CHAPTER 08

The moment felt right.
I was now able to fulfill
my recent desire
to fuck my own mother.

Mom wanted this to happen as well,
so she could further her career
and make more money.
And maybe, just maybe,
mom secretly desired this too.

Of course,
John was thrilled getting to see
something he's fantasized about
for god knows how long.

We would all be getting what we wanted. And it started with me slowly pulling down the thin straps off of my mother's shoulders, letting her dress fall to the fall.

Before I could reach
back to undo her bra,
she whispered to me,
"No, let me do it. Just
watch."

She put both hands behind herself and undid her bra, letting it fall to the floor where her dress was.

Then she wrapped her fingers around the insides of her panties and pulled them downwards to reveal her cleanly shaven vagina.

She looked beautiful.
Her figure was perfect.
It was the first time
I had ever seen her
fully naked like this
with her bikini tan
lines and all, and I was
enjoying every second
of it.

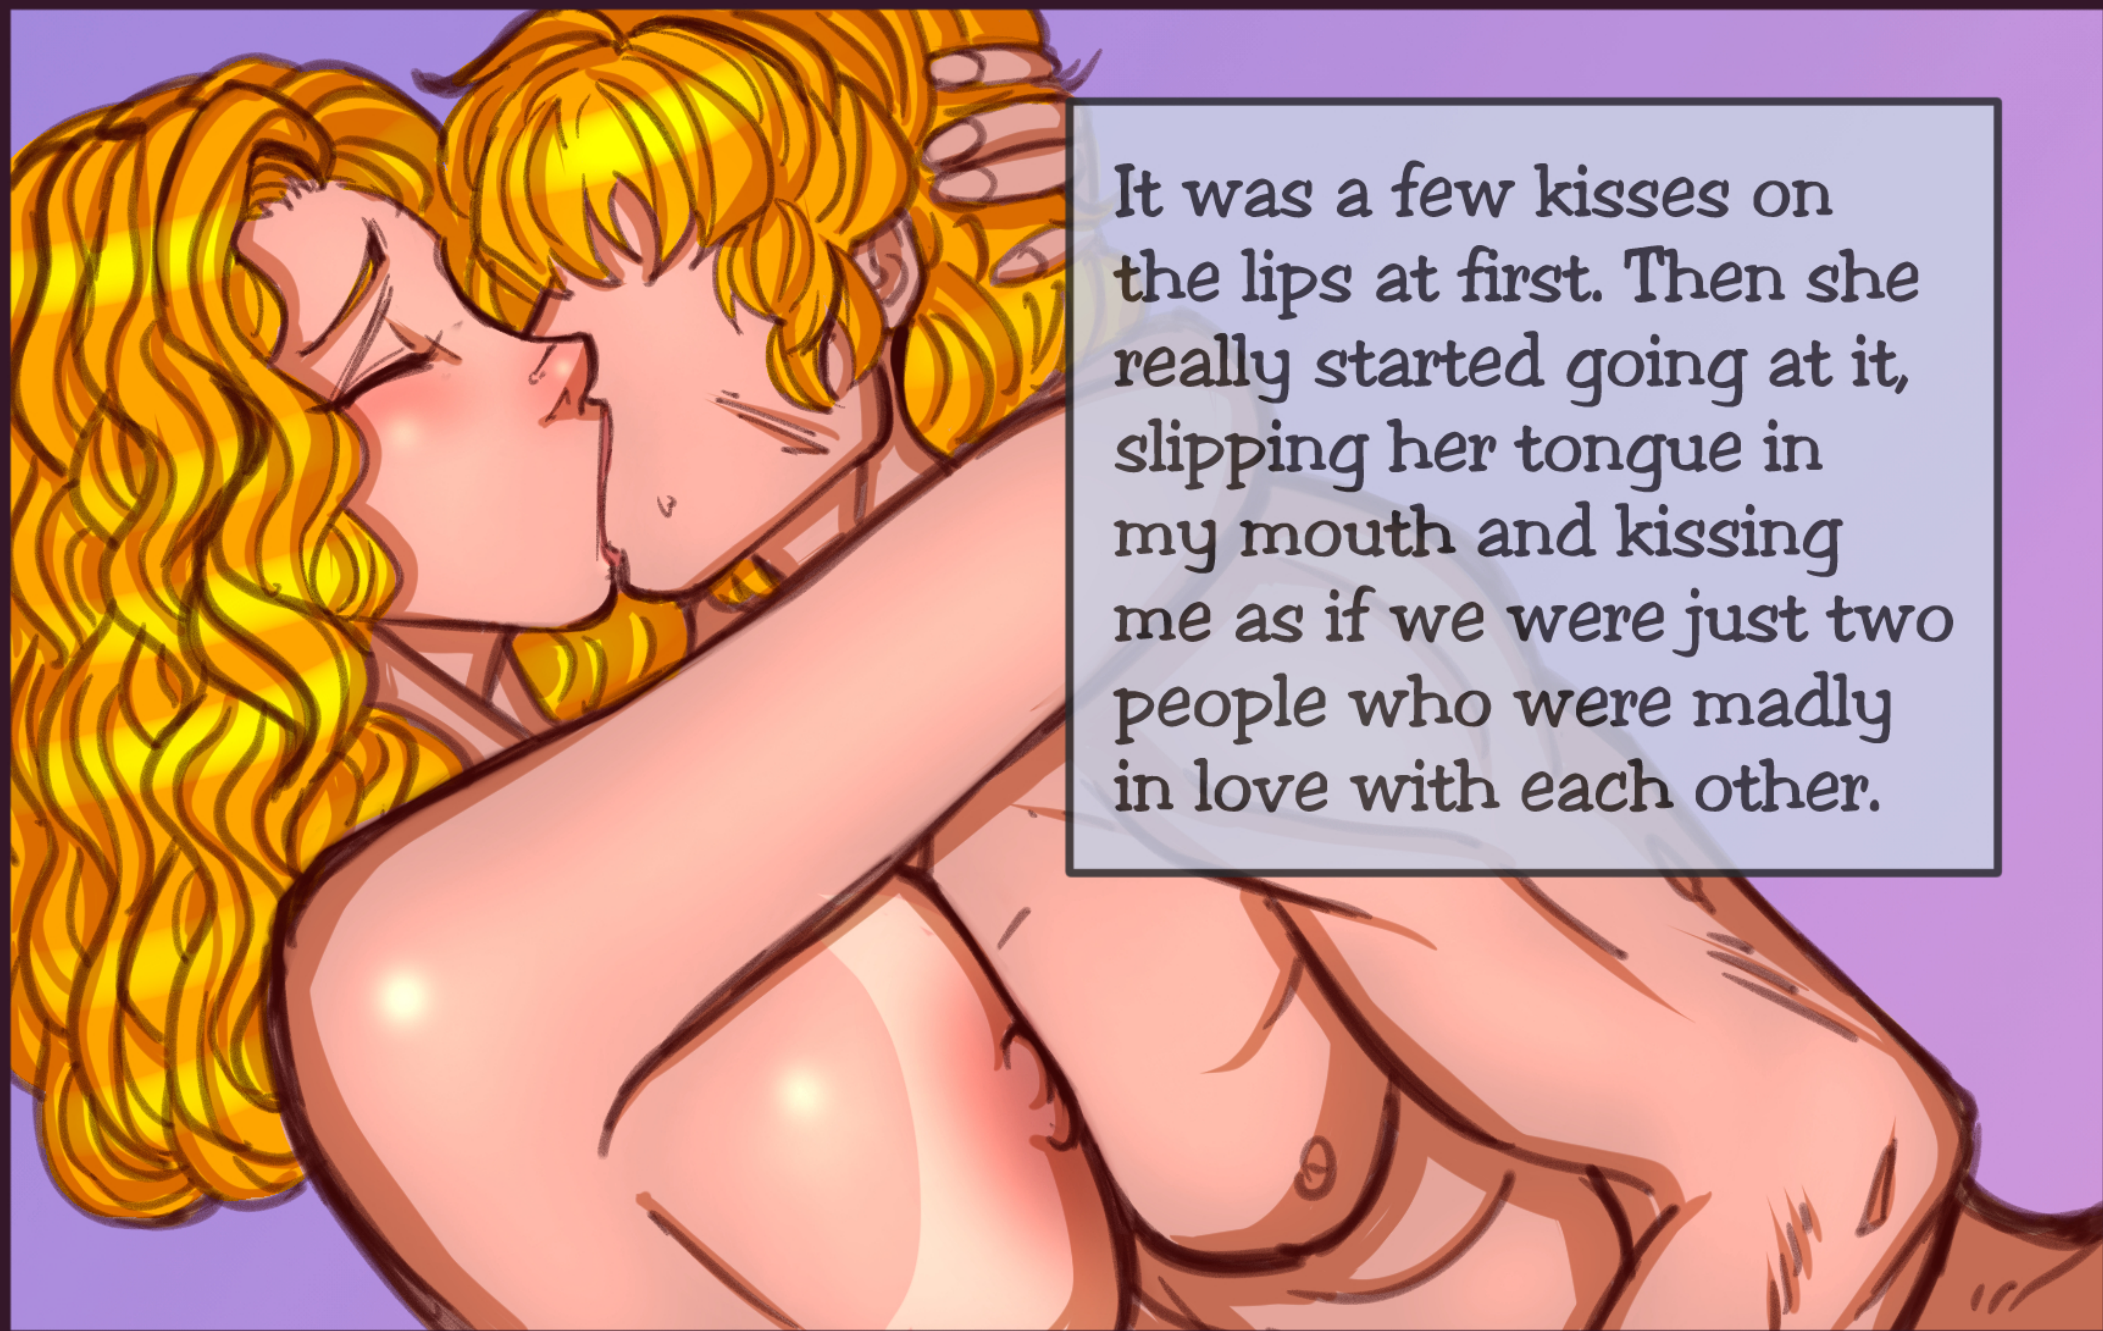

My eyes were all over
her large breasts with
its large pink nipples.

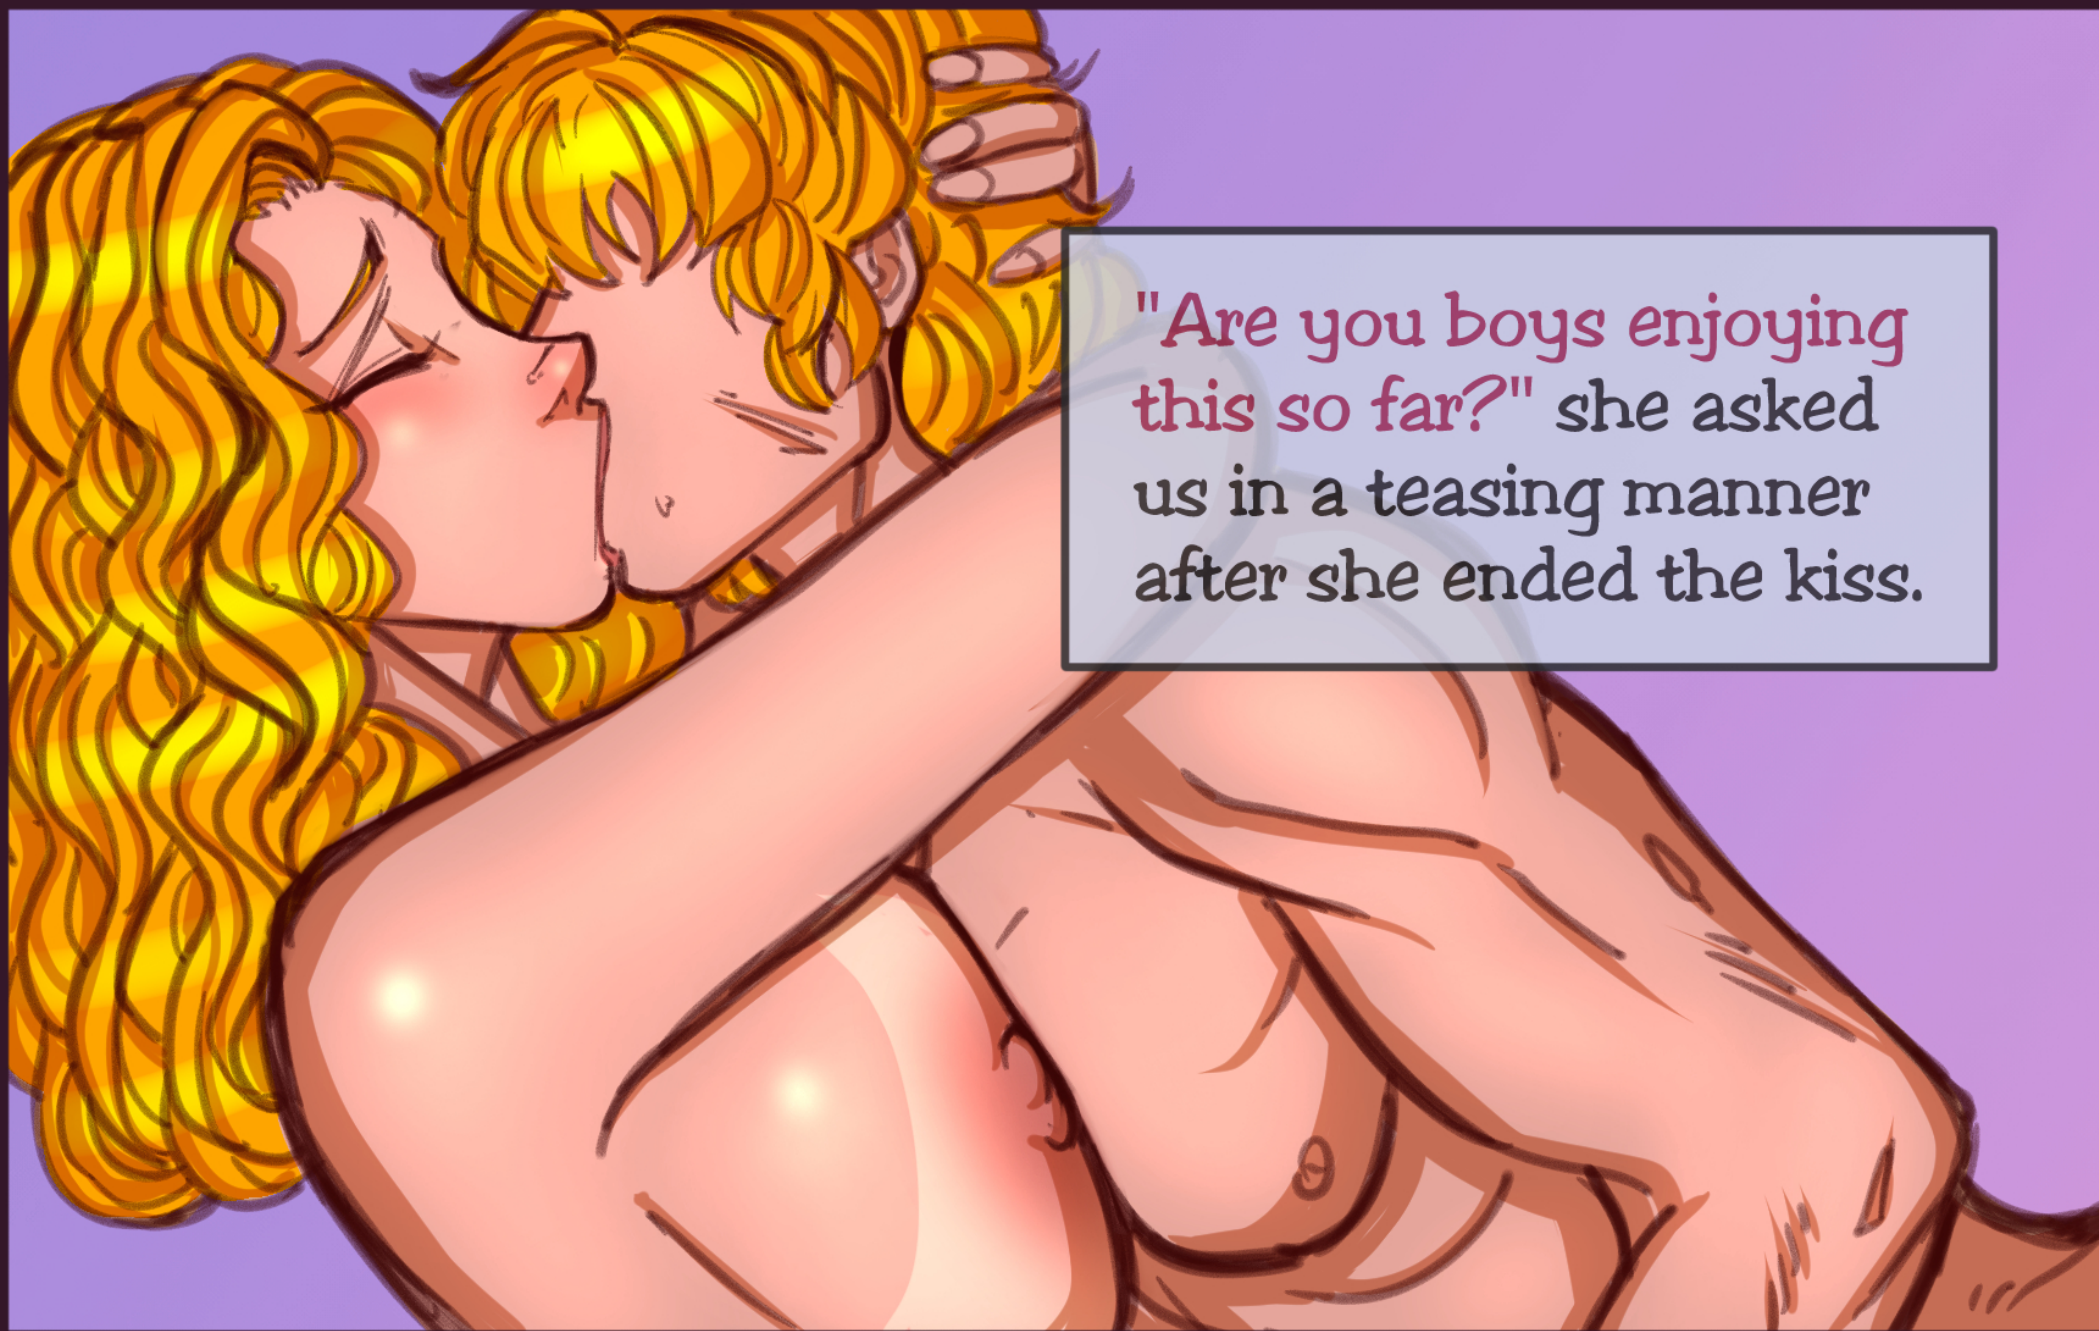

Then I was able to get a good look at her brown labia which was visible between her legs as she stood there modeling for our viewing pleasure.

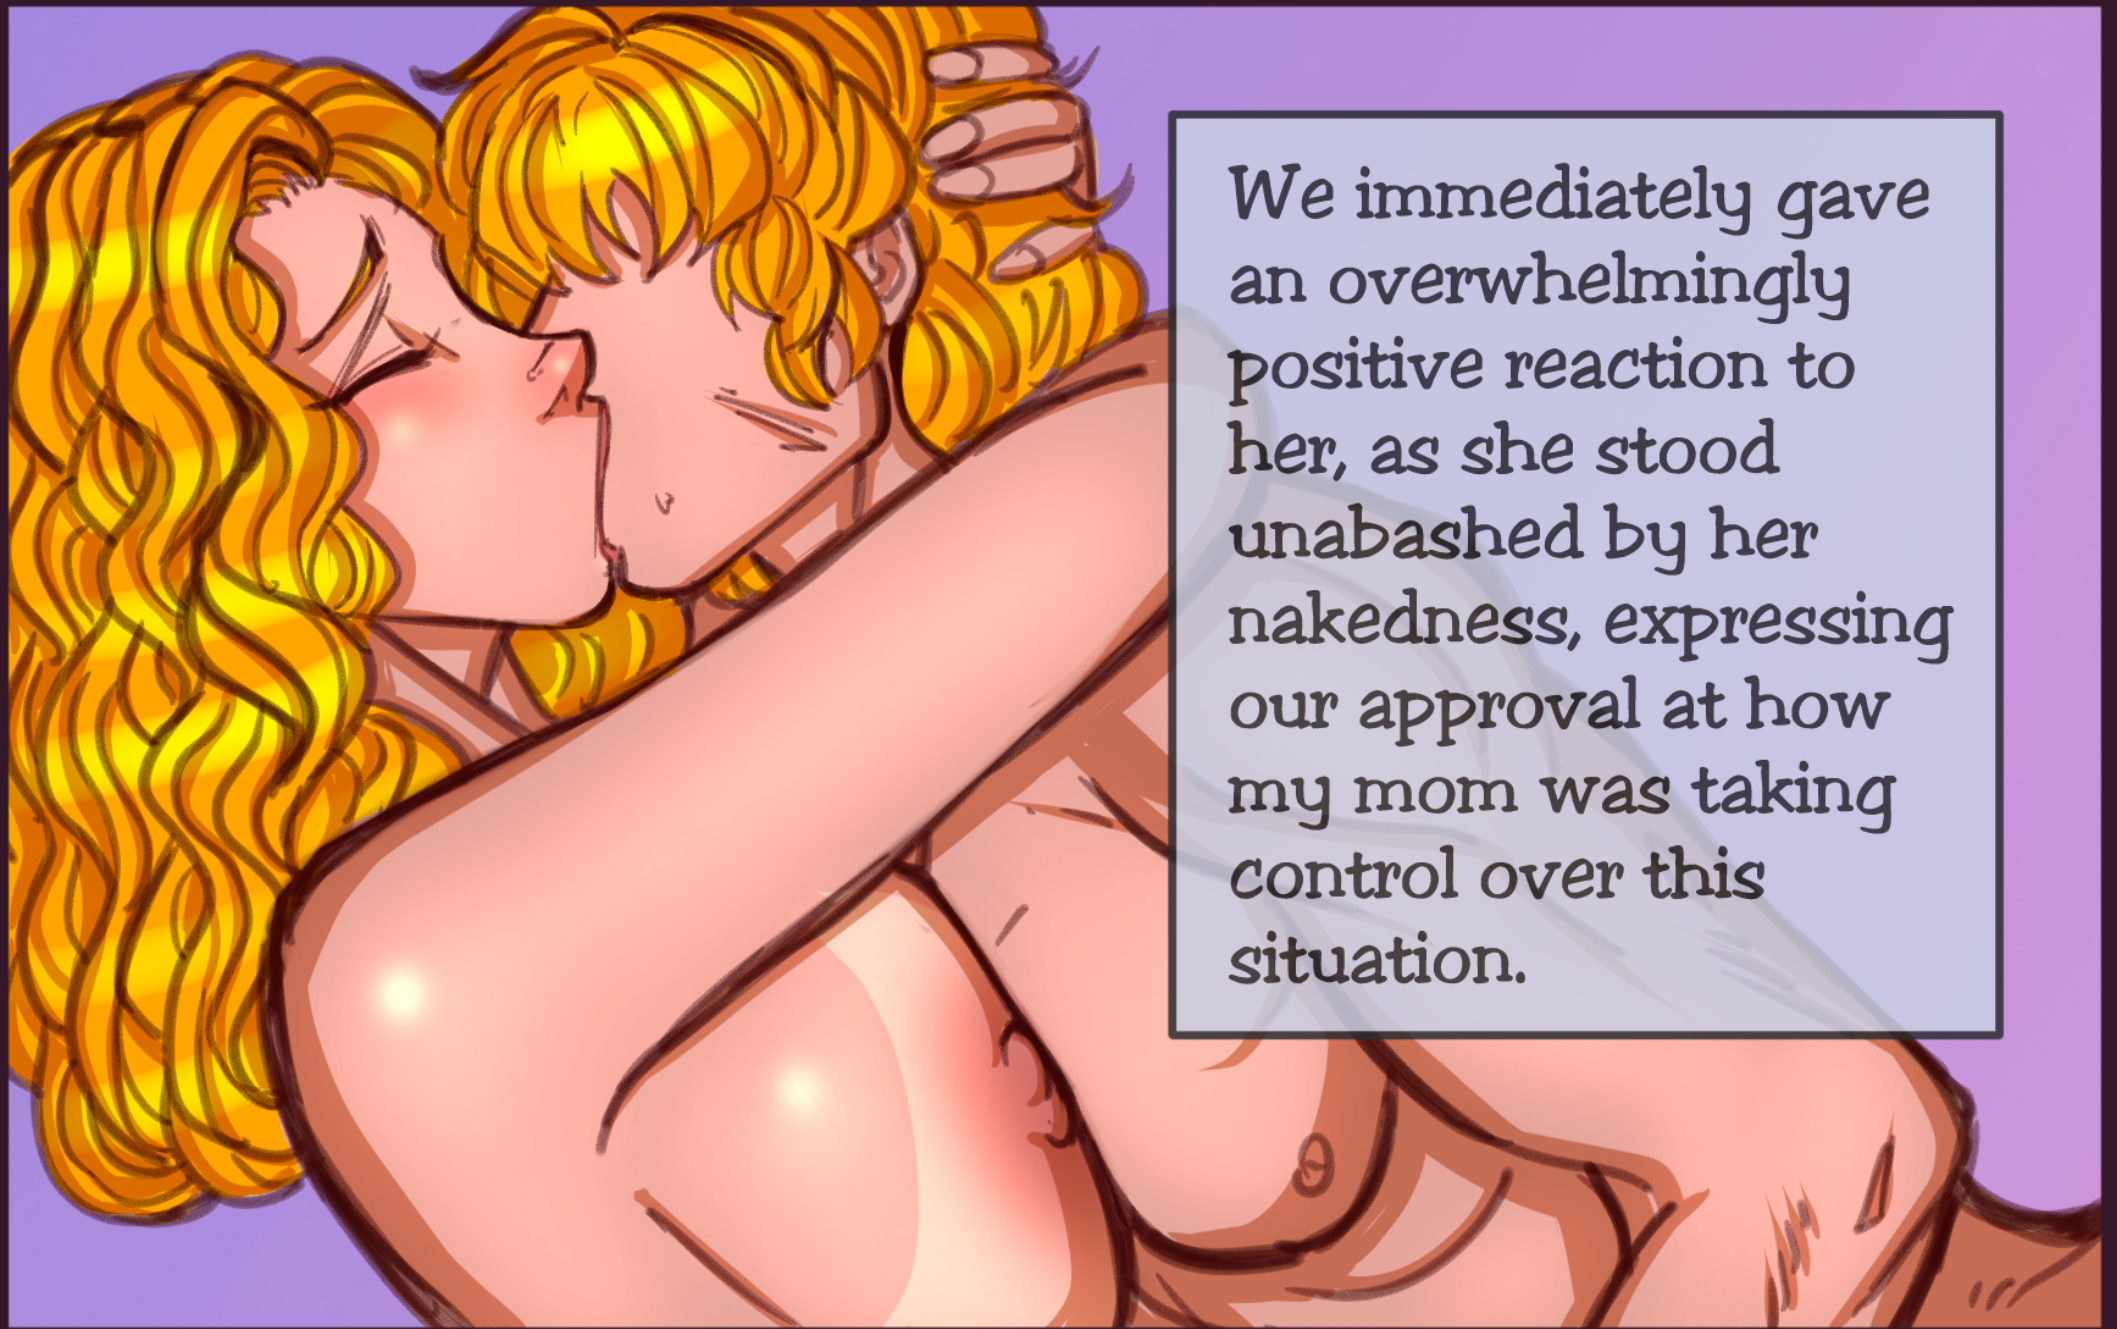

She then lifted both feet, one after the other, to free herself from the panties around her ankles and stood right in front of me and gave me a kiss.

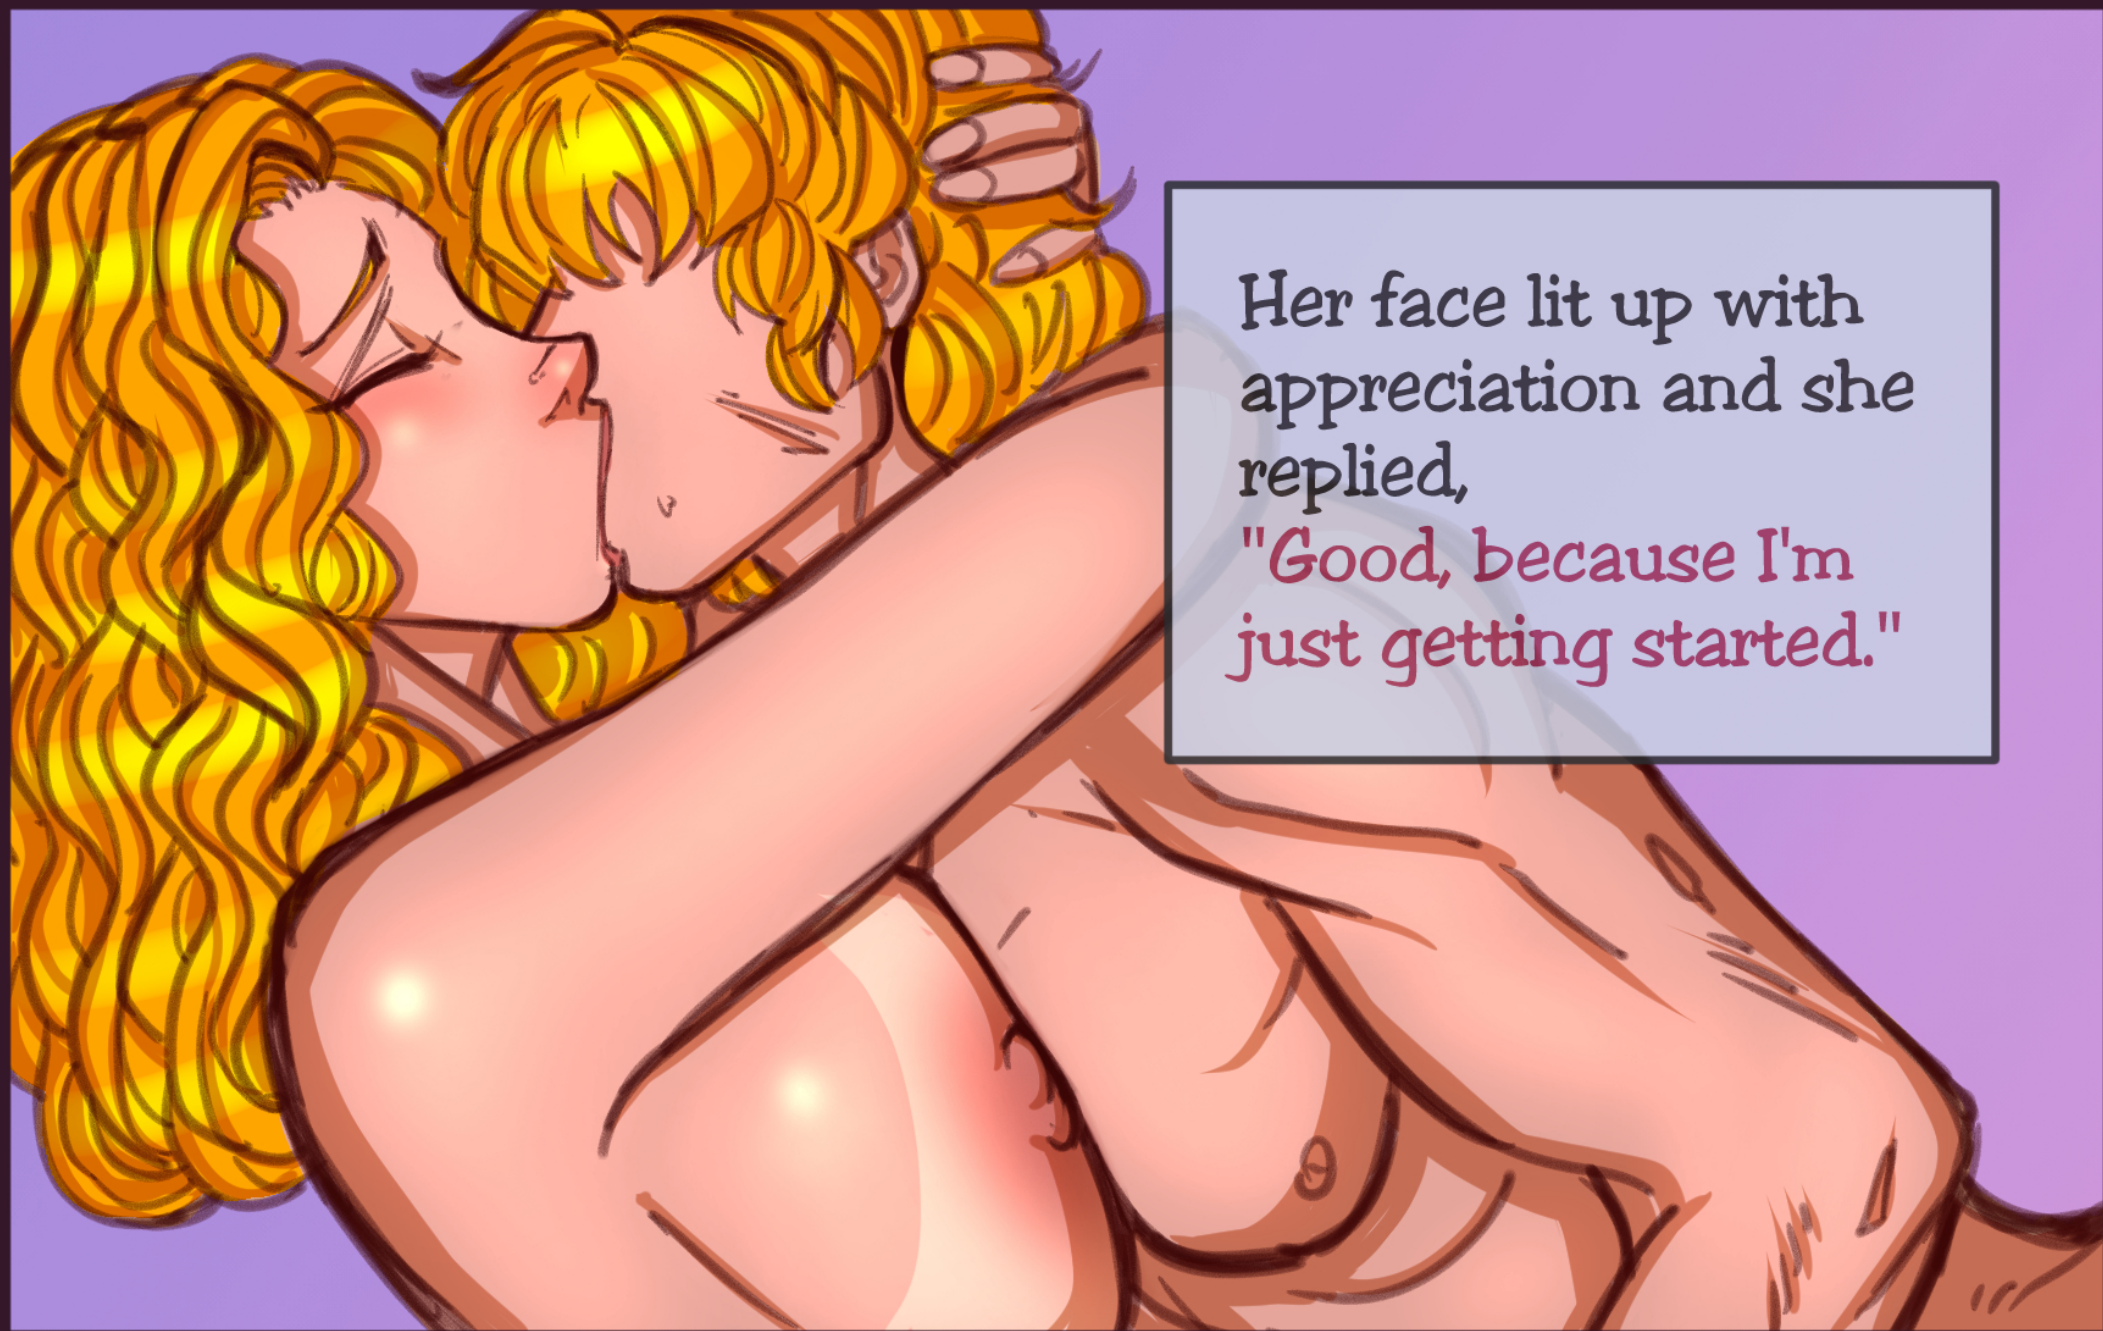

It was a few kisses on the lips at first. Then she really started going at it, slipping her tongue in my mouth and kissing me as if we were just two people who were madly in love with each other.

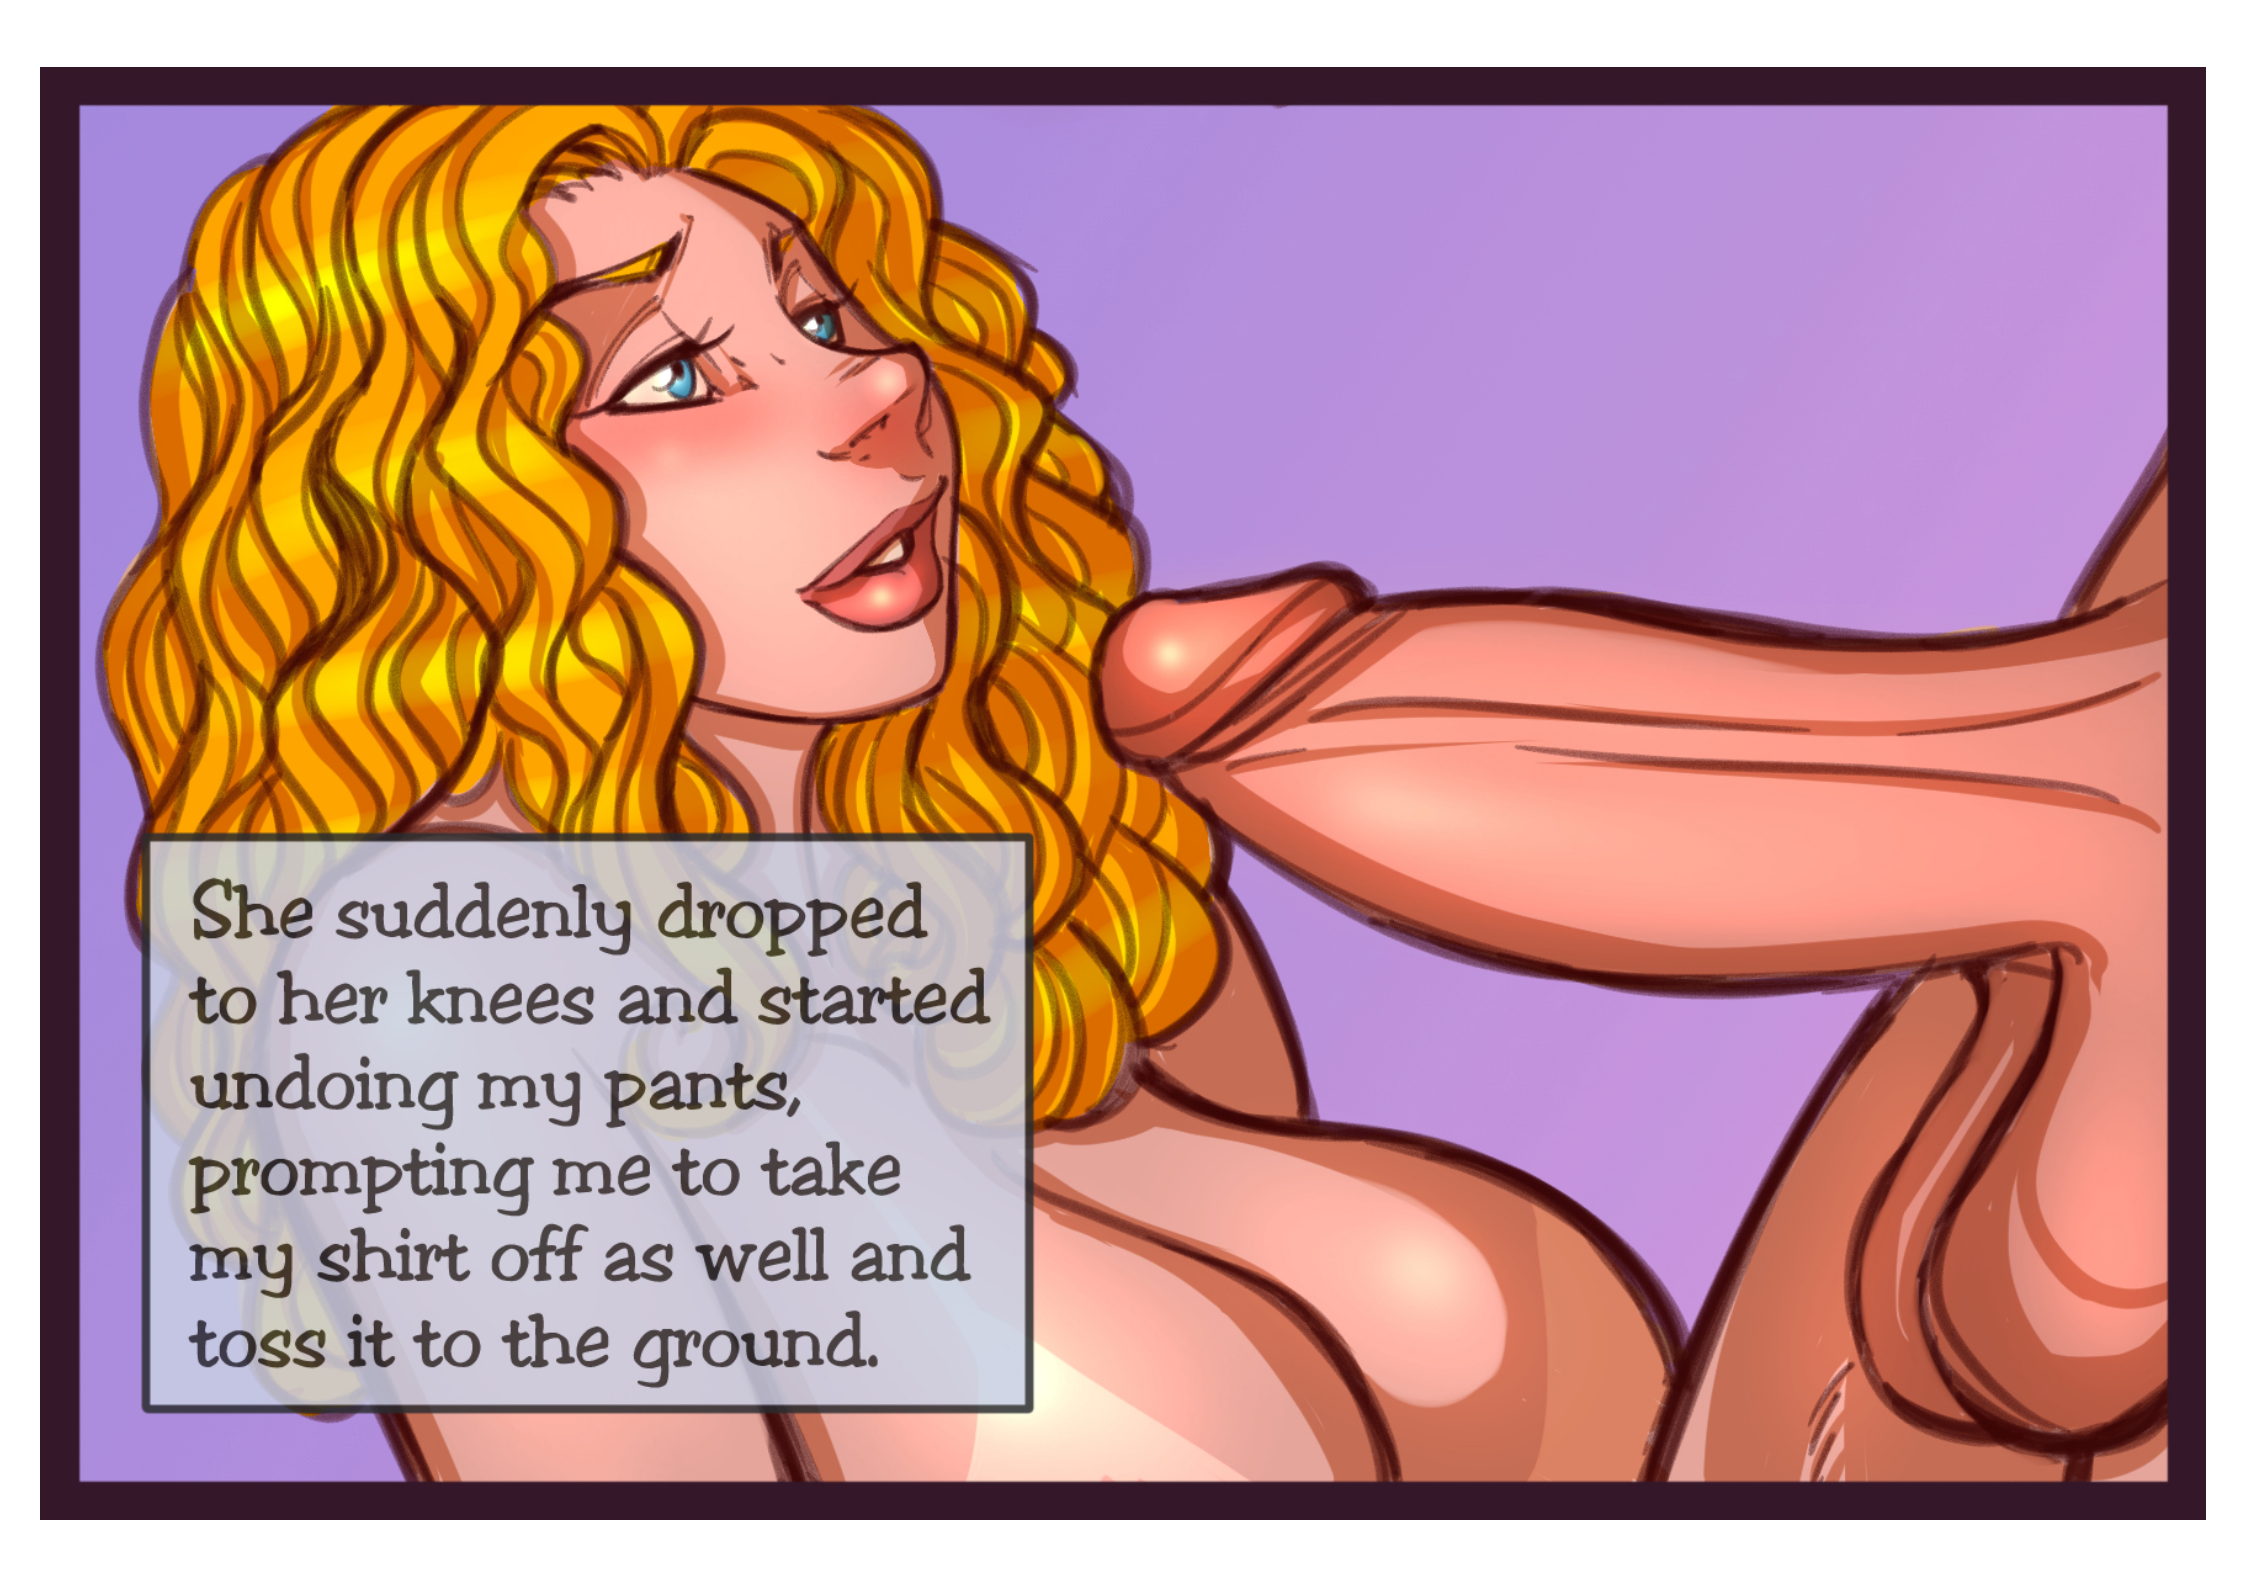

"Are you boys enjoying this so far?" she asked us in a teasing manner after she ended the kiss.

We immediately gave an overwhelmingly positive reaction to her, as she stood unabashed by her nakedness, expressing our approval at how my mom was taking control over this situation.

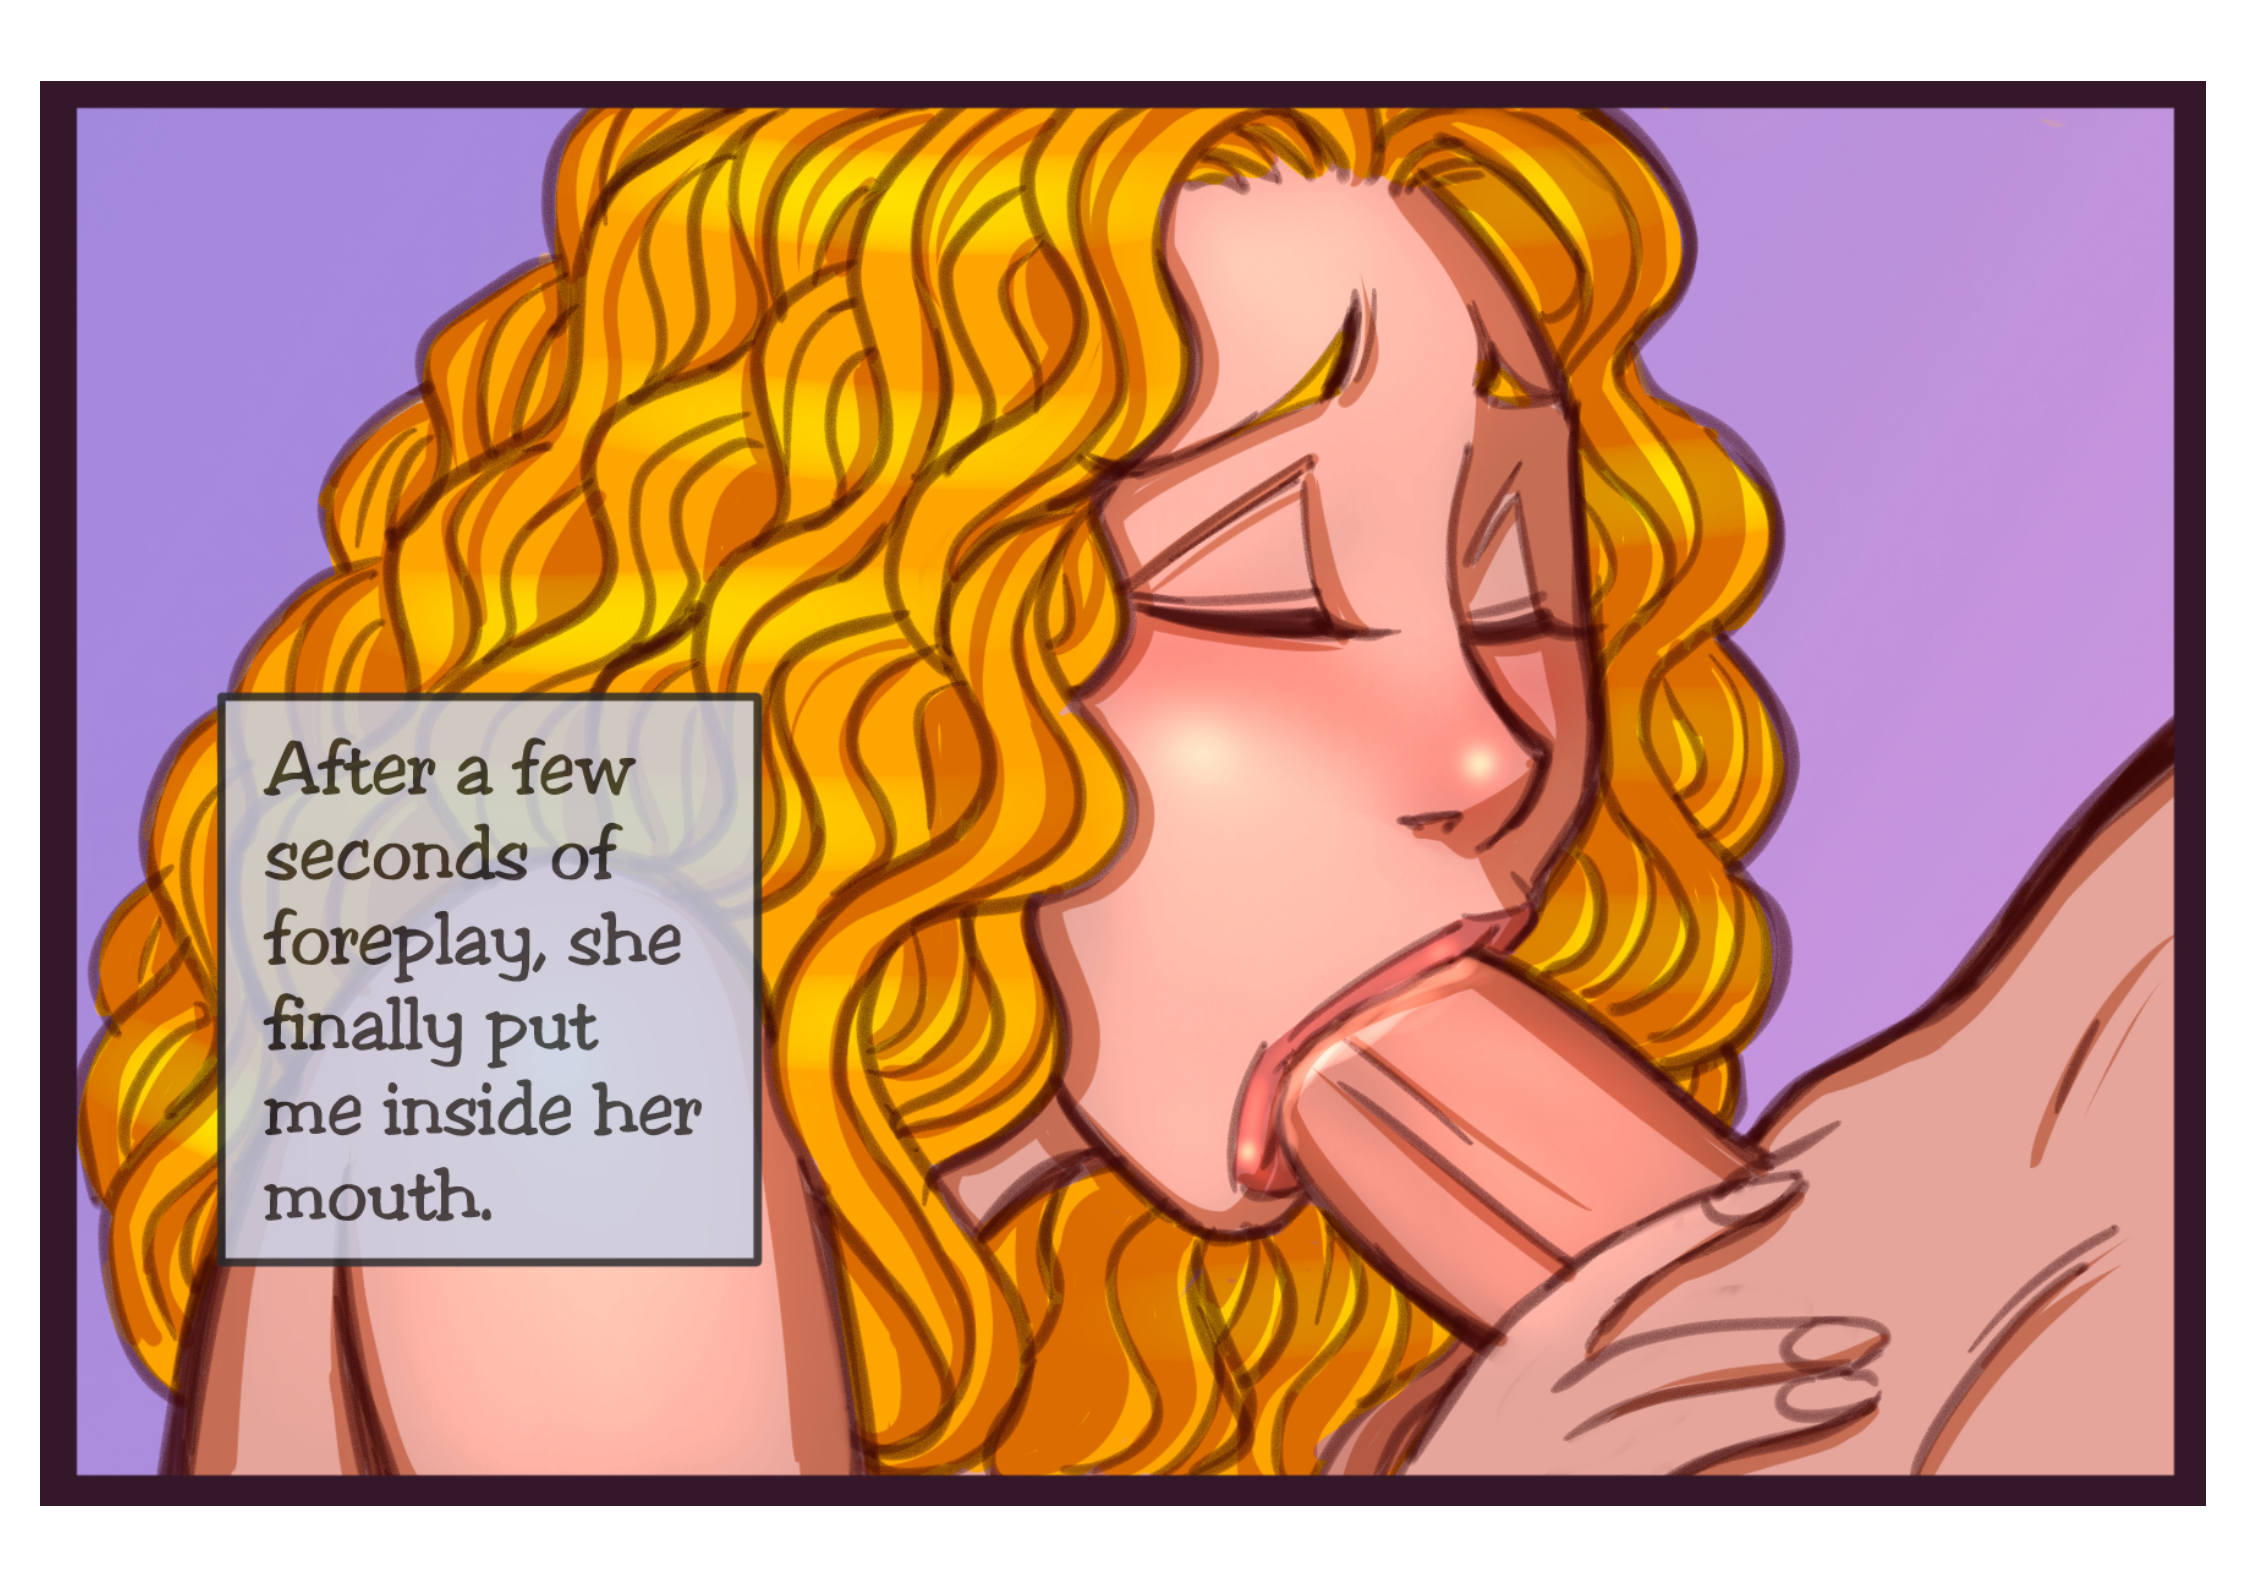

Her face lit up with appreciation and she replied,
"Good, because I'm just getting started."

She suddenly dropped to her knees and started undoing my pants, prompting me to take my shirt off as well and toss it to the ground.

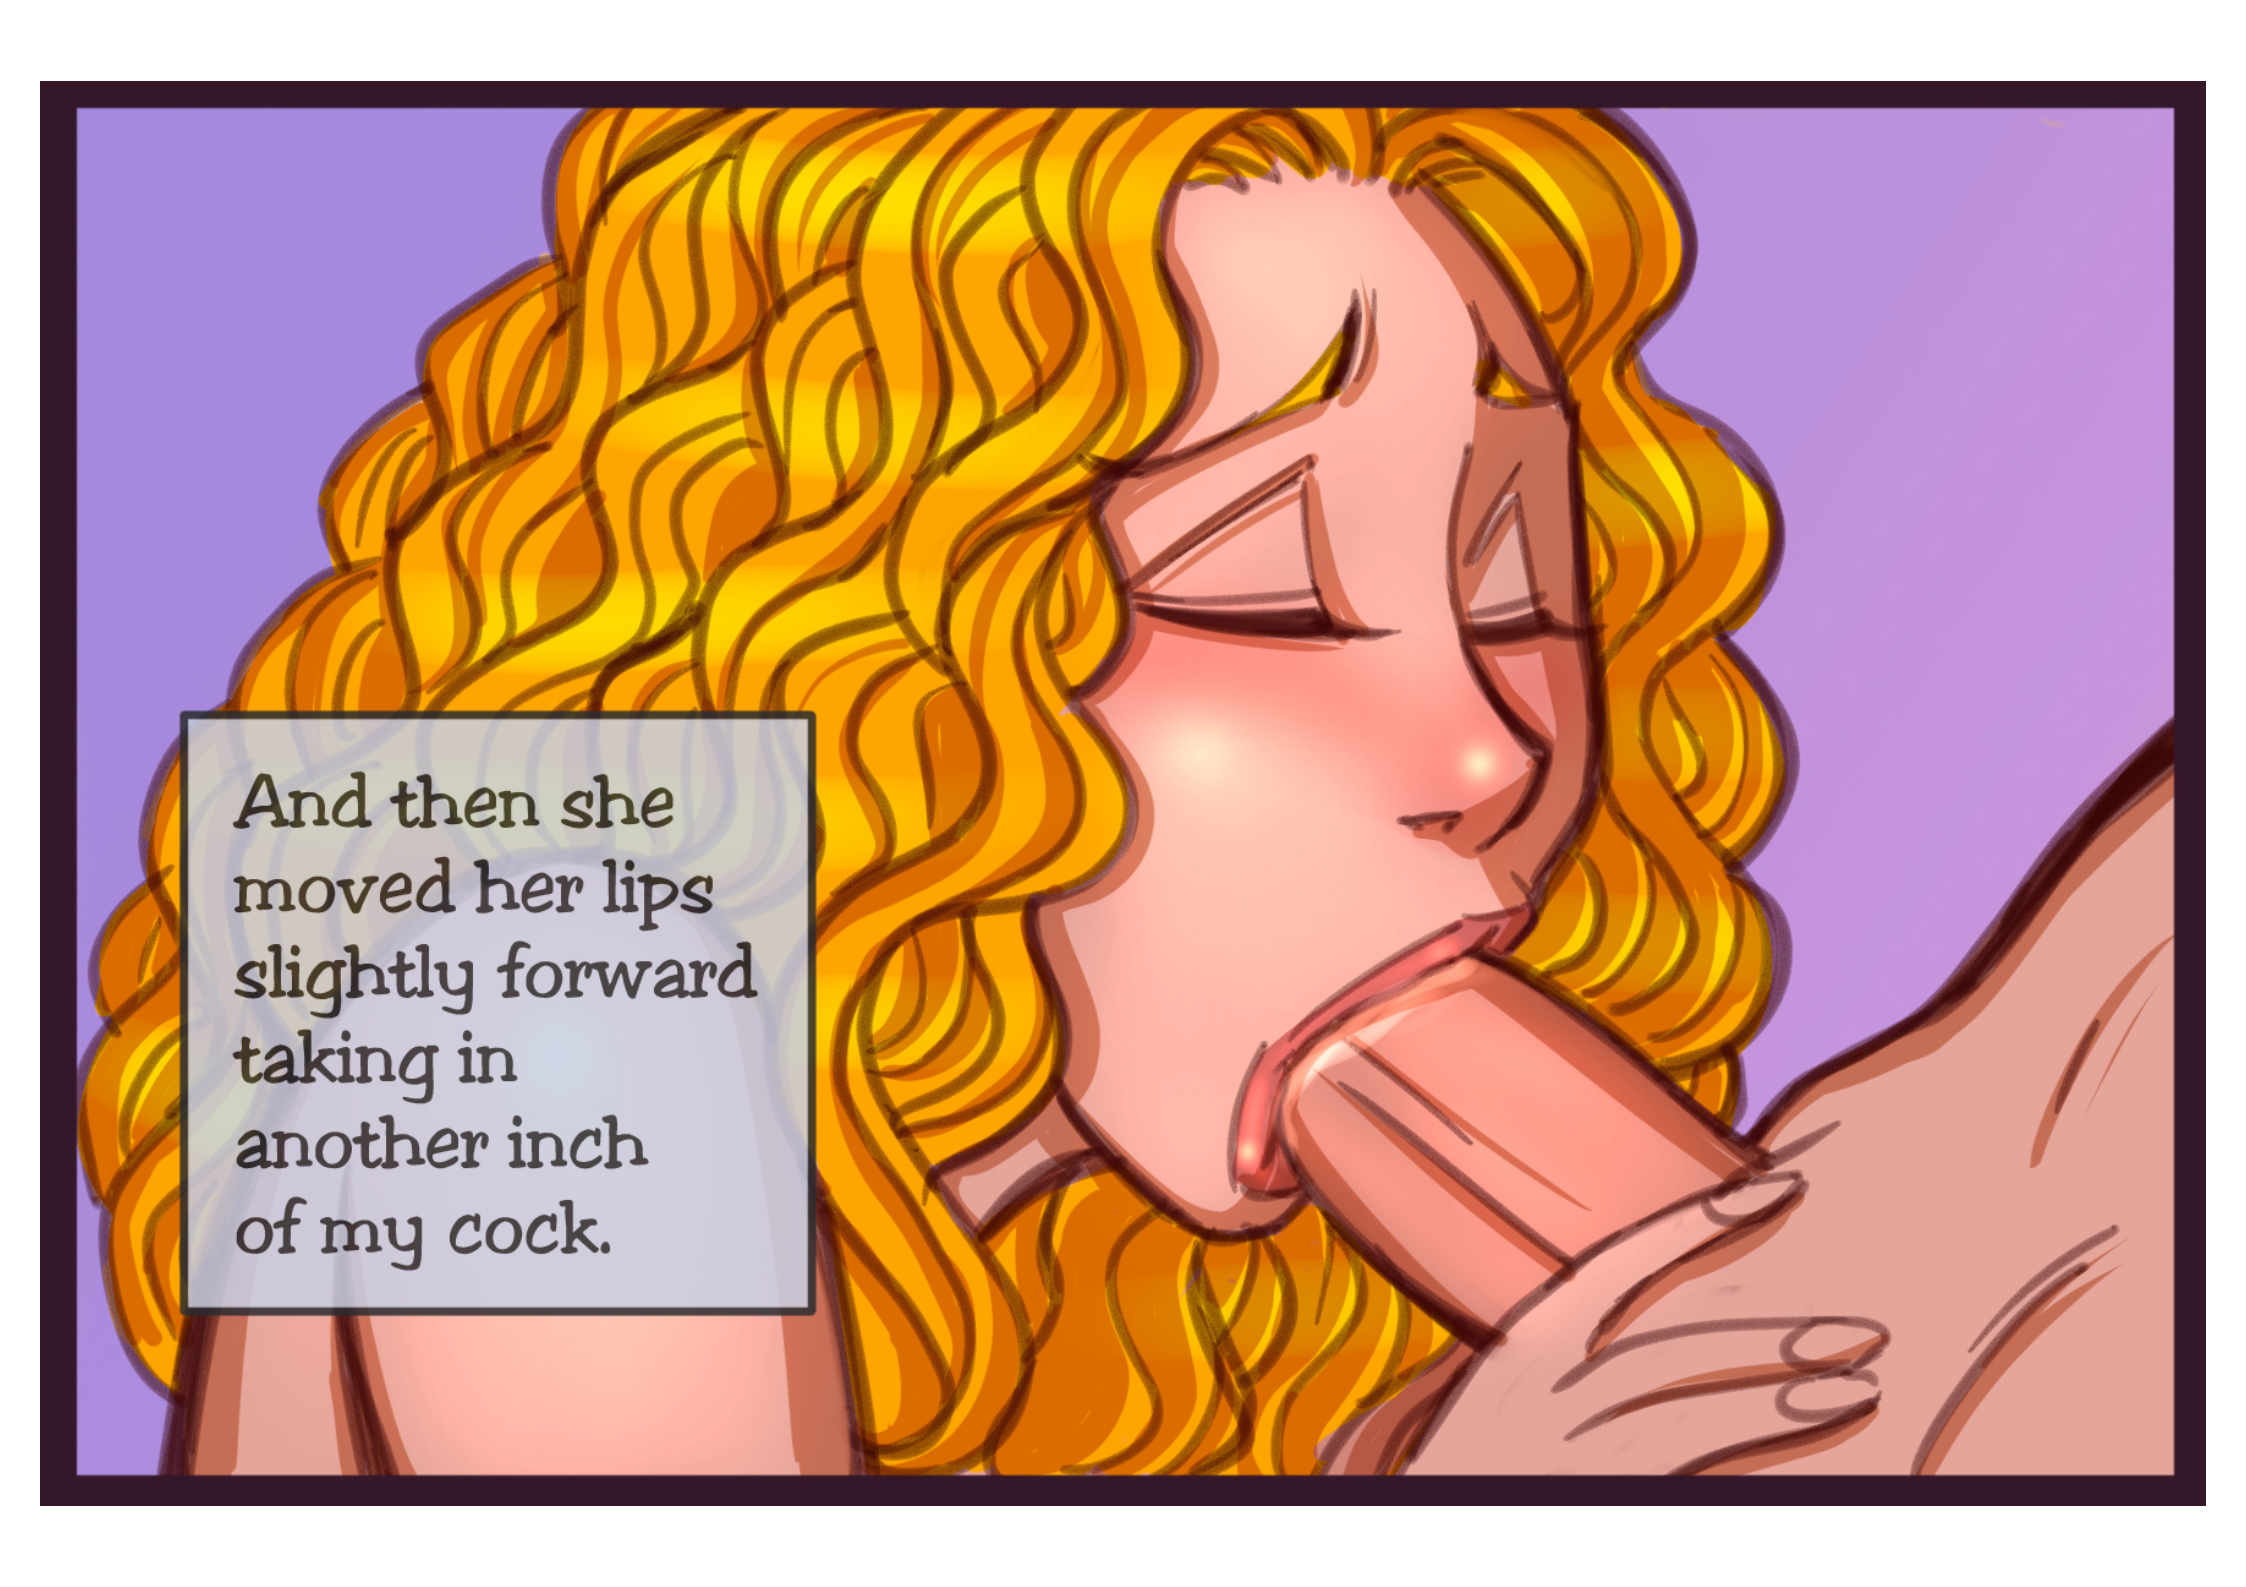

My cock felt swollen in her hands as she was caressing it. She even gave it a few motherly kisses while rubbing me down there.

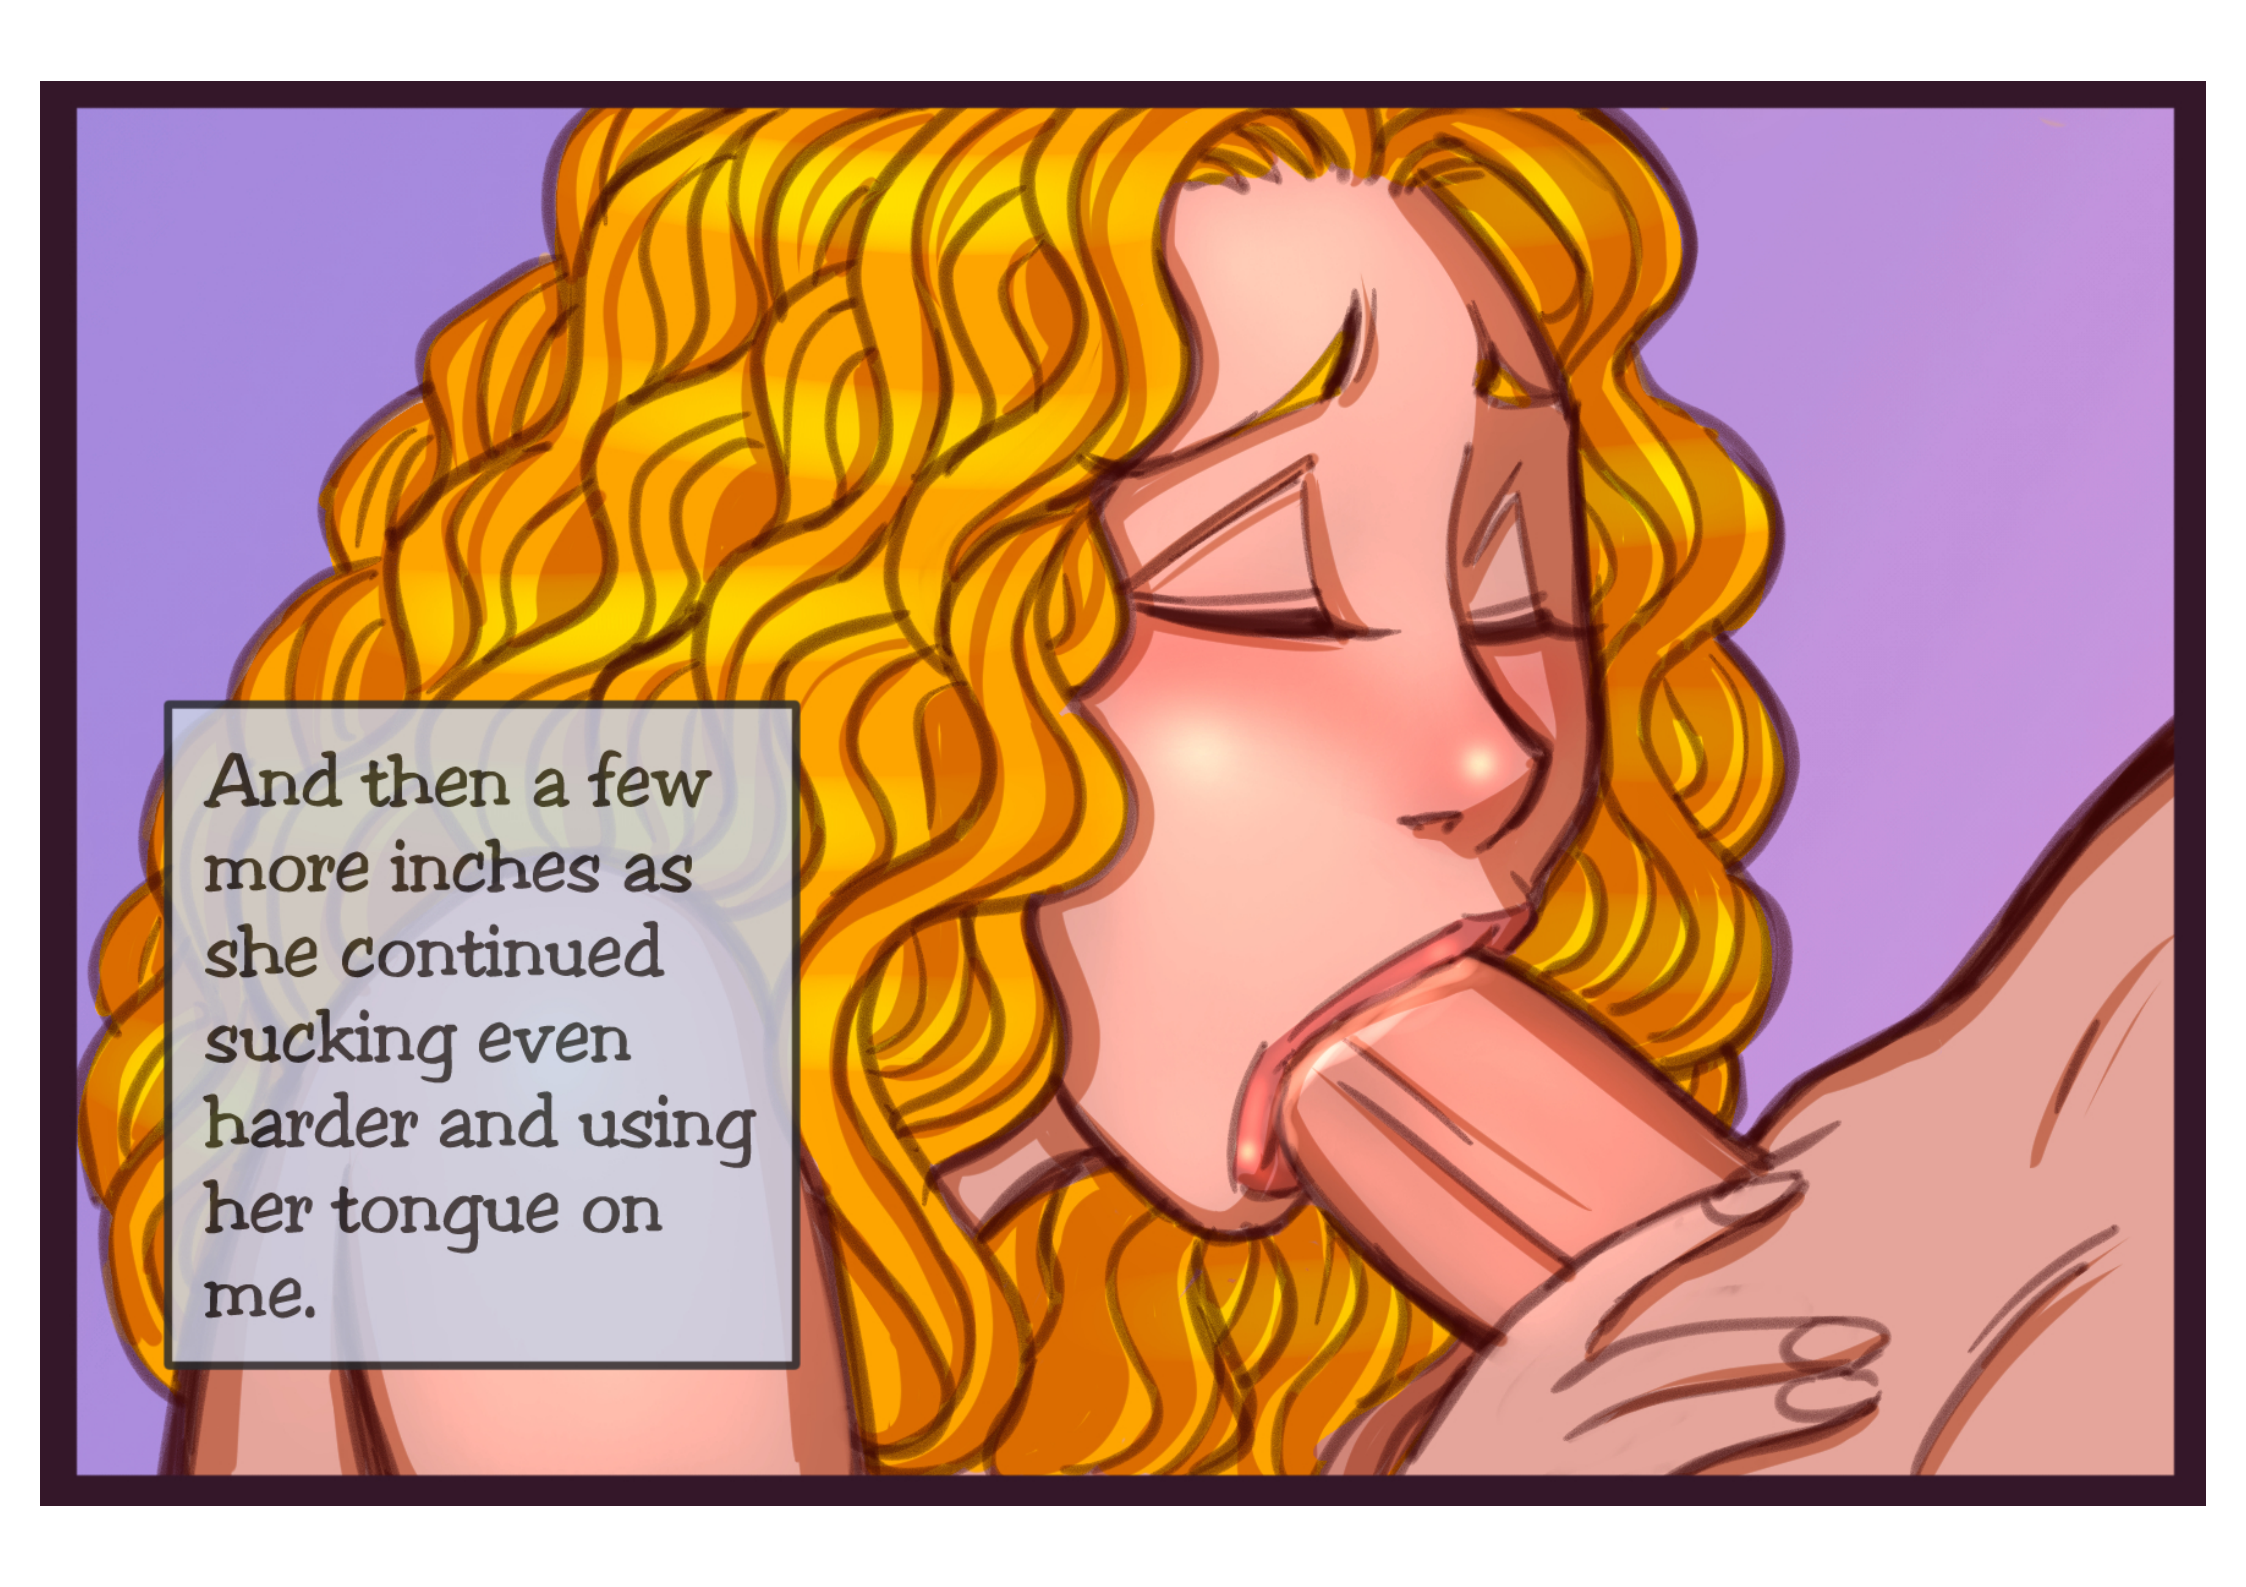

After a few seconds of foreplay, she finally put me inside her mouth.

But unlike last time, she only took the head of my cock inside her, sucking it hard and flickering her tongue across it.

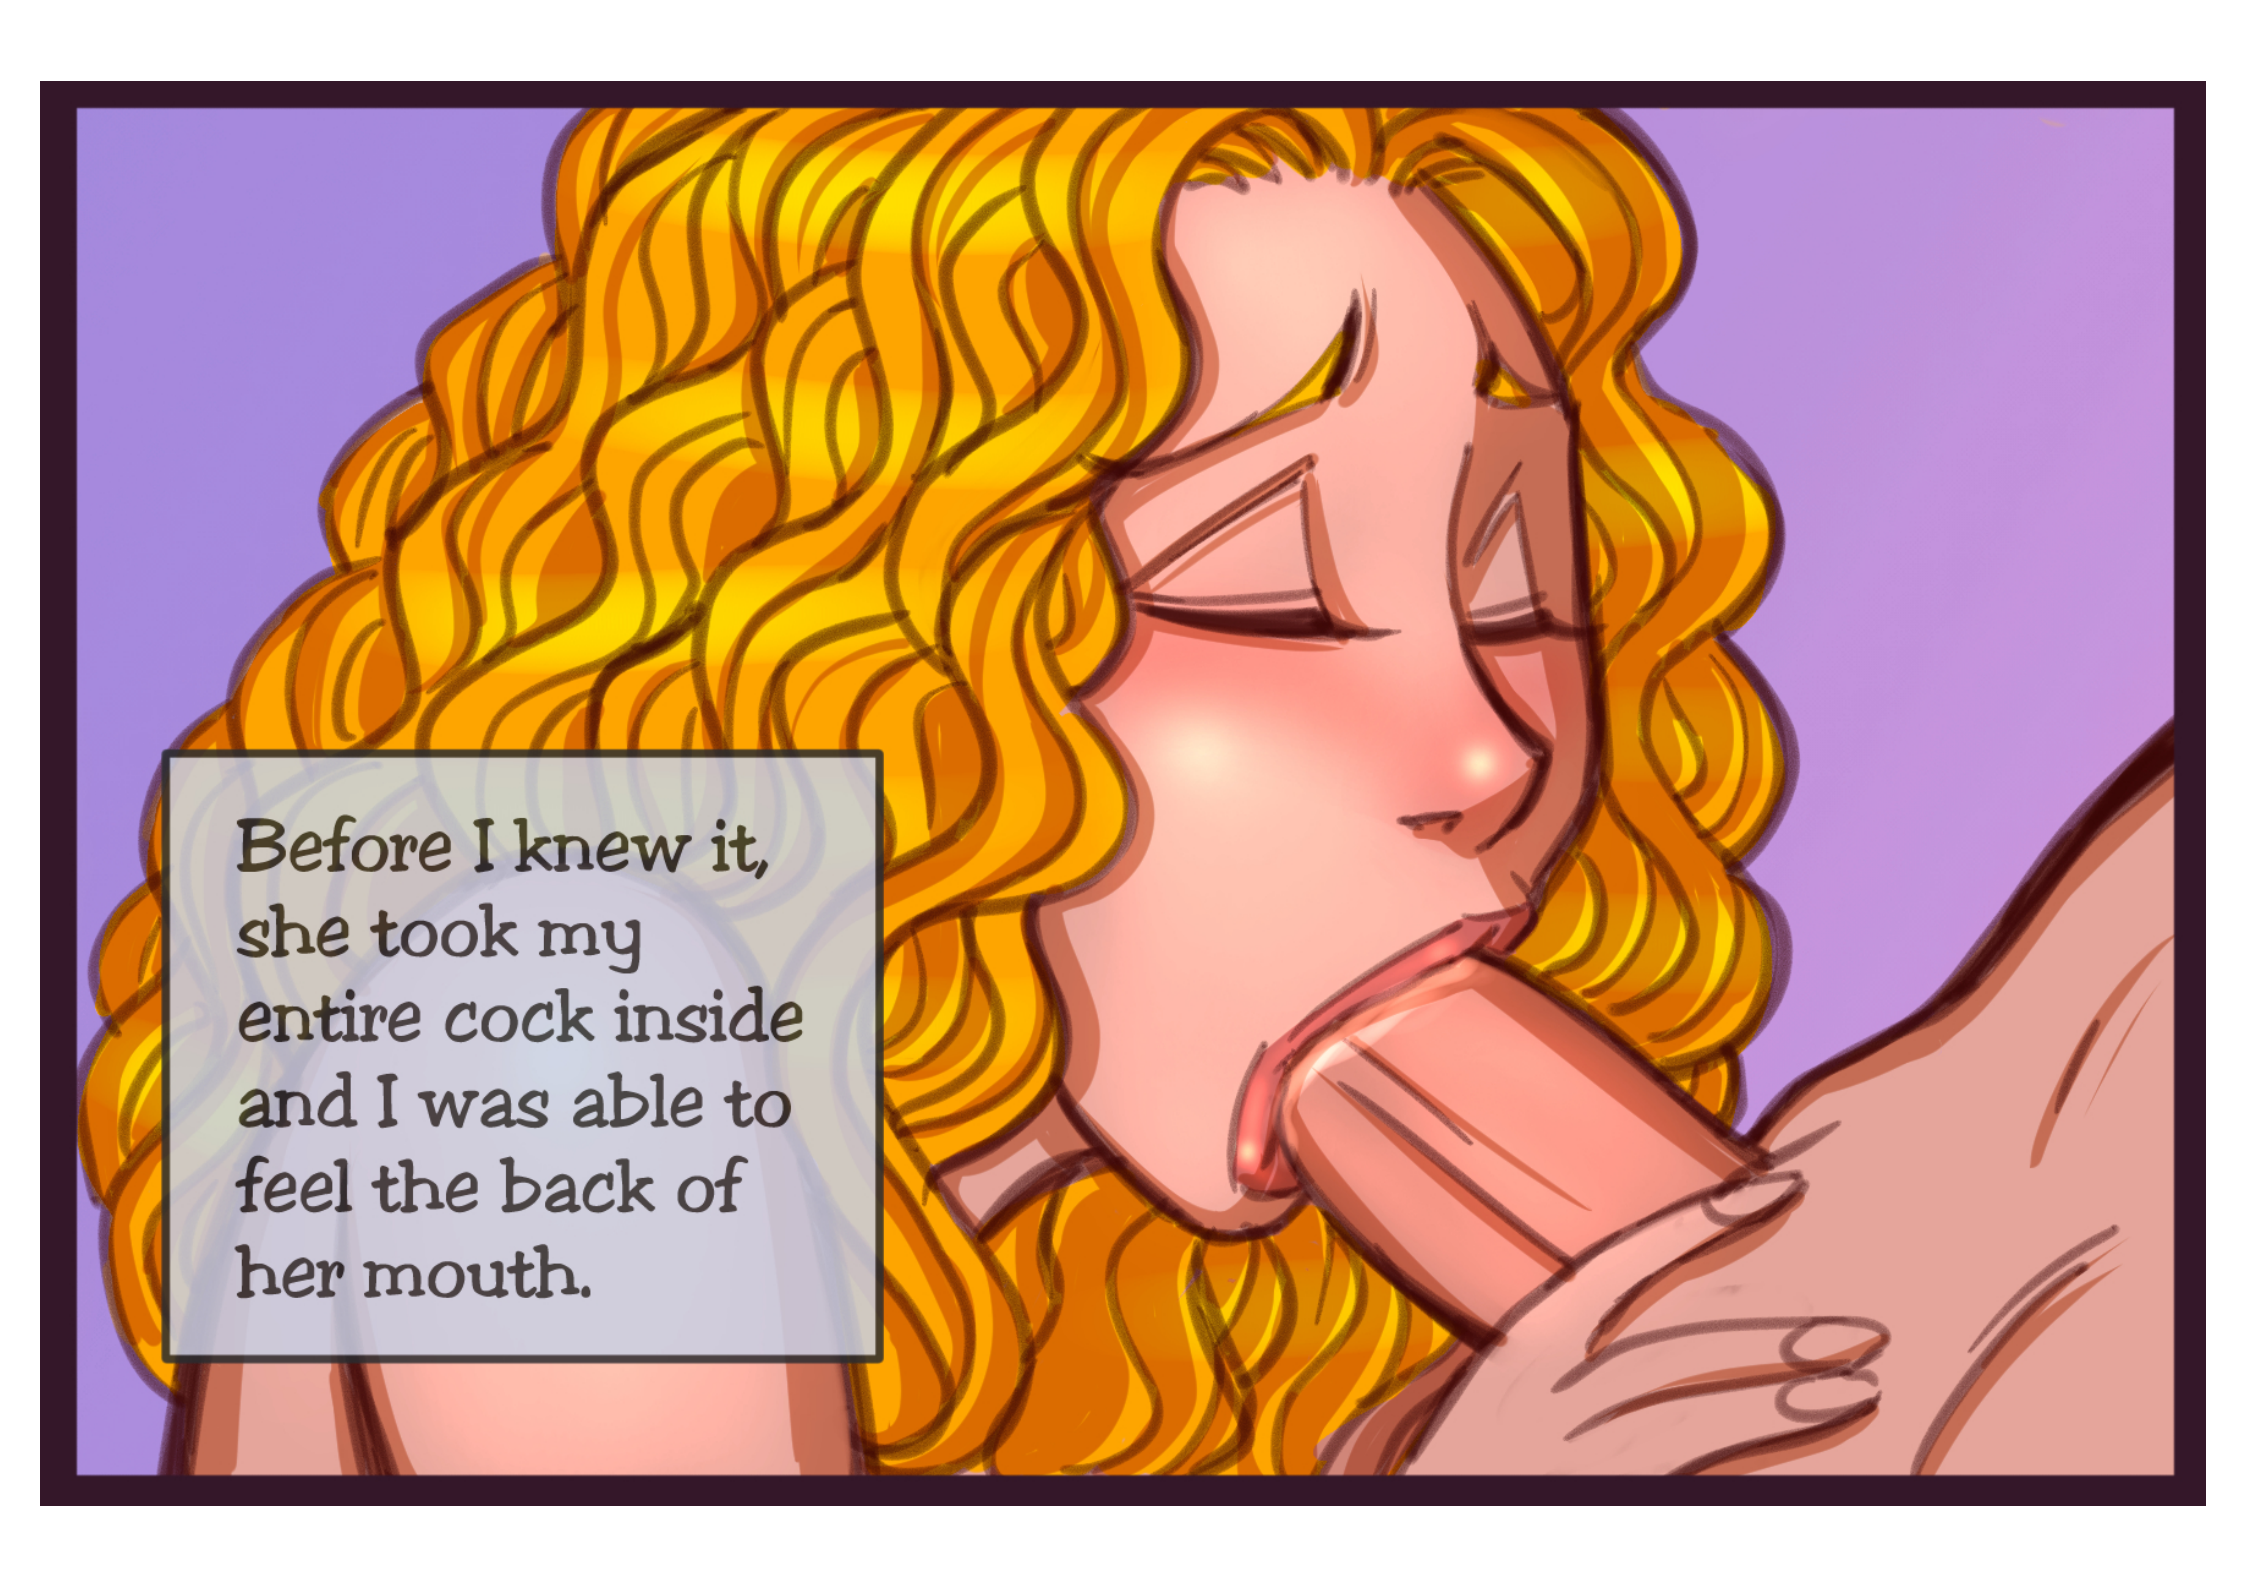

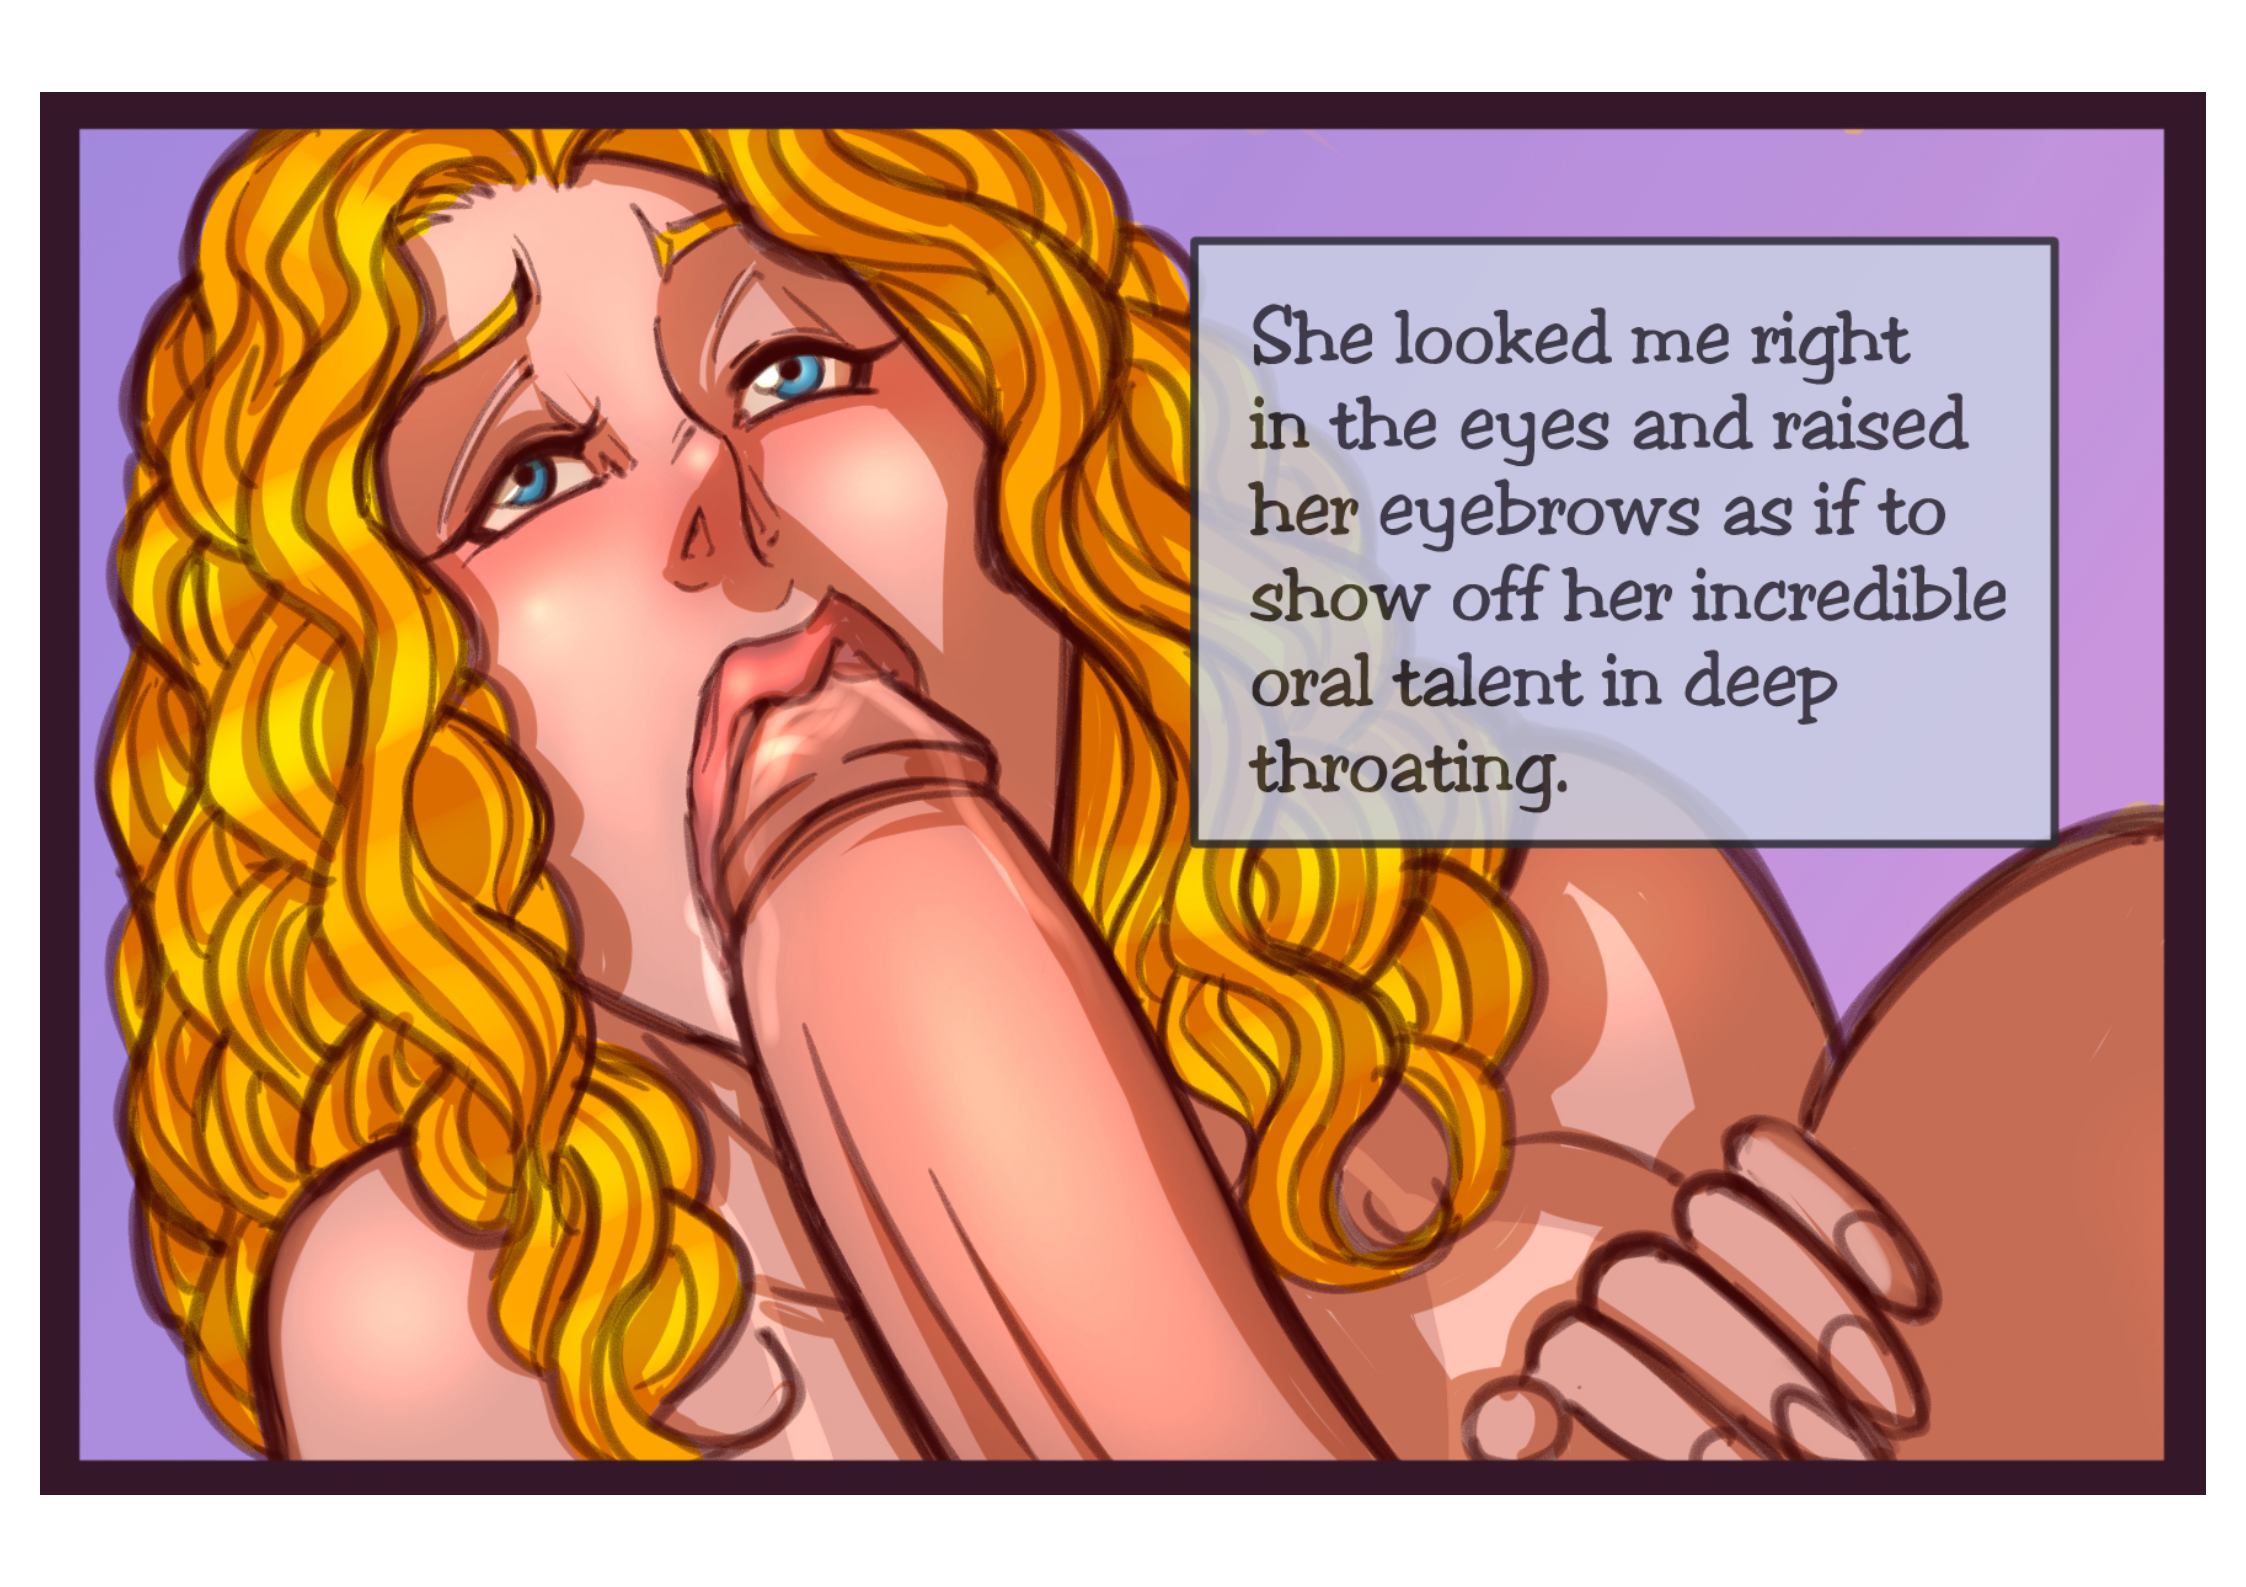

And then she
moved her lips
slightly forward
taking in
another inch
of my cock.

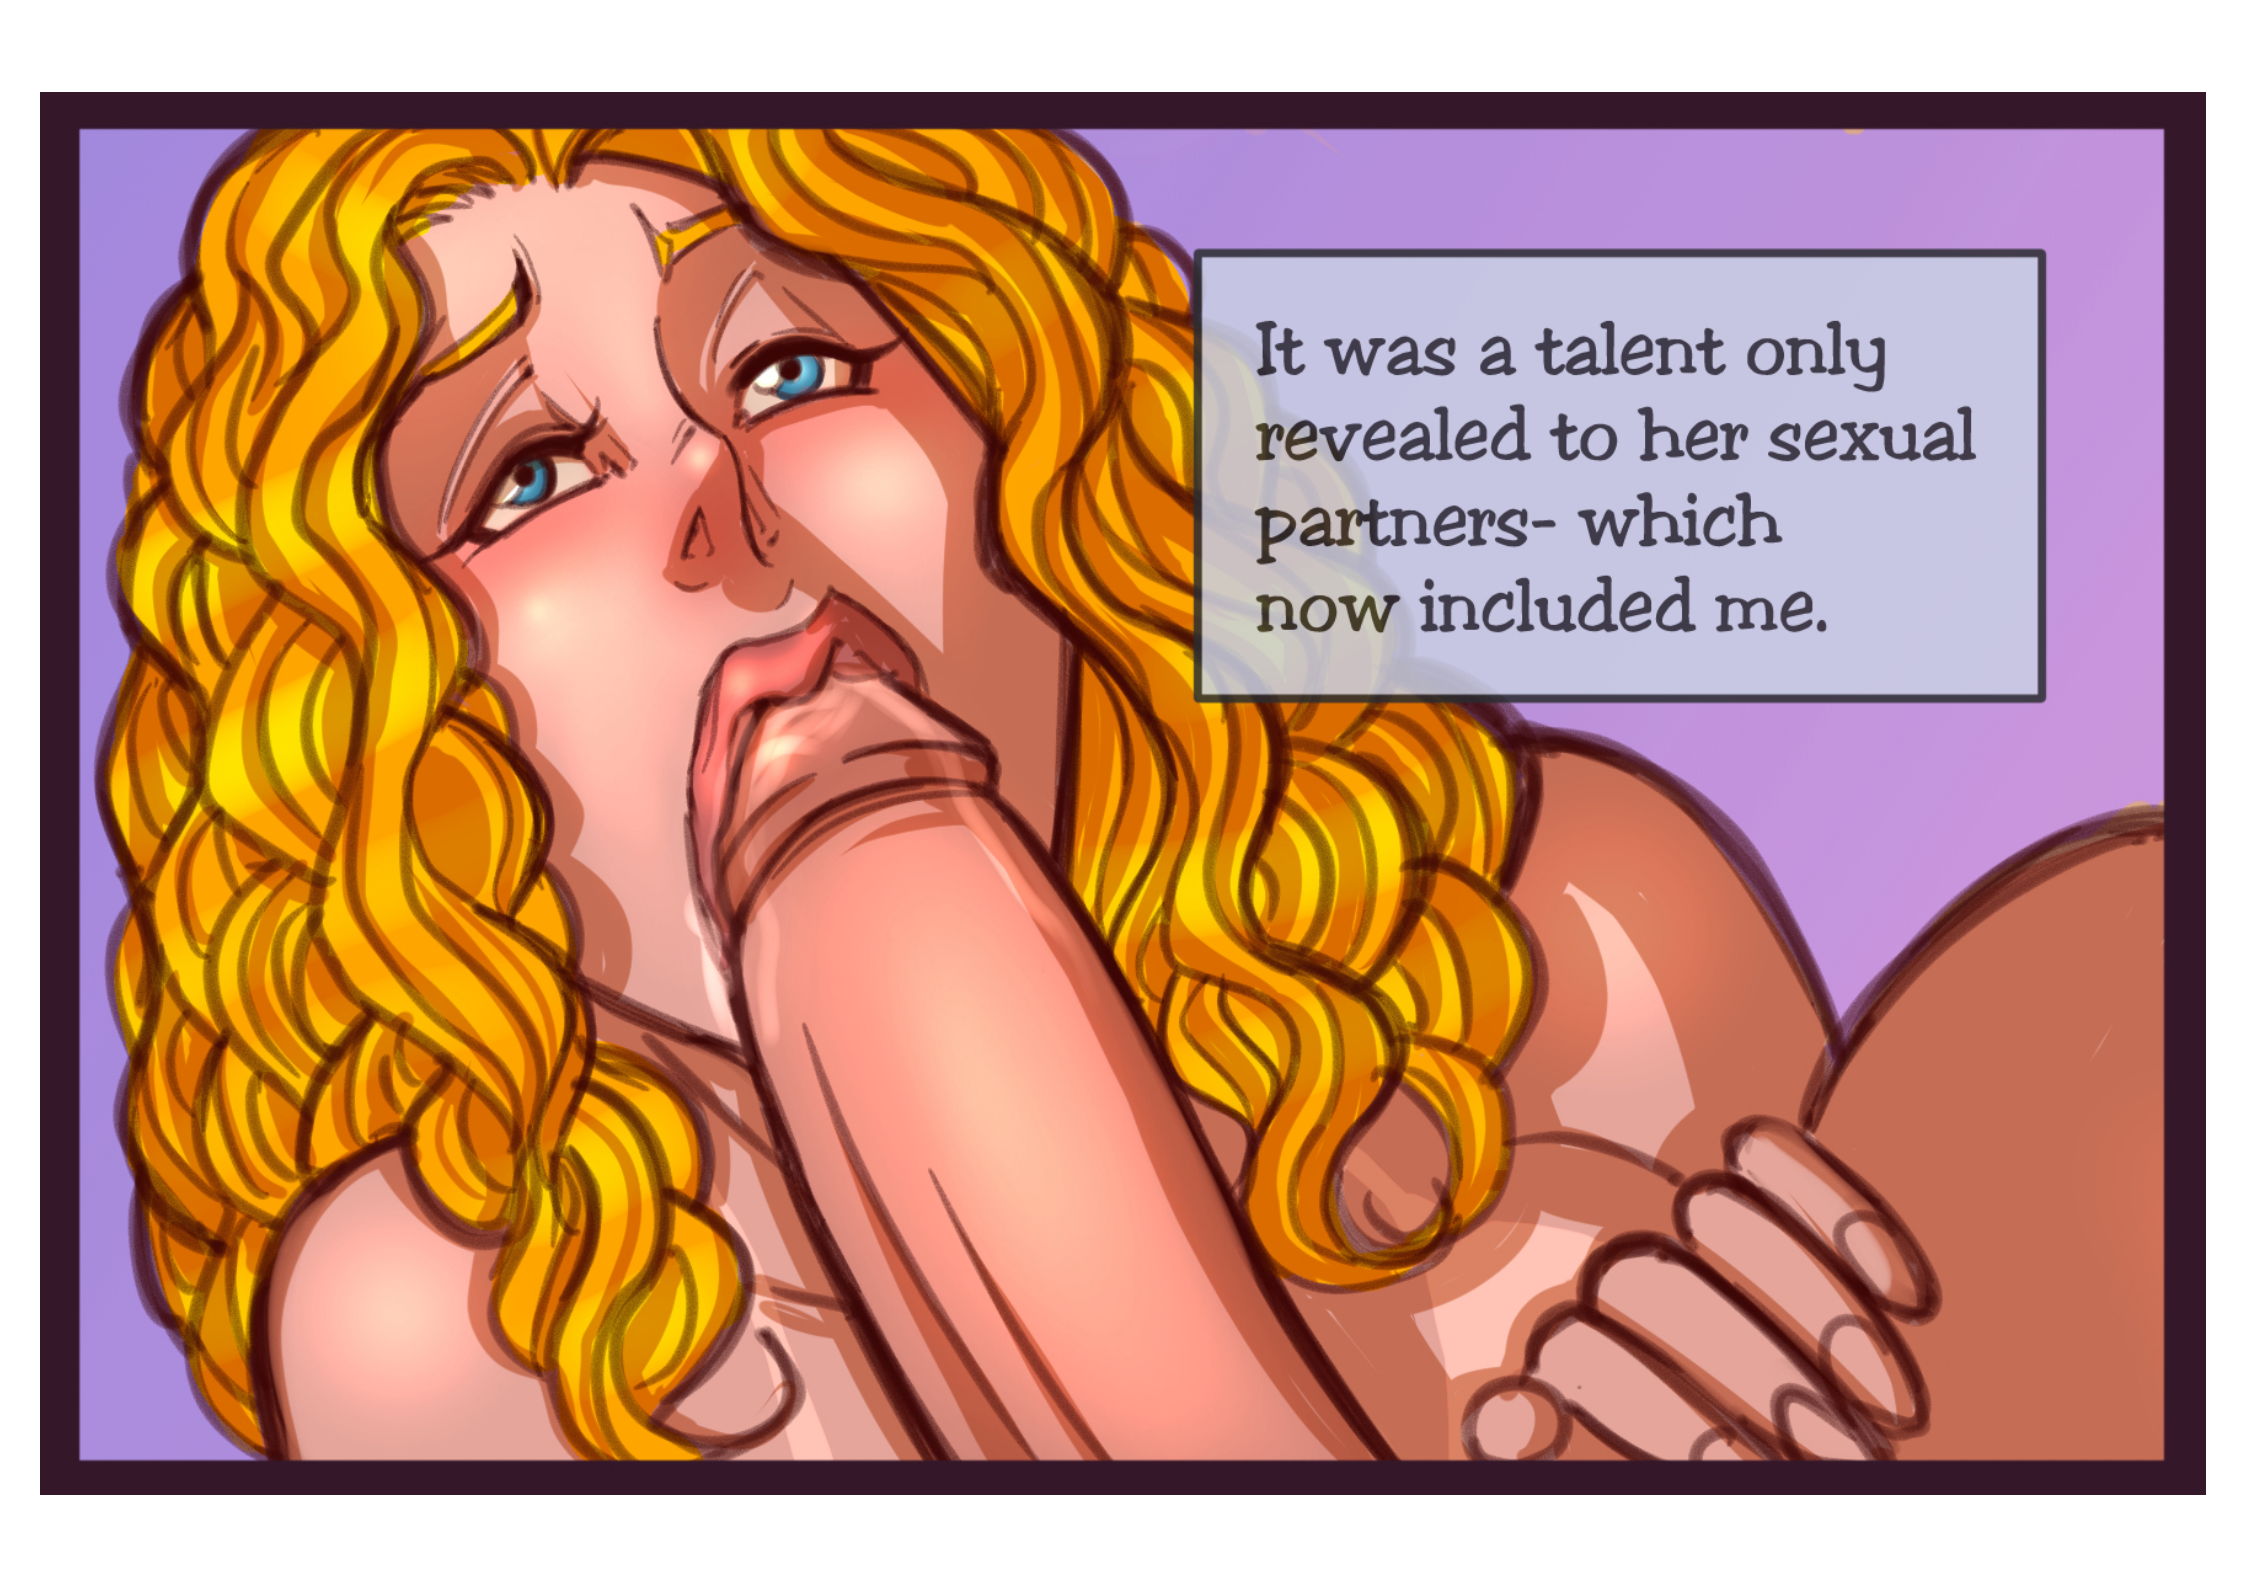

And then a few more inches as she continued sucking even harder and using her tongue on me.

Before I knew it,
she took my
entire cock inside
and I was able to
feel the back of
her mouth.

She looked me right in the eyes and raised her eyebrows as if to show off her incredible oral talent in deep throating.

It was a talent only revealed to her sexual partners- which now included me.

She continued looking me in the eyes as she bobbed her head a few more times, taking my cock all the way to her throat every time.

There were a few gurgling sounds here and there, letting her know it was time to back away.

Her eyes watered too, but she was committed to giving John a good show, and possibly to let me feel something amazing.

She abruptly pulled her mouth from my cock, leaving a trail of saliva hanging down from my cock and her lips.

"Now that I've got you warmed up," she said, catching her breath. "I think it's time we give John what he's paying for."

Having said that, she got up from her knees and laid down on the bed. She spread her legs to reveal her wet cunt.

Fluids were visible
and glistening from
her small pink hole.

She noticed my reaction and said, "Yes, I'm super aroused. Now get over here, we've got a job to perform."
