

4 months ago, the Smalls were holding a presentation for 5 wealthy and influential individuals.

Thanks to the nematocysts we found on subject 001 we were able to use cloning to produce a new serum. However it is barely enough serum for one dose, which is why we need your funding.

That's not to say the Alpha Serum doesn't work.

## "Something In The Water - Origins"

By ZZZ  
aka thatbumzzz

A man and a woman are standing on a wooden stage. The man is on the left, wearing a light blue shirt, a patterned tie, and dark trousers. He is gesturing with his right hand. The woman is on the right, wearing a dark blue dress and high heels. They are standing in front of a wooden table. On the table is a wooden box containing various bottles and containers. To the left of the man is a wooden A-frame structure. The background is a dark red wall.

In fact we have our subject here tonight with the results of the Alpha Serum.

She was 18 and extremely short and scrawny when Stephen first met her, but now...

3 weeks before the presentation, Jas was just an ordinary yet short and skinny woman. At 4'10" and 80 lbs she hated her body.

Jas often visited her best friend Nikki after getting off of work at the Diner.

Ah haven't laughed this hard since before my sis Sarah disappeared. Ah bet you could cheer up my other sis, Rebecca, too.

Seriously, who does Tony think he's fooling naming the place Knockers and giving you girls those outfits. The only knock is that it's a knock off of... Hey is that guy over there staring at us?

I reckon he's checking you out more than me sugah.

Oh please, you think he'd be looking at me when a goddess like you is standing next to me?

A tad busty? Your sexy boobs are as big as my head and you're 6' tall!

Aw come on Jas I'm not a goddess, Ah'm just a little tall and a tad busty!

Ok maybe Ah'm a bit tall and busty but that fella is checkin ya out. Git over there and talk to him!

What were you two gorgeous creatures talkin about over there?

We were debating which one of us you had your eyes on, obviously Nikki right? And nice tie color!

Your friend is a beauty but you are the one who really caught my eye.

I could see you potentially overshadowing your friend with your beauty.

Me, overshadow Nikki?  
Are you kidding me?

Stephen proceeded to tell Jas about his and his wife's research and how they desperately needed someone to try their new but experimental growth formula.

Jas didn't have to even think twice. She'd do anything to gain even an inch or two of height, and never thought of having muscles like the serum was supposed to give, but she loved the idea as far fetched as it sounded.

After two weeks of taking the serum every morning, Jas was at 5' tall and 90 lbs. Her height growth had her elated but how fast her body was filling out was just as exciting to her.

Jas was very surprised when Stephen's wife, Jane dropped by that evening. Jas found Stephen very attractive but she was equally attracted to Jane.

Hiya Mrs. Small umm welcome to my humble abode!

Thanks for the welcome Jas, cute place you have here.

Stephen was right, she is very cute and perfect for the serum.

FOUND

Jas we have a presentation coming  
in a few days and I want to up  
your serum dose to twice a day if  
you don't mind. Just don't  
tell Stephen.

Oh wow I don't mind at all!

I want it to be a  
surprise for him.

With twice the dosage I might be  
5'2" by the weekend, and maybe  
have some boobs and muscle finally!

Jas we really want to impress the  
investors at the presentation this  
weekend. If they fund us we could mass  
produce the formula, helping short women  
like us all over the world.

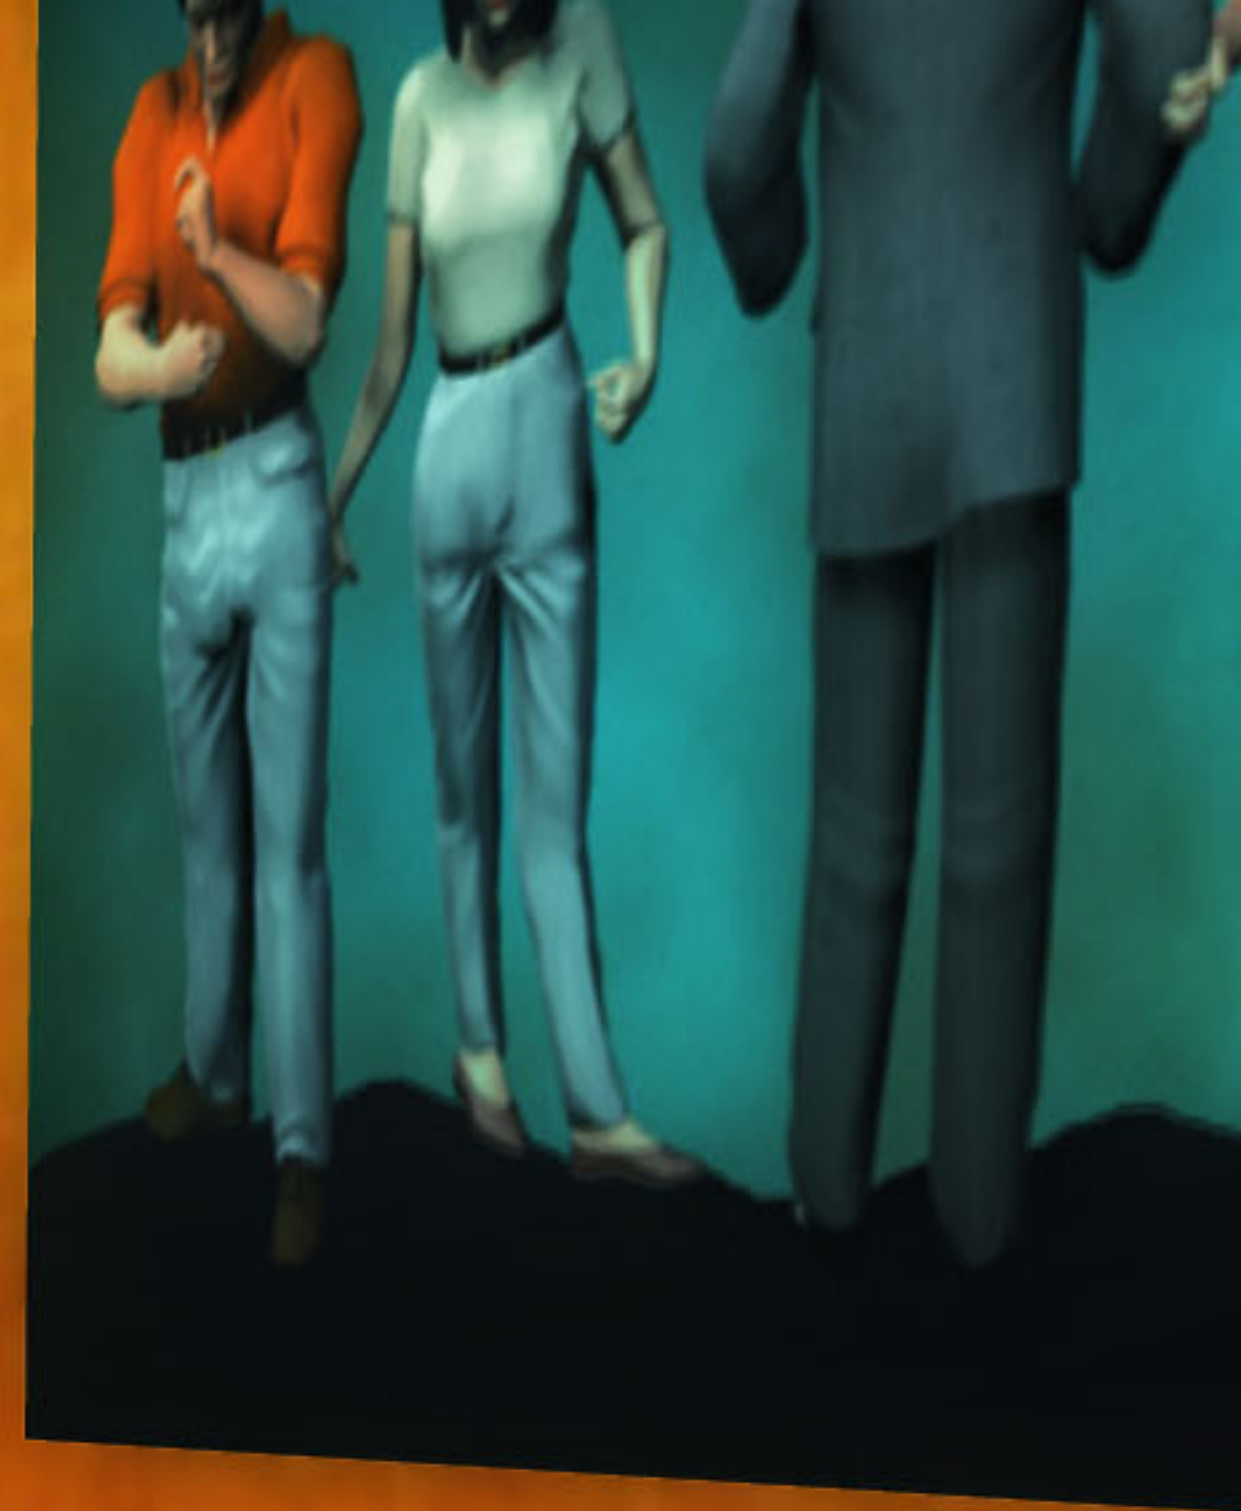

Ideally you will be almost  
as tall as me with twice the  
dose by sunday.

Jas I want to also ask if you find me attractive.  
Stephen and I don't mind having other partners,  
or sharing them, and sexual stimulation might enhance  
the serums results. And please, call me Jane.

Hell yeah I think you are sexy  
Mrs. Sma..err Jane.

Jane didn't waste any time. That was all she needed to hear to plant a kiss on Jas, and Jas really enjoyed it. Jane wasn't done there though...

Soon after Jane had pulled off Jas' clothes and her own, Jas proceeded to pull out the fold out bed. It was a small bed, small but big enough for the two short women. After a few minutes Jane took the intimacy to the next level...

Again Jas didn't complain. She had never been with a woman like Jane, so aggressive yet sexy, and 5 inches taller than herself.

A 3D rendered scene showing two women in an intimate embrace on a bed. The woman on top, Jane, has dark hair and is nude, leaning over the other woman. The woman on the bottom, Jas, has purple hair and is also nude, looking up at Jane. They are lying on a bed with a light blue floral patterned sheet. The background shows a wooden floor and a purple headboard.

The one thing she did find odd was the taste of Janes sex - it was a bit sweet and oddly enough similar to the serum. Jas figured it was just the left over sweet flavor the serum always left in her mouth.

Jas was very surprised when Stephen dropped by later that night. He also wanted to up the dosage for the same reasons as Jane.

Yeah no problem Stephen!  
And thank you, you look  
very nice this evening  
too.

Just don't tell Jane Ok?  
By the way you are looking  
amazing. And here I thought  
you were already exquisite.

After thinking about what Jane had said and seeing how Stephen was flirting, Jas decided to flirt back.

Is that a science experiment in your pocket or are you just happy to see me Stephen?

Mmm Hmmm!

Funny you put it that way, seems like you want to see for yourself?

After pulling out the bed for a second time and undressing, Jas was very shocked by what she saw. She had been with other men before, but none were as endowed as Stephen, not even close.

As you can see the growth serum you take isn't the only one we created. Unfortunately this was the only positive effect we could get on males.

Wow! Stephen you'd put a horse to shame!

They both knew there was no way Stephen would fit inside Jas, but she still wanted to have some fun. Once again there was that sweet taste of the serum, again Jas simply assumed it was an after taste of having taken the serum.

When Jane awoke the next morning she didn't notice the much tighter bra and panties at first..

Yaaaawn!

It only hit her after she saw the line on the wall that usually came up to her head was now at her eye level. Also, two clasps on her bra had come undone.

I must be about 5'2"!  
This is incredible! And I have boobs!  
Boobs that barely fit my bra! Speaking  
of, this bra is killing me  
it's so tight now.

Just then there came  
a knock at the door...

Hiya Jane! I wasn't expecting you. I'm just struggling with this now tiny bra.

Incredible, you really did fill out quite a bit since yesterday. I just dropped by to give you more serum, but let me help you with your bra.

Wow, this bra really  
is much too small for  
you now.

I really shouldn't give her  
any more sexual stimulation,  
or the serum accellerant in my system,  
but she is just looking so sexy,  
hard to think of anything else.

I don't think it will fit  
anymore!

Jane just couldn't resist,  
and Jas was more than happy  
to oblige.

Jas once again found herself giving oral to Jane, and could once more taste the serum, but Jas didn't care, she was thoroughly enjoying herself. The only negative was that Jane didn't return the oral favor once again.

Later that day Jas decided to visit her favorite university professor whom she was friends with and had a major crush on.

Hiya Chris! How are your Spanish students this semester?

Buenas tardes Jasmine!  
What a pleasant surprise to see you.

Is she taller than before summer? She's definitely put on some weight in all the right places...

If you want me to call you Chris, then you have to call me Jas, ok? I was wondering if you'd like to grab a bite to eat with me?

Jas, while it'd be great to catch up with you, I don't want to slip up like last time. It could have cost me my job.

But it was just a kiss, and I'm not your student anymore. Plus I've grown up quite a bit since last year and I'm 18 now.

I'm sorry Jas but I don't want to take any chances. Besides someone might recognize you as my student from miles away because of your hair dye color, height and slim build.

She is looking really great and I love conversing with her. If she had grown any more over summer break I wouldn't be able to resist.

Fine, be that way, but I'm not giving up!

We'll see if the serum helps change his mind!

A 3D rendered scene featuring a woman with short purple hair and black-rimmed glasses. She is wearing a white lace-trimmed bra and matching white lace-trimmed underwear. Her right arm is raised high, and her mouth is open in an 'O' shape. She is standing in a room with a checkered patterned wall. To her left is a wooden desk with a computer monitor displaying a website, a keyboard, and various office supplies. A wooden chair is positioned in front of the desk. To her right is a wooden door with a silver handle and a small white light switch above it. A large, stylized dollar bill is visible on the wall behind her. The scene is lit with warm, indoor lighting.

Jane had fortunately bought a larger size of her bra and panties a while back by accident. Unfortunately this new set was now too small on her as well.

The bra was barely holding on by a thread and her panties were tearing on the sides.

I might be almost as tall as Jane now! I should go visit Nikki after work and see how I stack up to her too.

Jas was happy to find the diner carried several sizes of the outfit she had to wear for work. After her early morning shift was over she went to Knockers to visit her always cheerful friend Nikki.

Thanks Nikki. I think late bloomers just grow alot really fast.

Gosh Jas yer growin like a weed! You look fantastic! Isn't it kinda fast though?

Hey Tony come tells us where Jas' head comes up to compared to me.

Y'all think I got time for your fun and games? Knockers ain't gonna run itself.

Upon arriving home Jas felt like she was about to bust out of her medium size Diner outfit. She'd have to use the next size up tomorrow. In the meantime she decided to call Stephen to give another go at the science experiment in his pocket.

Wow Jas you look positively huge!  
And where are your clothes?

Thanks Stephen, I guess  
the serum is working really  
well on me. And none of my clothes  
come close to fitting anymore.

Well I'll buy some larger  
clothes for you  
and drop them off tomorrow.

The only large thing I'm  
thinking about right now  
is in your pants  
Rubbing against me...

This time Jas wanted to fully enjoy Stephens cock. She was also savoring the all too familiar taste of the serum. After getting him off once, she licked every inch of it for one reason only...

Jas took his cock as deep as she could, it was extreme pleasure and pain at the same time. Stephen also enjoyed her incredible tightness, specially since he couldn't fit his huge cock inside Jane and hadn't had real sex since it had grown so huge.

After Stephen left Jas enjoyed a nice relaxing shower. She thought about the warm sensation that filled her body shortly after Stephen came inside her. It made her very aroused, and then there was that warm sensation again...

Before Jas could realize what had just happened, there came a knock at the door. It was Jane.

This is amazing Jas! I never would have expected this rate or amount of growth. You might even be as tall as me now...

Actually Jane, look down.

Ahh yeah I'm wearing heels!  
Let me take them off and see.

Wow! I can't believe it! You're about 5'7" now, and so much larger all around. Very sexy too...

Mmm I like being bigger than someone. And you know what this bigger Jas wants right now?

Jas then pulled off all of Janes clothes and pushed her to the ground...

Jas quickly pinned down Jane, and  
proceeded to make out with her.  
Janes moans of pleasure let Jas know  
Jane enjoyed it, but just as quickly  
Jane turned things around...

Jane was back on top receiving oral from Jas, and once again Jane didn't return the favor. After an orgasm into Jas' mouth, Jane quickly got dressed, said her goodbyes and headed out the door with a big smile.

That evening Jas decided to visit Chris since she knew he had an evening class to teach. She also found new clothes outside her door thanks to Stephen.

Es increible y imposible!  
How did this happen Jas?

Why do the details matter  
Chris? Chalk it up to a late  
bloomer and some vitamins.

No one will think I'm that  
short scrawny girl from your  
old class anymore, right?

You make a good argument Jas.  
You know I've always been attracted  
to you, and now you look even more  
amazing! I've always loved muscle  
on women.

Thanks Chris, now let me  
take off your clothes and work  
on that extra credit I always  
asked for...

It was a good thing the  
evening class didn't start  
for a couple more hours....

One odd thing Jas didn't notice was that Chris did not leave the serum taste in her mouth, but she was enjoying him nonetheless. He didn't give her oral, but instead gave her the best sex she'd ever had.

A sweet kiss on the lips showed Jas that Chris really liked her. She thought to herself that maybe after the experiment was over she'd spend more time with him.

Chris may not have been as endowed as Stephen or as aggressive as Jane but Jas enjoyed sex with him much more, all his surprising techniques and wild ways. She enjoyed it so much so that she forgot her glasses. She hadn't even realized that there was no need for them anymore.

Jas had quite the eventful day, she was fortunate that Stephen also left her some sexy lingerie for her new size to sleep in. She still remembered to take a dose of the serum before going to bed.

Jas started wondering just how big the serum would make her. On the one hand she was afraid of scaring off Chris if she got too big, on the other hand she wondered if she could get really big, like Nikki's size. She smiled thinking it was just a silly fantasy and that the growing would probably soon slow down or stop anyway, so she gulped down a second serum vial.

The next morning Jas  
was definitely bigger...

Jas had grown much more than in the previous nights. She was now 5'10" tall.

Jas decided she'd go to Knockers after getting off of work at the diner. The XX large uniform was just her size now...barely.

Jas was really enjoying the surprise people had at her new size. It also helped that the diner dress had some padding to make her breasts look even larger. The problem was she felt like she was about to burst out of her dress. She felt like she'd been having small growth spurts all day.

Wow Jas honey your buns are so nice and firm now!

Well I'll be dipped in shit!  
How the hell did this happen Jas?  
Yer almost as tall as Nikki!

Oh wow there's that warm  
filling feeling from when  
I was with Stephen...

Oh shucks  
is that tonight?

I ain't got  
time to figure  
this out right  
now, we gotta  
git ready for  
Candy's 18th  
Birthday party  
tonight.

Jas honey I gotta scoot,  
we can compare boob sizes  
later, at least we know ah'm still  
the tallest!

Wow I think I just grew a bunch again! I better get out of here before anyone sees me growing!

Ok Nikki maybe we can meet up tomorrow and compare again!

Ah always wanna be the biggest gal in town, It's all I have. I need to find out how Jas is growin so much. Maybe give my bust and height a lil' boost.

Upon arriving home Jas peeled off her dress. That warm filling feeling from earlier made her want to feel it again from Stephen, so she called him.

Stephen was completely shocked. Jas was now just as tall as him, 6'2"! Jas didn't even think about it, her mind was focused on something else.

Jas we never imagined the serum would work so well!

Shhh I'm not in the mood to chat right now Stephen, I'm just craving something big...

Well I am happy to oblige!

There was that taste she craved,  
and Jas quickly sucked it up.

Stephen was so distracted by the amazing job Jas was doing, specially by taking more and more of his cock into her mouth, that he didn't notice her growing right in front of him.

Mmmmm . . .

Aww ok I'll be looking forward to it then. See you tomorrow.

Oh no I completely lost track of the time! The presentation is tomorrow morning and I need to prepare my speech. I am so sorry Jas I'll make it up to you sometime!

Jane will be by later with some new clothes as well.

Stephen was dressed and out the door without even noticing Jas had grown taller than his height; she was now 6'4".

Jas tried on the sexy lingerie she wore from the night before but her new strength and bust size led her to accidentally tear it to shreds.

Jas also tried on her XXX-large T-shirt she wore when she first met Jane. It barely fit and even tore a bit as she tried to force it on.

A knock came at the door. Jas was expecting Jane later but thought maybe she just decided to come early. She slipped on some furry purple panties that barely fit from the previous clothes box and went to answer the door.

Hi Chris! What a pleasant surprise!

Dios Mio! I was just coming to return your glasses on my way to teach a class in about an hour. How have you grown so much? You are as tall as me now!

If we only have an hour we should make the most of it. I'll tell you about the experiment tomorrow.

Once again Chris was very creative  
and brought a great deal of pleasure  
to Jas.

He even knew how to take  
advantage of her new size.

He was greatly enjoying himself as well, he really liked her new size.

When Chris had to leave to teach class Jas was still very aroused. The feeling was so strong that she felt the warmth from before, only this time it was more like a fire of pleasure building inside her.

Jas grew larger and stronger as the feeling intensified.

Jas watched in awe as her body and muscles grew greatly. The warmth finally subsided as a knock came at the door.

A woman with short brown hair and glasses stands in a doorway. She is wearing a sleeveless top with a gold and black pattern and a black pleated skirt. She is looking towards the right, where a hand with purple nail polish is visible. The background shows a green wall and a wooden door. A poster on the wall to the right shows three people in a scene from a movie.

Hi Jas I just came to see if you'd grown another inch or two and to drop off some clothes for you to wear tomorrow.

Hiya Jane!

Surprise!

Incredible!

This is exactly what I was hoping to achieve, and then some. She must have another sex partner besides Stephen and I..

Jane had known all along that Stephen and Jas were sleeping together. Whether or not Stephen knew about Jane and Jas remained to be seen.

Being so much bigger  
and stronger than you  
makes me want one thing  
very much Jane  
that you havent been  
giving back.

But Jas...I really  
shouldn't I...

Jas slowly pushed Jane down to her  
knees. This was one thing Jane did  
not plan for or anticipate.

Oooh Jane you've been holding out, you are very good at this!

Mmmf....Mmmm...

She tastes similar to the accelerant I take and slip into Stephens coffee without him knowing before every visit to Jas, but better. She tastes so good...

And now I return the favor,  
the way it's supposed to be.

Oh wow Jas  
ahhhhh mmmm!

Jas easily lifted Jane to her  
face as if Jane weighed nothing,  
then ripped her panties off with  
her teeth before giving her oral.

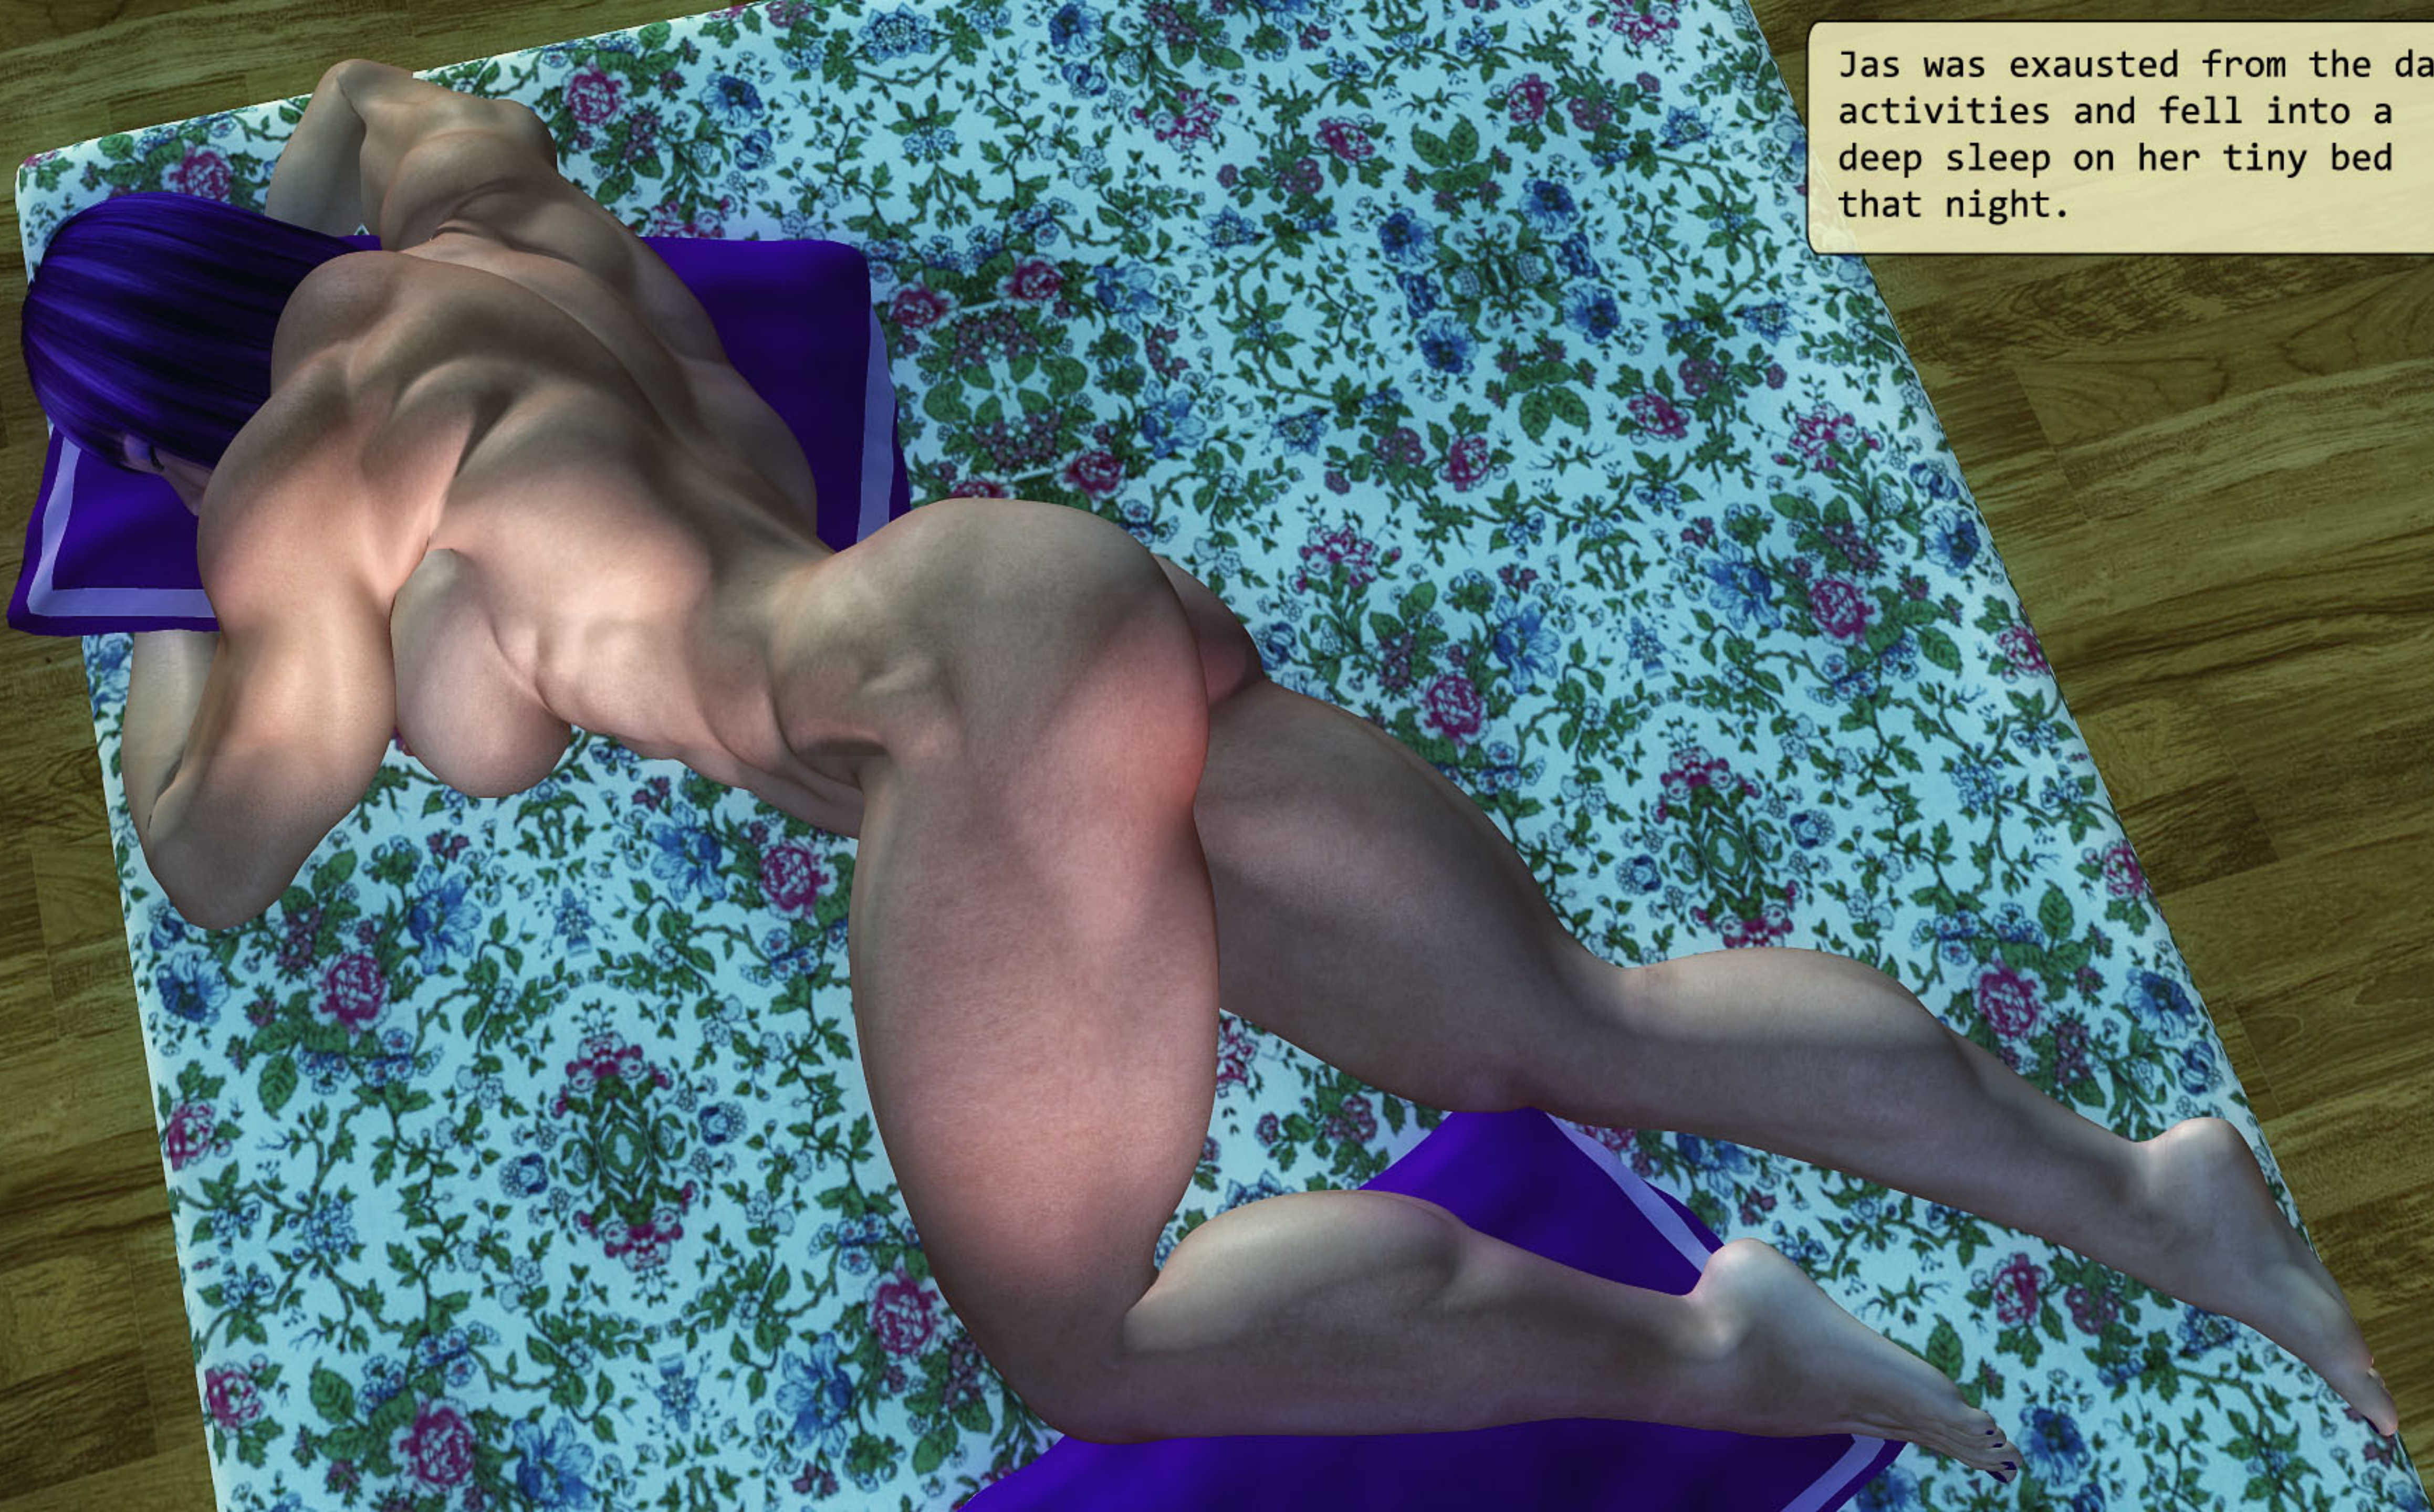

AHHHHHHHH!!

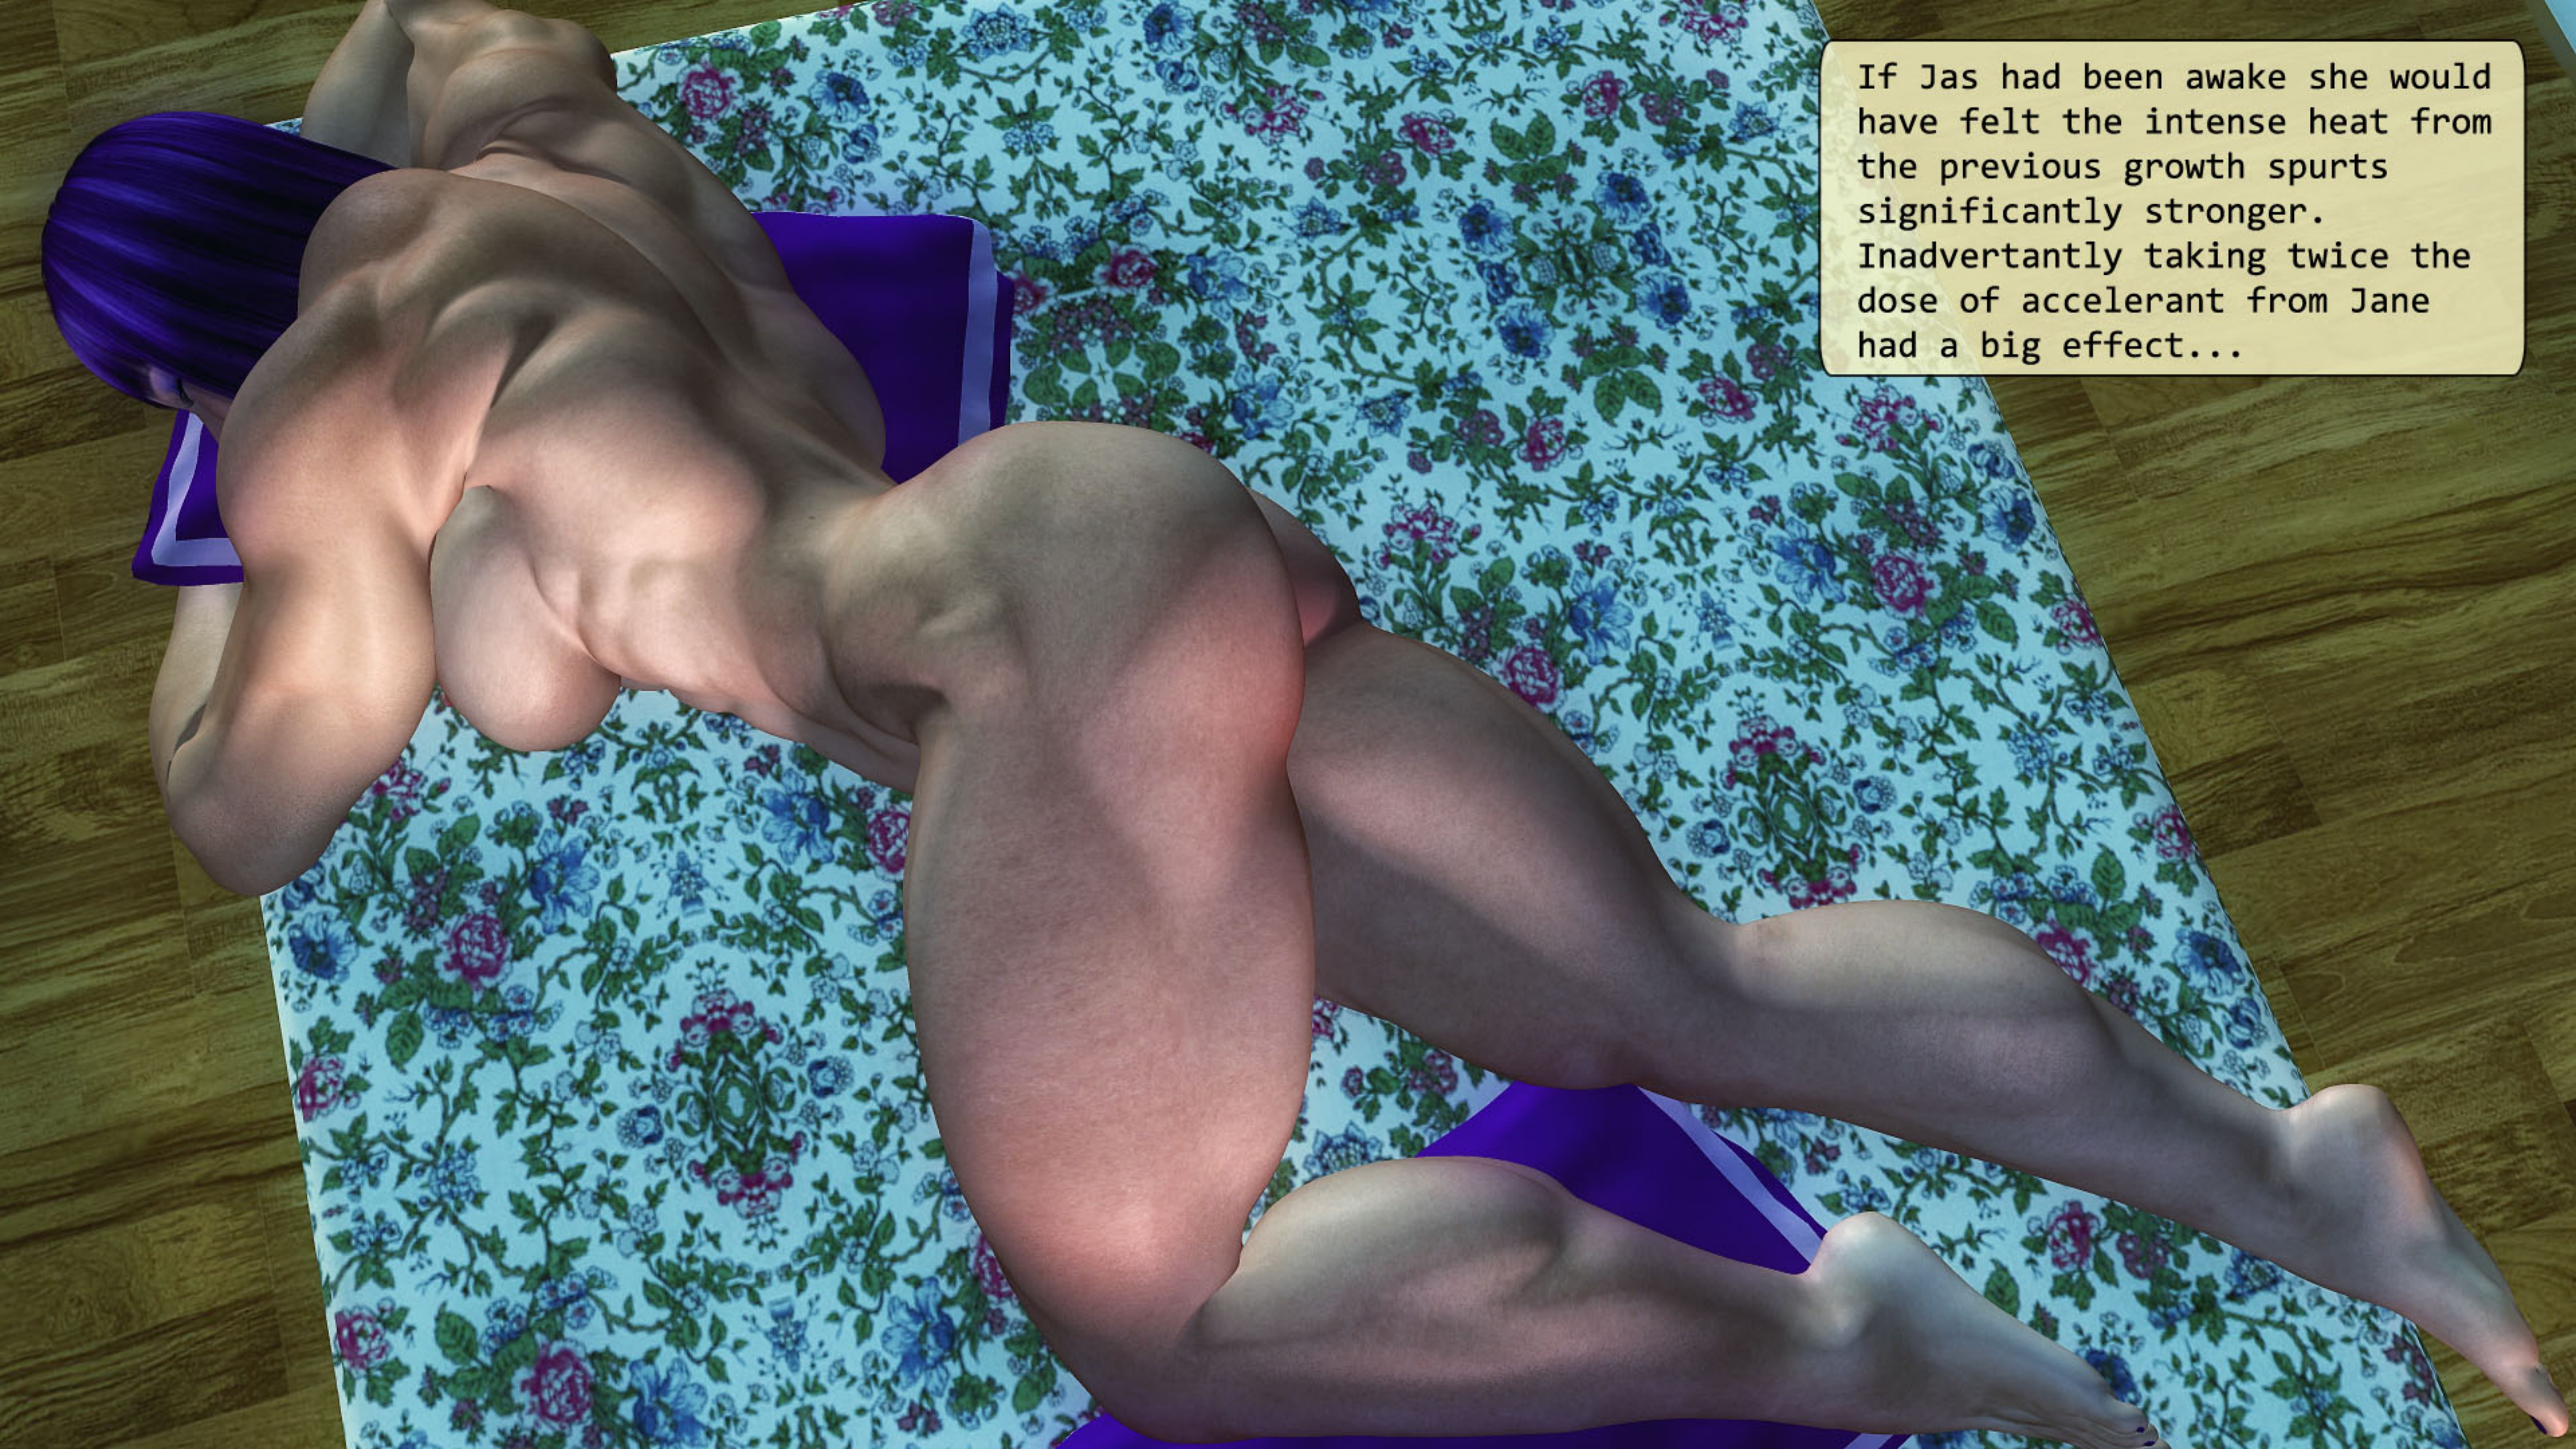

The one thing Jane really enjoyed about Jas' new size was her much larger tongue. Jas was also enjoying herself so much that she brought Jane to climax twice.

Jas was exhausted from the days activities and fell into a deep sleep on her tiny bed that night.

A 3D rendered female character with long, straight purple hair is lying on her back on a surface covered with a light blue fabric featuring a dense floral pattern of small blue and pink flowers with green leaves. She is unclothed, and her body is positioned diagonally across the frame, from the top left towards the bottom right. Her arms are bent with her hands near her head, and her legs are slightly apart. The background consists of a wooden floor with a light brown, horizontal plank pattern.

If Jas had been awake she would have felt the intense heat from the previous growth spurts significantly stronger. Inadvertantly taking twice the dose of accelerant from Jane had a big effect...

...a very big effect.

Ahh why does my bed feel  
so strange?

Yaaawn!! Hmm everything  
looks so strange for some  
reason...

I'm huge!

Jas was now 8' tall. None of her clothes fit. Fortunately the outfit Jane had picked for her to wear was extremely stretchy, but not her style at all. She had no other choice.

And here is where this story started...

And without further  
delay, here is subject 002,  
the beautiful Jas!

Umm hiya. I feel so underdressed suddenly.

I feel terrible, this isn't what Jas wanted...

And this is what just one of our serums types can do to someone who was 4'10" tall and 90 lbs. Imagine what we can do if you invest in us.

Uhh I think this  
is how body builders  
flex in those shows.

I assure you, this is the same woman  
in those pictures we handed out!  
Our formula made her this large and strong.

Haha!  
Where did you find her,  
a carnival show?

Maybe she's wearing some  
plastic suit the kind they use  
in the movies!

*\*Whisper\**  
Jas take off your clothes,  
that will prove it is your body.  
Please!

*\*Whisper\**  
Ugh, ok I'm practically  
naked already.

This is no prosthetic suit!  
The serums do what we stated  
earlier, enhance the human body.  
This one was based off the shark DNA  
we...

Shark DNA? Haha is  
this some sort of sci fi  
convention special effect show?  
What a waste of our time!

This is not a joke!  
This is our life's work!

... This is not  
going as planned...

That is a very realistic  
special effect suit you guys  
made there! Maybe a movie studio  
should invest in your  
work instead! I'm out  
of here!

Two of the five investors  
left at that point. Two more  
seemed uneasy, the only female  
investor remained calm.

We are going to lose everything.  
All our work, all my planning. There's  
only one thing I can think of. It  
might kill me like some of the test  
animals, but I have to try it.

I hope she  
isn't planing on  
making me any  
bigger...

Jane why  
did you bring  
that!?

This is Serum Omega. It was  
created directly from the nematocists  
we originally found. Most of our  
experiments on animals have been  
fatal with this serum, but there  
were a couple instant  
success cases.

My god Jane stop!  
NOOO!

Stephen tried to slap away the  
serum but it was too late.

Jane why!?  
You could die!

\*Cough cough\*  
I'm sorry Stephen...  
Aaaack can't breathe...

This is insanity!

And poor science!

At this point another one of  
the investors left, only two  
remained.

Is she going to  
be ok Stephen?

Her heart rate is slowing  
quickly, it's almost stopped!

This adrenaline shot from my medical kit might be our only hope. Please Jane don't die on me!

\*Cough cough\*  
Ahhh Stephen...  
you saved me!

Don't ever do that to me again  
Jane! Jane your eyes,  
they're...

Thank you Stephen!  
You really do love...  
Ughh my body is on fire!

My clorthes...getting so...  
tight!

Oh Stephen...the serum...  
It's working! I'm...

...growing!

So big...

Mmmm . . .

Are you alright Jane?

Let me help  
you up dear...

This is such  
a fraud! All this  
drama and special effects are  
clearly an illusion!  
I should have left  
with the others!

And so only the female investor remained.

And then what they least wanted happened, the fifth and final investor stood up, stating that she was not impressed.

After all this...

Jane grew so much so fast...

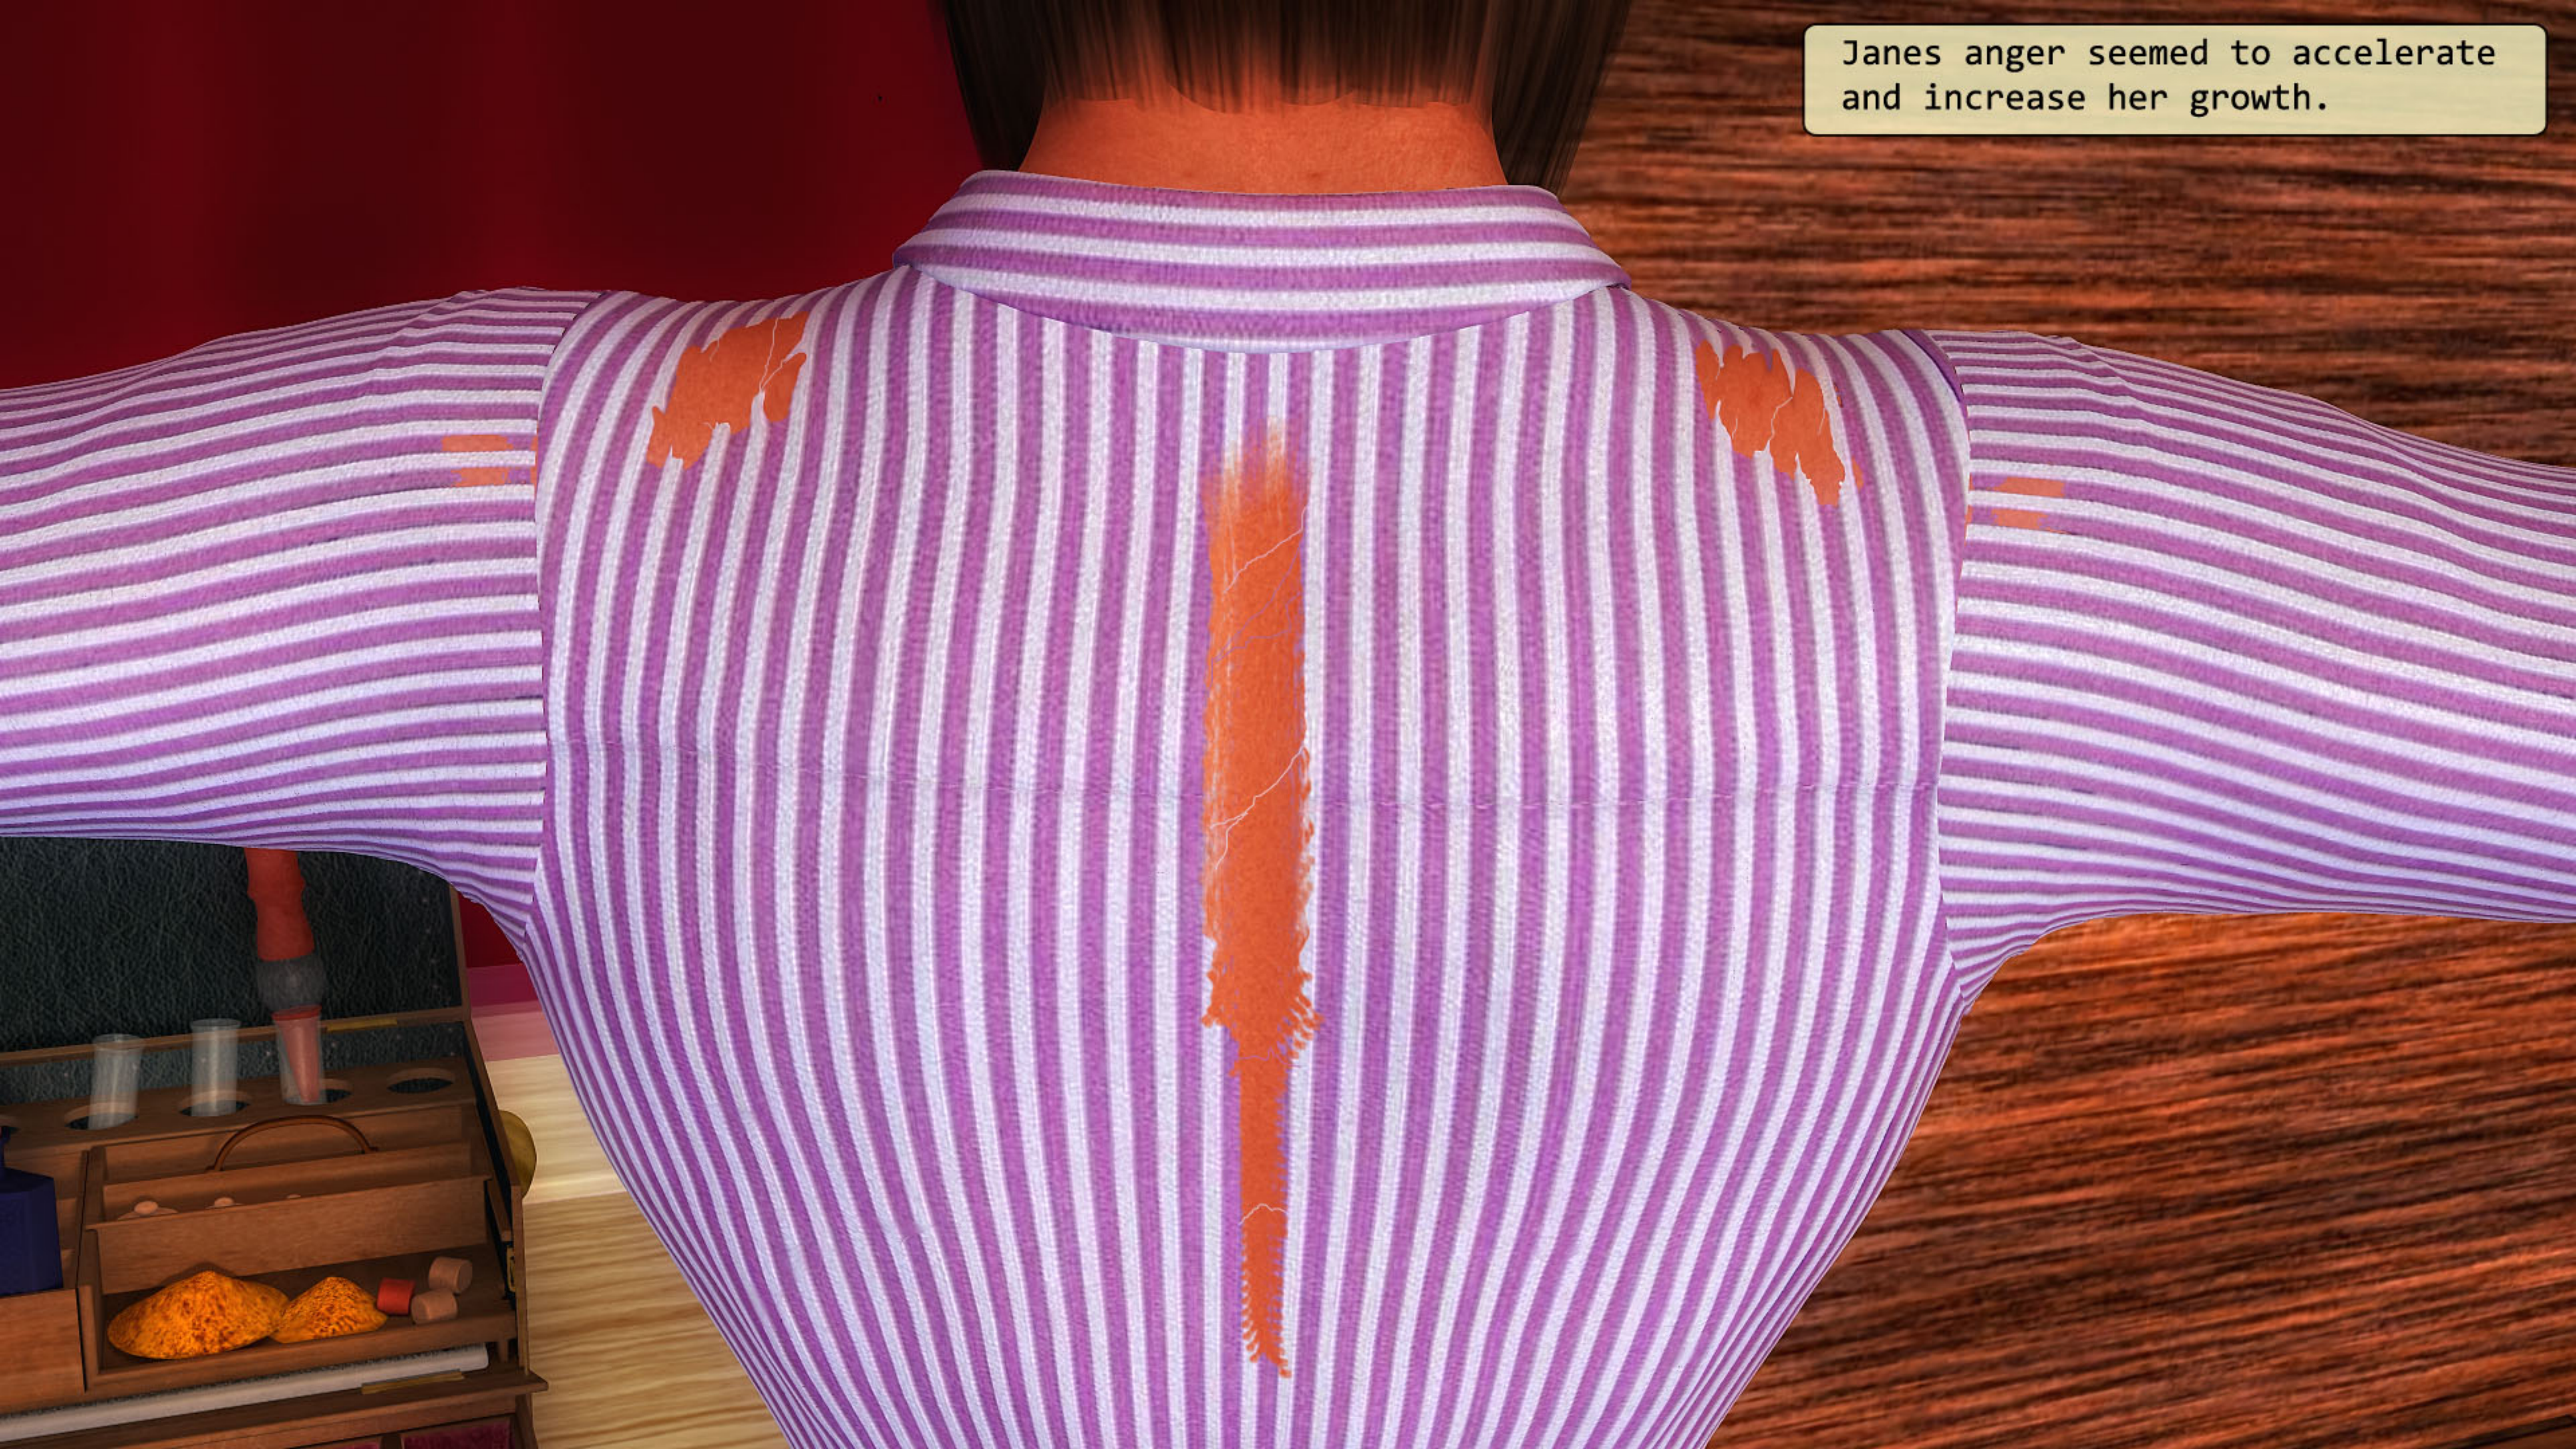

You still don't believe!?  
Stephen, take my jacket...

The female investors  
stopped to see what last  
ditch trick they'd try.

Janes anger seemed to accelerate  
and increase her growth.

Janes shirt was barely holding on by a thread, so she pulled off what was left.

Janes muscles and size continued to increase. Her skirt quickly tore to shreds.

The combination of the serum, the adrenaline shot and Jas' juices from the day before took Jane far beyond what she expected.

Jane you look phenomenal!

Awesome look for you Jane!

Convinced now?

Impressive! You have got yourself an investor!

What do you think  
if your wife who's  
the biggest woman around  
rewards you for saving her life?

Actually Jane  
I'm still the biggest,  
but you are pretty big.

Oh my...

GRRR you are right...  
I should be the biggest...

Jane we don't  
know the effects of anger  
on Omega serum please  
try to calm down...

JANE SHOULD  
BE BIGGEST OF ALL!

Jane do you feel alright?

I feel...  
JANE FEEL...

Wow!

...STRONGER!  
BIGGER!

As her strength and size increased  
Janes great intellect became more  
and and more primitive.

This is amazing! Far beyond  
what I expected! The others were  
fools to leave early!

Jane you've grown  
so much! You are much  
bigger than me!

JANE NOT NEED TINY  
GLASSES!

JANE NOT FINISHED!

Jane this is beyond  
what we ever expected!  
But your mind...

This is genius! I will make  
sure to invest every dollar  
possible!

Watching Jane grow is really  
turning me on..Wow my breasts  
don't feel so large anymore  
compared to Janes...

NOW JANE BIGGEST!

NOW YOU GO  
SO JANE FUCK!

Woah...

Goodness Jane...

Wow umm ok I will  
definitely be in touch!

No one was going to argue with Jane at 12' tall. The investor quickly left the room with a smile on her face, while Jane easily ripped off Stephens clothes as if they were made of tissue paper.

Your breasts  
are amazing Jane!

One of many advantage  
of your new size Jane.

JANE FAVORITE  
TOY NOT SCARY  
ANYMORE!

The women proceeded to have fun with Stephen in ways he never thought possible.

Ahh Jane...  
incredible...

Ooh your finger  
is so big...  
mmm...

They had sex for several hours...

When Jane took her favorite position on Jas' face and Stephen was pumping in and out of Jas with his huge cock, Jas finally had a realization. That all too familiar taste in her mouth and the warmth from inside...

They had planned for her to get this big all along! She didn't want to get bigger, but it was too late... The intense heat was back and stronger than ever...

Jas grew to 10' tall, but it was to much for her...

Jas passed out and her growth stopped at 10'5".

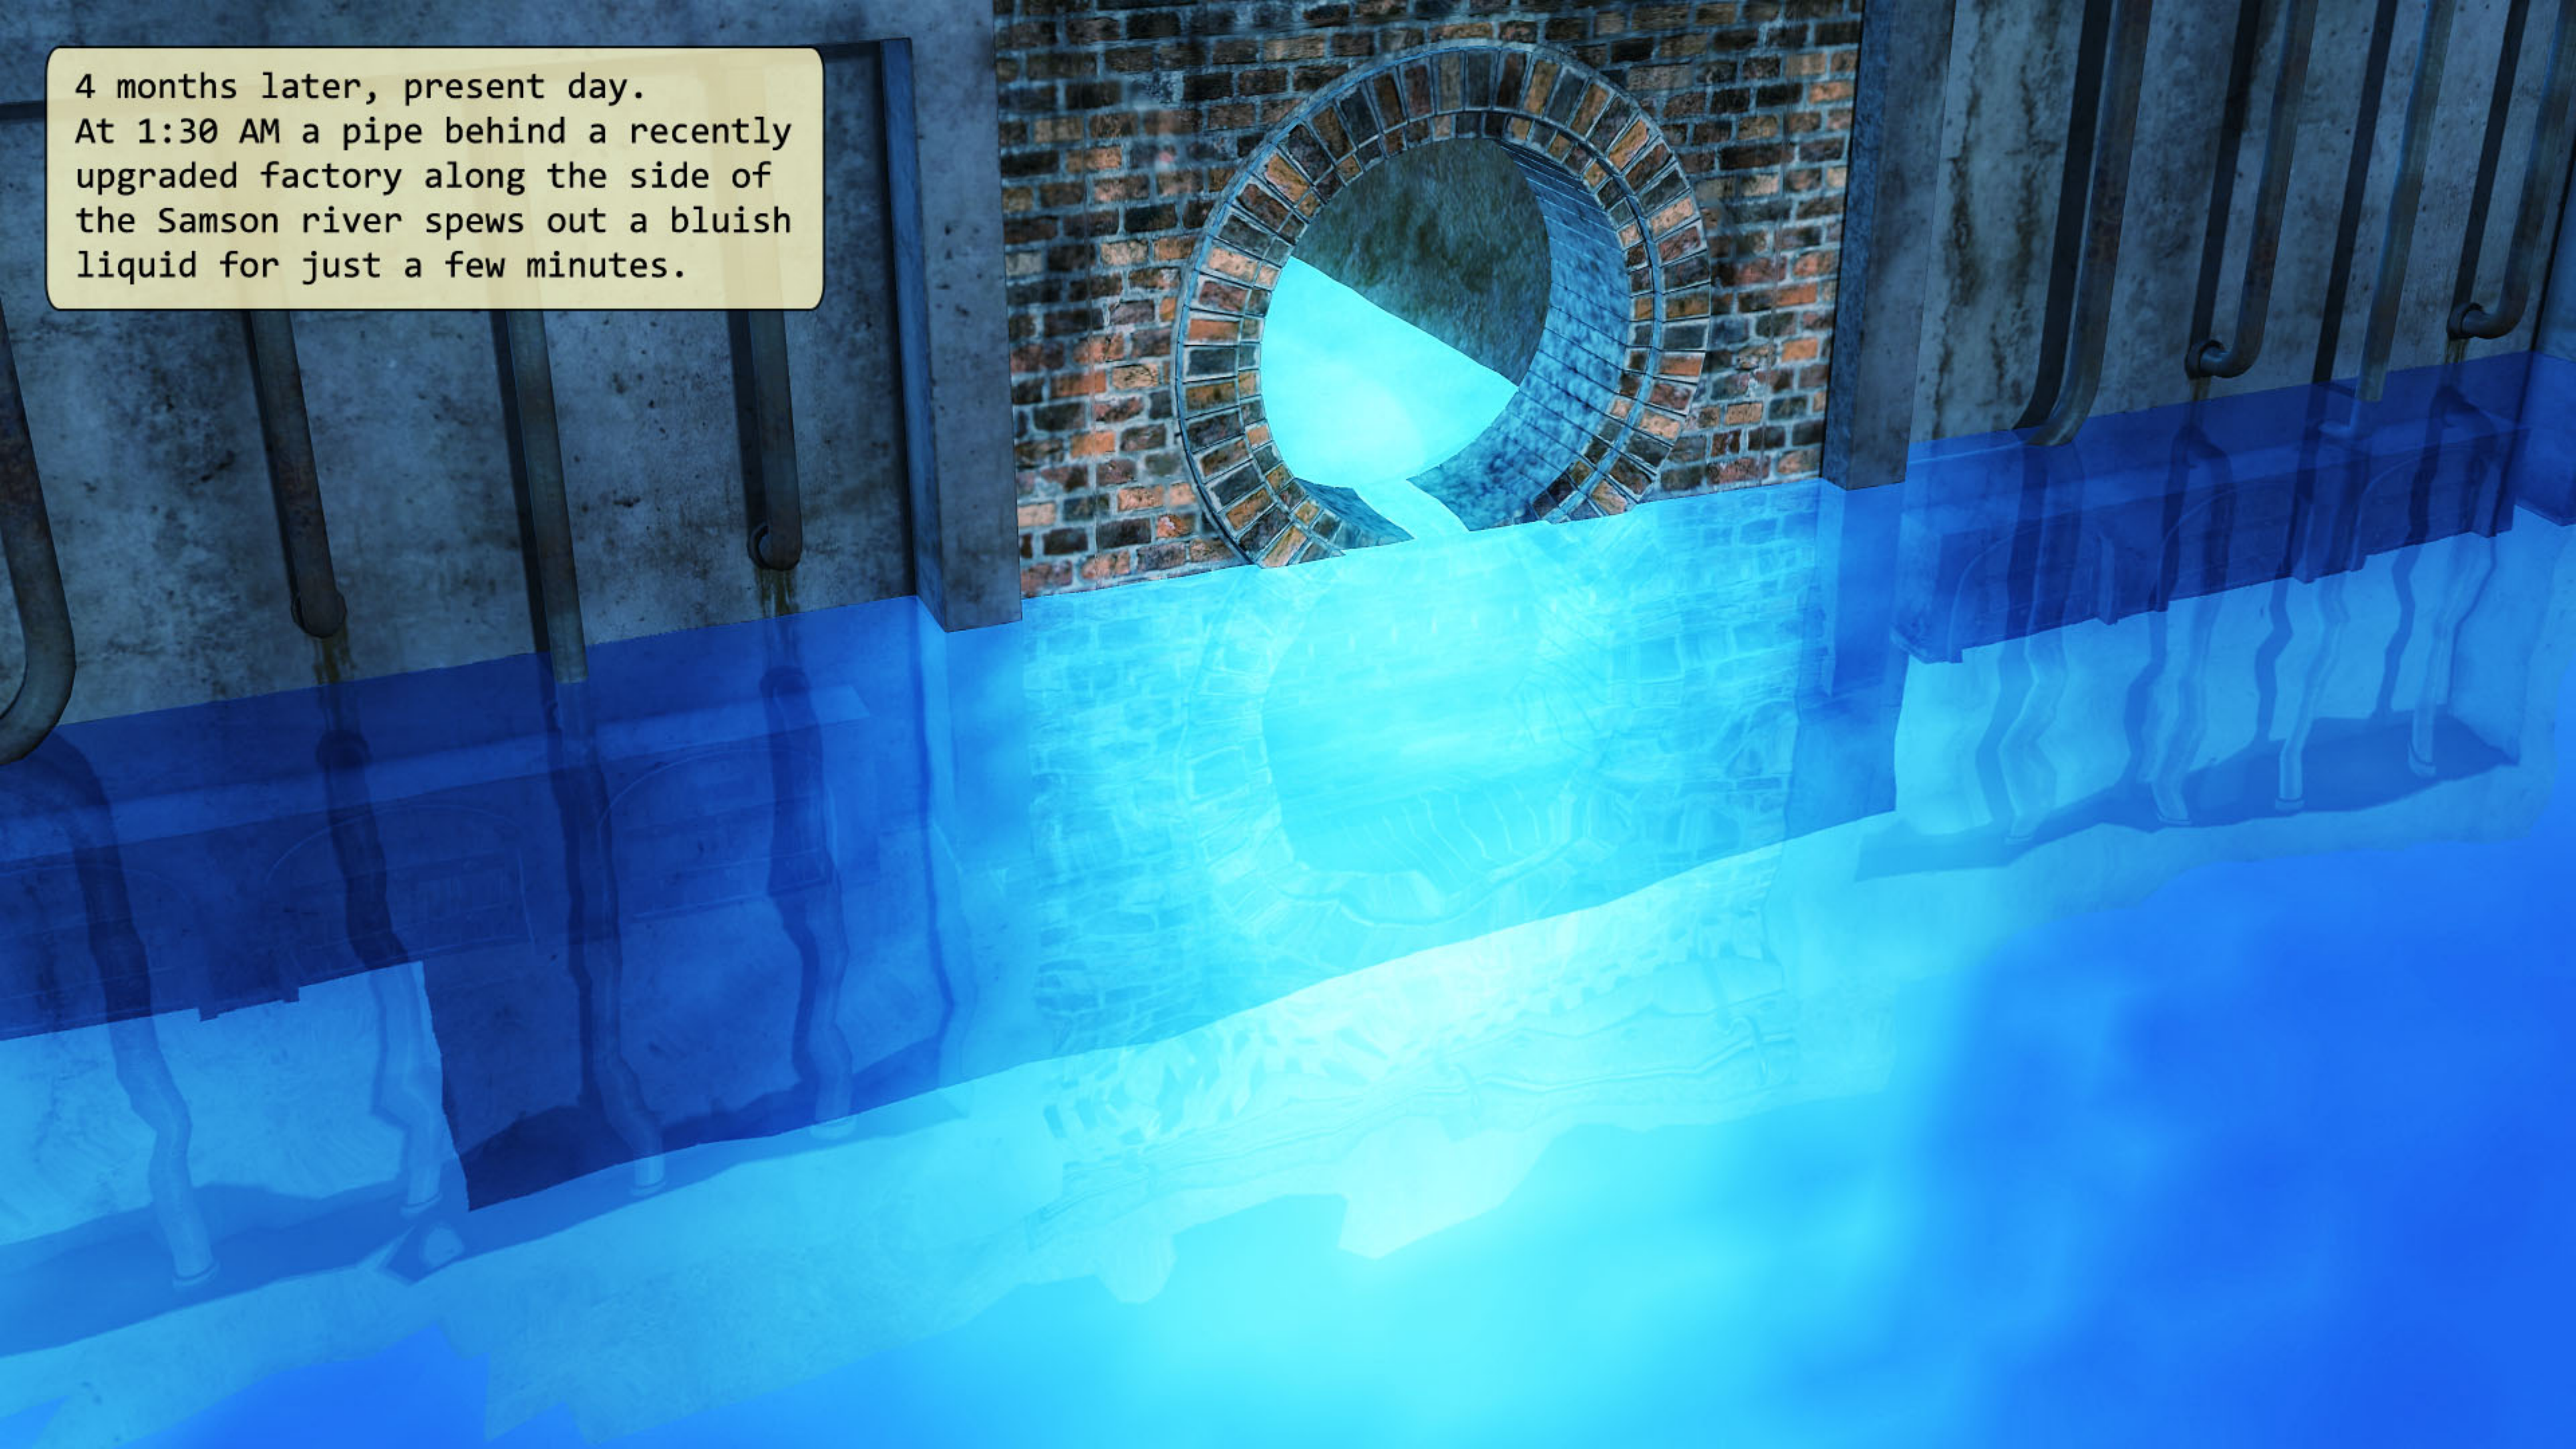

JANE STILL BIGGEST!

Yes Jane, now pick up  
Jas and take her back to the lab.  
I still want to keep my promise to her.  
We would never have gotten the investors without  
her help. She just won't remember certain  
things when we are done with her.

4 months later, present day.  
At 1:30 AM a pipe behind a recently  
upgraded factory along the side of  
the Samson river spews out a bluish  
liquid for just a few minutes.

A woman with blonde hair, wearing a white tank top and orange shorts, is working in a distillery. She is leaning against a large wooden wheel, looking back over her shoulder. The background features several distillation columns with gauges and labels like 'MALT WHISKY', 'GRAIN WHISKY', 'PURE MALT BRANDY', 'CHERRY BRANDY', and 'GRAPE BRANDY'.

Nikki is closing up at Knockers after a rowdy day.

Of course Tony had to take off without remembering to help me get this darn table upright.

It's much too heavy for me alone, we can barely lift them together. I really wanted Knockers nice and tidy for when my sister Rebecca comes from out of town tomorrow.

Nikki is so distracted thinking of her sister she doesn't notice the blueish glow of the water coming from the tap.

Hmmm the tap  
water tastes kind of sweet  
today but very  
refreshing.

A 3D rendered scene featuring a woman with long blonde hair in a ponytail, wearing a white tank top and orange shorts. She is standing in a kitchen, looking down at her stomach with her hands on her hips. To her left is a wooden barrel with a metal spout labeled "GRAPE BRANDY". To her right is a kitchen sink with a faucet. The background consists of a brick wall and wooden cabinets. A speech bubble is positioned above her head.

Ugh why do I feel so weak all  
of the sudden?

Oh mah stars! My  
body, my boobs! What's  
happenin tah me?

A few minutes later...

Oh gosh that was scary.  
Thank goodness mah body  
grew back to normal!  
And I don't feel weak  
anymore, in fact...

I feel really strong!

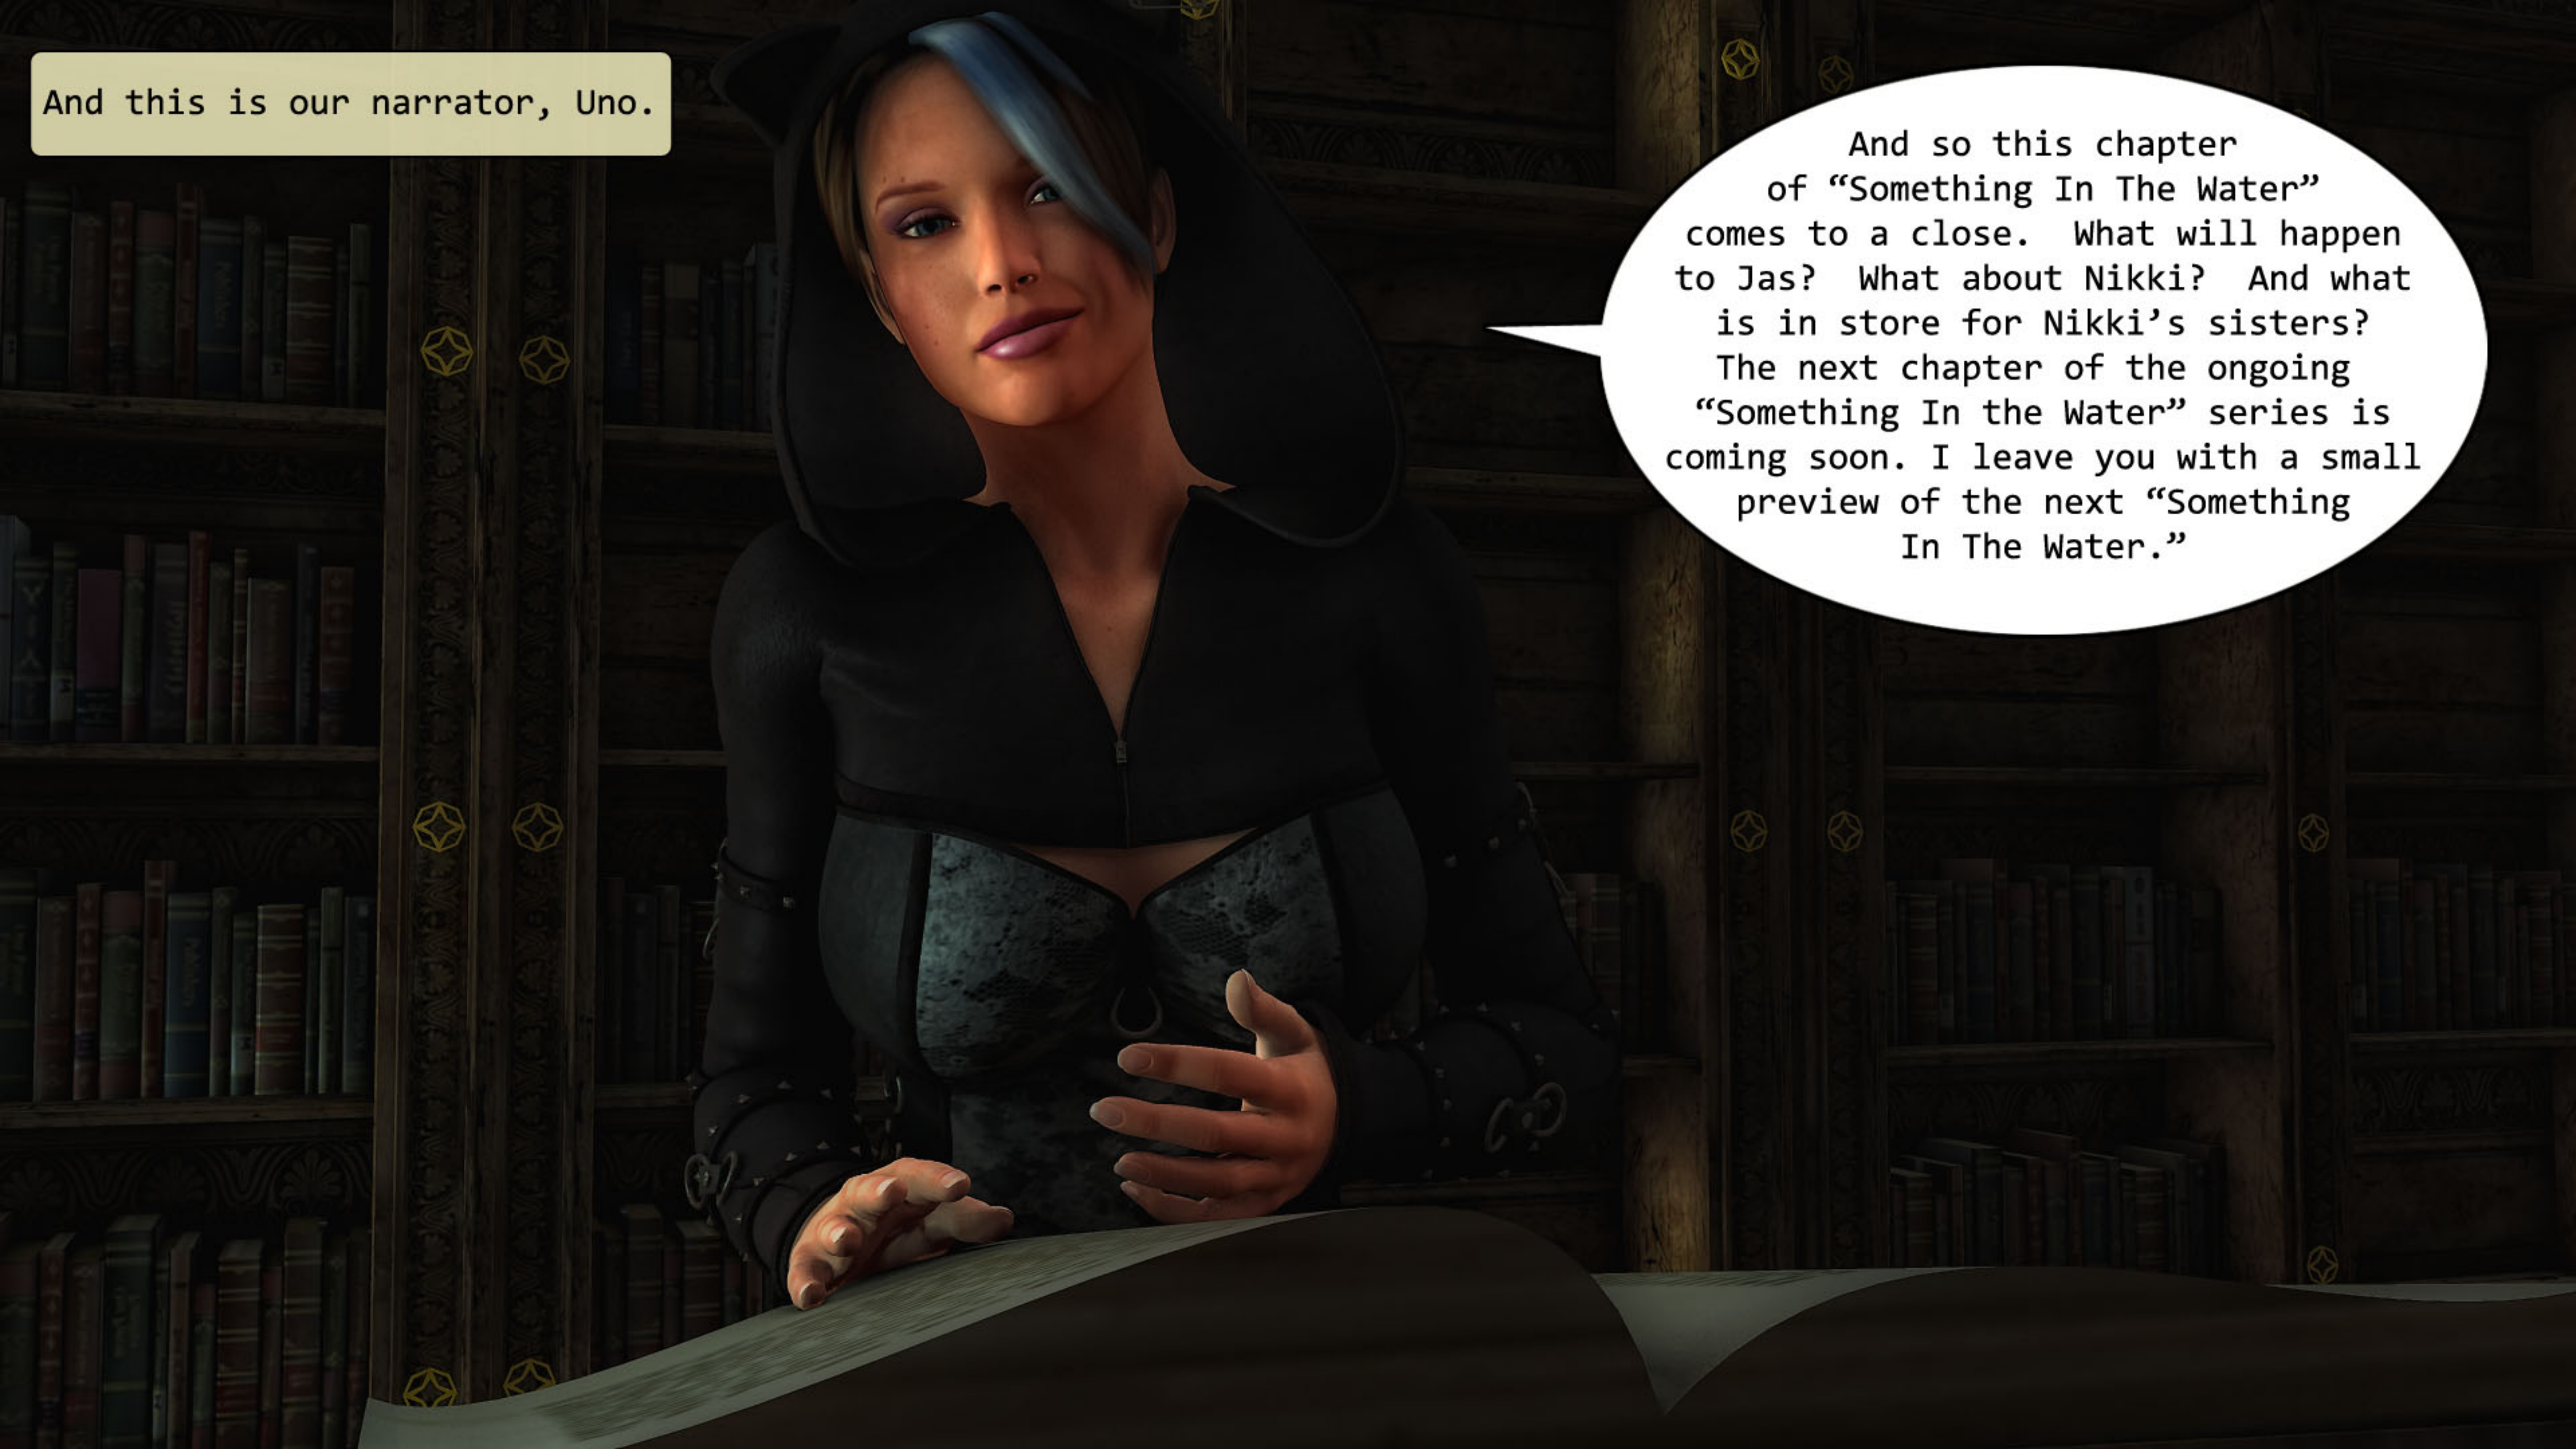

A muscular blonde woman with her hair in a ponytail is shown from the waist up. She is wearing a white ribbed crop top and yellow shorts. She is in a steamy, industrial environment with large pipes and valves. She has a speech bubble coming from her mouth. The scene is lit with a warm, orange glow.

Whatever this is,  
ah love it!

TO BE CONTINUED...

And this is our narrator, Uno.

And so this chapter of “Something In The Water” comes to a close. What will happen to Jas? What about Nikki? And what is in store for Nikki’s sisters? The next chapter of the ongoing “Something In the Water” series is coming soon. I leave you with a small preview of the next “Something In The Water.”
