# CHAPTER 02

*A few days later...*

"So, you're saying that you are still not pregnant?"

Megan, the wife of the tall man asked Rose during another meeting involving the two couples.

"..." Rose didn't know what to say.

*"We are very sorry,"* Kevin bowed and apologized to the couple who were supposed to help them have a child. As if it was his fault or something like that. *"I am sorry,"* Rose followed suit.

"But, you two don't have to apologize. If anyone should apologize here, it's us,"

Megan admitted to them. Blushing. Feeling awkward about it.

"I guess I know what the problem was last time," Robert, the tall and muscular man admitted to them.

"You know?" Kevin asked him.

"What do you mean, honey?" his wife wanted to know.

"..." Rose was listening.

"It happened to me a few times before. It happened to us a few times while working with other couples who required our services. At least once or twice," he told them.

"What is it?" Kevin asked him.

"My sperms sometimes lost their effects when they touched the air. In other words, as I'm coming and shooting a load in the air," he explained to them as he scratched his chin.

"So, you are saying that if your sperms are not injected directly inside, that it won't work, right?" Kevin asked him.

"It could very well be the case," Robert, the tall man admitted. Completely honest with them.

"That means ..." Rose can't find the words to ask, but that wasn't an issue for Robert ...

"That means if you want to get impregnated, you need a direct penetration from me, Rose ..." Robert finally said the words.

Rose was shocked, and the memories from their previous session came, suddenly ... the orgasm from being filled by the sperm from this man ...

"It's true that it happened a few times before. You are right about that, sweetheart. It's not your fault though," his wife entirely and deeply supported him. She massaged his shoulder.

"I am going to do it then. Do it to me," Rose broke the awkwardness of the situation and said out loud. Surprising everyone.

"What are you saying, Rose?" Kevin asked her. "Are you serious about this?"

"We have come this far. I am not about to give up now. Not without a fight."

"Who said anything about a fight?"

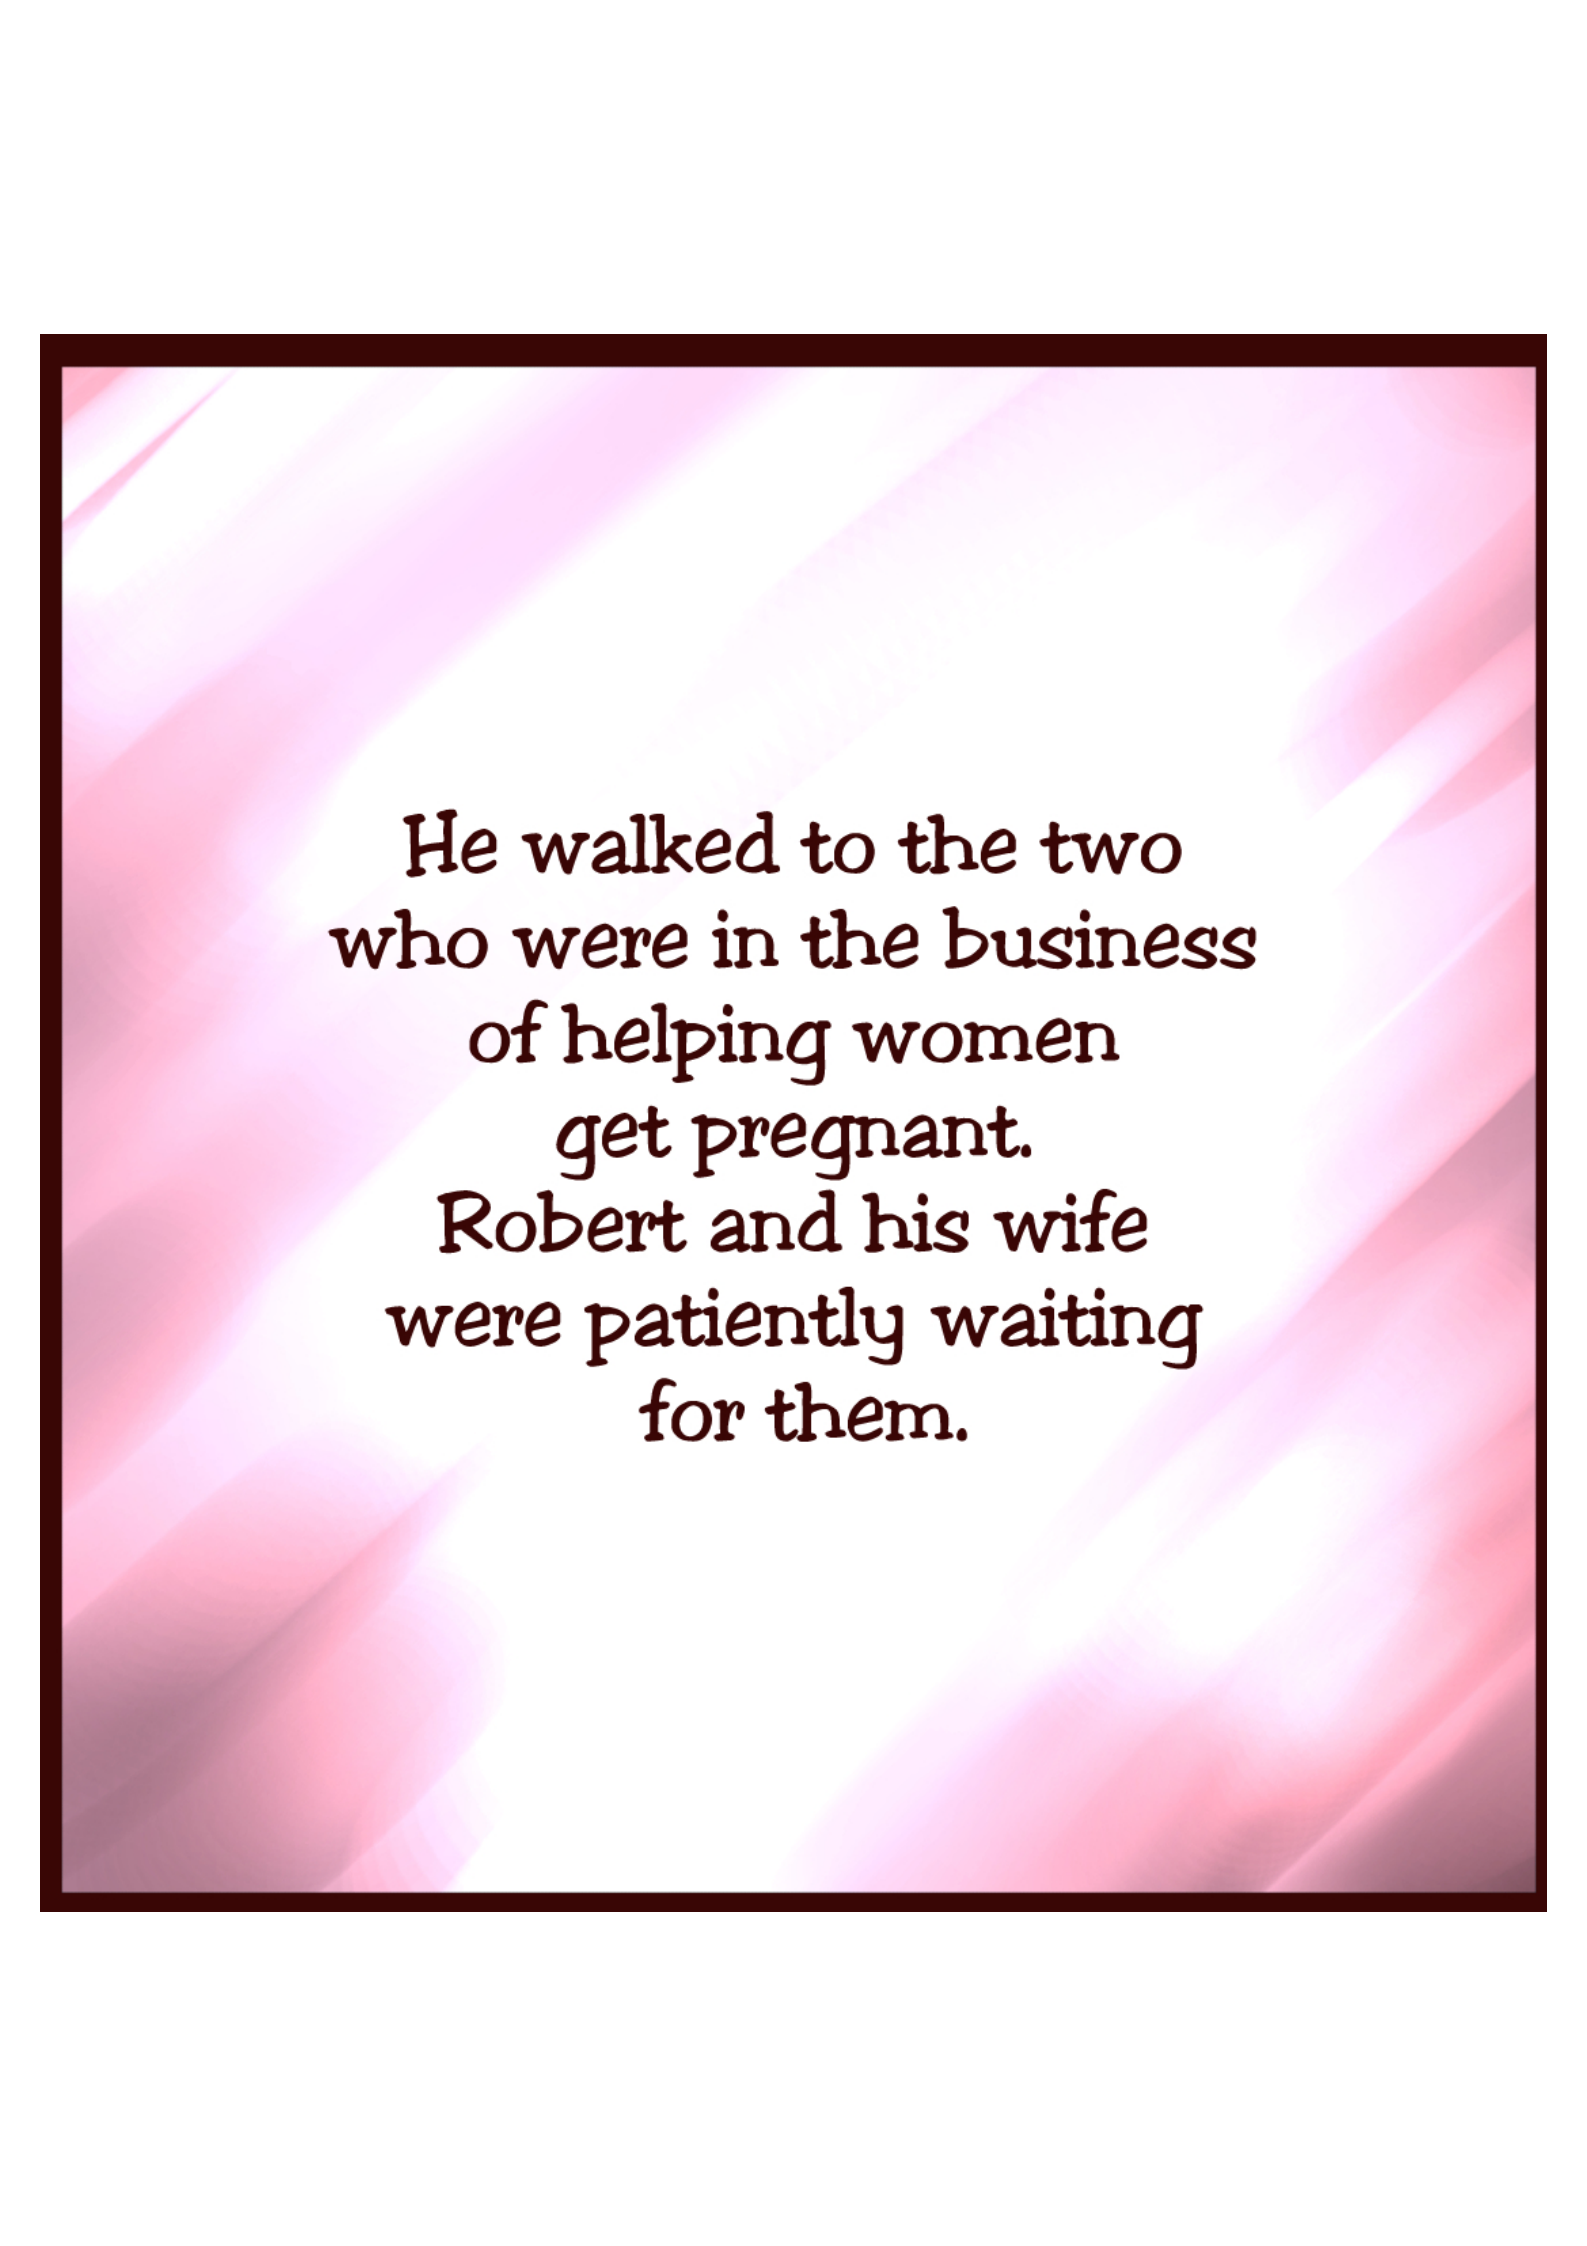

Megan asked her.

*'I want this child. I want to get pregnant so bad. It's my life. It's something I need so much in my life',*

Rose thought to herself, hyper-focused on the fact that she wished to be pregnant, sooner rather than later...

The two, Rose and Kevin  
went to a different room  
to speak some more alone.  
A bit more in private.  
When they came back  
into the same room  
as Megan and Robert,  
Kevin kept his head down  
the entire time.

He walked to the two  
who were in the business  
of helping women  
get pregnant.  
Robert and his wife  
were patiently waiting  
for them.

"I'm sorry for bothering you. We would need more of your help," Kevin begged them both.

"..." they didn't say a word at first.

"We really, really want a child," Kevin continued to beg them.

"That's no problem with. How do you feel about helping them again, sweetheart?" Megan asked Robert.

"I am fine with it, but I was actually the one who was going to ask you that question. It won't be the same thing that time. Do you fully understand?" he demanded his wife.

" ... "

"Do you understand what it means?"  
"I do. It's okay. Just to help them specifically. That one time," the wife accepted.

"And you, Rose?  
Are you ok with this?  
Are you really sure  
you want this?"

"... Let's do this ..."
