«Wakey Wakey mon chéri, have you slept well?~» Clara playfully said to Ethan, her body barely covered by a cooking apron, letting Ethan know she was fully naked underneath.

«On my side, I have slept like a baby after you scrambled my eggs, so for your breakfast, I wanted to cook some eggs for you. Sit down, this is ready~»

A few months had passed since Terrence and Ethan had shot Clara with the costume gun, and discovered Terrence had merged with her at the moment they fucked.

Since that moment, Terrence had also merged with Justine, the smartest girl of their campus, giving Terrence a similar IQ, and also with Tiffany, the slut of their campus, giving Terrence new skills and knowledge related to pleasure Ethan as Clara.

Ever since, highly influenced by girls' personalities, and Clara's affection for Ethan, Terrence has begun to love Ethan, and the two finally decided to date, making every man that were lusting after Clara highly jealous over her choice.

Since that moment, Terrence had not worn any other girls.

«Good morning Te... sorry, Clara. I am still not used

to knowing my best friend is gone, merged with my female best friend...» Ethan admitted, sitting in a chair.

«Weirdly, that's not what I felt yesterday, you know, when you said you loved me, sucking on my breasts and pouring your cum in my womb~» Clara smirked, pushing the eggs from the pan to a plate, before serving them to Ethan, making sure to bend over enough to show him her cleavage. «Take your protein intake, it is very good to keep a hard long-lasting erection, you know~»

Ethan froze a bit as Clara laughed at those words. Since Terrence had fully become her, Ethan's best friend went from slightly cold to him, to completely slutty.

But it felt so natural, Ethan was loving it.

He took a bit of the eggs, and began to eat them. However, something tasted off, but Ethan kept eating, knowing damn well neither Terrence, nor Clara, and by extension Justine and Tiffany, knew how to cook.

«Are you alright?~» Clara asked, seeing Ethan frown.

«It...sorry, honey, but... it is raw» Ethan explained, but finished eating anyway.

«I see... well, I might be an almost genius thanks to Justine, but I still can't cook for shit... damn~» Clara sighed, tasting the eggs right from Ethan's plate. «Hurgh, I have to admit...~»

«Don't worry, we will take something at the cafeteria on our way to the campus» Ethan said, leaving the table, heading to the bathroom.

«But I am fucking starving, I need to eat something... huuuum... while you brush your teeth, maybe I can give you a sweet blowjob... this will make my protein intake~» Clara smirked, pressing Ethan on the wall, lifting her leg up on him, as she was used to doing whenever she wanted to seduce him.

«Please, Clara, no, we have to get ready, or we are going to be late...again, because I will need to take another shower... I know you are going to make me sweat!» Ethan said, kissing sweetly Clara, before trying to push her away.

«Come on, you demon, let me go! Do you know that everyone began to suspect that the two of us being late almost every morning meant that we had sex before going to the campus? I mean, this is not even discrete any more!»

«And? Where is the wrong in that? You know, every guys are jealous of you for having such a hot, nymphomaniac girlfriend... but this hot girl is yours... all yours to play with... and right now... I want your dick~» Clara purred, making Ethan's defence crumble as she began to lick his ears sensually.

«Clara...please...don't...» Edward tried to add, but it was too late, Clara had already had his penis in her mouth, and was beginning to suck it sensually. After a few minutes, he came in her mouth, and she drained him whole, sucking every last remaining droplet.

Then, with a satisfied smile, she kissed him on the cheek and headed to the bathroom, the two resuming their morning routine, being already late for college.

«I am ready! Quick!~» Clara said later, fully dressed and ready to go.

«Eh, not my fault if I needed to take a quick shower! Wait, you are...so hot, as usual» Ethan stated, seeing Clara sexily dressed, waiting for him at the door. «And all mine... ah, I am in bliss, I think»

The day went as usual. With the exception of Clara being now officially in a competition with Justine for the title of the best student this year.

But weirdly, the two had always the same grades, but also, and that's what made some teachers surprised, they made the exact same mistakes on their copy, despite them always being far away in the room.

Because of her new changes, Clara was now the most popular girl on their campus, far from even Tiffany. For Ethan, this caused him a lot of trouble, as all his friends were either jealous or envious, and every other male on campus tried to befriend Ethan, hoping to reach Clara.

To the point she sometimes needed to intervene, and make it very clear that her body was fully for Ethan, and nobody else.

But at the end of the day, balls deep into a moaning Clara while playing a Co-Op video game, Ethan was quickly forgetting every trouble he had during the day, and just enjoyed his incredible luck.

A few days later, as they were both watching a movie, Clara wanking gently Ethan, she stood up and headed to the bathroom, saying she had a surprise.

A few minutes later, Emilie came back, fully naked, a smirk on her face.

«Hello, big boy! Clara told me I could find you here... all ready and naked... Is that a way to greet your guests?~» Emilie said, coming sensually toward Ethan, sitting between his legs, and taking his dick in her hands.

«Why have you... Oh... Don't tell me it is for her cooking skills that you are wearing her?» Ethan asked, as Emilie began to lick Ethan's member sensually.

«Maybe... who knows... I thought that the leader of the cooking club in our campus, could teach me a thing or two~» Emilie smirked, gulping Ethan's member down her throat, starting to pleasure him, using Tiffany's special techniques  
«The skills I learned from Tif really come in handy! I can swallow you whole without breaking a sweat... and it looks like you enjoy it~»

«Of course I do! You give me the best blowjobs ever since you learned from her» Ethan groaned, looking at Emilie play with his dick, a smirk on her face, as Ethan cum began to pulse out of his dick gently.

«I can see that, you seem to cum a lot faster than before... I must say, this brings me great happiness deep down. Before I merged with Clara, I never knew sucking my best friend, and now being his girlfriend, would make me so happy~» Emilie blushed, caressing Ethan's balls.

«And same for me... I am so happy! Although it is a bit weird to have Emily confess to me this way» Ethan smiled, looking at Emilie lie down on the couch, spreading her legs open.

«So what about Emilie telling you to ravage her pussy? Do me good~» Emilie purred, caressing her pussy.

«You won't have to tell me twice» Ethan added, sliding his dick inside of her vagina, making her moan lightly.

«She is a bit...dry... kinda hurt»

«Yeah, weird, I feel it too... her vagina is kinda not reacting much. Well, I know this can happen to Justine sometimes as well. Grab some lube and let's have fun~» Emilie explained, watching Ethan slide himself out, cover his dick in lube, and slide himself back inside of her.

«Huuuum, it is way better~»

«Yeah! I never knew I would get to see Emilie watch me with her moaning face... Her being usually so cold» Ethan smirked, pounding her hard, making her boobs move with each thrust.

They fucked for a moment, both moaning with the slapping sound of their flesh on each other.

After a moment, Ethan came inside Emily, seeing his cum coming out of her pussy quickly.

«What the...» Ethan said, looking at the mess between Emily's legs.

«Weird... I don't feel your cum in her womb... using your hand on her clit, I am almost at the limit~» Emily purred, Ethan finishing her with his hand, soon making her reach an orgasm.

She panted, trying to catch her breath as Emily's memories flooded in.

After a moment, she looked at Ethan and immediately burst out laughing.

«What is so funny?» Ethan asked, confused, his dick still spilling out his cum on his couch.

Page 5/9 - by ARIBETH

«We totally never thought about that... the reason her body felt so different, is because a few years ago, Emily went by the name of Ronan... She is a trans~» Emily smirked, standing up and closing her legs. «And I feel all of your cum leaking out... gotta go to the toilets~»

Ethan watched Emily jump to the toilets, a lot of questions and confusion in his mind.

A couple of minutes later, Clara came back, dressed in her casual, relaxed clothes, Emily's skinsuit in her hand, folded.

She put it back inside her bag and headed toward Ethan, a smile on her face.

«How did you find this experiment? On my side, I enjoyed it, I learned a looooot of things, and not just about cooking, hahaha~» Clara purred, kissing Ethan sweetly.

«Thank you, my love for doing things with me, you are the best~»

«Well that was... Weird. I still can't believe I fucked a man...» Ethan explained, picking up his clothes from the ground and dressing up in them.

«Not really, honey, Emily is a trans, that's the difference. And that's some part of what I learned of her. I discovered all of her struggles younger, her

identity crisis, and I remember every single needle and surgery Emily did to look the way she is now~» Clara explained to Ethan, who sat next to her and listened.

«But... as you literally absorbed every one of their thoughts, don't you feel the same as she did? You know, about the identity crisis?» Ethan asked, curious.

«Not a chance, as I am fully a girl, so after absorbing Emily, I am even happier to be Clara... and so do you, honey~» Clara winked, grabbing her breasts together for Ethan's pleasure.

After teasing Ethan a bit, with a smile, she picked some dishes and began to clean them.

«Go take your shower, honey. I will make you something tasty this time~»

Ethan did as Emma told him, and went to shower, still confused about his recent experience. If he were to be honest, it felt different.

He went back to the kitchen, a delicious smell coming from it.

As he watched Clara skillfully cooking their dinner, making the food jump out of the pan without any droplets outside, Ethan smiled happily, his relationship with Clara being even more amazing.

A few months later into their relationships, the two were loving each other even more every day, sharing everything.

For their campus, it was official now, and everyone could see the blossoming of their relationship.

One night, as the two were eating a delicious homemade dinner together, an idea came to Ethan's mind.

«Clara, my love, we have been together for almost a year... Can I ask you a question?» Ethan asked, looking at his girlfriend.

«Sure, go ahead~» Clara answered, smiling.

«Have you...thought about having children one day?» Ethan asked, making Clara stop moving, the question being unexpected.

«To be honest... no. But why are you asking this? Do you want to have children?~» Clara smiled, resuming her movement, finishing her dish.

«Actually, the thought of having them scares me. And if you don't want any, I am ok with it. But... I would like to know how you feel about the topic?» Ethan wondered.

«Well, actually good question... As Terrence, I don't know, Clara on her side has already thought about it but was waiting for the right guy, Justine definitely want some after she is done with school, Tiffany don't because she want to stay...well... free from fucking anyone she want, and Emily can't have any but want to adopt... So I am a bit puzzled in that topic~» Clara explained.

«We would need another opinion I think~»

«And who do you think can help us on that topic?» Ethan wondered.

«I definitely have Lisa in mind. She is already a mother, so she can definitely let us know about the pros and cons~» Clara smirked, finishing her meal, putting her dirty plate in the sink.

Then she watched Ethan, and began to take off her shirt, showing him she wasn't wearing a bra.

«In the meantime, I think we should train in conceiving babies. This meal was so delicious, it turned me on~»

«That's a good idea, so we can be ready in case»

Ethan winked, heading to Clara and lifting her on the counter, removing her pants, and sliding his dick inside of her, the two engaging in another long night of pleasure.

The next day, Clara shared her plan with Ethan about finding a possible excuse to visit Lisa at her place, knowing how difficult it was to get her to do anything since she had given birth.

It was two years ago, but since Lisa and her boyfriend had their child, they were barely seen anywhere, even at parties.

«So, tell me again why we are doing this?» Ethan asked, curious about Clara's plan.

«That's simple, since we talked about this, but I have no real insights, and don't really trust Lisa when she talks about her experience I want to see by myself what I really feel like to have childrens~» Clara explained, as they both were eating at the cafeteria next to their campus.

«Ok I can understand that but... How will you pull that out? She is never living in her place, her boyfriend is often with her...» Ethan wondered, eating his sandwich.

«I have thought of this already. His boyfriend goes to the football training this afternoon, so Lisa will be alone for 2h. This is more than enough~» Clara smirked, finishing her fries and eating her belly.

«Huuuf, I am full! If I eat more, this sexy shape will be no more~»

«But your boobs might get bigger» Ethan laughed.

«You don't like them this way? Last time you were crying like a baby when I finished you with them tho~» Clara teased, cleaning her hands, and standing up. «Time to get back to class. Meet me at the end of the afternoon, at Lisa's place. You remember where she lives?~»

«Yep. See you there» Ethan said, watching Clara go, as he finished his food, and returned to class.

The day passed and the two lovebirds left their school life normally.

Then, as the end of the day approached, Clara left Ethan to go to Lisa's place. Meanwhile, Ethan made sure her boyfriend was at the football field.

Once sure he was there, he texted Clara, who then told him to come to Lisa's place. Ethan quickly drove there and knocked on the door.

«You were quick! Don't make a sound. I had the hardest time in the world making her baby sleep. Also, don't mind the dress, I took the first thing I had under my hand~» Lisa said quietly to Ethan, letting him enter her place, making sure nobody saw him, before closing the door.

Page 8/9 - by ARIBETH

Once inside, Ethan turned back to Lisa, and grabbed her breasts, playing with them in his hands.

«Damn, she was busty before, but she got even better since her child» Ethan smirked.

«Yeah, they feel so heavy! I tried to play with them a little, but I spilt some of her milk...Ouuuupsy. Also, I have a little surprise... Look what I found~» Lisa smirked, lifting her dress, showing Ethan some beautiful underwears and nylons, perfectly fitting her body.

«Surprise! How do you find it?~»

«Oh my, she is beautiful! I always thought she was wasting such a good body, you know, being so boring, so shy, not wearing anything sexy and all. But now... I want to lay her so badly» Ethan said, pulling Lisa closer to him, running his hands on her body.

«How do you feel as her? I mean, in a MILF body?»

«Pretty good... I mean... I am about to cheat on my boyfriend... while my child is sleeping in the other room... Who could have thought that someone so shy and proud would turn out to be such a dirty slut?~» Lisa purred, licking Ethan's ear, caressing his shaft under his pants.

«Teach me again how to make babies~»

«With pleasure» Ethan groaned, pushing Lisa on the

edge of the counter of her kitchen, before removing her panties and sliding his dick inside of her, making her moan gently.

He began to fuck her hard, pushing his member deeper and deeper inside of her.

Ethan was in bliss, enjoying the MILF pussy. He played with her tits, licking the nipples, drinking a bit of her milk by mistake, while Lisa moaned, trying to keep her voice low, her hands under Ethan's head, pressing it on her breasts.

«Huum, yes, fuck me, fill me with your seed, make a child of your own in this body~» Lisa whispered, moaning louder and louder, as her pussy was getting tighter around Ethan, and he was close.

Lisa reached her orgasm, a strong wave of pleasure flooding her whole, as she heard Ethan grunt and felt him cum inside of her.

As the two calmed down, Ethan backed up a bit, letting Lisa get some air.

«Oh my... I never expected her body to be this... wonderful... Oh crap, look at the time!» Ethan said, jumping on his clothes, as he realised they had spent more time than expected.

# SKINSUIT FUSION – PART 2

Page 9/9 - by ARIBETH

Ethan dressed up, watching Clara take off Lisa's skinsuit, before rushing her own clothes.

They took the time to clean their mess and watch Lisa's suit, before letting her reshape back alone in her bedroom, the two lovers being far away when she began to wonder why she was naked in her bedroom.

They drove back to their place, Clara proceeding with everything she gathered from Lisa's place, trying not to focus too much on her life, but rather on the information she was looking after.

And she found them.

How her boyfriend fucked her brain out the day they conceived the baby, how happy she was when she discovered her pregnancy, how she told her boyfriend about it, the struggle with their parents, the pain of feeling it grow, before finally the horror to put it into the world, and finally the pleasure of having her own children.

Ethan, on his side, said nothing, remembering his time with Lisa, which, like many men on the campus, was sad to know she was seriously getting a child, so forever impossible to nail.

They finally arrived at their place, and both went into without a word, taking off their clothes to change

into something more casual, as they were used to doing.

They chatted over nothing, playing video games together, and finally had dinner.

At the end of the night, both were drinking, relaxing on the couch, when Clara turned toward Ethan.

«I got a lot of information from Lisa... and to be honest with you, I think I want to try having a baby with you~» Clara purred sensually.

«So you will tell me when you are ready, and we can finally do it~»

«Okay, I am glad you have finally everything you needed to know» Ethan smiled.

«In the meantime... we can still practice, you know, to be really ready~» Clara winked, taking off her clothes, ending up naked next to Ethan.

«The part of Emily in me is horny all the time, realising I am in a real woman's body, and I have the part of Tiffany, who just can't have enough of a dick in her mouth. So maybe we are not going to do it tonight, but my love, tonight I am seriously going to make you dry~»
