

Smoking Hypnosis 2

You're such a submissive little man...

So I'll be sure to dominate you thoroughly from now on♡

Umm...

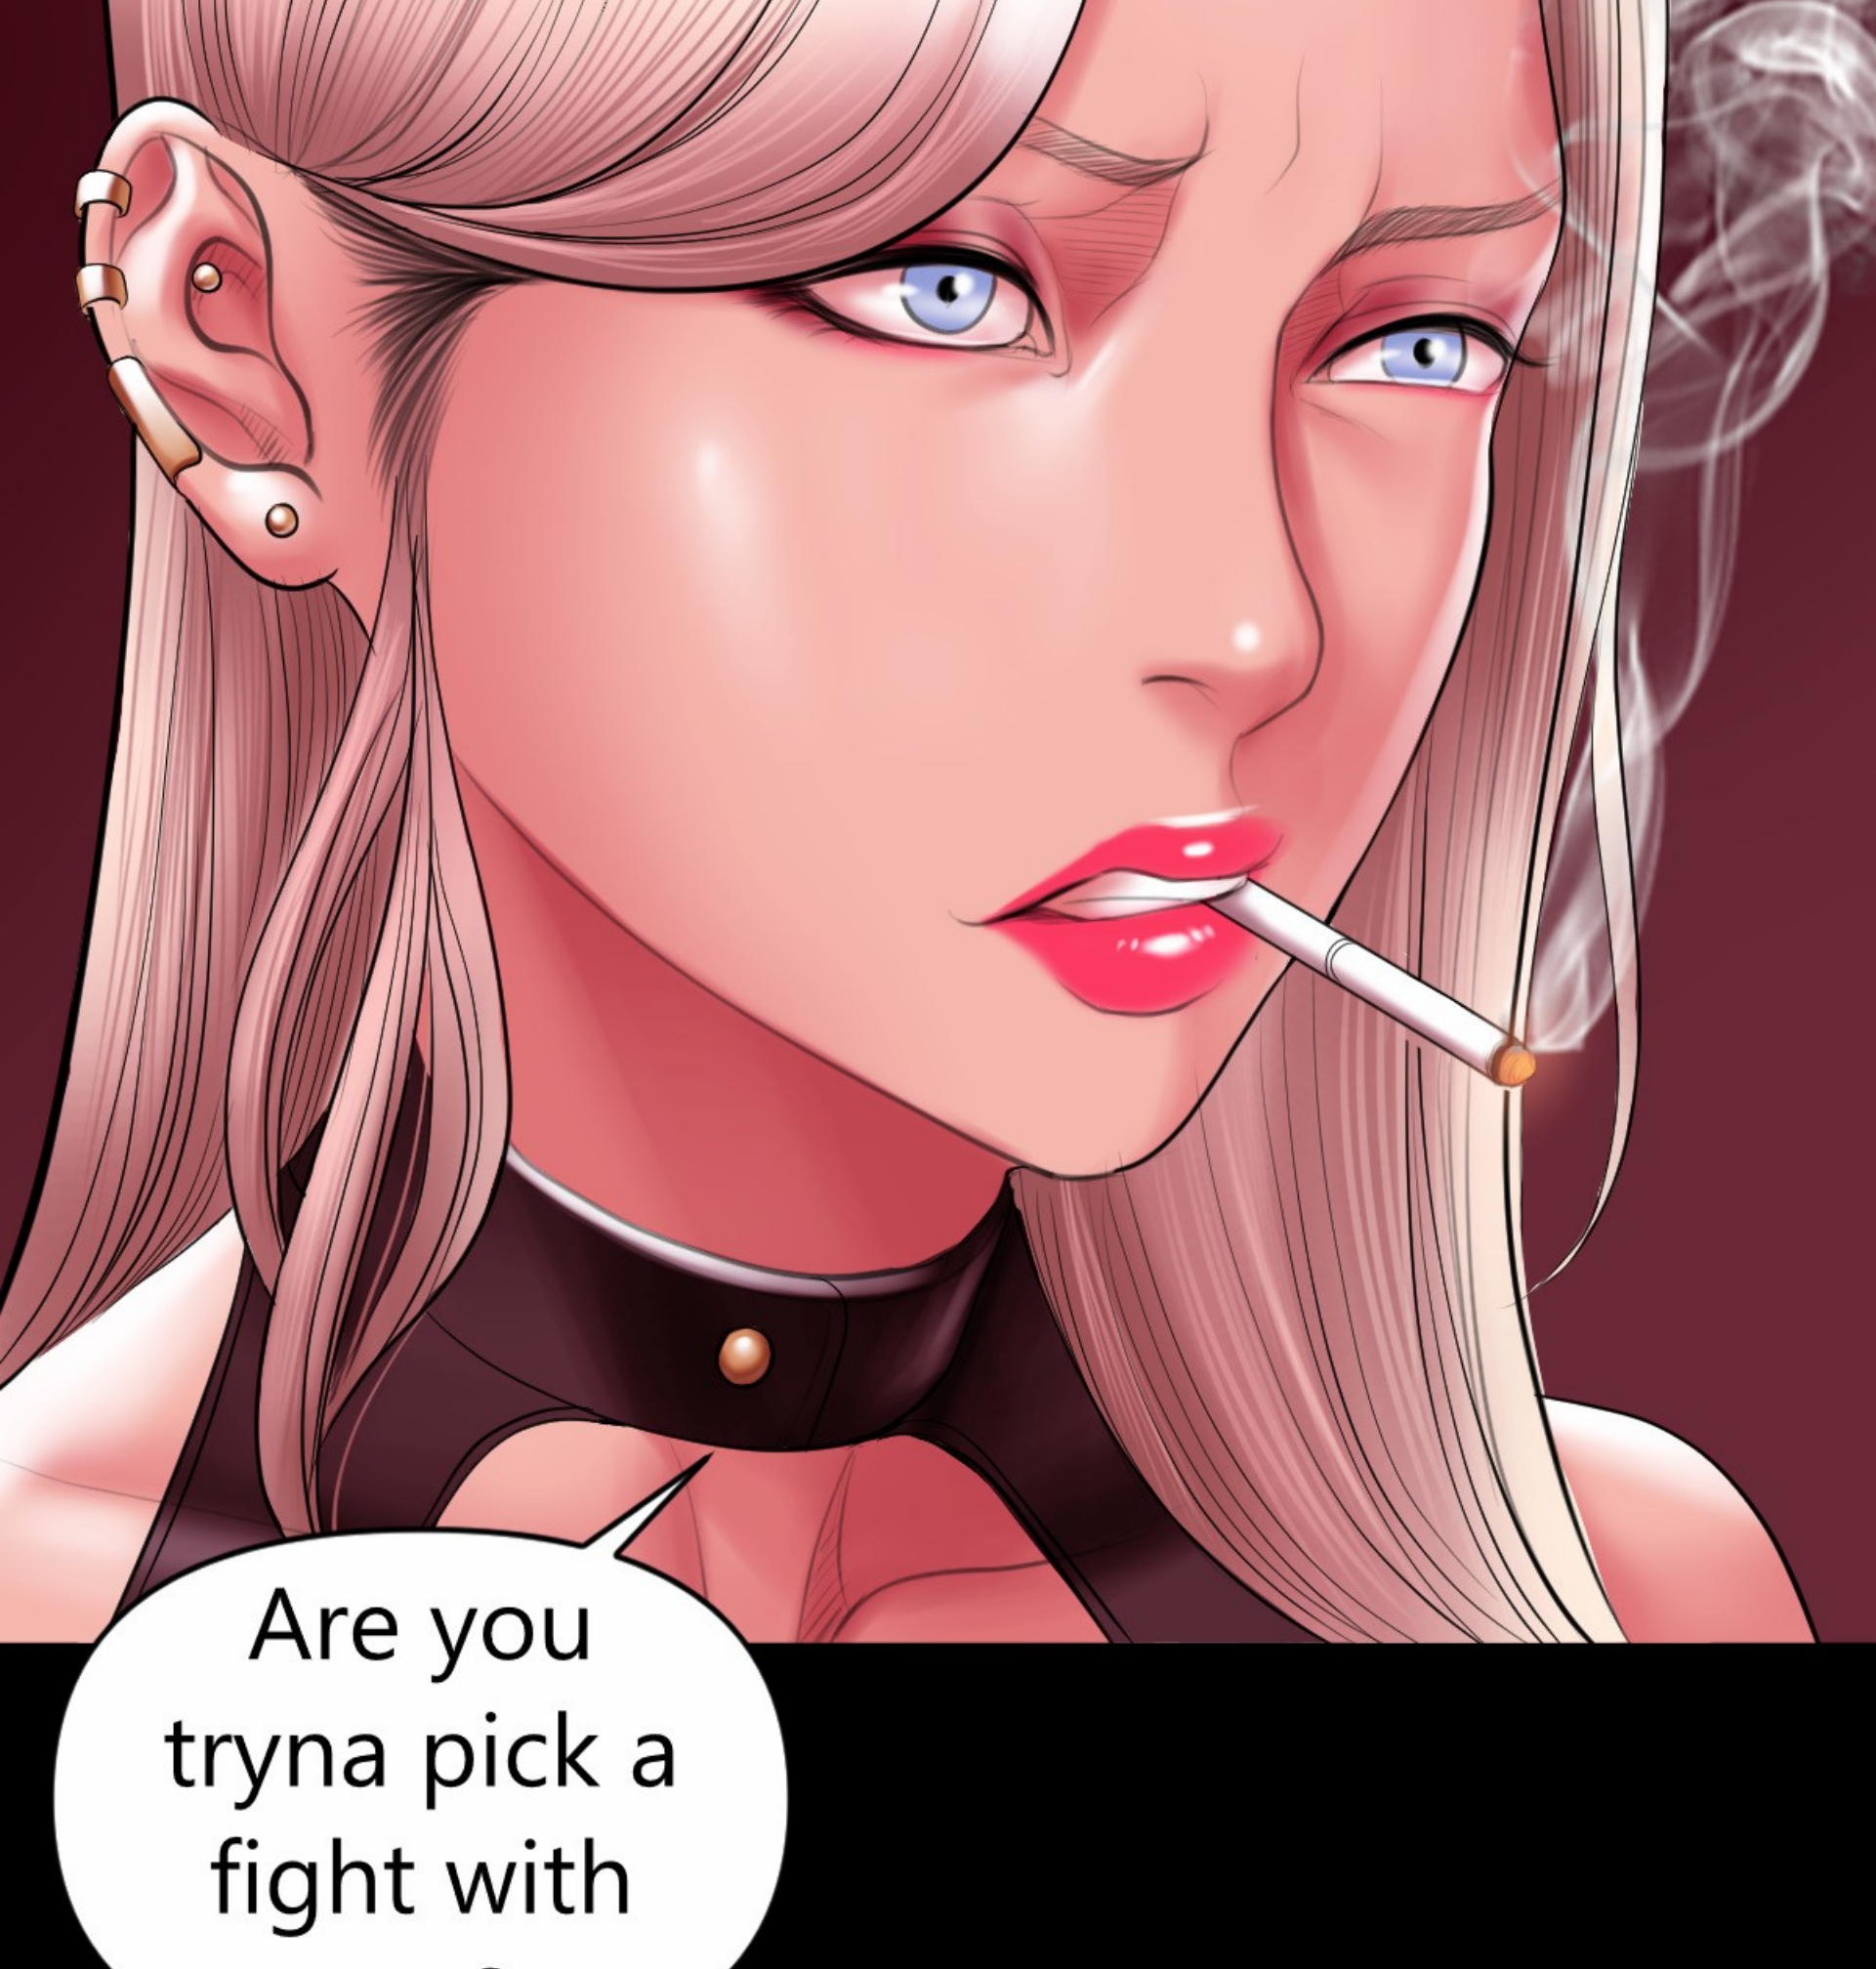

I thought I was prepared, but seeing you in person is worse than I thought.

Are you tryna pick a fight with me?

If you're gonna nag me, get out.

I'm busy.

CLENCH

Get changed and come outside, we need to talk.

Are you involved with a man named Alex?

E. P Neuroscience Research Institute

Wow...

I just told
you to bring
her here,

I didn't tell
you to knock
her out.

Are you trying to get yourself fired?

Please... It was my only way to get her here.

My old friend, Mei.

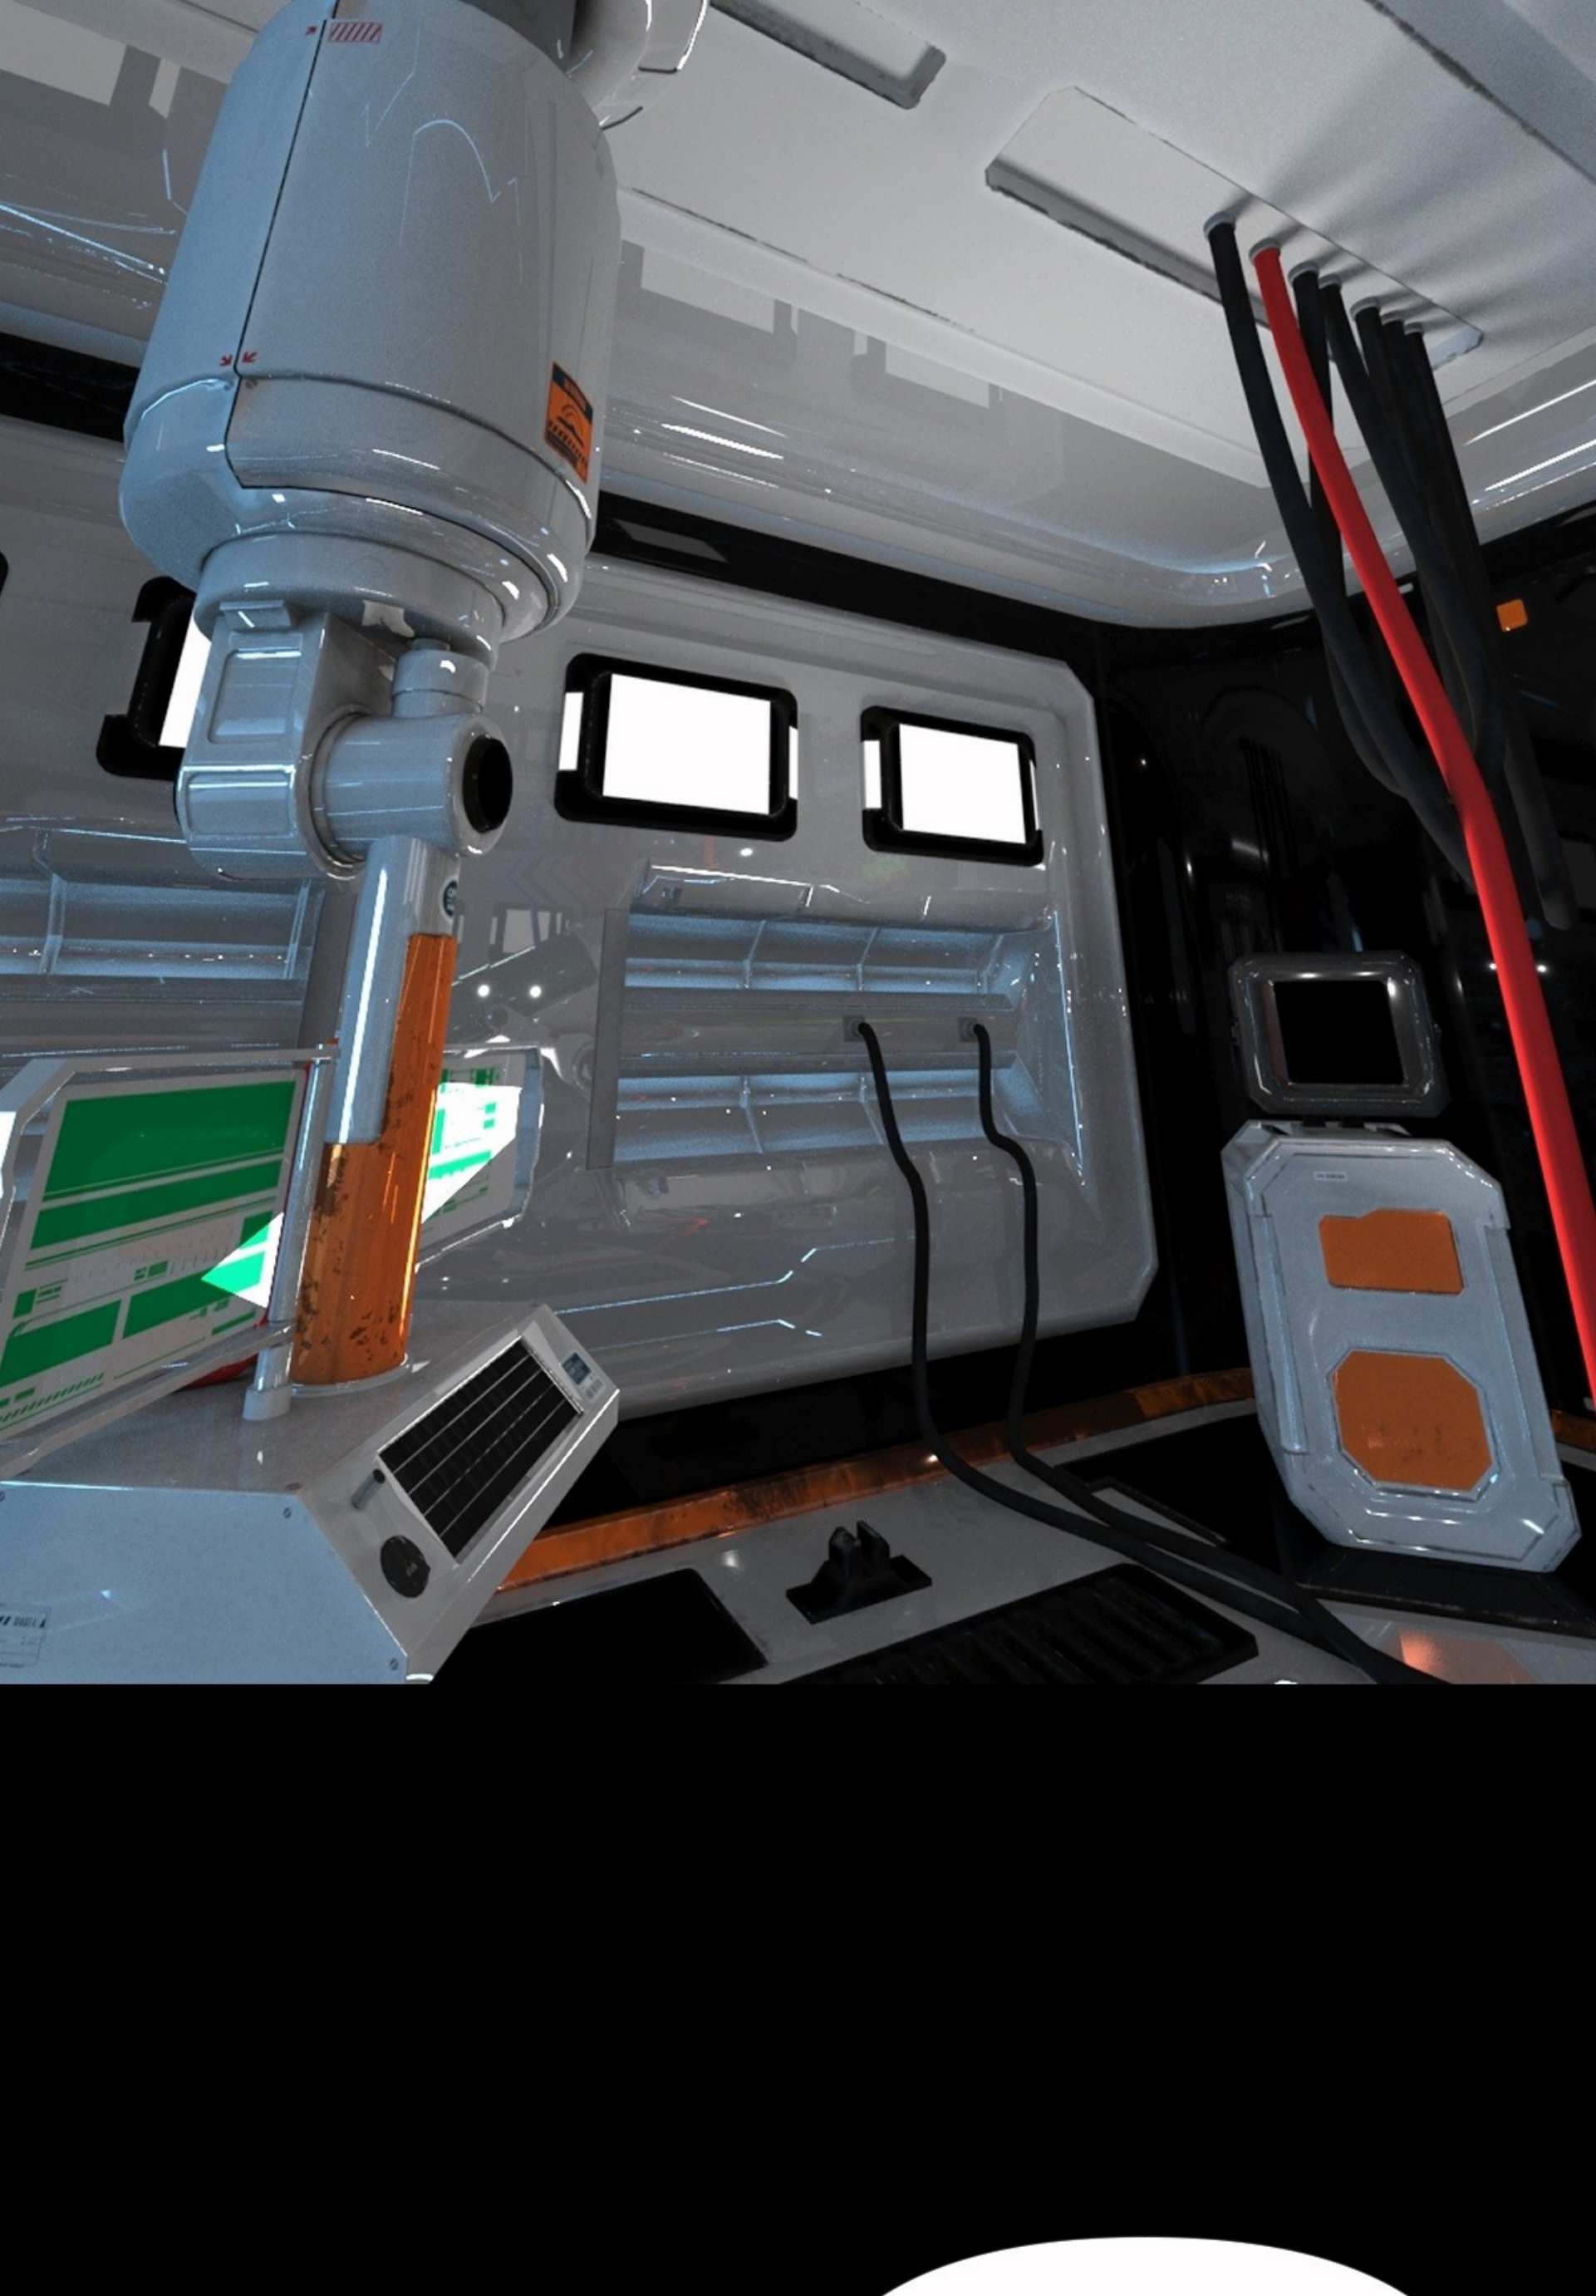

Hmm... This is going to be a problem later...

She's an accomplished neuroscientist and has rescued many victims of drug crimes.

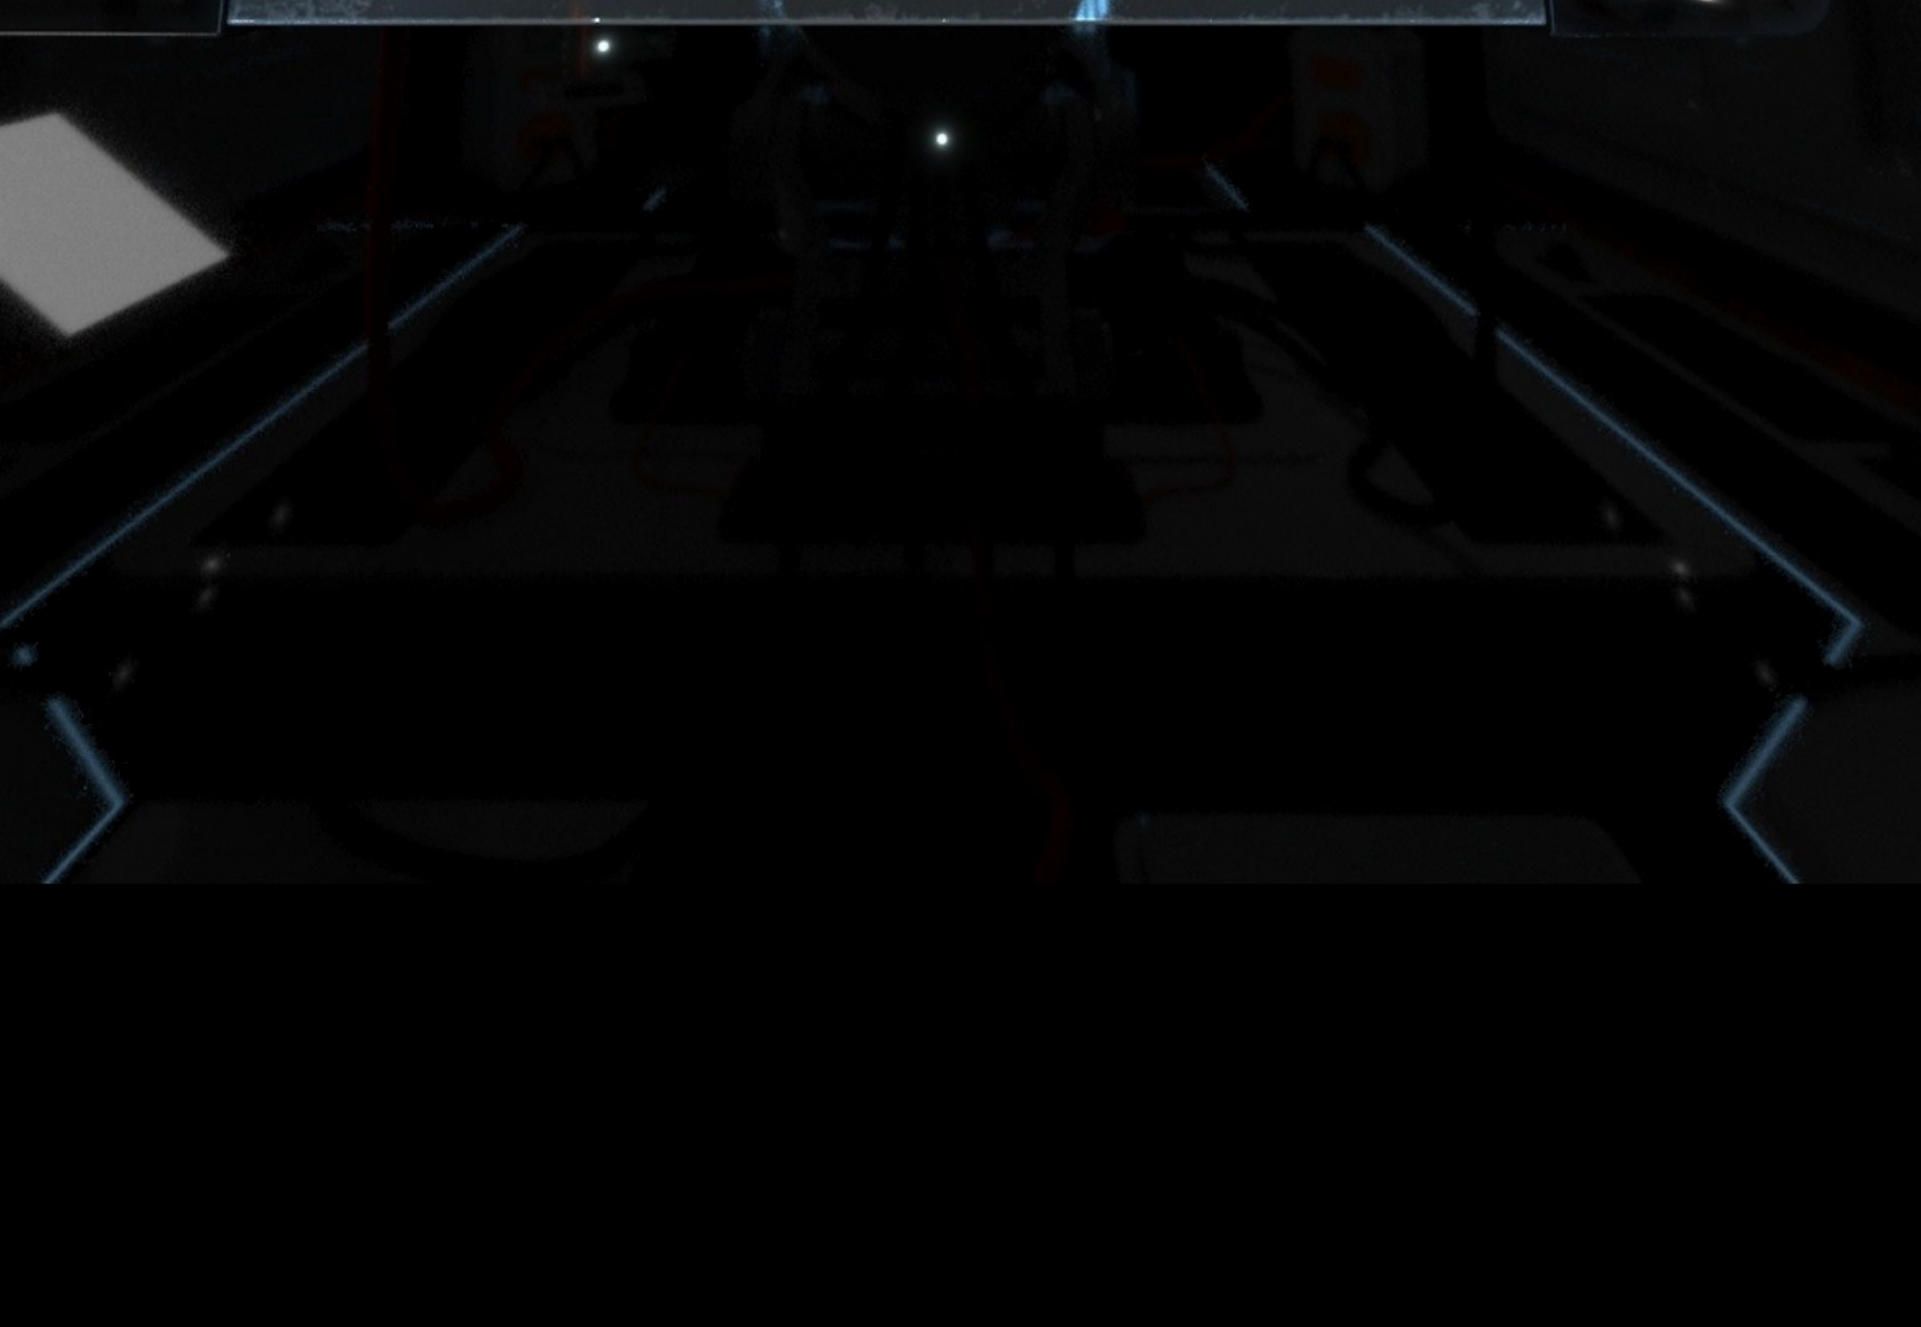

But whatever... Just come in.

Mei was the only one I could rely on after my illegal methods, and she was my only hope of fixing Mia.

Hmm...

What is it?
Did you find something?

.....

As you'd expect,
nothing is being
detected in her
body.

But...

There are small
signs of artificial
manipulation of
her brain.

It's possible
someone put a
fake personality
in her.

Fake personality?!
I can't believe it's
possible!

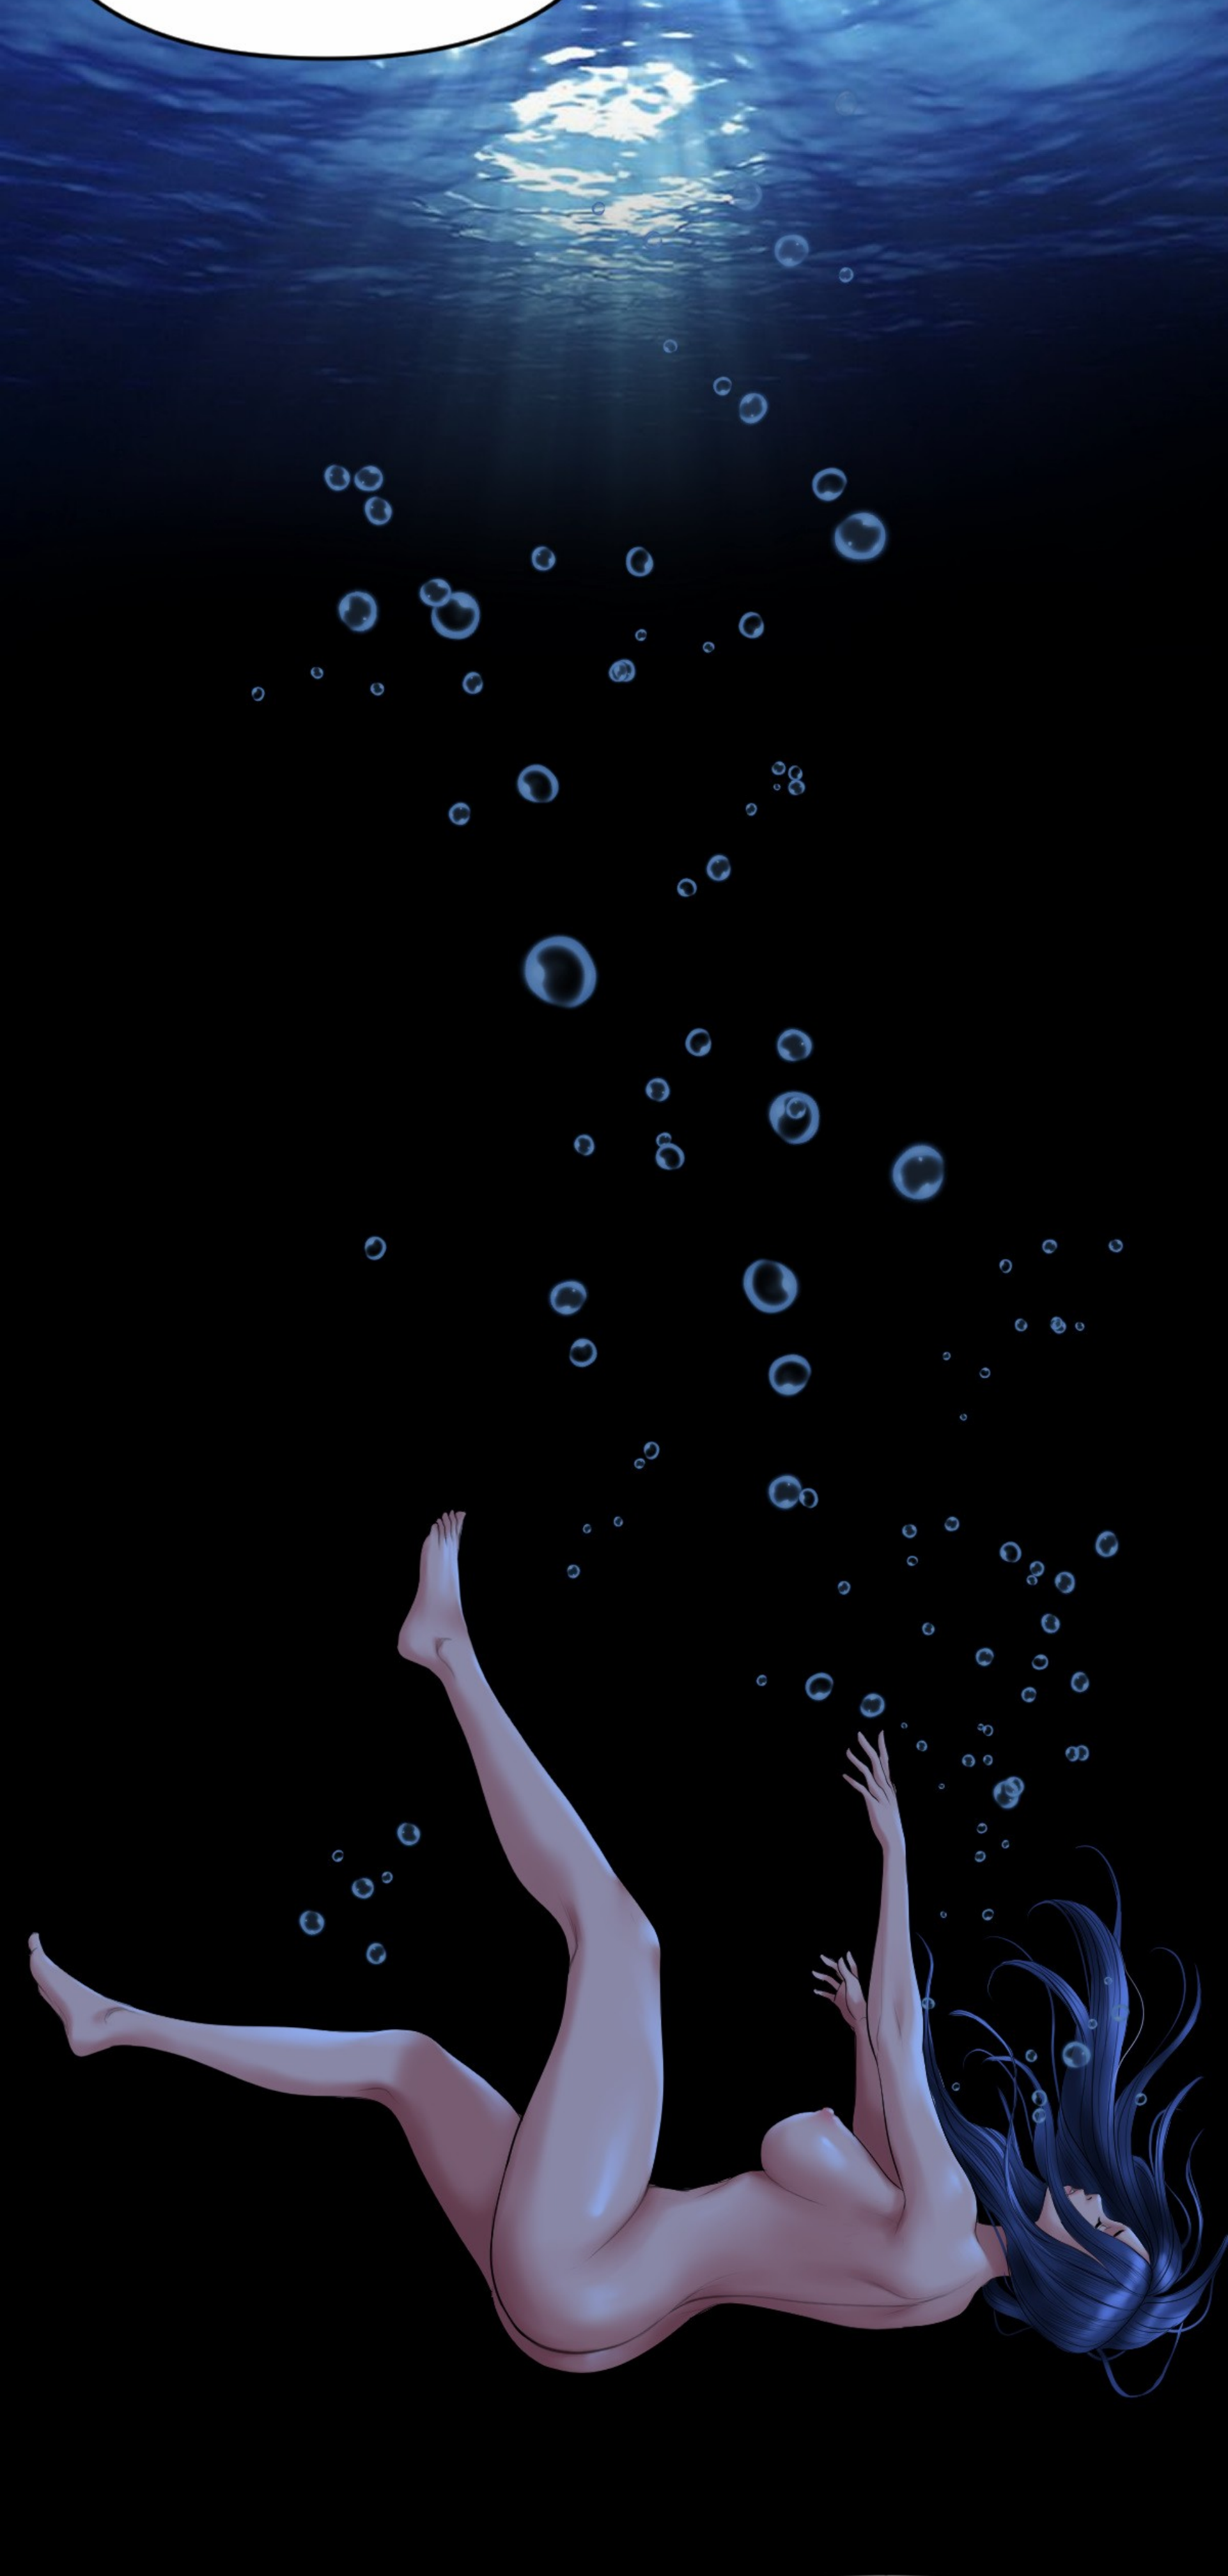

Is there anything
we can do to
help her?

Don't
worry.

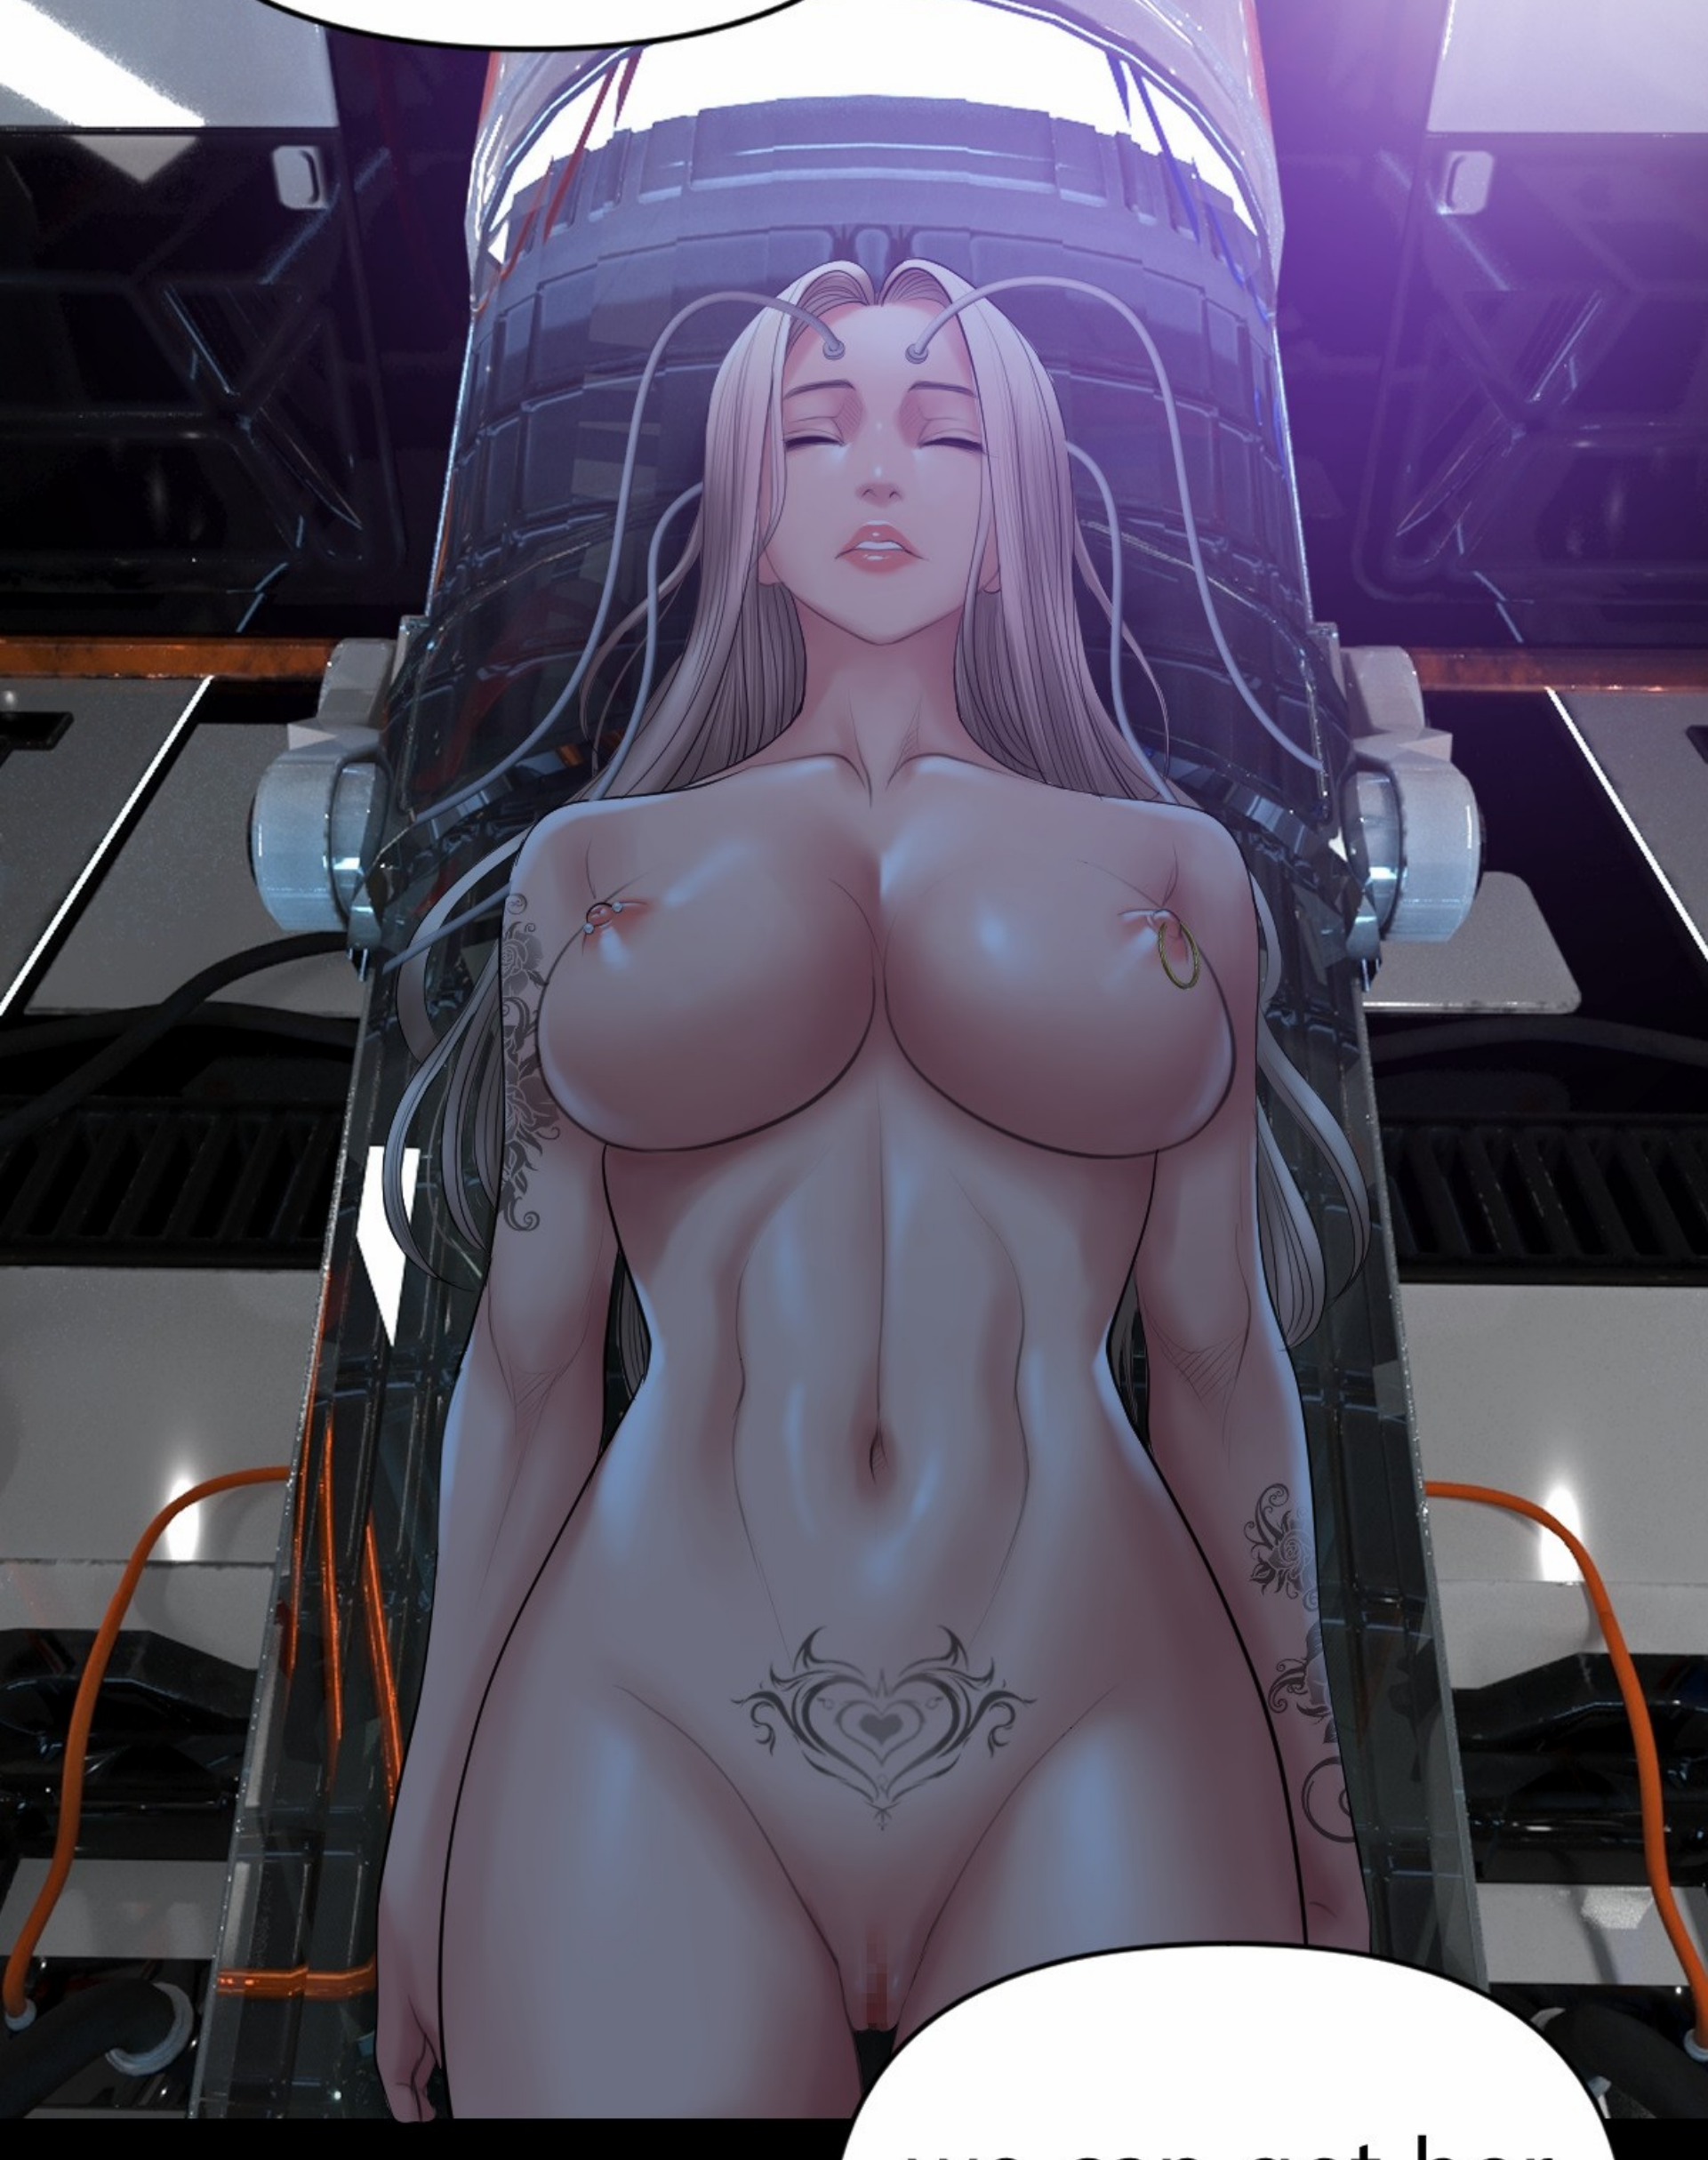

It looks like her
old self hasn't
completely
disappeared.

At first glance, it appears to be assimiated into the fake personality.

But it's really drowning deep beneath the surface.

If we can reactivate her dormant neurons with deep brain stimulation,

we can get her back to her old self.

.....

*You're more
of a...*

*Heinous and
lustful bitch...*

*Than you
think.*

*The only thing
that can satisfy
me is your
cock.*

Hawmm♡

Then I'll
use this
pussy...

to satisfy
your sexual
appetite♡

N...NO!
Stay away from me!

How do you like her darling? Isn't she adorable?

Hehe!
You're such an evil bitch, how many women are you going to corrupt?

NO!

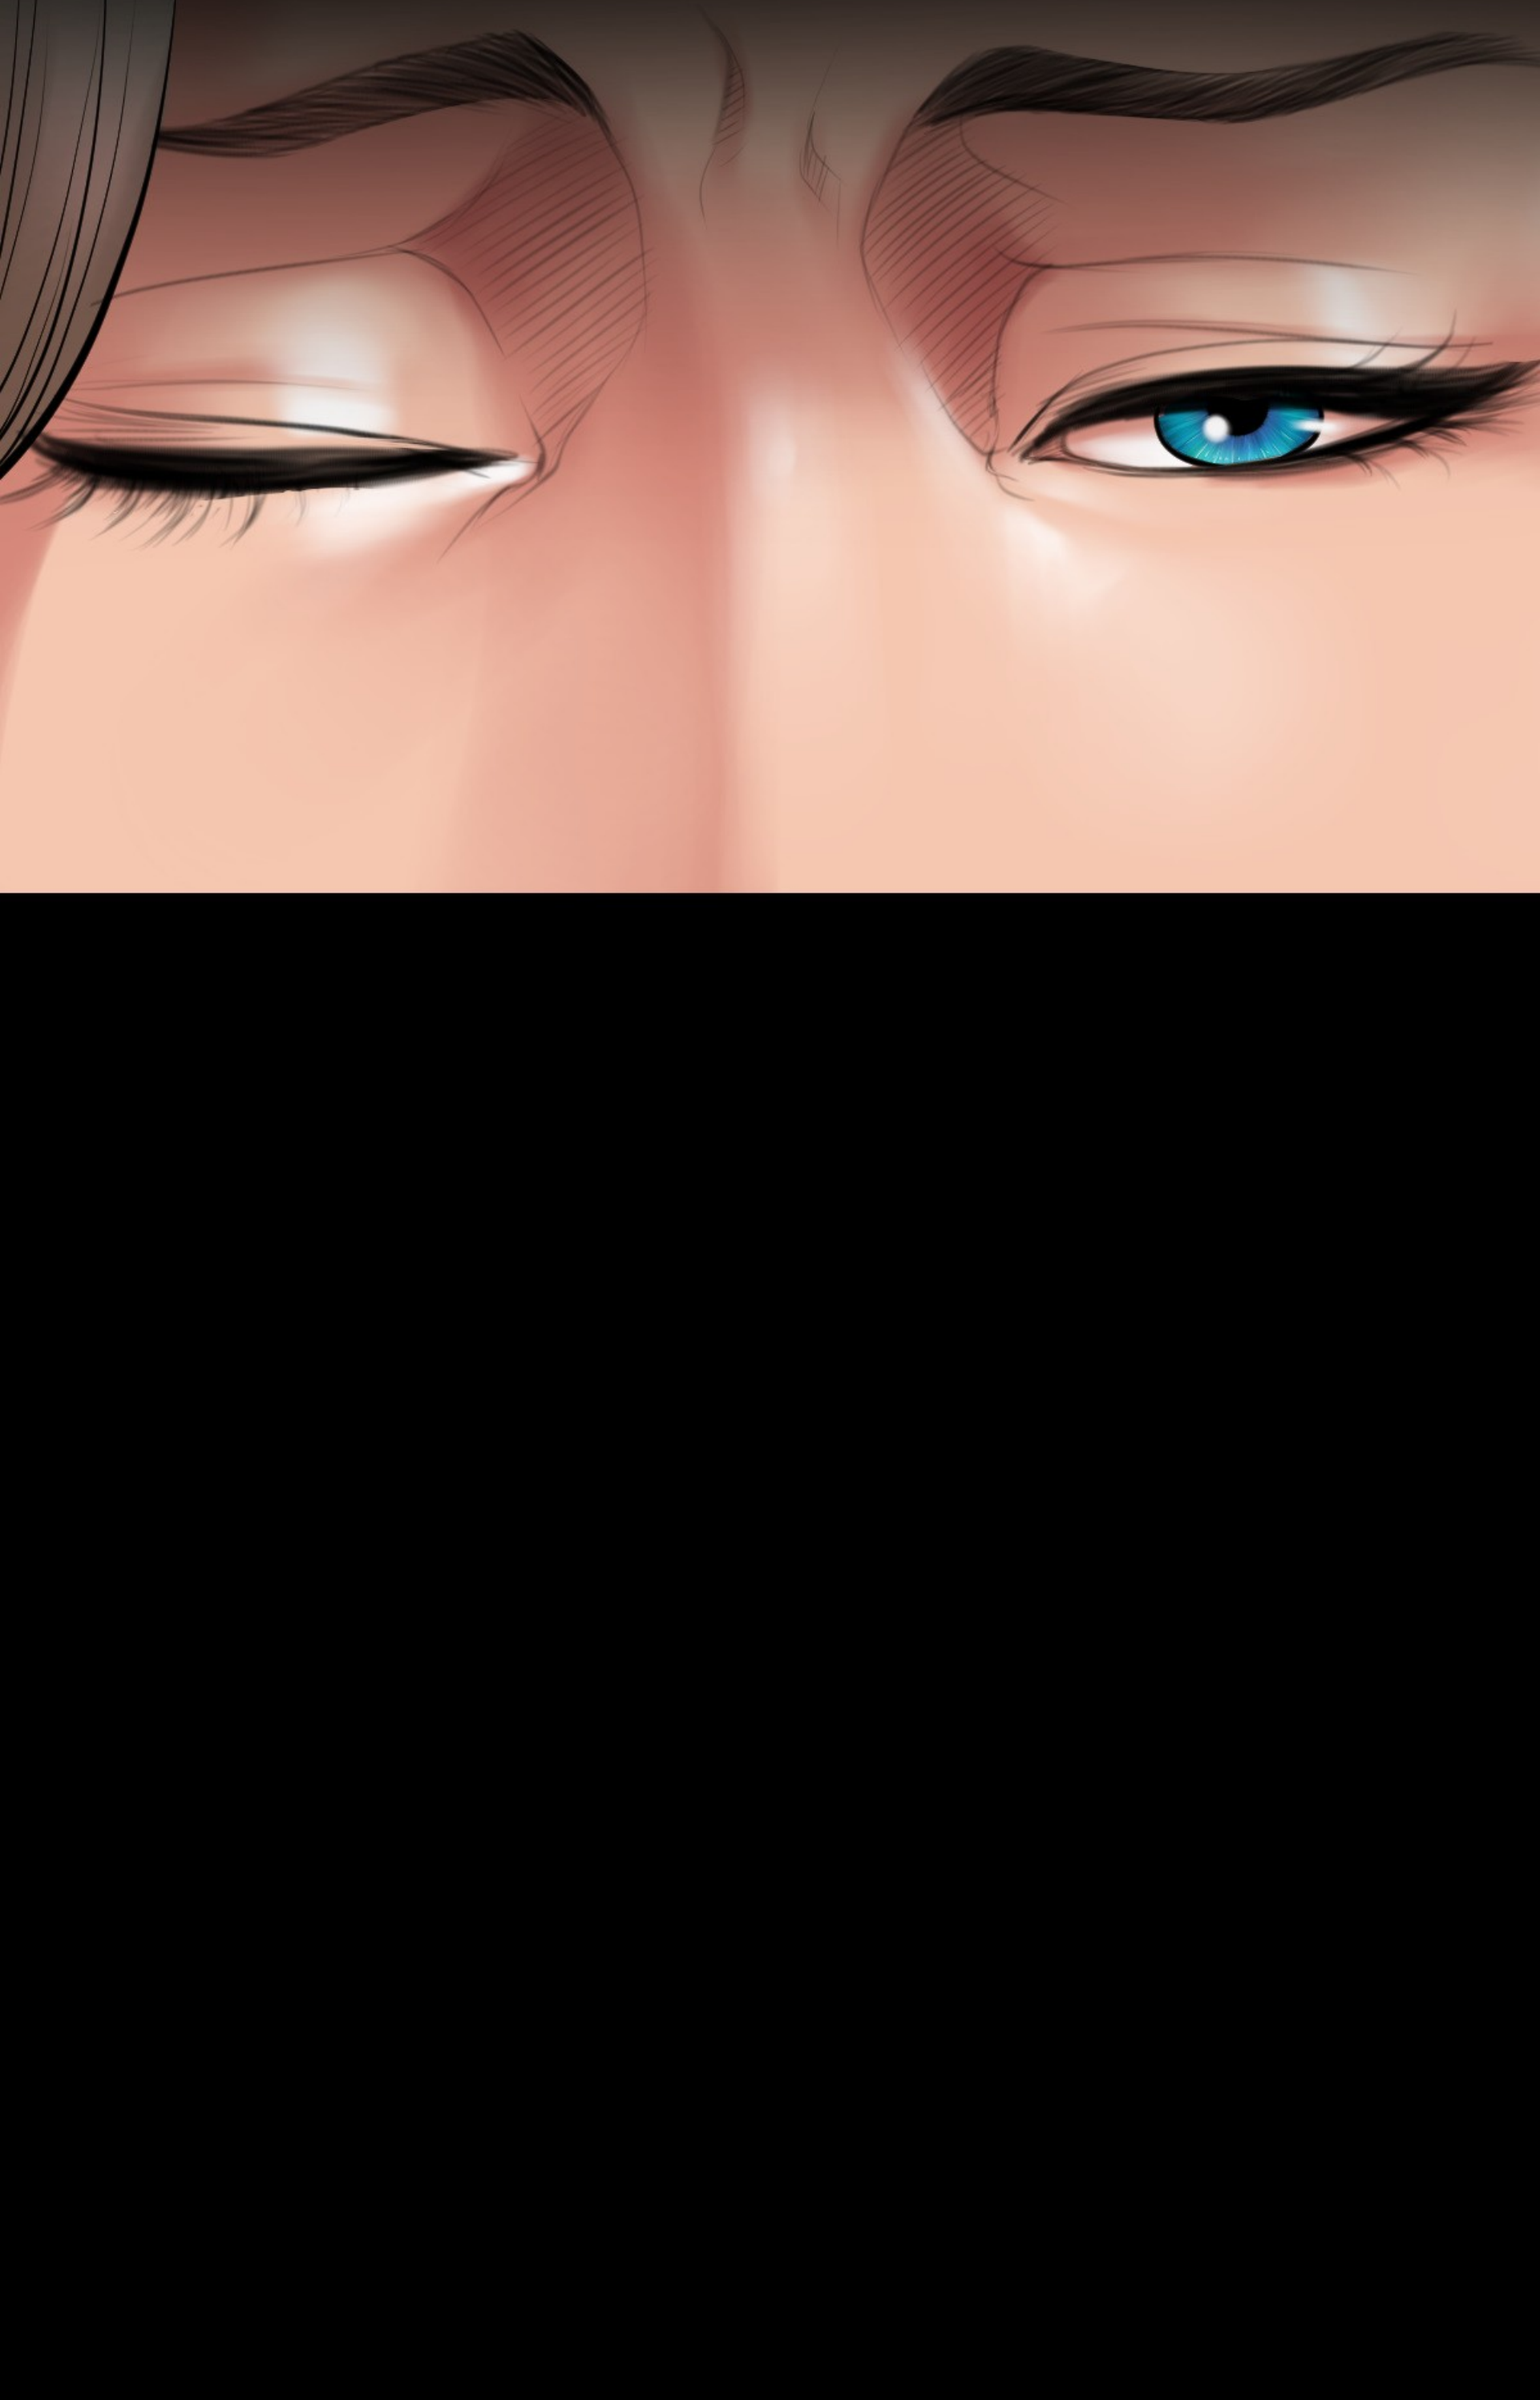

That's not who you are!

So it was...

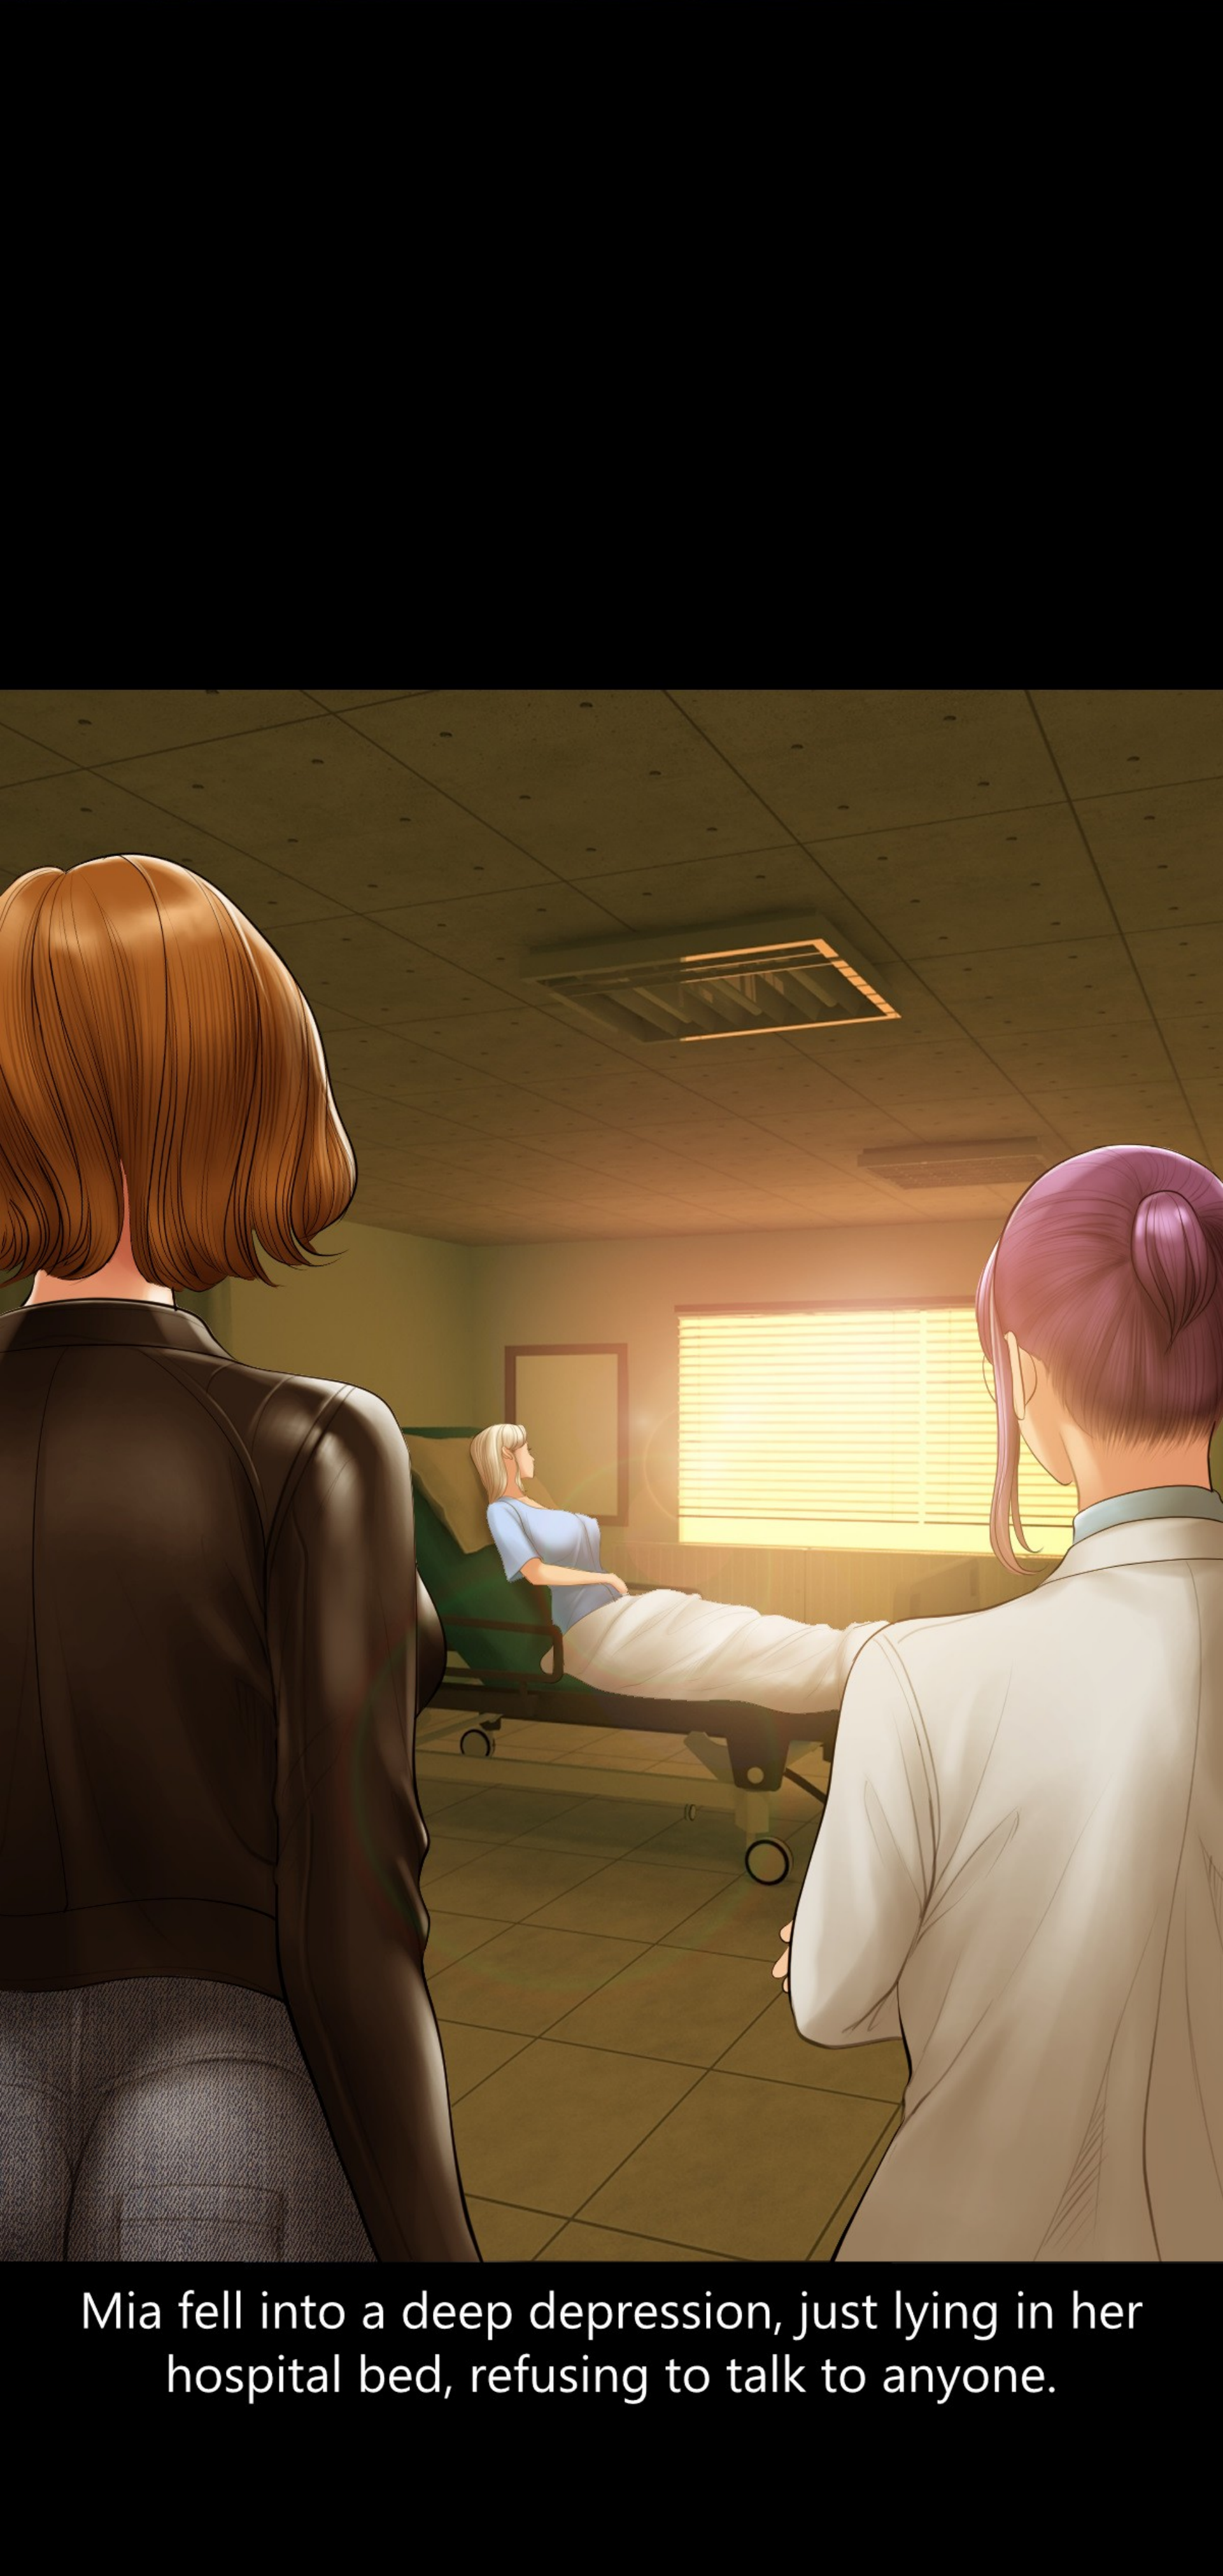

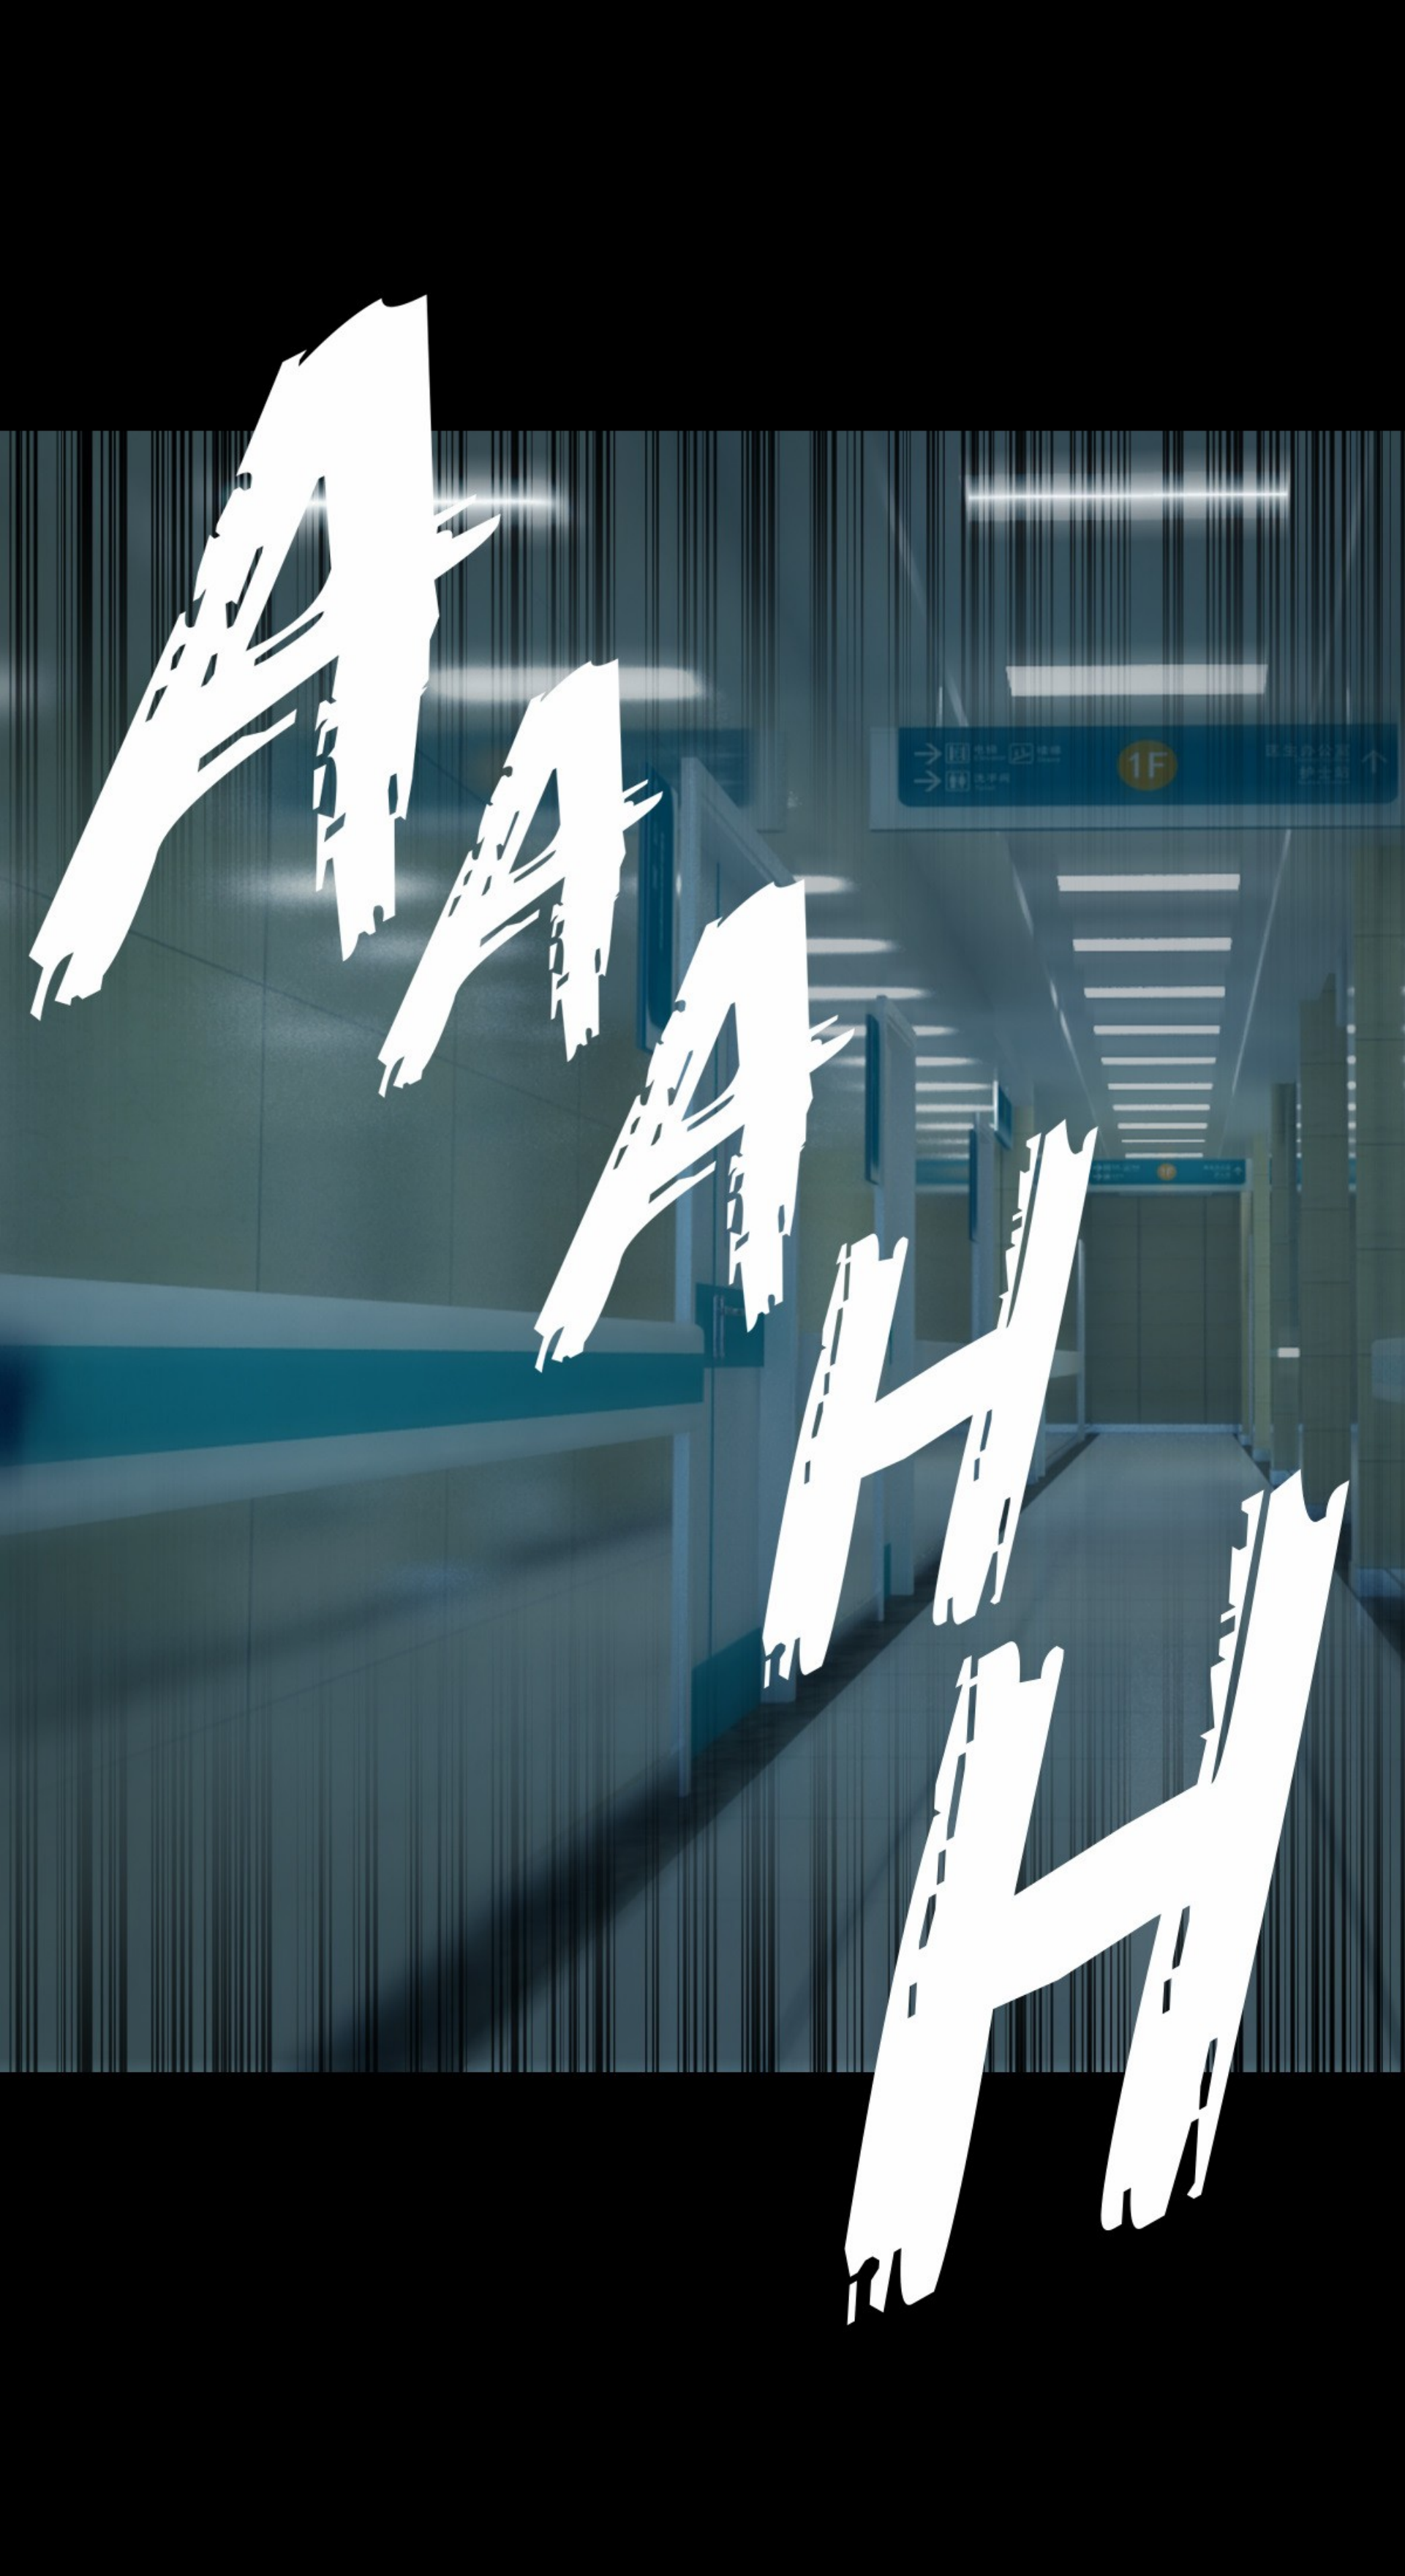

...all real?

NO!!!
HOW COULD
THIS HAPPEN
TO ME!

IT'S
IMPOSSIBLE!

Mia fell into a deep depression, just lying in her hospital bed, refusing to talk to anyone.

Maybe we should have someone keep an eye on her?

She hasn't eaten for days, it's like she's given up on life.

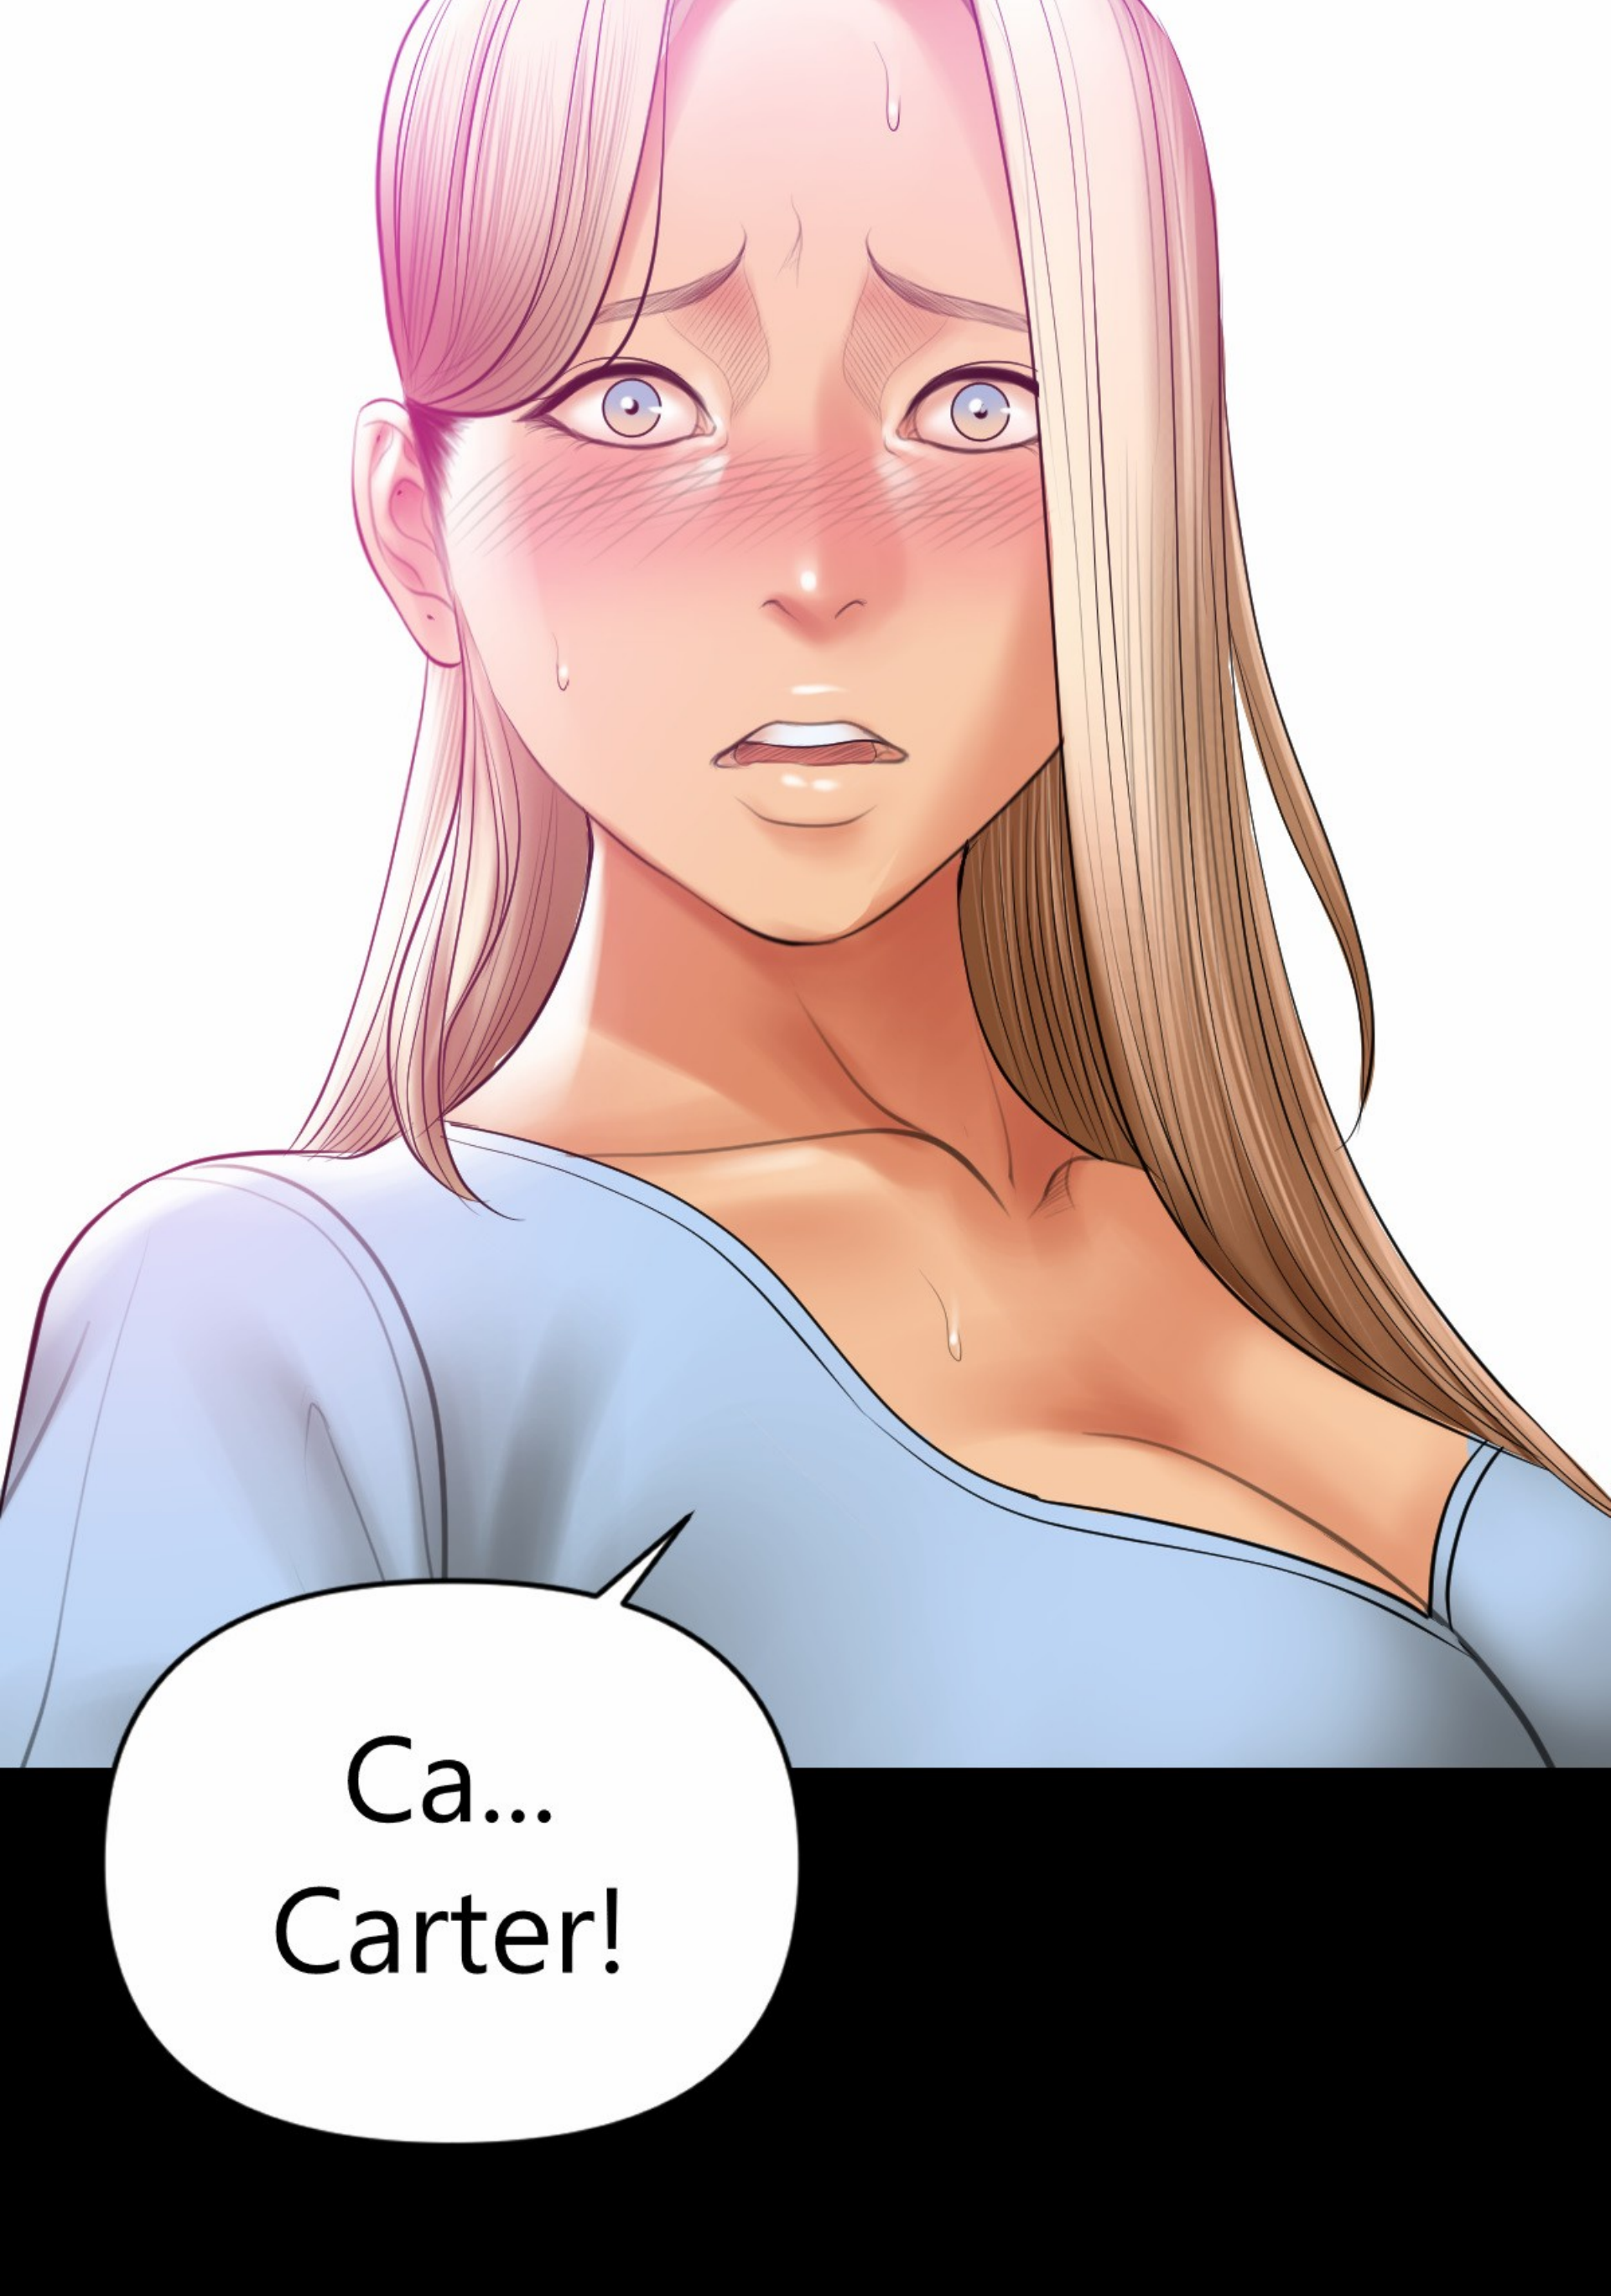

She's gonna need more time...

Until he showed up.

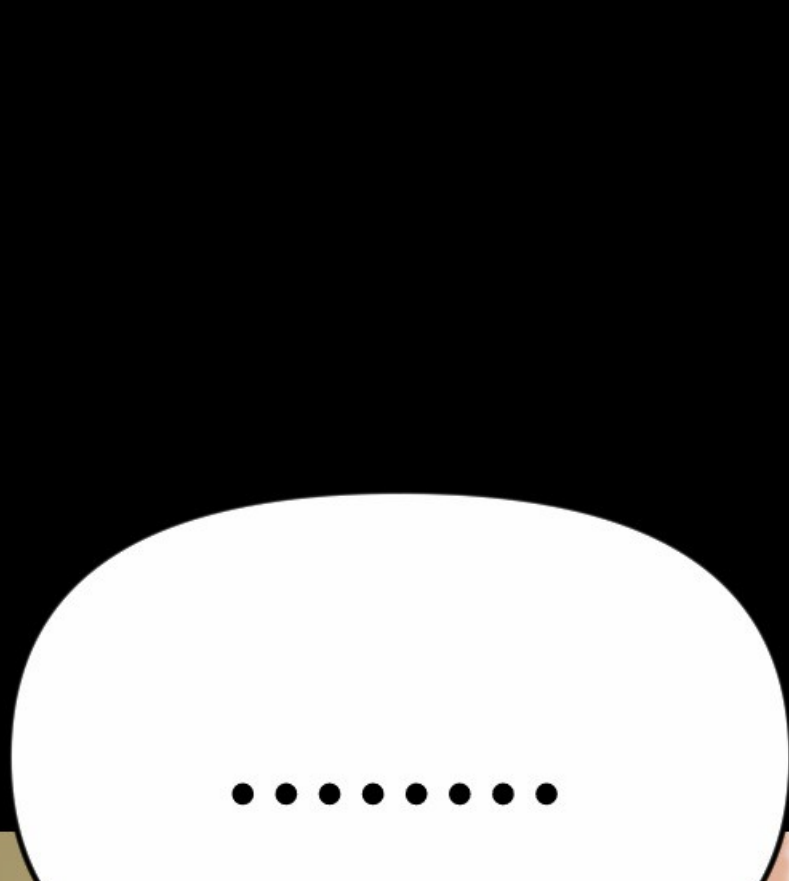

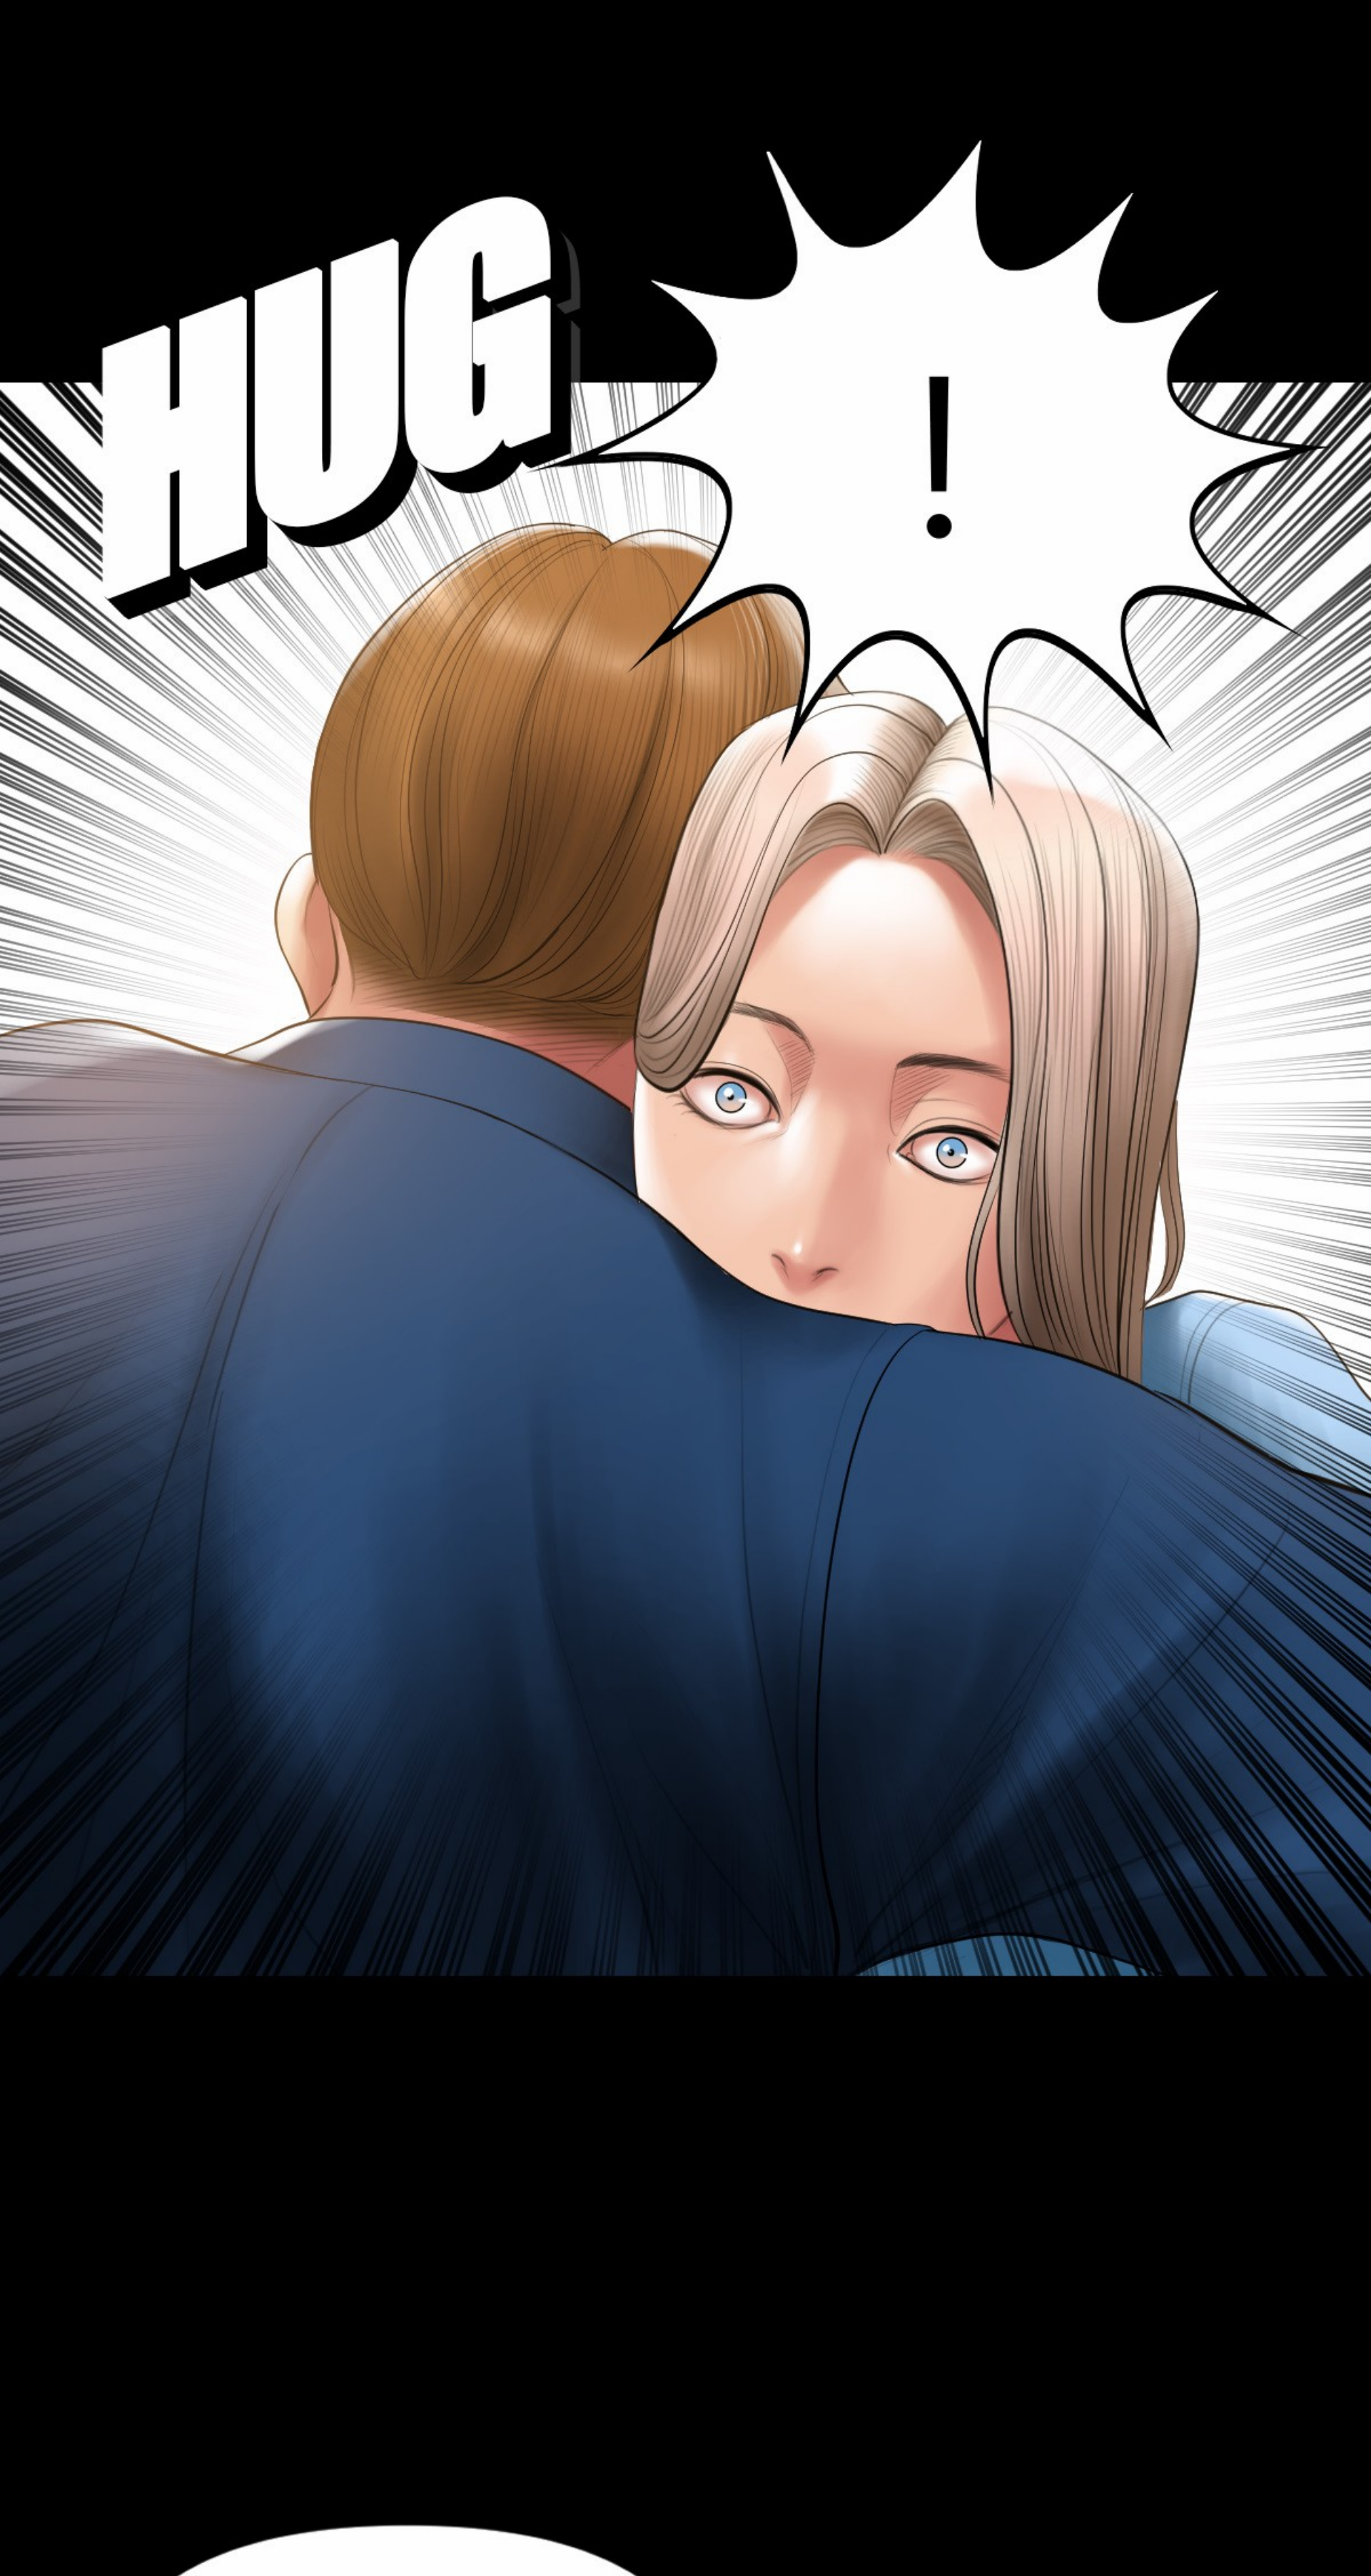

Mia...

!

Ca... Carter!

.....

What are you spacing out for?

I asked you how you got Mia's testimony.

!

Umm...
It's kind of hard to explain.

I'll lose my job if I tell her everything I did.

Speaking of Mia, I heard Rin wants to talk with her?

Is she willing to confess if we let them meet?

Yes, she wants to prove her innocence with a cross-examination.

Contrary to Mia's statement, she's claiming she never brainwashed any women.

According to her, she was just the club manager,

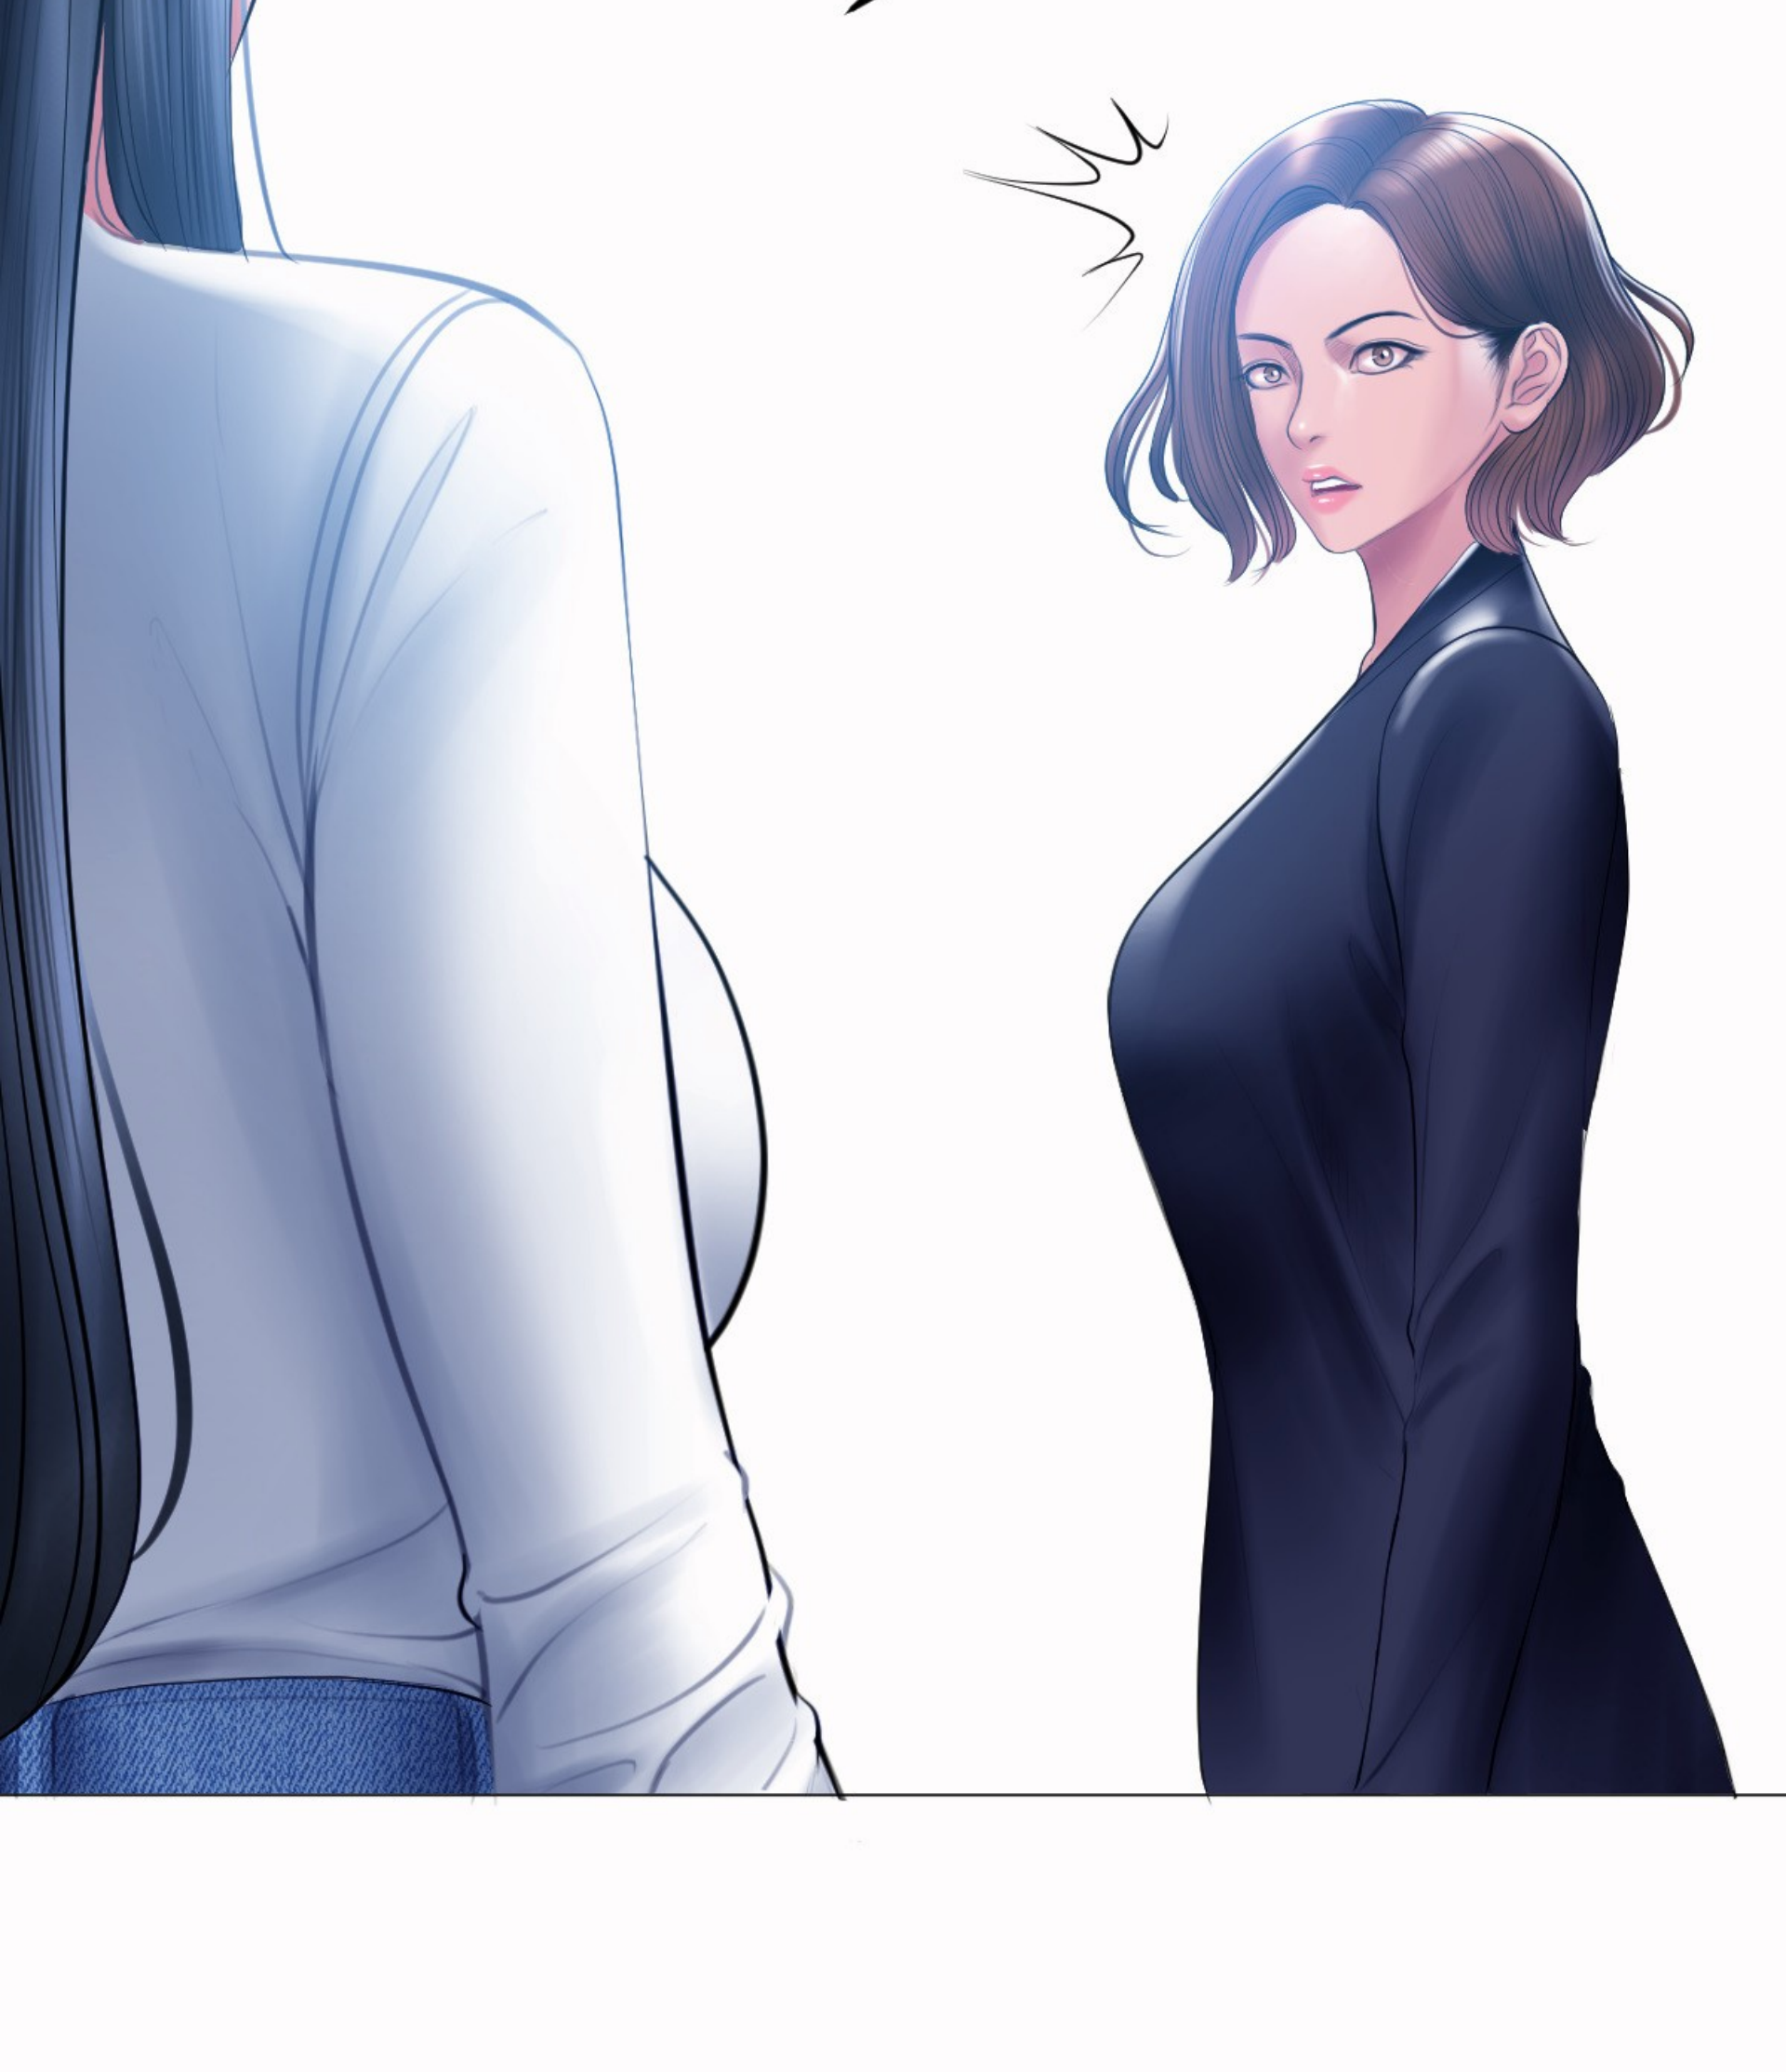

and Mia was the true mastermind behind all these crimes.

What?! I didn't expect her to be that shameless!

There's no way we can play her game right now! Mia is still recovering and needs rest.

I can do it.

M...

Mia!
