CHAPTER 04

I immediately walked straight to the bathroom, my hard as steel cock leading the way, to have a long cold shower to cool me down.

Eventually my erection subsided and I was able to rejoin society.

I got out of the shower and dried myself off before wrapping the towel around my waist and making my way into the kitchen.

As soon as I got into the kitchen,
I could hear what sounded
like a low moaning.

I quietly made my way outside
to the sound.

As soon as I got into the kitchen, I could see what was happening.

My mother-in-law's left hand was massaging her left breast, whilst her right hand was buried deep in her bikini bottoms.

Her fingers were sawing in and out of her probably sopping pussy.

I stood frozen
to the spot
as I watched
Annette.

She was pleasure herself, her moans were getting louder now.

I was just debating
what to do when
she turned her head
and saw me.

Stood there, blatantly watching her, with my cock once again pitching a tent, this time in the front of my towel.

She just smiled at me, as she continued fingering herself and I continued watching her, rooted to the spot.

Then, with one final
loud groan of pleasure
she came.

Her eyes never left mine as she removed her hand from her bikini bottoms.

Her fingers visibly glistening in the sun as she brought them to her mouth and erotically licked the glistening pussy juice from them.

Finally able to move
I turned round, and
made straight for
the sanctuary of my
cold shower.

Whilst I was in the shower, I wondered to myself why my mother-in-law was acting as she was.

I knew her and my father-in-law were having some marital difficulties.

But surely that's not enough to cause her to want to risk her relationship with her only daughter, was it?
