CHAPTER 13

Lockdowns across America
and the rest of the world
were being lifted after a cure
had been discovered.

No, it wasn't because of breast milk
as Claire had fibbed to her son.
Nonetheless, there was still much work to do
to return to normally.

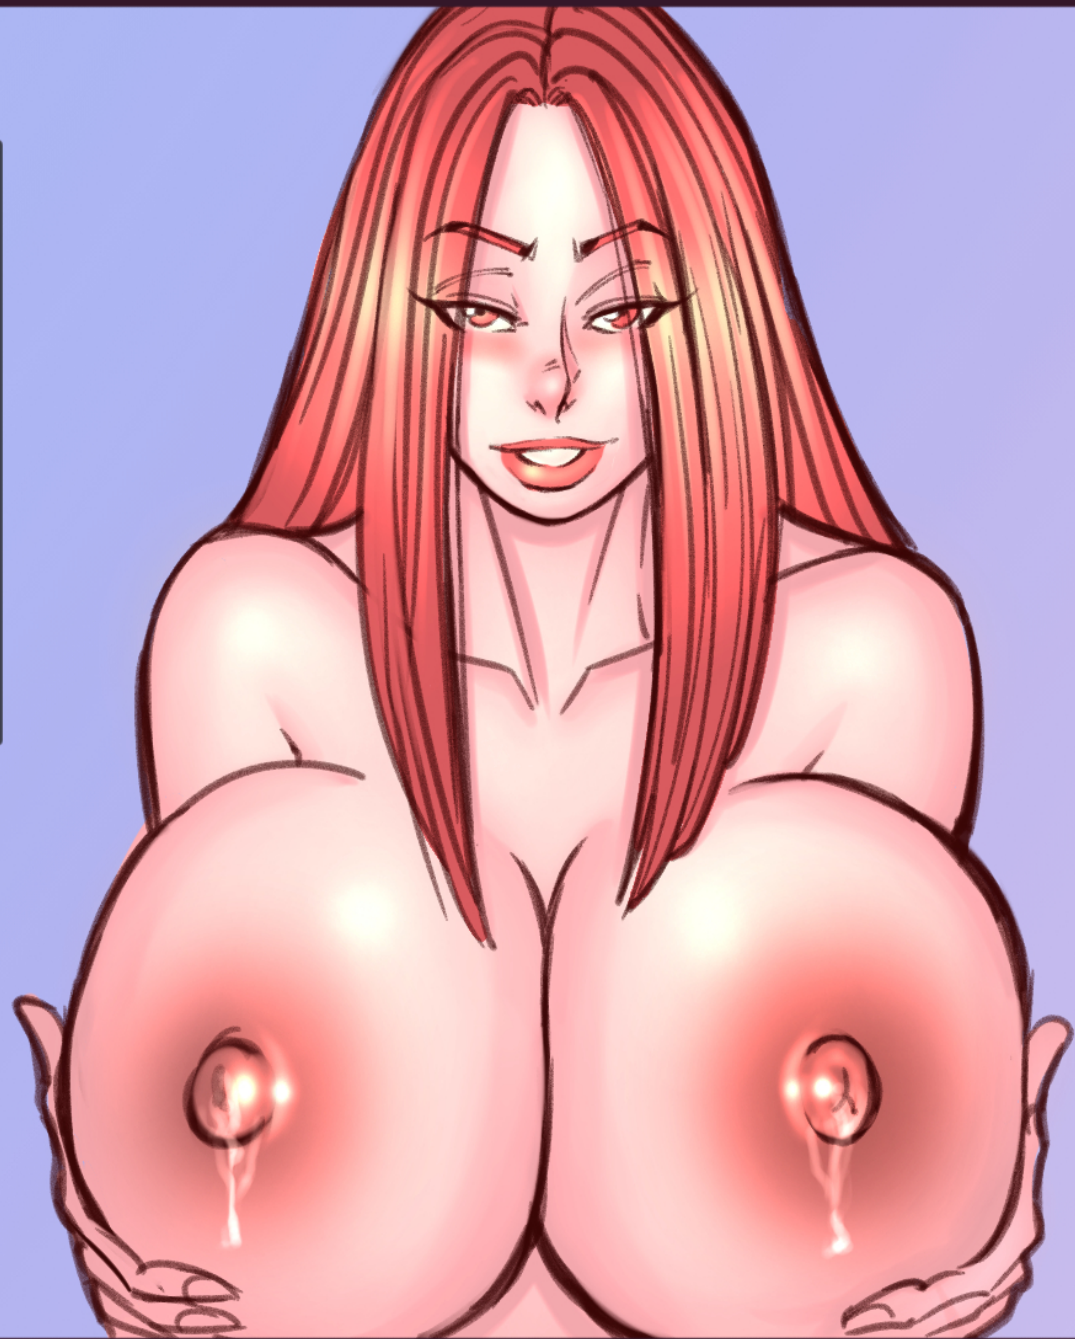

She was fresh from a shower
and her hair and makeup
were nicely done.

She wore dress pants and had stockings
on her feet.

For her top, nothing.
Only her bare breasts
with her large brown
nipples showing, erect
and ready to go.

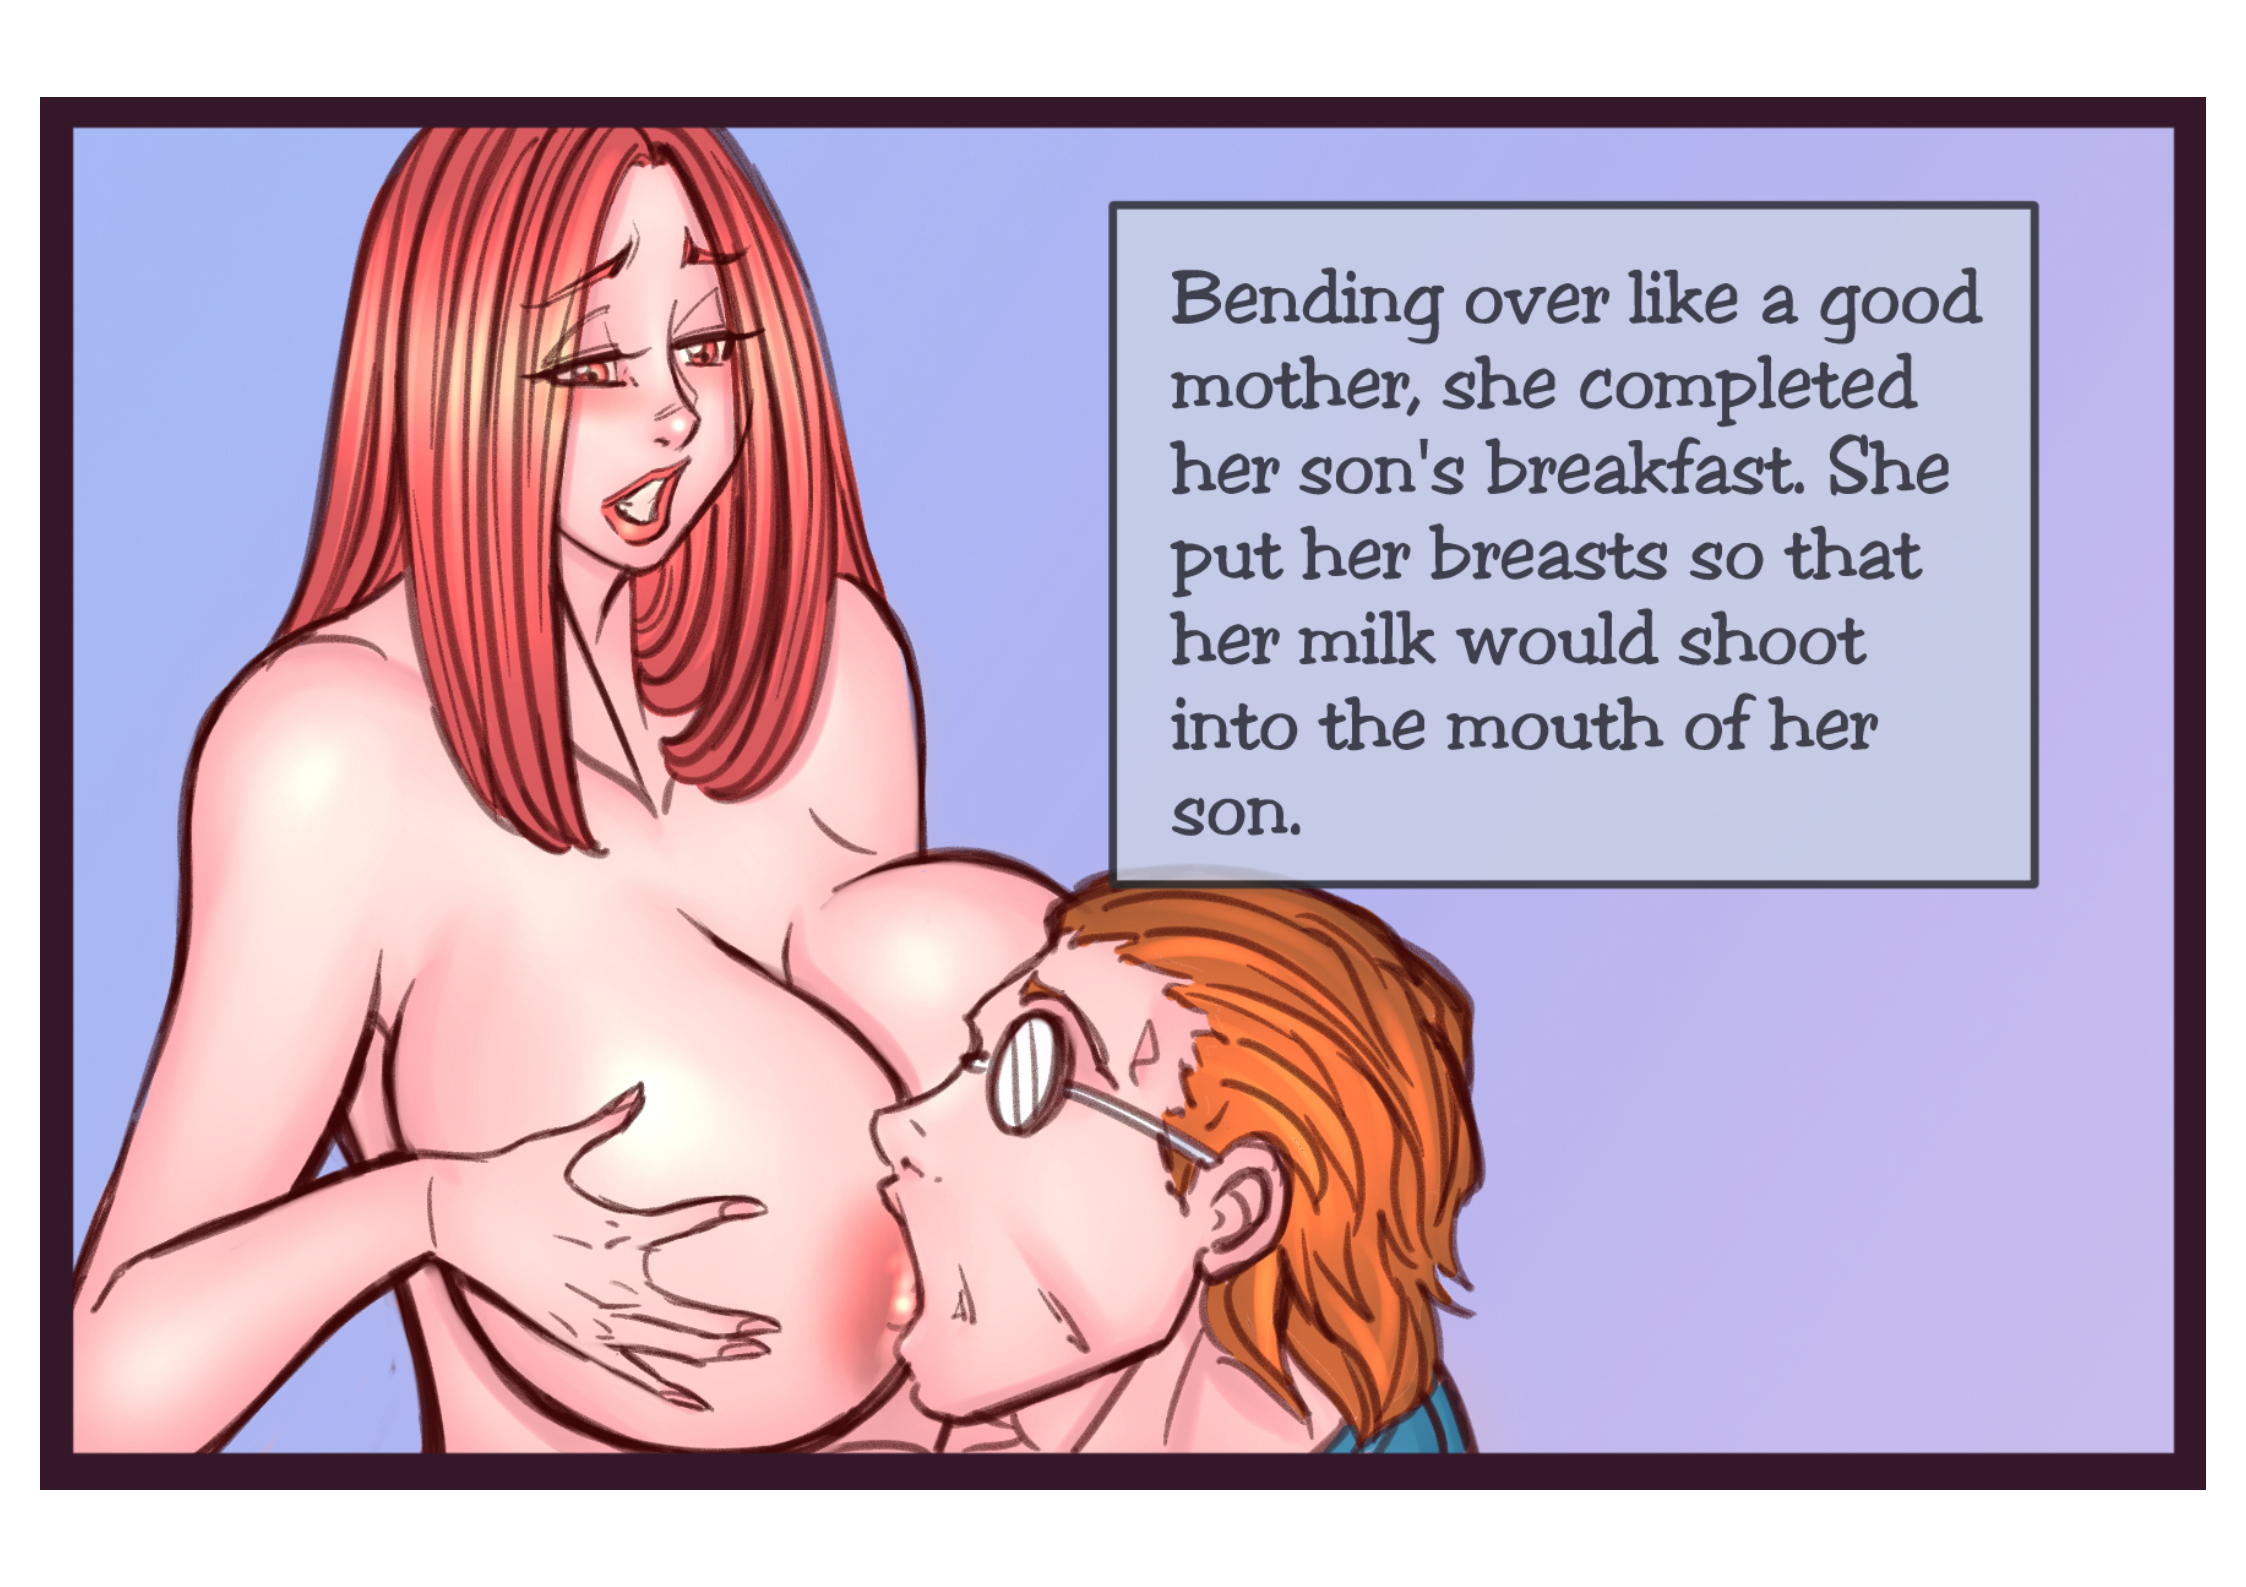

"Sorry I'm late,"
Claire said, rushing
into the kitchen.
"I'll be having
breakfast at work
today."

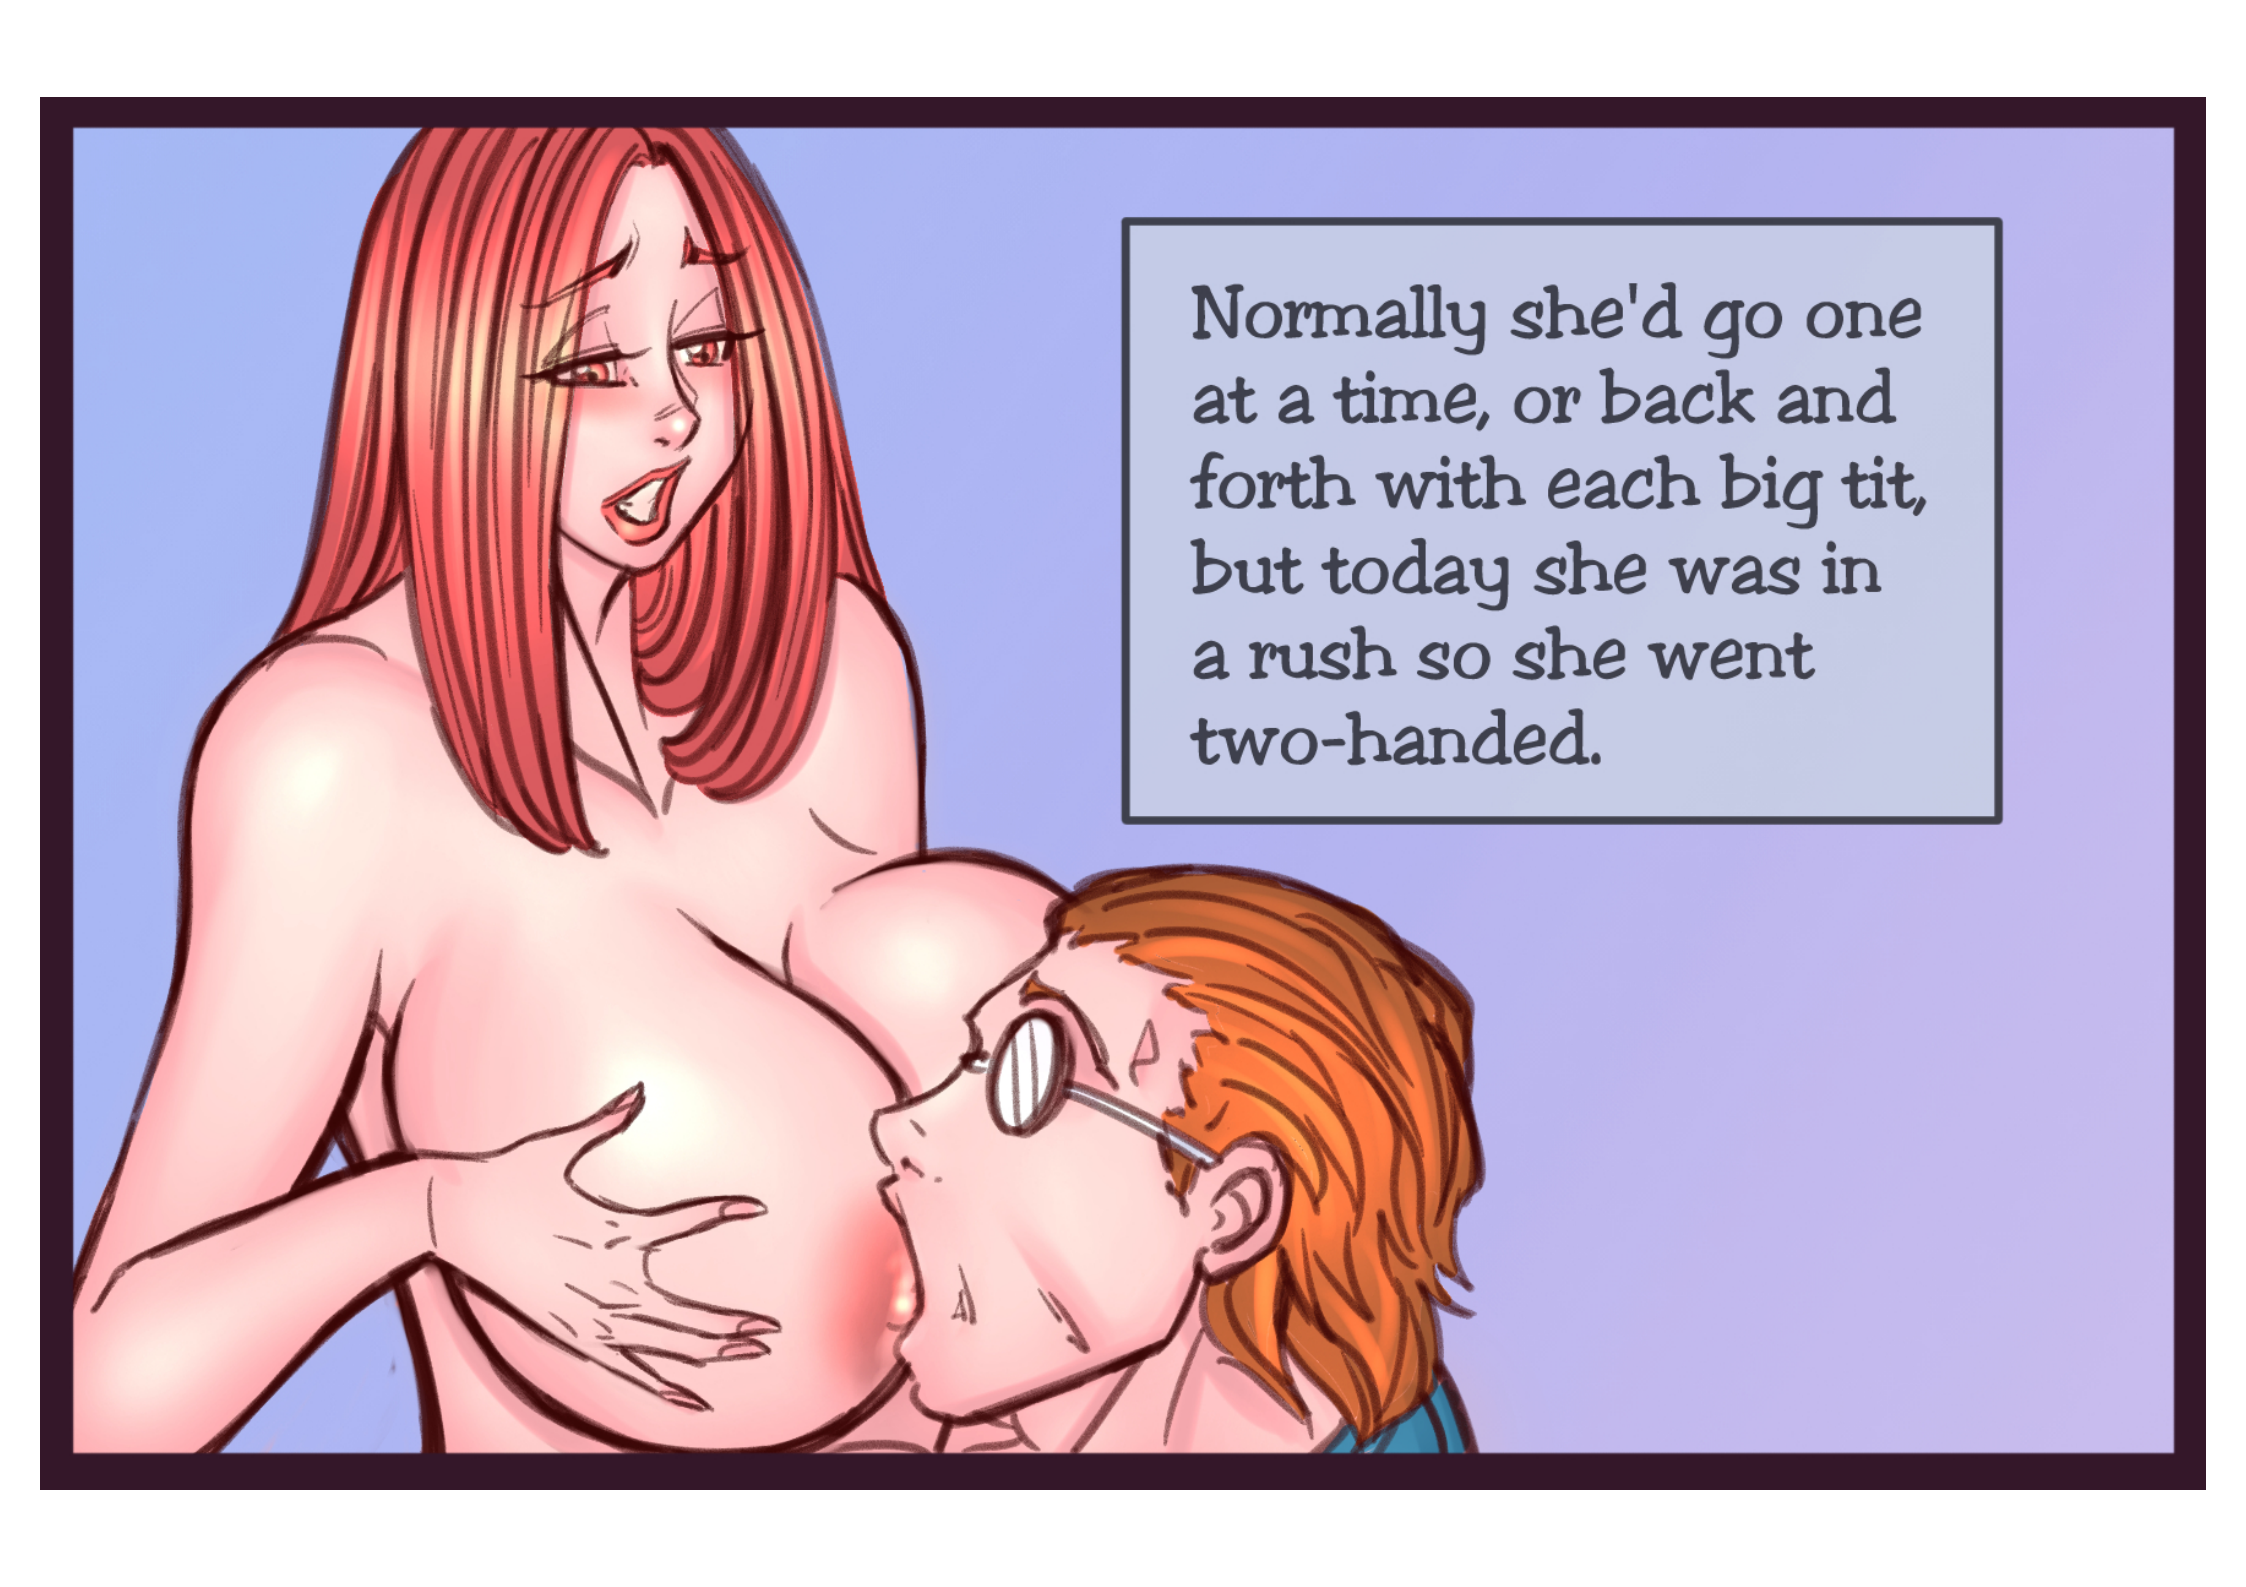

"Great, I'm hungry,"
Mark said, patiently
waiting.

"I know, I know.
There were a ton
of messages on my
phone this morning.
Sorry about that,
sweety."

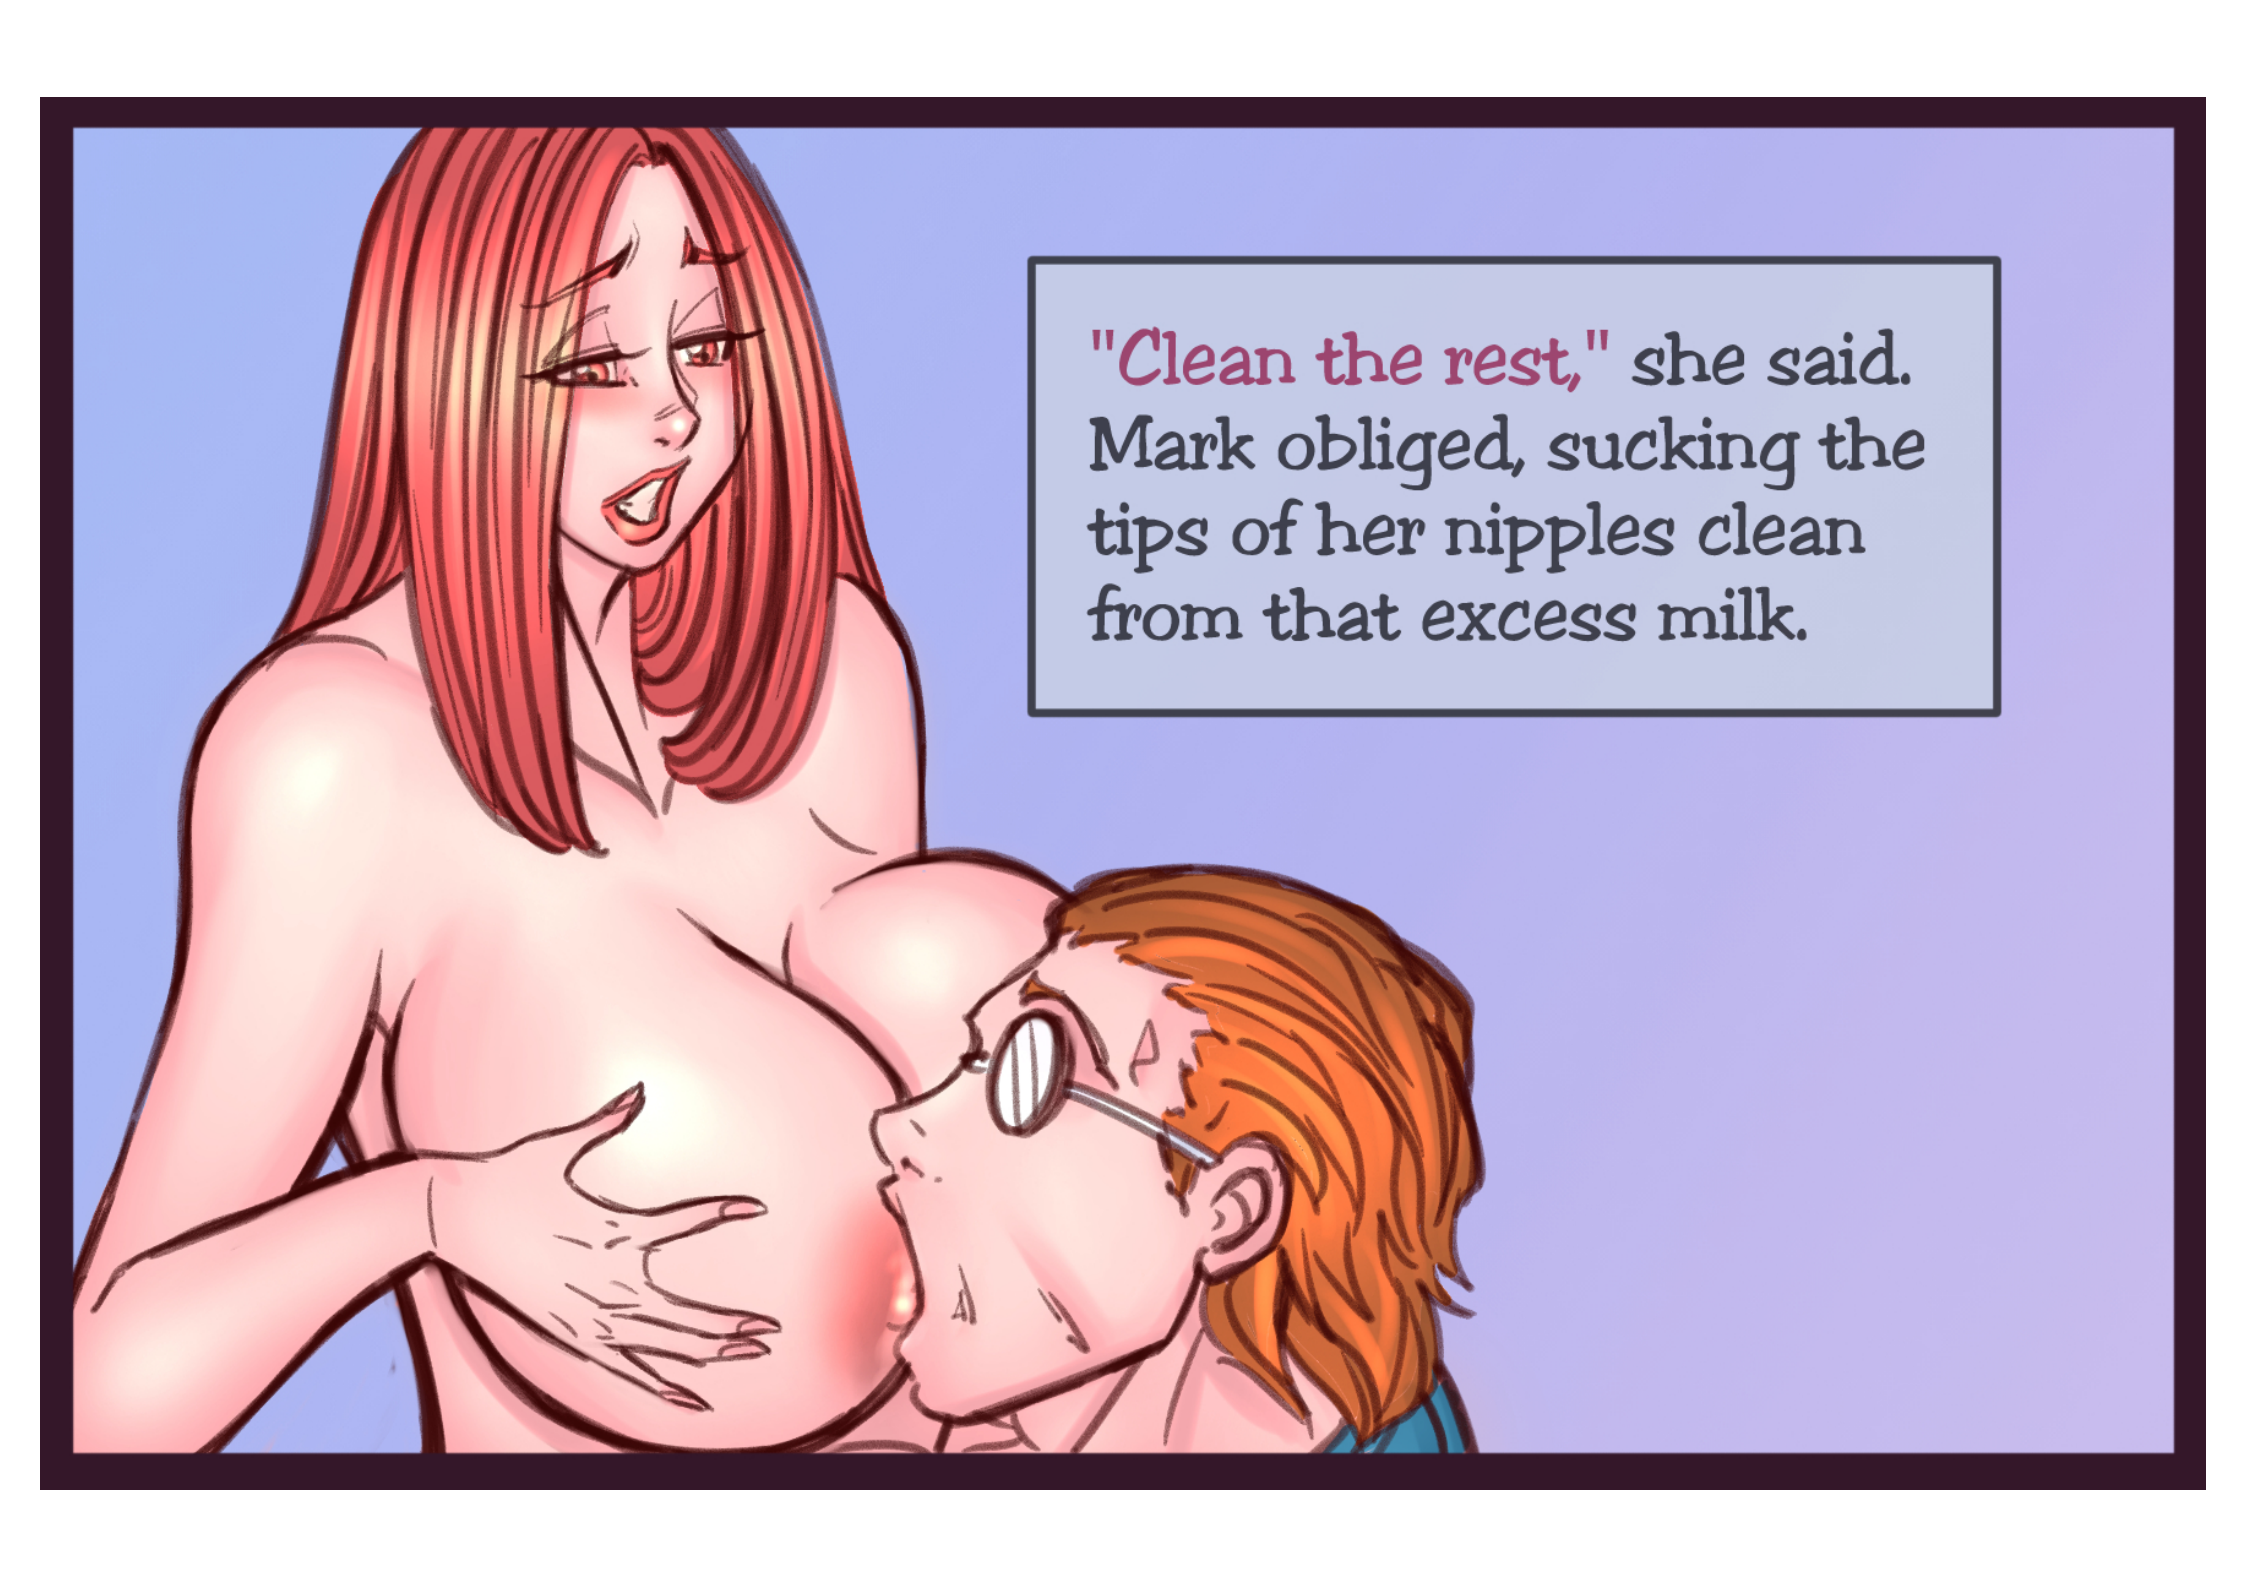

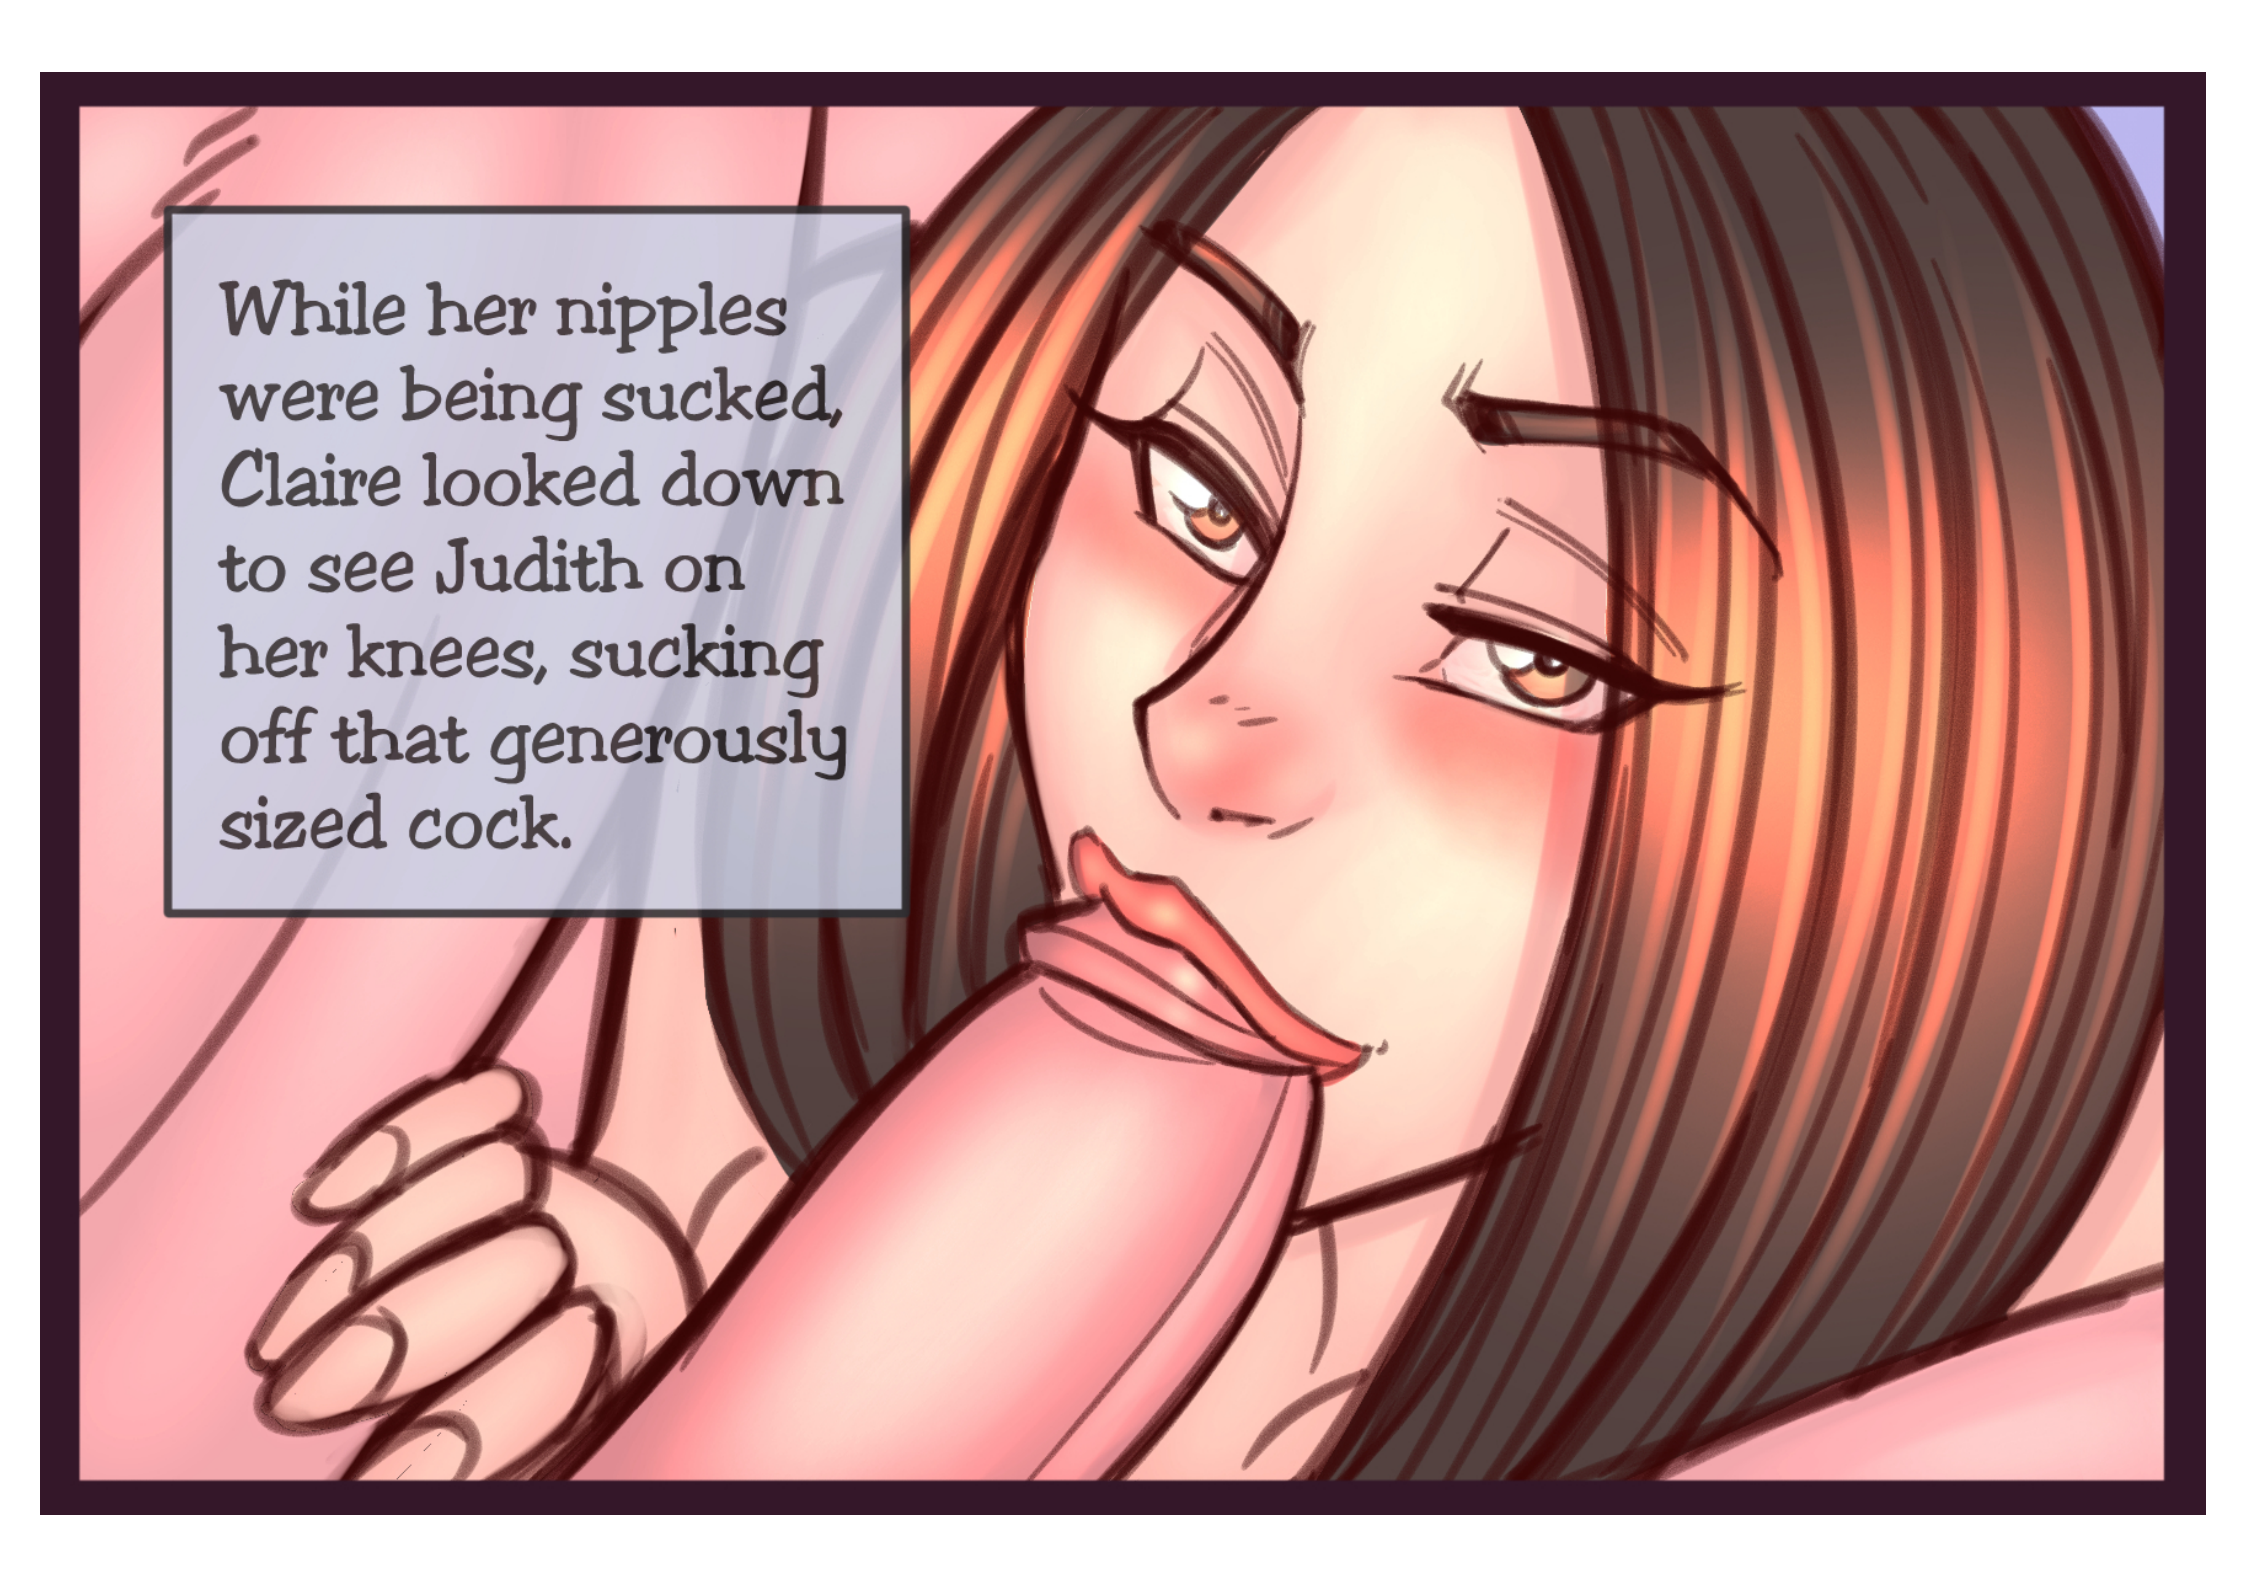

Bending over like a good mother, she completed her son's breakfast. She put her breasts so that her milk would shoot into the mouth of her son.

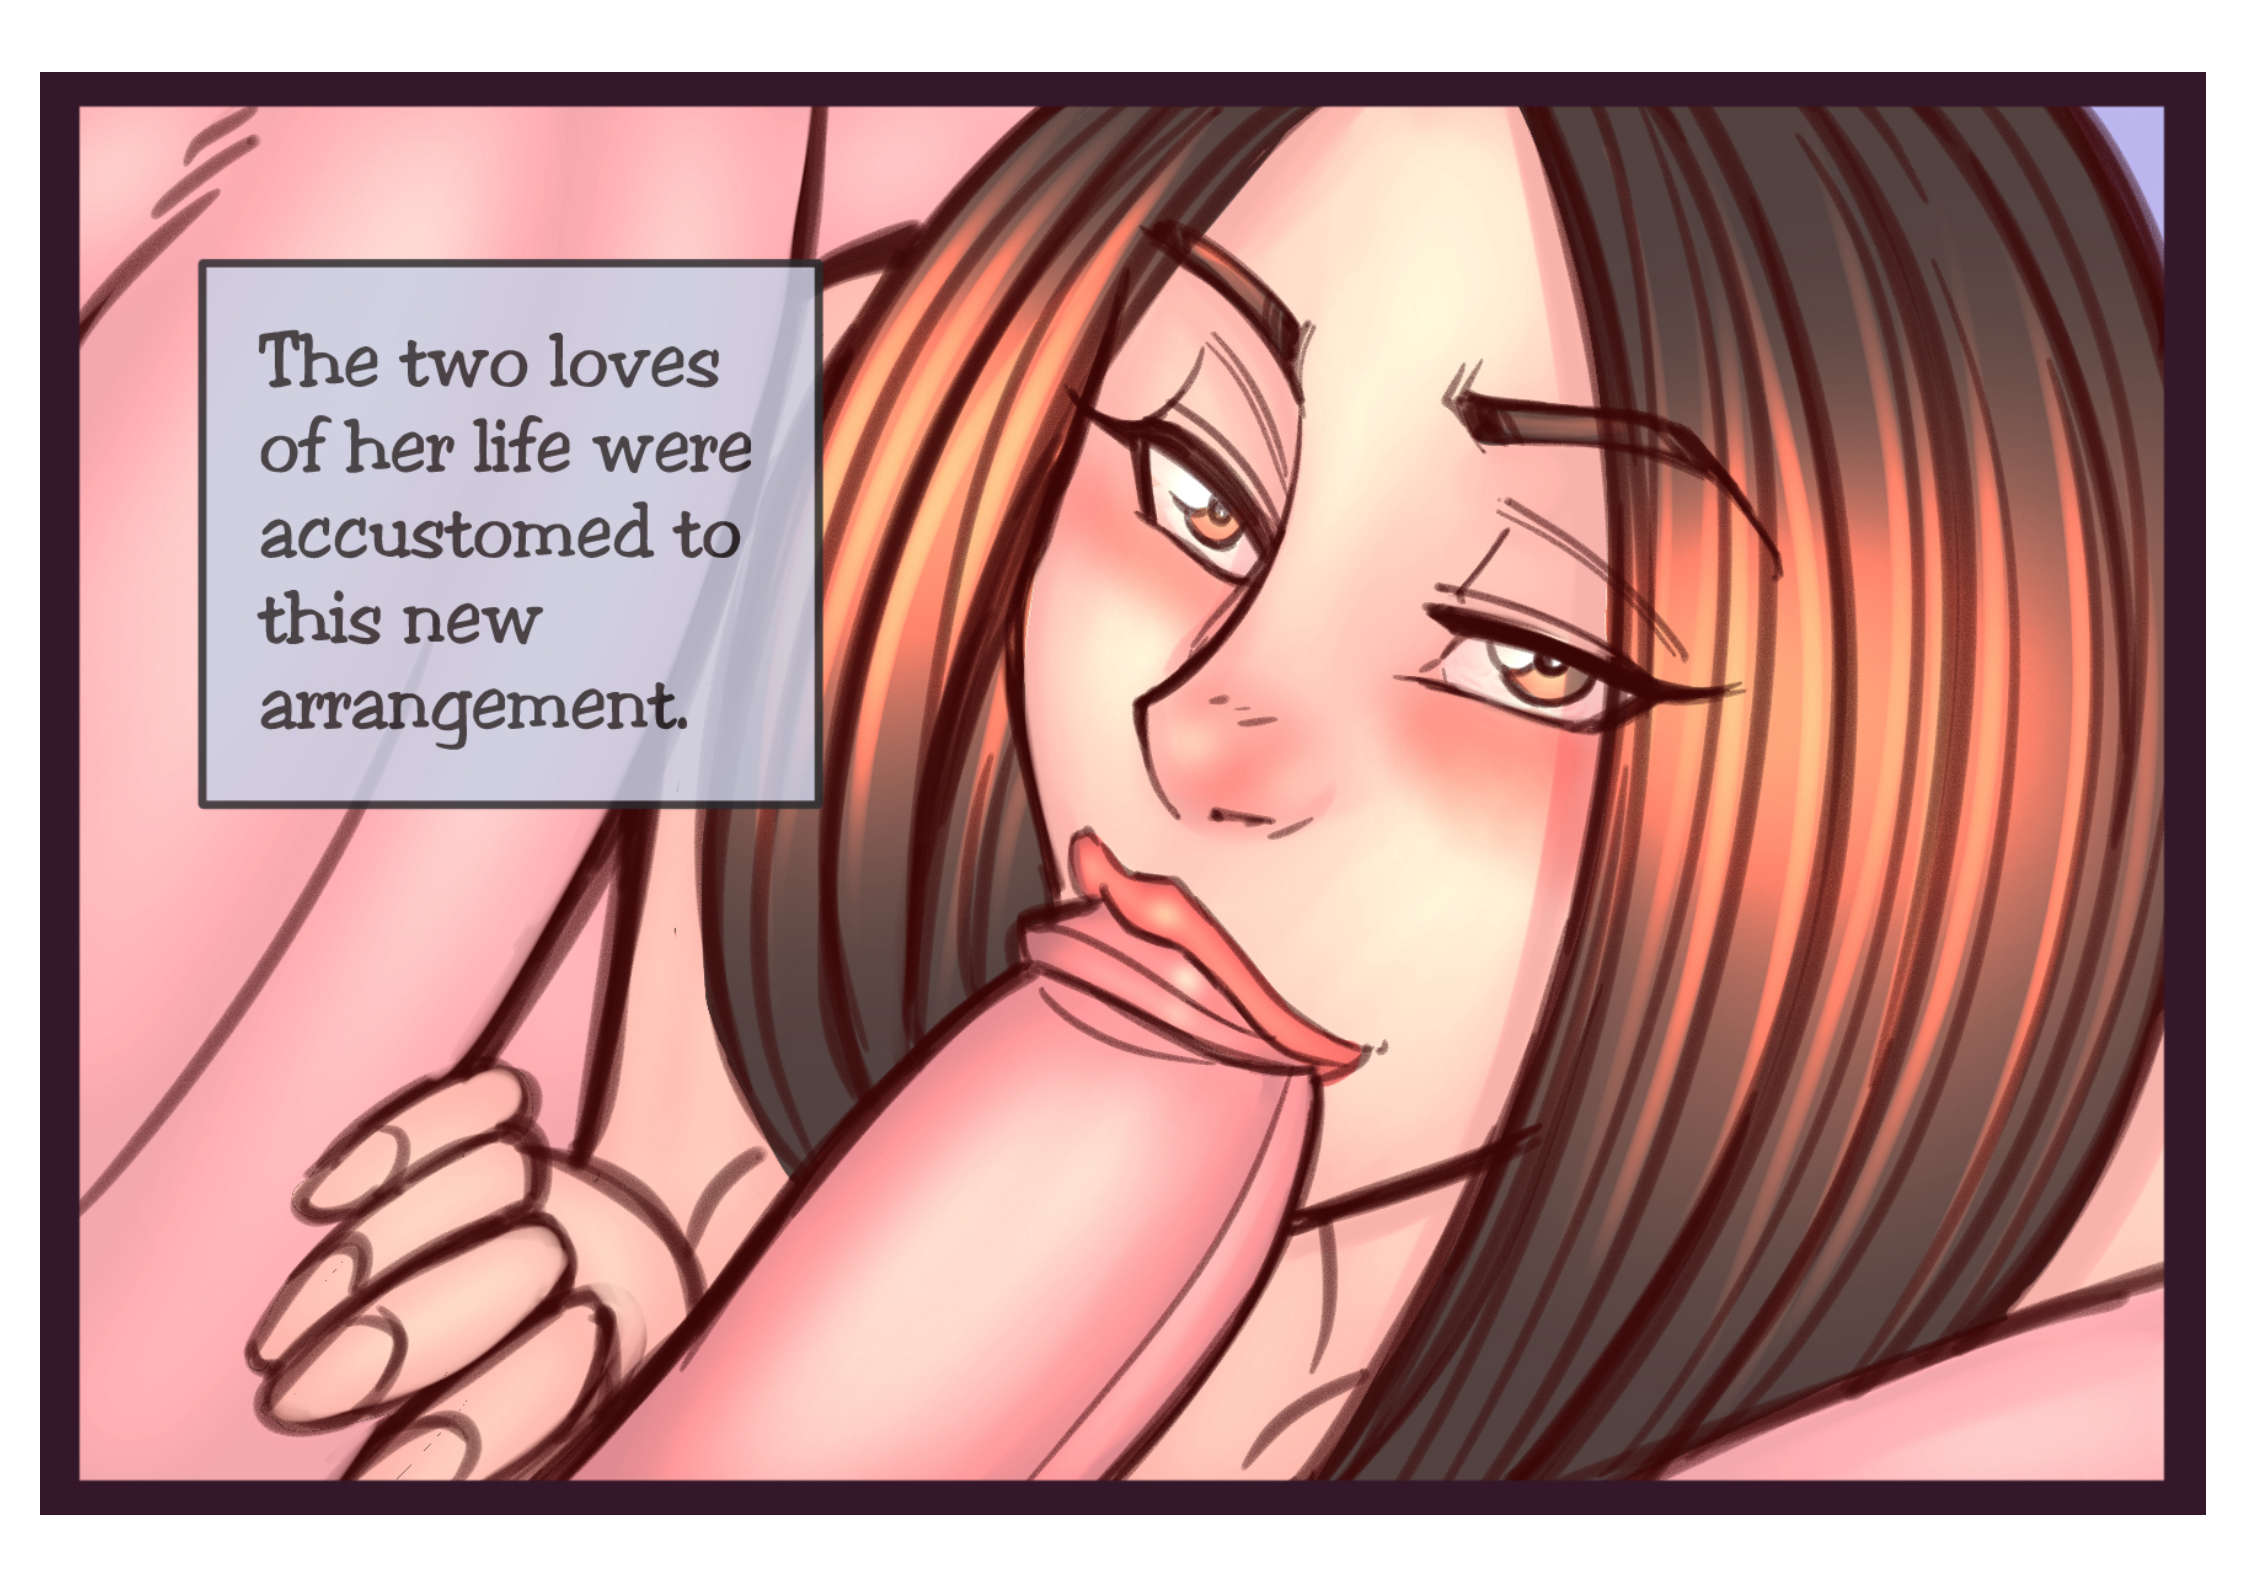

Normally she'd go one at a time, or back and forth with each big tit, but today she was in a rush so she went two-handed.

"Clean the rest," she said.
Mark obliged, sucking the
tips of her nipples clean
from that excess milk.

While her nipples were being sucked, Claire looked down to see Judith on her knees, sucking off that generously sized cock.

The two loves
of her life were
accustomed to
this new
arrangement.

As her tits were
being nursed,
she heard Mark
grunting from
his orgasm.

Then she saw
Judith pulling
her mouth
away from the
cock, with a
trail of cum
hanging from
her lower lip.

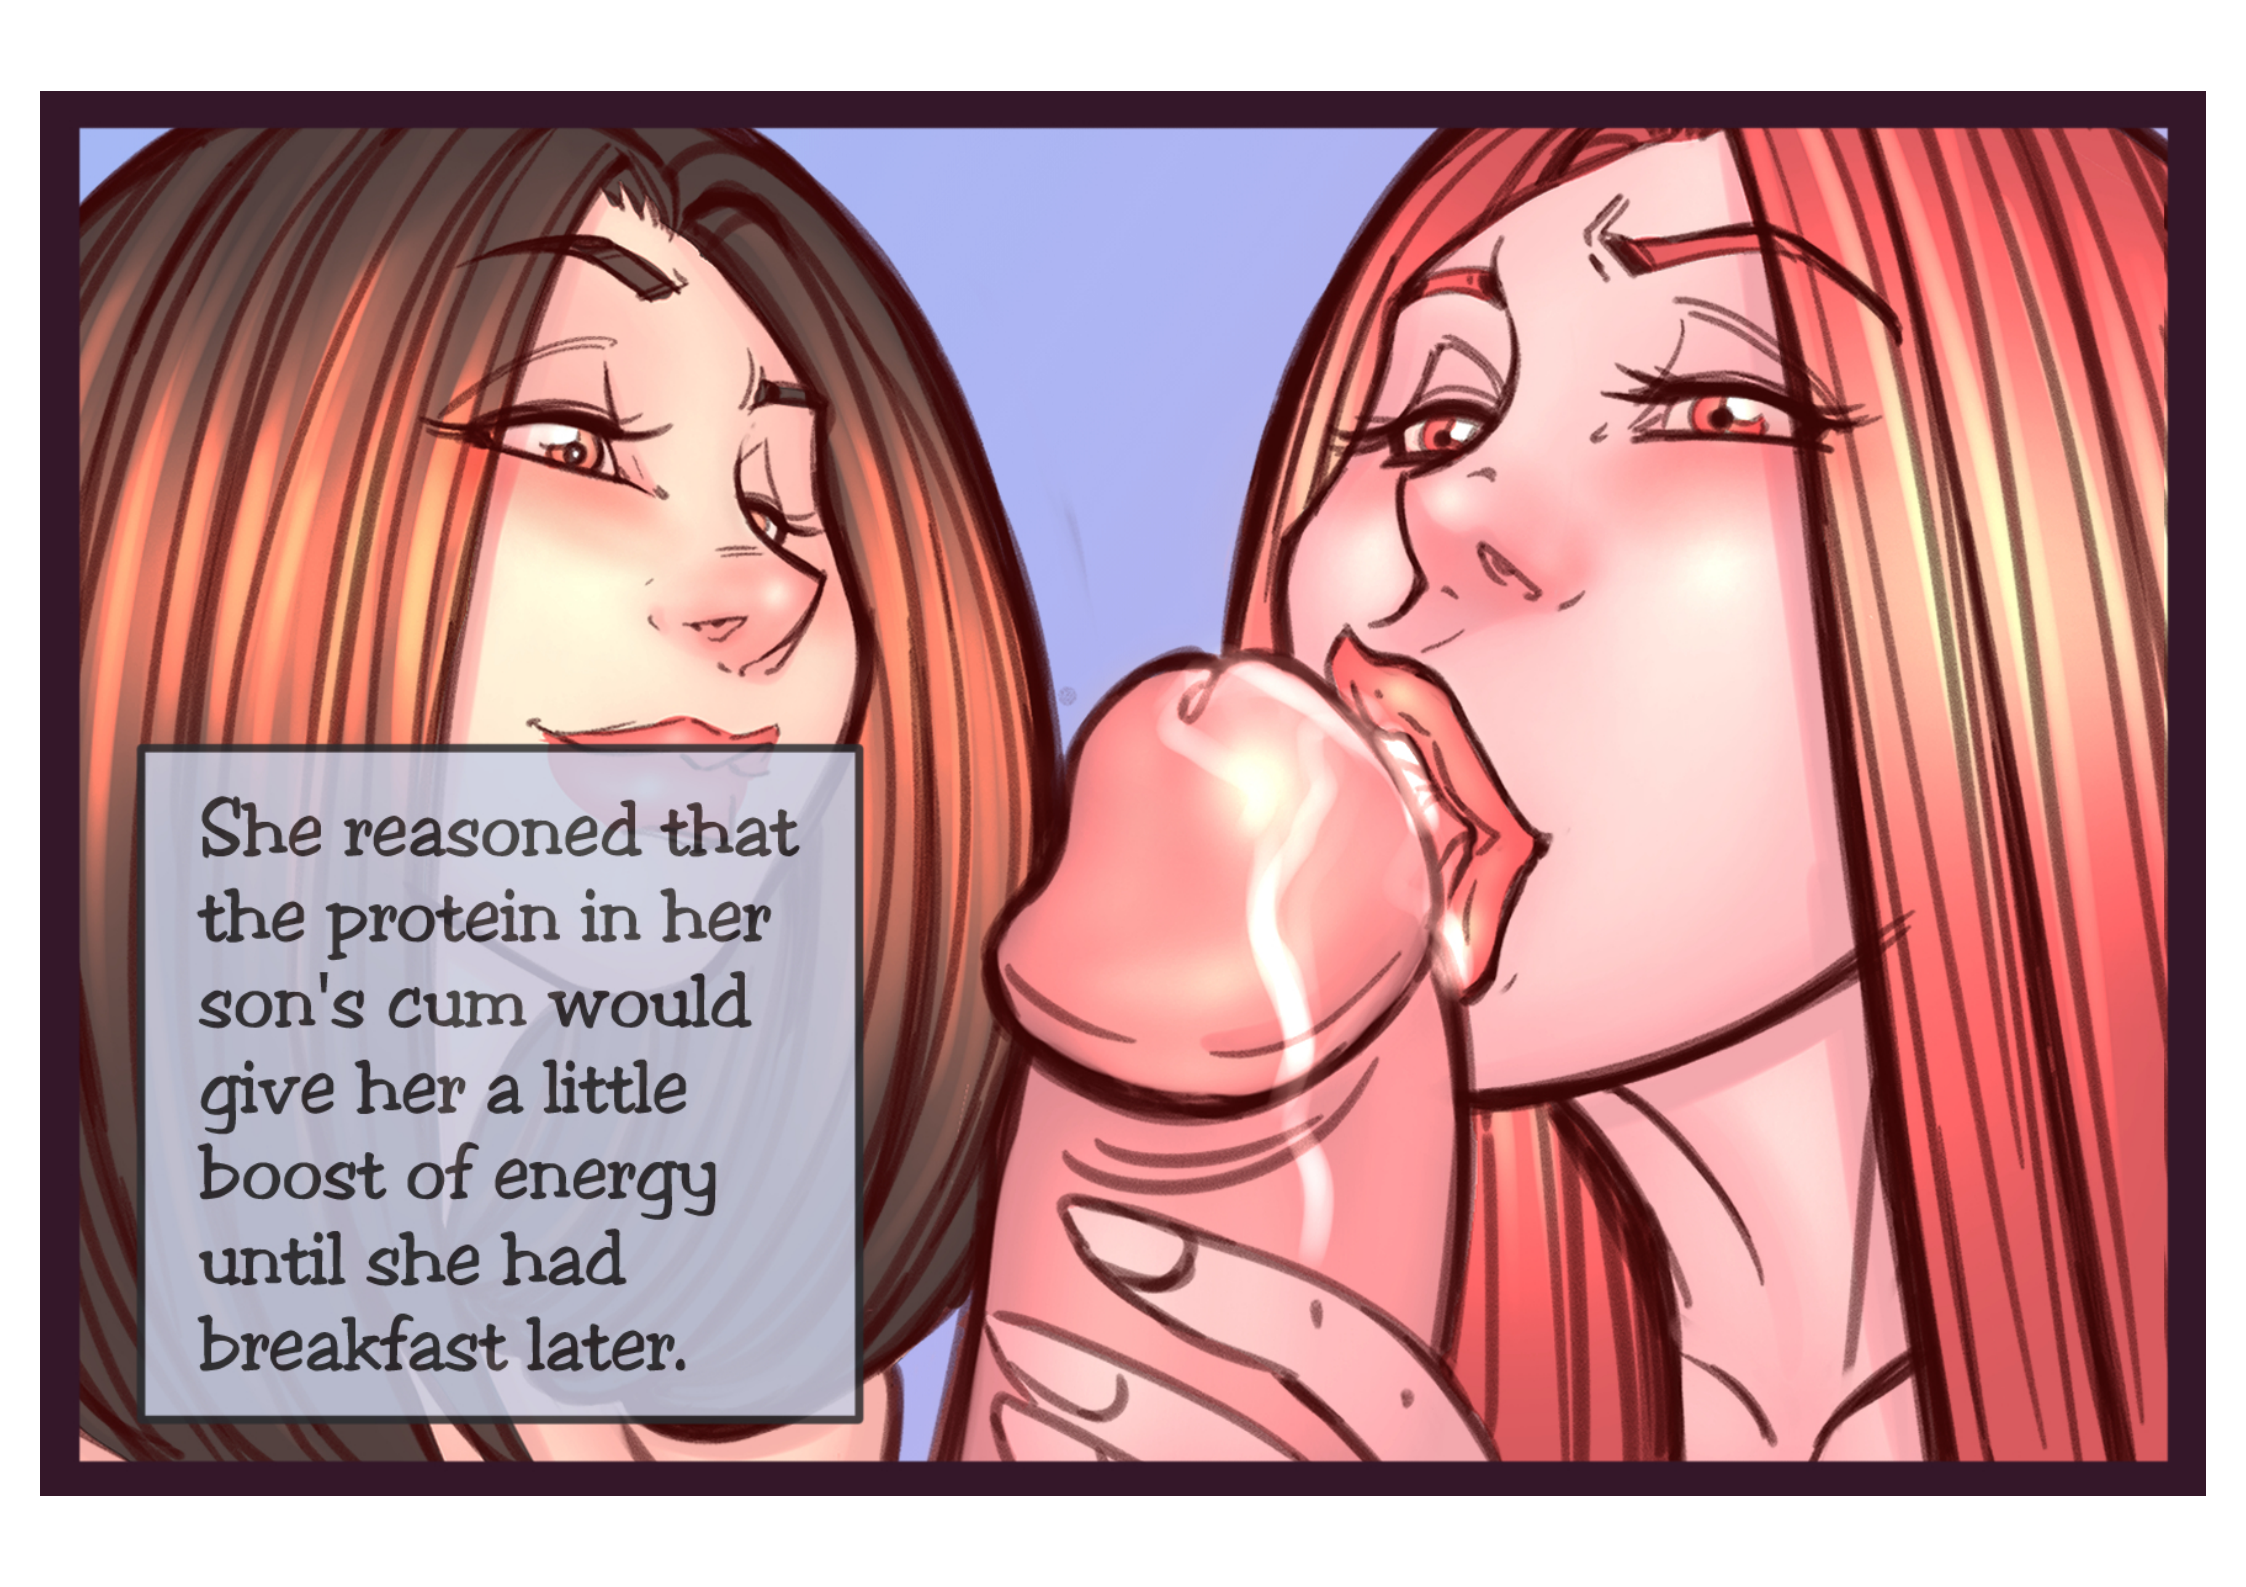

"Thanks sweetie,"
Claire said. "But I
really have to go."

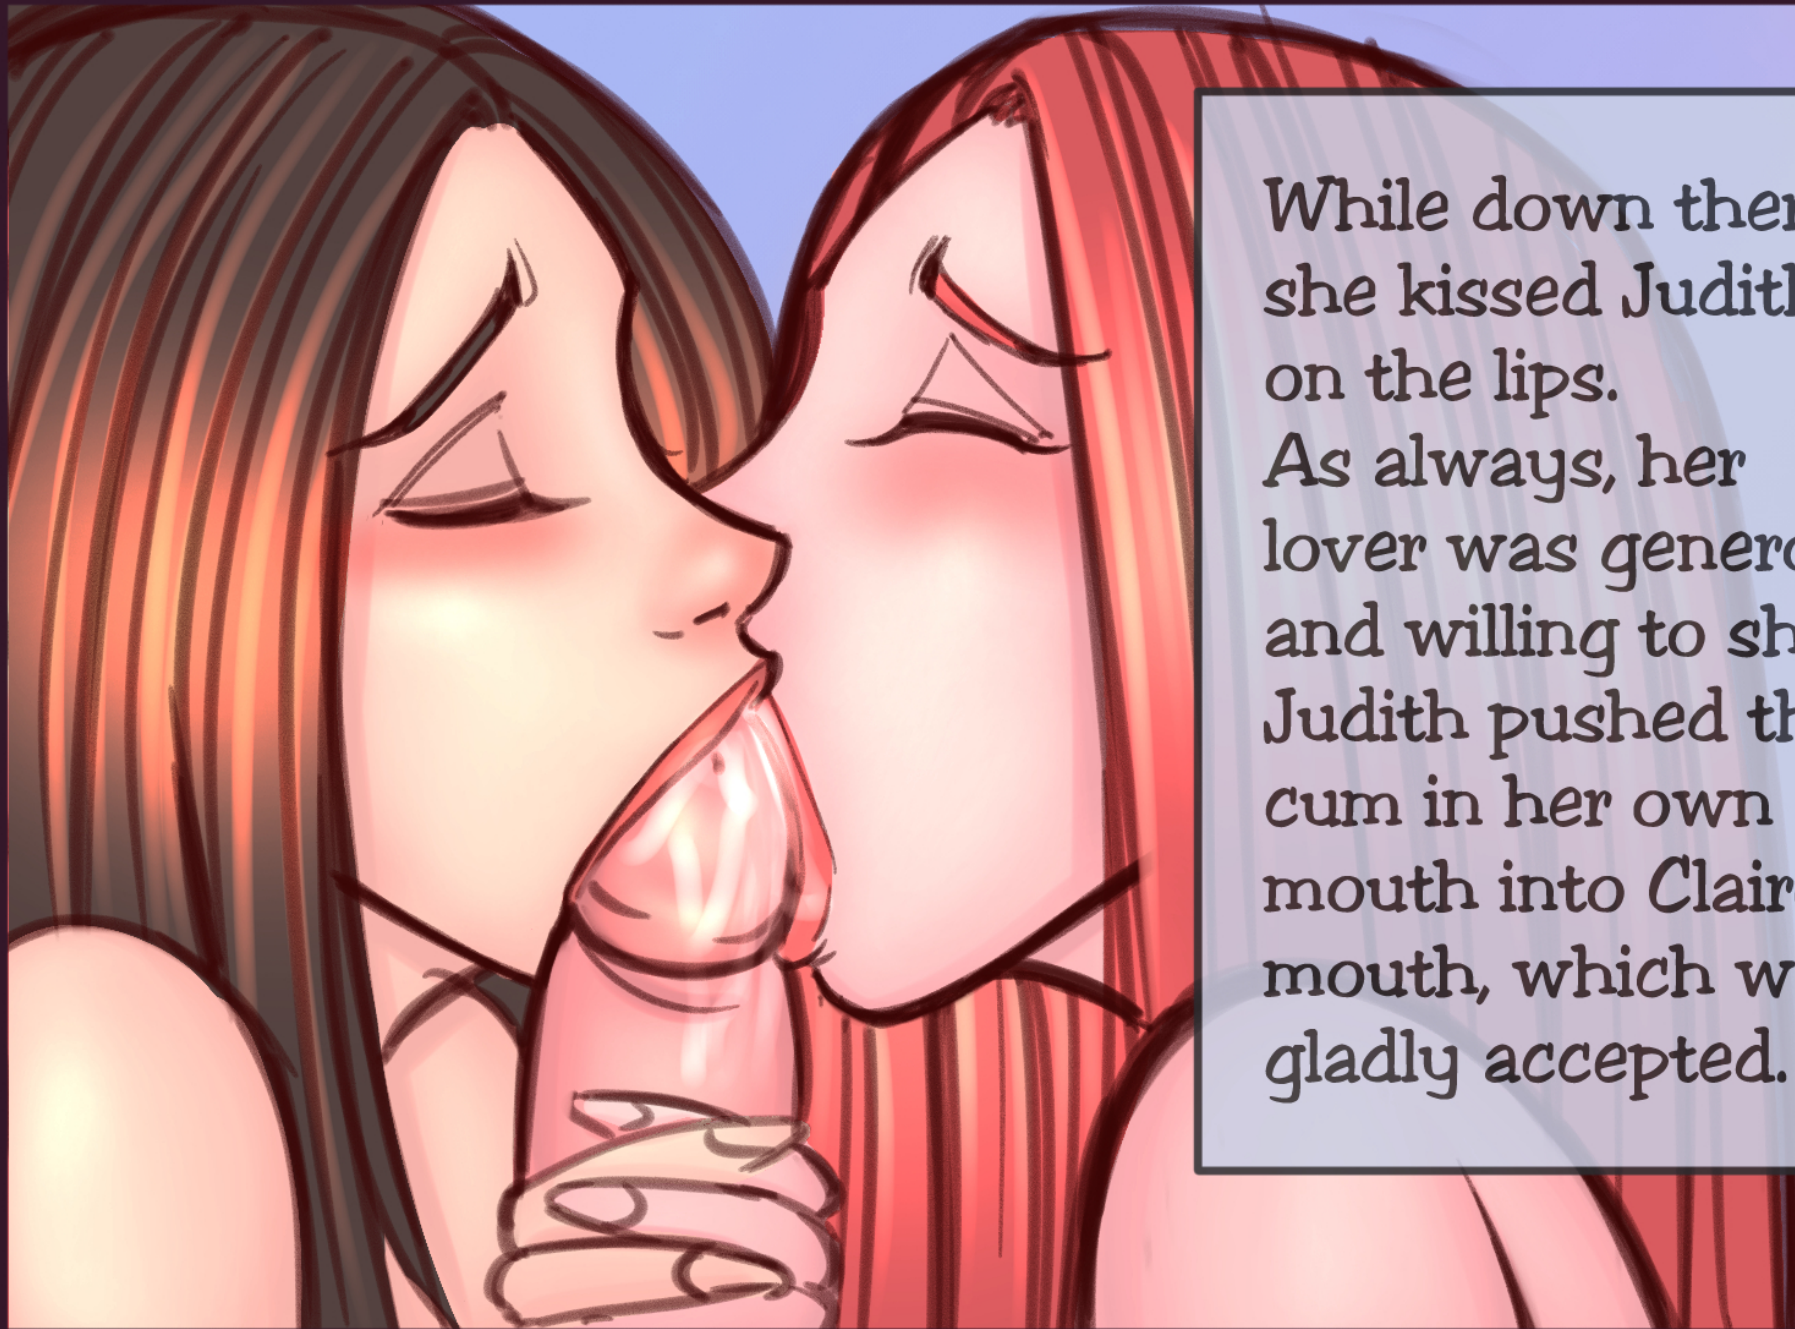

She bent down to give her son's cum-covered cock a quick suck, which was coated with hot saliva.

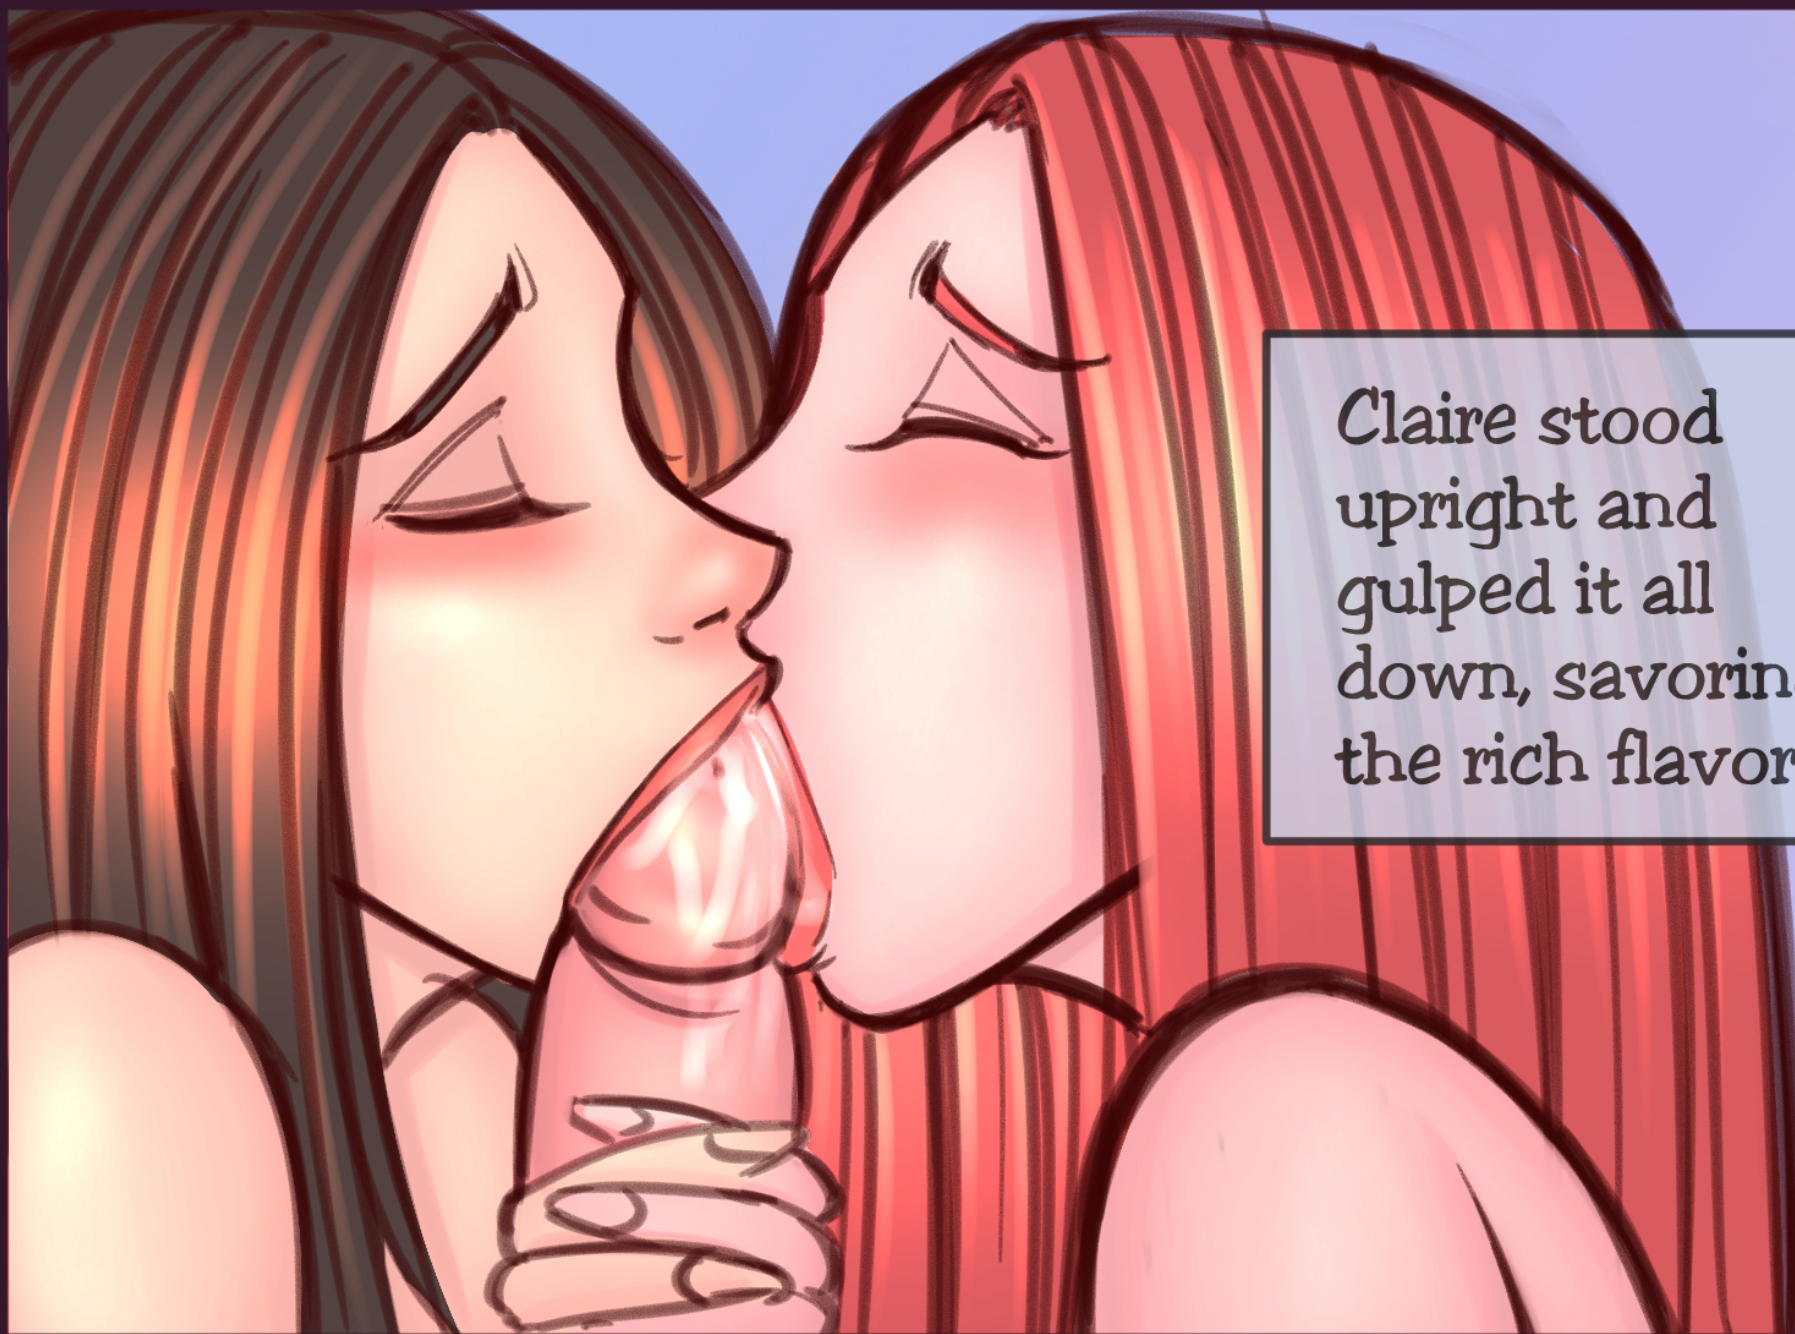

She gulped down
the excess fluids.

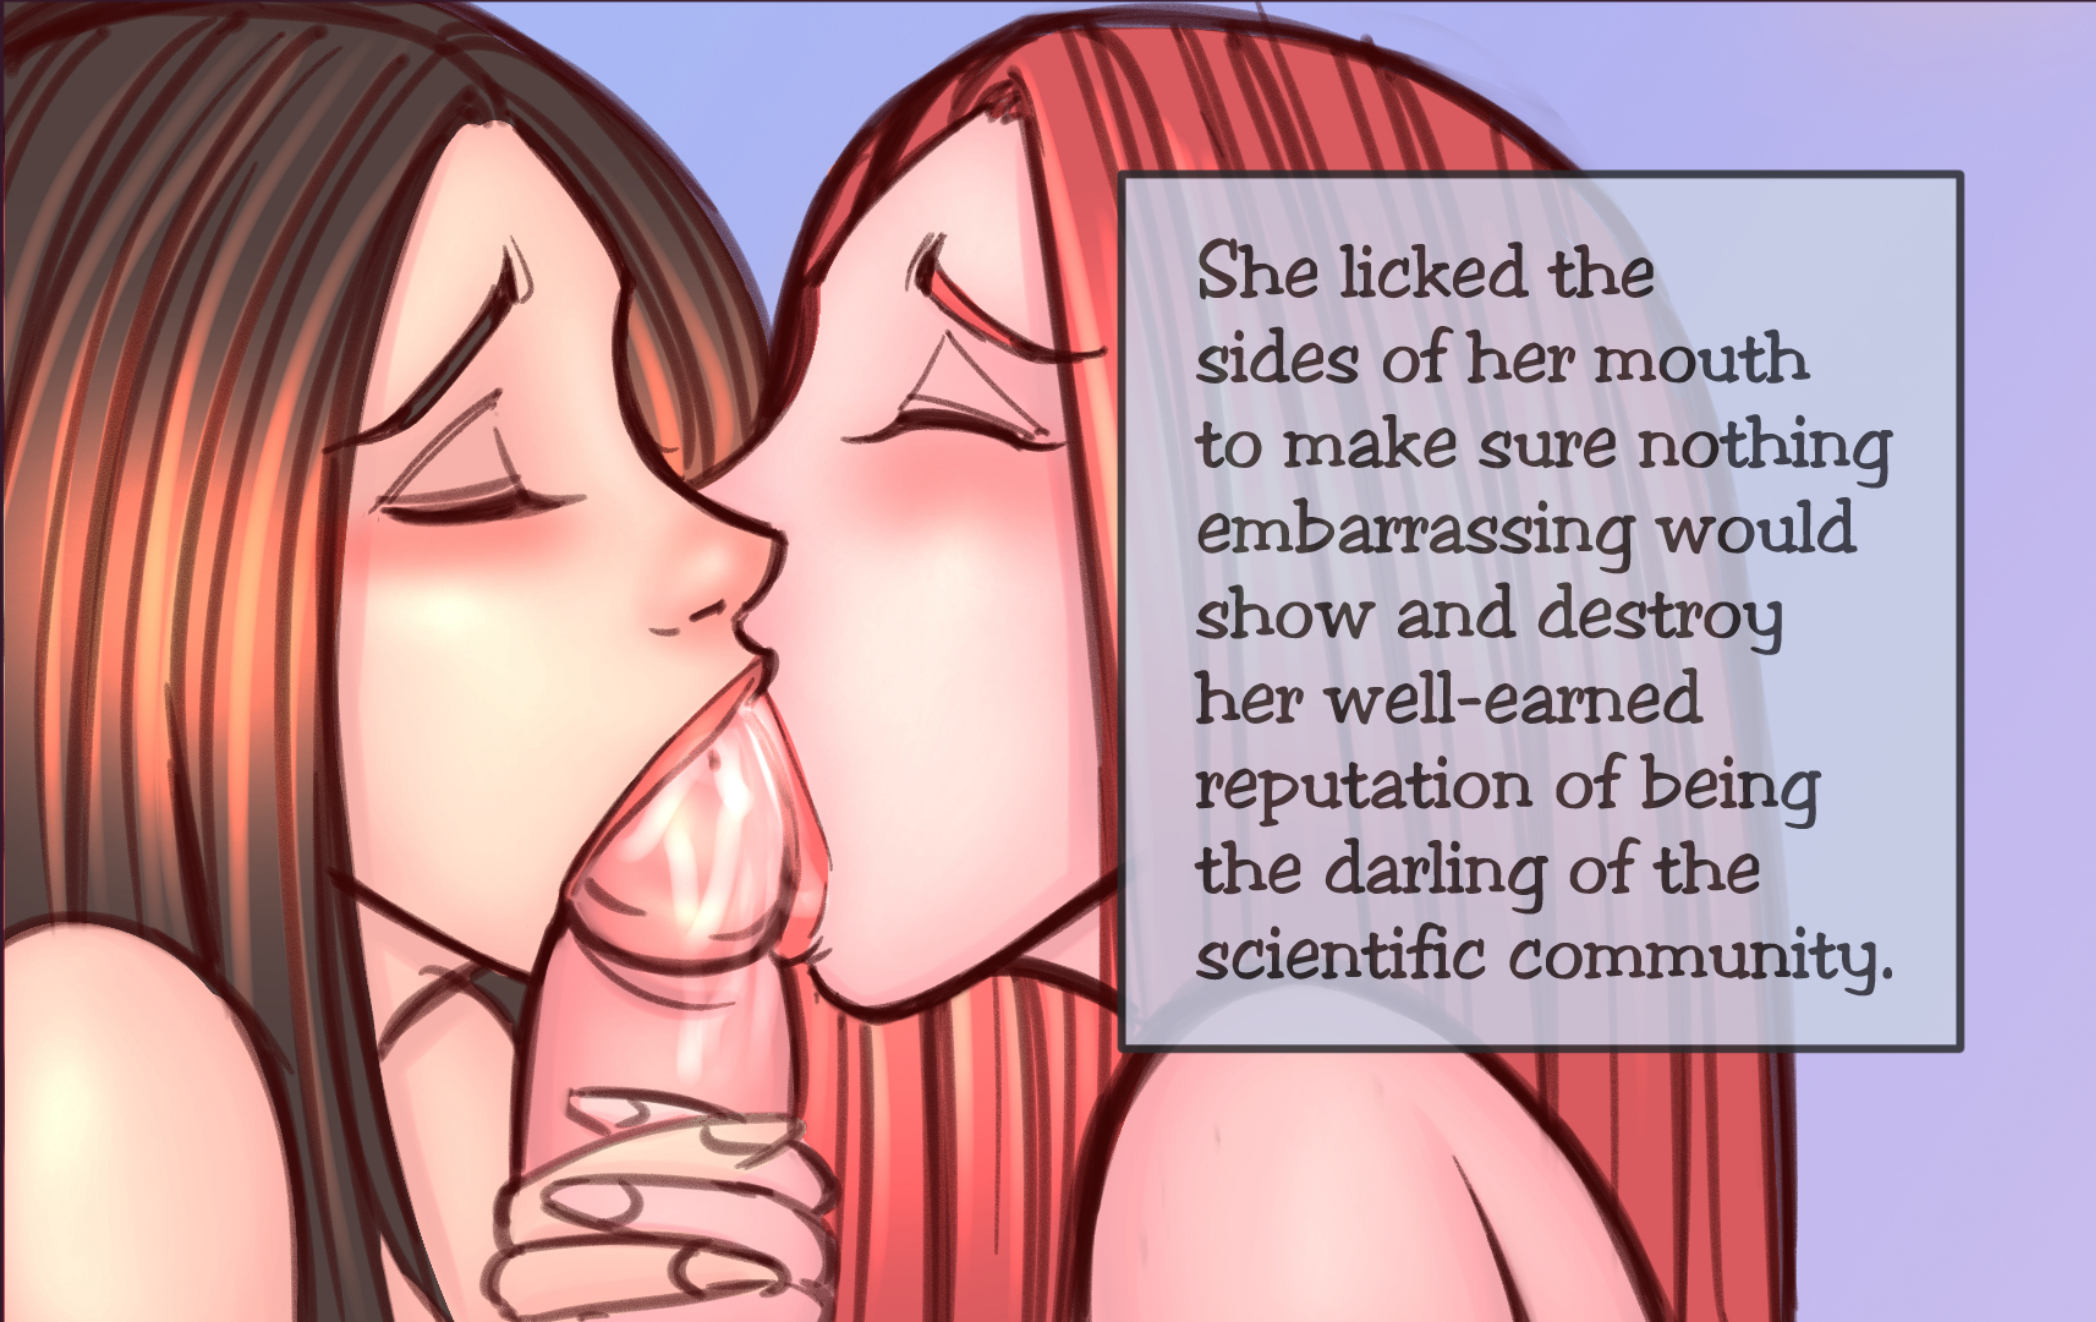

She reasoned that the protein in her son's cum would give her a little boost of energy until she had breakfast later.

While down there, she kissed Judith on the lips. As always, her lover was generous and willing to share; Judith pushed the cum in her own mouth into Claire's mouth, which was gladly accepted.

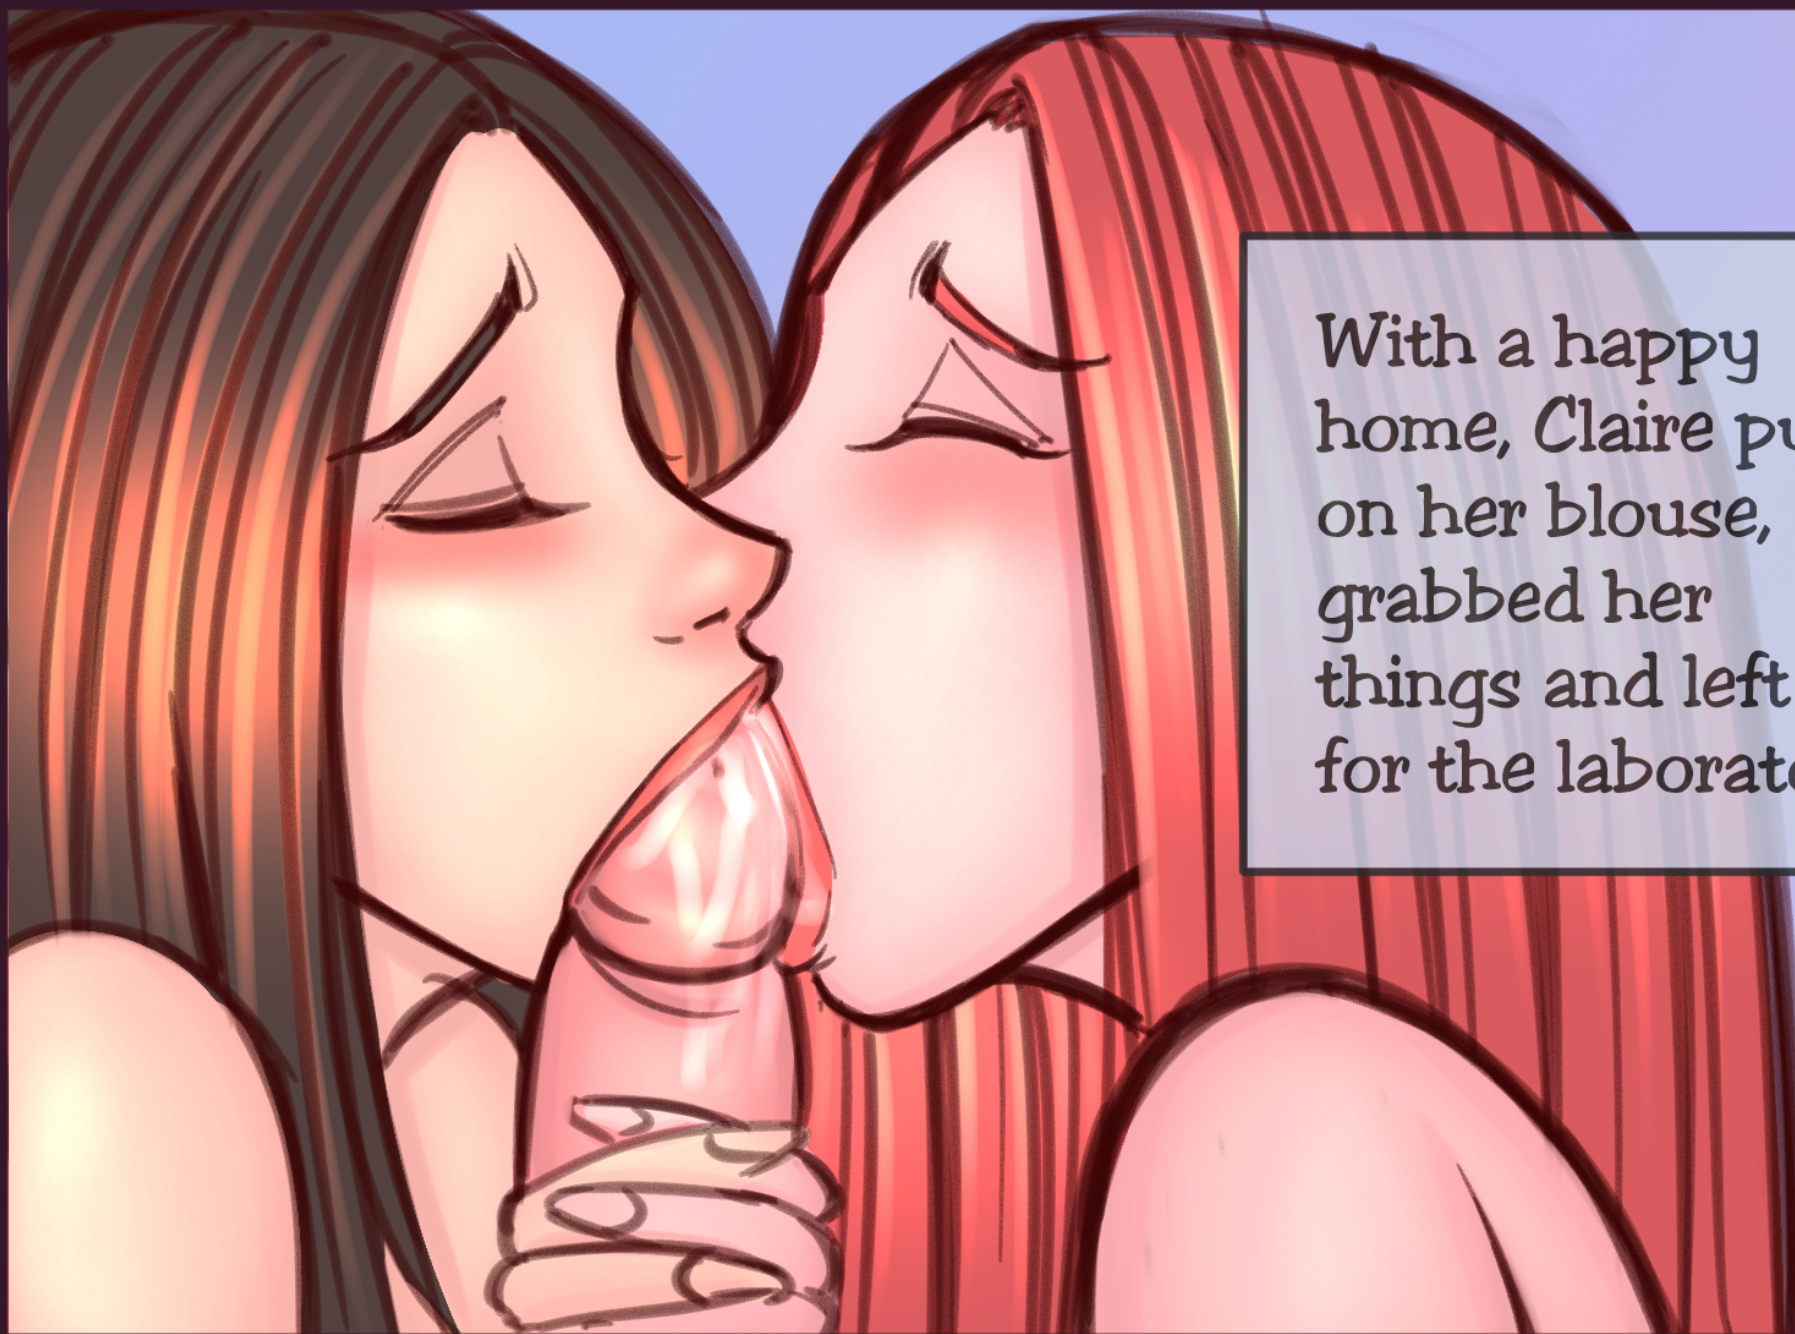

Claire stood upright and gulped it all down, savoring the rich flavor.

She licked the sides of her mouth to make sure nothing embarrassing would show and destroy her well-earned reputation of being the darling of the scientific community.

"Yum, delicious,"
Claire chirped when
her mouth was clean.
"Have a great day
everyone."
"Bye mom."
"Have a nice day at
work, Claire."

With a happy home, Claire put on her blouse, grabbed her things and left for the laboratory.

END.
