CHAPTER 01

After being named Partner at a law firm, Sophia spent much of her free time reading educational and self-help books.

It was important that she be her very best with all the new duties and responsibilities she'd have.

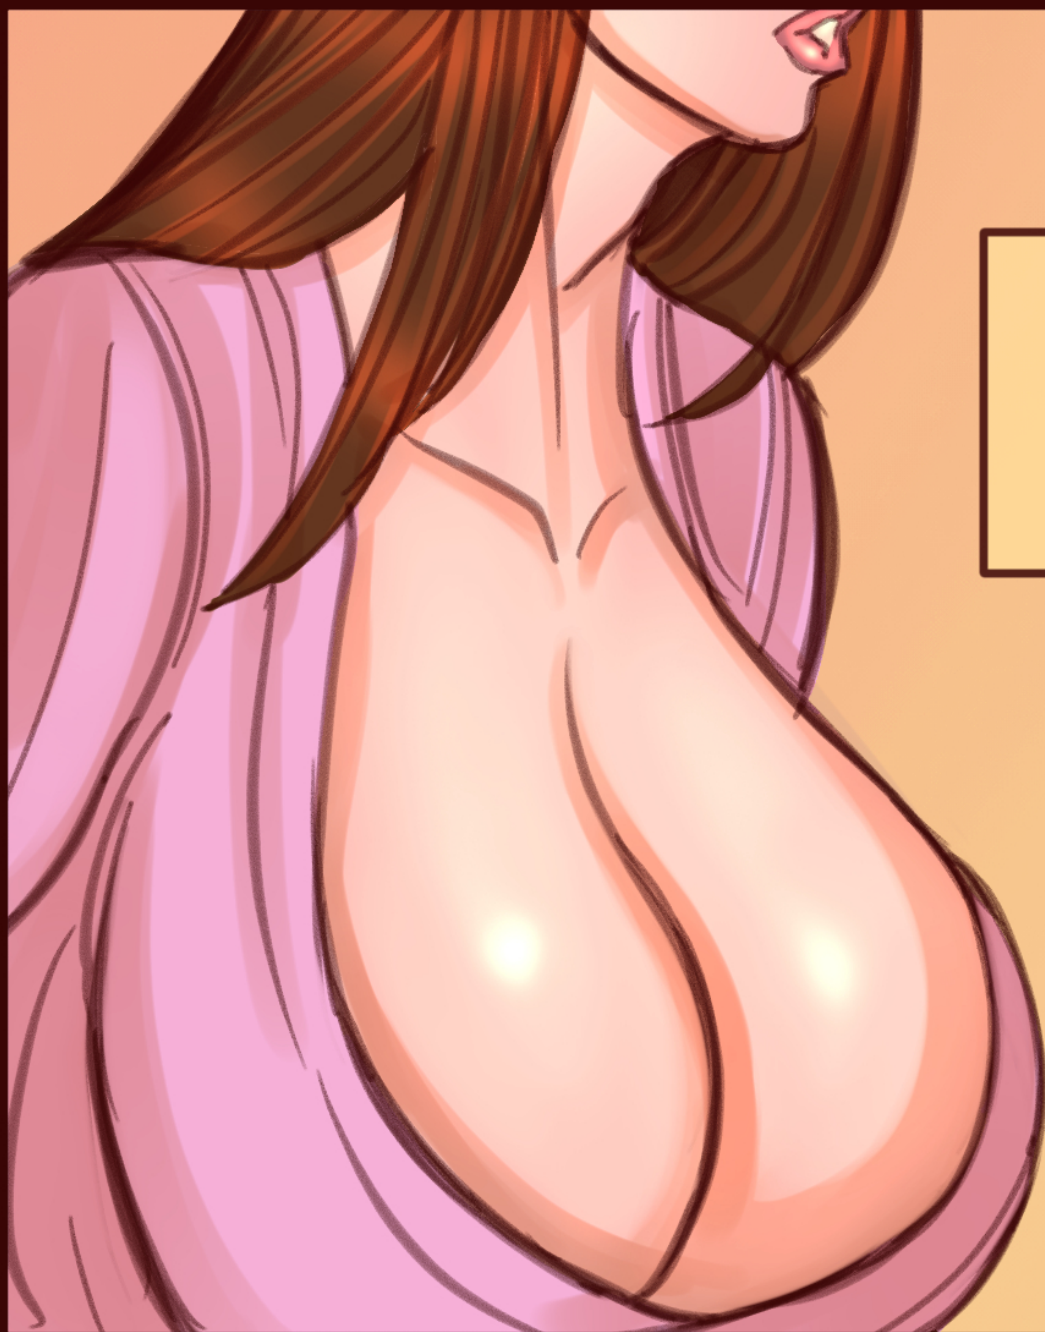

Just a few days ago,
she had returned
from a brief vacation
on a tropical island
with some of her
lifelong friends.

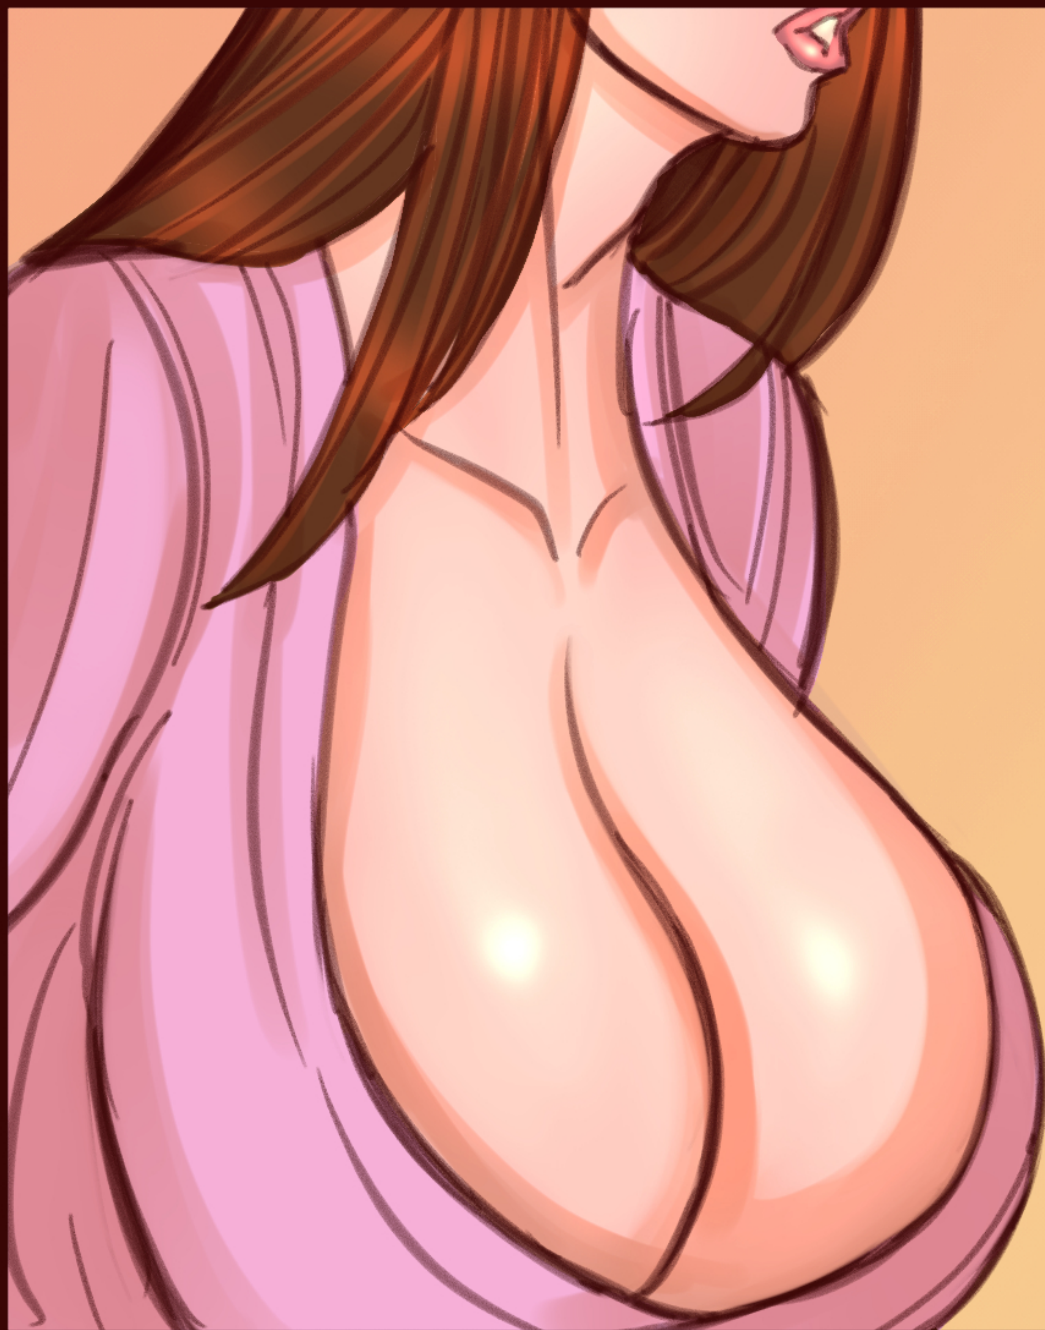

It was the perfect way
to rejuvenate herself
before the heavy
workload she'd soon
have.

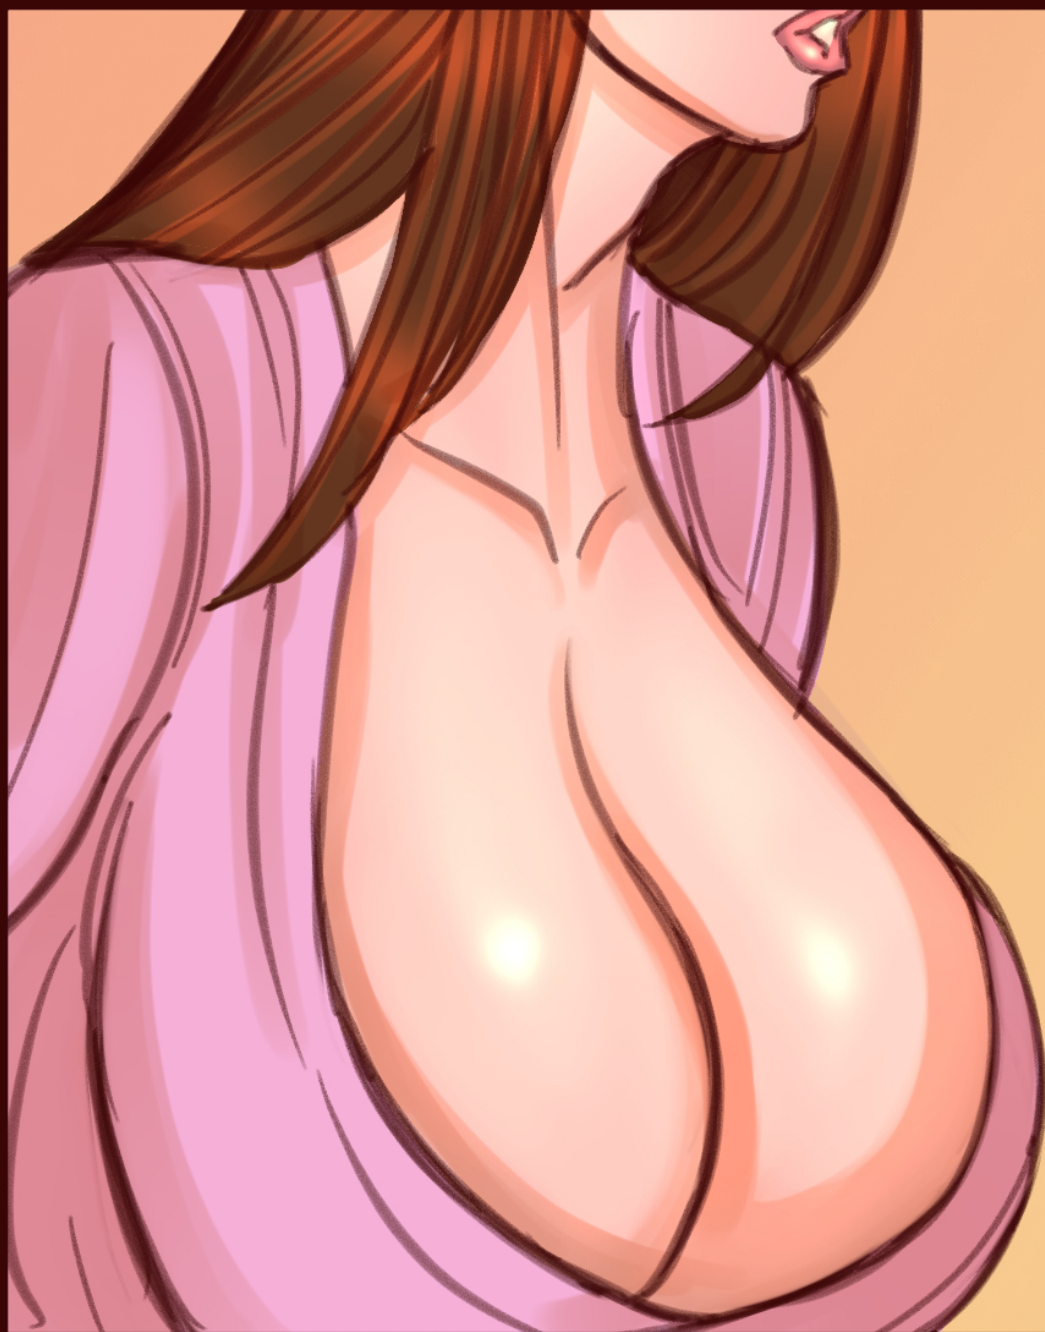

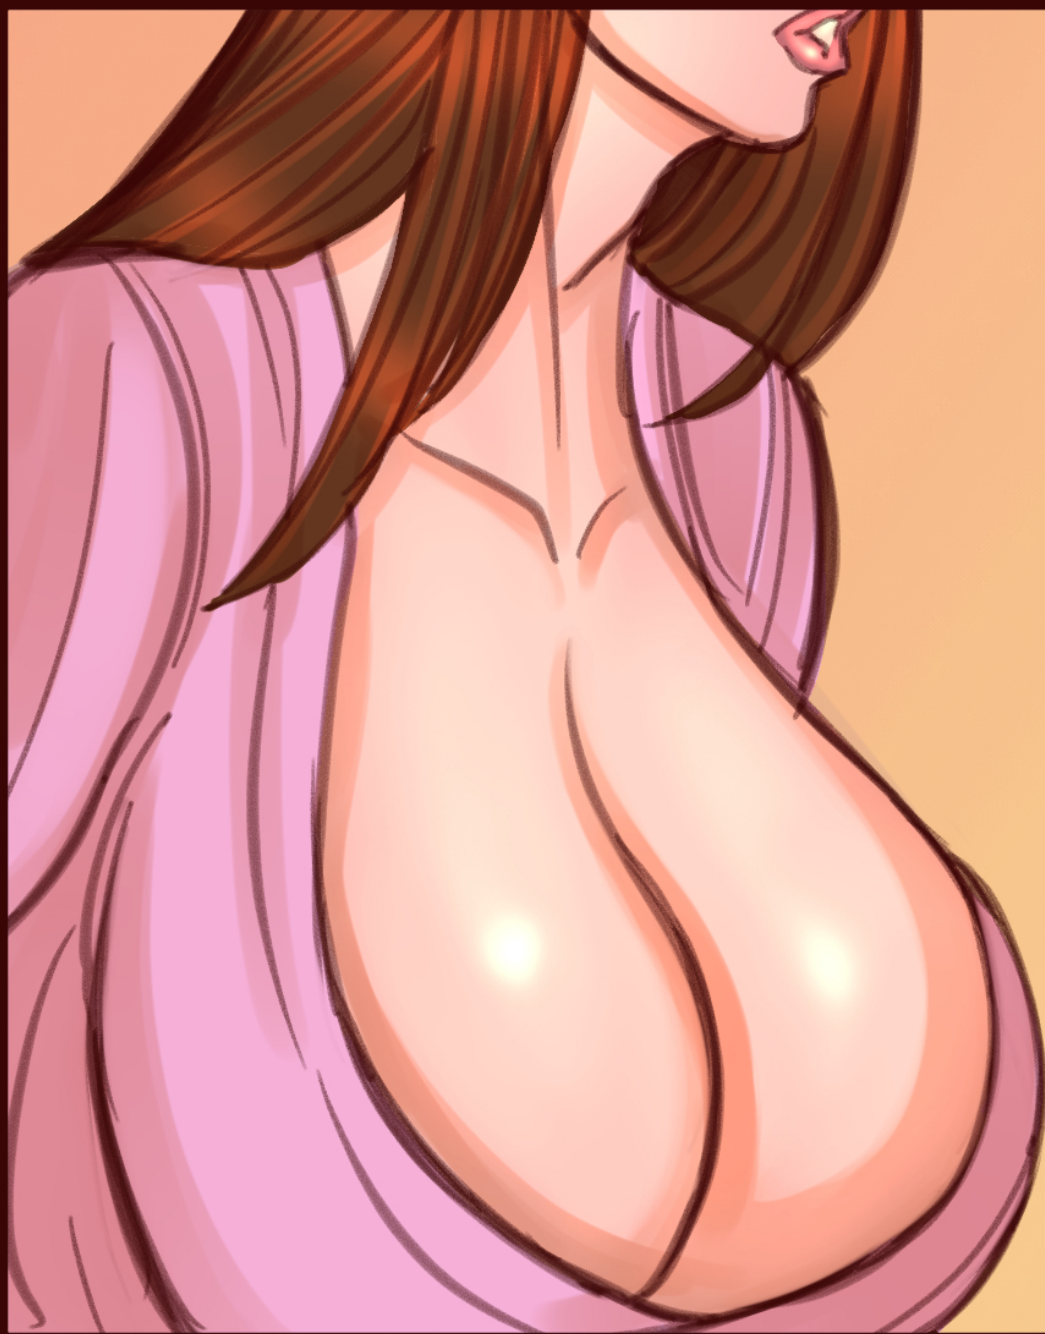

Things took a swift turn
in her life when a package
arrived to her home.

She had just taken a shower after having gone to an early morning yoga class with a friend, so her son Bradley (who still lived with her while attending a nearby college) answered the door and received the package.

Normally, he'd open package deliveries for her, since she always asked him to.

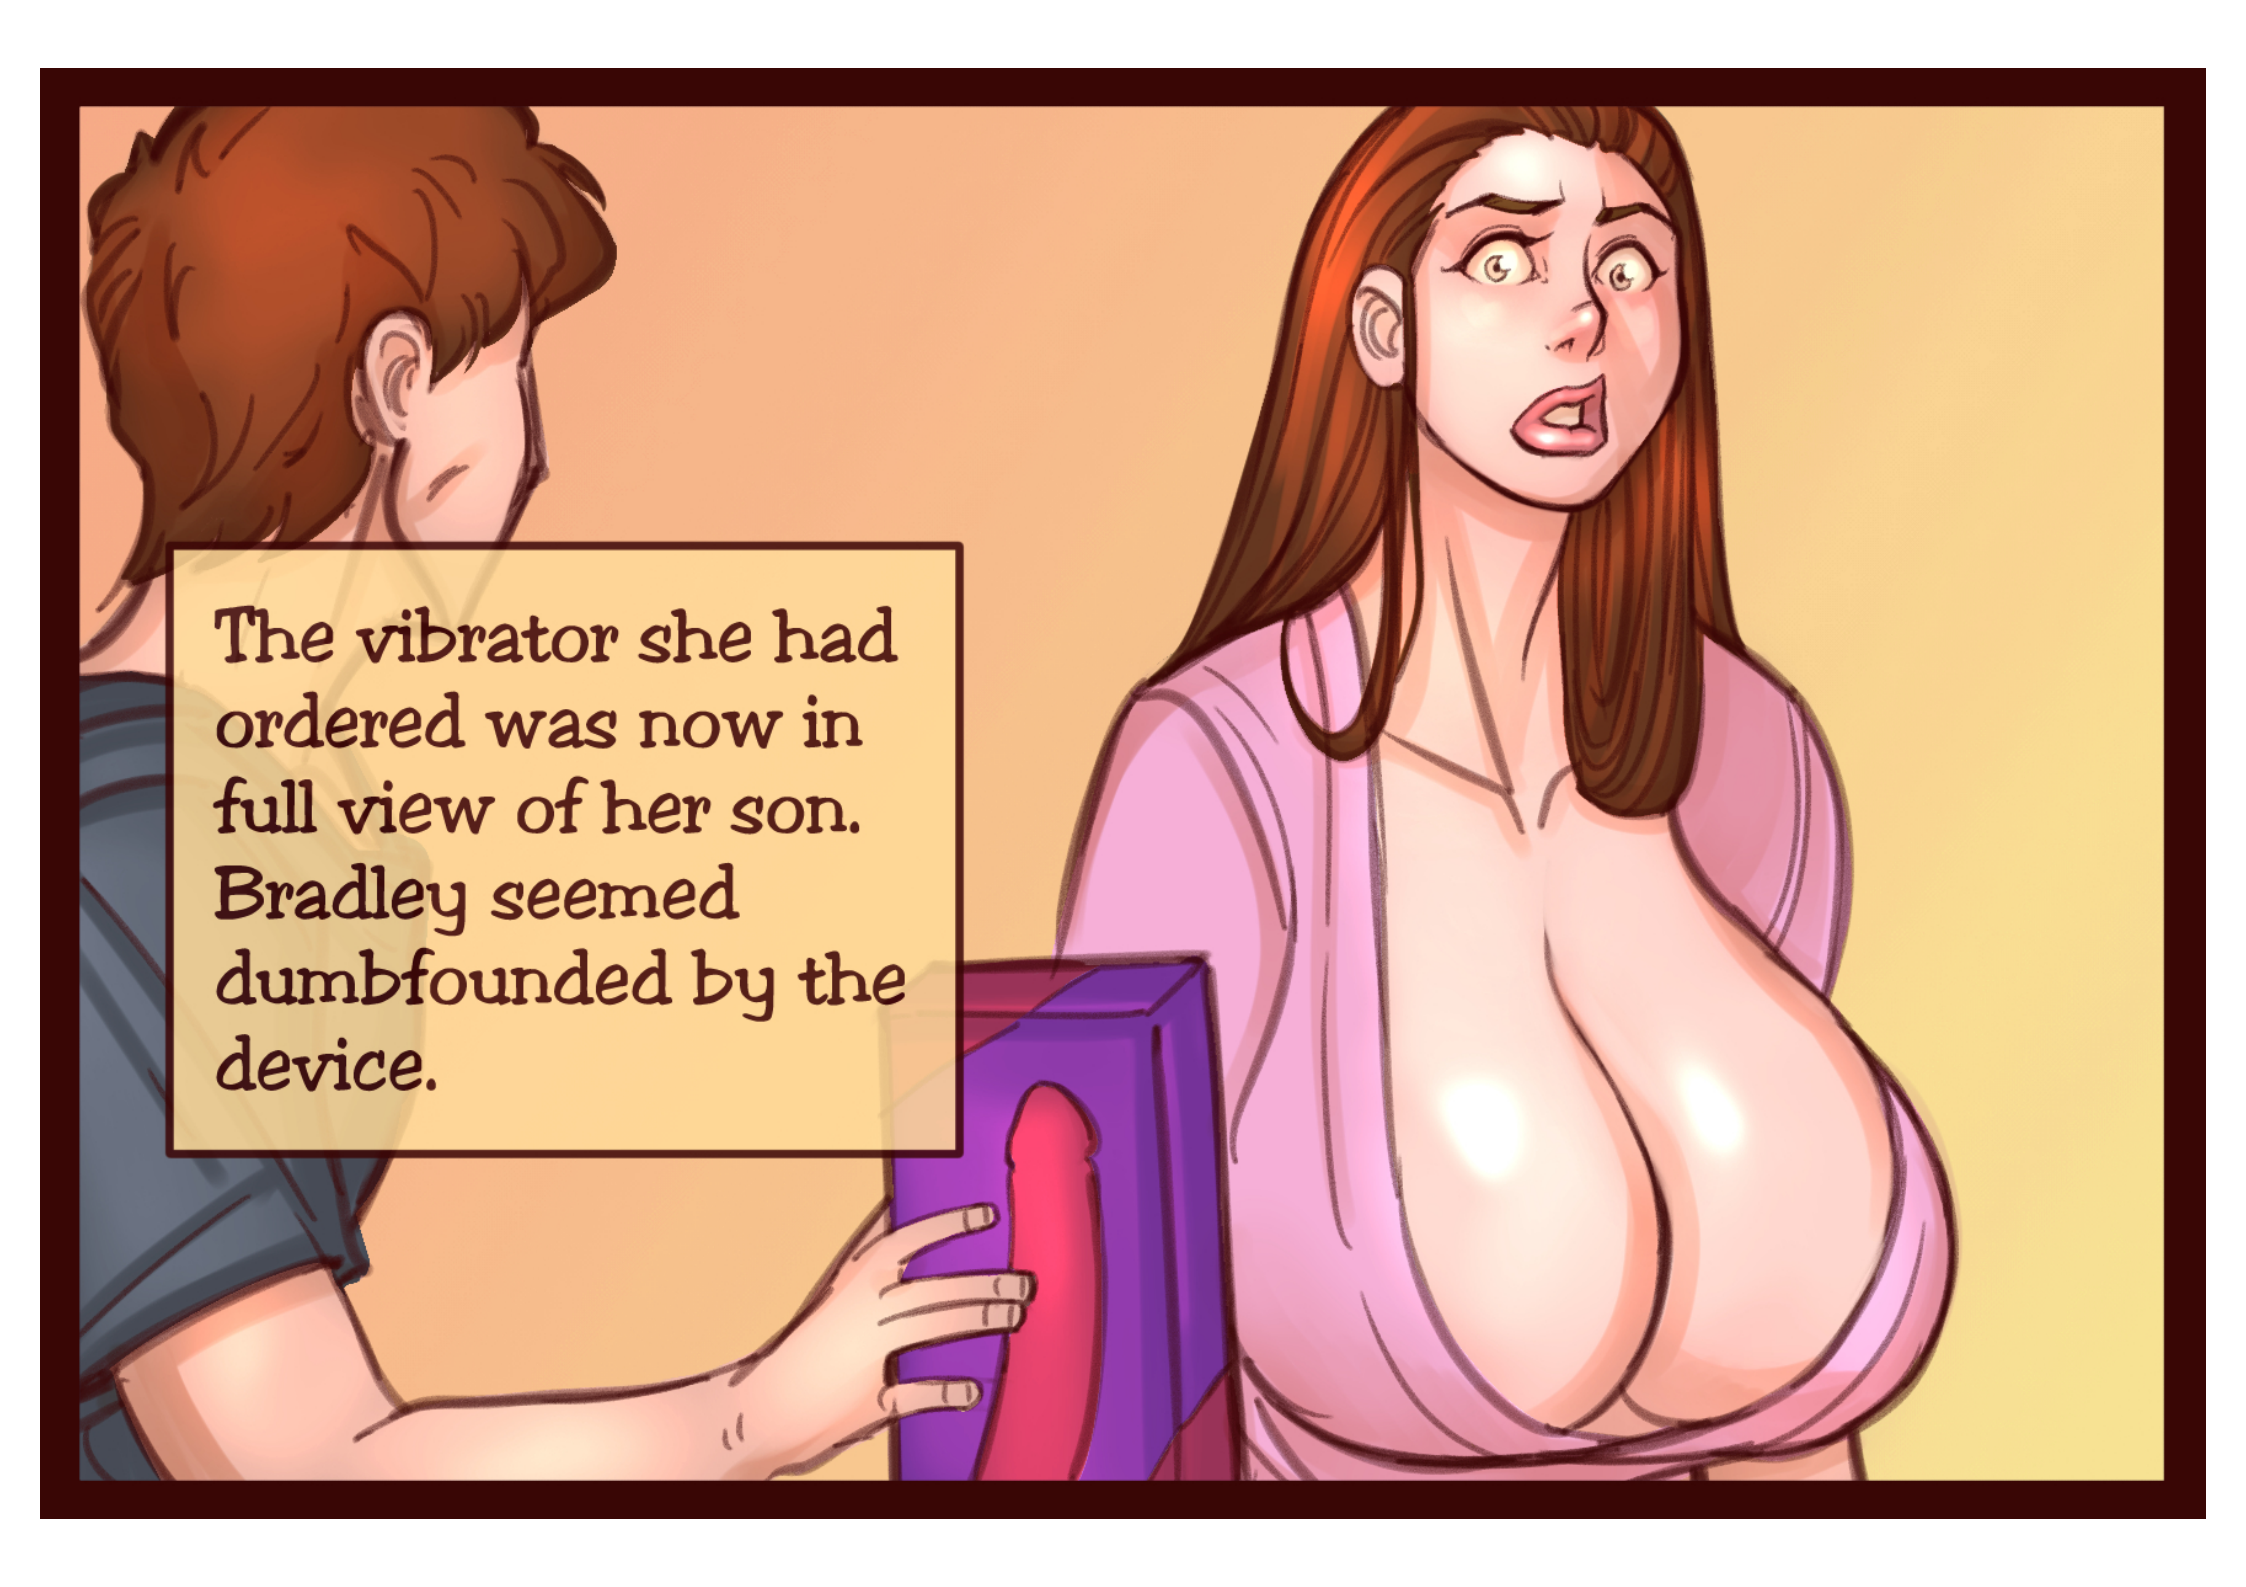

This time, Sophia knew exactly what the package was, and it was something that was best kept private.

So while she was
still in her bathrobe,
with her long wet hair
slicked back,
she hurried down the stairs,
only to find that
she was too late.

The delivery person
had already left and
Bradley had cut
open the box.

The vibrator she had ordered was now in full view of her son. Bradley seemed dumbfounded by the device.

It wasn't the standard model, but the new and advanced version.

The kind that had a special tip that was specifically designed to stimulate a woman's clitoris.

As she hurried towards him, Bradley closed the box to spare each other the embarrassment.

"Thanks for opening it,"
she said while picking
up the box.
"Were you being
sarcastic?"

She shook her head.
"Nope. I'm not being
sarcastic at all. I always
have trouble cutting into
that tape. So thank you."

"Well this is weird,"
he blushed a little.
She shrugged.
"It's a vibrator. Now
you've seen it. What
can we do?"

"Hmmm... Are you possessed or something? How come you're not embarrassed?"

"Why should I be?"

"I don't know,"
he replied.
"I just thought
you'd be mortified
that I saw it."

"The prevailing wisdom is that women have true equality when there is sexual equality, and it makes perfect sense."

"That means I shouldn't be ashamed of having natural desires. Sexually speaking, men and women should be viewed equally."

There was a newfound confidence and boldness in her attitude and voice. She had never really had sex talks with her son, but now she was casual about it.

"Oh, well,
whatever works
for you," he
replied.
She looked
thoroughly
amused by her
son's reaction.

"I'll stop now,"
she said, almost
laughing.

"You look very
uncomfortable
hearing about my
crazy new
ideology, right?"

"I don't know.
Did a raging
feminist take
over my mother
or something?"
She winked.
"It's the new me."

"Let me guess,"
he said. "You
ordered it after
you came back
from that
vacation."

"Yep."

"It must have been
some vacation."

"You have no idea,"
she replied with a
gleam in her eyes.

"Maybe I'll tell you
about it someday,
but I doubt you'd
be interested."
