CHAPTER 05

Robbie opened his legs to free his penis. His cock sprang free. It was really hard and ready for action.

"Sorry," he blushed.

"You're a healthy, young, virile male. You should never apologize for having an erection, unless it's inappropriate."

"No, because I asked to see it. The truth is, straight women enjoy seeing a man's penis, and pleasing it, and making it feel good. But it has to be on the right terms. There has to be build-up first and she has to be comfortable doing it with him."

"I think you like seeing mine," he said.

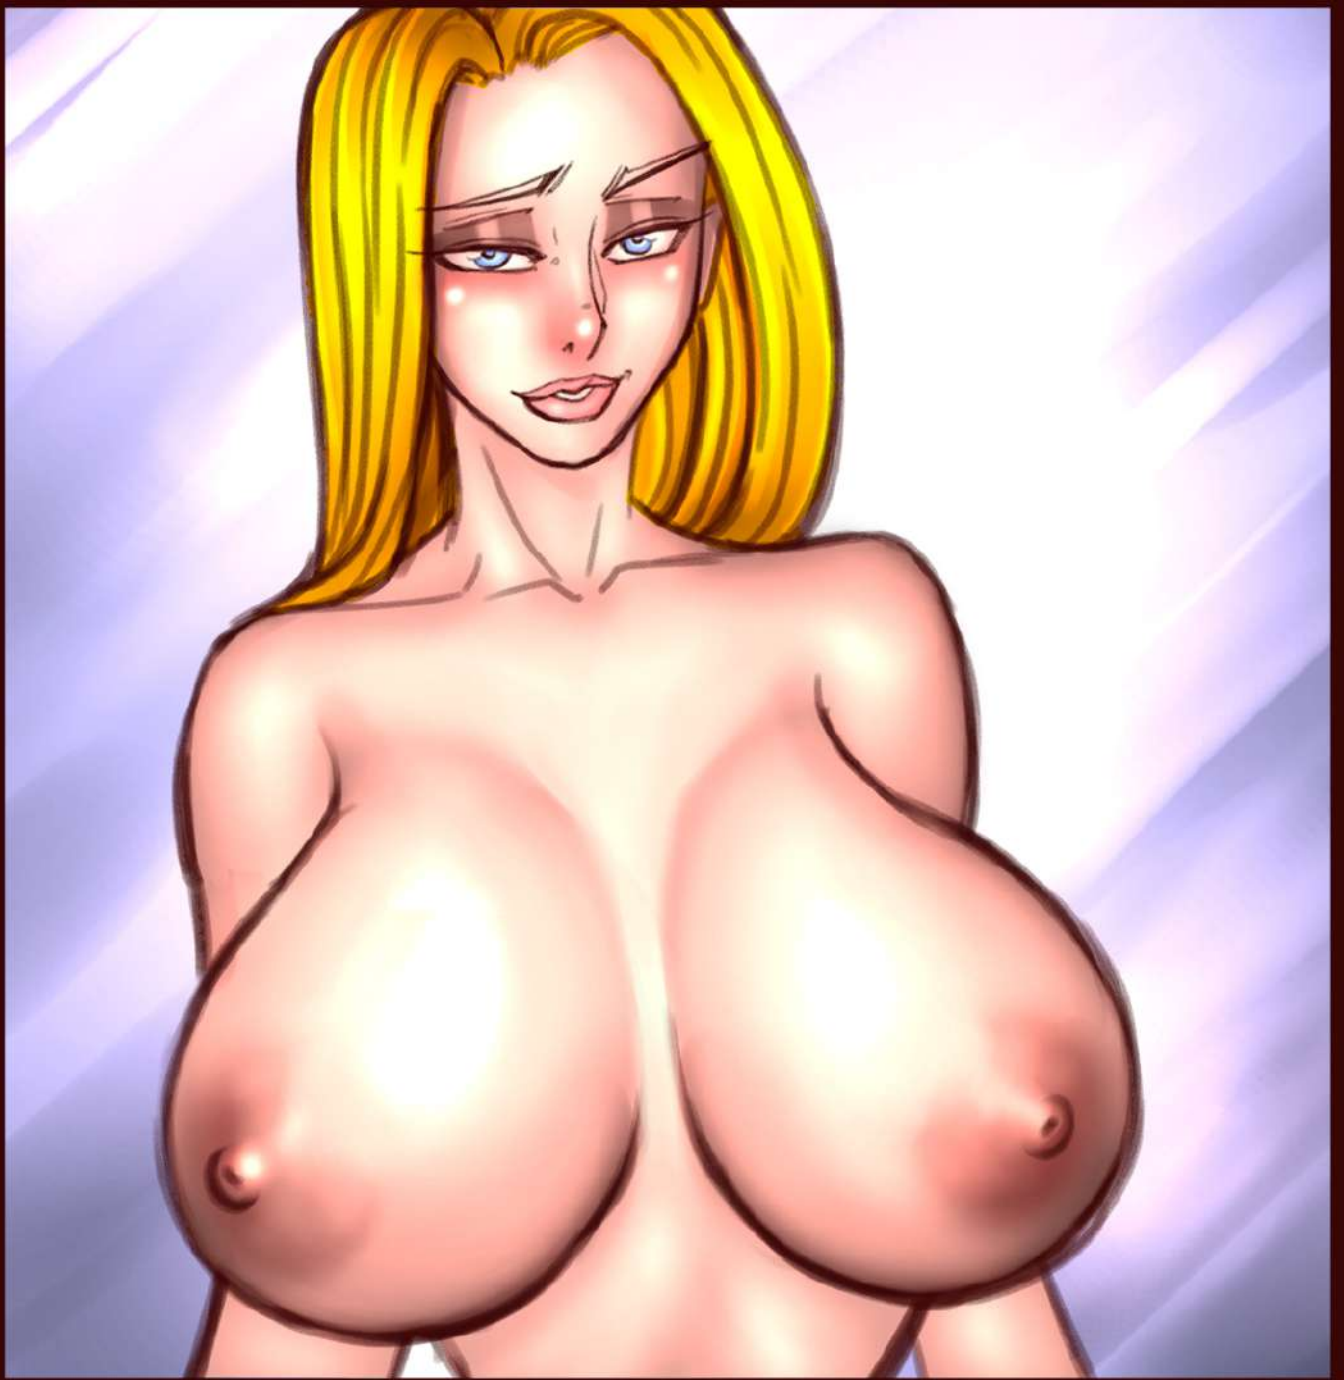

"You've really been looking at it."

"Even sisters have vices."

"I see ... now, can I ask you something?"

"That depends ..."

"Will you ... take my virginity?" he asked
in a small voice.

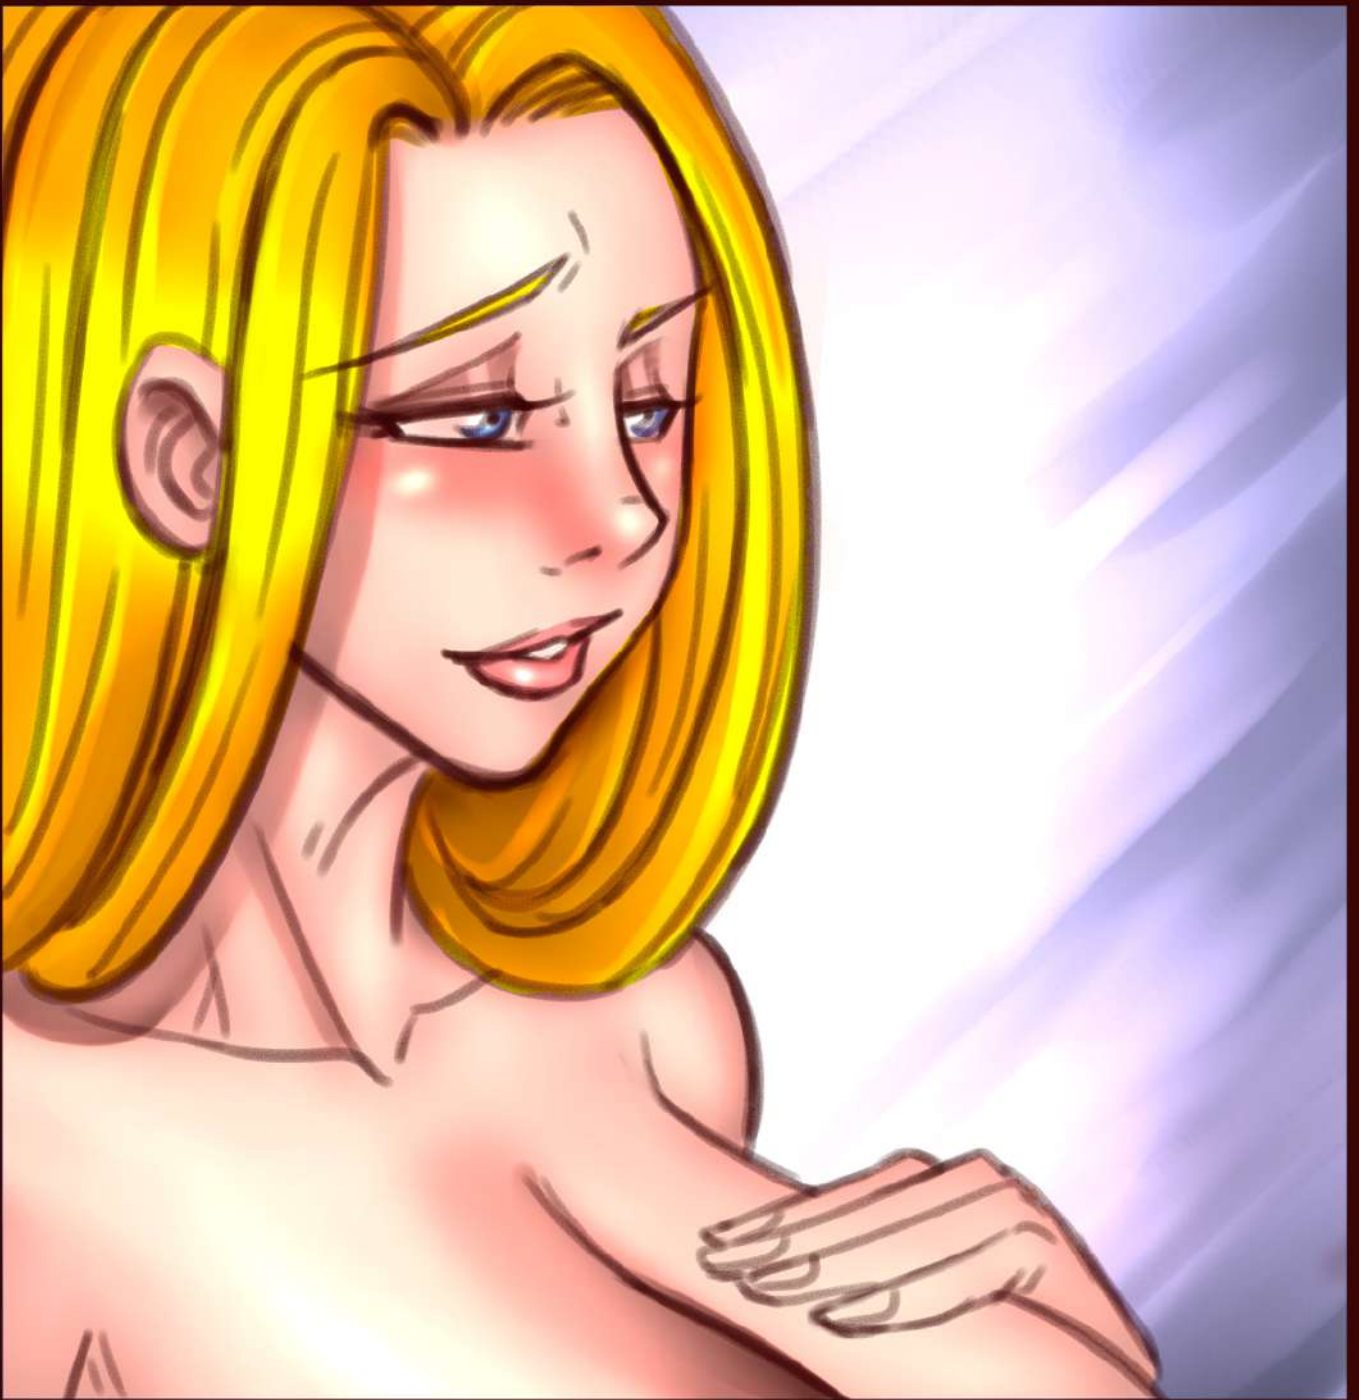

"Why would I do that?"

He held his head down. "Sorry I asked."

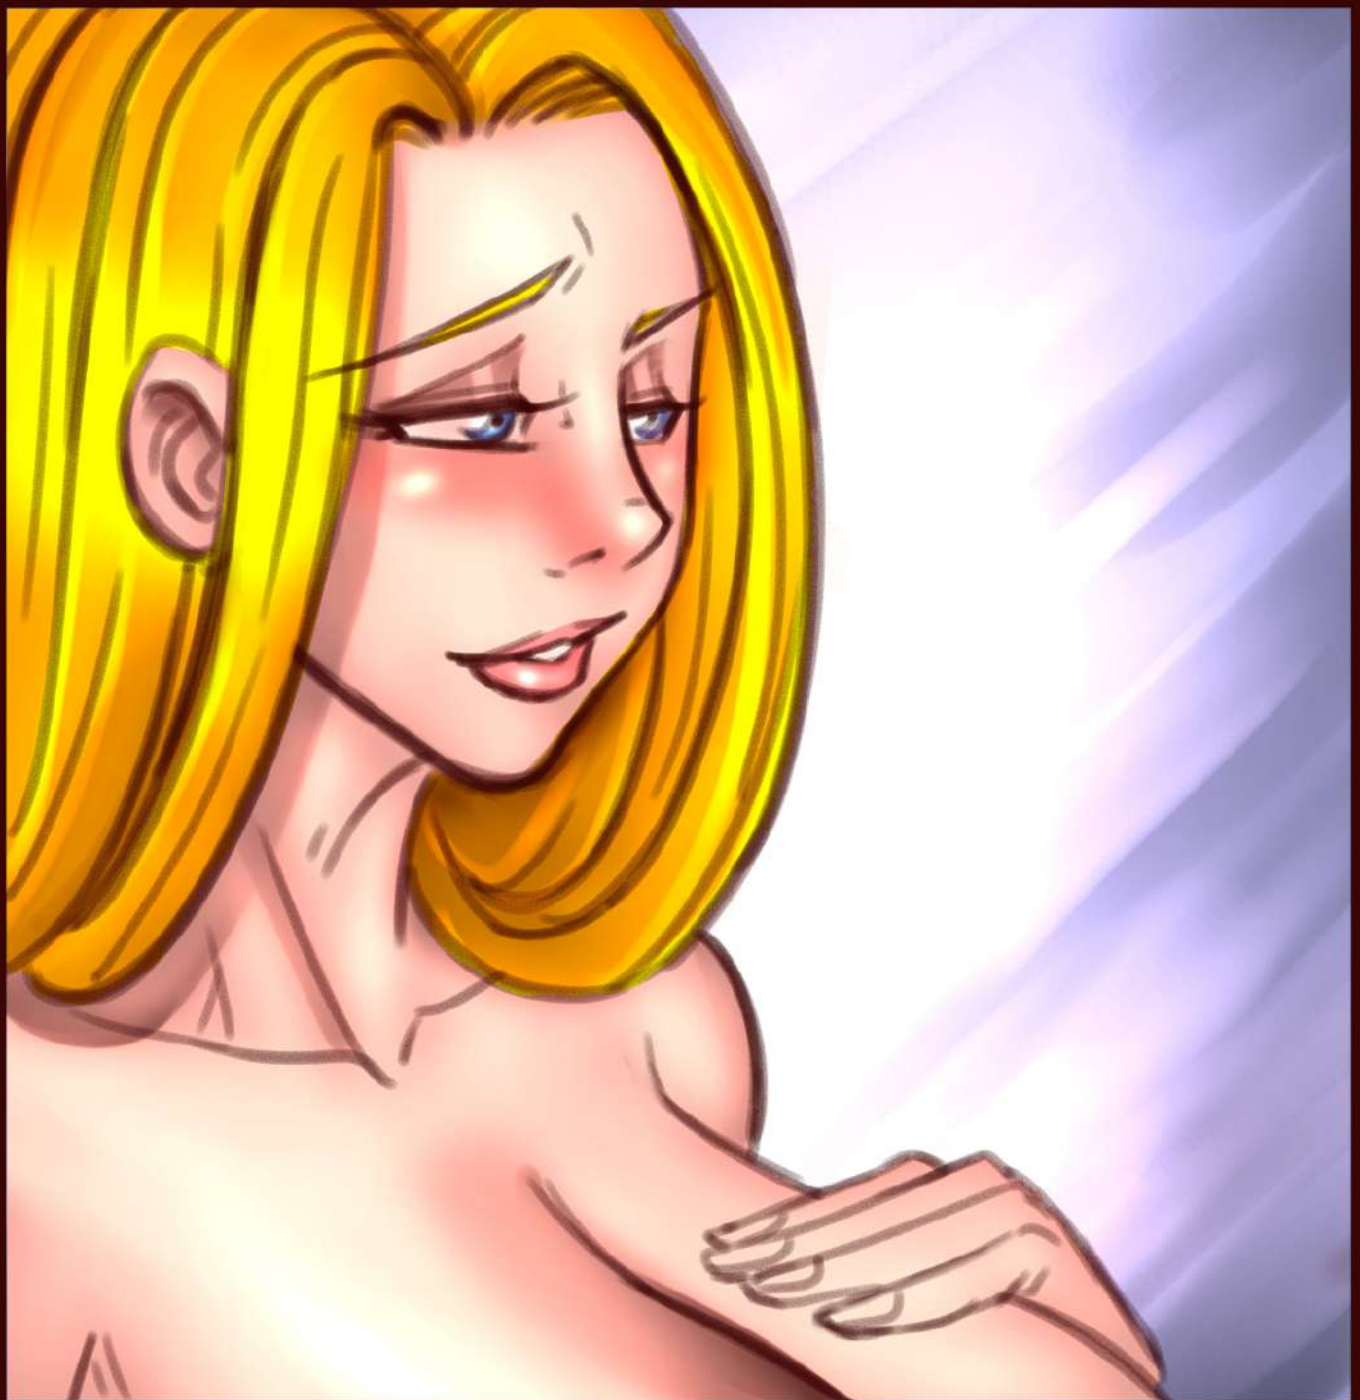

"Don't apologize," she said, lifting his chin up. "A real man should never be afraid to ask, when all the signals are there. If I refuse, then that's the end. If I agree, then take charge."

"Yes sister."

Being called 'sister' was a dirty little turn on for her. It was time to make her brother into a man. The way a single big sister should, she thought to herself.

"This stays between us," she said.

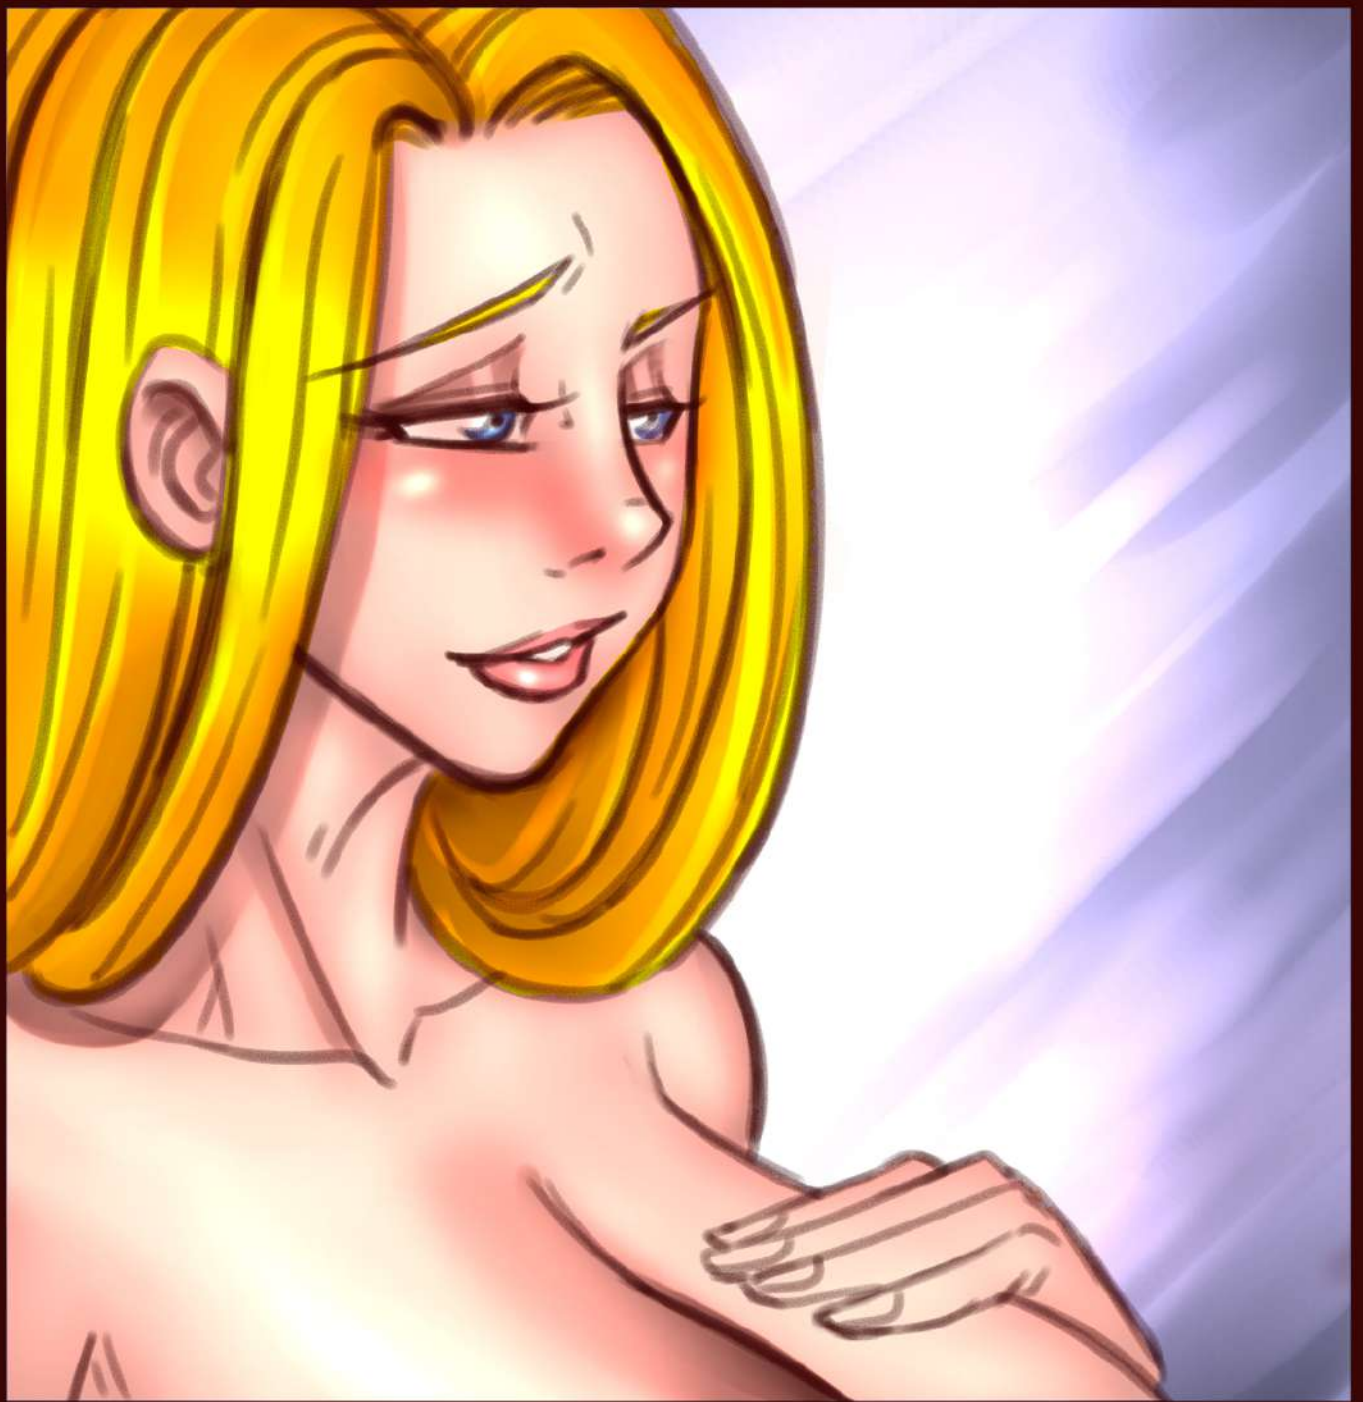

"I'll take your virginity. I'll make you a man. But no one can ever know. Don't brag to your friends."

"Trust me, I'd be horrified if people at college knew."

She smiled, "I'd be horrified if people knew that I'm brother-lover."

"Then we're even."

"Sex is scary at first. That's the way nature is. It's more exciting with these barriers."

"I'll admit that I'm a little scared," he said.
"But I'm also really excited."
"You should be. What I have between my legs is something special, and I sincerely hope you appreciate this."
"I've actually wanted this for a long time. From you. I never thought your pussy would be a work of art though."

Jennifer was rattled hearing that her brother had wanted this for a while. From her, of all people. The wheels were in motion and they had already come this far. It was time to make her little brother a man.

She put both of her knees on the wooden bench. It was uncomfortable, but soon she'd feel good once she rested all her weight on him. Her brown nipples had turned hard and were right in front of his face.

"Hold your penis upright," she said.

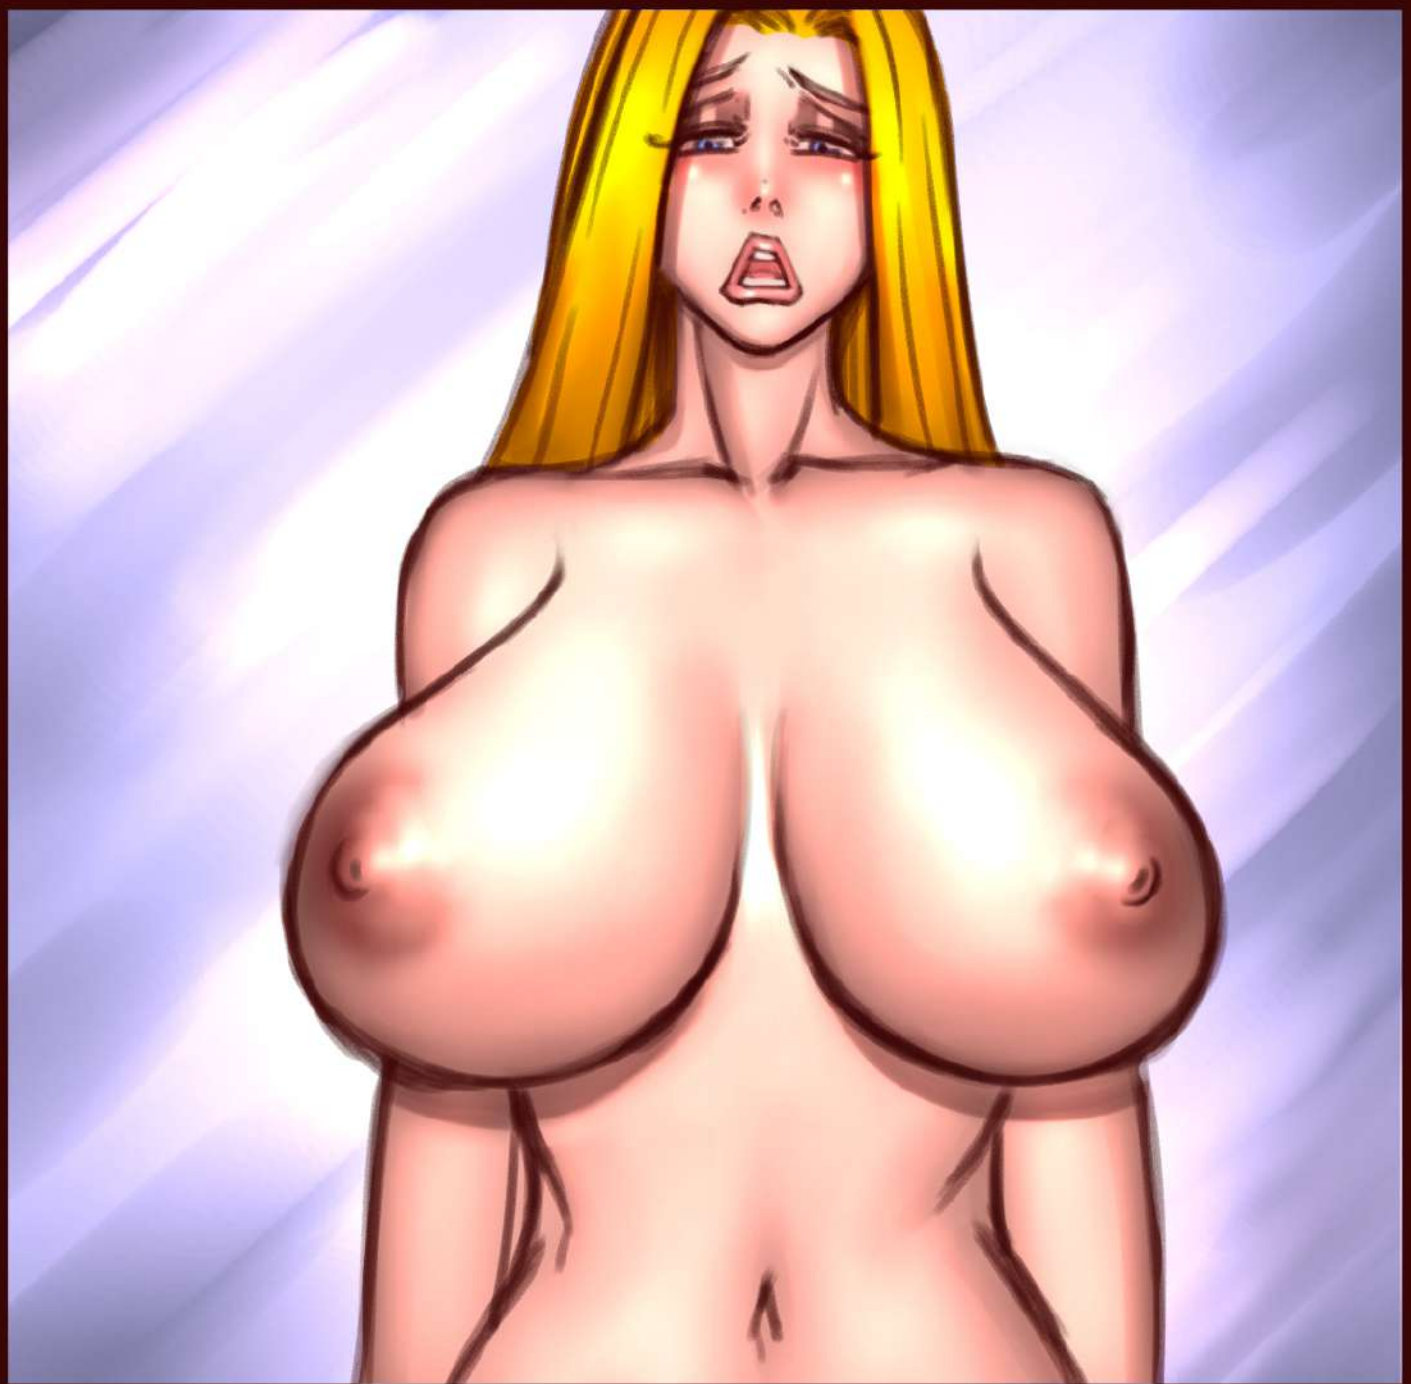

"I'm sure you've seen enough porn to know how this works."

"I have."

She slowly lowered herself.

"Good. Now unlike a lot of porn you see online, you can't just ram it in. The average woman needs it eased inside. Slowly. Arousal is key. When a woman is aroused, her vagina expands and she secretes fluids to make penetration easier."

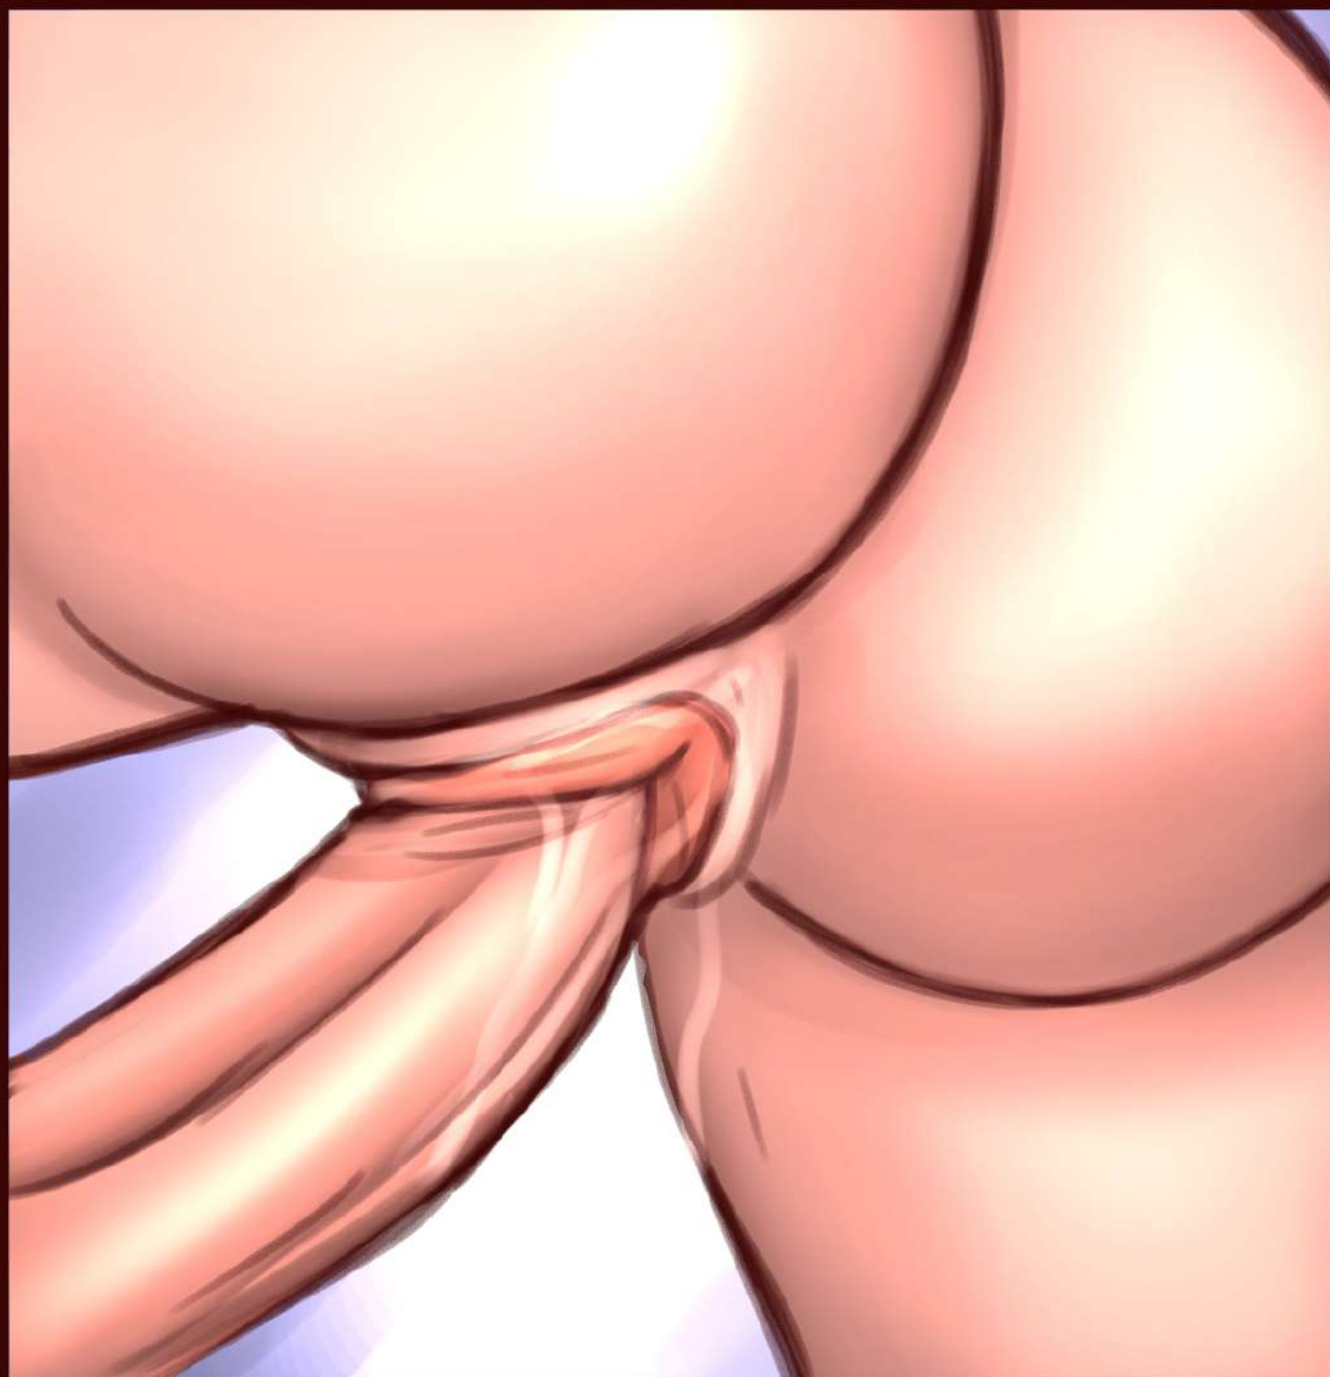

"Is that why you were so wet when I looked inside?"

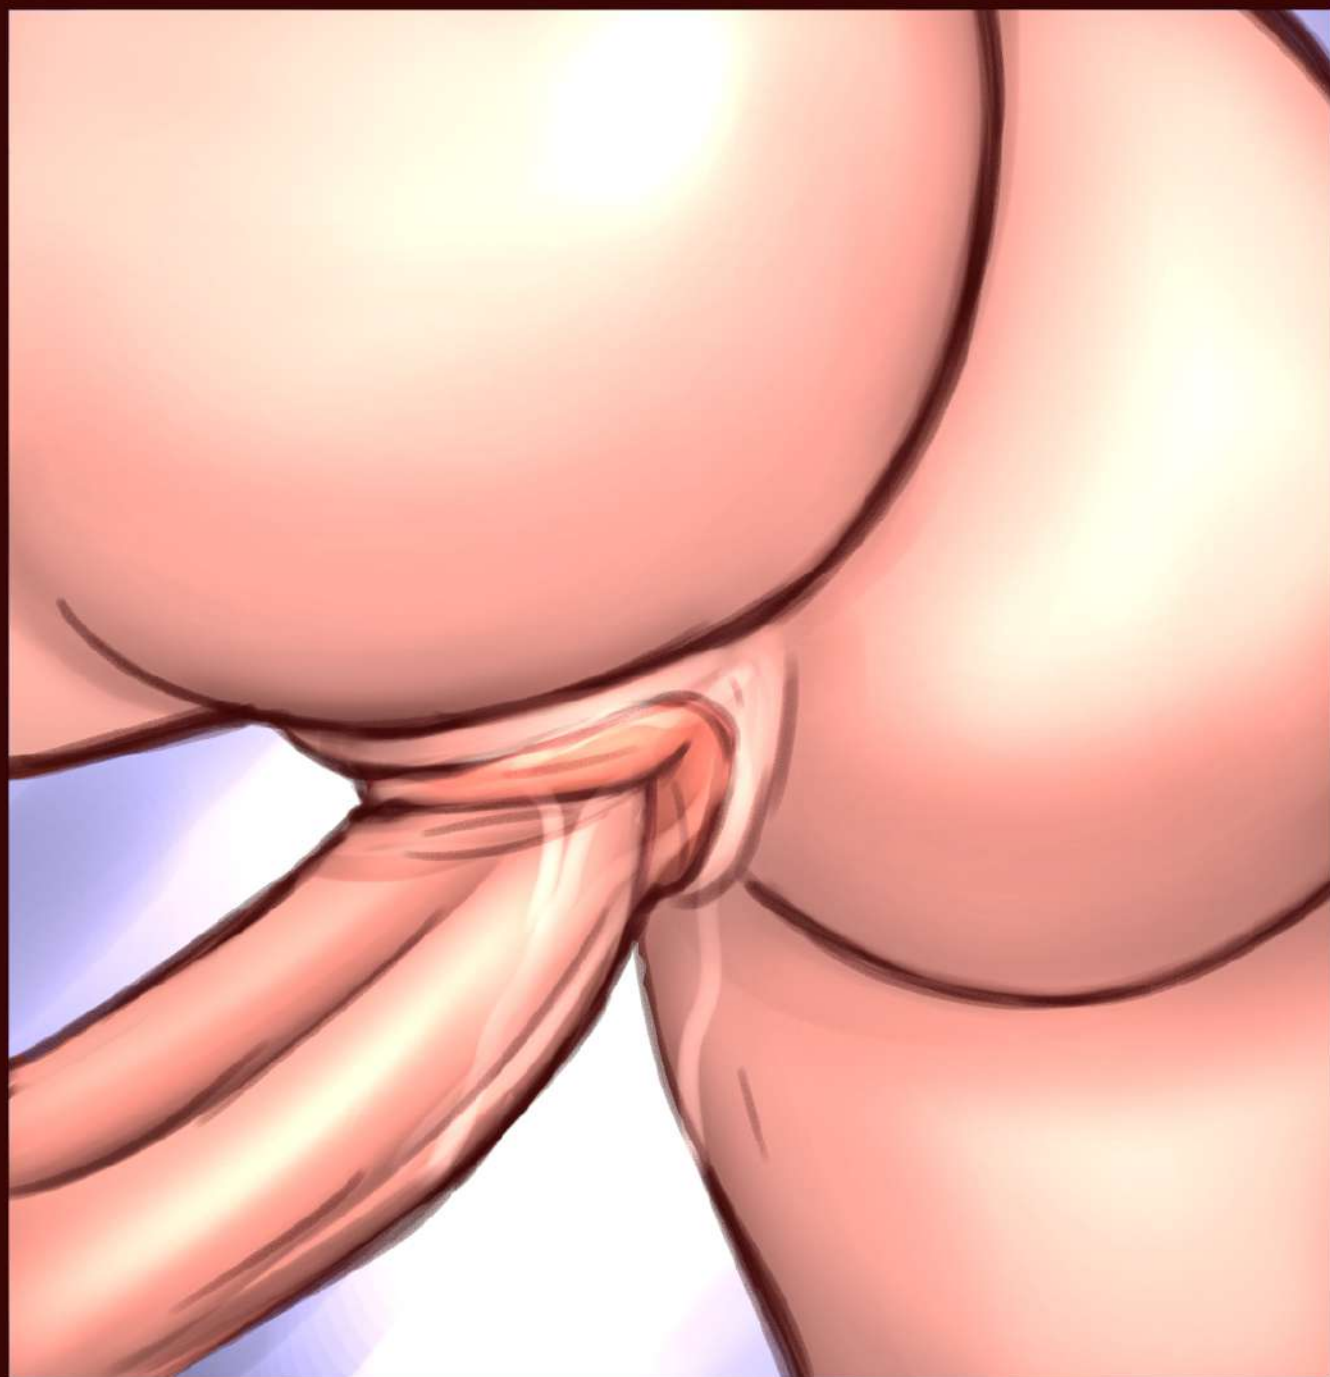

"Yes, I was aroused from our foreplay."

"Was this something you thought about before?" he asked. "Doing this with me?"

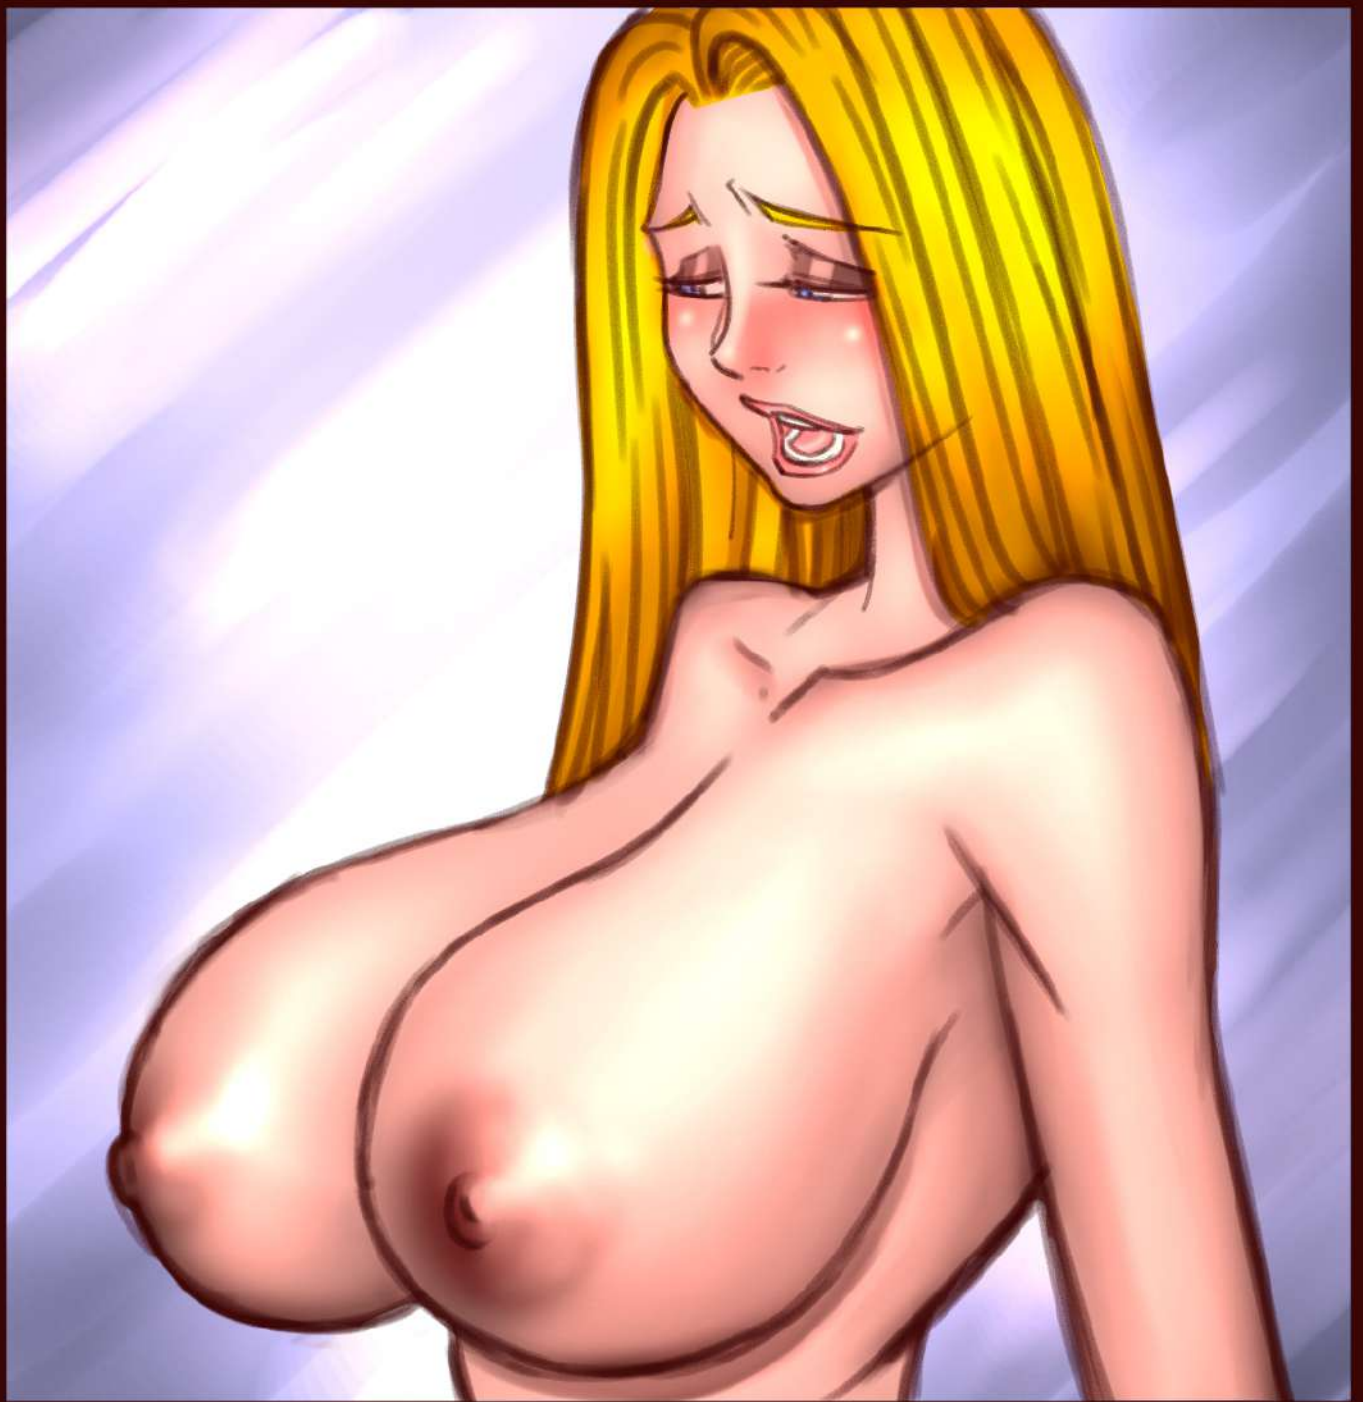

"No. It's circumstance. The whole experience has been strangely magical."

She reached down and spread her lips. In her position with her legs wide, penetration was easy. Especially with herever-growing wetness. She desired sex with Robbie so much that she wondered if she would ever feel normal again. She couldn't peel her eyes away from her brother's eyes.

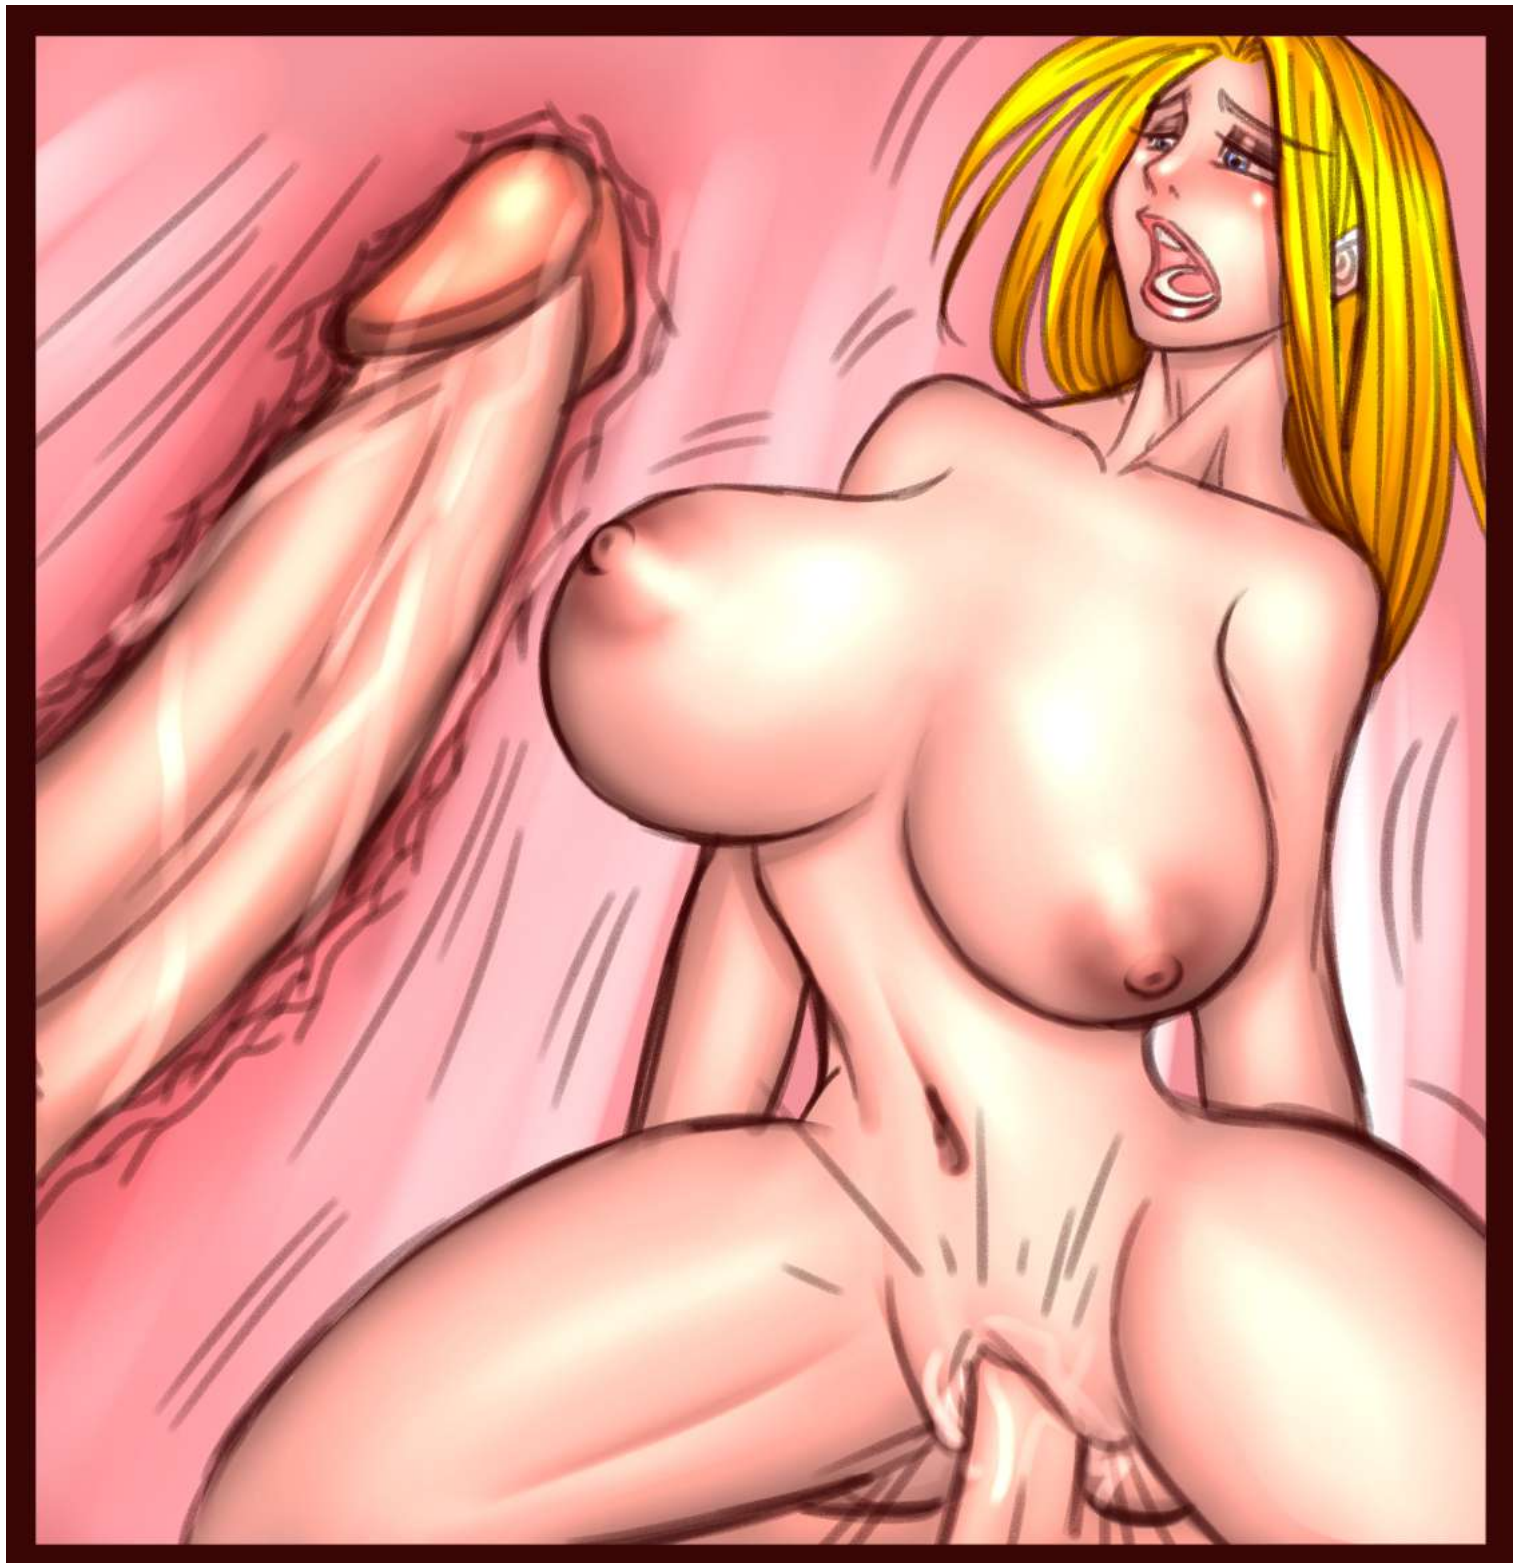

It felt marvelous to share something so intimate with him. Feeling her brother's penis inch its way inside her vaginal canal. Stretching her and stimulating her nerve endings.

As sensational as it felt, it was equally as erotic seeing the look on her little brother's face. This was Robbie's first time, and it showed. Inches apart, she studied the look in her brother's wide eyes. She could feel him breathing on her face.

There was an unspoken acknowledgment between them, and this was intensely arousing to each other. Her perfect pussy was now being worshiped by Robbie's erection.

"GOD!! So ... this is ... what it feels ... like," he gasped, with his eyes nearly rolling back.

"OOHH MY GOD!!!! IT'S SOO ... SOO ... BIG!!"
