# Skinsuit Of The Elite
## Part 4

BY TSF AI

As long as Kushida keeps the real Chabashira occupied I should be free to move around as her

*Even with this flawless disguise I still need to be careful about some of the more perceptive students*

So far
everything
has played out
the exact way
I wanted

All I have
to do now
is find Horikita
and wait for
"that" person
to take the
bait

*Meanwhile nearby*

*How curious... I saw Horikita and Kushida enter that room*

*but then Ichinose and Chabashira-sensei came out of that room instead*

So that means Horikita and Kushida should still be in this room

Something feels odd about this.... I guess I better take a look for myself

*Why would all of them gather in this room? Could "he" be behind this*

*Huh...*
*The door*
*is unlocked...*
*Could this*
*be a trap*

I'm certain I saw Horikita and Kushida enter this room and never leave

Why is there no one here?

*Could they maybe be hiding somewhere in this room... No they wouldn't do something like that*

Huh!?

What in the world is that thing... It looks just like Sakura but she looks deflated

Is it some kind of prop? No It looks like a something that can be worn

Wait! Something that looks like a person that can be worn...

I see... So if my theory about this costume is true... Then that can only mean one thing

But before I get ahead of myself why don't I test my theory

*Meanwhile in a hallway*

*Everyone really thinks I'm the kind sweet and understanding Ichinose*

I would love to drag the prestine reputation she has spent all this time building through the mud

But I have to find the real Chabashira first

*Ayanokoji has been avoiding me even more than usual lately*

*Should I try and find him?*

Huh...
You're

Honami Ichinose

Ohh... You're Karuizawa Kei

Do you
need anything?
If not...
I'll be on
my way

No
I can't say
I need
anything
from you....

*Wait!*
*Isn't this the*
*perfect opportunity*
*to hit two birds*
*with just one*
*single stone*

I see
in that case
I'll be on
my way....
Not
so fast
my sweet
little Kei

Mhm...
Mhhm...
Mmmm

Wha...
What was that for!
Why did you just kiss me out of nowhere!

*I just simply couldn't resist those sweet lips of yours any longer my dear Kei*

*How about the two of us find somewhere else where we can lay everything bare*

What is wrong with you!? That was clearly sexual assault!

I'm telling the teachers about this

And there she goes... Doing exactly what I want her to

That should be enough to distract Chabashira for a while

Seems like I was right! This thing can be worn

It's surprisingly easy to wear... But the face seems to be the hard part

I guess
a few streches
over here
should probably
do the
trick

Come on! Fall into place already you dumb face

ARGH! Shit that hurt! I let go of the skin to quick

That stung like hell! I need to be more careful

Huh?
Why is my voice so high?

Holy shit!
I actually
have a female
body

I
actually
have huge tits!
Are these
the same size
as the real
Sakura?

*But this confirms it... The body... The voice... This feeling... Right now I'm Airi Sakura*

I already have a ton of ideas for using these... I guess you can them costumes

But first lets take a few selfies as Sakura

Not
bad Sakura...
With a body
like this you could
easily manipulate
most guys

*Hehehe*
*This is like*
*a dream turned into*
*reality... I think*
*I have enough*
*nude images*
*of Sakura*
*for now*

*Hehehe*
*Look at these photos...*
*It really looks like the real Sakura is taking some nude selfies*

Ohh!
What is this hidden amongst the other clothes

Seems like Sakura isn't the only costume hidden in this room

So
the Horikita
I saw enter
earlier
was actually
someone
else

Seems like I'm going to need some help

*My phone is missing and Sakura somehow vanished from the P.E class*

Could Sakura be the one that took my phone?

But she doesn't seem like the type of person that would do somthing like this

But if it wasn't her that did it... Then who?

I need to get to the bottom of this before they find a way to unlock my phone

*I should look for Sakura and see if she knows anything about it*

*Horikita should have noticed her phone is missing and she is going to look for the only other person who was nearby at that time...*

*...Which*
*to her looked*
*exactly like the*
*real Sakura*
*but in reality was*
*actually me in disguise...*
*So she should be*
*walking this way*
*right about*
*now*

Right
on time as
I predicted

There
you are
Horikita Suzune
I need to speak
with you

Huh...
Chabashira-
Sensei...
What is it
this time?

If you want to ask about Ayanokoji I have no new info for you

Believe it or not but this is actually about the opposite

Huh? Please explain

It's
very simple
I managed
to find a better
source for
information on
Ayanokoji

So I no longer have a need for you to look into him any longer than this

I see...
As long as you still keep your end of our deal I'm fine with that

I don't know who her new information source could be but it doesn't really matter to me

Of course I will be sure to keep my word

Just like I suspected as long as she gets her part she won't mind backing off

Ohh
and should
I change my
mind please
ignore it

Uhh...
Sure...
I'll ignore any
future requests
from you
about gatering
information
on Ayanokoji

That takes care of Horikita and Chabashira-Sensei for the moment

And "that" person is probably already caught in my trap

*Meanwhile in Ayanokoji's room*

*Never thought I would have to wear a female uniform... But I can't exactly walk around naked....*

*...At least not yet*

CLICK!

Ohh
seems like
my help has
arrived

I'm here boss what is it you need....

Ohh
took you
long enough...
Where you
dragging
your feet

Uhh...
Sorry but
I'm not here
for you Miss...
I'm looking
for my
boss

It's me you morron! Though I guess it's almost impossible to tell when I'm wearing this costume

Boss
is that
really you!?
How do you
look and
sound like
this girl?

It will
be easier to
just show
you how I did it...
And I know
just the perfect
costume

Wow!
You weren't kidding boss this costume feels soo real

Where did you even get your hands on these?

Don't you worry your tiny brain about about that

just focus on putting that costume of Kushida on properly

If you say so boss but the face is very tight

Yeah the face is the hardest part to get right

Just strech the face until you feel it align perfectly

I... I think I'm getting close... Just a bit more

ARGH!
That stings!
I think
I actidentally
let go of the skin
to quick

Holy mellons! I actually have huge breasts

I told you these costumes are amazing

WOAH!
They feel
soo real to touch
and I can even
feel their weight
on my chest as
well

I really became a girl by just wearing that costume

I know...
But we can do some closer inspections later

For now I need you to get dressed so we can head out

Sorry boss! I couldn't help myself from being distracted

It feels weird wearing panties

Don't worry about it I had a similar reaction when I put this Sakura costume on

Trust me you get used to wearing them pretty quick

I still can't get over the view from this angle

I can't even see my own feet because of these mellons

Sakura's body has the exact same issue... But just focus on getting dressed

Sure thing Boss I'll stay focused

*Wow wearing a bra actually helps soo much with handling these mellons*

Next
is putting
the shirt on...
Will it fit?

The shirt feels a little bit tight... But I think it should be big enough

The
shirt is
just big enough...
But it still feels
tight around
my chest

Okay
the skirt
should be
very easy
to wear

Skirt
is now on...
So the next
and final part
would be the
blazer

Still feels a tiny bit tight... But not as tight as the shirt

Hurry up... I can't wait to start causing chaos using these costumes

Phew...
I'm finally
ready boss...
Sorry for
the wait

Wow!
No matter
how you look
at me now...
I look just like
Kushida

Lets
go pay a certain
someone a little
visit shall we
my loyal follower
Kushida

Sounds
good to me
Boss... Erhm...
I mean
Sakura

Here I am... What is this urgent problem you speak off?

I'll have you know that Honami Ichinose just sexually assaulted me by forcing me to kiss her on the lips

And...
Do you
have any
proof
of this?

That
doesn't sound
like something
Honami
Ichinose
would do

I'm
telling the truth
she walked up to me
and then kissed
me without
any warning

Without any evidence to back your claim I can do nothing about it

Arghh! Screw this I knew I shouldn't have relied on the teachers to help

BY TSF AI

*Something seems odd about all of this... Maybe I should look more into what is going on*

*To Be Continued?*
