Just a few more tweaks

Perfect!
My greatest
invention is
finally
complete!

I truely have brought the most fantastic concept into reality

But alas let me not get to ahead of myself

I will have to wait for my perfect assistant before I test it

For now I shall grant it a most fitting name for such a magic device!

The Mimesis Emblem!

I
shall depart
for now!
When I return
my assistant
should have
arived

A few moments later

Uhh~
Seems like
Miss Magician
is out at
the moment

I'm sure she won't mind this little kitten taking a look around her wares~

She must have some valuables in this place that I can "borrow"

Uhh~
This fancy looking coin looks like it could be very valuable

Hehe~
I'm sure she
won't mind
if I take a single
little coin

What kind of supposed genius leaves her valuables out in the open

Wait!
This won't be one of her dumb inventions that blows up in my face right?

I must be overreacting it looks like an ordinary emblem coin of some kind

Click

HUH!?

MY EYES!

What just happened? Did that coin do something to me just now?

Hey!
Is everything
okay in there!?
I heard a loud
scream just
now

Eh?
Someone
else is here!
I should
leave fast

A few moments later
Umm... Hello! Are you okay whoever is in here?

Thats odd
I could have
sworn I heard
someone

Did I
imagine it?
No I'm certain
I heard a female
voice scream
in pain

Huh?
What is this coin doing on the floor?

Maybe the person I heard dropped it before leaving

CLICK!

WOAH!
What's going on here!?
Why is there smoke coming out of a coin?

What...
Is that
a person?

It looks like Miss Pardofelis... But she seems deflated... Kinda like a costume

Wait...
If thats really a costume...
Does that mean I can...
Wear it?

Wow!
It's completely hollow...
It really is a costume

WOW!
I can feel
my body
filling out the
costume

I have to make sure the face aligns perfectly

Phew!
I think I
did it right

My vision is a lot sharper now

WOW!
I look exactly like the real Pardofelis!

And not just my body...
My voice also changed!

I even have real breasts! They...They feel so real to touch

So this is what having a female body feels like...

Uhmm...
Excuse me!
I hope I'm
not interupting
you or
anything

Crap!
I was too distracted to notice someone entering the room

Ohh...Ehh
I was just
looking for
something...
Totally not doing
anything weird
I promise

Ahh!
It's you
Pardofelis!
Are you also
here to help
Miss. Vill-V test
something

Oh yeah
I'm wearing
the costume
so of course
she thinks I'm
Pardofelis

Uhh...
I'm actually
just here to
look for
something
I dropped

Ohh
Do you want
me to help
look for it?

No it's
fine!
It should be
around here

Ahh!
Here it is...
I knew it
was around
here

A coin?

Yeah...
It's a very special type of coin

A special coin! What can it do?

Shoot!
I can't tell her that it made a costume of Pardofelis

Erhh...
It ermm...
It does..

CLICK!

Huh!?

I feel the same... What was that just now?

Erhh...
The coin just scans things and thats it...

Anyway now that I found my coin I'll take my leave

Oh...
I'll see you
around then
Pardofelis

Phew!
That was
too close

Elysia really didn't suspect anything was wrong or felt weird

With this costume I could pass as Pardofelis and no one would suspect anything but...

...Since the coin scanned Elysia earlier does that mean I can make a costume of Elysia?

CLICK!

Lets give it a try and see if it works the way I think it does

Smoke is coming out of it again! That means...

My theory was correct! First it scans a person...

...Then it creates a perfect replica of that person in the form of a wearable costume!

Now
I get to
experience what
it's like to wear
the body of
a herrscher

Time for a quick skin change! It was fun being Pardofelis for a while

Lets remove the head first!

Wow!
It feels almost odd being myself again

Let me
not waste any
more time!
And get this
costume
on

These costumes truely are incredible!

I just need to put her head on

Ehmm...
I need to
make sure
the face is
perfect

It sounds like my voice already changed

Ahh...
That should
be good enough
I think

I've
really become
a perfect clone
of Elysia!
I have her
body and her
voice

Wow!
Look at
these two huge
breasts that are
now hanging on
my chest

This body is alot bigger than Pardofelis's body! I could play with these girls all day

Let me
calm down a bit...
I can't get too
distracted
again

For now I think I'll practice being Elysia

BY TSF AI

Was that Elysia?

To Be Continued?
