

Are you sure that you're down to learn one more spell before school today?

I'm absolutely down to learn another spell! The more, the better!

You've already learned a lot over winter break already.

There's that classic Christen enthusiasm.

Alright then, you've already figured out levitating other objects and mind reading.

So let's move on to one of my favorites. Teleportation.

Yes! I can't wait to teleport to anywhere I wanna go.

Actually, your teleporting powers would be kinda limited.

Only sorcerers from the Sapphire bloodline can teleport anywhere in the world.

Everyone else has a limit of about 250 miles at best.

But don't worry. If you want to go anywhere, I'll be happy to teleport you there.

Really? That would be so awesome.

I've always wanted to go to Egypt, or Paris, or Melbourne.

Those all sound great, but I think Mount Blanc outdoes all those places.

But let's get back to the spell. Visualize the place you want to go, and then focus your mana.

Got it. I'm a little nervous about this, though.

Relax. You've done well with everything else so far, so you've got this.

Concentrate on that one place, then release your mana.

Oh wow, she actually did it! A full teleportation on the first try!

Now... where did she go?

And will she be able to get back here?

As impressed as I am with Christen, I do worry that she won't be able to get back here.

Let's see... if I were Christen, where would I teleport to?

Woah! That was so cool! This is definitely my favorite power so far.

Great job. You got the hang of that faster than I expected. By the way, where did you teleport to?

And I want you to know that I appreciate your patience and knowledge.

Even though I've only known you for two weeks, you've sacrificed a lot of your time to train me in magic.

And I appreciate your constant kindness and enthusiasm.

Oh, I went to the nearby flower shop and got you these roses.

Wow, thank you so much. No one has ever gotten me flowers before. You didn't have to do that.

I know, but I wanted to thank you for everything you've done for me.

Giggles!

After all, you couldn't keep your hands off me on New Years Eve.

I wanted to start the new year off on a great note.

I lost track of how many times I orgasmed that night.

You're not like any other sorcerer I've met. Most other sorcerers our age are self-centered pricks.

But you're thoughtful. And I love your wide-eyed optimism. Almost as much I love your smoking hot body.

Damn right. Who wouldn't want a piece of me?

After everything you've done for me, I'm willing to do anything to make you feel happy, Izzy.

Especially if it involves jumping your bones as either Isabelle or Isaiah.

That reminds me.

I wanted to ask, .. do you prefer me as a man or a woman?

I like both, but I can never decide.

Hmm, that's tough. I love how cute and curvy you are as Isabelle, but I adore your thick cock as Isaiah.

So... is it cheating to say that I really like Isabelle and Isaiah?

No, it's definitely not cheating.

I've never met anyone who is open to both sides of me.

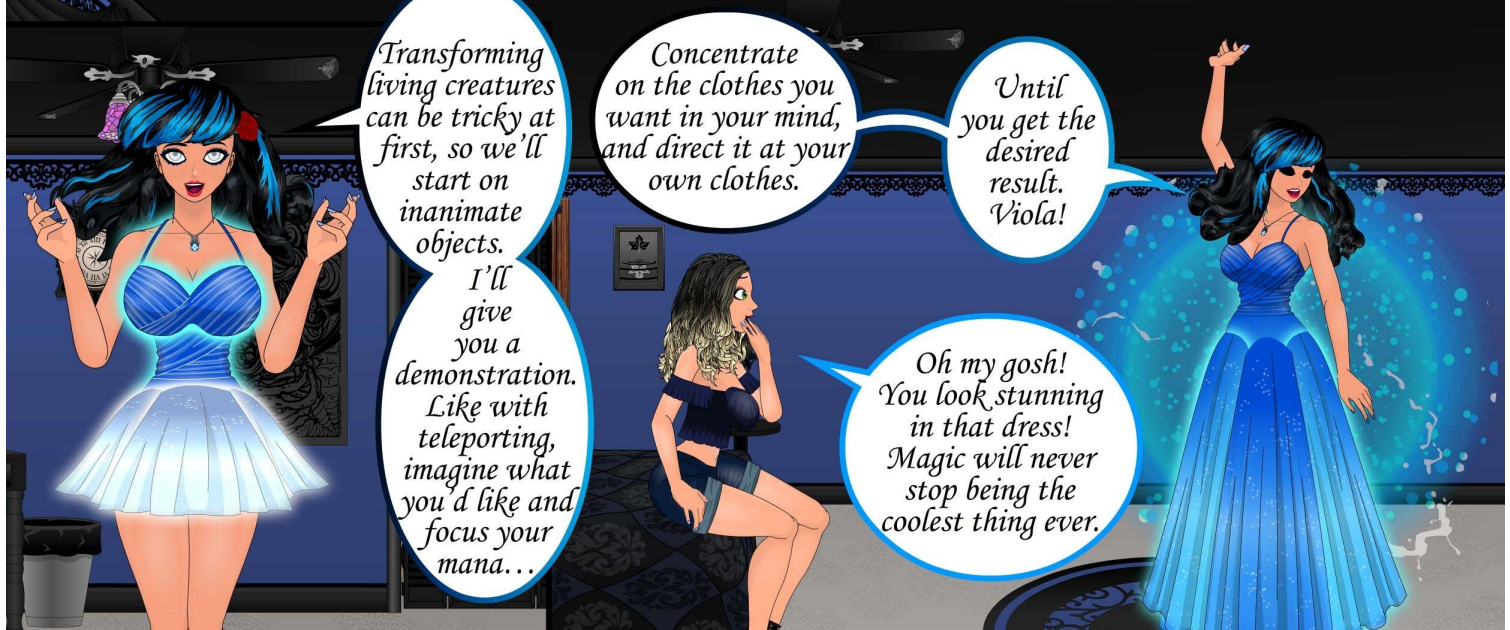

Especially since I love being a man and a woman too.

Since you've got me in a great mood now, how about I teach you one more spell before school?

Yay! What'll it be this time? Hopefully, something to use during sex.

I was thinking a clothing transformation spell.

Transforming living creatures can be tricky at first, so we'll start on inanimate objects.

I'll give you a demonstration. Like with teleporting, imagine what you'd like and focus your mana...

Concentrate on the clothes you want in your mind, and direct it at your own clothes.

Until you get the desired result. Viola!

Oh my gosh! You look stunning in that dress! Magic will never stop being the coolest thing ever.

Heh, I don't normally wear outfits like this. But it feels really nice.

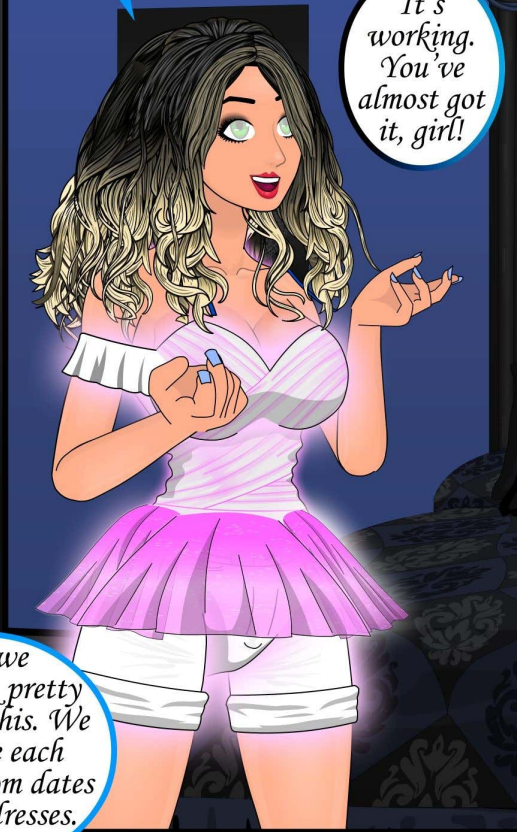

You are breathtaking. I wouldn't mind adding that dress to my own wardrobe.

You definitely can do that... by transforming your own outfit. Give it a try!

SIGN...
Alright. I've got this.

Magic isn't so bad when I focus on just one thing.

It's working. You've almost got it, girl!

Woah! I think I've outdone myself with this dress. I look amazing!

Girl, you'd look amazing in anything. But you are drop-dead gorgeous in that dress.

Well, you knew exactly how to tempt me with this new spell. With a sexy new dress!

But we both look pretty sexy like this. We could be each other's prom dates in these dresses.

Great job, Christen. You're picking this up so much faster than I expected.

I don't normally go to prom, but I'd go with you on my arm.

I'm surprised that you don't go to prom more often. You could easily be prom king or queen!

Say, I'd love to capture this moment of us together. How about a quick picture of us?

Sure, I'd be happy to take a picture with you.

Oh?

What was that kiss for?

N-nothing! I just got caught up in the moment, you know?

You looked so cute in your dress that I couldn't resist.

Anything you say, Izzy.

But if you want me to be your prom date, all you gotta do is ask.

Don't tempt me with a good time. By the way, can you text me that picture you took of us? I wanna save that one.

Literally any outfit I can imagine is at my fingertips now.

There's so many clothes that I wanna try on now. But there's one thing I've always wanted to wear as Christen.

Sure thing. God, I still can't believe that I can transform my clothes.

When I was a man, nothing was sexier than a woman in sexy lingerie.

But now, I'm giddy about actually wearing that lingerie.

Especially something that makes me look like an Erica's Secret model.

I love the way it hugs my curves with this soft silk.

Mmm, now this feels incredible.

What do you think, Izzy? Should I do some modeling for you?

Give it all you've got, Christen. Strut your stuff!

Damn, Christen is a knockout in that lingerie. And she knows it too.

Her little teasing is really getting me all worked up again.

Fuck it, I can't resist Christen right now. Not when I'm in such a good mood.

For someone who's only been a woman for a couple months,

you've gotten really good at seducing people.

Damn right. I just love seeing that lustful grin on people's faces.

Like the one you have right now. I'm not getting you all hot and bothered, am I?

I'm always a little hot and bothered when I'm around you.

And there's no way I can go to school without relieving some of that sexual tension first.

I think you feel the same way, right?

You know I do. The question is... what are you going to do about it?

Oh, so you want me to take charge? I'm all for that.

In that case, come over here and give me some sugar.

God, I really do like the way it feels when we kiss.

Her lips are so soft, but I love it when she takes charge too.

You know, as much as I love your blowjob skills, I want to see how good you are at eating me out.

It's been a little while, but I'm down to try anything with you.

Especially since I promised to follow your orders, master.

Mmm, Izzy is already sopping wet and we've barely started.

It amazes me that we've had sex countless times over winter break, and it's still just as exciting now as it was when we first met.

MOAN!!!

MOAN!!!
Yes! Slide your tongue in deeper!

Oh, Christen!

Those little nibbles of yours are driving me crazy!

Fuck!!

Hehe, it always thrills me to hear her sweet moans like that.

As much as I love getting fucked, I think I love giving pleasure even more.

I'm not sure what I like more: getting my cock sucked, or my pussy eaten out.

Either way, I'm happy to be with someone who is good at both of those.

Oh fuck!! I love the way you flick my clit with your tongue!

It's sending me over the edge!

I can't hold on any longer!

MOAN!!!

Sounds like you enjoyed yourself. How are you feeling now? Still hot and bothered?

Not as much. But now I intend to return the favor. It's only fair.

First, though, let me see those big, beautiful breasts of yours.

MOAN!!!
Oh god! They're all yours, Izzy!

I really can't get enough of Christen's perfect breasts. They're so soft and supple!

It's funny... When I was with Jennifer, I didn't usually care about getting her off.

But Christen is so eager to please that it feels wrong not to do the same for her.

Especially when she has the sexiest body I've ever seen.

MOAN!!!
I love it when you play with my breasts and pussy at the same time!

Oh, I'm just getting started with you.

Lay on your back for me, gorgeous. I want to be on top.

Good, I love it when you get on top.

MOAN!!!
Oh fuck! This feels so good!

Mmm, yeah. You like the way my pussy feels, you dirty little slut?

I do! But I know you like this just as much as I do!

You're not wrong. I admit that I'm just as much of a slut as you are!

I'm a dirty girl when I'm around you.

What can I say? I bring out the horniest in people.

And I wouldn't have it any other way!

Good girl.

So I take it you like being my dirty little slut, don't you?

MOAN!!!
I do! I can't get enough of it.

I'll be anything you want me to be. Just don't stop, Izzy!

Anything for you, Chrissy.

Oh fuck!! I- I can't hold it back any longer!

I'm cumming!

Me too! Let it all out, Christen!

PANT! PANT!
Hehe. I hope I never get over how intense female orgasms are.

They're pretty great, aren't they?

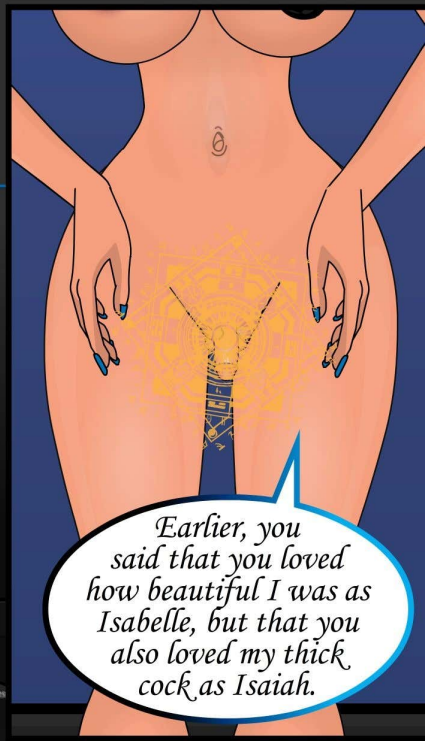

But I still can't decide if I like a female or male orgasm better. They both have their advantages.

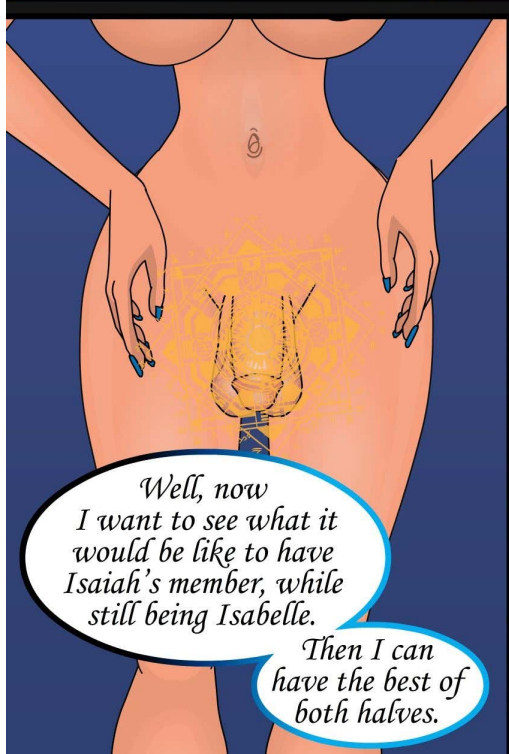

In fact, I've got an idea. How about we run a little test to find out?

What do you mean? Are you turning back into Isaiah?

Not exactly.

Earlier, you said that you loved how beautiful I was as Isabelle, but that you also loved my thick cock as Isaiah.

Well, now I want to see what it would be like to have Isaiah's member, while still being Isabelle.

Then I can have the best of both halves.

Not bad, huh?

Oh wow, and I thought you couldn't get more attractive, Izzy.

I know I just orgasmed, but seeing you like this is getting me all worked up again.

I know how you feel. Looking down and seeing my cock poking through my cleavage is turning me on.

I feel really good like this. Powerful and sexy.

Mmm, when I said I loved Isaiah's cock, I never thought I'd see you like this.

I can't believe I haven't thought of this before. I think we should continue this experiment.

Are you up for round two, gorgeous?

How could I say no to you when you're already rock hard?

Where would you like to start? Maybe a titjob?

As good as that sounds, I don't want to make us late for class.

I'm fine with skipping the appetizer and going straight to the main course, if you are.

That sounds like a great way to end this amazing winter vacation.

Give it to me, Izzy.

I want your thick cock to fill me up so badly. Fuck me hard, you stud!

I love it when you beg like that. You're so cute when you do it.

But if you want my cock so badly...

Then take as much as you want!

Oh fuck! Yes! I want it all, Izzy. More!

Give it to me!

Heh, I knew giving myself a penis would be a great idea!

MOAN!

Fuck!
Oh god, I love
the way it feels
when you fuck
me, Izzy!

Mmm,
I love it when
you sweet talk
like that
during sex,

Keep
it up,
Chrissy!

I love
how your
thick cock fills
me up!

MOAN!

And it's
awesome that
you're into
sensual sex and
the rough stuff,
too. You're so
flexible!

Oh, you
like it when
I'm rough,
huh?

Well, I love
it when I see that
perfect ass of yours
jiggling from
this angle!

That's it!
Who's my
dirty little
slut?

Heh, I think
"Mistress" sounds
even better than
"Master", coming
from her.

As much
as I love this
angle, let's
switch
it up.

I wanna
feel you
riding this
dick like a
bucking
bronco.

SMACK!!

MOAN!

I am!
I'm all yours,
Mistress!

MOAN!

Yes,
Mistress. That's
my favorite
position,
anyway.

You like
it when I ride
your thick
cock, baby?

I do. Mostly
because I love
the view of you
bouncing up
and down.

Fuck!
The way you
move on my
cock is driving
me crazy!

Giggle!

See what
I mean about being
both sensual and rough?
You're so good at
both of them!

MOAN!

Fuck! I really hope riding cock never stops being so intoxicating!

moan...

I can't last much longer! I'm gonna cum!

Oh fuck!

Yes!

Yes!!

YES!!!

MOAN!!!

That's it, Izzy! Give me every last drop!

You teased me about a tit-fuck earlier, and that's how I wanna cum!

I knew you couldn't resist these titties!

Cum for me, Izzy! Give it all to me!

Giggle!

Mmm, nothing quite like a tasty load in the morning. What a great way to start the day.

You never cease to amaze me with your eagerness, Christen.

But that felt absolutely amazing. I might use this form often.

I think this is your sexiest form yet. Are you going to go to school like this?

I might, but for now, we'd better focus on getting dressed.

Classes start in ten minutes.

Oh crap! We're so late! Were we really having sex for that long?

I'll never make it to class on time!

Don't sweat it. I can teleport you to class in no time. I've got you covered, girl.

Oh right. Sorry, all this magic stuff is still new to me. It's taking me a while to get used to.

But I should get dressed first.

Let me try out that clothing spell you taught me again.

I'm just so excited to see how different school will be as Christen.

Especially now that everyone remembers me as a woman.

Oh, you'll definitely make a good impression wearing that.

Giggle!

Thanks! I think today is the day that I live by a new motto: Dress to impress!

I know you're excited about your first real day of school as Christen, but it still might be jarring.

Everyone you know is going to remember a different version of you.

I appreciate the concern, but I'm not too worried about that.

After a few months of pretending to be other women, I've gotten pretty good at rolling with the punches.

It'll be fun to see just how different my life is about to get.

Heh, can't really argue with that optimism.

By the way, we still need to tell your sister that she's a sorcerer.

Oh yeah, Jessica will be so excited. Let's do that after school today.

I've got the perfect place in mind to take both of you after school. You're going to love it!

Oh, I love a good mystery! I can't wait to spend more time with you.

Northshore High School cafeteria, later that afternoon...

I'm so glad to finally be out of my cast.

But I also wonder where Chris is? I haven't seen him all day.

Then again, I didn't see much of Chris at all over winter break.

He kept saying that he has busy studying, which really isn't like him.

Maybe I'll see him as Christen at cheer practice today?

Hey Sis! Have I got a lot to tell you about my day!

Chris?! W-what are you doing? Why are you Christen during school hours?

Relax, I've got everything under control.

You have everything under control? That would be a first.

Touche. But I mean it this time. As far as everyone is concerned, Christen is a student at Northshore, now.

Really? How'd you make that happen? And be honest with me.

I can't tell you everything right now, so I'll just say that something amazing happened over winter break.

I met someone very special, who has powers like me. And they made it so that everyone at school only remembers me as Christen.

What?! You mean nobody at school remembers you being Chris? How come I still remember you as Chris?

I made sure that you were the only one. I like where you and I are at right now, and didn't want to ruin it.

Okay, even after learning that you can transform into other women, this still seems a little hard to believe.

Believe me, I was super stunned when I learned about this person's powers, too.

But it totally worked. Everyone acts differently around me, now, and I love it!

I've been getting tons of compliments from our female classmates. Some have even asked me for beauty tips.

And I've gotten hit on by a few male classmates already, including a couple football players.

I'm happy you're getting what you wanted. Did you get the football players' numbers?

Nah, I politely turned them down.

Wow, you turned down an offer for a date? Color me impressed.

Don't worry, I still know that I'm the sexiest girl in this school, and can get any guy I want.

I just... made some afternoon plans with someone I really like. That's all.

I... I wouldn't say that I'm smitten. Just... appreciative.

Oh, are you smitten with someone? Give me all the details, girl!

They're smart, witty, and have all the confidence in the world.

That definitely sounds like you're enamored with them to me. What's their name? Would I know them?

You don't know them, since they don't go to our school.

But they're coming to see me after cheer practice this afternoon. You should introduce yourself.

You bet I will. I can't wait to meet them, Christen.

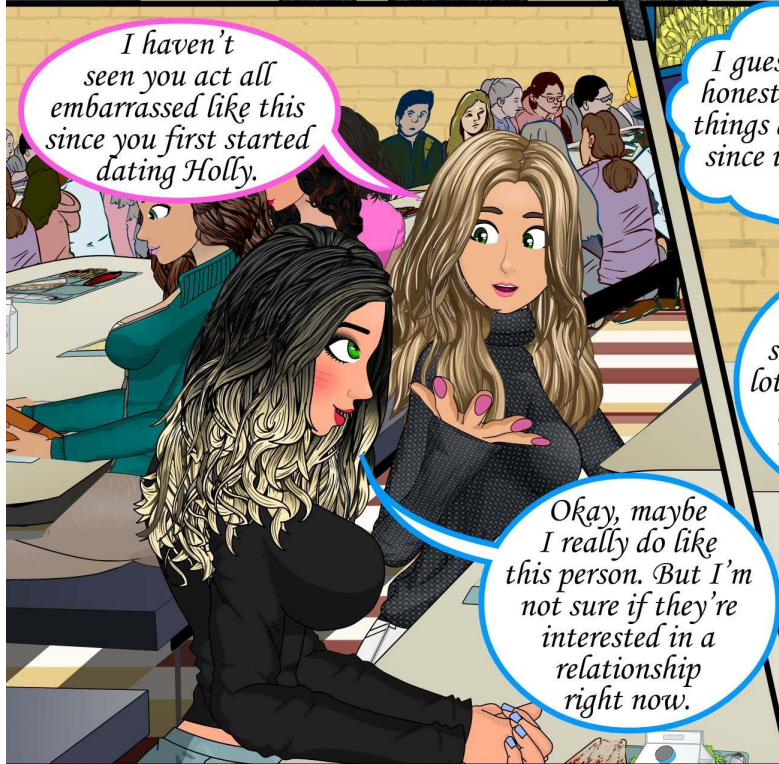

So are you going to keep me in suspense about this special someone?

I'd love to give you more details, but I want you to see them for yourself.

Well, if they have powers like you, then I'm interested in meeting them.

Plus, I wanna learn more about my sister's potential new partner.

Stop! They're not my partner yet. You're gonna make me blush!

I haven't seen you act all embarrassed like this since you first started dating Holly.

I guess I can be honest with some things about Izzy, since it's Jessica.

Okay, maybe I really do like this person. But I'm not sure if they're interested in a relationship right now.

They're just starting to learn a lot about themselves, and I think they want to explore.

I don't know if they want to be tied down to one person.

Have you told them how you feel about being in a relationship yet?

Well, honestly, not yet. I've been a bit intimidated to ask them.

Then I'd start there. Tell them how they make you feel, and that you want to explore with them.

These days, everyone thinks that honesty is one of the sexiest attributes.

I hadn't thought of that. Thanks for the advice, Sis. I'm glad I can talk to you about stuff like this.

I'm always gonna be there for you, Christen.

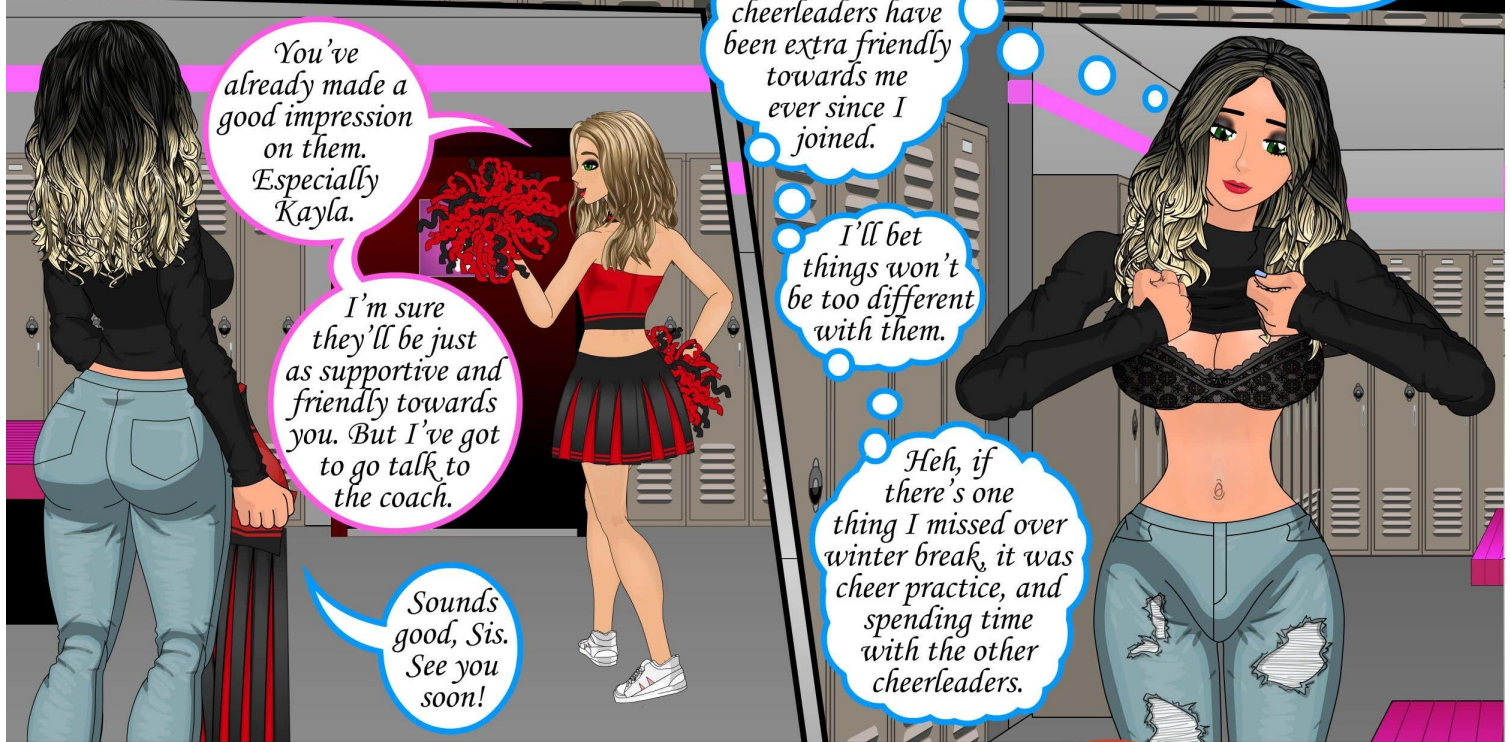

I'm so glad that your leg is finally healed up, Jess. It'll be great to finally do a full cheer practice with you.

I feel the same way. I'll have to step up my game, now that you're on the squad.

What can I say? I know what the crowd wants to see.

But I wonder if the other cheerleaders will treat me differently, now that they only remember me as a woman.

You've already made a good impression on them. Especially Kayla.

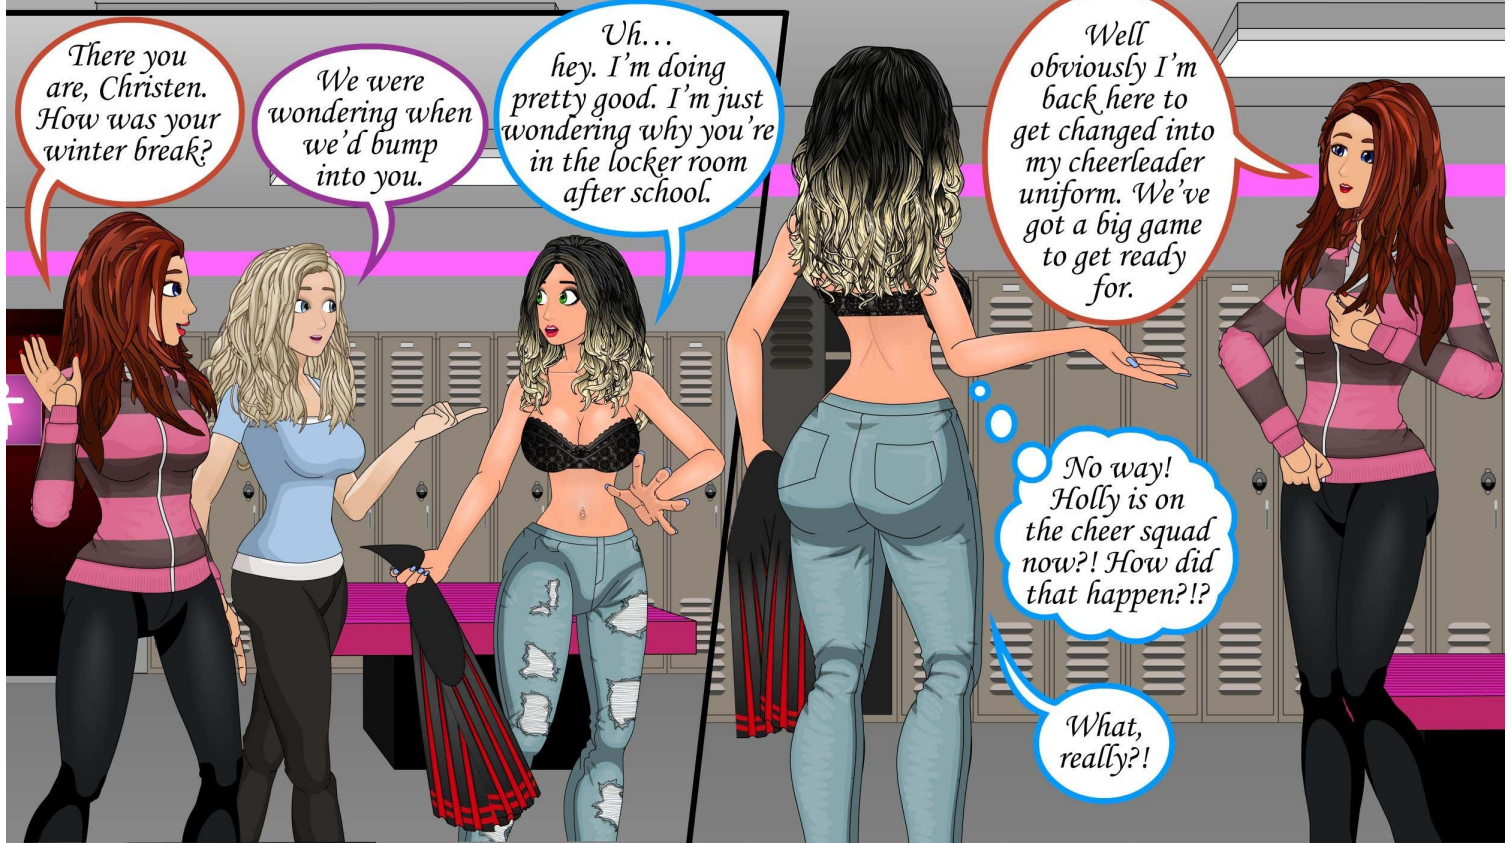

I'm sure they'll be just as supportive and friendly towards you. But I've got to go talk to the coach.

Sounds good, Sis. See you soon!

Jessica's right. The other cheerleaders have been extra friendly towards me ever since I joined.

I'll bet things won't be too different with them.

Heh, if there's one thing I missed over winter break, it was cheer practice, and spending time with the other cheerleaders.

There you are, Christen. How was your winter break?

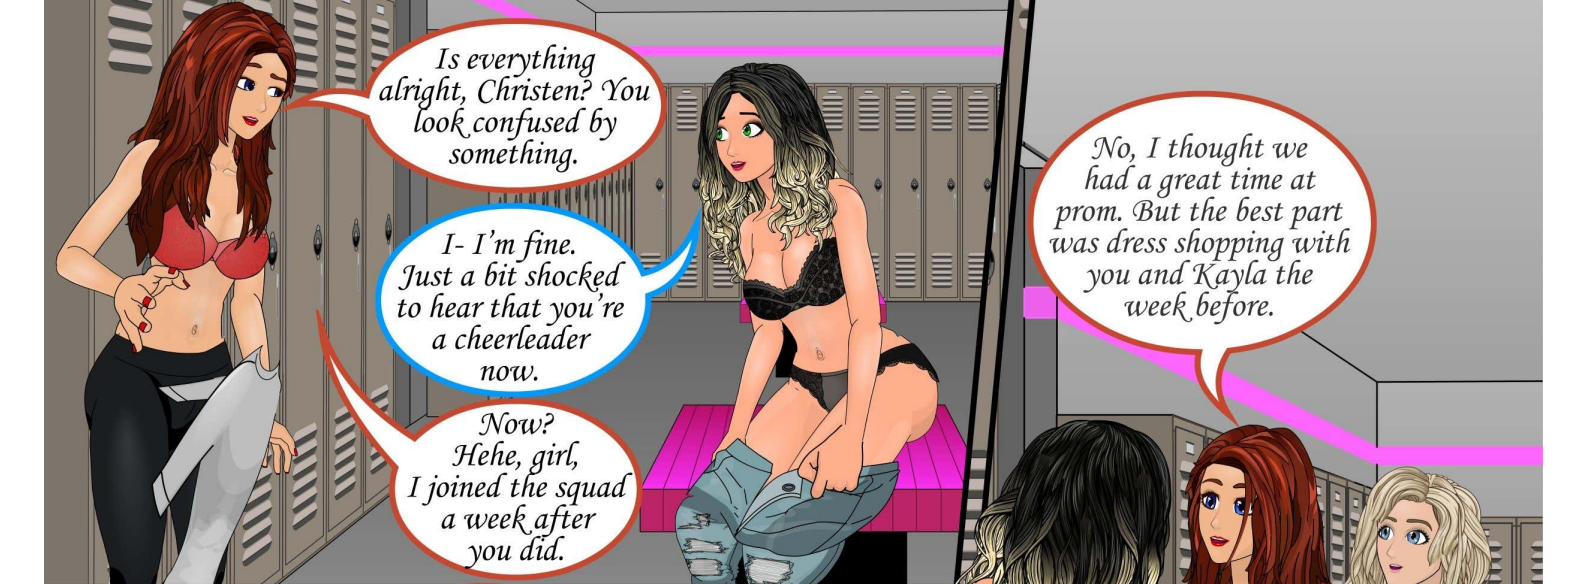

We were wondering when we'd bump into you.

Uh... hey. I'm doing pretty good. I'm just wondering why you're in the locker room after school.

Well obviously I'm back here to get changed into my cheerleader uniform. We've got a big game to get ready for.

No way! Holly is on the cheer squad now?! How did that happen?!?

What, really?!

Is everything alright, Christen? You look confused by something.

I- I'm fine. Just a bit shocked to hear that you're a cheerleader now.

Now? Hehe, girl, I joined the squad a week after you did.

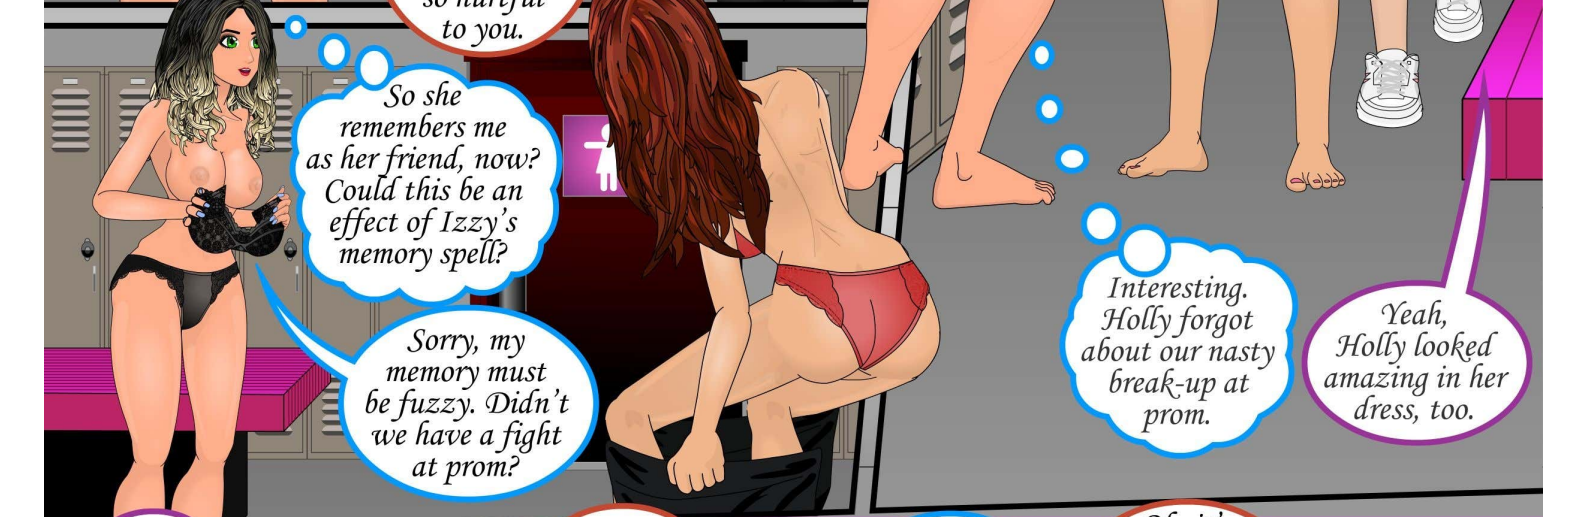

No, I thought we had a great time at prom. But the best part was dress shopping with you and Kayla the week before.

Since you and Kayla were on the squad, I figured I needed to be close to my besties.

Besties? I thought you told me that you didn't want to see me ever again.

What? Christen, I would never say something so hurtful to you.

So she remembers me as her friend, now? Could this be an effect of Izzy's memory spell?

Sorry, my memory must be fuzzy. Didn't we have a fight at prom?

Interesting. Holly forgot about our nasty break-up at prom.

Yeah, Holly looked amazing in her dress, too.

But I still couldn't wait to get it off her when we got to our hotel room.

Oh, Kayla! Let's keep our bedroom talk out of the locker room.

W-wait, did I miss something?

Oh, it's nothing, really. After you and your date left prom, Kayla and I got a little too frisky, and rented a hotel room.

I insisted on going back to my place, but Holly wanted to make the night special.

What? You two are officially dating now?!

Well yeah, we've been together for the past four months. You were the one who suggested we start dating, remember?

This is wild! I didn't expect things to change this much from making Holly forget about Chris.

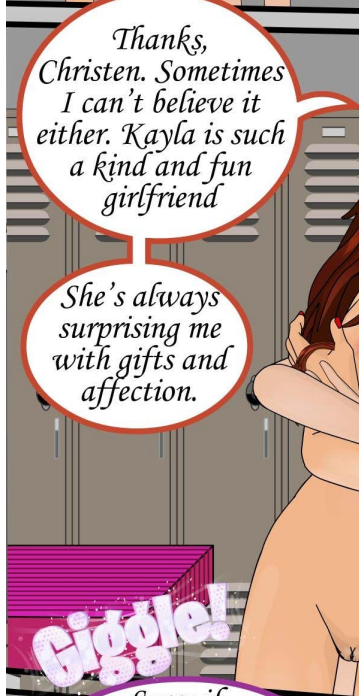

What's gotten into you, Christen? I thought you knew all this.

I'm just so surprised every time I hear that you two are a couple. I still can't believe it.

They're starting to get too suspicious about all my questions.

I should try to act natural from now on, even though I want to learn more about all these changes.

Thanks, Christen. Sometimes I can't believe it either. Kayla is such a kind and fun girlfriend

She's always surprising me with gifts and affection.

Giggle!

Sorry if that was awkward for you, Christen. Sometimes, I can't help myself around Kayla.

That's fine with me. Why would it be awkward?

Well, I figured watching your ex-girlfriend making out might be a bit weird.

It's a little strange to watch my ex making out with her girlfriend, but I'm surprisingly happy that she's found love.

You know I'd do anything for my girl. Come here, Holly.

KISS

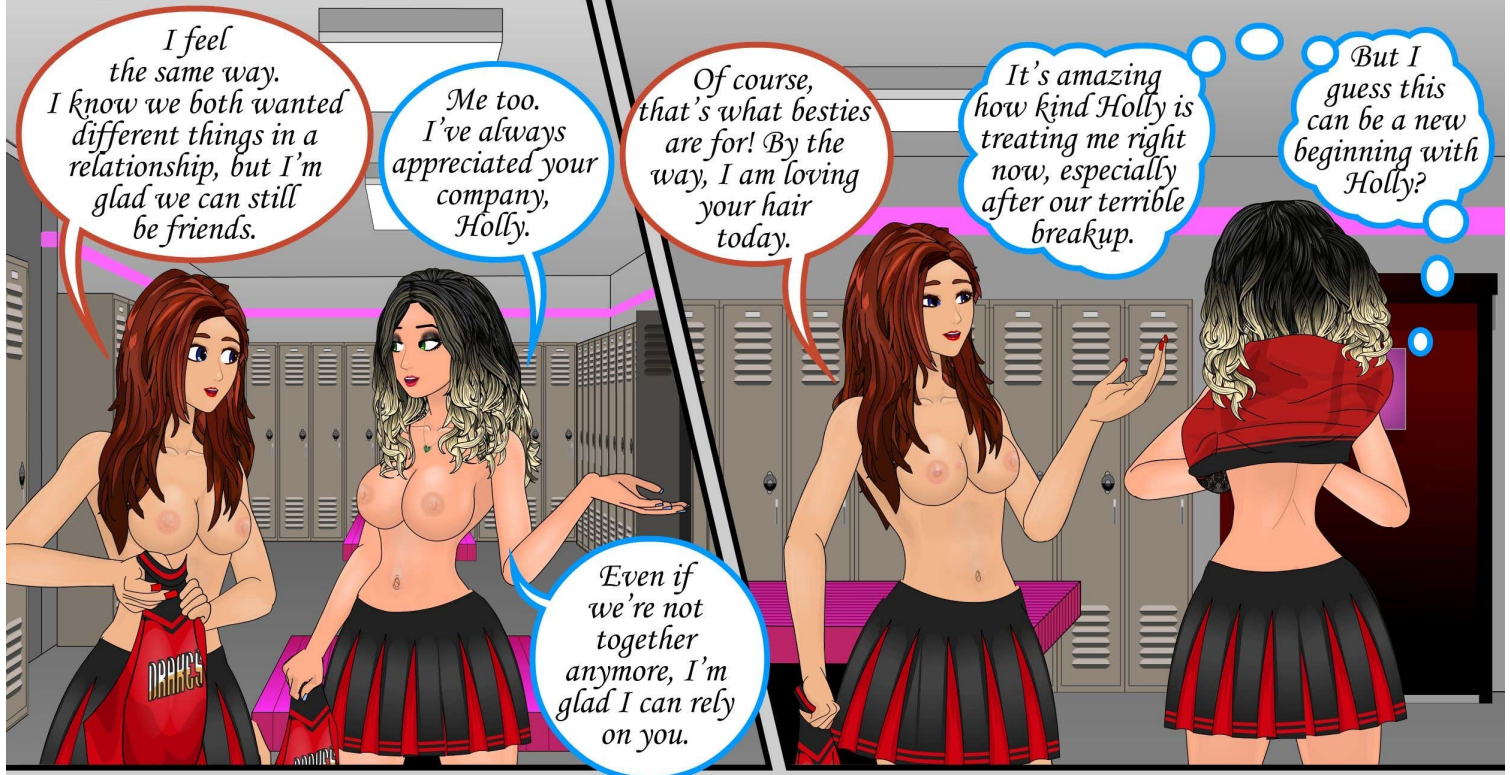

Ex-girlfriend?!

I-I mean, I really don't mind. If you're happy, then I'm happy, right?

So in her new memories, she still remembers dating me? And yet, she still calls me her bestie.

I guess we had a much softer breakup.

I feel the same way. I know we both wanted different things in a relationship, but I'm glad we can still be friends.

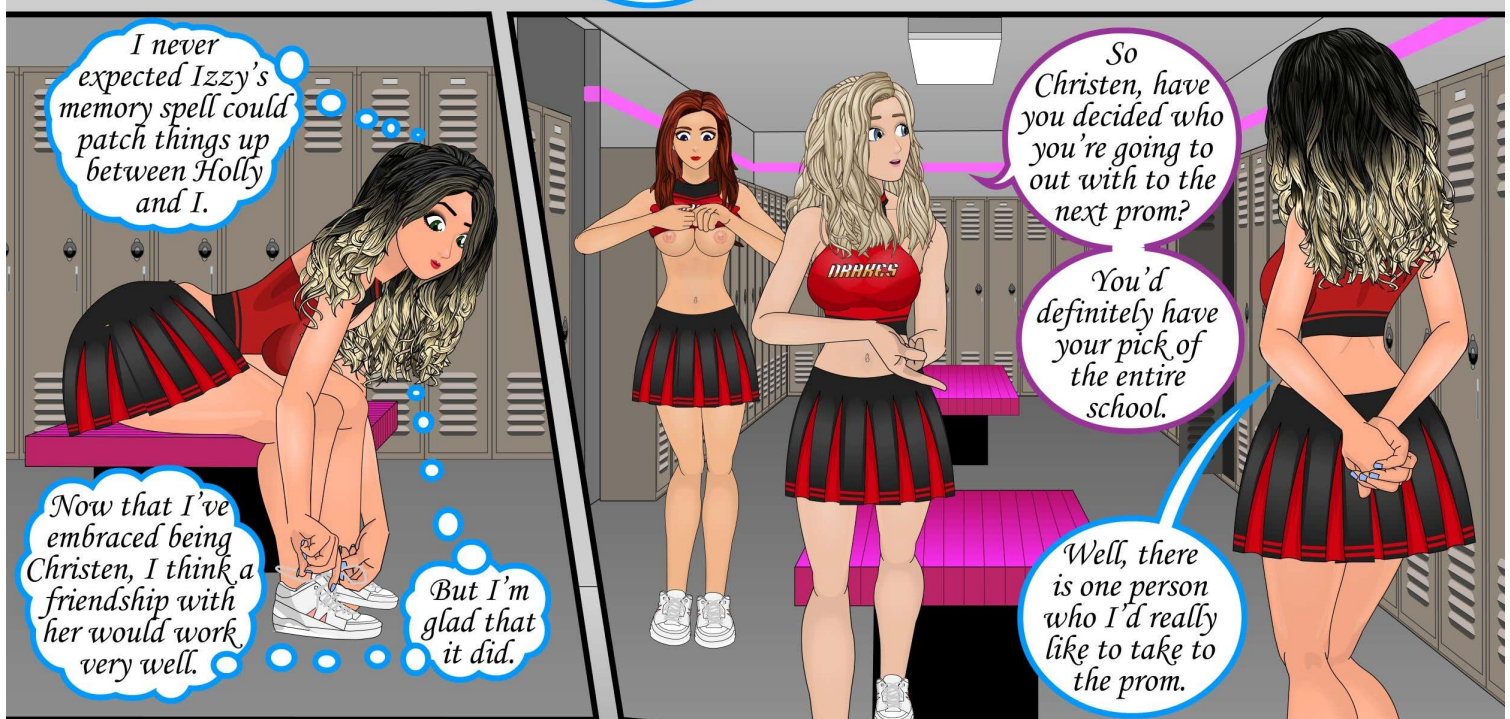

Me too. I've always appreciated your company, Holly.

Of course, that's what besties are for! By the way, I am loving your hair today.

It's amazing how kind Holly is treating me right now, especially after our terrible breakup.

But I guess this can be a new beginning with Holly?

Even if we're not together anymore, I'm glad I can rely on you.

I never expected Izzy's memory spell could patch things up between Holly and I.

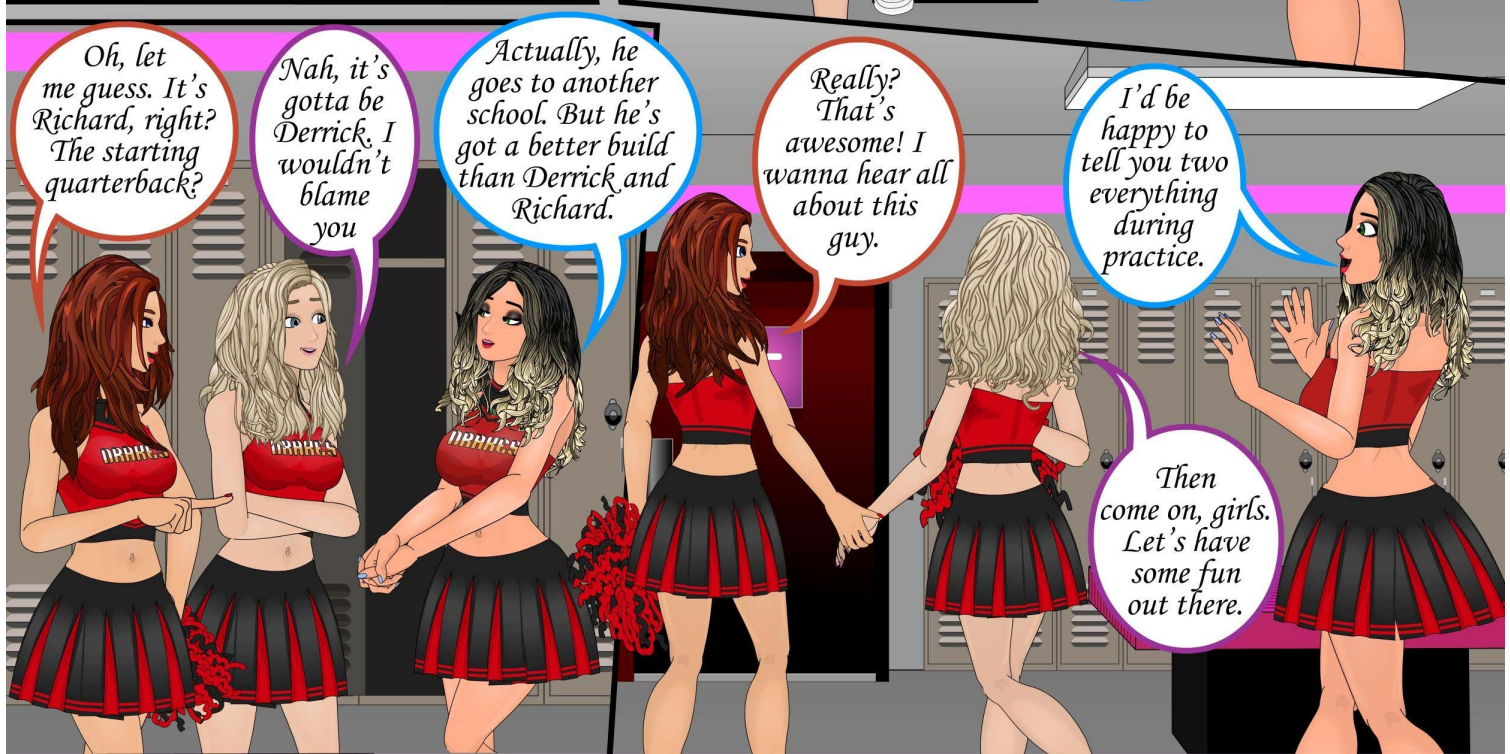

Now that I've embraced being Christen, I think a friendship with her would work very well.

But I'm glad that it did.

So Christen, have you decided who you're going to out with to the next prom?

You'd definitely have your pick of the entire school.

Well, there is one person who I'd really like to take to the prom.

Oh, let me guess. It's Richard, right? The starting quarterback?

Nah, it's gotta be Derrick, I wouldn't blame you

Actually, he goes to another school. But he's got a better build than Derrick and Richard.

Really? That's awesome! I wanna hear all about this guy.

I'd be happy to tell you two everything during practice.

Then come on, girls. Let's have some fun out there.

One hour later...

Good job, you two! You doing alright, Christen?

We've got you, girl!

Yeah, I feel comfortable with my besties holding me up. Got any other moves for me to try out?

Well, you could try a split like this!

Damn, Jess! I'm surprised you're able to do that so quickly after getting your cast removed.

Oh, that sounds like a challenge to me.

Oh yeah? How about these splits?!

It's great to know that we all didn't get rusty over winter break.

I think we're ready for some more advanced stuff.

Wow! That's one of the more advanced cheerleading moves.

When did Christen get so good at this?

Everyone take a five-minute break. Then we can try some new moves out.

You know, for someone who was a football player a few months ago, I would have never guessed that you'd be this good at cheerleading.

What can I say? I love to challenge myself athletically.

Christen! There you are. Looking good out there!

Isaiah! I'm so glad you could make it.

Yeah, I saw you do some very impressive splits a second ago. I had a feeling you were flexible.

Is that the guy Christen was talking about? He is awfully good looking. But I feel like I've seen him somewhere before.

Trust me, Izzy. I can be as flexible as you want me to be.

You look amazing in your cheerleading uniform. You definitely belong at the top of my pyramid.

I figured these two would be really flirty, but I didn't expect it to be so spicy out in public, too.

So are you going to introduce me to your special someone?

Oh right. Jessica, this is Isaiah, the guy I was telling you about at lunch.

Wait, is that who I think it is?!

Crap! That's the same girl who slapped me at the mall when I was with Jennifer.

Uh... Hey, it's very nice to finally meet you for the first time, Jessica. Christen has told me so much about you.

And I must say, you're even more charming in person.

Damn it, why can't I help but flirt with a pretty girl? Even one that already slapped me.

I can see why my sister likes you so much.

Huh, she seems a lot friendlier now. Maybe she doesn't remember me?

So Christen told me that you're a lot like her. That you have... powers?

You could say that. I'd be happy to tell you about them after cheer practice.

Well, if you're as good as Christen says you are, then I'd love to see a demonstration.

Oh, I'll give you much more than just a demo.

Well who do we have here?

Oh, this is my good friend, Isaiah. Izzy, I'd like you to meet my besties: Kayla and Holly.

Damn, how is every girl in Christen's life so attractive?

Is this the guy you were telling us about in the locker room? He's really handsome.

Yeah, definitely a ten. You should totally ask him to prom.

I'll think about it, but it would be really embarrassing to ask him out here.

Alright, girls, our five-minute break is up. Let's get back to work.

I'll be back in a little bit, Izzy. Wanna stay and watch the rest of my practice?

I would love to. Show me what you've got, Christen.

He seems to really like you, sis. But more importantly, I can tell that you really like being around him.

I do! When I'm around him, it feels like he opens whole new worlds for me.

I'm curious to see this in action.

After talking with Izzy, I'm getting a bit worked up. Especially now that he's watching me.

Hmm... maybe I should put on a little show for him?

I've wanted to try out some seductive cheerleading moves for a while.

Damn, I don't think I'll ever get over how great Christen's ass is. She is so incredibly sexy. I love that she knows that, and owns it.

Oh wow, she really isn't holding anything back, is she?

I've never seen cheerleading moves like that before

She really does enjoy turning me on, doesn't she?

It's amazing to think that Cristen was once a man, and has so easily embraced being a woman.

And here I thought I'd enjoy watching Jessica and the others... but I can't take my eyes off Christen.

I can already see a big grin on Izzy's face, and a nice bulge in his pants.

It's funny. Before today, I never thought of Izzy as a special someone to me.

But now, I'm starting to like the sound of that idea.

Here I thought I'd spend my first school day as Christen flirting with a bunch of hotties.

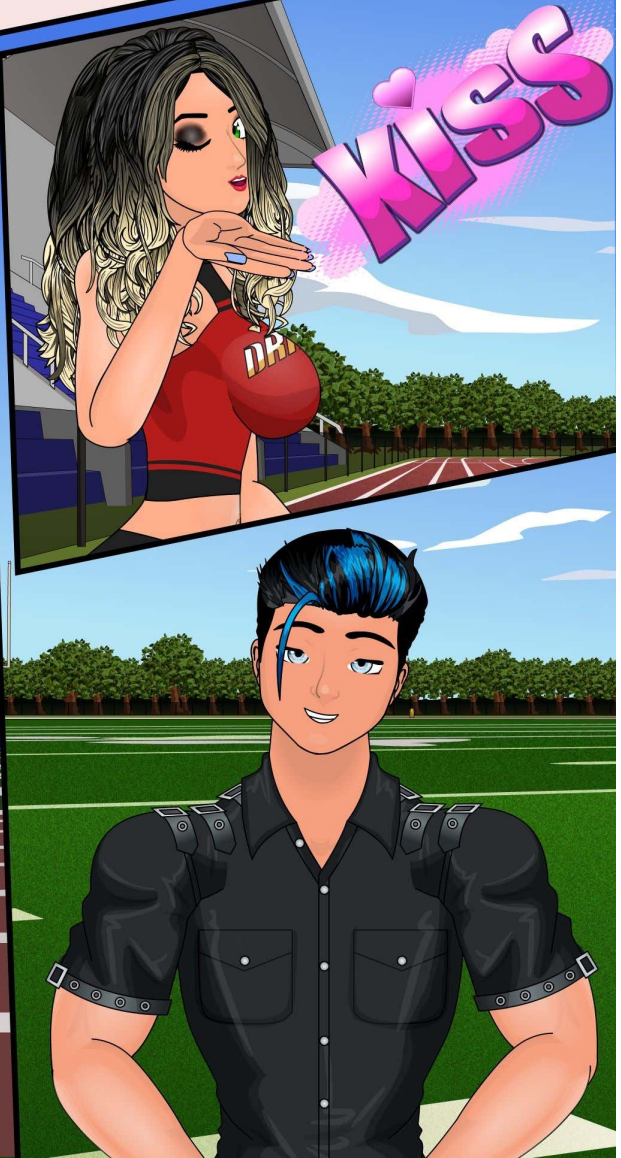

But I've barely looked at another man today.

I can't get Izzy out of my mind. Those other guys don't compare to him.

Maybe Christen really is the type of person I'd want to be with?

Maybe being in a relationship with Izzy wouldn't be so bad?

KISS

Alright, girls. Great work today. We'll be cheering at the boys basketball game on Friday, so I'll see you there.

Sounds good. Take it easy, you two. And Christen, good luck with Isaiah.

Yeah, I'm glad you've found someone who makes you happy.

Thanks. That means a lot coming from you, Holly.

Let's meet for smoothies tomorrow after school. I'd love for us to catch up on a lot of things.

That sounds fun. I'll text you about it tonight.

You two were excellent out there. Especially you, Christen.

Thanks for the compliment, but I'm very curious about this "demonstration" you were talking about earlier.

Christen has really built you up, so I'd like to see this in action.

It might be best if you took your other form for her, Izzy.

That's a good point. Plus your "besties" cleared out, so the coast is clear.

Other form? Wait, what's happening to you?! Are you doing this to yourself?

You catch on pretty quick, Jessica.

I'm able to transform myself at will, among many other spells I know.

S-spells? You mean like... you're a wizard? Or, I guess a witch, now?

We prefer the term sorcerer, but yes. You can call me Isabelle, now.

Oh my god! That was... freakin' amazing!

So you're... really a woman now? There are really spells that allow you to change your gender?

Absolutely. Although, this is who I really am. I was using a spell to make myself a man before.

If I wanted to, I could teleport to the other side of the planet in an instant.

I could even... make everyone at school forget about Chris.

Wait, that was you?! You altered everyone's memories with just a spell?

Yup. They all now remember me as Christen instead of Chris.

Wow, that's really shocking, but super fascinating. So why would Isabelle do something like that for you?

That's the next big surprise we wanted to tell you: I'm a sorcerer, too!

No freaking way! All this time, my sister had magical powers?!

Oh my god, it all makes sense, now. Your clothing powers must have been some kind of spell.

That's exactly what I was thinking. But I'm super pumped to learn more about magic.

So I take it that's why you've been spending a lot of time with Christen? To teach her about magic?

Exactly. But we have something even more important to tell you.

You see, magic is genetic. So if your sister can learn magic...

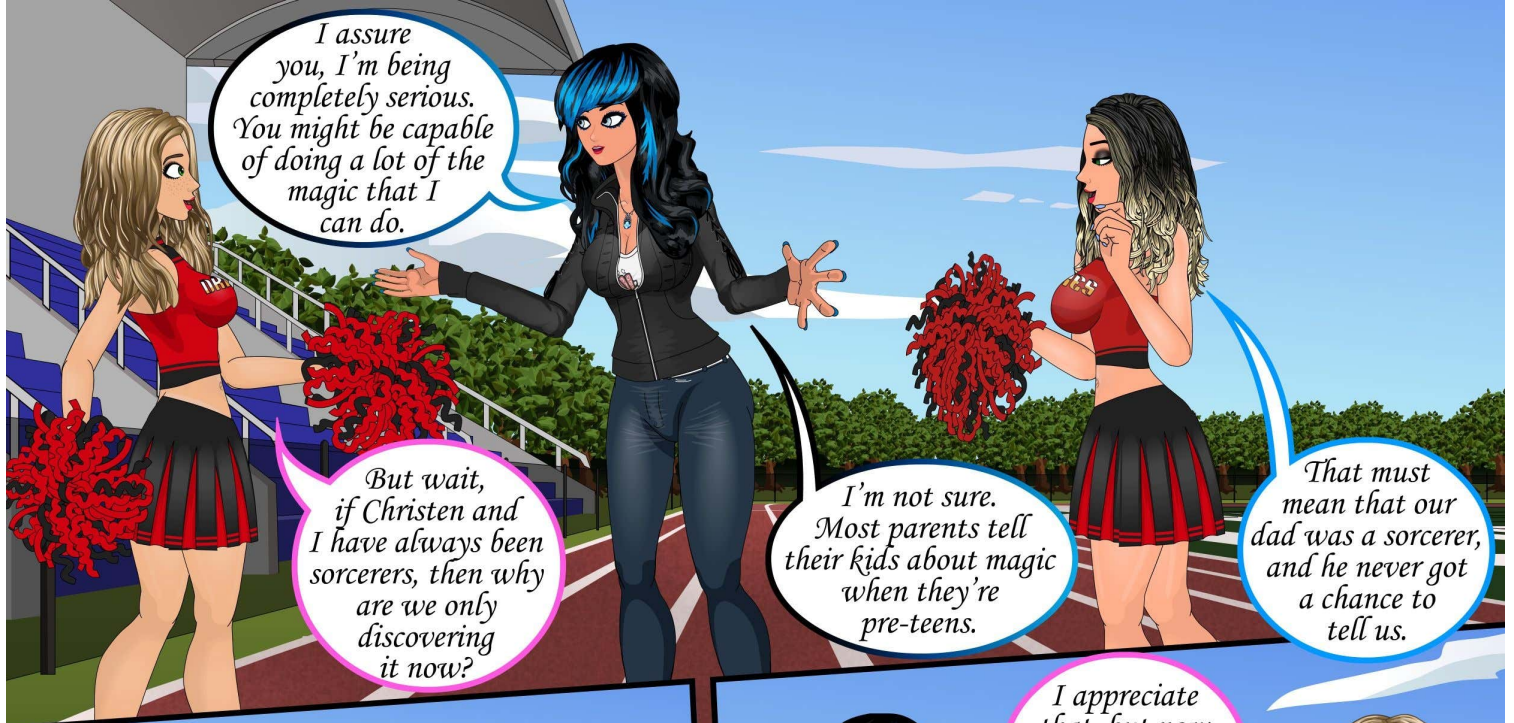

That means you can, too.

CASPI!

Wait, are you being serious?!

I can't believe it. I've loved reading books about sorcerers, but I never thought I'd BE one.

I assure you, I'm being completely serious. You might be capable of doing a lot of the magic that I can do.

But wait, if Christen and I have always been sorcerers, then why are we only discovering it now?

I'm not sure. Most parents tell their kids about magic when they're pre-teens.

That must mean that our dad was a sorcerer, and he never got a chance to tell us.

Maybe we should ask mom about it, just to be sure?

I was planning on telling her the truth. But I wanted you to know everything first.

I appreciate that, but now you've got my really curious about magic.

There are plenty of books I can give you, but I've got a better idea.

How about I take you both to a sorcerer city? I can explain everything else along the way.

No way! There are sorcerer cities too?! I wanna go there so badly!

There's a lot about the magical world I can show you both. Starting with Mount Blanc.

But... how are we going to get there?

Don't worry about a thing. I can teleport us there.

Let me be your guide for the afternoon, and I'll show you both what you've been missing out on.

You've piqued my interest. Count me in.

Me too!

3 hours later...

Let me get this straight: Christen and I are part of the Emerald bloodline, which specializes in healing?

Exactly. Your healing spells would be more effective than mine are. You're a fast learner, Jessica.

I enjoy learning about the fundamentals of everything I can.

Heh, and here I thought you'd be like your sister, and take several days to learn the basics.

My bad. I was still in awe about everything you were showing me.

But then again, Jessica always was been a better learner than me.

Don't sell yourself short. I admire your wide-eyed optimism for learning magic. It makes teaching you pretty fun.

Well, when I'm around you, the magical world seems exciting. There's never a dull moment when you're with me.

Heh, those two have been really playful and affectionate all afternoon.

I'm glad that Christen has found someone who makes her happy.

There's one thing I don't understand: When Isabelle performed this mass memory spell, why did you leave my memories alone?

I guess... it was because I didn't want you to treat me differently.

You're the only one who's always known the real me. Without you, I'd be lost.

I know I don't say this enough, but I love you, Jess. And I'll always need you.

I love you too, Christen.

And I swear, I'll always be there for you.

So what do you think of Mount Blanc so far?

This place is better than I ever imagined.

That book shop you took us to was incredible. I could spend years reading everything in there.

Heh, given how much you love learning, I'll bet you'd get through it faster once you learn a speed-reading spell.

You could read an entire book in a few minutes.

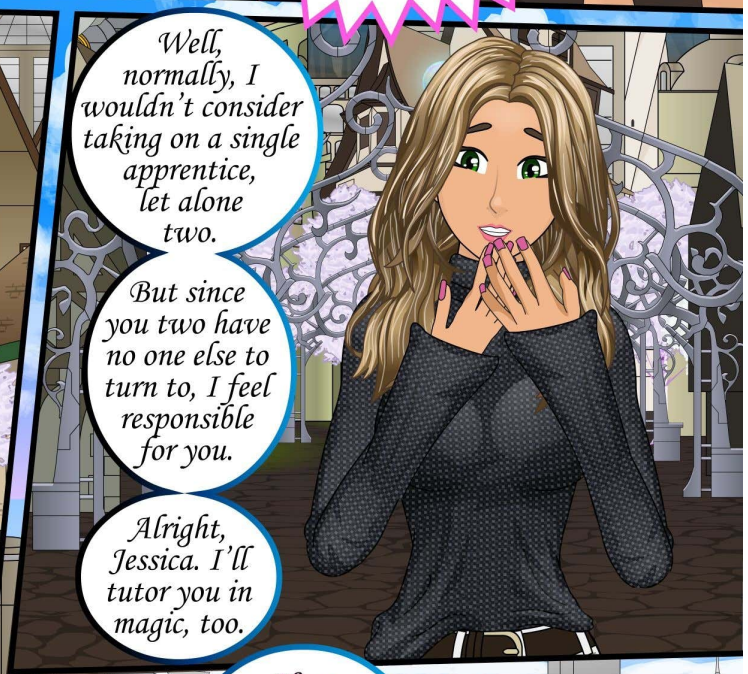

CASPI!
Oh my god! Please teach me this spell! I'll do anything to learn it.

Hmm... I don't know. It's not an easy spell for beginners.

I'd have to train you first, like I've been teaching Christen.

Oh please, Isabelle! I want to learn everything I can about this amazing world. Please, teach me!

Well, normally, I wouldn't consider taking on a single apprentice, let alone two.

But since you two have no one else to turn to, I feel responsible for you.

Alright, Jessica. I'll tutor you in magic, too.

Yes! Thank you so much, Isabelle! I can't tell you how much this means to me.

You're welcome, but this won't be easy. This will take a lot of training.

In the meantime, you can read from my personal library for research.

But first, let's enjoy this moment. I've got so much more of Mount Blanc to show you.

How about we head to my favorite restaurant for a real sorcerer experience?

Sounds magical to me, Izzy!

Woah! Is this really my room now?!

SEATTLE SEAHORSES

Since everyone remembers you as Christen, some other things might have changed, like your room.

But for what it's worth, I think your new room suits you very well. It's cute.

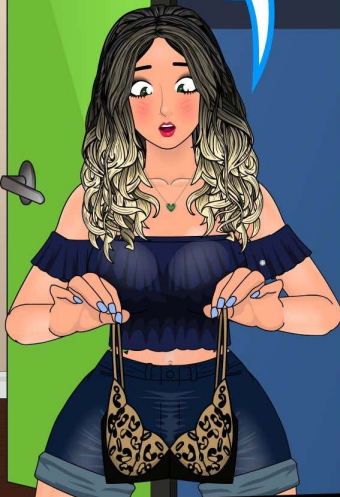

Oh, I love it already! I'll bet my closet is filled with shoes and dresses.

I just didn't expect my room to change, too. There's a lot I wasn't prepared for today. Like Holly being nice to me again.

The mass memory spell often has unintended effects.

I assume Holly was a rival when you were Chris?

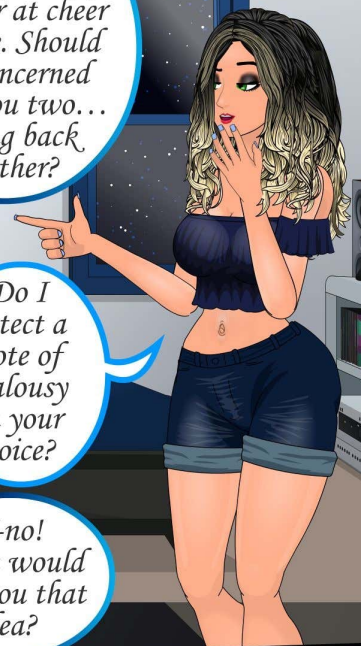

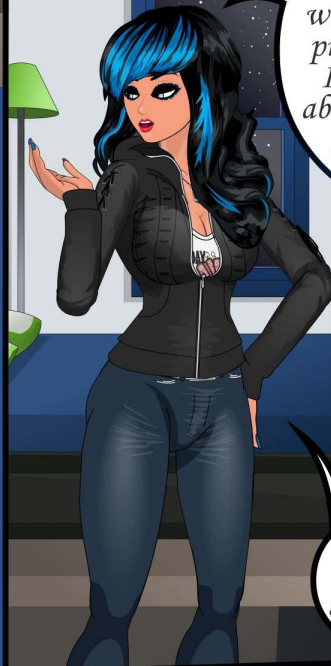

Uh... not exactly. She was... is my ex-girlfriend.

I see. You were awfully friendly with her at cheer practice. Should I be concerned about you two... getting back together?

Do I detect a note of jealousy in your voice?

N-no! What would give you that idea?

You're awfully cute when you're flustered.

But you don't have to worry about a thing. My romantic feelings for Holly ended months ago.

I'm more interested in someone who's a lot cuter and more confident, anyway.

And more understanding, too. You were so compassionate with Jessica today. Plus, I had a great time with you in Mount Blanc. No one has treated me this nicely in a long time.

So how about I return the favor, and treat YOU well for the rest of the day?

Oh yeah? And what exactly did you have in mind?

Whatever you wanna do. We could go see a movie, or try on some of my awesome clothes, or go anywhere in the world.

I really just... enjoy spending time together, you know?

I've been having a great time with you too, Christen. Especially getting to know you.

Normally, I'd be down to hang out on a tropical beach, or somewhere nice.

But right now, I only want one thing: you.

You got me all worked up during your cheer practice today, so I've been aching for some private time with you.

I was hoping you'd say that. Because that's what I wanted to do, too.

Let's find out how sturdy my new bed is.

KISS

Any chance you can use that sound dampening spell on my room? I haven't figured that one out yet.

I've got you taken care of. Now, show me those perfect breasts of yours.

Anything you say, mistress.

Mmm, her breasts really are amazing. Everything about her body is so enticing!

moan...

Fuck! I love it when you play with my tits, Izzy!

MOAN!

Your tongue feels amazing when you flick it against my nipple like that!

Christen's compliments and moans are turning me on more than I expected.

Hey! I didn't expect to see him so soon. What's my friend doing down there?

Oh, him? I might have had this guy between my legs all day today. After you said this is my best form yet, I haven't gotten rid of it.

I'm glad you kept it around. Because you look insanely hot with that thick rod bulging through your panties.

But he looks awfully eager to see me.

How about I give him a proper greeting, and show him some love, too?

By all means, show him all the love you want, gorgeous.

moan...

Mmm, you are such a tease with that tongue of yours.

Fuck, I keep forgetting how sensitive my cock is. Especially when Christen plays with it.

MOAN!

I'm more than happy to give my mistress exactly what she wants.

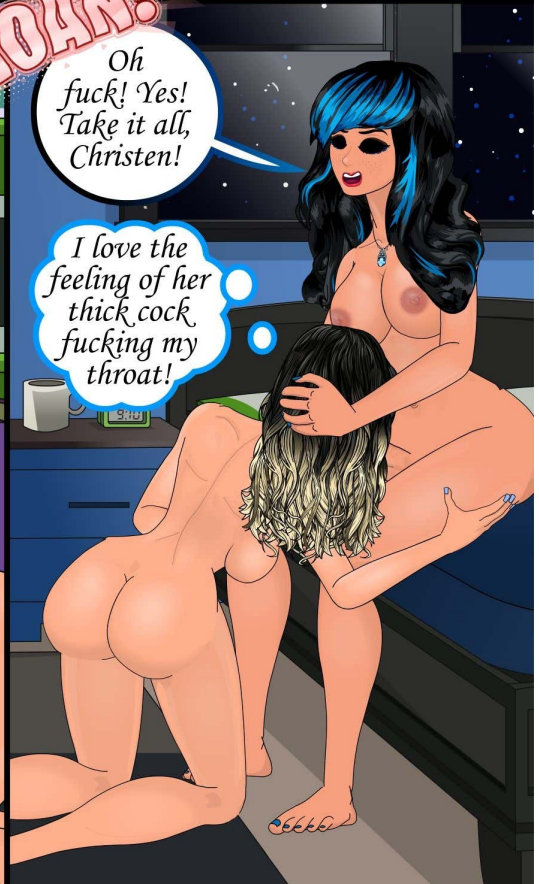

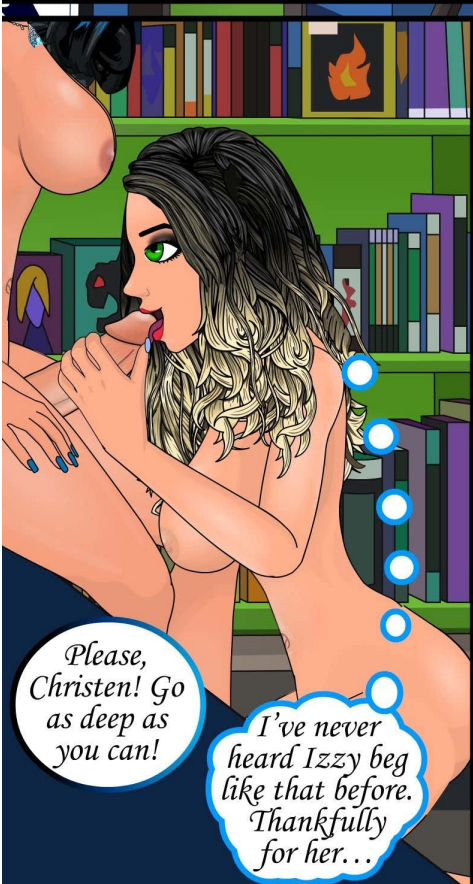

Ah! That's it, babe! Keep going!

Oh fuck! Yes! Take it all, Christen!

I love the feeling of her thick cock fucking my throat!

Please, Christen! Go as deep as you can!

I've never heard Izzy beg like that before. Thankfully for her...

I can't get over how attentive and intense Christen's blowjobs feel.

It feels so good when she rolls her tongue around the head, and when she plays with my balls.

Hold up, hot stuff. As good as that feels, I don't want you to feel left out.

So how about you sit on my face for a little while?

That is the most beautiful sentence anyone has ever said to me.

But I want her to feel this good as well.

MOAN!

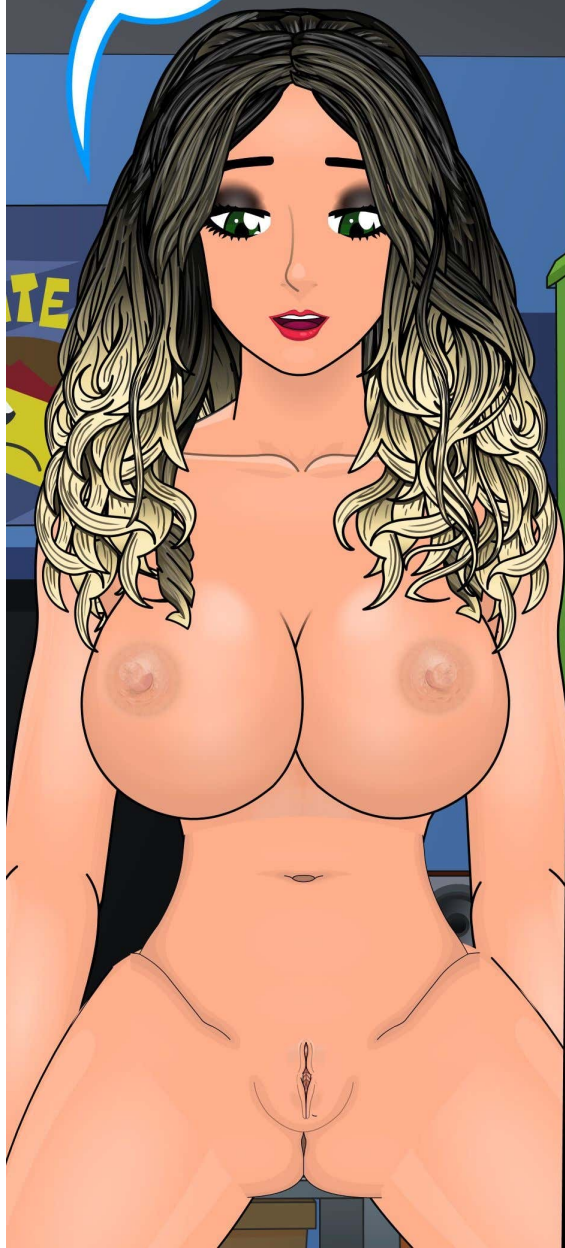

Ah! Fuck! Yes, Izzy! That feels incredible!

The deeper she goes, the more intense it gets!

I can feel my whole body shaking!

I've always wanted to do this, but I've never met anyone who wanted to be in your position.

I don't know why. You look so beautiful from where I'm sitting.

Mmm, I can't get over how good having a pussy feels.

Really? Because I love having a cock way more. But I do love eating you out.

Then don't stop. I'm just gonna show you some affection, too.

Mmm, she's so tasty. I want her so badly!

I'm so glad I met Izzy! I didn't think I'd find someone as kinky as me!

Maybe that's why I enjoy being around Izzy? I can be as sultry and wild as I want to be!

No need to pretend to be someone else, or hide anything from her.

And I think she feels the same way!

Oh fuck! I think I'm gonna...

Gonna...

MOAN!!!

I'M CUMMING!!!

PANT!
How come every orgasm I have around you is more intense than the last?

I'll take that as a compliment.

Mmm, you taste wonderful, by the way.

Oh yeah? What does it taste like?

Why don't you find out for yourself?

Mmm, you were right.

I do taste wonderful.

I'm glad you like that, but I've got other plans for you.

Just how badly do you want to ride this dick, Christen?

More than anything!

Please, mistress! I'm aching for your cock!

I love it when you beg. Take me all in, Christen!

MOAN!

Oh god! That feels so good!

I can't get over how great your cock feels when you fuck me hard!

MOAN!

You know, you're being more affectionate than usual. It's a good look.

Don't get too used to it. I know how much you like it when I'm rough with you.

SLAP!!

Actually, Christen isn't wrong.

The truth is that I really do care about her. I just haven't cared about someone else this much in a long time.

Maybe I should stop fighting this, and accept that what we have is more than primal lust?

After all, I don't think I'll meet anyone like Christen ever again.

I do enjoy getting fucked hard. Like, a lot.

But ever since I became Christen, no one has ever been caring or affectionate with me.

Only passionate and rough.

It's nice to be with someone who can be tender, for once.

But it's even better to be with someone who can be tender AND passionate.

I... I feel the same way, Christen.

It's nice to know how you feel about... us.

MOAN!

MOAN!!!

Oh fuck! I can't hold it back!

I'm cumming!!

That's it, Izzy! Cum all over me!

PANT!

Mmm, I'll bet you love seeing me from this angle...

I AM starting to really like seeing you from this angle. But mostly because I can tell you love being there, too.

And for what it's worth, I completely agree with what you said earlier.

I get a huge thrill out of primal lust and rough sex,

But... I don't know, it feels nicer when I can have that and be affectionate at the same time.

After becoming a player as Isaiah, I got used to the idea of not getting emotionally attached.

I feel the same way. Maybe it really is because you and I are so much alike?

You've got that right. For one thing, we're both insatiable.

I can already tell you're ready for another round, aren't you?

I was born ready. But I've got an idea to spice things up.

It was a lot of fun when we swapped bodies in the middle of sex, so why not do something like that again?

Only this time, you could use your powers to transform me as much as you like.

Is there a specific person that you really want to sleep with?

Well... there is one person who I find awfully attractive.

But it might be a bit weird for you.

Could you pretend to be... Jessica?

Wait, really? You want me to pretend to be my sister?

I know, that probably sounds like a strange request. But I really do think Jessica is attractive.

Not as attractive as you, though. You're drop dead gorgeous, but SHE'S got that 'girl next door' cuteness to her.

Actually, I'm fine with changing into Jessica for you, Izzy. It's no big deal.

Wait, really?! You'll do it?!?

I just didn't think that you had the hots for Jessica.

I'm sorry if that makes things awkward for you. You don't have to change into her.

Sure, if that's what you really want.

Besides, this wouldn't be my first time getting laid as Jessica. I promise, this isn't awkward for me at all.

Oh, thank you so much, Christen! You're the best!

Yeah, I know. So, should I transform into her myself?

That won't be necessary. I can perform the spell.

But I'm curious... you sound like you're pretty comfortable pretending to be Jessica.

Oh absolutely. I've turned into Jessica more times than I can count.

In fact, I probably got most of my confidence as Christen from pretending to be Jess.

Then... if it's not too much to ask, maybe you could pretend to be Jessica for a little while?

A little roleplay, huh? Count me in! I've got something pretty steamy in mind for you.

Oh my goodness! Hey there, Isabelle!

I was just coming in here to try on some of my sister's clothes.

Uh... hey, Jessica. Go right ahead. I hope you don't mind me being here.

Not at all. I was hoping that you and I could spend a little more one-on-one time together.

Especially after that great afternoon we had at Mount Blanc.

Well, I'd love to get to know you better, like I have with your sister.

You would? That makes me so happy. Because I feel like I could learn a lot from you.

In fact, I've already learned a spell I wanted to show you.

Wait, is Christen making Jessica's boobs bigger?

I bought a spell book while we were at Mount Blanc, and this one really stuck out to me.

Holy shit! I had no idea that Christen learned that type of spell already.

Not bad for a beginner, huh? I've always wanted bigger boobs, too.

I-I... I think you look incredible. I think you'll turn a lot of heads with those sweater puppies.

I seem to be turning one head already. And I'm glad I got your attention.

Because I think you're the sexiest and most amazing person I've ever met.

Damn, Christen is really getting into this roleplay.

Really? I didn't know that you thought so highly of me, Jessica.

We haven't had a moment alone together, so this is my opportunity to finally cut loose.

And please, call me Jess. All my closest friends do.

Sure thing, Jess. Now, what were you saying about cutting loose?

Oh, just that I feel like I can be myself around you, Izzy.

Huh... didn't know that I had cute lingerie in my closet. I gotta try this on!

I hope you don't mind if I try on some of Christen's lingerie.

I saw her buying this piece the other day and I just had to see how I look in it.

I don't mind at all. In fact, I think you look stunning in that outfit.

It really highlights your beautiful figure.

Why, thank you, Isabelle. It's nice that someone appreciates the hard work I put into maintaining my figure.

You look perfect in that lingerie, Jess. Your boyfriend is a lucky guy.

Well, if we're being honest, I'm not seeing anyone at the moment.

I've been awfully lonely. Then, I saw the way you were looking at me earlier today.

I didn't mind it, because I enjoy getting attention from a ravishing woman like you.

It's enough to make me consider... swinging both ways.

Y-you'd do that just for me, Jess? I'm flattered.

And now that I know you can be any gender you want, I figured that you and I could experiment together.

It's why I put on this lingerie, just for you.

Oh my! Y-you did that just to impress me? Jess, you dirty girl!

I haven't seen Izzy this flustered before. She must be really enjoying this.

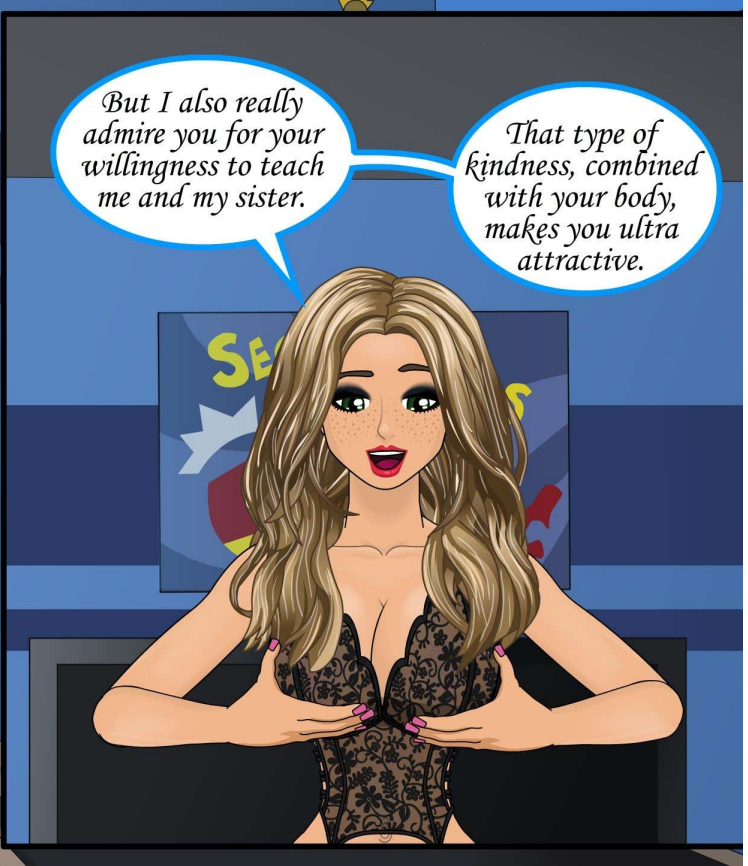

Has anyone ever told you how cute you are when you blush?

I'm normally a pretty cool and confident person. But around you... I can't help but get a little giddy.

You also mentioned something about me being the sexiest person you've met.

Well yeah, you've got a killer body, and I adore your hair!

But I also really admire you for your willingness to teach me and my sister.

That type of kindness, combined with your body, makes you ultra attractive.

So much so that I can't help myself around you. I'm going crazy thinking about you.

I want you to find me as sexy as I find you.

Trust me, you're already there, Jess.

Mmm, I'll bet Izzy will get a real kick out of it if I take the lead from here.

She's pretty much always been the dominant one since I met her.

You know, from what Christen told me, I would have guessed you were into guys.

I've dated guys up to this point, but they've all ended pretty badly.

Maybe my luck will turn around if I switched sides?

Besides, you're still a big, strong man where it counts.

MOAN!

Oh wow, Jess! Mmm, keep stroking my cock.

Oh, I'll do a lot more than stroke it. Your cock looks really delicious from here.

moan..

My mouth is watering just from looking at it.

I'm so happy that I'm doing this with Christen. This is a dream come true!

She's doing such a great job at immersing herself in this role.

But I'm also glad that Christen is open to roleplaying as other people.

I'll have to return the favor later, and be someone special for her.

Oh fuck! You really know how to milk that cock, don't you, Jess?!

MOAN!!!

I'm glad that Izzy is loving every second of this.

I wonder who she could turn into for me? Derrick? Kayla? Holly?

MOAN!

I'm glad to see this is what you're like when you're letting loose, Jess.

I am loving this side of you!

If Izzy wants to see how naughty Jessica can be, I'm happy to give her a full demonstration!

Oh, that's it, Jessica! I can tell how much you want my cock!

moan...

If she loves this, then she'll get a real kick if Jessica gets more assertive.

As good as it feels to wrap my lips around your cock, I want to feel it between my tits.

Sit up for me, Izzy. Don't keep Momma waiting.

Y-yes, ma'am. My cock is all yours.

Mmm, I've always wanted to do this. I love having these big titties just for you, Izzy.

And I especially love milking your big, thick cock.

Just so I can get a nice, warm reward at the end.

I can feel you twitching. Do you like it when I take charge, Izzy?

MOAN!!!

I- I do! It turns me on to be with a strong, dominant woman!

Giggle!

In that case, I've had the urge to pin you down and eat me out until my legs get shaky for a while.

So be a dear, and go to town.

I promise that you'll enjoy it, too.

MOAN!

That's the spot, Izzy! Eat out my juices! I'll bet you're thirsty.

Mmmppfft!

Don't stop, baby! I'm just starting to get comfortable.

It's been so long since I've been with someone who likes taking charge.

As much as I love being assertive, I do like someone else taking care of me.

moan...

Mmm, fuck my pussy, Izzy!

You're such a good girl!

MOAN!!!

Yes! YES!!

Oh, yes! I'm cumming, Izzy!

KISS

Oh wow! I didn't expect her to kiss me right after I ate her out!

This keeps getting hotter!

Mmm, you've been such a good girl so far, Izzy.

Now, how badly do you want me to ride your cock?

I want it more than anything!

Please, I want to feel your pussy around my cock, Master!

Master? I like the sound of that!

Just for that, you deserve a reward!

MOAN!

Oh, fuck! Your pussy is so fucking tight!

Fuck, yeah!
You like the way
I ride your cock,
Izzy?

moan...

I do,
Master!
I love the way
your pussy
feels!

MOAN!

Fuck,
hearing Izzy
call ME
"Master" for
once turns me
on so much!

I still love it
when she's
assertive, but
we'll have to
do this more
often.

Mmm, being
the submissive
one is more
enjoyable than
I expected.

Especially
since Christen
is pretending
to be Jessica
during this.

This really
does feel like
a fantasy
come true!

MOAN!!!

Oh fuck!
I'm getting
so close to
cumming!

I can't
hold out
much
longer!

Then
cum for me,
Izzy!

I want
to feel your
warm load all
over my
face!

Oh...
Fuck!
Oh!
OH!!!

Mmm,
that's a
good girl,
Izzy.

Wow,
you were
amazing
"Jessica". I'm
glad that you
decided to cut
loose with
me.

I'll be
happy to
do it with
you any time
you want,
Izzy.

Anything
between us will
be our little secret,
beautiful.

Giggle!

So, how was that for a convincing roleplay? Not bad, huh?

You were amazing, Christen! Better than I had even hoped.

I didn't expect you to take charge, but it really turned me on to be submissive for once.

Thank you so much for indulging me in my fantasies, and not freaking out about any of it.

I promise that I owe you one after that.

If there's anyone you want me to transform into, say the word, and I'll be happy to do it.

I've got a few people in mind. Maybe a supermodel, like Caroline Rose?

But I'm just happy to be with someone who's open to experimenting.

I know we said we wouldn't get too serious, but I really feel a deep connection with you.

And I would... like to explore that connection beyond just having sex.

I feel the same way. I like our sex together, but I have developed a fondness for you.

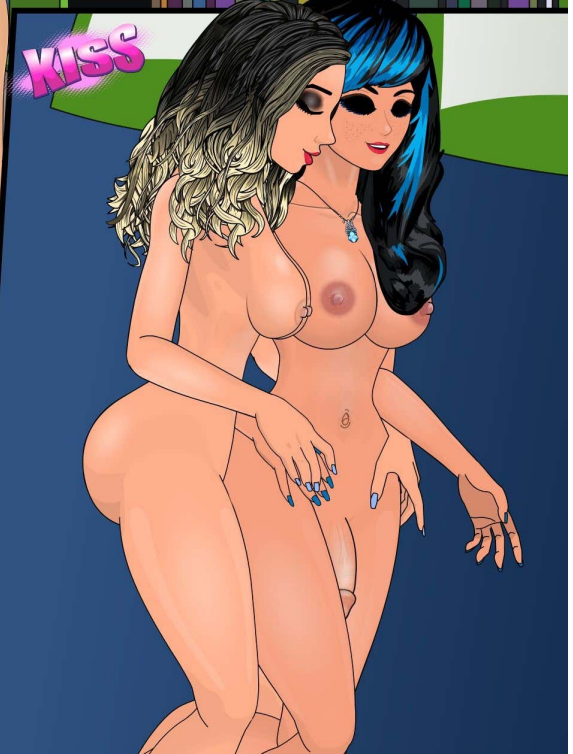

It's so nice to be with someone who I can be affectionate with.

Then it sounds like we're on the same page. I'm glad to know how you really feel.

We can discuss this more in the morning. Right now, I feel like cuddling.

Nothing would make me happier, sweetie.

KISS

☐ The next morning...

So I've been thinking about what you said last night. About maybe us trying out a relationship?

I don't think it's a bad idea at all. I feel a deeper connection with you than I have with anyone else in a long time.

I feel the same way. You're like everything I want in a romantic partner.

Plus, if we ever feel like experimenting, we can transform into anyone we want.

It's not that I don't want to be with you, Christen.

I just... promised myself that I wouldn't date other sorcerers.

Things might get messy with our powers, especially once we start soul-melding.

I'll take that risk. If what you told me about soul-melding is true, then I want to see your memories.

I've enjoyed everything about you so far, Izzy. I doubt anything will change that.

Giggle
You're always so kind to me. Maybe I could break my promise for you?

Christen? Sweetie? Are you in there?

Crap! Your mom is at the door! Hang on, I'll teleport out of here so you don't get caught.

No wait, stay with me. I want to tell my mom the truth, and I could use your support.

The truth? What are you talking about?

I feel bad about lying to my mom about everything lately. It's time I finally come clean to her.

Honey?
Who are you
talking to?

I'm not
sure about this,
Christen.

Neither am I,
but I want my
mom to know
the real me.

I just finished
getting ready, mom.
You can come in!

Is everything
alright, sweetie?
I heard you... Oh
my goodness!

Christen,
who in the world
is this?!

It's alright,
mom. I'm sure
you have a hundred
questions, but
I can explain
everything.

First of all, I'd
like you to meet Isabelle.
She and I have been...
uh... well...

What she means
is that I'm her girlfriend.
And we just started
dating.

It's a pleasure
to finally meet you,
Mrs. Young.

Well, this is
quite the surprise.
But given the huge smile
on Christen's face, I'm
thrilled to meet you,
Isabelle.

Yay!
I'm so happy that Izzy
wants to be my girlfriend.
This is awesome!

So I take it
that this is who you've
been spending most of your
time with since winter
break started?

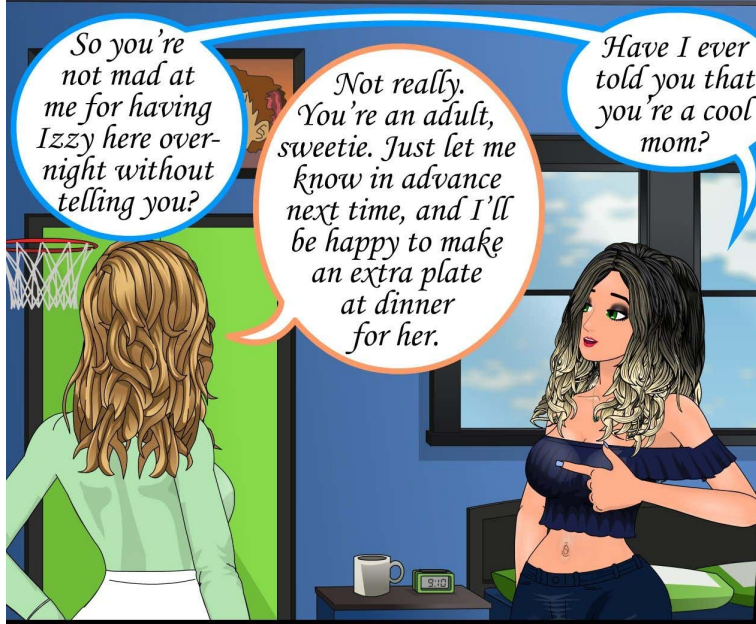

Yeah, we met
at the mall right before
Christmas. We really
hit it off and we've kinda
been inseparable
since then.

Well, I could be
mad at you for having
someone over on a
school night.

But this is
the happiest I've
seen you in a long time,
so I'm willing to let
it slide.

Hmm...
something seems a
bit off about Scarlett.
I'm not sure what
it is, though.

So you're not mad at me for having Izzy here overnight without telling you?

Not really. You're an adult, sweetie. Just let me know in advance next time, and I'll be happy to make an extra plate at dinner for her.

Have I ever told you that you're a cool mom?

Not recently, but I like to think I roll with the punches. It takes a lot to freak me out.

Heh, funny you should mention that.

Because I have another surprise for you.

You see... I recently learned something about myself. Something that Izzy helped me discover.

I know this is going to seem insane, but...

What?! How did you... I mean, that's not what I expected you to say.

Does this mean that you're like those wizards in the movies?

When did you find out that you were a witch?

I'm a sorcerer, Mom.

It's a little different from the movies.

I learned about this when I met Izzy. She helped me to discover that I've always been like this.

But I don't understand. Why are you telling me about this now?

It's true, Mrs. Young. I helped her because I'm a sorcerer, too.

Because I haven't been completely honest with you for the last few months, Mom. And I feel bad about lying to you.

I love you, Mom. And I want you to know what's really going on in my life.

From now on, I promise to be totally transparent with you, Mom. No more secrets.

That... really means a lot to me, Christen.

If you ever want to talk about anything, you can always come to me.

But I still have so many questions. Like do you know why you're—

I do. It turns out that magic is genetic. Which means Jessica is a sorcerer, too.

So that means that she and I got our powers from Dad.

Maybe you can shed some light on that for us, Mrs. Young?

Yeah, did Dad ever mention that he was a sorcerer to you? Or that your kids would have magic powers, too?

Oh, uh... w-well you see, your father was...

I guess I can't hide anything from you any longer. Especially now that you know you're a sorcerer.

If you're going to be honest with me, I need to be honest with you, too.

You deserve to know the truth, Christen.

The truth? W-what do you mean, Mom?

I'll explain everything downstairs. Jessica needs to hear this, too.

You're welcome to hear about this as well, Isabelle.

Thank you, Mrs. Young. I'll stick around to support Christen.

But I don't understand. Have you been hiding something from us?

I'd... rather not say any more without your sister around. Just give me a few minutes to get her.

10 minutes later...

Alright, Mom. You've got me all nervous about what you wanted to say.

Yeah, it sounds pretty serious. Is everything alright with you?

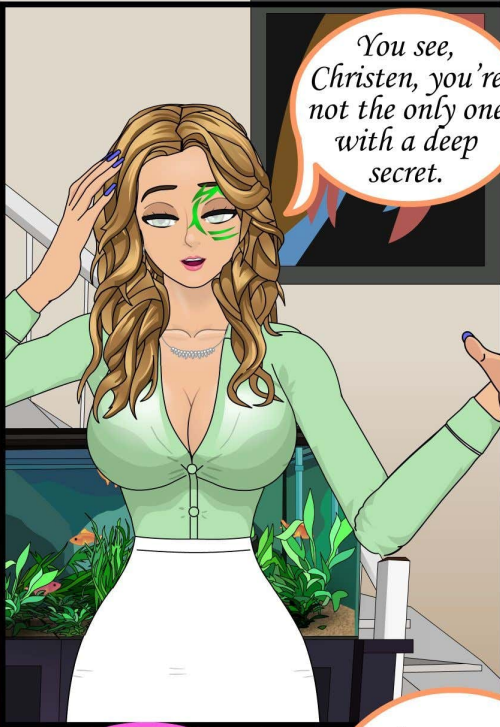

Everything is fine. I just have something very important to tell both of you.

Now that you both know about your magic powers, you deserve to know the truth.

Wait, so you knew we'd get magic powers eventually? Did Dad tell you that? Does Mark know about any of this stuff?

Mark has known the truth for a while. None of this is easy to say. It might just be better if I show you what I mean.

You see, Christen, you're not the only one with a deep secret.

W-What?!

No fucking way!

Surprise! I know this probably comes as a shock to you two.

It absolutely does! You've always been a sorcerer, and you never told us?!

A shock is an understatement! Why didn't you tell us about this sooner?!

Believe me, I've wanted to tell you two everything for a long time. But I had to wait until I knew you were ready to hear it.

Growing up, I hated being a sorcerer. It made me feel like an outcast.

And I didn't want the same thing to happen to you two.

I know it was wrong of me to deny you several years of knowing about your magical abilities, and I'm sorry about that.

My parents always forced me into learning magic, and I resented them for that.

And you wanted to raise us better than your parents did?

That's all I've ever wanted to do as a parent. But now I realize it was selfish of me.

I'm not really upset about the lying. I'm just baffled to learn my mother is a sorcerer.

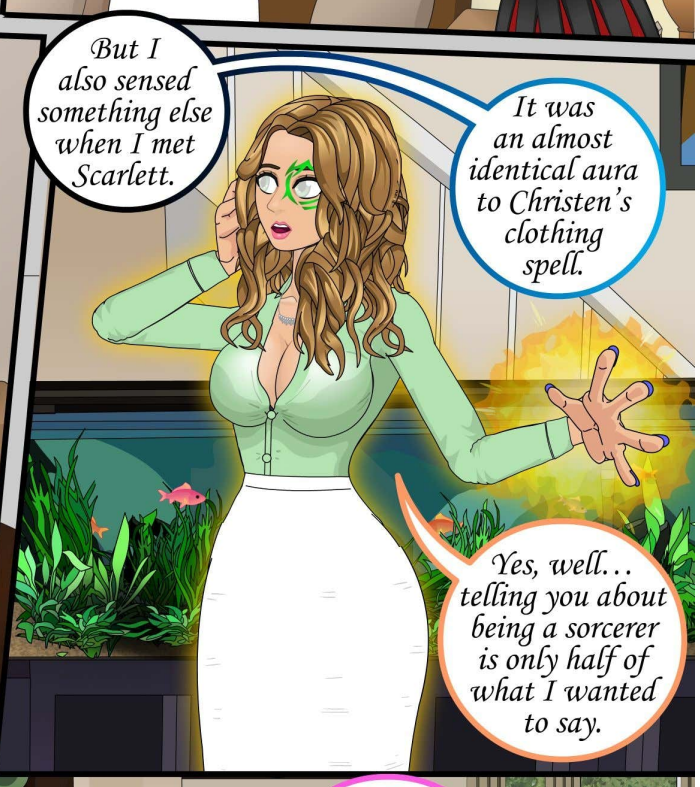

This is a lot to take in. Izzy, you sensed my aura when we met at the mall.

Did you sense anything with my mom?

I felt an odd sensation when I met your mom. Just a faint magical aura.

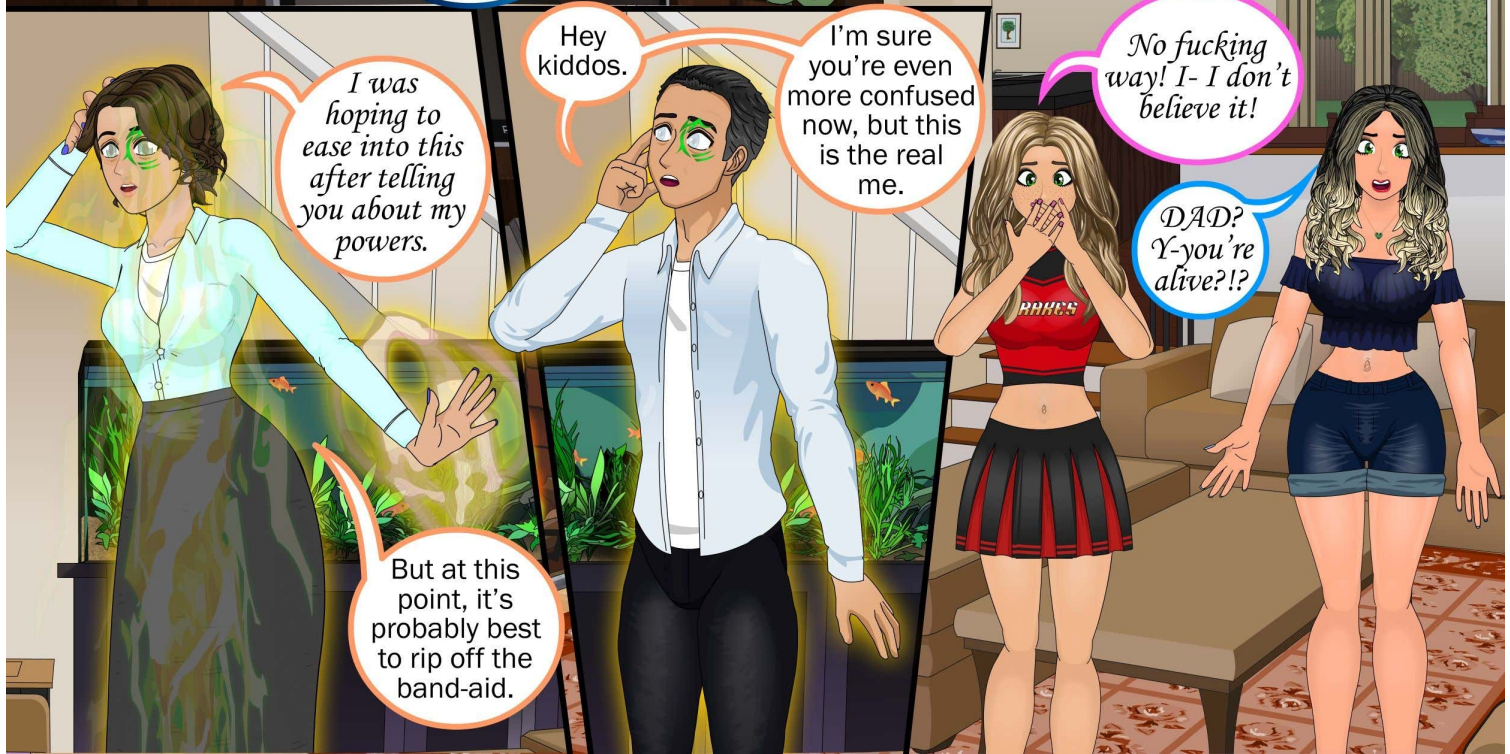

Like magic that hadn't been used in a very long time.

But I also sensed something else when I met Scarlett.

It was an almost identical aura to Christen's clothing spell.

Yes, well... telling you about being a sorcerer is only half of what I wanted to say.

I was hoping to ease into this after telling you about my powers.

Hey kiddos.

I'm sure you're even more confused now, but this is the real me.

No fucking way! I- I don't believe it!

DAD? Y-you're alive?!?

But at this point, it's probably best to rip off the band-aid.

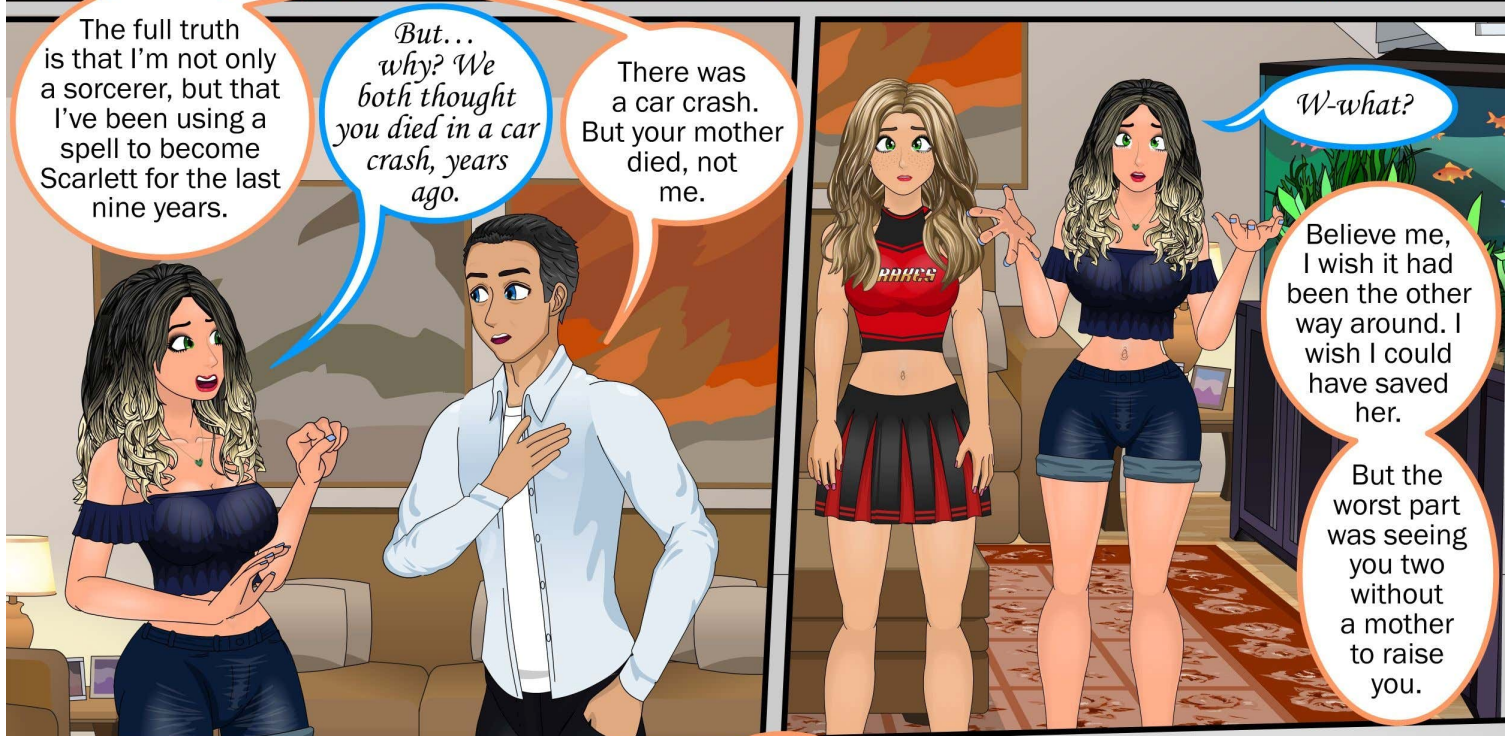

I know this may seem hard to believe, but I've removed the gold spell that I put on myself. This is who I really am.

Oh my god, I... I don't know what to say. How long have you been like this?

Honestly? This is the first time I've changed back into my male body in nearly nine years.

So you've been pretending to be Mom for nearly a decade? What happened to Mom?!? Why would you do all this?!

I promise, I'll explain everything.

The full truth is that I'm not only a sorcerer, but that I've been using a spell to become Scarlett for the last nine years.

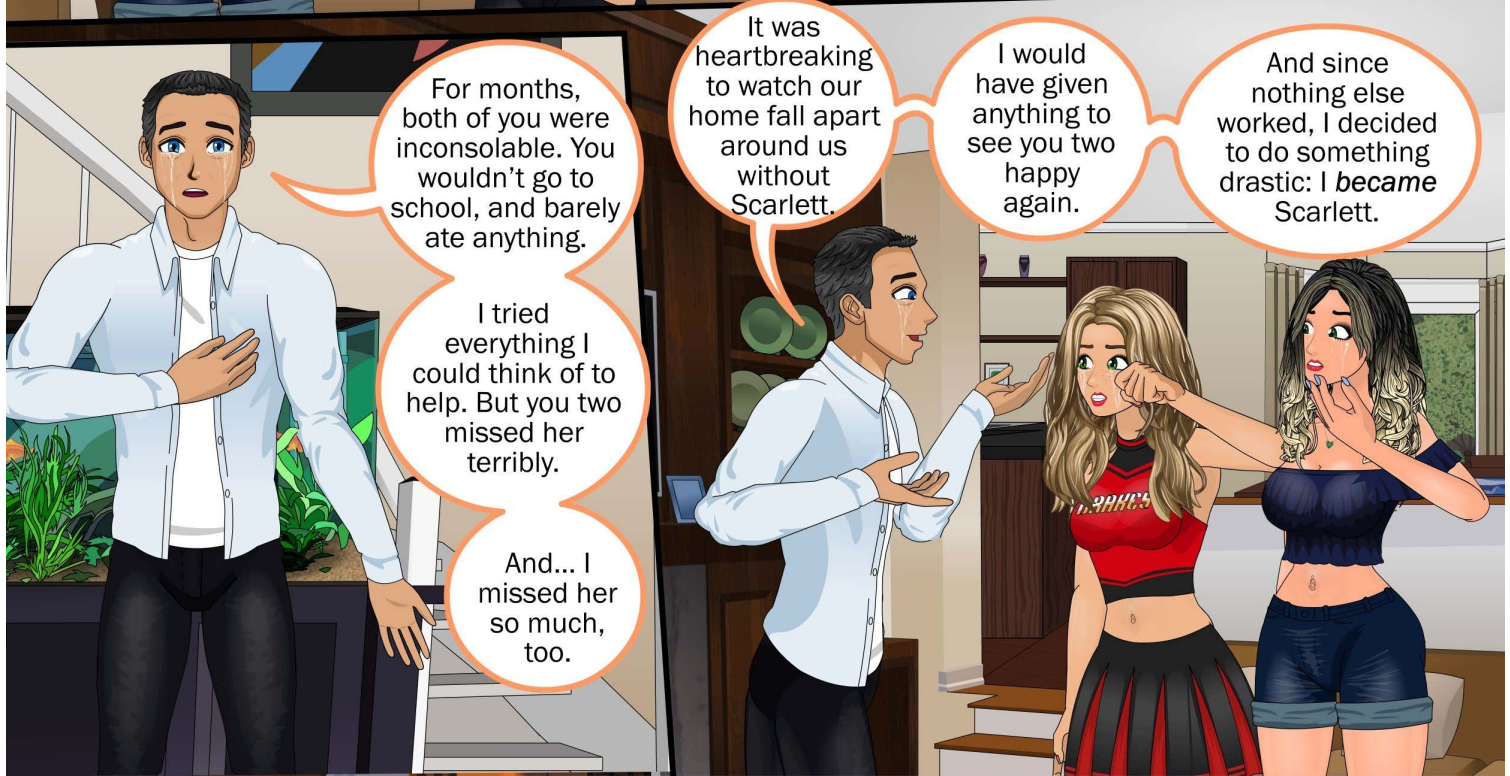

But... why? We both thought you died in a car crash, years ago.

There was a car crash. But your mother died, not me.

W-what?

Believe me, I wish it had been the other way around. I wish I could have saved her.

But the worst part was seeing you two without a mother to raise you.

For months, both of you were inconsolable. You wouldn't go to school, and barely ate anything.

I tried everything I could think of to help. But you two missed her terribly.

And... I missed her so much, too.

It was heartbreaking to watch our home fall apart around us without Scarlett.

I would have given anything to see you two happy again.

And since nothing else worked, I decided to do something drastic: I became Scarlett.

9 years ago...

I didn't make this decision lightly. I tried for months to make things work without your mother.

But money was tight without her, and nothing I did seemed to fix anything.

Even though I've never really liked magic, it did offer a way to ease everyone's pain.

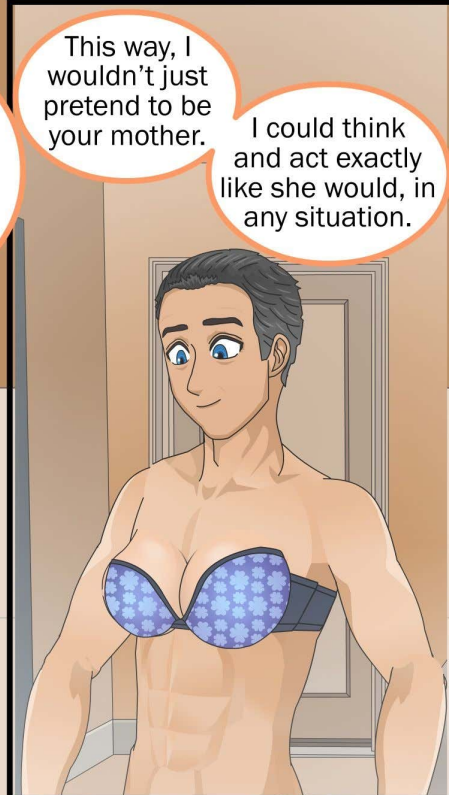

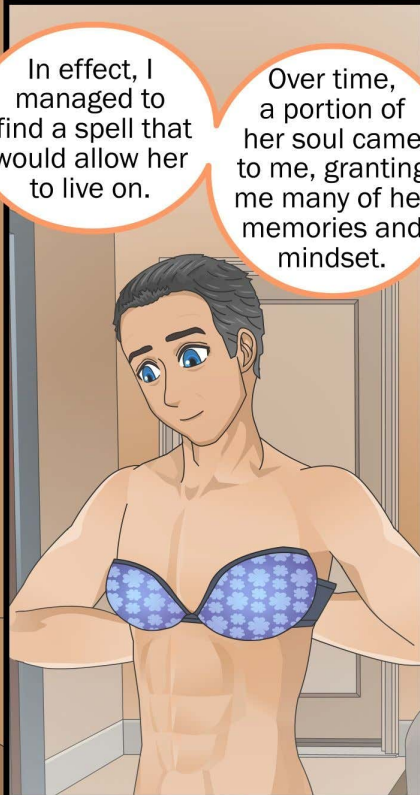

So I cast a spell on your mother's clothes that would allow me to transform into her.

In effect, I managed to find a spell that would allow her to live on.

Over time, a portion of her soul came to me, granting me many of her memories and mindset.

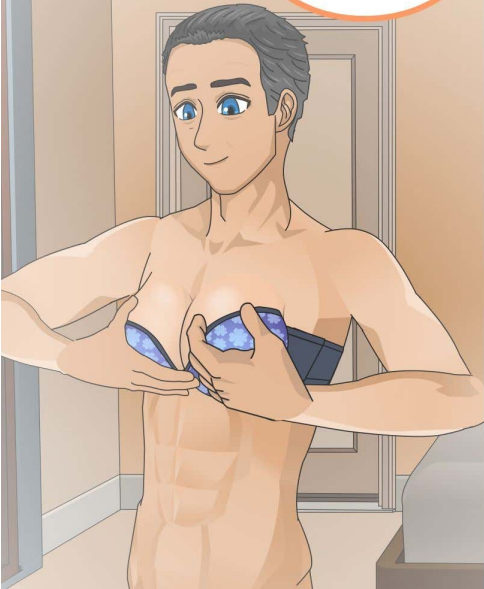

This way, I wouldn't just pretend to be your mother.

I could think and act exactly like she would, in any situation.

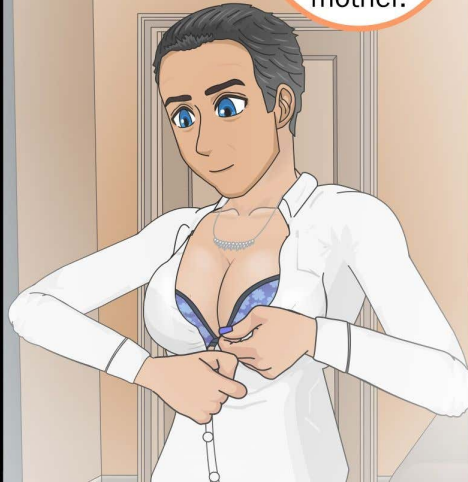

It also really helped me to recover from losing her.

At least this way, a portion of your mother would always be with me.

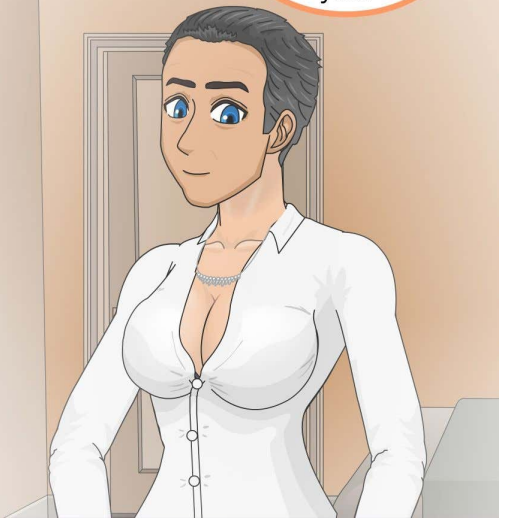

Regretfully, I did have to perform one spell on both of you for this to work: I had to alter your memories.

I had to make you believe that I died in that car crash, instead of your mother.

I'm so sorry that I had to do that to you two.

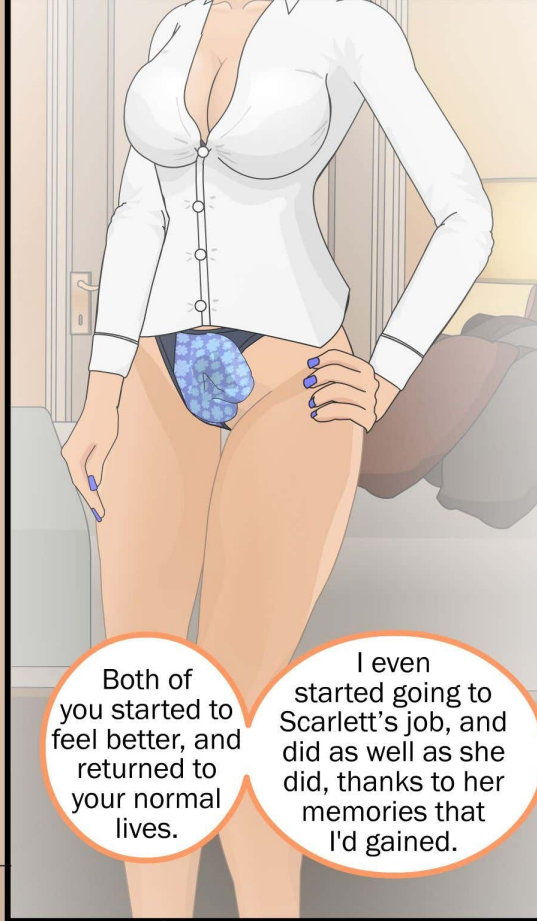

But if those previous few months had proven anything to me, it was that it would be best if your mother were to raise you.

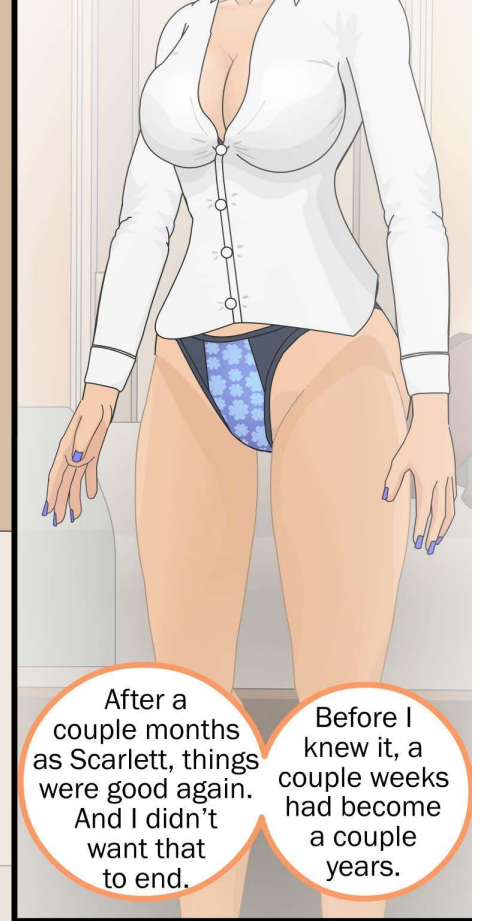

I promised myself that I would only test out being Scarlett for a few weeks.

But things went far better than I had expected.

Both of you started to feel better, and returned to your normal lives.

I even started going to Scarlett's job, and did as well as she did, thanks to her memories that I'd gained.

After a couple months as Scarlett, things were good again. And I didn't want that to end.

Before I knew it, a couple weeks had become a couple years.

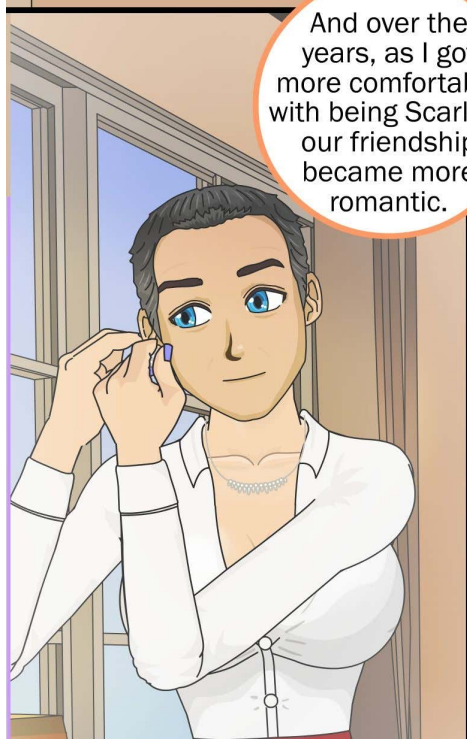

The only one who knew the truth about my plan was Mark, my best friend.

We've known each other since high school, and tell each other everything.

When I told Mark about my plan to become Scarlett, he was supportive of my decision.

He promised that he'd have my back every step of the way.

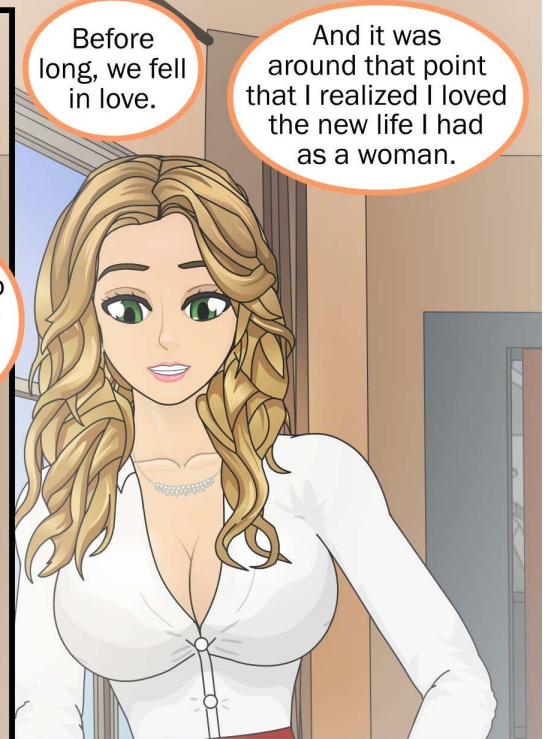

And over the years, as I got more comfortable with being Scarlett, our friendship became more romantic.

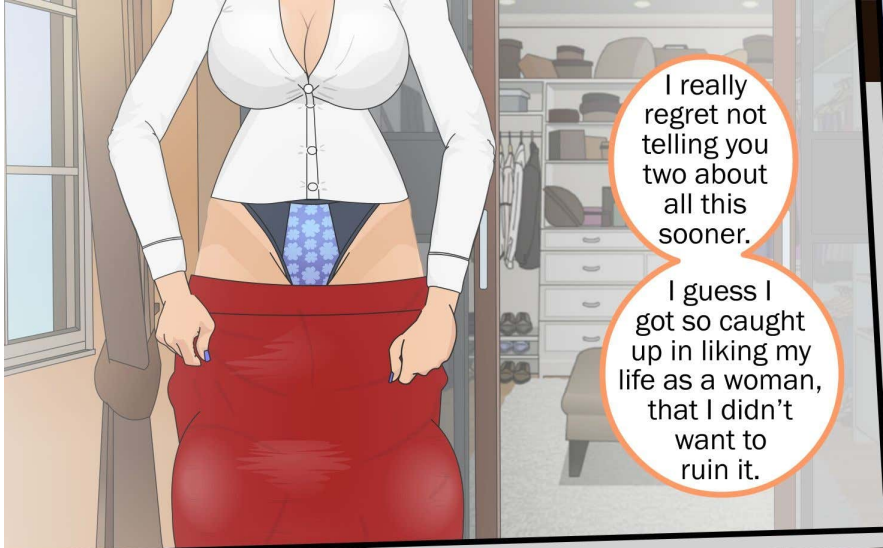

Weekly nights at the bar turned into romantic dinners, and became more frequent.

He continued to support me in any way he could.

Before long, we fell in love.

And it was around that point that I realized I loved the new life I had as a woman.

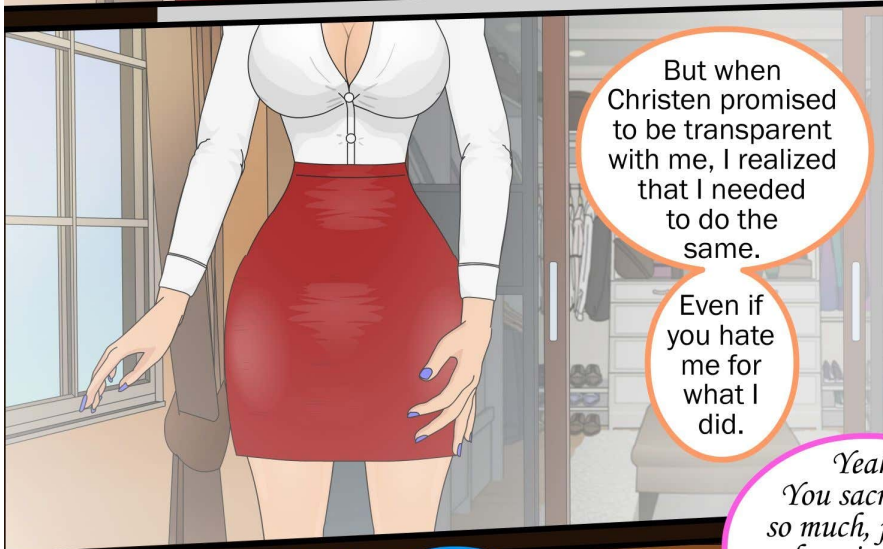

I really regret not telling you two about all this sooner.

I guess I got so caught up in liking my life as a woman, that I didn't want to ruin it.

There's a lot that I wish I could have done differently.

But I want you both to know that I did everything out of love. And to give you two the best life you could possibly have.

But when Christen promised to be transparent with me, I realized that I needed to do the same.

Even if you hate me for what I did.

Yeah! You sacrificed so much, just for our happiness. Even giving up your job and body.

And we're thrilled that you and Mark are happy together. You two really deserve it.

Oh, Mom! I know we're acting really surprised, but I promise that we're not mad at you.

Yeah, this is a lot to process. But we appreciate everything you've done for us.

R-really?

Oh, thank you! It means so much to know that you two are so understanding.

I'm proud of how accepting and loving you are.

I love you both so much!

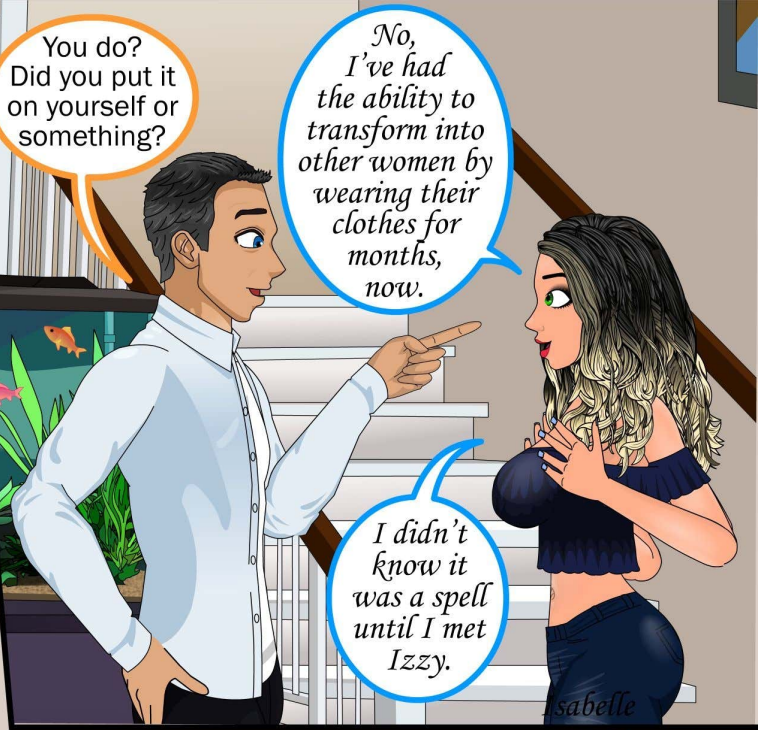

We love you too, Mom.

So wait, you put a clothing spell on yourself, then?

Yes. The spell allows me to transform into any woman whose clothes I wear.

I've got the same spell on me!

You do? Did you put it on yourself or something?

No, I've had the ability to transform into other women by wearing their clothes for months, now.

I didn't know it was a spell until I met Izzy.

So that explains why you've been acting so erratic for the last few months.

But how is it possible that we have the same spell on us?

I think I might know what happened.

Since you originally used the spell on Scarlett's clothes, it's possible that the spell spread to other clothes that it touched.

Most likely, when Scarlett's clothes were in the washing machine.

The spell spread to Christen's clothes, and then onto Christen's body.

So that's how I got the clothing spell? Wow, I never would have guessed.

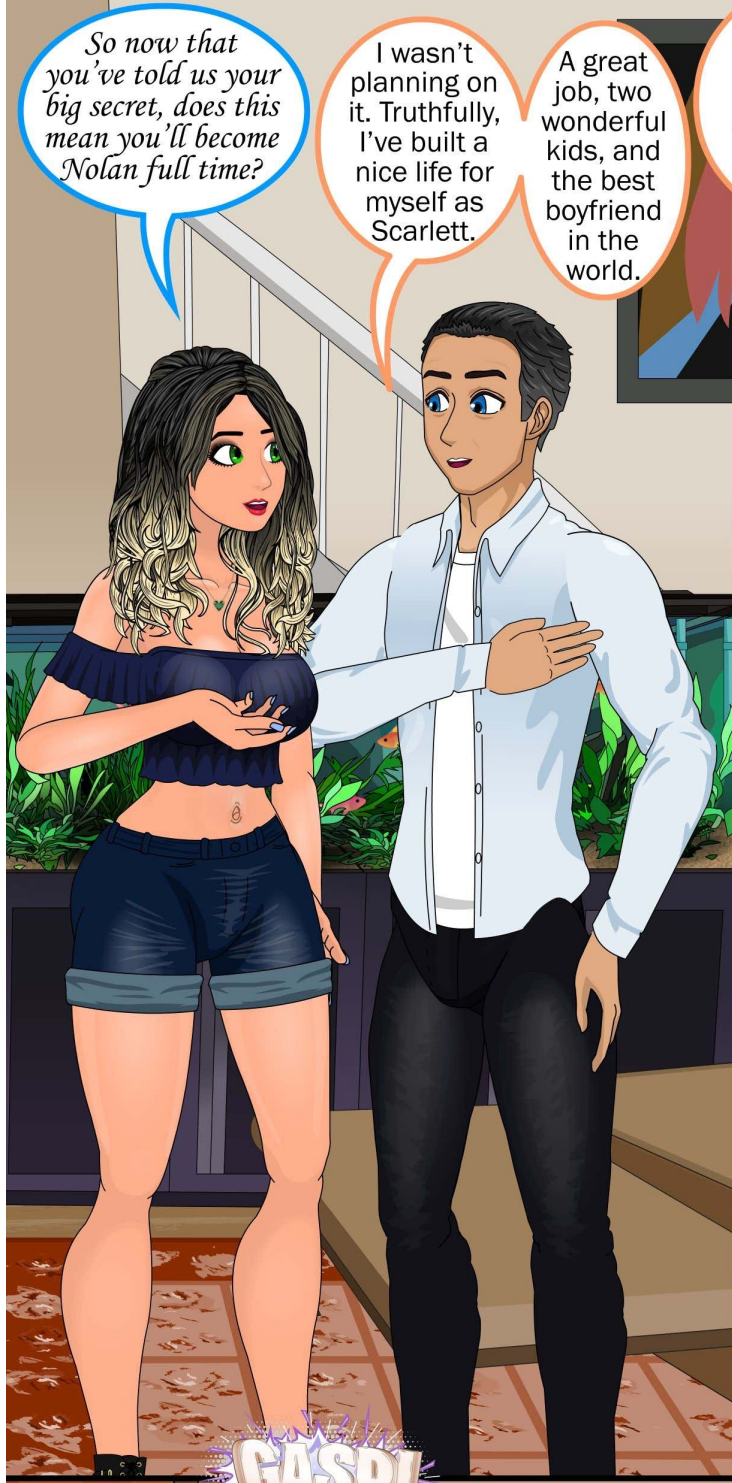

I'm so sorry, sweetie. I had no idea that the spell could spread like that.

It's alright. Having this spell is one of the best things that's ever happened to me.

And if my theory is correct, then that would mean you'd have the clothing spell too, Jessica.

Seriously? Wait, would I be able to turn into men, or other women, by wearing their clothes?

So now that you've told us your big secret, does this mean you'll become Nolan full time?

I wasn't planning on it. Truthfully, I've built a nice life for myself as Scarlett.

A great job, two wonderful kids, and the best boyfriend in the world.

I'd hate to give all that up and start over. In fact, I already miss being Scarlett.

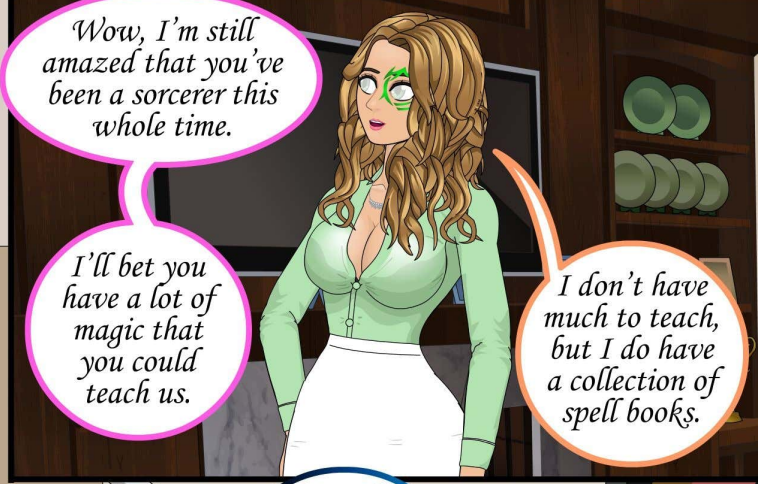

I guess I can't blame you. Does this mean we call you Mom or Dad, then?

You can call me whichever is more comfortable for you, sweetie.

All I know is that I prefer being your mother.

In that case, I'd still like to think of you as Mom.

Wow, I'm still amazed that you've been a sorcerer this whole time.

I'll bet you have a lot of magic that you could teach us.

I don't have much to teach, but I do have a collection of spell books.

You do?!

I was preparing for the day I'd tell you about magic. And I know that you prefer learning from books.

I'll take you to where I've hidden them after school today.

squeal!

I can't wait! Thank you so much, Mom!

I could also help you both out in more practical ways. That is, if you don't mind being tutored, Mrs. Young.

That's alright, Isabelle. But I'd be happy if you helped Jessica out with her magic studies.

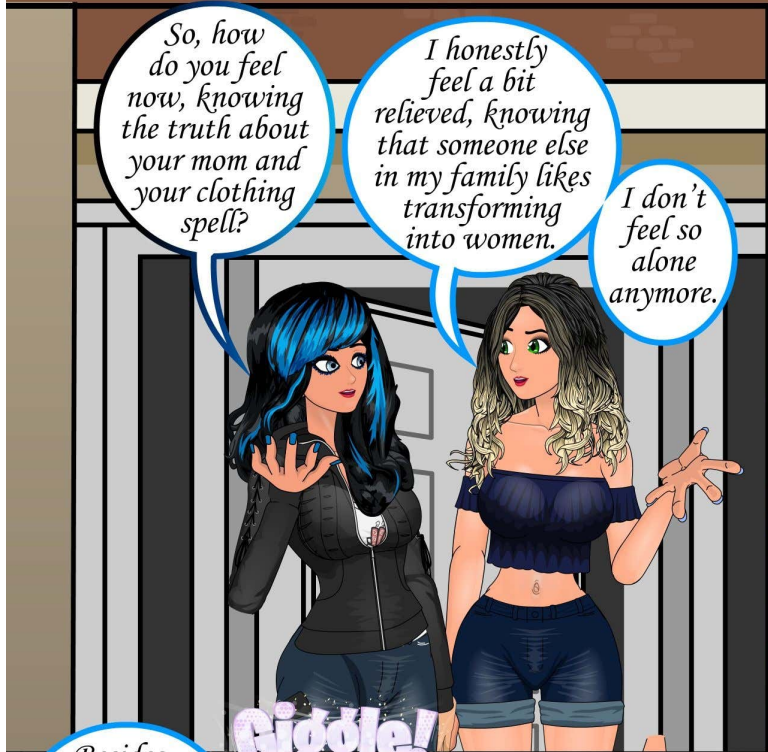

Thanks for letting me have this talk, kids. I feel like a huge weight has been lifted off my shoulders.

I know that feeling very well, Mom. We'll talk more about it after school.

I'll drive you to school, Izzy.

That's nice of you, but I've got this taken care of. I'll teleport us all to school.

Oh, right! I didn't think about that. You're gonna have to teach me about teleporting. It sounds really useful!

So, how do you feel now, knowing the truth about your mom and your clothing spell?

I honestly feel a bit relieved, knowing that someone else in my family likes transforming into women.

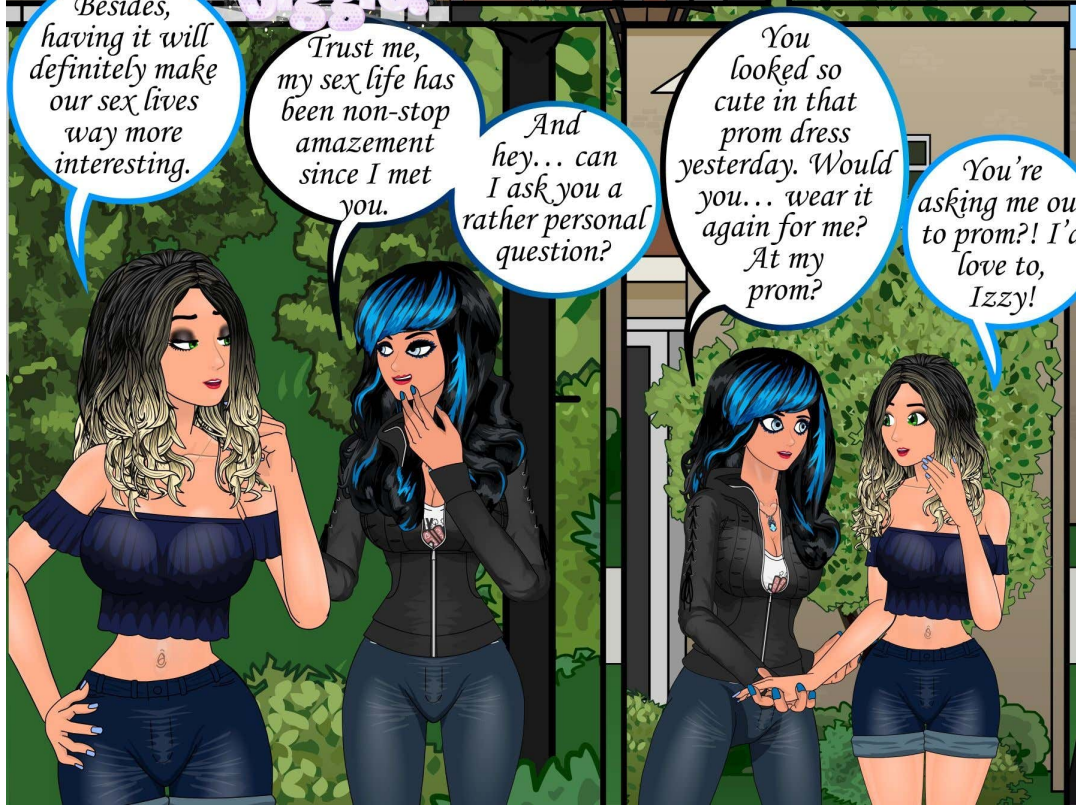

I don't feel so alone anymore.

For what it's worth, you don't have to feel lonely any more. If you ever want to hang out, my door is always open.

But... now that you're a full-time woman, do you want to remove the clothing spell?

Not a chance. I love having this spell on me.

Besides, having it will definitely make our sex lives way more interesting.

Trust me, my sex life has been non-stop amazement since I met you.

And hey... can I ask you a rather personal question?

You looked so cute in that prom dress yesterday. Would you... wear it again for me? At my prom?

You're asking me out to prom?! I'd love to, Izzy!

The End
