.

"Oh *fuck* Mom, you're so right about that!," Marty groaned while his cock was being worked on, both inside and out.

Having fixed her attention on addressing their audience, Lisa belatedly noticed what her daughter was doing. "Oh, you're already doing it, and I can see Marty's eyes glazing over. Good job! Now take more your brother's cock inside your mouth, my sexy slut," Lisa said. "Take in four or five inches until it's just barely touching your throat, and then just keep it there."

"Understood," Tyra said, obeying her mother by taking a tad over half of her brother's dick into her mouth and just holding it still... the hard dick feeling so good just resting there.

"Good girl," Lisa said. "You'll be deep throating him soon. Now for this next technique, press your tongue against the underside of his cock, slide it forward along his shaft as far as it can reach, and then slide it back without moving anything else *except* your tongue."

Tyra did as instructed.

"Oh, that *is* nice," Marty said.

"Keep going back and forth, back and forth with only your tongue, massaging the same section over and over," Lisa said. "But don't take the cock any deeper or shallower. And no sucking right now, but keep your lips wrapped firmly around his cock."

"That's *such* a tease," Marty moaned.

"As I've already mentioned, it's important to offer your man's cock a variety of experiences. There's no best technique, but having a few techniques in our cock sucking arsenal is important," Lisa explained.

She finally noticed the screen. It was filled with comments.

Deep throat!

Face fuck her!

More techniques!

Suck it!

This is amazing!

I need a cock to try these skills on ASAP!

I want that cock!

SUCK your brother!

Deep throat!

"I'm sorry, viewers, I haven't been following all your comments," Lisa said. "Nor will I be doing so for the next little while. But I promise we *will* read all of them later. But for now, I want to focus on teaching my daughter and all of you aspiring cock suckers out there how to be an *amazing* one. So... fingers and hands. As I've already mentioned, they're vital to enhancing the experience. Admittedly, during a good face fucking you won't be using your hands, but while you're still the one controlling the blowjob, your fingers and hands are additional supportive aids. For one thing, they can be a great way to give your mouth or jaw a break... especially once the dick is sloppy wet with your saliva."

Tyra backed away, but she continued stroking her brother's thoroughly wet dick.

"Yes Babygirl, utilize your fingers for gently stroking and rolling over his cock, just like that," Lisa explained. "Feel his cock throbbing, listen to him moaning. A hand job can be a pleasurable experience all on its own, although I find it's much more effective to utilize it as part of a blowjob."

"All this teasing is driving me crazy!" Marty moaned.

"That's the point," Lisa repeated. "Again, use your free hand to massage his balls, caress his chest, or play with his nipples. Doing any of that will enhance his pleasure considerably."

Tyra did everything her mother was suggesting, but she also just admired her brother's beautiful cock with lustful gazes.

"Now here's a *super* cock sucking secret," Lisa said, grinning wickedly into the camera. "Does anyone know what the perineum is?"

The what?

No idea.

Huh?

Yeah, the gooch!

Nope.

"Yes, it's nicknamed the gooch," Lisa agreed. "Tyra, back off just a little so I can show our lovely viewers a part of a man's package that's much neglected. It's chock full of nerve endings, which

makes it super responsive to some TLC. It's so neglected that most men and women don't even know it exists."

"What's a gooch?" Tyra asked.

"You see here?" Lisa pointed. "Son, zoom in right where I'm pointing. Can everyone see this tiny patch of skin between Marty's testicles and his anus?"

"That tiny patch of skin warrants having a name?" Tyra asked.

"Yep. The technical name for it is the perineum, pronounced peh-ruh-**nee**-uhm, and simply called the 'gooch' in the sex world," Lisa explained. "This small area is a bundle of nerves, and when it's stimulated by your fingers, lips and tongue, it can provoke more intense and pleasurable orgasms." Lisa brought a couple of her fingers to the tiny region and slowly began stroking it.

"Jesus, that feels *wonderful*! I didn't even know that was a thing," Marty moaned.

"Almost nobody does," Lisa said, as she stimulated her son's gooch. It's important to understand that this tiny region can be very sensitive, so go slowly... ask him if it feels good... and pay close attention to how he reacts. If he approves, then you may rub it, stroke it, lick it or suck on it."

"May I?" Tyra asked, bringing her face close to her brother's gooch.

"Of course you may, you hungry, cock-sucking slut," Lisa said.

"I like when you call me names, Mommy," Tyra said before giving her brother's gooch a few licks.

"Do you like being your brother's slutty cock sucker?"

"Yes Mommy, I *love* being my big brother's slutty cock sucker!"

"I'm glad. Now," Lisa continued, "if you want to know about *all* the pleasure points of a cock, there's one last spot we need to focus on; it's called the frenulum."

"Who names all these places?" Tyra joked.

"I don't know," Lisa laughed. "I guess I've never heard a man ask me to please work over his frenulum. But it's a Latin term, and it translates as 'little bridle'. So maybe the Romans named it way back when?"

"We don't know what it is yet," Marty mentioned.

"Then I'll explain. On the backside of the penile head there's an elastic piece of tissue connecting the shaft to the head," Lisa explained as if she was a professor of human anatomy. "That special spot is called the frenulum."

"Right here, Mommy?" Tyra asked, pressing her tongue against the spot she thought might be the frenulum.

"Yes honey, right there," Lisa agreed. "You're such a quick learner!"

"Thank you, Mommy," Tyra said, licking the tiny spot.

"Oooooooh," Marty moaned, all these small teases were very pleasurable, although they were a bit frustrating as well.

"For almost every man, his frenulum is a very sensitive spot, and it can bring intense pleasure to him," Lisa said. "A very pleasurable tease."

"Very pleasurable," Marty agreed, enjoying Tyra's tongue licking his frenulum.

"Now if you want a great trick for driving him wild and to get him begging you to suck his cock, or flipping you onto your back to piledrive into you with his throbbing cock, try doing this," Lisa said. "Purse your lips together and kiss it, as if you were kissing a small child."

"Like this, Mommy?" Tyra asked, following the instruction.

"Yes, you lovely slut, *just* like that," Lisa approved. "Now curl your tongue upwards against your lip and pucker. You can then rub it with the underside of your tongue to create a warmer sensation."

"Oh my God!" Marty moaned, the pleasure intense.

"As you can tell, it doesn't take much of that stimulus to intensify his pleasure remarkedly."

"Feels so good," Marty said.

"Now usually I'd keep doing this until he shoved his dick in my mouth and face fucked me like crazy, or he bent me over and slid his dick into my pussy or my asshole," Lisa said wickedly, then she checked out the comments, expecting those hot words to garner a lot of responses, and sure enough:

I'll fuck your face for you!

Oh God!

I'd love to fuck your ass!

Fuck your mother's asshole!

Fuck your sister!

Come on their faces!

"All in good time, our dirty followers," Lisa smiled. "Now any halfway decent cock sucker knows that the cock and the testicles come as a package deal."

"As in my big brother has big balls," Tyra interjected, returning her mouth to his package.

"Yes he does, and right now they're fully loaded," Lisa embellished.

"And ready to erupt!" Marty added.

"Not quite yet if you don't mind, but soon, I promise," Lisa said. "Now not all of them, but most men enjoy having their balls pleased. For instance you can lick them, or suck a ball into your mouth and hum."

"Mmmmmm," Tyra hummed a moment later.

"Oh yes," Marty moaned.

"Suck on each ball," Lisa continued, "but only one at a time," while Tyra heeded every detail.

"You like that, son?" Lisa asked.

"Yes Mom, it feels amazing," Marty said, his cock throbbing warningly.

"Then when it's time to take that big cock back into your mouth, cup his balls, while you slither your tongue up and down his shaft," Lisa instructed.

"Yes Mommy," Tyra said, cupping the ball sac and gently playing with his balls while she moved her tongue slowly up and down Marty's very hard shaft.

"And now for the part every guy thinks he wants the most, and for sure, its sexually charged stimuli are as erotic as fuck," Lisa said. "The deep throating."

Yes! Deep throat that cock!

Deep throat me!

I'll deep throat that cock!

Fuck me!

Marry me, Mommy!

How do you deep throat smoothly?

"Now don't try this until you've gotten used to sucking a dick, and you're able to take at least three or four inches of it in your mouth with relative ease. But once you're good at breathing through your nose while you're sucking him smoothly, simply open your throat as if you're Eve swallowing that apple, and keep taking more and more of it."

"I'll try, Mommy," Tyra said gamely, by now taking more than half of her brother's cock into her mouth... including some of it into her throat... while she continually and forcefully bobbed for more of it.

"The key to deep throating, is to take him so deep inside your mouth and throat that the tip of his cock actually tickles your tonsils," Lisa said. "And then because of your natural gag reflex, your throat will spasm somewhat, which will stimulate your man doubly."

Tyra kept bobbing, but she was having trouble taking any more than six inches into her mouth, which by this point included only about an inch of it penetrating her throat.

"Here, Babygirl. Let Mommy show you," Lisa said, approaching her son's dick once Tyra had backed away, and smoothly taking all nine inches easily into her mouth (and thus about four inches of it also down her throat), and she actually kept it there for several seconds!

"Oh! Wow, Mommy!" Marty moaned exuberantly. It felt so good!

Lisa backed off and urged, "Now you try doing it again."

"Okay Mommy," Tyra said. Her mother had made it look so damn easy!

This time when Tyra took her brother's cock back into her mouth, her mother placed her hand on the back of her head and roughly *shoved* her all the way down... making her gag loudly, and she would have gasped if she'd been able, but she was fully impaled and couldn't breathe!

"Breathe through your nose," Lisa instructed, as she held her daughter securely in place.

Tyra did, although tears streamed down from her eyes as she gagged somewhat.

Lisa released her, and Tyra *lunged* back off, coughing and gasping dramatically!

"Sometimes a loving mother needs to exert some tough love," Lisa joked.

"That was wild!" Tyra gasped, wiping some saliva off of her lips.

"Yeah, and now with a bit more practise, soon you'll be deep throating your brother's nine-cock easily," Lisa assured her.

"Now a few other details will add to making your blowjob a great one, such as looking into his eyes while you suck his dick," Lisa said. "Showing him only through your actions, how much you love sucking his cock, worshipping his balls, extracting his cum, and serving as his personal cock sucker."

"Yes Mommy," Tyra obeyed, taking the cock back into her mouth, sucking it slowly, and gazing lovingly into her brother's eyes.

"Oh yeah, baby sis, suck your brother's cock," Marty moaned, on a roller coaster of pleasure.

"A blowjob can be romantic and sensual, or intense and freaky," Lisa said, but regardless of whether you're giving him a leisurely blowjob while he drives down the highway, on your knees while he gives you a rough face fucking, deep throating his dick while he lounges on the couch watching a football game, bobbing hungrily while he and a buddy spit-roast your mouth and cunt, or whatever other situation you might find yourself in... it's super important always to play your part with enthusiasm!"

"Mmmmmmm," Tyra moaned, sucking her brother's cock while looking up at him, using her tongue to bathe his cock head, her right hand slowly to stroke his hard cock, and her left hand to cup his balls.

"Cock sucking is one of the most effective and enjoyable activities you can engage in," Lisa said, "and it's important not only that you enjoy it as much as he does, but that he knows there's nothing you'd rather do than taking his dick in your mouth."

"Mmmmmmmmm," Tyra moaned as she tried to demonstrate how much she *was* enjoying her brother's cock in her mouth.

"You see, whether you're a girl sucking your boyfriend, a guy sucking a stranger, a MILF devouring the dick of a much younger man, a sissy sucking your Master, or even a Mommy sucking her son with hundreds of people watching online," Lisa said, gently pushing her daughter away and deep throating her son for a moment, "you need to understand that the pleasure for you both is a mutually symbiotic experience. Either your pussy should be wet while you worship your man's cock, or your dick should be hard while you service another man."

Lisa took her son back into her mouth and sucked him with obvious enthusiasm for about thirty seconds.

"Oh God, Mom, I *love* the way you suck me," Marty moaned.

"Hey!" Tyra said.

"I love the way you suck me too, sis," he hastened to add.

"You'd better," Tyra growled, with a bit of attitude.

"No, you really *are* a great cock sucker, sis," Marty said. "I just can't *wait* to fuck your face and shoot my load all over it."

"Mmmmmmm," Tyra said, by this time really *needing* her brother's cock back in her mouth. "My turn again, Mommy! *Pleeeeeease?*"

Lisa backed away, looked at the camera and said, "See? My daughter is perfection! You need to show him *how much* you love his cock, that you *need* his cock and that you have *to have* his cock, and of course, his cum."

"I do! I *do* want his cum *so badly*, Mommy," Tyra cried out lustfully.

"Then let's work together honey, and together we'll get your brother's creamy load for you," Lisa said. "You suck his cock, and I'll suck his balls."

"Okay Mommy, let's!" Tyra said, resuming her sucking of his cock, moving aside a little, to give her mother room to join her.

"Oh yes, you two sluts, suck me off," Marty moaned, now with *two* pairs of lips working his package over!

"Yeah, son! From now on, we'll both always be available to serve as your sister and Mommy cock sucking sluts," Lisa purred, as she sucked his balls into her mouth. But then she backed off just long enough to add, "And Marty?"

"Yes Mommy?"

"You may fire when ready!"

"Oh, *fuck* yeah!" he moaned.

"Mmmmmmm," Tyra moaned on his cock, taking two thirds of his monster inside her mouth.

After a minute of this treatment, Marty stood up from his throne, shoved his cock inside his Mom's mouth and began furiously face fucking her!

"Hey! Face fuck *me*, big brother," Tyra pouted sexily.

Just to put on a show for the members, Marty ordered, "Beg for it, bitch."

Tyra didn't hesitate for a moment! "*Please*, big brother! *Face fuck* your slut sister and *use* me for your bimbo *sex slave!*" Tyra wickedly and hungrily pleaded.

Marty pulled out of his Mom and slid his *entire dick* into his sister's mouth and throat!

Tyra gagged a little, but she took the rough face fucking without any complaint.

Marty then continued, switching back and forth between the two eager mouths, this back and forth delaying his inevitable orgasm, before Lisa had a wicked idea and said, "Let's suck him off together."

"What? How?" Tyra asked.

"Give me a nice wet kiss," Lisa said invitingly, pressing her open lips against one side of her son's dick.

"Ohhhhhh, yummy," Tyra purred, leaning in and pressing her lips across the width of her brother's dick and against her Mom's.

"Now fuck our lips, son," Lisa instructed, a little muffled.

"Fuck yeah," Marty said, thrusting his hips between his Mom and sister's lips... experiencing yet more new sensations.

His Mom's hand reached around to his ass, caressing it.

"Oh yeah," Marty moaned, his orgasm getting closer.

Lisa's hand slowly slithered across her son's ass cheeks as if it were Thing, and once his groans had increased sufficiently, she quickly, in one smooth motion, stuck her index finger into his asshole!

"Oh! Mommy, what are you dooooooing," Marty gasped, suddenly feeling her finger in his ass, which within a heartbeat triggered his orgasm.

Tyra felt his first spurt of cum strike the side of her cheek, so she opened wide and thrust her face into the line of fire to catch the rest of her brother's sudden cum explosion!

Marty grabbed his dick and wildly waved it around to shoot his load *all over* his sister's face... his orgasm so *fucking* intense!

"Yes! Good job! Come *all over* your sister's face!" Lia cheered, pulling her finger out of her son's ass.

"So *much* cum," Tyra gloated while the warm cum coated her face.

"Fuck," Marty grunted, suddenly feeling completely spent. Once he was empty, he collapsed back onto his throne.

Lisa scooped a big wad of cum off of her daughter's cheek and offered it to her, and Tyra opened her mouth and eagerly sucked the cum off her finger.

The mother then leaned in and sucked some of the cum off of her daughter's face before giving her a nice, sticky kiss. "You look so *hot* with your brother's cum all over your face," she said.

"I feel so wonderfully dirty," Tyra replied.

"You are," Lisa said. "You're now officially your brother's dirty little cock sucking cum slut. As am I, of course."

"I want to swallow his load the next time," Tyra said.

"Um, about next time," Lisa said. She looked into the camera and asked, "Which of these choices do you guys and gals want to watch tomorrow? Do you want to see a mother and daughter's first lesbian experience, or should my baby girl take her brother's cock inside her virgin pussy for you?"

Take her virginity!

Have him fuck both of his sluts!

Fuck her ass!

69!

Both!

Anything!

Fuck his sister!

Fuck her in multiple positions!

Marty suggested, "We could set up a poll to go live later tonight, and whichever you viewers choose, we could make it happen."

"Okay," Tyra agreed, "although I really hope you pick me giving away my virginity. I can't *wait* to do that live in front of my fans."

"It would be hard to deny that opportunity to you," Lisa decided. "No survey needed. Tomorrow my daughter takes her brother's big dick inside her virgin pussy."

Fuck yeah!

Can't wait!

Yeah!

God, but that's still 23 hours away. I can't wait either!

Yes, yes, yes!

Fuck your Mommy too!

"Oh, trust me," Lisa said. "My son will be giving it to me, just like he already does every night."

Now!

Please now!

Fuck yes!

Please!

Here's a \$1000 dollar bribe. I mean tip!

Lisa checked in with her son, who shrugged, "It's up to you; I'll fuck you anytime, anyplace."

She looked into the camera and said, "Folks, I'm seriously thinking about it. Mommy could really use her son's dick up her pussy about now. But how much is seeing that worth to you?"

"But by the way, did you notice he came the very *moment* I poked my finger in his ass? A man's prostate is ultra sensitive, and when it gets rubbed at the right time, it can make him cum extra hard."

"I certainly did," Marty admitted. "But it felt really weird."

"Of course it did, honey, I finger fucked your ass," Lisa smiled.

The tip jar went absolutely *nuts*, with more than *another* \$10,000 in only a few minutes!

"Well, fuck! I guess you guys really *do* want to see Mommy getting railed by her son!" Lisa said, shocked by how much money they'd made in only a couple minutes, and over \$25,000 tonight in all. "Think you have a load for Mommy, son?"

"Always for you," Marty bragged. "Get over here and ride the king."

"Mmmmm," Lisa purred, going to her son, "still hard, I see."

"And always loaded," Marty assured her.

"Such a great cock," she said, and she faced him, straddled him, and lowered her very wet pussy onto him. "Ooooooooooh!"

"That's it, Mommy slut, ride your son," Marty encouraged her, reaching up and cupping her huge tits.

"Suck on my tits, son," Lisa moaned as she ground slowly on his dick.

"Sure, Mommy!" Marty said, and he leaned forward and started sucking on her hard right nipple.

"That looks so hot!" Tyra said, her own pussy still burning from her marathon dick sucking session.

"It also *feels* hot! And tomorrow night this dick will be yours," Lisa moaned, working her son's dick over while getting her sensitive nipples sucked.

"I can't wait," Tyra said, bringing a hand to her pussy and masturbating, which was also witnessed by the camera and therefore by all her fans.

"Yeah! Tomorrow I'm going to break that cherry real good," Marty assured her and their audience, switching his mouth to his Mom's other hard nipple.

"Yeah, you'll tear her virginal vee *apart* with your big cock, baby," Lisa moaned, her orgasm rising quickly after all her lengthy cock teasing.

"I need his dick inside me *so bad*, Mommy," Tyra moaned.

"I'm sorry about that. It's still *my* dick tonight. But yes, tomorrow it'll be yours too, " Lisa promised, shifting from slow tight grinding to bouncing on his big cock.

"Oh, fuck Mom! Ride me," Marty moaned.

"Do you like Mommy bouncing on your big cock?" Lisa asked, cupping her own breasts.

"Oh yeah," Marty moaned, his Mom somehow finding a way to tighten her wet pussy around his cock and milk it.

For a couple minutes there was just fucking... Lisa's orgasm rising, yet she was unable to come in this position. She got off her son, got down on all fours and begged, "Please son, come and pound Mommy! She needs a good hard drilling so bad!"

Marty stood up, slid his cock into his sister's mouth as she continued rubbing herself before pulling out, kneeling behind his Mom, and sliding his dick easily back inside her.

"Oh yes, son! Fuck me, fuck me hard," Lisa moaned. She then added to Kyra, "Bring that pussy over here, baby. Let Mommy get you off."

"Oh yes, Mommy," Tyra said excitedly, having enjoyed the brief taste of her Mom's pussy on her brother's dick. She hurried over to her Mom and offered up her very wet pussy.

"So wet, baby," Lisa said, as she buried her face in her daughter's glistening pussy and began licking.

"Sucking Marty's dick got me so *hot*, Mommy," Tyra moaned, when her Mom's tongue got her pussy burning with even *more* lust!

"Wait until your brother's dick is slamming into this pretty pink pussy," Lisa said, as she moaned from the slamming she was receiving.

"Yeah, you'll be my complete sister slut, once I've pounded your pussy," Marty said, excited about tomorrow even while he was pounding his Mom.

"Focus on your Mommy for now," Lisa reminded him.

"I'll *never* neglect you Mommy," Marty promised, really slamming into her.

"You better not, you nasty mother fucker," Lisa said with a wild moan, the term 'mother fucker' so hot and nasty.

"Eat me Mommy, eat your daughter's cunt," Tyra moaned, both her and her mother's orgasm imminent.

"Come for Mommy," Lisa ordered, sucking roughly on her daughter's swollen, sensitive clit.

"Oh, fuck Mommy," Tyra bellowed, her legs stiffening from her Mommy's extended clit stimulation.

Marty pounded his Mom hard while Lisa awkwardly attempted to continue servicing her daughter even though her own orgasm was rising rapidly.

"Oh yes, Mommy, fuck Mommy, oh God, Mommy, fuck, fuck, Mommmmmmmmmmmmmmmmy!" Tyra babbled and screamed as her orgasm finally hit her.

That was a GOOD cum!

Now eat my cunt, Mommy! I wish!

Lisa lapped up her daughter's cum even while she moaned to her son, "*Harder*, mother fucker, fuck Mommy *harder*!"

"Come for me, Mommy-slut," Marty demanded, by now sweating profusely from this best possible workout.

"Oh yes, son," Lisa moaned, her face still buried in her daughter's leaking pussy. "Fuck Mommy, fuck me, fuck me, fuck Mommy's cunt, yes, yes, oh yes, you Mother-fucking stuuuuud!"

Lisa came, quaking uncontrollably and collapsing forward onto her daughter.

Marty, not having come this time, and wanting to, ordered, "Sister slut, get over here and I'll give you that load you said you want to swallow."

"Oh, yes!" Tyra said excitedly. She gently pushed her mother off of her, crawled over to her brother, and hungrily took his dick into her mouth. It was wet with their Mom's pussy cum, which was an additional treat!

"Oh, yeah sis, suck it," Marty moaned as she bobbed hungrily.

"Get that load, Babygirl," Lisa encouraged her, while she rolled onto her side to get a better view of her daughter sucking her son.

"Yeah, don't stop, sis," Marty groaned.

"Mmmmmmmmm," Tyra moaned on his cock. Then going for broke, she deep throated it! She gagged a bit... but was determined to do it... so she *kept* doing it... still gagging a little... and then eventually she was smoothly taking the *entire* cock in her mouth.

"Oh, yes you slut, deep throat your brother's cock, you nasty whore!" Lisa literally *screamed* encouragement, her orgasm still sending pleasure pulses through her.

"Oh, *fuck* sis," Marty moaned, his second orgasm close.

"Come down her throat, son," Lisa said. "Give her that load she craves."

"So close!" Marty moaned, as his sis really worked over his dick.

Best livestream ever!

Skull fuck her!

Orgy!

God, I want to suck that dick too!

I'll eat a cream pie!

69!

Tyra kept sucking and liberally exercising her tongue, until Marty grabbed both sides of her head and *literally* began face fucking her. Whereupon she just relaxed and focused on breathing through her nose, while she enjoyed the ride.

"Be ready for your brother's load!" Lisa called out, able to see he was about to burst!

"Oh fuck," was all Marty could utter, before he spewed his load into his sister's mouth.

Tyra swallowed it all down, not that she had any choice, feeling rushes of adrenaline while she swallowed her brother's warm, creamy seed.

"So hot," Lisa said, she too now craving a load of her son's cum in her belly... which she promised herself to rectify tonight just before bedtime.

"Oh fuck," Marty repeated, as he finished unloading inside his sister's mouth.

Once he pulled out, Lisa said to the camera, "That's all for tonight, friends. Come back tomorrow so you can watch my baby daughter take my son's big fat cock inside her virgin pussy!"

"And there *will* be a survey for tomorrow. The question will be where should I shoot my cum tomorrow?" Marty announced. "Inside her pussy, on her tits, on her face, or into her mouth?"

"There you go, be sure to vote where you want to see my son deposit his load on or in my daughter," Lisa said, blowing everyone a kiss, as Tyra took her brother's cock back into her mouth to extract any swimmers that had arrived late to the party.

"And we are *off*," Marty said.

"Well, that was certainly a wild show," Lisa observed.

"Mmmhmmmm," Tyra agreed, still nursing on her brother's dick.

"Yeah, now we've got to check out all those comments," Lisa said.

"Yeah, I wish I could do that all over again," Marty said.

"I just *bet* you could, *King Marty*," Lisa smirked, standing up and French kissing her son.

Tyra backed off of her brother's dick and said, "So tomorrow I'm getting fucked."

"That's right, tomorrow," Lisa affirmed. "Are you nervous about it?"

"Nope. I can't wait," Tyra said.

"We'll have to make it epic," Lisa said.

"I already have a few ideas about how," Tyra smiled.

"Let's go upstairs and talk about them, and also order in some food," Lisa said. "I'm starving."

"For more than cock?" Marty asked.

"Yes. Cum doesn't have a lot of calories," Lisa smiled. "Although it's a great tasting dessert!"

"One more thing," Tyra said. "With all the money we took in tonight, we can pay off all our debts, but we're still a long way from being prosperous again. Shall we keep doing the live show? I know I want to!"

"Definitely!" Lisa said.

"We *can't* stop now. Even if we *weren't* making all this money, I'm having the time of my life!" added Marty.
