CHAPTER 05

Of course I was okay with it.
As wrong as it was,
I was horny as hell.
But I couldn't be that obvious about it.

"I'm fine. Just do it."

Then she began undoing my pants.

"I promise to make this feel good for you."

She didn't hesitate to grab my semi-erect penis once it was freed and insert it inside of her mouth.

The camera immediately started flashing in a frenzy the moment she started sucking.

More flashes followed each time my mother bobbed her head back and forth on my now swollen cock.

It felt amazing.
I'm no stranger to
sex, but this was
different.

For the first time
in my life, I knew
what it was like
to be pleased
by a mature
woman who was
experienced
sexually.

She was sucking my cock so hard that it almost felt like the grip of a hand, only covered with warm saliva and a wet tongue.

Her face and cheeks
even started to look
caved in around the
shape of my cock.

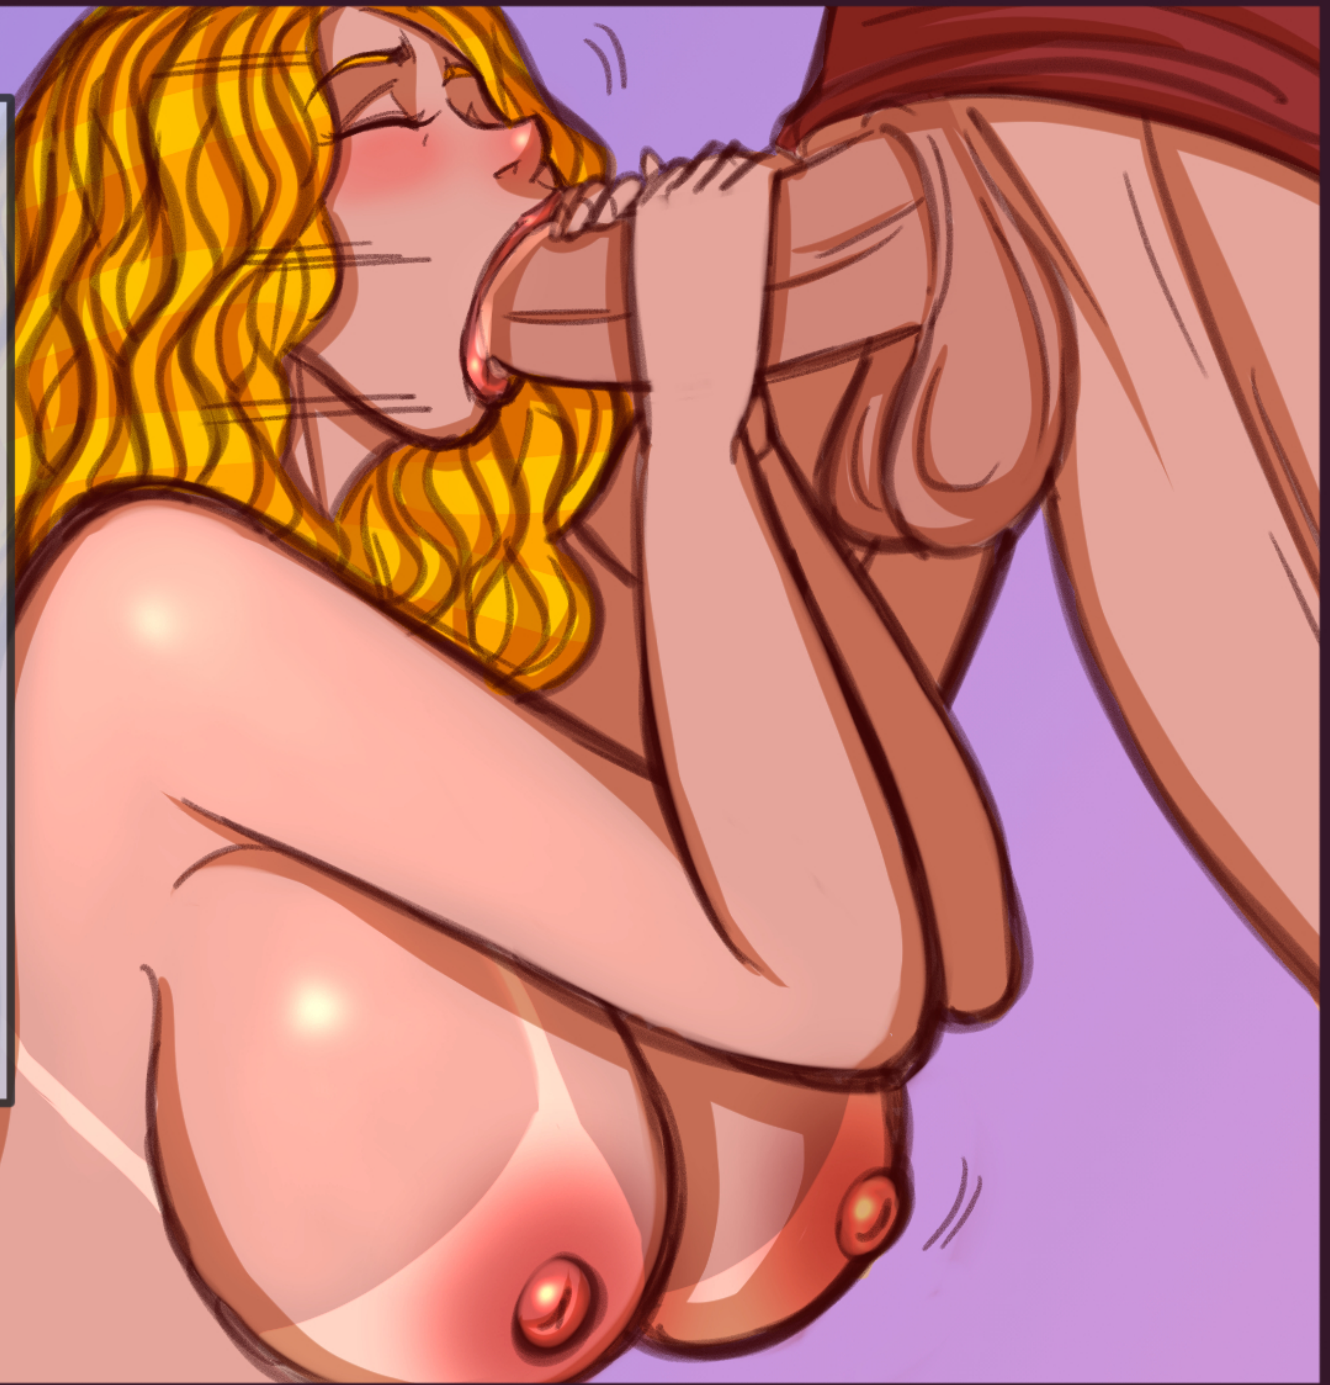

For that moment,
I didn't care that
I was being orally
pleasured by my
own mother
because of how
fantastic it felt.

And my mother
didn't care that
she was sucking
her own son's
cock because
she was being
generously paid
for it.

So for the next few minutes, she continued giving me a blowjob while the others looked on in disbelief that an actual mother & son would ever do such a thing with each other.

"I'm about to
cum...I'm about to
cum..." I panted.

"Good," John said.
"Now I want you
to stroke yourself
and finish in your
mother's mouth."

While sucking my
cock, mom winked
and nodded at me
to let me know it
was okay. That
she was willing
to swallow.

I did what I was told
as I grabbed my
hard-on after my
mother had spit it
out of her mouth,
and I began stroking
myself furiously.

She held her mouth open waiting for my cum. Our eyes remained locked. I couldn't tell what she was thinking.

I couldn't tell
if she enjoyed
doing this whole
thing or not,
but it looked like
she didn't hate it
either.

Seeing her in such a vulnerable position with her breasts hanging out was more than enough to send me over the edge with a major orgasm.

I kept furiously stroking my saliva covered cock and flooded my mother's mouth with cum.

She didn't flinch either at the first few squirts, showing how experienced she was at this.

Finally, as I finished, she closed her lips and made a loud *gulp* noise, signaling that she swallowed my entire load.

She finished by kissing the head of my penis a few times before licking her lips clean.

"Well done,"
John said,
pleased by
what he saw.
The camera
snapped
a few more
shots and we
were finished
for the day.
