Sophie the Ghost: A fan of Femboops!

How boring! Uh! And why did I happen to die at school! I can't even read something because I can't touch anything!

* Passing through *

And students almost never come to the library just to read something! Damn modern technology with smartphones!

I would probably die of idleness, but the problem is that I'm already dead! Why the hell did I become a ghost at all and what am I supposed to do with it, always hanging around the school?

Yay! Someone has come! You're not mistaken the room, are you!? Did you come to read something!?

* Looks around *

Good, as I expected, there is not a single fool who will sit here and read!

Yes, yes! There's no one here, you're the only person who's come to the library in the last couple of weeks! Damn, there's not even a librarian here!

All the characters presented are 18+ and are just a figment of my imagination!

Are you kidding!? The only person who came to the library is here just to sleep! This is not fair!

trying to knock his back
Stupid useless boy! Wake up now and grab something to read!

I said wake up! *trying to hit again, but suddenly falls inside the guy's body*

Oh! It's like I've fallen somewhere! And now my head hurts!

What!? I feel pain, I feel that I have a body! But how!? But I definitely Feel! It is so nice to feel that I am sitting on the chair!

Wait, wasn't there a guy sitting at this table just now?
examines herself slightly I am that guy!
I control his body!

It's a pity, that this is a guy's body! Flat chest and this ridiculous thing between the legs!

Anyway, this stupid boy was not so useless in the end! I'm sorry, but apparently I'm going to use your body from now on! And most importantly, I can read again!

And now I can finally read the last volume of "How I put on my Sister's skirt and found a boyfriend"! I've been waiting for this for ten years! For some reason, no one here is fond of stories about Tomgirls!

The kiss at the end, when Sam knows that Jackie is actually a boy, was amazing, it was worth being a ghost for ten years to finish reading this!

Perhaps there is a lot of new light novels published since I've become a ghost, and now I can read them all! Oh, I'm suddenly feeling so sleepy! *yawns and lies down on the table*

Oh no! Why! Stupid boy, why did you have to wake up and kick me out of your body!

This feels good! I finally was able to sleep at school! Oh and look at the time I can already go home!

So he plans to come here again! I wonder if I can possess his body again!?

I wonder if I can sleep here all the time now instead of attending a club?

A week passed and every day the boy came to the library to get some sleep, and Sophie could take control of his body and read!

Of course I'm not complaining and I'm very glad that now I can do something thanks to this boy, but how I miss the feeling of a cool breeze on my legs! I wish he wore a girl's uniform!

Hey, what just happened?
looks at herself Wow! I, or rather he is dressed in my school uniform!!!
I urgently need a mirror, I want to look at it!!!

The following day

Today I made him even more cute! And this ribbon in the hair completes the image perfectly! So, he usually sleeps for about an hour and a half, which means I still have a whole hour to walk around the school!

I hope to meet some guys with whom I can flirt! Doing it while I'm in the body of a guy who looks like a girl is quite piquant!

Okay Sophie, time to have some fun!

Hey girl, watch out!

Bumping with each other

Girl, how are you!? Be careful next time, cause another guy might not be able to catch you!

Oh, my head... wait, Andy, why are you standing next to me!?

Falling backwards

Oh. You know my name! Anyway, I'm sorry I bumped into you, well.. I'm looking for my friend, he was supposed to sleep here! Have you seen him?

Andy, Bro, did you hit your head!? I'm standing right in front of you! But strange, I remember that I went to sleep at the table!

How this can happened!? I'm not controlling his body, and he woke up, but he didn't return to his normal state!

Wait, what!? Although if to look closely, then yes, you are definitely Nathan! So that's what you do instead of clubs... you know, you could tell me about your hobby, I wouldn't judge you! Why would you lie to me that you were hiding here to sleep?

I don't get you at all! Maybe, of course, I just haven't fully woken up, but still, what kind of nonsense are you talking about!?

Oops, it looks like I triggered something interesting! Perhaps it will be even more fun than yaoi novels!

Anyway, I'll take a photo of you as a memento! And you know, in this outfit you may be in my strike zone! You are a real cutie!

Are you completely crazy there that you called your friend a cutie? And why the hell do you need my photo?

Unfolds the phone to show a photo Will you continue to pretend that everything is usual!?

What a strange filter you used to take this photo!? You're a pervert!

Nat, are you seriously not aware that you're wearing a girl's school uniform or just making a fool of me?

examines himself What the hell!!! Did you do this to me while I was sleeping?

I didn't do anything! I just came! But I'm still very interested in why you look so good! And do not say that someone did this to you while you were sleeping, it would be completely impossible!

I look good!?! It's not enough that I'm in girly clothes and I don't understand why, you're also teasing me!!!

Enough with your idiotic jokes, better help me find my clothes, I can't go home like this!

Damn it, what a lucky girl, already found a handsome guy who calls you on a date!

I'm not teasing you, I really think that in these clothes and makeup you look very cute! How about going on a date with me this Saturday? And of course you will have to be in girl's clothes!

You wouldn't dare!

I'm not kidding, I want to go on a date with you! And you know, you don't have much choice, because if you refuse, then I'll show this photo to your sister!

And he's gone! What the hell am I supposed to do now!?

Try me! This Saturday at the mall in the afternoon! You can dress like this, but I'd rather see you in casual clothes! All right, I'm off!

It's rude, I'm not a scoundrel! And what's the problem with going home like this, you look much better than in your usual clothes!

And not here either! Apparently, this scoundrel who dressed me in this also took my clothes with! Oh, fuck! I'll probably have to go home like this!

I said and I'm sitting right here! Although what am I trying to do, he still won't be able to hear me!

Hey! Who just said that? Show yourself!

Are you serious? Can you see and hear me?

Who the hell are you and why are you sitting on a bookshelf!?

Yay! You have no idea how much I missed being able to talk to someone! And yes, I have something to do with the way you look, and don't freak out, but I'm like a ghost!

I can hear perfectly well, although you look a little transparent! In any case, you have something to do with my appearance!?

Great! Looks like I'm still sleeping!

I'm sorry to disappoint you, but alas, you're not sleeping! And I really am a ghost *tries to touch Nat's shoulder but her hand goes through*

Then maybe I really should freak out! But before that, could you take back my appearance?

I'm sorry, but it's not working that way! *Sophie retells the events of the last week*

So while I'm sleeping, you can possess my body and change my appearance? And you did it for fun?

Half an hour later

Just go home already! There is a great chance that you will return to your normal state when you wake up in the morning!

And what should I do now? I can't fall asleep!

Are you suggesting that I walk around like this? And also my sister should be home by now, and if she sees me in this state...

I really think you're worrying too much! You look just like an ordinary girl, and a cute one! As for your sister, you can say that you lost in dispute to the girls from the class!

You forget that I'm a guy! And it's more complicated with my sister, if she sees me like this, then I'm doomed! She'll force me to dress like this from time to time!

Since when has this become my hobby!?! And damn it, because of you, now I have to figure out how to talk Andy out of this stupid idea!

So you think your sister will even be happy about your hobby!? It makes everything easier, she will help you prepare for a date on Saturday!

You what!? It's such a wonderful opportunity! I would give anything to go on a date with such a handsome guy! Just imagine you're wearing a beautiful dress and cute makeup, you walk holding hands and at the end of the date he might even kiss you!

Blushes while imagining Silly! It's impossible, we're both guys, doing this would make us gays!

Is it bad? It makes everything even more exciting! A boy in a cute dress on a date with another boy! And the way you blush says that you don't mind so badly!

The way you talk about it probably makes me a little curious! But I still can't let my sister see me like this! So you'll have to help me with this date!

This guy is either a complete moron who is easy to manipulate, or he just really wants it all himself, and I'm just a tool to deceive his own common sense!

Of course! I am happy to help, but I do not know how!!!

Today you somehow did it! So, I'll come here tomorrow after classes and we'll try to find a way!

Anyway, I will do everything to help him become a Femboy! And I think his friend will help me a lot in this, because judging by his lustful look, he is ready to fuck this cutie on the first date!

The next day

Hi Sophie! You were right, when I woke up in the morning, everything was back to normal, including all clothes!

Hi Nat, I'm happy for you! By the way, how did you get home yesterday and what about your sister?

It was a little awkward, and it seemed to me that all the passers-by was staring at me! As for my sister, she was in the shower when I got back, so I was able to slip into my room!

Maybe just a little! By the way, do girls often wear lace underwear? One more thing my chest were swollen after wearing a bra!

I don't think you imagined it and everyone really looked at you! It's not everyday you see such a cute girl on a street! By the way, how do you like my surprise, I mean your underwear, did you get aroused while taking it off?!

I see! Well, I was thinking yesterday, you're said that everything has not returned to normal, because something suddenly woke me up! Maybe we should try setting an alarm to repeat situation?

Well, every girl wants to feel sexy sometimes! As for the chest, probably your body just isn't used to wearing a bra!

giggles Swollen, are you an idiot or just so naive!? Yesterday you had girly breasts, even if they were small!

Didn't you say you could only do this while I'm sleeping?

Interesting idea! But let's try mine first! So, do you mind if I try to possess your body while you're awake?

In fact, I just haven't even tried it! So what do you think?

And what should I do?

Just relax!

It looks like I can possess him even when he's not sleeping!

flies out of the body What happened, why am I falling!?

Hey Nat, I wanted to talk about what happened yesterday! Ow! You, you're wearing a girl's uniform again!

Great timing, boy! Let's give this girl a little push, and you'll get yourself a girlfriend!

Andy I, I just decided to practice a bit to avoid embarrassing myself the day after tomorrow!

So you don't mind? I just wanted to tease you a little, but I didn't think you'd really agree to it!

So even if I refuse, you won't tell my sister about it!?

If you are so against it, then you can refuse! But I would really like to go on a date with you, besides, it would be my first date!

No, no, no! They can ruin everything, I have to do something!

I'm sorry, Nat, I wanted you to choose it for yourself!

But if I don't intervene, then you may lose your only chance to accept your femininity!

Andy, do you really want your first date to be like this!? I may look cute, but I'm still a guy!

Sophie what the hell are you doing!

I liked you even before, but seeing you like this, I realized that I have a chance!

Oh, I'm surprised, but glad! And now as you know about my little secret and don't mind it at all, I think going on a date with you is going to be my gratitude!

You liked me before that!?! Bro, we were childhood friends and we're both guys!

Yes, of course, it will be just great! I'll go do my work at the club and then I'll be waiting for you at the entrance!

And you know what, how about you walk me home today!? I'm a little scared to go out in public like this, so it would be a good practice before our date!

Sophie, what have you done! Not only did you possess my body when I didn't allow it, but now Andy also thinks that I'm enjoying all this! I could have renounced this stupid date, and now instead I have to go home together with him!

I couldn't let you cancel the date! And walking home with Andy will be your punishment for this!

Couldn't let me? Who are you to decide anything in my life at all!?

I think I'll try to scare him so that he stops resisting!

You, you wouldn't dare do something like that! You can completely ruin my life with this!

Someone who can control your body as and when she wants! So if you refuse to entertain me, I'll have to do everything myself! And I don't mind going on a date with your friend!

It's easy for you to say, it's not your life! And this is completely wrong, and what will people think if two guys start dating!?

On the contrary, it will make it less boring! Or are you just so afraid of falling in love with your childhood friend!? It's so stupid to deprive yourself of pleasure because of stereotypes!

Okay, okay... maybe you're right... But I'm sure I won't fall in love with him, we are old friends and both guys!

Who cares what people think, just do what you like yourself! And besides, for those around you, you will be an ordinary couple! Because I'll remind you that you look like a girl!

I don't think I can do it, even as a practice! And Sophie, why did you call me Natalie twice already?

Anyway, Natalie, you shouldn't keep your boyfriend waiting too long! And since this is practice, try to at least hold hands with him while you walk home!

You're probably right about name! And just for you know, I'm not going to do something so obscene for anything! I'm a guy!

Because you need a girl's name just in case! One more thing! Remember that you have a woman's breast now, and it's very, very nice to play with it, so don't miss this opportunity!

Exactly cause you're a guy, there's no chance that you won't grope your breasts tonight!

Following day

So, how did your little practice date went yesterday?

It's was fine! We discussed the day as usual, except that we held hands all the way and he kissed me on the cheek goodbye!

And in the evening, did you try to do it?

I became curious, and after I pinched my nipples a little bit and they became hard, I may have got carried away...

What did I say, the girly body is amazing! Do you want me to make your breasts bigger today!?

I am fine with this size, besides I won't be able to hide them from my sister if they are bigger!

One more little push and there will be one more femboy in the world! I think I've found my calling!

By the way, what are we going to do tomorrow? I still need your help before the date, so I'll have to sneak into the school somehow!

Don't worry about that, today I'll come with you to home!

Oh, can you do that? You said you spent ten years at school!

Of course I can, I just had no reason to leave before! And my body is still lying in the backyard at the garden!

Hey! That's a little creepy!

I was killed by a previous principal, but let's not talk about it!
laughs ominously

Welcome to my home and to my room!

It's kind of dull here! I was expecting walls hung with posters of half-naked girls! And porn magazines in every corner!

I live in the care of my big sister, and she's pretty strict, so don't expect something defiant! Okay, you settle down for now, and I'm going to take a shower!

Shower, sounds interesting! Come on, I'll keep you company!

Oh, my girl, your nipples are so sensitive! *Moan* Now I understand why you couldn't resist yesterday!

Sophie, why are you doing this!? Why you have to do it in front of me!?

Why!? Firstly, because it's actually feels good! *moans* And also, I just... *moans even harder* I like to tease you! You're very cute when embarrassed!

Damn it, why do the moans of my own body turn me on so much!!!

It looks like my little Natalie decided to observe after all! Right on time, because I'm beginning to touch myself down there!

Are you, are you really going to do this in my body and when I'm around!?

I'm still willing to give you this opportunity! Of course, if you promise to finish what I started! Wow, what a sensitive body, I just touched your erect clitoris and the whole body was pleasantly covered with goosebumps!

You're right, if you feel how pleasant it is, then you probably will never be able to get satisfied with just your useless penis!

Although I am very curious, and yesterday I really enjoyed playing with my girly breasts, but to touch the vagina, it will be too much!

Oh my! The female version of my body is so sexy!

Who would have thought that I would enjoy masturbation so much! This body has great potential! And the way he looks at me, it's not just arousal, he envies me!

Don't worry, girl, if everything goes according to plan tomorrow, you'll learn what sex is!

I feel completely refreshed! A hot bath and a little naughty fingers, what else does a girl need! *laughs playfully* By the way, Natalie, you're kinda staring at my naked body!

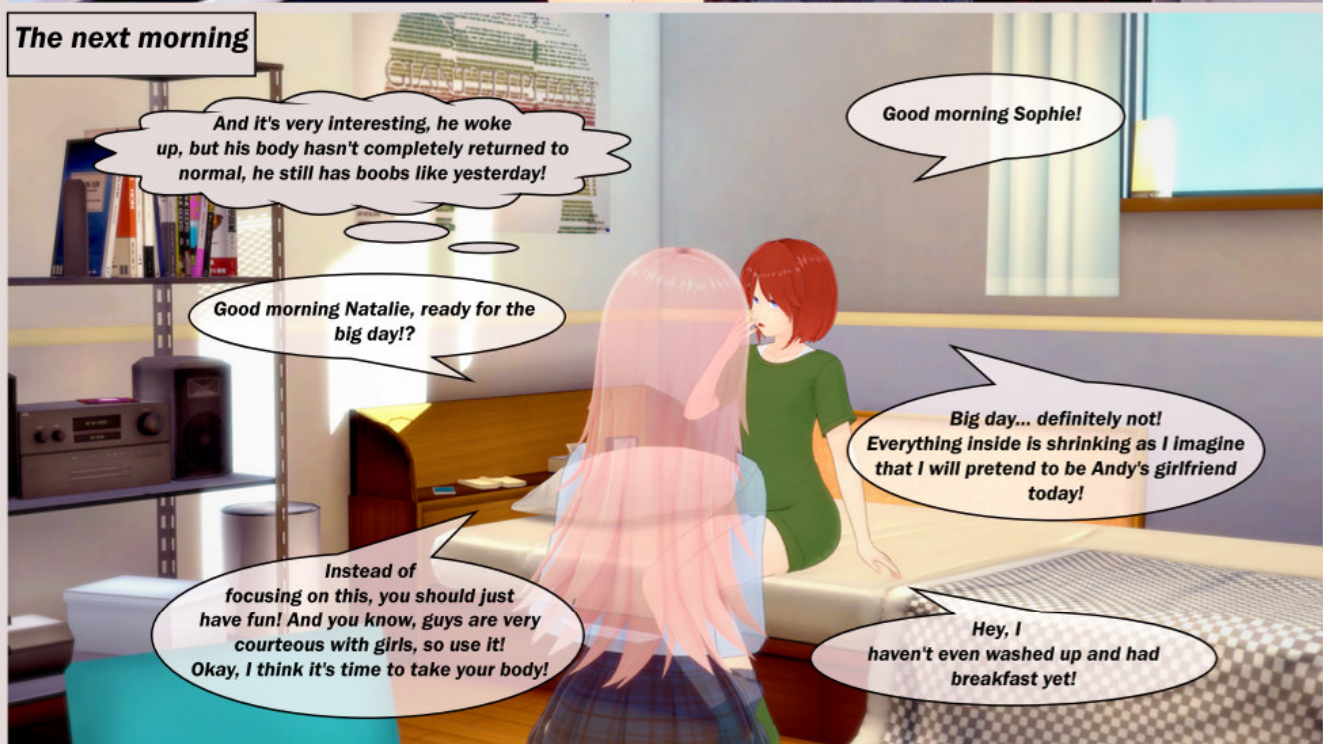

As you said, this is my body! And I can't deny that it's very attractive in this shape!

Oh ho ho! Girl, do you want me to return it to you in this state!?

I probably do! But my sister should be home by now, so maybe next time!

How quickly he changed his attitude! But no matter how much I tease you, it would be boring to make you just a girl!

The next morning

And it's very interesting, he woke up, but his body hasn't completely returned to normal, he still has boobs like yesterday!

Good morning Sophie!

Good morning Natalie, ready for the big day!?

Big day... definitely not! Everything inside is shrinking as I imagine that I will pretend to be Andy's girlfriend today!

Instead of focusing on this, you should just have fun! And you know, guys are very courteous with girls, so use it! Okay, I think it's time to take your body!

Hey, I haven't even washed up and had breakfast yet!

So, what do you think?

Hmm, longer hair looks pretty good, and I like makeup! But the provocative lingerie and breast size confuse me a little!

Do you want me to make them bigger! Good idea! And I think that your thing is too ridiculous with such panties, so I think we should make him smaller!

Don't touch my cock! And don't make my breasts bigger, I'm a guy, Logically I shouldn't have it at all!

You're so boring! OK, I'll make them a little smaller! And I also shrink your dick accordingly! And by the way, this underwear is quite ordinary, and you know, it is very important for self-awareness, the sexier underwear, the more feminine you will feel!

Isn't it just a piece of cloth like the rest of the clothes!?

Oh, how many revelations your new life is preparing for you, my girl!
laughs

You sound like you know something I don't!
And don't you think that this outfit looks a little casual for a date?

You can say that, or rather, you're just trying not to notice the obvious things!
So you want something cuter for a date?

What's wrong with that? And if possible, something that doesn't focus on my bare thighs!

And how to please you?
giggles Either too casual, or too girly!
Maybe you should just go in a school uniform?

Hey! I asked for something cute, not pretentiously girly!

Sophie, are you just having fun teasing me again!?

Of course! But you have to admit that you're having fun!

I have mixed feelings!
Although, it's true that it became easier for me when I came to terms with that I have no other choice but to go on a date as a girl!

What, it's already been so long!!?
Then let's stop at this sundress! And I understood you correctly, do you want to come with me!?

What do you say about this outfit?
By the way, I don't want to hasten you, but we'll should be going soon!

This, this will make everything even more awkward! But you'll do whatever you want anyway!

Of course! How can I miss such a show! But don't worry, I'll be watching from the sidelines, unless you will need my help!

Okay, then I'll add a couple of accessories and we can go! By the way, we still need to sneak into your sister's room, cause you need some girly perfume!

Cause I really wanted it and cause today you are my girlfriend! And your lips are so beautiful with lipstick, they are so tempting, I just couldn't resist!

You, you just kissed me! You even used your tongue! Why, Andy, why did you do that!?

Besides, you didn't really resist and even sucked my tongue a little!

Did I really do that? Oh, I totally did!

Did you like it? Because I certainly liked it! Can we try again to be sure?

I'm not sure, it was somehow nice, but wrong!

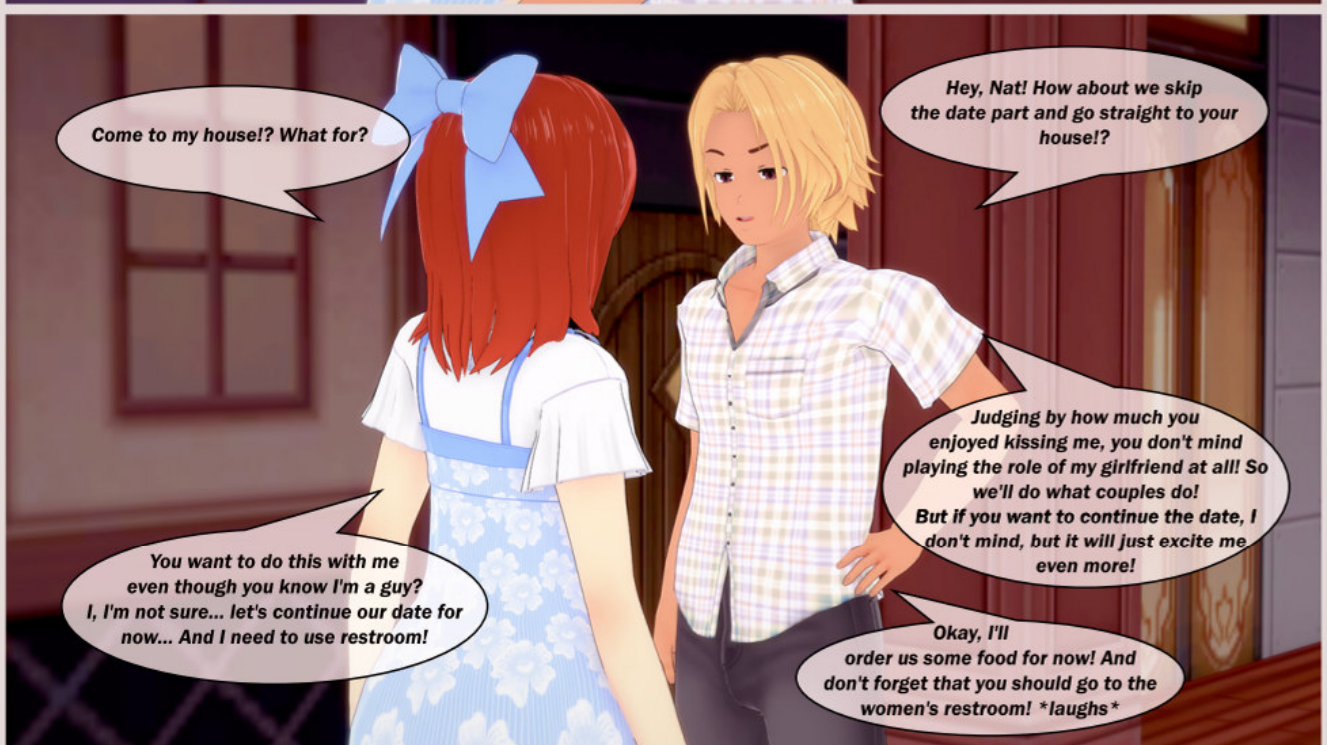

What? He just lifted me up while holding onto my thighs! And I'm clinging onto him! My gosh! I'm kissing him again, and it feels so good!

Then we definitely need to repeat it so that you make sure that you like it!

Oh, just shut up!
Taking a breath, she kisses him again, unable to resist the desire that overwhelmed her!

So, babe, what do you think about it now!? Did I manage to make you liked it!?

I am pleasantly surprised that such a naughty girl was hiding behind such a modest boy!

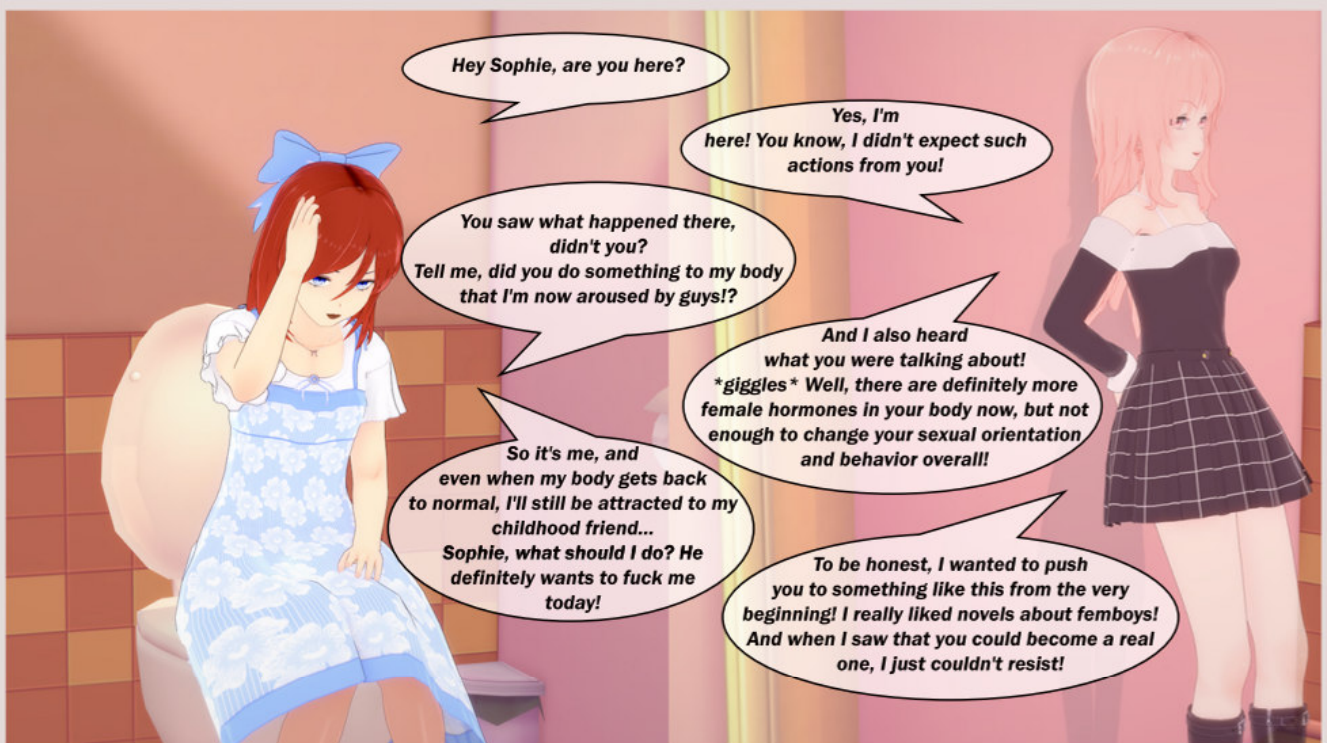

Come to my house!?! What for?

Hey, Nat! How about we skip the date part and go straight to your house!?

You want to do this with me even though you know I'm a guy? I, I'm not sure... let's continue our date for now... And I need to use restroom!

Judging by how much you enjoyed kissing me, you don't mind playing the role of my girlfriend at all! So we'll do what couples do! But if you want to continue the date, I don't mind, but it will just excite me even more!

Okay, I'll order us some food for now! And don't forget that you should go to the women's restroom! *laughs*

Hey Sophie, are you here?

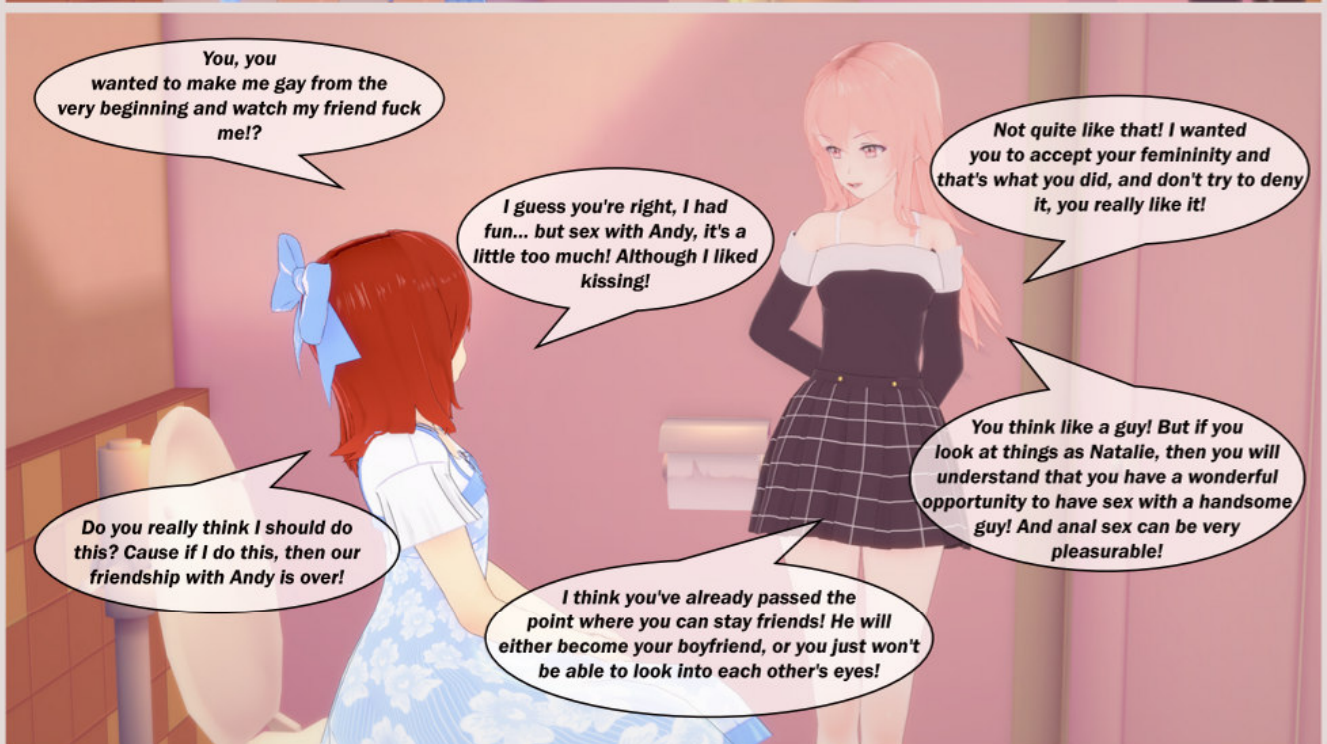

Yes, I'm here! You know, I didn't expect such actions from you!

You saw what happened there, didn't you? Tell me, did you do something to my body that I'm now aroused by guys?

And I also heard what you were talking about! *giggles* Well, there are definitely more female hormones in your body now, but not enough to change your sexual orientation and behavior overall!

So it's me, and even when my body gets back to normal, I'll still be attracted to my childhood friend... Sophie, what should I do? He definitely wants to fuck me today!

To be honest, I wanted to push you to something like this from the very beginning! I really liked novels about femboys! And when I saw that you could become a real one, I just couldn't resist!

You, you wanted to make me gay from the very beginning and watch my friend fuck me!?

Not quite like that! I wanted you to accept your femininity and that's what you did, and don't try to deny it, you really like it!

I guess you're right, I had fun... but sex with Andy, it's a little too much! Although I liked kissing!

You think like a guy! But if you look at things as Natalie, then you will understand that you have a wonderful opportunity to have sex with a handsome guy! And anal sex can be very pleasurable!

Do you really think I should do this? Cause if I do this, then our friendship with Andy is over!

I think you've already passed the point where you can stay friends! He will either become your boyfriend, or you just won't be able to look into each other's eyes!

And what to do with the fact that the first sex can be painful!?

With the right amount of lube, everything should be fine, although it will still hurt at first! But soon the pain will turn into pleasure and it can awaken your femininity even more!

Can you do something that will make my first time less painful?

Of course I can, but do you really want to lose your virginity just from the manipulations of a ghost instead of doing it with a guy who genuinely in love with you!? Does this mean that you are ready to do it with Andy?

At this point, why not give it a try! What more to lose? And, if I don't like it, then I'll just continue to be an ordinary guy that I was before!

I like your logic girl!

Well, Nat, what are we going to do in the end!?

Natalie! You know, this name really suits you! And a bit bitchy behavior too! And I also think that my dick deep in your ass will suit you very well too!

I'm sorry, I just don't know how to find the right balance! You're my childhood friend that I've known since kindergarten, but now you're also a girl that I really like!

Today, please call me Natalie! Personally, I would like to continue the date, but looking at you and your boner that stands out so much, it seems to me that you just want to fuck me as soon as possible!

And I think that with such remarks you will stay a virgin for the rest of your life! I want to feel like a girl, not a whore who gives to everyone without second thoughts!

Right after the cafe, the couple decided to go straight to Natalie's house!

Guys are always so impatient!? By the way, do you know that you're snuggling up to me with your boner?

First of all, I would like you to put me in the mood for this! How about foreplay and kissing!?

Today I'm not acting, I'm indeed a girl and treat me accordingly!

So, Natalie, now that we're alone, how about we get down to the fun part!?

Hugs her, and holds her even tighter Of course I know, and I hope you are amazed by my size, because very soon you will be able to test this inside yourself!

You're acting just like a girl, but who am I to not please you!

Why doesn't it feel weird and disgusting!?! I've never liked guys before, or rather I just didn't think about something like that! But right now I'm enjoying being in the arms of a strong man!

And his lips sucking on my tongue make me so horny! My nipples have become so sensitive and hard, and even through clothes it's feels so good when my breasts pressing against his chest! Damn it, I'm behaving and responding just like a girl!

He's acting like a girl! More precisely, "she"! Maybe she was right, and I make her not just breasts, but made her feminine!

Holy, Natalie! Your ass is fucking amazing! And stockings with girly panties only accentuate it! Tell me, could it be that you also put on a sexy bra!?

Of course I do! It would be wrong not to wear it, and it makes my breasts look bigger!

It still looks hot, even though it's not quite what I wanted! I wonder after what happens today, will her body remain like this in the morning, or will it return to what it was?

Hey, do you mind showing it to me!?

Are you sure you're not a girl? Because you definitely have a small, but very cute breast!

Don't be silly! How can you ask such a thing when your knee is pressing against my balls!?

Andy puts a little pressure on her nipples and Natalie let out a sexy moan! This is definitely a reaction from a girl, do you like it when I touch you like that!?

Yes, I really like it, and I will like it even more if you decide to suck them a little!

Moans with pleasure

Baby, you're moaning so sweetly! I thought you were forcing yourself to speak in a high-pitched voice, but apparently it just changed!

Oh, no, I didn't force myself, it's my usual voice!

Oh, you didn't even notice it yourself! You know, it's a little disappointing that you didn't tell me that you started taking female hormones!

Oh, that's how it looks from the side, but if I tell him that I was changed by a ghost, he will never believe me!

Nat is it really feeling so good that you move your hips so much and rubbing your crotch against my leg?

Damn it! I got so carried away that I didn't notice how I started rubbing against him, and it's so pleasant, I think I can even cum from that!

Maybe I overdid it, but it doesn't seem like she's against it! And she's also taking full advantage of her new body!

Natalie cums in her panties, unable to resist the pleasure! Overwhelmed in strong orgasm, she leans on Andy, hugs him tightly and merges with him in a passionate kiss!

laughs Natalie, it was so pleasant that you wet your panties!?

And what if I did it, do you have any problems with it!?

No, I even think it's damn cute and fucking hot that my girl ends up cumming just because I caressed her breasts a little! But now after all this, my dick is also craving a little love from you!

Then I think it's time for me to see and take care of him!

Wow Nat, your penis has shrunk so much since I've seen you naked! Hormones work wonders! But you know, this way he looks very sexy on your tender girly body!

Damn it, Sophie, why did it have to be so small, yes, I'm not going to use it now, but how will I explain it when my body returns to normal!

I'm glad you like my girly dick, but weren't you going to show me how it should look like on a real guy!?

You right! Sorry, I got a little carried away with your lovely body! I've only seen shemales on the internet, but you're much prettier than any of them, and you're also my girlfriend!

I am! But only for today!

I am certain that after you try it inside yourself, you will totally become my girlfriend and will often ride this beast!

Wow, how spectacular and beautiful!!! Damn it, Natalie, how can you be so impressed with another guy's dick! But this smell that fills my nostrils is so dirty, but so arousing!

Baby, how about you quit staring at him and try to hold it in your hands!?

Oh my! Andy, your dick is so huge! I can't even wrap it with both hands! And it's so warm, even hot, in every meaning!

I can't resist, I'll try to lick it! It's a little salty, but so delicious!

What am I doing!? Can't help but to take it in my mouth, I want to suck it!

How low have I fallen, I suck my friend's dick and get enormous pleasure from it! I probably won't be able to get to be an ordinary guy anymore after I've done this!

Natalie, is this really your first blow job? Because you use your tongue so well!

Maybe because I was a boy before!

Perhaps! By the way, I'm almost at the limit and I'm going to cum soon! Do you mind if I do it on your face?

Do it on my breasts, cause I don't want you to ruin my makeup!

Yes, baby! I've never come with so much semen in my life!

Natalie, you are the best girl any guy can dream of!

Andy shut up! Your mouth and tongue have a better use! *They merge again in a long and passionate kiss*

Of course I feel how your thing is pointing between my buttocks! But I'm not sure that my virgin ass will be able to take in such a monster!

Nat, do you feel it? Looks like I'm ready to continue!

Hey baby, don't tell me you're gonna dump me and don't let me put my dick in you!

I can satisfy you with other ways! But I'm not ready to let you fuck my ass! You'll just tear me up with your size!

If we don't do this, we will stay virgins! Besides, just imagine how embarrassing it was for me to buy lube!

I'm sorry, Natalie, but I can't let you refuse now, but don't worry, I'll give you back your body as soon as Andy put the head of his penis into your ass! And trust me, you will be grateful to me later!

Sophie, what the hell are you doing!? Give me my body back immediately!!!

Do you really want my ass that much? I can blow you again and even let you cum in my mouth!

It's very tempting, but still I want us to have sex, I want to be inside you! And God, Natalie, if you only knew how sexy you've become!

Well, I think we can at least try, but promise that you will be really gentle with me! And that you can stop if it will be too painful for me!

Thank you baby, and I promise I won't hurt you!

Nat, your hole is so beautiful and it has such a tender pink color! I can't find the words to describe it! I'll just call it ass-pussy!

For a start, work out my hole with your fingers a bit and don't stint on the lube!

You're a traitor! You also dare to ignore me! But damn it, looking at my body in this position, I understand why Andy wants to fuck me so much!

Should I push my finger so that it slips inside!?

That's the point! And I won't let you insert a dick until two of your fingers will freely slip into my ass!

Wow, what a tight hole! But the tip of my finger still slipped inside, and your ass-pussy seems to suck it even deeper! Does it hurt?

No, and it's strangely pleasant! So move your finger more!

Inserts finger deeper
Somewhere there should be your prostate, and they say that by pressing on it you can give your partner pleasure!

Oh fuck! How pleasant it is! Yes! That's it! It's so fucking awesome!

Baby, it seemed to me or you just came from me massaging your prostate with two fingers!

Fuck! **moans with pleasure**

And why did I get cold feet I could enjoy his fingers right now! I envy Sophie, she seems to be absolutely delighted!

I totally did! And it was indescribable! You use your fingers superbly! Your girl is pleased! And I think you deserve the right to insert something bigger into me!

So, handsome are you ready to put your giant dick into my ass-pussy and make a girl out of me!?

If he puts his dick in my ass now, will it make me gay, or as Sophie said, I'll become a girl?
It doesn't matter! I just want to find out for myself how it will feel!

Nat, are you sure you want to do this? There will be no turning back after that!

Turning back to what?! We kissed, I blew you off and came from your fingers in my ass-pussy! So just push a little and let the glans of your dick penetrate me and make me your girl!

Well, that's it, Natalie, with Andy's dick in you, you've finally become a femboy or a girl, whichever you like the most! Now just enjoy it!

Oh! Fuck! It really slipped inside of me!
How can something so big just get in like that!

**Damn it
Nat, your ass-pussy is so tight
and warm, it squeezes my dick so hard!
This is the best feeling I've ever had in
my life!**

**I, I think I
can't hold any longer! I'm going to cum,
I'm going to cum into your magnificent
ass-pussy!**

**Do it! Fill me with your seed,
make me a girl!**

Moans crazily

Grunts and cums!
Yes baby, receive my seed!

**Hey, Nat! Did you like it!? Because I, I
really enjoyed it!
And I also have to say that I love you, and even if
this is not the best moment, but this is how I
feel about you!**

**Damn it, Andy, this is
definitely not the best moment! But
maybe I like you too! Heck! And yes, although
my ass is burning terribly from the inside right
now, but that sex was amazing!**

**After that, they took a shower
together, and after a series of
crazy kisses, Andy went home!**

Following morning

Yawns
What a crazy day was yesterday! I went on a date as a girl and then had sex with my childhood friend! And it was amazing!

However, now my back and legs are a little sore, and my ass itches!

Stretching, she looks at herself in the mirror and becomes terrified!
What the fuck! It's already morning, but my body hasn't returned, it's the same as it was yesterday before going to bed!!!

Sophie, Sophie, are you here!!?

Good morning, sleepyhead! What's the commotion that you're shouting so much!?

Can't you see it yourself? My body didn't come back!!!

Of course I see it, but isn't that what you wanted? You agreed to become Andy's girlfriend yesterday, wouldn't it be easier with this body!?

But didn't you say that my body returns to the state it should be after sleep!?

This can't be true! I'm a guy! I'm definitely A GUY! And why didn't you tell me anything when you noticed these changes!?

I have a theory that you are returning to what you consider your body, and not to the male version! After you played with your breasts, they stayed with you! Yesterday you woke up and you were already wearing lingerie and makeup! Today you accepted the body in which you had sex!

Why should I interfere, I wanted you to become a femboy! And how can you call yourself a guy after what you did yesterday!?

It's all this body's fault, I couldn't resist its desire! Give me back my original body!!!

You voluntarily kissed, consciously brought Andy to your home, sucked his cock with pleasure, enjoyed watching him caress me in your body, and most importantly, it was you who started moving your hips when you got used to the penis inside you!

As you wish Natalie, but I'm confident that it won't change anything, and when you wake up next time you'll be a cute femboy again!
Take a closer look, are you sure you want this plain body? And also look at how you ghost is looking, it represents how you see yourself, and in it you are girl!

My inner self is a girl?
No, I can't accept it!

Natalie took a nap

I don't know if I'll disappoint or please you, but you've become feminine again!

Sophie,
I'm afraid to look at myself, am I still a guy or do I look like a girl again?

Honestly, I don't know! I don't hate my male body, but I look much cuter as a girl, besides, Andy likes this body, and he's my boyfriend now!

But what should I do if this is my body now... I won't be able to live as a guy anymore, and I won't be able to hide it from my sister!

Maybe you should just tell her the truth!

Hey, I'm not crazy! I am kind and caring and help cute boys realize that they want to be girls! But you're right, your sister won't believe it for anything! Although we can show her how you change!!!

The truth... *giggles* about how a crazy ghost possessed my body and turned me into a half-girl!

Maybe then use what Andy suggested? That you wanted to become a girl and secretly started taking pills to change your body!? It's realistic, and your body looks like you've been taking hormones for almost six months, and now that it's hard to hide, you've decided to confess!

We'd better not do that, or she might lose her mind!

She will definitely kill me if she finds out that I've been hiding something like this from her for six months!

A month has passed!
