CHAPTER 08

Last night HAD been a tough night.
Carl was closer to right than wrong
when he had said they had talked about boys
and then watched dirty movies.

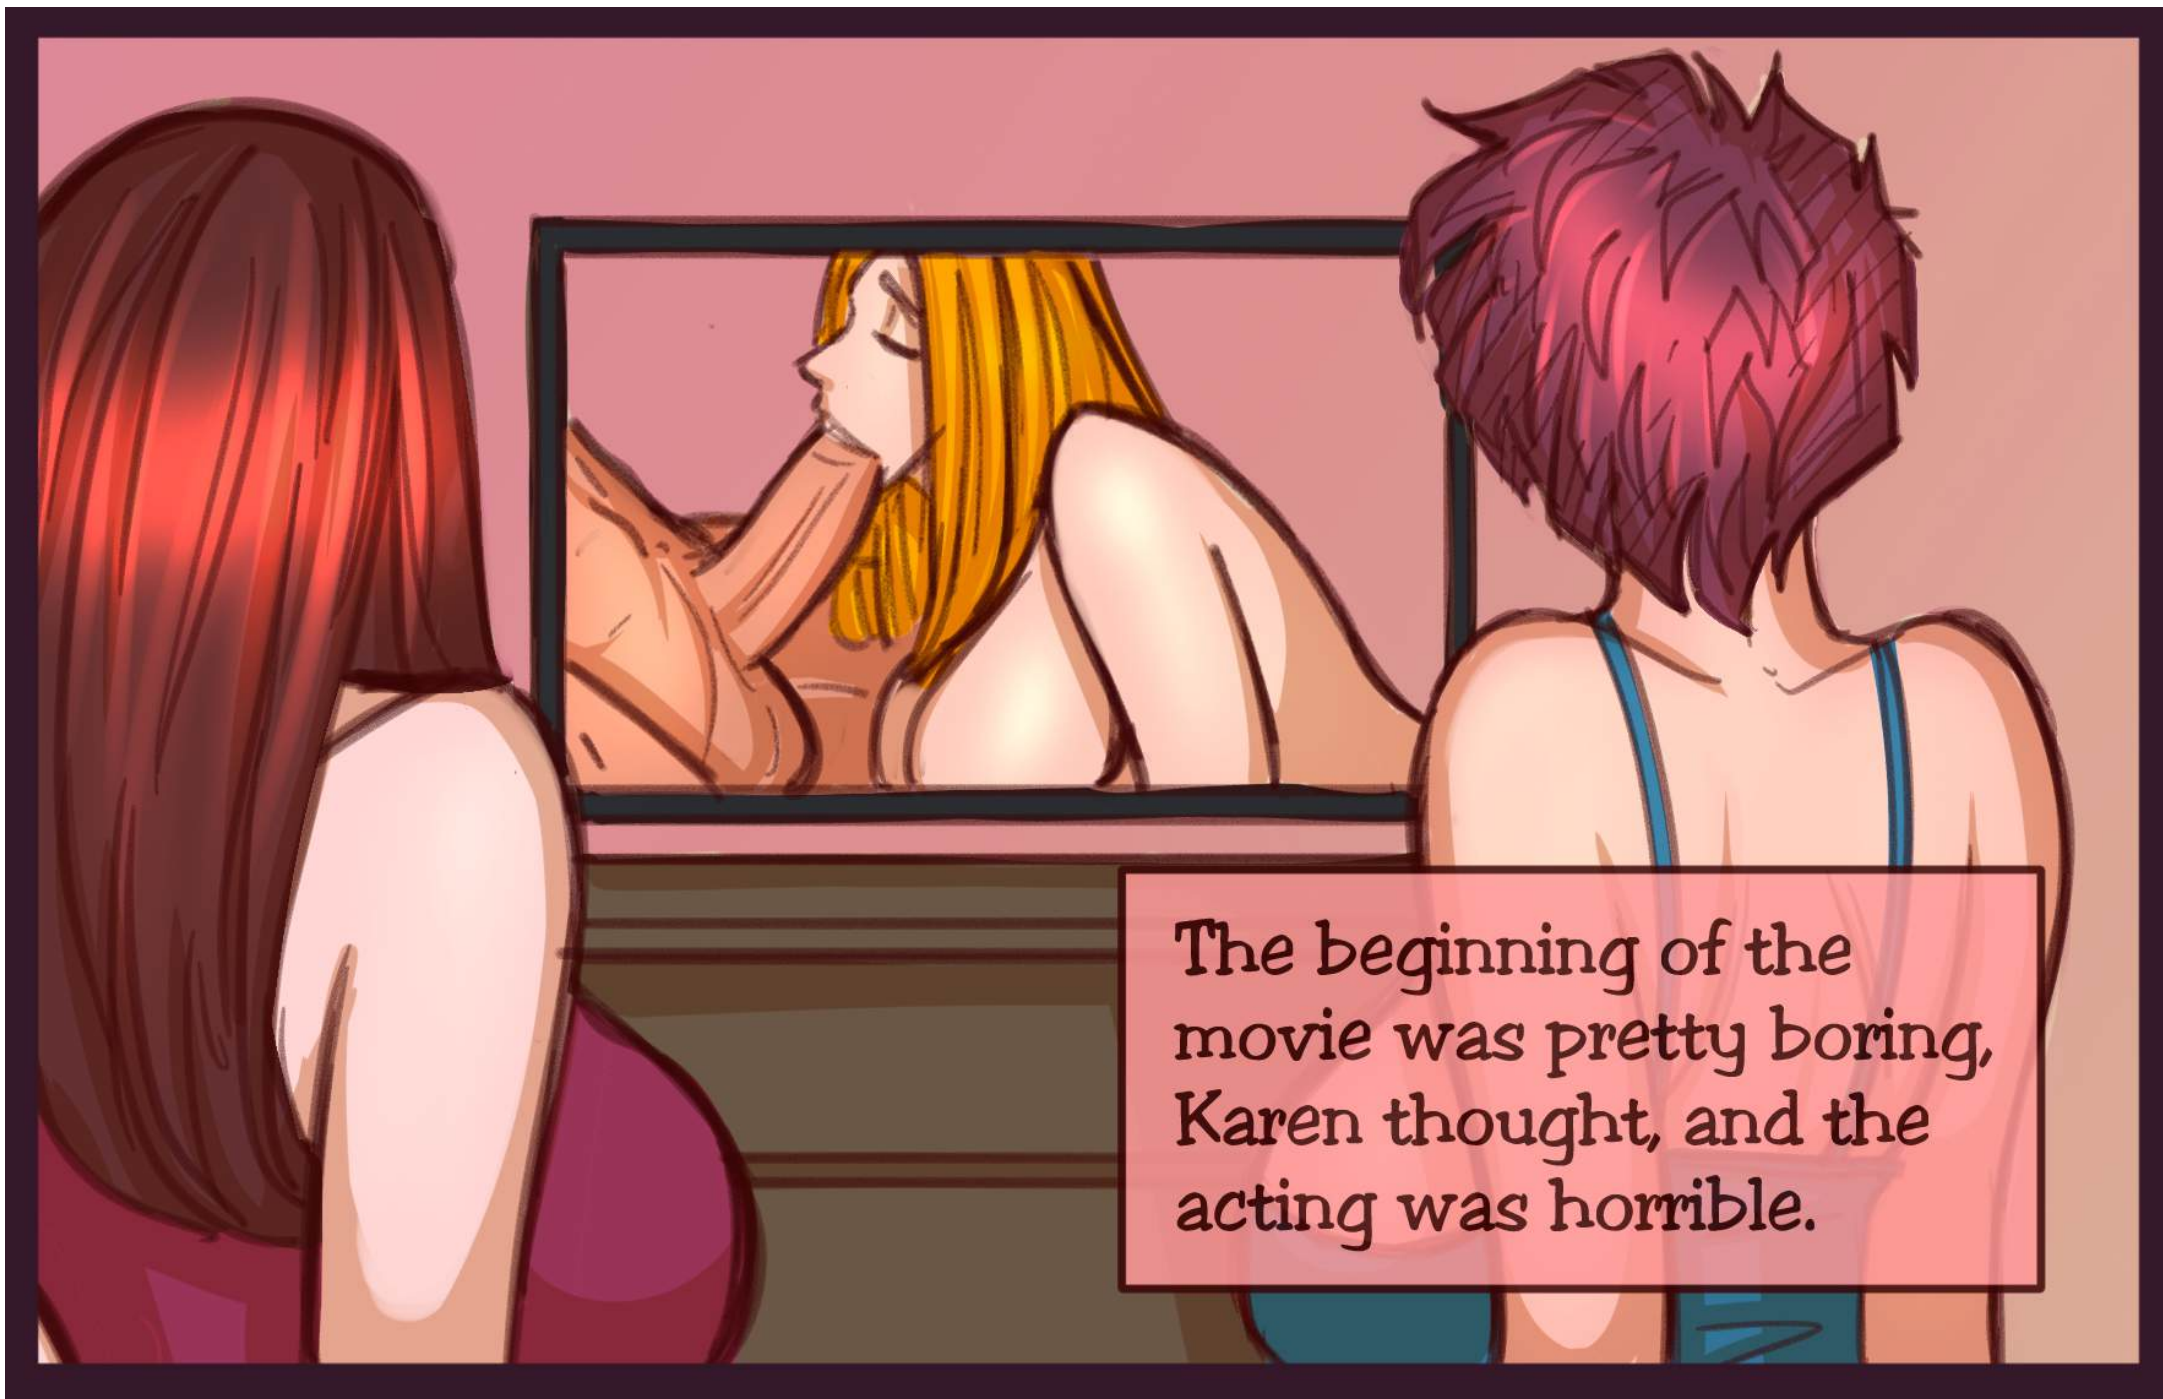

Her friends parents were out and she and her girlfriend, Carol, had sat and talked about boys for a while.

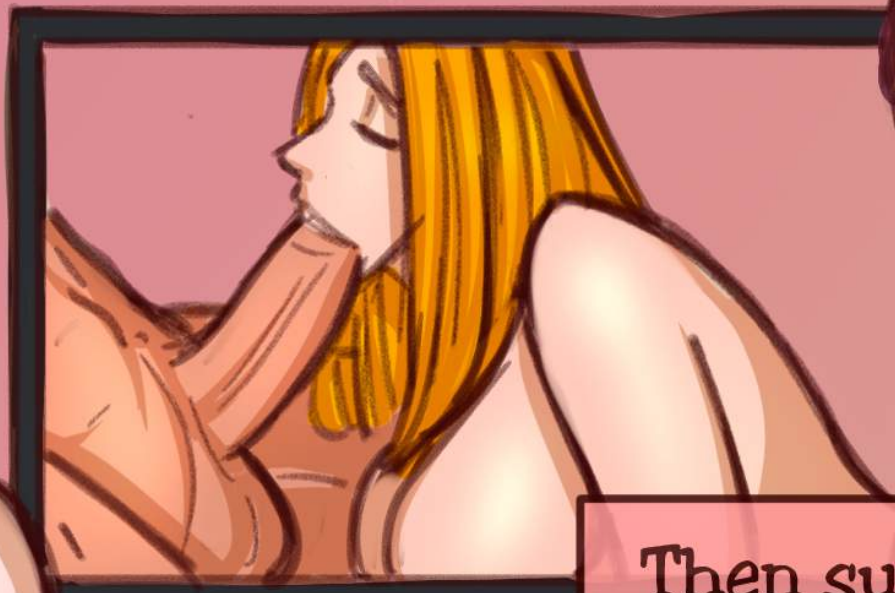

Then Carol got up and got some videotapes that she said were her fathers.

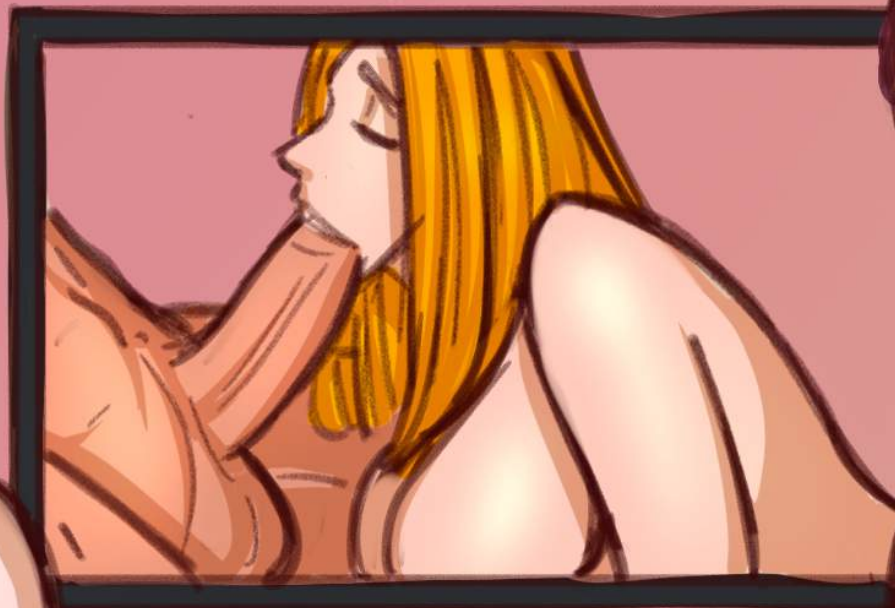

Putting the tapes into the VCR, Carol announced that they were X-rated and that they had to be sure to listen for her parents car coming into the drive.

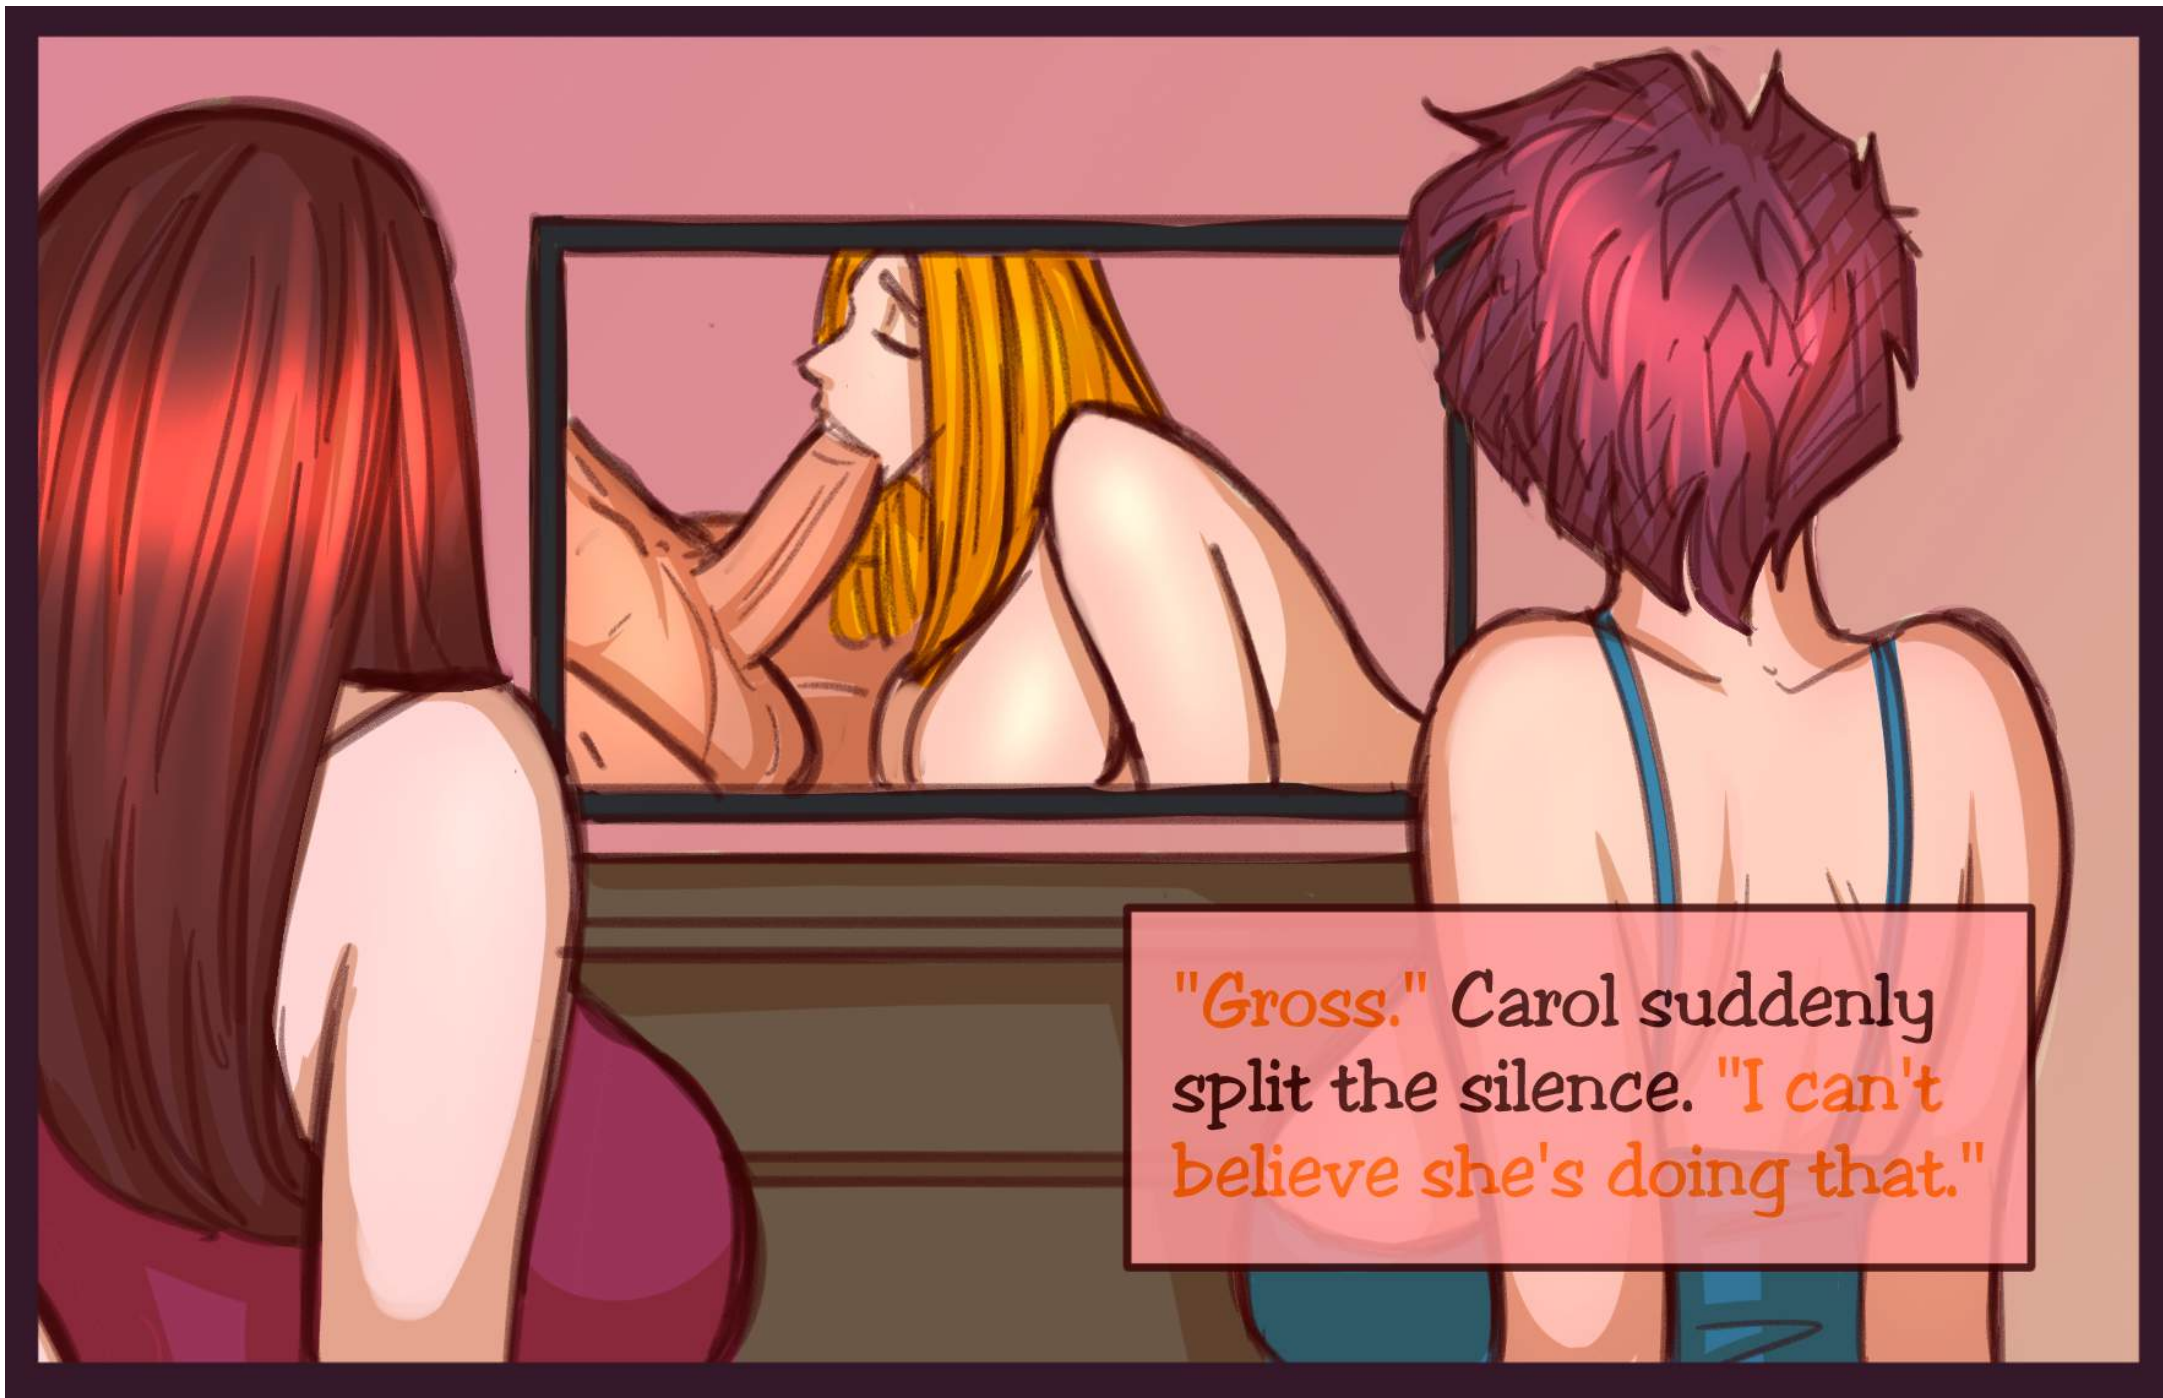

The beginning of the movie was pretty boring, Karen thought, and the acting was horrible.

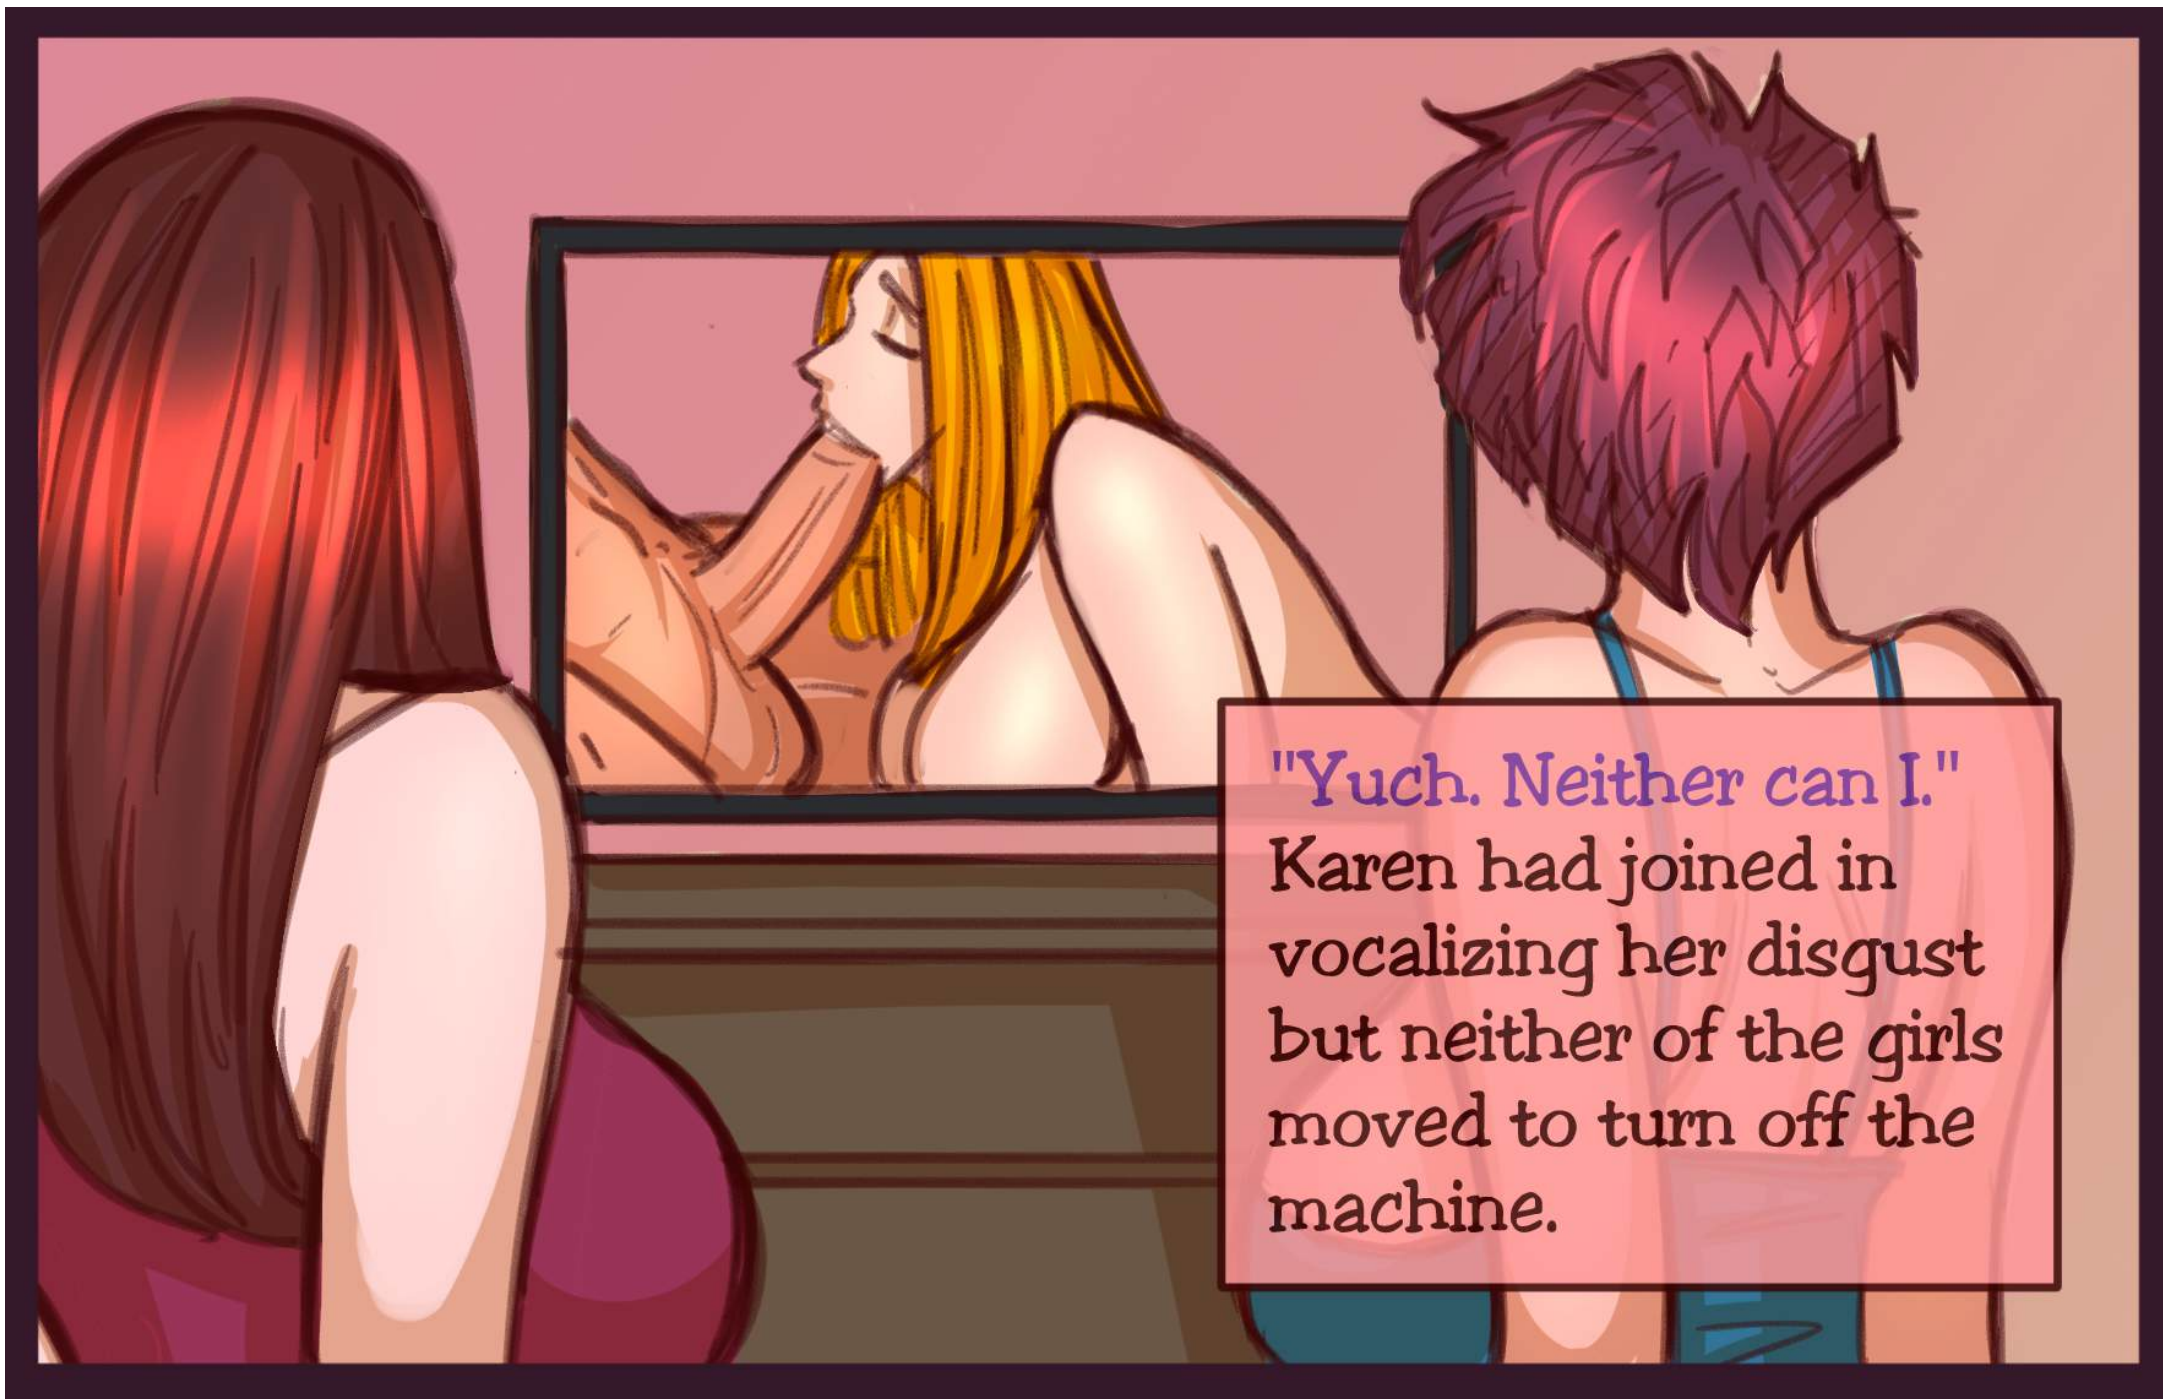

Then suddenly, there was this guy and girl kissing. After a second or two, the girl pulled down the guys pants and took his cock into her mouth.

All of the girls there had heard of blowjobs but they all sat entranced by what they were viewing.

"Gross." Carol suddenly split the silence. "I can't believe she's doing that."

"Yuch. Neither can I."
Karen had joined in vocalizing her disgust but neither of the girls moved to turn off the machine.

The next scene in the movie was an immediate cut of a cute blonde lying nude on a bed with her fingers between her legs.

She was obviously enjoying herself immensely. The film's closeup shots gave pretty good instructions on exactly what she was doing.

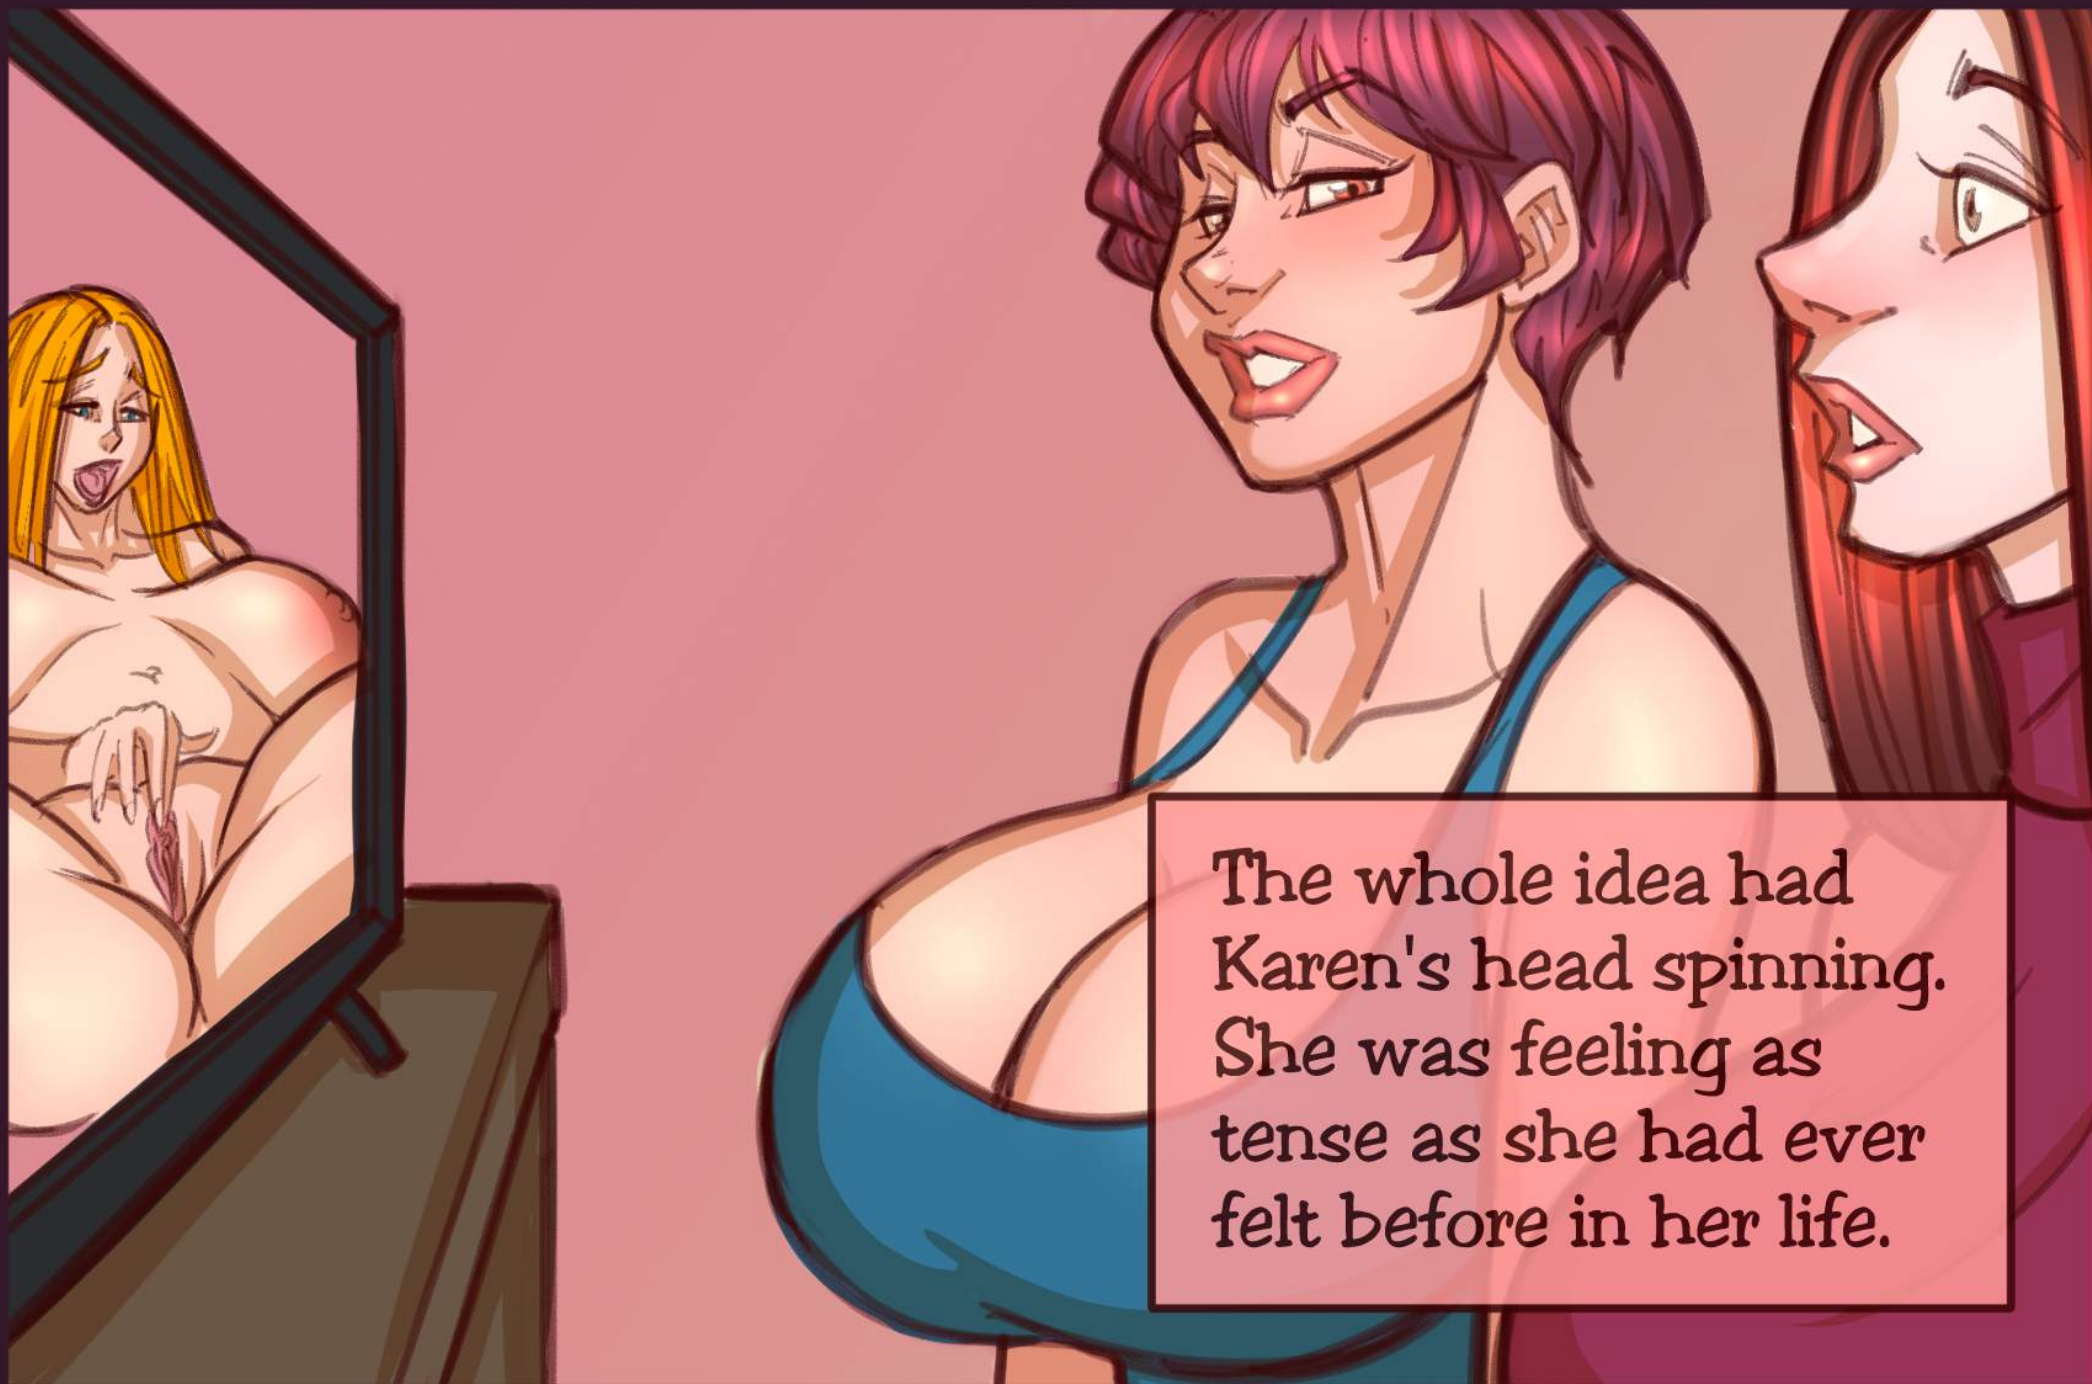

Suddenly, Carol blurted out, "Have you ever done anything like that before?"

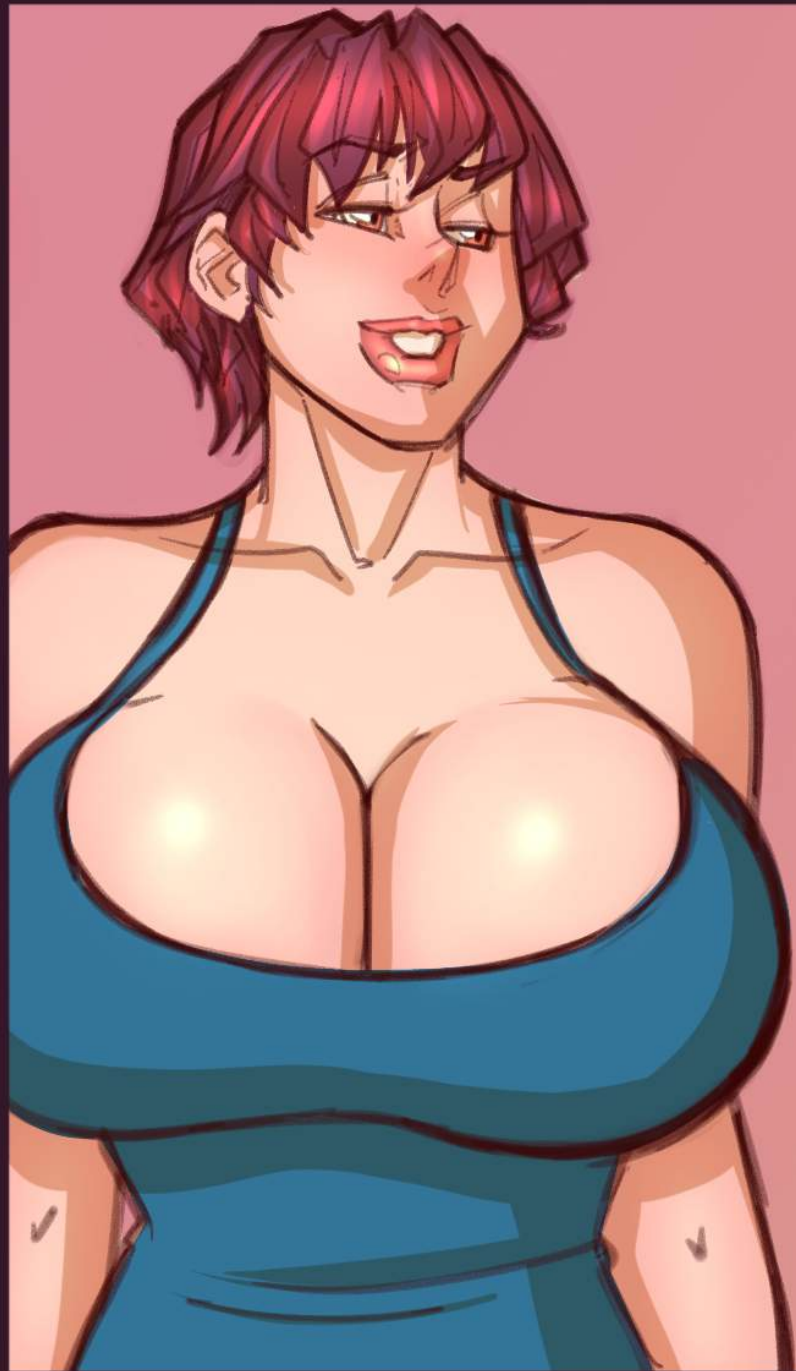

Somewhat shocked, Karen answered that she hadn't.

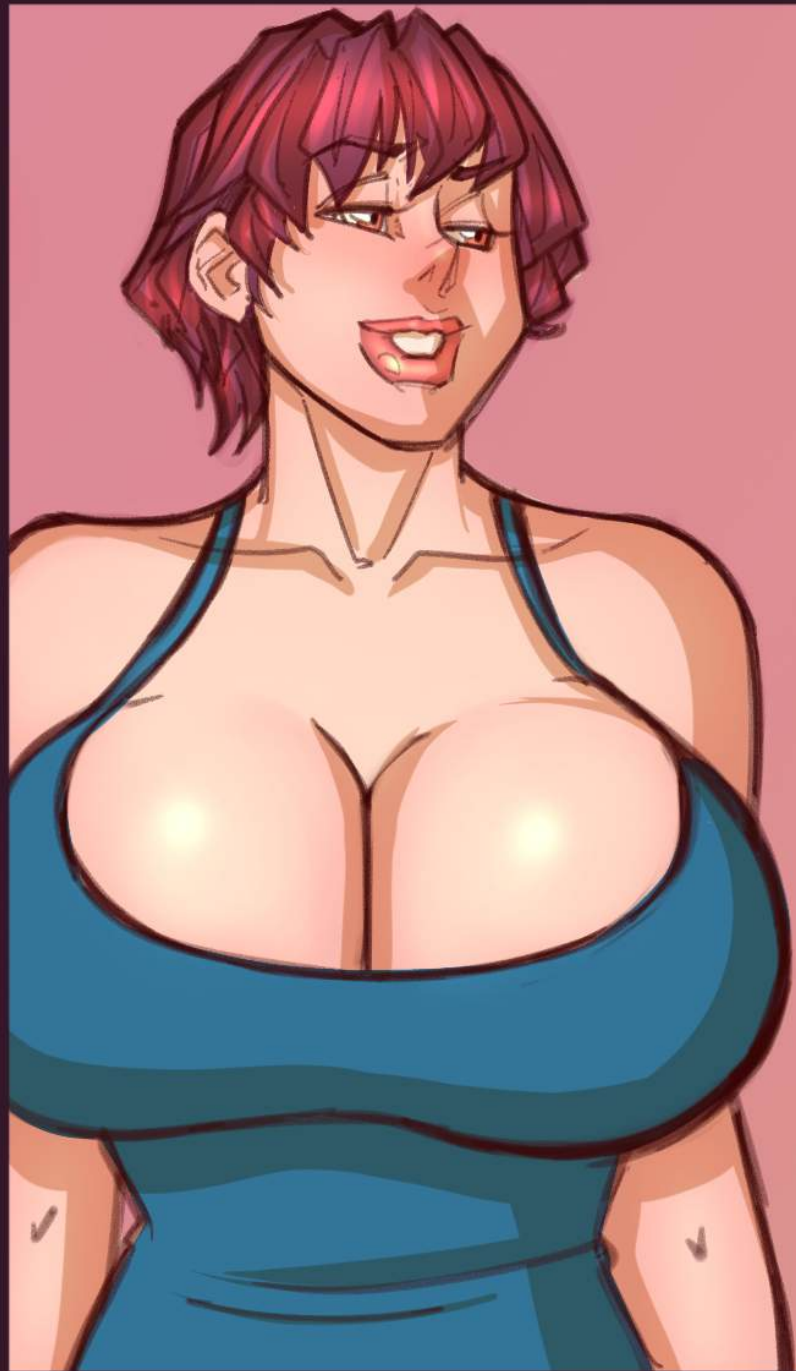

"Well, it is really great. You should try it," was Carol's immediate response.

The whole idea had Karen's head spinning. She was feeling as tense as she had ever felt before in her life.

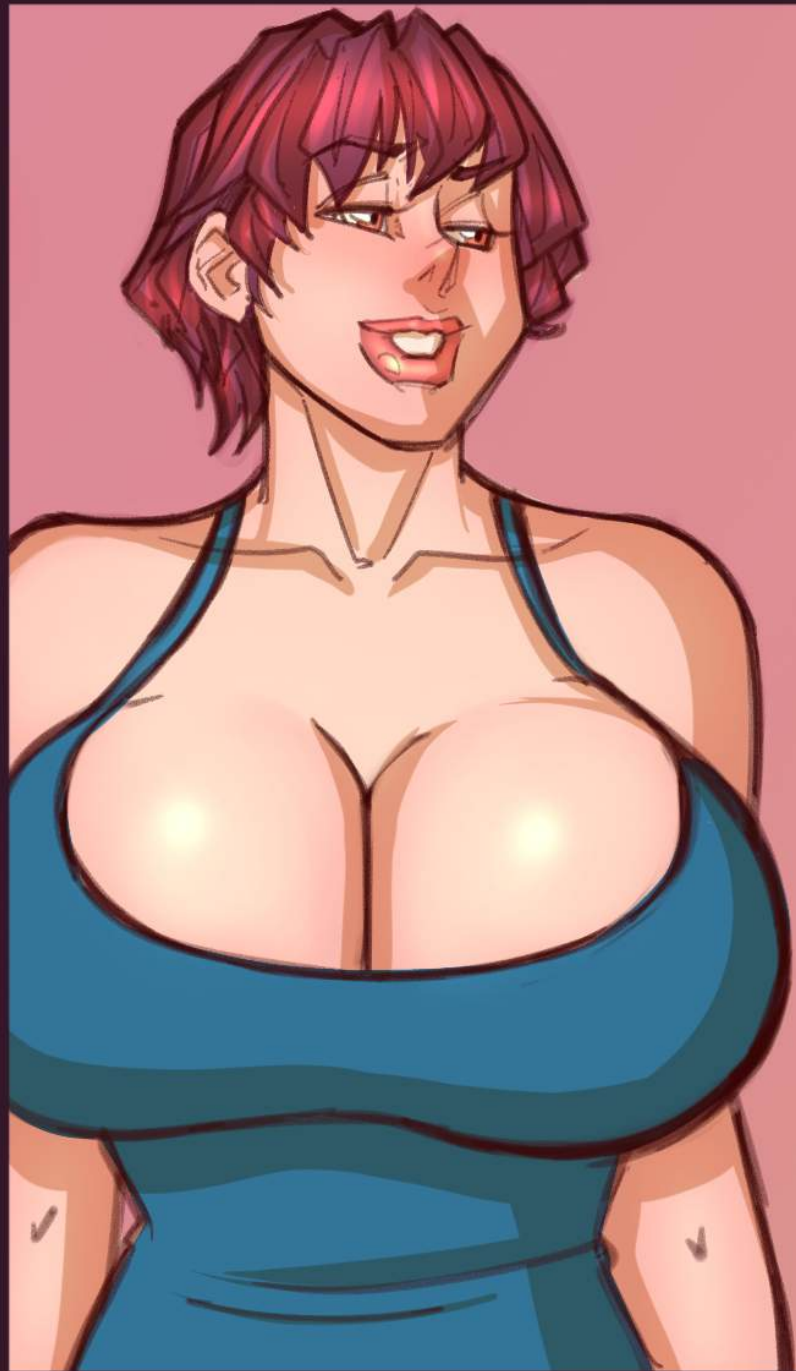

This was even worse than the one time she had let a boy play with her chest through her shirt.

That felt great and really messed up her mind but this was incredible. She felt like she might burst.

"Have you ever done that?"

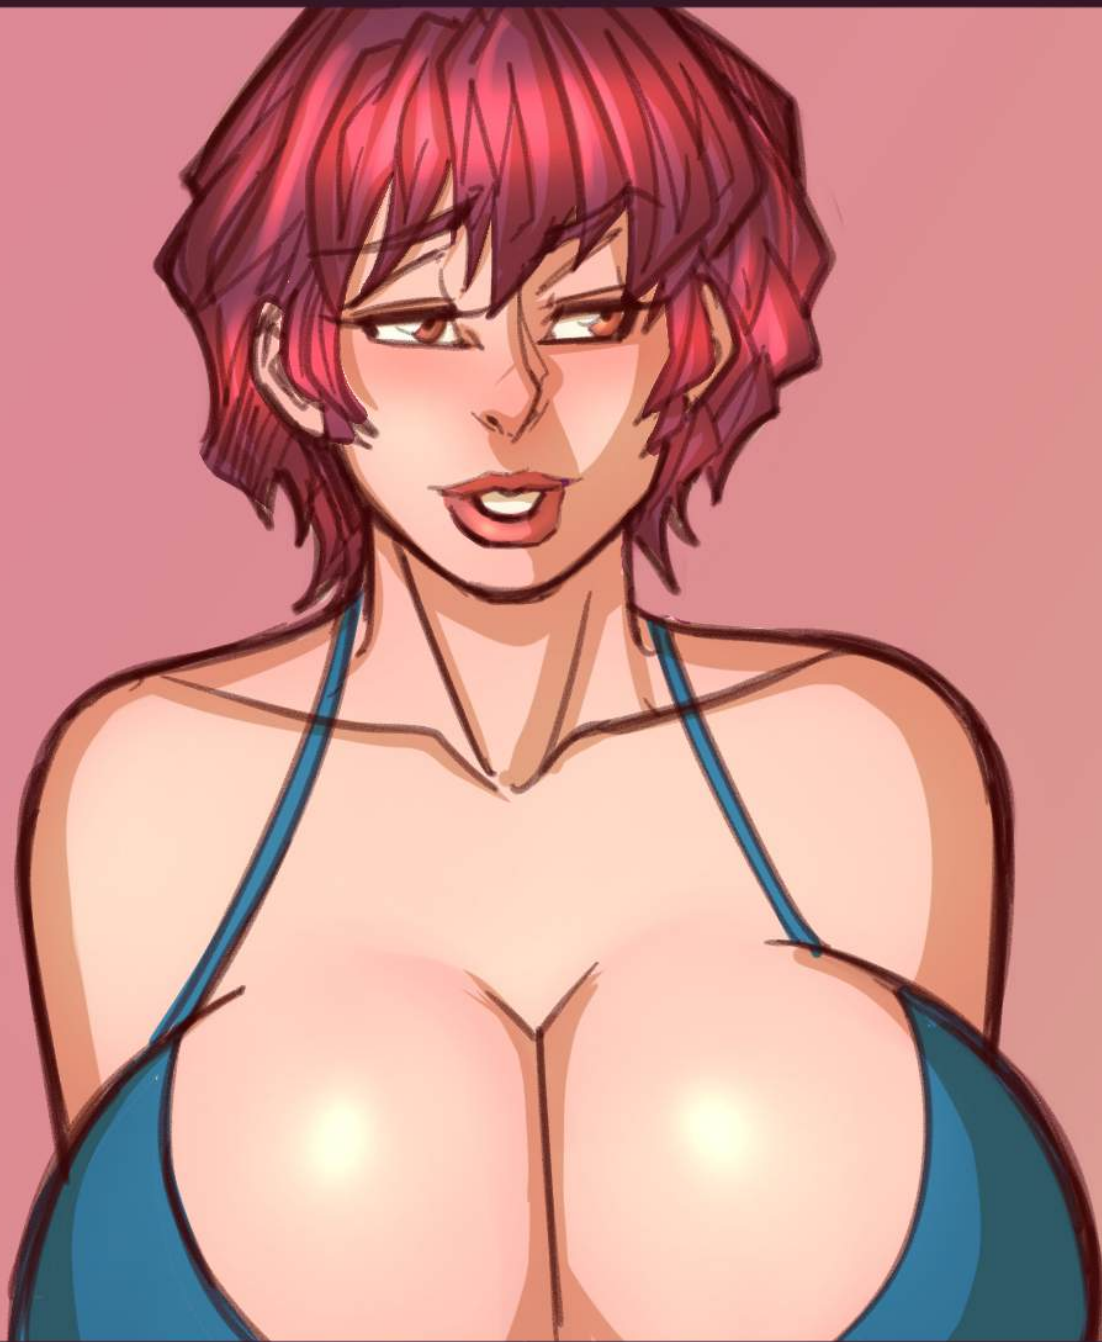

"Sure, I do it a lot. I can't believe you haven't ever!"

"Who showed you? I mean, how did you find out?"

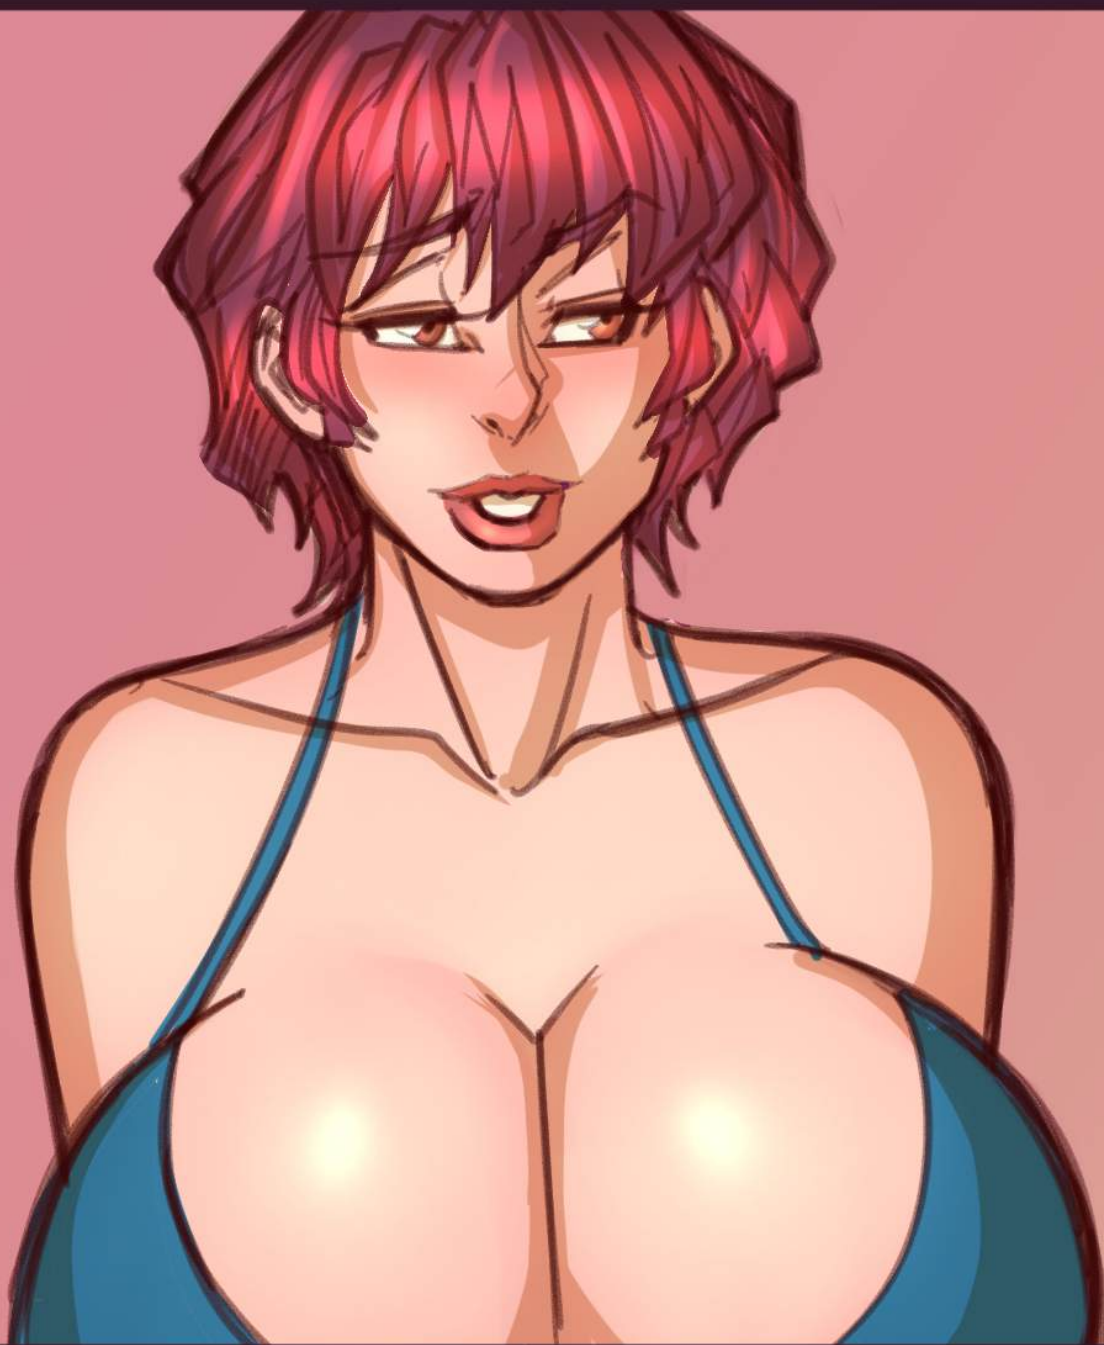

"What do you mean, showed me?"

Haven't you ever touched yourself down there? I mean, it all just kind of happened."

"Then when I saw this movie before it all made sense. I really had first thought that maybe I had discovered something new!"

Karen sat there
just staring at
her girlfriend.
She couldn't
believe that
Carol actually
did THAT.

"Have you ever
done anything
else?"

Karen asked her
friend.

"You mean like going all the way or something? No, I haven't. But I let a boy play with me down there once and I helped him do it in my hand before."

Suddenly Karen
felt very young.
She halfway
didn't believe
Carol but wasn't
about to push it.

She wished she had when Carol asked her if she wanted to go do it right now.
