

Smoking Hypnosis 2

Phew...
So tired.

I just want to
wash up and
go to sleep.

Huh?

Why is the
window open?

There's no way I didn't close it...

?!

Mmph!

K...

Kate...?

A nationwide warrant was issued for my arrest, so I couldn't go anywhere.

The police were even patrolling in front of your house.

Sorry for scaring you.

It's okay.

So everyone at your workplace went crazy?

Yeah.

They all had the same look in their eyes as Mia.

I have no idea what on earth happened...

.....

Hmm...
Hearing that
reminds me of
something.

By any
chance...

did you see
this at the
office?

!

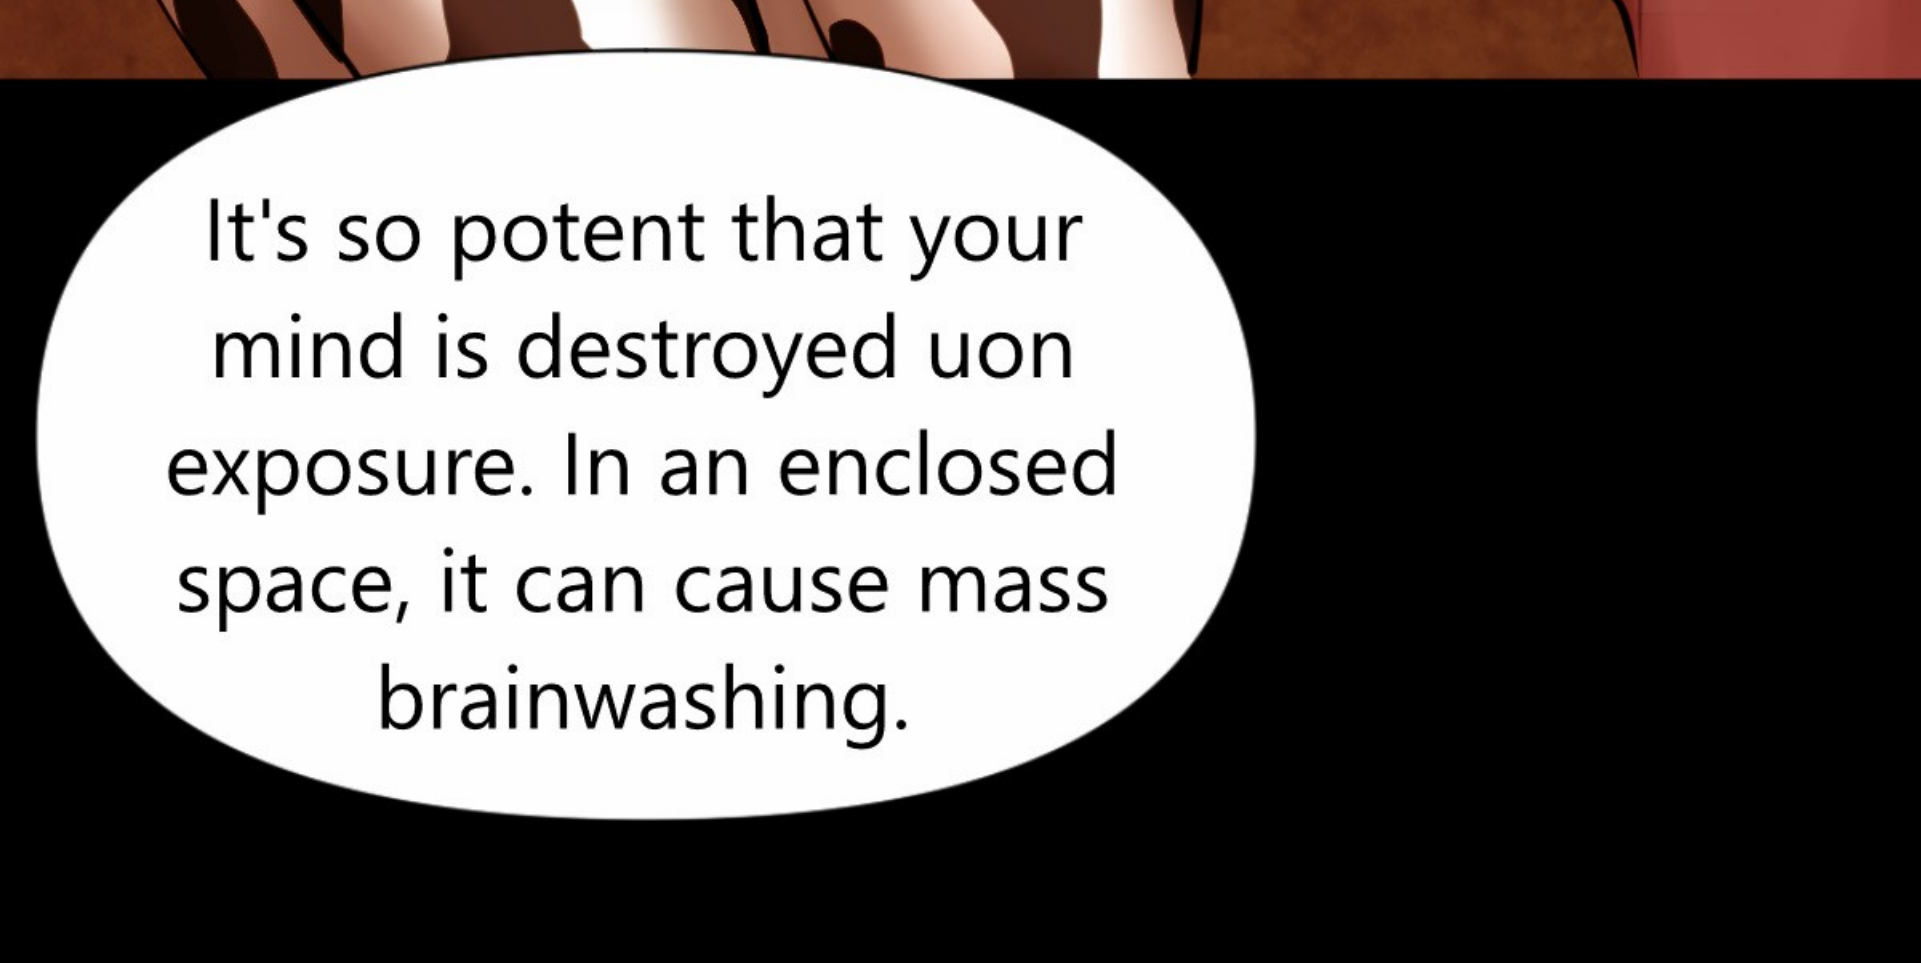

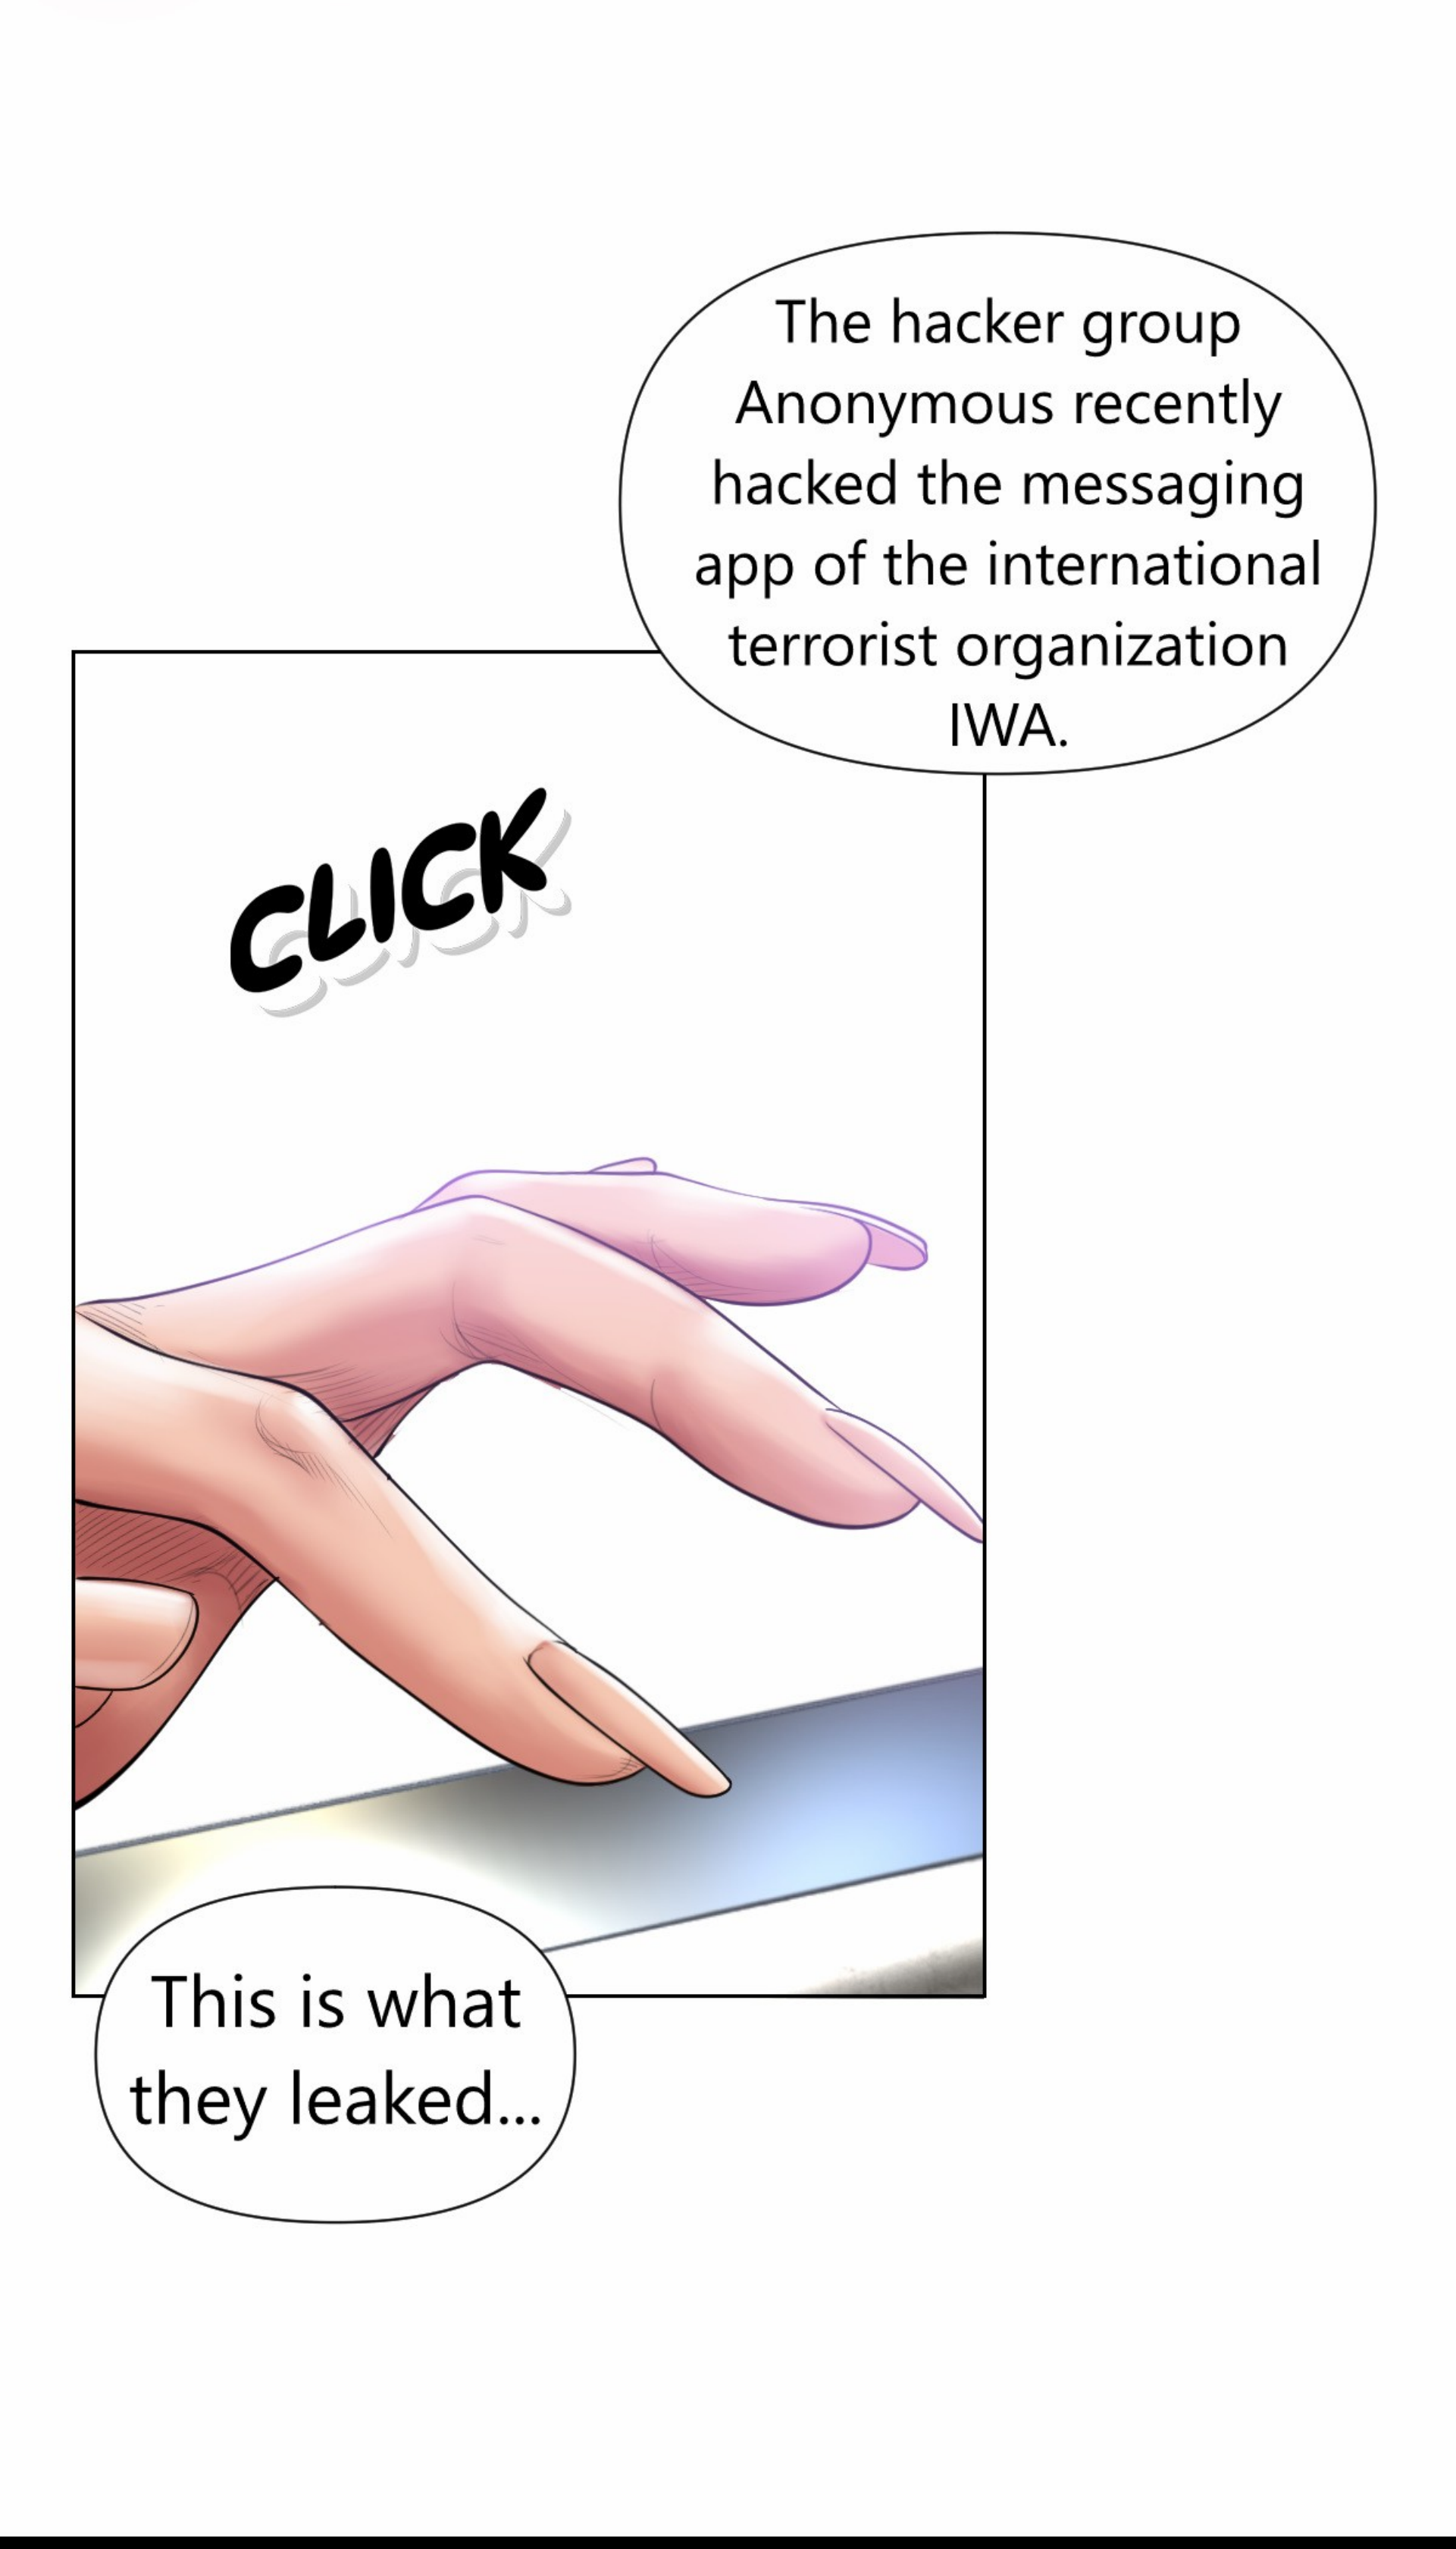

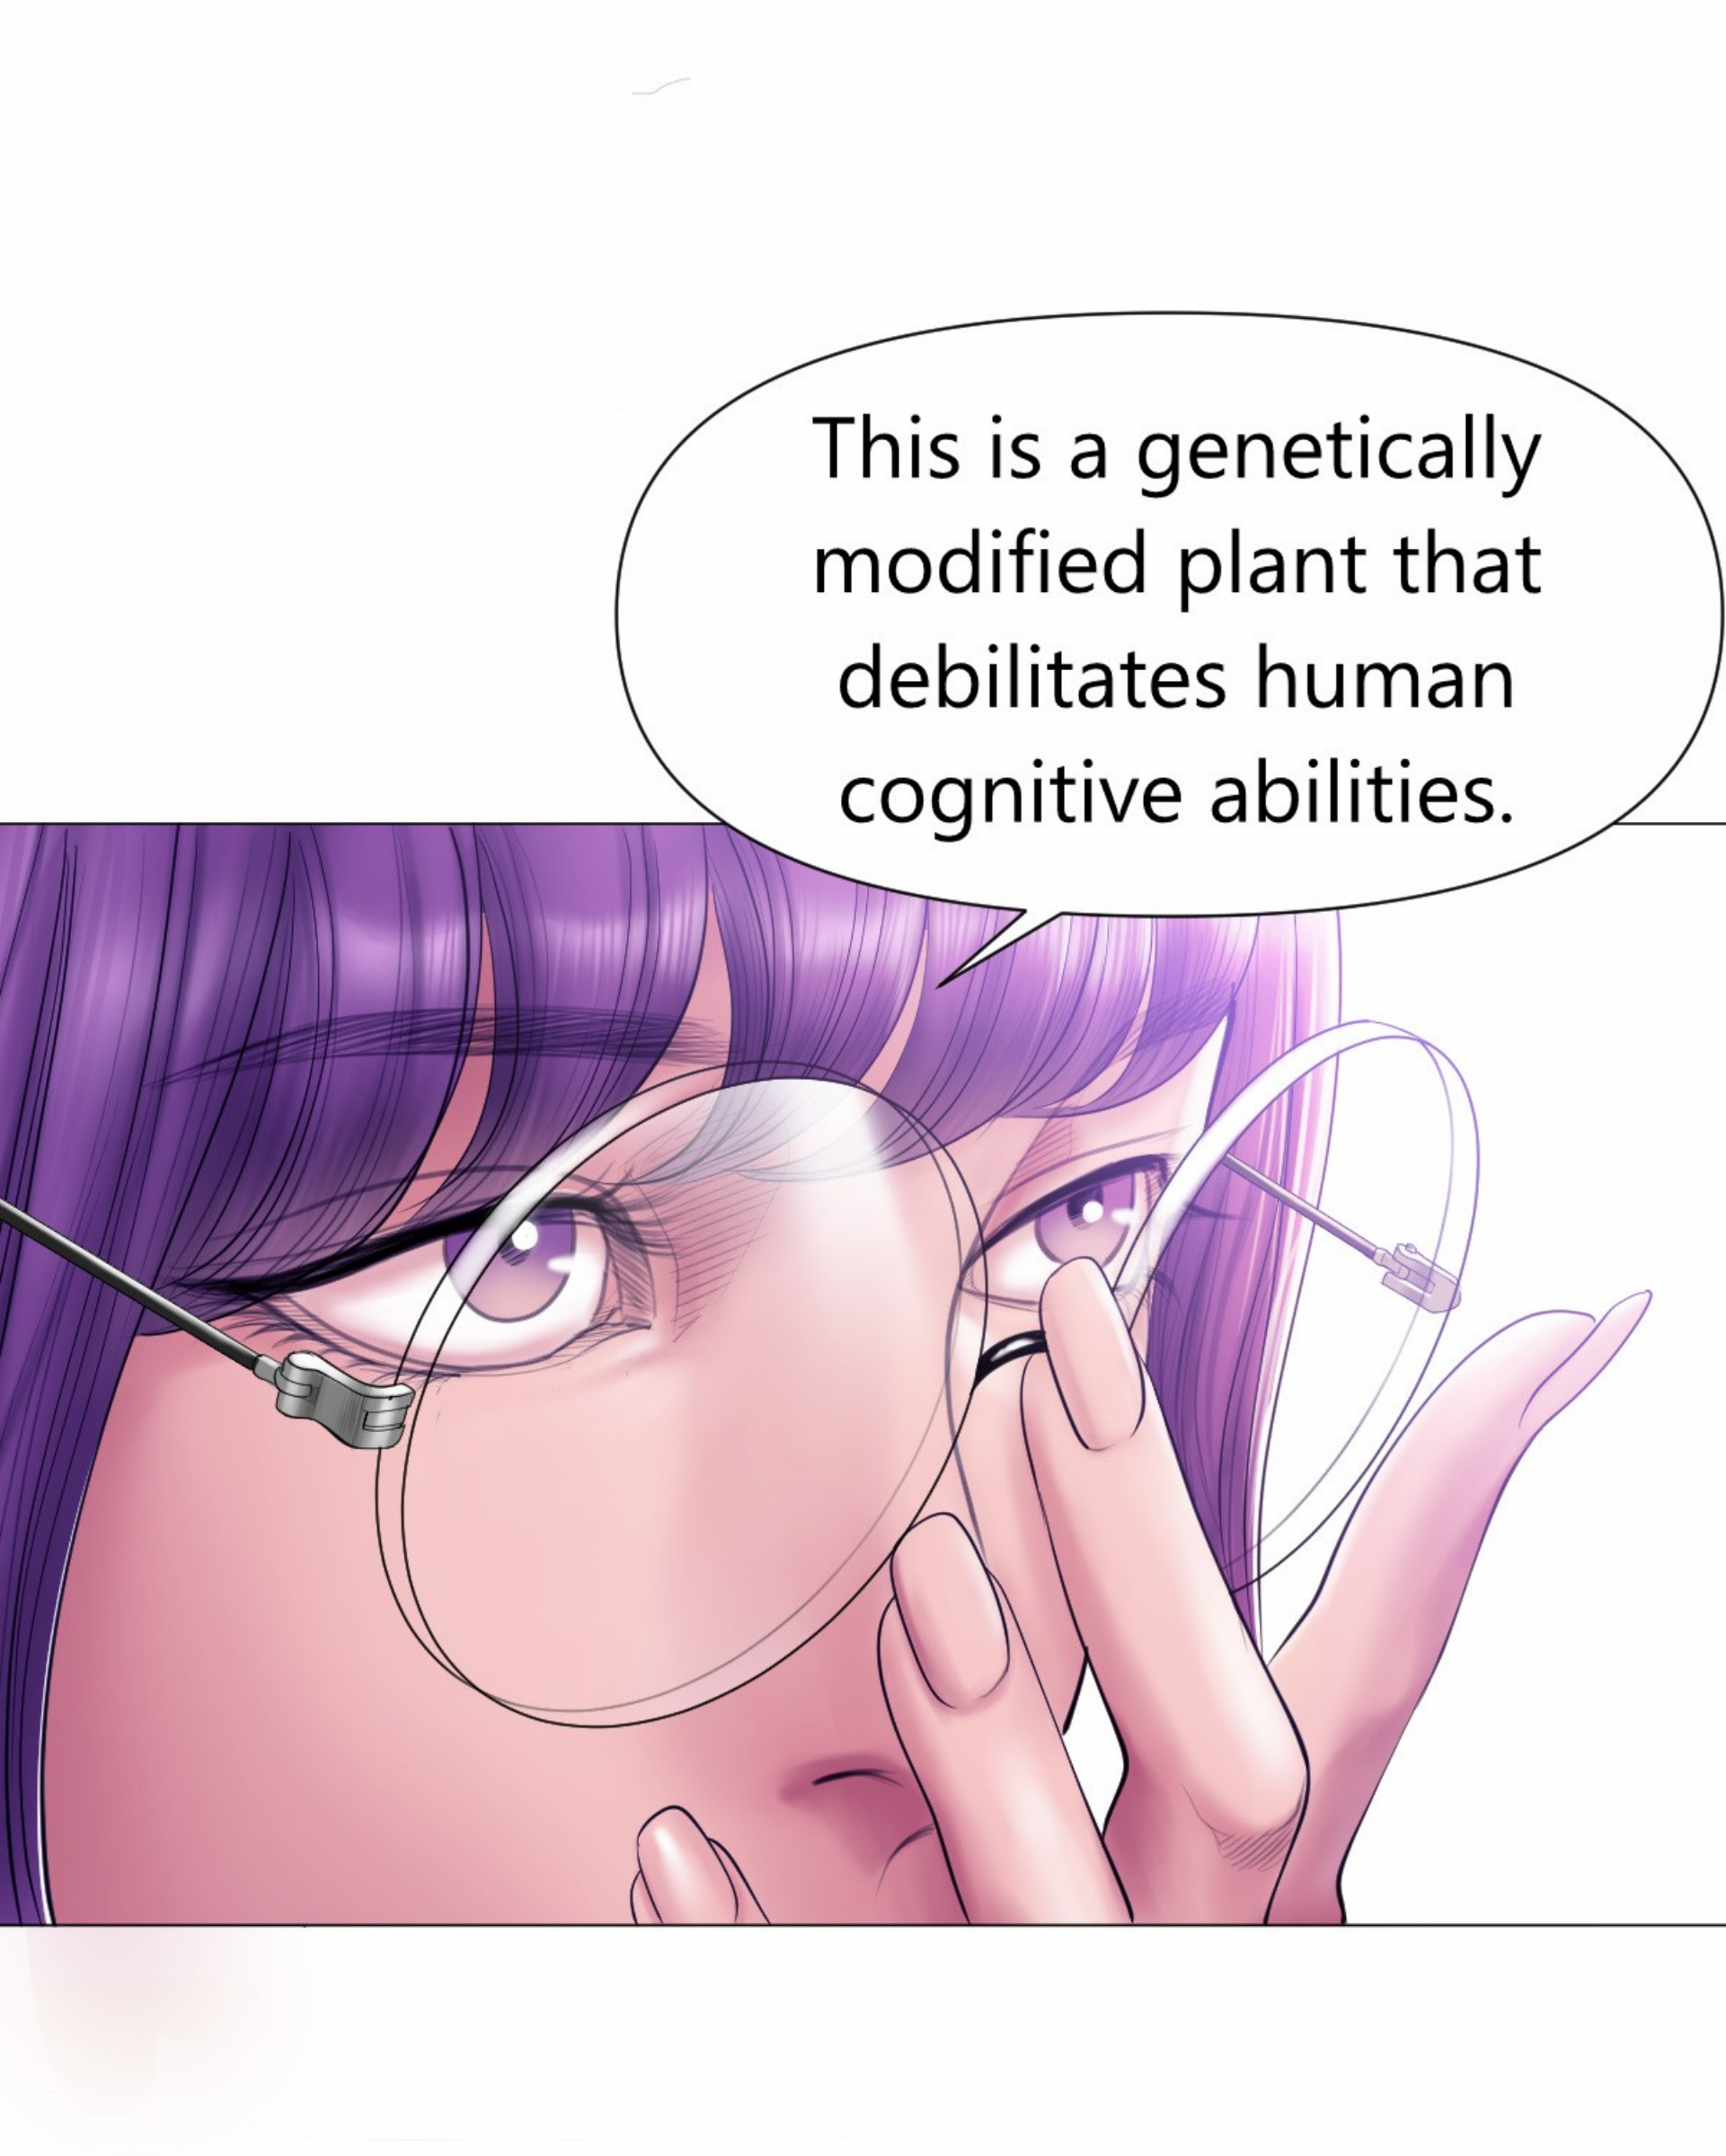

Oh...yeah,
I remember
that!

I saw them
on every
desk!

But what
about it?

I can't believe it.
How could
something like
that...

But why wasn't
I affected?

The theory is that
the stronger a person's
mental fortitude, the
slower the symptoms
appear.

But it's
only a matter
of time.

If you had
stayed in the
office exposed
to it,

you might
have become
just like them.

And although
it's mild, you're
also showing signs
of addiction.

What?
I'm perfectly
fine.

I can tell by looking at your pupils.

You would normally realize how dangerous of a situation you were in the moment you saw your coworkers.

Your judgment was clouded without you even realizing it.

N-Now that you mention it...!

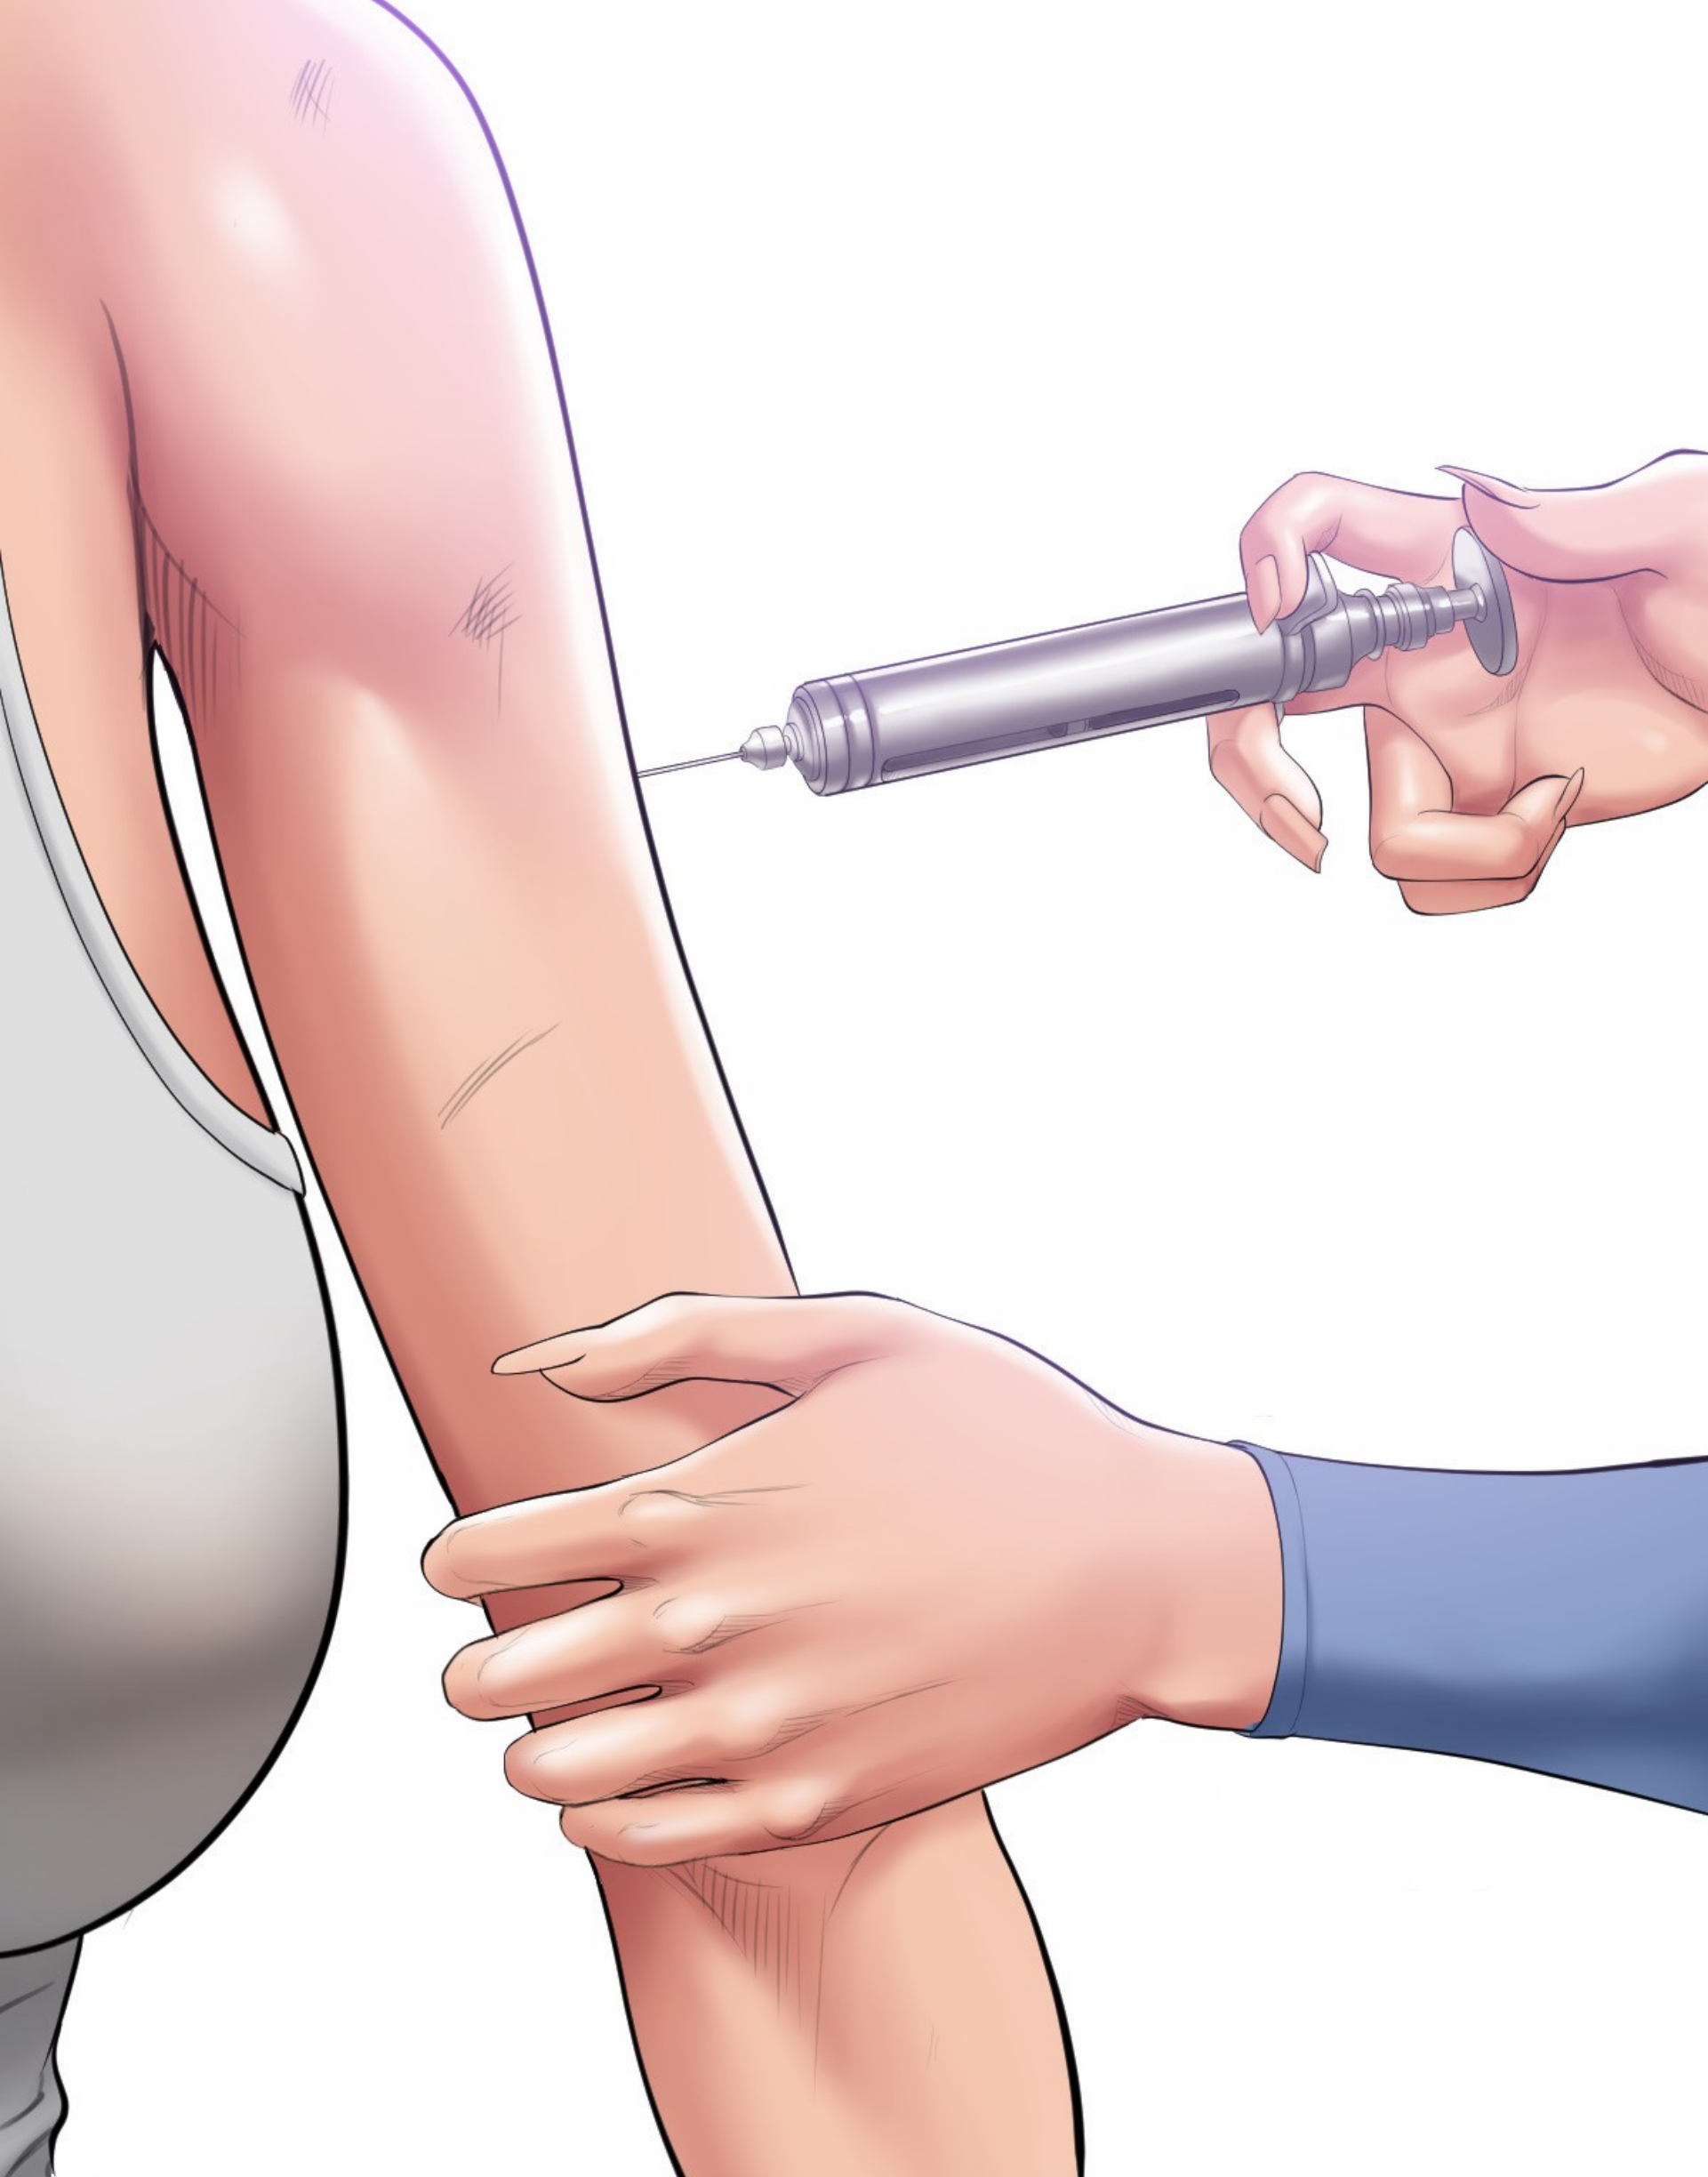

Fortunately, I have a sample at home.

Let's start with the detoxification first.

Your symptoms are mild now, but it could be dangerous if left untreated.

Ah... Okay.

Mei...

?

Thanks.

If it weren't for you, I would've been caught for sure.

Please make more of this antidote.

Once we're ready, I'll coordinate with other investigative agencies and immediately launch a...

Pfft!

?

Hehehe...

Ahahaha!
Heheh!

Oh...

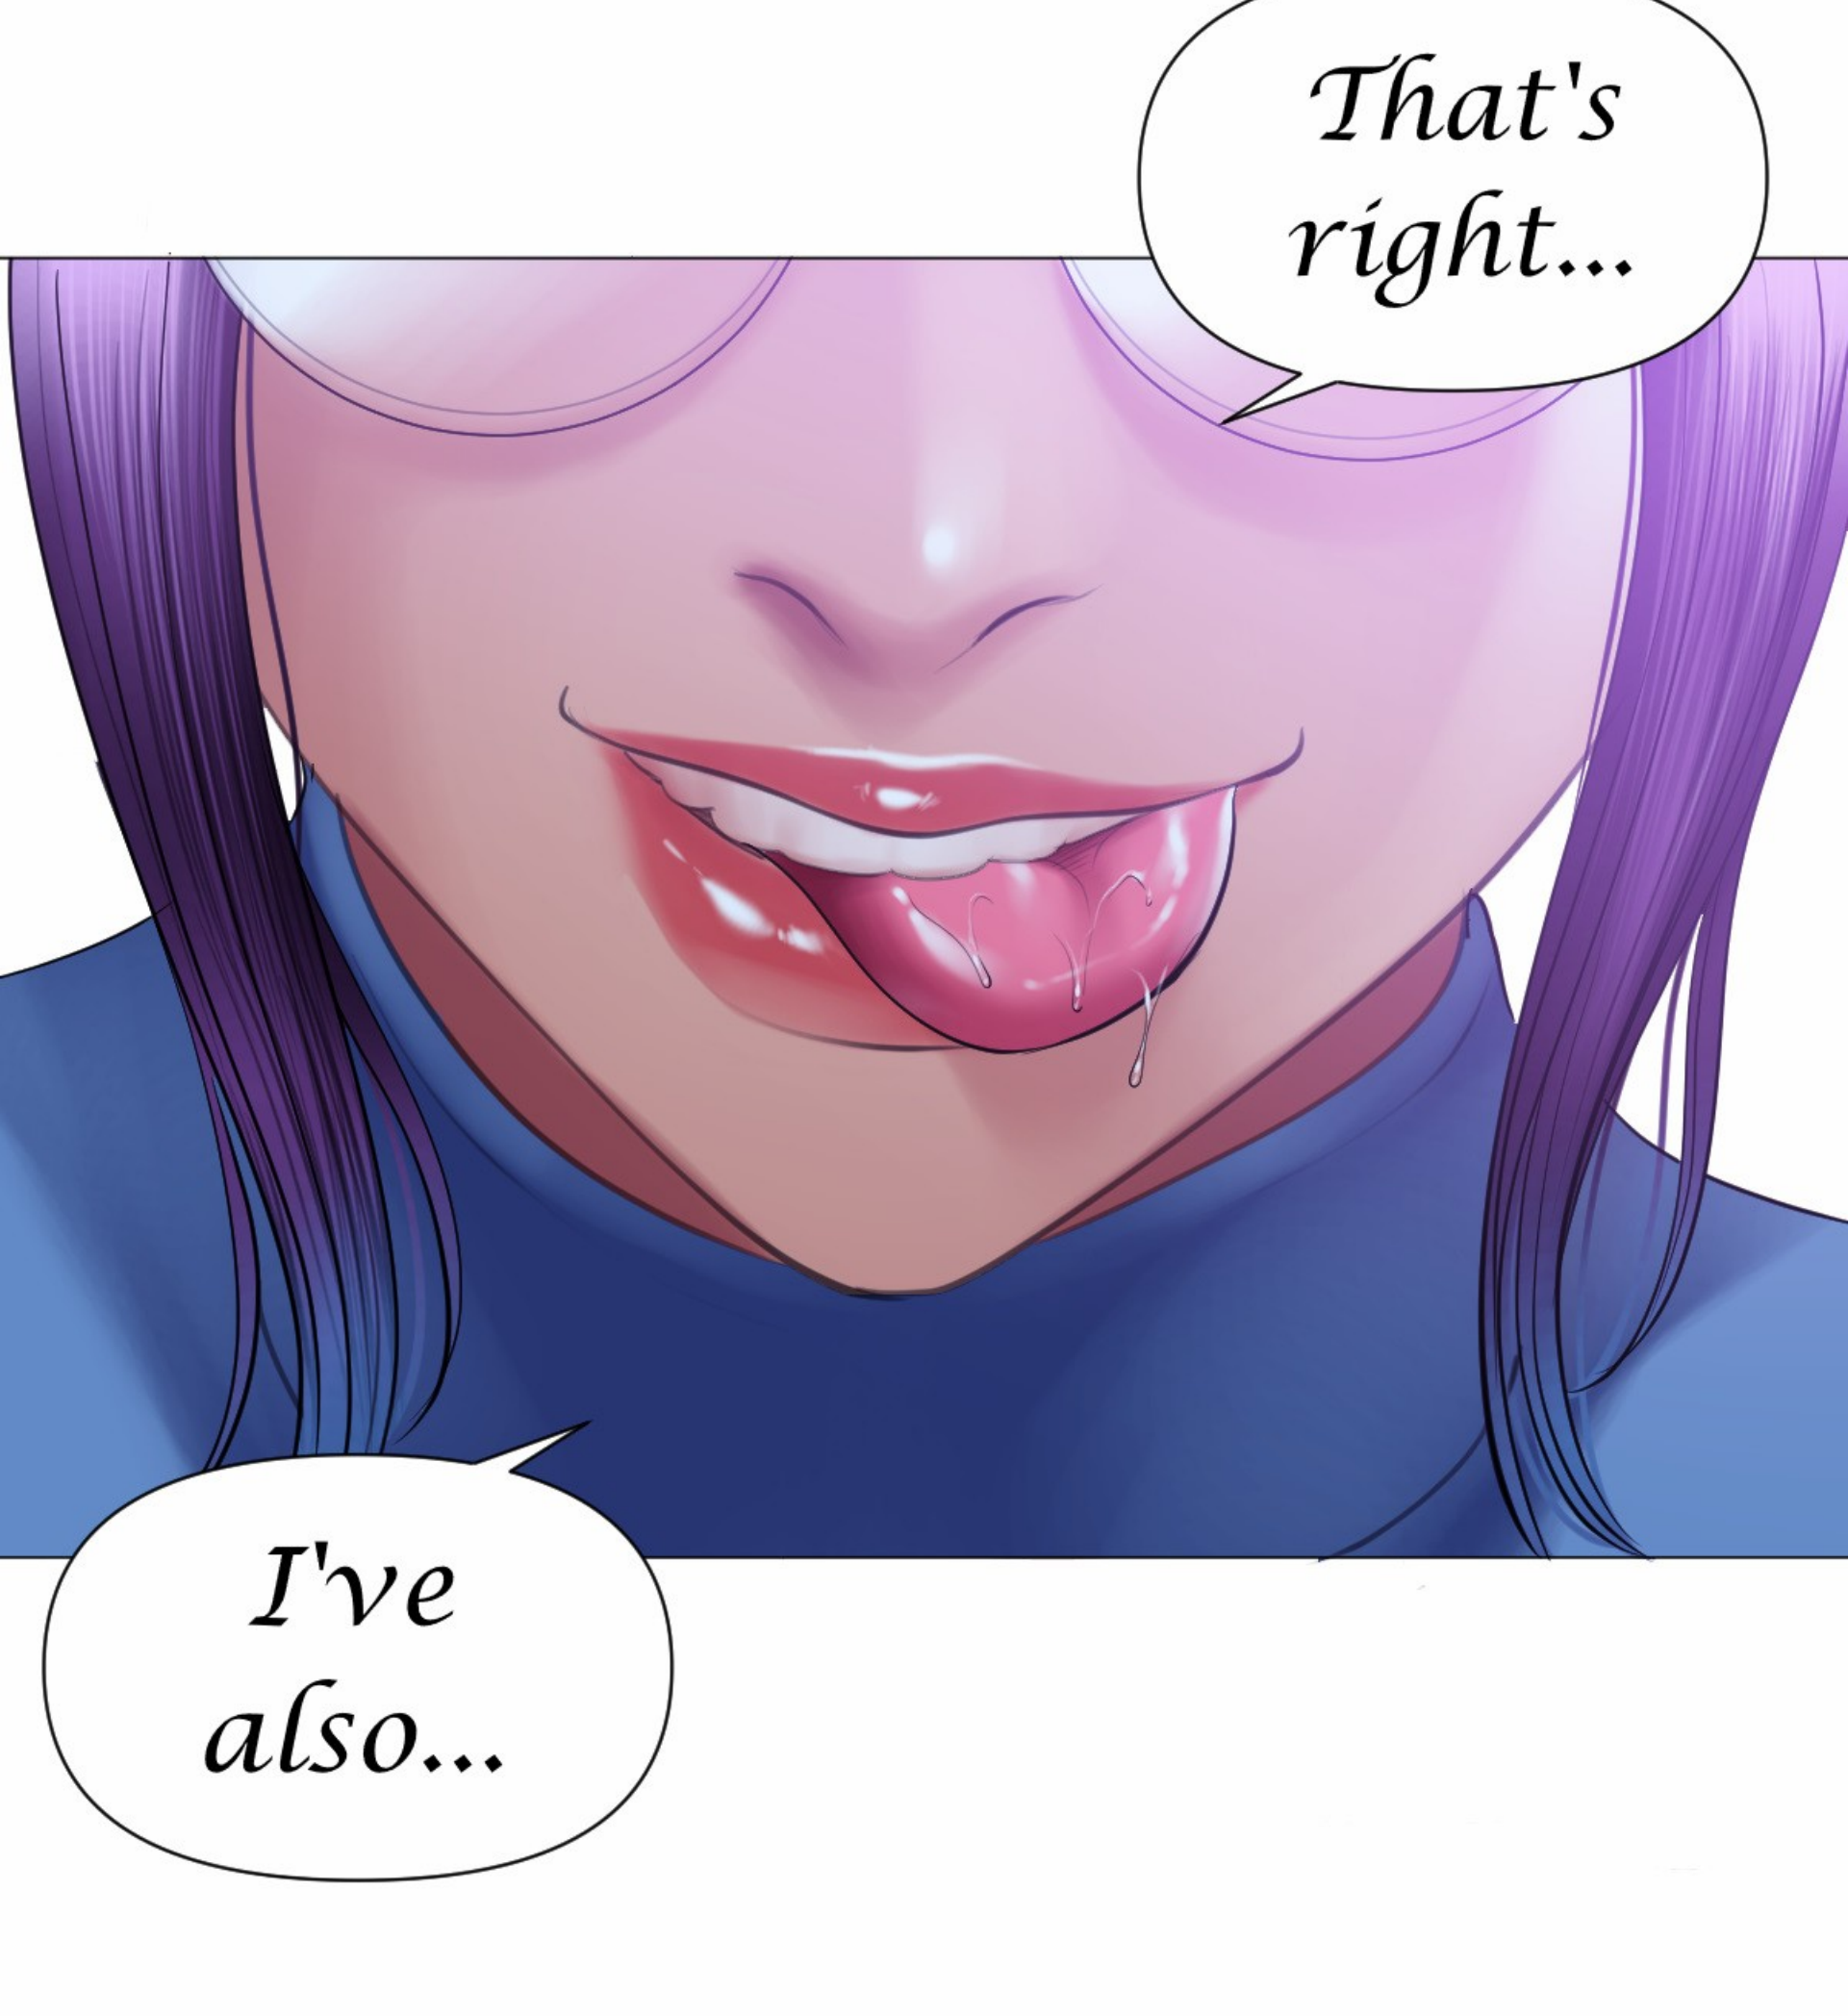

Sorry...

*The sight of you,
not realizin'
there's nobody
left on your side,*

*still deludin'
yourself into
thinkin' you can
win, was just too
funny...*

!!

N-No
way!

S-Shit!

WHOOSH

SIT.

!

Huh?

FLOOR

What the...

What the hell just hapened?

Mistress!♡

I've administered the hypnotic agent and captured the target♡

A-As you commanded...

P-Please give me the reward you promised!

Good.

You did well, Mei.

Here, lick to your heart's content.

!!

Hehe♡ Mistress's delicious stockings♡

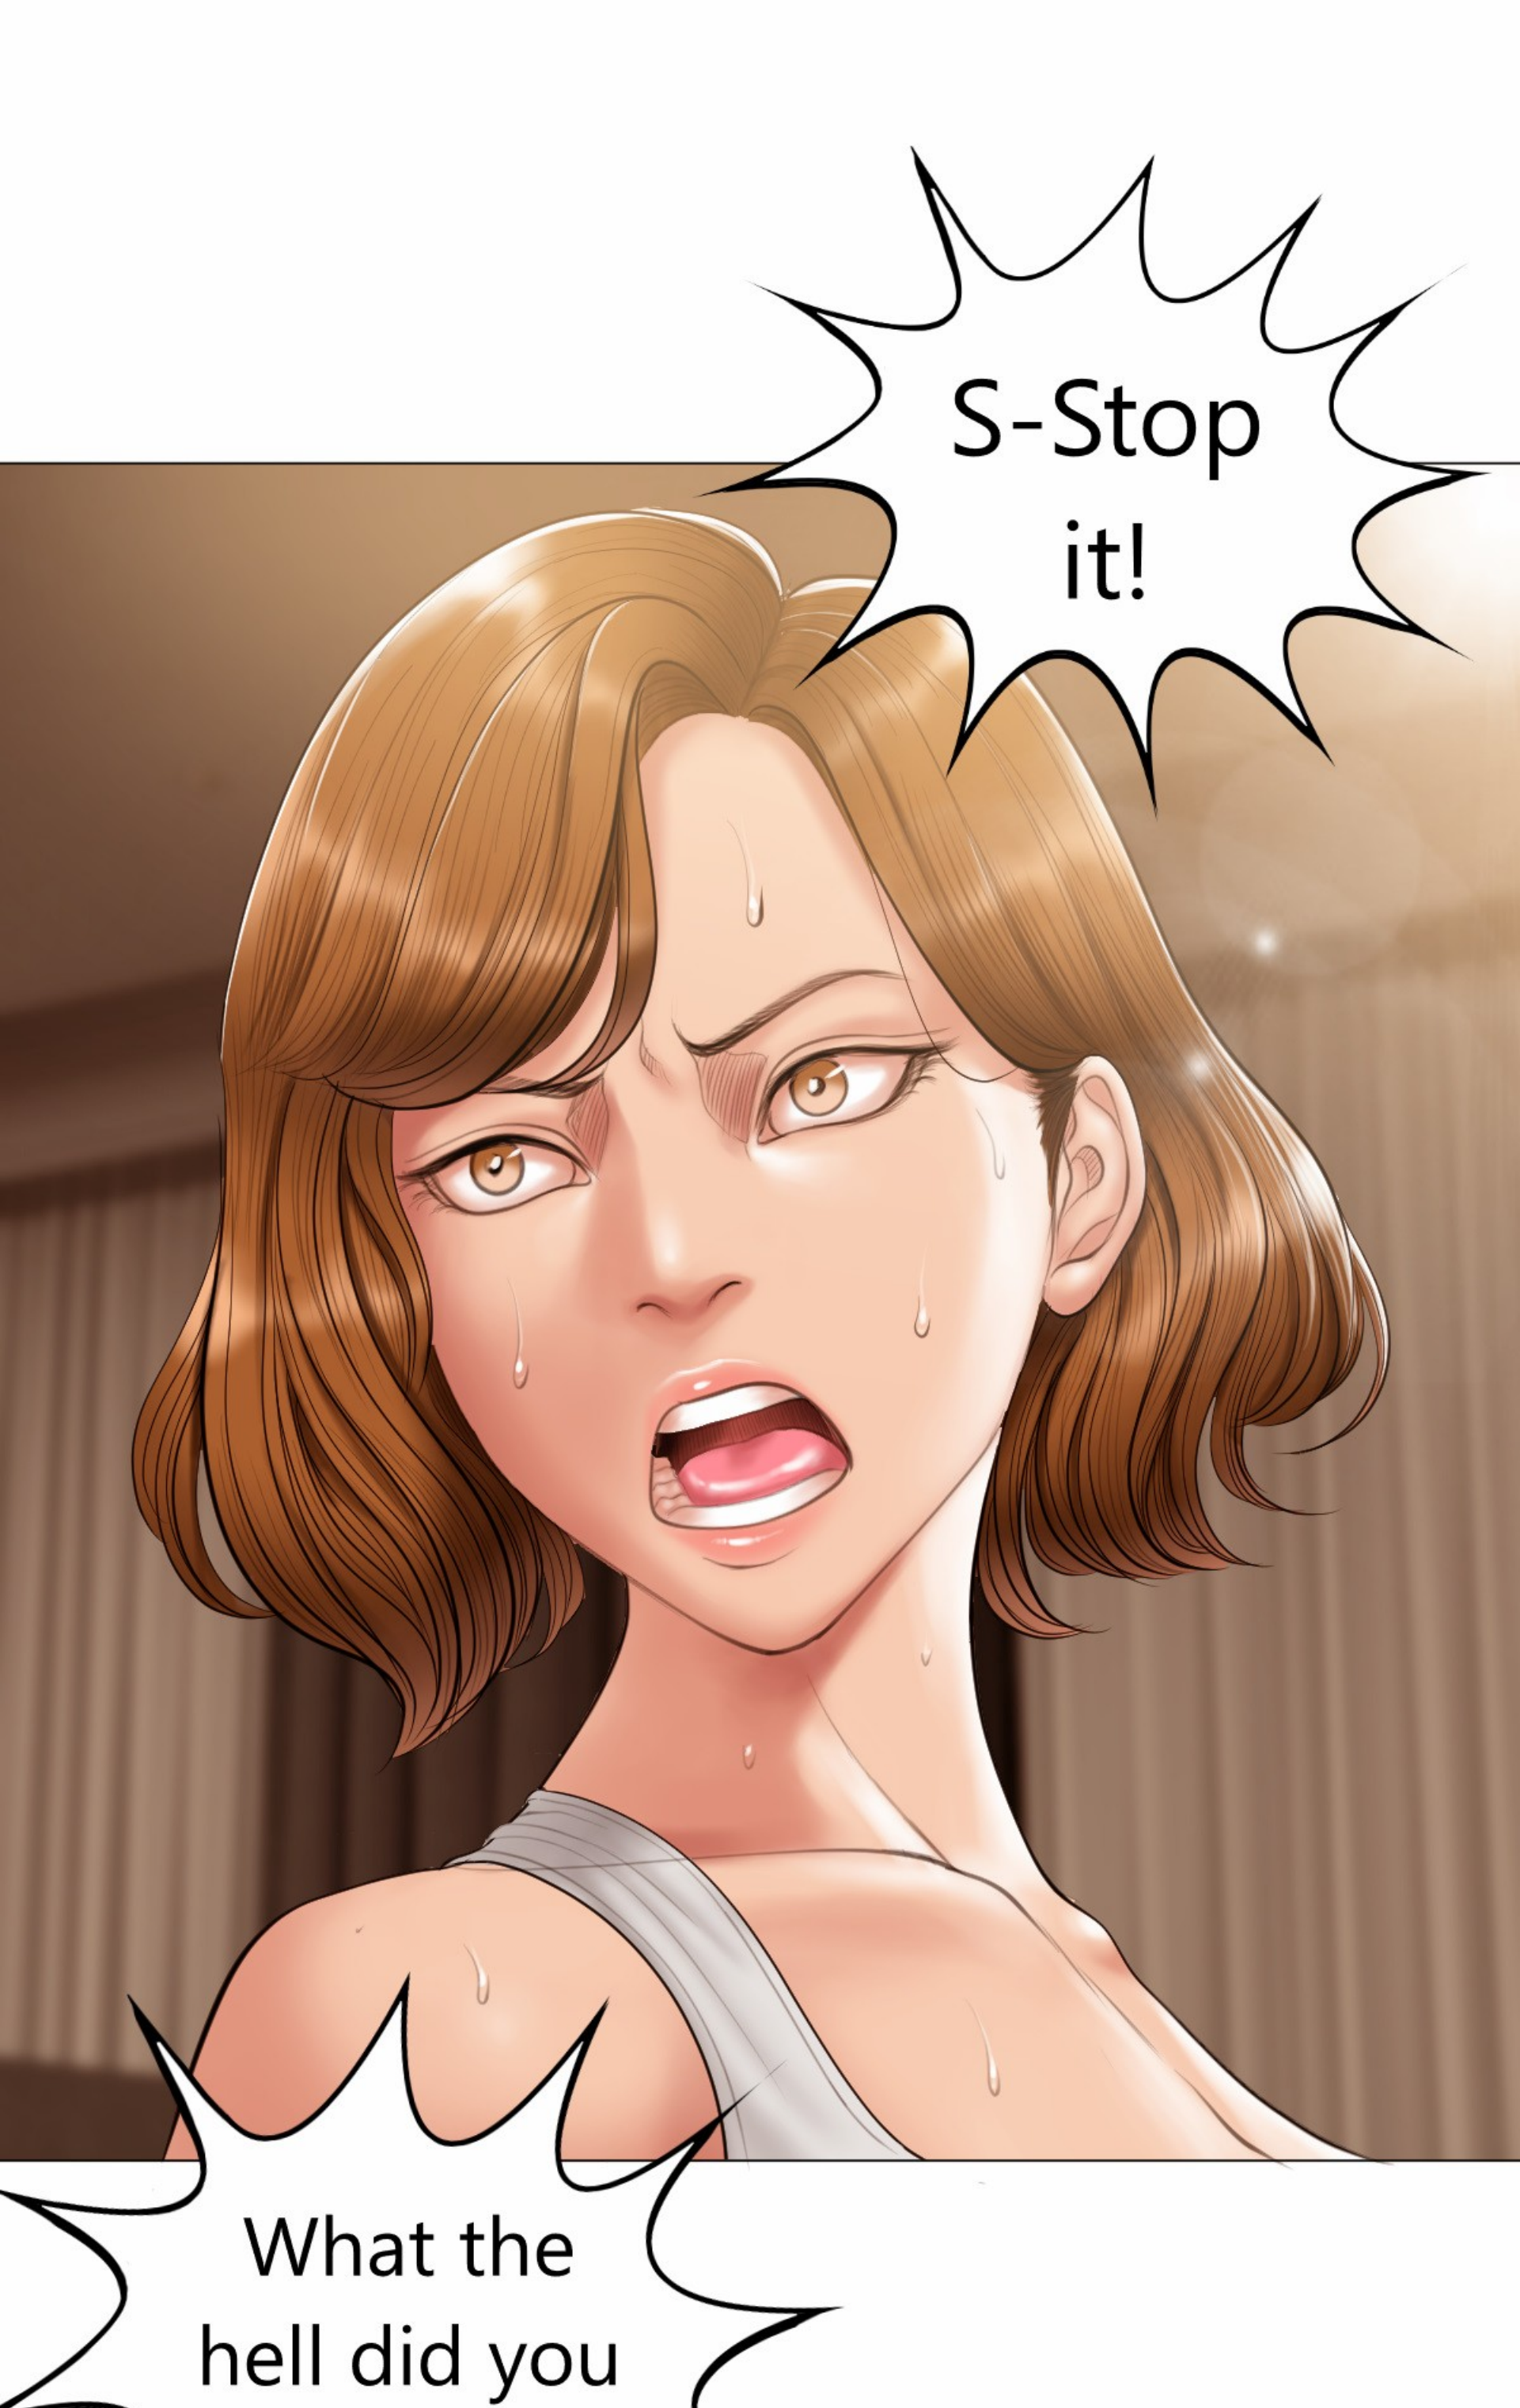

Hahhh♡ Th-Thank you for the meal♡

SLURP

LICK

What the hell did you do to Mei?!

I just gave her the same tastes as those lecherous old men who are crazy about my body odor.

LICK

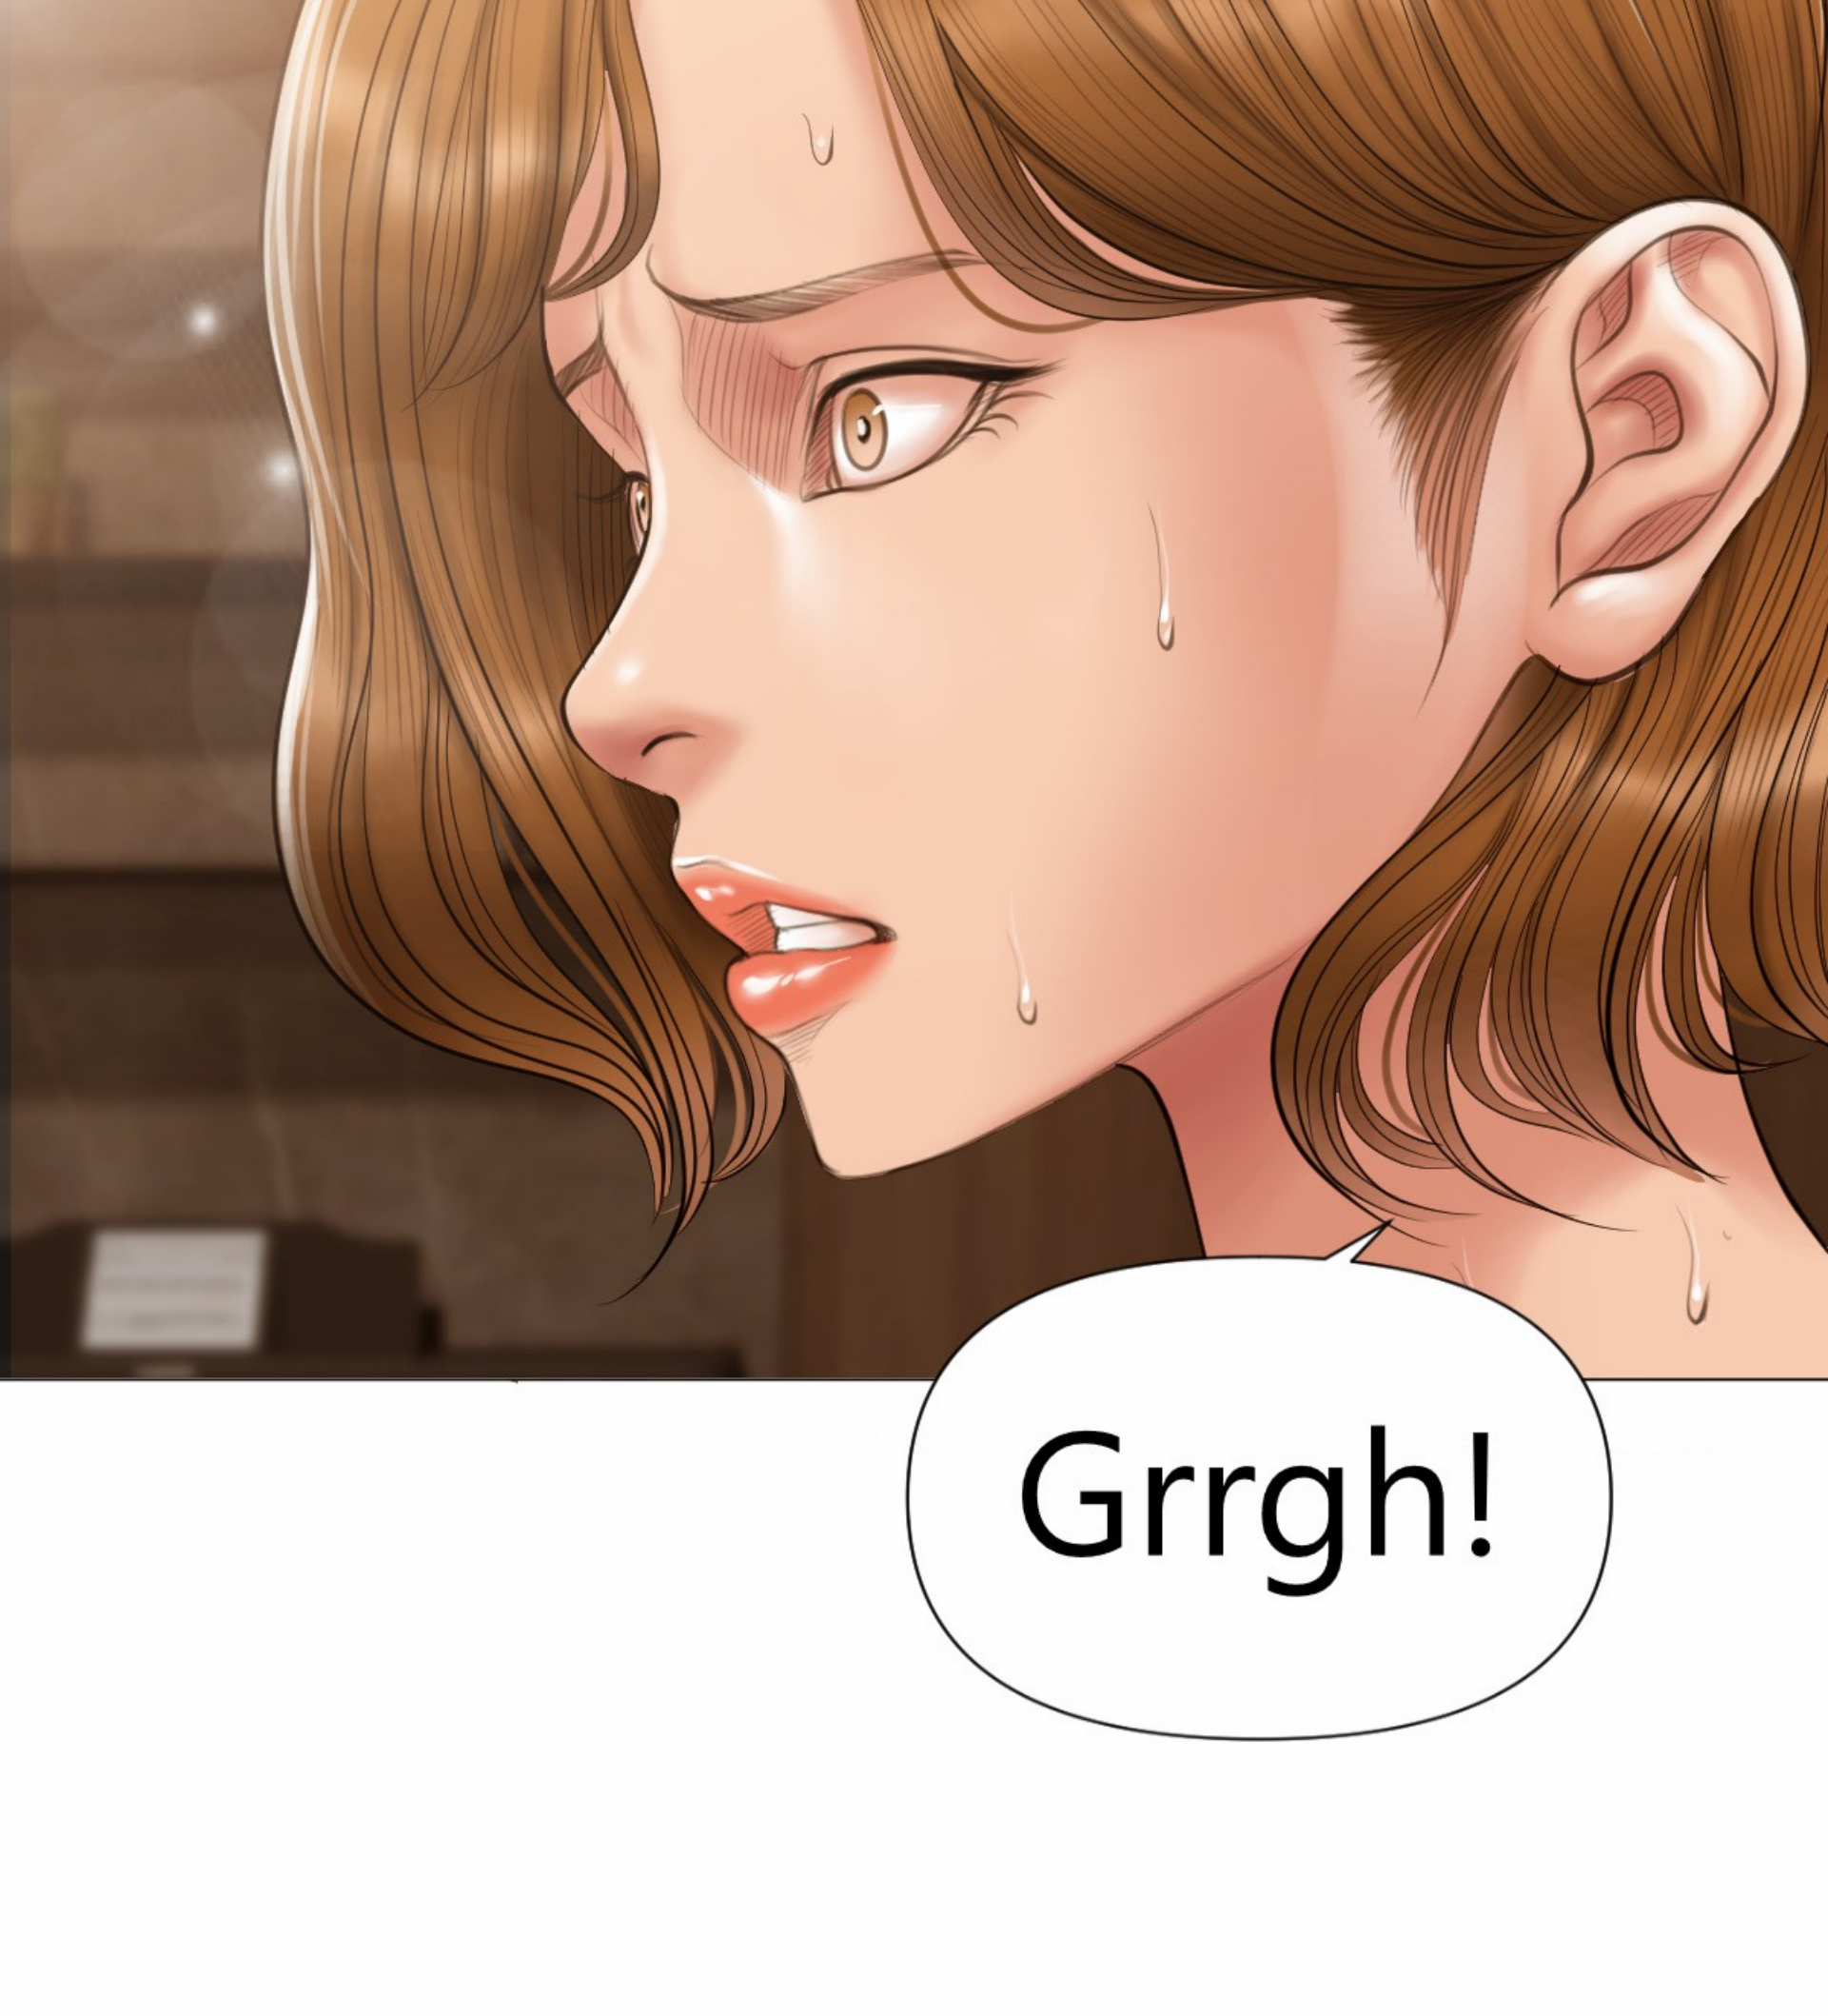

SLURP

This is all your fault.

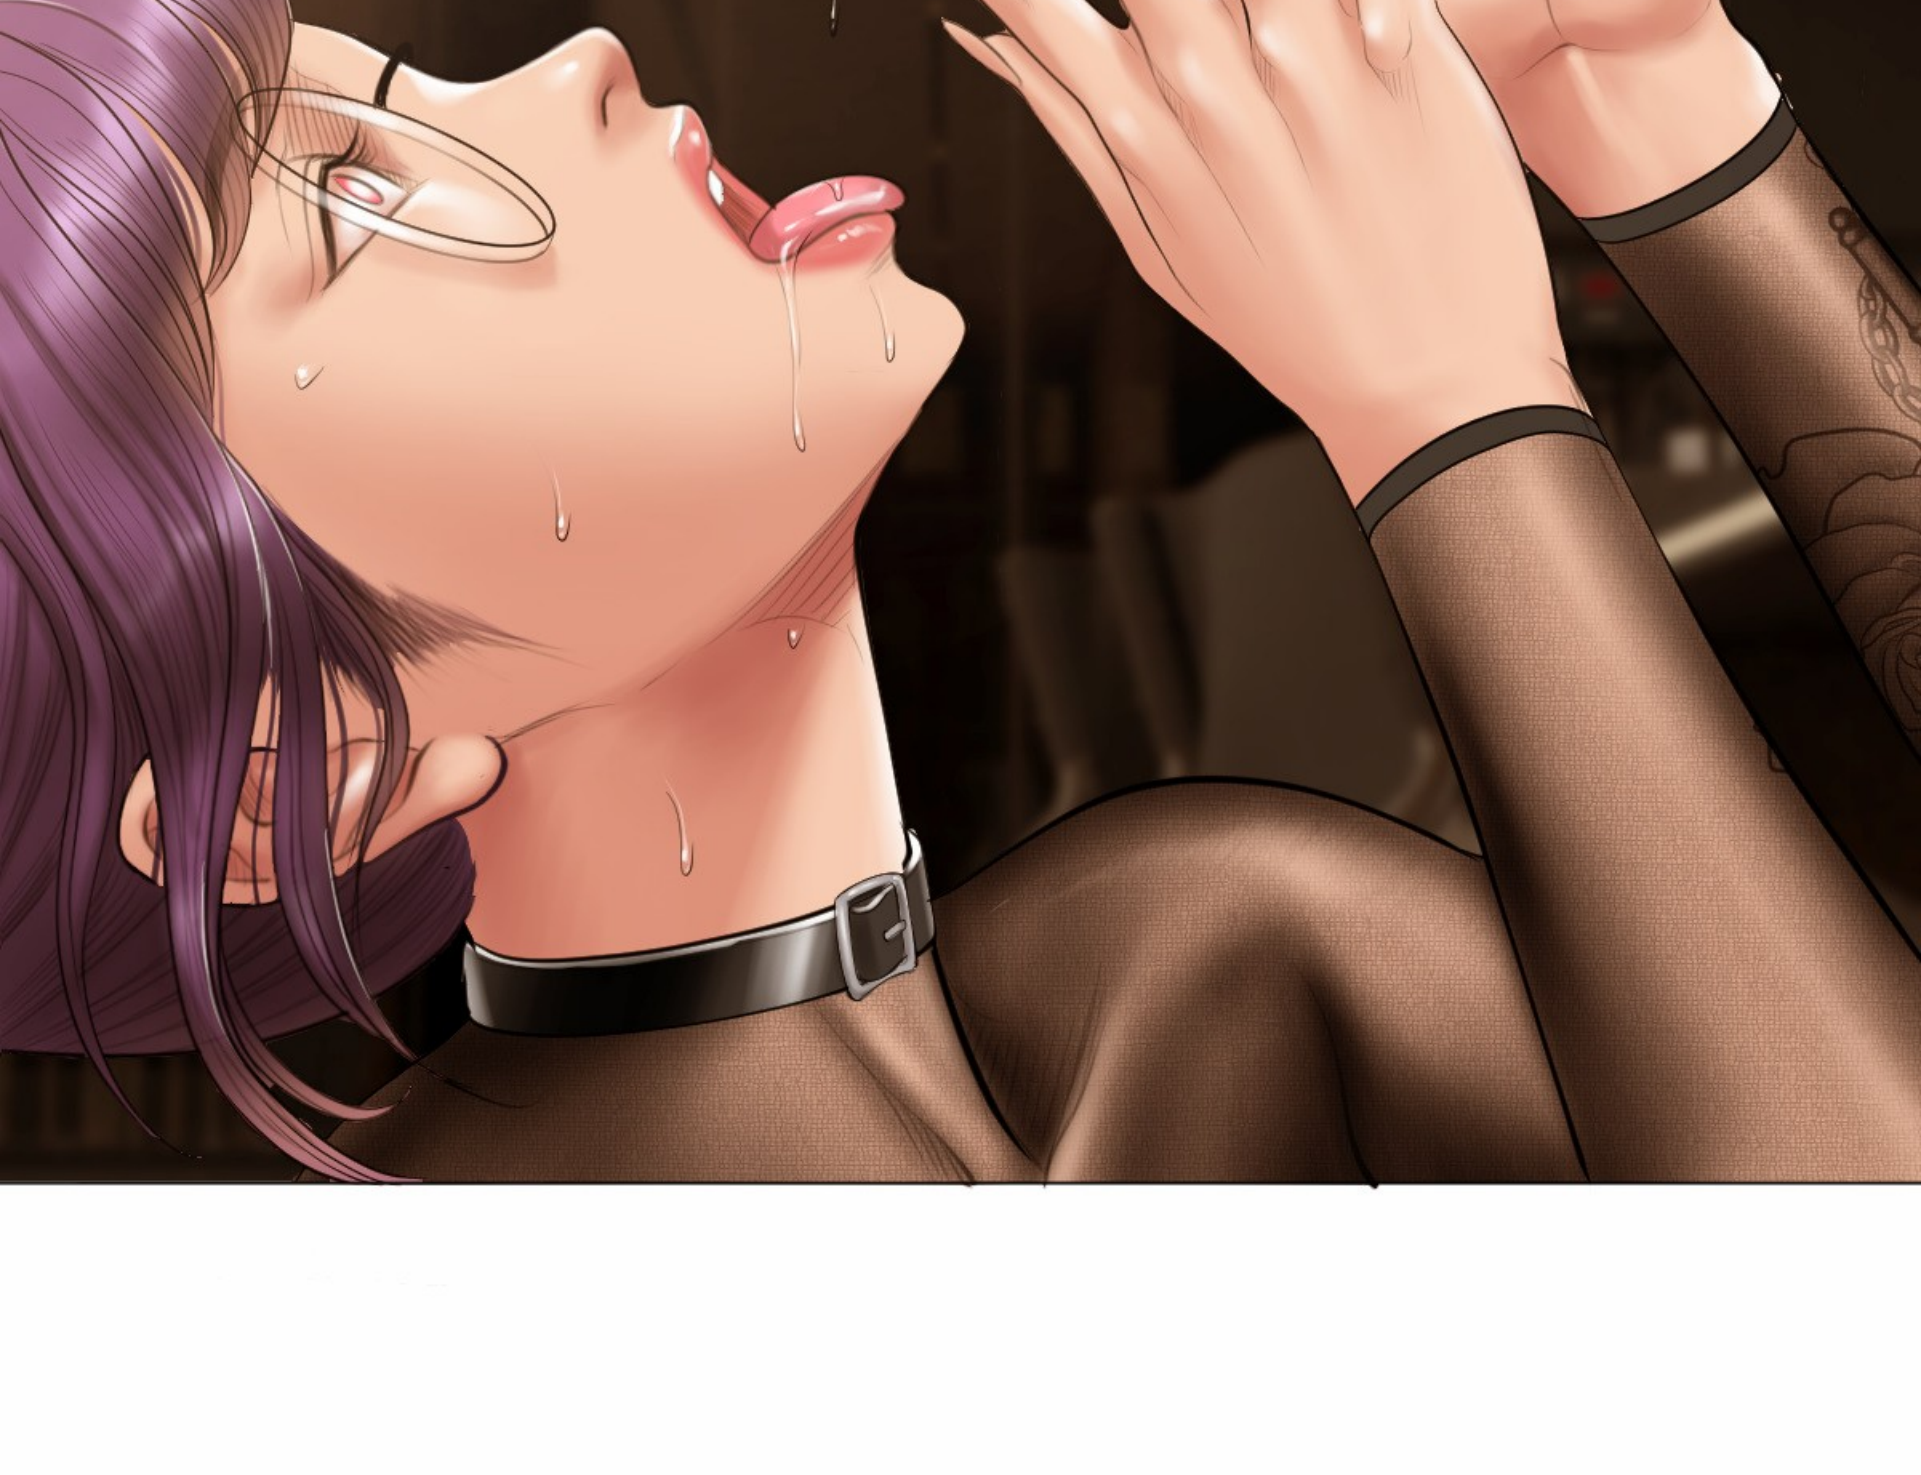

If you hadn't taken me to that lab, nothin' would have happened to this girl.

Same goes for Dalia.

Grrgh!

I still can't believe it, though.

Nobody has ever been fine after bein' exposed to Meladea's pheromones.

.....

It's not like you were inoculated like me, so how have you managed to stay sane?

It's truly fascinatin'.

Hahh...

*So I set up
this little
backup plan.*

Mei.

*I knew no
matter how
cautious you
are,*

*you'd let your
guard down
around your most
trusted friend.*

Heee♡

Hmm♡

LICK

But...

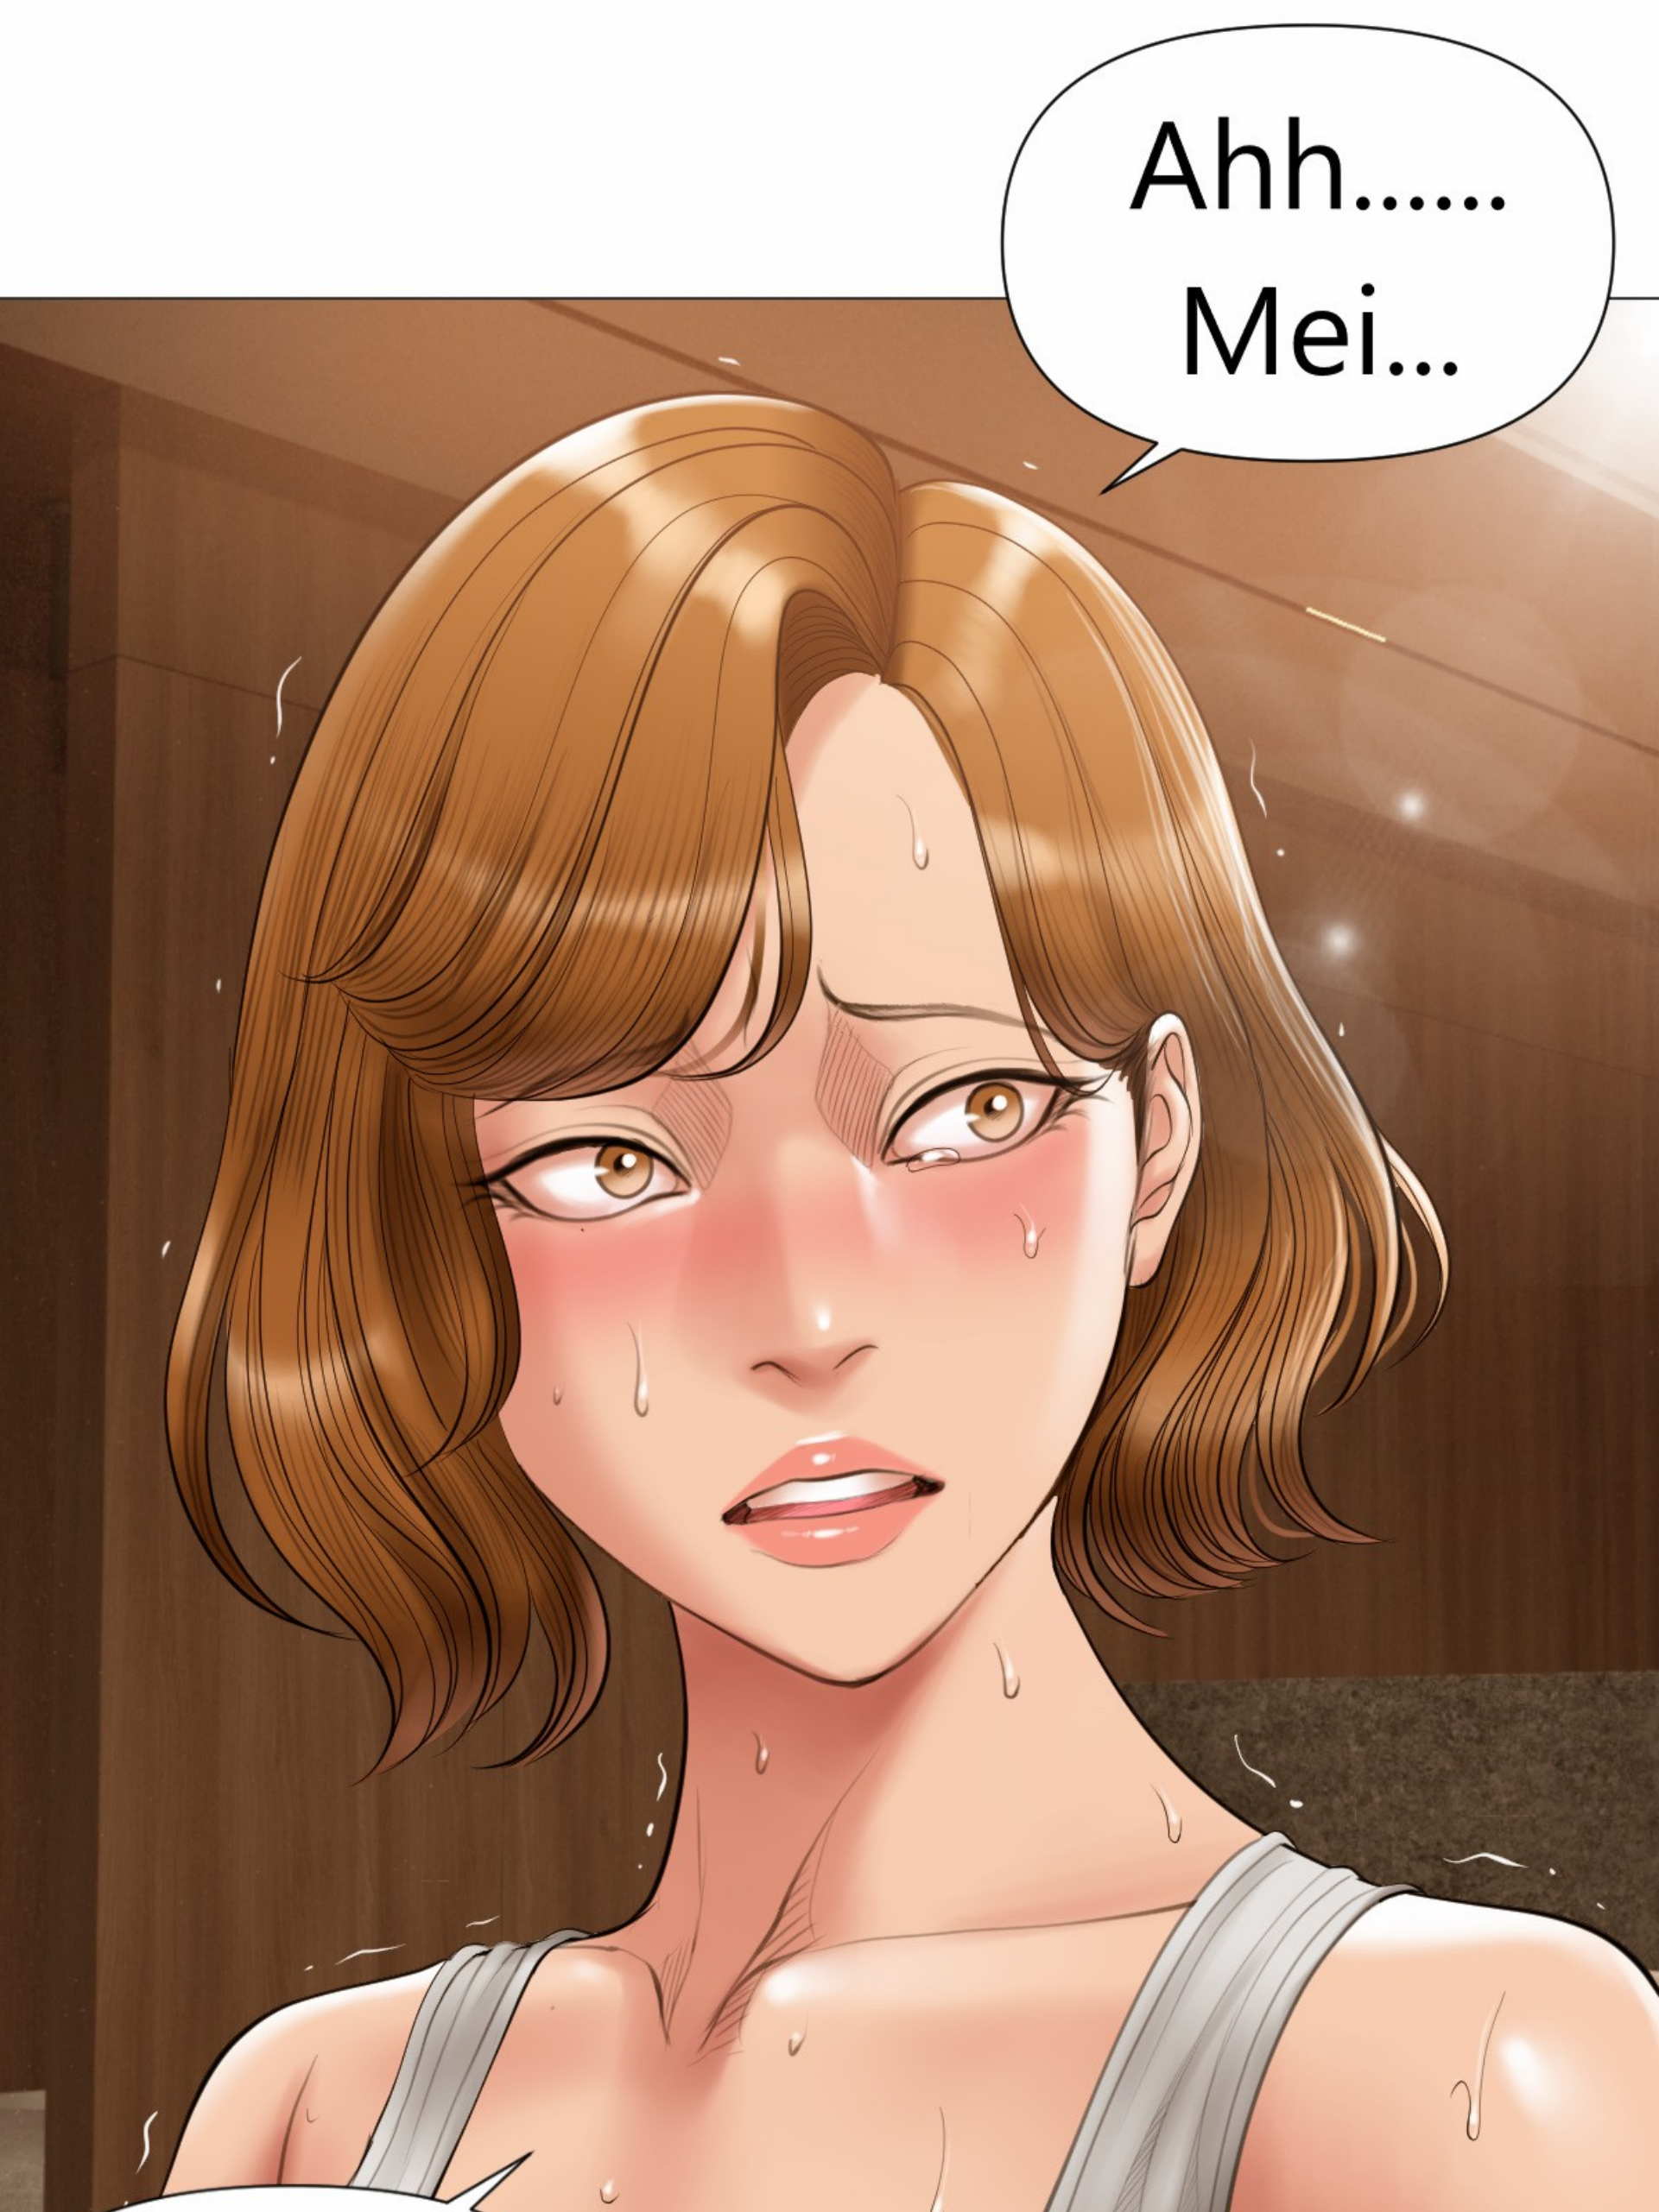

your friend had already been reduced to a bitch in heat...

SLURP

SQUELCH

RUB

She's so far gone she's willin' to sell out her best friend to satisfy her perverted desires.

Ahh.....
Mei...

turn her back to normal...

I'll do anything...

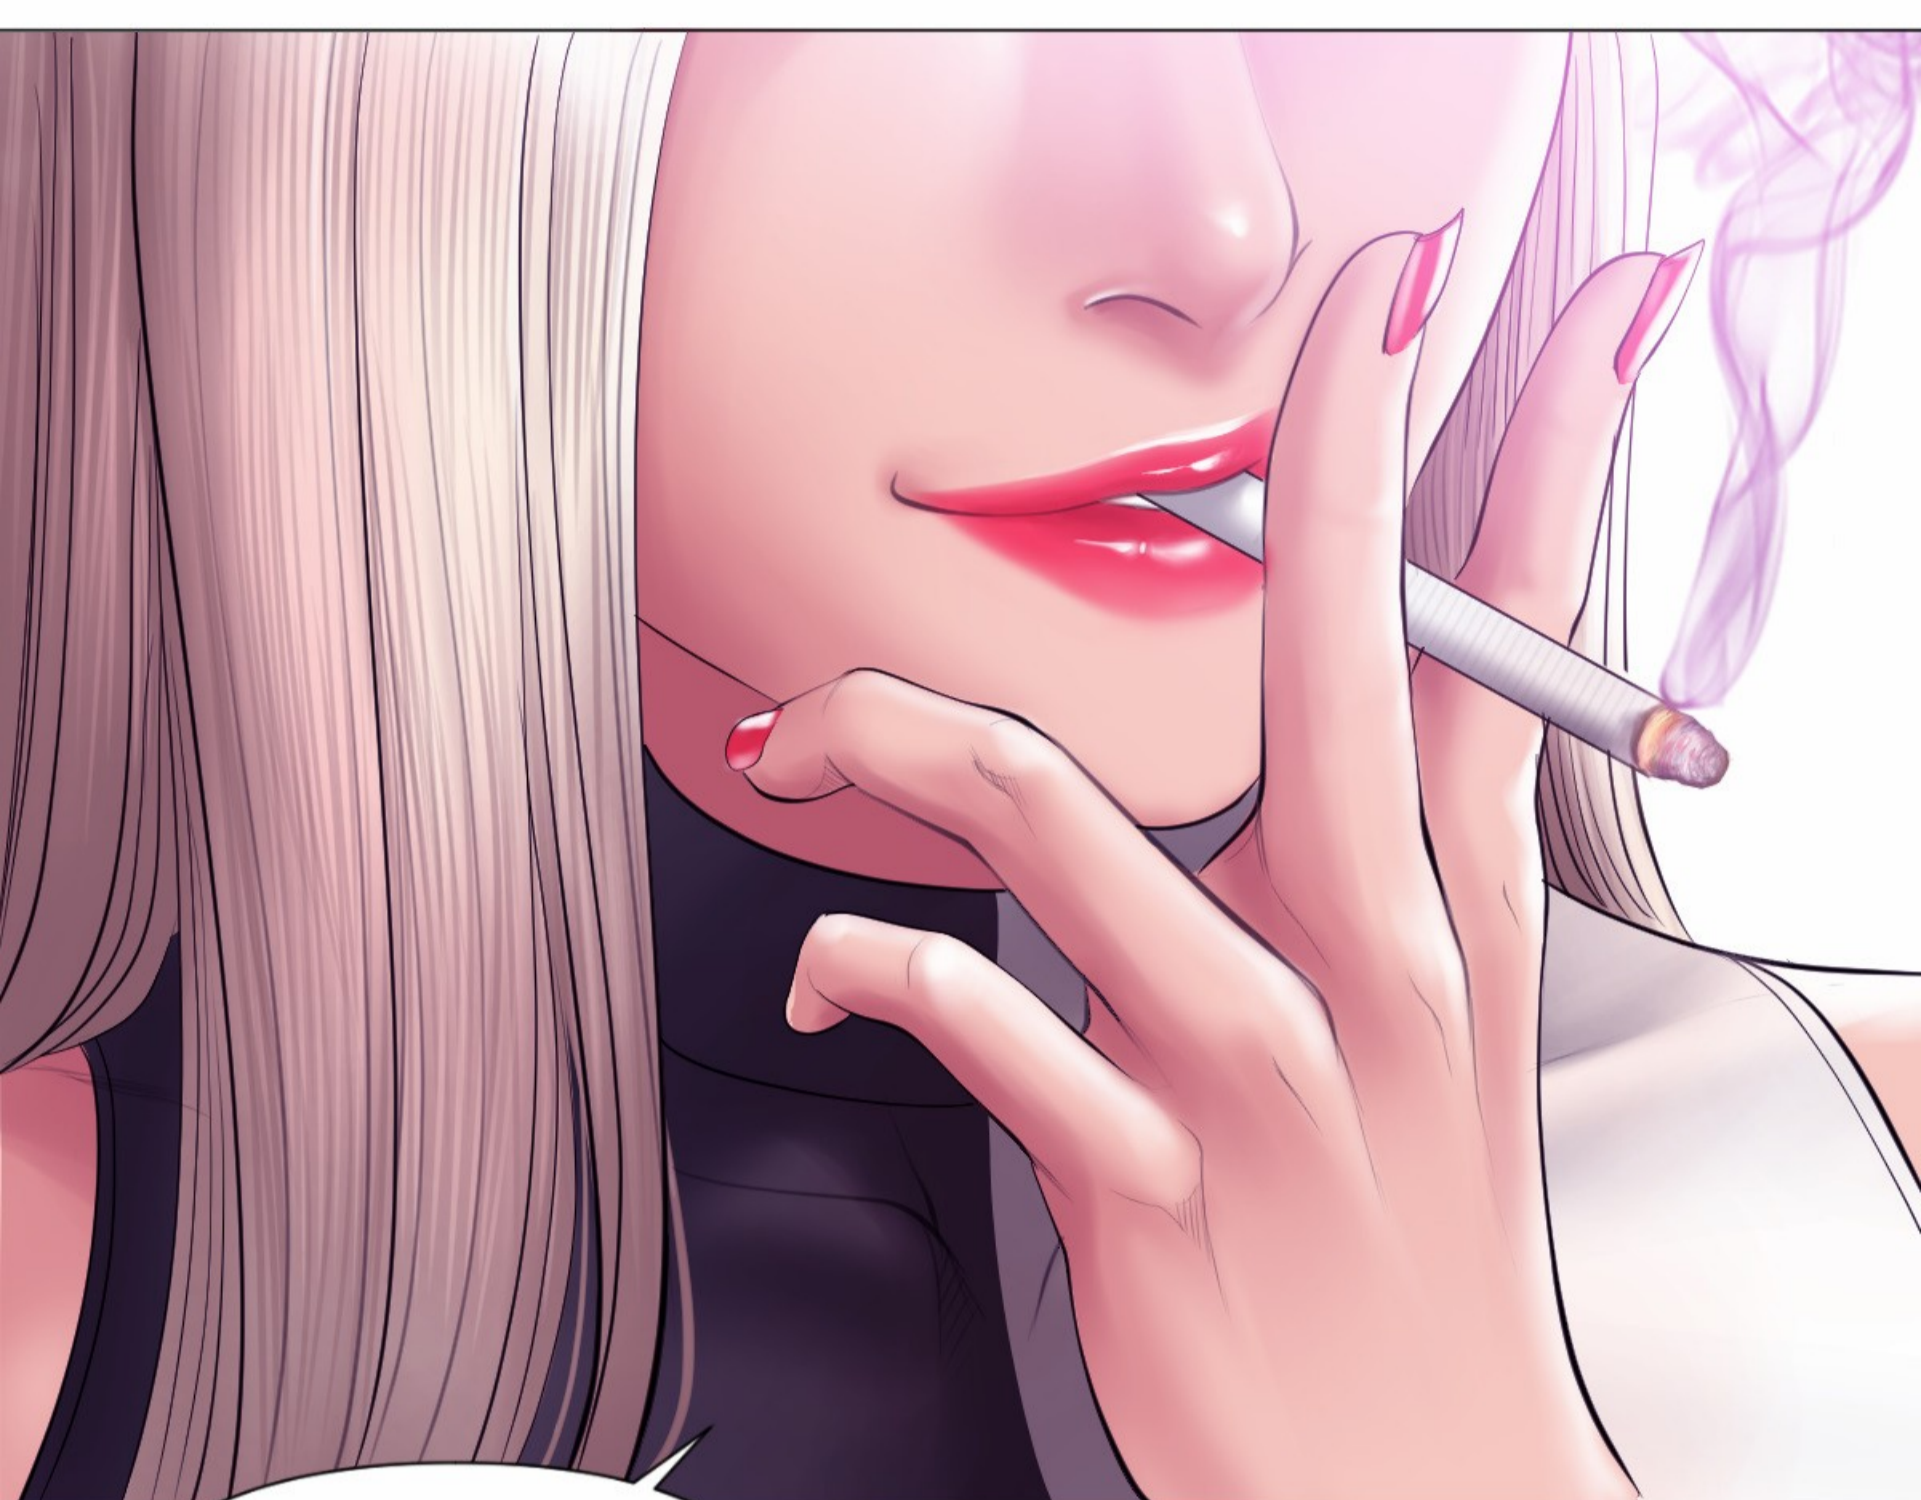

LICK

SLURP

LICK

Please...

Tee-hee...

*Whether
you beg
or not,*

*you'll be doin'
'anything' for us
no matter what.*
